

## TDT sets Trans-Texas corridor meeting for Feb. 10

**By Janet Felderhoff**  
The public is invited to attend a meeting on Thursday, Feb. 10 at the Gainesville Civic Center sponsored by the Texas Department of Transportation. It is in regard to the proposed Trans-Texas Corridor TTC-35 to Mexico/Gulf Coast Element. You are invited to stop in any time between 5 and 8 p.m.

proposed TTC-35. That has now been refined. The updated preliminary alternative maps will be available for viewing at the Feb. 10 meeting.

Other points of interest to explore include learning about TTC-35 and the environmental study; seeking answers to questions you might have; providing your own input; and submitting comments that become part of the record.

The location of this proposed corridor is of great

interest to many, as it will impact the areas through which it is located. It may include highway lanes for traffic, truck lanes, railway lines, and utility lanes. Cooke County lies within the proposed corridor as do Montague to the west and Grayson, Fannin, and Lamar Counties to the east. At the October meeting, TDT indicated that the route would be narrowed to within a 10-mile radius of where it will be located.

## Scouts to collect food for needy on Saturday morning

Muenster Cub Scout Pack 664 will be going door to door Saturday, Feb. 5 from 9 a.m. to 11 a.m. for their "Scouting for Food Drive". They will be asking for donations for the local food

pantry, including any canned goods or non-perishable items. Please leave donations at your front door if you will not be home.

## Storm Spotter Class scheduled for Feb. 9

Many of us are still recovering from the severe storms and flooding of 2004. However, the 2005 severe weather season is just around the corner. Are you ready? Do you know how to recognize cloud formations that may bring damaging winds, large hail, or a tornado? Do you want to learn more about how storms produce severe weather? As part of its area-wide weather preparedness campaign, the National Weather Service in Fort Worth will answer these and many other questions in a storm spotter training program on Wednesday, Feb. 9 from 7 to 9 p.m.

over 20 minutes of storm video.

Many of the photos and video clips used in the program were shot during the 2004 storm season.

"Storm spotters are a vital part of the severe weather warning system," said Gary Woodall, Warning Coordination Meteorologist at the Fort Worth NWS Office. "Radar is a great tool, but it only tells us part of a storm's story. Storm spotter observations complement the electronic data we use to analyze storms. The combination of spotter reports and radar data gives us the best possible picture of the storms and what's going on inside them."

The Seminar is free, and members of the public are invited to attend.

"By coming to this program, you will learn a lot about thunderstorms," Woodall said. "Even if you don't become an active storm spotter, you will learn about how storms work and the visual clues to identify when storms are in the area. This will better prepare yourself and your family for the threats that storms pose."

The Cooke County severe weather program is one of over 40 that the Fort Worth NWS Office will conduct between January and March 2005. For more information on severe weather and the National Weather Service, visit the Fort Worth Forecast Office's website at <http://www.srh.noaa.gov/fw>

## Celebrating Catholic School Week

This past weekend's tours, given at Sacred Heart School, were quite successful. Many parishioners attended to view all of the recent renovations made to the school. Renovations included new floors and a restored foyer in the historical red building and new ceilings in the high school. Tours were guided by members of the Sacred Heart Ambassador Team. Pictured above are Mary Hesse, left, and Linda Sepanski remembering when, as they look at class composites on the hallway walls. Below, Lisa Schilling looks on as the boys take a cake break at open house. At left is a banner displayed next to the Sacred Heart statue in the high school.

## Sacred Heart Parish initiates its first stewardship committee

Fr. John Ohner, O.S.A., pastor of Sacred Heart Catholic Church, has announced the establishment of a parish Stewardship Committee. Though the concept of stewardship has been introduced by lay and religious leaders in past years, this is the first time in Sacred Heart Parish's 115 years that a formal Stewardship Committee and offices of Development and Planned Giving for the church and school have been formed, along with the implementation of a diocesan Stewardship Education Program (STEP).

In late 2003, Father John

established a Pastoral Council, nominated and elected by the parishioners. In the process of developing a Parish Mission Statement and Covenant, the Pastoral Council solicited "dream cards" from the parishioners, expressing their short and long-range dreams for the parish. More than 650 dream cards were received, many dozens expressing a need for a stewardship committee as a means to increase the number and scope of involvement of all parishioners in all aspects of parish life, and to provide financial stability for all parish operations, all parish ministries, and needed infrastructure improvements and maintenance.

parishioner recognizes that one is not the absolute master of one's possessions—that each person is not the absolute master of himself or herself; as stewards we are caretakers of all God's gifts; gratitude for these gifts is expressed in prayer and worship; and we are to share these gifts out of love of God, community, and one another.

The Committee also noted that stewardship is based on the premise that all that we are and all that we have comes from God, and as a way to thank Him for His gifts we give a portion of our time, talent, and treasure. Stewardship is based on a parishioner's need to give, not on the Church's need to receive.

from the pastor, lay witness talks, special prayers, bulletin inserts and announcements, and other materials to aid in the understanding and acceptance of stewardship as a way of life. Stewardship Commitment Sunday is scheduled for May 8.

The Sacred Heart Parish Stewardship team consists of Joe Bright, Stewardship Facilitator; Kathy Vogel, Time and Talent Coordinator; Chuck Bartsch, Sacrificial Giving and Conservation Coordinator; Kathy Bauer, Lay Witness Coordinator; Bill Bayer, Communications Coordinator; Dale Schilling, Logistics Coordinator; Imelda Rohmer, Prayer Coordinator; Maria Gonzales McCoy, Ethnic Community Coordinator; Cathy Otto, Youth Coordinator; Barbara Rohmer, Secretary; Bookkeeper; and Neil Hesse as the Pastoral Council Liaison.

The Stewardship Committee is subordinate and accountable to the Pastoral Council. It will work with the Pastor and Finance Council to develop ways to increase revenues to meet the dollar needs of the entire parish and coordinate fund-raising. During this inaugural year for stewardship, emphasis will be on time and talent. History shows that once people get involved in the parish mission, see the needs, and become a real, living part of parish activities, treasure from those involved and from those observing from the sidelines will increase.

## Agency applications sought by Cooke County United Way

The Cooke County United Way is now considering applications for qualified agencies for 2006 Allocations. All new agency requests must be received by Feb. 15, 2005. Allocation packets will be mailed out to all qualified prospective and current member agencies on Feb. 28. Those agencies wishing to be considered for 2006 allocations must return the packets by March 28, 2005. Request for information may be sent to P. O. Box 208, Gainesville, Texas 76241, and/or by calling the Cooke County United Way office 940-665-1793.

exempt organization under the IRS Code Section 501(c)3. The allocation packet requests agency information in the areas of: constitution and bylaws, management, financial reports, statement of cooperation, and statement of nondiscrimination. The agency must additionally meet the funding criteria, financial accountability, community needs, program priorities, and program effectiveness.

The Cooke County United Way and its member agencies share two common goals in the allocation process relative to the overall mission: 1) To fund real community needs as

fully as possible; and 2) To allocate available funds for optimum effect among these needs. Whereas, each agency views community needs from its own specific viewpoint, the United Way must look at agencies and needs from the view of the total community.

Local citizen volunteers serving on the Cooke County United Way Allocations Committee decide where the funds will be invested. These volunteers reflect a cross-section of the community. Cooke County United Way celebrates its 50<sup>th</sup> anniversary in 2005 and is one of 1,400 local, independent United Ways across the country.

The prime mission of the Sacred Heart Catholic Parish Stewardship Committee is to facilitate and develop an all-encompassing parish environment in which stewardship is a "way of life".

According to the Stewardship Committee, stewardship will become a way of life when every

Under the guidance of John Honoman, Diocesan Director of Stewardship, Development and Planned Giving, the Stewardship Committee volunteers identified the needs of the parish, set realistic goals, and initiated a six-week training program. Honoman also provided the Committee with a Diocesan Stewardship Education Program (STEP) to enable moving to the practical actions steps that will achieve the goals of the stewardship program.

The STEP will kick off with the introduction of the Stewardship Committee at all Masses the weekend of Feb. 5-6. Preparations are also underway for a Festival of Ministries Weekend and accompanying brochure, scheduled for April 2-3, after all Masses. The STEP will include special homilies

# DPS announces new application process

Beginning Jan. 31, anyone applying for a commercial driver license (CDL) with a hazardous materials endorsement must undergo a security threat assessment. Beginning May 31, drivers who already have a CDL with a hazardous materials endorsement will be required to undergo the security threat assessment when they renew their license.

The security threat assessment is required by Section 1012 of the U.S.A. PATRIOT Act, the federal Transportation Security Administration (TSA), and the U.S. Dept. of Transportation. The threat assessment includes the collection of the applicant's fingerprints and verification of the applicant's citizenship, immigration eligibility, or permanent legal presence in the United States.

Applicants for hazardous materials endorsements will be required to meet all standard federal regulations for the class of license sought, complete all required forms and testing, and pay the necessary fees. If these requirements are satisfied, DPS will issue the applicant a CDL without the hazardous materials endorsement until the TSA completes the threat assessment process.

DPS will provide the applicant with a fingerprint card to take to a local law enforcement agency to initiate the required background check. The local law enforcement agency will require the applicant to produce a valid Texas CDL for identification purposes, so applicants may not initiate the fingerprinting process before receiving the new license. Once fingerprinted, the applicant will mail the fingerprint

card and a \$73 cashier's check or money order to DPS using the pre-addressed, postage-paid envelope they were given when they applied. (The local law enforcement agency may charge a fee for the fingerprinting service).

The DPS will forward the applicant's fingerprints to the Federal Bureau of Investigation (FBI) for processing. The FBI will send any information about the applicant's criminal history to the TSA, which will make the final determination regarding eligibility for the hazardous materials endorsement. The applicant will be notified in writing whether the endorsement has been approved or disapproved.

If approved, DPS will mail a new CDL to the applicant. The endorsement is valid for five years. If disapproved, the applicant will receive information on

how to appeal the denial through TSA.

More detailed information regarding the Act, including the waiver and appeal process, is available at the TSA website at <http://www.tsa.gov>

CDL holders with additional questions regarding the Act's requirements should contact their local driver license office or the License Issuance Bureau - CDL Section at 512/424-2010.

## Captain Lyle Gordon dies while in Iraq

Lyle Gordon, 30, the brother-in-law of Lara Hess Gordon, died in a helicopter crash in Iraq. Lyle was the captain and was flying the helicopter when it crashed in a dust storm. Lara Hess Gordon is the daughter of Dennis and Kitty Hess of Lindsay.

The funeral for Lyle Gordon will be held Saturday, Feb. 5 at 10 a.m. in the Midlothian Conference Center in Midlothian, with burial in Hannibal Cemetery. Because of the long drive from the Midlothian Conference Center to the Hannibal Cemetery outside of Stephenville, the graveside military services will be held at 3 p.m.

From My Side Of The Fence BY Ed Cleer

Well, my age jumped from 89 to 90 on Jan. 27, but my kids thought a party they were planning for me, would make it easier for some, and more of the family could be present on Saturday, Jan. 22.

All went as planned and I certainly enjoyed it, and I hope all who came did too. I want to say "Thanks" to everyone who came by, or sent cards, called, or wished me well in any other way.

I have the dining table about covered with birthday cards. I heard from a few folks who said they were also praying for me - they likely think that's what I need most.

As I sit here writing, I can't help but take note of the beautiful Cardinals. We always have quite a few at this time of year. Tony keeps his feeder up for them, and that's a big drawing card. They are always a pleasure to see. Many other small birds seem to know where the feed is, and visit regularly, but so do flocks of grackles, and sometimes black birds and jays. That's why Tony keeps his shotgun handy. These unwelcome guests are finding he's not a bad shot.

Again "Thanks" to all and may God bless. You made my day.

Thoughts on Mark Wayne Sicking January 29, 2005 By "Hoss" Greg Knabe

I would like to mention a few things about Curly on behalf of his classmates, teammates or anyone who had the pleasure to see him play football or run track.

We found out Curly could run the ball when the Fort Worth Star Telegram decided to do a story on the #1 ranked Class B Chico Dragons. The sportswriters quoted that before the Chico fans could settle in their seats, that Mark W. Sicking had already crossed the goal line twice. Needless to say, the story wound up being about Curly.

We found out Curly couldn't pass when we played the #1 ranked Class A Aledo Bearcats. We had the ball the whole first quarter until various penalties and Curly's right handed-right foot forward pass wound up in the linebackers hands.

I had a locker next to Curly's. We would receive stars for our helmets on Monday for every 100 yards rushing or touchdowns. After the 2nd or 3rd game Curly suggested we give our stars to some of the players on the kickoff teams or those who didn't get to play much. Stars didn't change the scoreboard anyway. Curly obviously gave out more stars than he received.

The term bobble head was actually invented when Curly ran. When his head would start going back and forth you would either get run over or outran. Curly was as strong as an ox. When he was a freshman he was as strong as anyone in school. There weren't enough weights on the bench press machine for Curly, so I stood on the handles and he lifted me and the weights. I remember in track at the Texoma Relays in Gainesville, Curly was clocked in the 100 yard dash at an incredible 9.9 seconds. It was later determined to be wind-aided. The only wind was when Curly went by.

I have been self employed for over 20 years. Curly taught me one thing in life: when faced with adversity, don't run out of bounds. Curly Sicking chose not to run out of bounds

*It took every team member and teamwork. Did the rest - glad you were there - Bw*

We love you Curly.

Words cannot adequately express our thanks and appreciation for the love and concern shown to us during the sudden death of our beloved mother and grandmother, Dorothy Endres.

Thanks for the spiritual bouquets, prayers, memorials, flowers, food, cards, and just being there.

We are deeply grateful.

Special thanks to Father John Ohner, and to all who took part in the service. We'd like to thank Dr. Edd and Dr. Caglia.

A special thanks to Darlene, Cindy, Shelly, Mary Alice, Karen, Laura, and Roger for the care given our mother during her time of crisis and transport. Also to McCoy Funeral Home, the Catholic Daughters of America who prepared and served the meal, the Knights of Columbus for the use of the hall, and to all who were there for us throughout this saddened time, and also family and friends who were with us at Parkland Hospital in her last moments of life.

Our thanks and God bless you all,

# Texas Day slated for Feb. 11 VOLUNTEER???

Feb. 11 is a special day in Texas. It is the first 2-1-1 Texas Day celebrated by the entire state. Texoma 2-1-1 Texas Information and Access Center will host an open house on Feb. 11 from 11 a.m. to 2 p.m. The public and social service agencies are invited to visit the center, meet specialists, learn more about how calling 2-1-1 operates, and how social service agencies can be added to the data base.

"We're dedicating this day to letting Texoma area residents know that 2-1-1 is the number to call when they don't know who to call," said Shirley Morris, Director of Texoma Area Information and Access Center. "When you dial 2-1-1, a real person answers the phone who is a trained specialist, and they will listen to your needs and provide anonymous referrals to local community resources that can help with

everything from finding food, housing, and childcare, to crisis counseling or substance abuse treatment.

"Our 2-1-1 Information and Access Center also coordinates with our Elder Watch program and our Real Choice program, where callers who are over the age of 60 or have disability needs not being met can easily be connected to special services to help them," said Morris.

For more information please call 2-1-1, visit the web site at [www.texoma.cog.tx.us](http://www.texoma.cog.tx.us) or contact Shirley Morris at 903-813-3549.

There are hundreds of volunteers in Cooke County. Many of these volunteers record their volunteer hours to the Retired and Senior Volunteer Program (R.S.V.P.). This contributes to the information utilized by foundations and government agencies in awarding grants to most of their nonprofit agencies.

The R.S.V.P. provides "insurer-of-last resort" coverage during volunteer participation to all enrolled volunteers and sets up recognition programs for volunteers annually. If you are currently volunteering and not enrolled in R.S.V.P., you are missing out on benefits that say "thank you" on a continuing basis. Call Shirley Rector at Gainesville Convalescent Center, 940-665-2826, about an application to join your regional R.S.V.P.

DONT FORGET TO WISH YOUR LOVED ONES A HAPPY VALENTINES DAY IN THE MUENSTER ENTERPRISE!

## Reids celebrate their Golden

By Elfreda Fette

Weldon Lavonne and Peggy Jo Clark Reid, residents of Muenster for 50 years, were married on Jan. 22, 1955 in Gainesville.

Weldon is the son of the late Barney and Hattie Reid, and Peggy is the daughter of the late J.S. and Lila Clark Weldon. Weldon is now retired from Cooke County Electric Co-op, after being employed there for 43 years; and Peggy is retired from Weber Aircraft after being employed there for 18 1/2 years. They are still active, and enjoy gardening, traveling, and particularly enjoy maintaining and caring for a small kennel.

Their family consists of daughters Laneta Martin and husband Ernie; Roxie Russell and husband Phillip; Mechal Harrell and husband Rex; and son Rusty Reid and wife Monnie; and grandchildren Joey Martin

and wife Jenny, Greg Russell, Angela Gates and husband Joey, Telisha Yosten and husband Nick, Yvonne Sandmann and husband Nathan, William Harrell and wife Laura, Jennifer Chatterley and husband Nathan, and Stephanie Harrell; and great-grandchildren Alex Gates, Breanna Yosten, Caleb Sandmann, Nicole Gates, and June Rena Chatterley.

The family of Weldon and Peggy Reid also included an infant son, Weldon, Jr., with whom they were blessed. He passed away after only three days of life.

In observance of their golden wedding anniversary event, all the children, grandchildren, and great-grandchildren celebrated together, gathering in Decatur for a seated dinner. Cake and drinks were served after dinner.

## 4-H benefits from new NCTC scholarship fund

Current and former members of 4-H who have their eyes on a college education can benefit from a new scholarship fund recently endowed at North Central Texas College by the Cooke Extension Education Council (CEEC). The CEEC organization is made up of representatives from community-based Extension Clubs throughout Cooke County.

"As a former recipient of an Extension Club scholarship and as a former county extension agent, this is an extra special scholarship to me," said Debbie Pounds, the college's vice president for advancement and executive director of the NCTC Foundation.

According to Mary Wambaugh, CEEC chairman, members are especially pleased that individual awards will be funded from interest proceeds on the fully endowed \$12,500 fund corpus, thus assuring that assistance will be available to deserving students for many years to come.

Wambaugh also said club members considered it particularly fitting to establish the endowed scholarship fund at NCTC because, as a locally based public community college, it will be helping local students to achieve their higher education goals. Pounds said that the first scholarship from the newly endowed Cooke County Extension Education Scholarship fund will be awarded for the fall semester of 2005.

CEEC Chairman Wambaugh pointed out that education, as a life-long learning process, is one of

Lenten study group to reflect on *The Passion of the Christ*

Millions of people have seen Mel Gibson's epic film, *The Passion of the Christ*. This movie is more than just another extraordinary Hollywood production - it's a personal call for each of us to encounter the person of Jesus Christ. A free viewing of the movie will be on Sunday, Feb. 13 at 6 p.m. in the main hall of the Community Center. All those high school age and above are encouraged to attend.

Then plan to join Sacred Heart Parish for a follow-up series on this movie. The Spiritual Growth Committee will host a four-week Lenten study group on *The Passion of the Christ* and will discuss questions from the new book "A Guide to the Passion: 100 Questions About Mel Gibson's *The Passion of the Christ*."

The study group series will be on the following Sunday nights: Feb. 20 and 27 and Mar. 13 and 20 at 7 p.m. in the Community Center Cafeteria. Call Angela Hennigan at 759-4434 or Mark Hesse at 759-4059 for more information.

the organization's most important core values. Another key guiding principle that is highly valued by members is support and promotion of educational programs that address critical needs impacting Texas families and communities.

"Over the years, as I can personally attest, the Cooke Extension Education Council has provided assistance to many former 4-H members seeking

higher education by awarding scholarships to them directly," said Mrs. Pounds. "I know I speak for the many who will benefit from this new NCTC scholarship in future years when I express my heartfelt thanks to this wonderful organization."

To fund these scholarships, Extension Club members from all across the county have worked to raise money through a variety of

activities including the bake sales and concessions at the group's popular annual countywide Sell-O-Rama Arts & Craft Show in November.

CEEC and the various county Extension Clubs are affiliated with the Texas Extension Education Association, working with Texas Cooperative Extension to strengthen and enrich families through educational programs, leadership development, and community service.

## Forty-four receive Confirmation at Sacred Heart Church on Jan. 30

Forty-four young people from Sacred Heart Church received the sacrament of Confirmation at the 10:30 a.m. Mass on Sunday, Jan. 30. Since Bishop Joseph Delaney's health is still poor, Father John Ohner, O.S.A., presided at the Mass and conferred the sacrament.

Those receiving the sacrament were: Noah Barnhill, Arlie Bayer, Neil Bayer, Nicole Bayer, Danielle Bindel, Angela Cox, Adam Dangelmayr, Megan Dangelmayr, Fred Ellis, Abby Endres, Derek Endres, Katherine Endres, Kelly Endres, Jenna Felderhoff, Travis Felderhoff, Brianna Fleitman, Karen Flusche, Joelle Fuhrmann, Ryan Fuhrmann, Mark Gehrig, Teresa Greathouse, Shannon Hartman, Ryan Hennigan, Hannah Hess, Haylee Hess, Diana Knabe, Jacé Koelzer, Aaron Krahl, Patrick Lutkenhaus, Casey McAden, Christopher Moody, Timothy Otto, Gary Wade Porter, Jordan Smith, David Walterscheid, Jordan Walterscheid, Keith Walterscheid, Brittany

White, Sarah Whitecotton, Dustin Wimmer, Whitney Wimmer, Aaron Yosten, Debra Yosten, and Narinda Zanchetta. One candidate, Chelsie Switzer, will be confirmed later this spring.

The confirmandi and their sponsors processed up during the gathering song, "The Spirit Is A-Movin'." Music ministers were Christi Klement, Linda Flusche, Diane Grewing, and Jim Endres. After the Gloria was sung, Ryan Fuhrmann did the First Reading. The Responsorial psalm was sung and Karen Flusche did the Second Reading. After the Gospel, Billie Becker presented the candidates for Confirmation to Father John.

Following the homily, Father John led the confirmandi in a renewal of their baptismal promises and prayed for the power and gifts of the Spirit to descend upon them through the imposition of hands. Then each one was presented to Father by his or her sponsor, anointed, and given the sign of peace.

General Intercessions were read by Mark Gehrig.

The gifts were brought forward by Hannah Hess, Shannon Hartman, and Diana Knabe. Preparation song was "Send Us Your Spirit." Communion songs were "On Eagles Wings", "Rain Down", and "More Precious Than Silver/ Exalt Thee". The commissioning song was "Though the Mountains May Fall." After Mass the newly confirmed posed for a group picture.

Servers for the Mass included Cole McAden, Nolan Hartman, Zach White, Stephen Davis, and Josh Yosten. Eucharistic ministers were Annette Bayer, Deann Dangelmayr, Ramona Felderhoff, Billie Becker, Nina Zanchetta, and Kristi McAden.

The newly confirmed have been preparing for the sacrament since October through special Confirmation sessions and a weekend retreat. The retreat was held on Jan. 16. Those giving presentations were John Bezner, Billie Becker, and Margie York. Members of the Confirmation team included Barbara Rohmer and Billie and Michael Becker.

## Van Slyke Cemetery gets restored

The Gold Award Project submitted by Senior Girl Scout troop 1081 has been approved by the Cross Timbers Council. Crystal Fuhrmann, Amber Fuhrmann, Teresa Greathouse, and Roxanne Lozano are working to restore the historic Van Slyke Cemetery. The girls have been planning and working on this project for about 18 months. The Van Slyke Cemetery is north of Lindsay and is about 150 years old.

The cemetery was overgrown and many of the markers had been toppled by growing trees, bushes, and vines. In addition to mowing, cleaning, and

repairing head and foot stones, planting and trimming, each girl has different and specific tasks. The Fuhrmann sisters were responsible for the research on the cemetery and found many interesting things about it. Greathouse is writing up plans for other Girl Scout troops that might want to adopt a cemetery. Lozano is working on the landscaping for the cemetery. Using plants and

flowers native to Texas, the girls are seeking to create an atmosphere of serenity and peace, as well as, making it easier to maintain.

They have applied to the State for a historic cemetery marker. As soon as this process is complete the girls are planning a visitation day for the family members of the deceased, so that they can see the completed project.

## 4-H and FFA members to exhibit animals at the Houston Livestock Show

Excitement continues to build as thousands of Texas 4-H and FFA members make their final preparations before heading to Reliant Center to exhibit their livestock at the 2005 Houston Livestock Show March 1 through 20.

Attending will be Muenster FFA members Casey McAden and Michelle Pagel showing market barrows. Also attending will be Lindsay FFA members Mason Ward, Kevin Neu, and Haley Skeans. Ward will show a market steer, and Skeans and Neu market lambs.

For a complete schedule and additional information, visit [www.rodeohouston.com](http://www.rodeohouston.com) or [www.hlsr.com](http://www.hlsr.com).

## Muenster Hornet Band members honored

On Saturday, Jan. 22, seven members of the Muenster Hornet Band participated in the North Texas Honor Band Concert and Clinic. These seven Muenster ISD students were chosen by audition in front of a panel of three judges and against students from other Class A and Class AA band programs. Those earning the honor were, from left, back - freshman, Nick Flusche, tuba; senior, Adam Vinson, mallets; freshman, Craig Grewing, trombone; 8th grade, Matthew McAden, tuba. Front - junior, Leah Vinson, clarinet; freshman, Dillena Hundt, French horn; and senior, Carrie Grewing, contra bass clarinet.

## Bill Haverkamp, Jr. to compete in RODEOHOUSTON™ Calf Scramble on March 6, 2005

When world champion rodeo athletes compete at RODEOHOUSTON March 1 through 20, they won't be the only contestants reaching for glory. Bill Haverkamp, Jr. of Muenster will be among 28 4-H and FFA members competing in the exciting and heartwarming calf scramble on Sunday, March 6. The 16-year-old son of Billy and D'Ann Haverkamp, Bill will represent Muenster FFA as a participant during a star-studded rodeo performance.

During the calf scramble, 4-H and FFA members will attempt to catch and halter one of 14 calves that are released into the Reliant Stadium arena. If successful, Bill will receive a \$1,000 certificate for the purchase of a beef heifer. The purchased heifer becomes a yearlong project, returning to Houston in 2006 to compete in the Junior Breeding Beef Heifer Show as well as a special scramble heifer show. As a bonus from their donors to

help with expenses, participants also will receive \$250 for completing their yearlong project and returning to show in Houston in 2006.

## Satree takes champion in Phoenix

Katy Satree of Montague, Texas, won Champion Angus Heifer at the 57th Annual Arizona National Livestock Show Dec. 28 - Jan. 1.

Satree has been an active member of Montague County 4-H for five years. 2004 was an exciting year for Satree as she also received Champion Angus at the 2004 Fort Worth Livestock Show and Champion and Reserve Champion Angus Heifer at the San Angelo Livestock Show.

## Lindsay has Spelling Bee

Lindsay ISD held the local school division of the Dallas Morning News Spelling Bee on Jan. 25. The Dallas Morning News Spelling Bee is open to students in grades 4-8.

Contestants and the class they represent were: Megan Schumacher, 4th;

Lucinda Krahl, 5th; Taylor Krebs, 5th; Madison Parkhill, 6th; Adam Krebs, 7th; and Dillon Hanson, 8th. The contestants had to orally spell words pronounced by Jane Otto Reta Johnson and Craig Hertel were the judges. After several rounds

Madison Parkhill was declared the school champion. Parkhill will now compete in the County spelling bee to be held in Lindsay on Feb. 16. The winner of the County bee will compete in the Dallas Morning News Bee in Dallas in March.

# GAME WARDEN REPORTS

## Setting the Wrong Example - Again!

— A Rusk County Game Warden was flagged down by a deer hunter while checking migratory birds after legal shooting hours on Lake Striker in the same county, by the same game warden, and under the same judge. The landowner signed criminal trespass affidavits against the adults. Five shotguns were seized and six cases are pending. The judge offered the defendants a choice: \$250 per offense and the forfeiture of their shotguns to the state or \$500 per offense with the return of their weapons. Cases are pending.

(ages 14, 13 and 6) were apprehended. Two of the three adults were filed on last year for hunting migratory birds after legal shooting hours on Lake Striker in the same county, by the same game warden, and under the same judge. The landowner signed criminal trespass affidavits against the adults. Five shotguns were seized and six cases are pending. The judge offered the defendants a choice: \$250 per offense and the forfeiture of their shotguns to the state or \$500 per offense with the return of their weapons. Cases are pending.

# WE NEED YOUR EXPERTISE.

The Enterprise Facilitation Project is bringing together a group of citizens to serve as Board Members for a new economic-development approach to help small businesses start and grow. We need people who will be willing to serve for a two-year, unpaid term, and be willing to provide expertise and assistance to help entrepreneurs start new businesses or expand existing businesses.

## What is Enterprise Facilitation?

Enterprise Facilitation is a carefully designed process in which a Facilitator and a community-based Board provide free, confidential business management and networking advice to entrepreneurs. Since 1985, Enterprise Facilitation has been an effective mechanism for mobilizing community leadership and has demonstrated the capacity for inspiring community revitalization around the world.

## How do I qualify to be a Board Member?

Typically, Board Members are persons who have expertise in operating or managing a business, or who have other expertise, such as accounting, law, marketing, advertising, banking, public relations, or related business expertise that can be of value to someone who wants to start a business or operate one more effectively. Note: Retired persons with these skills are especially encouraged to serve on the Board or otherwise assist with the program.

## How do I apply?

If interested, attend a meeting at Nortex Communications, 205 N. Walnut St., Muenster, Texas, on Monday, Feb. 7, at either 2 p.m. or 6 p.m. Please bring a resume or a simple written summary of your experience or skills.

## What is expected of a Board Member?

- Attend one of the two introductory meetings on Feb., 2005, to obtain details of the program.
- You will be considered for Board membership after the meeting, if you are still interested. If selected, you will need to attend a one-day training session at a later time, and periodic ongoing training throughout the initial 24 months of service.
- You should commit to a two-year term.
- You will not be compensated financially. Your rewards will come from positive community service and success in helping your fellow citizens.
- You should be available to attend periodic Board meetings, generally once a month.
- You should have community networking skills, technical skills, a positive attitude, and a love of your community.

## Can I get more information before the meeting?

Yes. Call one of the members of the local steering committee: Don Rohmer, Joe Bright, Cathy Otto, or Christine Beaulieu Weinzapfel.

NOTICES

NOTICE TO MUENSTER YOUTH ORGANIZATIONS Youth organizations may now submit budgets for United Way Funds. Submit budgets to Muenster Park Board, c/o City Hall, PO Box 208, 400 N. Main St., Muenster, TX by February 18.

BID INVITATION

BID INVITATION The City of Muenster solicits bids for two paving projects. The first project consists of approximately 36,194 square yards of HOT-MIX Pavement. The second project consists of approximately 20,838 square yards of a One-Course Treatment with CRS2 oil and 3/8" washed cover stone. The contractor will supply all materials. Materials must comply with City road building specifications. Bids for each project should be listed separately. The City reserves the right to accept each bid individually or reject all bids. Sealed bids should be clearly marked "Paving Bid" and must be received by 5:00 PM, on February 7, 2005. Send bids to the City of Muenster, 400 North Main, PO Box 208, Muenster, TX 76252. For any questions on material specifications, street locations, or any other matter concerning these bids, contact Stan Endres or Chris Yosten at Muenster City Hall 940-759-2236.

Parent nominations sought for Muenster Elementary Gifted and Talented program

It is time for parent nominations for the Muenster Elementary Gifted and Talented program (Grades K-5). A gifted student is one who demonstrates excellence in intellectual ability, creativity, academic aptitude, innovative thinking, leadership, and/or individual responsibility in relation to students of similar age, experience, or environment. If you feel like your child exhibits any of these qualities, you may nominate him/her to go through the identification process. Please remember, a nomination does not automatically provide for placement in the program. It is the first step in the identification process. Gifted students need to be challenged beyond what the regular classroom instruction can provide. Many people believe the myth that gifted students are given more work. A Gifted and Talented program would not be successful if that were true. The challenges should be represented by advanced coursework, independent studies, and/or student products.

If you would like to make a nomination, please call the elementary office or contact your child's teacher to obtain the necessary recommendation forms. These forms must be returned by Friday, Feb. 18.

Thornberry to chair new subcommittee on Intelligence oversight

U.S. Rep. Mac Thornberry has acquired additional responsibilities in his role as a member of the U.S. House Permanent Select Committee on Intelligence. Committee Chairman Pete Hoekstra has chosen Thornberry to chair the newly created Subcommittee on Oversight. Among the responsibilities of the new subcommittee is to oversee implementation of the reforms contained in the "Intelligence Reform and Terrorism Prevention Act of 2004," also known as the "9/11 Bill."

State Senator Craig Estes, R-Wichita Falls, will continue his leadership role on issues of paramount importance to constituents in his district as a result of committee assignments announced Thursday, Jan. 27 by Lieutenant Governor David Dewhurst. "I am extremely pleased with my committee assignments, and I appreciate the confidence that Lieutenant Governor Dewhurst has placed in me to serve in these positions of leadership," Estes said. Estes was appointed to continue serving as vice chairman of Veterans Affairs and Military

Estes' sprawling district covers more than 15,000 square miles including the counties of Archer, Baylor, Clay, Cooke, Grayson, Jack, Montague, Parker, Palo Pinto, Shackelford, Stephens, Throckmorton, Wichita, Wilbarger, Wise, and Young, and parts of Collin and Denton counties. "My committees reflect the diversity of the 18 counties in Senate District 30 while insuring me with a continued strong voice on issues of major importance to the nearly 700,000 constituents I serve," Estes said.

## Texas agricultural producers provide financial snapshot

Texas agricultural producers will have the opportunity to "let the facts be known" by participating in the 2004 Agricultural Resource Management Survey conducted by USDA's National Agricultural Statistics Service (NASS). This survey provides the leading economic indicators about the agricultural industry used by members of the agricultural community and their legislators when making important decisions that support America's farmers and ranchers. "Reliable, accurate descriptions of the current economic health of Texas farms and ranches are crucial, especially when policymakers, farm organizations, analysts, local USDA agents, news media, farm suppliers, lenders, and others make decisions that affect growers," said Robin Roark, State Director.

In recent years, changes in the rules of trade, shifts in domestic policy, and new developments in technology have altered the landscape of global agriculture and the challenges facing American farmers. How are agricultural producers surviving when input costs such as hired labor, fertilizer, and fuel continue to rise? Are government program payments providing producers an adequate safety net to allow them to make investments in land and equipment required of modern farming? Which agriculture sectors show improvement or are under financial stress?

Data provided by producers sampled in the Agriculture Resource Management Survey will help answer these and other questions pertaining to the economic well-being of Texas farm and ranch operators. These data provide an accurate portrayal of the economic conditions as Congress monitors the benefits of the 2002 Farm Bill as well as planning for the next Farm

Bill. These data are also vital to the Texas Legislature as they evaluate Texas property tax and school finance reform. All individual data collected are held strictly confidential by law (Title 7, U.S. Code). Only statistical totals are published for selected geographic regions and the Nation.

Producers chosen to participate in the 2004 Agricultural Resource Management Survey will be mailed a questionnaire or visited by an interviewer to complete the report at the farm or ranch operator's convenience. Results will be published in a series of USDA reports on the current farm financial situation.

Farm Production Expenditures, the first report with results from the survey, will be released in July 2005. For a copy of the finished report or to obtain other agricultural statistics, visit the National Agricultural Statistics Service website at [www.usda.gov/nass/](http://www.usda.gov/nass/) or call 1-800-727-9540.

## The sign-up period for 2005 EQIP funding to end March 18

The USDA Natural Resources Conservation Service (NRCS) in Texas announced that farmers and ranchers wishing to be considered for 2005 funding in the Environmental Quality Incentives Program (EQIP) should make sure they sign up by the close of business Friday, March 18.

EQIP was reauthorized in the 2002 Farm Bill to provide a voluntary conservation program for farmers and ranchers that promotes agricultural production and environmental quality as compatible national goals. EQIP offers financial and technical help to assist eligible participants install or implement structural and/or management practices on eligible agricultural land.

In 2005 Texas will receive approximately \$64 million in EQIP financial assistance funds and approximately \$5.5 million in Ground and Surface Water EQIP funds.

Local NRCS field offices have complete details for Cooke County. Additional information and access to ranking criteria, practices, and cost share rates for EQIP can be found at [www.tx.nrcs.usda.gov/program/ams/](http://www.tx.nrcs.usda.gov/program/ams/).

## USDA-NRCS seeks public comments on Environmental Quality Incentives Program

The USDA-Natural Resources Conservation Service (NRCS) is seeking comments from Texas landowners and organizations on its flagship conservation costshare program, the Environmental Quality Incentives Program (EQIP). The comment period to allow public input on EQIP extends through March 15.

NRCS periodically reviews and updates the EQIP priorities, with input from the public, to ensure the program continues to address the most important resource needs as well as any emerging resource issues. The program originated in the 1996 Farm Bill and was re-authorized in 2002. Updating the national priorities will help the USDA prepare for the 2006 program year and for the next Farm Bill re-authorization in 2007.

EQIP's national priorities, which NRCS uses to guide which producers will be selected for program funding, are: water quality, air quality, soil erosion, and wildlife habitat.

The following questions will be used to guide comments on the EQIP

national priority portion of the session:

1) What emerging natural resource issues are not addressed by the current national EQIP priorities? Identify the nature of the concern and its extent or significance within Texas.

2) What modifications, if any, are needed to the four existing National priorities? Do these existing priorities continue to reflect the critical national resource needs and concerns?

Comments can be faxed to 254-742-9819, emailed to [norman.bade@tx.usda.gov](mailto:norman.bade@tx.usda.gov), or sent by U.S. mail to Norman P. Bade, Assistant State Conservationist for Programs, USDA-NRCS, 101 South Main, Temple, TX 76701.

## AG BRIEFS

The average American consumes eight pounds of sugar each year.

Rep. Rick Hardcastle will be chair of the Agriculture and Livestock Committee and serve on the Natural Resources Committee. The Texas Legislature has recently announced their assignments.

The USDA is forecasting that agricultural imports will equal ag exports during the 2005 federal fiscal year.

## Controlling Summer Annual Weeds - Treatment Time is Near!

Roger D. Havlak, Turf and Water Management, Extension Program Specialist, has sent a reminder that summer annual weeds can be an eyesore for all turfgrass sites. Weeds, in general, like to invade sites where turfgrass is weakened and where the overall density of the turf has been reduced. Therefore, maintaining a healthy, dense turf is the best approach for weed management. But, if you do have problems with these summer annual weeds, there are a number of products (pre-emergent herbicides) that can be used to control these pests.

Summer annuals like crabgrass, goosegrass, grassbur, and prostrate spurge germinate in the late winter/early spring season. They will survive into summer and then mature and die. These are plants that come back each year by seed. Control of these weeds can be accomplished, but one has to apply the correct pre-emergent herbicide at the proper time.

In the northern sections of the State, pre-emergence applications may be made in late February/early March. Hence, timing of the applications will depend on where you live in Texas. Remember, we are controlling germinating seeds - so the pre-emergent needs to be put out prior to germination. Finally, please read the labels on all pesticides prior to application and calibrate your sprayer/spreader.

For more information on weed control and a list of pre-emergent herbicides, go to the Aggie-Turf web site at <http://aggie-turf.tamu.edu> and click on "Turf Tips".

Feb. 24: Tri-County Farm Symposium, NCTC Little Theatre, 8 a.m.; six CEUs pending TDA approval - three General, one Drift Minimization, one Laws and Regs, and one IPM.

## AGRICULTURE BRIEFS

More than 100 children are killed on U.S. farms each year, most from falling off tractors or equipment and being run over by equipment. For safety's sake, never allow extra riders. One seat, one rider.

Korean beef imports will have electronic chips that contain data on the meat, according to the U.S. Meat Export Federation.

In a pilot project that began in October, imported beef will be tagged with a radio frequency identification chip that will hold details about the origin of the beef, its packaging, quarantine, and distribution process. The chips will enable government organizations and consumers to keep track of the beef. Consumers can select a function on their cell phones that scans the chip and information on the beef will appear on the phone display.

When using a front end loader, take these safety precautions:

- Operate the loader from the tractor seat only;
- Never go around the area under a raised loader;
- Low speed is the only gear when moving and turning the tractor;
- Do not overload;
- Do not lift or transport anyone on the loader;
- Move load in a lower position to avoid overturning;
- Watch for overhead electric lines.

Nebraska's corporate farm ban is being challenged in a federal lawsuit by State Senator Jim Jones, who is also a cattle rancher. The ban, considered one of the toughest in the country, was added to the state's constitution by popular vote in 1982. The ban generally prohibits corporations and certain other business entities from owning farmland or engaging in agricultural activity, although there are numerous exceptions.

Supporters say the ban was intended to level the playing field by restricting corporate farming and limiting access to the tax benefits and limited liability enjoyed by corporations. Critics, including those who filed the lawsuit, have said the ban is too restrictive and hurts farmers without family ties who want to use the corporate structure of organization.

**Agriculture and the Environment**

The erosion rate by water on U.S. cropland was reduced by 24 percent between 1982 and 1997, according to the USDA Natural Resources Conservation Service 1997 National Resources Inventory. In 1982, 4.1 tons of soil per acre were lost to erosion per year. Today, soil lost to erosion is down to around 3 tons per acre per year.
