Commissioners race highlights local election

By Janet Felderhoff
Tuesday, Nov. 7 is the day of the General Election. In Cooke County it will be a deciding factor in two commissioners' races. Precinct #4 has incumbent Virgil Hess challenged by Drew Springer. Both candidates are Muenster residents. In Precinct #2, the incumbent Commissioner Bill Cox lost the Republican nomination in March to Steve

Key. The Democratic nominee for the Commissioner spot is Nathan Hansard.
County Judge Freeman won the Republican nomination in March. He was opposed by Frieda Fiske and has no Democratic opponent. Other County officials whose names are on the ballot for re-election, but who have no opposition are Cooke County Court at Law Judge John

Morris, District Clerk Pat Payne, County Clerk Rebecca Lawson, County Treasurer Judy Hunter, and County Surveyor Delbert West.
Both Justices of the Peace are also up for re-election and unopposed. Dorothy Lewis serves Precinct #1 and will be on the ballot for voters in voting Precinct #18. John Roane serves Precinct #4 and will be on the ballot for voters in voting

Precinct #17.
Of great interest to many this year is the election for Texas governor. Gov. Rick Perry brought on some voter ire in Cooke County with his proposed Trans Texas Corridor. Many pledged to vote for someone else because of the TTC issue. Those who normally vote Pro Life have a dilemma. None of the other candidates for governor have

taken a strong Pro Life stand, as does Perry. He is the only candidate for Texas governor endorsed by the Texas Alliance for Life.
Muenster ISD has a Bond Election on Nov. 7 for a proposed cafeterium. Information on the project was printed in the Oct. 27 issue of the *Muenster Enterprise*. Early votes can be cast in the Board Room of the MISD Administration building from 8 a.m. to 4 p.m. through Nov. 3

On the day of the election, ballots on the bond election can be cast at the following places: Precinct 15 - Myra Community Center; Precinct 17 - Muenster VFW Hall; Precinct 18 - Muenster ISD Junior High School (Band Hall); Precinct 19 and Precinct 21 - Conrad Hall - Lindsay.

Bright family shares Mission Complete

Lead in
James Bright, son of Juanita Bright and the late David Bright, has been stationed in Iraq for the last seven months. He has shared some of his thoughts with readers through letters published in this newspaper. While defending our country in time of war, Bright's wife Jill and two young children remained at home. Jill was also pregnant with the

couple's third child.
That time away from family and in harm's way ended recently as Lt. Col. Bright and his Marines were called back home.
Bright is a graduate of Muenster ISD and UVMI. This was his second time to serve in Iraq. He also served in Desert Storm and was awarded a Bronze Star.
His mother remarked, "So many of his friends have been

asking about him and have kept him and his family in their prayers all through his time over there. That's why I'm sharing the letters, because I think his friends seem so interested in everything in his going and his coming back, and return. We're so grateful for the support."
Mrs. Bright also proudly announced that her new grandson Jeb Bright was born on Oct. 27. Both mother and baby are doing fine, she added.
Bright writes MISSION COMPLETE

To all,
Late this morning, I extracted my last Marines out of the field. We are now all back aboard our base and are mission complete. In four hours, I will report to my boss and officially turn over my operational duties to my replacement. From now until

Observant citizen credited with arrest

By Janet Felderhoff
Neighbors watching out for each other is a great crime deterrent. During the second and third weeks of October, mail has been stolen from rural mail boxes. One week it happened on CR 423 north of Muenster and the other week along a rural road south of Muenster.
Residents found their mail strewn along the roadside. One person noted that she could tell they took what looked like it might have something valuable in it, and scattered the junk mail.
According to Muenster

Police Chief Bob Stovall, a local citizen witnessed mail being stolen and made the effort to catch up to the vehicle and write down its license tag number. The person then brought the number to Chief Stovall who ran the numbers and found who the vehicle belonged to.
This was on Oct. 17. The U.S. Postal Inspector was in Muenster on Oct. 18 to take information and initiate an investigation. At least 10 rural boxes had mail taken from them. Some of the

Sacred Heart Church prepares for annual Thanksgiving Picnic

The date for the Sacred Heart Parish Picnic Nov. 19 at the Sacred Heart Community Center. Be prepared for a day full of fun, good food, and fellowship.
Beverly Fuhrmann is once again coordinating the meal for the picnic and has a turkey and dressing feast with sausage, mashed potatoes, gravy, corn, salad, rolls, and a wide array of desserts planned for the lunch from 11 a.m. to 2 p.m.
Guests can play the cake walk for 25 cents and win a cake, or if their luck isn't so good, they can buy homemade sweets, breads, and cakes at the sweet shoppe. There will also be opportunities to try your luck in several raffles. A silent

auction will run all day, and a huge live auction will begin at 4:30 p.m. See the list of auction items published weekly in the *Muenster Enterprise*.
Leslie Eddleman is anticipating a successful picnic and looks forward to the many interesting donations made by the giving members and businesses of this community. She would like anyone who is interested in donating new, handmade, or antique items, as well as services and monetary donations to the auctions, to call her at 759-5286.
She also said that the Sweet Shoppe always needs yummy donations such as

then, I will pack out of my office/home for the last seven months and move to a transient tent.
We now start the long journey home. We will travel from here tomorrow to another base in Iraq and start our "get your mind right" classes. We will stay there a few days until the doctors say we have "decompressed" enough to travel to Kuwait. We will then sit in Kuwait a few days and do some more decompressing. Then spend the last whole day getting all our stuff through customs and then finally get airborne. As I am sure Jill has told most of you, I will be home at Camp Lejeune the afternoon of 19 October.
The last seven months have been all encompassing: hectic, heartbreaking, euphoric and mostly just exhausting. I am glad it has

Annual Veterans' Day services have been set by Muenster #6205 VFW Ladies Auxiliary for Friday, Nov. 10 at Sacred Heart Cemetery soldiers plot (Veterans' section) at 8 a.m.
The Ladies Auxiliary officers will conduct the usual ritual of Pledge to the Flag, placing wreaths, prayers, etc., honoring the deceased Veterans. This year, Sacred Heart School students will

Community plans three Veterans Day programs

also participate at the cemetery with their Prayer Service. They will honor the living Veterans and lead the Peace Prayer Service with scripture and song.
All are welcome to join the group at the cemetery. If weather is really rainy, the Service will be held in Sacred Heart Church.
Also on Friday, Nov. 10, Muenster High School students will

United Way of Cooke County nears goal!

The County campaign is coming down the home stretch and will be concluding with a Celebration Luncheon on Friday, Nov. 3. The Muenster community businesses and citizens have really come through in support of this year's campaign. Cooke County Electric Cooperative, Muenster State Bank, and Nortex Communications are our largest contributors for the Muenster area. It is great how all of the communities throughout Cooke County come together in one great effort. That is truly neighbors helping neighbors, remarked Angie Hare, executive director Cooke County United Way.
"I really appreciate all the efforts of the Muenster Jaycees and the City Park

Board in helping with this year's campaign. Without their help, this campaign would not have been so successful," noted John D. Bartush, Muenster campaign division leader.
Cooke County United Way Campaign Chair Jack Thies said, "We are nearing the end of our drive and we are blown away by the strong support shown by the businesses, their employees, and the residents of Cooke County at this point. It is gratifying to think we will meet a stretch goal in a year where other counties are reducing their expectations."
For more info, please contact Cooke County United Way by calling 940-665-1793. Cooke County United Way supports 18 agencies for their 2007 campaign.

FEMA seeks input on preliminary flood map

By Janet Felderhoff
Department of Homeland Security's Federal Emergency Management Agency (FEMA) notified Cooke County that it has released a Preliminary Digital Flood Insurance Rate Map (DFIRM) and Flood Insurance Study (FIS) report for Cooke County and incorporated areas. Flood hazard information for the entire geographic area of Cooke County, including both incorporated and unincorporated areas is included.

Nov. 29. A Community Coordination meeting will be scheduled soon. At that time, results of the study will be presented, information discussed, impact of the report and study on the community's participation in the National Flood Insurance Program discussed, and the

opportunity to comment or ask questions will be provided.
Changes or corrections to non-technical information, such as corporate limits, road names, bridges, and stream names should be reported within 30 days of the County's receiving the letter (before Nov. 27). Any

comments received during that time will be reviewed and incorporated as appropriate before the final publication.
Comments may be sent to the Regional Management Center c/o Michael Baker, Jr. Inc., 101 South Locust St., Suite 300, Denton, TX, 76201.

All:
Well, yesterday was quite an eventful day...one filled with the normal emotions you WOULD expect...and then brought down to reality with those we hadn't expected! The kids and I went to the battalion at about 1:45 and there were hundreds of people there. Surprisingly enough we were able to visit with some parents that I had met over the internet before the guys came home. (They sought me out, as I told them I would be the big pg women in red). Anyway, very nice folks, all with wonderful words to say about James and how much they appreciate his leadership and honesty in the newsletters.

About an hour later...the buses pulled in. There were 6 charter buses packed with Marines. Now, I didn't worry at all about finding James because he told me he would be on the LAST BUS, the LAST PERSON off the bus...so the kids and I hurried thru the 100s of people working our way back to the last bus...we wait, and wait and the last person gets off...and no PAPA. Maggie is in tears because she thinks Papa has stayed in Iraq...I am in a panic because I have no idea how the hell to find James in the sea of cammies...so we make our way from each bus...looking for James...while everyone

else is hugging, kissing and crying...and of course Maggie is just a mess. I assure her that he is here, we just have to find him. We finally make it to the first bus where I see his Ops Officer...who tells me he was on the FIRST bus...anyway, he was no where to be found...so after about 10 minutes which felt like eternity, I find him in the middle of the sea of cammies visiting with our neighbor...how crappy is that to walk off the bus and not be greeted by your family). I was crying out of frustration at that point...happy tears soon follow...as Maggie JUMPED into his arms and would not let him go. She kissed all over his face and kept hugging his neck and putting her head down on his shoulder. It was truly priceless. James (little) warmed up very quickly...he too jumped in his arms...TALKING A MILE A MINUTE...which Papa James was definitely NOT used to! It was all surreal at this point. The weather was nice (hotter than usual here) and everyone wanted to meet James. Many, many parents came up to him and thanked him for bringing their son home alive. There were a couple (3) of the fallen marines families there...this was very difficult for both of us. It was such a joyous day, but one also shadowed with the tragic loss the battalion had suffered with the loss of someone's son. It was difficult to find the words to know what to say.

James finally collected all his gear (which was a nightmare you can imagine...however, he is the boss and a couple of Gunny's took it upon themselves to find his third bag, which he thought was "lost" - which was extremely nice). So around 4pm we made our way home. James was truly exhausted. He had been up for 24 hours...and didn't get much sleep before that. We get in the car...and both kids are Chatty Kathy.....

Papa...how do you spell green, papa, do you like my picture I colored, papa...you can imagine...James was quite patient, but I know some peace and quiet would have been just what the drs ordered.

We got home...led James (with his eyes shut) to the new recliner and basket of cards, balloon, etc...and he was thrilled. Then he took a walk around the outside of the house (to assess the damage of the teen age boy I hired to do the lawn while he was gone...and make a mental list of all the things that he needed to do now that he was back in his own turf). Anyway, the kids were totally wired...and totally fixed on him!

I had made a nice dinner and we pulled out the "You are Special Plate" for him...all was going fine...and Maggie says... Mom, this doesn't taste good...which was strange, because she just told me she loved it...anyway, less than a minute later...she throws up all over the dinner table...I move her to the trash can...she misses and throws up all over the floor...so you can imagine the scene at 620 Clover Drive. I clean up Maggie...and James takes the kitchen...it was a mess...and I felt terrible having him clean up on his first day back...I even volunteered to change places...and he take Maggie...Anyway, got both kids to bed...and James and I cleaned up the kitchen and went to bed at 8pm...both utterly exhausted...and in silence...which was wonderful...and just what we both needed from the trying day!

However, don't mistake the thrill of having him home, safe at all cost! We are just thrilled to have him home, and to be a family again! It's truly wonderful. God is so good to us...and we are blessed! He rested somewhat last night...his back is really bothering him to the point of getting up every two hours to

ingredients attached.

There will be plenty activities for the youth. The Sacred Heart Youth Director has many fun games and activities planned for the day including train rides, fishing pond, bounce houses, a pumpkin crafting corner, edible sand art station, and

LETTERS TO THE EDITOR

To the Editor,

Our community was saddened by the recent passing of one of our finest and most outstanding citizens.

Dr. Martin Kralicke was so much more to all of us than just our "local doctor." He was a friend, a healer, a father, a grandfather, and a lover and promoter of fine arts and beautiful music.

With great pride, deep admiration, and sincere gratitude for Dr. Kralicke's endeavors with the North Texas Chorale, we are proud and humbled to dedicate our fall concert to the memory of Dr. Martin Kralicke.

This concert is a tribute to the music of the great English composers like John Rutter, Thomas Tallis, and Benjamin Britten, to name a few. Unlike many of our previous concerts, it is not a Mass and is in English!

We invite everyone to show your love and respect for our beloved "Doc" by attending "A Tribute to the English Choral Tradition" Friday, Nov. 10 at 7:30 p.m. in the First Baptist Church of Gainesville.

Thank you,
Eileen Fisher
NTC member
Muenster, TX

To the Editor,

The Muenster ISD bond proposal for construction of a new lunchroom and additional classrooms and Science lab is a welcome addition to the school facilities. As MISD continues to grow the new addition is needed to accommodate additional students and new curriculum requirements. The present lunchroom is overcrowded and outdated. A new more efficient lunch room will also provide seating for large student meetings. A vote for the MISD bond will provide a welcome addition to the Muenster School System.

Rudy Koessler
Muenster, TX

Letter to the Editor,

Catholics and Elections
A question to Catholics: does your candidate and the candidate's associated party represent what our Catholic faith (Christianity) really teaches? You send your child (children) to a private school because, in your mind, public schools are a disaster, abortion is wrong, you are tired of criminals going free, our judges are activist judges, and etc.

Who have you been voting for or endorsing, John Kerry, Jimmy Carter, Ted Kennedy, Nancy Pelosi, Al Gore, and others of similar orientation? If Catholics really voted what they claim to believe, the politicians mentioned and those like them would never see the political light of day because Catholics represent

a huge and influential voting block in this country.

Nov. 7, 2006 is a day United States citizens have the opportunity to exercise their privilege to vote. Since the 1960s the United States has been descending toward moral decadence. The rate of that descent seems to be increasing. Citizens are beginning to notice this descent: lyrics in the music our children listen to, shows on TV and at the cinema, lack of parental oversight of our youth so parents can make more money to pay for material things, increasing selfishness, etc.

The development of this cultural mindset has been insidious and the path has been set by national policy in the form of "civil rights": abortion, no ban against pornography (censorship), freedom of speech (as long as God, morals, or ethics are not mentioned), society being responsible for actions of criminals, dumbing down of standards so less than mediocre is considered good, and the list goes on. Affects of national policy play out at the local level - small town America.

The politicians mentioned earlier pontificate morality but their policies support abortion, excessive taxation, no moral standards for the country, and contribute to the dumbing down of America. Catholics (including our priests) voted for them. Those same Catholics then pontificate about the demise of American values and our educational system. I wonder what type of candidate Catholics will vote for this election?

The candidate might be a good person but in order for that candidate to get something for his/her constituents, they have to play the party line. If you are Catholic and vote for a candidate that represents and endorses the moral convictions of the Democrat Party, please consider how you voted before complaining about the moral decadence of the United States of America.

There is a very clear choice in this election and several to follow. Our country is at a moral crossroad. Catholics can influence the road taken. You can choose the "feel good" road or the responsible road. It's your choice but don't complain about the consequences if you choose the "feel good" road. Freedom is sustained through the responsible execution of freedom i.e., responsibility. Social free-for-all destroyed the Roman Empire and is the same cancer destroying our social structure and fiber. Our advantage: history illustrates the consequence of social excess.

Joseph Bright
Muenster, TX

To the Editor,

When I read the headliner article in last week's Enterprise concerning the upcoming bond election, some bad memories came to mind. I'm sure many of your readers remember eating lunch in the old Parish Hall while attending Sacred Heart School. We had Mass at 11:00 and then all 5,000 of us would converge at once to the old cafeteria. Well, maybe not 5,000, but it sure seemed that many. I don't know what system they used, but my class was last in line all eight years of my attendance. Sometimes the line stretched completely out the back door, and that cut into some serious recess time!

On a more serious note, I can understand the importance of a restful, sit-down lunch, a time to unwind in the middle of the day. There is no need to have a lunch period spread over a two hour span and still not satisfy the needs of our students.

This fifty plus year old building has served its purpose, but should now retire into the needed classrooms for the District's Life Skills Program. With the upcoming State requirements in Math and Science, we will also need the added classrooms in the new cafeteria.

When Ms. Heers quoted, "One of the wonderful things about Muenster is that if there is truly a need for something that benefits the kids of our town, the people see that it gets done!" It makes me feel proud to drive around town and see all the improvements that our civic organizations and our citizens have done for our youth - our leaders of tomorrow.

I would like to take this opportunity to encourage all the members of this community to vote "yes" when casting your ballot in the upcoming MISD bond election! Thank you for reading this!

Wayne Klement
Muenster, TX

Dear Editor,

On Nov. 7 the Muenster Independent School District has called for a bond election for 2.75 million dollars. The purpose of this bond package will be to replace our current cafeteria built in the 1950s with a new cafeteria, three additional classrooms, one computer lab and one science lab. New state requirements for additional math and science classes, in addition to the ever-increasing number of students, have necessitated the need for this expansion.

The current cafeteria was built in the 1950s and has served the school well over

the years, but with our student enrollment over 500 it is just entirely too small. Currently lunchtime starts at 10:40 a.m. and ends at 12:40 p.m. So, many children that have an early lunch have to last a long time until their evening meal. The current lunchroom is not efficient and does not have enough storage. It is an inefficient facility, which limits the meal selections. Plans include a section with hot meals and also a salad bar area. The new cafeteria will seat 425 students at once for a meal, and accommodate up to 900 seats for any school or community functions.

This facility is the number one school priority set by the Site-based Management Committee, teachers, and the MISD Board. It is long overdue and will be a tremendous asset to the school and the community. The projected cost of the bond package is conservatively figured at \$0.065 per hundred dollars of valuation. With the homestead exemption the increased tax on a \$100,000 home will be less than five dollars a month. The current MISD property tax for 2006/2007 is \$1,424, a decrease of over \$0.15 since the 2004/2005 school year. The projected tax rate next year (2007/2008) is \$1.145; this has the new bond package included and is a result of the property tax reduction by the Texas Legislature.

The entire bond package will be spent only on the cafeteria classroom project. If the District does not need all of the proceeds from the bond, the excess will be used to pay on the bond balance.

Your support for the children of the district and the community would be greatly appreciated.

Sincerely,
Ronnie Felderhoff
President
Muenster I.S.D. Board of Trustees

Letter to the Editor,

This is not REPUBLICAN, DEMOCRAT, nor INDEPENDENT; this is an issue that will affect ALL Americans, Mexicans, and Canadians and needs to be brought to everyone's attention!

Our Government was court ordered to release and now has released 1000 pages worth of GOVERNMENT DOCUMENTS from meetings, conversations, either by email, phone, or in person, which PLAINLY show what has been happening to work toward a North American Union. For anyone who has doubted or questioned (or come in contact with someone with doubts) that our sovereignty as a nation is at stake of being lost to the North American Union, this should put those doubts to rest and cause

alarm! These documents can be viewed at www.stopssp.com <<http://www.stopssp.com>>. I would like to strongly urge everyone to take the time to view this site. It is eye-opening! Even if you don't have time to read each article, spend some time looking at the titles to the articles and you will see what is included, for when you do have some time.

These need to be viewed and studied when making your decision for upcoming elections. Included in the articles are the names of many elected officials. We don't want people making these kinds of decisions to remain in office!

It needs to be realized that the TTC is part of the North American Union. TTC is the beginning leg of connection with Mexico and Canada - for the movement of goods and people. You will notice there is a working group of the SPP that covers the movement of goods and people. The other states are watching Texas to see what we do to try to stop this from happening. Many efforts have been made locally to try to stop TTC from ruining our county. These same efforts need to be made to stop NAU from ruining our country! Right now is the time to put a stop to our Government running over us. We need to elect officials that have a plan for stopping this!

Dollar General geared for Grand Opening Saturday

By Janet Felderhoff

While deer hunters are celebrating the opening of deer season, the new Dollar General in Muenster will be celebrating the facility's Grand Opening. Manager David Stiteler of Saint Jo said that the celebration will be held all day Saturday. There will be special coupons, some give-aways, and a drawing for a bicycle.

Doors opened for business at the Muenster Dollar General on Wednesday, Oct. 25. Business hours are from 9 a.m. to 8 p.m. Monday through Saturday and 10 a.m. to 8 p.m. on Sundays. They are open everyday except Christmas and Easter. Currently the store has eight employees. Half are from the Muenster area and the others are from Saint Jo and Lindsay.

Dollar General is a Fortune 500 Company. Stiteler said that there are more than 8,000 Dollar General Stores in 38 states. The company has been in business since 1939. According to Stiteler, there had been requests that

a Dollar General be opened in Muenster area. After looking at the demographics, it was decided that Muenster would be the best spot.

Stiteler noted that the local Dollar General has a new format. It differs from most other Dollar General Stores in its layout and that it carries more items than most.

A variety of merchandise is offered. It includes groceries, clothing, paper goods, automotive, toys, and seasonal items. Stiteler said that the merchandise is not all a dollar, but is all priced

competitively at the lowest price possible. New merchandise will be coming in all the time. Dollar General offers its own brand as well as name brand products.

Ground was broken for the new facility in early August. "It took us nine days to set the fixtures and stock it," said Stiteler.

Stiteler remarked, "I think it is going to be a great addition to the community. It will help save some gas. We don't always have to run to Gainesville."

PROGRAMS..cont. from pg. 1

Student Council is hosting their annual Veterans' Day ceremony at 10 a.m. in the Muenster gymnasium. The program will include: Dennis Moody, guest speaker; Voice of Democracy readers, Megan Felderhoff and Melissa Cox; poems by Kristin Miller and Colby Richey; the Muenster High School Band; and Muenster's first through fourth graders who will sing a song.

All Veterans, families of Veterans, and proud Americans wishing to support Veterans are welcome to attend.

On Monday, Nov. 13, a Musical Salute to all Veterans will be presented by the elementary choral group of Sacred Heart School at the VFW Hall at 7:15 p.m. All are welcome to the free program by the VFW Ladies Auxiliary #6205.

OFFICIAL BALLOT - GENERAL ELECTION (BOLETA OFICIAL) - (ELECCION GENERAL)

(Condado de) Cooke County, Texas
November 7th, 2006 (7 de Noviembre de 2006)

INSTRUCTION NOTE:

1. Vote for the candidate / statement of your choice in each race by darkening in the oval provided to the left of the name of the candidate / statement.
2. You may cast a straight-party vote (that is, cast a vote for all the nominees of one party) by darkening in the oval provided to the left of the name of the party. If you cast a straight-party vote for all the nominees of one party and also cast a vote for an opponent of one of that party's nominees, your vote for the opponent will be counted as well as your vote for all the other nominees of the party for which the straight-party vote was cast.
3. You may vote for a write-in candidate by writing in the name of the candidate on the line provided and darkening in the oval provided to the left of the line.
4. Use only the marker provided.

NOTA DE INSTRUCCION:

1. (Voto por el candidato / declaracion de su preferencia en cada carrera llenando completamente el espacio ovalado a la izquierda del nombre de ese candidato / declaracion.)
2. Usted podra votar por todos los candidatos de un solo partido politico (es decir, votar por todos los candidatos nombrados del mismo partido politico) llenando completamente el espacio ovalado a la izquierda del nombre de dicho partido politico. Si usted vota por un solo partido politico ("straight-ticket") y tambien vota por el contrincante de uno de los candidatos de dicho partido politico, se computara su voto por el contrincante tanto como su voto por todos los demas candidatos del partido politico de su preferencia.
3. Usted podra votar por inscripcion escrita escribiendo el nombre del candidato en la linea provista y llenando completamente el espacio ovalado a la izquierda de la linea.
4. Solamente use el marcador provisto.

CAUGHT cont. from pg. 1

victims on CR 423 said it had to have been around dusk when the thefts occurred. Chief Stovall also notified the Montague County Sheriff's Office. He knew that mail had been stolen from about 10 rural boxes there as well. Mail thefts were reported in Cooke, Montague, Wise, and Clay counties. According to Chief Stovall, on Oct. 24 a person was arrested in Clay County for attempting to pass a forged check at a bank in Henrietta. That person, Jack (Trey) Crenshaw, III of Nocona, was also the suspect in the mail thefts. He is 30 years old. Chief Stovall said it was the person turning in the license plate number who broke the mail theft case.

 Pct. 30 - Grand Ave. Baptist Church.

Reversing abortion on demand

By Gina Parker
 Recently last week the U.S. Supreme Court decided not to hear an appeal of the infamous Doe vs. Bolton case that took Roe vs. Wade a step further - allowing an abortion through all nine months of pregnancy, including partial-birth abortions. The young woman, Sandra Cano - originally dubbed "Mary Doe" in Doe vs. Bolton - began her battle to reverse her case, which provided for abortion on demand more than six years ago. She argued, as "Jane Roe" of Roe vs. Wade did, that she was

coerced to move her case forward by an attorney and the case was built on falsehoods. In her affidavit Cano stated, "What I received was something I never requested - the legal right to abort my child." Cano's brief to the Court points out that despite advances in medicine, science, and technology, the justices have "frozen abortion law based on obsolete 1973 assumptions and prevented the normal regulation of the practice of medicine." In fact, science today teaches us that life does begin at conception.

Consider Professor Micheline Matthews-Roth, of the Harvard University Medical School, who noted, "It is incorrect to say that biological data cannot be decisive.... It is scientifically correct to say that an individual human life begins at conception. One of his colleagues, Ashley Montague, a fellow Harvard professor and geneticist, agreed and commented, "The basic fact is simple, life begins not at birth, but conception." Brian Fahling, senior trial attorney for the American Family Association Center for

Law & Policy, remarked that although the case was turned down, it was merely for technical reasons, as there was no real relief available to Sandra Cano. He continued by encouraging pro-lifers that the symbolism alone of taking the case to the Court is still significant, and it certainly "brings back into the public consciousness, really, that this culture of death that was inaugurated with Roe vs. Wade and Doe vs. Bolton was predicated on a lie."

As those who believe in the sanctity of life, we must continue to educate people on not only the science of life at conception, but also the fact that abortion hurts women. From psychological repercussions to medical consequences, women must be fully informed about abortion procedures. We must continue to be vigilant in supporting laws that provide for such, and I would therefore encourage you to visit the Center for Moral Clarity (CMC) at <http://www.centerformoralclarity.net/PBApetition.aspx> and sign the petition to end partial birth abortions. By signing, you will be encouraging the Supreme Court to rule this abhorrent practice unconstitutional when the Court hears two cases on this procedure in November. Whether it is the Court or your next-door neighbor, we must diligently fight to bring an end to this ghastly procedure.

Muenster ISD Board finishes bond election

By Janie Hartman
 The Muenster ISD Board of Trustees met at a called meeting Oct. 18. Final preparation was made for the Nov. 7 cafetorium bond election with the official approval of early voting judge Carol Klement and alternate early voting judge Jeanette Reiter. The Board also agreed that the bond money would be used only for the cafetorium and new classrooms. Leftover money, if any, would be paid down on the bond. A visit to the new Ag shop location by the Board members determined that Doug Fleitman will do a perk test on the site. The Board met again at 6:39 p.m. for Team of Eight Training for the Board members by Terry Horton.

Bierschenk, Krebs marry in Sacred Heart Church

Stephanie Ann Bierschenk and Brent Joseph Krebs were united in marriage on Oct. 7, 2006 at Sacred Heart Catholic Church at 2:00 in the afternoon.

Stephanie is the daughter of Kenneth and Marilyn Bierschenk and the granddaughter of Clara Walterscheid, all of Muenster. Brent is the son of Milton and Patsy Krebs and the grandson of Catherine Arend, all of Lindsay.

The Mass was celebrated by Fr. Ron Scheible. Ruth Felderhoff and Christy Hesse provided music for the occasion.

The bridesmaids, wearing wine colored gowns and carrying a single white rose,

walked up the aisle to "Hymne". Matron of Honor was Deanna Hellman of Muenster, sister of the bride. Bridesmaids were Kristi Felderhoff of Gruver, Texas, sister of the bride; Nichole Krebs of Gainesville, sister of the groom; and Jordanne Hellman of Muenster, niece of the bride. Flower girl was Anna Kendrick of Denton, cousin of the bride.

Best man was John Krebs of Loxley, Alabama, brother of the groom. Groomsmen were Eddie Krebs of The Colony, brother of the groom; James Krebs of Gainesville, brother of the groom; and Michael Bierschenk of Houston, brother of the bride. Ring bearer was Matthew Felderhoff of Gruver, nephew

of the bride. Ushers were Mark Zimmerer of Lewisville, Anthony Hoberer of Gainesville, and Shawn Neu of Gainesville, all friends of the groom.

Given in marriage by her father, Stephanie and her father entered to "Canon in D". She wore a strapless organza A-line ivory gown. Her bouquet consisted of wine and ivory roses.

Mass servers were Eric Hellman of Muenster, nephew of the bride; Hannah Bayer of Muenster, cousin of the bride; and Taylor Klement of Muenster, friend of the bride. Emily Hellman of Muenster and Taylor Felderhoff of Gruver, both

nieces of the bride, gave the readings.

A reception followed at the Centennial Hall in Lindsay. At the guest book were Kim Walterscheid and Janet Hess, both cousins of the bride. Emily Hellman and Taylor Felderhoff, nieces of the bride and Aaron Felderhoff, nephew of the bride served cake.

Brent was a 2000 graduate of Lindsay High School and is employed by Auto Zone in Gainesville. Stephanie, a 1999 graduate of Muenster High School and 2003 graduate of Texas A&M University, is employed by Muenster ISD.

Following a trip to Lake Tahoe, the couple now resides in Muenster.

Mrs. Brent Krebs
...nee Stephanie Bierschenk ...

NEW ARRIVALS

Stupka

Dan and Dana Stupka of Round Rock announce the birth of their fourth daughter, Riley Shane, on Friday, Oct. 27, 2006. She weighed 8 lb. 6 1/2 oz. and measured 20 inches tall. Riley's sisters are Whitney age 17, Payton age 13, and Taran age 10. She is the ninth granddaughter for Wilmer and Lovelle Walterscheid of College Station and the 63rd great-grandchild for Augusta Walterscheid of Muenster.

Lily Culp

Culp

Yancy and Amy Culp of Leander, Texas proudly announce the birth of their first child, a daughter, Lily Ocean Culp. Lily was born Tuesday, Oct. 3, 2006 at 1:39 a.m. at Seton Northwest in Austin. She weighed 7 lb. 9 oz. and measured 20 1/2 inches in length. Grandparents are Bill and Charlotte Culp of Rosston, Glenn and Judy Denny of Dallas, and Mike and Joni Sturm of Muenster. Great-grandparents are Maggie Culp of Graham, Juanita Ford of Rosston, Ray and Marcy Wilde of Muenster, John and Shirley Sturm of Gainesville, the late William

Culp, the late Homer Ford, the late Marie Butler, and the late Bertha Sturm.

Myers

Scott and Ashley Myers of Gooding, Idaho joyfully announce the birth of their daughter Natalie Charlene Myers on Wednesday, Oct. 18, 2006. She was born at Magic Valley Regional Medical Center in Twin Falls, Idaho weighing 9 lb. 1 oz. and measuring 21 1/2 inches in length. Welcoming her to the family is her brother Preston, age 2 1/2. Grandparents are Wally and Sally Coulter of Gooding, Kelly and Sara Myers of Decatur, and Melissa Johnston of Alford. Great-grandparents are Jerry and Nancy Myers of Decatur, Mike and Charlotte Lockett of Decatur, Mildred Walterscheid of Muenster, Albina Coulter of Gooding, and Ronald Stroud of Bliss, Idaho and the late Charlene Stroud.

Rocha

Diego and Stephanie Rocha of Muenster announce with joy the birth of their son William Shayne Rocha at North Texas Medical Center on Tuesday, Oct. 24, 2006 at 8:15 a.m. He weighed 8 lb. 15 oz. and measured 21 1/2 inches in length. William joins siblings Mariah age 10, Diego age 5, and Elaina age 3. Grandparents are William and Margie Wimmer of Muenster, and Diego and Eloina Rocha of Zacatecas, Mexico. Great-grandparents are Marcus and Catherine Fuhrmann of Lindsay, and the late Lawrence and Irene Wimmer.

MMH now offering annual flu shots

It is time to take precautions against the flu. Muenster Memorial Home Health Care and Family Health Clinic have had the vaccine available since Monday, Oct. 30.

The shots are offered at the following places and times:

MMH Home Health Care on Monday - Friday from 9 a.m. to noon and 2 p.m. to 4 p.m. There an \$18 per flu shot (Medicare and Medicaid patients covered at 100%); MMH Family Health

Clinic is dedicating two mornings for receiving flu shots - Wednesday, Nov. 1 from 8 a.m. to 11 a.m. and Wednesday, Nov. 8 from 8 a.m. to 11 a.m.

Currently the flu shots are LIMITED TO THE FOLLOWING: Age 18 and older, since there is a limited supply for children age four to 17 and it is reserved for high risk only. They hope to have more for ages four to 17 by mid-November, and ages below four by December.

Master Gardeners plan November 9 meeting

Cooke County Master Gardeners will meet Nov. 9 at 5:30 p.m. in the NCTC Library Lyceum. The November meeting will be election of officers. The meeting will concern the May 2007 Parade of Gardens. They will also discuss the workshop that will be presented by Lavender Ridge Farms on Saturday, Nov. 18 at 10 a.m. at First

Christian Church. Master Gardeners, spouses, friends, and anyone interested in learning more about the Master Gardener Program is welcome to attend. Light refreshments will be served. For more information, contact the Cooke County Extension office at 940-668-5412 or Sylvia Bayer at 940-665-4851.

Mary Cochran restores ceiling in S.H. Benedictine Sisters chapel as project

By Janet Felderhoff
 Hundreds of thousands, perhaps millions, of prayers have been offered in the small chapel on the west end of the Sacred Heart Parish Sisters' Convent. For many years the Benedictine nuns who were serving Sacred Heart Parish used it for their place to pray, attend Mass, and hold other religious services.
 The few Benedictine sisters remaining in the Parish no longer use the large convent, so the Chapel isn't used as much. Over time, a leaking roof led to water damage of the ceiling tiles. They were stained and some were falling off.
 When Mary Cochran spent time in the Sisters' Chapel kneeling before the Most Blessed Sacrament at Eucharistic Adoration on Fridays, she became aware of the need for repairs. "There was so much dust in the air that some people

couldn't be in the room," she noted.
 Mary is the daughter of Danny and Debbie Cochran of Muenster. She is a freshman and is home-schooled.
 Mary was seeking a service project for her Girl Scout Silver Award. It was her dad who suggested that she take on replacing the Chapel's ceiling tiles as her service project. Mary liked the idea.
 Danny agreed to help his daughter with the actual work of taking down the old tiles and replacing them with new ones. Each old tile had been glued in four places when put on the ceiling. Over time the glue had become old and brittle. It had to be chipped off. Mary said that there were more than 700 tiles.
 After that, the ceiling was prepped. Then the new tile was put up. Many of the light bulbs were burned out, so all

of them were replaced with a more modern type. Work had to be done from ladders or scaffolding since the ceiling is very high.
 It was last Easter when Mary began her project. It is almost complete. She still hopes to replace the glass in a skylight over the Altar. It is yellowed from age. She'd like to put in a clearer glass that allows more light to enter. The air vent also needs to be put up. Then paperwork is what will remain to finish up the project.
 To fund the project, Mary organized a bake sale at Easter. She and her sister like to do Wilton cakes. Also, people who attend Adoration donated goods for the fundraiser and some people sent donations.
 "It helped me a lot," Mary remarked. "I'm home schooled, so I'm not out a lot. It taught me leadership. I couldn't have done it without

peoples' help, especially my dad." She said that Ernie Martin gave them some tips, and Bill Bayer and Rufus Henseid also helped.

Mary Cochran stands framed in a window of the Sacred Heart Parish Sisters' Chapel. She is checking out the work done on the Chapel ceiling, which needed tiles replaced due to roof leakage. Janet Felderhoff photo

ST. RICHARD'S VILLA NEWS

By Elfreda Fette

Relishing special, special good times, residents frequently enjoy referring back to them, and they can enjoy it all over again. Remembering on Tuesday, Oct. 24 when they had completed a Bible Study. Then they listened to tapes of the Bible. Following that, they read poems and stories of Halloween, and looked at pictures of Jack-o-lanterns.
 On Wednesday, Oct. 25, residents enjoyed music, followed by Bingo for quarters. In the afternoon they watched "Bonanza" and ate popcorn.
 On Thursday, Oct. 26, glamour nails was the highlight of the morning. In the afternoon, a cake was made. Residents enjoyed singing and visiting, while eating the cake.
 On Friday, Oct. 27, residents listened to music and then played Bingo for snacks. In the afternoon, the wine tasting and cheese social was a hit. As a special treat to celebrate "National Chocolate Day," Ann Darland, DON, brought her fondue set. She and Becky Newton, activities director, melted chocolate and dipped strawberries in it to serve.
 On Saturday, Oct. 28, residents played Bingo.
 On Monday, Oct. 30, at 9:30 a.m. residents held their discussions of Current Events. Some discussion included:

U.S. fatalities in Iraq during October; St. Louis was named most dangerous city, with Brick, New Jersey as the safest city; Goodyear Tire & Rubber will close its plant in Tyler.
Upcoming Events
 Sunday, Nov. 5, Mildred Lawson and Buddy Yosten and Friends will be here to sing for the resident birthday party at 3 p.m.
 Monday, Nov. 6, residents will have the weekly current events discussion at 10 a.m. In the afternoon, they will enjoy ball toss and board games.
 Tuesday, Nov. 7, the residents will have Bible Study at 9:30 a.m. At 11 a.m. the Residents Council will be in session for their monthly meeting. In the afternoon, Anita Thayer and Mary Brown will be here at 2 p.m. for Arts and Crafts.
 On Wednesday, Nov. 8, residents will have Bingo at 10 a.m. Bonny Prescher and Friends will be here at 6:30 p.m. to entertain.
 On Thursday, Nov. 9, residents will have glamour nails at 9:30 a.m. At 2:30 p.m. residents will make a dessert to enjoy during "Happy Hour."
 On Friday, Nov. 10, residents will have Bingo at 10 a.m. At 3 p.m., a "chips and dips" social will be enjoyed.
 On Saturday, Nov. 11, Bingo will be played at 10 m.

VOTE FOR THE MUEENSTER ISD BOND PROPOSAL ON NOVEMBER 7TH.

Muenster ISD currently uses the cafeteria built in 1953 to seat 160 students. Since that time, the school has tripled in size to more than 500 students. New graduation requirements are causing a need for another science lab and math classroom. These "space" issues can be resolved with the passage of the proposed bond.

Facts on the bond proposal and the need for it are:

- \$2.75 million bond for the construction of a new "cafetorium", renovation of the existing cafeteria, and renovation of the high school "commons area" into 1 classroom and a computer lab.
- Estimated cost of the bond is \$0.065 per year over 20 years. This equates to approximately \$5.00 per month on a \$100,000 evaluation.
- The new "cafetorium" will seat 425 students at one time for lunch or 900 for programs. It will also include a new science lab and two classrooms in addition to the renovations mentioned above.
- The estimated total tax rate for the 2007-2008 school year at Muenster ISD is \$1.145. This number is based on the tax reduction law from the Texas Legislature, plus estimated cost of bond payments of the District. The number includes the cost of the proposed bond. This results in a reduction in the tax rate of \$0.435 since the 2004-2005 school year.
- The existing cafeteria seats 160 students. Muenster Elementary currently has 265 students enrolled. Muenster JH/HS presently has 250 students enrolled, for a total School enrollment of 515.
- The state has a rule of 22 students to 1 teacher for grades K-4. This causes the District to need extra classrooms to split classes to meet this requirement.

The passage of this bond is essential to ensure the students of Muenster ISD have the facilities they need.

Remember to vote in favor of the bond proposal on the November 7th ballot.

- This ad is paid for by supporters of the Muenster Community and its School.

Evelyn Sicking sailing to success

By setting her sights on the stars, Avon representative Evelyn Sicking recently navigated her way to stellar success at Avon, entering the elite ranks of Avon's President's Club and earning an all-expenses paid cruise to the Bahamas for her sales success. Sicking's success places her among the top Avon representatives in the Muenster area.
 Evelyn was recognized by the global beauty giant for achieving President's Club and increasing her sales over the prior year. The Avon President's Club is an exclusive designation for the company's top selling representatives.
 Evelyn sailed Oct. 27 - 30 aboard the ship *Fascination*, the most newly refurbished ocean liner in the Carnival Cruise fleet. The voyage departed from Miami and traveled to Nassau.

Avon Products, Inc. purchased the entire charter so that its superstar representatives could enjoy the luxury of private shopping, hotels, casinos, and excursions. Hosting the representatives on board was Avon's senior management including Maria Peninger, Avon vice president of representative development.
 "The entrepreneurial spirit of Evelyn exemplifies what has made Avon a household name for 120 years," said

Peninger. "Her hard work and commitment to making Muenster a more beautiful place ensures Avon will remain an American Icon for generations to come."
 Avon, the company for women, is a leading global beauty company, with over \$8 billion in annual revenue. As the world's largest direct seller, Avon markets to women in well over 100 countries through over five million independent Avon sales representatives.

Voters Remember to bring your yellow and white voter registration card when going to cast your vote in the Muenster ISD Bond Election and the Nov. 7 General Election. A driver's license or other official form of identification can be used if you can't find the yellow card.

Six prepare to join the Catholic Church

This past Sunday, October 26, at the 10:30 a.m. Mass, six people were welcomed to continue in their preparation to join the Catholic Church. Two individuals, John Roller and Katlain Hogue, went through the Rite of Acceptance for the catechumenate. The catechumenate is the long process of instruction preparing for the sacraments of Baptism, Confirmation, and Eucharist. John's sponsors are James and Susan Yosten. Katlain's sponsor is Jesse Coker.
 Four others, who have been baptized in other denominations, went through the Rite of Welcome as they recalled their Baptism and will continue to prepare to receive the sacraments of Confirmation and Eucharist. They are Angela (Mrs. Steve) Hennigan, Ammie Hennigan, Brad Scarbrough, and

Brandie Hogue. Angela's sponsor is Neil Hesse and Ammie's sponsor is Anne Hesse. Brad's sponsor is Chuck Bartush and Brandie's sponsor is Herbie Knabe.
 The rite took place after the opening hymn. After asking the appropriate questions, Father John Robert Skeldon made the sign of the cross on their foreheads as a reminder of the Baptism they are preparing for and of the Baptism that some have already received. Then the sponsors signed them with the cross on their ears, eyes, lips, heart, shoulder, hands, and feet. After the Scripture readings, they were presented with a Bible and reminded to reflect on the word of God. After special prayers on their behalf, they were sent forth to reflect on the Scriptures for that Sunday.

Matthew turns 1!

On Sunday, Oct. 15, Matthew Ryan Spaeth celebrated his first birthday! A "Baby Einstein" themed party was hosted in his home in Gainesville by his parents George and Bernice Spaeth.
 Guests enjoyed watching Matthew unwrap his presents, with a little help from big sister Geordan.
 Afterwards, a delicious turkey and dressing dinner with all the trimmings was served. For dessert, guests enjoyed birthday cake and ice cream.
 Video and pictures were taken to mark the occasion.
 Guests included Matthew's parents, sister Geordan; grandparents Walter and Celine Bartel and David and LouAnn Spaeth; and great-grandmother Mickey Spaeth. Uncles, aunts and cousins included Marceline and Floyd Felderhoff and Justin and Chelsea; Tim and Staci Bartel; Godfather Terry Bartel and ShyAnn and Dalton; Jason and Juline Brogden; Emily and Eve; Jessica Bartel and friend Garrett Lee; Jason and Brenda Clark and Sara and Collin; John and

Matthew Spaeth
 Michelle Spaeth and Clayton; great-aunts Patsy Henry and Rosie Bartel; and cousins Theresa and Kevin Switzer and Mariah and Abby. Special family friends attending were Larry and Tracy Allen; Godmother Prudy and Curt Bayer; Cheryl Eddowes and Brittney and Amanda; Diane Kaden and Suzanne; Helen Roberts and Lisa Wolf and Kendal.

Dylan plows Into 4th

Dylan Thomas Huchton plowed into four with a John Deere birthday party. Dylan is the son of Tommy and Dyan Huchton. He celebrated his birthday on Oct. 7.

Guests enjoyed a meal of brisket, sausage, twice-baked potatoes, baked beans, and deviled eggs. A John Deere cupcake cake was served along with cherry cheese tarts. Guests rode Dylan's brother's horse. The kids enjoyed their chance at trying to break the John Deere tractor piñata. Another special treat for the party was a hayride given by Lynn Dailey with his John Deere tractor. Gifts were opened and pictures taken.

Guests included Dylan's parents; his brother Dane and sister Debra; grandparents Jack and Debbie Brittan, David and Helen Fisher, David and Margie Huchton; great-grandmothers Trudy Felderhoff, Dorothy Fisher, and Billye Huchton; aunts, uncles, and cousins Bradley, Brandy, and Brittan Fisher; Greg Fisher; Al, Rachel, Sophie, Emma, and Jackson Pentico; Pat, Tammy, Sabrina, and Brad Bezner; Troy, Amy, Ryan, Alyssa, and Keith Huchton; Travis, Elizabeth, Madison, and Nathan Huchton; Shelby Simpson; great aunt and uncle Roy and Carol Klement; friends Lynn Dailey and Margie Almazon, George, Geordan, and Matthew Spaeth, Darren, Garrett, and Devon Bindel, Jeff Arendt, and Brad Arendt.

Wishes were sent from great-aunts and uncle Brenda Simpson and Mike and Janie Hennigan who were unable to attend.

Dylan celebrated his actual birthday with his parents and

siblings on Sept. 27 with a John Deere cake and hot dog dinner. He shared cookies with all his friends at Tender Loving Care daycare.

Dylan Huchton

Jenna celebrates 2nd

Jenna Catherine Klement, daughter of Cory and Brenda Klement of Valley View, celebrated her second birthday at her home on Sunday, Oct. 22. Her actual birthdate is Oct. 25.

The theme of the party was "Hello Kitty." Pizza, cake, and drinks were served. Everyone enjoyed watching Jenna open her gifts and play with them.

Those attending were her parents; big brother Cade; grandmother Doris Stephenson; aunts Dana Aranda and Melinda Reed; cousins Sara Reed, Kaylen Lambert, Hannah Hagemann, Susanna Hagemann, and Camille

KEEP MUENSTER BEAUTIFUL YARD OF THE MONTH honors went to Sacred Heart Preschool. They were nominated for the attractive, well manicured landscaping. Pictured with the Preschool students are from left, teacher Pam Dangelmayr, Principal Chad Riley, Yard Beautification Chair Angelika Lamar representing the Preschool Parents who did much of the work, and Kathy Berres and Susan Yosten, teacher's aides. This fall, the east flowerbed area received attention including completion of the stone edging, planting three Japanese Maples, planting Monkey grass, and Nandinas. A statue of a father reading to his child was also added, as was pecan bark mulch overall. To nominate someone for Yard of the Month, contact a KMB member, the *Muenster Enterprise*, or the Muenster Chamber of Commerce. Janie Hartman photo

Don't forget to VOTE on Tuesday, Nov. 7! It is a right, a privilege, and a duty.

Prepare for winter
The primary concerns at home are the potential loss of power and telephone service. If winter weather conditions last for more than a day, then a shortage of supplies may also be a concern.

Wildfire safety

Cooking outdoors - Remember coals and ashes are still a fire hazard until they are cold to the touch.

ELECT SPRINGER

Conservative Republican for County Commissioner, Pct 4

Can You Afford 4 More Years of the Same?!

- **Taxes have doubled** in 6 years (\$5.4m to \$10.8m). Do you see twice the benefits and services from the county?
- **Crime** is twice as high as Denton County
- **Retroactive Pension increases** going back 16 years causing a \$107,000 increase in our taxes and a \$1.5m liability to taxpayers.
- Courthouse Exterior over \$1,000,000. **Interior?**
- **Pay Raises of 5%** for commissioners when taxes are raised the maximum amount without having to ask the voters.
- Millions of dollars of taxpayer's money in reserves.
- \$100's of thousands on a **new barn** instead of fixing roads.
- **Same number of Businesses** today as in 1996.
- Over 400 charged with **felonies walking our streets** for years
- Spend **\$300,000 more than the state average** on court appointed attorneys (per state website <http://www.courts.state.tx.us/oca/tfid/>)
- Spent **\$650,000 more than state average** on employee health insurance (per Dallas Morning News) and didn't ask for bids this year.

It's Time for New Leadership!

VALUES Every time a candidate signs up to run for office he has to make an important decision. **What party represents his values?** Is it one that believes in: **conservatism** or liberalism, **Pro-Life** or partial birth abortion, **the sanctity of marriage** or same sex marriage, **prayer and the pledge of allegiance in schools** or no God in school, **gun owners rights** or government controlled guns, **tough on crime** or weak on crime, **conservative judges that support the constitution** or liberal judges that try to re-write it, **giving people a hand up** or giving people a handout? Both my opponent and I had to make the same decision this year about what party represents our values, and as a proud Republican I know I made the right choice for my values.

I'm Asking for Your Vote November 7th

Sharon Ledbetter named MISD Jack Harvey Exemplary Teacher

The Jack Harvey Academy of Exemplary Teachers Award is an award that was started by Weatherford College when Jack Harvey, one of Weatherford College's most respected professors, died in 1995. As a tribute to his memory, the Jack Harvey Academy of Exemplary Teachers has been established at Weatherford College to recognize commendable teachers in the college's service area.

This is the seventh year for Muenster ISD to participate. There are many qualified teachers at Muenster ISD, but only one teacher can be selected from each district. Nominated for this prestigious award were Lisa Hettler, Stephanie Krebs,

Sharon Ledbetter, and Lisa Pagel. Receiving the honor for the 2006-07 Jack Harvey Exemplary Teacher Award was Sharon Ledbetter. Sharon teaches Kindergarten and is the Gifted and Talented Coordinator for grades K-2.

When asked what she enjoys most about teaching Kindergarten, Sharon says, "My job is never dull! Kindergartners are like sponges; they soak up every word you say! In Kindergarten, you have to be able to go with the flow because every moment is a teachable moment!"

Past recipients of this award are JoAnn Pagel, Lou Heers, Kyra Mann, Deb Klement, Jim VanVleet, and Leigh Hale.

Muenster ISD Jack Harvey nominees were, from left, Lisa Pagel, 2nd grade teacher; Superintendent David Manley offering congratulations; Sharon Ledbetter, Kindergarten teacher; Lisa Hettler, Junior High math and history teacher; not pictured, Stephanie Krebs, Junior High language arts teacher. MISD photo

Two-year Texas colleges a bargain

"Sticker shock" is an all-too-familiar phenomenon for families sending their child to college for the first time. Getting a tuition bill ranks up there with making the first mortgage payment or paying a doctor's bill without insurance. Luckily, two-year colleges in Texas offer something of a bargain. The cost for two full-time semesters at Texas public two-year colleges averages \$1,200 less than the national figure - which, for academic year 2005-06, was over \$11,600. In fact, on average, the cost of going to school at a two-year Texas school has gone down since the last academic year by more than \$470.

Even with lower tuition and fees, 80% of public two-year college students in Texas

attended less than full-time for the entire year (academic year 2003-04). In fact, 77% worked at least part-time while enrolled, and 42% worked a full-time job while going to school. Whatever the cost to get a degree, these numbers show the determination of many to go to school, even if they have to work while doing so.

For tips on how to establish high expectations for students as early as middle school and for assistance in planning for higher education academically and financially, visit www.AIE.org. TG provides this Web site as a public service to help all families and students achieve their educational and career dreams.

Sunset Pecan Festival celebrated this weekend

Sunset has a full scale of events scheduled for Friday and Saturday, Nov. 3 and 4 at the Sunset Fire Hall located on Highway 101 in Sunset. This is the 2nd Annual Pecan Festival.

On Friday, a parade will kick off the festival at 5 p.m. followed by a hamburger and hot dog feed. Live music entertainment will be provided while you eat. At 8:30 the 287 Highway Band will play for a free street dance.

The craft fair opens on Saturday morning at 8 a.m. The Sunset Community Center organization will be selling a fresh crop of papershell pe-

cans in the shell or shelled and miniature pecan pies. A bake sale and silent auction for numerous items will be available. At noon, a barbecue lunch will be served with live entertainment.

There will be a horseshoe pitching tourney, antique cars, brislet and bean cook off, and quilt raffle with \$400 gift certificates and numerous restaurant vouchers.

Prepare for winter

Make sure that water pipes near outside walls are well insulated. Repair any leaks which may expose pipes to cold air. Place insulating covers over exterior faucets.

Sacred Heart Dance Team competes at Texas Stadium with "Sunday School Rock"

The Sacred Heart Dance Team took top honors in the High School Novelty Dance Division, taking 2nd Place, at the 16th Annual Dallas Cowboys Drill Team and Dance Competition held at Texas Stadium on Saturday, Oct. 28. Over 1000 youth competed with teams representing Texas, Louisiana, and Oklahoma.

The Sacred Heart Dance Team, under the direction of Leslie Eddleman, performed a tribute to the fifties with "Sunday School Rock." The fifties style dance incorporated cart wheels, somersaults, splits, barrel rolls, and tap dancing on bright pink wooden boxes that were painted to resemble the old 45 record players. The boxes were opened throughout the dance to spell out "JESUS."

"I was so very proud of this fine group of young ladies. I'm sure it was very intimidating for them to see the vast number of schools with their fancy costumes and elaborate props. They marched out there onto that big blue Texas Star and gave it their all! They couldn't have made me or the school and parish family more proud. To take 2nd place is quite an accomplishment. Some of these girls started the season with absolutely no dance background or training and certainly weren't accustomed to any competition of this size," Leslie Eddleman states.

Dance Team members participating in the competition were: Captain Natalie Endres, Officer Kaitlyn Felderhoff, Elizabeth Marshall, Lauren Sepanski, Sara Ratliff, Leah Hess, Erin Moody, Raynee Hogan, MariSol Becerra, and Sam Barnett.

The director of the Dallas Cowboys Cheerleaders, Kelli Finglass, was very enthusiastic about the remarkable talent displayed at this year's competition. "The Dallas Cowboys Cheerleaders were proud to have had such talent and showmanship executed by these remarkable performers," said Finglass.

Family and friends who traveled to Texas Stadium to cheer on the dance team were: Debbie Hess, Kathy Phillips, Bob And Linda Sepanski, Laura Marshall, Chris Marshall (video camera man), Mary Endres, Lily Nasche, David and Maria Becerra, Sandy Felderhoff, and Doreen Taylor.

Sandy and Doreen graciously donated their time and talent to sew all of the beautiful poodle skirts for the dance members.

Sacred Heart Dance Team at 16th Annual Dallas Cowboys Drill Team and Dance Competition. Pictured are, from left, standing - Coach Leslie Eddleman, Eryn Moody, Elizabeth Marshall, Sarah Ratliff, MariSol Becerra, and Lauren Sepanski; seated - Raynee Hogan, Kaitlyn Felderhoff, Natalie Endres, Samantha Barnett, and Leah Hess.

Digging out of debt

Paying off debt is a matter of making more money than you spend, and then allocating the extra funds to outstanding balances easier said than done, right? To some it may be just that easy, but to most, debt is so common that it eventually becomes a way of life. In fact, according to CardWeb.com, the average family household averages \$9,200 in credit card debt.

The best thing you can do to improve your family's personal economy is pay down credit card debt. Once you have made a commitment to paying down debt, sit down and come up with a plan for payoff. The experts at Consumer Credit Counseling Services, a division of Money Management International, offer the following top 10 tips to help you tackle debt:

1. Stop using credit. You cannot borrow your way out of financial difficulty or become debt free by continually charging. A small loan to tie you over may be appropriate when facing a temporary financial setback.

2. Assess your debt. Gather all of your statements and find out whom you owe, how much you owe, and what interest rate you are paying.

3. Adjust your spending. Make a conscious effort to know the difference between needs and wants. Consider eliminating DSL, cell phones, or cable TV.

4. Communicate with your family. It is imperative that all members of a family understand the financial situation so they can support change.

5. Research your available resources. Examine ways to increase income and decrease expenses. Consider selling nonessential assets or finding additional work.

Golf winners announced

The Muenster Knights of Columbus held their Project Moses fundraiser golf tournament Sunday, Oct. 29 at Turtle Hill.

First Flight winners were: 1st, Mel Walterscheid, Rusty Saucer, Steve Chism, and Darren Walterscheid; 2nd, Kenny Felderhoff, Alcuin Schilling, Doyle Hess, and Ron Phillips; 3rd, Mike Hesse, Curtis Hesse, Chad Walterscheid, and Harold Owen.

Second Flight winners were: 1st, Bill Hogan, Steve Henschel, Roger Endres, and Frank Hess; 2nd, Brian Herr, Sylvia Herr, Tanner Herr, and Lee Buddy; 3rd, Rick Carney, Charlie Schilling, Steve McCann, and Randy Cummings.

Getting closest to the pin were: #11, Darren Walterscheid; #8, Rusty Saucer; #4 Curtis Hesse.

Get facts before adopting school calendars

By Tina Bruno
Changes to the school calendar law seem to have many reacting with fear of the unknown. Having three children in school, I am amazed at the rumors and misinformation I hear from parents, teachers, and administrators about school calendars.

State law requires schools not begin student instruction until the fourth Monday in August. Which next year is Aug. 27. I have been told the Aug. 27, 2007 school start date will push the end of the school year into mid-June. Not true. Texas law requires students to receive 180 days of instruction. Considering that there are 200 weekdays between August 27 and May 30, it is really very easy to end the school year by May 30.

I have read that the later school start date will keep students from enjoying a full winter break, or it will eliminate spring break and take away other holidays. Again, not true. Ending the school year on May 30 gives school districts 20 extra days to use for holidays and vacation days between the first and last day of school - plenty of time to allow for a week-long spring break, full winter break, Thanksgiving break and other traditional holidays.

I have also heard students will not do as well on semester exams if they are given after the winter break. This claim is not only unsubstantiated by research, it also goes against common sense. Either the material has been taught and understood or it hasn't.

Students in top-rated Carroll and Irving Independent School Districts have been taking exams after the winter break for a few years now and administrators have reported no problems. Students in Arlington Public Schools in Virginia, a state that has been starting school after Labor Day for many years, had the highest cumulative SAT scores in the nation in 2006, with an average composite score of 1620.

Psychologists have long supported the idea of giving exams after the winter break, saying it gives students time to commit the new material learned to long-term memory. This allows students to pull material from memory easier when standardized test time comes around.

So don't believe everything you hear about the new Texas school calendar. Take time to research the issue. Texans for a Traditional

School Year has several sample calendars on its web site to give anyone interested a few options and starting points. To view the sample calendars, log onto www.traditionalschoolyear.org.

Sure, change is challenging. But the shift to a uniform school start date is a positive change for Texas. Everyone is on a level playing field and local school districts can still customize their calendars to fit their communities. And the later school start date should also enable school districts to dedicate more of their budgets to teachers' salaries and proven academic programs to assist students. The late-August school start date will save Texas millions of dollars a day in electricity costs. That is money that can now go to our teachers, classrooms, and students.

So let's take the time to craft school calendars wisely for the 2007-08 school year, for our kids' sake. Let's face it, calendars don't teach our children. That credit goes to our talented teachers, involved parents, and hardworking kids.

ELECT DREW SPRINGER

Conservative Republican for County Commissioner, Pct. 4

It's Time To Elect A Commissioner That Will Tell The Whole Truth!

Taxes Have Doubled in Six Years

- Taxes - 2000 \$5.4 million, 2006 \$10.8 million = DOUBLE
- Hiding behind rising appraisals is still raising taxes
- The jail was "sold" to taxpayers based on saving taxes

The Courthouse Has Cost Over a Million

- Amount reportedly spent **\$454,334**
- Amount spent on architects not reported **\$550,000+** (spent between 2000 and the start of the grant)
- County employees working on project and lost time for closed offices **?????????**

OVER A MILLION

There were NO bids for the West Steps, that he says would cost \$490,000, and NO ONE BELIEVES a few concrete steps would cost more than the most expensive house in Muenster.

In addition, this summer my opponent voted himself a 16 year RETROACTIVE PENSION INCREASE and a 5% pay raise while raising taxes the maximum amount without having to ask the voters.

IT'S TIME TO GET BACK TO ACCOUNTABILITY, OPENNESS, AND HONESTY IN COUNTY GOVERNMENT!

I'm Asking For Your Vote
On November 7th

SPORTS

Tigers take 2nd half victory

After a 7-6 halftime score, the Sacred Heart Tigers came back the 2nd half of the game to defeat the Watauga Harvest Christian Academy Saints 41-7.

"I'm very proud of the way the team hung in there. We had our backs against the wall, but didn't lose our cool," Tigers Coach Charles Boles noted. "We did not panic after a close 1st half, and came out and played the 2nd."

The Tigers took the opening kick. Three runs by Joshua Yosten put Sacred Heart on the Harvest 22. After losing 7 yards, a Nolan Hartman to Colby Richey pass was good for a 1st down. A Hartman to Mark Fleitman pass was then good for an 11 yard touchdown. The PAT kick was blocked for a 6-0 score with 9:17 on the clock.

The Saints began their first drive on their 12 yard line. After exchanging punts, Harvest scored on a 27 yard pass play. The extra kick gave the Saints a 7-6 lead with 5 min-

The Saints' 3rd quarter drive ended early when Marshall covered a fumble. The Tigers got in several plays to the 29 yard line before losing the ball on downs. Unable to get 10 yards, the Saints punted.

From their 45, a Hartman to Spruill pass picked up 14 yards. A holding flag lost 10, then Yosten gained 28 yards. A face-mask flag assisted in moving the ball to the 17 yard line. Two runs by Spruill got the ball to the 6, then a keeper by Hartman found paydirt. The PAT kick was blocked for a 12-7 Tiger lead with 5:20 on the clock.

Defensive plays by Hartman, Marshall, Tyler Rohmer, and Fleitman were followed by an intercepted pass by Hartman. From the Saint 22, Yosten gained 7, a flag lost 10, then a Hartman to Richey pass earned 6 points. The PAT failed again for an 18-7 score with 3:35 on the clock.

The Saints got in one play,

17. Yosten and Hartman carried the ball to the 6. Spruill then found the end zone with 8:39 on the clock. Hartman's kick was good for a 41-7 score.

Two flags and two incomplete passes forced a Saint punt. The Tiger drive was shortened by a lost fumble.

Tackles by Dylan Flusche, Marshall, Tommy Torcellini, and Zanchetta were followed by a punt. Ryan Bartush broke free for a 73 yard run, stopped at the 10 yard line. Quarterback Nathan Berend then took the knee to end the game.

FUMBLES RECOVERED: Chris Marshall (2), Joshua Yosten. INTERCEPTIONS:

Sacred Heart Tiger Dylan Flusche (56) puts pressure on the Harvest quarterback, causing the Saint to throw an interception to Nolan Hartman. Also on the rush are Tyler Rohmer (54) and Chris Marshall (10).

utes remaining in the 1st quarter.

The Tigers got in two 1st downs, then lost possession with a fumble. Tackles by Yosten and an incomplete pass forced a punt, placing Sacred Heart on their 25 yard line. The Tigers carried the ball into the 2nd quarter and punted.

Harvest got to the Tiger 25. A flag, incomplete pass, and tackles by Yosten, Hartman, and Chris Marshall forced a field goal on 4th and 20. The attempt failed.

Again the teams exchanged punts with the Tigers starting on their 20. A Hartman to Kirk Felderhoff pass gained 12. Colt Spruill then picked up 13 yards, followed by a Hartman to Yosten pass to the Watauga 41. Runs by Spruill and Yosten gained 11 more yards, but an interception stopped the drive inside the 20. Both teams got in a few plays before the 1st half ended.

then fumbled. Yosten covered the ball near midfield. The Tigers again took advantage of a turnover. Runs by Hartman and Yosten, and a pass to Spruill took the ball to the 2 yard line. A Hartman keeper put 6 more points on the board. A Hartman to Richey pass gave Sacred Heart a 26-7 lead with a minute remaining in the 3rd quarter.

Zach Zanchetta dropped the Saints for a loss. The next play, Colby Richey intercepted a pass, giving the Tigers possession on the Watauga 34 as the quarter ended.

Good runs by Theo Otto and Spruill took the Tigers to the 15. A Hartman to Fleitman pass in the end zone was good for another 6 points. Yosten ran in the extra points for a 34-7 score with 10:37 remaining in the game.

The Tigers scored one more time after Marshall covered a fumbled ball on the Saint

Nolan Hartman, Colby Richey.

Next Action

The Tigers host the Colleyville Covenant Christian Academy Cougars this Friday night. The Cougars are the #1 ranked TAPPS Division 4 team in the state, with an undefeated record so far this season.

"We have to contain Covenant's offense that is extremely explosive," Coach Boles said. "We have to take care of the ball and capitalize on anything we can."

In District action so far, the Cougars took a 41-28 win over San Jacinto and beat Calvary 28-14. In a comparison, Covenant also won over Saint Jo 28-9.

Last season Covenant was 10-2 for the year, losing one district game. The Tigers lost to the Cougars 48-46 in a non-conference game, the first game of the season.

Action begins at 7:30 p.m.

Booster Club to meet

The Muenster Hornet Booster Club will meet Monday, Nov. 6 at 7 p.m. The meeting will be held in the girls locker room.

Muenster Cross Country runners advancing to the Regional meet this weekend are, from left, front - Lindsey Watson, Cassie Hale, Jackie Klement, Shaina Felderhoff. Back - Jessica Hartman, Samantha Endres, Johnny Green, Laura Heers, and Leah Smith.

Lindsay, Muenster advance to Cross Country Regional Meet

The District 18-A Cross Country Meet was held Tuesday, Oct. 24 at Bland. The Lindsay varsity girls took the Championship with 31 points. Muenster's Lady Hornets settled for 3rd place after Era edged out a 1 point lead, 58-59. All three teams advance to the Regional meet to be held Saturday, Nov. 4 at North Harris College in Humble.

Hornet Johnny Green and Knights Bernhard Gabriel and Matt Dieter also advanced.

The Lindsay Lady Knights took the first three places. Chelsea Hermes was number 1 with a time of 12 minutes. Katelyn Brewer followed at 12:31, then Rose Hermes at 12:37.

Leaha Smith was the first Lady Hornet to cross the finish line. She finished in 7th place with a time of 13:21. Jackie Klement followed for 9th at 13:30.

Lindsay took 12th and 13th with Laura Zimmerer at 13:51 and Shirley Hess at 13:53. Muenster's Shaina Felderhoff was 14th with a 13:54 finish. Cassie Hale was 17th at 14:06 and Laura Heers 21st at 14:16.

Other varsity finishers were 15th, Alli Copeland, 13:58 and 19th, Rachel Zimmerer, 14:11 of Lindsay; and Lady Hornets, 24th, Lindsey Watson, 14:36 and 25th, Sam Endres, 14:41.

Rounding out the District teams and total points were Celeste 148, Trenton 149, Valley View 149, and Sam Rayburn 154.

Muenster Hornet Johnny Green finished 2nd place in the varsity boys division with a time of 17:48. On his heels was Knight Bernhard Gabriel, clocking in 3rd place at 18:07. Matt Dieter's time of 19:02 was good enough for 10th place. Mitch Dieter settled for 20th with a finish of 21:11.

The Junior Varsity Lady Hornets brought home the District Championship with 33 points. Lindsay followed with 51, and Era with 71 points.

Muenster's top five runners all finished in the top 10, while all 12 of the runners placed in the top 20.

Kendall Neu won the race with a time of 14:08, followed by Amber Nortman at 14:19. Lady Hornet Jessica Hartman was 3rd clocking in at 14:31, followed by Jenny

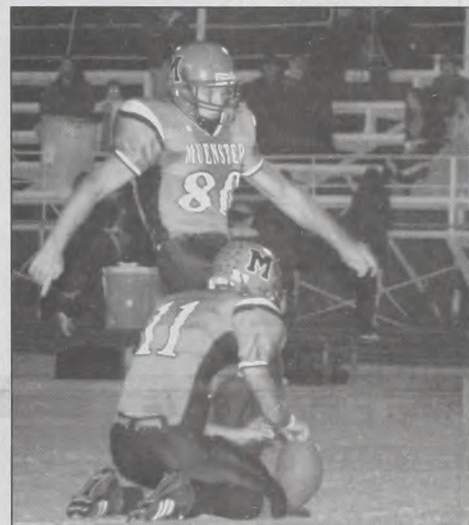

Schroeder of Lindsay at 14:39. Muenster runners following were: 5, Anne Walterscheid, 14:52; 6, Jordanne Hellman, 15:03; 9, Sara Walterscheid, 15:21; 10, Jordan Ledbetter, 15:29.

Other Lady Hornets running on JV, their places and times were: 11, Lia Heers, 15:31; 12, Amanda Dangelmayr, 15:40; 13,

Brandy Dangelmayr, 15:42; 14, Erin Endres, 15:43; 15, Sandy Endres, 15:45; 16, Emily Stoffels, 15:47; 18, Megan Felderhoff, 15:52.

Liz Martin and Beverly Knabe rounded out the Lady Knight JV team finishing 21st and 23rd with times of 16:24 and 16:48.

Toby Dyess ran in the JV race for Muenster finishing in 3rd place with a time of 22:12.

Michael Faries (80) boots another extra point over the goal posts in Muenster's big 56-8 victory over Saint Jo. Brad Endres (11) holds the ball.

Muenster Hornets hammer Panthers

The Muenster Hornets took a big victory last Friday from the Panthers of Saint Jo. Not only did the offense total 490 yards, but the Muenster defense held Saint Jo to only four 1st downs and a minus 20 yards rushing. The 56-8 one-sided District win also saw JV players in action.

"It was good to win the game," commented Coach Monte Endres. "I admire the kids and coaches from Saint Jo for sticking it out and doing their best."

The Panthers took the opening kick and the Hornet defense was the first to score. The first play was an 8 yard loss. A 4 yard penalty was fol-

lowed by a 4 yard loss into the end zone for a safety by Matt Flusche. Muenster took a 2-0 lead with a minute and 15 off the clock.

Chase Serna returned the Panther kick 10 yards to the Saint Jo 40. Bill Haverkamp picked up 6, Corey Reynolds 17, then Haverkamp 7 and Reynolds 2 to the Panther 8. Garrett Hennigan found the end zone for the touchdown. Michael Faries booted the extra point for a 9-0 score with 8 minutes still on the clock.

The Panthers got in three runs, but a quarterback sack

Youthful Tigerettes prepare for new basketball season

The 2005-06 Tigerettes (24-8) completed their season with a thrilling 46-42 State Championship loss to Colleyville Covenant. Also in that loss, the Tigerettes graduated five seniors. "I looked around the first day of practice for someone to lead the drills," said Coach Jon LeBrasseur. Lost in graduation were four starters, Whitney Wimmer, Shannon Hartman, Hannah Hess, Brittany White and sixth man Nicole Bayer. "That's a lot of shoes to fill," said Coach Jon.

Lone returning starter sophomore Samantha Wimmer will move from the 2 guard to the point position this season. "Sam had a great freshman year, and we are asking her to take on a new role in running this squad," said LeBrasseur. "This year we want Sam to shoot less, score more, and become a leader verbally on and off the court."

Seniors Stephanie Krawietz, Taylor Torcellini, and Jessica Schilling will be looked to for the coveted senior leadership while providing solid play on the court. "Stephanie was very instrumental in our successful playoff run last season and we look for her to pick up where she left off," said Coach Jon. "Taylor is a shooter and we need her to get on track early, she has

had a solid pre-season and I look for her to explode into the season. JS (Jessica Schilling) will give us a solid presence on the inside. We hope she will be at full strength when District rolls around."

Versatility is brought to the squad by juniors Kara Felderhoff and transfer Lauren Creed. "Kara is a special player as she can play inside or outside," said Coach Jon. "We are allowing her the freedom to create mismatches on the offensive end and I am excited about her potential. Lauren is picking up a new system quickly and we hope to play Lauren at the four and five spot. She is very talented and we need her to give us some points and solid ball-handling for this team to be successful."

Depth will be a key for the Tigerettes to be successful this season. "Our youngsters have to grow up quickly," said Coach Jon. "We will need help immediately as our bench is short. We will have a JV squad so the youngsters will get plenty of floor time."

Sophomores looking to make an impact this season include Shelby Hess, Lisa Miller, Kaitlyn Felderhoff, and Kallyssa Pollard. From the ninth grade will be Samantha Barnett, Raynee Hogan, Eryn Moody, and Kristin

LeBrasseur. The Tigerettes will open the season Monday night in Fort Worth at AAA Bethesda Christian. Bethesda is a playoff team from last season and the Tigerettes took a 38-36 win over the city girls last season. The JV will tip-off at 6 p.m. followed by the varsity at 7:15 p.m.

DIRECTIONS: Travel I-35W to Fort Worth and exit to 820E. Travel approximately one mile to the Beach Street exit and travel south to 4700 Beach Street.

Cubs win final game

The Sacred Heart Junior High Cubs won their season final last Thursday with a 6-0 victory over Ponder. The win was the fifth straight for the Cubs, whose only loss was the first game of the year.

The Cubs took the opening kick, with runs by Zach White and Matt Hesse, and a Hesse to Chad Walterscheid pass moving the Cubs to Ponder's 12 yard line. A flag, two incomplete passes, and a fumbled play turned the ball over to Ponder.

Sacred Heart's defense, led by Hesse, Calvin Wimmer, and Mark Bartush, forced a punt. Hesse returned the ball to the Ponder 18. Two Hesse runs gained 11 yards as the 1st quarter ended. The Cub offense again sputtered and Ponder got possession.

Again the Cub defense held their opponents, forcing another punt. Neither team could get 10 yards and punts were exchanged to end the 2nd period.

Ponder's first drive attempt in the 2nd half saw Hesse, Walterscheid, and Josh Biffle getting tackled, before Andy Flusche covered a fumbled ball on the Ponder 15. The next play, Sacred Heart fumbled the ball back.

From their own 8 yard line, Ponder gained very little, stopped by Bartush, Walterscheid, and Hesse. The punt put the Cubs on the Ponder 35.

White ran for 9, a flag lost 5, followed by an incomplete pass. On 4th down, Hesse got to the 25 to keep the drive alive. Two more runs by Hesse gained 10 yards. A Hesse to Bob Bartush pass put Sacred Heart on the scoreboard with 1:08 remaining in the 3rd quarter. The PAT failed for a 6-0 score.

Ponder got in a few good runs, but a sack by Flusche shut them down.

Hesse and White ran a few plays before a loose ball was covered by Ponder. A sack by M. Bartush and a tackle by B. Bartush on 4th down gave Sacred Heart control of the game as time ticked off the clock for a Cub victory.

Gander Mountain Hunting Tips

The Buck Stops Here!
The best reason to build a mock scrape is to draw a buck into range and hold him there for the shot. Once you find a spot with a low hanging branch within range (archery or firearms), kick out the grass or weeds with your rubber boots in a 2 foot circle. Using rubber gloves, scar up the branch over your scrape and snap one tip so it points straight down, but don't break it off completely. This will create a "worked over" look. Then add a scrape dripper with estrus scent and you've created your own mock scrape.

Blazing new trails
When deer consistently move by your stand out of range, you can often divert the deer by placing some nearby deadfalls over the existing trail. Then create a new trail leading to your stand area, adding some deer scent with a drag.

One of the keys is to wear rubber gloves and boots. You don't want to leave your scent anywhere. Disturbing the terrain is actually quite natural, as storms come through, leaves fall, branches break and the overall forest changes daily.

Archery Tip
Practicing outside in the same conditions you'll be hunting in (wearing the same clothing) is the best way to keep your confidence up and your shooting ability sharp at the archery range or in the stand.

If you are a right-handed shooter, sew the left sleeves of all your undergarments and outer clothing to tighten them up to give you clearance with your bow string. You may also have to sew in or tighten the chest area of your outer layer of clothing to keep your string from making contact.

HORNETS ... continued from page 11

by Micah Flusche forced a punt. From their 19, it took Muenster only six runs to score again. Reynolds, Hennigan, and Haverkamp took the ball to the 3. Reynolds scored from there with 4:06 on the clock. Faries added the PAT for a 16-0 score.

Again the Hornet defense kept the Panthers at a loss. The punt put Muenster on their 38 yard line. Runs by Haverkamp, Reynolds, and Serna, and a Brad Endres to Levi Trubenbach pass set the ball on the 6 yard line to end the 1st quarter. The next play, Haverkamp scored. Faries' kick gave the Hornets a 23-0 lead.

The Panthers got in a good run, but a flag forced a punt on 4th and 6. Two Haverkamp runs gained 35 yards before a loose ball was covered by Saint Jo.

Again Muenster's defense and a flag forced a Saint Jo punt. Micah Flusche blocked the kick, and the Hornets covered the ball on the Panther 37. Four runs by Haverkamp, and Muenster was up 29-0. The PAT failed with 4:51 on the 2nd quarter clock.

A short kick was covered by Chad Endres 30 yards from the end zone. A run each by Endres, Haverkamp, and Serna moved the ball to the 11. With 2:41 on the clock, Haverkamp scored again. Faries' kick put Muenster in the lead 36-0.

Gaining only 5 yards, the Panthers punted, putting the Hornets on their 25 yard line. Haverkamp broke for a 60 yard run, then 10, and 4 more to the 1 yard line. Haverkamp once more crossed the goal line. Faries again booted the point after for a 43-0 score with 10 seconds on the clock.

The 2nd half went faster, with the Hornet offense starting on their 44 yard line. Haverkamp gained a quick 32 yards, Serna ran for 11, and Hennigan the last 11 to

the end zone. The PAT failed for a 49-0 score with 9:17 on the 3rd quarter clock.

The teams exchanged a couple of punts as Muenster carried the ball into the final quarter. The drive started at the Saint Jo 26. A Levi Trubenbach to Eric Hellman pass, and runs by Serna and Hennigan carried the ball to the 2 yard line. Serna then scored with 10 minutes still on the clock. Faries' PAT gave the Hornets a 56-0 lead.

A good return put the Panthers near midfield. Three plays later a John Terilli pass to Austin Neely was good for a 37 yard touchdown. Daniel Lindenborn ran in the extra points for a 56-8 score with 6:49 remaining in the game. Muenster got in five plays before a fumble returned the ball to Saint Jo. After two plays, time ran out.

Next Action
The Hornets travel to Collinsville to take on the District's leading undefeated team.

"We have to stop their quarterback," Endres said. "As long as we are in good position in defense and don't drop the ball on offense, we should have a good chance."

Endres noted that Muenster needs a win for a shot at the District title. A loss could still put the Hornets in the playoffs, with the top three teams advancing. Game time is 7:30 p.m.

Sacred Heart JV Tigers undefeated

The Sacred Heart Junior Varsity Tigers finished the 2006 football season undefeated with a big 40-0 season final victory over Era on Oct. 19.

The Tigers covered the opening kick on their 36 yard line. Ryan Bartush gained a quick 29 yards. A Nathan Berend to Stephen Davis pass, and five more runs by Bartush put 6 points on the board. The PAT run failed for a 6-0 score.

Tackles by Berend, Mitch Hesse, and Chad Henscheld forced an Era punt. From midfield, Nick Popovich gained 18 and Bartush 33 for another touchdown. Bartush ran in the PAT for a 14-0 score with 4:19 on the clock.

After a Henscheld, Kyle Knabe, Berend tackle, Bartush picked off an Era pass and returned it 30 yards to the Era 17 yard line. Berend and Bartush got the ball to the 5, where Bartush carried it into the end zone for a 20-0 score to end the 1st period.

Tackles by Hesse and Kirk Felderhoff forced an Era punt. The Tigers got in four plays and fumbled to the Hornets. The next play, Gene Yosten covered an Era fumble on the Hornet 22. Bartush then ran for 18 yards, followed by two Berend runs, scoring from the 1. With seven minutes on the clock, the Tigers led 26-0.

Era got in a few good runs, then punted. From their 5 yard line, Bartush, Sam Sparkman, and Berend got in five runs to midfield. A Berend to Popovich pass gained 12 more yards before the halftime break.

Era started the 2nd half with a fumbled lateral cov-

ered by Chad Henscheld 15 yards from the end zone. Bartush and Berend both carried the ball, with Bartush scoring from the 3. Sparkman ran in the extra points for a 34-0 score.

Era's offense was caught for 10 yards lost in three plays with tackles by Giovanni Becerra, Popovich, Michael Whitecotton, and Felderhoff. The punt put the Tigers at midfield. Three runs by Sparkman, and the Tigers were up 40-0.

Two plays later, Era fumbled again. This time Popovich covered the loose ball on the Hornet 43 to end the 3rd quarter.

Time ticked off the clock quickly the 4th quarter. The Hornets got in eight plays before Sacred Heart allowed the time to tick away.

RE-ELECT

VIRGIL HESS

COMMISSIONER PRECINCT 4

My opponent said, "Commissioner Hess has repeatedly failed to include local businesses in county bids. In the construction of the three EMS Substations, bids went to out of county contractors."

WRONG

There was one bid awarded on the three EMS Sub-Stations, to a local general contractor who hires his sub-contractors. The Court cannot dictate who the general contractor hires as his sub-contractors.

My opponent also stated that Nortex Communications was excluded from bidding on the new county phone system.

WRONG

The County has not bid a phone system. We are accepting proposals and Nortex has been included.

If you can't trust what my opponent is saying now, how will you trust him if he is elected?

VOTE FOR INTEGRITY,
VOTE HESS ON NOVEMBER 7TH.

Knights fall to Eagles 17 - 10

It was a defensive battle last Friday in Valley View, as the road to the playoffs got longer for the Lindsay Knights after the Eagles took a 17-10 District win.

"Another tough District ball game," noted Knight Coach Cody Bounds. "Valley View played extremely well. Both teams played hard, but we came up short."

The game started in Lindsay's favor. The third play of the night was fumbled, with Mason Ward covering the ball at midfield. The Knights took advantage of the turnover, taking only three plays to get on the scoreboard. An 8 yard run by Keith Hermes was followed by a 23 yard Hermes to Travis Endres pass to the 17. Nathan Martin then scored with 9:30 on the clock. Dustin Neu booted the point after for a 7-0 score.

Starting their second drive from their 7 yard line, Valley View got in seven plays before Endres, Martin, Jeremy Perry, and Ward forced a punt at midfield.

Lindsay lost yards in three plays and punted. Five plays later, Levi Hermes intercepted an Eagle pass, putting the Knights on the Valley View 34 yard line. Martin and K. Hermes exchanged runs into the 2nd period. Josh Jones assisted with a 6 yard run. A Hermes to Hermes pass got Lindsay to the 16 yard line. After losing 8, a Hermes to Endres pass got 10 yards back. A 3rd down sack was followed by a 33 yard field goal by Dustin Neu to

give the Knights a 10-0 lead with 7 minutes remaining in the 2nd quarter.

Valley View came back. After being stung down by Ward, Dustin Reed, Perry, Justin Caillier, K. Hermes, and Endres, Tyler Noland broke away for a 49 yard touchdown. Lee Noland added the point after for a 10-7 score with 5:12 on the clock.

The Knight offense gained only 2 yards and punted. The Eagles quickly moved to the Knight 8 yard line, assisted by a flag. A tackle by Perry and Dillon Ott lost a yard. Pass defense by Josh Jones allowed only 5 yards, with Valley View getting to the 2 yard line. On 4th and goal, L. Noland hit a 19 yard field goal to tie the game 10-10 with 16 seconds on the clock as the 1st half ended.

Lindsay took the 2nd half kick on their 33 yard line. Eight runs by K. Hermes and Martin, and a pass to Endres got the Knights inside the Eagle 20. Two fumbled plays later, Valley View covered, ending the drive on the 21. Valley View got a 10 play drive going, starting the final quarter on the Knight 16. Keith Hermes stopped the drive with an interception, giving Lindsay possession on the Eagle 30. K. Hermes ran six plays, threw passes to Endres and L. Hermes, with Martin carrying three times to the Valley View 21 yard line. A 4th and 1 play gained no ground and the Eagles took over.

A pass play by Valley View flew 69 yards to the Knight

11 yard line. Three plays later, the Eagles fumbled the ball into the end zone. Darwin Lockin recovered the ball for a Valley View touchdown. L. Noland's PAT gave the Eagles a 17-10 lead with 2:44 remaining in the game.

A Lindsay pass play fumble was covered by Valley View. Three plays later, Travis Endres covered a loose ball with 57 seconds on the clock. The Knights' last effort to score ended when the Eagles picked off a pass and killed the clock.

Next Action
 The Knights travel to Saint Jo Friday night to play with the winless Panthers.

"They're getting players back and regaining their strength," said Coach Bounds. "We'll have to come out and match their intensity."

TPWD prediction for quail season

Like most coveys, quail are going to be bunched up and could be tough to find during the upcoming hunting season, unless you're hunting on land being managed with quail in mind, according to the Texas Parks and Wildlife Department.

"This year, a little ground work on the front end will make a big difference in the quality of the hunt," said Robert Perez, TPWD quail biologist. "I would recommend hunters go early and scout out areas to try and locate birds ahead of time."

The statewide quail season runs from Oct. 28-Feb. 25. The daily bag limit is 15, 45 in possession. Legal shooting hours for all non-migratory game birds are 30 minutes before sunrise to 30 minutes after sunset. The bag limit is the maximum number that may be killed during the legal shooting hours in one day.

With quail hunting, opportunity is tied directly to production and this year's crop of birds looks to be average at best, according to TPWD quail census data.

Ideal quail production occurs in years that remain wet and cool during the spring and early summer months because it extends the window of opportunity for reproduction, according to Perez. He noted hens typically would make as many nesting attempts as conditions allow until they pull off a successful clutch. This year, conditions became hot and dry from late spring through September, which could have an impact on extended nesting success.

This year, most of the state experienced an unusually dry winter followed by less than average spring and summer rainfall. For these reasons quail production was delayed in some areas until rains fell, in other areas quail never really had much of an opportunity to nest due to lack of moisture.

"Had it rained earlier in August we might have seen some late production, but as it turned out, there was very little production over the course of the summer," Perez noted. "In parts of South Texas that did have timely rains—a few showers across the summer—they're covered up in birds, but it is extremely localized. During our October buffer area quail surveys in the Rolling Plains, we heard a lot of birds, so it appears there are more places in that region that pulled off successful production and wider production than in other areas."

Here's a summary of quail production around the state, based on annual census surveys conducted by TPWD and what hunters can expect to find this season.

Rolling Plains

Those parts of the Rolling Plains region that received more spring/summer rainfall are where quail were most successful. Overall production was less than average with small brood sizes being reported by field staff. There were also a good amount of carryover birds from the previous season.

The average number of bobwhites observed per route was 14 compared to 37 last year. This is below the long term average of 23 and is indicative of a below average season. However, good hunter opportunities will be found in areas under proper range management and in areas that received the most favorable weather conditions. Public hunting opportunities can be found at the Matador Wildlife Management Area and the Gene Howe WMA.

South Texas Plains

Drought conditions affected south Texas to a greater degree than the Rolling Plains. High daily temperatures combined with low rainfall hindered bobwhite reproductive efforts. However, scattered rains fell at a scale too small for this survey to detect. In these areas, quail were more successful, especially where range was being properly managed. Field staff reported very little production but confirmed that certain areas, especially in the eastern half (more coastal) were holding fair numbers of birds.

The average number of bobwhites observed per route was three compared to nine last year. This is well below the long term average of 20

and is predictive of a below average hunting season. The Chaparral and the Daughtrey WMAs provide public quail hunting opportunities.

Trans-Pecos

The Trans-Pecos ecological region of Texas has experienced well above average populations of scaled quail for the past three years. Although still above average, scaled quail counts are down from an average of 34 birds observed per route last year to 19 birds per route this year. Reports from the western edge of the Edwards Plateau (the Stockton Plateau) also indicate above average populations of scaled quail.

Public hunter opportunities can be found at Elephant Mountain and Black Gap WMAs.

Other areas

Our surveys indicate that bobwhite numbers in Gulf Prairies, Cross Timbers, and Edwards Plateau are all below their respective long term averages. Although there are certainly areas within each region where some quail hunting opportunity remains, there were not many parts of the state that were not affected by summer drought.

Access to hunting on TPWD managed public land is available with the purchase of a \$48 Annual Public Hunting Permit, which can be bought wherever hunting licenses are sold, online at http://www.tpwd.state.tx.us/licenses/online_sales/ or by calling toll free (800) 895-4248. There is a \$5 convenience fee for online and phone purchases.

Junior High runs at District Cross Country

The Lindsay junior high girls cross country team took 1st place at the District meet on Oct. 24 at Bland. The Lady Squires won with 31 points. The Muenster Lady Stingers settled for 2nd place with 59 points, followed by Bland 118, Era 135, Trenton 180, Collinsville 186, and Valley View 217.

Kelsey Hermes led Lindsay with a 12:12 championship finish. Emily Hellman was the first Muenster girl to cross the line for 2nd place time of 12:55. Third place went to Lady Squire Megan Caillier's finish of 13:21.

Rounding out Muenster's team were: Jay Steelman, 5, 13:43; Kendall Reiter, 16, 14:34; Lana Heers, 17, 14:34; Shelby Dangelmayr, 19, 14:50.

Lindsay's team also consisted of: Jessica Block, 7, 13:56; Bethani Eberhart, 8, 13:59; Alyx Ethington, 12, 14:19.

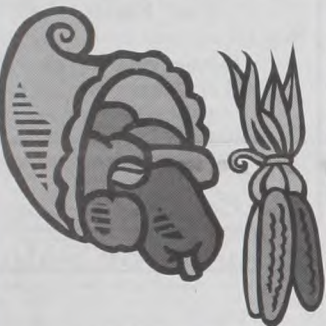

Others running for Muenster, their places and times were: Chloe Schneider, 22, 14:55; Kalya Dangelmayr, 23, 14:55; Andi Felderhoff, 31, 15:08; Briana Bindel, 32, 15:13; Allison Pagel, 33, 15:45; Demi Koelzer, 34, 15:48; Taylor Endres, 36, 15:55; Andi Hess, 38, 16:00; Paige Hennigan, 41, 16:11; Taylor Reiter, 42, 16:12; Stormie Wilburn, 61, 19:18.

Lindsay finishers and their places were: Jordan Fleitman, 14; Katie Nortman, 18; Ali Fogle, 21; Stephanie Zwinggi, 28; Taylor Atkins, 30.

Sixty-seven participated in the junior high girls division race. Lindsay also had two junior high boys compete at District. Thomas Rohmer finished in 4th place with a 12:47 time, while Austin Hermes was 9th, clocking in at 13:39.

Cattle Raisers address conservation, wind power, vet shortage, checkoff

Reaffirming their mission as "stewards of land and livestock," members of Texas and Southwestern Cattle Raisers Association adopted policy Oct. 13 calling for enhanced government support for environmental conservation, an independent evaluation of industrial wind farms, and efforts to address the growing shortage of large-animal veterinarians.

TSCRA members also voted to support recommendations to strengthen the beef checkoff. The resolutions were approved during the final business session of TSCRA's fall meeting in Amarillo, Oct. 11-13.

Considerable attention was given to USDA's Environmental Quality Incentives Program, which provides technical and financial assistance for rangeland conservation. TSCRA has played a significant role in helping to implement EQIP at the state and national levels.

TSCRA urged Congress to maintain and enhance support for the program. Specifically, TSCRA asked for a 60% allocation of EQIP funds to livestock-related applications (rangeland and confined animal feeding operations) and that the program be made available to all sizes of operations.

A separate resolution called for changes in EQIP program structure to allow payments for a "systems approach to brush control."

TSCRA pointed out that most species of brush in Texas cannot be treated one time

without reinfestation occurring, often before an EQIP contract has expired. A systems approach would allow cost-share payments for second and third treatments using mechanical and chemical brush control and prescribed burning.

"A well-planned system is much more effective than any of the three methods used alone," TSCRA emphasized.

Also on the agenda was discussion of wind power, prompted by recent pronouncements by state officials that Texas should become the leading wind power-producing state in the country.

No state agency or other public entity has any meaningful authority over the siting of specific industrial wind power projects. Neither do they have the ability or resources to evaluate the impact on the economy, taxes, electrical rates, wildlife, environment, or private land values of adjacent property.

TSCRA decided to ask the governor or legislature to establish an independent panel of experts to "evaluate the cumulative effects of industrial wind projects." TSCRA recommended that the panel's report be completed within six months so that "its conclusions would inform preconstruction planning."

TSCRA also addressed the growing shortage of veterinarians who treat large animals and resolved to support "efforts to assure a sufficient supply of bovine practitioners and the veterinary support systems necessary to enable the industry to produce beef in a safe, efficient, and humane manner."

To achieve this, TSCRA supports increased use of veterinary assistants, technicians, and licensed paraprofessionals "working for and under the direction of accredited licensed veterinarians."

The Cattle Raisers also urged state legislators and public universities "to make a priority of addressing the growing shortage of food animal veterinary practitioners, especially in the more rural areas of the nation."

Finally, TSCRA members voted to support enhancement of the state/federal beef checkoff program by the following means:

1) Increasing the per-head fee collected for the beef checkoff.

2) Creating a periodic petition mechanism for cattle producers to hold a referendum on continuing the checkoff.

3) Creating an enhanced identity for the Federation of State Beef Councils and the overall checkoff effort.

4) Eliminating the charter date for established national non-profit industry-governed organizations for eligibility to contract with the Cattleman's Beef Board for checkoff programs.

Emergency farm loan applications being accepted at Weatherford FSA office

Applications for emergency farm loans for damages and losses caused by drought on June 1, 2006, and continuing, are being accepted at the Farm Service Agency (FSA) office located in Weatherford, Cynthia Kruger said recently.

Cooke County was recently named by the Secretary of Agriculture eligible for loans to cover part of actual production and physical losses resulting from the drought. Ms. Kruger said farmers may be eligible for loans of up to 100% of their actual losses or the operating loan needed to continue the agricultural business, whichever is less. For farmers unable to obtain

credit from private commercial lenders, the interest rate is 3.75%.

"As a general rule, a farmer must have suffered at least a 30% loss of production or a physical loss to be eligible for an FSA emergency loan," Cynthia Kruger said.

Farmers participating in the Federal Crop Insurance program will have to consider proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until June 12, 2007, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing, with

possible delays into the new farming season," Ms. Kruger said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who meet U.S. citizenship requirements and to farming partnerships, corporations, or cooperatives in which U.S. citizenship requirements are met by individuals holding a majority interest.

The FSA office in Weatherford is open from 8 a.m. to 4:30 p.m., M-F.

COUNTY AGENT'S REPORT

WAYNE BECKER
CEA - AG/NR

Design a waterwise landscape

Seventeen of 38 reservoirs in the North Texas Municipal Water District are below 55% capacity, but most critical are La Von and Cooper. Many cities are in drought stage 3, which means: no hosing of paved areas or buildings, no outside watering between 10 a.m. and 6 p.m.; no washing vehicles with hoses, landscape watering only once every seven days, no draining or filling pools, and water use on greens only on golf courses.

Water district officials indicated that they are trying to delay stage 4 drought contingency until January, but are not certain if they can wait that long.

You can see the necessity of conserving water, especially in times of drought. With the population of the North Texas Region on the rise, designing a water conserving landscape is extremely crucial. Many programs have been initiated in order to increase public awareness of water conserving alternatives for home landscapes. These programs have names like Xeriscape or Waterwise, but they are all basically the same.

Water conserving landscape success depends upon siting plants to both the site and each other, thereby creating self-sustaining plant communities.

Many programs promote the use of native plants, but utilizing adapted exotics, to add a layer of form or color is also acceptable.

Texas Cooperative Extension recommends following the some simple guidelines:

Start with a good design
Every great landscape, whether consciously designed for water conservation or not, starts with a well thought out plan laid out on paper. Begin with a survey of your property's characteristics that affect both plant growth and development, and the intended use of each main section of your property. This would include things like sun and shade patterns during the day and throughout the year, drainage patterns and slopes, desirable and objectionable views, areas needing privacy, etc.

A site plan can be easily created by gathering the dimensions of the property, house, driveway, lot size, etc, and plotting all of these permanent features on graph paper. This is called the base map. Using tracing paper over a scale rendering of your lot will enable you to try various concepts and designs. One common theme in many Xeriscape gardens is that of zoning. This is the division of the various areas of the property into 3 zones: low, moderate, and high water use, grouping plants in the landscape according to their water requirements. This prevents over watering certain plants within an irrigation zone in order to

take care of the water needs of other, more water-demanding plants. Of course, plants in each zone would also have similar sun and other cultural requirements.

Plant selection
As you can see, all plants that are adapted to north Texas fit into a water-smart landscape, whether native or not. Native plants are always a good choice if they are adapted to the specific characteristics of your property and the particular site. There are also many non-native plants which are good choices. The key is to match the plants with the micro climatic features of the site. Low or wet areas of the landscape that cannot be modified can be designed to accommodate plants adapted wet soils. Drought tolerant plants can be used in dry soils or windy areas.

Mulching
Any water-smart landscape will have mulch as a major component. All plants benefit from a layer of organic mulch on the surface of the soil. Pine needles, pine or cypress bark, compost and chopped leaves all help to preserve soil moisture by dramatically reducing evaporation. Mulched soils are also cooler than unmulched soil, reducing the ambient air temperature around the plants. And organic mulches add nutrients and improve soil structure as they decompose, furthering the health of the plants.

There are many very attractive landscapes where large mulched areas have taken the place of lawns and ground covers, especially in heavily shaded areas where turf struggles to grow. Organic mulches need to be renewed every year as they break down.

Renovating an existing landscape
Since lawns require the most supplemental irrigation water during the summer, it makes sense to limit the expanse of the lawn to areas where it will be used and appreciated the most. For example, a home with grass growing right up to a line of shrubs planted against the house in the front yard could be redesigned by removing a portion of the lawn, expanding the bed to sweep out from the house with graceful, curving lines, and planted with lower water demanding shrubs or ground covers. Similar changes could be made in the private areas, along with expanding existing patios with brick, wood, or other surfaces.

Every U.S. state has Bald Eagles except Hawaii, Vermont, and Rhode Island. Alaska has over 40,000.

AG BRIEFS

Make sure cattle have enough cool water. During hot conditions, cattle will drink more than 1% of their body weight per hour.

When feeding cattle during drought, feed in one small area, or a sacrifice paddock, to protect the rest of the pasture.

Every U.S. state has Bald Eagles except Hawaii, Vermont, and Rhode Island. Alaska has over 40,000.

FARM BUREAU INSURANCE
Auto - Home - Life

In good times and in bad we've stayed with you.

We've been here, through the good and the bad. We didn't leave or raise our prices like other companies did during the insurance crisis. In fact, we've lowered rates and added discounts that can save you up to 40%.

Call today for a free no-obligation review of your personal insurance needs. We will be there when you need us the most.

United States Agriculture 1920
from the 1921 - 1922 USDA yearbooks

Price is the most important factor in marketing cattle. Neither distances, time, nor almost any other consideration is too great an obstacle to be overcome, provided the price is high enough to warrant the effort.

In May 2002, 6.06 bushels of corn equaled in value 100 pounds of beef cattle. By October, 1921, it required 16.87 bushels to equal 100 pounds of beef.
