## Cooke County celebrates Courthouse rededication

**By Janet Felderhoff**  
Amid a festive atmosphere on Saturday, Oct. 14, Cooke County officials rededicated the County Courthouse. This act marked the culmination of about 11 years of work. It celebrated the completion of the historical restoration of the exterior of the Courthouse.

Tom Carson, master of ceremonies, remarked, "One thing is certain. History perpetuates and continues; today history lives in the rededication of this historic structure. ... If there were a DNA of a history of a community it is found in that building, because it is in the Courthouse that every resident of Cooke County becomes a part of its history. It is a facility that remembers us all." We are all remembered by records filed in the courthouse of birth, death, business, land, and court transactions, marriages, etc. "If indeed there is a single molecule of any community that will forever be imprinted on the future, it is the legacy of

your Cooke County Courthouse," said Carson.

County Judge Bill Freeman offered acknowledgments and introductions. He offered appreciation for all the Courthouse employees who had to work while the construction progressed. "It's been a rough year and I know it," he said. "They did a wonderful job. They all understood and they all stood by the desire to get this Courthouse remodeled." Judge Freeman said at times the public had also been inconvenienced when they came to do business and one office or another was closed due to work being done in it.

Judge Freeman said that Virgil Hess inherited the job of courthouse historian from Commissioner Kenneth Alexander. Hess was asked to take the job by then County Judge Paul Hesse. "Virgil took over that job and he threw everything he had into the job of restoration. He has become the County historian. If you want to know something about this County Court-

house or about the records in the Courthouse, you can ask Virgil and he can tell you.

"Virgil has worked many, many hours on this. He's worked on Saturdays down here. He's worked late at night and he's been up here the last two or three weeks working with windows. He's looked at every window in this courthouse two or three times as we do the punch list, do the touchup work, and do the completion of this project."

Hess referred to the long hours put in by members of the Historical Commission as they put together information needed for the grant application. He noted that Stan Graves with the Texas Historical Commission (THC) has been very helpful in acquiring the grant.

"It looked like we were about to have a hurricane for six months," said Hess as he acknowledged what Courthouse employees tolerated during the restoration process. Mary McCain was recognized as the first person to

Director of Texas Historic Courthouse Preservation Program Steve Graves, far right, presents a plaque to Cooke County. The bronze plaque symbolizes the partnership between the state of Texas and the local citizenry. Accepting the plaque on behalf of the County are members of Commissioners Court, from left, Precinct #1 Commissioner Gary Hollowell, Precinct #3 Commissioner Al Smith, Precinct #2 Commissioner Bill Cox, Precinct #4 Commissioner Virgil Hess, and County Judge Bill Freeman.  
Janet Felderhoff photo

start the Courthouse restoration in the '60s. The building's copper cupola had been painted white and she took on the project that had it returned to its original copper color.

District 68 State Representative Rick Harcastle con-

gratulated Cooke County and all involved on the progress made in restoring the Cooke County Courthouse. It is among 222 historic courthouses in the state of Texas. "It is very important that we preserve our history, commented Rep. Harcastle. He said that everybody would go into the courthouse at least once or twice in his or her lifetime. "All of our history revolves around the Courthouses."

Stan Graves, director of Texas Historic Courthouse Preservation Program of THC, remarked that all of the people coming into Texas down the I-35 corridor get to see the Courthouse dome as the first prominent historic site that is their impression

of our state. "This is the exterior of this project," Graves said. "We hope to get the inside done as well. The scoring for your County put you right at the bottom of this list the last time we gave out funds. We were only able to give you half of the money you needed. In my way of thinking, the next time we get money, you should be at the very top of the list so we can get the inside of this project done to match the outside."

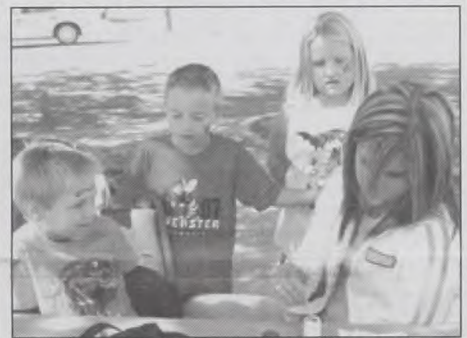

Graves said that the bronze plaque he was about to present is given on all courthouse projects. "It symbolizes the partnership between the state of Texas and the local

## Hess challenged by Springer for the Precinct 4 Commissioner position

**By Janet Felderhoff**

Virgil Hess has served on Cooke County Commissioners Court as the commissioner of Precinct #4 for the last ?? year. He is seeking another term in that position as the Democratic candidate. Drew Springer is the Republican candidate challenging the incumbent.

Virgil J. Hess and his wife Judith are residents of Muenster. Their family includes daughters and sons-in-law Connie and C A Samford, Carrie and John Demcher and Heather and Tyrel Warren; son Nathan Hess; and grandsons Benjamin Samford and John and Jayson Demcher.

Drew Springer and his wife Lydia are parents of three children Austin, Grant, and Katherine. The family lives in Muenster. Drew is a financial planner.

Virgil Hess

Drew Springer

**What are your qualifications for the position of Precinct 4 commissioner?**

**Hess** - Due to my previous two years in the U.S. Army and 30 years experience as District Productions Superintendent in the Oil Industry I have supervised district and field offices with up to 40 personnel and used my business experience as well as field knowledge to become a very effective Commissioner. This past experience is also valuable because it has taught me how to run a vast array of heavy equipment required for road and bridge construction and

maintenance.

As Commissioner in Precinct 4 for 16 years, I have, in conjunction with TxDOT, built 12 county bridges, completed 16 credit hours per year of mandatory education at the V.G. Young Institute of County Government at Texas A & M University in College Station (for a total of 240 credit hours), and was one of the first 60 commissioners in the state of Texas to complete Phase I of Curriculum 2000, an in-depth study of each county office, its function and operation. This training has been very beneficial with the annual budget process at the

Courthouse.

**Springer** - Fifteen years of business experience in which I started in an entry level position and worked my way up to running several of Trinity Industries' companies. Some of my positions included: controller for a major division, heading up the budget and analyst department for a billion dollars annually, running the day to day operations of a leasing company that had a half a billion dollars of railcars, and running multi-million dollar companies, two that went from losing millions to making millions within a year. The largest company had 1,000 employees. I do have an accounting degree from the University of North Texas but think that my real life experience is my best qualification. My accounting background allows me to analyze the county's financial statements and find problem areas that others miss, like spending three times the state's average on indigent defense cases costing the county over \$300,000 last

year.

**In your opinion, what do you think that the job of commissioner entails?**

**Hess** - I believe that good management skills, hard work, dedication, working well with people, knowing heavy equipment and its proper use in maintaining and paving roads, building bridges and having a working knowledge of County law and budgeting are crucial in being an effective Commissioner. I believe experience is the best qualification.

**Springer** - A commissioner is the steward of the taxpayer's money and has to approve every dollar budgeted and spent for the entire county. When a commissioner gives money and approves the bills of a department head, it is the commissioner's responsibility to have the oversight that it is being spent properly.

A commissioner must also listen to the people of the precinct and be honest about what projects cost and what roads will get paved.

See CHALLENGE pg. 4

## MISD Board readies for bond election

**By Janie Hartman**  
The Muenster ISD Board of Trustees met on Oct. 11 in regular session. Agenda included several items concerning the Nov. 7 bond election.

The improvements to the campus include a cafeteria building with three more classrooms and a science lab. This addition will be an extension to the north of the high school. The existing commons area will convert into two more high school classrooms, and the present cafeteria will remodel into two elementary/junior high classrooms.

David Manley, Muenster ISD superintendent, noted in a telephone interview that presently the cafeteria serves a maximum of 160 students. When the junior high and high school are served, there are 260 trying to eat. Lunch serving begins at 10:50 a.m. and ends at 12:40 p.m.

Manley also said that the classrooms are needed in part because the State passed a 4x4 curriculum that schools must require another science and another math course.

The cafeteria, seven classrooms, and science lab project, if the bond passes, would raise taxes

approximately \$5 a month per \$100,000 taxable value, but on the same note, an estimated 27¢ drop in the tax rate is possible if passed by Texas legislation.

Muenster ISD Board approved the Interlocal Agreement with Cooke County for conducting the bond election. The County agrees to arrange for and provide adequate space inside each of Muenster ISD's polling places, to be used as shared polling places on Election Day. This will permit Muenster ISD voters to vote in Muenster ISD's special election on the bond

proposition at the same location as other county and state elections.

Muenster ISD residents, their Cooke County precincts, and voting locations are: Precinct 15, Myra Community Center (old school); Precinct 17, Muenster VFW Hall; Precinct 18, Muenster Junior High; Precincts 19 and 21, Conrad Hall, Lindsay. Reminder: All voters must present a voter registration card, photo ID, or proof of address to be able to vote.

The Board approved the

See MISD pg.

**COURTHOUSE .....cont. from pg. 1**

citizenry. This project could not happen without the local involvement and the state involvement."

According to Graves, many courthouses across the state were in sad shape a few years ago. Some burned due to bad wiring and that is what gave a wake up call to get the Courthouse Preservation Project underway. "You are joining an elite group of 38 courthouses that have completed at least the exteriors of their projects. Most of them are full restorations," Graves remarked as he proceeded to present the plaque. "I hope you will display it proudly and remember what it represents each time you come to the Courthouse."

Carson told the tale of what is said to have happened to Cooke County's original log courthouse built on that location. He said on a hot summer day, a stray bull wan-

dered inside the courthouse to escape from the biting flies. The bull was startled and in its fright, tore the courthouse down.

On Nov. 1, 1910, the present Courthouse was dedicated. It was the fourth to stand in that spot. Besides the log courthouse, two other were built, each burned. The current was built to be fireproof.

Co-hosting the event were the THC, Cooke County Commissioners Court, and the Cooke County Historical Commission.

Members of the Cooke County Historical Commission, Morton Museum, and Commissioners Court who championed the project were recognized. They included: Kenneth Alexander, Betty Buttolph, Margaret Parx Hays, Virgil Hess, Sandy Idom, Mary McCain, Dr. Gerald McDaniel, Suzy Mc-

Donald, Shana Powell, Barbara Pybas, Ona B. Reed, and Pat Winstead.

Grant funds used to pay for the majority of the restoration work came from THC. Those grants were made possible through the THC Texas Courthouse Preservation Project established by Gov. George W. Bush and the Texas Legislature through House Bill 1341. HB 1341 provided state funds, which aided counties with courthouses in need of repair or restoration. Cooke County's total match for the plans and specs and the exterior restoration work has been \$454,334.09 thus far. Grant funds paid \$1,781,791.54. Total cost of the exterior project to date is \$2,236,125.63.

**What was done**  
Restoration work included dismantling the west steps, installing a new foundation, and then reinstalling the stonework. Badly deteriorated stone was replaced with matching stone. The areaway and landings adjacent were modified and handrails added to bring the building into code compliance.

Repairs and waterproofing

were done for basement walls along all quadrants of the building facades. That required excavation of the perimeter of the building.

New concrete parking areas for handicapped parking spaces corrected non-compliant slopes, a new concrete ramp was added. Also for ADA, a new ramp and concrete steps were added on the south entrance. New wood doors at that entrance are on electric accessible entrance operators.

Wooden doors were added to all entrances to replicate the historic wood doors.

Windows received new wood sashes. Exterior window frames were painted a green to match the original color scheme.

Existing EPDM roofing and other prior roofing systems were demolished down to the concrete roof deck to prepare for installation of a new modified bitumen roofing system.

Selective patching took place on terra cotta surfaces at the cupola areas including ledges and cartouches. The entire exterior of the Courthouse was fully cleaned.

Above, Cannons shot streamers and confetti into the air as Precinct #4 Commissioner Virgil Hess, at left, snipped the ribbon officially rededicating the Cooke County Courthouse. Assisting with the ribbon cutting were, from left, County Judge Bill Freeman, State Rep. Rick Hardcastle, and Director of Texas Historic Courthouse Preservation Program Steve Graves. The ceremony took place Saturday, Oct. 14. Below, Cooke County Courthouse on its rededication day with local citizens visiting after the ceremony. The building's exterior was completely restored to its original state, the exterior cleaned from top to bottom, and handicap access brought up to state compliance. Janet Felderhoff photos

**MISD .....cont. from pg. 1**

voting machine rental service agreement with Cooke County. Naming the election judges and alternates for the bond election was also approved.

Concerning the construction and building projects, the Board added \$350,000 to the designated fund balance.

Other business at the meeting were reports, including collection of \$7,579.98 in delinquent taxes for August.

• **Elementary report:** Principal Lou Heers reported on past events including Grandparents Day, Constitution Day, testing, Book Fair, workshops, and Awards Assembly. She also spoke of upcoming field trips and workshops. Her report included honor roll, and failure and discipline information for the first six weeks. In 1st through 6th grades, 84% of the students were either on the A or A/B Honor Rolls. Four of the

students in 1st through 6th grades did not pass at least one class. The discipline report noted that 20 (9%) students had conference/office referrals. Only three were referred to the office more than once.

• **Curtis Eldridge's** high school/junior high report included Homecoming activities, honored students, Agriculture Science student competition, and staff activities. A drug awareness program is planned for Oct. 27.

• **Jeff Presnall**, technology director, reported on updates and workshops. He has approved 158 registered users for the Muenster ISD website and rejected six applicants. Also, Debra Sicking and Kristi Schneider received the "Top Teacher Website" awards for September.

• **Athletic Director Monte Endres** noted that the football teams lost one varsity player, one junior varsity player, and six junior high players to grades. Work continues on the gym floor and track repairs. Endres also relayed very complimentary comments about the grass on the game field.

• **Ag Director Daniel Waneck** gave a report on the dairy judging team.

Evan Koessler was presented a Certificate of Merit Award before meeting.

**LOVE FUND CORRECTION**

Information turned in for the Love Fund for Timothy Garrison said that he has cerebral palsy. That is incorrect. Timothy has muscular dystrophy.

**MMH recognizes Breast Cancer Awareness Month**

October is National Breast Cancer Awareness Month (NBCAM). Since the program began in 1985, mammography rates have more than doubled for women age 50 and older and breast cancer deaths have declined.

This is exciting progress, but there are still women who do not take advantage of early detection at all and others who do not get screening mammograms and clinical breast exams at regular intervals.

Women age 65 and older are less likely to get mammograms than younger women, even though breast cancer risk increases with age.

Hispanic women have fewer mammograms than Caucasian women and African American women.

Women below poverty level are less likely than women at higher incomes to have had a

mammogram within the past two years.

Mammography use has increased for all groups except American Indians and Alaska Natives.

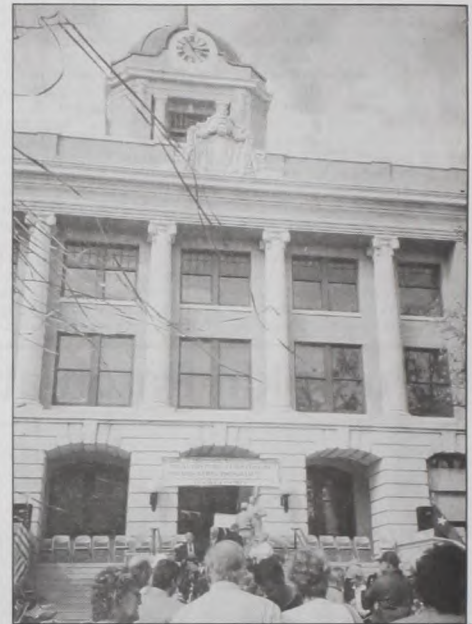

"If all women age 40 and older took advantage of early detection methods - mammography plus clinical breast exam - breast cancer death rates would drop much further, up to 30%," says Melissa Trubenbach, FNP-C of the Family Health Clinic at MMH.

"The key to mammography screening is that it be done routinely - once is not enough."

National Breast Cancer Awareness Month educates women about the importance of early detection. More and more women are getting mammograms to detect breast cancer in its earliest stages. As a result, breast cancer deaths are on the decline. Encourage the women in your life to get mammograms on a regular basis.

For more information, attend Muenster Memorial Hospital Health Fair on Oct. 26 and 27 for a screening mammogram with radiologist interpretation for \$60.

MMH Family Health Clinic joins The Muenster Enterprise in promoting this message.

**Tommy Harrison, Jr. dies**

Tommy Lynn Harrison, Jr., age 43 of Muenster, died unexpectedly on Monday, Oct. 16, 2006. His complete obituary will be in next week's Muenster Enterprise.

*We would like to take this opportunity to say "Thank you" to all our family and friends for the many prayers, kind thoughts, flowers, gifts, phone calls of concern, cards & visits. Also a very special thank you to the Muenster Volunteer Fire Dept. for such a quick & professional response to my accident. We are so very fortunate to have such wonderful people who are so dedicated and volunteer their time & talents so unconditionally. Also my dad would like to thank everyone for their support during his recent surgery. God Bless You All.*

Sincerely,  
Dainah, Bobby & Sharlene

To our many friends and relatives who came and made our 70th Anniversary such a special day. To Father Kyle for his inspiring homily. To Father Ken Robinson for his beautiful Mass and "blessing", the choir, servers, Eucharistic ministers, the readers, to Ashley Hartman for some of the highlights of our life, and to all who had a part. Also the many beautiful cards with their personal notes, the musicians at the reception, we say Thank You. But most of all to Karl & Beth, Levi & Lacey, Richard & Shelly, River, Lane & Ty who made all this happen and to the Good Lord - after the reception was over sent a million dollar rain - who could want anything better?

Tony & Thelma Trubenbach

# Wildlife numbers increase making Texas highways hazardous to drive on

## AREA EVENTS

The increasing number of motorists and deer in Texas are leading to a greater frequency of collisions between the two on the state's roadways. Cooler weather and the annual rut season should make for even more hazardous conditions in the coming weeks.

Texas leads all other states in motorists who have been killed in vehicle-animal collisions. Texas also has the largest deer population in the country. The Insurance Institute for Highway Safety (IIHS) says our state's abundant wildlife and additional traffic have made Texas the most hazardous state for vehicle-animal crashes every year since 2000.

Several roadways in Texas are more dangerous than others, but Texas Parks and Wildlife officials say deer are moving into areas all over the state. Last year in Kerr County alone, Texas Department of Transportation employees removed more than 1,500 dead deer off of the county's roadways.

Wayne Bordovsky with the Texas Department of Transportation Kerr County District Office says the 1,500 deer doesn't reflect all of the vehicle-animal collisions that occurred in 2005. "That number didn't count the number of deer that were struck by vehicles and later died off the roadway or the deer that were killed within the city limits of Kerrville."

Texas Department of Public Safety officials say many accidents involving deer are never reported to area law enforcement officials, but are handled by local insurance agents. Mark Hanna, a spokesman for the Insurance Council of Texas, says your auto insurance policy will protect you if your vehicle strikes an animal. "An auto policy with comprehensive coverage will pay for repairing or replacing a vehicle after the accident, minus the deductible," Hanna said.

"Personal injury protection (PIP) will provide up to the limit purchased for any injuries the driver or passengers might sustain in the collision. You will want to report the accident to your insurance agent or company representative as soon as possible."

In Llano County, which calls itself the Deer Capital of Texas, deer hunting and traffic accidents involving deer both work their way into the economy. Eighty percent of the body work taking place at the Economy Body and Paint Shop in Llano involves repairing vehicles that have collided with deer.

"We had one lady who brought her SUV in for repair after hitting a deer," said Daniel Baker of Economy Body and Paint. "We repaired her damaged front fender and added a new grill guard. In less than a week she was back in here because she had struck another deer that had bounced off the grill and went through her front windshield."

L. David Sinclair, chief of wildlife enforcement with the Texas Parks and Wildlife Department, said many deer tend to venture near roadways because that's where they can find more food and greener grass because of rain runoff from the pavement. Sinclair said dusk and full moon evenings bring out the deer.

Texas Department of Public Safety Sergeant Stephen Bynum in Lampasas said drivers should note deer behavior. "It's not the deer that are grazing on the side of the road that drivers

should be concerned with. It's the deer that are moving and the herd mentality of others that are following that you need to be watching."

Bynum said drivers should also be holding the steering wheel in a 10 and 2 position. "If you hit a deer, oftentimes, your air bag will deploy and I have seen numerous broken arms and broken noses where the driver was not holding onto the steering wheel properly."

Bynum said his current patrol car has been struck twice by deer. Both times, he had brought his vehicle to a complete stop and the deer ran into the side of his car.

If you cannot avoid a head on collision with a deer, Bynum advises you hold onto your steering wheel tightly, driving straight forward and riding out whatever happens. "Trying to dodge a deer at a high rate of speed can result in a rollover and

I've never seen the damage from hitting a deer as bad as a rollover," Bynum said.

More than one million vehicle-deer collisions occur each year in the United States resulting in more than \$1 billion in vehicle damage. The IIHS says three out of every four vehicle-animal collisions in the U.S. involves deer.

Texas Department of Public Safety Sergeant Lee Sneed in Fredericksburg said the state's newest road hazard has become feral hogs. "Unlike deer that will damage the outside of a vehicle, feral hogs will tear up the bottom of a car or truck."

Many vehicle-animal crashes are unavoidable, but recognizing the danger and being prepared can save lives.

Drivers are advised to scan roadways for deer; if at night, motorists should look for deer eye reflections. Passengers can help "keep an eye out for

deer."

Keep headlights on high beam as much as possible without blinding other drivers. When a deer is spotted, drivers should reduce speed but maintain control. Use emergency flashers or pump the brakes to alert vehicles approaching from behind.

Do not attempt to steer into oncoming traffic or veer off the roadway to avoid colliding with an animal.

If a deer is observed crossing the road, reduce speed. Deer are social animals and often travel in family groups, so it is likely that others will follow.

If you collide with an animal, immediately turn on your flashers and move onto the shoulder to avoid oncoming traffic.

Call 911 to report mishap and contact your insurance agent or insurance company rep to repair your vehicle.

### Fall Sausage Sale

This year, St. William Altar Society in Montague will hold its First Annual Fall Sausage Sale. Orders for sausage may be placed starting now and continuing through Nov. 15 for pick up at the parish hall Nov. 18 between 2 and 4 p.m.

You will be able to purchase the sausage in casings or in one-pound bags for breakfast patties. Sausage may be purchased for \$4 per pound by calling: Nelda Vicari, 894-6112; Melissa Tompkins, 894-6585; Patricia Vicari, 894-2679; Bonnie Hager, 894-3257; Evalena Fenoglio, 894-2006; Mack Fenoglio, 894-1722; Paulette Fenoglio, 894-2641.

Supply of sausage will be limited, so place your order early!

**TEEA Fall Bazaar**  
Montague County Extension Education Association (TEEA) is sponsoring the their Fall Bazaar on Saturday, Nov. 4

from 9 a.m. to 3 p.m. It will be held in the Legend Bank Community Room at 307 N. Mason in Bowie.

Crafters and artists from throughout the area who would like to participate can reserve their space by calling 940-894-2831, or go by the Cooperative Extension office, 1st floor in the Montague County Courthouse. Booths are \$10 each and free to senior citizens. Each vendor is asked to provide one item for the hourly drawing.

Lunch of soup and cornbread will be available for \$3.50.

Proceeds will benefit the 4-H and FCCLA members entered in the Montague County Youth Fair, and other community needs.

## Saint Jo hosts Festival this weekend

It will be a fun-filled day on Saturday, Oct. 21, at the Fall Festival and Scarecrow Festival on the Square in Saint Jo from 10 a.m. until 2 p.m. The Century Club and the Saint Jo Elementary PTO jointly sponsor this event.

The Scarecrow judging will take place on Saturday morning. There will be a 1st place prize of \$50, and a 2nd place prize of \$25. Wagon rides will be available so everyone can look at the scarecrows on display in Saint Jo.

The Saint Jo Elementary PTO has organized many fun activities for the kids. Each grade of the Saint Jo Elementary School has its own booth. All monies raised from these booths will be used to meet the needs of elementary school students. There will be a cake walk, football and washer toss, jail house, basketball game, face painting, duck pond, pumpkin shave, and penny toss. Tickets for the games will be sold at the Well on the Saint Jo Square on Saturday. There will also be vendors, both nonprofit and commercial, selling items on the Square. In addition to all of the above, the Century Club will hold a Silent Auction.

## DSHS offers these trick-or-treater safety suggestions for adults

- Accompany trick-or-treaters 12 and under.
- Look for a "flame resistant" label on costumes, etc. Use flame-resistant materials when making costumes.
- Be sure children carry only soft, flexible knives, swords, or other props.
- Set a time for the older children to be home. Know the route they will take.
- Never let a child go alone. Be sure at least 2 buddies go together.
- Never let children ride in backs of trucks. It is illegal.
- Keep jack-o-lanterns and lighted candles away from areas where costumes may come in contact with. Consider glow sticks for candles.

**CHALLENGE**

.....cont. from pg. 1

A commissioner has to address all the roads. After spending approximately \$700,000 last year under the road & bridge account, including dollars spent working on the exterior of the courthouse and new EMS station, this year's budget is \$1.1 Million. This is an over 50% increase in projected spending, again raising the taxes of the citizens of precinct 4. And for this \$1.1 million only \$75,000 will be spent on paving CR 409 and the Cler edition, and \$24,000 to replace a bridge on CR 406. The commissioner must see that our roads are safe and emergency vehicles can find those living outside the city limits. Road signs need to be replaced and bridges need to be marked.

**Some people think that the County Road & Bridges taxes should be split in a manner other than in equal four ways. What do you think and why?**

**Hess -** Road and Bridge money can be handled several ways. We now divide it equally between all 4 Precincts. This allows for each precinct to have the same amount of road maintenance and improvement. If it was divided by appraisal value, Precinct 4 would actually receive the second largest amount of tax money of the four precincts.

**Springer -** I have said that taxes paid by precinct 4 should stay in precinct 4. We have a fourth of the residents, pay a fourth of the taxes, and have just over a fourth of the roads. Under any of the three scenarios precinct 4 would receive a fourth. I haven't spoken to anyone that says our roads are perfect and we don't need the money. In contrast several precinct 4 residents have stated that they have been promised for years to have their road paved. Most of the people that want the taxes to be split other than equally call for this because their roads have been poorly maintained. If precinct 4 or 3 is found to have better roads on average than those in the East, then helpful advice should be shared so the efficiency of those road crews improves.

**In your opinion what, if anything, can be done by the Commissioners' Court to improve the County Jail and Sheriff's Department?**

**Hess -** The Commissioners' Court funds the Sheriff's Office and jail. A new Justice Center has been built (with

the passage of the jail bonds). It is the responsibility of the Sheriff to manage and maintain the jail and the sheriff's office. He is the official elected by the voters of Cooke County to run those two departments and to manage the revenue allotted for that purpose. In this budget we have allowed funding for more jailers in order to lease out bed space to other counties which will bring in additional revenue.

**Springer -** On the jail, the Texas Jail Commission (TJC) said how many jailers would be required when the facility opened three pods. The commissioners chose to ignore the TJC and understaffed the jail. The jail then failed certification because of the staffing level. As a result, the jail cannot take in outside prisoners as a source of income, something promised to the voters to help gain favor for a new jail during the bond election. Only after the jail failed certification did the commissioners vote to allow the sheriff to hire the additional jailers. As commissioner I will meet with the sheriff and his staff, something my opponent has chosen not to do, to understand the issues and assist him in executing an effective plan. At the end of the day the jail is still a business venture for Cooke County. I will work with the sheriff to make sure that it is run efficiently and that true cost and benefits are known and disclosed.

On the patrol side of the sheriff's duties I believe we are understaffed, at times having only one deputy to patrol the entire county. When someone is having their home broken into or a domestic violence dispute erupts, waiting for a deputy to drive from the other side of the county is unacceptable. Ranchers who are having their anhydrous ammonia stolen by the meth manufacturers can't have a deputy stake out the location because there are not enough deputies. This is a hidden tax: our county government is failing its citizens and we all pay Cooke County pays \$1,126 per case for court appointed attorneys, more than three times the state average of \$328. If Cooke County was average we would have saved over \$300,000 last year. I would take some of the money we should save just by being "average" and use it for additional patrol personnel. This solves a problem while

still reducing taxes.

**If re-elected, what do you think should be done for County roads in the next four years?**

**Hess -** I plan to continue the State-Federal Bridge Replacement Program in Precinct 4 which will allow for construction of up to five bridges already scheduled for replacement in the coming two years. Other plans I will continue is the repair and replacement of inadequate culverts to correct drainage problems on existing roads; pave more county roads to help prepare Precinct 4 for the impending future growth of our county, and continue with the same high quality general road maintenance of past years.

**Springer -** There needs to be a comprehensive one and four year plan put together with citizens' input. This plan continues to include a precinct 4 barn and a crew to work the roads of precinct 4. I am opposed to a one barn centralized county wide system. The plan needs to be more detailed than the current annual road report, which spells out less than 10% of the dollars being spent. Major projects like the new county barn should be discussed, determining why the need for it is greater than upgrading roads like CR 426, CR 442, and others which have been promised pavement for years but were never done. The total cost for a project should be disclosed. My opponent said at commissioner's court that the new precinct barn would cost \$150,000. The 10 acres of land cost \$50,000. The 6,500 sq ft structure has been estimated at \$130,000 (by a local contractor). This still leaves dirt work, gravel base, fence with razor wire, building three offices to ADA standards with concrete parking, moving equipment, files, supplies, and other items from the old barn to the new, cleaning up the old barn site, determining if the old site has to have environmental remediation (which if there are problems the cost could be substantial), and set up of the new barn. I know one thing: it cannot be done for \$150,000. If county workers are doing this, who will be maintaining the roads? And is spending money on this project more important than taking care of precinct 4 citizens and their roads? During the next four years I will meet regularly with the school district to understand what we can do to make the roads safer for the children of precinct 4 that ride the bus. I was pleased to hear that the day after I received the school bus routes, the road crew was out grading the routes. Poorly maintained school bus routes increase bus maintenance

costs and take money out of the classroom.

**As Precinct #4 Commissioner, what would you make your priorities for the County in the next few years?**

**Hess -** My priorities for the coming 4 years will be to continue to keep the county operating "in the black" as it has for the past 16 years. Law enforcement is of the utmost importance to Cooke County. As the budget allows, I plan to add more EMS Stations around the county as well as finish the Precinct 4 county barn facility and continue to work closely with the Volunteer Fire Departments. I will continue to work with the cities of the county to attract new businesses and industries to the county. I also plan to work to maintain the current county businesses. I intend to continue to lobby against un-funded mandates from state and federal government as well as the Trans Texas Corridor (TTC-35).

**Springer -** 1) Cut the waste in county government. The commissioner is the steward of the taxpayers' money. Allowing the cost for court appointed attorneys to skyrocket and awarding contracts without getting bids when cost is above state average are obvious examples of waste. 2) Reduce the massive increases in the tax burden. Taxes have doubled in the last six years and they have increased 270% in 16 years. Taxes have rapidly outpaced the salary increases of Cooke County residents. I will work to cut taxes and see that any tax increase in the future comes from new building growth. 3) Work with all those involved in law enforcement to make Cooke County a safer place to live. Our crime rate is up 67%, double that of Denton County, and as high as Dallas. We allow over 400 people charged with felonies to walk the streets while waiting for trial. Cases, some as many as nine years old, clog up the entire court system in Cooke County. This fosters repeat criminal activity. I plan to change this. 4) Support local businesses. Nortex was not asked to bid on the new county phone system and the bid for the EMS station did not require out of county bidders to bid work to local sub-contractors such as Hesse-Schniederjan. These companies provide jobs and pay county taxes. We must, at the very least, give them a chance to bid and compete. Finally we need to put the citizens' needs first. We need lower taxes not new windows. We need better roads, not a new barn. We need a safer county, not defending meth dealers at a cost that is three times the state average.

**What makes you proud**

**to be a resident of Cooke County?**

**Hess -** I have lived in Cooke County most of my life with the exception of the two years of service to the U.S. Army. It is a great county with many hard working people. Cooke County also has a wealth of historical value and is a great place to raise a family. I know, this is where I have raised mine.

**Springer -** When Lydia and I chose to leave the hectic pace and crime of the city several years ago, we could have moved anywhere. We chose to move back to Cooke County. We wanted our kids to learn the same small-town values and strong work ethic that had been instilled in us. From the success of the schools, to the friendly neighbors on an evening walk, we are so pleased to be part of this community. If elected, I pledge to do everything possible to make this county a place for all to live safely and proudly.

**Comments:**  
**Hess -** I would like to thank all the citizens of Precinct 4 for their support and help over the past 16 years and ask that you continue to support me in my bid for reelection.

**Springer -** At the July 24 commissioners' court meeting, late in the day when the reporters had returned to their office, my opponent and

the rest of the court voted to give themselves and other current employees a retroactive pension increase. This increased my opponent's pension for the last 16 years. The commissioners voted for this increase in the same year they voted themselves a 5% pay increase, even though our military only was given 2.2%. My opponent voted to greatly enhance his retirement package at the expense of the taxpayer. The cost of this retroactive pension increase is \$107,734 to the taxpayers for next year and creates a liability to the county of over \$1.5 million dollars in the future, per Amy Campbell of the Texas County and District Retirement System. A county employee, such as my opponent, is vested in the retirement plan after 8 years. When discussing the proposed pension increase my opponent stated, "I'd like to do something but I'm not sure this is the year to do it." He then voted for the retroactive increase.

I will put the taxpayers first, knowing that in a time of rising energy costs, we must do everything possible to keep from raising taxes. It is time for a change, time to address our skyrocketing taxes, time to address our growing crime problem, and time to put real business leadership onto the court. I would appreciate your vote on Nov. 7.

**10th Annual Halloween Hustle 5K Fun Run and Walk scheduled for Halloween weekend**

The North Texas Medical Center Foundation and 39 area sponsors will host the 10th Annual Halloween Hustle 5K Walk/Run on Saturday, Oct. 28. Funds raised go to the Foundation for purchasing medical equipment for NTMC.

Awards will be given to the top male and female finishers in each division and to the school district, business or organization, and church with the highest number of participants.

Runners and walkers are encouraged to register early to secure a lower entry fee and avoid race day lines, and the first 400 registrants will receive a Halloween Hustle T-shirt and goody bag. Participants may also win door prizes in a raffle immediately following the Hustle.

A registration form and all pertinent information is available online at [www.ntmconline.net](http://www.ntmconline.net), and at sponsoring businesses and the medical center's front lobby located at 1900 Hospital Boulevard off West Highway 82. To be considered valid, registration forms must be turned in with the appropriate fee and a signature made below the accompanying disclaimer. Entry fee is \$15 if post-

marked by Friday, Oct. 20, and will be \$18 through Friday, Oct. 27, with race day entries \$25. For student teams of 10 or more, the fee is \$10 per person, but registration forms must be submitted together to receive this rate. Only students are eligible for the discounted rate.

Group Rate is \$2 off entry fee per person with five or more participants submitting their registrations together prior to race day. Student teams are not eligible for group discount.

Packet pick-up will be Wednesday through Friday, October 25-27, at NTMC from 9 a.m. to 4 p.m. For additional information, interested parties can call the Foundation office at (940) 612-8610.

**Lockhart joins District Attorney's office**

Newly hired assistant district attorney of Cooke County, Joe Lockhart, comes highly trained for the job. Lockhart was formerly a prosecutor with the United State's Attorney's Office and formerly a prosecutor with the Tarrant County District Attorney's Office. Lockhart has also been a staffing attorney on the Court of Appeals in Fort Worth.

District Attorney Cindy Stormer states "It is official, I now have the two best prosecutors in the State of Texas working for the Cooke County District Attorney's Office. We have a total of 86 years of legal experience between the three of us."

Martin Peterson became the first assistant district attorney for the Cooke County District Attorney's Office in January of this year. Peterson was formerly an Assistant district attorney in Bosque, Hamilton, and Comanche counties.

# LIFESTYLE

## Tony and Thelma Trubenbach celebrate 70th anniversary

Family and friends gathered Saturday evening, Oct. 14 to share in the joy of celebrating the 70th wedding anniversary of Tony and Thelma Trubenbach. They were married Oct. 6, 1936 in Sacred Heart Church.

The celebration began with the 5 p.m. Mass in Sacred Heart Church, which was con-celebrated by Fr. Kyle Walterscheid and Fr. Ken Robinson. Mass servers were Eric Hellman and Chad Walterscheid.

The First Reading was given by Joie Reed, a niece. Toni Deweber, great-niece, gave the Second Reading. Cindy Stormer, niece, read the petitions. Offertory gifts were presented by great-great niece and nephews

Lacey and Levi Trubenbach and River Stewart.

Musicians were Christi Klement, Doug Yosten, Jim Endres, and Linda Flusche. Songs included "Holy God We Praise Thy Name," "Amazing Grace," "How Great Thou Art," "Only A Shadow," and "America the Beautiful."

At the Meditation, great-niece Ashley Hartman gave a history of Tony and Thelma's lives.

After Communion the anniversary couple stood in the aisle, where Fr. Ken gave them a special blessing. The congregation was asked to raise their hands in prayer during the blessing.

### RECEPTION

Following Mass, a reception hosted by the Karl and Richard Trubenbach families

was held in the KC Hall. Hors d'oeuvres were served to 160 guests.

The table holding the guest book was decorated with a dozen pink roses and candles, along with family photos. Also displayed was the wedding dress, which was made by Thelma 70 years ago. Tables were covered in white and silver, with lights, pink candles, and pink roses.

Guests were served a white cake with pink flowers and a chocolate cake decorated with their brand of T.

Tony Trubenbach Jr. was born to Tony and Lena Trubenbach on Oct. 5, 1915. Thelma was born to Conrad "Coonie" and Erna Fette on Aug. 4, 1914. They both grew up on farms, Thelma south of Muenster and Tony north of Muenster. They became friends when their classes in high school were combined and Thelma sat behind Tony. Their courtship began several years later.

Tony and Thelma were married the day after Tony turned 21, on Oct. 6, 1936.

Tony and Thelma Trubenbach

They were married at 8 a.m. in Sacred Heart Church on a Tuesday morning. Afterward they celebrated with a family breakfast that Thelma's aunts, Mrs. Henry Fette and Mrs. Gus Hellman, prepared.

In the first years of their marriage, they lived in various homes in the country. In 1950, after building a new home, they moved to town. Tony and Thelma opened Tony's Seed and Feed in 1952. Over the years, they have enjoyed traveling, going to various seed and cattlemen's conventions.

Faith has always been a big part of their lives together. They are still members of the church they grew up and were married in.

Family has been a big part of their lives together. Although Tony and Thelma had no children of their own, they have touched the lives of many children. Nieces and nephews, and great-nieces and nephews have always been welcome in their home, for many memorable and fun times.

Robert and Linda Tamplin of Lindsay announce the engagement and approaching marriage of their daughter Amanda Tamplin of Grapevine to Justin Lester of Carrollton. He is the son of Kim and Julie Lester of Carrollton. The couple plans to be married on Saturday, Nov. 25, 2006 at 5:30 p.m. at the Tribute Golf Club in The Colony with Ken Byrd officiating. Miss Tamplin is a graduate of Lindsay High School and the University of North Texas with a Bachelor degree in Insurance. She is employed as a claims specialist for Liberty Mutual. Mr. Lester graduated from Grand Prairie High School and earned a Master's degree in Accounting from Texas Tech University. He is an accountant for BDO Seidman. They will reside in Grapevine.

## Red Cross seeks people for local disaster training

Part of being prepared for a disaster is to know how to set up a shelter. With this in mind, the Red Cross will sponsor a training session on Saturday, Oct. 21 in Sacred Heart Community Center in the Snap room from 9 a.m. to 4 p.m.

Last year, when the fire at Nocona occurred, there was an evacuation. The Sacred Heart Community Center was chosen as the shelter. There were plenty of volunteers, but few were certified or knew the procedures for certain jobs. Volunteers who would like to help in future situations, should attend a Red Cross training session.

The ideal situation would

be to have enough certified volunteers from Muenster to set up and run a shelter in Muenster. It takes about 27 volunteers to set up and operate a shelter. This does not include all shift workers.

The class for the training session will hold approximately 24 people. For more information, call Kathy Vogel, outreach chairman, at 736-2215 or 940-902-9894.

### Smart watering tip

Cut back on routine pruning. Pruning stimulates new growth, and new growth requires more water. Only prune your plants when they wilt or leaves die out. Toro

## \$T. RICHARD'S VILLA NEWS

By Elfreda Fette

On Monday, Oct. 9, residents talked about the history of Columbus Day.

On Tuesday, Oct. 10 at 2 p.m., Anita Thayer and Mary Brown assisted the residents in making pumpkins and ghosts.

On Wednesday, Oct. 11, residents had their weekly popcorn feast and delighted in watching the movie "Funny

Face" with Audrey Hepburn. Also, at 6:30 p.m., Bonny Prescher & Friends were here to entertain the residents with singing.

On Thursday, Oct. 12, residents made a homemade peanut butter cake, and enjoyed eating it while visiting.

On Friday, Oct. 13, residents enjoyed an ice cream social and remembering where they lived as children.

Current events were discussed Monday, Oct. 16 at 9:30 a.m., a few mentioned were: the earthquake in Hawaii; the erection of concrete barriers by China between China and North Korea; sports news; New Orleans' trouble with wild animals in the city.

### Upcoming Events

Monday, Oct. 23 at 3 p.m., residents will discuss chores they were responsible for as children.

Tuesday, Oct. 24 at 3 p.m., Halloween crafts will be worked on.

Wednesday, Oct. 25 at 2:30 p.m. residents will enjoy popcorn and a surprise movie.

Thursday, Oct. 26 at 2:30 p.m. residents will be baking again, and then visiting while enjoying their creation.

Friday, Oct. 27 at 2:30 p.m., residents will have their monthly wine-tasting and cheese party.

Saturday, Oct. 28, at 10 a.m., residents will have Bingo for Halloween treats.

## ECl to observe 25th

Early Childhood Intervention (ECI) Texoma is celebrating their 25th Anniversary on Saturday, Oct. 28, Gainesville Leonard Park Pavilion, 11 a.m.- 1 p.m. All families who have received services and those families who are receiving services, professionals, friends, ex-ECI staff, and all other interested persons are invited to attend the festivities. Lollipop the Clown will be providing entertainment, as well as face painting. There will be pumpkin decorating and other activities for children. Free food and drinks will be on hand for everyone. Gilbreath Tank Trucks of Whitesboro is sponsoring the event.

# ELECT DREW SPRINGER

Republican for County Commissioner, Pct. 4

ISSUE	OPPONENT	SPRINGER
<b>Taxes</b>	Doubled in 6 years.	Cut the waste, cut the taxes. Any new taxes should only come from new growth.
<b>Spending</b>	A Million on the courthouse. \$300,000 more than the state average spent on court appointed attorneys.	Eliminate projects that don't solve our problems. Make changes in indigent defense to save taxpayer money.
<b>Crime</b>	Cut the DA's budget while over 400 indicted felons walk our streets waiting trial.	Spend a little to save thousands on jail housing and get the bad guys off the streets.
<b>Business</b>	Failed to work with one of the largest employers in Pct. 4 who now is opening a plant in another county. Has repeatedly failed to include local businesses in county bids.	Work with local business to support them and attract new businesses that provide good jobs. I will include local companies! Nortex was excluded from bidding on the new county phone system.
<b>Leadership</b>	Has not met with the sheriff and other departments to understand issues.	I will meet with all departments and make sure our tax dollars are being spent wisely.

Pol. Adv. Paid for by the Drew Springer campaign. Lydia Walterscheid Springer, Treasurer 320 E 4th Muenster, TX 76252

## MMH urges prostate cancer screening

By Yvonne Ambrose, FNP-C  
MMH Family Health Clinic

**New numbers for 2006**  
Almost 100% of men diagnosed with prostate cancer are still alive in five years (not including those who died from other causes). Over 90% of prostate cancer cases are found while the cancer is still either local or regional, and nearly 100% of these men are still alive five years after being diagnosed. In cases where the cancer has spread to distant parts of the body, 34% survive five years.

**What is prostate cancer?**  
Prostate cancer is a common, but usually slow growing cancer, compared to other types of cancer. Its growth is fed by, and generally depends on, male hormones. In most cases, prostate cancer is an adenocarcinoma, a cancer of the epithelial cells which compose the inner lining of glands.

**Who is at risk for prostate cancer?**  
For the general population, a man has about a 17%

chance of getting prostate cancer in his lifetime and a 3% chance of dying from it. Some men have a much higher risk, such as men with a father, brother, or other relative who has had prostate cancer, African American men, and Veterans exposed to Agent Orange.

**When should I get screened?**  
Two tests are commonly used to detect prostate cancer: a blood test, the Prostate Specific Antigen (PSA) test, and a physical exam, the Digital Rectal Exam (DRE). They are usually administered by your regular doctor. Men should start yearly screening at age 50. Men with one or more high risk factors should start yearly testing at age 45 or earlier. Some men choose to take a PSA test at age 40, to establish a baseline level for future comparison.

The MMH annual Health Fair on Thursday, Oct. 26 and Friday, Oct. 27, provides screening for \$15. Do yourself and your family a favor and get screened early and often.

## At the Circus

Scott Wood photos

The circus was in town recently, a fundraiser for the Muenster Kiwanis. Don't forget the Pancake Supper on Oct. 27

## Brittian celebrates 1st

Brittian Thomas Fisher celebrated his first birthday Sept. 30. He is the son of Bradley and Brandy Fisher. Brittian's party was at his home in Denton on his actual birthday. Lunch included hamburgers, hot dogs, potato salad, beans, chips, and dip. Cake was served, along with a special cake just for Brittian. Video and pictures were taken, and gifts opened.

Brittian's guests included his parents, grandparents Jack and Debbie Brittian, Anna Sevier, Phil and Tina Hughes, great-grandmothers Trudy Felderhoff, Dorothy Fisher, Dorothy Daugherty, aunts, uncles, and cousins Tommy, Dyan, Dylan, and Debra Huchton; Greg Fisher;

Al, Rachel, Sophie, Emma, and Jackson Pentico; and Brandy, Hailey, and Reannan Ryan. Unable to attend were grandparents David and Helen Fisher and Tommy Sevier.

Brittian Fisher

## Theresa Hermes is honored on 95th

Theresa M. Hermes was honored with a celebration of her 95th birthday on Sunday, Oct. 8. Her actual birthday is Oct. 20.

The noon meal was held in the beautifully decorated home of granddaughter John and Dana Walterscheid and family of Muenster. Children and grandchildren hosted the celebration and enjoyed a bountiful buffet. Tables were decorated with a fall theme. A colorful cornucopia graced the main dining table, and large pots of fall plants surrounding the outdoor area added to the gorgeous day's atmosphere.

Children attending were Dr. Cyril Hermes of Lake Dallas; Mark Hermes and wife Dolores, and their children Shelley and Chris Hermes of Woodbine and Karen Mendoza of Krum; Rosemary and Tom Dankesreiter of Muenster and their children Dana and John Walterscheid, Anne, Sara, Abby, and Lora, Cheramie Dankesreiter of Lewisville and Benjamin, Kathryn, and Matthew, Amy and Zak Struxness of Little Elm and Erin, Logan, and Jady Lynn, Tommy Joe and Sarah Dankesreiter and Alyson Grace of Lubbock; Ralph Hermes of Gainesville with children Jennifer and Jessica. Also Francis Hermes of Lindsay.

Everyone enjoyed reminiscing and listening to stories of Theresa's life and good times. Many pictures were taken, including generation pictures with grandchildren

and great-grandchildren, including the newest great-granddaughter Jady Lynn Struxness who was 10 days old.

After gifts were opened, "Happy Birthday" was sung by all and cake was enjoyed.

The beautiful day allowed outdoor games and provided unforgettable memories for all.

Son Randolph Hermes of Houston visited Sunday, Oct. 1, along with Loren and Weldon Bayer of Muenster and their children Emily, Corbin, and Owen.

Theresa Hermes

## Matinees set for seniors

Area senior citizens are invited to an afternoon of entertainment and fellowship by Pecan Creek Village, 1100 Lawrence in Gainesville. A matinee will be held every Wednesday from now until Christmas. Refreshments will be served.

On Oct. 18 the matinee will

feature "The Man Who Shot Liberty Valance", Oct. 25 "Fields of Dreams", Nov. 1 "The Long, Long Trailer". Future features will be announced.

Call Area Agency on Aging at 668-1858 if you have any questions.

## NEW ARRIVALS

Cole Dangelmayr

Walterscheid of Muenster and the late Hank and Marie Walterscheid, Herman Stoffels of Muenster and the late Alma Stoffels, and the late Herman and Elfreda Dangelmayr.

### Anderson

Joey and Crystal Anderson of Muenster are pleased to announce with joy the birth of their newest family member. He is Luke Owen Anderson who was born Aug. 7, 2006 at 6:21 p.m. in Wilson N. Jones Medical Center. He weighed 7 lb. and measured 19 1/2 inches in length. Luke joins his two proud, big sisters Shelby and Jessy Anderson.

Luke Anderson

### Dangelmayr

Glen and DeeDee Dangelmayr of Muenster are proud to announce the birth of their first child, a son, Cole Joseph Dangelmayr. Cole was born Thursday, Oct. 5, 2006 in Presbyterian Hospital of Denton at 9:56 a.m. He weighed 8 lb. 8 oz. and measured 19 inches in length. Grandparents are Nick and Robynn Walterscheid and Joe and Pam Dangelmayr, all of Muenster. Great-grandparents are Wendell and Rita Richey of Muenster, Louise

### Wildfire safety

Burning trash or brush piles - First, contact the Sheriff's department to alert them of the controlled burn. Avoid burning debris on dry, windy days. Burn debris in barrels with metal screens or in small piles in areas cleared of vegetation. Stay with the fire until it is completely extinguished. Have a shovel and water handy.

Texas Forest Service

## Whitley Klement turns two

Whitley Marie Klement, daughter of Kevin and Terri Klement, turned two years old on Sept. 23. She shares her birthday with her grandfather Jim Whitley and wedding anniversary of her parents.

On Friday evening, Sept. 22, Whitley celebrated at Chuck E. Cheese in Sherman with her parents, brothers Kyle and Kolby, grandfather Jim Whitley and Shirley Whitley. Whitley enjoyed the jungle gym and pizza. Gifts were opened and cake served. Whitley was surprised with a pink pedal car and pink retro tricycle!

On Sunday, Sept. 24, Whitley had a birthday party at her home. Lunch was served. It consisted of fried chicken, macaroni and cheese, Mexican salad, baked beans, and rolls. The theme was Disney Princess, with a beautiful cake made by Stephanie Heady. Cake and ice cream were served, and pictures were taken. Whitley enjoyed opening her presents.

Those attending were her parents and brothers; grandparents Tony and Sis Klement, and David and Helen Fisher; Godparents Uncle Roy and Aunt Carol Klement; uncles, aunts, and cousins Robert Klement, Peachie and Neil Huchton, Sydney Huchton, Dyan Huchton, Dane, Dylan, and Debra Huchton,

Connie, Craig, Emily, Sadie, and Andrew Stoffels, Jason, Monica, Cade, Addison, and Landry Huchton, Bubba, Melinda, Zachary, and Brianna Klement; friends Judy, Alley, Zach, and Carson Trubenbach, Glenn, Tracey,

Caleb, and Cameron Skrivanek.

Whitley's special gift from her parents and siblings was a Disney Princess white bedroom suite, including a "big girl" sleigh bed and Disney Princess bedding.

Whitley Klement

Authorized Agent

Cingular also imposes monthly a Regulatory Cost Recovery Charge of up to \$1.25 to help defray costs incurred in complying with State and Federal telecom regulation, State and Federal Universal Service charges; and surcharges for customer-based and reverse-based state and local assessments on Cingular. These are not taxes or government-required charges.  
Limited-time offer. Minimum \$4.99 data purchase required. Requires credit approval & Cingular GSM phone. Up to \$36 activation fee required for new service. Usage rounded up to the next full minute or kilobyte, at the end of each call or data session, for billing purposes. No early termination fee if service is cancelled within 30 days of purchase; thereafter, early termination fee: \$175 per phone. Independent agents may impose additional equipment-related charges. Cingular reserves the right to terminate your GSM Nation service if less than 50% of your usage over three consecutive billing cycles is on Cingular-owned systems. Customer must (1) use phone programmed with Cingular Wireless' preferred roaming database; (2) have a mailing address and live in the area in which the subscription is made. Coverage not available in all areas. See coverage map at store for details. Other terms and conditions apply. See store for details. © 2006 Cingular Wireless LLC.

# SCHOOL

## MISD Reading/English Language Arts scores are ranked first in Region XI

Muenster ISD is proud to announce a number one ranking in Reading/ELA when compared to the school districts in Region XI. There are 77 school districts in Region XI. The largest is Fort Worth ISD with over 79,000 students and the smallest is Sivel's Bend ISD with approximately 80 students. The region encompasses school districts such as Carroll, Grapevine-Colleyville, Lindsay, and Lewisville to name a few.

The 2006 TAKS passing rate for MISD in Reading/ELA was 99.04%. The top five in the Region are as listed: 1) Muenster; 2) Carroll; 3) Tolar; 4) Grapevine-Colleyville; 5) Aledo.

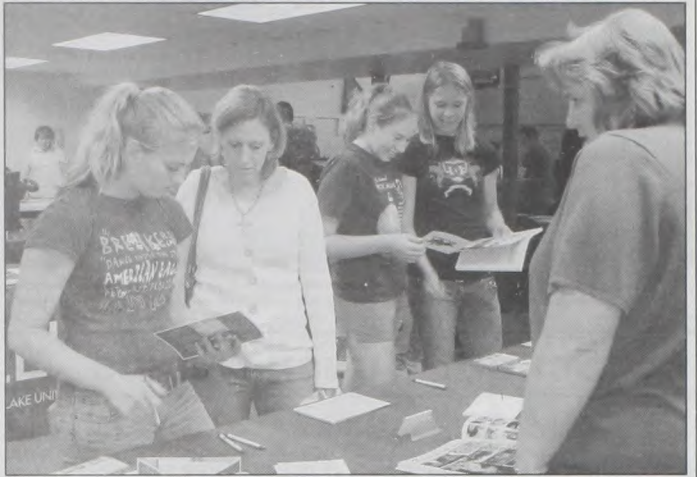

In other core areas of testing, MISD ranked very well. The Social Studies passing

rate was 97.05% which placed 3rd in the region. The top five are as listed: 1) Carroll; 2) Krum; 3) Muenster; 4) Grapevine-Colleyville; 5) Lindsay. Muenster ISD ranked 5th in mathematics with a passing rate of 91.87%. The top five are as listed: 1) Carroll; 2) Brock; 3) Aledo; 4) Morgan Mill; 5) Muenster. The Science passing rate was 88.54% which placed 7th in the region. The top 10 are as listed: 1) Carroll; 2) Lindsay; 3) Alvord; 4) Argyle; 5) Grapevine-Colleyville; 6) Aledo; 7) Muenster; 8) Aubrey; 9) Grandview; 10) Paradise.

Muenster Jr High/High School Principal Curtis Eldridge and Elementary Principal Lou Heers stated, "We are very proud of our students and teachers. We are continually working as a team to

meet the needs of our students as the Texas accountability standards continue to increase. The curriculum standards for the future continue to increase with four years of Math, Science, Social Studies, and English being mandated for this year's eighth graders when they enter high school. Meeting the needs of our students will require an additional science lab, computer lab, and classrooms. These facility needs are included in the proposed bond along with a cafeteria. The proposed bond is a common sense approach to meeting our academic and facility needs. Providing for our students is a top priority at MISD. We are fortunate to have the students and staff that are so dedicated to staying at the top of the academic rankings."

## NCTC hosts College Night

NCTC hosted a College Night Monday for high school students interested in continuing their education. Numerous colleges, along with NCTC, had information booths set up. In attendance included, from left, Lindsay senior Kaileigh Hess, Tonya Hess, Sacred Heart senior Dainah Hartman, and Muenster senior Jessica Hartman. *Janie Hartman photo*

## Muenster Elementary hosts grandparents

Muenster Elementary celebrated Grandparents' Day on Friday, Sept. 15. Elementary students had their grandparents (or parents) eat lunch with them. An overflowing group enjoyed a meal prepared by the cafeteria staff. *MISD photo*

## Lindsay High announces two Commended Students

Principal Phillip Hall of Lindsay High School announced that Karissa Reiter and Laura Zimmerer have been named Commended Students in the 2007 National Merit Scholarship Program. Reiter is the daughter of Lloyd and Mary Reiter, and Zimmerer is the daughter of Rudy and Claudia Zimmerer. A Letter of Commendation from the school and National Merit Scholarship Corporation (NMSC), which conducts the program, will be presented to these scholastically talented seniors.

About 34,000 Commended Students throughout the nation are being recognized for their exceptional academic promise. Although they will not continue in the 2007 competition for Merit Scholarship awards, Commended Students placed among the top 5% of more than 1.4 million students who entered the 2007 competition by taking the 2005 Preliminary SAT/

National Merit Scholarship Qualifying Test (PSAT/NMSQT).

"Recognition of academically talented students and the key role played by schools in their development is essential to the pursuit of educational excellence in our nation," commented a spokesperson for NMSC. "The young

people being named Commended Students have demonstrated outstanding academic potential by their strong performance in this highly competitive program. We hope that this recognition will help broaden their educational opportunities and that they will continue to pursue scholastic excellence."

## VFW Ladies Auxiliary bake sale is success

At the regular meeting of Ladies Auxiliary VFW Post #6205 on Oct. 16, a report on the very successful bake sale was given by President Frances Bayer. The proceeds go to cancer aide and research, and local projects.

Members took part in a short school of instruction led by the president. The officers were reminded of their obli-

gations as officers. The Auxiliary is still collecting Campbell soup UPC bar codes. Oct. 23 is "Make a Difference Day." Members voted to give a donation to the Muenster Public Library.

A favorable report was given by Agnes Hesse, who reported that the books were audited and in order.

In Lieu of Christmas Cards will be sponsored by the Auxiliary again this year. Contact Juanita Knabe at 759-4284 or Frances Bayer at 759-4362. Mary Lee Hennigan served lunch to 13 members.

The next meeting of the Auxiliary will be Nov. 20 in the Post Home at 7:30 p.m.

## Yard note

What are the benefits of a mulching mower?

Mulching mowers return grass clippings to your lawn. The benefits are many. The clippings serve as fertilizer and help retain and conserve needed moisture, giving you a healthier lawn. You'll save time, because you won't have to stop to empty the mower bag and don't need to fertilize as often. In addition, you'll save money on both clipping disposal and fertilizer costs. If you mow on a regular basis, a mulching mower would be very beneficial to your lawn. *Yardcare.com*

Fri. - Hamburgers, sliced cheese, potato wedges, trimmings, ice cream.

### Smart watering tip

If you use a hose and portable sprinkler, buy a hose end timer to regulate your watering time. *Toro*

## SH Machinators readies for the Howe High School competition

The time is finally here for the Sacred Heart Machinators to compete in the annual North Texas Boosting Engineering, Science and Technology (NT BEST) competition. On Saturday, Oct. 21, the Machinators will travel to Howe High School to compete against other teams from the Sherman-Denison area.

Once again, the Machinators are competing for both the Robot award and the BEST award, which requires an engineering

notebook and an oral presentation. The competition commences at 8:30 a.m. and everyone is strongly encouraged to come to the competition and cheer the Machinators on, because team spirit is one of the major components of the BEST award. If they place in the top two positions, in either category, they will advance to the Texas BEST competition at Texas Tech University on Dec. 1.

Last Saturday, Oct. 14, the Machinators were able to test their robot during Mall Day at Midway Mall in Sherman. It was soon apparent that they have one of the fastest moving robots in the competition, and the future of the Machinators' robot looks hopeful!

The Machinators have spent six weeks preparing for Saturday's day long competition and are ready for anything coming their way!

## Follow Halloween safety

DSHS offers these safety tips for children:

- Look left, right, and left again for cars and trucks before crossing the street. Keep looking both ways as you cross the street.
- Walk on sidewalks. If there is no sidewalk, walk on the far left side of the road facing traffic.
- Walk, don't run.
- Don't cut across lawns or go through backyards, parks, and alleys.
- Don't hide behind cars or cross the street from between parked cars; go to a corner.
- Never accept rides from strangers or take treats from someone who's in a car or truck.
- Use a flashlight with fresh batteries or carry a glow stick.
- Wear light-colored costumes and put reflective strips on them. Be sure costumes are short enough so you will not trip.
- Use face paint rather than a mask or hood that covers your eyes.
- Wear comfortable shoes that fit. High heels or big floppy shoes are not safe for walking.
- Stay away from lighted candles, matches, and open fires.
- Be careful around animals. Even pets you know may be scared by costumes and loud or strange noises.
- Trick-or-treat only at houses where you know the people and then only if the porch light is on.
- Don't eat any treats until they are checked by an adult.

## Frankenstein seen at NCTC

The characters in NCTC Drama's production of "Frankenstein" must face their fears and the Creature. Performances are scheduled on Oct. 27-28 at 7:30 p.m. at NCTC's First State Bank Center, with a special midnight show set for Oct. 28. Cast members include, from left, Bryan Patrick, Phyllis James, Ashley Watson, Kendall Butler, and David Gentry. For reservations call 668-3355.

## Get the most out of your Medicare

Medicare's open enrollment starts Nov. 15. Now is the time to evaluate your current plan has it met your needs this year? Medicare recommends taking

this quick Rx Enrollment Check-up. If you are satisfied with your plan, you do not have to do anything to re-enroll. Take a few minutes now and ask yourself these three questions:

**COST:** Will your premium and costs change in 2007?  
**COVERAGE:** Do you need more coverage in 2007? Will the prescription drugs you take be covered by your plan in 2007?

**CUSTOMER SERVICE:** Are you satisfied with your plan's service?

Important Medicare enrollment dates: mid-October - prepare, compare plans on [www.medicare.gov](http://www.medicare.gov); Nov 15 - open enrollment begins; Dec 31 - open enrollment ends; Jan 1 - coverage begins.

Enroll early to make sure you can get the prescriptions you need on Jan. 1.

Medicare is there to help you on line, on the phone, or at events in your community. You can also call the plans directly for more information. [www.medicare.gov](http://www.medicare.gov) 1-800-MEDICARE TTY 1-877-486-2048.

## Eagles fly over JV Hornets

The Muenster Junior Varsity Hornets were handed a 28-0 loss from the Eagles of Valley View.

Jeremy Lutkenhaus booted the opening kick. Three plays later, the Eagles scored.

Muenster started their first drive on the 20 yard line. Runs by Corey Sicking and Chris Valliere gained 10. Three plays gained only 6 more and the Hornets punted.

Tackles by Andrew Koelsler and Allen Fette forced an Eagle punt. Muenster carried the ball into the 2nd quarter and punted. Valley View returned the punt 55 yards to increase their lead 14-0 with 9:10 on the clock.

After gaining no yards, the Hornets again punted. The Eagles controlled most of the remaining time. A short 10 yard punt put the Hornets on the Eagle 28. But a fumble returned the ball to Valley View. Getting tackles were Taylor McGrew, Sicking, Fette, Lutkenhaus, Koelzer, Levi Trubench, Aaron Flusche, and Eric Hellman.

Muenster took the 3rd quarter kick, but two flags, and two short runs were followed by an interception. Five plays later, 20-0.

Trubench took the kick at the 15 and returned it to the 32. Two quarterback sacks forced a punt that rolled across midfield. Missed tackles allowed the Eagles to get to the Hornet 5 yard line. Tackles by Koelsler and Hellman delayed the Eagles, but they scored on an 8 yard run with 9:10 remaining in

the 4th quarter. The PAT gave Valley View a 28-0 lead.

T.J. Acuna returned the kick 14 yards, but the Hornet offense gained only a yard and punted again. Valley View fumbled their next play. Steven Valliere recovered the ball near midfield.

A Trubench to Hellman pass picked up 12 yards. C. Valliere, Sicking, and Trubench picked up 15 more to the Eagle 27. Four plays later, Valley View took the ball on downs. Two Sicking tackles and a sack by Lutkenhaus forced the Eagles to punt.

From their 37 yard line, Sicking ran for 10 yards, with three Trubench runs moving the ball to the Eagle 43 before the last seconds ticked off the clock.

Levi Trubench led Muenster's rushing game with 12 carries for 40 yards. Corey Sicking gained 20 yards in five attempts.

## Cubs over Mustangs

The Sacred Heart Cubs took a 36-12 victory from the Mustangs of St. Mary's last Thursday. The Cubs scored early on their first possession.

Two runs by Zach White picked up 16 yards. A Matt Hesse to Ryan Felderhoff pass gained 7 more yards, then White 3 to the 34 yard line. Hesse then scored with 6:08 on the clock, and ran in the extra points for an 8-0 score.

Tackles by Austin Miller, Hesse, White, Bob Bartush,

Turtle Hill Golf Course north of Muenster was the location for the Chamber of Commerce Golf Tournament. On the back nine, a view from tee box 11.

## Birds out-fly Stingers

The 8th Grade Muenster Stingers hosted the Valley View Birds last Thursday. The Muenster defense had a hard time containing A.J. Kassen who freely broke tackles and soared downfield for big plays.

Garrett Walterscheid's opening kick rolled to the 2 yard line and was returned to the 12. Three plays later, 8-0.

A fumbled return put Muenster on their 37 yard line. The first play was intercepted by Kassen. Four plays later, 14-0.

The Eagle kick was covered by Aaron Grewing on the Hornet 39. Two runs by Walterscheid gained 4 yards, followed by a Shane Presnall run to the Valley View 39. A sack lost yards, but a Presnall to Walterscheid pass picked up 11. A 4th and 1 play was a loss and the Eagles took over on downs.

The 2nd quarter started with a fumble covered by Tanner Silmon. Two plays later, Valley View recovered a fumble. The Eagles got in eight plays before Jason Luke intercepted a ball and returned it to the Hornet 34 yard line.

Luke then ran for 12 yards. A Walterscheid to Presnall pass gained another 12, followed by a Walterscheid to Phillip Vogel pass for 23 yards to the Eagle 16. Short runs by Walterscheid and Luke and a Walterscheid to Presnall pass put the Hornets on the 1 yard line. Walterscheid charged up the middle to the end zone. Walterscheid also scored the extra run for a 14-8 score with 21.7 seconds remaining in the 1st half.

After a good return, Kassen scored on a 57 yard run and

added the extra points for a 22-8 halftime score.

Walterscheid returned the 3rd quarter kick to the 46. Seven runs by Walterscheid, Dalton Koelzer, and Luke took the Hornets to the 3 yard line. With 4:26 on the clock, Koelzer scored. The PAT failed for a 22-14 score.

The Eagles carried the ball into the final period, taking 14 plays to get to the Hornet 10 yard line. An end zone pass on 4th down was broken up by Jason Luke and the Hornets took the ball on downs.

Muenster couldn't get out of the red zone and the Eagles were given possession 23 yards from the end zone. With 49.7 seconds on the clock, the Eagles scored again. Luke stopped the extra run for a 28-14 score.

The Valley View kick was returned 80 yards by Garrett Walterscheid for a touchdown. The PAT failed for the final 28-20 score with 35.7 seconds on the clock.

The Eagles covered an onside kick, then took a knee to end the game.

**RUSHING:** Garrett Walterscheid, 13/44; Jason Luke, 4/24; Shane Presnall, 3/14; Dalton Koelzer, 3/10.  
**TACKLES:** Garrett Walterscheid, 10; Spencer Njelsen, 9; Jason Luke, 9; Dalton Koelzer, 6.

### Just a thought

There is a rainbow after every storm.

We do not remember days; we remember moments.

May I never miss a rainbow or a sunset because I'm looking down.

## C of C Golf winners

The 3rd Annual Muenster Chamber of Commerce Golf Tournament was held Sunday, Oct. 1 at Turtle Hill Golf Course. The original date of Aug. 27 was rained out. Seventeen teams participated.

Tournament winners were as follows:

**First Flite:** 1st place, Darren Walterscheid, Steve Chism, Brent Hess, Rusty Saucer; 2nd place, Willie Walterscheid, Frank Hess, Robert Taylor, Justin Kupper; 3rd place, Dan McGrew, Tom Bender, Scott Bennett, Al Brock.

**Second Flite:** 1st place, Dr. Edd Advincula, Larry Pribble, Jimmy Dale, Steve Jones; 2nd place, Ben Bindel, Roger Endres, Bill Hogan, Danny Walterscheid; 3rd place, Cory Klement, Weldon Turner, Richard Alawood, Rodney Fleenor.

Fantasy Golf game winners were: 1st, Ross Felderhoff; 2nd, Richard Alawood; 3rd, Shawn Flusche.

## Muenster Stingers in 0-0 tie

The Muenster Junior High 7th Grade Stingers settled for a scoreless tied ball game last Thursday against Valley View. Muenster ran for 86 yards and passed for 40, but couldn't get into the end zone.

The Valley View Peepers got in several plays before tackles by Darrin Springs, Chase Hammer, Blake Grewing, Luke Crabtree, Shane Sicking, and Daniel Fleitman made the Birds punt.

Hammer ran three plays and picked up 11 yards, and Tyler Anderle 6 yards before the 1st quarter ended.

A 4th down fumbled play gave Valley View the ball on downs. The Peeper offense struggled, losing the ball on downs, giving the Stingers possession on their 27. Hammer ran for 8, then an Anderle to Blake Voth pass picked up another 20 to the Valley View 46.

A quarterback keeper by Anderle got a 1st on 4th down to keep the drive going, but a sack and two incomplete passes stopped Muenster on the 28 with 10.6 seconds on the 1st half clock.

Starting the 3rd quarter on their 12 yard line, Muenster gained 23 yards by Hammer and Anderle before getting hit in the backfield and punting.

The Peepers carried the ball into the 4th quarter when a pass broken up by Anderle gave Muenster the ball on their 30 yard line.

A flag, three Anderle runs, and an Anderle to Shane Sicking pass moved the Stingers to the Valley View 21 yard line. Two quarterback sacks lost 10 yards and the Birds got the ball on downs. Anderle caught a runner in the backfield for a 6 yard loss. The Birds got in a 20 yard run, but the last play of the drive was an interception by Jace Wann with 12.4 seconds on the clock.

A wobbly Muenster pass was then picked off by Valley View. An incomplete pass ended the game.

**RUSHERS:** Chase Hammer, 10/38; Tyler Anderle, 15/34. **RECEIVERS:** Blake Voth, 1/20; Shane Sicking, 1/20. **Interception:** Jace Wann. **TACKLES FOR LOSSES:** Hammer, Caleb Winters, Luke Crabtree, Anderle.

## Play for the Commandments

Golfers will have an opportunity to enjoy a day of golf while helping with a good cause. The Muenster Knights of Columbus are sponsoring a golf tournament on Sunday, Oct. 29 for Project Moses, a large monument with the Ten

Commandments inscribed on it.

The four-man scramble will be played at Turtle Hill Golf Course with a noon starting time. Entry fee is \$240 per team. Call Bill Hogan 768-9070 for more information.

## Knights squeeze past Era

The Era Hornet offense controlled the 1st half of the District match with the Lindsay Knights, taking a 20-9 lead into the locker room at halftime. The Knights made some adjustments and outscored the Hornets 35-19 the 2nd half to take home a 44-39 victory.

"Our guys played hard. They fought and fought and never gave up," said Coach Cody Bounds. "Era came out and played extremely hard. They were fast and took advantage of turnovers. We had bad stuff to begin with, but were able to out-score them at the end."

The Hornets received the opening kick, then took only five plays to score. A Cody Huddleston pass to Cory Grassman gave Era a 6-0 lead with 9:12 on the 1st quarter clock.

Keith Hermes got an 18 yard run, but the drive ended with a fumble the next play, covered by Era. The Hornets got to the Knight 20, but pressure on the quarterback by Josh Jones caused an interception by Travis Endres and Lindsay had the ball on the 14.

Lindsay did not take advantage of the turnover, quickly giving the ball back to Era with a fumble. The Hornets got to the 10 yard line, but two tackles by Levi Hermes were followed by an interception by Nick Bezner on the 5 yard line.

The Knights gained only a yard and punted. Defensive plays by L. Hermes, Johnathan Zimmerer, and Mason Ward forced a punt on 4th and 19. The kicked ball touched a Lindsay player and Era covered the ball on the Knight 32.

The Hornets carried the ball into the 2nd quarter.

With 10:22 on the clock, Huddleston scored from the 7 yard line. Chaz Jarvis ran in the extra points for a 14-0 score.

The Knights' next drive began on their 46 yard line. Short runs by K. Hermes and Nathan Martin, and a completed pass to Endres moved Lindsay to the Era 11. A Hermes to Hermes pass was good for a Knight touchdown. The PAT failed for a 14-6 score with 6:30 on the clock.

Era's first snap was fumbled and covered by Ward to put the Knights 17 yards from paydirt. Runs by K. Hermes, Endres, and Martin made 10 yards. A sack lost 6, so on 4th and goal, Dustin Neu kicked a 26 yard field goal to close the score to 14-9.

The Hornets came back and scored six plays later on a 12 yard pass play from Huddleston to Grassman. Jones stopped the extra run for a 20-9 score with 42 seconds remaining in the 1st half.

Mistakes continued to cause problems for Lindsay as the 3rd quarter began. A fumble ended the Knights' first possession after two plays. Era took advantage of the turnover, moving to the 4 yard line in eight plays. Huddleston's touchdown gave Era a 26-9 lead with 6:45 on the clock.

From their 24, the Knights pounded away at the Hornet defense. Short runs by Endres, K. Hermes, and Martin were topped by a 33 yard pass play to Garrett Block. With 3:33 on the clock, Block ran in from the 28 yard line for 6 points, to close the score to 10, 26-16.

Three Jarvis runs later, Era was up 32-16.

From midfield, a K.

Lindsay touchdowns! Above, Levi Hermes (28), and at left, Keith Hermes fights for the final winning score. Rudy Hess photos

Hermes to Endres pass quickly moved the Knights to the 11 yard line. K. Hermes then found paydirt and added the extra points for a 32-24 score with 1:43 remaining in the 3rd quarter.

Era carried the ball into the final period, but the Knight defense shut them down. A 39 yard run by K. Hermes took Lindsay to the Era 8 yard line. Block picked up 2 more, then a K. Hermes to Endres pass was good for a touchdown. The PAT run failed and Lindsay trailed 32-30 with 7:52 remaining in the game.

Tackles by Martin, Bezner, and Ward held the Hornets temporarily, but Jarvis broke for a 43 yard scoring run. The PAT kick extended Era's lead 39-30 with 4:45 on the clock. A fumbled play, followed by a 14 yard pass to Jones and a flag passed the Knights on the Era 25. Another K. Hermes to Jones pass was good for a touchdown. Neu's PAT kick closed the score to 39-37 with 3:44 remaining in the game.

Era quickly moved into scoring range with a 51 yard run. Tackles by Martin, Justin Caillier, Jones, Ward, and Bezner put the Hornets in a 4th and 13 situation. The drive ended when Era was caught in the backfield by Ward, and Lindsay took the ball on the Era 35 yard line. A Hermes to Endres pass picked up 23 yards. Three Hermes runs and a pass to Endres put the ball on the 10 yard line. Martin gained 3, and Hermes ran the ball in for a touchdown. With 29 seconds remaining in the game, Neu's PAT kick gave Lindsay a 44-39 lead.

### Next Action

The Knights will host the Muenster Hornets this Friday night in an important District/County rivalry match.

"It's an honor to coach in this rival game," said Coach

Bounds. "The Muenster coaches and players do an excellent job. They have a strong program with outstanding players. The question is, can we stop them? It will be a big challenge for us." Game time is 7:30 p.m.

## Lindsay runs at Era Cross Country Meet

Chelsea Hermes brought home another 1st place medal last Saturday as she won the Girls Varsity division at the Era Invitational Cross Country Meet. Chelsea crossed the finish line at 12:27.

Katelyn Brewer followed in a close 3rd place with a time

Katelyn Brewer above and below Bernhard Gabriel.

### Lindsay Jr. Hi. wins Era Meet

The Lindsay Lady Squires brought home the Championship from the Era Cross Country Meet last Saturday. The junior high champs scored 41 points. Sanger followed with 53, Muenster 68, Gunter 70, Era 155, and Collinsville 237.

Kelsey Hermes was the 1st place finisher with a time of 13:01. Other Lady Squires placing were: Megan Caillier, 5; Bethani Eberhart, 9; Jessica Block, 11; Jordan Fleitman, 15; Katie Nortman, 24; Alie Fogle, 27.

Others running were Stephani Zwinggi, Alyx Ethington, and Taylor Atkins.

Two Squires also ran. Thomas Rohmer finished 8th and Austin Hermes 13th.

## Lady Knights fall on court

The Lindsay Lady Knights fell once more on the volleyball court as Collinsville handed Lindsay another loss.

"We played well the first two games, but in game three I think we lost focus," commented Coach Don Neu on the Lady Knight 15-25, 17-25, 5-25 loss. "We are doing some of the little things better."

Autumn Murrill, Madisen Burrows, Katelyn Brewer, and Rachel Skinner were 100% serving the ball. Brittany Anderle had four kills and six blocks. Chelsea Hermes got eight digs, Burrows three kills and four assists, and Murrill five assists for Lindsay.

When the Lady Knights were challenged by Savoy, they lost 23-25, 13-25, 25-20, 17-25.

On Friday the 13th, the Lady Knights lost another match with Trenton, with scores of 15-25, 19-25, and 18-25.

Anderle had six kills and five blocks. Hermes is credited for five kills and two blocks. Burrows had nine assists.

The JV volleyball team also lost to Collinsville, but in a tighter game. "We played well. We are starting to get more sets in each game," noted Coach Robin Hess. "The girls are improving every game they play." The score was 24-26, 25-18, and 27-29.

"Serving and loss of focus were keys to the loss," said Coach Hess on the 24-26, 25-15, 23-25 loss to Savoy.

# FARM & RANCH

## Bioenergy offers increasing economic opportunities for rural communities

The bio-based economy is one of the greatest opportunities rural Texas has to cash in on a national trend, said Bryan Daniel, U.S. Department of Agriculture state director of rural development.

In the last three years, biodiesel production has increased fourfold, to 91 million gallons, and is expected to continue to increase fourfold again in the next year, Daniel said. He was in Amarillo for the "Revitalizing Our Rural Economy - Phase II" meeting.

"More than 4 billion gallons of driving ethanol was produced in the last year, zero of that from Texas," Daniel said. "It's an unbelievable opportunity and we're only beginning to take baby steps to get involved. It's not too late, but we're behind."

Currently, it costs about \$80 million to build a plant and the complete financing can't come from the federal government, he said. Rural communities should look for funding from a variety of sources.

USDA's rural development office has 43 different loan and grant programs, but money needs to be directed to projects that provide the best return on the investment.

"We need a return that is not measured in dollars," Daniel said. "We need two things: increased economic opportunity for rural communities and improved quality of life."

Texas has 5 million people living in the 80% of the state which is rural, he said.

"There are counties here where cattle outnumber people," Daniel said. "But that's OK, because that's money ... more money than we've thought, because of the potential biomass-to-energy industry."

According to Daniel, a forward-thinking community must do three things:

- Maximize resources to the fullest extent.
- Make investments in infrastructure. These should

include health care, schools, libraries, ambulance service, rail spurs - things that make a business want to relocate there.

"Focus on the future, not the past."

"In the past, the thing that has really held up progress when businesses were looking to establish in a community is there was no health care for employees, no jobs for the spouses, and the schools weren't adequate," Daniel said.

The other problem was a community-wide focus on the glory days of the town's past, he said.

Instead, Daniel said, focus on current available resources and go from there.

A new plant will generate an estimated \$141 million in construction turnover the first year, an estimated \$120 million a year after that, and 41 "pretty good" jobs after that, he said.

"So what's holding us back?" Daniel asked. "The fundamental question we have to answer is, are we going to get in the driver's seat and participate, or are we just going to be a vendor and sell to someone else."

This rural economic development mix is bio-based transportation fuels, livestock and dairy residues and bio-conversion, wind energy, crop production residues and bio-conversion, and specialty crops or special uses for traditional crops, said Steve Gens, head of the Biotechnology Initiative at West Texas A&M.

Committees listed areas of concern during the meeting, Gens said, and determined the goal areas are: to develop specialty feedstocks, build processing facilities, ensure adequate transportation, develop energy storage, determine water use/availability, and establish marketing and economic development.

"The next step," Gens said, "is for the workgroup members to meet several times in the next couple months to analyze the full committee's recommendations, identify the best rural development

opportunities and develop the necessary business plans to create viable commercial activities."

The staff of the West Texas A&M's Small Business Development Center and the West Texas A&M Enterprise Network, along with USDA Rural Development and the Texas Department of Agriculture, will work with these groups in business planning and grant writing, Gens said.

### Online image gallery helps identify plants

When trying to identify plants, landowners and managers in Texas and Oklahoma can rely on the Noble Foundation's online Plant Image Gallery at www.noble.org/imagegallery.

Advertisement for Farm Bureau Insurance. Features a family photo, the Farm Bureau Insurance logo, and contact information for Muenster (940) 759-4052 and Gainesville (940) 665-1763. Text includes "Auto • Home • Life" and "In good times and in bad we've stayed with you."

## Wildlife management new textbook

The new textbook, Urban Wildlife Management, may be something to crow about. The book is "the first comprehensive text to examine the issues that have led to the need for human-wildlife interface management strategies," according to the publisher, CRC Press.

The 330-page book, derived from more than 500 mostly peer-reviewed sources, is divided into six major components: the new wildlife management paradigm, landscapes, ecosystems, habitats and hazards, sociopolitical issues, and special management considerations.

Of interest beyond university classes, Adams noted, may be the job description for an urban wildlife biologist as cities become more aware of the need for such well-educated personnel.

The book includes the history of wildlife management in the U.S. and

sets the scene for changes in human demographics that are impacting wildlife, he said. Perspective essays and case studies are provided to demonstrate both positive and negative interactions between people and wildlife. One of these is an essay about the importance of cemeteries with their numerous varieties of old and well-kept plants for birds.

It also describes how wildlife can lead to adverse situations such as overabundant populations of coyotes that may prey on pets, or the threat of contracting avian influenza from migrating birds, he noted.

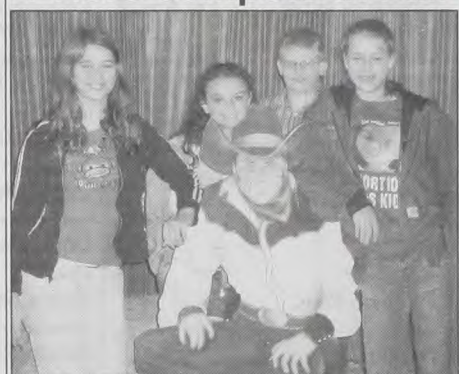

For more information about the book, see http://www.crcpress.com or call 800-272-7737.

## Crabtree shows at Fair

Muenster FFA member Paul Crabtree showed his heifer at the State Fair of Texas earlier this month. The heifer was purchased after Crabtree won a calf scramble last year. His calf placed 6th in the Maine-Anjou class. Courtesy photo

## 4-Hers compete at Fair

The Cooke County 4-H Junior Dairy Judging team participated in the State Fair of Texas Dairy Judging Contest Oct. 15. Team members are, from left, Rose Wyrick, Paige Dill, Aaron Fleitman, and Amelia Wyrick. The team placed 20th in the competition against older senior 4-H and FFA teams. Courtesy photo
