

## Hospital District Board plans for capital improvements

**By Janet Felderhoff**  
Muenster Memorial Hospital's Board of Directors held the first of two required public hearings on its proposed budget and proposed tax rate which will increase tax revenues. The meeting held Thursday, Sept. 6 had only one person attend other than the Board and the media. No comments were made by the public.

With the proposed tax rate of \$0.188900 per \$100 property valuation, the tax revenue would be \$609,035. The adjusted tax base is \$315,191,078 and the rollback rate is \$0.2127.

MMH Administrator Lynn Heller explained, "The valuations went up real high. We are proposing a lower tax rate, but it would still bring in more revenue. Last year's tax rate was \$0.1899 with an adjusted tax revenue of \$507,007.00. Total tax revenue increase with the proposed rate would be 17.475124%.

Over the last several years, the Board has decreased the tax rate, while seeing an increase in tax revenue due to the increasing tax base. See related chart.

Estimated capital expenditures total \$429,000. They

include roof repair estimated at \$200,000; HVAC renovation at \$25,000; planning project \$50,000; computers \$15,000; electronic medical record system \$75,000; heliport completion and parking lot \$12,000 each; Clinic renovation \$30,000; and generator \$10,000. "We've neglected the Hospital for some years now," commented Board member Angelo Nasche. Heller said, "We just didn't have the money to keep it up like they needed to. We're getting an opportunity here to do something." Increase in valuation was dis-

## City adopts budget and \$0.34 tax rate

**By Janet Felderhoff**  
Muenster City Council members met on Tuesday, Sept. 4 to adopt the FY 2007-08 budget and set a tax rate to fund it. "We had our workshop setting up those changes we thought were prudent and Stan has come up with a revised budget with those things that we talked about," remarked Muenster Mayor John Pagel. "We're looking at a short of \$98,465.00 in the General Fund and \$225.00 short in the Water and Sewer Fund."

Pagel said that this year's budget includes \$15,000 for a new fence in front of the City Park, capital improvements in the Street and Water Departments of \$10,000 each, with \$20,000 allowed for a new vehicle as the need occurs, wage and salary increases of 3 1/2%, and \$220,000 for street repairs and street paving. "Time will tell if we can get that much done in a summer program," said Pagel.

City Manager Stan Endres added, "The only reason I put all that additional money in the paving and repairs is because of all the extra rain that we had that did a lot of damage to our streets. If we want to get them back up into pretty good shape, it will take it. If we want to redo them all, it would take a whole lot more. This \$220,000 will be about as much as we have ever spent on the streets in one year. It's probably over-estimating what we can get done."

The City has just under \$500,000 in reserves and will be able to cover its shortfall from it.

Mayor Pagel noted that an entity is advised to have at least enough funds in reserve to cover three months operating expenses. "We're still in good financial shape," he observed. "We're not saving for retirement, so we really don't need to be socking the money away every year taxing the citizens and not spending the money."

Alderman Greg Bohl agreed, "That's the equiva-

lent of overtaxing the people."

Endres said that most of the revenue that is built up came from money that was budgeted, but not spent. "We never have tried to create a whole lot more revenue than what we were making," he added.

The Council was unanimous in approving both the General Fund Budget and the Water and Sewer Fund for 2007-08.

Also, the Council acknowledged by unanimous vote that this budget will raise more property taxes than last year's budget by \$13,788, or 4.7% and of that amount \$10,521.19 is tax revenue to be raised from new property added to the tax rolls this year.

To fund the budget, a tax rate of \$0.34 per \$100 property valuation was adopted. This is the same rate as adopted last year.

In August, Bolen Construction paved three Muenster blocks with two courses of tar and chip with the last course being an asphalt coated topping. Endres reported that it looks like a good job. "I didn't get any complaints from homeowners," he noted. "In the past when we did a one course tar and chip, we always had people call and complain because their kids were bringing oil and tar in

the house and what not."

There is about \$30,000 left in the street budget and Endres asked if it could be used to pave three more blocks. Bolen said, if approved he could have it done by the end of this month. Aldermen Bohl, Otto, and Mayor Pagel added their approval of the recently done streets. The Council approved having Bolen use the two course tar and chip surface on Ninth, Walnut, and Cross Streets.

In his status report of City projects and activities, Administrator Endres told of a visit by FEMA representatives. They inspected damages to streets to determine how much was due to flood water. They gave an estimate of between \$32,000 to \$33,000. Of the amount approved, FEMA would pay 75% and the City would be responsible for the other 25%. Endres said they should know more about what gets approved in the next four to six weeks.

Employee Gary Hacker resigned to accept another job. City crewmen worked on streets last month and are now working on sewers.

Nicole Henry, a property owner in the Cler addition, requested that their property be annexed to take advantage

## Moving in and moving on!

Cooke County United Way was one of 10 nonprofit agencies that were hit by the flood of June 18. The offices had to be temporarily relocated for two months and finally moved back to their original location inside the Gainesville Housing Authority building at 715 East California Street.

Due to the flood, the United Way Board decided to postpone the campaign kick off of the 2008 campaign by three weeks. The delay would hopefully provide some time for the community to regroup

as well as giving the United Way staff an opportunity to move back in the office and work their way through unpacking boxes. Angie Hare, Cooke County United Way director said, "My husband and I were on vacation when the flood hit. In my absence, my assistant, June Sherrill and her family packed up and moved out as much as they could reach in the flooded office. Most of our office contents were stacked in her garage; however, all of our files and cabinet contents remained trapped in the office.

## County outlines uses for grant

**By Janet Felderhoff**  
"We'll just say thank you," remarked Cooke County Emergency Management Coordinator Ray Fletcher as he announced the \$103,000 FY 2007 Homeland Security Grant Program. Last year the amount was only \$22,000, and he wasn't sure of why it increased that much.

Fletcher told of plans for the grant money. It includes an emergency communication system that would allow communication with Austin, Oklahoma City, Paris, Texas, and Wichita Falls; a roof mount weather system; air lift bag for EMS to lift heavy items; a higher tower for emergency management communication; and a public notification or reverse 9-1-1 system that would allow many people to be notified via

telephone in emergency situations such as floods, hazardous material spills, etc.

Brenda Gasperich, project manager for TCB Engineering, and Greg Hooten, project director, spoke to Commissioners Court at the invitation of Commissioner Steve Key. They are working with students from SMU to provide back up data and to justify needs for funding for a grant from FEMA for the area flooded by Montague Creek last June. "The intent is to buy out those homes," said Gasperich.

Cooke County Library Director Jennifer Spence Johnson informed Commissioners Court of a donation to the Library of 505 Sebo Books valued at about \$10,100. She said the company from Pembroke, Florida heard about the flood in Cooke County and wanted to help in some way. The 20 boxes already here contain fiction, nonfiction, and classic books that range in value from \$9 to \$39. She said that so far she has only catalogued one that is already in the Library's collection. Commissioners approved the donation.

Don Hunter presented the County with a large framed composite photograph of all the 2006 Cooke County officials.

After striking out a portion of the contract submitted by Master Files for research data base services, Commissioners Court approved it. Commissioner Al Smith was concerned with the part that

read, "Master Files reserves the right to change its fees and charges, or any other terms or conditions at any time effective immediately upon publication." "I don't think we ought to sign a contract like that. We ought to take that out of contracts like this. People should not be able to change a contract at any time, any place, any way effective immediately just because they publish it," Smith remarked.

In other business, Commissioners Court:

- Approved election judges for the November election as presented by County Clerk Rebecca Lawson.
- Approved budget amendment for the purchase of a new recording system for the Cooke County Sheriff's office. The old one could be patched, but that would cost more and it would soon have to be replaced because it is analog not digital.
- Designated the second and fourth Mondays of each month at 10 a.m. as the days and time of its regular monthly meetings. This remains the same as this year.
- Approved request by Justice of the Peace for Precinct #4 John Roane for \$600 budget amendment. An unforeseen air conditioning problem sent his electric bill up. The money was moved from the Contingency Fund.
- Approved appointing an interview committee for the employment of a human resources director and ap-

Oct. 16, 1992

Can you remember Muenster when the streets weren't even graveled, had no curbs, there was no electricity and, if you drove into town on a dark night, you might see a few lighted windows as dim and yellow as the magneto-powered lights on the Model T Ford you were riding in?

When Jigger Joe didn't sell booze, but bought and sold chickens and eggs, pecans and cream? Joe also churned butter. He once told me how much salt he used in the butter - said a one-cent pound of salt brought as much as a pound of butter.

Then there was Mr. Eberhart pushing the mail up the street, in a cart with steel wheels that rattled over the rocks and sidewalks, letting everyone know the mail had arrived.

When Gus Stelzer had the only meat market, and Charlie killed and dressed the beefs in the pastures, Louie Bernauer sold "Coney Islands" for a nickel, and you could get the best and biggest root beer at Henry Walterscheid's for 10 cents, and Henry made you feel that he mixed yours especially for you?

Henry Wolf built a hotel and theater which now houses "the Ranch." Before this, silent movies were occasionally shown in the old par-

ish hall, admission 10 cents. In '27, oil was discovered about two miles north of town, causing more excitement than Muenster had ever known, and soon there was an influx of people and business that made the little town jump.

Remember the long hitching rails west and south of the parish plant, the big squirrel cage south of the rectory? Some of us used to spend time feeding the squirrels nuts, and watching them run in wheels that were built just for them to exercise in.

When farmers had their own wheat ground into flour at the mill which is now a part of Muenster Milling Co., and Joe Weinzapfel came to Muenster to help start up a bank, which turned into a very successful venture?

If you can remember some, or all, of these things you can qualify for a discount at some businesses, get into all of the national parks free, and buy as many of the special priced limited purchases at Fischer's Market as you like. You can also attend SNAP, and if you attend "55 and Alive" driving classes, you can get a reduction on your auto insurance. Occasionally, someone will hold a door open for you, or I should say us, for we are Senior Citizens.

## Chamber embraces A Norman Rockwell Christmas Parade theme

**By Janet Felderhoff**  
Fall is still lurking around the corner, but the Muenster Chamber of Commerce is preparing for its annual Christmas parade. This year they have selected A Norman Rockwell Christmas as the theme for the parade.

The event is held each year on the Saturday after Thanksgiving to kick off the Christmas shopping season

in Muenster. Awards will be presented to winners in each of the following categories: Best Theme, Most Creative, Best Religious, Best Business, Best Band, Best Drill Team, and Best Equestrian. Prizes have not been determined and will be announced at a later date. Get your creative juices flowing and design a winning float!

## United Way..... cont. from pg. 1

the campaign off the ground! "United Way is very concerned for the flood survivors and wants to help the community recover during this special time of need. We will continue to offer our assistance and resources wherever we can be of service."

In May, the 20 member Cooke County United Way Allocation Committee met with the 18 agencies over a two day interview process. Members of the committee were: Don Metzler/Callisburg ISD (committee chair), Krissa Coker/Peak Oil (2008 campaign chair), Kathy Bauer/NCTC, Jim Colbert, Gina Craigie/Petroflex, Neal Flusche/Flusche Enterprises, Fidel Garcia/State School, Brenda Hardcastle/Goldsworthy State Farm, Justin Hartman/Refinery Road Vet Clinic, Susan Howe/First State Bank, Keith King/The Weekly News, Teresa Krebs/NTMC, Carolyn McPherson/Nortex, Galene Morris/Gainesville ISD, Perlene Newton/Alan Ritchey, Condoa Parrent/NCTC, Shane Riley/Walmart, Jim Robertson/Attorney, and Don Yeager/First United Methodist Church.

This committee deliberated over all of the requests and made funding recommendations to the United Way Board later that month. The Board approved a campaign goal of \$345,000, which is \$5,000 greater than last year's goal. Jack Thies, United Way president, noted, "The increase is in response to the needs of the agencies. Several have suffered funding cuts from federal grants as well as there has been an increase in demand of services from our community. The Board stepped up to the plate and agreed to meet the needs of the agencies which are providing valuable services to our neighbors."

"This year's campaign is

going to be quite a challenge" noted 2008 Campaign Chair, Krissa Coker. "There was already a great need in our community prior to the flood. This storm has had a huge impact on our community, hitting many of the agencies and area businesses, as well as causing an unbelievable amount of suffering for our citizens. This year's campaign theme of Working Together To Improve Lives... That's The United Way... That's What Matters... had been chosen back in May."

For more information on Cooke County United Way and/or the agencies it serves, call the office at 940-665-1793 or email HYPERLINK "mailto:cookeuw@ntin.net" cookeuw@ntin.net.

Donna Larussa and family  
would like to express their profound appreciation for all those who participated towards their Benefit Dinner. We were really quite overwhelmed with the wonderful turnout. Thank you to the many kind souls who donated items to the silent auction, those who gave monetarily and to everyone who attended the dinner. The money raised will go a long way towards the many medical expenses for me and my family. Thank you especially for all of your prayers. They continue to sustain and uplift us through these difficult times. We are forever grateful to the Muenster community for their loving support.  
May God bless you richly.

**OBITUARIES**

**David Trachta  
1917 - 2007**

Mass of Resurrection for David "Dave" Trachta of Muenster was held at 10 a.m. Tuesday, Sept. 11 in Sacred Heart Church with Fr. Ken Robinson officiating. Burial followed in Sacred Heart Cemetery under the direction of McCoy Funeral Home of Muenster.

Dave died at the age of 90 on Sunday, Sept. 9, 2007 in a Denton hospital.

Born Sept. 2, 1917 in Muenster, one of three sons of Henry and Ida Trachta, Dave grew up in Muenster completing school at Sacred Heart. He worked in the oil fields in the Muenster area, Oklahoma, Illinois, and Michigan until he was called to serve in the U.S. Army in December 1941, just one week after the attack on Pearl Harbor. He served with the 6th Armored Division in England, France, Germany, and other smaller countries of Europe. Dave was honored with the Bronze Star. He was discharged on Oct. 16, 1945.

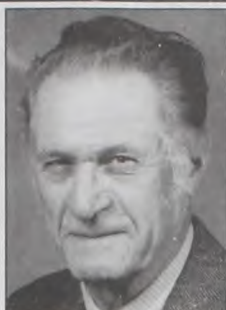

Dave married George Mae Schumacher on Nov. 3, 1946 in Sacred Heart Church. She was a widow with two small children, Jim and Sharon. Dave accepted, cared for, and loved them as his own. Later,

two sons Tom and Hank were born. Dave was owner and operator of tank trucks that he used to haul water and oil all over the North Texas oil fields. He later sold this business and joined in partnership with Rich Grewing. They purchased a drilling rig and drilled many oil wells in the North Texas area. After several years, Dave purchased the partnership, making him sole owner. He continued drilling for several years until selling the business in 1972 to a group from Mexico.

Dave served five years on the Muenster City Council and 12 years on the Muenster Public School Board. In later life, he enjoyed looking after his cattle on his land near the Red River, and just caring for his wife and himself. He was a loving husband, father, and friend to many.

Survivors include sons Hank Trachta and wife Julie of Flower Mound and Jim Schumacher and wife Pat of Plano; daughter Sharon Boruff and husband Jim of Rowlett; daughter-in-law Sue Fisher of Muenster; brother Richard Trachta; nine grandchildren and eight great-grandchildren.

Preceding him death were

David Trachta

his wife George Mae; son Tom Trachta; brother Chris Fette; and his parents.

During Mass, Darren Boruff, grandson, gave the First Reading, Jay Schumacher, grandson, gave the Second Reading, and Gina Bonneau, granddaughter read the Petitions. Hank and Julie Trachta presented the Offering Gifts at the altar.

Music ministers were Jim Endres, Doug Yosten, Diane Grewing, Christi Klement, and Linda Flusche. Sacred songs included "Amazing Grace," "Psalm of the Good Shepherd," "This Alone," "How Great Thou Art," "Edelweiss Blessing," and "I'll Fly Away."

Pallbearers were Darren Boruff, Jay Schumacher, Marcus Boruff, Travis Trachta, Jeff Schumacher, and Jeff Giancola.

A Vigil and Rosary Service led by Fr. Ken was held at 6:30 p.m. on Monday at the funeral home.

**Lorene Lawler  
1918 - 2007**

Funeral services for Lorene Lawler of Saint Jo were held Monday, Sept. 10 at the First United Methodist Church of Saint Jo. Burial followed at Mt. Park Cemetery under the direction of McCoy Funeral Home of Saint Jo. Lorene died at the age of 89 on Friday, Sept. 7, 2007 in the Gainesville Health and Rehabilitation Center.

Born April 28, 1918 in Starkey to Lewis Simpson and Viola Reed Simpson-Harrison, Lorene married Cecil A. Lawler on Jan. 19, 1938 in Saint Jo. A member of Starkey Baptist Church, and Eastern Star in Saint Jo, Lorene was a loving housewife and mother. She loved sewing and making crafts with her husband as noted by passers-by who enjoyed seeing the displays in their yard.

Survivors are her son Ken R. Lawler and wife Sandra of Gainesville; one granddaughter and two great-grandchildren; sister Dee Pollard of Grapevine; and brother-in-law Roy and wife Mary Faye Lawler of Saint Jo.

Preceding her in death were her husband Cecil on June 23, 2000; her parents; stepfather Pete Harrison; and brothers Joe Harrison, Odel Simpson, and Arthur Simpson.

**HOSPITAL..... cont. from pg. 1**

cussed. "Nearly all the increase in valuation is new stuff, mostly oil," Heller said.

Board Secretary John Aytes inquired about the average capital expenditures per fiscal period, saying this would be the most they'd spend on capital expenditures for any fiscal period. Heller said, "There's been a pretty good amount of capital expenditures every year, primarily because of the grants that we've gotten." Aytes noted, "Most of the capital expenditures through the grants have been for the upgrading of medical equipment rather than the physical plant. This will be the first time that we're ever spending any money on the Hospital as a physical plant." Patching the roof and such have been done as needed.

The growing number of pa-

**CITY.....**

cont. from pg. 1

of City sewer service since theirs failed. The sewer lines go right by the property to connect to the Sicking addition, so there was no problem.

In other business, the City Council:

- Approved request by Muenster Chamber of Commerce to use part of funds from hotel tax to pay for one of the billboards promoting Muenster for one year. The cost is \$3,865. Revenues from the hotel tax must be used to promote tourism in some way.

- After hearing that only one bid was submitted for audit of City financial records for fiscal year 2006-07, approved contract with low bidder Gillard.

- Approved advertising for sale equipment no longer used or needed by the City.

- Approved Cooke County Appraisal District (CCAD) budget for 2008. It had an increase of 3%.

- Approved property tax changes for 2006 on properties of St. Richard's Villa, Doug Fleitman, and Chris Hennigan as processed by CCAD.

- Approved moving unpaid water accounts to inactive files.

- Paid monthly bills totaling \$124,470.99, which included street repairs and new computer software.

tients was acknowledged and the possibility of increasing the number of beds. Heller said that it could be accomplished by moving some of the administrative offices to a building outside the Hospital. As a Critical Access designated hospital, MMH can have no more than 25 patient beds. There are 18 beds available now and all have been full at times, he noted.

The amended budget was approved by a unanimous vote of 6-0. Three members were absent. Heller explained, "This year's effective rate is .1608. If you collected it, you would collect almost the same exact taxes as you did last year. This year's effective operating rate is .1608. This is where it gets a little confusing. Multiply the effective operating rate of .1608 times 1.08 and you get the maximum operating rate of .1736. The District is allowed the value of our debt service (our principal interest payments), and that's not subject to the rollback rate. That figure is called the debt rate and it is .0391. Add the .1736 maximum operating rate to the .0391 debt rate, and the total of .2127 is the roll back rate. The proposed rate is .1889."

Administrator Heller announced that he had received good news earlier that day. The Dallas-Fort Worth Hospital Council Bioterrorism Division notified MMH that they would reimburse them \$20,700.00 on the recently built heliport. MMH had submitted an application several months ago, but didn't make the cut. Heller noted that Michael Kent, radiology director and Risk Management director, talked with them and was informed that the larger hospital took all of it, but if there was money that they didn't use, Muenster might be able to get it. Kent stayed in touch and was informed that they would receive the unused \$20,700.00.

Board members present were Kenny Klement, Ronnie Weinzapfel, James Walterscheid, Mary Dangelmayr, Angelo Nasche, and John Aytes. Not present were Dr. Walter Knight, Paul Becker, and Danny Walterscheid.

A second hearing was set for Thursday, Sept. 13 at 7 p.m., and the meeting to set the tax rate will be Tuesday, Sept. 18 at 8 p.m.

**COUNTY.....**

cont. from pg 1

proved advertising for that position. Judge Freeman will submit a list of names for possible approval at the next meeting.

- Approved engagement letter for outside audit.

- Approved renewal of contract for Sheriff's office CAD system.

- Accepted Lone Star Grant in the amount of \$6,445 for the Cooke County Library.

- Approved insurance settlement in the amount of \$4,339.08 on Cooke County properties that were damaged in April 28, 2006 hail storm.

- Approved transfer of \$4,500 to pay for microfilm services for the District Clerk's office.

- Approved contract for Precinct #1 Road & Bridge and IESI for waste removal services.

- Approved request by Woodbine Water Supply, at their expense, to install two inch casing for a one inch water line running north and south across CR 146, approximately 1,000 feet west of the intersection of CR 162 in Precinct #1.

- Opened and read sealed bids submitted for Precinct #2 surplus items. Tabled awarding of bids until they could be sorted and studied.

- Accepted a donation of \$1,000 from RAYDA Properties to Precinct #1 Road & Bridge. It will be used for CR 133.

- Approved indigent burials of Gregory Keith King and Harless Stanley King.

- Approved employee honesty bond for office of the District Clerk.

- Approved bond for Jody W. Bridges, Deputy Constable, Precinct #4.

**PUBLIC NOTICE**

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

**CONSTITUTIONAL AMENDMENTS**

SPECIAL ELECTION NOVEMBER 6, 2007

**PROPOSITION 1**  
(HJR 103)

HJR 103 would update the constitutional reference to Angelo State University to conform with the statutory transfer of that institution from membership in the Texas State University System to membership in the Texas Tech University System.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the continuation of the constitutional appropriation for facilities and other capital items at Angelo State University on a change in the governance of the university."

**PROPOSITION 2**  
(SJR 57)

SJR 57 would authorize the legislature to permit the Texas Higher Education Coordinating Board to issue up to \$500 million in general obligation bonds to finance educational loans to college and university students, and to enter into bond enhancement agreements.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of \$500 million in general obligation bonds to finance educational loans to students and authorizing bond enhancement agreements with respect to general obligation bonds issued for that purpose."

**PROPOSITION 3**  
(HJR 40)

HJR 40 would authorize the legislature to limit the maximum appraised value of a residence homestead for property tax purposes in a tax year to the lesser of the most recent appraisal valuation, or 110 percent, or a greater percentage as determined by the legislature, of the appraised value in the preceding tax year.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide that the maximum appraised value of a residence homestead for ad valorem taxation is limited to the lesser of the most recent market value of the residence homestead as determined by the appraisal entity or 110 percent, or a greater percentage, of the appraised value of the residence homestead for the preceding tax year."

**PROPOSITION 4**  
(SJR 65)

SJR 65 would authorize the legislature to permit the Texas Public Finance Authority to issue up to \$1 billion in general obligation

bonds, the proceeds of which would be dedicated to maintenance, construction, repairs, and equipment purchases, as authorized by the legislature for the following state agencies: the Texas Building and Procurement Commission; the Parks and Wildlife Department; the Department of the Adjutant General; the Department of State Health Services; the Department of Aging and Disability Services; the Texas School for the Blind and Visually Impaired; the Texas Youth Commission; the Texas Historical Commission; the Texas Department of Criminal Justice; the Texas School for the Deaf; and the Texas Department of Public Safety.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1 billion in bonds payable from the general revenues of the state for maintenance, improvement, repair, and construction projects and for the purchase of needed equipment."

**PROPOSITION 5**  
(SJR 44)

SJR 44 would authorize the legislature to permit cities with a population of less than 10,000 to hold an election to allow the city to enter into an agreement with a property owner to temporarily freeze taxes on property either in or adjacent to an area approved for funding under the Downtown Revitalization Program or the Main Streets Improvements Program administered by the Department of Agriculture.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to permit the voters of a municipality having a population of less than 10,000 to authorize the governing body of the municipality to enter into an agreement with an owner of real property or adjacent to an area in the municipality that has been approved for funding under certain programs administered by the Texas Department of Agriculture under which the parties agree that all ad valorem taxes imposed on the owner's property may not be increased for the first five tax years after the tax year in which the agreement is entered into."

**PROPOSITION 6**  
(HJR 54)

HJR 54 would authorize the legislature to exempt from ad valorem tax one motor vehicle owned by an individual that is used by the individual for both business and personal use.

The proposed amendment will appear on the ballot as follows: "The constitutional

amendment authorizing the legislature to exempt from ad valorem taxation one motor vehicle owned by an individual and used in the course of the owner's occupation or profession and also for personal activities of the owner."

**PROPOSITION 7**  
(HJR 30)

HJR 30 would allow a governmental entity to sell property acquired through eminent domain to its immediately previous owner at the original purchase price, if the public use of the property has been canceled, if no progress is made toward that public use by a prescribed deadline, or if the property is unnecessary to accomplish that public use.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow governmental entities to sell property acquired through eminent domain back to the previous owners at the price the entities paid to acquire the property."

**PROPOSITION 8**  
(HJR 72)

HJR 72 would clarify home equity loan procedures and protections and make conforming changes to the written disclosure provided to the borrower at the loan closing. The amendment would establish that the status of whether property is an agricultural homestead for the purpose of receiving homestead protection, would be determined by whether it was designated for agricultural use on the date of the loan closing. The amendment would provide that a declared state of emergency (e.g. following a natural disaster) would justify execution of a second home equity loan on the same property less than one year after the first home equity loan. It would provide that non-substantive omissions on a loan application would not affect the agreement. It would require a borrower to receive a copy of all executed loan documents, and a disclosure list of fees and costs at closing. It would prohibit the use of preprinted checks for the use of uncollected loan advances to obtain a home equity line of credit.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to clarify certain provisions relating to the making of a home equity loan and use of home equity loan proceeds."

**PROPOSITION 9**  
(SJR 29)

SJR 29 would authorize the legislature to exempt all or part of the market value of the residence homesteads of veterans certified as having a service-connected 100 percent

disability rating. SJR 29 would also clarify the progression of property tax exemptions available to veterans who are less than 100 percent disabled.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt all or part of the residence homesteads of certain totally disabled veterans from ad valorem taxation and authorizing a change in the manner of determining the amount of the existing exemption from ad valorem taxation to which a disabled veteran is entitled."

**PROPOSITION 10**  
(HJR 69)

HJR 69 would remove constitutional references to the former office of inspector of hides and animals.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to abolish the constitutional authority for the office of inspector of hides and animals."

**PROPOSITION 11**  
(HJR 19)

HJR 19 would require a vote taken in either house of the legislature to be recorded by record vote. If the vote was on final passage of a bill, other than local bills, a resolution proposing a constitutional amendment, or any other resolution that is not purely ceremonial. The record vote must be archived and available for public viewing on the Internet for at least two years.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to require that a record vote be taken by a house of the legislature on final passage of any bill, other than certain local bills, of a resolution proposing or ratifying a constitutional amendment, or of any other nonceremonial resolution, and to provide for public access to the Internet to those record votes."

**PROPOSITION 12**  
(SJR 64)

SJR 64 would authorize the Texas Transportation Commission to issue up to \$5 billion in general obligation bonds for highway improvement projects, the proceeds of which will be used to pay for projects, costs, and payments owed under related credit agreements.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds by the Texas Transportation Commission in an amount not to exceed \$5 billion to provide funding for highway improvement projects."

**PROPOSITION 13**  
(HJR 6)

HJR 6 would authorize the denial of bail to a person who violates conditions of release

in a family violence case and permit the legislature to authorize the denial of bail to a person who violates certain court orders in a family violence case.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the denial of bail to a person who violates certain court orders or conditions of release in a felony or family violence case."

**PROPOSITION 14**  
(HJR 36)

HJR 36 would limit a state justice or judge's service to December 31<sup>st</sup> of the fourth year of the term if he/she is elected to all or part of a six year term, and reaches mandatory retirement age during the first four years of said term.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting a justice or judge who reaches the mandatory retirement age while in office to serve the remainder of the justice's or judge's current term."

**PROPOSITION 15**  
(HJR 90)

HJR 90 would require the legislature to establish the Cancer Prevention and Research Institute of Texas, and would provide for its management, duties, and powers. It would authorize the issuance of up to \$3 billion in general obligation bonds to be used for operations and grants for the purpose of scientific research of all forms of human cancer.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring the creation of the Cancer Prevention and Research Institute of Texas and authorizing the issuance of up to \$3 billion in bonds payable from the general revenues of the state for research in Texas to find the causes of and cures for cancer."

**PROPOSITION 16**  
(SJR 20)

SJR 20 would authorize the issuance of up to \$250 million in general obligation bonds by the Texas Water Development Board to provide financial assistance to economically distressed areas of the state to help provide adequate sewer and water supply services for residential use.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of additional general obligation bonds by the Texas Water Development Board in an amount not to exceed \$250 million to provide assistance to economically distressed areas."

## LIFESTYLE

## Yosten, Roller pledge wedding vows in Sacred Heart Church

Kristen Yosten of Fort Worth became the bride of John Roller of Prairie Point on Saturday, July 7, 2007 at 2 p.m. in Sacred Heart Catholic Church in Muenster. The double ring ceremony was officiated by Father Ken Robinson.

James and Susan Yosten of Muenster are parents of the bride. She is the granddaughter of Alfons and Mary Ann Koesler and the late Carol Ann Voth Koesler, and Frances Yosten and the late Werner Yosten, and the great-granddaughter of Gertie Voth and the late Ben Voth. She is a 2002 graduate of Sacred Heart High School and a 2006 graduate of Midwestern State University and is currently employed as a first grade teacher with Castleberry ISD.

The groom is the son of Grady and Linda Roller of Prairie Point and the grandson of Juanita Roller and the late Lloyd Roller, and Wilma Richardson and the late Dan Richardson. He graduated from Whitney High School in 1999 and is pursuing a degree in kinesiology.

Given in marriage by her father, the bride wore an Oleg Cassini designer full-length gown in white. It was adorned with beaded metallic embroidery down the front and had a satin pickup skirt and contrast sash detail. Capped sleeves and a chapel train completed the gown. She carried a bouquet of white and lavender roses accented with berries and lavender created by the bride and her Grandma Yosten.

For tradition, the bride carried a rosary made from her late grandmother Carol Koesler's jewelry. Her something borrowed was a white prayer book belonging to the groom's mother.

Church decorations included pew bows with white roses and greenery. Purple hydrangeas adorned the main altar and on Mary's altar were white roses.

Music for the occasion was provided by Christi Klement, Doug Yosten, Jim Endres, Linda Flusche, Diane Grewing, and pianist Shane Studdard. Elizabeth Fette, friend of the bride, sang "Ave Maria" solo. Other music included "The Wedding Song," "Only a Shadow," "To My Mother," "Bread of Life," and "The Gift of Your Children."

## ATTENDANTS

Debra Yosten of Muenster served as her sister's maid of honor, and Diane Grewing of Oklahoma City, friend of the bride, as matron of honor.

Bridesmaids were Christin Howard of San Antonio, friend of the bride; Cindy Roller of Munday, sister-in-law of the groom; Telisha Yosten of Lewisville, sister-in-law of the bride; and Kelly Fetsch of Las Colinas, friend of the bride. They wore full-length lavender gowns with pickup skirts and capped sleeves. Each carried a long-stemmed white rose with purple accents that were made by the bride.

Breanna Yosten, niece of the bride, and Isabella Roller, niece of the groom, served as flower girls. Garrison Roller, nephew of the groom, was ring bearer.

Chad Roller of Prairie Point was his brother's best man. Groomsmen were Vince Felderhoff of Farmers Branch, friend of the groom; Jonathan Yosten of Muenster, brother of the bride; Greg Roller of Munday, brother of the groom; Nicholas Yosten of Lewisville, brother of the bride; and Brandon Klement of Muenster, friend of the groom.

Steven Reiter, friend of the groom, Max Koesler, uncle of the bride, and Matthew Yosten, cousin of the bride, and all of Muenster, ushered guests.

Participating in the Liturgy of the Mass were Amanda Knabe and Diana Knabe, cousins of the bride, who gave the First and Second Readings, respectively.

Sara Sepanski, friend of the bride, read the Prayers of the Faithful. Samantha and Stephanie Koesler and Abby and Amy Luttmere, cousins of the bride, presented the Offertory Gifts.

Assisting Father Ken with

the Mass were altar servers Kalynd Dangelmayr, neighbor and friend of the bride, John Paul Hesse, and Kaitlyn Hesse, cousin of the bride. All are from Muenster.

## RECEPTION

Following the ceremony, a

reception was held in Centennial Hall of Lindsay for about 250 guests. Lacy Endres and Kristen Hess attended the guest book.

White lace tablecloths and skirting covered the bride's table. It was decorated with two silver candelabras with lavender candles, rose petals of lavender, ivy, and silver charger plates.

A three-tiered bride's cake consisted of two layers of white and one layer of strawberry. It was decorated with lavender piping and lavender and white roses. The groom's cake was a chocolate drizzle topped with strawberries and "R" monogram. Betty Rose Walterscheid made both cakes. Cake servers were Michele Yosten, Danette Yosten,

Natali Yosten, Whitney Yosten, and Danielle Yosten.

Kathy Berres, Annette Bayer, and Pam Dangelmayr assisted with the snack table.

Reception decorations were alternating lavender and white tables topped with candles, mirror plates, rose petals, and ivy. White pillars with lighting and purple tulle were displayed.

Rohmer's Restaurant catered the meal. Music was by DJ The Entertainer, Lambert Hess.

A rehearsal was held on the eve of the wedding with a dinner served at The Center Restaurant.

Following a wedding trip to Colorado, the couple is at home in Fort Worth.

# NEW ARRIVALS

## Eason

Mark and Angie Eason of Lindsay are proud to announce the birth of their son Luke Johnathan Eason at 2:01 p.m. Thursday, Aug. 16, 2007 at North Texas Medical Center. He weighed 8 lb. 9 oz. and was 21 1/2 inches long. Welcoming Luke home are his two sisters Kaleigh Brooke, 9, and Alyssa Faith, 5. Grandparents are Sam and Karen Endres of Moss Lake, and Pat and Larry Jacobs and Jim and Angela Eason, all of Arkansas.

Luke Eason

was born at North Texas Medical Center at 2 a.m. weighing 5 lb. 7 oz. and measuring 18 3/4 inches in length. Her brother is Bobby Roy Stewart-Gordon, Jr., age 2. Grandparents are Linda Joyce Phillips and Gary Lee Phillips, both of Forestburg. Great-grandmother is Carolyn Redfearn of Forestburg.

## Schilling

Isaac Schilling, age 2, is happy to announce the birth of his brother, Nolan Henry Schilling. Nolan was born to Brad and Stephanie Schilling of Muenster on Thursday, Sept. 6, 2007 at 12:05 p.m. in North Texas Medical Center. He weighed 7 lb. 11 oz. and measured 20 1/2 inches long. Grandparents are Alvin and Patricia Fleitman of Lindsay and Duwayne and Sharlene Schilling of Muenster. Great-grandparents are Charlie Wimmer of Muenster and the late Isabell Wimmer, Polly Dulock of Fort Worth and the late A.B. Dulock, the late John and Anna Fleitman, and the late Frank and Caroline Schilling.

Nolan Schilling

## Schumacher

Jerry and Sandra Schumacher of Gainesville are pleased to announce the birth of their son Justin Jax Schumacher. Welcoming Justin are his brothers Jerrad, age 5, and Jaden, age 2. Justin was born Tuesday, Aug. 28, 2007 at 3:39 p.m. in Presbyterian Hospital of Denton. He weighed 9 lb. 14 oz. and was 21 inches in length. Grandparents are Marcella Hess of Lindsay and the late John L. Hess, and Melvin and Patsy Schumacher of Gainesville.

## Stewart-Gordon

Jessica Lynn Phillips and Bobby Roy Stewart-Gordon of Forestburg announce the birth of their daughter Sara Lynn Stewart-Gordon on Monday, Sept. 3, 2007. Sara

## Grandparents

Nobody can do for little children what grandparents do. Grandparents sort of sprinkle stardust over the lives of little children.

-Alex Haley

John and Cheryl Felderhoff of Garland are pleased to announce the engagement and approaching marriage of their daughter, Leslie Anne to Dustin Don Dominic, son of Toni Dominic of Porterville, California. The couple plans to marry on Sept. 29, 2007 at St. Michael the Archangel Catholic Church in Garland with Fr. Vic Bartolotta officiating. Leslie is a graduate of Bishop Lynch High School and Stephen F. Austin State University. She is currently a Special Education teacher in the Richardson ISD. Dusty is a graduate of Monache High School and attended Porterville Junior College. He is currently a sales associate for Family Powersports in McKinney. The newlyweds will reside in Sachse, Texas.

## Rosston VFD benefit is set for Saturday

The Rosston Volunteer Fire Department will be holding their annual Bar-B-Que Supper on Saturday, Sept. 22 at the Ross Point Community Center.

Supper, catered by Dieter Bros. Restaurant, will be served from 5 to 7:30 p.m. The cost is a donation of \$7 for adults, \$3 for children 5-11 in age, and free to kids

under 5.

An auction will begin at 7 p.m. A drawing will also be held, with prizes of a \$300 gift certificate for Fischer's Meat Market, and \$150 and \$100 Wal-Mart gift card.

Everyone is invited to come out and support the fire department. The Community Center is located west on FM 922 in Rosston.

## Zachary celebrates his first birthday

Zachary Charles Smith, son of Marshall and Janelle Smith of Muenster, celebrated his first birthday with a Mickey Mouse themed party at the home of his grandparents James and Clara Hellinger. The party was Sunday, Aug. 12. His actual birthday was Aug. 14. Also celebrating birthdays were his grandpa Hellinger whose birthday was Aug. 11 and his aunt Julia Hellinger who shares the same birthday as Zach. After a barbecue dinner with all the trimmings

was served, gifts were opened, and cake and ice cream were enjoyed by all.

Guests included his parents; grandparents Chuck and Mary Smith and James and Clara Hellinger; Godmother Felicia Reiter and cousins Taylor, Kendall, and Peyton Reiter; aunt Amanda Hellinger and Tommy and Christian Bonner; uncle Garrett and Julia Hellinger; uncle Sam Hellinger and girlfriend Jessica Walterscheid; and great-aunt and uncle Janice and Steve Yosten.

## Wildlife Myths

**Myth:** If you find a fawn alone, she has been orphaned.

**Fact:** It is actually very common to see fawns alone because the mother will "park" her babies in one place and only visit two to three times a day to avoid attracting predators. Until the fawn is four weeks old, you will rarely see the mother. Instead, the fawn relies on camouflage and lying still for protection during this vulnerable period.

U.S. Humane Society

### Diabetes Support Group

The Diabetes Support Group will meet in the North Texas Medical Center Classrooms on Tuesday, Sept. 18 from 7-8 p.m.

Diabetes News will be presented by Joan Walterscheid, RN, CDE. She is a certified diabetes educator.

Individuals with diabetes and family members are encouraged to attend this FREE program. For information call (940) 759-4296 or e-mail Joan at [jwalter@ntin.net](mailto:jwalter@ntin.net)

## Young bats take flight in September

While bats are now widely recognized for the positive environmental benefits they provide with their insatiable appetite for insects, they still can cause fear in people, especially when they make their way into your home. No one wants a bat flying around the house, including the bat. According to The Humane Society of the United States (HSUS), these inadvertent drop-bys often occur this time of the year when young bats get lost and confused trying to make their way out of an attic where they have been raised, to join the rest of their colony in nocturnal foraging for insects.

Attics are great places for bats to find the high temperatures and undisturbed environments they need to rest during the day, give birth, and rear their young. Baby bats are born in late spring and become mobile and interested in braving the great outdoors around the end of summer - late August and September.

## Dr. Allan's Health Corner

### Arthritis and Exercise

Movement is a major need with an arthritic joint. Of course, comfortable motion is critical and before beginning an exercise program it is important to check with your doctor.

Living things move, dead things don't move.

Movement creates strength as well as flexibility and joint lubrication. If you are in pain and motion causes more pain, then still exercise the joint but within a comfortable range of motion. Any motion causes an increased flow of lymph fluid for lubrication of the joints. This fluid is the water in your system that the body uses to make the serum or watery part of blood; also it is the fluid that makes saliva and mucous for membranes such as sinuses and reproductive organs.

We tend to think exercise needs to be very intense and this is just not true, especially if you are already in pain. Please don't workout with the motto "no pain no gain". Simple movements and gentle muscle contractions can increase comfort and increase mobility. In some cases, a brace for a problem knee or ankle or an orthotic in shoes is a preventive measure that can help to avoid injury.

Some good suggestions for exercises are cycling, swimming, and walking. Cycling on the road or a stationary bike is an active exercise that will not add impact to the joints. Swimming is the best exercise to unload your body of gravity and involves most of the muscles in your body. Walking is a great way of increasing joint motion and improving overall health. Walking can be done daily and can range from fast to a gentle stroll depending on the condition of your joints. A miniature trampoline called a rebounder is another exercise tool; you can use it standing, sitting or even kneeling.

Usually exercising at a speed and intensity that is not pain producing is a healthy rule. These gentle motions can benefit the heart, digestion, and has been shown to help with some depression symptoms as well. When possible do your exercises outside in the fresh air. The safe frequency for most workouts is 3 to 4 times a week. Remember to consult your doctor with your specific needs and any questions you may have.

As Dr. Kenneth Cooper, founder and director of the Cooper Aerobics Center says, "Even if you don't have one, walk the dog!"

### Next week: Diet and Supplements

Dr. Allan J. Rosenbaum D.C. is a local Doctor of Chiropractic with offices in Muenster and Denton. For topic suggestions email Dr. Rosenbaum at: [ajrosen@ntin.net](mailto:ajrosen@ntin.net)

The young bats can sometimes take a wrong turn and end up flying into the living areas of your home.

John Griffin, director of The HSUS Wild Neighbors: Humane Wildlife Solutions program, explains, "Homeowners face two issues when it comes to bats. The first is the safe removal of a wayward bat, and the other is dealing with the colony in the attic and making sure the animals are humanely excluded."

Griffin offers these tips:

Removal of a wayward bat:

When a bat, or any other wild animal, is inside a residence, local animal care and control agencies usually respond with immediate help. Some homeowners may even take matters into their own hands and capture the bat themselves. This can be done with a container - Tupperware works well - placed over the bat when he or she is at rest on drapery or the wall. The lid is then carefully slid into place to contain

the bat. Leather gloves MUST be used to do this. NEVER try to handle a bat with bare hands or cotton gloves. Once contained, the bat can be safely released outside, but be sure to put the bat on a tree limb or wall since they can't fly from the ground up.

If there is any chance that the bat was in the room of a sleeping or intoxicated person or young child, health authorities mandate that the bat be captured and tested for rabies—even if there's only a slim chance that the bat could have bitten someone without their knowing it. Bat bites can sometimes go unnoticed.

Humane exclusion of the colony:

This is almost always a job for professionals, who can determine where and how the bats are getting inside the structure and properly place the netting, or "bat check valves," that let them out but not back in.

## A Keep Muenster Beautiful event

Garage sale operators Julie Steelman and Jackie Endres hand off clothes to Lisa Schilling and Amy Hennigan at Sacred Heart Community Center Saturday. Sacred Heart Alumni collected all unsold clothes for Keep Muenster Beautiful's RECYCLE/REUSE campaign. The clothes were picked up by Minister Johnny Reed of Thackerville, Oklahoma and will be sorted and sent to needy missions. Lisa, Amy, and other volunteers were given "I Promise to Keep Muenster Beautiful" T shirts by Keep Muenster Beautiful for their efforts. Keep Muenster Beautiful photo

### Prevent falls among elderly

Falls are the leading cause of injury deaths and the most common cause of nonfatal injuries among the elderly. But with care and foresight, many of these accidents can be avoided.

"Both the incidence of falling and the severity of fall-related complications rise steadily after age 60," said Dr. Craig Rubin, chairman of geriatrics at UT Southwestern Medical Center.

Tips to prevent falling include:

- Tell your physician if you are feeling "off balance" or have fallen. Describe the circumstances leading up to any fall(s).
- Participate in an exercise program that includes balance training.
- Correct any hazards in your home that could contribute to falling, such as loose carpets or poor lighting.
- Seek treatment for any cardiovascular disorders, such as heart rhythm abnormalities and low blood pressure.
- Have your vision examined periodically.
- Inform your physician about any medications you are taking. This includes "over-the-counter" and herbal remedies.

# SCHOOL

## Robotics kicked off on Sept. 8 for Sacred Heart Machinators

Members of the Sacred Heart Catholic School Machinators Robotics Team attended the North Texas Boosting Engineering, Science, and Technology (NT BEST) Kick-Off on Sept. 8, held at the Texas Instruments building in Sherman. Here, the BEST staff showed the district teams the game plan for this year's competition. This year the Machinators will be "traveling to Mars" to prepare a service site for the arrival of future astronauts. The team will need to design and build a robot capable of transporting containers of food, fuel, and medical supplies from the middle of the playing field to the team's individual station. Building the robot, however, is not the only job that the Machinators have begun planning.

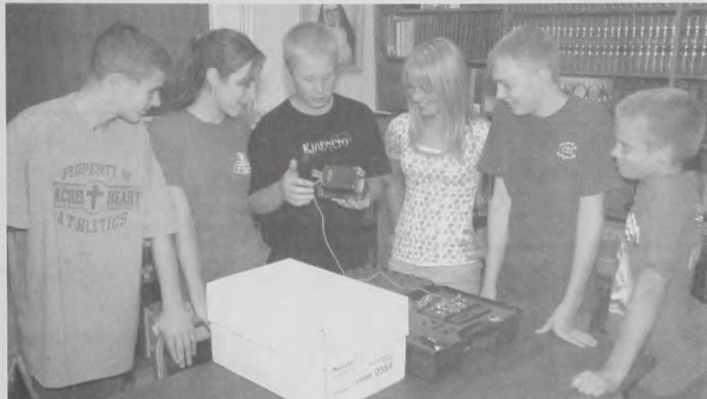

The first team meeting began with an introduction of new adult members, including SHCS Technology Coordinator Richard Lewis and Bruce Markle, parent coach. After the two new members told a little about themselves, the team decided to assign leadership positions for the other branches of robotics in addition to the Design/Build Team, which is headed by Ben Walterscheid. The heads of the other branches are: Stephen Davis, Financial; Lauren Sepanski, Presentation Team; Colby Richey, Public Relations; Joseph Hesse, Engineering Notebook; Lisa Miller, Display Booth; and Nicholas Popovich, Advertising.

Advertising is one of the most important parts of the BEST robotics program. The goal of BEST Robotics is to introduce the concepts of science and engineering to students to encourage them to

pursue a career in one of these categories. The youth members of the team will not only be promoting BEST through sponsorships and fundraising, but also through banners and flyers that will be posted throughout the local area.

Throughout the six-week period leading up to the District competition, the Machinators will be meeting daily, developing their strategy, and working on design/build tasks to achieve success. Each team member has a specific role to play, and that role is imperative to the successful completion of the overall task within the short, intense time period. The team is very excited about this year's competition, and everyone is prepared to work hard and perform to the best of their abilities.

## Activities abound for Muenster Homecoming week celebration

Muenster High School will be celebrating Homecoming Week Sept. 17-21 with daily activities. The theme for this year's event is "Rocking to the Beat of Spirit."

Activities include each day being a special fun day. Monday is Jersey Day, Tuesday is Twin Day, Wednesday is Pajama Day, Thursday is Rock Star Day, and Friday is Spirit Day.

Also, Wednesday evening's prayer service will recognize the team, cheerleaders, band members, coaches, and Queen's Court. Friday there will be a hamburger cookout for the high school students.

Friday night, the Hornets will host the S&S Rams. Pre-game activities include the introduction of the Queen's Court and past Homecoming queens.

This year's Court consists of senior queen candidates Cassie Hale, daughter of Debbie and Tim Endres and the late Kim Hale; Heather Harrison, daughter of Laura "Cootie" Harrison and the late Tommy Harrison, Jr.; Lindsey Watson, daughter of Chris and Robbi Watson; and

Paige Winters, daughter of Jeff and Michelle Winters.

Princesses are junior Emily Stoffels, daughter of Craig and Connie Stoffels, sophomore Jackie Klement, daughter of Doyle and Carla Klement, and freshman Caleigh Wood, daughter of Scott and Deborah Wood.

The Court will be escorted by 2006 MHS graduates. Crowning of the queen will take place at halftime.

## Sign-up now, join 4-H

Lindsay 4-H Club Manager Marsha Dill, right, explains what 4-H is all about to newcomer John Price and his mother Jana Price during the Lindsay 4-H Club's first meeting Tuesday. There are many activities planned for the upcoming year and there is still plenty of time to sign-up. Call the Cooke County Extension Office at 668-5416 for more information about the 4-H program. # Get puffed at Lindsay Sept. 19

Webster says "Powder puff a soft pad used to apply powder to the skin." But annually at Lindsay High School, powder puff is when the girls take over the football field and the boys turn into cheerleaders for some pre-Homecoming fun.

The Lindsay Powder Puff competition will be held Wednesday, Sept. 19 at the Knights stadium. Action begins at 7 p.m. with the seniors taking on the freshmen. The sophomores vs juniors match follows, with the winners playing for the championship. Admission is \$1 per person. Concessions will be available.

## LUNCH MENUS

### WEEK OF SEPT. 17 - 21 MUESTER ISD

Mon. - Beef tacos, chili, cheese, tomatoes, Spanish rice, pinto beans, pears, brownies.

Tues. - Chicken pot pie, lettuce salad w/dressing, peaches, hot rolls.

Wed. - Ham and cheese sandwich, lettuce, tomatoes, chips, oranges, cookies.

Thurs. - Chicken rings, creamed potatoes w/gravy, corn, pineapple, hot rolls.

Fri. - Hamburgers w/cheese, lettuce, tomatoes, pickles, French fries, applesauce, ice cream.

### SACRED HEART

Mon. - Grilled cheese sandwich, tomato soup, peaches, wheat crackers.

Tues. - Beef lasagna, green beans, mixed fruit, bread sticks.

Wed. - Chicken nuggets, potatoes, gravy, carrots, pears, bread.

Thurs. - Fiesta salad w/trimmings, ranch style beans, chips, salsa, pineapple tidbits, crackers.

Fri. - Hamburgers w/trimmings, French fries, fruit jello.

### LINDSAY ISD

Mon. - Pepperoni pizza, corn, lettuce salad, pears.

Tues. - Grilled chicken melt w/mozzarella on a bun, baked beans, pineapple, banana pudding.

Wed. - Nachos w/chili and cheese, ranch style beans, fresh fruit.

Thurs. - Chicken strips, mashed potatoes, gravy, green beans, peaches, bread.

Fri. - Hamburger w/trimmings, oven fries, ice cream.

### ERA ISD

Mon. - Burrito, corn, strawberry applesauce, tossed salad, chocolate chip cookie.

Tues. - Steak fingers or chicken nuggets, mashed potatoes, gravy, tossed salad, fruit mix, hot roll.

Wed. - Corn dog, broccoli and carrot sticks, tossed salad, sliced peaches, Missouri cookie.

Thurs. - Chicken fajitas, bell pepper, onions, shredded cheese, pinto beans, sliced pears, cornbread.

Fri. - Grilled ham and cheese sandwich, potato chips, pickle spears, fresh apple, ice cream.

## College & Career Corner

By Rose Rennekamp  
The Write Stuff

In today's world of e-mails and text messages, the art of writing is often condensed to a series of letters. You might think WC (the text message version for Who Cares for the non-IM audience), but research shows us that everyone should care. Writing always has been, and will continue to be, one of the essential skills for college and career readiness and success.

Many teens don't realize that they need solid writing skills in college and in their careers. Nearly all school subjects involve writing - even mathematics. Virtually all professions need to effectively communicate through writing as well.

ACT's College Readiness Standards identify writing that is organized, focused, developed, expresses judgment (if necessary), and uses language correctly as the type of writing colleges and the workforce want. However, each year thousands of college students must take remedial writing courses to bring their skills up to the level the college expects. Human resource professionals reject numerous resumes because the applicants made grammar and spelling errors.

It's never too late to learn how to be a better writer. Like reading, writing is a skill that improves with practice. Below are some ways you can strengthen your writing skills:

- Read - a lot. Studies have shown that people who read frequently are better writers. You should read as much as possible from a variety of sources, including plays, essays, fiction, poetry, news stories, business writing, and magazine features.

- Practice writing in different

formats and in as many real situations as possible. Write letters to the editor or letters to a company requesting information. Writing e-mails is good practice, but writing for school and business is usually more formal than an e-mail to a friend.

- Have others read your writing and give feedback. Feedback helps you anticipate how readers might interpret your writing and what types of questions they might have. Feedback can help you figure out what a reader might want to know. Perhaps you can start a writer's group with friends, meeting once a week to share each other's work. It might be an ideal time to review college and scholarship application essays, too.

- Become familiar with current issues in society and develop your own opinions on the issues. Discuss these issues with your parents and friends, even if your beliefs don't mesh with the beliefs of others. Being able to effectively communicate an opinion verbally and in writing is a vital skill, particularly in college essays and admissions exams. Taking speech and debate classes can help you think through issues and communicate them to others.

- Consider joining the school newspaper, yearbook, or creative writing club. These all offer opportunities to express ideas in writing and provide good feedback.

- Keep a journal.

- Remember to think of writing as a process - brainstorming, planning, writing, and then editing. This applies to all writing activities. Strive for writing that is well developed and well organized, using precise, clear, and concise language.

Remember that everyone

## Muenster girls' place in Montague 4-H goat show with their animals

Several Muenster ISD students participated in the Montague County 4-H Jackpot Show in Nocona on Saturday, Sept. 8.

They placed as follows:

Class 1 - 5th - Jordanne Hellman;  
Class 2 - Reserve Class Champ - Kendra Walterscheid, 5th - Brandy Dangelmayr;  
Class 3 - Reserve Class Champ - Brandy Dangelmayr, 6th - Brandy Dangel-

mayr, 8th - Kendra Walterscheid, 9th - Jordanne Helly Dangelmayr, 4th - Jordanne Hellman, 5th - Jordanne Hellman, 7th - Kendra Walterscheid;

Class 5 - Class Champ - Brandy Dangelmayr, Reserve Class Champ - Brandy Dangelmayr, 3rd - Kendra Walterscheid.

The girls will be going to Wichita Falls this coming weekend to compete in the Texas-Oklahoma Fair.

Muenster girls showed their goats in Montague last week. Pictured are, from left, Kendra Walterscheid, Jordanne Hellman, and Brandy Dangelmayr. Courtesy photo

### Wildlife myth

**Myth:** If you touch a baby bird the parents will abandon him.

**Fact:** Birds have a limited sense of smell, but are strongly bonded to their chicks. They will not abandon them if handled by humans. The best thing humans can do if a baby bird falls from its nest is to put him right back in it. The parents will return to feed them. Watch carefully: They will feed their chicks several times an hour, from dawn 'til dusk.

U.S. Humane Society

can improve writing skills. You might think others are more talented, but don't let negative thoughts discourage you. Confidence and skill will grow with the more writing you do.

Rose Rennekamp has a master's of education in guidance and counseling. For more college and career-planning information, visit [www.actstudent.org](http://www.actstudent.org).

### Healthy lunch items

Sliced apples with peanut butter make for another timeless, snack-time favorite. The fiber in the apple will help keep your child full until dinner, and the peanut butter is an excellent source of protein.

## S.H. Tigers sink Pirates 14 - 7

### Indians give Muenster second loss

Behind 34 points at half-time is a tough scenario to overcome, and last Friday night the Muenster Hornets couldn't catch up. They were handed a 47-20 beating by the Nocona Indians.

"Our effort we did in the 1st half was unacceptable, but play was a whole lot better in the 2nd," commented Coach Monte Endres. "We'll have to work to get better."

The Indians raised their hatchet easily at the beginning of the battle. Returning the kickoff 28 yards was followed by three quick passes for 10, 18, and 12 yard gains to the 18 yard line. Two more plays and the Indians scored from the 2. The PAT kick gave Nocona a 7-0 lead with only a minute and 3 seconds ticked off the clock.

The Hornets' first offensive attempt ended with a punt on 4th and 19. From midfield, Nocona got in eight plays before Levi Trubenbach intercepted a pass. Muenster couldn't take advantage of the turnover and punted. Three snaps and Nocona scored on a 61 yard pass play. The extra point failed for a 13-0 score with 3:12 on the clock.

Again the Hornets couldn't get 10 yards, punting to the Indian 32. Eight snaps and Nocona led 21-0 with 10:09 remaining in the 2nd quarter.

Muenster lost 2 yards, then fumbled, giving the Indians the ball 24 yards from the end zone. Five plays, another 6 points. The PAT put Nocona in the lead 28-0 with 7:15 still

remaining on the clock.

The Hornets gained a yard and punted again. Nocona got in four plays, then Reynolds caused a fumble. Matt Flusche covered on the Muenster 39. A sack was followed by a 35 yard run by Garrett Hennigan. A Trubenbach to Matt Flusche pass got the ball to the 25, but two plays for losses and an incomplete pass gave Nocona possession on their 27 yard line. Seven snaps and the Indians had a 34-0 halftime lead.

Muenster got into the ball game in the 3rd quarter. Paul Crabtree returned the kick to the 31 yard line. A Trubenbach to Flusche pass picked up a quick 46 yards. Several plays later, Trubenbach went to the air with a 12 yard pass to Eric Hellman to the 15. A couple of plays and Muenster was on the scoreboard with a Trubenbach run. Tanner Herr booted the extra point for a 34-7 score with the clock reading 7:55.

The Indians fought right back, taking five plays to find paydirt. With 5:55 on the clock, the score was 40-7. Within five plays, Muenster found the end zone again with a 54 yard touchdown pass play from Trubenbach to Corey Reynolds. Herr's extra point closed the score to 40-14.

Nocona controlled the next 3 minutes and the first couple in the 4th quarter to score another touchdown. With 9:57 on the clock, Muenster trailed 47-14.

Starting on their 43 yard

line, the Hornets pounded their way down field, snapping the ball 14 times to find the end zone on a 4 yard keeper by Trubenbach with 3 minutes in the game for a 47-20 score.

Nocona got in five runs and Muenster four plays before time ran off the clock to end the ball game.

#### Next Action

Muenster will host the Aubrey Chaparrals this Friday night. "On paper it looks bad," noted Coach Endres. Aubrey beat Nocona by three touchdowns in their season opener. The 2A team lost 17 seniors last season, but are still picked to finish 2nd in their district.

"We have to correct our own mistakes more than anything else," Endres concluded.

The Tigers were "very mentally and physically prepared and did an excellent job executing the game plan," noted Sacred Heart Coach Charles Boles.

The trip to Collinsville last Friday night was well worth the journey for the Sacred Heart Tigers, as they brought back a 14-7 victory over the Pirates.

"I'm very proud of the boys' effort," added Boles. "I saw lots of improvements from the first to the second week, and our defense was outstanding."

The teams exchanged punts, with Sacred Heart's second drive beginning on the Pirate 40 yard line. A Nolan Hartman to Sam Sparkman pass picked up a quick 37 yards. From the 3 yard line, Colt Spruill found paydirt with 9:05 still remaining in the 1st period. Hartman kicked the extra point for a 7-0 score.

Tackles by Ryan Henscheid, Hartman, and Josh Yosten allowed only 5 yards. A Pirate fumbled play forced another Collinsville punt.

Unable to get a 1st, Sacred Heart returned the punt, setting the Pirates near midfield. Collinsville quickly moved to the Tiger 15. Tackles by Jordan Reeves, Nick Popovich, Hartman, Chris Marshall, and Zach Zanchetta, and a flag kept the Pirates at bay. Josh Yosten stopped the 4th down play at the 10 where the Tigers took the ball.

Runs by Spruill and Hartman gained 10. A 49 yard run by Sparkman took the Tigers

to the Pirate 31. Sacred Heart gained another 10, then ran out of steam on the 23.

Collinsville got three 1st downs, moving the ball to the Tiger 18 before tackles by Yosten, Marshall, Tommy Torcellini, and Tyler Rohmer stopped their drive.

A Sparkman run and Hartman to Colby Richey pass moved the Tigers out to the 33. A 2nd down run by Spruill broke open for a 67 yard touchdown race. With 1:17 left in the 2nd quarter, Hartman added the extra kick for a 14-0 Tiger halftime lead.

A good return set up the Pirate scoring drive to begin the 2nd half. Collinsville took four runs to find the end zone, scoring on a 56 yard run with 9:23 on the clock. The PAT closed the score to 14-7.

The Tigers punted away their first possession, with Collinsville making a few plays before punting. Sacred Heart's second drive started and ended with a fumble on the Tiger 25. Two tackles by Flusche and a 4th down stop by Spruill gave Sacred Heart the ball near the 15.

Spruill gained 16 yards, but a fumble, a flag, and two failed passes forced a punt. The Pirates punted to start the last quarter of play, with both teams not getting in any big plays.

With 5 minutes remaining in the game, the Tigers took control. Starting on their 24, Hartman gained 10, then

Spruill 20 yards to the Pirate 46. Two short runs by Spruill and a 22 yard gain by Hartman took the Tigers to the Pirate 20. Sacred Heart took the knee and ran out the last ticks of the clock for the win.

#### Next Action

The Tigers will stay at home this Friday night, hosting the Saint Jo Panthers. Youth is abundant on the Panther team with just one senior member. The Panthers lost their season opener 70-0 to Fort Worth Calvary Christian, then allowed Colleyville Covenant to take a 35-24 win last week.

"Saint Jo's a young team that plays really hard," stated Coach Boles. "Hopefully we will play well and continue to improve our program."

Action begins at 7:30 p.m.

Muenster Hornet Garrett Hennigan (10) looks for an opening in the offensive line, but Nocona closed the door for a no gain run. Muenster fell behind early in the first half, could not cover the loss, and were handed their second defeat. Janie Hartman photo

**Go Fight Win Big Red**

Sacred Heart Tiger Josh Yosten (16) avoids one Pirate and follows Sacred Heart blockers, including Tommy Torcellini (55). Scott Wood photo

## JV Hornets defeat Nocona 16 - 14

The Muenster Junior Varsity Hornets pulled out a 16-14 victory over the Nocona Indians last Thursday night at Hornet Stadium. Nocona got several breaks, but couldn't get in the end zone to take the win.

Muenster scored first, late in the 1st quarter. From inside the Indian 24, Chris Valliere moved the ball to the 14. Jason Luke then got inside the 1 foot line. A high snap was fumbled for a 2 yard loss. But the next play, a quarterback keeper by Garrett Walterscheid put the first points on the board. T.J. Acuna ran in the extra points for an 8-0 score with 21 seconds on the clock.

The Indians carried the ball into the 2nd quarter, getting inside the Hornet 20 before a tackle by C. Valliere and Josh Holder, a knocked down pass by Steven Valliere, and a rush on the quarterback from Holder and Dillon Bayer for an incomplete pass put Nocona in a 4th and 16 situation. A stop by Holder and Spencer Nielsen gave the ball to the Hornets after no gain.

From their own 25, Muenster's offense struggled, but a late hit flag gave the Hornets a 1st down. Holder picked up a quick 12 yards, with Holder, Acuna, and Luke getting to the Indian 32. Walterscheid completed a pass to Nielsen, who with extra effort, made it to the 2 yard line. Holder then found paydirt with 2:04 on the clock. A keeper up the middle by Walterscheid gave Muenster a 16-0 lead.

Nocona got in seven plays before the halftime break.

Muenster took the 3rd period kick at their 30 yard line, but were unable to make a gain and punted. Nocona did the same, and the Hornets started their next drive on their 38. Luke ran for 17 yards, then the offense sputtered and punted. Nocona fumbled the return that rolled into the end zone. A battle for the ball was useless, as the officials called a touchback and the Indians received the ball on the 20.

The next play, what appeared to be an interception by Jacob Klement, was called incomplete. But the Indian offense struggled, with tackles by Scott Porter and Acuna forcing a punt that rolled to the Muenster 42. A high snap with 8:35 remaining in the game, Nocona closed the score to 16-8.

T.J. Acuna got a good punt return to the Nocona 45. Acuna ran for another 12, but loss of yardage forced a punt that rolled out at the Indian 17 yard line.

Nocona got in three good runs, then kept their drive alive with another break. Allen Fette covered a fumbled ball, but the officials called it an incomplete pass. Several plays later, Muenster's defense forced a punt. The Hornets had no one down field and the ball rolled to the 13.

The Hornet offense couldn't get a 1st down after a fumbled play in the backfield, punting from their end zone. A fumbled ball turned the play into a short kick, giving Nocona the ball on the Muenster 25. Three plays later, the Indians scored. The extra point attempt was stopped short by C. Valliere and Bayer for a 16-14 score with 1:19 remaining in the game.

An on-side kick by Nocona failed. The Hornets ran one play, then took a knee to allow the time to tick off the clock for a victory.

### Just a thought

Health is more than just the absence of illness. Health is the presence of aliveness, energy, joy.

Life is a coin. You can spend it any way you wish, but you can spend it only once.

No matter what a man's past may have been, his future is spotless.

## Lady Knights win Valley View Meet

The Lindsay Lady Knights placed 1st overall in the Girls Varsity Division of the Valley View Cross Country Meet. Muenster finished 7th. In the Girls JV Division, the Lady Hornets settled for 4th place behind Lindsay, while Muenster's junior high team edged out the Lady Squires to finish in 7th place.

Overall varsity winner was Chelsea Hermes clocking in at 13:14. Lindsay teammate Katelyn Brewer was on her heels with a 13:17 finish. Rose Hermes came in 4th with a time of 13:33.

Sacred Heart Tigerette Ginger Bartush was the 12th place runner, clocking a time of 14:02. Leah Smith led the Muenster Lady Hornets with a 14:06 13th place finish. Also finishing in the top 20 was Shirley Hess, 18th with a 14:18 time.

Others finishing the varsity race, their places and times were: 26, Jackie Klement, M, 14:36; 27, Shaina Felderhoff, M, 14:37; 33, Samantha Wimmer, SH, 15:45; 39, Kendall Neu, L, 14:57; 41, Jessica Block, L, 14:58; 51, Rebekah Hesse, SH, 15:20; 58, Cassie Hale, M, 16:43; 59, Alexandra Popovich, SH, 15:50; 65, Amanda Dangelmayr, M, 16:06; 66, Laura Heers, M, 16:12; 72, Anne Walterscheid, M, 16:45; 78, Lauren Creed, SH, 16:53; 84, Kristin LeBrasseur, SH, 17:06; 86, Sunni Bayer, SH, 17:12; 88, Hayley Hess, SH, 17:23; 90, Taylor Reiter, SH, 18:10.

In the Varsity Boys Division, Hornet Johnny Green finished in 4th place with a 19:31 time.

Joe Hesse, 37th, and Patrick Mojica, 57th, led the Sacred Heart Tigers

with times of 21:10 and 22:29. Jordan LaChance clocked in 95th with a time of 26:52. Thomas Rohmer of Lindsay placed 94th with a 26:08 finish.

Michelle Henscheid led the Cooke County JV girl runners coming in 14th and Briana Bindel 17th with times of 15:35 and 15:51.

Rounding out Muenster JV participants were: 27, Lindsey Watson, M, 16:05; 29, Sara Walterscheid, M, 16:11; 39, Emily Stoffels, M, 16:29; 41, Erin Endres, M, 16:42; 60, Lia Heers, M, 17:33; 61, Alison Teafattler, M, 17:36; 80, Logan Cheaney, M, 19:32.

Toby Dyess and Tanner Silmon competed with JV boys, finishing 35th and 45th with times of 24:32 and 25:18.

Muenster and Lindsay both had runners in the girls junior high race. Making the top 20 from Muenster were: 10, Lana Heers, 15:41; 15, Alyssa Stewart, 15:54; 18, Shelby Dangelmayr, 16:04. From Lindsay: 5, Megan Caillier, 14:35; 9, Jordan Fleitman, 15:32; 12, Ah Fogle, 15:52.

Others were: 23, Kalyn Dangelmayr, M; 25, Paige Herr, M; 26, Andi Felderhoff, M; 29, Michelle Sicking, M; 30, Amber Walterscheid, M; 36, Lauren Rohmer, M; 40, Demi Koelzer, M; 42, Caitlin Huston, L; 47, Chloe Schneider, M; 53, Sadie Stoffels, M; 55, Payton Sanders, M; 57, Allison Pagel, M; 58, Taylor Endres, M; 63, Paige Hennigan, M; 72, Brianne Sandmann, L; 73, Abby Walterscheid, M; 94, Rose Wyrick, L.

The lone junior high boy runner was Andrew Dickerson of Lindsay finishing with a time of 17:20.

## Sacred Heart JV sunk by Collinsville

The JV Tigers of Sacred Heart hosted the young Pirates from Collinsville Sept. 6 and walked the plank as the visitors took home a 26-6 win.

The teams returned punts the first series of plays, with the Tiger defense led by Josiah Yosten, Kyle Knabe, and Gene Yosten, not allowing a Pirate 1st down until their third drive, which was stopped with tackles by Kirk Felderhoff, Michael Whitecotton, and J. Yosten.

Down inside their 10, Sacred Heart set up Collinsville's first score with an interception. With 3:10 on the clock, the Pirates took an 8-0 lead.

Matthew Hesse got in three runs for 27 yards before a fumbled ball gave the Pirates possession at midfield. A rush by the Tigers forced an interception by Hesse. From midfield, a Hesse to Knabe pass play picked up 17 yards. A Hesse run and a pass to John Krawietz moved Sacred Heart to the 5. A keeper by Hesse put the Tigers on the scoreboard. The extra point pass failed for an 8-6 score with 31 seconds in the 1st half.

A sack, a holding flag, and

an incomplete pass quickly ended the Tigers' first drive of the 2nd half. Tackles by Seth Turczynski, G. Yosten, and Whitecotton lost yards, but a pass play followed for a Pirate touchdown. Kyle Knabe stopped the extra run for a 14-6 score with 6:51 on the clock.

A fumble on the return kick gave the ball back to Collinsville. On 4th and 2, a tackle by Chad Walterscheid stopped the Pirates 19 yards from the end zone.

The two teams exchanged punts, then with 41 seconds on the clock, the Pirates picked off a Tiger pass and returned the ball 40 yards for a touchdown. The PAT failed for a 20-6 score.

The Tigers had one good pass play, but fumbled at midfield. Collinsville took advantage of the turnover and scored seven plays later to increase their lead 26-6 with 5:27 remaining in the game.

Felderhoff and Hesse each ran twice, but another interception ended the drive. The Pirates played out the remaining time, taking a knee inside the Tiger 20 to end the game.

## Junior High Volleyball

**8th Grade**  
The Lindsay Lady Squires traveled to Collinsville Monday for their first taste of volleyball at the junior high level.

The "B" team took a victory with scores of 25-18, 28-26. Amber Hess served 5 of 7.

In the "A" game, Lindsay defeated Collinsville 25-21, 26-24. Erin Copeland was 8 of 13 serving with 3 aces, Taylor Atkins 4 of 6 serving and 3 aces, and Lucinda Krah 6 of 10 serving.

**7th Grade**  
The 7th grade "B" team came up short Monday night against Collinsville 15-25, 9-25. "They did a good job for their first game ever," said Coach Don Neu. "We have a lot to work on, but they are beginning to pick it up."

The "A" also lost to Collinsville with scores of 21-25, 19-25. "They are understanding where to go and what to do. They just need to continue to improve on the fundamentals." Coach Neu added, "Overall, I thought we made a lot of progress."

The Freshmen girls beat Ponder Tuesday night in two games 25-20, 25-20. "The girls played a solid game and served the ball well," noted Coach Neu.

Katie Nortman was 8 for 8 serving, Emily Conaway 10 for 13, Macy Perry 4 for 4, Savannah Stoffels 1 for 1, Paisley Baker 8 for 10, Alyx Ethington 3 for 4, Alex Gay 1 for 2, and Allison Metzler 3 for 4 with 1 kill.

## Trojans defeat Knights on battlefield

The Knights may have gotten more 1st downs, and out-passed the Trojans by 20 yards, but it was Windthorst's ground attack and four turnovers that conquered Lindsay last Friday with a 28-7 loss for the Knights.

"We played really good the 2nd half, but were kind of flat the 1st," commented Knight Coach Cody Bounds. "Losing leadership like Keith (Hermes), the team had to step up." Nick Bezner took over as quarterback until he went out with an injury, then Lindsay had to play their third stringer to finish out the game. Coach Bounds noted that Hermes will be held out one more game and Bezner will be back this Friday night.

The Knights took the opening kick, got a 1st down, then couldn't get 10 more yards and punted.

From the Lindsay 44, the Trojans took four runs, then scored on a 40 yard pass play. The PAT kick gave Windthorst a 7-0 lead with 6:09 on the clock.

Two incomplete passes and a flag made Nathan Martin's 9 yard run short of a 1st, and Lindsay punted.

Tackles by Martin, Garret Block, Mason Ward, Neil Jones, and Robert Arend allowed small gains in four runs. The next play was again a pass good for a 42 yard touchdown. The extra kick put the Trojans in the lead 14-0 with 2:58 remaining in the 1st quarter.

Quarterback Nick Bezner ran for 9 yards, then completed passes to Block and Ross Jones for gains of 13 and 6 yards. Bezner picked up 3 more, and Block 7. A fumble

in the backfield was saved by Neil Jones as the quarter ended. The second play into the 2nd period saw another fumble, this one covered by the Trojans on the Windthorst 41.

Using their ground attack, the Trojans pounded six runs at the Knight defense, the final a 40 yard touchdown run with 8:18 on the clock. The PAT gave Windthorst a 21-0 score over the Knights.

Starting inside their 20, a Bezner to Block pass picked up 19, but two incomplete passes and a sack followed, forcing another punt.

Tackles by Dustin Reed, Martin, and Block, and a penalty were followed by a Trojan punt.

The Knight offense struggled and punted. A fumble on the return was covered by Mason Ward, and Lindsay continued their drive. A Bezner to Joey Block pass took the Knights to the Trojan 24, but on 3rd and 10, Windthorst picked off the ball. The next play, Ross Jones stole a Trojan pass and the Knight offense came back on the field. Lindsay gained only a yard in four plays before the 1st half ended.

Lindsay controlled the 3rd quarter. The Knight defense, led by Martin, Josh Mueller, Bezner, Arend, and Ward, didn't allow a 1st down.

The offense, starting on their 29, made a 1st down with a pass to Jones. Martin gained 6, a flag lost 5. Bezner then found an opening in the line for 17 yards. Martin picked up 6, and a Bezner pass to G. Block 19 more.

From the 14 yard line, Bezner moved to the 5, but another

flag lost 5.

On 2nd and goal, Bezner connected with J. Block for a 10 yard scoring pass play. With 1:14 on the clock, the Knights were on the scoreboard. Jones booted the extra point for a 21-7 score.

Windthorst carried the ball into the final period, then punted. Three plays later, the Knights threw another interception. From the 18, the Trojans took nine running plays to cross over into Knight territory, then score on a 40 yard pass play with 6:19 on the clock. The PAT put Windthorst ahead 28-7.

Garret Block completed passes to Jones and Joey Block for 7 and 21 yard gains, but another interception ended the drive and Windthorst played out the remaining 4 minutes of the game to take the victory.

### Next Action

The Knights hit the road Friday and travel to Jacksboro to tangle with the Tigers. "Their coach runs a really good 2A program," Coach Bounds said. "They have a big line up front, which is always a challenge for us."

Last week, Jacksboro of District 9AA defeated Eastland of District 10AA 27-8. Both teams had 8-2 seasons last year. The Tigers first match was a 22-14 loss to Seymour.

"If we come out flat, it may be a long night. But if we play hard, good things happen for you," concluded Bounds.

Above - Nick Bezner (2) started at quarterback against Windthorst last week; above right - Joey Block (4) and a Trojan battle for the ball; at right - Nathan Martin (44) dodges Windthorst defenders. Jay Anderle photos

## Lady Knights win two, lose three

The Varsity Lady Knights volleyball team improved their record last Friday by defeating the Blue Ridge Lady Tigers in three straight sets by scores of 25-15, 25-21, 25-17.

Madisen Burrows had 23 assists, Chelsea Hermes got 10 kills, 3 blocks, and 6 digs. Kaylee Murphree and Kristin Martin also got kills, blocks, and digs, with Katelyn Brewer getting kills and digs.

On Saturday, the team competed in the Nocona Tournament, losing all three matches.

The first round saw Petrolia defeat Lindsay 18-25, 25-15, 17-25. Round two was a loss to Mineral Wells 20-25, 13-25, and the final game to Notre Dame 19-25, 26-24, 21-25.

In the tournament, Burrows had a total of 48 assists and 8 digs. Brewer got 19 digs and 2 aces, Hermes 28 kills, 13 blocks, 18 digs, and 2 aces. Also leading Lindsay were Martin with 7 kills, 16 digs, 2 aces, and 3 blocks, and Murphree with 22 kills, 11 blocks, 16 digs, and 4 aces.

### Just a thought

Politeness goes far, yet costs nothing.

The happiest people don't necessarily have the best of everything. They just make the best of everything.

The ripest peach is highest on the tree.

## Sub-varsity Volleyball

### Freshmen

The Lindsay Lady Knights beat Ponder Friday night 25-21, 25-23. "We were down 16-21 in the second game and battled back to win," Coach Don Neu noted. "It was a great confidence builder for the girls."

Paisley Baker had 5 kills and 8 out of 9 serving, with Katie Nortman getting 3 assists and 11 of 12 serving.

The Lindsay freshmen volleyball team competed in the S&S tournament last Saturday, finishing in 4th place.

The Lady Knights won their first game 27-25, 25-12 against Leonard to advance to the winners' side of the bracket.

Game two was with the host team. "We played very well, but struggled against a very good S&S team," noted Coach Don Neu. In the 3rd place game, Lindsay lost to Collinsville 19-25, 19-25.

"Overall I was pleased not only with their play, but the fight they showed by never giving up," Neu said.

### Lindsay Junior Varsity

The JV Lady Knights played Blue Ridge last Friday and were defeated 19-21 and 21-25. "We struggled with our passing," noted Coach Robin Hess.

On Saturday, the team traveled to Argyle and participated in a JV tournament. Lindsay lost both games to Prosper and Plano, "but played well as a team," Hess added.

On Tuesday, Sept. 11, the JV team played Gold Burg, playing two matches and winning both. Scores were 25-8, 26-24, 25-21, 25-10.

Jessica Thurman was 26 of 26 serving with 3 kills; Katie Dieter 19 of 19 serving and 2 kills; Kayla Hess 14 of 15 serving and 1 kill; and Rachel Brewer with 6 assists.

The Lady Knights got a victory over Gold Burg Tuesday (see related story). Going for a return are Kaylee Murphree and Kristin Martin. Also pictured is Rose Hermes (2). Jay Anderle photo

**PUBLIC NOTICE**  
**Of Accreditation Review Of NCTC Nursing Program**  
**Public Invited To Give Input On Tuesday, October 2**

North Central Texas College will host a site review for continuing accreditation of its Associate Degree Nursing (ADN) program by the National League for Nursing Accrediting Commission (NLNAC). Members of the public are invited to meet the visitation team and share your comments regarding the program in person at a meeting scheduled for **Tuesday, October 2, 2007 at 1:30PM** in the Little Theater (ASCTHE 170) on the Gainesville Campus.

We urge all interested citizens, program graduates, health care professionals, hospital personnel and hospital board members, to meet with the site visitors to discuss the effectiveness of the ADN program at NCTC and how it impacts the community.

The NLNAC is recognized by the U.S. Department of Education as the nationally recognized accrediting agency for all types of nursing education programs (Practical/Vocational Nursing, Diploma, Associate Degree, Baccalaureate Degree, and Higher Degree). NLNAC provides initial accreditation and continuing accreditation to approximately 200 nursing programs per year; and continuous monitoring of approximately 1300 programs. The first NLNAC visit was conducted at NCTC in 1973 and the Associate Degree Nursing program has maintained accreditation since that initial visit.

The accreditation process will extend from Tuesday, October 2 to Thursday, October 4, 2007. The review process will cover seven specific areas: Mission and Governance, Faculty, Students, Curriculum and Instruction, Resources, Integrity, and Educational Effectiveness. During the visit, the review team will meet with NCTC administrative personnel, nursing faculty, nursing students, support faculty, a clinical site, and hospital administration and managers.

We thank you ahead of time for taking time from your busy schedule to join us on Tuesday, Oct 2, 2007 at 1:30PM in the NCTC Little Theater to visit with the review team and share your support of the NCTC Associate Degree Nursing program.

Written comments are also welcome and should be submitted directly to: Dr. Sharon Tanner, Executive Director, The National League for Nursing Accrediting Commission, 33 Broadway - 33rd Floor, New York, NY 10006. Or email: stanner@nlac.org.

## Ammo - an expensive proposition

Hunters preparing to hit the woods and fields for the fall hunting seasons are learning what recreational shooters have known for some time: ammunition prices have gone through the roof. Today, it's not just the specialized ammunition that's gotten pricey - after all, very few shooters or hunters know or care that .50BMG ammunition has gone from \$1.50 to \$3.00 per round. When you see hunting ammunition that's gone from \$20-\$40 per box, that makes an impact.

The latest round of hikes saw ammo prices going up as

much as 17% across the board in some parts of the country. As the prices of raw materials continue to rise, we're told there's not much relief in sight. Like the days of cheap gasoline, cheap ammunition may have become a thing of the past.

It is a fact that more than one billion rounds per year are being fired by soldiers, and that's consuming a considerable amount of manufacturing capacity nationwide. Add in the fact that most departments significantly increased their training regimens following 9/11 along with growing demands for

copper and lead worldwide, and some shortages are the result.

Both police and retailers are in agreement on the ammo that's the most difficult to find. Not surprisingly, it's the .223 caliber that is the same basic round as the 5.56 ammo issued to soldiers. The .223 and 5.56 aren't identical, but they do contain the same metals and are often made on the same equipment.

In our decidedly non-scientific, non-comprehensive check of ammunition pricing, we found that there is, indeed, very little price difference between the military surplus ammo (formerly considered "cheap" ammo) and commercially packaged ammo. If you're firing .223/5.56, you can expect to be paying roughly two to two-and-a-half times the costs from as little as a year ago. If you're shooting .308/7.62x51, you're going to be looking at something in the range of \$1 per round (or more) for premium hunting ammunition. If you're looking to get in some quality shooting time without paying those prices by shooting .22 caliber, think again. Even the ubiquitous .22 ammo will hit you harder in the wallet than ever before. It may be smaller, but the ingredients are the same - and those raw materials prices have doubled - or more - in the past year.

This isn't a panic notice - there is still ammunition out there - in sufficient quantities to handle hunting and most recreational shooting. But it's more expensive.

*From The Outdoor Wire*

# TCEQ to collect agricultural waste pesticides in Valley View

Keep Muenster Beautiful and Keep Lindsay Beautiful remind Cooke County residents that the Texas Commission on Environmental Quality (TCEQ) is offering rural Texans the opportunity to dispose of banned or unwanted pesticides, properly rinsed plastic pesticide containers, used motor oil, oil filters, and lead-acid batteries free of charge.

This collection is from 8 a.m. to 1 p.m. on Thursday, Sept. 20 at Martindale Feed Mill, 500 South I-35 East, Frontage Road, rain or shine.

Agricultural wastes that will be collected include tractor-waste products, such as

brake and transmission fluids; and agricultural supplies, such as pesticides, insecticides, harvest chemicals, pesticides used on livestock, weed killers, and rat poison.

All agricultural chemicals are eligible for acceptance excluding: more than five gallons of pesticides, herbicides, or wood preservatives containing 2,4,5-T, 2,4,5,TP (Silvex) or pentachlorophenol; and any non-hazardous fertilizers or nutrient materials that do not contain pesticide admixtures.

No tires, explosives, compressed-gas cylinders, household wastes, or wastes from chemical dealers will be accepted. In addition, staff will

NOT accept wastes from chemical dealers, school chemistry or biology labs, or franchise pesticide applicators certified by the Texas Structural Pest Control Board.

Empty, plastic pesticide containers must be clean and triple- or high-pressure rinsed to be accepted. For large quantities of plastic pesticide containers, please contact USAg Recycling at 1-800-654-3145 to arrange pickup at no cost.

There is a limit of two 55-gallon drums per participant and oil filter recycling and filters will not be accepted from businesses that change oil for a fee.

## TDA Market recap

The Texas Department of Agriculture market recap for the week ending Sept. 8, shows higher cash prices for the major commodities covered by this report. Fed cattle prices were up on a continued tight supply of finished cattle. Cash feeder cattle increased along with the higher fed market and weak feed grain markets at mid-week. The fall run of feeder cattle has begun in some areas.

Sheep and goat prices were up seasonally. Cash wheat markets closed the week sharply higher amid continuing strong demand and concerns about world supplies. This spilled over into other grain markets and helped corn and grain sorghum close higher after trading lower at times during the week.

Cash cotton was higher with continued good export demand. As for futures markets, cattle, wheat, corn, and corn futures closed the week higher, but cotton was lower. Scattered showers were reported over much of the state last week with areas of North Central and North East Texas receiving the most rainfall. The cotton crop remains in mostly good to fair condition with harvest now underway in South Central Texas and the Coastal Bend.

Corn and grain sorghum harvest are well underway in all areas of the state with corn condition rated mostly good to excellent and grain sorghum mostly good to fair. Winter wheat land preparations and planting are underway with 2% of the acreage seeded, compared with 15% on average. Pastures and rangeland remain in mostly good to excellent condition.

## COUNTY AGENT'S REPORT

**WAYNE BECKER**  
CEA - AG/NR

### Is this the year to graze standing bermudagrass after dormancy?

Winter feeding programs can contribute heavily to the overall ownership costs of cow-calf production systems. Traditional feeding programs in Texas and across the U.S. have concentrated on feeding conserved warm-season grasses (hay) for many years. This practice is generally a very expensive method of feeding cows during the winter period.

A different approach could use standing or stockpiled bermudagrass left in the field for grazing during fall and early winter. This practice may be especially practical this year, since plentiful rainfall has ensured excessive forage production in our pastures.

Stockpiled bermudagrass can provide the required nutrition for dry, pregnant cows through January if the appropriate procedure is followed.

Producers should plan on providing approximately 45-60 days of grazing with the dormant bermudagrass. In most instances, stockpiled bermudagrass should be used up by mid January. Once the stockpiled bermudagrass is completely grazed, a shift to another bermudagrass pasture overseeded with annual ryegrass can provide necessary nutrition throughout the remainder of the winter feeding period. A short period of hay feeding may be necessary until the ryegrass pastures

are ready to be grazed. These changes in winter feeding programs can substantially reduce winter feeding costs.

In order for stockpiled bermudagrass and ryegrass to contribute to the program, the stocking rate must be in balance with the property's ability to produce the forage necessary for the resident cow herd. In many instances, overall stocking rates will have to be reduced in order to provide the deferred pastures for stockpiled bermudagrass and overseeding ryegrass. Adequate moisture combined with the appropriate fertility program is required to produce the desired

bermudagrass quantity and nutritive value. Note that if adequate moisture is not received during September, October, and November, little bermudagrass will be produced and grazing initiation of ryegrass may be delayed. Always have a barn full of good hay in reserve for drought or ice and snow cover.

Also realize that good hay stored appropriately in a barn does not have to be replenished each year and can last for many years without further deterioration once an approximately 10% loss in dry matter and nutritive value occurs during the first year of storage.

## AG BRIEFS

The U.S. cattle herd increased 300,000 head during 2006 to 96,702. In 1982, the cattle count was 115,444,000, the highest the past 25 years.

Texas continues to lead the nation in total cattle inventory, cattle on feed, and beef cows. A head count of 14,000,000 head as of Jan. 1 include 5,303,000 beef cows, with 2,880,000 on feed. Texas dairy cows count ranks 8th in the U.S.

The average U.S. feed grain prices in 2006 included

(price per bushel): sorghum, \$3.30; corn, \$3.10; and wheat, \$4.25. The past 20 years, the low for sorghum was \$1.57, corn \$1.82, and \$2.48 for wheat, all in 1999.

Of the top 20 U.S. cattle feeding operations, five are located in Texas: #2, Cactus Feeders, Inc. in Amarillo; #4, Friona Industries, L.P. in Amarillo; #5, AzTx Cattle Co. in Hereford; #17, Barrett-Crofoot, Inc. in Hereford; and #20, Bar G Feedyard in Hereford.

The average U.S. feed grain prices in 2006 included
