

11 OF INJURED
ARE REPORTED
SERIOUS STATE

PORT ARTHUR, Tex., June 12—(AP)—One man was dead, 35 were injured, 11 seriously, and damage estimated at more than a million dollars had been caused today as a result of an explosion and fire at the refinery of the Texas Company here.

Official investigation into the cause of the explosion was begun this morning by Superintendent W. K. Holmes, who said the results would be made public.

An unofficial report was that light oil spilled over an agitator and running over nearby private tracks of the Texas Company was ignited by a spark. The engineer and fireman were burned.

Leonard Hatch was fatally burned. Seriously injured were Walter Robert, J. A. Blalock, A. M. Burton, S. C. Schenckmayer, R. B. D. Holloway, Earl Guidry, A. B. Cross, R. B. Folk, P. Morris, J. P. Letulle and R. E. Davis. All were expected to recover.

To Be Rebuilt

As soon as the debris cools, work preparatory to reconstruction of the lost equipment will begin.

The fire raged for hours out of control, the intense heat preventing the plant fire department and volunteers from effective work.

Successing explosions occurred for hours during the night as new supplies of oil were reached by flames and the fire was the most spectacular in years, closely paralleling the disaster overtaking the tanker Gulf of Venezuela at the docks here on the morning of April 11, 1926, in which 33 lost their lives.

The flames billowed skyward to a height of hundreds of feet, with a luridly in the black smoke that hung over the plant like a pall. The flames crackled like giant static, and the roar, heard for miles, was like that of several express trains at once.

Scenes of pathos were enacted outside the gate, where several thousand spectators congregated. Admission to the plant was limited to employees. In the crowd was several hundred women, many of them frantic and in tears as they sought news of their relatives.

The badger stills, recent expansion installations by the company, were reported undamaged. Only a roadway separates them from the agitators.

Many persons were believed to have owed their lives to the fact that the fire occurred after 4 o'clock, as the day shift, which outnumbered the night shift almost two to one, had almost vacated the plant when the first explosion spread flaming oil over the vicinity.

Most of the injured were engaged in fighting the fire.

\$25,000 Grain Fire

OHAMA, June 12.—(AP)—Fire, apparently resulting from spontaneous combustion in the grain bins, today destroyed a grain elevator operated by the Nebraska and Iowa Grain Company near here. The loss is estimated at \$250,000.

Ninety thousand bushels of wheat, 50,000 bushels of corn and 10,000 bushels of oats either were consumed by the flames or spoiled by water.

LEONARD TRIAL
DATE JUNE 26

O. T. Leonard has been arrested following his re-indictment on charge of murder of John R. Wilson. He was placed in jail this week by Sheriff M. H. Deenan.

Judge E. J. Miller said today that the trial of Leonard had been set for June 26th and a special venire of 72 men ordered.

This will be the third trial of Leonard on this charge. The first ended in a hung jury and the second trial resulted in a fifty year sentence which was appealed and the case was reversed and remanded because the indictment did not include "with malice aforethought," which made the offense punishable by not more than five years imprisonment.

**Houston Reporters
Send Condolences
On Lingle's Death**

HOUSTON, Texas, June 12.—(AP)—Seven Houston police reporters have sent a message of condolence to the city editor of the Chicago Tribune in connection with the assassination of Al Lingle, the Tribune's crime reporter.

MEMORIES OF OLD TRAIL DAYS
IN THIS COUNTRY RECALLED

Memories of the old trail days when large herds of cattle were driven thousands of miles over the plains of Texas to northern and eastern markets, or to stock other western ranges, when the cattle rustlers trailed in the path of the herds and Indians rode the plains of Texas and Indian Territory are vividly recalled by J. F. McLeskey, old time trail rider, who now operates a shoe shop at the corner of Brown and West Anderson Streets and has operated a shoe shop in Brownwood for the past thirty-one years.

Now, Mr. McLeskey sits at his work bench and mends shoes but his memories take him back to the times when he, at nineteen years of age "bossed" a certain outfit that took thirty-five hundred head of stock hundreds of miles across Texas and into Colorado. He remembers the days in this section of the state when wild game was plentiful and there were very few fences to bar travel across the plains and when Brownwood was a few houses and several dug-outs.

Mr. McLeskey was born in Arkansas in 1860. He is now seventy years old, but is strong and healthy as in the days he rode the plains. He says he came to Brownwood the first time in 1876 when he was sixteen years old. He and his brother were here to see about taking up some government lands and Mr. McLeskey says that he can remember seeing only one house and some dug-outs and very few people while here.

Routes by Waters
He made six or seven trips through this section of the state later with herds of cattle driving them to market. The cattle were driven through this country between Brownwood and what is now the town of Owens. This was not a regular cattle trail, he says, but was sometimes used as a water route for the cattle to see his house and belongings. The cattle trails were always mapped out so as to pass as much water as possible en route so that the cattle would not die from thirst. Mr. McLeskey states. About ten men were used generally to drive a large herd of cattle.

When Mr. McLeskey was nineteen years old he came through this country as trail foreman over ten men. They were driving a herd of 3,500 cattle from Lavaca county to Trinidad, Colorado, to sell them to ranchers there. He says that the trail between Colorado, Montana and surrounding states often bought cattle from Texas where they were plentiful and cheap.

Every man carried a gun in those days, said Mr. McLeskey. Especially were the guns needed when on a long cattle drive because the cattle rustlers and cutthroats often tried to take cattle from the herd. When they tried to do this when some old experienced trail-drivers were with the herd it was generally the best man who got the cattle, he said, because the cowboys would fight for their own stock.

Mr. McLeskey says that he visited Dodge City, Kansas, when the town was at the peak of its boom. The wagon trains to the West stopped at the town and several thousand people passed through the town for the drivers to rest and for while in the city. Every type of humanity was represented in the population of Dodge City, according to Mr. McLeskey. He said that every time he visited in the town there were two or three killings. He saw two or three of these shootings.

Through Indian Territory
Sometimes the trail led through what is now Oklahoma, then Indian Territory. The town of Vernon, Wilbarger county, Texas, was on the trail and was the last town in Texas before the trail went into Indian Territory. The town then was known as Eagle Flat, according to Mr. McLeskey. On the Pease River just above this town, Mr. McLeskey says that he saw his last wild buffalo. He says that he never saw any buffalo this side of the Pease River. During that time hunters had killed out many of the buffalo and they had gone further west. Mr. McLeskey said that on the trail lots of times, large freight wagons loaded with buffalo hides were met. The hunters killed the animals for their hides and left the carcasses on the plains to decay, he said.

After Mr. McLeskey married he went to New Mexico to homestead some land. The Apache Indians and the white men had some trouble about this time and it was considered dangerous for small parties to be in the country alone. Mr. McLeskey went into the cattle business and had only one encounter with the Indians while in New Mexico. He laughs now about the time when he thought he was going to be killed by Indians. He was riding after some horses one day and sighted a party of Indians coming toward him with their horses at a fast run. Mr. McLeskey said that he had a rifle with him and decided that he would kill some of the Indians before they killed him. He dismounted from his horse on the opposite side from the Indians and leveled his rifle over the saddle. When the first Indian came close enough to see the gun he wheeled his horse and yelled to Mr. McLeskey, "No, shoot, John." The Indians said that they were not Apaches and proved friendly. Mr. McLeskey says that this is about the only encounter he ever had with Indians.

Months on Trips
On the cattle drives through this country, Mr. McLeskey says, the herd would travel about ten or twelve miles in a day and that the trips would take months and months to complete. The country was dry most of the time and there was hardly any farming done. The cattle would sometimes become very thirsty and hard to handle, but the

cowboys always got them to their destination, he said.

Mr. McLeskey likes to recall all these old times when Texas was being carved out of the wilderness by the pioneers. He enjoys to talk about them and reminisce with the men who lived during the old trail days when a man's pillow was his saddle and his bed was the whole world.

**Construction Work
On Sewer Reaches
Half Way Mark**

Construction work on the new sewer disposal plant has reached the half way mark it was said today and the more difficult work has been completed. All excavations have been completed and the levee completed and actual construction will start soon.

MOODY IS OUT
OF CONTEST FOR
GOVERNORSHIP

AUSTIN, Texas, June 9.—(AP)—Governor Dan Moody will not be a candidate for a third term at the July primary as the result of a voluntary appearance before the State Democratic Executive Committee here today in which he requested that his name be not offered.

The committee acted favorably on his request.

**PLAN TO CUT DOWN
INCENDIARISM GIVEN
AT FIREMEN'S MEET**

AUSTIN, June 9.—(AP)—Senator Thomas B. Love of Dallas today told the State Democratic Executive Committee, meeting to certify candidates in the July 26 primary, that he would not support Mrs. Miriam A. Ferguson of Austin, or John Putnam of Houston, candidate for Governor, or R. L. Henry of Houston, candidate for United States Senator, in the event they obtained the nominations to the respective offices they sought.

Love made his declaration before the committee after it had considered a resolution which would have required candidates for state offices to pledge themselves to "vote for and support" all of the nominees of the primary election.

J. C. Marshall of Quanah, who proposed the test for candidates, withdrew the proposed pledge after D. W. Wilcox, of Georgetown, chairman of the committee had said he believed it would be "impracticable and impossible" for the proposed fealty declaration to be submitted to the various candidates in time to comply with the law directing certification of names of candidates to county chairmen. He said also he "doubted the authority" of the chairman and secretary, under the supreme court holding in the Love case to withhold any candidate's name from the ballots where he had complied with the law.

The committee recessed for lunch with the only remaining business formal certification of the candidates. It was apparent they would be certified without any fealty test being applied to them.

Want to Cut Fire Profit
If the general percentage of insurance in comparison with the actual value of the property insured is cut to the extent that it will not be profitable for the property owners to see his house and belongings, he says, there will be a major decrease in the state's fire loss, they declare. The fire insurance agent can insure to a large amount now and the fire that means a profit to the owner of the house destroyed will not mean a loss to him. Instead the over-insurance which causes an increased number of fires will merely cause an increased key rate.

James Byrnes, deputy fire marshal, told 150 fire marshals Wednesday morning that the way to cut fire losses was for the agents to refuse to over-insure or for the fire marshals to threaten reporting of the over-insurance of each "fire hazard" to the state department. The latter course worked well for Mr. Sanders in one recent case, he said.

Well organized "arson gangs" make thousands of dollars each week off the other property owners of the state. It was department arson specialists often term themselves "real estate men" and buy ramshackle structures and insure them for figures beyond their actual value, it is charged. They make a regular business of incendiary fires.

Hard to Convict
It is hard to get the facts in the activities of "fire bugs," it is said. The "fire boys" of the arson "racket" always manage to be out of town when their house burns up and they are shocked when they learn the structure has burned. When old clothes saturated with gasoline are found as the result of quick work by the fire department, the property owner knows nothing about the matter. "It might have been one of my enemies," he explains, and his alibi is thoroughly in order.

The proposed legislative changes in the arson laws of Texas will mean much toward aiding the fire marshal in enforcing the laws. At present they are still and probably will continue for some time hampered by the inadmissibility of "circumstantial evidence" in an arson case.

The penalty now for conviction of arson is from two to seven years—but the joker is that the convictions of arson in the state could be counted on one's fingers for the last five years. With their hands tied by the law they would enforce, the fire marshals are loud in their denunciation of the criticism that might be turned on them for skyrocketing key rates in Texas insurance circles.

**Boys Fined For
Gasoline Theft**

Four young Brown county boys were arraigned before Justice of the Peace E. T. Perkins this morning and fined \$13 for theft of gasoline. The boys were arrested following the theft near Brownwood this week. Each pleaded guilty and their fathers paid their fines.

FLAMING SEA
OF OIL ADDS
TO CONFUSION

BOSTON, June 11.—(AP)—A toll of dead which mounted to 45 this afternoon was lef by explosions of flaming oil which sprayed from the Fall River oil tanker Pinfus after she was in collision with the coastwise liner Fairfax in a heavy fog off Scituate last night.

The Pinfus went down in 20 minutes after the crash, taking with her the 19 members of her crew to death by fire and water. The Fairfax, new merchants' and miners' liner bound for Norfolk and Baltimore with a holiday crowd of 71 passengers, was left a flaming inferno in a flaming sea.

In the horror that ensued 15 members of the Fairfax crew and 10 passengers jumped into the sea to escape the fire aboard, but found death in the flaming oil covered waters instead. A score of more passengers were burned aboard the boat, one of them died on the way to port and five were believed dying in hospitals here.

They and the other survivors were brought to Boston today by the Gloucester, another merchant and miners lined.

BOSTON, June 11.—(AP)—Flaming oil spurting from the depths of a stricken oil tanker, believed to have been the Pinfus of Fall River, today was thought to have claimed the lives of more than forty persons aboard that ship and the passenger liner Fairfax outbound from Boston, when they collided in Massachusetts Bay last night.

So suddenly did the tragedy occur that not a single person on the tanker was believed to have escaped the fog enshrouded inferno which followed the impact.

At least a score of the Fairfax's passengers and crew were unaccounted for while the Pinfus carried a crew of 19.

**SHIELD TRIAL
DATE JUNE 23**

The trial of Joe Shield, charged by indictment with murder in three cases in connection with the killing of his wife, Mrs. Opal Shield, and her parents, Mr. and Mrs. J. B. Shields, at Brooksmith May 16, has been set for June 23 and a special venire of 72 men will be summoned from which to select the jury. Shield will be tried first on the charge of the murder of his wife.

Shield appeared before the court this week and stated that he had no money with which to obtain attorneys for his defense. Following this statement, Judge E. J. Miller appointed Lee McCartney and Connor Scott as attorneys for Shield. It was understood that some of Shield's relatives were planning to obtain attorney service for him in his trial, but this was not definite.

**Boys Fined For
Gasoline Theft**

Four young Brown county boys were arraigned before Justice of the Peace E. T. Perkins this morning and fined \$13 for theft of gasoline. The boys were arrested following the theft near Brownwood this week. Each pleaded guilty and their fathers paid their fines.

A Fallen Hero

Deaths of two young boys were reported from the accident at the swimming pool at Lakewood before supper is served, Miss Malone said. Everything will be in readiness for the stunt tonight, she said.

Clubs Open Annual
Camp Here; Stunt
Night for Tonight

Over fifty members of home demonstration clubs in Brown county had registered for the ninth annual club encampment at Lakewood today at noon. Other members were arriving at the meeting throughout the day and an attendance as large as had at any previous encampment is expected, according to Miss Mayesie Malone, county home demonstration agent, who is in charge of the camp.

Mrs. Ina Sikes was elected chairman of the meetings for the first day at the first business session of the encampment held for the purpose of registering and organizing the camp. Another chairman will be elected for Friday. Margaret Herring was elected song leader and Lottie McMillan was elected secretary of the camp.

The program was opened with several songs by the assembly. Members of different clubs then registered and minutes of last year's encampment were read by Miss McMillan. Clark Coursey of the Brownwood Bulletin made a short talk on reporting club meetings to the newspaper, giving the essentials which make up the report and urging that the reports be sent in promptly so as to have full news value.

Stunt Night Big Feature

The stunt night which will be presented in a building near the camp promises to be one of the features of the encampment. Every community represented at the meeting is to give a stunt. Austin Mill and Grain Company is offering prizes to the winners in the contest. The building where the stunts are to be presented will be well lighted and enough chairs to take care of a large crowd have been provided by the Brownwood Chamber of Commerce. Miss Malone said today that the public is cordially invited to visit the camp tonight and see the stunts. The program for tonight will open at 8 o'clock.

Lunch was served at the camp cafeteria table. The women filed with food and their plates were filled and they found places to sit when they ate. Two competent cooks for the two days of the meeting are furnished by the Brownwood Chamber of Commerce. Supper will be served tonight and two meals will be served at the camp Friday.

Experts to Speak

Miss Helen Swift, district home demonstration agent and Mrs. Elizabeth Temple, home economics expert of the Frisco Railroad, were to have important parts in the afternoon's program. Miss Swift was to give a demonstration on "Making Attractive Quilts." She had material and patterns to demonstrate the ideas put forth in her talk. Mrs. Temple was to give a demonstration on "Window and Porch Boxes" and had several attractive boxes to be shown during her talk. She also had material to make boxes while at the encampment.

Several women at the camp this morning painted the chairs and stools which they had brought to camp to be used in the demonstration of reseatting chairs. The chairs and stools are to be reseat with shucks and ropes and most of the women at the camp have the necessary material to do the demonstration, according to Miss Malone. The chairs are to be painted today, but the reseatting demonstration will be given Friday.

**3 Men Get Out
Of Jail But Say
They Will Return**

NACOGDOCHES, Texas, June 12.—(AP)—Jodie Sholar of Shelby county and Robert Wilkins and Obie Parrot of Nacogdoches county, who were serving out fines, were released from the Nacogdoches county jail today.

Sholar sent word to Sheriff Eugene Turner that he was busy chopping cotton. Wilkins and Parrot sent word that they also were busy in the field.

Six other men recently left the jail, each telling when he would return and all showing up as they had promised.

Sholar said he would be here when a case against him was filed in court, and the other two said they would return when they had finished with their crops. The sheriff was not molesting them.

WOOL PRICE UP

BOSTON, June 12.—(AP)—A fairly heavy volume original bag 64s and finer territory wools is being sold and prices are showing a raising tendency. Some 56, 60s and 65.50 territory wools are moving with prices on 58,60s strengthening a little. A better demand is being received for 64s.

MAKE TRIP IN
BEHALF CANADA
TO GULF ROAD

F. S. Abney, president of the Texas division of the Canada to Gulf Highway Association and Hilton Burks, secretary of the Chamber of Commerce, left today for Vernon and all points between here and that place in interest of the proposed highway. The trip is made overland and stops are being made at all towns and county seats between Brownwood and the Oklahoma state line.

The purpose of the trip is to stimulate interest in the highway and to make final arrangements for the concentrated effort to obtain the road. Mr. Abney and Mr. Burks are attempting to interest all county along the route in sending representatives before the Highway Commission when it meets the latter part of the month.

It is thought that the concentrated effort of all towns and counties along the proposed highway route working for its granting will bear weight in the final decision of the commission. At an earlier meeting of the organization the officials intimated that the agreement of Oklahoma and one county adjoining the Texas line to build their part of a free bridge across the Red river and to place permanent pavement near the river was all that remained before the Texas commission would recommend the grant by the federal government.

The Brownwood officials are attempting to arouse interest among those counties affected and complete the grant and designation during the coming session. Meetings will be held with the Chambers of Commerce along the route and with the county road officials and if possible with the Commissioners' Courts of the counties. The first meeting was held at 10:30 this morning at Rising Star. Mr. Abney and Mr. Burks will return to Brownwood Saturday.

Immediately following the trip along the northern part of the road through Texas the same Brownwood representatives will make a trip to Corpus Christi along the southern part of the route, thus covering the entire distance through Texas bringing the county and Chambers of Commerce officials closer together in interest of the attending of the Canada to Gulf Highway.

**Cotton Stabilize
Board to Start
Operations Soon**

WASHINGTON, June 12.—(AP)—Chairman Legge of the Federal farm board said today the cotton stabilization corporation would be ready to do business in a few days.

Set up as an emergency measure to handle the 1929 surplus, the new corporation, Legge said, will immediately take over the 1,000,000,000 bushels of cotton now in the hands of the cooperatives.

The corporation, he said, has not yet asked for a specific amount of money from the board. "I would estimate that at least \$50,000,000 will be required," he added.

Legge said it was his opinion that the stabilization corporation would take no particular action to meet today's severe slump in prices on the New York exchange. Few farmers have any cotton to sell now, he said.

Asserting the board had no very definite reports on the condition of the 1930 crop, he estimated this year's carry over would range from 1,000,000 to 1,500,000 bales more than the surplus a year ago. He said such a situation was not nearly as bad as it has been in some years.

**Population of
Fort Worth Is
Put at 172,364**

POPULATION OF Fort Worth's metropolitan area is 172,364, census supervisor, J. W. Stitt, announced Thursday morning.

This figure was fixed with the announcement of Fort Worth's suburban population, which is 9,137. Of that, Handley has a population of 1,637. Other communities included in the suburban census are Forest Hill, Birdville, Saginaw and Lake Worth vicinity.

**Cowboy Band Is
On Way to Europe**

NEW YORK, June 11.—(AP)—The noted Simmons University Cowboy Band of Abilene, 40 strong, sailed for Europe today aboard the Leviathan. The organization was booked for engagements in London and other parts of Europe.

Maybe this picture will make you hope you never take up horseback riding. But it isn't as serious an accident as it appears to be. The unfortunate rider shown here is of stone—a statue of General Nathaniel Greene in Stanton Park, Washington. After weathering gales and blizzards for 51 years, it was toppled from its pedestal by a June breeze.

LAW OBEDIENCE AND LAW RESPECT ON THE PART OF THE CITIZENS URGED AS GRAND JURY EMPANELED FOR LAW ENFORCEMENT

In empanelling the grand jury for the June Term of the District Court of Brown County, here Monday morning, Judge Miller said in part as follows:

"I am glad to say that apparently your work will be light. A year ago there were some fifty odd cases bound over. And this time we have less than fifteen, or thirteen cases, I believe, bound over and that would indicate at least that your work would be light and short and not necessarily for a long session or a great deal of work. In your investigation you might develop many things not in these bound over cases, but that is usually a good indication that where there are not many bound over cases that there is not so much work to be done. So far as I am able to see or know or learn—am away nearly all the time—condition with reference to law enforcement and respecting the law are possibly better in Brown county than any part of the district today.

"When law violators find that the officers are vigilant and active and on the job, as a rule, they do not find it healthy to stay. The activity of officers, jurors and grand jurors the last year here has served pretty much as an invitation to law violators to move on. At least I am glad to see that condition.

Respect for Law

"There is nothing in the world that would give me more pleasure than to see law respected and law obedience all over the country and I would rather see obedience to the law and respect toward the law than to see laws enforced. I have had occasion to say before and I repeat that if the United States Government should put every soldier it has in the country to enforce law and

every ranger and every peace officer was here and had the power to enforce absolute obedience or 100 per cent enforcement of law it would not be one-tenth as good a condition as if the citizens learned to respect right and obey the law without having these enforcement officers around. The more law respect we have from inner urge instead of force from without the better we are. And it is high time that we should realize it. I think the last ten or twelve years we have imagined that the prohibition law fixed everything and the schools quit teaching temperance and the evil effects of liquor and the liquor traffic as much as they had been as well as the obedience to law and necessity of good citizenship.

Efforts Slackened

"I think the churches and homes have slackened their efforts too, but as sure as we are sitting here we will never have the conditions we ought to have until it comes from instructions and from moral convictions within instead of force imposed from without. Of course the law ought to be enforced, and if people won't respect it from the duties and obligations of citizenship, then they should be made to respect it, but it is ten times better for them to learn to respect it and to be taught to respect it and other people's rights without an officer watching over them.

"This morning we seem to have five cases involving some phase of the liquor traffic, two cases of driving a car while intoxicated, and three sale and possession of liquor, forgery three cases, murder three cases, but only involving one defendant, and burglary three cases. So far as proportions are, that is somewhat the proportions we have

all over the country but I believe that if anything there is a smaller proportion of liquor cases here than in other counties. We hear a lot of talk about liquor question, and straw votes in the magazines and newspapers, but two or three things at least could be said about that. As much as ever or possibly more so the liquor traffic is responsible for the biggest part of all the crime.

Traceable to Liquor Traffic

"Not only half or more than half the cases in the country are liquor law violations but at least half of the other half, are directly traceable to liquor and the liquor traffic. After so long a time the government at Washington has succeeded in getting the enforcement of prohibition transferred to the Department of Justice from the Treasury Department. That becomes effective July 1st. If that ever gets to working well, we will have better co-operation and better results than we have had where the treasury department was in charge of enforcement and they have had to turn everything over to the Department of Justice to be handled. I also notice recently that the Canadian government is taking steps to suppress the flow of liquor to this country, and with a little more help to stop it from coming across the Rio Grande we might get a better situation. It is apparent to anyone with knowledge of how and of what twelve months ago, that with the active cooperation of officers, courts and jurors, locally as well as generally, much has been done in the suppression of the liquor traffic and that this is and will reduce the general crime of the country.

Forgeries and Burglaries

"And forgery. The Grand Jury at Brady turned in 55 or 56 indictments this last term, ten or fifteen of which were forgery cases, and quite a number of burglary cases as well as many other things. We have here two or three forgeries and two or three burglaries. The time was that we did not average two burglaries a year in Brown County, and now it is sometimes a weekly occurrence. There are now many forgery cases, and probably ten times as much theft in the county now as ten years ago. I understand the farmers can hardly leave a tool or piece of iron on the farm with safety. A farmer cannot come to town and buy groceries and leave them in his car thirty minutes and be sure that they will be there when he gets back. Twenty or thirty years ago we never thought about locking our houses but it is not safe to follow that custom now.

"There is some cause for these things. There is too much high living. A boy wanders around over the country in a car and tries to live without working. If he cannot get his living honestly he will get it dishonestly. In some way we must live within our means, and within the bounds of reason. We must live on what we have and get down to sensible living in this country. Whenever people are willing to live on what they can earn and get honestly we won't have crimes of that kind. But whenever a man thinks he has to live and roll them high as if he had a big bank account we are going to have trouble.

Gives General Instructions

"Some general instruction. I think that many of you people have not served on a grand jury. Hold up your hands who have. Four out of twelve. In other words we have eight new men. Gentlemen in your work you will not only investigate these matters but will investigate everything that comes to your knowledge. The law requires that a Grand Jury be selected from different parts of the county. The purpose of that is that the grand jury as a whole will know the conditions in the county as a whole.

"There is a man from Blanket on this grand jury for instance, Mr. Richmond, and he is supposed to know conditions over at and around Blanket. Each one of you are supposed to know what is going on in your part of the county, and to know if there are crimes that ought to be investigated and people who should be brought before the grand jury. It is your duty to bring these matters before the grand jury. It is also your duty to investigate anything brought before you by any citizen, or by an officer of the county. That is investigate it if you think there is anything in it.

"The District Attorney, Assistant District Attorney and the County Attorney are your advisors. You have a right to call upon the Court also for any advice if you want it, but when it comes to voting whether you will indict that is your business and nobody else has any responsibility and nobody else has any right to be present when you do vote. Nine men return an indictment, but nobody has any right to be present when you go to say whether you will indict or will not indict. That is your responsibility and nobody else.

"I will now administer the oath: 'You solemnly swear that you will diligently inquire into and true presentment make of all such matters and things as shall be given you in charge; the State's counsel, your fellows and your own you shall keep secret, unless required to disclose the same in the course of a judicial proceeding in which the truth or falsity of evidence given in the Grand Jury room, in a criminal case, shall be under investigation. You shall present no person from envy, hatred or malice, neither shall you leave any person unpunished for love, fear, favor, affection or hope of reward, but you shall present things according to the best of your understanding, so help you God?'

Two Things About Oath

"If you will notice there are just really two things about that oath

One is to keep secret what you do and what goes on in the Grand Jury room. That is not for publication. There are many reasons that. You have no right and no business and under your oath you are bound not to discuss outside of the Grand Jury room what goes on in there with one and one only exception and that is when you are called upon the witness stand and sworn upon that matter. That is the sole exception. There are many good reasons for this but I will not go into them.

The next part of the oath requires a little nerve and iron in your blood and stiffness in your backbone, you shall present no person from envy, hatred or malice, neither shall you leave any person unpunished for love, fear, favor, affection or hope of reward, and while it could be and would include envy, hatred and malice in your system, and covers that all right, but that is not the main primary purpose of our Constitution and Grand Jury system, that a man can not be brought to court and be subjected to the humiliation before a trial court unless there is a reasonable amount of evidence to justify that. Human nature is human nature and a great many people or at least some people do try to vent their spleen and their envy and malice by talking something to the grand jury to try to indict some person because they have it in for them. Don't indict anybody because someone has a little envy, or malice against a neighbor unless there is something else in it. But you will notice you are also to leave no person unpunished and regardless of how good a friend you might have or how close a relative you might not let that be considered. Every man should look exactly alike regardless of his color, race or previous condition of servitude, and be their positions high or low, rich or poor. I am sure that you will pay no regard to these things."

HOURLY PARKING LAW EFFECTIVE AGAIN MONDAY

One hour parking was started again today in Brownwood with patrolman Johnnie Dean acting as car marker. Mr. Dean went onto the parking regulation at 8 o'clock this morning and has made hourly tours of the streets in the restricted district. By noon he had issued a large number of tags for the offence and was still tagging cars parked overtime.

The department has issued a courtesy card which is placed on automobiles of out of town visitors here who do not know the traffic regulations. These cards have pointed out on them the violation for which they are given. The inscription also reads that the department knows they are visitors here and do not know the regulations and that the card is given only to remind them of their failing to comply with the ordinance. It also asks that they heed the violated ordinance in the future while in Brownwood and asks them to please aid the department in its enforcement of the law. Also an invitation is extended on the card to visit the city again.

On these cards no duplicate is kept, and no fine is imposed. They are merely given as a reminder and as a help to strangers in Brownwood. They are signed by the officer making the inspection.

Four Rules Given For Prevention Of Soil Erosion

Along with the information that the summer season is accountable for more than 87 per cent of the soil erosion in this country come four rules from E. B. Wells, soils specialist of Kansas State Agricultural College, to prevent this unnecessary waste. O. P. Griffin, Brown county agent, says that the four rules apply to this county in every way except that where Mr. Wells recommends the planting of alfalfa the farmer of this county should substitute Sudan grass. Mr. Griffin says that if the rules are observed it will cut down to a great extent the enormous loss of the soil by erosion. He urges that the farmers of Brown county study these rules and see if they can apply them to the land of this county. The rules, with the change offered by Mr. Griffin, are:

1. Introduce a short cropping system and stop continuous corn and wheat production.
2. Practice plowing and cultivating around slopes instead of up and down.
3. Beware of all dead furrows.
4. Seed down all steep slopes to clover or Sudan grass.

ported eggshell Mousseline de Sior elaborately combined with Alencon lace made in Princess style. She carried an exquisite bride's bouquet of Columbia roses and gypsophelia and maiden hair fern, ep shower.

For traveling, she donned a suit of crepe de lain in shades of grey. The blouse was of water green, with a princess type skirt and capelet coat.

Mr. and Mrs. Gibbons left immediately following the ceremony in their car for various points in Texas. Upon their return to Richland Springs, they will be located in their beautiful new home, which

is being completed and which will await them.

The bride, daughter of Mr. and Mrs. E. J. Miller, is a granddaughter of C. H. Jenkins, a member of the State Legislature. She is a graduate of the Brownwood high school and also of Miss Rockaday School in Dallas. She is a former student of Daniel Baker College and also attended the Breneau College in Geinsville, Georgia.

Mr. Gibbons, son of Mr. and Mrs. E. J. Miller, is a young ranchman of San Saba County. He is a graduate of Terrell School in Dallas.

Case of Howard Heard Affirmed

The sentence of Howard Heard on a liquor charge for which he received one year imprisonment was affirmed today by the Court of Criminal Appeals. Heard was tried here last year.

MARRIAGE ANNOUNCED

Miss Leta Armstrong of Rising Star and Alvah Allen of Rotan were married Thursday, Rev. P. T. Stanford, pastor of the Central Methodist church officiated.

The bride is a daughter of J. S. Armstrong of Bront. She is a graduate of Daniel Baker College and has been teaching in the public schools of Bront for the past year. She is now taking a post graduate course in Daniel Baker Summer School and plans to continue her work.

Italy's exports to the United States increased 15 per cent in

Wire And Staples Contract Awarded By Commissioners

Most of the day Monday in the Commissioners' Court was used hearing the pleas of tax payers who had received notices from the equalization board of the raising of their taxes. Many citizens of the county appeared before the court which acted on the capacity of equalization board and gave the reasons why they should not have their tax reductions changed.

Other matters discussed were the opening of bids for a large quantity of barbed wire and staples which the court had advertised they would buy at the session. These bids were tendered to the court before the opening of the session. Eight firms offered bids for the wire. The contract for two car loads of barbed wire and twelve kegs of staples was given to the Weakley-Watson Hardware Co., who were low bidders, with a bid of \$3.32 per hundred pounds on staples and \$3.32 per hundred weight on the wire. These prices were quoted to the court with a two per cent discount for cash payment.

The deputizing of W. D. Roberts as a deputy sheriff in Brownwood was asked by Sheriff M. H. Denman. Mr. Roberts has been connected with the constable's office of Precinct No. 1 since his resignation from the city police force.

The deputizing of Leta Salter as deputy clerk under Chas. S. Bynum was approved. She is taking the position vacated by Mrs. Neva Ashmore who stopped work in the court to make vigorous campaign for District Clerk.

Bills were presented before the court and approved. Several charity matters were discussed and passed, the court rendering financial aid to those asking it.

Kindling Wood Free to Any One At Hotel Building

A. A. Brown, general construction superintendent of the new Hotel Brownwood, said Tuesday that there was a surplus of small lumber near the construction work and that anyone who wished this kindling wood could get it free by asking for it. There are a large number of small blocks of wood which have been sawed from the lumber and a large amount of splintered wood.

Mr. Brown said that there were many in Brownwood, he knew, who would be glad to get the wood and that he had no other way of notifying them of its existence. He said that the accumulation of wood was getting to the point where they had no more room for storage and that it would be a great help to the construction company to get it moved.

Brick layers have almost completed the work on the first floor and the scaffolding is ready to be moved to the second floor. A patent scaffold is being used for the work and is raised by means of cables, which are connected to beams high on the building. As the brick are laid the scaffolding is pulled up the building.

The building of the frame work is progressing rapidly and workmen are now busy building the forms for the tenth story. The concrete for the tenth floor was poured yesterday and work started immediately on erection of another story. The tenth story and eleventh floor will be completed this week-end and the concrete poured either Saturday or Monday of next week.

YOUNG WOMAN BRADY BURT IN STREET FIGHT

BRADY, Tex., June 10.—(AP)—Preliminary hearing was set for today for Mrs. Lucille Corbell, held in default of \$5,000 bond after Mrs. R. C. Hill, 17, had been dangerously stabbed with an ice pick. The fight took place on the courthouse lawn last night, after the sheriff's office had refused to return to Mrs. Corbell a pistol taken in a raid on a filling station several weeks ago.

5 INDICTMENTS BY GRAND JURY IN FEW HOURS

The grand jury for the June term of district court was impaneled shortly before noon Monday. Before 2 p. m. of the same day, this body had returned five indictments, four on charges of murder and one on charge of driving while drunk, thus setting a record never before equaled by any grand jury in Brown county.

Of the four murder indictments, three were against Joe Shield in connection with the killing of his wife, Mrs. Opal Shield, and her parents, Mr. and Mrs. J. B. Shields, at Brooksmith on May 16. The other was a reindictment of O. T. Leonard, charged with the murder of John R. Wilson.

A Plea of Guilty
The driving drunk charge was against Jack Denny who pleaded guilty to the offense in district court Monday afternoon and was given a fine of \$50.

No date has been set for the Shield trials or for the Leonard trial.

Leonard was sentenced here last June for the fatal shooting of Wilson in a rooming house in Brownwood. Leonard was tried in April of that year for the offense and the trial ended in a hung jury. He was tried again last June and was sentenced to fifty years imprisonment.

The case was appealed and the higher court reversed in April of the case because the indictment did not carry the clause of "murder with malice aforethought" and according to a recent ruling of the court, and a change in the murder laws of Texas, unless the indictment carries that clause the penalty cannot be for more than five years imprisonment.

Following the decision of the court, Leonard was released from the county jail on bond, the officials accepting the bond he made shortly

after the shooting. He has been at liberty since that time.
The Grand Jurors
The grand jurors for the term are B. E. Betus of May, foreman; I. C. Mullins, Jr., of Thrifty; Sam Cutbirth, Jr., of Brownwood, A. N. Thomason of Brownwood, E. J. Boenicke of Brooksmith, W. F. Denman of Winchell, W. L. Stewart of Zephyr, H. I. Stapp of Owens, Oscar Starnes of Grosvenor, C. B. McBride, Indian Creek, Route, Brownwood, M. E. Fry, Route No. 3, Brownwood, and W. J. Richmond of Blanket.

Continue Search for Bank Bandits

FRANKLINTON, La., June 10.—(AP)—Hoping that escape might prove difficult because of the bandits' abandonment of their car, sheriff's deputies today continued their search for two young men, who masked and wearing khaki, late yesterday held up the bank at Angie, northeast of here, and escaped with \$1229.50.

Last night the bandits were thought to be cornered in a reforestation tract of the Great Southern Lumber Company six miles from Bogalusa. A guard was set over the tract.

Using an automobile stolen earlier from E. V. Nash, employe of the Lamar Lumber Company, the bandits descended on the Angie bank, awed W. I. Daniel, the cashier, who drew revolvers, and scooped up \$1229.50, all the money in sight. Then, jumping in their car, they drove off.

SEIZE SARDINES
NEW YORK, June 10.—(AP)—Customs agents today were in possession of 5,000 cases of Norwegian sardines, seized in a department of justice procedure against what the government charges is a conspiracy in restraint of trade among Norwegian packers.

The sardines were seized in the warehouse of O. H. Bjelland and Company, Inc., importers, which is accused of being a party to an agreement entered into by packers of Norwegian sardines to fix prices and regulate the business in the United States.

Threshing Grain Here This Season Is Very Light

Threshing in Brown county this season has been very light and only about 600 bushels of grain has been brought to Brownwood for sale. The first grain of the 1930 season was purchased by the Austin Mill and Grain Company last Wednesday, this being a very small amount. Since that time George McHan has brought about 500 bushels to town for sale.

Threshing in the county has been halted this week because of the rain Sunday which left the grain too wet for threshing. It is thought that most of the county threshing will be started by the end of the week or the first of next week if the dry weather continues.

According to estimates the grain yield of the county will be an approximately half crop with some sections having very little and others having more than a half crop. The section near Mr. McHan, a few miles northeast of Brownwood has the best grain prospects for any other part of the county. Last year, Brooksmith shipped the first car of grain to be received at Fort Worth and all Brown county grain was early.

Quiz Youth In Death of Uncle

NEW ORLEANS, June 10.—(AP)—Maurice Harrigan, 13 years old, was called today into juvenile court to undergo an investigation of the shooting late yesterday of his uncle, who bears the same name as the youth and is 36 years old.

The youth was in the back yard shooting at birds with his .22 calibre rifle. He appeared at the kitchen door, leaned against the door facing the yard and shot off. The bullet hit the uncle in the spine and caused a serious wound.

Conflicting stories were told by the nephew and the uncle.

Young Maurice claimed the rifle was fired accidentally while the elder Maurice told police that the boy was ordered to shoot him after an argument over the food being served.

\$40,000 Loss in Kingsbury Fire

KINGSBURY, Texas, June 10.—(AP)—More than \$40,000 loss was estimated to have been caused by fire which wiped out the business district from the bank building east here today.

The fire started in the J. A. Lynch store. Other buildings destroyed were the First National Bank, the F. O. Maurer Drug Store, the Lynch Butcher Shop and the Hurt Garage. The loss was partially covered by insurance.

The fire lasted four hours. Both the Sequin and the Luling fire departments were called.

Married Friday

Mrs. A. Youngquist of Melvin announces the marriage of her daughter Ebba to Deoma Cooper on Friday evening at eight o'clock at the home of Mr. and Mrs. Bill Hill, on Main Avenue. Rev. W. R. Hornburg officiated.

The bride, who is a graduate from the Brady Sanitarium School of Nursing has lived in Brownwood for the past three years.

Mr. Cooper, son of Mr. and Mrs. W. H. Cooper of Brownwood, is a former Howard Payne student. He is a young ranchman of Brown county.

LEGISLATION IS DISCUSSED BY CHAMBERS

W. R. (Bill) Chambers of May has given The Bulletin the following statement:

"My friends, having filed my name for a place on a ticket as a candidate for Representative, will expect from me an answer to their petition. I am not an active candidate for the position, and have no desire to be elected. The importance of the position of Representative—the good or ill one may do in that position.

"There are many public questions pressing for solution. A decent respect for the opinion of my friends, if nothing more, would cause me to state my position on some of them.

"1. State Road Bonds, \$300,000,000. If the proposed issue will refund all outstanding county road bonds and the \$300,000,000 issue be retired from source other than an ad valorem tax on real estate, then I would favor it. Otherwise I am opposed to it.

"2. Relocation Penitentiary. I am opposed to it.

"3. Natural Resources. The natural resources of the state should be carefully guarded and those resources which have already passed into private hands should bear their just share of taxation.

"4. Education. The state has entered upon a new policy regarding rural education. There is a real effort to bring the high school to the country boy and country girl. I shall do all in my power to further this cause.

"The rural people are now taxed as much as they can bear for school purposes. If any additional revenue be necessary to maintain the rural high school, then we must look elsewhere for revenue.

"5. Highway Commission. I am in favor of the people electing the State Highway Commission. Divide the state into four districts. Let one commissioner be elected at large, who would be chairman of the commission.

"6. State Colleges. I would oppose the establishment of any more state schools. The colleges are now giving all the work that is given by the state into four districts. Let one commissioner be elected at large, who would be chairman of the commission.

"7. Chain Stores. This question will, without doubt, be before the next Legislature. The question is a very grave one and will require much study. Now, if this question touched the merchant only, then the matter might be adjusted with ease. But the farmer is in a precarious position; so is the laboring man and even so is the banker. Let us look at the condition of the farmer first.

The small wheat farmer of the Northwest has been driven out of business by the combination of capital. The combine, the great tractor, etc., put the small farmer out and what became of him? He went to town and joined the army of unemployed.

"The only reason that this condition is not in the South today is that until now we have not had a machine that would successfully gather cotton. That machine is now a practical certainty. Now what does Henry Ford advise? That we have mass production of cotton. Very well; when a few big companies grow the cotton what will become of the farmer?

"One corporation last year bought 700 country banks. Mr. Talley, head of the Federal Reserve Bank of this district, if correctly reported, said the small country bank should be destroyed. The chain banking system is on the way.

San Improve Condition

"In conclusion I will say I do believe that we can, if we try, bring about conditions such that every man or woman who desires to work with either head or hand may find profitable employment.

"Were I sure that the people were ready for discussion of real problems that confront us I would gladly lend what aid I could toward a solution, but if this campaign, as have too many campaigns of the past, becomes a political scramble, with those who are offering for high position confusing the minds of the voters rather than instructing them, then I do not care to take any part in the campaign and I am sure my friends would excuse me.

"However, we have some very important questions which the organized farmers have tried, in the past, to look into. These questions have been temporarily sidetracked but they will come up again. We would like to have them discussed in this campaign. For instance, why have we more crime with fewer convictions than any other civilized country in the world? Why is litigation more expensive here than in any other country? Why do 90 per cent of those charged with high crime either come clear or receive short sentences, while in Canada 90 per cent are convicted and receive long sentences?"

Brownwood Cow Is Qualified For Register of Merit

Jolly's Eminent Marie 624531, a purebred Jersey cow in the herd of Shelton Brothers of Brownwood, has completed another official production test in which she yielded 558.51 lbs. of butterfat and 13,280 lbs. of milk in 365 days, according to announcement received by The Bulletin from the American Jersey Cattle Club. Marie was started on this test when she was 4 years and 9 months of age and with this record she again qualified for the Register of Merit of the American Jersey Cattle Club. Her sire is Jolly's Cowslip of P. H. 190538, and her dam is Eminent's Lady Josephine 478633.

Something Solomon Missed
Solomon must have been thankful that there were no bargain sales in his day.—Albany Evening News.

PROPERTY OWNER MAY PROHIBIT FISHERMEN FROM CROSSING LAND

Explaining a recent opinion of his department regarding the rights of the public to cross enclosed lands to reach fishing waters, Attorney General R. L. Bobbitt has sent Rupert B. Ricker of San Angelo a statement which explains that while trespassing alone is not a violation of the criminal laws of the state, the fact that the public has the right to fish in public waters does not give it the right to disregard the property rights of the landowners in getting to the streams, says the San Angelo Times.

Mr. Ricker, who was a classmate of the attorney general and of Governor Dan Moody, sought the information after dissemination arose over the matter between the landowners and fishermen.

The statement, which clearly indicates that under the opinion a landowner may post his land, follows: This means that a property owner can prohibit a fisherman from crossing his land. While it indicates a person may travel by boat, no opinion is given concerning his right to walk along the bank of a stream.

The statement: "Under date of April 22, last, the Attorney General rendered to the County Attorney of Llano County, an opinion construing Article 1377, Penal Code, 1925, as amended by Chapter 28, page 41, Second Called Session, Forty-first Legislature.

"The article referred to makes it a misdemeanor for a person to enter upon the enclosed lands of another, without the consent of the owner, proprietor or agent in charge thereof, and there in hunt with firearms or threaten catch or take or attempt to catch or take any fish from any pond, lake, tank or stream, or in any manner dependent upon the same. The question asked was, whether a person violated the law referred to, so that he could be arrested and prosecuted thereunder by merely traveling across the premises of a private landowner in order to reach a public stream where, under the law, the

person so travelling might have a legal right to fish.

"The opinion given was that where a person did nothing more than cross the premises of a private landowner to get to a public stream to fish, such person did not commit a criminal offense under Article 1377 of the Penal Code as amended. The opinion given was thus limited strictly to a construction of Article 1377 in the light of the facts stated in a criminal case, and did not, in any wise, attempt to construe, or pass upon the private property rights of landowners whose property is adjacent to public streams.

"Private landowners have the same right to post and prohibit trespassing upon their property as they had before the recent Act of Legislature above referred to. The public, of course, does not have the right to enter upon and cross the enclosed and posted premises of landowners in order to enjoy fishing rights.

"While the public, generally, has the right to fish in the public waters of this state, where not prohibited by law, it must exercise this right in such a manner as not to encroach upon the property rights of private citizens. Property owners, of course, are under no duty or obligation to permit the public to trespass upon their property in order to reach public waters where fishing may be done."

One on Shakespeare
The word "dollars" occurs once in Shakespeare's plays: Macbeth, Act 1, Scene 2. This is an anachronism of 500 years, as the first European silver pieces called "dollars" were not coined until 1515.

Tests Made for Southern Cross Atlantic Flight

DUBLIN, June 10.—(AP)—Wireless tests were made at Baldonnel air-drome today between the Southern Cross and another plane in preparation for Captain Charles Kingsford-Smith's proposed trans-Atlantic flight.

The Southern Cross remained in the hangar while a free state plane tumbled about in the air for an hour, three miles away. The messages were handled by J. W. Stange, radio expert of the Southern Cross.

Stange was enthusiastic about the results. "We have nothing to fear from bad wireless performance," he declared. "I believe our ability to keep in touch with the world will inspire us with extra confidence."

The fliers said they were anxious to have ships keep in touch with them and that messages regarding the weather particularly would be appreciated.

The monoplane will be flown at a height of about 200 feet as much as possible. Her supply of fuel was taken aboard today.

Today's weather reports showed an improved condition over the Atlantic. Captain Kingsford-Smith said he hoped to be off by Friday.

Bynum to Attend Clerks' Meeting

District Clerk Chas. S. Bynum will leave this week for Del Rio where he will attend the state meeting of County and District Clerks which is to be held there Friday and Saturday. Mr. Bynum is planning on driving through in his car. W. E. Burleson, county clerk, said today that he did not know whether he would be able to attend the meeting or not. He said that business in his office might prevent his attendance.

Bullets Win Over Bottles in Beer Battle by Police

A spirited gun battle took place Sunday afternoon near Brownwood when members of the police department encountered about three hundred bottles of beer. The beer was arranged in battle formation near the dump ground and the explosion of the shells and the bottles made a large din which could be heard for some distance.

The officers attacked the bottles with a vengeance and soon had them on the run. The defense of-

fered by the beer was weak and after the stronghold of each quantity had been destroyed it disappeared into the ground.
The officers took all the beer recently captured and lined it up against a wall where it faced the firing squad of popping guns. Many rounds of ammunition were used. It was stated by some of the officers that several bottles of the brew did not wait until the signal for the battle, but exploded enroute and also after getting to the scene of action.

Witnesses stated that all the available ammunition was used in the extermination and after it had all been shot that the officers attacked in a fierce hand to hand battle in which they emerged victorious. The enemy was routed after being taken in the hands of the officers and crashed against the ground. Another army of beer has started gathering and it is thought that before the end of the week another battle will be held.

Detectives From Kansas City Get Negro Held Here

Detectives Cole and Browning of Kansas City arrived in Brownwood Monday shortly before noon. They came here after Chief Hise had arrested a negro wanted in Kansas City. It was understood that he would waive extradition papers.

The detectives stated that they left Kansas City Saturday about 5 o'clock. The negro, they said, was wanted mostly for violation of parole. He was under a two year sentence for burglary and was given a parole. He has been a fugitive for some time. They left shortly after noon for their home with the negro in custody.

AN EXPERIMENTAL CAMPAIGN

TO TEST HIS THEORY that it is not necessary to purchase Senate seats by the expenditure of tremendous sums of money in primary campaigns former U. S. Senator Thos. P. Gore has announced his candidacy in Oklahoma and stated his intention to limit his expenditures to \$1,000.

ON HER OWN MERITS

WHEN Mrs. Ruth Bryan Owen was first nominated and elected as a member of Congress from the Fourth Florida district, it was reasonable to think that admiration for her distinguished father, William Jennings Bryan, and a desire to honor his memory, had at least some influence in the balloting.

ROUMANIA'S BAD BOY

THE RETURN of the erring Prince Carol to Roumania and his establishment on the throne of his father, the late King Ferdinand, has been the outstanding bit of world news during the past week.

Mr. and Mrs. Will J. Scott, Dr. D. R. Scott and wife and Miss Emma Belle Scott returned Monday night from Austin where they attended the graduation of Conner Scott, from the law department of the University of Texas.

should return. Whether the prospect that she might become the queen instead of merely the queen mother by having her divorce annulled will be sufficiently alluring to induce her to overlook Carol's bad treatment of the past several years is one of the interesting questions that can be answered only by time.

Politically, Carol's return to Roumania probably will make little difference. He evidently does not possess sufficient strength of character to make his power felt in the guidance of his government, and the battle between contending political factions probably will continue with one or another holding control and directing affairs.

THE TARHEEL RECOVERY

DEMOCRATS are queer creatures. They occasionally lose their balance, but they don't always remain that way. North Carolina Democrats, for instance, revolted against the party's presidential nominee in 1928, and under the aggressive leadership of Senator Furnifold M. Simmons gave the Al Smith candidacy a clear-cut expression of their vigorous disapproval.

There was a similar occurrence not so long ago in Virginia. For a quarter of a century Bishop James Cannon, Jr., was a political leader in that state, and under his leadership Virginia went over into the Republican column in 1928 in the general revolt against Smith and Raskob.

If these events in Virginia and North Carolina have any significance for Texas, it is that we have probably exaggerated the political strength of Thos. B. Love of Dallas, who boasts that he is the only candidate for Governor who bolted the party in 1928 and whose chief claim to preferment in the July primary is based upon that boast.

Mrs. J. A. Austin, Mrs. E. G. Pentress, Mrs. E. E. King, Mrs. Louis E. HARRY W. SCHERMER, DEAN OF BROWNWOOD PRINTERS, IS DEAD

Harry W. Schermer, long time citizen of Brownwood and a pioneer printer of this section of the state, died yesterday at the home of his son, Sylvan Schermer, at Hawkins and Third street, after a long illness. He was 73 years old.

Mr. Schermer worked for The Bulletin as a printer for some thirty-five years, quitting the work about five years ago on account of ill health.

As a pioneer printer, interesting stories of his life are recalled. The following is from a story concerning him published in the Dallas News a few years ago. Harry W. Schermer was born July 1857 at Dearfield near Cincinnati, Ohio. When eighteen years old he went to Cincinnati and obtained work on the "Enquirer" of that city.

After gaining some knowledge of the printer's trade he drifted to a ranch near Lebohy. He stayed there for some time, but as wages were very low in those days, he succeeded in saving only \$30.50. Going to the railroad station at Lebohy he put ten cents of his savings in his pocket and kept the rest in his hand.

"Well," said the agent, "that depends, which way do you want to go?" "I don't care, any direction," answered Schermer. "Don't you know whether you want to go East, West, South or North," the puzzled agent asked.

"Nope, just any way," replied young Schermer. The agent went to his ledger and looked up the ways he might go. "That much will carry you to 'Waak-co', Texas," he said.

"Thirty," that term that in the printer's parlance means it is finished, was written today for the earthly life of Harry W. Schermer, long time citizen of Brownwood, who spent many years as a printer and editor of printers in this part of the state.

Gustine with McInnis Funeral Home directing. The funeral cortege left Brownwood at 11 o'clock Tuesday morning.

MRS. MINERVA SMITH Funeral services for Mrs. Minerva Smith, 68, pioneer citizen of Brownwood, who died here Saturday afternoon, June 7, were held Sunday afternoon at 3 o'clock from the Austin-Morris funeral chapel with Rev. W. H. Moore, this city, officiating. Burial was made in Greenleaf Cemetery with Austin-Morris Company, directing. Pall bearers were: H. L. Ehrke, R. A. Day, F. E. Scott, W. A. Davis, Martin Bledsoe and K. J. Blackmon.

MISS GEORGIA SCOTT Funeral services for Miss Georgia Scott, 35, daughter of F. P. Scott of Zephyr, were held at 1:30 Friday afternoon at Zephyr with Rev. L. J. Vann, Mullen minister, officiating. Burial was made in the Zephyr cemetery with McInnis Funeral Home directing.

HENRY O. RATLIFF Henry Orville Ratliff, 45, son of Mr. and Mrs. H. G. Ratliff of 801 Avenue D, this city, died Thursday afternoon in an Abilene hospital following an extended illness. Mr. Ratliff was born April 20, 1885, and had lived in Brownwood 25 years. Mr. Ratliff was a member of the Methodist church.

H. W. SCHERMER Funeral services for H. W. Schermer, 73, pioneer printer of Brownwood who died Wednesday afternoon, were held at 10 o'clock Thursday morning from the Austin-Morris funeral parlour with Rev. J. M. Cooper, pastor of the Melwood Avenue Baptist Church, officiating. Burial was made in Greenleaf Cemetery with Austin-Morris Company, directing.

Mrs. J. A. Austin, Mrs. E. G. Pentress, Mrs. E. E. King, Mrs. Louis E. Walker, Jr., Miss Rena Freeman, Misses Dorothy and Mildred Gifford, Miss Elizabeth McChee, Miss Sarah McClelland, Miss Elizabeth Johnson, Dr. W. Bristol Gray, Sue McClelland, George Sullivan, Billie Logan, Charles Brinkley and Steve Heather left Monday in cars for Kerrville to attend the Young People's Synodical Conference.

MRS. T. E. KELCY Mrs. Jessie Kelcy, 32, wife of T. E. Kelcy, 806 Malone street, died at 2:15 Monday afternoon. Mr. and Mrs. Kelcy and family had lived in Brownwood the past two months. Mr. Kelcy having come here to take employment in the construction of good roads in this county.

MRS. H. M. BURNETT Mrs. Lenora Belle Burnett, 69, wife of H. M. Burnett of the May community, died at 2:00 o'clock Wednesday morning, death occurring at the family home following an extended illness. Mrs. Burnett was born September 24th, 1860, in Alabama, but had lived in the May community the past 40 years. Mrs. Burnett was a member of the May Baptist Church.

Onida and Vernon Gilbert of Brownwood spent Saturday with their grand father, W. J. Gilbert, and Miss Ella Gilbert.

Miss Lurine Head and Mr. Russell Medcalf were married Saturday, June 7th, in Warika, Okla. They returned to Bangs Sunday and will be at home in the McKnight apartments.

The annual lay-members day will be observed at the Methodist church Sunday, June 15th. It has been arranged to have laymen from the Central Methodist church; Brownwood, present a program. Mr. Hal Cherry, the church lay leader, will have charge of the program and we hope to have our district lay leaders with us. Mr. Jack Schulze is in charge lay-leader for the Bangs charge. The Senior Epworth League of the Central Methodist church, Brownwood will put on a special program at the evening worship June 15th; Miss Marjorie Hill, the president of the League will have charge.

Mr. and Mrs. Gene Carr and son Warren Eugene have returned to Sterling City. They were called here by the death of Mr. Carr's mother, Mrs. J. D. Carr.

Mattie A. Chadwick was born in Danglerfield, Morris county, Texas, on March 28, 1861. She was married to J. D. Carr on October 26, 1879, and lived for some thirty years in the place of her birth, moving to the home where they lived about eight years. From this place the family moved to Fort Worth where they lived for several years before moving to Brown county about fifteen years ago.

Sister Carr was converted and united with the Methodist church at the age of thirteen. She took an active part in the work of the church as long as her strength would permit. She belonged to that peculiar class of Christians who placed religion at the head of their life's program. In her going the church and community have sustained a distinct loss, but let us rejoice that in the heavenly company there is a new face radiant with a new joy that shall never subside.

Following an operation on March 27th, she had been in declining health and her going was not unexpected. Her faith was implicit as death approached, for she said: "It is sweet to die." On Friday morning when she felt the hour of her departure was drawing nigh, she called each child to her bedside and bid them farewell asking each to live the Christian life and meet her in heaven. She was devoted to her husband and was concerned about his future to her last breath. Truly our lives have been greatly enriched because of her wonderful experience and testimony. She requested "I Am So Glad That Jesus Loves Me," after which she spent the greater part of Friday shouting and praising God. Surrounded by her loved ones and friends she passed peacefully away at 7:15 p. m. June 3rd, 1930. Her husband J. D. Carr and seven of the twelve children which were born to this union survive. They are: Mrs. C. E. Scott, Bangs; Mrs. R. E. Lane, Seadrift; Mrs. C. R. Pope, Port Lavaca; T. E. Carr, Sterling City; Leon C. Carr, Carlsbad, N. M.; Mrs. S. W. Manley, Bangs; and Clyde C. Carr, Carlsbad, N. M. Two sisters and two brothers: Mrs. W. M. Dees, Hughes Springs; Mrs. Lola Williams, Danglerfield; W. M. Chewick, Winkler; and A. L. Chadwick, Texasboro and six grand children: Mrs. Wanda Carr Scott, Bangs; Mrs. A. B. Tippitt, Seadrift; John D. Carr, Sterling City; Edwin R. Pope, Port Lavaca; Warren Eugene Carr, Sterling City; and Doris Clydene Carr, Carlsbad, N. M.; two great grand children: Wayne Allen Tippitt, Seadrift and Francis Eugene Pope, Port Lavaca.

The funeral services were conducted from the Methodist church of Bangs at 3 o'clock, June 5th. Rev. Paul W. Utley officiating assisted by Rev. W. H. Rucker.

Pall bearers were: Hollis Matthews, Roy Matthews, Roy McGaughey, J. D. Hall, Jack Schulze and John Stephens. Interment in Bangs cemetery.

Miss Nancy Evans, daughter of Mr. and Mrs. R. D. Evans of the Sealion community, died at the home of her parents, last Sunday night. Miss Evans had been sick for some time and her death was not unexpected. She had been a constant sufferer for several years.

Funeral services were held in the Baptist Church at Sealion Monday afternoon and burial was made in the Mohler cemetery by the side of her brother, Mack, who preceded her several years ago. She leaves her father, mother, three brothers and four sisters, a host of friends and other relatives to mourn her going. To the sorrowing ones we offer sympathy.

Mrs. Foster Brinn happened to a very painful accident last Friday night when some ladies and a maid drove up in front of the Royal Cafe—owned and operated by Mr. and Mrs. Foster Brinn, and attempted to park. One of the ladies was driving the car and when she started to step on the brake she stepped on the gas. The car shot up on the sidewalk, through the door and hit the end of a counter near the door. Mrs. Brinn was standing between the other end of the counter and a shelf in the partition wall between the dining room and kitchen. The

car shoved the counter against her back and hit her chest against the shelf. Fortunately she was not seriously hurt but has been in bed for several days. Quite a bit of damage was done to the building and fixtures.

Mrs. Cora Benningfield has been on the sick list for several days, but is improving at this writing.

The Mills county school board, composed of W. M. Johnston, R. C. Duren, J. M. Gustin, J. J. Cockrell and H. M. Kirby, met Tuesday of this week and looked after some important school business for the schools of the county.

The Wesley Workers Sunday school class of the Methodist church has secured the privilege of the city lots adjoining the waterworks and they are cleaning the grounds and preparing for a tennis court, croquet ground and other forms of amusements for the young people of the class.

Public Weigher W. L. Burks weighed three loads of new wheat last Tuesday. The grain was harvested with a combine.

Miss Ina May Partridge of Lometa spent last week here visiting her grandmother, Mrs. C. L. Featherstone.

Mr. and Mrs. Talmage Palmer of Albany were here a few days last week visiting relatives and friends.

Miss Elizabeth Lambert is very sick in the Kings' Daughters hospital in Temple.

Mrs. J. T. Morris went to Marlin the first of the week to try the baths for awhile. Her many friends are hoping she will be greatly benefited.

A. B. Porter of the Mount Olive community had the misfortune to lose two fine cows last Monday night. The cows were apparently alright when they were milked but before bed time Mr. Porter heard a noise at the cow lot, and went to investigate and found one dead and the other died in a very few minutes. The cause of the trouble was not known.

Tom Fuller went to Hamilton Sanitarium one day last week for examination.

wood were visiting here Wednesday.

Memorial Day was celebrated here Sunday afternoon, under the leadership of the members of the Isham A. Smith post. A very interesting program was given at the Methodist church. After that the graves were decorated at the Zephyr cemetery.

Miss Aurelia Pettit was a Brownwood visitor Friday.

Mr. and Mrs. Elmer Botter and family, of Tuscola, are visiting friends and relatives at this place.

Mr. Author Vernon was in Zephyr Saturday night.

Mr. and Mrs. J. L. Boland entertained the Young people's class of the Methodist Sunday School Tuesday evening of June 3. 42 was present. Church here Tuesday with more than 80 men present. Dr. T. Richard Seely, president of the club presided as toastmaster and Dr. J. W. Hunt, Pres. McMurry College at Abilene delivered the address of the evening.

Music was furnished by Mr. Lowell West and his sister, Miss Cula West, and a piano piece was rendered by little Miss Juanita West. Little Miss Ruth Thompson and Bettie Ruth Veal of Goldbusk sang a duet.

Dr. Hunt praised the movement which resulted in the organization of a Friendship Club in Santa Anna, and stated that the movement was of far-reaching importance to the life of the community in that it has for its purpose the peace and happiness and the creation of a friendly spirit among the citizens.

"Communities," said Dr. Hunt, "are getting away from the spirit of rivalry that existed in times past, and are engaging in friendly co-operation." "The best of every thing" said the speaker, "is brought about by friendly co-operation rather than the spirit of rivalry" and "men everywhere are seeking after peace and happiness today." "Intelligence is a matter on which no nation has a corner," he went on, "men look for happiness in the wrong place, happiness does not exist in essence, it is a by-product of itself." He said that God is happy because he is busy at his task in trying to get men saved. Speaking further he said, "happiness does not depend on friends, nor money, nor surroundings, but it depends on loving service to one's fellowman."

So far as is known, this is the only club of its kind in existence in the state. Visitors and members of the club were present from Coleman, Goldbusk, Rockwood and Shield.

Blanket

Brownwood Woman, 85 Years Old, Is Delighted with Flying, Only 2000 Feet Wasn't High Enough for Her

Mrs. M. E. Hale of Brownwood, 85 years old, has enjoyed her first airplane ride—and enjoyed really appears to be the word to properly express it—according to the Fort Worth Star-Telegram. Report of her experience is given in the Fort Worth paper this morning as follows: "Mrs. M. E. Hale of Brownwood discounts the theory that aviation is for youth. "At 85 she enjoyed the thrill of her first airplane ride here Sunday afternoon and wants to go again. "Mrs. Hale is visiting her granddaughter, Mrs. L. T. Hood, 3116 Lamesa Place, Sunday she was out driving with Mr. and Mrs. Hood and their son, Perry Hood, when the group passed a field just south of Fort Worth where a pilot was taking some of his friends for rides over the city. "Mrs. Hale was interested and Hood prevailed upon the pilot to take the woman for a ride. "It was wonderful," she remarked when the ride was over. "Only we didn't go high enough. "The plane reached an altitude of 2000 feet. "Mrs. Hale lives at 1315 Avenue B, Brownwood, and has been visiting in Fort Worth for the last week or so.

SUPERINTENDENT THINKS NEW SCHOOL LAWS ARE GOOD ONES

In commenting on several laws passed by the recent Legislature concerning school activities and which are to go into effect on June 19th and Sept. 1st, County Superintendent Swindle said "I think that he was in favor of all the laws as he believed them to be added to school work. "In speaking of the new law relating to the execution of teachers' contracts, providing for terms up to three years, Mr. Swindle said "The new law gave the trustees a better advantage for their work and gave them more assurance of keeping a teacher more than one year. "He said that under the present law that the contracts for one year gave a chance for teachers to move and with the passing of a new law a teacher could better tell their future for more than one term of school. "The change is one of the best, I believe, that could have been made as it makes the execution of both contracts more satisfactory to both teachers and trustees," Mr. Swindle said.

In speaking of the new law going into effect on September 1st regarding the change of the county superintendent's term of office from two to four years, he said that this would give the ones elected a better chance to outline an extensive program for their work. He said that the present controversy over the term of those elected this year would all be settled, he believed. "In speaking of the \$400,000 appropriation to pay tuition of rural school pupils in high schools outside their districts was one of the best of the school laws passed. He said that the way the law would work would be to transfer all students in small schools to larger ones at the close of their session and the tuition to be paid by the school district, provided they had the funds and if not, it would come from the new appropriation. He said that it would also enable students in small schools to go to better schools to complete their work after finishing their local rural school.

SHIRINERS STAGE PARADE

TORONTO, June 11.—(P)—More than ten thousand nobles of the Mystic Shrine marched today in the greatest parade Toronto has ever seen.

States from Maine to California were represented in the colorful procession. As Syrian Temple of Cincinnati passed the reviewing stand, four huge elephants at the heads of the delegation bowed their heads to the dignitaries. Mural Temple's Gun Club from Indianapolis kept a machine gun rattling along the line of march and delighted crowds shouted "Chicago!"

WANT PRO POLL

OSHKOSH, Wis., June 11.—(P)—A demand that Congress act immediately to secure a national "advisory" prohibition poll and that legislation be enacted to curtail and regulate activities of chain organizations were included in the platform presented to the state conservative Republican convention here today.

The customary plank endorsing the national administration of the party and the President was absent from the platform. The platform was adopted unanimously.

GOOD CROPS IN THE NORTHEASTERN PART OF BROWN COUNTY

Crops in the northeastern part of Brown county are probably the best in the entire county, according to Fred H. Smith, who has made trips into every part of the county in the last few weeks. He said that the grain and feed crops around Owens and the Salt Creek community and back east to Blanket looked very good and gave promise of a big harvest. The red and grain crops as far west as Byrds and north of Byrds also looks good, he said. This section of the county has had some good rains from time to time and an especially good rain about a month ago, he reports. This good season has made the crops grow and they are fine in the places of the county where the rains have been good.

Mr. Smith reports that the cotton crops in this same section are also looking good and give indication of a good yield this year. The farmers of the section say that the cold weather last year killed many of the insects that have bothered the cotton in other years and that there will be comparatively few weevils and worms to bother the cotton this season. With the good season that has already been received the cotton in Brown county should be better this year than it has been for some time, they say. Some parts of the county report that the grain crop is very light, but that good feed and cotton crops will be gathered. Most of the farmers seem to think that the cotton will be exceptionally good.

Boys Are Warned Against Shooting Air Rifles in City

Chief of Police Bert Hise said today that he had been receiving many complaints from several sections of the town stating that small boys with air rifles were promiscuously shooting them in the city limits. These boys, he said, were annoying some people with the small guns and several were resenting their use. He stated further that there was a city ordinance against the shooting of these guns in town and that their use by boys would have to be stopped. He said that in the future when any boy was caught with one of the small guns on the streets or in alleys he would be arrested and a fine assessed against him.

"The guns are dangerous in a measure being dangerous to drivers of cars passing along the street, dangerous to other children and dangerous to people living in the neighborhood in which they are being used," Mr. Hise said. "We don't want to seem hard on the boys of the town, but they will have to be careful with their guns in the future. They will have to not shoot them at the small birds in the trees in town as they endanger not only property and limbs of citizens, but their use is not necessary," he said.

The chief stated that the close proximity of trees along creeks and in pastures only a short distance from the city would make an ideal place to shoot the small but dangerous guns and that it would be better than endangering some one in town.

He said that he did not wish to seem overbearing on boys but that he wished to warn the boys themselves and their parents that unless the shooting of these guns was stopped he would start arresting the boys.

Criminal Cases Called for Trial Here Next Week

District Judge E. J. Miller has set twelve criminal cases for trial Monday, June 16, one for Tuesday, the 17th and three for Wednesday, the 18th, and one for Monday, the 23rd. The cases set for next Monday are as follows: B. L. Powell, selling liquor; W. C. Nix, sale of liquor; Odus Marshall, selling liquor; George Caffrey, selling liquor; J. B. Carroll, selling liquor; C. R. Tubbs, possession for sale of liquor; Mrs. Gordon Black, possession for sale of liquor; Ollie McAlister, transportation, sale and delivery of liquor; Edward Heard, bribery; C. L. Burrow, bigamy; L. L. Phillips, theft of chickens; George M. Dikes, possession for sale of liquor.

The case set for Tuesday, June 17, is State vs. Dewey Cates and Rand Barnett. This case is on charge of fraudulently and privately taking from H. G. Field the sum of \$3,500. According to the indictment the two will be tried for the unlawful taking of that sum and the two will be tried jointly.

The three cases set for Wednesday, the 18th, are two against Myrtle Smith, one for possession of intoxicating liquor and the other is for sale of liquor; the other case is against Robert Miller for forgery.

Judge Miller said that the four cases against Tom Bird Ervin will be disposed of during this term of court. He said that in all probability two of the cases would be called and that it was understood that the defendant wished to plead guilty to these and if the plea was entered and sentence passed the other two might then be disposed of without trial.

Judge Miller said that several other cases on the docket held over were passed to another session or dismissed.

Beer Captured And Arrest Made By City Police

Members of the police department made a raid last night on a house at 713 Beaver in which Harry Abbe, colored, was arrested and placed in jail. About 100 bottles of beer was taken in the raid. This is the latest of a series of beer raids which have been made by the police department in Brownwood. The others were on places alleged to be operated by Sam Anderson, Tom Richardson, C. R. Tubbs, and others.

In the raid on the Tubbs place Monday morning 350 bottles of beer were taken and brought to the city hall. Tubbs was placed in jail by city officers and released into the custody of county officials Tuesday. The beer taken in the raid has been held until a large quantity was secured then taken to a place near the city and destroyed. Two quantities of nearly 400 bottles each have been broken, one Sunday afternoon and the other Tuesday afternoon.

Old College Regulation Educational regulations have changed in Texas since the catalogue for 1924-25 of Add-Ran at Fort Worth contained this rule: "It is required of all students that they neither keep in their possession or use any firearms, a dirk, a bowie knife, nor any kind of deadly weapon."

Invites Pecan Men to Attend Budding School

Coleman, Texas, June 12.—(Sp.)—C. W. Lemberg, county farm agent of Coleman county, extended Coleman county pecan growers an invitation to attend and participate in a pecan budding school on the Bert Fletcher farm at Maverick on Tuesday, June 17th, arrangements for which have been completed.

Some of the best known pecan specialists in Texas will attend the school, Mr. Lemberg says, among whom will be Mr. Burkett of Clyde, Mr. Wolf of the Stephenville Pecan Nursery and others from the A. & M. College.

One of the features of the school will be a big basket dinner on the ground.

The following program will be rendered during the day: "Cutting and packing of buds for cold storage." Pecan budding demonstrations. Discussion on dehorning trees for spring budding. Pruning and care of trees after budding. Question box. Organization of Rumsels County Pecan Growers' Association. Inspection of pecan groves, studying budding work, showing the progress made in improving a native grove over a period of four years.

Mr. Robinson, Coleman county agent, said today that he expects a large number of Coleman county pecan enthusiasts to attend the meeting and reap benefits from the various discussions of timely topics.

Great Word Definer Noah Webster has been called "a born definer of words." Most of the definitions of the 70,000 or more words in his dictionary were created anew by Webster.

NOTICE OF SALE Notice is hereby given that the Commissioners' Court of Brown County will receive bids for the sale of the following described residences situated on the new right of way for Highway No. 7, on June 16th, 1930, the bids to be for the residences where they are now situated, and the purchaser to remove the same at his own expense:

- 1. The residence of Mrs. Mae Flowers, situated on Lot 3, Block 7, Brooksmith's Addition to the city of Brownwood, and being the last residence on the East side of West Baker St., adjacent to the Frisco Railway right of way.
- 2. A residence belonging to the estate of J. V. Reed, situated on Lot 4, Block 7, Brooksmith's addition to the City of Brownwood, adjacent to, and South East of the Mae Flowers house.
- 3. The residence of M. G. Meadows situated on Lot 3, Block 7, Brooksmith's Addition to the City of Brownwood, adjacent to the above mentioned Reed residence on West Baker St.
- 4. The R. D. Routh residence situated on Lots 4 and 5, Block 13, Brooksmith's Addition to the City of Brownwood, on the North East side of Duke St.
- 5. J. E. Albright's residence, situated on Lots 1, 2, 3 and 4, in Block 4, Brooksmith's Addition to the City of Brownwood, located on the South West side of Bell Plain Avenue.

Separate bids will be required on each of said residences, and it is understood that the bid includes all improvements situated upon said lots. Brown County reserves the right to reject any and all bids. Bids will be received by R. C. Gotcher, County Auditor of Brown County, at his office at any time up to ten o'clock A. M., June 16th, 1930.

IT'S WISE TO CHOOSE A SIX

SIX

reasons why it's wise to choose a "SIX"

1. It's Smooth! Chevrolet has a 50-horsepower six-cylinder vavle-in-head engine that delivers its power with a smoothness and silence that are impossible with anything less than six cylinders.
2. It's Comfortable! Chevrolet offers modern spring suspension, roomy bodies, and a smooth-running six-cylinder engine.
3. It's Easy to Drive! Chevrolet provides an extra-easy ball bearing steering mechanism. And six-cylinder flexibility means unusual simplicity of control.
4. It's Beautiful! Chevrolet is the only low-priced car with Body by Fisher. Hence, its style compares favorably with that of costly cars.
5. It's Economical! The Chevrolet costs no more for gas—oil—tires—or service. And six-cylinder smoothness holds down costs, by protecting the car from destructive vibration.
6. It's Easy to Buy! The G. M. A. C. payment plan, with its easy terms, is available to all Chevrolet buyers. Come in! Confirm all the reasons why it's wise to choose a Chevrolet Six.

FINAL CENSUS REPORTS FILED

All census returns in District No. 14 have been forwarded to Washington. The final report of the work was mailed by W. L. Turner, who was supervisor of the district, yesterday. Mr. Turner is now waiting orders from the department at Washington before shipping the supplies sent here to be used in the work. He said today that unless something not seen here was found the work was completed with the exception of the unemployment survey which was ordered by the Department shortly before the close of the work. At the time this order was received many of the final reports from this district had already been sent to Washington to the statistics will have to be compiled there concerning unemployment in the thirteen counties composing the district.

Miss Swift Meets With Agents In Group Meeting

Miss Mayesie Malone, county home demonstration agent, attended a group meeting of some of the home demonstration agents of this district at Coleman Saturday and Sunday. There were representatives from Brown, Coleman, McLennan, Eastland, Taylor, Bosque, and Fannin, and Miss Helen Swift, district home demonstration agent, present at the meeting. The home demonstration work in the various counties was discussed and business pertaining to the work was taken up. The visitors were guests of the Coleman Chamber of Commerce at the theatre Saturday night. A similar meeting for counties near San Angelo will be held next week-end. These meetings of groups of agents in the district have been

8 Clubs Visited By County Agent

O. P. Griffin, county agent, visited eight 4-H club meetings during last week. He said that the attendance was fairly good in all the meetings, averaging about fifty per cent of the memberships. The attendance at May club was not as good as expected and another meeting will be held Tuesday night at 8:00 o'clock, June 10th, at the Methodist Church at May. A better attendance will be had at night, it is thought, because during the day so many members are having work in the fields. Among the clubs visited were Indian Creek, Woodland Heights, Holder, Clear Creek and Chapel Hill.

LOHN STATE BANK CLOSED

The Lohn State Bank, in McCulloch county has been closed and placed in the hands of the Banking Commissioner of Texas for liquidation. A telegram received Monday from James Shaw, commissioner, said: "Lohn State Bank closed by its board of directors, account of irregularities June 3 and placed in my hands for liquidation. Audit is now being made."

RAIN IN THIS AREA SUNDAY

Forty-six one hundredths inch rain fell in Brownwood Sunday, according to official government reports. The rain started before 10:00 o'clock and continued until about 2:30 o'clock, being a slow, but steady precipitation.

The rain covered a territory of about twenty-five or thirty miles to the east of Brownwood, according to reports, also a territory of several miles was covered in the other directions, it is said. People coming in to town Monday said that the roads in almost every direction were muddy, but would dry quickly with the bright sunshine which has followed the rain. No big rains were reported by the surrounding towns.

Mrs. Armstrong Is Leaving For Boston Meeting

Dr. Mollie W. Armstrong left for Boston, Mass. Tuesday to attend the national congress of the American Optometric Association. She is a member of the board of trustees of the association.

Dr. Armstrong says that she will go directly to Boston from Brownwood, but that other Texas delegates to the meeting left Sunday and will visit points of interest along the route.

At the close of the meeting Dr. Armstrong is going to take a course of post graduate lectures on optometry and on new and interesting features of the profession, she states.

The entire Texas delegation are coming back by boat from New York where they go from Boston for a visit. The boat is scheduled to reach Galveston July 4.

Dr. Armstrong said that she would spend a few days in New York following the post graduate course. While there she plans to visit the headquarters of the Business and Professional Women's Clubs. She says that she is interested to know what the officials there think of the special edition of The Bulletin which the local club put out May 6th. She says that while there she wants to look over the special editions of other clubs and get some ideas as to how they put out an issue of a daily paper. Dr. Armstrong will be back in Brownwood July 5th.

Lightning and Minerals

The bureau of mines says that because lightning has struck often in the same place is no indication that there are mineral deposits there. There is a great difference in the conductivity in different locations. For instance, oak trees are considered good conductors of electricity and maple trees are considered poor conductors of electricity.

Fruit Used by Tanners

The rind of the pomegranate is used in tanning certain fine grades of morocco leather.

Rosenberg And Gaither to Take Captaincy Exams

Gus J. Rosenberg and Rex Gaither have gone to Fort Worth where they will appear before a board of regular army officers for examinations to fill captaincy vacancies in the two National Guard companies here. They are as present serving as commanders of the two companies and both hold the commission of first lieutenant.

The examination is to be conducted by oral questioning. The two will take active charge as captains immediately after notification from the adjutant general's office of their selection. It is understood that the promotion of the two commanders vacancies will be filled along the whole list of commissioned officers and non commissioned officers in the two companies.

Mr. Rosenberg states that there were several other vacancies in his company and that these included positions ranging from corporals to lieutenants. Several vacancies in the Service Company will be filled before the annual camp in August.

The two captaincy vacancies were caused by the death of Captain John Shockey of Company A and the removal of G. A. McNeil.

The National Guard units here bring many things to Brownwood which would not be gotten without their being stationed here. The companies bring a large pay roll and this brings money to the town without any expenditure. The combined payroll and expenditure of the guard units will total approximately \$14,000 per year. The payroll, rent, and expense accounts are responsible for this large amount, it is pointed out by officers.

The pay roll of the companies total approximately \$1,000 for Company A and \$1,400 for Service Company each quarter, with added amounts.

"First Be Sure," Etc. "Don't be afraid to tell the truth," said Uncle Eben, "but don't be in such a hurry 'bout it that you ain't positive 'bout all de details."—Washington Star.

SCHOLASTICS IN BROWN COUNTY TOTAL 6,969

According to figures released this morning by the county Superintendent's office concerning the number of students in the county including the two independent districts and the rural schools there are 6,969 scholastics in the entire county with 3,284 students in rural schools and 3,685 in the Brownwood schools and 385 in the Bangs school. All the colored students in the county are listed in Brownwood which has the only colored school in the entire county. There are 114 students in the negro school.

The figures showing the number of boys and girls of each age from six years to seventeen years show that there are more boys in Brown county schools than girls.

The figures show that there are 3,531 boys and 3,438 girls of all ages.

The tables are prepared by Mr. Swindle and his assistant, Miss Louise Hill, is as follows:

Rain Interferes With Attendance Cavern Opening. A large number of Brownwood people started to visit the Gibbons Magic Cavern near Richland Springs Sunday because of the rain, most of them changed their plans and did not make the journey. A large number were at the Chamber of Commerce Sunday morning in company with the band and many of them started, but a hard rain and slick roadway encountered shortly after leaving town, and several of them turned back.

About 500 were planning to make the trip but later the bad day only about fifty braved the mud to attend the formal opening. The Gobs Band and Judge E. M. Davis, accompanied by several other cars attended the big barbecue and viewed the cavern. Judge Davis was on the program for the day.

In this issue of the paper will be found the announcement of Mr. A. E. Nabors, an attorney of Brownwood, for the office of County Attorney of Brown County. Mr. Nabors was reared on a farm in Comanche county, worked his way through school, studied law and was admitted to the bar in 1916, and has continuously practiced his profession since that time, except for the time that he was in the military service during the World War. He started his practice at Comanche as partner with H. N. Goodson, later moving to Hamilton where he practiced as partner with A. R. Edson and served as a member of the Portneuf Texas Legislature from that district, being a member of that body at the time he moved to Brownwood three years ago.

Mr. Nabors states that he shall make an active campaign for the office, and see as many of the voters as is possible between now and the election on July 28th. He promises, if elected, to vigorously enforce all laws coming under the jurisdiction of the county attorney and to diligently attend to all the duties of the office.

A. E. Nabors Announces for County Attorney

Mr. Nabors states that he shall make an active campaign for the office, and see as many of the voters as is possible between now and the election on July 28th. He promises, if elected, to vigorously enforce all laws coming under the jurisdiction of the county attorney and to diligently attend to all the duties of the office.

Origin of Dominoes

Dominoes was invented by two French monks, who amused themselves with square stones, marked with spots. The winner declared his victory by reciting the first line of the Vesper service, "Dixit Domino Meo." When, later, the game became the recreation of the whole convent, the Vesper line was abbreviated into "Domino," and the stones themselves received the name of "Dominoes."

IT CERTAINLY HAS PROVED A BLESSING

Coleman, Texas, Housewife Gives Argotane High Praise. "I'm Now in Perfect Health," She Says.

Among the many Coleman people who have recently expressed their hearty and sincere approval of Argotane after putting the medicine to a practical test and deriving convincing results from it, none are more genuinely enthusiastic than Mrs. E. S. Cross, 811 South Pecos St., Coleman, Texas.

"I certainly do give Argotane credit for my great improvement," said Mrs. Cross, "for it has helped me over a nervous, run-down condition that has honestly been with me for 10 years, and the last three years I was under care of a doctor until I commenced on Argotane.

"My stomach just seemed to go back on me entirely, for almost everything I tried to eat would ferment and form sour gas and give me such a puffed up, miserable feeling that sometimes I felt like I couldn't get another breath, to save my life. The pressure around my heart that came along with some of these attacks would frighten me and make me so weak and nervous I could hardly stand it.

"I couldn't sleep at all well at night and I became so badly run-down I was simply not equal to anything and for a long time I had to give up trying to do my work. If I hadn't heard about Argotane and given it a trial I don't know what would have become of me.

"I have taken four bottles of this splendid medicine and I can say positively and candidly that I have never felt better or stronger in all my life. I have gained several pounds and my stomach troubles have left me as completely as if I had never suffered them a day in my life.

"My food agrees with me perfectly now and I am not bothered with gas or nervousness in the least. I sleep just fine and if there's any reason to believe I'm not in perfect health I don't know what it is. I want to recommend Argotane to my friends for it sure has proven a blessing to me."

Genuine Argotane may be bought in Brownwood at the Camp-Bell and Peerless Drug stores. (adv.)

Molasses Mill For Manufacture Of Sweet Feeds

A molasses mill is being installed at the Austin Mill & Grain Elevator on Washington Street and will be in operation within the next six weeks. This mill is being installed to manufacture sweet feeds. A complete line of sweet feed will be carried following the installation.

It was said today that the machine will mix molasses with any kind of feed including poultry and dairy feeds. It was said that molasses would be mixed with feeds for the farmers who had their feeds but wished to sweeten them for their stock. This includes any kind of ground feedstuff.

Dr. S. E. Chandler, president of Daniel Baker college, left Tuesday for Texarkana to visit with his daughter, Mrs. Sleeper, there for a few days. Dr. Chandler said that from Texarkana he would go to Chicago to visit his son, Knox Chandler, who is studying in the University of Chicago. He will probably represent the Brownwood Rotary Club at the Rotary International convention in Chicago, June 23rd to 27th, it is said.

Dr. Chandler will go from Chicago to Carolina to spend a few weeks vacation in the mountains. He will return to Brownwood about the first of September.

Triumph Assured

There never was a right endeavor but it succeeded. Patience and persistence and we shall win at last. Never mind the ridicule, never mind the defeat! Up, again, old heart, there is victory for all justice.—Emerson.

Two Brownwood Ministers Teach In Pastors' School

Dr. W. H. Coleman, presiding elder of the Brownwood district, and Rev. J. S. Cook, pastor of First Methodist Church, are to teach in the Pastors' School at the Southwestern University, Georgetown, this year. The school for pastors opened today and will continue through June 20. The school is conducted every year for preachers who wish to complete their studies or for those who have been taking extension work and wish to take the work at the university.

The following pastors of this district are taking work at the school this year: Rev. Paul Wiley of Bangs, Rev. E. H. Langford of Coleman, Rev. L. D. Barnes of May and Rev. J. B. Weathers of Coleman circuit. Other pastors of the district may enter the school also, it is said.

Hence Market Crashes

Green is the most insidious disease of all. Apparently it has to be washed out of people's souls every once in a while or they would be unendurable.—American Magazine.

Marksmanship Is Tested in Battle on Beer Bottles

The second battle of the beer bottles for this week was held Tuesday afternoon about three miles out of town on the Bangs highway, a short distance from the road. The army of law enforcement men was composed of nine men who were pitted against the overwhelming numbers of 350 of the enemy. The two forces met at the edge of a small ravine where the beer was lined against a brush thicket, spread in battle array.

The officers opened fire on almost 300 bottles that were in line for advance and the rest were routed in a dugout where about 150 had taken refuge in a packing crate retreat. These never had a chance to get into battle formation and were surprised in their lair. The barrage on this group in the hiding place was opened by District Attorney Walter U. Early who fired into the huddled group, the intensity of his fire was enough to kill many with the first round of ammunition fired.

The battle was opened by Police-man F. J. Walker who succeeded in bringing down five of the enemy in his first fusillade. District Attorney Walter U. Early followed and out of his 37 shot broke seven bottles of beer. Patrolman Henry Hamilton was next and he smashed five bottles with 36 attempts. Motorcycle Officer Jack Pike followed and smashed five of his 36. E. B. Henley, Jr., followed, shooting a heavy gun and brought down seven bottles of beer with his 36 shots. Zeno Ingram followed with eight hits out of 38 shots. Former United States Marshal P. S. Preston tied for high honors with 11 hits out of 38 shots. Will Stanley succeeded in breaking five of his 36 and Motorcycle Officer A. F. Ennis hit 11 out of 38. Ennis was high man with a total of five breaks out of 6 attempts, each man shooting a series of six rounds at each trial.

The battle was for the demolishing of beer recently taken in raids by officers here.

WOODMEN CIRCLE HERE DISCUSSES ATTENDANCE AT HOME DEDICATION

Woodmen Circle Number 36 met in regular session at the hall Tuesday afternoon. District Manager Mrs. Kate P. Wall was present. The dedication of the home for aged members and orphaned children at Sherman, was discussed. Mrs. Wall will attend the dedication ceremonies and expressed a wish, and insisted, that other members of Brownwood Circle avail themselves of the pleasure of being in Sherman on this occasion.

The corner stone of the first building will be laid and dedication ceremonies held June 25, 26 and 27. Extensive preparations are being made for the celebration which will be attended by hundreds of people from all parts of the country, it is stated.

Among the officers active in the ceremonies will be Mrs. Mary E. LaRocca and Mrs. Dora Alexander Talley of Omaha, Neb., national president and national secretary, respectively. Mrs. Henrietta A. Thomas, of Fort Worth, national junior past president; Mrs. E. J. Davidson of Houston, national director and state supervisor, Mrs. Maggie Hyde of Dallas, national treasurer, and Mrs. Jeanie Willard of Denison, national drill instructor.

Build Real Home
Since the society decided to build a home, the officers' ambition has been to make it a real home and not an institution, members of the Woodmen Circle say. The building itself gives an impression of homeliness. The rooms are sunny and comfortable. There is a solarium where the old folks may bask in the health-giving sun rays. The 24-acre farm seems meant for happy romping children. Visitors to the Home get the impression of a home in every sense of the word, where folks really enjoy living.

Texas members have presented a 20-acre tract of land to the home, across the highway from the first building. They have also contributed money to plant peach trees on this property. A man in this state presented a thorough-bred cow to the home and one of the groves donated a radio. Quantities of table and bed linens, quilts and miscellaneous home furnishings have also been contributed by Texas members.

According to Mrs. Hulda Parks, financial secretary of grove No. 36, the first building is Georgian architecture. In the form of a Latin cross, it consists of two stories and a high basement. It is fireproof throughout, of reinforced concrete, steel and brick. The brick is tapestry textured, of a subdued terra cotta red color. White stone trimming has been used.

Agents of Texas Company Meeting

COLEMAN, Texas, June 12—(Sp.)—Texas Company agents in a territory extending from McCamey to Hamilton and embracing practically every county adjacent to this city are in Coleman today. The crowd will be augmented by Texas Company officials from Dallas and a representative of the Ethyl Corporation. The convention is being held for the purpose of demonstrating Ethyl gasoline and new motor oils.

Business sessions will be held in the basement of the First Christian church and in the afternoon visitors will be guests of Claud McClellan, local Texas Company agent, at a chicken and lamb barbecue at the McClellan farm west of the city.

On many barren islands and coasts maritime nations establish and maintain stores of provisions, clothing and bedding, and fuel for the relief of shipwrecked sailors.

GOP TO MEET IN SAN ANGELO NAMES TICKET

HOUSTON, Texas, June 9.—(R)—In a brief and harmonious session today the state republican executive committee selected San Angelo as the site for the state party convention on September 9 and prepared the machinery for setting republican candidates off in the state campaign.

San Angelo won over Houston and Galveston, whose projectors, upon being defeated, joined in an unanimous acceptance of the West Texas invitation.

T. M. Kennerly, Houston lawyer, who advised the party but is not a member of the committee, was applauded when, speaking informally, he declared the democrats in Texas might well look to their fences.

"In 1928," he said, "we carried Texas for Hoover, and that's just a start. I believe Texas will repeat in 1932, and it's not altogether certain that we won't elect a governor in 1930."

"In Texas we're just starting forward," he said.

The slate for state officers as approved by the committee and ordered forwarded to county chairmen, follows:

For Governor—H. E. Exum, Potter county; John F. Grant, Harris; Dr. George C. Butte, Travis; Jack Elgin, Bexar, John Pollard Gaines, Wichita.

For Lieutenant Governor—M. H. Thomas, Dallas; H. B. Tanner, Eastland; R. J. McMillan, Bexar.

For Attorney General—George S. Atkinson, Dallas; Lytton R. Taylor, El Paso; Wayland H. Stanford, Wichita.

For Comptroller—Charles W. Beck, Hill; Mrs. R. E. Dorsey, Dallas; Mrs. P. A. Welby, Medina.

For State Treasurer—Ed King, Lamar; C. W. Johnson, Jr., Young. For State Superintendent Public Instruction—Mrs. Alma Baker Rea, Hamilton; Mrs. R. L. Cooper, Eastland; Mrs. Hallet Reynolds, El Paso.

For Commissioner of Agriculture—W. H. Yates, Kaufman; E. W. Thurman, Cherokee; A. F. Brock, Runnels.

For Land Commissioner—P. C. Beard, Tom Green; Clarence C. Cocking, Anderson.

For Railroad Commissioner—Charles D. Turner, Dallas; L. J. Benckstein, Jefferson; Harwood Stacey, Travis.

For Chief Justice—C. K. McDowell, Val Verde; Walter Napier, Bexar.

For Justice Court of Criminal Appeals—W. S. West, Cameron; W. D. Girard, Lubbock.

For State Senator—Harve H. Haines, Jefferson; D. John Haesly, Dallas.

State Chairman Eugene Nolte explained that the absence of the names of congressional candidates was caused by the fact that they file with the party chairmen of congressional districts and not directly with the state committee.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain execution issued by the Justice Court, Precinct No. 3 of Brown County, on the 2 day of June 1930, in a certain cause wherein Lee R. Yantis plaintiff, and H. P. Jones and Mrs. H. P. Jones defendants, in which cause judgment was rendered on the 13 day of March 1926, in favor of the said plaintiff Lee R. Yantis against said defendant H. P. Jones and Mrs. H. P. Jones for the sum of fifty (\$50.00) 20-100 dollars, with interest thereon at the rate of 10 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the 1 day of July, 1930, at 10 a. m. within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Mrs. Ruby Jones 20 acre tract survey, Comanche County School Lands, Survey No. 43, Abstract No. 168 Lot or tract. Allotted to Mrs. Ruby Jones in partition decree Tom Martin, et al, vs. Jesse Martin, et al No. 5053, District Court of Brown County, Texas, recorded in Volume Q, pages 627 to 631, Minutes of District Court of Brown County.

BIG CROWDS ATTEND CAVERN OPENING IN SPITE OF HEAVY RAIN

BRADY, Texas, June 9.—(Sp.)—Despite heavy rains in the forenoon, about two thousand people, representing a wide area, made a pilgrimage to the Richland Springs Cavern to attend the opening festivities of this underground wonderland, which was officially opened Sunday by Attorney General Bobbit and by talks from officials of the Chamber of Commerce of Richland Springs, Brady, San Saba, and Brownwood.

Attorney General Bobbit in his address paid an eloquent tribute to "Uncle Billie" Gibbons, on whose domain the cavern is located, and to other pioneers of this section to whose vision, industry, and pioneer sacrifices he attributes the progress and the conveniences and privileges enjoyed by the present generation. He spoke of the wonderful possibilities of this subterranean castle, which he viewed immediately upon his arrival.

One of the outstanding speakers was Judge E. M. Davis of Brownwood, who declared that this cavern belongs to the entire Heart of Texas and urged the cooperation of the chamber of commerce and the citizenship of this section in advertising this wonderful attraction to the world. Bert Hughes, president of the Brady Chamber of Commerce, pledged the continued cooperation of his organization, and praised the possibilities of this cavern for the development of a tourist payroll. E. H. Beakley of the Richland Springs Chamber of Commerce extended the official welcome, while W. A. Smith, congenial editor of the San Saba News, voiced a like sentiment for his town. Smith also presided.

All visitors were served a barbecue at noon. In the afternoon a rodeo was staged within the 10-acre enclosure surrounding the mouth of the cavern. Music for the opening festivities was furnished by the municipal bands of Brady and Brownwood. Among the visitors were delegations from Brownwood, Brady, San Saba, Richland Springs and Lampasas, and people from Abilene, Austin, Houston, Fort Worth, Dallas and Waco.

South Africa has been expanding its poultry industry rapidly, a recent estimate showing more than 4,500,000 chickens in the Transvaal and Orange Free State.
