ABILENE, Texas, May 29—(AP)—Three men were burned to death in a fire here today which gutted a rooming house in the business district. Eight other persons, including two children, escaped.

Harvey Sprinkle, 21, and Bernard Love, 19, of Melroe and Roy Thomas, 28, of Abilene.

Sprinkle and Love, attending a business college here, were to have graduated next week. Love had planned to work and live in the rooming house this week. Thomas was an employee of a Country Club.

The three were found in a corner of a second floor sleeping porch partly clothed. They apparently had been overcome by smoke when two tried to rouse the third.

**Forward Back Downstairs**

Mrs. Maude Parker, manager of the rooming house, was awakened by fire on the back porch on the first floor. She started to the second floor calling "fire" but flames and smoke forced her back downstairs.

Origin of the fire was not immediately determined.

Ralph Graham, 16, a Tuscola high school student, with L. Clarkson, L. Nelson and Lowell Burch, escaped unhurt from the second floor. Mr. and Mrs. Ray Simmons, their daughter Rena, Simpson, 4, and a small boy escaped.

Although the rooming house was not destroyed the structure was charred badly, the fire ranging through every room. Walls and ceilings were left comparatively firm.

## NATIONAL AND STATE CHIEFS OF THE SPEAKERS

Memorial Day, kept sacred to the memory of those who died for their country, will be fittingly celebrated in Brownwood Friday under the leadership of the members of the Isham A. Smith Post of the American Legion.

A program in the morning at Howard Payne auditorium, a dinner following in honor of Ossee Lee Bodenhamer, National Commander of the Legion, and the decoration of graves at Greenleaf cemetery in the afternoon, will complete the services for the day, to be followed Sunday by decoration of the soldiers' graves in the Zephyr cemetery.

Commander Bodenhamer, a Brownwood product, is expected to arrive at 8:15 a. m. on the Santa Fe and there will be a large group of Legion men to meet him and to take him to the home of his parents, Mr. and Mrs. J. R. Bodenhamer, 712 East Baker Street, where he will enjoy breakfast in seclusion with his mother and father and others of their family.

The services according to Orville H. Turner, chairman of the committee in charge, will start at 9:30 a. m. with the services at the cemetery at 10 a. m. with Thomas R. Scott, commander of the local post, as master of ceremonies.

**State Commander to Speak**

State Department Commander Ozro Cox will be on this program and will speak prior to the National Commander's address. Commander Bodenhamer is a graduate of Howard Payne College, and it is in honor of him that the services and the banquet to follow will be held at this school.

It is expected that about 300 will be present at the dinner, which is to be served in the dining room of the girls dormitory at noon. All four service clubs of the city will be present, the members having decided to make this dinner their official one for the week, and attendance records will count in all of them at this dinner as though they had met in their usual places.

A number of out of town visitors are expected, at least one member from each of the thirty posts of the Legion in the 17th district will probably be present to do honor to Commander Bodenhamer.

All other citizens are invited to attend his banquet in honor of one of Brownwood's most distinguished sons.

**Decoration of Graves**

Decoration of the soldier's graves in the cemetery will be at 2 p. m. after which the Commander will leave for Fort Worth.

The decoration of the grave of Isham A. Smith, after whom the local post was named, and of other graves in the Zephyr cemetery, will occur Sunday afternoon. Rev. P. T. Stanford, a member of the post, has been asked to conduct these services.

These same women will hold their annual sale of poppies, these poppies being by services men confined in hospitals, throughout the land, and the proceeds of which go to these same men.

## ARKANSAS FARMER IS "KING OF RADISH GROWERS"

Dayne Mayes' machine which washes and sorts radishes is shown here on his farm at Hyde Park, Ark. Mayes is shown in inset.

By NEA Service  
MUSKOGEE, Okla., May—The lowly radish has brought fame and fortune to Dayne Mayes, youthful farmer who cultivates one of the largest radish farms in the United States at Hyde Park, near here.

Mayes' success story starts back in 1922, when he first started cultivating 200 acres of rich bottom land. During his first year of radish growing he lost nearly his entire investment, and again, in 1926, a drought almost ruined him.

But his repeated attempts at growing radishes on a large scale have proven successful, and last year he earned the title of "Radish King of the Southwest" by harvesting four carloads of radishes, bunching, washing and packing them in one day.

Machine Saves Time  
Much labor is saved in packing and washing the radishes by a machine which Mayes invented. At one end of the machine is a large basin containing water into which the radishes are dumped before being placed on a revolving track bed which leads through a 30-foot trough of showers.

On the receiving end are workers who scoop up the radishes and place them in containers of ice water preparatory to packing them for shipment. Then they are packed in layers of ice.

With this invention, Mayes saves the work of several men in cleaning and packing his radishes. And this means considerable savings in wages, for during the rush season from 100 to 300 workers are employed picking, washing and packing the vegetable.

**Ships Carload Lots**

Mayes estimates that he will ship from 30 to 50 carloads of radishes this year. This will require seven tons of ice for each car to "ice-down" the 400 bushels of them in each. His estimate of the shipments he made last year.

Since alternate drought and wet spells have ruined Mayes' crops in the past, he has taken provisions to eliminate them. He has constructed a dam along a nearby river to store up water in case of dry seasons, and a pump to carry water from a distant point to his fields.

## CHILDREN HURT WHEN CAR IS HIT BY TRUCK

Garland Fairchild, 16, of 304 Rogan and Roy Davee 4, of 1129 Brady were badly cut by flying glass in an automobile wreck this morning shortly before 10 o'clock. The wreck occurred on Fisk Street where Fifth Street intersects, near the Frisco tracks, and was caused when a small coupe in which the children with two others were riding was hit by a truck load of gravel. The truck was driven by George Esterling of 1610 Durham.

Fairchild was rushed to a local hospital in an automobile driven by Warren Lockett who was near the scene at the time of the crash. The Davee boy was taken to his home on Brady. The other two occupants of the car, Lorena and Aloys Davee were not hurt. The two injured youths received head scrap wounds and several stitches were required for each.

According to those who saw the impact and police officers the Davee car was proceeding on Fisk immediately after turning off of Fifth street when it was hit by the truck. Police authorities stated that the car had turned too close to the corner and was on the wrong side of the street, when hit. Those who saw the wreck stated that the coupe was completely stopped when hit by the heavily loaded truck. Witnesses state that the truck was unavoidable and that the truck was unable to stop before crashing into the automobile.

Both injured youths were resting well at noon. The other two occupants of the car escaped with bruises.

## FIRE DAMAGE ABOUT \$8,500

A fire last night at 11:45 o'clock did approximately \$8,500 damage to the Bevans apartment house at 1709 Avenue E. The house was vacant and the blaze was discovered by a neighbor who said that the fire had gained such headway when it was discovered. The larger part of a two story frame building and was divided into six furnished apartments all of which were vacant.

The fire burned one side of the house and into the ceiling where a part of the roof was burned. The fire department made a quick run and saved the lower part of the house from the blaze. The interior and furnishings were badly damaged by water and smoke in the part of the house which did not burn. Due to the quick work of the department surrounding houses were saved as was half of the building above.

The origin of the fire is unknown and Fire Chief Pettitt said today that he had been unable to determine the cause of the blaze. The loss was covered by insurance.

## American Woman Killed in Auto Accident in Italy

FLORENCE, Italy, May 28—(AP)—Miss Helen Gee, 22, an American girl, whose home is in Denver, Colorado, and Miss Ruth Henderson, 32, a Canadian nurse, employed at Johns Hopkins Hospital, Baltimore, Maryland, were killed today in an automobile accident near Ronta, 48 miles from here.

The automobile in which the two women were traveling collided with an automobile driven by Pietro Glarizzo of Rome who was proceeding toward Ronta. The automobile of the Americans left the road and plunged 250 feet down a ravine.

Glarizzo summoned assistance and climbed down into the ravine where he found the women dead.

## Cars Must Have The Proper Lights

City traffic officers will start tonight to giving tickets to all automobile drivers, who have only one light on the front of their cars and also to those who do not have a tail light. The police department is going to enforce this law to its fullest extent, it was said at the city hall. The headlight law is a state law besides being a city law and the two separate laws covering the same offense are to be strictly enforced.

The city traffic officers report that there are many cars in Brownwood which do not have tail lights and had only one head light but the owners of these have been warned personally and through the press.

Having only one light is unsightly to the car as well as being very dangerous to other drivers. Other automobiles meeting a car with only one light cannot tell whether it is right or left of the one light and this has caused many wrecks. Several minor wrecks have been caused here recently because of one of the automobiles having only one light.

Officers have also been instructed to stop all automobiles without mufflers or cars which have a bypass for the exhaust. The muffler law is also to be strictly enforced. A police official said today that there were many cars in Brownwood which were making too much noise with their exhaust and that all caught using a bypass or without a muffler would also be given slips to appear before the city recorder.

## No Action Taken By Poultry Raisers At Meeting Here

At the meeting held here Wednesday of poultry men and co-operative marketing association heads no definite action was taken as to the organization of a marketing plan for next year. ## THE MEMORIAL POPPY

The following has been received from the Legion Chairman of the American Legion Auxiliary, who urges that everybody shall buy a Poppy on Memorial Day:

No more flower whose crimsoned petals  
Bloom and drop and fall  
Before each setting sun  
But more—

It typified the blood of those  
Who died but yesterday  
Upon the shell torn fields of  
France—  
It symbolizes all too well  
The sacrifice of those  
Who walk the silent valleys of the  
deep

It brings to us the wind-tossed sea  
Which shelters them.

Within its heart we see  
The still, white crosses  
Row on narrow row  
Which sentinel the hills  
Where sleep the countless numbers—  
Our Legion of the Dead.

And, glancing deeper still  
Within the poppy's bleeding heart  
We see those others  
On their beds of pain  
Or stumbling haltingly  
Along the Way of Life  
The Sick, the Lame, the Blind.  
The side by side with them  
The widowed Mother, the orphan  
and the wife.

A simple flower, 'tis true,  
But more—  
A symbol of that sacrifice  
Which made and kept us free.

And so,  
Lest memory dim with time  
We wear  
A POPPY FOR REMEMBRANCE.

## BUDGET YOUR EXPENSES AND SPEND WISELY

Many housewives have solved the problem of home management by the use of a well prepared budget book.

After years of indifferent handling of money many couples have found that they have not made any headway toward a home for themselves. Think of it! Ten years married, still paying rent, no bank account! That's actually the position many families are in. BUDGET YOUR EXPENSES; decide on the first of the month how much you will put in the bank, and if you stick to your budget you will put the amount estimated, or more, in the bank. A budget will HELP YOU SAVE, shopping at McLellan Stores will HELP YOU SAVE.

**CASH AND CARRY**  
We operate on a cash and carry basis for those thrifty people who pay as they go and put the difference in the bank.

**SALES**  
McLellan Stores Openings are BIG EVENTS, planned months in advance by a competent staff of buyers, operating in New York City, Philadelphia, Baltimore, Boston and other buying centers. These buyers comb the market for newer and better values, and every opening must be Bigger and Better—New and Fresh Goods at Lower Prices. That's what a sale at McLellan's means. Our everyday values are usually better than the values you commonly see advertised as special sales.

Goldthwaite

This entire community was shocked and grieved last Wednesday when a telegram came from Lubbock announcing the death of Rev. J. T. Weems. Rev. Weems had been in bad health for several years but the immediate cause of his sudden and unexpected death was a hemorrhage from his lungs.

He was reared in this county and numbered his friends by his acquaintances. He was engaged in the furniture business here for some time while he pastored some of the Methodist churches on the Goldthwaite circuit. Later he gave up his business and devoted all his time to the ministry. Several years ago he was transferred to the Northwest Texas conference and served the Methodist church at Seminole, Leila Lake, Crosby and others 'till his health got so bad he was forced to superannuate. He then located in Lubbock and lived there 'till his death.

Several years ago he married Miss Gertrude Deest of the Pleasant Grove community. To this union was born two children. One boy and one girl both are married now. The remains were brought here for burial and reached this city on the 9:50 train Wednesday night. He was carried to the home of his stepmother Mrs. Elizabeth Weems on Fisher Street, where the remains were kept 'till Thursday afternoon when they were conveyed to the Methodist church where funeral services were held. Interment was made in the Odd Fellows cemetery at this place with the Masonic fraternity in charge.

Besides a devoted wife and two children Rev. Weems leaves a host of relatives and friends to mourn his death. To the sorrowing ones we offer our deepest sympathy. Rev. S. D. Lambert and several

### CERTIFICATES PRESENTED TO THOSE FINISHING 7TH GRADE

A large number of boys and girls who have completed the seventh grade work in Brown county schools and are ready to enter high schools were presented their certificates by County Superintendent Oscar Swindle at the close of exercises held at Memorial Hall in Brownwood on Thursday night.

The presentation of certificates was made after the address of the evening had been delivered to the graduates by Rev. P. T. Stanford, pastor of the Central Methodist Church. Dr. Stanford spoke on the purposes of an education, declaring that one of the chief purposes was to give people a greater capacity for work. He also said that an education enabled people to come to the banquet table to feast upon all the glories of the past.

**Welcomed to Brownwood**

Hilton Burks, secretary of the Chamber of Commerce, presided at the exercises and extended a very hearty welcome to the visitors of the various communities. A reading was given by Marjory Swindle, daughter of Mr. and Mrs. J. Oscar Swindle, and selections were played by the Col's Band.

Lynn Coffey of Zephyr was presented with a \$5 gold piece for having made the highest grade in the American History among the pupils of the county. This contest was sponsored by the local chapter of the Daughters of the War of 1812 and the prize was given by Mrs. Adelia Martin of Brownwood.

Mr. Swindle made a brief talk expressing his appreciation of the work of the pupils. He told them that while the diplomas that he was to present them were tokens of work done, they should look upon this as the time of beginning of a greater work for them in school and not as a warrant for ceasing their school work. He presented the diplomas to pupils of the schools as follows:

Indian Creek: Cecil DeHay.

Mount View: Neil Evans and Worth Howlett.

Clear Creek: Leon Reed, R. L. Owen and Ray Eaton.

Mount Zion: Herman Boenke.

### DR. GRAY GIVES RESIGNATION AS LOCAL PASTOR

Rev. W. B. Gray, D. D., for seven-year pastor of the First Presbyterian church, has placed his resignation before the Session, which is the official board of the congregation, and on next Sunday morning a congregational meeting will be held at which time formal action will be taken upon the resignation by the church membership. Announcement to that effect was made at the Sunday night service in the church.

Dr. Gray has not announced his plans, but it is understood that he expects to become pastor of the Presbyterian church at Eldorado, Texas, probably on July 1.

Announcement of his resignation came as a shock to the membership of the First Presbyterian church and to hosts of other friends throughout the community. Dr. Gray came here in 1913 from Greenville, Miss., and during the intervening seventeen years has had such intimate contact with the lives of the people throughout the city that the interest in his plans is city wide.

His reasons for leaving here and going to Eldorado, Dr. Gray explained to his friends, are that he is convinced that there is "a job for me to do in home mission fields, and that God is directing me to go there and do it." He added, characteristically, that "I have always had a horror of staying in one pastorate too long, and this is the logical time for me to move, inasmuch as our church here has been paid for and dedicated and is now entering upon a new era of life and activity. I have enjoyed my work here, I love every man and woman and child in the church and community, and I regret that I must leave them; but I am so firmly convinced that the hand of God is guiding me to a new work that I can not permit my personal desires and wishes to interfere with what He has for me to do."

### BACCALAUREATE ADDRESS GIVEN BY J. W. HUNT

A large crowd heard the commencement exercises of the senior class of Brownwood High School Monday night at the Soldiers and Sailors Memorial Hall. The main floor of the building was reserved for relatives of the graduates and most of the seats were taken. The balconies were also well filled with friends of the members of the class. The front seats of the main floor were occupied by the class. On the stage were members of the faculty and school board and those who had part on the program.

One hundred and three seniors, wearing grey caps and gowns, listened to a talk made by Dr. J. W. Hunt, president of McMurry college, Abilene, on the passage from the Bible, "Blessed are the pure in heart for they shall see God." Dr. Hunt made the word "heart" the center of his talk, saying that the things of the heart were the things that abide. The tender touches of daily contact with the home, home life, with school and other things that have influence in early life constitutes the stuff of which we are made, he said. We talk about what we think about, and think about what we talk about, and finally begin to look like the things we talk about, said Dr. Hunt.

Other things Dr. Hunt stressed were to be pure in mind and pure in love. The really great are those who choose right rather than riches and go on and up with a pure and holy purpose.

He closed his talk after quoting some stanzas from Tennyson's "Crossing the Bar" and said that all should want to meet their Pilot face to face after crossing the bar. That, he said, is the crowning experience and glory of every life.

Professional for the class was played by Miss Elva Whidden. Dr. G. C. Schurman, pastor of First Christian Church, gave the invocation.

age in American History this year. J. R. Stalcup made the award of the Scholarship, Loyalty and Achievement key and plaque to Edwin Davis. This award is made to a student every year who excels in the above three things.

The benediction was said by Dr. A. E. Prince, pastor of First Baptist Church. Recessional was played by Elva Whidden as the class marched from the hall.

### GALVESTON AND SAN ANTONIO HOTEL BUILDERS NOW CHIEF OWNERS OF HOTEL BROWNWOOD

Transfer of control of Hotel Brownwood, Inc., has been announced by Wyatt C. Hedrick, who has sold a majority of the stock to W. L. Moody, Jr., and Shearn Moody of Galveston and Judge F. Canady of San Antonio. Mr. Hedrick retains some of the stock formerly held by him, and the deal does not affect the holdings of Brownwood investors in the enterprise, it was announced.

The new owners of the hotel are organizing a corporation which will build up a series of good hotels throughout Texas. They already are operating the Jean LaPitte at Mountain Lake, Ga., and the Buccaneer Hotel at Galveston, Mr. Canady will be general manager for the system, having been connected with the Baker Hotel system for some time as vice president and general manager. ### Arrests Will Be Made if Cars Have Not Proper Lights

Members of the police department stated Monday that they were going to arrest all people driving automobiles with only one headlight, or without any light, and without tail lights. The light law is a state law as well as a city law and all violators are to be punished, the officers said.

There are a large number of automobiles in Brownwood which do not have regulation lights and the owners are to be arrested as found, it was said. The burning of both headlights is not only a law requirement but eliminates the danger of many wrecks. There have been several collisions here recently which were caused by one headlight not burning and making an added danger to driving.

FAIR TRIAL OF GRAIN MARKET URGED BY KELL

FORT WORTH, May 27—(AP)—Frank Kell, Wichita Falls, urged before the Texas Grain Dealers Association convention here today that the machinery set up by the Federal Farm Board to control grain prices be given a fair trial, and expressed the belief that proper business administration of its announced policies will result in some benefit to the producer.

When the farm relief commission has established its machinery and obtained adequate storage facilities," he predicted, "I believe the grain men will find the farmer is aided to some extent while the competitive grain marketing system is not encroached upon seriously."

His views were vigorously attacked at the conclusion of the address by Ben E. Clemens, Leon Junction, former president of the grain dealers organization, who accused Kell of dealing in "glaring inaccuracies" in some of his statements

and charged him with being motivated by "selfish interests." Kell, himself a holder of large grain and milling interests, declared that the farm relief policy is attempting to solve the situation by cooperating with nature's provision for control of the grain surplus by periodical short crops. For full benefit to come through the farm relief measure, he said it will be necessary for the board to construct storage elevators at various points to hold the surplus off the market.

WASHINGTON, May 29—(AP)—The national capital tomorrow will celebrate Memorial Day quietly with exercises at the tomb of the unknown soldier and other spots of historic and patriotic interest. President Hoover will be out of the city, delivering an address at Gettysburg, Pennsylvania. He plans to leave the White House early in the day for the site of the great Civil War conflict, going from there to Williamsport, Pennsylvania, and returning to Washington on Saturday. The principal event of the day's observance here will be the annual exercises of the grand army of the republic in the amphitheatre at Arlington National Cemetery, close by the tomb of the unknown soldier. Sergeant Edward S. Younger, who nine years ago dropped a bouquet of roses upon one of the caskets containing bodies of unidentified American doughboys, and thereby designated the unknown soldier, will drop a similar bouquet upon the tomb as part of the ceremonies. Will Decorate Tomb The American Legion, the veterans of foreign wars, and the disabled American veterans also will decorate the tomb. Wreaths will be placed, too, upon the statues of American war heroes in various parts of the city. The Woodrow Wilson foundation committee has arranged a pilgrimage to the tomb of President Wilson at the National (Protestant) Episcopal Cathedral. A wreath will be placed upon the tomb by Frederick A. Delano, chairman of the committee.

FARMER TELLS OF HIS EXPERIENCE

"Truthfully Say That Orgatone Has Helped Me More Than Anything I Have Ever Taken," He Says.

"I have been suffering with a sluggish liver and just couldn't find a medicine that would get rid of my troubles," said H. C. Hague, residing on Rural Route 3, Lorena, Texas.

"I suffered from bilious attacks and would frequently have dizzy spells. My stomach troubled me also, and the food I would eat would sour on my stomach, causing gas pains and bloating spells. I was tired, restless and nervous and did not have the proper amount of energy. I felt listless and really didn't enjoy doing my work as I should have.

"Orgatone was helping so many people and everybody was talking about it, so I decided to try it. My relief is hard to describe, it did so much for me. I am not bothered in the least with indigestion and the gas pains and bloating spells are a thing of the past. Those dizzy, bilious spells have left me, and I have lots of pep and energy and go about my work feeling fine and like a different person. Orgatone has proven a great benefit to me, and I certainly got my money out of the first bottle I have taken and I am glad to recommend it." Genuine Orgatone may be bought in Brownwood at the Camp-Bell and Peerless Drug Stores. (adv.)
