

MAINS IN THIS SECTION PUT THE BAYOU UP

The filling around the new bridge at Salt Creek on Highway No. 10 was washed out by the heavy rains Monday. Two more bridges on the highway were also damaged by last night's rains. The dirt around the bridges had not had time to settle and was easy to wash out. Considerable damage was done by the three cut abutments, and by other slight washed places along the road bed. The bridge on the old highway at Red Hole, about a mile beyond Salt Creek bridge was also damaged by the rain.

Judge E. M. Davis said Tuesday that the damage was the misfortune of the contractors and not that of the county or state. The highway is still under construction and has not been accepted by the state or county as yet. Until it is finished and turned over to the state, any damage done to it will be the loss of the contractors.

Brownwood received .67 of an inch rainfall Monday night and early Tuesday morning. Heavy rains over all this section were reported. Flood waters came down Pecan Bayou and flooded the lowest east and north sections of Brownwood. The water was higher along the Bayou Tuesday morning than at any other time this year. Reports from the pump station said the average rise was about 10 feet, but the highest mark of the rise showed 33.27 feet. The rise was measured with a gauge at the station and was taken from the bottom of the dam. The dam is 19 feet high and the gauge showed a rise of 14.27 feet above the top. C. N. Davis, engineer, said that the waters were out of banks all along the Bayou. The rise was caused principally from a 7 inch rain at Owens. It is said. The headwaters of the Jim Ned and the Bayou had not reached Brownwood at 10:00 o'clock and the Bayou is due to rise several more feet before the day is over, although at 12:00 o'clock it was beginning to fall. All that section at the head of the two creeks had received heavy rain and the streams were flooding the sections along their banks. At about 10:00 o'clock Tuesday the water was gauged and rose 4 inches in twenty minutes.

Small Damage Here

Little damage was done to property here, although two or three families who live on the Comanche road and Brownwood had to move out on account of the high waters. The road was completely covered in water, ranging from an inch deep to about 10 feet deep for several hundred yards between the Bayou bridge and almost to the slough bridge. All the traffic along the road was stopped. One car tried to make its way through the water but had to be pulled out by a wagon and team. The water came up into the wagon bed. A great deal of the low lands in the north section were also under water.

A six inch rain was received at May, according to reports and this with the seven inch rain at Owens caused such a rise along this section of the Bayou. Bridges were washed out in that section and water ran across the highways in places, it was said.

Reports of Rains

Most all of the surrounding towns reported rain in the local telephone company Tuesday. The reports are as follows: Abilene, big rain; Brady, 1 1/2 inch; Ballinger, .53 inch; Bandy, good shower; Burkett, good rain; Blanket, good rain; Comanche, 1.8 inch; Coleman, good rain; Dallas, good rain; Dublin, good rain; Eden, none; Fort Worth, good rain; Grovesnor, good rain; Goldthwaite, good rain; Hamilton, good rain; Indian Creek, good rain; Lampasas, good rain; Lometa, big rain; Menard, none; Mercury, good rain; Mullen, good rain; May, 6 inches; Paint Rock, none; Rising Star, good rain; Rochelle, heavy rain; San Saba, good rain; Santa Anna, good rain; Saco, heavy shower; Stamford, big rain; Sweetwater, 1 inch; Thrifty, big rain; Variera, good rain; Winchell, good rain; Winters, big rain; Waco, big rain; Zephyr, good rain; Fry, big rain; Mason, 1.1 inch; Brookesmith, big rain, and Owens, 7 inches.

Machinery Is Set in Motion to Meet Requirements Daniel Baker Situation

For the purpose of discussing the Daniel Baker College situation and the best method of meeting it, approximately a hundred of the foremost citizens of Brownwood responded to the invitation to attend the banquet in the basement of the First Presbyterian Church Monday night. The result was the unanimous expression of the sentiment that Brownwood should take hold at once and raise the \$60,000 necessary to keep the school here, coupled declarations of the confident belief that it could and would be done, the adoption of a general plan for carrying out this purpose, and the appointment of team captains and an executive body to take charge of the work.

Discussion of the subject were embodied in a number of talks that were brief and to the point. Ed B. Gilliam, Sr., presided and the speakers included Harry Knox, Dr. J. E. Chandler, president of Daniel Baker College, Fred S. Abney, Mayor O. W. McDonald, Dr. Thomas H. Taylor, president of Howard Payne College, H. M. Hughes, James C. White, C. Y. Early, Hilton Burks, Judge C. L. McCartney, A. N. Thomason, Ben A. Fain, D. D. McInroe, Rev. Joseph S. Cook, Chester Harrison, P. A. Glanville, Rev. W. R. Hornburg and E. P. Kilgore.

Plan of Payments

In the course of the talks it was suggested by H. M. Hughes that the installment, or partial payment, plan might be adopted in making the subscription to raise the proposed funds. He suggested that such a plan should make a substantial initial payment, say 20 per cent of the amount he was to pay, dividing the rest of his subscription into twelve monthly payments. This should not preclude, he suggested, any one who desired to do so from paying at once his entire subscription.

Later in the evening, on motion of Hilton Burks, secretary of the Chamber of Commerce, seconded by Kent Hallum, the suggestion made by Mr. Hughes was adopted as the basis on which subscriptions would be solicited.

Mr. Gilliam appointed W. P. Murphy, Jas. C. White and Hilton Burks as a committee to select a list of twenty team captains to make the campaign for the funds. Mr. Murphy read the list, after the committee had retired and made its selection, as follows: J. H. McKee, Will Talbot, E. P. Henley, Jr., D. D. McInroe, Walter Emison, Cap Phillips, Fort Bludworth, Gus Rosenberg, Tom Scott, Hans Schroeder, Buz Canon, Tom Denman, Ernest Wood, A. N. Thomason, Stewart Hopper, E. P. Kilgore, Henry Peavy, Henry Wilson, Louis Walker, G. B. Bohannon.

Mr. Murphy explained that it was contemplated that each captain should select five men to work with him as members of his team. Mr. Gilliam appointed E. J. Weatherly, W. P. Murphy and Hilton Burks as an executive body, to call the committees together and assist in organizing the work of the campaign.

Knox Tells Situation

Harry Knox, president of the board of trustees of Daniel Baker College, as the first speaker called upon by the toastmaster, outlined the history of the move that had brought Daniel Baker to the present site. He said, in brief, that the proposition made by the Presbyterian Synod's commission on consolidation to release Daniel Baker to the control of its board of trustees to be operated as an independent Presbyterian college of the first class, provided the institution was freed of all indebtedness. As stated in yesterday's Bulletin, in making this agreement the Synod's commission agreed to absorb the largest single item of indebtedness, amounting to \$75,000. To clear the indebtedness then for which Brownwood becomes responsible under this agreement, he showed, it is necessary to raise \$60,000.

Mr. Knox discussed the Daniel Baker endowment, showing that by failing to raise the amount necessary to hold the school here there would be the loss not only of the property valued at \$250,000, but also of the \$250,000 Coggin endowment, which in such an event would revert to the estate of Mrs. Coggin. He discussed the importance of the institution to Brownwood and this section of the state, and took an optimistic view of the situation, believing firmly that the citizens would take hold and raise the amount of money required.

Believe Future Bright

Dr. S. E. Chandler, president of Daniel Baker, believing that with the institution cleared and under the independent control of its board, its future would be brighter than ever before in its history.

The general attitude toward the question before the assembly was reflected in expressions by various speakers, a few of which were as follows:

F. S. Abney said: "Brownwood, if it meets the responsibility that is placed on it, can not fail to take care of the situation that is now before it. He said that the work of Dr. McClendon, the founder, and of his vision and work for the college, and said, "Brownwood must pick up and carry on." Referring to the task before the people with reference to Daniel Baker, Mr. Abney said in closing his remarks: "I say we can do it; I say we will do it, and I say that this meeting tonight is the beginning of a successful campaign to that end."

Keep Daniel Baker Here

Mayor McDonald made the brief but emphatic statement, "We are going to keep Daniel Baker College." Dr. Thomas H. Taylor, president of Howard Payne College, made one of the strongest pleas of the evening

REVEAL PLANS USING WATERS OF HOT WELLS

That the health giving mineral water that flows in abundance from the hot wells on the outskirts of Brownwood is to be duly capitalized and utilized was revealed Wednesday noon at the regular weekly luncheon of the Brownwood Chamber of Commerce directors at the Southern Hotel. It was revealed there through Messrs. Ben Fain and Jim Timmins, that Wyatt C. Hedrick, architect and engineer in charge of Hotel Brownwood, is negotiating with several Brownwood physicians on a project that will give Brownwood a clinic and natorium equal to the best in the state of Texas, not barring those of Mineral Wells and Marlin.

Will Erect Building

According to plans revealed today noon, Mr. Hedrick will build and equip a 60 by 100 foot building on East Baker and Hawkins Street, this building to be used as a clinic and natorium. The water from Hot Wells will be piped to this building in such a manner as to lose none of its health giving qualities, its heat, etc. The clinic and natorium will be under the direction of some outstanding physicians and this man, in turn will select and maintain his own fellows in the clinic, it is stated. And according to information revealed today noon, this is not merely a pipe dream, but is almost certain to be carried out. About all that is lacking at present, it was stated, is the agreeing on a contract between Mr. Hedrick and physicians of the proposed clinic.

Recent Tests

It was stated, too, that the water has been specially tested recently and that these tests have disclosed that there is not a better water, from a mineral standpoint, in Texas. The industrial committee of the city's board of health has recently endorsed the move and today noon the board of directors added their endorsement, urging that the project be carried out.

If ultimately completed as planned, the clinic, natorium, bath house, whatever may be called, will be an exact duplicate of the one in the Baker Hotel at Mineral Wells, a hotel that was built by Mr. Hedrick.

Thanked by Turner

W. L. Turner, head of the census bureau of this district, appeared before the directors and thanked them, in behalf of the Federal Census Bureau, for the hearty cooperation in taking the census of Brownwood. Mr. Turner stated that since he has announced Brownwood's population and he indicated that the city's population might pass the 13,000 mark before his work is completed. Mr. Turner and Will Talbot, representing the Chamber of Commerce, are sending out cards to parents of all out of town college students of the city to make sure that these students attending Daniel Baker and Howard Payne have been enumerated. It is likely that some 200 or more will be added to Brownwood's population in this manner.

Thomas H. Taylor, as director general of District 13, Texas Intercollegiate League, appeared before the directors today and asked that the Chamber of Commerce, as per custom the past few years, pay for medals given during the annual District 13 meet which was held in Brownwood in April. This request was granted.

Plans for disposing of cotton seed on hand were also discussed and it was voted to sell the seed on the credit if the buyer is able to give a satisfactory note. Indications are, it was pointed out, that the 1200 or more bushels of seed now on hand will be sold rapidly during the next ten days.

Reports on Subscriptions

Mr. Burks reported today that subscriptions for 1930 to the Chamber of Commerce budget totalled \$11,063. Committees in charge will continue to solicit additional subscriptions in an effort to bring the 1930 budget up to that of 1929.

It was voted to donate the West Texas Chamber of Commerce \$400 amount to the Brownwood body subscribed \$500 and paid \$600, the extra \$100 coming as a donation.

The Chamber of Commerce voted to co-operate with others in developing the case at Richland Springs. Road problems were discussed briefly, after which it was voted to leave these problems in the hands of the chairman of the good roads committee and Hilton Burks, secretary of the Chamber of Commerce, these men to solve all questions as best seen fit.

The various industries of Brownwood were discussed with the view of giving more publicity to same.

INSTRUCTED VERDICT OF NOT GUILTY; ANOTHER MAN IN JAIL

COLEMAN, Texas, May 14.—(Sp.)—There was a dramatic moment in the Coleman county district court Monday afternoon, when Bill Hambricht was arraigned on a charge of selling intoxicating liquor.

Everything was in readiness for the trial, Hambricht was in the chair of the accused, Baker & Baker, local attorneys, were there to defend him.

State Ranger Sam C. Mays was called to the witness stand and was being interrogated by District Attorney Walter U. Early. Do you know the defendant, Bill Hambricht? was the first question propounded.

"Yes sir," confidently replied the testifying ranger.

Did you have occasion to see Bill Hambricht on or about the 28 day of May, 1929?

Yes sir.

Where did you see him?

At Filler's Station.

At his place of business, a little filling station.

Where is that filling station located?

Out south of town just across from the country club.

Without waste time of day did you see this defendant?

Between 4:30 and 5 in the afternoon.

How did you go out to his place if you say you went?

In an automobile.

Were you traveling alone?

Yes sir.

Tell the jury what you saw and did there.

I drove up to the place and got out of the car and went in and engaged in conversation with Mr. Hambricht.

State whether or not there was anyone else there besides Bill Hambricht.

Well, there were two fellows there as I drove up, but they came out and drove off.

Did you drive under the driveway of the filling station?

No sir, the other car was under the driveway.

Where did you park your car?

Right in front of the station.

State if the defendant came out to the car.

I was inside the station.

State if that is the first time you ever saw Bill Hambricht.

Yes sir, that was the first time.

Did you have any conversation with this defendant about any whiskey?

Yes sir, I talked to him there awhile.

Tell the conversation.

Asked For Beer

I went in and asked him if he had any beer and he said yes, and he served me some beer and reached for the counter and got a bottle of white whiskey and poured out a little glass of whiskey and put it into the near beer. I talked with him awhile and told him I wanted a pint of liquor. He said alright, and went and got the liquor. I paid him \$5 for the liquor and went out.

Did you ask him what was the price?

Yes sir.

What did he say?

He said it was \$5.

Did you say anything to him about it?

I said that it was pretty high and he said it was good whiskey, that it was hard to get.

Did you pay him for that spiked beer?

Yes sir, I paid him 50 cents for that.

After you examine the contents of the bottle that you paid him \$5 for.

Yes sir.

What was it?

Whiskey; white whiskey.

Examine this bottle.

Mr. Baker: We object to him testifying to anything on that bottle unless it is in the same condition it was when he bought it.

Yes sir, this is the same bottle that I got at that time.

Is that the same bottle of whiskey that you bought that day from this defendant?

Yes sir.

What, if anything, did you do after you got this bottle from him?

Mr. Baker objects.

Overruled by court.

4,680 GAIN IN POPULATION OF BROWN COUNTY

Census returns for all of Brown county for the 1930 census show a total population of 26,362, with a gain of 4,680 for the ten year period. There were 2,153 farms listed in the county.

The gain in Brownwood for the ten year period was 4,558 and placing this with the gain in the whole county shows a total gain in all other towns and justice precincts as being 122 people; and 4,567 of the total county gain was in Justice Precinct No. 1. Practically one half of the people in Brown county live in the town of Brownwood, leaving 13,811 outside the city limits of the town.

Gains in Mason

Mason county was also released in complete figures today showing a gain for the ten year period. Only one town is still to be reported to the supervisor's office, this being Junction, county seat of Kimble county. Most of the counties have been completed and two counties and a number of justice precincts are listed below.

Brown county, complete, 26,362, increase of 4,680; 2,153 farms listed.

Mason county, completed, 5,509, increase of 685; 912 farms.

Justice Precinct No. 1, Brown county, 14,840, increase of 4,567; 335 farms were listed.

Justice Precinct No. 2, San Saba county, 3,713, decrease of 97; 618 farms were listed.

Justice Precinct No. 1, Runnels county, 7,663, increase of 2,087; 587 farms listed.

Justice Precinct No. 1, Menard county, 2,233, no comparative figures; 130 farms listed.

Justice Precinct No. 4, Mason county, 468, decrease of 48; 102 farms listed.

Justice Precinct No. 3, Mason county, 622, decrease of 27; 649 farms listed.

Justice Precinct No. 4, Concho county, 1,498, increase of 219; 244 farms were listed.

W. A. ROBERTSON ELECTED HEAD OF COLEMAN C. C.

COLEMAN, Texas, May 14.—(Sp.)—W. A. Robertson was elected last night as president of the Coleman Chamber of Commerce. Six new directors chosen are A. J. Durham, R. R. Browning, W. N. McCulloch, J. Lee Mayes, Bryan Payne and W. T. Moore.

The new president, who succeeds Senator Walter C. Woodward, met with the 18 directors of the organization at the offices of the organization this morning at 9:00 o'clock and launched the membership drive for funds with which to carry on the work in 1930.

Miller's Address Feature

The organization has 18 directors and six are elected annually. Lieutenant Governor Barry Miller's address was the feature at the annual banquet last night, attended by 250 people. He discussed town building and enumerated some of the things that are essential to the growth and expansion.

He said, "you people have been sending Walter Woodward to Austin to keep anybody from stealing your water. I have traveled 1,700 miles since 9 o'clock this morning trying to reach Coleman from Cisco. There was water everywhere. You have enough water out here to drown the United States."

San Angelo's Mayor, Ballinger's Chamber of Commerce, president of the Cisco Chamber of Commerce and a number of other visitors made short addresses in which they praised Coleman's growth and the great increase in population the past ten years.

Wet Track Causes Derailing Coaches

BEEVILLE, Tex., May 15.—(P)—A wet track was believed responsible for the derailing of two sleepers and a day coach and the overturning of a baggage car of a Southern Pacific passenger train near Alfred, Jim Wells county, today.

A Mexican passenger was injured slightly and other passengers and the crew were badly shaken up. The train left Skidmore, 10 miles south of here, slightly late.

Terrapin Returned After 36 Years

TULSA, Okla., May 13.—(P)—A terrapin released here 36 years ago by Walter Mineheart, now dead, after he had carved his name, address and the date upon its back, was returned here by a motorist who said he found it near Memphis, Tenn., nearly 400 miles away. Mrs. Charles Lowrie, formerly Mrs. Mineheart, now dead, after he had carved his name, address and the date upon its back, was returned here by a motorist who said he found it near Memphis, Tenn., nearly 400 miles away. Mrs. Charles Lowrie, formerly Mrs. Mineheart, now dead, after he had carved his name, address and the date upon its back, was returned here by a motorist who said he found it near Memphis, Tenn., nearly 400 miles away.

BROWNWOOD BEATS CISCO

Brownwood defeated Cisco in baseball Sunday afternoon at Cisco, 4 and 3. The Brownwood team, strictly an amateur one and made up entirely of former college players, turned in a great exhibition against the semi-pro club that represented Cisco. Carnahan, a Daniel Baker athlete, hurled for Brownwood and held the Cisco slugers well in check, striking out 14 opposing batters during the game. Joe Grinland, a Howard Payne athlete, contributed a home run for Brownwood.

ALLEN ESCAPES DEATH CHAIR

AUSTIN, May 14.—(P)—Governor Dan Moody yesterday commuted to life imprisonment the death sentence passed on E. V. Allen for the robbery in 1927 of the Carbon State Bank at Carbon, Eastland county. Allen was to have died Friday in the electric chair at Huntsville.

The action was taken by the Governor on the recommendation of District Judge Elzo Bean of Eastland.

The Allen case was the only one on record in Texas where the death penalty had been imposed in a bank robbery in which no one was killed or wounded.

7 Meetings Held By County Agent With Club Boys

Seven boys' 4H club meetings have been held in the county this week under the direction of O. P. Griffin, county agent. These meetings were held in different sections of the county, including Zephyr, May, Indian Creek, Chapel Hill, Clear Creek, Early, Woodland Heights, with the Holder club meeting with the May group. Good attendances were reported at all meetings with the exception of the one at May.

It was revealed in the meetings that most of the boys had their crops planted and that most of them were keeping their fields plowed and cultivated as the season advances. All the boys had good starts with their crops and all are looking well with the exception of a few melon crops which were damaged this week by the sand.

RIOT CHARGES FILED AGAINST 5 AT SHERMAN

SHERMAN, Tex., May 14.—(AP)—Charges of inciting to riot were filed in justice court here today against "Tuck" Taylor of Sherman, Jess Hogue and Web Furdom of an Abilene, and A. F. Godsey and Tom Reeves.

Like charges against W. M. Nicholson, gray haired White-wright grocer, and two other men were dismissed.

The maximum penalty on such a charge is two years imprisonment and a \$1,000 fine.

Bennett Hogue, 39, of Denison was at liberty on \$500 bond on a charge of posting notices threatening negroes. Hogue was charged in justice court after warnings for negroes to leave had been found in several places yesterday.

PLANS FOR ORDER

Meanwhile, Col. L. S. Davidson, provost marshal, announced that military authorities would meet this afternoon with city and county officials to discuss plans for preserving order after martial law had ceased.

The military rule was established Saturday after a mob had burned the courthouse in its effort to lynch a negro who was charged with attacking a woman.

"Martial law will be lifted as soon as the military court of inquiry has finished its task unless there is danger of further disturbances," Col. Davidson said.

He declared he was unable to say when the court would finish its work. It met an hour earlier than usual today.

Still Working on Square

"We are still working upon the square where the courthouse was burned," the officer said. "We haven't gotten to the negro business districts where buildings were fired."

The officer asserted the court was inquiring into the origin of a report that Captain Frank Hamer was instructed by Gov. Moody not to shoot. "We know the rumor was false and we are going to try to find out who started it," he said.

He added that a newspaperman would be summoned.

Ben Pittman Is Released on Bond

Ben Pittman was released from the county jail Tuesday on recognition of bond which he made when first indicted on charge of theft. Mr. Pittman has been confined in the county jail for approximately eleven months awaiting action of the court of criminal appeals. Action was taken by that body last week and Pittman released on bond to appear when called by the court.

When tried here nearly a year ago Pittman was given a ten year sentence for theft in connection with charges arising when Mrs. A. King testified that Pittman took money from her through misrepresentation in connection with a proposed business proposition. It was said during the trial that Pittman received over \$1,000 from Mrs. King, widow and laundress.

After charges had been filed Pittman was arrested in San Antonio and returned here and his bond set at \$1,000.

Students Attend Endeavor Meeting

A group of students of Daniel Baker College attended the Christian Endeavor convention of the Brownwood Presbytery which met in Coleman Saturday and Sunday.

The students report a fine meeting and a splendid program. A large crowd attended and there were representatives of Endeavors from over all this section.

Those who attended the convention were: Billie Logan, Elizabeth Oxford, Sarah McClendon and Mary Bell McClendon. All of the Brownwood representatives made short talks on the program.

Interest Evidenced In the Approaching Clothing Contest

The annual clothing contest for members of home demonstration clubs in Brown county will be a big success, judging from the interest shown in it by the women, said Miss Mayes Malone, county home demonstration agent yesterday.

The contest will be held at Coggin Memorial Hall, Daniel Baker College, May 21, but the articles to be judged must be sent to Miss Malone by May 19. Mrs. Dora Barnes, clothing expert from A. & M. College, will act as judge of the contest.

She will make the decision May 20 and will make a talk to the women during the style show to be held May 21 at 1:30 o'clock. The style show will be presented by the women who enter the contest and they will wear the dresses that were entered in the contest.

Some valuable prizes have been secured for the winners. Austin Mill and Grain Company will give to the first place winners in the women's division of the contest two tickets to the short course. Two beautiful mirrors are offered for second place winners and a dozen standard fruit containers will be given as third prize. In the girls' division trips to the short course and other prizes will be given.

A large number of women and girls are expected to enter the contest and the style show will be well worth seeing, according to reports from other similar contests held in the county every year.

NO DECISION IN TOW LOVE SUIT

AUSTIN, May 15.—(P)—Associate Justice William Pierson of the Supreme Court stated that no decision would be rendered today in the mandamus suit brought by Senator Thomas B. Love of Dallas to compel the state Democratic executive committee to certify his name on the ballot in the July primary election as a candidate for Governor.

He indicated, however, the decision may be forthcoming yet this week.

Justice Pierson, who also is a member of the special Supreme Court trying the mandamus action brought by former Governor James E. Ferguson, stated that an opinion in this case probably would be rendered next week.

Mrs. Dudley Attends Father's Funeral

Mrs. R. E. Dudley returned Saturday night from Dallas and Comanche. In Comanche she attended the funeral of her father, W. A. Waldrop, who died suddenly Friday in Dallas. Mrs. Dudley has been in Dallas visiting relatives and was with her father at the time of his death. Mr. Waldrop was 63 years of age and for the past six months had been in declining health, however his condition seemed improved until Friday when he succumbed after a sudden heart attack which was a shock to his family and friends.

GALVESTON CASE CALLED

GALVESTON, Tex., May 15.—(P)—The case of John W. Adams, former deputy sheriff, charged with the murder of Mrs. Martha Robertson here March 6, was called for trial here today. A venire of 250 had been summoned.

Boy Is Drowned While Fishing

TEMPLE, Texas, May 15.—(P)—The 12-year-old son of Oullin Hallman, father living near here, was drowned yesterday in little Elm creek when carried away by high waters, as he was fishing. The boy was alone at the time.

Wet Track Causes Derailing Coaches

BEEVILLE, Tex., May 15.—(P)—A wet track was believed responsible for the derailing of two sleepers and a day coach and the overturning of a baggage car of a Southern Pacific passenger train near Alfred, Jim Wells county, today.

A Mexican passenger was injured slightly and other passengers and the crew were badly shaken up. The train left Skidmore, 10 miles south of here, slightly late.

BROWNWOOD BEATS CISCO

Brownwood defeated Cisco in baseball Sunday afternoon at Cisco, 4 and 3. Mrs. Dudley Attends Father's Funeral

Mrs. R. E. Dudley returned Saturday night from Dallas and Comanche. In Comanche she attended the funeral of her father, W. A. Waldrop, who died suddenly Friday in Dallas. Mrs. Dudley has been in Dallas visiting relatives and was with her father at the time of his death. Mr. Waldrop was 63 years of age and for the past six months had been in declining health, however his condition seemed improved until Friday when he succumbed after a sudden heart attack which was a shock to his family and friends.

Sale of Registered Herefords Soon At Mason, Texas

A meeting of the Executive Committee of the Central Texas Hereford Assn. was held in the Banquet Hall of the Fort Mason hotel on Saturday, May 10th, 1930.

At this meeting it was decided to hold a sale of registered Herefords, both males and females, in October of this year. The offering for this sale will be selected from the members and each contributor will offer of the best in his herd.

Sale will be held at Premier Ranch and the date will be announced later.

There will be a meeting of the membership of the Central Texas Hereford Breeders Assn. at a luncheon to be held in the Fort Mason Hotel, on June 28th, 1930, at which time final arrangements for the sale will be made.

The Central Texas Hereford Breeders wish to adopt a suitable slogan for the organization and are offering ten dollars in gold to the party sending in the best slogan for the association, together with a short letter giving your reasons for your slogan.

RODEO means the best line of Overalls and Work Clothing now sold for the money. Big stock just received at Looney's Dry Goods Department.

Mrs. J. L. Karr Will Make Campaign For County Assessor

Yielding to the urgent suggestion of many friends, Mrs. J. L. Karr announced Monday that she would continue the campaign for the office of county tax assessor which was launched by Mr. Karr and carried on by him until his death a few days ago.

"I feel that I am qualified to do the work of the tax assessor's office, both by education and temperament, and I want the office for that reason and for the additional reason that I must take care of my children. I do not expect to ask anybody to vote for me simply because of sympathy, or because I am a woman, but will continue the campaign Mr. Karr started and ask the voters to support me because they think I can do the work of the tax assessor's office in a satisfactory way."

Troop No. 8 Gives Program at Zephyr

O. E. Winebrenner, scoutmaster of Boy Scout Troop No. 8 of the First Baptist Church, took ten members of the troop to Zephyr Monday for a program during the assembly hour of the school.

After the program before the school the Zephyr boys defeated the scouts 10 to 3 in a baseball game. Those making the trip with Mr. Winebrenner were: Herman Britt, Joe Stanley, Edward Taylor, McGee Garnett, Louis Winebrenner, Joe Woodward, Ben Denman, Robert Sims, David Nicholson and Willis Denman.

LUCA S REPORTS GOOD MEETING COTTON BODY

H. G. Lucas, director from this district of the Texas Cotton Co-operative Association, returned Wednesday from Dallas where he had been to attend the annual board meeting of the association. The board meeting was held Monday and the directors met Tuesday.

Mr. Lucas reports a successful meeting. Many matters of important business were discussed and new plans concerning the association were approved. The new plan which governs the association was reported on and approved by a committee appointed by the governor of Texas. The plan was also approved by the membership.

At the meeting the following officers for the state association were re-elected: Lynn Stokes, Ballinger, president; C. A. Baron, Lamesa, vice president; Harry Williams, Dallas, general manager, secretary and treasurer.

The new members appointed on the executive committee were C. A. Baron, Lamesa; Shirley Gregg and Ed. Brewster, Temple. The other fifteen directors were re-elected. Mr. Lucas is a director from this district.

Allred Will Open Campaign Saturday

WICHITA FALLS, Tex., May 14. (AP)—Starting in "right where I left off before," James W. Allred, former District Attorney here, announced today he would open his campaign for the Democratic nomination for Attorney General at Alvarado, Johnson county, next Saturday. He said he closed his campaign for Attorney General in that county in 1926, when he was defeated by Claude Pollard by 4,000 votes.

\$1.50 BUYS a 48 pound Sack of guaranteed Flour at Looney's Grocery.

POLITICAL ANNOUNCEMENTS

The Banner-Bulletin is authorized to make the following announcements for political office, subject to the action of the Democratic primaries:

- For District Attorney: J. EDWARD JOHNSON
For Tax Collector: S. L. SUTHER
For Tax Assessor: G. R. SEWARD
For Sheriff: M. H. DENMAN
For Commissioner, Precinct One: G. S. THOMPSON

Parts of Several Roads Washed Out

Heavy rains and flooded creeks in the north and east part of the county Monday night washed many parts of the new highways so that they are impassable at present.

fills had been washed and the road at that point was impassable. All communication from Brownwood to May and Rising Star was cut off by the washing of the fills on the Salt Creek bridge on the new highway and on the Elm Creek bridge on the old route.

Guaranteed Flour at \$1.50 for a 48 lb. sack is the biggest flour bargain in Brownwood. Looney's.

Hearings on Land In Lake District Are Begun Monday

The hearing held Monday for appraisal purposes of property affected in Water District No. 1 started at 10 o'clock in the morning with nearly fifty people present. Many of these were witnesses who were to appear before the board and the rest interested parties.

The hearing opened with D. W. Ross, engineer for the district, explaining the intention of the board by illustrations on a map of the Cox and McInnis tract of land. This map included the part of the land which will be under water, affected because of overflow, and land where materials will be gotten for building the dam, and part of the land for the dam itself.

Parts of Land Affected
There is a large amount of the tract which will be under water and which will be lost to the owners, another part of the land will be included in an island which will be approximately eighty acres in extent which will be in the lake. Part of the land below the proposed dam will be used as a storage place for waste dirt and rocks, part will be used as a base of operation, part will be used as a means of carrying surplus water away from the lake after it is filled.

The map exhibited before the hearing represents only a small part of the total acreage of the dam and reservoir, but the rest is owned by other parties. It was brought out that there would be much land which would be returned to the present land owners after the completion of the dam. The lands which are so affected are only to be used as a means of moving water during the construction and as an overflow during this period. It has also been found that much of the rock needed in the construction can be gotten near the dam site and this can be quarried there and crushed with less expense than it can be hauled, the explanations showed.

It was said that the land affected by spillways and canals would be a small amount of the total and that this land would not affect the value of other land in the same tract.

The land where the waste will be stored and where the quarries will be situated will be scarred by the construction, but can be used later for the same purpose to which it is put at present, namely for grazing. Reports of the commission appointed by county judge E. M. Davis for the appraisal and assessment of damages were the center of the discussion and examination.

After Mr. Ross had explained the situation as shown by the map to the satisfaction of attorneys for both land owners and water district officials the first witness was called to the stand.

W. M. Baugh Heard
The first witness called was W. M. Baugh who owns much land in the territory, but not in the Cox-McInnis tract. He was asked by attorneys to tell the value of the land affected as it was pointed out to him on the map. He stated that his testimony would not be accurate, but that as he judged the land, knowing it from birth, he would give the approximate value per acre.

The tracts first asked about were the lands inundated by the lake. Mr. Baugh said that this was grazing land, but fertile and had been under cultivation many years ago, however at present is only grass land and he set the value at \$40 per acre. Of all land which he named prices ranged near this mark with some lower as the contour of the ground was rough and rocky and this was set at \$25 per acre.

He stated that some of the land near the dam which was extra good land and in the valley of the bayou was worth between \$125 and \$150 per acre but this tract was not large.

Many Pecan Trees
According to Mr. Baugh's testimony little of the land in the survey was now being used for farming purposes and was only used for grazing. He said that along the bayou there were many pecan trees and that these trees were all sturdy

and fast growing orchards, bearing yearly.

He set the value of the land which makes an island in the lake because it is a mountainous formation at \$50 per acre. He said that the top of the rise was level and was good land and was easily worth the price named. According to the map only thirteen acres of the approximately eighty are in the Cox-McInnis survey, the rest being owned by Mr. Baugh.

The explanation of the map and the hearing of Mr. Baugh's testimony consumed most of the morning of the session with approximately fifteen witnesses to be heard this afternoon.

Blanket School Exercises Held

Graduation exercises of the Blanket school were held Monday night at school auditorium. There were ten graduates of the school to receive diplomas. The principal address of the evening was made by Judge C. L. South of Coleman county, J. Oscar Swindle, also was on the program as well as members of the Blanket board of trustees and school authorities.

The program opened with a musical number by the school orchestra and this was followed by Salutatory address, given by Wightman Switzer. A quartet followed the address. The next number on the program was the Valedictory address given by Octavene Lanford. Following this J. Oscar Swindle made a short talk to the graduates. He was followed by L. Bird of the board of trustees who made a few remarks concerning the graduates and the school.

After Mr. Bird's remarks Judge South delivered his address, speaking of future accomplishments for the graduates. Following the address of Judge South R. L. Fortune, superintendent of the school presented diplomas to Lane Whitmer, Lofton Brogg, Wightman Switzer, Oliver Allen, Elgin Tidwell, Octavene Lanford, Lee Stephens, Opal Wington, Bessie Blackman and Bentia Yantis.

Judge E. M. Davis Delivers Address At Brooksmith

Graduating exercises of the Brooksmith school were held there in the school auditorium Thursday night. Judge E. M. Davis made the commencement address, using as his subject, "What Constitutes Success?" The invocation was given by Rev. T. L. Allen. Welcome address was made by C. L. McCarty of the Senior class. The class prophecy was made by Hal Sowell; class will by Norton Medley; valedictory by Harvey Hennigan; J. Oscar Swindle, County Superintendent, presented the diploma after a short talk on "Meaning of a Diploma."

Mr. Swindle said today that the exercises were well carried out and that a large crowd was present.

Mr. and Mrs. Swindle, Inez Patsick, Allene and Eddie Lake Tate and Judge E. M. Davis were among those who attended the graduation.

Stanford Delivers Sermon to Zephyr Graduating Class

The baccalaureate sermon of the Baird Hill, Pleasant Ridge and Turkey Peak consolidated schools was held at the First Methodist church in Zephyr Sunday night at 8 o'clock. The sermon was preached by Rev. P. T. Stanford, pastor of the Central Methodist church of Brownwood. A number from Brownwood attended.

The graduates were Lynn Coffee, Iva Mae Reasoner, T. H. Nesmith, Merle Hallmark, Imogene Flores, Marie Pauley, Bertha Webb, Merrill Lee, Juel Baker, Earl Stanley, Glenn Van Sandt, Murrell Sprance, Jean Skipping and James Driskill.

STOCKHOLDERS ENDEAVOR TO CONTINUE FAIR

At a meeting of the Fair Association stockholders Thursday night at the Chamber of Commerce rooms it was decided to attempt to raise \$6,000 to pay off outstanding debts of the organization and to continue the fair. A majority of the stock was represented at the meeting. The stockholders decided that if this amount could not be raised the land equipment of the association would be sold and the association liquidated.

It was said by one of the directors today that the association did not want to discontinue the fair because of many reasons, chief of which were that it was well advertised and has been proving a success during the past few years and that it has become one of the greatest means of getting people in rural sections and of Brownwood into a closer union.

A. J. Smith appeared before the board and offered to sell them a parcel of land between the present property and the Frisco railroad and offered to sell the whole nine acres for \$1,150. No action was taken of the offer made by Mr. Smith.

The proposed highway No. 7 to the Coleman county line will take a portion of the fair ground and will also divide part of the property. The road will run so that the land out of it will be what is used as parking space for automobiles and will take off about two-thirds of the parking space available for the purpose near the grand stand and exhibit halls.

The jury of view set the damages due the association for this land at \$282.35 which is not believed by the stockholders to be enough because of the harm that it does to the parking space.

Salt Creek Church Memorial Service

A memorial and decoration service will be held at the Salt Creek church Sunday, May 18. The service will be an all-day affair but no lunch will be served after the morning service for the general public. Preaching service will be held during the morning and shortly after lunch decoration of graves in the cemetery will take place. After the decoration service a singing service will be held in the church, all singers are urged to be present and extended a cordial invitation by those in charge of the days program.

CLOTHING CONTEST BY CLUB WOMEN OF BROWN COUNTY TO BE MAY 21

The annual clothing contest for women and girls of the home demonstration clubs of the county will be held in Brownwood May 21. A long list of valuable prizes will be offered to the winners. Miss Mayes Malone, demonstration agent, is working out the detailed plans for the contest today. She said that the contest must be in her office by May 19. They will be judged May 20 and the women will wear the dresses that they have entered in the contest on May 21. Miss Dora Barnst, clothing specialist from A. and M. college, will judge the clothes.

All of the prizes for the winners have not been secured yet and the place for the contest has not been decided upon, but these will be announced soon.

Miss Malone in speaking of past contests, said that a great deal of interest had always been shown by the women and girls in the contest and a large number were expected to take part this year. The women's and girls' contests will be held as two divisions.

Brownwood Entrant For Home Town Speech Contest

Brownwood will be represented in the annual Home Town Contest, sponsored by the West Texas Chamber of Commerce, which is to be held in Abilene during the last week of May by Leota Leach. The entrants in the contest are to make an original speech on their home towns and the places will be awarded according to the material used in the talk more than on delivery. Abilene is acting as the host to the contest this year and will have no contestant entered in the competition. An Abilene boy won the contest last year when it was held in El Paso. The contest is sponsored by the West Texas Chamber of Commerce to arouse more interest among the children in the towns in which they live. A long list of valuable prizes is offered to the winners.

Lyric And Gem Both to Open At An Earlier Hour

Changed hours for the opening of the Lyric and Gem Theatres to start next Thursday has been announced by Manager J. Clayton Tunstall.

Heretofore the Lyric has opened at 1:45 p. m., but will, on Thursday and afterwards open at 1 p. m. Likewise, the Gem, which has been opening at 12:45 p. m. will open fifteen minutes earlier five days of the week making this time 12:30, and on Saturdays will open at 11:30 a. m., Mr. Tunstall says.

Changes in the fronts of the two theatres are now being made. The front of the Gem is being repainted and new brass bound advertising panels have been installed. Scores of new lights have been added to the front of the Lyric Theatre, and a paint job is being done there, with the addition of a new awning.

Cooling systems for both theatres are in transit and will be installed before the real hot weather arrives, the manager said.

SUBSCRIPTION \$1.00 per Year.

To Preserve Daniel Baker

IT IS NOT EASY to task to raise sixty thousand dollars, here or in any other Texas city, for any purpose, at this particular time. But when the people of Brownwood and of Central Texas are asked for that amount, for the purpose of preserving Daniel Baker College as a first class institution in this community, they are being called upon to make an investment, which will pay handsome dividends throughout the years to come, and which will prevent the loss of a very large investment already made in the college.

When all the facts in connection with the matter are considered, it appears that a very favorable proposal has been made to Brownwood by the Texas Presbyterian Synod's commission which originally was authorized and directed to consolidate the colleges of that church into one institution. It was found by the commission that it would be impossible to establish a great university, and that it was not economically advisable to move Austin College from Sherman to Brownwood. Then, in pursuance of its duty, the commission took up the problem of disposing of Daniel Baker, and when an appeal was made in behalf of Brownwood the commission went a bit further than it could have been expected to go and agreed that the college should remain here as an independent Presbyterian school, provided Brownwood would share with the synod the responsibility for accumulated indebtedness. The commission itself assumed a major portion of the indebtedness, amounting to \$75,000, and now Brownwood is asked to relieve the college of the remainder, which is approximately \$60,000. Unless this indebtedness is taken care of the college can have no hope of successful operation should be undertaken unless there is a reasonable prospect that it will be successful.

So Brownwood is asked to take care of \$60,000 of indebtedness that has accumulated through the years, and by doing so will receive full control of Daniel Baker, and will be relieved forever of the menace of the school's removal from this city. At the same time, property valued conservatively at \$400,000 will be retained here, free from liens and obligations, and there will be a minimum of calls for aid in the operation of the college in the future because it will be able to support itself while serving this city and this section of Texas. The proposal, therefore, is one that must appeal to every citizen as a profitable opportunity, good enough to justify some sacrifice in accepting it, and so good that it would be tragic to decline it. It is not strictly a church movement, demanding the attention only of the Presbyterians of this city and neighboring territory, but a Brownwood matter involving one of the two most valuable assets this city claims. The interests of Daniel Baker and Howard Payne Colleges are interdependent, and the welfare of both institutions is of paramount importance to this city. The question, therefore, is not whether Brownwood can afford to raise sixty thousand dollars, or any portion of that sum, but whether Brownwood can afford to give up one of the two institutions which the past forty years have been the most potent forces in the development of this community.

The Prison Fire Hazard

WARNED by the tragic fire in the Ohio prison at Columbus a few weeks ago, with its attendant rioting which even yet is not completely quelled, the authorities of the Texas prison system asked W. DeWeese, state fire marshal, to make a rigid investigation of fire hazards in the Huntsville plant; and what Mr. DeWeese reported after making an examination is enough to keep the prison board awake at night. The state fire marshal was engaged in the fire insurance business as an agent for thirty years before receiving appointment by Governor Moody to his present position, and there is no reason to believe that he has exaggerated the menace of conditions as he found them at Huntsville. The prison plant, Mr. DeWeese says, is of such construction that "there is every factor necessary for the rapid spread of fire," and in event of fire it would be "an impossibility to remove all the prisoners without loss of life." Early building in the Huntsville plant was included in the fire marshal's sweeping condemnation, and the hazards, he declares, are only limited provision was made while the series of special legislative sessions for the rehabilitation of the prison properties, and there is no possibility of increasing at an early date. The problem of the Prison Board, therefore, is even more serious than it appeared to be a few months ago when the Legislature was in session, for it needs all of the reconditioning then necessary as a means of increasing its capacity and providing better living conditions for the convicts, and in addition is confronted with the urgent necessity for removing some of the fire hazards discovered by Mr. DeWeese—and it has the fearful warning of the Columbus fire to point out that necessity.

Enfranchised Women

THE LEAGUE of Women voters, celebrating a few days ago the tenth anniversary of the enfranchisement of women voters through the adoption of the nineteenth amendment, summarized the accomplishments, political and otherwise, that have been made during the past decade directly or indirectly as a result of woman's influence. The amendment was officially promulgated on August 26, 1920, following the ratification by Tennessee, the thirty-sixth state, and the celebration of that event occurred the other day in the biennial convention of the League. Among the achievements for which woman's political influence is believed to have been at least partially responsible are cited: 76 state legislative victories for election law records, 51 state child welfare measures enacted with league support, 13 state laws passed to improve education boards, re-appointment state education funds and provide for adult education, 60 state laws for the improvement of school administration and finance, 3 federal laws affecting living costs, 5 state laws relating to social hygiene, 24 state laws for minimum wage, shorter hours for work, prohibition of night work and endorsement of state labor laws and 130 state enactments to equalize the legal position of women. In addition, there has been much activity on the part of women in support of international peace agreements, citizenship schools have been conducted, campaigns to "get-out-the-vote" have been waged, and much other work has been done, according to the catalogue of accomplishments. Offsetting these claims there is the undisputed fact that during the past ten years there has been more of graft and corruption and general inefficiency in public office in America than during any other decade in the history of the country, and an unprecedented increase in the costs of government. Women voters have not been responsible for these conditions, perhaps, but it was to prevent such things that the vote was extended to women, whose gentleness and purity were expected to refine our politics and cleanse our political parties of many of their impurities. Women, as a general rule, have adapted themselves to political conditions they have found them, just as the men have done and there has been no noticeable improvement in political practices since they were enfranchised. This is not in criticism of the women voters, who seem merely to have followed the line of least resistance in exercising their right to vote, but the facts are that woman's influence in politics and government has been by no means what it was expected to be ten years ago when the ballot was extended to her.

MORTUARY

MRS. J. C. HAMILTON
Funeral services for Mrs. Mary Edith Hamilton, 54, wife of John C. Hamilton of 401 Avenue D, were held at 10 o'clock Monday morning from the Austin Avenue Presbyterian Church with Rev. W. B. Gray, pastor of the First Presbyterian Church, officiating. Burial was made in Greenleaf Cemetery with McInnis Funeral Home, directing.

Mrs. Hamilton died at 8:05 Sunday morning. She was born November 4, 1875, in New Jersey but lived in Brownwood the past 23 years. Mr. Hamilton is an engineer with the Santa Fe.

In addition to her husband, Mrs. Hamilton is survived by four daughters, Mrs. F. S. Lanier, of Temple, Misses Pansy, Lillie and Daisy Hamilton, all of Brownwood. A sister, Mrs. Agnes Miller, of Kingfisher, Oklahoma, also survives and was here to attend funeral services. Mrs. Hamilton's aged mother, who lives in Oklahoma, was unable to attend the funeral as were three brothers, also of Oklahoma, and a sister who lives in Pennsylvania.

Pall bearers at Mrs. Hamilton's funeral were: Active, J. C. Gallo, Ray, Tom, Dennis, E. A. Beach, R. C. Redner, G. D. Crabtree and E. M. Davis; honorary, Roy Gower, Homer Riddle, R. L. Plack, James L. White, and T. H. Hart.

MRS. ED SCOGGINS

Mrs. Winnie Estelle Scoggins, 30, wife of Ed Scoggins of Mercury, died at 1 o'clock Tuesday in a Brownwood hospital. Mrs. Scoggins was born February 13, 1900 in Texas and was the daughter of Mr. and Mrs. N. C. Sykes of San Saba county. Funeral services for Mrs. Scoggins will be held at 5 o'clock Tuesday afternoon at the Cox Cemetery, near Mercury and will be conducted by Rev. D. G. Garrett, of Mercury. Burial will be made in the Cox Cemetery with McInnis Funeral Home, directing.

Mrs. Scoggins is survived by her husband, two small children, Altha May and Bobby Edward, three or four day old infant. In addition to these, her parents, Mr. and Mrs. N. C. Sykes, of San Saba county, one brother, A. C. Sykes, of San Saba county and three sisters, Mrs. Tracy Townsend, of Mercury, Mrs. Ed Garrett, of Mercury and Mrs. Hugh Smith, of Dallas, also survive. Mrs. Scoggins was a member of the Baptist Church.

Debating Club Holds Its Final Meeting of Year

The Debating Club at Senior High School has just closed a very successful year. Monday the members of the club held their last debates of the year and will not meet again until school opens next fall. J. Fred McCaughey had charge of the club. Tracy Townsend was president, Charles Moore, vice president, Leota Leach, secretary and Thomas Broughton, reporter. About twenty students of high school belonged to the club this year. The meetings were held every Monday morning and the members were directed in the fundamental principles of debating. They held debates on installment buying, Sunday shows, marriage and divorce laws and many other questions during the year. The club will be organized again next term.

McGillivray Muse, son of Mr. and Mrs. R. V. Muse, was elected vice president of the Beta Theta Phi Fraternity at their meeting which was held in Norman, Oklahoma. Mr. Muse, who is a Junior in the Law Department of the University of Texas, was sent as a delegate from the Beta Theta Phi Fraternity of the University of Texas to the Norman convention. He plans to return to Brownwood about June 7 to spend the summer months.

Early High Notes

CITIZENS WHOSE TAXES ARE CHANGED MAY HAVE HEARING ON JUNE NINTH

Mrs. Elabe Reagan, who was in the hospital a few days last week, returned home Sunday greatly improved. Mr. and Mrs. Oscar Williams are the proud parents of a little daughter, Billie Lou. Mrs. Bud Reagan of Center Point spent last week with her daughter, Mrs. Mary Teel, of Steppes Creek. Visitors in the home of Mr. and Mrs. Man Teel Sunday were Arnold Byrd and family of Early High, Will Reagan and wife of Center Point and Dee Teel and family of Early High. Mrs. Myrtle Wyatt of Rochelle visited from Thursday until Monday in the home of Cull Harp and family. Mr. and Mrs. Joe Eoff visited a few days last week with her parents, Mr. and Mrs. A. J. Goats. They had their little son, Herman Poe's tonsils removed at Brownwood and he was doing nicely and they returned home with him Sunday. Mrs. Cora Alexander of Colorado, Texas, visited relatives and friends in this community a few days ago and attended the cemetery working at this place. Mrs. Etta Snow of Brownwood is visiting for awhile with her daughter, Mrs. Bob Green, of Beard Hill. Robert Goats and family of Brownwood, also Mrs. Mamie Goats and daughter, Alice, and son, David, accompanied by Miss Daisy Yearborough were visiting Mr. and Mrs. A. J. Goats Sunday. Mrs. Silkstone spent the week-end at home but returned back to Abilene Sunday. A birthday party was given at the home of Mrs. Janie McLaughlin, Saturday, for her eldest son, Samuel, who was 12 years and for Meiba Lee Starkey, who was also 12. Thirty-seven children were present besides several mothers. Refreshments were served and a great time was had by the children. Fred Tunnel and family of Rising Star visited Saturday night and Sunday with her sister, Mrs. Arthur Vernon. Mrs. Carrie Friend of Alpine is visiting here with the Vernons and the Davis girls. Mr. and Mrs. Mart Cobb of Zephyr visited Sunday afternoon with Frank Green and wife, also were Lawrence Hunt and wife and Opal Cobb and Cecil Agee visitors in the same home. Tommie Snow and family of Brownwood visited his sister, Mrs. Bob Green, at Beard Hill Sunday. Joe Bailey, wife and baby of Jordan Springs were all day visitors Sunday with Bill Jackson and wife, B. A. Day and family and Mrs. William Day and children were visitors in the same home in the afternoon. A party was given one night last week at the home of Mr. and Mrs. Williams. A large crowd was present and all had a good time. Mrs. Clabe Gilly of San Angelo is visiting her daughter, Mrs. Clabe Reagan. Mrs. Kinnie Ethridge visited relatives in Brownwood Sunday and then went to Eureka cemetery in the afternoon where her parents are buried. The play, entitled "The Old Maids' Convention," at Early High Friday night was well attended and was enjoyed by everyone present. Mrs. L. Perry and son, W. K., are leaving their filling station at Pumpkin Center this week and moving to Brownwood. We regret very much to lose these good folks as neighbors. Reports from Earnest Harris Wednesday were that he was not resting as well as he had been. The Bayou has been on a big rise this week and lots of people have been held back from getting to town with their produce. The cemetery working at Jenkins was had on Monday, May 12th. A fairly good crowd was there and lots of work was done by both women and men in beautifying the graves. A fine lunch was spread at noon. It was voted that we make the association a semi-annual affair and our next all day meeting and working will be the second Monday in October. N. B. Graham left for Glenrose Tuesday night for medical treatment.

May Church Activities

The usual appointment was filled by Rev. Barnes at 11 o'clock service Sunday May 11. Subject "Heresy in the Church" A splendid program was rendered by the Junior members of the Epworth League in the honor of Mother's Day at the evening service. The program was as follows: Song, Prayer, "Welcome," Reading: "We Know"—Voyht Welley, "We Thank Thee"—Doris Cook, "The Way With Mothers"—Willie L. Keeler, "My Mother's Faith"—Lorene Ford, Duet—Iris Shults, Lillie Poage, "Tributes of great Men"—Alta Lee Kilburn, Willie L. Keeler, Mildred Plumer, Floydell Cook, Lillian Lou Poe, "What a Home is"—Winona Kilburn, "No Love Like Mothers"—George Petcock, "A Mother's Reward"—Wanita Bolton. Choir practice and general singing will be held at the Baptist church each Thursday evening at 8:15. Those who are interested in singing are urged to attend. The Methodist church announces a series of sermons beginning May 25, to be delivered by Rev. Barnes, the pastor. The following subjects are announced: "God The Father," "The Divinity of Our Lord," "The Doctrine of Salvation," "The Resurrection," "The Second Coming of Christ," "The Holy Spirit," "The Holy Catholic Church," "The Holy Scriptures," "The Communion of Saints," "The Forgiveness of Sins," "Regeneration of the New Birth," "Sanctification of the new Life," "The Life Everlasting."

Much interest is being shown in the Bethel community at the Sunday afternoon sing-songs. 11 o'clock service is held at this place on the second and fourth Sundays by Rev. Barnes. People of neighboring communities are cordially invited to attend the services.

Benefit Party

A benefit lawn party is being given by the young people of May at the Methodist parsonage next Friday evening, May 16. Instrumental music and old south folk songs are to be a feature of entertainment. Interesting games on the ground will be another line of amusement. Enjoyable entertainment will be afforded for both young and old alike. Refreshments will be served in the church dining room after the party. Admission at the gate 10 and 15c.

Responsibility For Wreck Is Placed Upon Train Crew

WASHINGTON, May 14.—(P)—Responsibility for a wreck at Alvin, Texas, April 9, when two passenger trains of the St. Louis-Brownsville and Mexico railroad collided, was placed by an Interstate Commerce Commission safety report today upon the train crew of one of the trains involved. Two persons were killed and 29 injured when a train ran into the rear of Train No. 514. The report said the crew of the 514 had failed to give their train proper protection in the rear.

Bangs Methodist Activities

Treble Clef Club To Give Concert Here Friday Night

BANGS, May 14.—(Sp)—The Woman's Missionary Societies met for their regular mission study on Monday afternoon. The instructor Miss Myrtle Gaines taught a very helpful lesson on our work in Korea. All present seemed to appreciate the discussion very much and are anxious for the next lesson which will deal with our Methodist missions in Europe. The next Monday afternoon will be given to our Bible study and the class will be taught by our pastor. We cordially invite all of our women to attend these mission and Bible study classes. The Young Woman's Society of which Mrs. Lectra Davis is the president took special honor at the Missionary Conference which was held in Cleburne recently. Mrs. H. L. Alcorn is the president of the club organization. Fine reports were received at our Quarterly Conference from each Sunday school on the charge. We believe our work in this field is making progress as we are trying to make evangelism one of the chief objectives. The Workers Council has proven a great help in making possible a better working force and more enthusiastic group of officers and teachers. There will be a special service held in the Epworth League on next Sunday evening. This will probably be the last time our president W. C. Mitchell is to be with us until the fall term of school. We are hoping to have a full attendance on this occasion. Much credit is due Prof. Mitchell for the progress made in the League work. He has been a splendid leader of our young people and has won the love and respect of all who know him. His work is highly acceptable to all. The Junior Epworth Society is doing good work under the faithful leadership of their superintendent Mrs. Davis. There will be no morning service on next Sunday on account of the bacalaureate sermon which will be delivered by Dr. P. T. Stanford of Central Methodist Church, Brownwood. This service is to be held in the Baptist Church of Bangs and all churches of the town will participate. The pastor will occupy the pulpit at the evening hour the theme will be, "Old Paths and New." "A friendly church in a friendly town with a glad welcome invites you."

Origin of Dominoes

Dominoes was invented by two French monks, who amused themselves with square stones, marked with spots. The winner declared his victory by reciting the first line of the Vesper service, "Dixit Dominus Meo." When, later, the game became the recreation of the whole convent, the Vesper line was abbreviated into "Domino," and the stones themselves received the name of "Dominoes."

Fame Soon a Memory

The splendors that belong unto the fame of earth are but a wind, that in the same direction lasts not long.—Dante.

Women Who Won Brown County Prizes Tell of Methods Used in Improving Their Living Rooms at Minimum Cost

The Bulletin is giving today the stories of the two women who won first places in the county living room contest. Mrs. LeRoy Wise of Brooksmith Club won first in the above \$50 for improvement division and Mrs. H. A. Spivey of McDaniels won first place in the below \$50, for improvement division. Their stories were written by the women in the contest before it was judged. The stories follow:

How I Improved My Living Room At Minimum Cost

By Mrs. Leroy Wise Brooksmith Club

Our house had to be moved before we could start work on my living room. It was so wrecked it looked like a barn. In fact, it had been stored in it when we bought it. The living room did not have a ceiling and there were "dirt-dauber" and wasp nest all in the top of the room. I cleared all those down with a broom.

The house is single walled and the walls were all warped, one plank warped one way and the next one another way. My husband helped me straighten them by using little

Building Materials

because cheaper shades crack and peel while these will not and, too, they have much stronger springs than cheaper shades. I bought three net panels, getting them on sale for 59 cents. I also bought damask on sale for \$1. I bought yellow domestic too with which to protect the grapes. I think my drapes will look good three or four years from now whereas if I had bought cheaper material they probably would not have been good for more than a year. I used an old safety razor blade to get the paint off the windows before placing the shades and drapes. I next placed pictures and a mirror in the room.

Of course, there were a few little things to get. My brother-in-law being in a manual training class made me a magazine stand, costing 40 cents and a cigarette stand costing 20 cents. To give my room life I got a pair of gold fish and a bowl. I had a stand to put them on. I was real lucky in getting my living room suite. My mother sold my old typewriter and bought the suite for me. The couch is long enough to lay down. I next put a coat of stain on all of the furniture to give it a new gloss because none of it was really new.

My mother saw my room before I did any work on it and since I had finished it she doesn't seem to comprehend how it was all one. I feel real proud of what has been accomplished in my room because before I started and after I had worked awhile I often wondered how I could ever have a decent room out of such a hull.

I made my curtains out of buff marquisette. The shades are olive green and buff. The walls are papered in cream. I did not hire anything done and was out only \$16.73.

The furniture in the room now consists of a bookcase, two rockers, a chest of drawers, three pictures and a rug. There is a flower vase on the bookcase, flower bowl on the chest of drawers, and lamp and book ends on the library table. There is

Cost of Improving

Mrs. Wise placed the cost of improving the living room at beaded ceiling, \$12; white pine flooring, \$15; glass panel door and frame, \$6.50; new window and double frame, \$4; paper for walls, \$2.40; stain for floor and furniture, \$4; glass panels, \$1.97; damask draperies, \$5; domestic, 50 cents; shades, \$4.20; screen door, \$3; magazine stand, 40 cents; enamel, 35 cents; fish bowl, \$2; fish, 30 cents; colored rocks for bowl, ten cents; molding, \$1; baseboards, \$2.50; cream paint, \$5; door, \$2.75; screen for windows, \$4.80; flea stop, 15 cents; net for glass panel, 20 cents; and brown rit, ten cents. The total is \$81.61.

How I Improved My Living Room With Work and Very Little Expense

By Mrs. H. A. Spivey McDaniels Club

Miss Mayesie Malone wanted to get the names of all club members who wanted to enter the Living Room Contest. I thought then that I would move to my own home so I entered the contest as I wanted to improve my home as much as possible. Things happened so that I could not move, so I decided to do the best I could with this one.

The rooms 16x18, has four windows and three doors. It faces north. The west wall is of logs but framed in. The room has been built 43 years. The floor is of 1x6 boards, very badly worn, cracks being so deep they have to be swept out one at a time to clean them.

The windows and doors were painted red. The ceiling was painted a very dark red. The windows had four dark green shades on them. The walls were covered with a blue, figured paper.

We began our work on the ceiling, painting it white. Then we put a coat of white on the windows and

doors. After this coat of white dried, we enameled the windows and doors ivory. We then filled the cracks in the floor with a cement made of old newspapers, floor paste and cement. We then painted the floor a tan color.

The furniture consisted of a bed, stand table, dresser, machine, piano, phonograph, bird cage clock and four pictures.

I made a chest of drawers out of the old dresser. My husband and my two boys made a fern stand, library table, magazine stand and a bookcase. All of these, except the bookcase, I stained and then painted mahogany to match the piano. The bookcase is finished in ivory to match the wood work.

I made my curtains out of buff marquisette. The shades are olive green and buff. The walls are papered in cream. I did not hire anything done and was out only \$16.73.

The furniture in the room now consists of a bookcase, two rockers, a chest of drawers, three pictures and a rug. There is a flower vase on the bookcase, flower bowl on the chest of drawers, and lamp and book ends on the library table. There is

also a phonograph on the stand table.

The whole family enjoys the neatness, light and comfortable appearance of the room. They appreciate the convenience of the bookcase and magazine stand. We now have something to read in our spare time and we will have more books to read and share with others to read as we have some place to keep them.

The State of Texas, To the Sheriff or any Constable of Brown County—Greeting: You are hereby commanded, that you summon by making publication of this Citation in some newspaper published in the County of Brown if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, Scott Houston whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Brown on the 9th day of June, 1930, at the Court House thereof in Brownwood, Texas, then and there to answer a petition filed in said Court, on the

14th day of February, A. D. 1930, in a suit numbered on the docket of said Court No. 5790, wherein Christine Houston is plaintiff and Scott Houston is defendant.

The nature of the plaintiff's demand being as follows, to-wit: That plaintiff has been a bona fide inhabitant of the State of Texas for more than twelve months, and has resided in Brown County for more than six months next preceding the filing of this suit. That plaintiff and defendant were married on June 24th, 1927, and that one child was born of said marriage, to-wit: Joycelin Houston. That defendant refused to work; that he was frequently intoxicated, and just before their separation, defendant struck this plaintiff and her sister, and did personal violence to them. That defendant persisted in associating with other women, and spent all of his money in drunken spawls and parties, and refused to pay plaintiff's bills for necessities. Plaintiff prays for judgment dissolving the marriage relations now existing between her and defendant, for costs of suit and for general relief.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Brownwood, Texas, this, the 6th day of May, A. D. 1930.

Jury of View On Highway No. 10 Meets Land Owners

The jury of view for highway No. 10 to the McCulloch county line met at the court house Wednesday morning at 10:00 o'clock to meet with the land owners along the proposed route. The jury made its inspection Monday afternoon, but because of the mud and bad weather only a few of the land owners were seen during the tour. It was decided that the jury would meet them at the court house and hear their pleas on damages set by the jury.

Many of those who were not seen on the tour appeared Wednesday and stated before the jury and a representative of the county engineer's office the damages sought and the grounds on which they were

What this Doctor did for Humanity

As a young man the late Dr. R. V. Pierce, practiced medicine in Pennsylvania and was known far and near for his great success in alleviating disease. Finally he moved to Buffalo, N. Y., and put up in ready-to-use form, his GOLDEN MEDICAL DISCOVERY, the well-known tonic for the blood. This strength builder is made from a formula which Dr. Pierce found most effective when in private practice.

It aids digestion, acts as a tonic and enriches the blood—clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. All druggists, Tablets or liquid.

News of Brown County Communities

May

Members of the B. Y. P. U. and Epworth League enjoyed a very pleasant evening down on Higgins creek last Wednesday evening. They took their supper and cooked it on the banks of the creek, played games, and had a wonderful time.

The Juniors of the two churches put on a program Sunday night at the Methodist church in honor of Mothers Day.

There is to be a benefit party given at the Methodist parsonage Friday night, May 16. It is sponsored by the young people of the community. Instrumental music and old South folk songs are to be a feature of entertainment. Interesting games played on the lawn will be another line of amusement. Enjoyable entertainment will be afforded to both young and old alike. Refreshments will be served in the basement of the church after the party. Admission at the gate will be 10c and 15c.

The heavy rains did quite a bit of damage to the new roads that are being constructed.

Ramey Medcalf of Abilene is here spending his vacation with his parents, Mr. and Mrs. Dock Medcalf.

Mr. Hardy Burnett of Wink spent the week-end with his parents, Mr. and Mrs. Tom Burnett.

Dr. Hurman Ballard of New York City is here visiting his mother.

Mr. and Mrs. Willie Michael are proud parents of a 9 lb. boy, born Tuesday, May 13.

Mr. and Mrs. Bob Medcalf of Brownwood spent Sunday with Mr. and Mrs. Dock Medcalf.

Mr. and Mrs. Bill Daniel have moved to Anson.

Mr. Jarvis of Scotchdel, Arizona, is here visiting his brother and wife, Mr. and Mrs. O. T. Jarvis.

Mr. Will Miller and family and his father left Thursday for the Rio Grande Valley where they will make their home.

Mr. and Mrs. Due Petty have moved into Mr. Miller's former residence.

Robert Pettit went to Brownwood Wednesday to take over a position in the Central Drug Co.

Mr. T. D. Snipes has become intensely interested in trading. He will trade with anyone for anything Tuesday afternoon he and Len Dubey traded Billie goats.

Mr. and Mrs. Harlow of Brownwood are here visiting Mr. and Mrs. E. A. Robason for a few days before they leave for California, where they will make their home.

It is the time of year that one needs to watch for snakes. Mrs. J. C. Brewer went out the other day to drive up her turkeys and came upon a big rattlesnake. Having nothing to kill it with she went back to the house and got her gun and shot it. The snake had 7 rattlers and one button.

Miss Kate Zachery was here this week-end. She is an agent for "The Book of Life" in the Coleman district. She has been transferred to Vernon where she will spend several months.

Mr. R. A. Blair is visiting his son, Ed Blair and family in Brownwood this week.

Mr. H. E. White, Supt. of May High School, was in town on business Tuesday.

The colored boys from the colored camp down near Elm came Saturday afternoon and played the May boys in a game of baseball. The colored boys were defeated by a score of 17-19.

Mr. E. George is working in Whitland this week.

The annual all day singing was held at Pleasant Valley last Sunday, May 11th. Many visitors from the neighboring towns and communities were present. Dinner was served out in the open.

Miss Minnie Reeves who has been visiting her uncle, George Plumford this winter has returned to

her home in Madison, Nebraska.

We wish to express our appreciation to the Business Women's Edition. It is a great inspiration to every woman to read experiences of these ladies. Their influence probably will reach further than they expect. We sincerely hope the Business Women's Club continues to grow and some day they will play missionaries and visit our little city.

Bangs

Mrs. N. M. Merritt has returned to her home in Sabinal after spending the past three weeks with her mother, Mrs. Patsy Pulliam.

Mrs. Quida Shaw, Charlie Barnes and Miss Beatrice Russell spent the week-end with Mr. and Mrs. Cap Aubrey in San Saba.

WALKER CUP PLAY BEGUN

SANDWICH, Eng., May 14.—(Sp.)—Hoping for their sixth straight victory in the team series, Bobby Jones' American Walker Cup golf team begins a two-day battle with Britain's picked amateurs on the royal St. George's course tomorrow.

Great Britain never has beaten the United States in Walker Cup competition, inaugurated in 1922 but the Britons chances this year are considered much brighter than they were in 1928 when the competition last was played.

WHITE CHAIRMAN OF COMMITTEE FOR SHEEP AND GOAT RAISERS

BRADY, Texas, May 14.—(Sp.)—With the appointment of G. R. White, prominent Brady ranchman, as general chairman, the arrangements of entertaining the annual convention of the Sheep and Goat Raisers Association of Texas have gotten under way.

At a meeting of committee chairman, scheduled for next week, the machinery for preparing the entertainment features for a thousand or more sheep and goat men, will be set into motion.

So far only the personnel of the famed sheep and goat auction sale on each day has been appointed, consisting of J. E. White, chairman, Marion Rice, and Chas. Stratton. This committee will assist the general sales committee of the Sheep and Goat Raisers Association in conducting the three-day auction of 1000 or more registered animals, which D. T. Jones of San Angelo, general sales chairman, estimates will be concentrated at Brady.

The convention will be held on July 30 to August 2, and some of the greatest authorities on the problems of the sheep and goat men will be invited to address the convention.

Preacher Faces Murder Charge

MOUNT VERNON, Texas, May 14.—(P)—J. T. Smith, 70, Baptist preacher and the father of 24 children, today faced murder charges in the slaying of W. C. Lammons, 52, who died yesterday after being struck on the head and neck with a shotgun.

Bond for Smith was set at \$2,500, pending preliminary hearing.

Officers said Smith told them he learned that neighbors had been talking about him, and an argument arose over remarks which he considered derogatory to his character.

LINDY'S SPEED RECORD STANDS

—(P)—The transcontinental speed record set by Colonel and Mrs. Charles A. Lindbergh still stood today despite the effort of Roscoe Turner and a lion cub to lower it.

After contending with strong head winds and bad flying weather over much of his route from Los Angeles, Turner was forced down at Curtiss Field here at 7:40 p. m. (E. S. T.) yesterday, out of fuel and one hour, 13 minutes and 33 seconds behind the record time of the Lindberghs who crossed the continent Easter Sunday in 14 hours, 23 minutes and 27 seconds.

FEDERAL FARM FACTS

WHILE the general level of farm prices jumped up one point over the previous month during the period from March 15 to April 5, it is still 11 points below the index of April, 1929. The present index stands at 127 per cent of the pre-war level.

American fruit growers can look for keener competition from European growers, according to a report of the U. S. Department of Agriculture. American fruits, especially apples and pears, which have experienced minor competition in European markets, are to be challenged more extensively this year. European orchardists are planning a drive to sell more of their own fruits in their own countries.

Oklahoma has its first country free from cattle tuberculosis. It is Canadian county, and was one of 20 new counties in the United States to be added to the modified accredited area in March, having not more than 0.5 per cent of bovine tuberculosis in its herds.

Three lake states are losing \$20,000,000 every year that their 20,000,000 acres of unproductive forest land remains idle, according to Joseph Kittredge, Jr., of the U. S. Forest Service. Kittredge suggests the following procedure: Survey the land in need of planting; protect it from fire; plant public-owned land by public agencies; expand public planting program, and encourage tree planting throughout the state.

Congress has passed and our presidents have approved only four acts formally declaring the existence of war: June 18, 1812, against Great Britain; April 25, 1898, against Spain; April 6, 1917, against Germany, and December 7, 1917, against Austria-Hungary.

SOUTH AMERICA GREAT FOR YOUNG SHEEPMAN BUT CAPITAL NEEDED

DEL RIO, Texas, May 14.—(Ap.)—A great place for young sheepmen just starting out in the world is South America, but he should have at least \$25,000 capital.

That is the opinion of Oscar Appelt, San Angelo ranchman, who has returned from South America where he studied methods of business.

In the northern part of the Argentine ranchmen stock two sheep and one cow to the hectare of 2.47 acres and feeding isn't necessary as the rainfall in that area is 35 to 40 inches annually. Prices of land range from \$6 to \$12 an acre and the state loans allow a man to pay for it in a generation. There is a lot of land that has not been taken up through some of the ranches are so far from markets and shipping points that it requires three months to reach the market with the livestock. Swift and Company have packing plants located all over the ranch country and the meat is exported mostly to Europe.

In the northern part of the Argentine are found the Romney sheep but in the southern part where it is colder are to be found the Rambouillet.

Offers for Lambs

Offers of 11 cents a pound had been received for the lambs when Mr. Appelt was there. The sale of wool is by the same system as used in this part of the country.

There are no wolves or coyotes in the area and the tales of the American ranchmen of such troubles are thrillers for the easy going Argentinian. Most of the ranchmen are either English or Germans, with fine mansions for homes.

Slick wire fences of seven strands are used in the country.

The Argentinian ranchman never sells his lambs as they do in this country as there is no feeder trade. Usually he sells them as muttons. There are more lamb cotes than beefsteak and one can get a fine beefsteak in a restaurant for 40 cents.

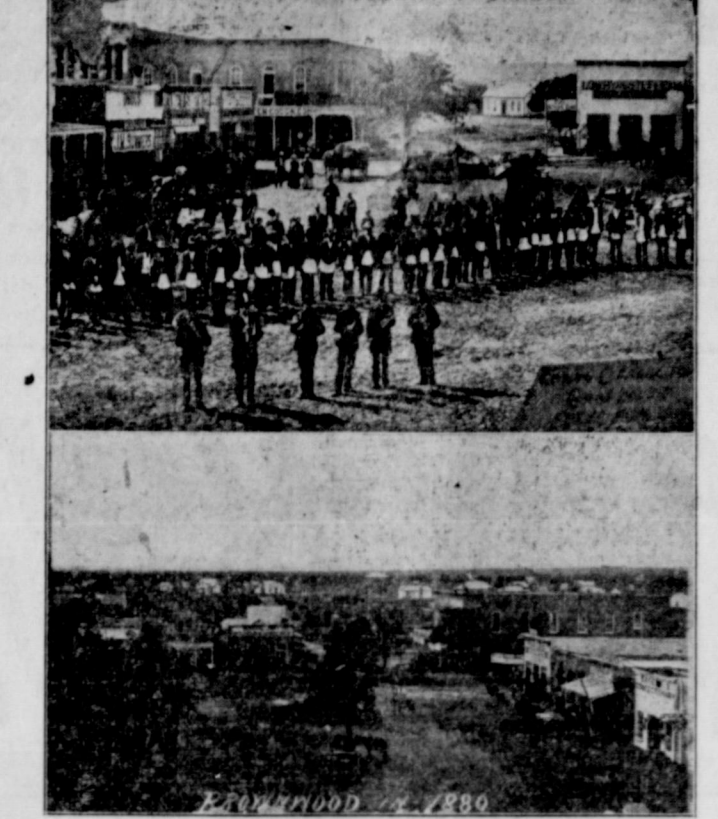

Mr. Appelt is of the belief that the American ranchman perhaps makes more than the man in Argentina, that the American has it on the Argentine in some respects and that the Argentine has it on the American in others.

Mr. Appelt describes the American club in Buenos Aires as the most magnificent he had ever seen. He was the guest of friends there.

On his ranch at the edge of Schleicher and Sutton counties conditions are fine, rains having fallen. He has a good lamb crop and begins to shear on May 25.

A dog uses his paws in digging a hole in which to bury a bone, but he always covers it up with his nose.

FIFTY YEARS AGO

TWO PICTURES that will have particular interest for old-time residents of Brownwood are shown above. The upper photograph is of a group of Masons engaged in laying the cornerstone of the courthouse in October, 1884. The courthouse then erected was torn down a few years ago to make room for the present structure. The lower picture shows most of the business section of Brownwood in 1880, the photograph having been taken from the public square. Houses shown in the background of this picture were located where the heart of the business district now is.

SUIT IS FILED TO DETERMINE IF THERE'S RADIO MONOPOLY

WASHINGTON, May 14.—(Ap.)—A suit to determine whether any monopoly in violation of the Sherman anti-trust law is operating in the radio equipment manufacture has been filed by the department of justice, naming ten leading manufacturers as defendants.

Aimed particularly at patent agreements ineffect among the companies involved, the case also contemplates a test of the validity of the proposed acquisition of manufacturing rights of the General Electric and Westinghouse Companies by the Radio Corporation of America through an exchange of stock.

An announcement that the suit had been filed in Wilmington, Delaware, was made late yesterday by the justice department. The defendants, in addition to the three already mentioned, are the American Telephone and Telegraph Company, the Western Electric Company, the R. C. A. Photophone Company, the R. C. A. Radiotron Company, the R. C. A. Victory Com-

pany, the General Motors Radio Corporation and the General Motors Corporation.

Alleges Novel Method

The government in its petition alleged that through a novel method of cross licensing patents, the defendants "have created a combination or pool through which they exercise joint control over the radio industry and that competition among them has ceased, and that no outsider can obtain a license except on terms jointly prescribed by the chief defendants."

Although the suit was concerned chiefly with the legality of the patent licensing arrangement, the government also charged that the proposed R. C. A. Westinghouse-GE exchange of stock would have the effect of "perpetuating the control already obtained by the defendants."

Owen D. Young, chairman of the executive committee of the radio corporation last night issued a statement saying his organization welcomes the suit.

PLAN FORMAL OPENING SAN SABA CAVERN

Official opening of "Gibbon's Magic Castle" has been set for June 1 with a special program being arranged including an invitation to Governor Moody and his staff to attend the opening. The Governor has been asked to be one of the principal speakers on the program.

The Royal Gorge Amusement Company is planning to make this cave one of the major attractions of the country and bringing it to a rival position with Mammoth Cave in Kentucky and with Carlsbad Cavern in New Mexico. The newly discovered cave is said by those who have visited it, to be larger than either of the other older caves and more elaborate in design and formation.

The cave is located on the Gibbons ranch about twelve miles from Richland Springs and at present is being gotten in readiness for the formal opening in June. The owners of the cave plan to make it one of the biggest natural attractions in the state.

Many Brownwood people already visited the cavern and say that it is all that it is said to be and that its wonders can not be explained.

Plans are now being formulated to build a road from Brownwood to the cavern and make a direct route from the town to the cave. The many highways entering the town make it a logical point from which to visit the cavern and officials of the chamber of commerce say that the building of a road will greatly add to Brownwood's attraction to tourists. The route of the proposed road is being mapped and discussed with a direct road to the cavern being planned, and to pass through a scenic section in the southern part of the county.

College students awarded the Dansforth fellowships will be given a six weeks training in the main office of Purina Mills in St. Louis, a feed milling concern headed by William H. Dansforth. The business training, starting July 7 and ending August 15, will include a week at the Purina Experimental Farm at Gray's Summit, Mo., a two weeks course in salesmanship, and three weeks actual experience in the various departments of the mill proper and business offices. After completing their six weeks in business, winners of the awards will go to Camp Minwacna, at Shelby, Mich., a camp of American Youth Foundation. There they will receive a two weeks course in Christian leadership under prominent social, religious and business leaders.

Young people awarded the Dansforth scholarships will be given the two weeks training at either of the summer camps of the American Youth Foundation.

The Dansforth Foundation was established two years ago in the interest of the development of leaders in high school, college and rural organizations. A total of 20 awards will be made this year by the foundation.

Among those awarded the business training course offered by the foundation were:

John H. Stephens, University of Arkansas.

Louis Manewal, Colorado State Agricultural College.

A. D. Fitzgerald, Louisiana State University.

Arthur Beall, Oklahoma A. & M. College.

D. H. Taylor and J. H. Taylor, Texas A. & M. College.

In Argentina, the right headlight of all automobiles must be green. This decreases headlight glare by half, and should one headlight not be working it gives the oncoming motorist a better idea of the car's position on the road.

Make Texas Three Auditio States

DALLAS, Tex., May 14.—(Ap.)—So many Texas young men and young women aspire to sing grand opera or to become concert artists and have seized the opportunities for such careers offered by the national radio auditions of the Atwater Kent Foundation that the Foundation, for its fourth national audition, will do what many attempts have failed to do in the past—divide Texas into three states.

Since the auditions were inaugurated in 1927 Texas has been producing fine singers, two of them among the national finalists.

Last year the foundation found it necessary to make Texas into two states for organization purposes. This year the three divisions will be North Texas, Southwestern Texas and Southwestern Texas.

BUSINESS EXPERIENCE BETWEEN JUNIOR AND SENIOR COLLEGE YEARS

ST. LOUIS, MO., May 14.—(Ap.)—Practical business experience between their junior and senior college years, to assist them in finding their future place in industrial life after graduation, will be given outstanding juniors in colleges throughout the United States this summer, through the fellowship awards of the Dansforth Foundation, according to an announcement by William H. Dansforth, president of the foundation.

In addition to this, the Dansforth Foundation also is offering scholarships to several hundred young people for a two weeks training course at the American Youth Foundation Camps, these scholarships going to prominent members of 4-H clubs throughout the country, outstanding high school students and members of freshman classes in college.

College students awarded the Dansforth fellowships will be given a six weeks training in the main office of Purina Mills in St. Louis, a feed milling concern headed by William H. Dansforth. The business training, starting July 7 and ending August 15, will include a week at the Purina Experimental Farm at Gray's Summit, Mo., a two weeks course in salesmanship, and three weeks actual experience in the various departments of the mill proper and business offices. After completing their six weeks in business, winners of the awards will go to Camp Minwacna, at Shelby, Mich., a camp of American Youth Foundation. There they will receive a two weeks course in Christian leadership under prominent social, religious and business leaders.

Young people awarded the Dansforth scholarships will be given the two weeks training at either of the summer camps of the American Youth Foundation.

The Dansforth Foundation was established two years ago in the interest of the development of leaders in high school, college and rural organizations. A total of 20 awards will be made this year by the foundation.

In Argentina, the right headlight of all automobiles must be green. This decreases headlight glare by half, and should one headlight not be working it gives the oncoming motorist a better idea of the car's position on the road.

LONG DEFENSE FOR COLLIERIES CLOSED TODAY

COURTHOUSE, BROWNSVILLE, Texas, May 13.—(P)—Colliers Weekly today rested its long defense in the \$500,000 libel suit brought against it by R. B. Creager, national Republican committee for Texas, after it reiterated that the decision of the court limited finally the extent to which its testimony need go.

The magazine's counsel asked again to be permitted to prove the truth of charges made in "High Handed and Hell Bent," the article in controversy, against the Baker Democratic Hidalgo county administration, but Federal Judge W. Lee Estes held again that the effort was not necessary.

C. H. Pease, who edits the Hidalgo County Independent for the good Government League, thus left the stand before he was permitted to divulge full findings of investigations he said he had made.

When the Weekly's attorney tried to go into the matter in detail George Hill, Jr., chief of the plaintiff's staff, and Charles Easley, defense head, came rushing to the front from seats in the rear. After some wrangling the court's decision was announced again.

Whereupon, statements Creager made before a Senate Investigating Committee purporting to show he sought the defeat of Congressman Wurzbach, Republican, were read into the record.

Pease had testified that as a result of his investigations five suits against various Hidalgo county officers charging financial manipulations had been brought and judgment for plaintiff had been obtained in one thus far.

A deposition by Leonard Withington, executive secretary of the state republican party, was offered first by the Creager side in rebuttal.

When the Weekly's attorney tried to go into the matter in detail George Hill, Jr., chief of the plaintiff's staff, and Charles Easley, defense head, came rushing to the front from seats in the rear. After some wrangling the court's decision was announced again.

Whereupon, statements Creager made before a Senate Investigating Committee purporting to show he sought the defeat of Congressman Wurzbach, Republican, were read into the record.

A deposition by Leonard Withington, executive secretary of the state republican party, was offered first by the Creager side in rebuttal.

Problem Turning The Town Around

VAN HORN, Tex., May 14.—(Ap.)—Turning a town around as a result of highway triumphing over railway is the problem confronting the city fathers while an extensive building program is on here.

Van Horn, located at the junction of three trans-Texas highways, and deriving the major part of its revenue therefrom, is turning its business section to face away from the railway and the "railroad avenue" of this little western cow town will become a back alley.

Van Horn likes the idea. Included in its good fortune is a \$150,000 hotel, a snappy new printing plant, and a new bank building.

Women are Grateful. They Don't Forget

As soon as he reached Congress, Thomas L. Blanton helped to create the first COMMITTEE ON EQUAL SUFFRAGE. He was appointed a charter member of it. The resolution submitting suffrage to the States passed the House by exactly the two-thirds vote required. Had any member changed his vote it would have failed.

Galveston, Texas, Oct. 2, 1917.
Hon. Thomas L. Blanton, M. C.
Washington, D. C.
My dear Mr. Blanton:

Permit me in the name of the organization that I have the honor to represent to thank you most sincerely for your vote in the House on the 24th of September, when the question of creating a Suffrage Committee was up for decision. And not only for your vote but for your splendid speech in defense of the measure. The hearts of Texas women are grateful to you, indeed, that the time has come when they, too, have a champion in the halls of our National Congress.

Again thanking you, I am,
Very sincerely yours,
MINNIE FISHER CUNNINGHAM,
President Texas Equal Suffrage Ass'n.

Galveston, Texas, Jan. 11, 1918.
Mr. Thomas L. Blanton,
House of Representatives, Washington, D. C.
My dear Mr. Blanton:

Our Texas women in Washington have wired me of your wonderfully eloquent championship of our Cause, and I wish to thank you very specially for it, as well as for your vote and influence that carried the day for us! We are of course, very happy over the results and particularly over the Texas showing as contrasted with the last vote on Suffrage.

Thanking you with all my heart, I am,
Very cordially yours,
MINNIE FISHER CUNNINGHAM,
President Texas Equal Suffrage Ass'n.

Dallas, Texas, October 5, 1917.
Hon. Thomas L. Blanton,
Washington, D. C.
Dear Mr. Blanton:

In the name of the Dallas Equal Suffrage Association, I wish to thank you for your vote and the good work done our Cause in helping to secure the Committee on Suffrage in the House. We Texas women appreciate it, and shall not forget it.

With sincere good wishes, I am,
MRS. I. JALONICK,
President Dallas Equal Suffrage Ass'n.

NATIONAL AMERICAN WOMAN SUFFRAGE ASSOCIATION
Congressional Committee
Washington, D. C., May 24, 1919.
Hon. Thomas L. Blanton,
House of Representatives,
Dear Mr. Blanton:

We have great pleasure in thanking you once more, in behalf of our Association, for your help in bringing about the overwhelming victory for woman suffrage in the House of Representatives on May 21st, as well as for your cordial and sympathetic aid at many other times and in many other ways.

With grateful appreciation for all that you have done, we are,
Sincerely yours,
CARRIE CHAPMAN CATT,
President.
ANNA HOWARD SHAW,
Honorary President.
HELEN H. GARDNER,
Fifth Vice-President.
MAUD WOOD PARK,
Chairman Congressional Com.

Houston, Texas, Dec. 14, 1917.
Hon. Thomas L. Blanton,
Washington, D. C.
Dear Sir:

Just to let you know that we are very deeply appreciative of your efforts in behalf of the Federal Amendment for Equal Suffrage.

With the earnest prayer that your viewpoint may be so influential that results may be immediate.

We are, with all good wishes for the safe and sane conduct of the Sixty-Fifth Congress,
Very sincerely,
Houston Equal Suffrage Association,
AUGUSTA A. YOUNG,
Executive Secretary.

New Waverly, Texas, Aug. 30, 1920.
Hon. Thomas L. Blanton,
Washington, D. C.
My dear Mr. Blanton:

Our final victory is great, isn't it? Now at the end of the great battle, permit me to again thank you for the help you have so freely given. We women of Texas appreciate it very much, I can tell you. You will not be forgotten when you need their help.

With good wishes for your continued success, and regards to Mrs. Blanton, I am,
Sincerely,
MINNIE FISHER CUNNINGHAM,
(Political Advertisement)

LEGION DISTRICT INTERESTED IN VISIT OF BODENHAMER HERE

Interest over the Seventeenth District American Legion in the Memorial Day services to be held in Brownwood May 30 when National Commander Ossee Lee Bodenhamer is expected to be present was manifested at the district convention in Eastland Sunday.

Many poets represented at that gathering will cancel their own services on that day and join with the Isham A. Smith post in honoring the national commander, who was reared in this city and whose parents now live here. Other posts which have made definite plans for their memorial services will hold them as planned, but will send representatives to the Brownwood gathering, it was learned.

In addition there will be present in this city the heads and representatives of most of the American Legion districts in the state and the state officers, Ernest Cox, state commander, promising to be present.

The Eastland convention was a most successful one, starting with band concerts Saturday morning and including a parade, a dinner at night, a Mother's day program was held at the First Methodist Church Sunday morning, the addresses being given by Attorney general R. L. Bobbitt and Col. Alvin Owsley.

Moody Is Speaker

Governor Dan Moody was the principal speaker at the afternoon meeting held in the city hall auditorium, where all available space was taken by visiting Legionnaires and townspeople. Jimmy Alred of Wichita Falls, Commander Cox and Reed Johnson of the Veterans Bureau at Dallas, were other speakers. Earl V. Earp was chairman. Following the meeting Governor Moody was brought by auto to Brownwood where he caught a night train for Temple and Austin.

Brownwood was represented by Dr. Mollie Armstrong of the Legion Auxiliary, who met with the women assembled; by Orville H. Turner, membership chairman of the Isham A. Smith post, and Charles E. Custer, Jr., adjutant.

The next meeting of the district will be held at Mineral Wells.

Capone Sleeps on Prison Cot

MIAMI, Fla., May 14.—(P)—"Scarface Al" Capone slept on a jail cot last night, a prisoner for the second time since Miami authorities determined to cut short his stay here by arresting him on sight.

Seized while attending a boxing bout, the harrassed gang leader was placed in jail at an hour which his attorneys found to be too late to locate a judge for a habeas corpus hearing.

When Capone first was arrested last Thursday on a technical charge of "investigation," Miami police described their tactics as an adoption of the "Chicago plan" of picking up gangsters whenever they are seen on the city's streets. In detaining Capone overnight, however, they outdid the authors of the scheme, for although Chicago police frequently questioned Capone his only jail experience was his ten months sentence in Pennsylvania for carrying concealed weapons.

Three companions were held with Capone.

CONFESSES OPENING SWITCH

LIVINGSTON, Texas, May 14.—(Ap.)—Ray Stevenson, negro, was placed in the Polk county jail charged with causing the wreck of Southern Pacific north bound passenger train No. 28, the night of May 7.

The engine and two baggage cars were turned over at the Mars-ton switch four miles north of Livingston.

After being arrested, Sheriff Holliday said the negro confessed to opening the switch "because he had asked for work, had been refused, and was out of a job." There were no fatalities.

MOST MODERN EQUIPMENT METHODS AT BOLER BAKERY

Boler's Bakery, owner by J. A. Boler, has been in the past, and is now, one of the most progressive businesses in Brownwood. The growth of the company and during the past several years has been notable. It is now one of the largest and most complete bakeries in this section of the state. Mr. Boler has made it a point to install modern machinery at every chance to improve the making of the products and to speed up the work in getting them to the consumers. It has been the watchword of the company to make service the ideal and always strive to that goal. Boler's is now a complete, modern and sanitary bakery.

Large Annual Payroll
Mr. Boler started in business in Brownwood several years ago using as his bakery shop a room 24 feet wide by 30 feet long and had one employee and but little baking machinery. Now the bakery occupies over 7,000 feet of floor space and employs twenty-one persons. It has an annual payroll of about \$20,000. Four delivery cars are in service during the day at the bakery. Three cars are kept on regular routes, supplying the merchants with bread, pies, cakes and other products. One car is kept at the bakery to deliver calls for products as they are given to the bakery. This is done to give the customers their orders within a few minutes after they are received.

Expert bakers are on the job day and night to make the products for which the bakery is famous. The bread is baked at night and the cakes, pies and other pastry are baked during the day. The bakery is equipped to take care of any foods that the public may want. If the bakery does not have the desired product in stock it is prepared to bake it within a short time.

It is a revelation to go through the bakery and have the different large machines explained by the workmen. Among the first things noticed in the shop are the three large ovens which are capable of putting out 1,000 loaves of bread an hour. The large Frigidaire is used for the keeping of the fruits and other perishables cool at all times. A machine called a pan greaser is a great improvement over the old method of greasing every pan by hand. The machine has six large brushes which revolve when the machine is in use. A tank underneath the brushes feeds grease into the brushes.

The pan in which the bread is baked has six compartments which fit over the brushes. By using this machine a great number of pans can be greased in minimum time. It is very interesting to watch two electric cake mixers work. The cake dough is put into large pans on the machine and is mixed by a paddle which revolves within the pans. A new machine which has been added to the bakery equipment is a loaf molder. The bread dough is fed into the machine and comes out cut in the right size and shape to fit the pans. The bread wrapper, capable of wrapping 1,500 loaves an hour, is of the larger type machine like used in all the large bakeries. Dozens of bread racks, tables and other minor equipment make up the first floor.

Now Use Second Floor
The second story of the building has only recently been put in use by the bakery. On this floor is the electric flour sifter which takes the flour through an elevated channel and removes from it all the foreign matter. The flour then goes into the bread mixer which thoroughly mixes all the ingredients. The dough, or sponge, is then emptied into vats or trays and put into the

dough room. It is extremely sanitary with its white walls and sun light shining through the skylight. The two floors are connected by means of an electric elevator on which the carts of bread and other heavy things can be transferred. The bakery is now very busy making hundreds of cakes for Mothers' Day. The cakes are taken from the oven after they have been cooked and put in rows on a long table. They are left and left to cool for awhile. They employ them wrap the cakes in sanitary containers and they are ready for the public consumption. The making of cakes and pies has long been a specialty of the bakery. They are equipped to put out a large number of these dainties within a short time.

The story of the processes that are involved in making a loaf of bread is very interesting. Starting with the flour which goes into the bread; it is put into the sifter and thoroughly sifted and goes into the mixer. From the mixer it is put into vats and taken to the dough room where it sets for some time. The dough is then taken down stairs and put on the work bench, there it is weighed, ran through the molder and put into pans. It then goes to the proof room where it is kept for a while and then put in the ovens. After baking it is taken from the ovens and put on the racks to cool before it is finally wrapped. The whole journey of the dough until it is made into bread and wrapped ready for distribution is about six hours.

The office of the bakery is also kept in up-to-date shape. An accounting machine of the latest type has recently been installed. Expert bookkeepers and accountants handle the business department. Everything is kept on a systematic basis; there is no guess work connected with the output or income of the business. At the close of each day the records show just how each department of the company stands. The business has had a wonderful past and is in step with modern times and improvements are added as they are needed.

All Newspapers Of Rumania Threatened

BUCHAREST, May 13.—(P)—The Rumanian government today ordered confiscation of any newspaper which today mentioned the name of the exiled Prince Carol, who traded his right to this country's throne for love of a woman with red hair, Mme. Helene Lupescu.

The action was taken in consequence of publication of Vintila Bratianu, former premier and leader of the liberal or opposition party, of 100,000 copies of a vitriolic pamphlet accusing the government of regency council of plotting to bring about return of Carol as a member of the regency council. Carol is now in Paris.

It was said that the government believed that M. Bratianu's venomous publication would strengthen hands of premier Maniu in dealing with the opposition.

T. C. U. ATTENDANCE
FORT WORTH, Texas, May 14.—(Ap.)—Four foreign countries, 20 states and the District of Columbia are represented in the student body of Texas Christian University this year.

Fort Worth leads 190 Texas cities and towns in the number enrolled with 786. Dallas comes next with 35. Houston has 20. Weatherford and Waco, 19; Cleburne, 12; Hanbury 11, and San Antonio, 10.

SECOND GROUP OF GOLD STAR MOTHERS SAIL

NEW YORK, May 13.—(P)—A second party of 355 gold star mothers assembled from 14 states today to embark upon a pilgrimage to the graves of their sons in France.

They will sail at midnight aboard the United States liner Republic from Hoboken, N. J., after an official farewell from Acting Mayor Joseph V. McKee of New York and other city officials.

Of the group 200 are from New York State, the mothers of men who served principally in the 27th Division.

The others from California, Washington, Oregon, Arkansas, Oklahoma, Montana, North Dakota, South Dakota, Iowa, Michigan, Wisconsin, Ohio and Louisiana.

The first group of mothers to be sent as guests of the government to visit the American cemeteries in France sailed last week. In all about 6,000 will make the pilgrimage.

The Republic was a transport during the war under the name of the President Grant and was the ship on which many of the sons of the women sailing tonight made the crossing to the battle lines.

HEAD AMERICAN FARM BUREAU TO SPEAK HERE

Sam H. Thompson, president of the American Farm Bureau Federation, will speak in Brownwood Friday, May 17 at 2 o'clock in the district court room. Mr. Thompson is the first president of the national organization to ever visit Texas. He will make a short speaking tour of the western part of the state and the lower Rio Grande Valley.

His first stop in Texas will be at Plainview, where he will be one of the principal speakers at the farmers' convention to be held there. After being at the convention he will deliver an address at Lubbock and then come to Brownwood for his Friday meeting. After leaving here he will go to Robstown and on into the valley for a short tour.

Mr. Thompson's head of one of the greatest farm organizations in the world and has done more than any other man for farm relief. He has been connected with his work for many years and is well versed on farm problems. He will speak here to people of this whole section including surrounding counties.

O. P. Griffin said that invitations were being sent to all surrounding counties and all farmers of Brown county to attend the meeting. A large crowd is expected to be present at the meeting and preparations are being made to entertain a large number. Mr. Thompson will speak on a general farm topic.

HOME ECONOMICS CLASS ARRANGES EXHIBITS AT TWO FURNITURE STORES

The members of the Home Economics Department of Brownwood High School have arranged the exhibit rooms at Austin-Morris Furniture Company. The girls selected the furniture and other furnishings they wanted for the rooms and arranged them and decorated them. They have prepared a living room, dining room, bed room and kitchen and are exhibiting their work in the balcony at the store. The girls have done this work according to what they have learned in interior decoration in connection with the home economics work at school. Everybody who is interested in seeing the exhibit is cordially invited to go to Austin-Morris Company and members of the class will be glad to take the visitors through.

Members of the class are also acting as hosts to the visitors to the cooking school being held at the store.

An exhibit similar to the above has also been arranged by the girls in the Empire Furniture Company. The members arranged it in the display rooms at the store and have arranged the rooms as at Austin-Morris.

In the windows of the various merchants in the city the girls in the clothing department will exhibit some of their work. All the articles of clothing that are exhibited will be the girls' own work and will represent some of the things that they have done this year in clothing study. Almost every merchant in town will have some of these exhibits in his window. Those who are interested in the work are asked to visit the different show windows and see the exhibits. The exhibits will be in the windows tomorrow and will be shown for two or three days.

It is reported that the room arrangement exhibits at the two furniture companies are very good and all are again urged to see them while they are shown today and tomorrow.

The word "pencil" comes from the Latin word meaning "a little tail," being a fine brush made from horse-tail hairs with which the Romans used to do their writing.

STIMSON SAYS NO SACRIFICE MADE BY U. S.

WASHINGTON, May 13.—(P)—Defending the handwork of the London naval conference against a succession of questions, Secretary Stimson maintained before the Senate foreign relations committee today that the United States made no hazardous sacrifice by reducing her building program of big cruisers.

The provision of the London treaty, he said, were based throughout on the advice of the American naval experts. Not only did these experts agree that parity was established with Great Britain, he said, but it was after an expert study that the delegation decided to include some smaller cruisers in its program.

"We reached the conclusion," said Stimson, "that this new ship (the 10,000 ton, 8 inch cruiser) which had never been tested in battle, was not the one for the United States to put its eggs all in one basket."

"The cruiser has several functions. Some of them can best be done by eight inch cruisers, some of them best by six inch cruisers. When we had divided them into two equal parts, we felt we had reached the safe solution."

"We felt that we not only had parity with Great Britain, but that we stood in the favored position of having our power distributed between the two classes."

BARTENDER KNOCKED CUCKOO AS BARREL OF BEER EXPLODES

DETROIT, May 13.—(P)—Tony Doukas, bartender, had heard a barrel making the same hissing noise all day, so he paid but little attention to it. Then—"Boom," went the barrel, liquid splashed all over the place, and Tony was blown ten feet away and knocked unconscious.

A couple of prohibition agents were nearby. They heard the blast, rushed to the place, revived Tony and excitedly began to sponge up the liquid from the exploded barrel. But—

It was genuine near beer, nothing else, so the agents went on their way.

Tony said he guessed he must have put too much air pressure in the barrel.

Grand Saline Is Boosted by Oil

GRAND SALINE, Tex., May 14.—(Ap.)—Industrial activity in Grand Saline and the surrounding territory has reached a new high level due to the boom caused here by development of the Van oil field.

Workmen are preparing to lay seven blocks of concrete on the main business streets. Surveyors are establishing grades for the installation of a white way and a street light system.

Bank deposits have more than doubled during the past year, the exact increase being 110 per cent. average daily bank clearances have risen from a daily average of \$7,000 during April, 1929, to \$20,000.

Grading work on the T. & P. extension to Van from this place is half completed. Erection of bridges is under way, and laying of the track is expected to begin May 20. Cost of the project is estimated at \$400,000.

Receipts for freight shipments have shown an increase of \$194,000 during the first four months of 1930 over the same period of 1929. Passenger revenues during the same period gained \$3,000.

The electric light system soon will be rebuilt and improvements in the telephone system are expected to start within a few weeks. An election will be called to vote road bonds for hard surfacing all state highways in this district.

Webb Reports On Prohibition Work

DALLAS, Texas, May 14.—(P)—The Federal Prohibition enforcement unit in Texas did good work during April, reports the Rev. Dr. Atticus Webb, Superintendent of the Anti Saloon League.

"They seized 97 distilleries that had a daily capacity of 11,160 gallons," said Dr. Webb. "They also seized 2,708 gallons of spirituous liquor, 2,843 gallons of beer, 107 gallons of wine, and 51,787 gallons of mash. They also seized 44 automobiles at a value of \$10,510 and other property seized to a value of \$24,946. They received from sale of property seized \$1,930, arrested 397 persons and reported 370 to the United States attorneys. Two federal agents were injured in the performance of their duty and they secured six permanent injunctions."

"They recently convicted and sentenced to the federal prison at Leavenworth, the biggest moonshiner that ever operated on Texas soil and along with him two grocermen who sold him the supplies.

"With the new decision just handed down by the Supreme Court of the United States they will be able to very materially increase the result of their own efforts to shut off the supply of liquor reaching the people."

ABILENE HOUSEWIFE ENDORSES ORGATONE--ARGOTANE

"I Haven't Been Well for Three Years and Couldn't Eat, Even Milk Caused Indigestion," Says Mrs. Campbell

"For over three years, I have suffered with a severe case of chronic stomach trouble, and indigestion and never felt like doing anything," said Mrs. Lizzie Campbell, residing at 625 Willow, Abilene, Texas, while talking with the Orgatone (Argotane) man.

"A friend recommended Orgatone (Argotane) to me and I've taken three bottles and feel like a different person.

"I suffered a great deal from indigestion, every time I ate anything, gas would bloat me up until I would be miserable for hours afterwards. I didn't have any appetite because I just couldn't eat what I did want. Everything I ate would cause me a lot of pain, because it would not digest, and I would sour and come right up. Even sweet milk had a bad effect on my stomach. I was very nervous and couldn't rest or sleep at all and I never had any energy or pep at all and never felt like doing anything.

"But since taking Orgatone (Argotane), I eat anything and everything I want, eat things that I never could eat before, and I do not have any pains or bad effects afterwards, at all. I'm not nervous and sleep and rest fine every night. I feel better than I have in a long, long time. I can do my own housework now, without feeling all tired and worn out. Orgatone (Argotane) has certainly been a benefit to me, for I'm not bothered anymore in anyway, as I was, and I know that anyone suffering as I did, it will help them."

Genuine Orgatone (Argotane) may be bought in Brownwood at the Camp-Bell Drug Store.

The Sunday school attendance for the Brownwood Sunday schools for May 11 was 3,287 which was 97 less than on the previous Sunday.

Herrera Trial Is Set For May 19

LLANO, Tex., May 14.—(Ap.)—Trial of Offilio Herrera of Mason, charged with the murder of Sheriff A. T. Murray of Mason County in February, 1928, is set for here May 19. Some 150 witnesses will be summoned in the case.

Herrera was given the death penalty in his first trial at Mason but the case was reversed because the indictment omitted the phrase "with malice aforethought" and because the charge failed to inform the jury that testimony of Antonio Chavez, also charged with murder, was to be regarded in the light of an accomplice to the crime.

Herrera was reindicted in a special session of the Mason grand jury and is now in jail at Llano.

Will Edmundson of San Saba,

charged with the death of Fred Bollinger Nov. 10, 1925, also will go to trial here soon for the fourth time. After two trials at San Saba, where he was given 99 and 15 years respectively, the case was moved to Llano and tried in November 1928, when he was given a life sentence. The case recently was reversed by the court of criminal appeals, which held that the trial court erred when it ruled against admitting a statement attributing to the deceased Bollinger before he died.

Free Banquets for Conventions Decried

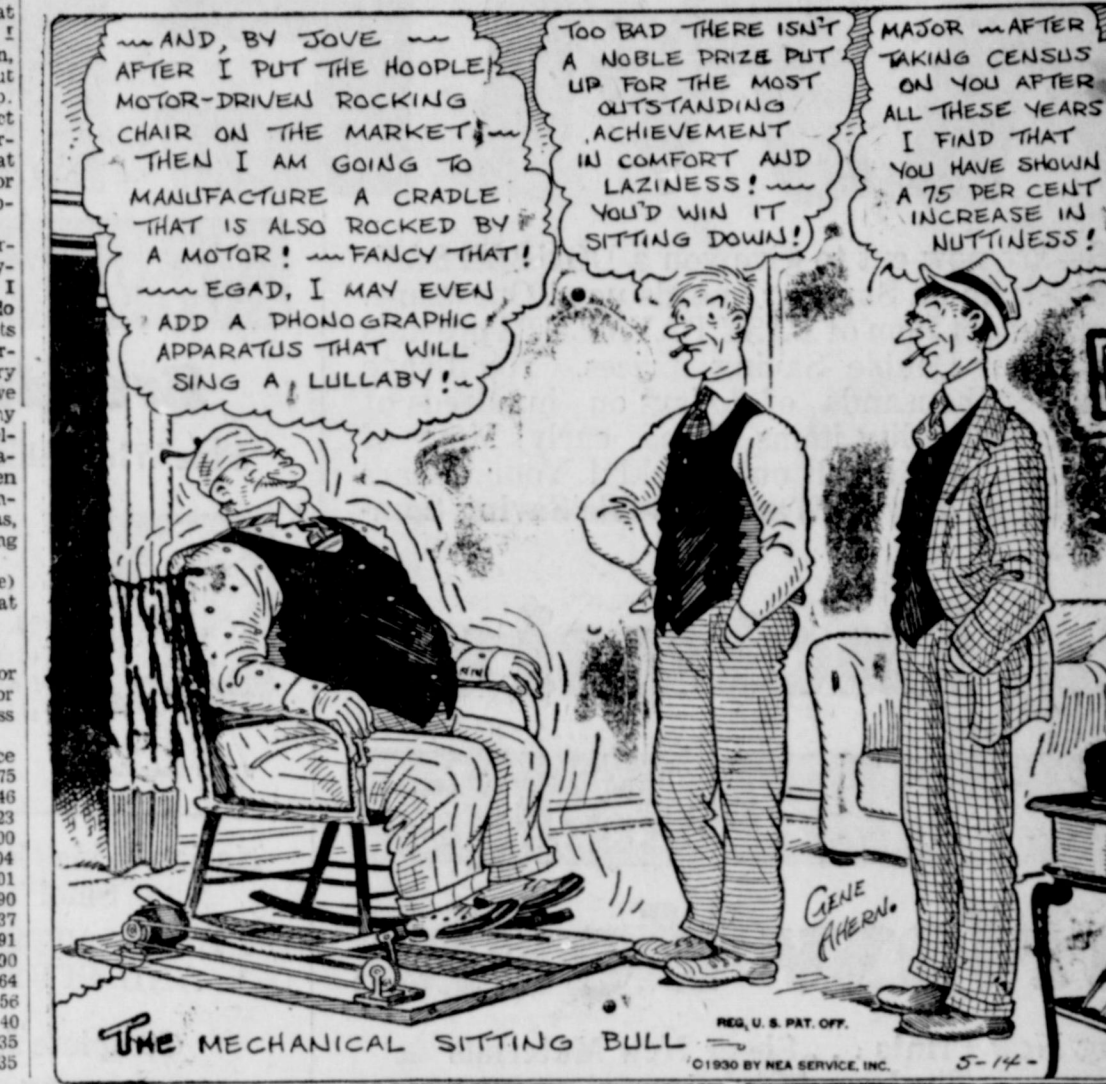

MIDLAND, Texas, May 14.—(Ap.)—Free banquets for conventions and various assemblies, whetstone, district or county, were decried in an official statement issued from the office of Paul T. Vickers, secretary of the Texas Commercial Executives Association.

The statement said the chambers of commerce in Texas were seeking to end the "free entertainment" which Vickers declared Texas was not up-to-date on convention entertainment.

"Host cities are no longer expected to give free banquets, free dances and other free entertainment. All modern organization associations pay their own expenses through a registration fee when they hold meetings, and we are organized as secretaries to discourage free entertainment," Vickers concluded.

France's submarine fleet includes 52 vessels built and 47 building, including one of 3,250 tons displacement. When finished this will be the largest submarine in the world, it is said.
