## Senate Okays Tax Incentive For Savings and Investments

The proposed loan of \$1.5 billion to Chrysler Corp. to help it pull through its current financial problem is generating lots of discussion.

Among us are those who think taxpayers money should not be used to pay for an industry's mistakes, and also some who resent the help to an industrial giant when small business has to take its losses even to the extent of being forced out of business.

On the other side are people who think the nation cannot afford to lose a business of this size. One factor alone, the impact on the thousands of employees who would lose their jobs and the government's resulting increase of welfare cost along with decreasing tax income would probably offset much of the \$1.5 billion. The indication is that we taxpayers are going to be stuck whether Chrysler gets the loan or not.

Besides there is an even chance that the company can correct some former mistakes and eventually pay off its debt. On the other hand the outlook is dreary if a big industry is allowed to fold and its many employees become jobless. A related big expense to thousands of workers is the cost of moving to their new jobs.

One of the principal reasons for Chrysler's problem is loss of sales while importers are gaining. Foreigners had a head start on us in the energy crisis. They were increasing mileage while we were just starting design changes. Meanwhile they were building for less. The inevitable result was that imports have been getting an increasing share of the car market.

Chrysler employees wisely agreed to forego some of their wage demands if the company can get its federal loan. With their cooperation the company has a chance to become competitive and get its share of the world business.

All of which ought to be food for thought to other car builders, as well as to other industries in the world market. It's becoming more obvious every day that American industry is pricing itself out of the market. And since the big item of all production is labor, it is the ingredient that needs the adjusting.

Labor bosses who keep demanding more raises should understand that they are defeating their own purpose. There is such a thing as a point of no return. When workers are overpaid and the unit costs of things they make are higher than those of competing imports, local sales lag and eventually the lost sales are reflected in lost jobs.

Another factor in the industrial problem is inflation, which can be charged mostly against the government. Wild federal spending puts more money in circulation, increasing the cost of living and the need of high pay to make ends meet.

Actually the problem is primarily a combination of inflation and wages, both of which can and should be adjusted downward. By more prudent fiscal policy, government can make it possible to get along on less wage. At the same time labor leaders can encourage decreases in unit production costs. They know as well as we that improved efficiency is possible and they might discover to their surprise that the average worker would be happy with the change. Despite modern cynicism, the average person still believes that the dollar will do more for you if you do more for it.

A surprising result of this country's confrontation with Iran is President Carter's amazing gains in recent popularity polls. Ratings on public confidence place him far ahead of Kennedy in the bid for party leadership, as

continued on page 3...

The Senate has approved legislation by Senator Lloyd Bentsen that gives a tax break to millions of Americans who have savings accounts or who invest in this country's economic future.

The Bentsen bill, ap-

## Reds Blast Whites 46-0 In Battle of the Exes

The game of the exes, sponsored by Sacred Heart Alumni, was a picnic for the Reds and a miserable let-down for the Whites. In a run-away first half the Reds rolled up a total of 40 points then coasted to their final count of 46-0.

Members of the Reds were Bobby Hartman, Chris Sicking, Kenny Felderhoff, Joe Sicking, Steve Henscheid, Bob Grewing, Danny Walterscheid, Brent Hess, George Luke, Tim Sicking, Lloyd Reiter, Chris Stoffels, Billy Rohmer, Greg Gieb, Jim Dangelmayr, Joe Hoebeck, Glenn Walterscheid and Fred Koessler.

White players were Roger Endres, Angelo Nasche, Gary Endres, Karl Koessler, Davy Krah, Tim Endres, John Bartush, Mark Hess, Kenny Fleitman, Paul Bayer, Jim Luke, John Henscheid, Darrell Walterscheid, Danny Voth, John Hesse, Paul Reiter, Wayne Grewing, Melvin Hess, Bruce Fuhrmann, Gilbert Hess and Pat Endres.

The game opened with two turnovers, Tim Endres intercepted for the White and Joe Sicking for the Red, after which Red went 64 yards in nine plays for the first TD. Kenny Felderhoff scored from the 5 and Bobby Hartman followed over for 2 bonus points.

The next score was launched after White punted on first series. With 65 yards to go, Red used 10 plays ending in a 4 yard plunge by Kenny Felderhoff.

Then came a quickie on George Luke's interception and 27 yard romp to pay

proved as an amendment to the oil excise or "windfall profit" tax, passed by a vote of 94 to 4. It exempts the first \$200 a year an individual earns in savings account interest and/or investment dividends; the first \$400 for a couple. Seventy eight Senators cosponsored the bill.

"This legislation will serve the individual interest of millions of small investors and savers who see their assets ravaged by inflation" Bentsen said.

"This sorely needed incentive to save and invest will also serve our overriding national interest, since such an incentive is urgently required if we are to manage the problems of the present and prosper in the future."

The Bentsen bill would, according to the U.S. League of Savings Associations, increase the after-tax rate of return on savings accounts, for an individual in the 30 percent tax bracket, from 3.85 percent to 5.5 percent.

Americans currently save only 4.1 percent of disposable income. That is this country's lowest savings rate in 28 years. The Japanese, by comparison, save at a 25.3 percent rate. The French save at a 13.1 percent rate, the British at 6.6 percent.

In addition, overall investment has been lower for this country than for any other country in the industrialized world. U.S. investment as a percentage of Gross National Product, from 1960 through 1973, was only 17.5 percent. That is substantially lower than the 35 percent rate for Japan and is lower even than the 18.5 percent rate for Great Britain.

"If you are looking for a fundamental reason for our economic difficulties, there it is. We have become a free market economy that does not save enough, does not generate enough capital investment to keep the system functioning efficiently," Bentsen said.

## Midnight Mass Liturgy Symbolic of Christmas

The traditional Liturgy for Midnight Mass in Sacred Heart Church was planned and completed by the Liturgical Commission of the parish.

Preceding the entrance procession, Chuck Bartush Jr. narrator, gave a Biblical reading of the birth of Jesus and presented the gospel according to Matthew.

Twelve torchbearers, all seniors, led the entrance procession into a semi-

## County UW Drive Tops Goal

For the fifth consecutive year, the United Way campaign of Cooke County has gone over the top. The good news was announced last Thursday by Gene Davenport, president of the Cooke County United Way, following a report that the record gift of \$15,029 by Weber Aircraft and employees had increased the county total to \$99,894. The goal had been set at \$99,100.

He said "Hats off to the good people of Cooke County who express their love and concern for their fellow man in such a mean-

ingful way," adding that it is especially appropriate that this goal signifying care for our neighbors and friends would be accomplished during this Christmas season.

Tom Parsons, campaign chairman, praised division chairmen and over 75 campaign volunteers who reached the goal set by the United Way board of directors. He stated that a lot of credit for this success goes to the dedicated effort of the people who gave their time and money, but a special expression of appreciation is

due those firms, individuals and industries who significantly raised their contribution for the 1979-80 year.

Also recognized was the fact that there are a few people who have not yet returned their completed pledge cards. "We hope they will do so without delay," Davenport added, "thereby being a part of the winning team which will enable approximately 9,000 Cooke County people to receive the benefits of the agencies which the United Way supports."

Twelve agencies are budgeted as follows to share in the United Way fund. Red Cross \$13,500; Scouting USA \$8,670; Camp Fire Girls \$16,000; Council on Alcoholism \$325; Cooke County 4-H and FFA \$3,300; Gainesville Boy Club \$31,000; Muenster Youth Council \$1,800; Salvation Army \$9,170; Texas Rehabilitation Hospital \$660; Southwestern Diabetic Foundation \$7,330; Texas United Community Services, Inc. \$275; United Service Organization \$650; United Way office expense \$6,400.

## Muenster Gives \$5101 to UW, \$825 over Quota

By a margin of \$825.50 Muenster's United Way community drive exceeded its 1978 total, which had been assigned as the goal for this year. Monica Hess, co-chairman, said that the community gave \$5101, also that it was the first group in the county to report the drive finished.

Even so, she added, the total may not be complete because some donations intended for Muenster's quota may have been sent directly to the county. That sometimes happens when a firm operates several places in the county and includes all its gifts in one check. The amount of such remittances, if any, has not been reported to the Muenster committee.

Also pointed out is the fact that the goal topping \$825.50 from Muenster's drive enabled the county to exceed its quota. Without it the county was \$31.50 under its \$99,100 goal.

Co-Chairmen Monica Hess, John Pagel and Henry Weinzapfel extend the United Way's gratitude to Muenster people for their marvelous response to the drive. Likewise they thank

committee members who worked with them. They are Vernon Sparkman, David Fette, Tom Hesse, Tom Herr, Alvin Fuhrman, Mrs. Jake Schilling, Virgil Henscheid, Dan Hamric, Kenneth Selby, Chuck Bartush, Joe Hellman, Larry Hennigan, Roger Taylor, Dennis Hess, Butch Fisher and Bob Vogel.

## Social Security System Judged Financially Sound

Many "worrymongers" and even some otherwise reputable national columnists are causing undue worry and concern among both present and future Social Security beneficiaries, Gus Jones, district manager of the Sherman Social Security office,

**Jack Joyce Resigns At G'ville Register**

A retirement and two promotions was announced this week by the Gainesville Daily Register.

Jack Joyce, who has been with the publication since 1951, first as city editor and during the past 25 years as managing editor, is retiring because of poor health. He has multiple sclerosis. At the same time Joyce discontinues his column, Picked Up Passing By. It is succeeded in the Register by a column headed Topics.

The new managing editor of the Register is Larry Gittings, according to General Manager Warren Flowers. He has been city editor for six years.

Also promoted is Betty Stephenson, regional editor for the past 11 years, who has been named assistant editor.

Succeeding her as city editor is Ian Pierce of Argyle as a new member of the staff. He formerly was a reporter for the Bridgeport Index.

**Moisture Total of Year Near Normal**

With the end of the year only a few days away, it appears that the local rainfall measure of 1979 will be near normal.

The figure now stands at 34.60 inches whereas the average for a year is 35.98. And if predicted moisture comes at the end of this week the final measure can be even nearer to normal.

Temperature of the week has been moderate with lows mostly in the 40s and highs in the 70s. Readings were recorded as follows by Steve Moser. Dec. 20, 40 and 70; 21st, 48 and 74; 22nd 58 and 76; 23rd, 48 and 55; 24th, 40 and 58; 25th, 36 and 70; 26th, 40 and 70.

Moisture readings of the week were .02 on the 22nd, .17 on the 23rd and .42 on the 24. It added to .61 inch for the week boosting the month's total to 1.24 inch.

said today. These people, said Jones, are leading many others to believe that the Social Security system is financially broken, and in eminent danger of collapse. But, Jones said, the experts in these matters tell us a different story. These experts, the trustees of the Social Security trust funds, in their most recent report, found Social Security to be financially sound for the foreseeable future, and, in fact, until well into the next century.

It is true, of course, said Jones, that high unemployment, a declining birth rate, and double digit inflation all put a strain on programs such as Social Security. When the cost of living rises faster than the wage gains of workers, then Social Security must pay out more benefits, to meet the increased costs, while receiving income from a proportionately smaller citizen tax base.

When you couple high unemployment with such a situation, Jones said, then even most of us street corner economists can see that fewer people are paying Social Security taxes. Moreover, Jones said, there are future problems to be resolved; for example, the lower birth rates, particularly of the 1960's and early 1970's, will mean less workers supporting more beneficiaries, at least during the first half of the next century.

In spite of such problems as these, the Social Security trustees are confident that the tax rates and wage base amounts approved by Congress in 1977 will be sufficient to not only meet all foreseeable needs of Social Security, but over a period of years to also increase the Trust Funds somewhat. What Social Security is experiencing now can lead to short range cash flow problems, similar to those which many private businesses are currently experiencing, because of inflation and the business climate.

For further information on this subject or the financial protection Social Security provides workers and self-employed people, employee and employer groups, civic clubs, etc., may wish to contact their nearest Social Security Office.

The office in Sherman is located at 810 N. Travis. Office hours are 9:00 a.m. to 4:45 p.m. Monday through Friday.

Please phone news about your Christmas guests, Christmas parties, Christmas vacations and trips out of town to family reunions, etc. to the Muenster Enterprise, 759-4311, to be included in next week's paper.

### SOVIET COMBAT TROOPS IN CUBA

The American people and many of their representatives in Congress have been properly concerned about the presence of Soviet combat troops with their brigade headquarters command in Cuba. President Carter and his Secretary of State have reported to the people on this startling development. But if we take at face value statements by Secretary Vance that these Soviet troops have been in Cuba since the mid or early 1970's or possibly before that, it then becomes obvious that our government doesn't really know how long they've been there.

The question then comes immediately to mind, if our intelligence operations can't even tell when a simple thing like a combat troop build-up occurs, how can we expect them to determine when the Soviets are cheating or how many ICBM's they have stored in warehouses or bunkers in the Soviet Union. It should be obvious if our intelligence agencies did not detect the combat troops in Cuba for a period of years, they surely don't know if there are offensive missiles there.

Surely this development is evidence enough that SALT II is without question unverifiable, and this weakness alone of many, should be sufficient reason for failing to ratify this Soviet-desired treaty.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
 TEXAS PRESS ASSOCIATION

**AUSTIN** — Following U.S. Senate approval of the windfall profits tax and postponement of a House vote until February, Gov. Bill Clements last week blasted the controversial bill as "directly opposed to U.S. interests."

Clements said the tax is counter to a solution of the energy problem. "It's a direct excise tax on the numbers of barrels of oil produced... it's not a profits tax." He made his remarks at the Rosenberg/Richmond Chamber of Commerce banquet.

The governor also reiterated his support for the 1980 Republican presidential nominee-to-be, and invited all Democrat contenders to come campaign in Texas.

Making it perfectly clear that he would not support President Carter, Sen. Edward Kennedy or California Gov. Jerry Brown, Clements said he welcomed their campaign dollars to Texas because it would be good for the state's economy.

Clements said he will wait until after the May primaries to announce his support for a Republican nominee. Two fellow Texans, John Connally and George Bush, are seeking the nomination, and Clements has been careful to stay neutral.

The Democrats are sure to give Clements his wish. Carter postponed a visit to Austin two weeks ago because of the Iranian hostage crisis, but the president intends to come in early spring. Brown has already slipped in and out of the state a couple of times. Kennedy will surely campaign here.

**More On Oil**  
 Texas oil and natural gas production has declined steadily over the past six years and is unlikely to increase over present levels.

Testifying before a special Senate subcommittee on energy production in the 1980's, Railroad Commissioner Jim Nugent said if the state continues producing natural gas at today's rate, it would run out of gas in seven and a half years.

"The possibility of us ever being above one billion barrels of oil production is not good either," Nugent said.

On a brighter note, the consul general of the People's Republic of China paid a courtesy call to Clements last week. Wu Xiaoda said trade between the U.S. and China will begin as soon as congress authorizes trade agreements.

He said the Chinese particularly want to buy technology, especially oil technology.

**Wiretapping Support**  
 The Texas Organized Crime Prevention Council voted last Tuesday to endorse wiretap legislation. The vote followed a review of its annual report which said organized crime costs Texans up to \$5 billion annually.

Particularly on the rise is crime related to off-track betting parlours on the Mexican border.

**Bentsen Slams Mexico**  
 Sen. Lloyd Bentsen told his colleagues that Mexico's failure to support the U.S. in the Iranian crisis could have serious long-term impact on economic relations between the two neighbors.

Bentsen took Mexico to task for not allowing the shah to return after surgery in the U.S., even though Mexican President Jose Lopez Portillo had assured the ex-ruler he would be welcomed back to that country.

The senator also criticized Portillo's denunciation of the Carter administration's freeze on Iranian assets.

"I want this to be friendly warning," Bentsen said during his speech to the Senate. "We have a history of favoring Mexico in trade."

Bentsen praised Canada for its support of the U.S. during the crisis.

He said the contrast between the good will "so evident from the North and the attitude of the Mexican government could not be more stark or disturbing."

"At a time when we needed some help, our neighbors to the South have turned their backs on the United States and resorted to political sniping."

The sniping was even more strange coming from a country with a rate of inflation higher than the U.S., one of the highest unemployment rates in the world and a recent history of dramatic devaluation, Bentsen said.

## Unselfish Service Appreciated

By Alfordan Winn, principal Muenster Public School

Muenster and Cooke County should be very proud of several unselfish men and women of this community and county. Their community spirit and unselfish donation of their time for betterment of the community deserves the highest award that can be given.

Starting on December 10, when Dr. Graham took the time to come to Public School to instruct children of Kindergarten through Grade 3 in the proper care of teeth, December has been a month of unselfish volunteers.

On December 11 and 12 Dr. Webb, with TSO in Gainesville, came over to help the nurse Mrs. Pat Wimmer and the PTO ladies, Mrs. Betty Felderhoff, Mrs. Mary Jean McElreath, Mrs. Mary Klement, and Mrs. Colette Biffle, check the eyes and ears of the children in Kindergarten through Grade 8 and any others who wanted to be checked.

On December 21, Dr. Marvin Knight, came to the school along with his secretary, Mrs. Loree Bruns, to check the children in Grades 5-10 and any others who desired the check for scoliosis. Mrs. Jean Park, Mrs. Collette Biffle, and Mrs. Mary Jean McElreath aided in the check along with Mrs. Fay Hamric and Mr. Sam Burnes of the school. They checked approximately 200 students and found 10 that were referred for further testing.

These busy people are to be commended for their very unselfish work, given freely, in helping the children of the Public School. The community and county should be thankful that in this present selfish world there are still people who are willing and eager to take time from a busy schedule to do a service for their community. This is the true meaning of community of Christian spirit. God bless them all!

well as Reagan, Connally and Ford for over-all national leadership. The president has been specially praised for keeping his cool, which is being credited as a reason why the hostage incident has not escalated into a war. Amid the rhetoric and threats at the beginning we feared the possibility of rough stuff and involvement by friends of both countries. Since that has not developed, public attitude can be regarded as a sign of relief that no one was hurt and prospects of a peaceful settlement are improving.

However, we can't hope to live with that as a long time solution. The really unfortunate fact is that it confirms US image as a nation which endures insult and molestation of its citizens by terrorists or renegade rulers. Unless our country comes out of this mess with an assurance that it will be respected in the future, we can't really be sure that the President has done a good job, or that he has earned the praise that is being showered on him.

Teddy Roosevelt's slogan of speaking softly and carrying a big stick used to be official US policy which was recognized with world wide respect. Now it's different. The in-thing now with many of the trouble makers is to attract world attention by insulting this country and making an issue

**New tax laws help homeowners**

**COLLEGE STATION** — Homeowners and potential homeowners may be losing money by not taking advantage of new tax laws, says Dr. Jack Friedman of the Texas Real Estate Research Center at Texas A&M University.

Friedman cites the little known tax advantage of home ownership that allows the individual buying water and sewage services from a township or municipality to deduct a portion of the monthly bill from income tax. The portion of the bill which represents assessment for maintenance, repairs or interest is deductible. Friedman suggests municipal services users contact the billing authority for information.

Another tax savings the homeowner might consider is the reduction of fuel costs through improvements. Energy laws allow tax credits for money spent on insulation, storm windows, caulking and other energy-saving features. This would result in lower utility costs as well as allow partial recovery of costs through tax credits.

of our humiliation. By contrast, tiny Israel will not tolerate such treatment. When it is injured or insulted it retaliates, and its enemies are getting more cautions about what they do or say.

# Forestburg News by Myrt Denham

'Tis a cool rainy day here in the Forestburg area on this Sunday December 23rd. We had thunder and lightning during the night—and this p.m. I heard some birds "twittering" and singing. Seems more like spring time. Anyways we are very thankful for the rain—sure did

need it.  
My thanks to Mrs. Caruth Crestman for her nice note in regards to this column. Made my day! She and I agree on these "eager-beaver" deer and bird hunter we have had in this area. We now have one in the Dewey area that rips around every morning like a "wild-one"—first you see him "there" and then "here". Wonder if he has ever realized how much previous gasoline he is wasting just to kill a deer. Ridiculous!

Some of our young folks celebrated birthdays this month—Bucky and Nicki Moseley — twin sons of Mr. and Mrs. Johnny Moseley of New Harp celebrated their 6th birthday Saturday Dec. 15th in the home of their parents. Grandparents Mr. and Mrs. "Doe" Moseley attended the party.

Tanya Mays had herself a birthday on Monday Dec. 17th and was honored with a party in the home of her grandparents Mr. and Mrs. Junior Monroe of New Harp area.

Mr. and Mrs. Bob Colwell and family of Farmer's Branch visited her parents Mr. and Mrs. Willard Freeman the weekend of Dec. 15th.

Miss Sheree Lund, daughter of Mr. and Mrs. H.K. Lund, is home for the holiday from her studies at Texas Tech in Lubbock.

The Brogdon Log Cabin was the site of the Forestburg Home Extension Clubs regular meeting and Christmas Party Monday night Dec. 17th. Those attending were greeted with a cherry fire in the fireplace and coal oil lamps furnished light (later we did have some electric lights too). The meeting was opened by Mrs. Veda Brogdon, Mrs. Mary Hays called roll and those present answered with "What I plan to do for someone." Then minutes of last meeting were read and various reports were given. This was followed with the singing of Christmas Carols with Margie Orrell at the organ, then Mmes. Orrell and Hays sang a beautiful song in honor of our Hostages in Iran. This was followed with a gift exchange, refreshments and fellowship. Those present were: Mmes. Veda Brogdon, Becky Scott, Margie Orrell, Mary Hays, Cleo Lanier, Wanda Perryman, Ruby Carter, Juanita Bailey, Marion Sockwell, Cleta Reynolds, Betty Reynolds, Millie Reynolds and Myrt Denham plus Jennifer Scott, Katon and Hannon Orrell.

The Forestburg United Methodist Women's group had their annual Christmas program and party in the home of Mrs. Marion Sockwell Wednesday afternoon Dec. 19th. Due to illness our President Mrs. Lucille Littell was unable to attend so Mrs. Sockwell opened the meeting and Mrs. Alice Shears had the program. This was followed by a period of visiting, singing, fun and gift exchange which progressed into delicious refreshments. Those present were: our hostess Mrs. Sockwell, Mmes. Alice and Esther Shears, Laura Belle

Jackson, Cleo Lanier, Betty Reynolds, Decie Ellzey, and Myrt Denham. When refreshment time came around two more guests showed up via the Sockwell back door—one Howard Sockwell and one Perryman Denham. Also wish to report that this Methodist Womens groups special person for the year was Mrs. Myrtle Fanning who was presented with gifts from all members. Not able to attend for various reasons were: Mmes. Dorothy Thompson, Vera Mae McGee and Merle Hudspeth.

On Saturday Dec. 15th Mrs. Olita Lanier and Jeff, and Mrs. Cleo Lanier attended funeral services in Saint Jo for H.D. Fields.

Mrs. Veda Magee, Rosston, is a patient in the Harris Hospital in Fort Worth where she underwent hip surgery on Wed. Dec. 19th. I am told that Mrs. Magee is doing very well but will be in the hospital for sometime.

Mrs. Essie Agee of Free-mound spent sometime in Muenster Hospital recently and is now a temporary resident of Yes-ter-er Home in Saint Jo.

The Forestburg School turned out Friday December 21st for the holidays after a round of Christmas parties and with Santa Claus in attendance. The school Christmas program was held Wednesday night Dec. 19th.

Mr. Price Truitt of Argyle and Mallard has been seriously ill since Thursday Dec. 20th. He is a patient in the Flo Hospital in Denton. All our well wishes are with him.

Mrs. Cleo Lanier, Jeff and Tracey accompanied Phyllis Lanier to Montague, to attend the Montague School Christmas program, Tuesday night December 18th.

Carolyn and Rusty Fenoglio visited with Phyllis Lanier Tuesday night, December 18th.

Perryman and Myrt visited with Mr. and Mrs. H.A. Dunn of the Dyemound area Tuesday night December 18th.

Mr. and Mrs. J.P. Embry of Dyemound left before the roosters got up to crow Sunday a.m. December 23rd for Newark to spend the day with their son and family—Mr. and Mrs. Dewey Embry and daughter. J.P. said he aimed to be home before the chickens went to roost.

Mr. and Mrs. Sam Parsons of Wichita Falls spent the Dec. 22nd weekend with her parents — Mr. and Mrs. Buford Greenwood.

Mr. and Mrs. Grady Reed and Leona Smith of Euless spent the weekend of Dec. 21st at their home here and visited with friends and relatives.

Mr. and Mrs. Clifton Beweley had their Christmas

and dinner celebration on Sunday Dec. 23rd at the home of their son and family, the Loyd Beweley of Era.

The North Texas Capitol of the Age of Enlightenment—or the TM Center that is being constructed between the Burg and New Harp area has been and still is the topic of many controversial rumors and told tales ever since we learned of "its" coming, etc. Therefore, for those of us who wished to meet with some of the TM Center folks and hear first hand what they had to say were invited to two different sessions in the home of Mr. and Mrs. Rex Anderson on Thursday night Dec. 20th and Friday night on Thursday night and found the young lady and young gentleman very personable and they seemed to be well educated. They gave their talk which were followed by a specific question and answer period. I am still somewhat "in the dark" about various aspects of this TM program but I do think it would behoove all of us to get some facts about it before we made it out to be something it really isn't. With this I wish all of you a very Happy, Prosperous, Healthy and Happy New Year.

### Weight, Not Quality Denoted by Egg Size

"Despite popular belief, egg size doesn't affect quality," emphasizes Dr. David B. Mellor, poultry marketing specialist with the Texas Agricultural Extension Service, Texas A&M University System. Texas and U.S. Department of Agriculture regulations designate six sizes of shell eggs according to weight: jumbo, extra large, large, medium, small and peewee. The specialist says that "extra large", "large" and "medium" sizes are usually available in grocery stores.

Egg size is determined by weight, with each egg weighed individually. One dozen "large" size eggs must weigh at least 24 ounces, or one-and-a-half pounds. For the other size classes, the weight requirement changes by three ounces. For example, "extra large" eggs must weigh at least 27 ounces per dozen and "medium" eggs, 21 ounces.

Mellor says, "Under existing regulations, it is permissible, but not practical, to pack better quality or larger eggs than the carton label states. Since the standards are based on minimums, it is permissible to make the substitution."

Egg value is usually thought of as value per ounce.

"Determine egg value between sizes by using the '10-cent rule'," suggests the specialist. "If there is less than 10 cents difference between egg sizes, buy the larger size. Since egg sizes vary uniformly, this rule can be used when large eggs are about 85 cents a dozen. As the price of a dozen large eggs jumps to 90 cents, the '11-cent rule' comes into play. And with large eggs at 60 cents per dozen, it's the '7-cent rule'—that is, buy the large eggs if there's less than 7 cents difference between egg sizes."

When "medium" eggs are priced at 79 cents per dozen, "large" at 90 cents and "extra large" at \$1.01, they are of equal value—3.75 cents per ounce, Mellor says.

For people who buy on a "per egg" basis rather than "per ounce", most recipes refer to a "large" size egg, reminds the specialist. Also, the larger the egg, the more there is of each nutrient.

### Names Missed On Auxiliary List

Two names were missed in the Hospital Auxiliary's Christmas greeting ad: "In Lieu of Christmas Cards."

Joining the large group sending good wishes for the holidays are Pop and Daisy Thompson and the Angelo Nasche Family.

**YOU CAN BANK ON IT!**

One of the questions everyone needs answered before borrowing money is, "Can I afford the loan?" Unfortunately, there are no hard and fast answers. Everyone's situation is different. Different needs... different abilities to repay. We realize and appreciate the differences and work hard to train all loan officers to be able to respond to individual needs and situations. There are, however, some guidelines that may be useful for general financial planning.

One of the yardstick measurements used by credit advisors around the country suggests that consumer debt (not counting home mortgage payments or rent) equal to ten percent or less of take-home pay is generally comfortable to handle. They say it's possible but sometimes difficult at a level of fifteen percent and warn that a level of 20 percent or higher is dangerous. Certainly there are exceptions on both ends of the scale and to know exactly what may be right for you is between you and your banker.

This is one of the primary reasons personal attention and personal service will never be ignored as part of a professional bank's responsibility to its customers.

Maintenance Tip: Check your tire pressure often. A tire that's only 25 percent low, which is hardly enough to notice, can lose one-fifth of its useful life. And remember: check your tires cold, not warm or hot after driving. The heat causes the air to expand in the tire and gives you a deceptive reading.

## Compute Your Own Income Tax With Help of CPAs and IRS

First in a series of tax tip articles provided by the Dallas Chapter of the Texas Society of Certified Public Accountants.

Computing your own income tax return can be easy. And, if you're eligible, doing the work yourself can also mean an early refund from Uncle Sam.

You can learn to quickly and accurately complete your tax return by attending the Taxpayer Education course offered Feb. 5 and 7, 7-10 p.m.

Taxpayer Education is a public service program jointly-sponsored by the Dallas Chapter of the Texas Society of Certified Public Accountants and the Internal Revenue Service (IRS). Certified public accountants volunteer their time to assist taxpayers in filling out the revised 1040A tax forms.

In addition to receiving instruction, participants will have an opportunity to ask questions regarding specific circumstances. The two-night course is available to the public at a charge of \$1 per person to cover administrative costs.

Each registrant will also receive the IRS publication, "Your Federal Income Tax," a 200-page booklet which details many tax deductions, forms and filing requirements.

If you've already gathered your financial records for reporting purposes, you've got the job half done. And, if you're not itemizing

deductions, you've really got a head start. So, why not join millions of individuals who will compute their own tax return this year?

An added advantage to attending the Taxpayer Education program is that you'll promptly receive any refunds due you. According to the IRS, returns mailed early are processed in four to five weeks. Those mailed in April are not processed for 10 weeks or longer.

To register for the Taxpayer Education program, simply fill out the registration form found next to this article. Registration form and fee must be mailed by Jan. 31.

Classes in Dallas will be held at the following locations: Bryan Adams High School; David W. Carter High School; Highland Park High School; Hillcrest Freshman Center; Thomas Jefferson High School; Justin F. Kimball High School; North Dallas High School; W.W. Samuel High School; South Oak Cliff High School; W.T. Travis High School; Woodrow Wilson High School.

Other cities and course sites include: Carrollton-Newman Smith High School; R.L. Turner High School; Colony-Camey Elementary School; Denton-Teachers Credit Union; DeSoto-Beltline Intermediate School; Duncanville-High School; Garland-North Garland High School; Memorial Junior High School; Grand Prairie-South Grand Prairie High School; Greenville-Greenville High School; Irving-Chester W. Nimitz High School; Lewisville-Lewisville High School; Mesquite-Mesquite High School; North Mesquite High School; Plano-Plano High School; William High School; Richardson-Berkner High School; J.J. Pearce High School; Lake Highland High School, and Richardson High School; Rockwall-Rockwall High School; and Sherman-Grayson County Junior College.

**SH Loses 3 Games To Lindsay Teams**

For the second time within a week Lindsay made a clean sweep of a three game session with Sacred Heart. The boys game was a good contest ending 49-46, but unfortunately for the Tigers, they were at the short end of the count. In girls games Tigerette varsity was clobbered 68-17 and the junior varsity 70-12. Lindsay is abundantly endowed with talent this year with an extra potent varsity team and plenty of potency left over for a strong JV team.

The Tigers started their game with a 10-8 lead and gained to 23-20 at the half, but were outscored by 3 in the third and fourth for scores of 32-32 and the 49-46 loss. Considering Tiger foul troubles, the margin of loss could have been considerably more. Lindsay had 21 free shots and made only 9. Sacred Heart made 6 of its 8 free throws.

Mel Walterscheid led Tigers scoring with 22 points, Kenny Hartman made 12, Monte Endres 8, Kirk Mollenkopf 2 and Brian Bindel 2.

Scorers for the Tigerette varsity were Carol Walterscheid 7, Ginger Fleitman 4, Virginia Bartush 4, Toni Hoedebeck 2. For the junior varsity they were Laura Grewing 8, Missy Stoffels 2, Connie Stoffels 2.

**Callisburg Beats Juniors 2 of 3**

Muenster Public School juniors won one and lost two of their games with Callisburg's youngsters Wednesday night. Seventh Graders got their first victory of the season, after a pair of losses, by nudging to the front of a 12-8 count. Their point makers were David Winn 4, Cory Klement 4, Jay Mollenkopf 2, Ronnie Fisher 2 and Kevin Wolf 2.

The eighth graders, struggling along with their usual handicap, were almost blanked. They had only 4 players and had to get help from the seventh grade to complete the lineup. So the Callisburg boys rolled on and on, to a final count of 46-4. Duane Walterscheid and Ronnie Fisher scored two points each.

The junior varsity game was one sided but presented at least enough competition to make the young Wildcats earn their points. Callisburg led 10-7 and 24-12 the first periods, after which play was about even and scores were 35-20 at the third quarter and 41-30 at the end.

Kevin Felderhoff hit 19 for the Hornets, Gary Klement 5, Wayne Carroll 2, Billy Grewing 2, Steven Fisher 2.

Cooke County Distributing Co., 759-2553

How many passengers does the average automobile carry . . . two . . . three . . . ? All wrong; the average car has only 1.3 people in it. This is an immense waste. According to one estimate, if the average rush hour commuter would car pool to work with just one other person, America would save 250,000 barrels of oil a day.

**F'burg FHA Gifts Hospital Children**

The Forestburg FHA heard a program presented by Tulu Hickerson of the Cooke County Electric Co-op during their regularly scheduled meeting on December 12, in the high school homemaking department. Mrs. Hickerson showed and explained a variety of gifts for Christmas giving. Each FHA member brought a child's gift to be sent to the Fort Worth Children's Hospital. Refreshments were served to 17 FHA members. Carol Maughan is the club's reporter.

**Blue Bird News**

**Starlight**  
The Starlight Blue Birds visited Mrs. Effie Robison in her home in Gainesville on Tuesday, December 11. She spoke to the group about her childhood experiences, especially about how she worked and played as a child, and then she taught them a game she learned when a little girl. The Blue Birds cut out designs and pictures of toys from the past and made posters showing different kinds of toys. Then each girl

displayed her picture showing dolls of the past, toy trains and cars, wooden animals, etc.

Very delightful refreshments were doughnuts decorated with Santa, sleigh and Christmas trees. These were served with punch.

Attending were Dana Kay Wimmer, Janie Fisher, Christy Jensen, Lisa Robison, Teddie Oakley, Shannon Reeves, Dyann Vogel, Angela Endres, Misti and Kelli Ford and leaders Vicki Boaz and Sheri Robison.

**Births**

Mr. and Mrs. Bernard Hesse are parents of a son, David Lee, born on Tuesday, December 18 at 12:12 p.m., weighing 8 lb. 11 oz., in Muenster Memorial Hospital. He is a brother for Janet, Neil, Kenneth and Andra. The grandparents are Mr. and Mrs. James Eckart of Muenster and the great-grandmother is Mrs. John Eckart of St. Richard's Villa.

Mr. and Mrs. Ricky Wimmer are parents of their first child, a daughter, Amanda Gale, born on Saturday, December 22 at 6:44 p.m. in Wilson N. Jones Hospital, Sherman, weighing 7 lb. 4 oz. The little girl's grandparents are Mr. and Mrs. Frank Stoffels and Charles E. Wimmer, Jr. The great-grandparents are Mrs. Willie Fuhrmann, Mrs. Matt Neu and Mrs. Charles Wimmer, Sr. Mrs. Ricky Wimmer is the former Sherry Stoffels.

Mr. and Mrs. Randy Serna announce the birth of a son, Jeffrey Michael, in Muenster Memorial Hospital on Thursday, December 20 at 8:44 a.m. weighing 10 lb. 6 1/2 oz. His grandparents are Mr. and Mrs. Richard Grewing and Mr. and Mrs. Alford R. Serna. There are four great-grandmothers, Mrs. Theresa Moster, Mrs. Hatti Grewing, both of Muenster and Mrs. Guadalupe Serna of Robstown and Mrs. Olivia Alvarado also of Robstown. Mrs. Randy Serna is the former Phyllis Grewing.

**Chris is Four**

Chris Pagel was honored on his fourth birthday during a party at his home Sunday, December 23 at 3 p.m. Holiday decorations were used throughout the Maruice Pagel home.

Attending were Chris's dad, Maurice Pagel, and Judy and Troy Pagel. Also Marlene Endres; Nancy Pagel and Jimmy; Glenda Russell and Lisa and Amanda; and Sharlene Pagel.

After refreshments of birthday cake and Kool-Aid, Chris opened and displayed his gifts.

**Midnight Mass...**

Walterscheid, Mark Felderhoff, Timmy Hermes, and Henry Bayer. Miller, Toni Hoedebeck, Rose Felderhoff, Craig Walterscheid, Julia Bright, Toni Dittfurth, Judy

Nativity scene by Father Denis Soerries and Father Stephen Eckart, who were con-celebrants of the Christmas midnight Mass.

During the Mass the Homily was delivered by Father Denis. First and second readings were given by Mrs. Paul Fisher and King Koch; and Mr. and Mrs. Robert Bayer presented the Offertory gifts.

Beginning about 11:15 organ music was played by Anthony Luke, especially variations on a theme: "Silent Night".

The arrangement is almost ancient, the sheet music played by Luke's grandfather, the late John Luke, Sr. and by Mrs. Joe Trachta (Bertha). This arrangement is very long, played this year in its entirety for the first time in about 20 years.

It was composed as Fantasy on a Christmas Carol, Stille Nacht, Heilige Nacht, by William Edwin Ashmall, opus 185, copyrighted in

1912. The original sheet music, so old and brittle now, is preserved between sheets of clear plastic. It was found with the old pipe organ in the old Sacred Heart Church, by Sister Leonarda, and taught to Anthony Luke when he was her student. The sheet music carries notes from Luke's grandfather, the late John Luke, Sr. a Sacred Heart Church organist and also notations by the late Bertha Hoening Trachta, also a church organist in Muenster.

The organ music was followed by traditional Christmas carols sung by the Sacred Heart Men's choir, directed by Leo Henschel, accompanied by Tony Luke.

Members of the Liturgical Commission are Mrs. Paul Fisher (Dorothy), Mrs. Andrew Schoech (Tillie), Mrs. David Bright (Juanita), Mrs. Leonard Bayer (Patti) and Mrs. Joe Felderhoff (Ruth).

**Camp Fire Girls On Caroling Party**

The second grade Starlight Blue Birds, a division of Camp Fire, Inc. of Cooke County, met with Camp Fire groups county wide, to go Christmas caroling in Gainesville on Monday, December 17.

The girls caroled on the court house steps, then walked to the Gainesville Community Center for refreshments of cookies and apple juice, and a visit from Santa Claus.

All girls who attended the caroling received an award. Members from Muenster attending were Janie Fisher, Misti Ford, Teddie Oakley, Dana Kay Wimmer and Lisa Robison.

**Garden Center Bulletin**

It's fruit tree planting time now. We have just received a large shipment of Fruit, Pecan, Walnut and some Shade trees. These should be planted as soon as possible to allow good root growth thru the winter.

For you wood cutters, we have a large stock of bars, chains and sprockets to fit any size or brand of saw plus we can sharpen and repair any saw that needs it. We also have STIHL, ECHO and McCULLOCH chain saws to fit any need or budget. Come by the Garden Center for all your chain saw or gardening needs.
