

NEW HOME RECEPTIONS NEXT TUESDAY

CENSUS NEARS END OF PERIOD ALLOTTED TO IT

The last enumerator to complete the initial round of their district in Brownwood will finish tonight.

All other enumerators here have finished, with the exception of a few pick-ups who were not seen during the first trips around and who have been away each time the enumerator called. One enumerator reported that in her district she had about thirty pick-ups to see which would all be seen this week and a complete count of the district made.

W. L. Turner, supervisor, said this morning that only forty of the 138 enumerators districts had been completed and the schedules returned to his office. Ballinger, Goldthwaite, Coleman, Brady and many other towns have not finished the count and returned the results to the supervisor's office.

Mr. Turner said that he wished to impress on the people that it was still proper to either phone his office, the Bulletin, or fill the coupon printed in the Bulletin this week. If there was any doubt as to the enumeration being made in that home, the people are co-operating fine he said and with the aid of all people and organizations Brownwood will have an accurate check. The enumerators have been kept busy with calls during the past week. Many people were away at the time the enumerator called and when they returned did not understand the schedule left for them so the enumerator would have to make a trip back to finish the work.

Committees Re-checking
Committees representing the civic organizations and the Chamber of Commerce started this morning to re-check the town and to get a count to compare with the one made by the enumerators when they counted the people. The nose counting by the Chamber of Commerce is to aid in getting as large a count for Brownwood as possible, and Mr. Turner said this morning that he was glad that the people and organizations were taking such an active interest in the work and attempting to get a large count for Brownwood.

An effort is being made to complete all Brownwood during the rest of the week with the checking of the enumerators reports next week so that the work here will be completed.

Kiwanians Hear Aviation Topic Discussed Today

An interesting program on aviation was heard at the Brownwood Kiwanis Club today in their regular Thursday noon luncheon at the Southern Hotel.

Spirit of Unrest Ohio Prison Flames Into Open Revolt

COLUMBUS, O., April 24.—(AP)—As investigators of the Ohio penitentiary fire today continued their probe into the disaster which took a life toll of 318 convicts, the general spirit of unrest in the prison flamed into open revolt against discipline.

After a night of disquieting reports, some 2,000 convicts in the idle house threatened open warfare if they were not released immediately. They said they would kill the score of guards in the cell block if they were not turned loose from the cage into the yard.

Former Prison Chaplain T. A. Reed, who went into the idle house earlier in an effort to quiet the men, came out and announced the convicts had made three demands.

First—That John Richardson, convicted murderer scheduled to die tomorrow night, be given a life term instead.

Second—Immediate removal of the board of clemency.

Austin-Morris Establishment Makes Big 15-Year Expansion

A span of fifteen years has seen the present Austin-Morris Company grow from the small firm of Morris Furniture Company located on West Broadway to the present large proportions firm of Austin-Morris. At the beginning of the business fifteen years ago the firm was operated on a capital stock of \$6,000 and from this has grown to the many thousands of dollars worth represented in the present organization.

WOULD REDUCE EUROPE'S QUOTA ALMOST HALF

WASHINGTON, April 24.—(AP)—The senate today voted to cut down immigration from Europe to this country from 150,000 annually to 80,000.

The vote was 41 to 31. Senator Harris, Democrat, Georgia, proposed to cut in half the European immigration allotments as an amendment to his bill placing quota restrictions upon Central and South American countries.

BROWNWOOD INVITES OPTOMETRY BODY TO HOLD MEETING HERE

The 30th annual convention of the Texas Optometric Association which met in Dallas April 21, 22 and 23, was the best that the association has had in many years, said Dr. Mollie Armstrong today.

Dr. R. A. Ellis of Brownwood also attended the convention.

TRAPPED IN PRISON BLAZE

Trapped behind the steel wire grating as flames swept the Ohio State Prison at Columbus, these men faced death as firemen and troops sought to rescue them. This graphic closeup was taken by a cameraman for NEA Service and this newspaper who penetrated to within the lines while the prison blaze was at its height.

FOUR DIE IN N. Y. FIRE

BOONVILLE, N. Y., April 24.—(AP)—Four persons were burned to death and a fifth was missing in a fire which destroyed the large colonial home of Bert Cronk, coal dealer, here today. Mr. and Mrs. Cronk and their young daughter died in the flames. Clifford, young son of the Cronks, leaped from a window to safety. He was suffering from effects of the smoke.

NEW MASONIC BUILDING

Brownwood Lodge, Obtaining Charter 1865, Was Frontier Masonic Lodge of the West

The charter for Brownwood Masonic Lodge was issued June 13, 1865. The lodge here was among the first in the state and for several years was the frontier lodge of the West. Its membership was made up of men who lived over a wide range of territory. These men were of the West, cattlemen and ranchers who rode miles on horseback every meeting night to attend the meetings.

The first meeting place was over the old Brown county court house which was a log structure and stood close to where the Brownwood Produce plant now stands. The court rooms occupied the lower floor of the building and the Masons met on the second floor. The second meeting place was in a building standing on what is now Flak Avenue near the Austin Mill and Grain Company building.

The Masons next bought the lot where the building which they have recently vacated stands. At that time there was a building across the back of the lot which had been occupied by the old "Sunny South" publishing office. The Masons met in this building for several years and then built the house which is now occupied by Mc's Business College and Frazier-Morris Furniture Company. This building was built in about 1906 or 1907 and they continued to meet there until February 12, 1930, when the first meeting was held in the new Masonic Temple on East Adams street.

In the old days the meetings were irregularly attended because of the difficulty of travel and many of the members lived long distances. But as the country settled up the membership began to grow and in 1906 when their first building was completed the membership numbered about two hundred.

One instance of good attendance is remembered by the old timers, Rich Coffey, a typical old time western, lived in what is now Concho county at the mouth of the Concho river. Every meeting night he rode into Brownwood on his old pinto and attended lodge. On many occasions he would stay for three or four days before starting back on his long journey home. This is just one instance of the great distances that the members of the Masons came to meetings.

Both Masonic Lodge and Austin-Morris Will Keep Open House April 29th

The new Masonic Temple located on East Adams Street next to the Post Office will be opened for the inspection of the general public from 2 o'clock Tuesday afternoon until 10 o'clock Tuesday evening, April 29. The public and the members of the Masons are cordially invited to attend this formal opening of the new Temple.

The building is 47 feet wide by 195 feet long. It contains two large meeting rooms, lobby, office, parlor, parlors, kitchen and several other rooms for different uses. It is one of the nicest Temples in this section of the state; having new equipment and beautifully decorated. The Masons held their first meeting in the new temple February 12, 1930. They now have everything arranged and are ready for the public to inspect the new home.

During the open house there will be members of the different orders of Masons present at all times to show and direct the visitors through the building and to explain the purposes of the different rooms and call attention to the things of interest. Refreshments will be served to visitors.

Everybody is cordially invited to attend the open house and to inspect the new Temple.

FABRIC TESTING IS DEMONSTRATED AT LOCAL TIRE STORE

Mr. Homer Duncum, local dealer of the Goodyear Tire and Rubber Company whose place of business is at 205 West Broadway, has installed an unusual piece of apparatus known as the Superwist machine.

For the purpose of the demonstration, a strand of Goodyear Superwist fabric and a strand of standard fabric are strung in place across the machine's framework. By means of a crank, the two strands are stretched with equal pressure until the breaking point is approached. When the pull is released, the Superwist fabric springs back to its original position much in the same manner as a rubber ball which is released from compression in small space—the principal of superwist being to absorb shock rather than resist such shock.

Santa Anna Man Solicited to Make Race for Congress

Reports from Santa Anna state that Leman Brown, president of the State National Bank of Santa Anna, is being urged by a number of people of this district to make the race for Congress to succeed the late Congressman R. Q. Lee.

Special Program Given by Eastern Star at Bangs

The Bangs Chapter Order of Eastern Star gave a special program at a call meeting of the chapter at Bangs last night. A very interesting program was given and a most enjoyable time was had by the members of the chapter and the visiting members from the Brownwood Chapter Order of Eastern Stars.

M'NEIL TRIAL AT SAN SABA NEXT MONDAY

The trial of C. A. McNeil for robbery with fire arms in connection with the robbery of the Richland Springs bank has been set for Monday, April 28th. The trial date was set Wednesday and a special venire of 110 men has been ordered, according to information from the office of the district clerk, Mrs. Eddie Williams, in San Saba.

Sheriff J. N. Graves and Deputy Sheriff Henry Miller of San Saba county left here Tuesday night at 11:30 with C. A. McNeil and Tom Byrd Ervin to take them back to San Saba to answer charges of bank robbery in connection with the hold up of the Richland Springs bank. The warrant presented Sheriff Denman stated that they were to be taken before District Judge J. H. McLean of the 33rd district this morning.

The San Saba officers arrived here about 11 o'clock and left shortly after with their two prisoners. The witnesses remained. Sheriff M. H. Denman said Wednesday that he had received summons to be served on approximately fifteen witnesses from Brownwood to appear in San Saba for the trial. McNeil has been held in the county jail here following his sentence of forty years for robbery of the First National Bank in March last year. He was kept here after being tried as charges at San Saba were pending and his removal to that county was expected.

Recently McNeil has made application for entrance to a government hospital for disabled veterans and also through his attorneys asked a sanity examination. Ervin has been held in connection with these robberies and was the main witness for the state in the McNeil trial. His trial will be set here at a later date. Eloyd Champion, the third member of the group arrested for the robbery of the First National Bank was given six years after a plea of guilty during the recent term of court here.

"Esperanto," the name, is itself based on a Latin word meaning "hope."

B. & P. W. CLUB WORKS ON PLANS TO PUBLISH EDITION OF BULLETIN

Mrs. G. C. Skinner, vice president, presided at the regular meeting of the Business and Professional Women's Club Monday night, in the absence of the president, Mrs. W. D. Armstrong.

Mr. and Mrs. James C. White were guests of the club and Mr. White talked to the members about the special edition of the Bulletin which the Business and Professional Women's Club will issue on May 6. He explained the many phases of the work which the women are to do on the issue and gave them suggestions as to the stories and other things.

The members took up the discussion of the next meeting, which will be May 6. At that time the club will give the annual employer's dinner and in connection will have the birthday party of the club, which was organized seven years ago next May 6. Each member of the club is to invite her employer to the dinner and other guests will also be present. An extensive program is being planned for the birthday celebration also.

Work Assigned
Mrs. A. B. Queen will make the cake for the birthday dinner. Mrs. L. H. Guthrie and Miss Lois Stamer will have charge of the meal. Mrs. Guthrie asked that all members who intended to come to the party telephone to her by Saturday night, May 3, and tell number of guests so that the committee preparing the meal would know the number of plates to prepare.

Miss Faye Baker will have charge of decorations for the party. New members taken into the club Tuesday were Mrs. Susie Wetzel, Miss Lillie Bowman, Miss Riddle and Miss Ida Schorlemmer.

The meal was served by Miss Ann Epps, Mrs. L. H. Guthrie and Miss Maye Baker. For decorations the Brownwood Florist Company sent to the club a French Hydrangea, which was later given to the club member whose name was drawn. Mrs. Ira Hall received the flower.

The club voted to pay the expenses of one member to the State Convention of Business and Professional Women's Clubs which meets in Mercedes June 19, 20 and 21.

Executive Board Meetings
The members voted on a new policy for transacting business of the club. From now on the executive board of the club will meet once a month to discuss all business and later refer it to the club in condensed form to pass upon. This will give the club more time

to have interesting programs at the regular meetings.

The square dance which was to be given at the Memorial Hall on May 2 was called off and the club will present the last square dance of the season at the Federated Club rooms on that date. This will necessarily be a smaller dance than the others and the club will have room for only one hundred people. These reservations can be made at once for the dance.

In further discussion for the special edition, Mrs. Alma Lyle said that she would type all the special articles which the members will write.

Mrs. Lucille Holman was a club guest at this meeting.

The members authorized a loan for a girl who wants to go to school. This loan was made from the club's school girls loan fund.

An interesting meeting and a large attendance along with the many business matters made up a fine program is the report given by members.

Cast Is Chosen For College Play

Members of the cast of the commencement play of the Howard Payne Players have been chosen and work on the play will start immediately it was said by Miss Antonette Sparks, director of Speech Arts in the college. The club has chosen as their final play of the year one of Sir James Barrow's plays, "What Every Woman Knows," a delightful comedy which has been considered one of his best works.

A large number of students tried for the parts in the play and after much deliberation the cast was chosen. Several new actors will be seen in the production but they will be aided by favorites of other plays including Imogene Lane, Oswald Daugherty, Ben Beach, Vernon Clower, and many others. The cast is large and the setting is in one of the English countries.

Capone Served With Court Order When Returns to Florida

MIAMI, Fla., April 23.—(P)—Alphonse Capone, Chicago racketeer, who came back to Florida under protection of a federal injunction after the governor had instructed state authorities to deport him, has been served with a copy of court proceedings to padlock his Palm Island residence as a nuisance.

A temporary injunction with a hearing Saturday was asked in a petition filed in circuit court yesterday by State's Attorney N. Vernon Hawthorne.

Warrants were issued for their arrest. Samuels has been in St. Luke's hospital in New York City since about April 15. Service on him will be obtained by the United States marshal's office in New York. Baker is in Fort Worth.

The complaint alleges that Samuels and Baker made and caused to be made a false entry in an individual ledger of the Tarrant county water control and improvement district No. 1 construction fund. The alleged false entry, claimed to have been in the amount of \$1,274,593.98 was under the date of January 31, 1930, the day on which the bank closed its doors, the government contends.

DOEG LOSES TO ALLISON

WHITE SULPHUR SPRINGS, W. Va., April 23.—(P)—Wilmer Allison, Jr., Austin, Texas, defending champion, defeated John Doeg, Santa Monica, California, in the first quarter final match of the Mason and Dixon tennis championship, 7-5, 6-3, 6-3, 6-2.

Mayfield to Open Campaign April 26

AUSTIN, Texas, April 22.—(P)—Earle B. Mayfield, former United States Senator, will open his campaign for governor at Willsboro April 26 at 2 p. m.

M. D. Carlock will preside at the meeting and W. M. Pierson of Dallas will introduce the Senator. Pierson was born and reared in Willsboro and was a classmate of Senator Mayfield in the law department of the University of Texas.

Willsboro is in the northeast corner of Wood county and within 10 miles of the county lines of Upshur, Camp, Franklin and Hopkins counties.

Organization Women On Prohibition In Meet at Cleveland

CLEVELAND, Ohio, April 23.—(P)—More than 200 members of the women's organization for national prohibition reform met here today for the first national conference to adopt a policy and perfect a permanent organization.

The organization was formed a year ago in Chicago with the object of bringing about prohibition reforms and showing that the women of the country are opposed to the present dry laws, according to Mr. Charles H. Sabin of New York, national chairman.

AWARDS ARE MADE AT MEETING IN INTEREST OF GOOD CITIZENSHIP

A program on Good Citizenship was sponsored by the American Legion Auxiliary at Daniel Baker College auditorium last night. A large number of people were present to see the stunts put on by the various schools entered in the contest.

The Daniel Baker Orchestra and the Coits Band gave several patriotic numbers for the occasion. Mrs. W. T. Fisher had charge of the program and Mrs. W. M. Hooper represented the Legion Auxiliary. Thomas R. Scott and Rev. Joe S. Cook made talks on patriotism and good citizenship.

All the schools of the city were represented in putting on patriotic stunts and numbers. All these numbers were enjoyed very much and most of them were very excellent. The children of the school had worked hard in preparing them. South Ward won the \$5 in gold for having the best number.

Thomas Broughton of Senior High school won the \$5 in gold for the best all around essay on Good Citizenship. Mildred Williams of Looney Ward school won the \$5 gold piece for the best essay in her division and Mary Hart of Junior High school won the \$5 gold award in her division. These awards were presented by Gus J. Rosenburg.

The concluding number on the program was "Star Spangled Banner," played by the Daniel Baker Orchestra.

The American Legion Auxiliary sponsor these Good Citizenship programs every year for the school children and make appropriate awards for the best essays written on the subject. The purpose is to teach the children the fundamentals of being a good citizen and to impress upon them the importance of being good citizens in the community in which they live; also to teach them loyalty and patriotism. The Auxiliary members are well pleased with the success of the program last night they said today.

Charges Filed Against Heads of Defunct Bank

FORT WORTH, Texas, April 22.—(P)—Charges of misapplication of \$1,297,363 in Texas National Bank funds and of false entry in an individual account were filed today in federal court against B. B. Samuels, president, and A. L. Baker, vice-president, of the defunct institution by Norman A. Dodge, United States District Attorney.

Warrants were issued for their arrest. Samuels has been in St. Luke's hospital in New York City since about April 15. Service on him will be obtained by the United States marshal's office in New York. Baker is in Fort Worth.

The complaint alleges that Samuels and Baker made and caused to be made a false entry in an individual ledger of the Tarrant county water control and improvement district No. 1 construction fund. The alleged false entry, claimed to have been in the amount of \$1,274,593.98 was under the date of January 31, 1930, the day on which the bank closed its doors, the government contends.

2 KILLED AND 5 INJURED IN SUNDAY WRECK

ABILENE, Texas, April 21.—(P)—Two children were dead and Mr. and Mrs. Harve Smith of Thrifty, Brown county, and Mrs. T. E. Brice of Coleman were in a hospital here in a critical condition and two other children were hurt as the result of an automobile accident south of Lawn, 30 miles south of here, yesterday.

The accident occurred when a Brownwood-Abilene bus started around a string of cars and collided with the Smith car. The group was returning home after visiting Mrs. Brice and Smith's parents, Mr. and Mrs. J. H. Smith at Jayton.

The dead were a four-year-old son of the Smiths and Dink Brice, seven years old Bobby Smith, 2, and Levera Smith, 8, were the children hurt.

Reports from Abilene at noon today said that those who were taken to the hospital there after the crash of their car and bus near Lawn, were all resting well with the exception of Mr. Smith, whose condition was not so favorable. Mrs. Brice has a scalp wound and a broken leg, the Smith girl has a broken leg, the two year old baby has a broken leg, Mr. Smith who was driving was in-

jured more than the other occupants, both legs were broken a scalp wound and other injuries, his skull was not fractured. No report was available concerning the condition of Mrs. Smith.

Merle Woodward owner of the bus left for Abilene immediately after the wreck and is there at present. Eldon Bird, driver of the bus was not injured and the one passenger in the bus escaped injuries. Officials of the Union Bus station here knew no particulars of the wreck today and were unable to add anything to what was already known.

It was said that the bus was a complete wreck and no effort to repair the machine would be made. Mr. Brice is a carpenter in Coleman and Mr. Smith is employed by the Shell Petroleum Company at Thrifty.

E. H. McIntyre and Joe Mitchell employees of the Shell Company left Sunday afternoon for Abilene to be with Mr. Smith.

Kidnaping Report Found Erroneous

Reports were current yesterday of a kidnaping at Rising Star, alleged to have taken place Sunday night, but investigation of the matter proved that the report was without foundation and no charges were made in the case. It seems that a girl went riding with two boys who lived near that place and when she did not return home at the time expected her father became alarmed and the kidnaping rumor was started. Officers were called to investigate the matter, but no action taken.

DEMPSEY TO HUNT LIONS

CHICAGO, April 23.—(P)—Jack Dempsey is going to Africa to hunt big game.

Apparently postponing whatever plans he had of a ring comeback, the "Manassa Mauler" has accepted the invitation of George F. Getz, Chicago millionaire sportsman and big game hunter, to try his aim at lions and tigers in African wilds next winter.

Dempsey plans to take boxing gloves and other ring accoutrements along, however, for conditional workouts and to teach the savages the manly art of defense.

"Maybe I'll find a new heavy-weight champion in one of our Safaris," Dempsey bantered. "Who can tell? Anyway, I hope I don't miss my aim at any lions."

Many of the former champion's friends believed his trip to Africa will definitely close his ring career, if it hasn't already been closed.

Arm Injured By Accidental Shot

W. E. Flowers, who lives about five miles out of Blanket on the Brownwood road, was a victim Friday of a rather serious accident, when his gun went off the shot hit the muscle of his left arm. Mr. Flowers was sitting on his porch at his home shooting at some ground

squirrels. He had his gun across his lap and it slipped and the hammer struck a cement slab, discharging the gun. The shot tore most of the muscle of his left arm away.

He was brought to Brownwood for treatment and is now resting nicely at his home, it was said today.

Hundreds Attend Funeral Services of Hon. R. Q. Lee

CISCO, Tex., April 22.—(P)—Congressman R. Q. Lee was buried here yesterday while hundreds of West Texas friends and three colleagues in the United States Congress paid their last tribute.

Congressman Daniel E. Garrett, his close associate in the House, and Senators Sheppard and Connally eulogized the man who made a name in the business and farming world before starting on a political career. Services were held at the First Baptist Church.

"His life," said Senator Sheppard, "is a demonstration that the most powerful forces are the quiet ones."

Convicts Locked In Cells Meet Death Amid Scenes Of Confusion And Terror

COLUMBUS, Ohio, April 22.—(AP)—Tales of heroism and of the face of disaster were told today within the grim walls of the Ohio penitentiary where 317 convicts, locked in their cells, were burned to death and suffocated last night in one of the most life-destrating fires in history.

As guards and inmates of the prison recounted details of the catastrophe, a state commission appointed by Governor Cooper sought to learn what caused the blaze and why the prisoners were not liberated in time to escape.

SCORES OF UNDERTAKERS WORK

In the Horticultural Building at the State Fair Grounds, scores of undertakers worked to prepare the victims for burial. Identity of 25 of the dead convicts had been established. The others, trapped in their fire-bound cells, were so badly burned identification was almost impossible.

Convict heroes and prison guard heroes were told of time and again by the inmates who escaped death. These men, locked in the big prison yard when the flames broke out in the northwest cell blocks, told of fellow convicts and of guards who mindless of their own safety, dashed into the hot smoke-filled tiers in valiant efforts to free the trapped men.

GUARD IS SUSPENDED

Murmurings last night against Thomas Watkinson, guard who was charged with refusing to give up the keys to prisoners who wished to invade the inferno, brought his suspension today by Warden Preston E. Thomas, Watkinson, one of two guards on duty in the section where death took its greatest toll, was suspended pending investigation.

Prisoners and guards agreed to

to the two outstanding heroes of the disaster were Guards Tom Little and W. C. Baldwin. These men, braving the deadly smoke and heat, went into the blazing tiers and liberated convicts until they were overcome. They were rescued by convicts.

His Praises Sung

"Big Jim" Morton was another whose praises were sung. The former Cleveland bank robber unhesitatingly flung himself into the inferno in and out of the flaming building, carrying an unconscious fellow prisoner. And "Big Jim" kept up his heroic struggle against the odds until he fell a victim to smoke and heat. Today he was well on the road to recovery.

Other unnamed heroes, whites

and negroes, clad in prison garb, were in the ranks of the fearless. These braved death time and again, carrying the dead and the dying from the over-crowded cells.

Some convicts—those who refused to maintain discipline, and who threw stones and cut fire hoses—drew hot words of condemnation from both guards and prisoners. These were the "sore spots."

An Armed Camp

The prison today continued an armed camp. Soldiers were on guard within the walls and outside of the barriers. All was quiet within the penitentiary. A flurry of excitement came when fire engineers were rushed through the gates to fight a blaze in the smoldering ruins. During the morning Governor Cooper and his committee of inquiry visited the spot where the fire started, and then went into the block which last night was the tomb of many men.

COLUMBUS, O., April 22.—(P)—Lives of 317 Ohio penitentiary convicts were snuffed out by flame and smoke while they were locked in their cells last night, according to the official casualty count made today by state officials.

More than 150 other prisoners were in the penitentiary hospital, and a score of these were in a critical condition from burns and from smoke they inhaled while fire raged in parts of four cell blocks.

The penitentiary housed 4,300 convicts, some 2,500 above the capacity for which it was intended, when the fire broke out in incendiary origin, and fanned by a stiff wind, swept through the upper tiers of the four blocks, spreading death and suffering in its wake.

Scream to be Released

The flames were discovered shortly before 5:30 p. m. Within several hours the fire had been brought under control, but the suffocating smoke continued to take its toll among the convicts. In the adjoining cell blocks men screamed to be released. And when the prison officials capitulated to their demands the wide penitentiary yard became

a streaming mass of gray clothed men.

Before two hours had passed this mass, picking their way among countless bodies spread over the yard, became a threatening menace. Some of them cut the fire hose which continued to play upon flames that spread to the prison cotton and woolen mills. Others hurled stones and slugged the guards that were trying to maintain order. In the dining hall dishes and tables were upset.

Every available policeman in Columbus was summoned for duty both within the prison and on the outside. A sub-machine gun in the guard room protected the entrance to the prison yard.

Two companies of regular army troops and 1,500 Ohio National Guardsmen were stationed at strategic places about the penitentiary. Every guard on both day and night shifts was on duty.

When the thousands of milling prisoners in the yard were ordered to assemble in the dining room many refused. Later they were ordered into the remaining cell blocks and dormitories, but they insisted upon staying in the yard, crowding about the bodies arranged in long rows five and six deep.

Scenes of Confusion

Scenes of confusion and terror accompanied the outbreak of the flames. They started in the northwest corner of a new building of cell blocks, part of which still was under construction, not more than half an hour after prisoners working on the job returned to their cells.

Apparently the flames broke out in several places simultaneously, officials said. Everything pointed to incendiary origin, they indicated.

Liston G. Schooley, Cleveland counselman serving a term for participation in a playground fraud, was at work in the deputy warden's office on the opposite side of the prison yard. He saw smoke rising from the cell blocks.

About the same time Charley Sholkey, prisoner quartered in the damaged building sounded an alarm on Range two of section H. Sholkey, a practical joker, was not taken seriously by his fellow convicts until they saw the red reflection in the windows of a manufacturing plant near the penitentiary.

Then a great scream emanated from sections G and H. In each there were six ranges of seven cells, housing four prisoners to the cell. The flames and the smoke were eating toward them rapidly.

William C. Baldwin and Tom Little, guard captains, dashed to the flaming building with keys to the cells.

At the same time other guards ran to the deputies' office where Schooley, in the absence of officers, began handing out orders and issued all the keys he had.

Unlocking Cells

Guards Baldwin and Little rushed into the smoke filled building, took the keys to the ranges from the day guards and started unlocking cells as quickly as they could. Meanwhile, fire companies, answering four alarms, spread every foot of hose available.

As the guards released convicts from one range, they climbed to the next. Men were choking and gasping for breath. Many joined in the rescue work.

After he had unlocked the last cell on the fourth range Little collapsed. Four inmates carried him out. Baldwin struggled on to the fifth tier; then, he too collapsed and was carried to safety.

On the fourth and fifth ranges look its toll rapidly. The lungs of the trapped men were filled with smoke. Ghastly sights greeted the rescuers. Suffocating men lay on the floor clutching with pale, white fingers at the bars that held them in.

Others were stretched across and under their bunks. Some had tried to buy their heads in the lavatories in the cells, and still others had grabbed their blankets or torn their shirts from their backs to drench them with water and place them over their heads.

Streams of water washed through the mesh and the iron bars and formed rivulets in which the faces of fallen men were buried.

Masses of Flames
Hundreds had been carried from the structure and above the heads of the rescuers in the sixth and last range were more than a hundred others who could not possibly be saved. Bed mattresses and the cots were masses of flames.

Locks on the cells were battered away with sledge hammers. The mesh walls of the ranges were cut away with wire cutters. Hose lines, winding a path up the flights of stairs got in the road of stumbling men.

Outside the smoke filled building the scene resembled a field of battle strewn with corpses.

At first, the prisoners who had escaped emerged in pairs carrying a comrade by the arms and feet. They hurried across a small clearing covered with new lumber and dropped the victims into the grass.

Then they knelt beside the choked men, turned them on their stomachs and applied methods of resuscitation. For a while this revived the victims but soon they came so fast that the band of convicts found themselves stumbling over each other, dropping the men they had carried out and hurrying back for others.

Groans and feeble cries, from the men who were working over them rose from the ground. Seared and blackened faces bespoke the futility of pondering over men who already were dead.

Doctors and Nurses

Out of the guard room door poured doctors, internes, nurses, priests, and ministers. Dying men cried for the last rites of the church. Medical men some without hats or coats and others in uniforms of white tramped over the ground, which became soggy under the burden of many feet.

Two hours after the fire started daylight had faded away and weary, troubled men worked on under the rays of the arc lights that gave the prison yard a dismal appearance.

It was about this time that muttering prisoners, chilled to the bone in the night air because they would not obey orders to go inside, started disturbances that caused much alarm.

Wide prisoners assembled in small

groups in the prison yard. The guards could do nothing with them.

Stones flew through the air occasionally, and one a band of men rushed a gasoline supply truck that had been brought into the yard and tried to set it afire. Several prisoners intervened, were pelted with tin cups and dashed away.

But the men apparently convinced themselves there was little to be gained by adding to the appalling situation created by the fire. The groups thinned out to mere handfuls. They took to their bunks.

This morning the scene of death had shifted to the fair-grounds where a small army of undertakers worked through the night preparing the bodies for burial. One hundred guardsmen were on duty there, patrolling the grounds to keep away the morbidly curious.

3 Murder Cases Set for Trial on Coleman Docket

COLEMAN, Texas, April 23.—(Sp)—District Judge E. J. Miller, presiding at the spring term of district court for Coleman county, yesterday set three murder cases for trial between the 28th day of the present month and May 5th, and three special venues have been ordered.

John Norman trial is set for Monday, April 28th; Frank Huckers case

for April 30th, and Mrs. LeBaron will be arraigned May 5th.

The Norman case is the outgrowth of an automobile accident near this city June 15th, 1928, in which Mrs. M. H. Casey of Belton was instantly killed and four others seriously injured. Mr. and Mrs. Casey were en route from their home in Belton to Talpa to visit a sister of Mrs. Casey, Mrs. S. H. Mercer. At the time he was charged with negligent homicide and driving an automobile while intoxicated.

The Frank Rucker case is the outgrowth of the fatal shooting of Guy Green, prominent Coleman county farmer, September 19th, in the negro section of the city. At the time of the shooting Rucker was

chief of police of Coleman and was until the defeat of the entire city commission and mayor in the April 1st election.

Mrs. LeBaron is also charged in connection with an automobile accident on the night of October 14th, in which Garland Roy, baby boy of Mr. and Mrs. Cecil Freeman, was killed and other members of the Freeman party injured.

AUTOS TAKE HUGE TOLL

According to recent estimates, more than 180,000 people were killed, and over 6,000,000 injured, in automobile accidents in the United States during the past 10 years.

Search Continues For Boy Lost In California Hills

REDDING, Calif., April 23.—(P)—A 5 year old boy, Asa Lee Lakey, lost in the wilds of Mount Burney, today was sought by nearly 400 woodsmen, mountaineers and Indians, aided by an army observation plane from Mather Field, Sacramento. Trackers, seeking the boy since Monday, admitted hopelessness of the quest, pointing out the child could not be expected to long survive the cold mountain slopes.

HIGHER COURT SUSTAINS TWO DEATH VERDICTS

Dick Hazard, whose sentence by the Hamilton county district court has been affirmed, as stated in the following report from Austin, was given a death sentence in a trial at Comanche in August, 1928, on a charge of criminal attack on Velma Bankhead of DeLeon on the night of July 21, 1928. The case was reversed and taken to Hamilton county on a change of venue. In Hamilton he was given a sentence of 99 years.

Andy Page, whose case was also affirmed, was sentenced in Brown county on a charge of selling liquor.

AUSTIN, Tex., April 23.—(P)—The Court of Criminal Appeals today affirmed death sentences against Monty Jackson, convicted in Fort Bend county, and Lus G. Arcos of Medina county. The life imprisonment conviction against Stanley Taylor, Harris county, was affirmed.

Jackson was charged with the murder of E. C. Cornelius, on June 20th, 1929, and Arcos was found guilty of the murder of Joe Barrientes on Christmas Day, 1928. Taylor was convicted of the murder of Geo. Connor on August 6th, 1929.

The court overruled motion of the state for a rehearing in the case of Ofilio Herrera, convicted in Mason county and given death for the murder of Sheriff A. T. Murray on February 28th, 1929. The court had previously reversed and remanded the verdict on account of absence of malice aforethought in the indictment.

The court affirmed the verdict of 99 years against Dick Hazard, of Hamilton county, for criminal assault.

Improper Argument

The conviction carrying imprisonment of 15 years against Henry Parnell of Grimes county for the murder of Julius Green last May 6, was reversed and remanded on account of improper argument by the District Attorney.

A reversal was ordered in the case of C. B. Marris, convicted by a Shackelford county grand jury for the murder in Stephens county of John Glenn on November 24th, 1927, and given 25 years. The court ordered a new trial on grounds the jury discussed matters not connected with the testimony while considering a verdict.

Because of absence of the allegation of malice aforethought in the indictment, the conviction of 25 years against Jack Colbert, Henderson county, was reversed and remanded. He was indicted for the murder of L. Claunch on July 27th, 1929.

AUSTIN, Tex., April 23.—(P)—The following proceedings were had in the Court of Criminal Appeals today:

The Naval Treaty Is Signed

THE LONDON NAVAL agreement has been completed and signed, and will be presented to the governments of the five signatory powers for their approval.

To most of us, perhaps, the terms of the agreement will have only limited significance because we are unable to understand them. Such terms as "capital ships," "total tonnage" and "auxiliary ship ratio" need to be interpreted for us if we are to get a picture of what it is that is embodied in the agreement.

Since only thirty days will be available for campaigning, it will be impossible for a candidate to cover the entire district and the interest aroused in the contest, if there is to be a contest, will be comparatively small.

Of probably more importance than the actual terms of the London treaty is the fact, demonstrated through the past three months, that the leading powers of the world, through accredited representatives, are able to meet around the conference table and discuss international agreements affecting not only the vital policies of individual governments, but the age-old traditions of their peoples.

There is not the remotest probability that the United States and Great Britain will ever go to war with each other; and under the terms of this agreement either nation will possess a balance of power for either peace or war should the other become involved in a conflict with any other world power or with all the other world powers.

Mr. Lee's Successor

ALTHOUGH criticised in some quarters because of his determination to call a special election at an early date for the purpose of naming a successor to Hon. R. Q. Lee of Cisco, as Congressman from the Seventeenth District, Governor Moody has reiterated his intention to issue the call for the election at once in order to meet the requirements of the statutes.

Precedents for such action are pointed out by Mr. Moody, including the special elections in which J. P. Buchanan was elected to succeed A. S. Burlison, and when Guinn Williams was elected to succeed Lucian Parrish. Mr. Burlison resigned to become Postmaster General in the Wilson administration, and Mr. Parrish died.

The interest of citizens of the Seventeenth District is directed not so much toward this phase of the matter as toward the selection of a new Congressman to take Mr. Lee's place. Several suggestions have been made as to probable candidates for the office, but thus far we have noted no definite announcements.

Since only thirty days will be available for campaigning, it will be impossible for a candidate to cover the entire district and the interest aroused in the contest, if there is to be a contest, will be comparatively small.

At the present time there are a dozen or more candidates for Governor. Almost every day a new one is announced, and half a dozen prospective candidates are in the offing, awaiting a little more encouragement before entering the arena.

At the present time there are a dozen or more candidates for Governor. Almost every day a new one is announced, and half a dozen prospective candidates are in the offing, awaiting a little more encouragement before entering the arena.

One has only to review the incidents of the past half dozen campaigns to see the danger in the present situation. In almost every campaign the two candidates representing the extremes of political opinion have been pitted against each other in the run-off primary, while the group of candidates who were conservative in their views were eliminated in the first campaign.

ation and sets up some kind of machinery for correcting the existing evils.

From the standpoint of the party's welfare, it is imperative that steps be taken to avoid a concerted bolting of the party next November. The bolting spirit was first introduced in 1922, when the Democrats of Texas were compelled to choose between James E. Ferguson and Earle B. Mayfield, as candidates for the Senate.

The most serious phase of the matter, however, is that Texas suffers when the Governor is the choice of a small minority group or faction and is not heartily endorsed by a majority of the people. Even if a good man were elected under such conditions, he would be denied the active co-operation of the Legislature and of the public, and would be able to do very little toward giving the state an acceptable administration of the public business.

He can be nominated, and elected, and the interests of the party and of the state as a whole can thus be served.

DR. W. H. COLEMAN WILL BE MEMBER OF METHODIST CONGRESS

Dr. William H. Coleman, D. D. presiding elder of the Brownwood District, was honored at the last session of the Central Texas Conference by being selected as a delegate to the coming Congress of Methodism, or General Conference, which is to convene in Dallas on May 7th.

This is the law making body of the Methodist Church, South, and meets only quadrennially—every four years—and is in session for about three weeks.

This body will be composed of about four hundred selected delegates, half of whom will be ministers and half laymen. They will represent a membership of over eight thousand ordained ministers and nearly three million lay members, embracing a territory covering the greater portion of the United States and eleven foreign mission fields.

Many matters of importance are being suggested to these delegates for legal action by the body when it convenes. Among them are propositions stated as follows:

To unify the church budget, simplify the financial system, do away with all assessments and make one annual appeal for voluntary offerings to cover all the interests of the cause of Christ that are committed to the church.

To consolidate all the educational boards of the church, simplifying the organizations and activities, reducing the expenses of operating and more closely correlating the work.

To elect bishops for a term, instead of for life.

To double the size of each presiding elder's district, thus decreasing the number of presiding elders and the expense to the church.

To devote the next four years primarily to the promotion of spiritual cultivation and evangelism.

As in the national congress, all legislation will be brought out in committee before being presented to the assembly of the entire body.

Dr. Coleman has been assigned to the Committee on Education. This is the third quadrennial General Conference of which he has been a member.

Official headquarters of the delegates will be the Adolphus Hotel. The daily sessions and evening addresses will be in the First Methodist Church and will be open to the public.

At these evening hours there will be great addresses by distinguished church men from all parts of the world.

Owners Can Get Their Property By Calling For It

W. Lee Watson called at the Bulletin office this morning and said that he wished to run an ad in the want ad department. After being told that this would be appreciated he said that the only thing about the ad was that he would not pay for it, but wanted to run it like a lost and found ad with the owner of the property to pay on receiving the property.

He said that the ad he wished to insert was for the two men who left in such a hurry last night when he came out of a house where he was visiting that they forgot to take their gasoline can and hose, away from his car. He said that he would run that ad and if the two men would come to him they could get their can, hose, and other stuff, but that he had poured the gasoline back into his car. He said they left in such a hurry that they forgot to stop the syphon and some gasoline spilled, but that he knew they would be glad to pay for this when they claimed their can.

GETTING NAMES OF ENTRIES FOR DISTRICT MEET

The lists of names of the students from the different schools in the eight counties which make up Interscholastic League District Thirteen, are being received by Thomas H. Taylor, director general of the meet. These entries will take part in the meet which will be held at Howard Payne college Friday and Saturday. Many of the various schools that have entries in the meet have sent in the names of their contestants, and some have not. Dr. Taylor said today that it was not absolutely necessary that these lists be sent in, as any student who won first place in the county meets was qualified to enter the district meet; in some cases like in extemporaneous speaking, the first and second place winners in the county are entitled to enter the district meet.

The finals in boys and girls debates will be held on the night of April 18 at Auditorium. These debates have been held in the afternoon heretofore, but the directors thought that the debaters should have larger crowds to hear them and have given them places on the night program this year. The extemporaneous speaking will also be held Friday night and will be heard at the First Baptist Church.

Counties in District
The counties which make up District Thirteen are Brown, Coleman, Comanche, Hamilton, McCulloch, Menard, Mills and San Saba. All of these counties will have entrants in the district meet.

The district officers in the literary part of the meet are: Thomas H. Taylor, director general; C. H. Hufford, Coleman, debate; W. G. Barrett, Comanche, declamation (senior); D. A. Newton, Goldthwaite, declamation (junior); E. E. Pierce, San Saba, extemporaneous speaking; C. A. Peterson, Brady, essay writing, and Cameron Marshall, Brownwood, music. These officers will have charge of running off the contests as scheduled.

Friday morning, April 18, at 10 o'clock, all contestants in the meet are required to report to Mims Auditorium for the opening exercises. This exercise will be more for the instruction of the contestants and directors than anything else and will be only a short program.

Schedule Announced
The schedule is as follows:
Friday, April 18, 10 a. m.
Opening exercises, Mims Auditorium, 10:30 a. m.
Senior Declamation, Mims Auditorium.
Junior Declamation, First Baptist Church.
Boys Debates, Academy Building.
Three R Contest, Main Building.
Girls Debates, Main Building.
Essay Grade, President's Office, 2:30 p. m.
Declamation Concluded.
Semi Finals in Debate, 7:30 p. m.

Extemporaneous Speaking, First Baptist Church.
Finals in Boys and Girls Debates, Mims Auditorium, Saturday, April 19, 10 a. m.
Music Contest, Mims Auditorium.
Judges are now being secured for the different contests and will be announced later.
President Thomas Taylor, said today that everything seemed to indicate that the meet would be a big success. He said that the people should come out and hear the contests and encourage the boys and girls who have worked so hard in the different events. There will be no charge for any of the contests. The medals to the winners are given by the Brownwood Chamber of Commerce and the winners in this district go to Austin for the league meet there.

LIONS CLUB MEETS WITH DOMESTIC SCIENCE CLASS OF HIGH SCHOOL

A very interesting meeting was held by the Brownwood Lions Club Tuesday when they met with the Domestic Science Department of the High School in the Domestic Science Cottage.

The program was given by students of the school. James Forsey gave a number on the accordion, which was very much enjoyed. A trio of high school boys sang several popular numbers and the High School Glee Club rendered two numbers, all of which were enjoyed. Leander Hall made a talk, taking excerpts from speeches of famous men. Raymond Green played two harmonica solos. Every number on the program was enjoyed by the members of the club.

There was no particular business to be attended to, but several of the members said that they were going to attend the district Lions Club meeting in San Saba next Tuesday and others said that they would go to the state meeting at Austin, May 12, 13 and 14.

A report from the Easter egg hunt which the club gave to the children of the city Saturday, showed that it was a success in every way. More than 4,000 eggs were found out at Coggin Park by the children. J. C. Galloway and W. E. Burleson, who had charge of the hunt, said that the children were all pleased and that a larger attendance was had than at any other hunt ever sponsored by the club.

The members declared that the Domestic Science Department had served a splendid meal and that everybody enjoyed it very much. There was a good attendance at the meeting, thirty-seven members and three visitors.

NEW CHIEF GETS

HOT SEAT, ALDERMAN G. B. BOHANNON BELIEVED RESPONSIBLE

The fifty or more Brownwood citizens who attended City Council meeting Tuesday night to see Bert Hise, T. Carlson and Claude Weed on harnessed up as new city officials, were well repaid for their trouble when the city's new Chief of Police, as he sat down to put his "John Henry" on the dotted line under the oath of office, suddenly realized that he had a "hot seat." Well, Chief Hise wasn't exactly electrocuted but two dry cell batteries, with their charges of electricity properly circulating through the bottom of a chair, make retention of a sitting posture rather difficult. At any rate, the former sheriff of this county abandoned, rather hurriedly, the chair that G. B. Bohannon or some one else, had prepared for him.

Immediately following Council session, the spectators had a little more fun watching the new policemen strap on their toy cannons. In fact the entire evening was made enjoyable by the good natured fun making that was carried on by incoming, as well as, outgoing officers.

The city's new Police Chief was presented with an engraved, gold badge, emblematic of his office, by Homer Duncum, Brownwood merchant. It is a most attractive badge and Chief Hise is elated over the gift.

MAN ARRESTED HERE TUESDAY CONNECTION FORT WORTH MURDER

Sam Rhodes was arrested here early Tuesday by Sheriff M. H. Denman at an address on Bell Plain. Rhodes was arrested at the request of Fort Worth officers who stated that he was wanted in connection with a murder there in March. H. W. "Dusty" Rhodes of the Fort Worth police department arrived here at 2 o'clock to return Sam Rhodes to Fort Worth.

No formal charges have been made against Rhodes in connection with the murder, but he is wanted for investigation. He was wanted following the murder of Mrs. Pearl Voss who was found in a pasture about six miles north of Fort Worth Sunday, March 16. It was found during the investigation of her death that she was seen with Rhodes at 11 o'clock Saturday night. Her body was found, officers state. She had been murdered with a hammer, prints of both the face and claws of the hammer were left on her head.

Rhodes left Fort Worth immediately following the young woman's death and "Dusty" Rhodes has been searching for him since that time. It is learned. Investigations showed that he had relatives living in Brownwood and Sheriff Denman was notified to keep a sharp lookout for the man. He was arrested this morning before he arose from bed.

"Dusty" Rhodes, well known Fort Worth officer said on his arrival here that although his own name and that of the man arrested were the same that there was no relation between the two. "We have the same name, but we are not any kin, thank goodness," he said when he introduced himself to Sheriff Denman. He left this afternoon for Fort Worth with his prisoner where the latter will be questioned in connection with the death of Miss Voss.

FUNERALS TO BE HELD FOR TWO CRASH VICTIMS TODAY AND WEDNESDAY

Gertrude Brice, 7, who was killed Sunday near Lawn, 30 miles south of Abilene, when the car in which Mr. and Mrs. Harve Smith and family and Mrs. T. E. Brice and children were riding collided with the Brownwood-Abilene bus, will be buried at Coleman at 5 o'clock Monday. The body of Eldridge Smith, 4, son of Mr. and Mrs. Harve Smith will be brought to Brown county Wednesday for burial.

Mr. and Mrs. Harve Smith and Mrs. T. E. Brice are still in the hospital at Abilene, but reported to be resting nicely. Levera Smith, 8, who sustained a broken leg in the accident is able to sit in a wheel chair today. Walter Smith, 2, suffered only cuts and bruises in the wreck and was dismissed from the hospital Monday afternoon.

Mrs. Smith is a daughter of Dr. H. L. Locker of Brownwood. Dr. Locker is now in Abilene, having gone there immediately upon receipt of a telegram Sunday telling him of the tragic accident.

May Woman Wins First Place In Butter Judging

Mrs. Duey Petty of May won first place in the annual butter judging contest for Home Demonstration Club members at the Memorial Hall Saturday. She will represent Brown county in the state butter judging contest at the Short Course this year. A free trip to the course was given by the Brownwood Chamber of Commerce.

Second prize went to Miss Frances Miller of Jones Chapel. Third place was won by Mrs. Walter Timmins of Zephyr; fourth, Mrs. Ray, McDaniels club; and fifth Miss Winnie Swenson, Mukewater.

The contest was conducted by Miss Mayesie Malone, county home demonstration agent, and Mrs. Elizabeth Temple, home economics expert of the Frisco Railway.

Phil E. Baer of Paris, Texas, has been United States marshal under four of the last five presidents.

Formal Opening

--NEW HOME OF AUSTIN MORRIS COMPANY--

It is with great pleasure that we announce the FORMAL OPENING of our new and most modern home—Tuesday, April 29th—afternoon and evening—2:00 p. m. to 10:00 p. m. It is our honest opinion that we are now occupying one of the most beautiful buildings in Brownwood, and have the most convenient location. You are invited to visit us at any time, but especially during our formal opening.

FURNITURE DEPARTMENT OF AUSTIN-MORRIS COMPANY

We have plenty of floor space for arranging the display of our Furniture. . . . All of which is a new and fresh stock and at the lowest prices that the new market affords.

Visit us in our new location, note the most beautiful Furniture we have on display, and conveniently arranged for your approval.

On the main floor we are showing the finest quality, living room suites, a few bed room suites, stoves, dishes and queensware, phonographs, floor coverings of all kinds, and many other odd pieces of furniture that you will admire.

The mezzanine floor is arranged with a complete stock of bed room suites, living room suites, dining room suites, odd chairs, beds, mattresses, desks, breakfast suites, day beds, springs, children's bedding and many other pieces of fine furniture that will be of interest to you.

Efficient Service

Conveniently Located

AUSTIN-MORRIS FUNERAL HOME

In planning for this Funeral Home we have endeavored to arrange it so it is most convenient that we may give the best service possible. In doing this we have not overlooked the comfort of the bereaved. Everything is arranged in a way that makes for the comfort of those that are in sorrow.

We are very fortunate indeed to get the wonderful location as we have for our Funeral Parlors. They open on a quiet street that has plenty of parking space and is in a semi-residential section of the city. We think there is no other location in Brownwood so well, for this equipment, as our opening on this noiseless street.

In connection, there is a most efficient Ambulance Service, and by calling 303 at any time of the day or night, there is immediate service on all types of emergency calls.

A VISIT TO OUR NEW HOME WILL CONVINCING YOU OF THE HIGH TYPE OF SERVICE WHICH IS RENDERED HERE, BOTH AS FUNERAL DIRECTORS AND DEALERS OF FINE FURNITURE. . . .

Junior Day
The Junior Class of Zephyr high school spent a very enjoyable day Friday, April 18, on their Junior Day for the year of 1930. There was a party of nine including our sponsor, Miss Lettie Beth Morris and Mrs. D. F. Petty. The seven juniors were Alia Rae Coffey, Ethelmore Piller, Aurelia Petty, Maxine Boase, Alta Fae Parker, Plurnoy Huggins and Norvin Coffey.

They visited the Build Dam and took some very pretty pictures of the sparkling water as it ran over the dam. They were received with a hearty welcome at the Brownwood filtering plant. Here they were

carried through the plant which was very interesting as well as educational. They also visited the Coggin Park and from there to the Brownwood florist. They then went to a beautiful grove on the bayou where a very pleasant two hours was spent eating the grandest spread lunch and taking pictures. After lunch they went to the Lyric theater and saw "Only the Brave." By that time it was

growing late and they returned home being very proud they were juniors, having spent such an enjoyable day.

During the day they enjoyed a delicious box of candy that was presented to the class by Franke's Candy Kitchen.

Mrs. Garland Boland formerly of Crane is spending a few days with friends and relatives of this place.

NIG MC CARVER TOO MUCH FOR HUGH AND GUS

BY BRUCE M. FRANCIS Bulletin Sports Editor INABILITY of Hugh Ratliff, erst-while Freshman sensation out at Daniel Baker and Gus Snodgrass, veteran Hill Billy speed merchant, to outstrip the veteran Nig McCarver, Howard Payne's fourth year sprinter in either the century or furlong in the six cornered meet at Austin Saturday afternoon, afforded fans more or less of an upset, as many Brownwood track enthusiasts, including not a few Howard Payne boosters had all but conceded the furlong to Ratliff.

Texas Conference of T. I. A. A. record for the furlong, is evidence enough that these two lads were scotching the entire distance.

Then came the 200 yard hurdles and Nig's fourth victory, despite that Henry and Monrick of Texas, two of the Southwest's best hurdlers were fighting for a victory. And the winner's time, 23.9 seconds, gentlemen happens to be plenty good.

Then came the 440 yard dash and but for a wild scramble at the start for the pole, this race was a rather tame one with Edward Dunkin, the winner, setting a terrific pace. He came in with a time of 50.9 seconds but apparently he lost at least a second in the fight at the first turn.

Timber Topping Fools Not more than 15 minutes later McCarver ran the 120 yard high hurdles and though pressed hard by Monrick of Texas and Fanning of Daniel Baker, the Jacket ace came out in front. And in winning he clipped the distance in near record breaking time.

38 1-4. What a meet that was and may there be many more just like it. Summary of meet: Mile run—D. Dunkin (DBC) first; LeSueur (HPC) second; Cate (T) third; Meadows, (Texas) fourth. Time 4:34.1.

100—McCarver (HPC), first; Snodgrass (DBC), second; Ratliff (DBC), third; Harrell (HPC), fourth. Time 10 seconds.

220 dash—McCarver (HPC), first; Ratliff (DBC), second; Wilkey (Texas), third; Snodgrass (DBC), fourth. Time 21.3 seconds.

Billies Copied Relay The mile relay was all Daniel Baker with Edward Dunkin, running the last lap for the Billies, leading by 40 or 50 yards at the finish. And the time, 3 minutes and 26 seconds is proof enough that A. C. C. hasn't won the mile relay at the T. I. A. meet in May—NOT YET.

Field Events Shot put—Perkins (Texas), first; Janca (San Marcos), second; Alexander (Texas), third; Shelly (Texas), fourth. Distance, 42 ft. 2 3-4 inches.
