County commits to reduced budget; sets .4624 tax rate

By Janet Felderhoff

Cooke County Commissioners Court held a special meeting on Monday, Aug. 16, which included hearings on the proposed budget and proposed tax rate. The Court held firm on keeping the proposed budget cuts, including some positions, that allowed them to reduce the amount of the 2010-11 budget by almost a half million dollars.

Speaking of the proposed \$30,263,678.00 budget, County Judge John Roane remarked, "I believe this is a realistic budget, one that reflects lower taxable val-ues this year. Cooke County is not in trouble financially. But we are not in trouble because we have made the hard decisions and have adjusted our spending according to the times."

Judge Roane added that building a new County jail more adjustments may be- was supposed to save money. come necessary in successive years so as not to place after year for another bailout while maintaining the status quo.'

During the Public Hearing on the proposed budget, several people made comments and suggestions.

Steve Gaylord's included all County officials and employees taking a 5% pay cut rather than eliminating any positions. He disagreed with cutting a position in the County Court At Law since the Court brings in revenues prisoners this past year and that may be reduced with one less employee.

Gaylord recalled that

"By my calculations, our jail costs have almost doubled an increased burden on tax- from \$1.8 million in 2004 inpayers. "I believe our duty is cluding the cost of \$676,000 to spend the public's money for housing prisoners," he wisely, not coming back year said. "This current year, our jail costs including servicing the jail debt are projected to cost Cooke County \$3.3 million. That is an increase of 1.5 million a year or 83%.

A larger jail was built to bring in revenues from housing out-of-county prisoners, Gaylord noted. That hasn't been true. He said, "According to the latest budget on the Cooke County website, there have been no revenues from boarding out-of-county we only collected \$167,000 the previous fiscal year from

MVFD fundraiser succeeds in spite of the Texas heat

By Janet Felderhoff Triple digit temperatures dampened the turnout for Department's Annual Bar-B-Que Saturday, but didn't deter the group's fundraising efforts.

According to Muenster VFD Chief Herbie Knabe, they served just under 900 plates, which is fewer than last year. He felt the extreme heat had everything to do with fewer people attending. The Auction made up the difference and he estimated that they raised about \$6,000 more than last year's event. "The Auction was way up," said Knabe. "We did ex-tremely good. We had some good items donated.'

Retired members of the Muenster Volunteer Fire De-

special earned recognition Saturday. The MFVD dedicated its newest truck, Muenster Volunteer Fire Engine 123, to the retired members of the Department. Muenster's Fire Department officially formed in 1932. Those recognized as retirees from the Department served

at least 20 years. Those firefighters and their spouses are: Ed and Ginny Schneider 1954-1979; Ervin Henscheid and Carol 1969-1995; Alvin Hartman and Joan 1951-1981; James Voth and Fran 1969-1995; Harvey Schmitt and Della 1965-1995; Bob Walterscheid and Linda 1973-1995; Bob Vogel and Eileen 1965-1996; James Vogel and Lin-da 1969-1992; Clinton Endres and Debbie 1974-2000; Rick Stewart and Darlene partment and their spouses 1969-1999. Surviving spouses honored were Regina Pels Bayer, and Doug Hennigan, for Henry "Curley" 1955-1980; Clara Endres for Ed del, Assistant Charlie Schil-1949-1975; Velma Fisher for ling, firemen Drew Springer, Earl 1951-1975; and Pau- Brandon Ferguson, Erik lette Swirczynski for Tom Walterscheid, Mike Geh-1973-2005. rig, Steve Henscheid, Brent Total years of service given by all retirees was 373. Ed and Ginny Schneider and Mike Sturm earned recognition from the firemen for the many years of service they put in assisting with preparations for the meal at the Bar-B-Que. They have been helping with the event since it began 25 years ago. Chief Knabe recalled that community and surrounding Mike Sturm and his dad John area.

Sturm helped fireman Henry Knabe cook the meat for the MVFD's first Bar-B-Que. That teamwork continued until John's health failed. Mike and Henry continued to cook the meat. Mike built the cooker now being used. It is large enough to cook all of the meat at once and is very fuel efficient. The meat is cooked the Saturday prior to the Bar-B-Que.

Ginny and Ed Schneider prepare the potatoes and cole slaw for the crowd of around 900.

Members of the Muenster VFD Department are Chief Herbie Knabe, Assistant Chief Bert Walterscheid, Secretary John Yosten, Treasurer Doug Fleitman, Safety officers Henry Knabe and Jon Forshee, Trustees Ronnie Walterscheid, Deano Training Officer Ben Bin-Hess, Ryan Bayer, Jimmy Green, Neal Flusche, Jeff Maas, Mark Neu, Nolan Hartman, Mitch Creed, Andy Davis, James Gehrig, Ronnie Felderhoff, Smoke Koelzer, Shawn Flusche, and John Knabe.

MISD to begin year on positive note

By Janet Felderhoff Muenster ISD opens the first chapter of the 2010-11 school year at 7:55 a.m. Monday, Aug. 23.

According to High School Principal Sharon Browning, "School will start at 7:55 instead of 8 a.m. This change will allow for the class periods to be slightly longer. The first 15 minutes after lunch will be used for UIL practice or tutorial as needed. We hope this will allow more students the opportunity to become involved in UIL academic competition. We will still dismiss at 3 p.m. on Mondays, and Fridays during football season there will be a pep rally at 3 p.m.'

Elementary Principal Lou Heers commented, "It is so hard to believe that summer is coming to an end. I hope that everyone has had a funfilled summer and is excited for school to start! Teachers are back in their rooms gearing up for another exceptional school year! I am so proud of my outstanding staff and wonderful students for earning the "Exemplary" title for Muenster Elementary! We are expecting another great year with our staff at Muenster Elementary. We have added three new teachers to our elementary staff. Kenet Richerson will be teaching Pre-K; we are extremely pleased to have added a second section of Pre-K. Dyan Huchton will be the elementary Special Education teacher. She has taught the last three years for Valley View ISD. Curtis Oakley is our new band director. He is anxious to meet his band members! Last but not least, Deborah Sanders is replacing Patsy Fleitman as the elementary secretary. Patsy is retiring after 20 years of service to MISD.

"As principal of Muenster Elementary, I am excited

to be working with an out- this year. I look forward to Special Education Engparents, and a caring com- progresses. munity.'

ward to a very successful director; he taught at a prischool year. We start the year off with the Exemplary rating from the State. School bells rang Aug. 12 as Sacred Heart Catholic School began classes for the 2010-11 year. Younger students gathered outside the school house before starting their first day back in the class-Linda Flusche photo rooms.

Final plans made by MISD Board

By Janie Hartman

The Muenster ISD Board of Directors met Aug. 11 in an attempt to finalize preparations for the opening school day, including the approval of the Student Handbook/Code of Conduct and Employee Handbook.

Always a concern of parents is the student dress code. The Handbook states that the District's dress code is established to teach appropriate grooming and hygiene, prevent disrup-tion, and minimize safety hazards. Parents need to be aware of prohibited items, which will be confiscated. The Codes also adhere to school-sponsored events.

The Community Com-mittee for facility upgrades' items include the need for a new practice gym, new ele-mentary school, playground equipment, and the completion of the weight room.

In reports given, Mr. Richerson noted issues that need addressing, including the football bleachers need to be leveled and some sort of protection around the top of the bleachers for safety. Sand

will be used to top the football field, with the first varsity home game to be played Sept. 10 as scheduled.

Elementary Principal Lou Heers reported an enrollment of 259. She noted times for activities held this past week as teachers prepare their classrooms for the upcoming school year. "The transformation of the 'old' cafeteria to the 'new art room is truly amazing," Heers noted.

Sharon Browning report-ed an enrollment of 231 in grades 7 through 12, noting orientation and senior night dates, and completed handbooks and Student Code of Conduct. "The halls will fill with knowledge and stu-dents on Monday, Aug. 23," she stated.

Actions items included:

• Delinquent tax collection for July was \$8,449.56.

 Approved Appraisal District budget.

• Set Öct. 15 as Ag Build-ing/Cafetorium dedication date.

 Track resurfacing was completed.

COUNTY

LECTRIC

The power of human connections®

TAX RATE

boarding prisoners."

Five jailer positions were intended to be cut in the early stages of the budget planning. Since then, the Sheriff found prisoners from out-ofcounty to house in the jail.

Commissioner Gary Hollowell and Judge Roane explained that the moment that becomes a deficit to the County, the whole deal will be called off. If they don't come, we will close it," said Judge Roane.

Ken Arterberry disagreed with cutting the employee in Judge John Morris' County Court At Law.

Jimmy Mosman suggested a budget that would allow no increases in taxes.

Judge Morris made another appeal to keep his employee.

District Judge Janelle Haverkamp came to correct numbers that Judge Morris had reported incorrectly on her court at the previous meeting.

Steven Harlow appealed for more patrol deputies and continued funding for Noah's Ark.

Commissioner Leon Klement responded to some comments on renovation of the courthouse. He said that people complained about taking out good aluminum windows and replacing them with wooden windows. He said that the aluminum windows were single pane and many no longer opened. The new windows are double panes with good wood. He said Cooke County was the first courthouse that the Texas Historical Commission al-lowed to install double pane windows.

"This proposed budget is nearly half a million dollars less than this year's operat-ing budget," reported Judge Roane. "It is over a million and a half less than what was requested. If the economy remains sluggish, more cuts may be necessary next year. But, by addressing the

problem this year, drastic cally what we've said for measures will not be called four years is we don't have for later to keep our budget balanced.' In a vote after the hearing closed, Commissioners Court

voted 4-1 to approve the budget as it was proposed. Com-missioner Steve Key cast the dissenting vote. A Public Hearing on the

proposed tax rate drew more comments from Gaylord, Arterberry, and Mosman.

Judge In clarification, Roane said that it is true that none of the employees or elected officials in Cooke County got a raise in salary this year, but it is also true that their insurance cost is up. Also, everybody will receive their longevity pay increases

Commissioner Key noted that he favored possibly shaving the Road & Bridge tax by a penny this year. He said he'd feel better about the whole process if Road & Bridge had suffered some pain in the cuts.

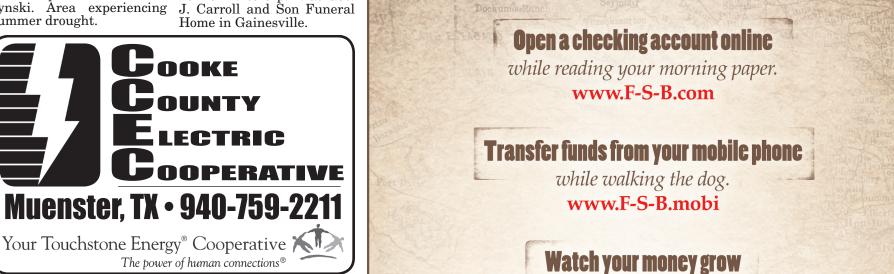

Commissioner ell responded,

enough money, we don't have enough employees, we can't get our jobs done. So, now we say let's cut our budget." He said that cutting the Road & Bridge funds would quickly break the east side precincts.

In two separate votes, Commissioners adopted a total tax rate of \$0.4624 by a vote of 4-1, with Commis-sioner Key casting the nay both times vote. That rate is the effective tax rate. They voted and approved a Maintenance and Operating rate of \$0.4297 and an Interest and Sinking rate of \$0.0327. The taxes will be used to help fund the County bud-get as follows: General Fund .3096; Road & Bridge .1050; Permanent Improvement .0150; FM & Lateral Road .0001; and Interest & Sinking .0327.

Jami Denise Flusche of ried a handkerchief belong-Muenster and Zackary Nathan Fuhrmann of Lindsay exchanged wedding vows on Saturday July 24, 2010 at 6 p.m. in First Baptist Church of Muenster. Pastor Ralph Gourley officiated for the double ring ceremony.

Parents of the bride are Tom and Judy Flusche of Muenster. Her grandparents are the late Albert and Betty Dangelmayr and the late J.P. and Hazel Flusche. The groom's parents are Robert and Jolene Fuhrmann of Lindsay. His grandparents are the late Adolph and Amanda Fuhrmann and the late Joe and Stella Zimmer-

Given in marriage by her parents, the bride wore a strapless gown of light gold satin. The bodice was accented with crystal beading, sequins, and rhinestones, with a lace-up back that flowed into a semi-cathedral train. She carried a bouquet of red roses

The blue garter was handmade by the bride's mother and held a cameo, something old, which belonged to her great-grandmother Theresa Dangelmayr. She also car-

ing to her grandmother Hazel Flusche. Something borrowed were diamond earrings and a diamond ring that belonged to her grandmother Betty Dangelmayr. Something blue included a handkerchief from her aunt Mary Dangelmayr and a blue rosary from her aunt, the late Missy Flusche Dangelmayr, which was entwined in the bride's bouquet.

Readings were given by Mary Dangelmayr, aunt of the bride, and Kelly Huston, sister of the groom.

Fran Schully of Lindsay provided piano_music for the ceremony. The prelude included "Annie's Song," "Amazing Grace," "The Wedding Song, There is Love," "The Rose," "Wherever You Go," and "On Eagle's Wings." Music for the mothers and bridesmaids was "Canon in D." The processional was "Trumpet Tune" by Clark. "Ave Maria" was played for the lighting of the unity candle. The recessional was "Rondeau" by Mouret.

The church was decorated with gold candle trees accented with red roses. Pews were marked with red bows.

Mrs. Zackary Fuhrmann ... 'nee Jami Flusche ...

Jake turns two!

Jake Fisher celebrated his second birthday with two parties. John Deere was the theme of the first party. Those attending were his parents Bobby and Lisa Fisher, Clifford and Teresa Hatten, Chasity, Casey, Caden, and Peyton Forson, Cliff and Sarah Hatten, and Gary, Angela, Josh, and Dakota Vanbebber.

The theme for the second party was Spiderman. It was attended by Bobby and Lisa Fisher, Herbie and Sue Fisher, Debra Fisher, Amy, Troy, Ryan, Alyssa, and Keith Huchton, and Steven, Beth, and Cash Fisher.

Jake Fisher

Baptism

Rasy

Anna Rose Rasy, daughter of Phil and Jennifer Otto Rasy, received the sacrament of Baptism on Sunday, July 11. She was baptized by Father Raymond McDaniel at St. Peter's Church in Lindsay. She wore the same handmade baptismal gown that her mother and grandmother, Jane Otto of Lindsay, wore for their baptisms. Many of the descendants of Anna Rose's great-grandparents, the late Joe and Marie Fuhrmann, have also worn the gown to receive the sacrament of Baptism. Godfather is Mike Otto of Lindsay, grandfather of Anna Rose. Frances Otto of Arkansas, Anna Rose's great-aunt, is the Godmother.

Mike and Jane Otto hosted a luncheon following the Baptism where many friends and family celebrated with the Rasys. Anna Rose's phor for life - sometimes aunt Christina Otto had a it's good, sometimes it's

a trip to Italy in late 2009. The Rasys reside in Round Rock where they are members of St. William's Catholic Church. Anna Rose's paternal grandparents are Somdy and Bouavanh Rasy of Baton Rouge, Louisiana.

Anna Rose Razy

Weather is a great metapink and white cake made bad, and there's nothing but carry an umbrella.

ATTENDANTS

ster, sister-in-law of the ious sizes of glass and silver bride, was matron of honor. candleholders, and accented Bridesmaid was Jessica Reiter of Lindsay, sister of the and glass beads. Chairs cov-groom. Haley Flusche, niece ered with black fabric were of the bride, was flower girl.

Jamie Baggs of Whites-boro, friend of the groom, served as best man. Groomsman was Jeff Flusche of Muenster, brother of the bride. Bell ringers were Logan Flusche of Muenster, nephew of the bride, and Luke Reiter of Lindsay, nephew of the groom.

Toby **U**shers were Fuhrmann of Whitesboro, Scott Fuhrmann of Lindsay, Keith Fuhrmann of Argyle, and Michael Haralson of Nocona.

Nephews of the groom Nathan Huston and Matthew Huston of Lindsay served as candle lighters.

RECEPTION

A reception and dance hosted by the parents of the bride and groom was held at the Knights of Columbus Hall in Gainesville. The deejay was JP Gregoriew from McKinney.

Candlelight glowed in the hall which was decorated with black-covered tables that held various-sized glass and silver candleholders and red roses. Rhinestones, red roses, and glass beads were used as accents.

The bride's table held black Jennifer Flusche of Muen- tablecloths adorned with varwith rhinestones, red roses, at the bride's table.

The bride's cake was a four-tiered vanilla confec-tion with white chocolate ganache filling and buttercream banded in black satin and rhinestone closures. Red roses topped the creation which sat on a silver cake base.

The German chocolate groom's cake held German chocolate icing as filling and had chocolate mosaic sides. It was topped with an over-sized dark chocolate "F".

Lynn Monden and Carly Short of Vine & Branches in Gainesville were reception assistants.

The rehearsal dinner, hosted by the groom's parents, was held at Rohmer's Restaurant in Muenster.

Jami is a graduate of Muenster High School and North Central Texas College. She earned her Bachelor's degree in Business from Texas Woman's University. She is employed at Flusche Enterprises, Inc. in Muenster.

Zackary is a graduate of Lindsay High School. He is employed with Chico Light Farms in Collinsville.

VFW Ladies Auxiliary meets

The Ladies Auxiliary VFW Post #6205 held their regular meeting Monday, Aug. 16 in the Post Home with Presi-dent Frances Bayer presiding. Opening ritual and pledge to the flag were led by Chaplain Hilda Sicking pro tem, Conductress Sandra Hennigan pro tem, and Eleanore Felderhoff, patriotic instructor. Ida Mae Bindel gave roll call and minutes of the previous meeting. Agnes Hesse gave Lucille Hesse's treasurer's report.

The District I meeting was reported on by Frances Bayer who attended the meeting along with her husband Flood will make her official Arthur Bayer in Bonham on visit on Oct. 18.

Sunday, Aug. 15. On Aug. 16, Francis joined other Auxiliary members of District I and State President Lynn Rich-ards visiting the Bonham hospital and nursing home.

Lucille Hesse, treasurer, and Frances Bayer, president, attended a training seminar in Lewisville on July 31.

Members were urged to pay their dues now, because after Dec. 1 dues will increase by a dollar.

Janet Barnhill and Frances Bayer were refreshment hostesses for the eight members who were present.

Fisher

Bobby and Lisa Fisher of Muenster announce the birth of their daughter Mol-ly Marie Fisher. Molly was born Friday, June 4, 2010 at 11:28 a.m. in Denton Regional Medical Center. She weighed 7 lb. 1.6 oz. and was 18 inches long. Molly has one sibling, her big brother Jake. Molly is the granddaughter of Clifford and Teresa Hatten, Herbie and Sue Fisher, and Debra Fisher. Her great-grandparents are Loveta Reasor and the late Roy Hatten, Dorothy Fisher and the late Paul Fisher, and the late Denton and Samantha Williams.

Local community supports the Muenster VFD

Muenster VFD hosted its Annual Bar-B-Que and Auction last Saturday. Firemen are accustomed to taking the heat and worked through Saturday's oppressive heat. Their supporters rallied for the cause and endured the heat, making the event a success.

Janet Felderhoff photos

Preparations for this annual event takes weeks. Below, Mike Sturm, left, and crew cook the meat on the Saturday before the Bar-B-Que. Shown helping is Deano Bayer.

Lindsay ISD moves forward with high expectations for 2010-11

By Janet Felderhoff The final pages are turning on summer vacation 2010 for students and teachers at Lindsay ISD. Classes resume on Monday, Aug. 23.

Elementary students participated in Meet the Teacher Night on Thursday, Aug. 19 in the cafeteria.

High School Principal Hall commented. Phillip "The successes of 2009-10 are still fresh on everyone's mind, but being at the top means that we cannot rest on what we did in the past. Being an Exemplary campus, numerous State play-off appearances, and even the State titles are now a thing of the past. Both in the classroom and in our extra curricular activities we all know that we must work hard to get even better, because if you are not working hard to get better, then sooner or later you will find yourself behind. The senior class of 2011 has every bit as much ability to be as good as if not better leaders then the Class of 2010. I will be looking to those seniors to continue to move our campus forward. We will expect great things of our students and teachers and I know they will rise to meet the challenges before

them. Lindsay Elementary Principal Holly Bounds attributed the success of the 2009-10 school year to the parents, teachers, staff, and students who made it happen. Principal Bounds remarked, "For the 2010-11 school year, we have to be focused and work hard to continue the honor of being an Exemplary campus. We have several changes and new faces around this year that I am excited about and know will help our campus move forward. The expectations are high this year and I know our students and teachers will strive to meet those expectations.

Beginning their first year teaching at LISD are Carol and Lynn Cook who come to Lindsay from Paradise, Blake Crutsinger coming from Archer City, Allison Fisher beginning her first teaching assignment, Russell Glascock coming from Valley View, Amy Seeds and Ashli Wolf from Gainesville ISD, and Sami Womack from Aubrev.

Teachers and staff at LISD da Clark;

for 2010-11 are as follows: Holt;

Secondary principal - Phillip Hall;

Elementary principal Holly Bounds;

Counselor - Rhonda Scho- Fuhrmann; field;

School nurse - Clara Hellinger;

Superintendent secretary Kelly Huston:

Secondary principal's secretary - Janice Stoffels;

Elementary secretary Kathy Lutkenhaus;

District PEIMS coordinator and registrar - Brenda

Fuhrmann; Support services - Paula Garner:

Kindergarten - Jane Otto and Denise Schumacher;

First Grade - Shelly Hundt and Donna Rohmer;

Second Grade - Charlotte Barnes and Brandi Dieter;

Third Grade - Julie Peres, Mary Reiter, and Ashli Wolf:

Fourth Grade - Amy Seeds and Susan Weber;

Reading Elementary Amy Popp;

Elementary Computer teacher Elem GT - Angela Margie Huchton; Gattis:

Elementary Special Ed -Kristi Cooper;

Elementary Art - Patty

Eberhart: Elementary PE, Girls head

BB coach - Donald Neu; Elementary aide, cafeteria

Sharon Hoenig; Elementary aide - Annette

Fleitman;

Special Ed aide - Cheryl Maydew and Sherry Copeland;

Library aide - Doris Rauschuber:

5th and 6th Science, 5th Social Studies - Carol Cook; 7/8 Science, football coach

Blake Crutsinger; 7th grade History, football

coach - Russell Glascock; 5th & 6th Math, 6th Social

Studies - Sharon Hermes; 6th English Language

Arts - Reta Johnson; 7th & 8th English Lan-

guage Arts - Dana Klement; 5th English Language Arts -Beverly Neal;

volleyball coach - Bridget Anderle;

Baekgaard;

Attention **MISD** bus

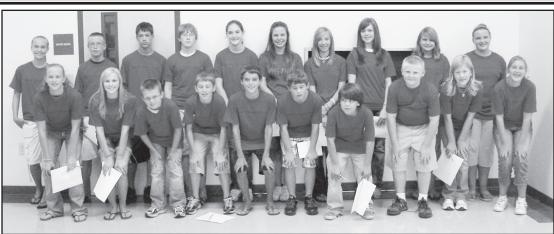

riders

If anyone is planning to ride a Muenster ISD school bus this year, please call Susie Fleitman at 940-736-0320 as soon as possible!

• Board training maybe W History, Secondary GT, handled locally instead of going to Houston.

• Amended the EIC Local Secondary Math - Sheila Board Policy to the proposed Valedictorian/Salutatorian determination, an addition that the AP course weight will only be used in the calculation if the class was taken at Muenster High School.

Muenster Junior High Student Council

MISD photo

MISD JH Student Council organizes

Muenster ISD Junior High Student Council served ice cream to Junior High students attending orientation on Aug. 9.

Council members held a planning meeting on Aug. 2 in the High School Computer Lab. President Aaron Davis called the meeting to order. Secretary Kimber Walterscheid called the roll and reviewed the previous minutes. Members reviewed Robert's Rules of Order and formed committees for the upcoming year.

The 2010-11 Service Projects include: Keep Muen-

Twenty members of the ster Beautiful – Muenster - December; Spring Fling Lake Clean-up; Red Ribbon Dance - March; Grill Out Week "Stomp Out" - Drug – April. Free at MISD; Veteran's Day Celebration; Great American Smoke Out - American Cancer Society; Food Pantry Collection - Turkey Bowl; St. Richard's Villa - personal toiletries donation; Junior High Valentines - American Heart Association; The Paper Clip Project – Promoting Tolerance.

> The 2010-11 Social Projects include: Back to School Ice Cream - Aug. 9; Homecoming Decorations - October; Hot Chocolate Social

The Council also distributed the work schedules for the varsity football program sales. Program sales are the Council's only fundraiser.

The meeting adjourned to the Junior High Building where members held a short work party to redecorate the Council bulletin board.

Sept. 14 is the next regular meeting of the Council. Sponsors are Ms. KaTina Bartel and Mrs. Lisa Walterscheid.

Band moves to the beat

Football isn't the only activity out on the field, as the Muenster Hornet Band began practice for the **MISD** photo upcoming school year.

From the MISD Superintendent's Desk

Muenster ISD is ready and very excited about the start of a new school year, especially after receiving notification of an "Exemplary" rating from the Texas Education Agency for Muenster ISD and "Exemplary" ratings for both the Elementary and Secondary campuses. I want to congratulate all the faculty, staff, administrators, students, and parents for this accomplishment. An "Exemplary" rating acknowledges the hard work that teachers put forth and the response of students to the efforts of the teachers.

As superintendent of Muenster ISD, I have high expectations for the district. High expectations of Muenster ISD are not new to this community, as Muenster ISD has a tradition of success. But what is success? Success can be defined in many ways. I believe that Muenster ISD has a tradition of success not because Muenster is better that anyone else, but because of high expectations. When one has high expectations, sets goal accordingly, and works tirelessly to achieve those standards, then success comes. I also believe there are underlying causes for success. Strong family core values in this community help support high expectations. I knew prior to coming to Muenster that those family values are important to this community. That is the main reason I wanted to come and be a part of this school and community. I too am very excited about the start of the 2010-11 school year and all the challenges it will bring. These challenges will give us opportunities for success!

I want to share some of the visions and plans that the Board of Trustees has for the District. The Board is not only focused on the present needs of Muenster ISD, but is also looking at future needs for educating students 25 years from now. Current facilities upgrades include resurfacing the track, finishing the field house, and building of a practice gym. With the current fund balance that Muenster ISD has (just over \$4 million) and due to recommendations from school finance specialists to spend down fund balances to the recommended two month operating needs, the Board has decided to use fund balance to pay for the upgrades listed. The cost for the upgrades will be approximately \$1.5 million

In trying to answer questions concerning the Elementary and Junior High buildings, I assembled a "community committee for facilities upgrades" to see if there is support for new classroom facilities. The committee consists of parents, business owners, community members, teachers, and administrators. We asked Darren Bindel (chairman), Traci Bohl, Maurus Hacker, Dalana Peel, Rusty Richardson, Michelle Sandmann, Ron Trubenbach, Deanna Hellman, Deb Klement, Jill Reiter, Ralph Gourley, Troy Sicking, Sharon Browning, and Lou Heers to be committee members. I am very appreciative of each of these individuals because they have given up their precious time to meet on two occasions to tour and discuss current facilities.

Buildings are 40, 50, and 60 years old. Current problems with facilities include overcrowding, electrical, heating and cooling efficiency, mold, water leaks around foundation, asbestos, and lack of technology not only make for instructional issues but also health and safety issues. With much discussion, the committee unanimously recommends that

the Board pursue facilities upgrades for elementary and junior high. There will be much more discussion with community meetings for individuals to make comments and ask questions in the near future.

Last, I want to dispel rumors that home football games have been cancelled and moved to other facilities. Due to the condition of the football field, the junior varsity football home games scheduled for Aug. 26 and Sept. 2 have been rescheduled to be played in Ponder and Nocona respectively. The varsity home game scheduled for Sept. 10 against Bells will be played in Muenster Stadium, and all home games following Sept. 10 for varsity and sub-varsity on the schedule will be played at Muenster Stadium.

I am extremely excited about the first day of school on Aug. 23. If anyone has questions concerning Muenster ISD, I encourage you to call the administration office at 759-2282.

Clay Richerson Superintendent Muenster ISD

Mark Klement varnishes a new door for the MISD preschool classroom in preparation for the start of school next week.

PUBLIC NOTICES

PUBLIC HEARING NOTICE CITY OF MUENSTER TEXAS COMMUNITY DEVELOPMENT BLOCK **GRANT PROGRAM**

The City of MUENSTER will hold a public hearing at 10:30 AM, on SATURDAY, AUGUST 28, 2010, in City Hall, 400 N. MAIN, MUENSTER, TEXAS. The public hearing is in regard to the submission of an application to the Texas Department of Rural Affairs for a Texas Community Development Block Grant Program (TxCDBG) grant. The purpose of this meeting is to allow citizens an opportunity to discuss the citizen participation plan, the development of local housing and community development needs, the amount of TxCDBG funding available, all eligible TxCDBG activities, and the use of past TxCDBG funds. The City encourages citizens to participate in the development of this TxCDBG application and to make their views known at this public hearing. Citizens unable to attend this meeting may submit their views and proposals to The Honorable Johnny Pagel, Mayor, at City Hall. Persons with disabilities that wish to attend this meeting and need assistance should call Ms. Brenda Simpson, City Secretary, at 940/759-2236, to arrange for assistance. Individuals who require auxiliary aids or services for this meeting should contact the City Secretary at least two days before the meeting so that appropriate arrangements can be made.

Input sought at community natural resource conservation meeting

The USDA Natural Re- have an interest in natusources Conservation Serice (NRCS) and the Cooke County Soil and Water Conservation District invite the public and any agencies with an interest in conservation ssues to participate in a Local Work Group meeting to be held at the NRCS office in Gainesville. This meeting will be on Sept. 13 at 3 p.m.

The purpose of this meeting is to receive input from broad range of local agencies, organizations, busi-

ral resource conditions and needs in Cooke County.

Input received will allow the Local Work Group help local conservation leadto make recommendations about resource concerns to be addressed for countybased funding. These recwhile implementing the Environmental Quality Incenother conservation programs offered by NRCS.

The 2008 Farm Bill stipunesses, and individuals that lates that conservation pro- www.tx.nrcs.usda.gov

grams must continue to be locally led. Through stakeholder meetings, the public is given an opportunity to ers set program priorities. These meetings are open to the public.

For more information. ommendations will be used call the USDA Service Center office in Gainesville at (940)668-7794x3. These tives Program (EQIP) and service center locations and conservation program information can be found on the NRCS Texas Web site at

Water requirements for the cow herd

During hot months, the water needed for a cow herd often determines several other management decisions. To best assess the adequacy of water quantities in surface water or from wells or "rural water" supplies, it first is necessary to have an idea of the amount needed for cattle of different sizes and stages of production that you may have during the summer on the ranch.

A University of Georgia publication lists the estimated water requirements for cattle in different production stages if the daily high temperature is 90 degrees F. They suggest that amount of water required can be estimated by the production stage and the weight of the

cattle. For instance, a growing needs two gallons of water per 100 pounds of body weight. A non-lactating cow themselves and another five or bull needs just one gal- to 10 gallons of water for lon of water per 100 pounds their calf. of body weight. If you are estimating water needs for

summer animal or a lactating cow fore, expect that most spring calving cows will need at least 24 gallons per day for

Also recognize that some summer days get even hotyour cattle, be honest about ter than the 90 degrees used the weight of the cows in in the Georgia paper. On the herd. Many cows today days with extreme heat, exweigh 1200 pounds or more pect the water usage to go up (some a lot more). There- even further.

Big growth expected for U.S. beef exports

In 2010, U.S. beef exports are expected to grow nearly 10%, reaching a total of 2.05 billion pounds.

However, beef supplies are tightened globally and the subsequent reduction in beef imports to the United States, along with stronger demand for beef, is expected to ratchet beef prices higher throughout the year. U.S. imports of beef from Australia and New Zealand were below 2009 levels by double digits—45 and 25%, respectively.

Strong price signals from the domestic live cattle markets, however, should rally U.S. live cattle imports to the United States in the coming months, particularly from Canada. Source: USDA, Livestock, Dairy and Poultry Outlook

County Agent's Report

Bermudagrass decline Many Texas forage and livestock producers have experienced a phenomenon known as bermudagrass decline. This situation is characterized by gradual thinning or outright loss of bermudagrass stands over time. The reasons for bermudagrass decline can be numerous, but are generally tied to management practices or environmental conditions that lead to reduced vigor of bermudagrass.

Fertility - The lack of an appropriate fertility program may be the number one cause for bermudagrass decline.

Bermudagrass requires a high level of fertilizer input to maintain a competitive edge over weeds. The nutrient most associated with high production levels is nitrogen (N), but potassium (K) and phosphorus (P) and lime (if soil pH is below 6.0) are also important. The only way to know for sure what levels of fertilizer nutrients are actually required, is by means of a soil test. The soil test indicates what level of P, K, limestone, and other nutrients may be required to ensure optimum growth for bermudagrass at a given location. Soil testing remains one of the best investments one can make in a forage production system. Without a soil test, it is impossible to know exactly how much fertilizer should be applied to maintain a healthy, vigorous stand of forage.

Stocking Rate - Too heavy a stocking rate places excessive grazing pressure on forage resources. Plant vigor is affected by decreasing photosynthesis due to a lack of sunlight-absorbing leaves. This robs the plant of its energy source for metabolic functions and reduces the amount of carbohydrates stored in the root system for winter.

Overseeded Cool-Season Forages - In many instances, cool-season annual forages are over-seeded into bermudagrass fields and provide excellent nutrition for cattle during the fall and winter months. An important aspect of overseeding cool-season annual forages, is the timely removal of the forage in the spring prior dormancy. If the cool-season

effects on bermudagrass can range from delayed initiation of growth to actual death of the plant. The reason for this effect is

intense plant competition for sunlight, moisture, and nutrients. The canopy of annual ryegrass or clover should be removed via grazing or as a hay crop, thus reducing potential negative effects of the overseeded winter forage on the bermudagrass.

Drought - The impact of drought is obvious. Reduced moisture results in reduced forage production; it is advisable to always be prepared for the next drought and stock accordingly. During years of reduced forage, the reduced stocking rate may allow producers to go through the drought without the need for drastic stocking rate adjustments or the purchase of expensive hay and/ or feed. During years of normal or excess moisture and forage production, the excess forage may be utilized by additional stocker calves or may be harvested as hay. A sound management strategy might suggest that it is better to have a little extra forage in some years than not enough forage in others.

Pests – Weeds and insects can add stress and reduce the productive capability of bermudagrass. The use of appropriate herbicides or insecticides at the right time can do much to alleviate this problem.

Weeds compete for moisture and sunlight. Insect infestations mimic over- Bowie Rodeo Grounds

forage is not removed, the stocking. This can rob the producer of valuable forage for grazing or hay and can reduce the bermudagrass plant's ability to store carbohydrates in the root system going into the fall season.

The Cures – In the case of bermudagrass decline, Dr. Larry Redmon, Extension forage specialist, has provided us with the following suggestions regarding production practices:

Fertilize based on soil test recommendations. This can be most critical in a hay harvest situation where nutrients are being removed from the system.

Understand what the appropriate stocking rate is for your operation. If you require help, seek the advice of a professional.

When over-seeded, coolseason, annual forages are used as part of a winter feeding program, be sure these forages are removed in a timely manner before bermudagrass initiates growth in the spring.

Scout early and often for pests such as weeds, grasshoppers, and fall armyworms, and use appropriate control measures.

If a decision to use a pasture renovator or disk is made, remember not to disk too deeply; the aerator or disk will only handle surface compaction of 2-3" deep, also late winter would provide the optimum timing.

Dates to remember

Sept. 14 - Agricultural Waste Pesticide Collection;

TDA market recap

For the week ending Aug. 14, feeder cattle prices at Texas auctions were mostly steady to \$5 lower per hundredweight, with a few sales to \$4 higher and some to \$6 lower.

Hot weather and volatile grain prices added to the seasonal declines, while tight supplies continue to hold prices well above last year's levels. Fed cattle prices were \$2 higher following increases in wholesale beef prices.

Corn and wheat prices declined as strong U.S. production and ample global supplies are expected to more than make up for lower European grain production.

As for futures markets, fed cattle, cotton, wheat, corn, and lumber were higher, while feeder cattle were lower.

Grain sorghum development was behind normal with 52% of the crop mature and 36% harvested. Crop losses were reported in some areas after late rains caused grain sorghum heads to sprout. Corn was rated 55% mature and 31% harvested, both behind the average pace. Rice was 34% harvested. Cotton, grain sorghum, corn, rice, and pastures were reported in mostly good to fair condition, while peato bermudagrass breaking nuts were mostly good to excellent.

Confessions are tough. Real tough. But, sometimes a confession can set the record straight, and I want to give credit where credit is due. Before I talk about my confession, though, let me say a few other things first.

I'll start by explaining the picture. You know, when I meet people around town they usually say, "Oh, yeah, I know you, you're Dr. Allan. I've seen your ad with that picture of you and the cute little girl." Well, I'm the guy on the left. The little darling is my granddaughter Anniston.

Years ago something happened to me that changed my life forever. Let me tell you my story.

I had already been practicing Chiropractic for over 12 years when one afternoon I was rear ended by a car going over 60 mph. My spine was injured so badly that I was out of practice instantly and in pain so severe I had to be on drugs constantly. A disc in my back put pressure on my spinal cord and my career was over. After almost 3 years, the doctors said I could then get my spine adjusted very gently. The adjustment was done with a tool that gently taps the spinal bones. It's the same tool I use now with my patients. After 6 months of care involving three different treatments helped me get back in the game: Adjustments, eating less gluten rich foods and soft tissue work, called Active Release. In 2001 I was able to start seeing patients once again. My life was back!

It's strange how life is, The same forms of treatment that helped me, I now offer to my patients. Most importantly I offer care with real empathy and never again have to try to put myself in your shoes, I was in them for 3 years. Patients who come

Here's what some of my patients have had to say:

"No more headaches and no more neck pain!" Diane, St. Jo

"I sleep better than I have in a long time!" Billy, Valley View

"I walk in the office in pain, and walk out feeling great" Terry, Muenster

Several times a day patients thank me for helping them with their health problems. But I can't really take the credit. My confession is that I've never healed anyone of anything. What I do is perform a specific spinal adjustment to remove nerve pressure, and the body responds by healing itself. We get tremendous results. It's as simple as that!

Being a chiropractor can be tough, because there's a host of so-called experts out there. They tell people a lot of things that are just plain ridiculous about my profession. But the studies speak for themselves, like the Virginia study that showed that over 90% of patients who saw a chiropractor were satisfied with their results. That's just incredible!

Forty-eight million Americans no longer have health insurance, and those who do have found that their benefits are reduced. That's where chiropractic comes in. Many people find that they actually save money on their health care expenses by seeing a chiropractor. Another way to save... an unpublished study of 107 people showed that long-term chiropractic patients had twice the immune capacity as others. And, that's naturally, without drugs. The immune system fights colds, the flu, and other sicknesses. So you may not be running off to the doctor as much.

Chiropractic care is amazingly affordable, in fact an entire week of care in my office may cost what you

it shouldn't cost you an arm and a leg to correct your health. You are going to write a check to someone for your health care expenses, you may as well write one for a lesser amount for chiropractic. When you bring in this article, you will receive my entire new patient exam for \$45. That's with xrays... the whole ball of wax. This exam could cost you \$450 elsewhere. But, please call right away because this offer expires soon and I don't want you to miss out. By the way, further care is very affordable and you'll be happy to know that I have affordable family plans. You see, I'm not trying to seduce you to come see me with this low start up fee, then to only make it up with high fees after that. Further care is very important to consider when making your choice of doctor. High costs can add up very quickly.

Great care at a great fee ... Please, I hope that there's no misunderstanding about quality of care just because I have a lower exam fee. You'll get great care at a great fee. My qualifications... I'm a graduate of Texas Chiropractic College in 1986 after training in Physical Therapy at Texas Woman's University. I have been entrusted to provide care for tiny babies, senior citizens, and athletes. I have that low exam fee to help more people who need care.

My assistants Melanie and Nicole are really great people. Our office is both friendly and warm and we try our best to make you feel at home. We have a wonderful service, at an exceptional fee. Our office is called Rosenbaum Chiropractic and it is located at 208 N Walnut in Muenster across from Nortex

-Dr. Allan Rosenbaum, D.C.

Our phone number is 940-759-2005. Call today for an appointment. I hope we can help you. Thank vou.

P.S. When accompanied by the first, I am also offering the second family member this same examination for only \$35.
