

## Musical entertainment at Germanfest makes for one big party

The weather cooperated (except for a little wind) and the crowds enjoyed the activities and entertainment in the park as the 2012 Muenster Germanfest concluded Sunday night with an estimated 20,000 total weekend attendance. At left, local favorite Andy Serna gets the crowd moving at the MSB stage. At right, Alpenmusikanten filled the Tanze Halle with traditional German music as visitors danced to a different beat.

## SHCS commemorates Montessori's 30th year

By Janet Felderhoff

In 1981 and 1982, a group of mothers concerned for the development of their young children met to find a solution. The determined and resourceful Muenster women had a dream for their young preschool children. Three of them, Loretta Felderhoff, Jeannine Flusche, and Peggy Grewing, made that become a reality by founding Sacred Heart Young Children's Learning Center. With the assistance of Dr. Bronte Gonsalves, the mothers decided to give the Montessori program a try. A plan was formed for the first year and presented to the Sacred Heart School Board and approved.

That was 30 years ago. The Young Children's Learning Center, now Sacred Heart Preschool, recently completed a new addition to their building complete with landscaping. A special celebration took place Monday, April 30. Following the 8 a.m. Mass, the entire student body, faculty, and guests gathered in front of the Preschool building. Sacred Heart Pastor Fr. Ken Robinson blessed the building.

A ribbon cutting ceremony took place with Fr. Ken cutting the ribbon. Each Preschool student received a balloon filled with helium. In celebration of 30 years and the new addition, the children released the balloons. Everyone enjoyed watching the balloons sail high into the sky and drift far away.

Loretta Felderhoff shared some of the Sacred Heart

Montessori program's history at a reception following the blessing. She said that without money, place, teacher, or students, they relied on faith and moved forward.

The new preschool was first opened on Maple Street across from the Muenster Hospital in a home remodeled into a flower shop.

There were 21 students

that first year. Financial support came from tuition and many donations. "There were days when I didn't know where the money was going to come from to pay the

rent or the teachers or utility bills," Loretta recalled. She added that she would ask God to help if He wanted the school to succeed and the next day someone would come in with a check.

The School Board approved the construction of the first part of the building now being used on Seventh Street. By 1985, there were 39 children enrolled in the Montessori program. There were morning and afternoon sessions or all-day if preferred.

The 1987-88 school year also brought significant events in the program's history. It was the first year for it to be granted accreditation by the Southern Association of Colleges and Schools and the Texas Catholic Conference along with the grade school and high school. With accreditation came the change in the program's name to Sacred Heart Preschool. Pam Dangelmayr, having completed Southwestern Montessori Certification for the Primary Level, came aboard as instructor.

Also in 1988, Sacred Heart Preschool was granted the Elizabeth Ann Seton Award by the National Catholic Education Association. Loretta noted, "We were the only school in the state of Texas to receive that award. The award was for parental involvement and their volunteer service impacting Catholic education especially in early childhood education. It included a \$1000 scholarship." Sr. Carmelita Myers, O.S.B., Jeannine Flusche, and Christy Hesse went to New York City to the NCEA convention to receive the award.

Loretta said, "The parent group has always been an

integral part of the success of this program. From making materials to doing yard work, cleaning, helping with construction, fundraising, and anything else that was needed, all we had to do was say help and somebody was there to do it."

It was in 2006 that Sacred Heart expanded its Montessori program to include kindergarten and first grade. Barbara Davidson became the teacher over in the grade school building. Then in 2010, the first grade students returned to the traditional self-contained classroom and the kindergarten students joined the preschool students.

Loretta explained, "This regrouping of ages three to six in a big stage classroom was designed by Maria Montessori, and it also meets the criteria for our accreditation to the American Montessori Society. Along with the addition of the kindergarten students, we needed more room. During the Capitol Campaign with the Diocese, that was able to be completed."

Loretta introduced Susan Wilkerson of Krum, the first Montessori teacher at Sacred Heart. Two of the first students in the Young Children's Learning Center, Michael Flusche and James Felderhoff, were also present.

The students were told, "It's not about me, the building, the materials, the teachers, the principal, or the parents - we are only tools in God's hands. It's all about the children."

The celebration concluded with the Preschool children performing a song. Then all were treated to juice, a

Sacred Heart Catholic School spent Monday morning, April 30 celebrating its Montessori program's 30th anniversary. There was also a blessing and ribbon cutting for a new addition to the Montessori building. Pictured during the blessing ceremony are, from left, Coach Jon LeBrasseur, Associate Superintendent of Catholic Schools in the Fort Worth Diocese Charlene Hymel, Pastor Fr. Ken Robinson, Sacred Heart School Principal Dr. Rafael Rondon; front - Montessori Preschool Teacher Pam Dangelmayr.

**Exercise your rights - VOTE**

## Area elections slated for Saturday, May 12

By Janet Felderhoff

There are two election dates scheduled this month. This is due to the problems with redistricting after the 2010 census. The Texas Republican and Democratic Primaries are normally held in March, but were delayed until Tuesday, May 29. The May date was set after a panel of three federal judges in San Antonio ruled after approving interim electoral maps in an effort to resolve differences over congressional redistricting.

The May 12 election date will be observed by entities with contested positions or other issues needing voter decisions.

The City of Muenster is holding an election to consider the legalization of selling alcoholic beverages in the newly annexed areas of

the City, including the new Germanfest grounds. The Muenster City Council appointed City Secretary Brenda Simpson as election judge for both early voting and the election. Early voting ends Tuesday at the close of business. To vote early, go to City Hall during regular business hours. To vote on May 12, go to the Muenster Junior High School.

Muenster Hospital District is holding an election on May 12 to fill the three positions with terms expiring in May. Kenny Klement, Ronnie Weinzapfel, and Aaron Hess currently hold those seats. There are six candidates running for the three at-large positions. Besides the three incumbents, Bob Ambrose, Steven Fisher, and Mary Del Olmo seek election to the Board.

The Hospital Board approved polling places for the election as follows:

Voting precincts 17, 18, 19, 21, and 33 at the Muenster Junior High School;

Precincts 12, 14, and 15 at the Era Community Center.

Celine Dittfurth and Paula Lewis were appointed as election judges for the Muenster and Era locations respectively.

Through Tuesday, May 8, early voting by personal appearance will be conducted each weekday between 8 a.m. and 5 p.m. Voters should go to the Board room of the Hospital at 605 North Maple Street to cast their early votes. Tiffany Reed was appointed as early voting judge.

Remember to bring your new voting card or some form of identification.

## Earning TMSCA State awards

State TMSCA medalists from Muenster ISD were, from left, Mahayla Bohl, Sterling Walterscheid, Bailey Anderle, and Mark Davis. See story on page 6. MISD photo

**Texas Oil and Gas Production Reports from the Texas Railroad Commission**

The Texas average rig count as of April 20 was 924, representing about 48% of all active land rigs in the United States. In the last 12 months, total Texas reported production was 417 million barrels of oil and 7.2 trillion cubic feet of natural gas. The Commission's estimated final production for February 2012 is 37,326,151 barrels of crude oil and 478,457,488 Mcf (thousand cubic feet) of gas well gas. The Commission derives final production numbers by multiplying the preliminary February 2012 production totals of 32,976,545 barrels of crude oil and 423,413,706 Mcf of gas well gas by a production adjustment factor of 1.1319 for crude oil and 1.1300 for gas well gas. These production totals do not include casinghead gas or condensate. Texas natural gas storage reported to the Commission for March in 2012 was 383,705,623 Mcf compared to 313,583,188 Mcf in March 2011. The April 2012 gas storage estimate is 379,204,711 Mcf.

**(Start Time - 6:30 p.m.) CITY COUNCIL AGENDA MEETING DATE - MAY 7, 2012**  
 The following is the Agenda for the regular meeting of the Muenster City Council to be held at 6:30 p.m. in the City Hall meeting room on Monday, May 7, 2012.  
 • Call meeting to order at 6:30 p.m.  
 • Opening prayer.  
 • Approve minutes of the regular meeting on April 2, 2012.  
 • Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.  
 • Consider any other business to come before the Council.  
**OLD BUSINESS**  
 • N/A  
**NEW BUSINESS:**  
 • Approve Eagle Scout Project at Muenster Museum.  
 • Discuss and approve Emergency Generator Installation Agreement with Cooke County.  
 • Consider approving Amendment to Muenster Lake Ordinance.  
 • Discuss and approve Budget Adjustments for current Financial Year.  
 • Approve purchase of land for new water storage tank.  
 • Review and approve contract with Fain Group for Water Capital Improvement Project.  
 • Set Date to canvass election.  
 • Review Street Repair Proposals, possibly approve contractor.  
 • Approve new agreement with MISD for use of water Well # 3.  
 • Consider and possibly approve KC's request to rent City Park on June 9, 2012.  
 • Receive update on City Pool, set pool fees, consider hiring tree professional.  
 • Receive monthly update on the Police Department from Chief Blankenship.  
 • Receive status report on City Projects and Activities. Take any needed action.  
 • Review and act on monthly bills.  
 • Adjourn.

## Appraisal notices are in the mail

If your property value increased in the last year, you will soon receive an appraisal notice from the Cooke County Appraisal District (CCAD). The CCAD mailed about 15,700 appraisal notices on May 2. Your city, county, school district, and other local taxing units will use the CCAD's value to set your 2012 property taxes. Under state law, county appraisal districts are required to notify property owners about changes in their property's value. The notice contains important information about the property's location, its ownership, and property tax exemptions that have been applied to the property. It must also include an estimate of 2012 taxes by local taxing units. Property owners who disagree with the appraised value of their property, the exemptions, or any other ac-

tion by the appraisal district have the right to appeal to the Cooke County Appraisal Review Board (ARB). The ARB is an independent panel of citizens responsible for hearing and settling property owner protests. The notice of appraised value includes instructions on how and when to file a protest, a protest form, and the Comptroller's Property Taxpayer Remedies. The deadline for filing a protest with the ARB is May 31, or 30 days after the appraisal district mailed you a notice of appraised value, whichever is later.

Texas Comptroller Susan Combs' publication, Property Taxpayer Remedies, explains in detail how to protest your property appraisal, what issues the ARB can consider, and what to expect during a protest hearing. The publication also discusses the option of taking your case to court or entering into binding arbitration if you are dissatisfied with the outcome of your ARB hearing.

Property Taxpayer Remedies is available from the CCAD at 201 North Dixon. The publication is also available on the Comptroller's website at [www.window.state.tx.us/taxinfo/proptax/](http://www.window.state.tx.us/taxinfo/proptax/) or by calling the Comptroller's Property Tax Assistance Division at 1-800-252-9121 and press "2" to access the menu and then press "1" to contact the Information Services team.

# Four seek election as the sheriff of Cooke County

**By Janet Felderhoff**

Cooke County Sheriff Mike Compton chose not to run for another term in office. Four hopefuls threw their hats in the ring and all are running on the Republican ticket. There is not a Democratic candidate, so the Republican candidate winning the Primary nomination will not have an opponent in November.

Each candidate received a list of questions and had a specified time to return their answers in writing. Their information and answers follow.

Jim Carter resides at Lake

**Jim Carter**

Kiowa. He is the chief deputy at the Cooke County Sheriff's Office and has been for the past 15 years. Jim and his wife Margaret have been married for 28 years. They have four children, Jeff and his wife Shannon, J.T., Lacey, and Tony, and three grandchildren Kristin, Nathan, and Jake.

Ken Fogus has been married to Suzanne Fogus for 20 1/2 years. They have a daughter, Fallon, age five, whom they adopted five years ago. Ken also has a son Tim who lives in The Colony. Ken is retired from the Corinth Police Department where he served as a patrol sergeant, crime scene investigator, and detective for 21 and 1/2 years.

Terry Wayne Gilbert is a lifelong Cooke County resi-

**Ken Fogus**

dent who now lives on CR 404 near Gainesville. Gilbert is serving his second term as Cooke County Constable of Pct. 1. After 40 years of being self-employed, he retired in 2011 from Gilbert Wrecker Service, a family owned business established in 1959. Gilbert married Marci Nickerson Gilbert, daughter of Doug and Jeanie Nickerson of Rosston. They have two sons, Christopher and Stephen Wallace, both of Gainesville. Marci and Terry are active members of First Christian Church in Gainesville where they both

**Terry Gilbert**

serve as deacons.

Terry Clayton Sawyer is a Gainesville resident. He has served as the criminal investigator for the Cooke County District Attorney since September 2007. His life career was as a special agent for the U.S. Drug Enforcement Administration (DEA). Terry and his spouse Laurie have three children and six grandchildren. Laurie is a sixth generation Cooke County native, with roots in Freemound and Gainesville.

**How long have you been a peace officer and where did you get your training?**

**Terry Sawyer**

**Carter** - I have been a peace officer for over 31 years. I graduated from the Texoma Regional Police Academy and have since attended numerous training classes throughout the state relating to all facets of law enforcement including but not limited to: patrol, criminal investigations, civil process, jail, telecommunications, defensive tactics, S.W.A.T., and management.

**Fogus** - I have been in law enforcement for 34 years. I have received over 3,400 hours of Continuing Education from Texas Commission on Law Enforcement Officer Standards and Education. I have a Master Peace Officer Certification, Law Enforcement Instructor Certification, Jailer Certification, and an Advanced Telecommunicator License, all from TCLEOSE. I have an advanced certification as a Crisis/Hostage Negotiator from the Texas Association of Hostage Negotiators. I have attended Southwest Law Enforcement Institute for Administration. I am certified as a fire and arson investigator. I am an adjunct instructor for North Central Texas College where I have taught Criminal Justice for over 15 years. I have a degree in Criminal Justice and have attended North Central Texas College and Midwestern State University. I am confident I have the experience and leadership qualities to bring some new

ideas into the Cooke County Sheriff's Office.

**Gilbert** - I have been a Certified Texas Peace Officer for over 30 years, graduating from the Texoma Regional Police Academy in 1981.

**Sawyer** - Since 1970, I have been honored to serve as a peace officer. My basic training was in Washington, D.C. and later at the FBI Academy in Quantico, Virginia. I cannot think of a profession where structured, continuing education is more vital than in law enforcement. My college degree is in government, and I feel the U.S. Constitution is the greatest guidepost for keeping our country safe and its laws intact. After achieving certification as a Texas Peace Officer and eventually, a Master Texas Peace Officer, I have completed numerous courses including crime scene investigation, forensic interviewing, and homicide investigation to name a few.

**Prior experience that would help you as County Sheriff?**

**Carter** - The Sheriff position is an administrative job. I completed two retail management training programs, the first one with S.H. Kress and Co. and the second one with Tom Thumb Stores and became a store director at the age of 26. My brother and I owned and operated Carter Brothers' Produce from 1980 until 1984.

I have over 31 years experience in law enforcement, the last 26 full-time. While working at the Cooke County Sheriff's Office, I have served the citizens of this county in many capacities. I have patrolled on every shift, made calls for service, processed crime scenes, presented cases to the Grand Jury, served civil process, trained new deputies, provided in service training in defensive tactics, firearms, and training for our Tactical Response Team.

The last 15 years I have been the Chief Deputy at the Cooke County Sheriff's Office which made me responsible for the supervision of 79 employees, a fleet of 31 vehicles, and a budget of 2.3 million dollars, which is half of our total budget of 4.6 million. I am completely familiar with our county and the law enforcement needs of our citizens as well as the workings and employees of Cooke County. There would be no learning curve if I am elected to serve as your Sheriff.

**Fogus** - I started my career with the Highland Park Department of Public Safety where I served as a patrol officer, firefighter, paramedic, and first responder. I served as chief of police for the Aubrey Police Department for five years. As chief of police, I was responsible for the budget and operation of the Police Department. I then moved to the Denton County Sheriff's Office where I started as a jailer and worked my way to head the Transportation/Extradition unit. I am the most qualified and have the most experience of all the candidates seeking the Sheriff's position. I have the leadership qualities to bring the Sheriff's Department to the 21st century.

**Gilbert** - I feel my 30 years as a Peace Officer in Cooke County, plus 40 years as an independent businessman qualifies me to be Sheriff of Cooke County. I served 15 years, under five different sheriffs, with the Cooke County Sheriff Department as Commander of the Reserve

Division. In 1996, I became a Reserve Deputy Constable for Pct. 1, serving as chief deputy until I was elected constable of Pct. 1 in 2004. My experience in these departments has taught me what the people of Cooke County deal with each and every day. I've been here with you and have felt both the pleasure and the pain that comes with living in Cooke County, and I am proud of my service to the County and its citizens.

**Sawyer** - Being Sheriff involves heavy responsibility to support a large and diverse staff of public servants. As a supervisory special agent of the DEA, I led a team of committed professionals in a concerted effort to stem the flow of illegal drugs plaguing our nation. The budget for my operation was well into the millions. And now, after working in Cooke County to bring local criminal cases to prosecution, I am even more convinced that thorough training is essential for competent police work.

**Do you have any ideas for improvement to the Sheriff's Department and Jail?**

**Carter** - The Sheriff's Department began improving on Jan. 1, 1997 and continues to improve. Law enforcement is constantly evolving and we strive to not only keep pace with it, but in some cases stay ahead. We are and have always been a progressive proactive department and will continue to be. Improvements can always happen, but they cost money and we have to be mindful of the burden placed on taxpayers. We will continue to work in the same fashion, with honesty, integrity, and tenacity, as was established by Sheriff Mike Compton in 1997. Jail Administrator, Larry Winter does an outstanding job of overseeing the jail. He stays current on all aspects of the jail operation and makes sure we are consistently in compliance with all state and federal guidelines.

**Fogus** - Some of the ideas I would like to see in our Sheriff's Department is to see the Department run more efficiently. I am aware that the budget will have a lot to do with what can and can not be done, but I believe there are workable solutions available that will enhance our County Sheriff's Office and stay well within the budget while improving service to the Citizens of Cooke County. I would like to see better relationships with the Cities of Cooke County as well as the other County Offices and other Law Enforcement agencies within the County. I would like to see the Sheriff's Department working more toward stopping the drug traffic within the County. We should have a drug interdiction unit working both IH35 and US Hwy 82. These are two of the main highways that drugs are being moved from the South to the North and the money is moved from the North to the South.

I believe that EVERY call for service coming into the Sheriff's Department should be responded to in person by a Deputy and a report made. Better documentation is a must. Even though we know all crimes cannot be solved, it will help us to see where we are having problems and need to focus more patrol Deputies in that area in an attempt to catch the criminals in the act. I would like to have more training for the officers. They should all be well educated on the working of the crime scene. The collection of

evidence to help enhance the case when it is tried in court. They should receive as much training in all aspects of Law Enforcement as we can possibly provide.

I would like to look at the operations and how they are now handled to see if all personnel are being best used to benefit the Department.

I would like to see all Class C County warrants be housed at the Sheriff's Department. These warrants could then be entered into TCIC/NCIC. When these people are stopped for violations and officers run them on the computer to see if they are wanted, the computer would show outstanding warrants. These people could then be arrested and the County would benefit from the collect fines and costs. This could reach into the thousands of dollars for the County. I believe we should be searching and applying for every grant we can find. This will provide needed funds for training, and programs within the County. I will be a working sheriff and open to any suggestions or ideas that benefit the Department, County, and citizens. I will make myself available to the citizens to discuss any problems they may have. And most of all "I WANT TO BE YOUR SHERIFF."

I have several other ideas I would like to share but space is limited.

**Gilbert** - Your Sheriff Department must be a proactive Department. As I have often said in my campaign "if you catch a burglar you caught a doper and if you catch a doper you caught a burglar." I believe with new patrol policies and an aggressive approach to the drug problem in Cooke County, we can all live in a safe environment.

The Sheriff should be a problem solver, and when unable to help solve the problem, he should be able to direct you to someone who can. Cooke County is still a rural Texas county and I think the people want a Sheriff that can relate to their needs and who cares about seeing that their needs are addressed. I want to be a hands-on Sheriff, this not an 8 to 5 job. It will take myself and every employee doing all they can to help protect Cooke County 24 hours a day.

The County Jail should continue to operate as efficiently as possible. We have the space to seek inmates from outside of Cooke County, but we must be careful that the cost of housing those inmates is productive to our budget.

**Sawyer** - I would like to improve the sheriff's department by increasing training and technology, and supporting a team of people who want to succeed. We need to restore the passion that brought these men and women to the profession in the first place by instilling pride and camaraderie.

Our jail is first rate. The taxpayers have footed the bill for a good physical plant, and the staff to do a good job there. I would hope to develop more use of the facility by calling on my network of contacts in local, state, and federal government. That would bring in much needed funds for the County, create jobs, and totally utilize the investment we, the taxpayers, have made.

**Have you studied the budgets for the Jail and Sheriff's Office, and do you think that you can operate within those budgets?**

**Carter** - I am completely familiar with the budgets being responsible for half of the 4.6 million budget for the Sheriff's Office. I take my fiduciary responsibility very seriously. Not only do we work within the budget, each year we have always had a surplus which is returned to the general fund.

**Fogus** - I have looked over the budgets for both the Sheriff's Office and the jail. I do believe the departments are being well managed. Costs need to be cut and I have several ideas that could help. But before I can say "I will cut the budget," I need to see what all is being done to cut cost. With the economy the way it is right now, the cost will do nothing but rise, so we need to find ways to cut the budget where we can. We must meet standards set by the State to keep the jail open and thus affecting the cost factor to keep it up to standards. I believe if we were to cross-train some of the jailers to be deputies, we could use the jailers to assist in patrol when the population of the jail is down, this resulting in more manpower without stressing the budget for more deputies. These officers would understand their first responsibility is for the

jail and patrol second. I would like to look at maybe a restructuring of all the employees to make sure they are best utilized.

**Gilbert** - Yes I have studied the budget and believe that the Sheriff Department can operate within it. The current 4.6 million dollar budget is split almost evenly between the operating expenses of Sheriff's office and the operating expenses for the jail. I am a strong conservative minded person and will look for ways to reduce costs while ensuring the citizens of Cooke County that their tax dollars are spent wisely. My many years as a businessman gives me the insight to assure you that this will be accomplished. County jails are not designed to produce revenue, but to incarcerate prisoners awaiting trial. In the past, the privatizing of the county jail has come up. I would be against any move that would hinder the sheriff from being in control of county facilities, jail staff, and jail prisoners. I don't think the citizens of Cooke County voted yes to a multi-million dollar bond election to see that building turned over to a private company to make money.

**Sawyer** - The budget for the Sheriff's Office is 4.6 million, which seems adequate. Our County budget is stressed to the "max" in this unprecedented economic recession, but there are some things we can do to increase revenues. A drug interdiction operation on I-35 could generate extra money for the County. The drugs go north and the cash goes south. We need to seize some of that drug money and put it to good use in the County.

**What do you feel affects the current crime rate in Cooke County and how do you propose to reduce those factors?**

**Carter** - Illegal drug use is the primary factor for the crime rate in Cooke County. We have adopted a philosophy to attack every known drug dealer and make their life in Cooke County as inhospitable as possible. We will continue to be a proactive department, seek out the criminals wherever they may be, and put them in jail.

**Fogus** - I believe the drug problems in Cooke County are one of the main factors in the crime rate. It is a proven fact that the two are related. If we stop the drugs, we will reduce the crime in the County. We will always have crime and we need to keep it in check. The crime rate for the County is figured by the number of crimes reported to the Uniform Crime Report (UCR), which is figured by the FBI. If crimes are not reported to the UCR, then it will show a low crime rate. Once again, it is just numbers and numbers can be juggled to look good. The best way to ensure a low crime rate is to arrest the criminal and put them in jail. Deputies must do good reports and all evidence at the crime scene collected and processed which will result in the criminals being found guilty at trial and being locked up in Texas Department of Criminal Justice.

**Gilbert** - Burglaries and thefts affect our crime rate the most. Methamphetamine is the major drug of choice for people that steal to support their habit. We must curb the use of drugs in our County and you do that with proactive policies. With an aggressive, no nonsense approach towards drug related crimes, we can achieve a lower crime rate by either catching these criminals or making it so unpleasant for them that they leave Cooke County. We need the public to get involved; we must use their eyes and ears to help us combat crime.

The people in the small communities and out in the County deserve to feel that their sheriff department is doing all that is possible to protect their lives and property. Insuring this is one of my main goals. If elected, I pledge my department's fullest attention to rural Cooke County as well as having an exceptional working relationship with all law enforcement agencies that can help insure the safety and protection of Cooke County citizens.

**Sawyer** - I firmly believe that almost all crime is drug related. Burglary, child abuse, domestic violence, and homicide is almost always drug related and makes up a huge percentage of the crime we have here. I want to bring what I've learned in my lifetime in drug law enforcement to make this community a safe and secure society.

## Fuhrmann, Harrison exchange vows at St. Peter's Church

Amber Joy Fuhrmann of Lawton, Oklahoma and Tyler Penn Harrison of Elk City, Oklahoma were married at 11 a.m., April 21, 2012, at St. Peter's Parish in Lindsay, Texas. Officiating at the double ring nuptial Mass was Fr. Raymond McDaniel.

The bride is the daughter of Arnold and Cecilia Fuhrmann of Lindsay. She is a graduate of Muenster High School and graduated from Cameron University in Lawton while living and assisting her grandparents Damon and Georgia Doye of Lawton with Mello-D Farms.

The groom is the son of Nick and Kim Harrison of Elk City. He is a graduate of Elk City High School, attended the University of Mississippi, and received his Bachelor's degree in Finance from Southwestern Oklahoma State University in 2007. He currently works with his grandmother Suzy Spieker as a realtor in Elk City.

Grandparents of the bride are Erwin and Clara Fuhrmann of Lindsay and

Damon and Georgia Doye of Lawton. The groom is the grandson of Larry and Suzy Spieker and Jerry and Lois Harrison of Elk City.

Music was led by members from both sides of the family and was accompanied by organist Andrew Kenney and sopranoist Laura Neusch. Music before Mass included "Hail Mary, Gentle Woman." Seating of the parents and grandparents was done with the selection of "Air" from Water Music by Handel. "Canon in D" by John Pachelbel was played for the attendants' processional, and "Prince of Denmark's March" by Clarke was the bridal processional.

Lectors were Alex Fuhrmann, uncle of the groom and Godfather, and Damona Doye, aunt of the bride and Godmother. Presenting the bread and wine were Stephanie and David Costello and family. Laura Neusch sang a solo for Mary's altar entitled "Regina Coeli."

The bride's mother was

Mrs. Tyler Penn Harrison  
... 'nee Amber Joy Fuhrmann ...

escorted by her son Cletus Fuhrmann. The bride was escorted by her father, and given in marriage by her parents.

The bride wore a White One/WI Wedding mermaid-style dress with off-the-shoulder cuffs. A ruffled, gathered bodice featured cluster appliques throughout with a short train. The veil was made of ivory tulle and was rounded on the edges of a cathedral-length train. The bridal bouquet was an arrangement of rounded pink roses.

### ATTENDANTS

Matron of honor was Crystal Bayer, sister of the bride. Bridesmaids were Jessika Hartman, Kori Kenemer, Ashley Parks, and Randal Ridling. Attendants wore various styles of Kelley green, floor-length dresses with matching shawls. They carried single stems of pink roses.

Best man was Eric Buck-

master, friend of the groom. Groomsmen were Dustin DeGarmo, Abe Fuhrmann, Cletus Fuhrmann, and Nathan Merz. The groomsmen wore gray tuxes with Kelley green vests and ties. The groom wore a gray tux with a pink tie and vest.

Ushers were Brent Caswell, Chasen Doye, Antoine Ehouman, and Jason Redd.

### RECEPTION

The reception included dinner and dancing at Centennial Hall along with strawberry, vanilla, and chocolate cupcakes. Small centerpiece cakes were made for the bride and groom. The bride's cake was white and adorned with candy beads, live pink roses, baby's breath, and greenery. The groom's cake was chocolate and covered with glazed chocolate rosettes.

After a wedding trip to South Rim of the Grand Canyon the couple will reside in Elk City, Oklahoma.

## Rosston Cemetery Association sets May 12 service and luncheon

The Rosston Cemetery Association memorial service will be held at 10:30 a.m. on Saturday, May 12 in the Rosston Methodist Church. A luncheon will follow at noon in the Ross Point Community Center.

Many people mistake our work for our vocation. Our vocation is the love of Jesus.

Mother Teresa

## Scotty Thurman band to perform for children's benefit

Texas Music Award's "Album of the Year" winner Scotty Thurman will perform at Choctaw Casino in Durant, Oklahoma on Thursday, May 17 with proceeds going to the Starlight Children's Foundation. Starlight helps seriously ill children and their families cope with their pain, fear, and isolation through entertainment, education, and family activities.

Jewels by Park Lane is sponsoring the event. Thousands of dollars in high-fashion jewelry will be given away to concert goers through drawings. Tickets are available through StarTickets.com

Gardening is a kind of disease. It infects you, you cannot escape it. When you go visiting, your eyes rove about the garden; you interrupt the serious cocktail drinking because of an irresistible impulse to get up and pull a weed.

~ Lewis Gannit

Chuck and June Bartush of Muenster announce the engagement and approaching marriage of their daughter Jacqueline Bartush to Ryan Starrett of Muenster, son of Richard and Mary Starrett of Jackson, Mississippi. The couple will be married Sunday, May 27, 2012 in Sacred Heart Catholic Church with Fr. Ken Robinson officiating. The bride-elect is a graduate of Sacred Heart Catholic School and of the University of Dallas. She currently teaches science at Sacred Heart School and is a jewelry designer. The future groom graduated from the University of Dallas. He is a theology teacher and boys basketball coach at Sacred Heart School. After their marriage, the couple will reside in Muenster.

## Muenster receives 10th Tree City USA Award

The Muenster Girl Scouts in conjunction with Keep Muenster Beautiful planted a tree at Muenster City Park in honor of Arbor Day at Germanfest. Courtney Belvins from the Texas State Forestry Services presented Mayor Joey Anderson with the Tree City USA Award. It is the 10th time that Muenster has received this prestigious award. The award is only given to about 66 cities in the state and Courtney believes that we are the smallest town to receive this designation. Smokey the Bear gave free trees to Fest goers, and the Scouts served free cake and ice cream to those attending the Arbor Day ceremony. KMB photo

# Thirty-four receive First Communion in Sacred Heart Church

Thirty-four children of Sacred Heart Catholic Church received their First Holy Communion at a 10 a.m. Mass on Saturday, April 21.

They were Lilli Akin, Alexa Almejo, Robbie Batha, Emma Bayer, Alison Becker, Amelia Becker, Madysen Brown, Kayla Deweber, Ruth Ann Eddleman, Jacob Felderhoff, Emily Flusche, Haley Flusche, Max Ganzon, Molly Gilleland, Randi Gilleland, Levi Griffith, Nathan Hartman, Nate Hesse, Dawson Jones, Joie Kintz, Hillary Klement, Charley Koesler, Timothy Luttmmer, Martie McCoy, Lauren Miller, Lilly Muller, Taylor Newmon, Gavin Pagel, Rynne Reiter, Ty Sanders, Clayton Spaeth, Logan Stewart, Connor Vogel, and Luke Walterscheid.

Father Ken Robinson was the celebrant for the Mass. Servers were Abby Walterscheid, Ben Ganzon, and Sophia Jones. John Kintz read the introduction to the Mass and the first communicants processed in to the gathering song "Table of Plenty" and joined their families in the pews. Music ministers were Diane Grewing, Linda Flusche, Doug Yosten, and Christy Hesse.

The First Reading was done by Janet Vogel. The music ministers led the singing of the Responsorial Psalm. Intercessions were read by first communicants Joie Kintz and Martie McCoy. The Offertory Gifts were brought up by first communicants Emma Bayer and Nathan Hartman. "In the Breaking of the Bread" was the preparation song.

At Communion, the chil-

Sacred Heart Catholic Church First Communion Class of 2012

dren came forward with their families to receive Communion. Eucharistic ministers were Fr. Ken, Linda Knabe, Rhonda Walterscheid, Harold and Jeannine Flusche, Judy Flusche, Kim Felderhoff, JoAnn Pagel, and Charlotte Klement. Communion

songs were "Bread of Life," "Gift of Finest Wheat," and "The Supper of the Lord." "Let the Children Come," the Communion meditation song, was done by the music ministers. The commissioning song was "Companions on the Journey."

Three other children will receive their First Communion in the near future. They are Samuel and Tanner Cunningham and Jena Dangelmayr.

The teachers who helped prepare the children for their First Communion

were Sr. Cecilia Nguyen and Rhonda Walterscheid at Sacred Heart School, and Linda Knabe, Sandra Hennigan, Shelley Zimmerer, and James Hennigan in the Religious Education program. Jena Dangelmayr and Luke Walterscheid were home-

schooled. Each child was given a First Communion set by the local branch of the Catholic Life Insurance Union. Shirley Knabe did calligraphy on the First Communion certificates and in the First Communion sets.

## Lindsay man responds to call to serve

Recently, District Judge Janelle Haverkamp swore in four new CASA volunteers who have now been appointed as advocates to speak for the best interests of abused and neglected children whose cases come before her Court. Pauline Bashaw, Sara Butler, Chris Hundt, and

Jennifer Ridge took their oaths soon after completing training required for CASA advocates.

All became CASA advocates out of genuine concern for abused and neglected children. One, in particular, stepped forward to serve after reading articles in local publications in which Judge Haverkamp voiced a need for male advocates in her Court. Chris Hundt read one such article on a Friday evening and showed up for training the very next day. "I've been thinking about becoming a CASA volunteer for about two years. When I read that the Judge herself was asking for men to serve, I knew I needed to step up now," said Hundt.

Hundt is one of only nine men who serve as CASA advocates in Cooke County for the near 100 area children who come into foster care on any given year.

"Half of the children who come into the child welfare

system here in Cooke County are boys," said CASA's Director Vicki Robertson. "Few of the children (male or female) have had a positive male influence in their lives. Studies show that children of both sexes who have a positive male role model in their lives make better life decisions. That's why it's so important that we get the word out that we need men to step up for our kids."

Today, there are eight children who need a CASA advocate. To serve as a CASA advocate, one must be over the age of 21, have clear criminal and CPS histories, and have between 10 to 15 hours a month to dedicate to the case. Trainings are now being scheduled for late May/early June. Anyone interested in getting involved for CASA's children may contact the CASA office at (940) 665-2244 or send an email to sbutler@casant.org.

The North Texas Medical Center Relay for Life Team is currently selling garden stepping stones as a fundraiser for the Cooke County Relay for Life May 4. The stepping stones come in a variety of shapes and sizes and can be personalized. Pictured are, from left, Fay Nortman, NTMC Relay captain, and Roberta Sanchez, co-captain, with samples of the stones. Stones will be available at the NTMC tent during the Relay Friday at Gainesville High School Leopard Stadium. Proceeds go to the American Cancer Society. NTMC photo

## New Arrival

Claire Graves

### Graves

Cooper Graves is excited to announce the birth of his little sister Claire Aubrey Graves. Claire was born at 10:19 a.m. on Tuesday, Feb. 28, 2012, weighing 8 lb. 6 oz. and measuring 19 inches in length at the Presbyterian Hospital of Denton to Jeff and Karime Graves of Era. Claire is the granddaughter of Kirk and Donna Klement of Gainesville and Mike and Nancy Graves of Era. She is the great-granddaughter of Edna Klement of Muenster and the late Martin Klement, Leonard Reiter of Muenster, Wanda Reiter of Gainesville, Betty Graves of Gainesville and the late Darnell Graves, and the late W.B. and Mary Hudspeth.

## Muenster's future leaders attend Mavericks program

The Muenster High School Student Council and National Honor Society attended a Leadership Program sponsored by the Dallas Mavericks on April 19. Students were allowed to ask questions to Mavericks owner Mark Cuban and Assistant Coach Darrell Armstrong. They shared their knowledge of both the business and leadership sides of the Dallas Mavericks. Senior Lana Heers was able to ask Cuban what his average week was like during the Maverick season. He explained that his work week includes checking in on his various businesses and watching the Mavericks play. Following the speakers, students stayed to watch the Mavericks beat Houston. Sacred Heart Catholic School celebrated 30 years of success for its Montessori program on April 30 with a special program and reception. Above are several people who took part in the event, from left, standing - Charlene Hymel, associate superintendent of Catholic schools in the Fort Worth Diocese, Fr. Ken Robinson, Principal Rafael Rondon, first teacher Susan Wilkerson, first students James Felderhoff and Michael Flusche, Loretta Felderhoff; seated - Advisory Council Representative Lydia Springer; below top - Troop 664 Scouts Austin Miller, Michael Weinzapfel, and John Paul Hesse present the Colors; bottom - Montessori students joyously release red balloons. Janet Felderhoff photos

### MONTESSORI

.....continued from pg. 1

cupcake, and free time outdoors. SHCS Principal Dr. Rafael Rondon welcomed guests and students to a program following the blessing and ribbon cutting of the expanded Montessori building. He remarked, "This is a very special day for all of us. It's an opportunity to acknowledge the fantastic work that has been done in our Preschool and Montessori School over the last 30 years. Pam Dangelmayr has been a huge part of that. She never stops working. She's awesome!" He expressed appreciation to Pam and to Barbara Davidson, Kathy Berres, and Susan Yosten who have worked the past few years to make the Montessori program successful.

Coach Jon LeBrasseur performed master of ceremonies duties for the event. Charlene Hymel, associate superintendent of Catholic school in the Fort Worth Diocese spoke of the academic excellence of the Montessori program. She said, "I want to acknowledge what a wonderful school you have and how proud the Diocese is of you. The opportunity to go to Mass three days a week, share in Adoration, have an outstanding faculty and staff - you are truly blessed. I've been here a few times and it's my second time to be at Mass with you. Your students are certainly reverent and well-behaved, just a blessing to you and your community."

School Advisory Council Representative Lydia Springer observed, "I think we can all look around now and see many in their 20s and even in their 30s now who have benefited from their start here. I think they have done exceedingly well in their personal, professional, and faith life. What is the common thread? What is the common denominator? Certainly our Parish Church and their start right here at Sacred Heart Preschool."

Later in the day, Fr. Ken visited the Preschool to bless the students and the inside of the building.

The Preschool addition is approximately 1500 square feet which includes the entrance, hall connecting the existing building to the new addition, handicap-accessible restrooms, and a new classroom providing additional instructional area as well as space for a new computer area. The playground area nearly doubled in size as part of the project.

Pam Dangelmayr explained, "Based on a child's developmental needs, the proper age grouping of young children is three years through age six. For this reason, in 2010, the kindergarten students joined the preschool students in what is now named the Primary Montessori class of Sacred Heart Catholic School. To better accommodate the additional students and new curriculum materials, there was the need for additional classroom space to enhance the learning of all the students."

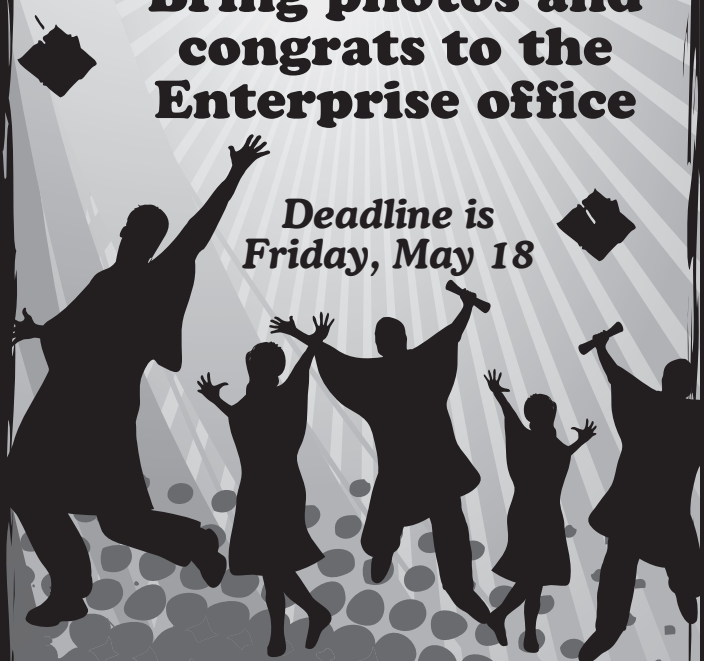

At least 579 young children have since benefited from those efforts as they attended Sacred Heart Catholic School's Montessori program.

**Congratulate your graduate**

**With a personal ad in our graduation special**

**Bring photos and congrats to the Enterprise office**

**Deadline is Friday, May 18**

**Discus:** 5, Andy Flusche, M, 123' 5"; 16, Dean Fleitman, L, 97' 8.5".

## Hornet Baseball team still ranked #1

Of the top 10 Class 1A high school baseball teams for the state of Texas as of April 27, the Muenster Hornets remain on top.

According to the Texas High School Baseball Coaches Association's 2012 Poll, the Hornets are notches ahead of Douglass, Trenton, Cayuga, Kenedy, Miles, Carlisle, D'Hanis, Stamford, and Shiner. Of these top 10 teams, nine remain undefeated in conference play. Only one team, Stamford, is undefeated (13-0) for the season.

On Tuesday, the Hornets had a non-conference game against Electra, defeating the Tigers 15-6.

Andy Flusche hit a home run, with Trevor Hess, Mark Jones, Garrett Hanes, Clint Sidwell, Mason Binder, Cole Walterscheid, Tyler Anderle, and Chase Hammer also scoring.

The Hornets will have a practice game on Saturday at 1 p.m. at Brock. Muenster got a bye in Bi-District, advancing to Area on May 12. At Area, the Hornets will play the winner of the Rice versus Hubbard game.

## Local tracksters heading to Austin

Five Muenster High School Track team members will compete in the UIL State Track & Field Meet in Austin May 11 and 12.

Amber Walterscheid will run the 300m hurdles and is a member of the State-bound 4x200m relay team along with Paige Herr, Shelbi Sicking, and Hannah Bayer. Dalton Koelzer is the lone Hornet. He will be competing in the 110m hurdles.

The Lady Knights of Lindsay have five girls advancing to State. Katie Arendt, Megan Caillier, Shannah Daymude, and Lauren Gibbs are members of the 4x400m relay team. Caillier will also be running the 400m and 800m races, and Gibbs

the 1600m and 3200m runs. Megan Holt is also a 1600m qualifier.

The Knights will have pole vaulter Jace Wann and distance runner John Price.

Also from the district, Kayley Calhoun of Valley View will run the 3200m, Shea Knabe will be pole vaulting for Era, and the Collinsville Pirate 4x400m relay team of

Lady Hornet Emily Hellman, at right, and Lady Knight Megan Caillier have a friendly warm-up before the 800m race at the Region III Track and Field Meet last Friday. Photo by Deanna Hellman

# PLAY FIT CAMP

MUENSTER MEMORIAL HOSPITAL  
**MMH FIT**  
FUNCTIONAL INNOVATIVE THERAPY

**June 18-21, 2012 8:30 - 11:30 a.m.**

The Muenster Memorial Hospital FIT Center will be hosting a youth FIT Camp taught by our staff at the Muenster City Park for children 5-12 years old. It will be an opportunity for kids to be active and play FIT for 4 activity packed days. Children learn exercise while playing a variety of games and learn about team work, living a healthy lifestyle choosing nutritious foods. Refreshments will be provided each day, and each participant will receive a Play FIT Camp T-shirt. If you have additional questions please contact Karime Graves at the FIT Center 940-759-6198. Please complete one registration form per child. Camp Fee is \$50 for non-FIT members and \$40 children of FIT members.

# FARM & RANCH

# County Agent's Report

## Interested growers sought for sorghum inputs study

The Sorghum Checkoff is funding an in-depth study that involves tracking all inputs used by sorghum growers to raise, harvest, and market their sorghum crop.

Starting in June 2012, sorghum growers will be participating in the research to provide an in-depth study of all inputs and outputs relating to the crop. The data will

be used to assess the carbon footprint of growing sorghum versus other crops, and a model will be developed to demonstrate these interactions.

As a survey participant, sorghum producers will be asked to keep specific information for their inputs and outputs as they go through this year's growing season. If you are a sorghum producer interested in participating in this series of four 5-to-10-minute surveys online, please contact Dusti Fritz at dusti@sorghumcheckoff.com.

The study will be conducted by SGS and Strategic Marketing Research and is strictly a scientific research project that does not involve sales of any kind.

## Ag panel votes to cut food stamp program

The Agricultural Reconciliation Act of 2012, which recommends budget cuts required by the House Budget Resolution, recently passed in the House Committee on Agriculture. The committee's goal is to eliminate loopholes and reduce wasteful spending in the Supplemental Nutrition Assistance Program (SNAP), formerly referred to as food stamps. The Agriculture Committee approved achieving the requirements by cutting \$33.2 billion from SNAP.

Chairman Frank Lucas (R-OK) said SNAP has nearly tripled its budget over the last 10 years, but reductions proposed by the ag committee would cut only 4% over the next decade. However, the move to cut funding from SNAP will mean very little approaching the farm bill debate, and the bill will actually never become law because the Senate will never vote on it.

## Sorghum acres on the rise

USDA released its perspective plantings report indicating sorghum acres are up in Texas and several southeastern states. Growers intend to plant almost six million acres of sorghum for all purposes in 2012, up 9% from last year. Planted acres in Texas are expected to be up to two million acres from 1.55 million acres, a 29% increase.

## TDA market recap

For the week ending April 28, feeder cattle price trends at Texas auctions covered by USDA Market News were mostly \$2 to \$7 lower per hundredweight (cwt). Those sales were held late in the week, after USDA confirmed a case of BSE in a California dairy cow. The Texas direct feeder cattle trade was mostly steady to \$2 higher early in the week, but steady to \$3 lower later in the week

## Watch for rising temperatures in recently baled hay

Producers all over Texas have been/are baling ryegrass (and/or small grain) hay recently. Dr. Vanessa Corriher wanted to give you a quick reminder:

At baling, the moisture content of hay for large round bales should not exceed 18%; for small square bales, moisture content should not exceed 20%. One way to get consistent readings with a moisture meter is to use an 18" length of 2" diameter PVC pipe with a threaded cap on one end. Pack the harvested forage into the PVC pipe, then insert the moisture meter into the hay to obtain a reading.

The temperature of hay baled will increase during the first few weeks after baling ("sweating" or "going through a sweat"). It is mainly caused by microbial activity, though

it can include some final plant respiration.

At a moisture content of greater than 20% up to 35%, mold production becomes a great concern because it consumes nutrients in the hay and reduces its nutritive value. Mold also creates heat from respiration and produces toxins that make the hay less palatable. While mold-related heat up to about 120 degrees F does not damage hay nutritive value, higher temperatures can. Protein breakdown begins at temperatures above 120 degrees F and browning begins at about 140 degrees F. This browning reaction can further increase temperature and take forage nearly to the point of combustion.

Hay temperatures less than 120 degrees F are considered safe. Between 120 and 140 degrees F: monitor closely (check temperature daily). Between 140 and 180 degrees F: hay is likely to spontaneously combust, consider calling local fire department.

## Grasshoppers are here again!

Grasshoppers are among the most widespread and damaging pests in Texas. Dry weather increases the survival of nymphs and adults. Warm autumns allow grasshoppers more time to feed and lay eggs. Because of this, we certainly need to be on the look-out for outbreaks of these pests. In fact, we have already begun to notice outbreaks of juvenile grasshoppers in some areas. More outbreaks are still possible, as eggs begin hatching in late April or early May and continue until late June.

There are many options to control grasshoppers. Tillage and weed control are some of the best. However, the time to implement these "cultural" practices is past.

The point of this article is that grasshoppers are better controlled when they are juveniles; right now! If you have grasshoppers in large numbers, chances are very good that they will continue

to grow, cause damage, and become more expensive to control.

When grasshoppers are noticed in and around your house, it is very important to consider the source of these grasshoppers. Very likely it is the roadside ditch or a neighboring pasture. Depending on where your house is located, the use of chickens or guineas is actually a fair method of control. Chemical methods can also be applied. In these cases a residual insecticide applied around the perimeter of your property will help to control grasshoppers as they move in. Additional applications should be made to the areas of your landscape that you want to protect the most.

When grasshoppers are noticed in rangeland and pasture, improved pastures and similar areas used for production of forage plants primarily for livestock grazing or mechanical harvest, then the use of an insect growth regulator should be considered. These products work by inhibiting the ability of grasshopper nymphs to develop into adults. This means that to take advantage of the growth regulators, a producer needs to use them early in the season. For optimum results, applications should be made when the majority of the nymphs have reached the 2nd to 3rd instar stage of development.

When grasshoppers have matured, other control options should be utilized. A Texas AgriLife Extension Service publication titled, Grasshoppers and Their Control, publication number E-209, is available at <https://agrilifebookstore.org/> and will give you some useful information.

**Dates to remember**  
May 8 - Cooke County Marketing Club Meeting; Cooke County Farm Bureau Building - 7 p.m.  
May 11 - (3 CEUs) Small Grains Tour; 2.5 miles North of Hwy 82, East of Muenster - 9 a.m. (RSVP - 940.668.5412).
