

Work continues to progress in the Cooke County Courthouse. Shown above is scaffolding reaching from the basement to the ceiling where the beautiful stained glass was removed for cleaning. Below, at right - floors were removed to put in fire escape stairs to replace the outside slides for escape; at left - the second floor ceiling was removed to restore this portion to its original high ceiling design. **Janie Hartman photos**

Muenster ISD Board calls for \$14,000,000 bond election

By Janet Felderhoff

It is now in the hands of voters as to whether Muenster ISD will be building new facilities for elementary and junior high students. At the regular March meeting held on Friday, March 11, the Board voted unanimously, 6-0, to employ Southwest Securities as investment banker and McCall, Parkhurst & Horton be employed as bond counsel by the District and they adopted the order calling for a bond election as presented. Neal Flusche made the motion for the election and Ben Bindel made the second. The president and secretary of the Board of Trustees were authorized and instructed to execute all papers necessary to perfect the motion.

MISD Superintendent Clay Richerson promised to have more detailed information prepared for the public to be available soon. There is a public meeting planned for Wednesday, March 23 at 7:30 p.m. in the school cafeteria.

Leon Johnson of Southwest Securities in Dallas spoke to the Board about the bond election. He brought wording for the election as prescribed by attorneys. "Any time you are dealing with money, there are very specific forms, rules, and regulations in this," Johnson advised.

"You've got an opportunity to do a significant amount of building," said Johnson. "When you start with virtually no debt, it seems like a large increase. Compared to Texas school districts across the State, to have a potential of only about a 30¢ tax rate puts you in among the lower school districts in the State on your debt service."

Teacher days and student days will not match up. In order to avoid problems with PEIMS, the Board voted to do as recommended and to make up student time by adding 30 minutes on Monday for 12 weeks and making two early release days full days, submit a waiver for student make up time, and a resolution to reduce teacher days from 187 to 185.

Members of the Lady Hornets received Board congratulations at the meeting for the success they had going to the State Championship playoff tournament for the second consecutive year.

Board President Steve Trubenbach commented, "I feel like you are actually leading our school and leading the present and future kids to come into our basketball teams to see what you've done. It gives them something to look forward to. Your parents ought to be really proud of you and I know the community is proud of you. I hope you can carry your success on through your lives with your families and your jobs and careers." He expressed appreciation for the time and patience given by Coach Atcheson and Coach Binder.

Superintendent Richerson commended the team on what they do and how they do it. "It is very, very important to me to see teams out on the field and on the court that play hard and act right, and you all do that. That just shows the character of you as a group and the students we have at Muenster High School. It also reflects on your coaches."

The 2011-12 school calendar received considerable discussion, but no action. Richerson presented a proposed calendar approved by the District Site Based Committee. School would start on Aug. 22 and end on May 31. There are 45 days of required testing in the schedule.

Richerson explained Optional Flexible School Program or Flex Days for short, a program that TEA allows schools to participate in with Board approval and a plan submitted to TEA. It allows up to 10 days to release students from school, but requires certain students to come. He explained what could be done. At-risk students are targeted. "The at-risk students we are targeting are those with attendance issues, with discipline issues, and struggling on a TAKS test," said Richerson.

The use of Flex Days was recommended by the District Committee. This would be an incentive to attend regularly and do as well as possible on tests to earn the Flex Days off rather than be required to be in school.

Board member Mel Walterscheid commented that eight or 10 days is a lot to have 80% of the kids not in school. The change in graduation time with the Flex Program was discussed.

County prohibits outdoor burning

By Janet Felderhoff

Cooke County joined the many other counties in Texas that have banned outdoor burning. At its Monday, March 14 meeting, Cooke County Commissioners Court banned outdoor burning effective immediately.

Cooke County Fire Marshal Ray Fletcher asked the Court for the county-wide burn ban. "The soil moisture is not too bad right now, but things have not greened up yet for the Spring as they normally should or would,"

Fletcher commented. "The KBDI is not as good an indicator in the spring and winter as it is in the summer. The drought monitor is now showing us in a moderate drought. We haven't received nearly the Spring rainfall we would normally at this point. We are still getting those intermittent freezes. I think we are supposed to get down to 33° by tomorrow morning, so that's not going to help with anything in that respect. The seasonal drought outlook doesn't show things

getting any better. In the week-to-come forecast, there is not precipitation. We are in transition season with the fronts coming through, and as we experienced Friday, very little humidity. We got down to 9° and winds were gusting to about 35 mph. Fortunately, we didn't have the fires they did in Jack and Wise counties."

Fletcher said that the ban could be taken off after a couple of good rains and

warmer weather.

County Judge John Roane also expressed concern over the forecast, lack of rain, and current windy conditions. He felt the Court should, as a precaution, instate the ban on burning even if it just prevented one fire over the next two-week period.

Commissioners voted unanimously for the burn ban.

After discussing possible

Community meeting set on bond election

Muenster ISD will host a community meeting to introduce financial and building information to the public concerning the \$14,000,000 bond election for construction of new elementary and junior high facilities. The meeting will be on Wednesday, March 23 at 7:30 p.m. in the cafeteria. All parents and community members are invited to attend.

Receives State honors

Muenster High School senior and member of the 2010-11 State Semi-Finalist Lady Hornets basketball team Taylor Klement has been named to the Texas Girls Coaches Association 1A-Div. 1 All-State Team. Coach Jason Atcheson has also received word that TK has been selected to play in the Texas Association of Basketball Coaches All-State game in San Antonio on May 19-20 and the Texas Girls Coaches Association All-Star game in July. Entities announce election candidates

By Janet Felderhoff

Several local entities will be holding elections on Saturday, May 14. Those with uncontested positions will choose to spare the expense of an election and cancel the called election as the law now allows.

Muenster City Council will hold an election. There are three two-year term positions expiring in May. They are currently held by John Pagel as mayor, Place 3 held by Joey Anderson, and place 5 held by Jack Flusche. Pagel did not sign up to run again. Anderson signed up to run as mayor, and Flusche is the sole candidate for Place 5. Filing for Place 4 are Bob Bauer and Tim Felderhoff.

Muenster ISD has two positions open for election. They are held by Ben Bindel, Place 3, and Bert Walterscheid, Place 4. Bindel seeks another term and is uncontested. Walterscheid did not sign up for another term. Signing up as candidate for Place 4 is Doug Hermes. An election for Board candidates is not necessary, but Muenster ISD's Board called for a \$14,000,000 bond election for new elementary and junior high facilities and that election will take place on May 14. Those who are not yet registered to vote, may do so up until 30 days prior to this election.

Muenster Memorial Hospital has three three-year term Board seats with expiring terms. Those are now

held by Paul Becker, Mary Dangelmayr, and Danny Walterscheid. Only Walterscheid seeks another term as incumbent. Also seeking election to the MMH Board is Jon Reed. One at-large position had no candidate and will need to be filled by a Board appointment.

Lindsay ISD will have a May 14 election. It has three positions for three-year terms up for election. Holding these places are Wayne Fleitman, Tommy Haverkamp, and Rudy Zimmerer. Seeking election to these at-large seats are Wayne Fleitman and Tommy Haverkamp, incumbents, and Brad Metzler, Tammy Bezner, and Vicki Thurman.

The City of Lindsay has also scheduled a May 14 election. On the ballot is a non binding referendum for the Lindsay Volunteer Fire Department to determine whether citizens are willing for the City to help the Lindsay Volunteer Fire Department build a new station.

Three aldermen's two-year terms on Lindsay's City Council expire in May. They are currently held by Robert Sharp, Jeff Neu, and Steven Zwinggi. All but Zwinggi seek another term. Jeff Arndt also filed for an alderman position. An election will not be necessary since there are no contested positions.

Early voting begins May 2 and ends May 10.

RECORD SETTER

Muenster hosted their annual Hornet Relays last Thursday under calm, clear blue skies, historically unusual conditions for the track & field meet. Sacred Heart Tiger Bob Bartush (above) set a new S.H. School record in the 800m run with a time of 1:59.47, breaking the 2:00.9 record set by his brother John Bartush, Jr. in 1997. BOND

.....continued from pg. 1

A decision was tabled until the Board could view a school calendar with the Flex Days built into it.

The Board approved renewal of teacher contracts for the 2011-12 school year as recommended by the principals.

Principal Sharon Browning recommended the following for junior high/high school:

Term one year 10 month contracts for Rebecca Felderhoff, Danna Hess, KaTina Johnson, Stephanie Krebs, Caroline Lutkenhaus, Gynell Oppermann, Carmen Reiter, Molly Sicking, Rhonda Tuckwell, and Lisa Walterscheid; Term one year 10 month dual contract teacher/District UIL coordinator Leigh Hale; Term one year 10 month contract as school nurse Marlene Fisher; Term one year 10 month plus 10 days dual teacher/coach contract Amy Binder; Term one year 11 month dual teacher/coach contract Jason Atcheson, Courtney Christenson; Term one year 12 month teacher contract Daniel Waneck; Term one year 12 month contract as school counselor Kristi Schneider; Term one year 12 month multiple duty contract as teacher/coach/technology coordinator Jeff Presnall; Probationary one

year 10 month plus 10 days contract dual teacher/coach Justin Josselet; Probationary one year 11 month dual contract teacher/band director Curtis Oakley; Probationary one year 12 month teacher contract David Skeans; Term one year 9 month teacher contract for retirees Martha Koessler, Nancy Perryman, and Joni Sturm.

Elementary Principal Lou Heers recommended: 10 month one year contracts for: Kenet Richerson, Jill Reiter, Lisa Pagel, Deb Klement, Deanna Hellman, Dyan Huchton, Amy Huchton, Beth Saucer, Amy Anderle, Cheryl Presnall, Cicily Wan-eck, Kay Hickey, Sabrina Truebenbach, Kim Budish, Dianne Ends, Bernadette Otto, Jennifer Walterscheid; 10 month one year probationary contract Collin Cheaney; 10 month plus 10 day one year contract for certified librarian Vicki Eldridge; 11 month one year contract for teacher/webmaster Debra

COUNTYcontinued from pg. 1

awarding of sealed bids for road aggregate for a period of six months with two optional one-year renewals beginning April 1, 2011, the Court tabled the agenda item for at least two weeks.

In other business, Commissioners Court:

- Approved Cooke County Library to apply for the NETLS grant for Summer Reader software and accepted the NETLS grant for that software in the amount of \$800.
- Voted to allow NCTC to use the Cooke County Library parking lot for valet parking for a fundraising event at the Gainesville Civic Center.
- Accepted a donation in the amount of \$200 to the Cooke County Library from Faith and Jack Dulaney.

Sicking; one year 10 month plus 10 day contract dual assignment teacher/coach J.B. Gray, III.

In other business, the Board of Trustees:

- Approved Gerloff Company, Inc. Catastrophe Management as a vendor to conduct casualty repairs, interior and exterior reconstruction, etc. due to insurance related claim appraisals and assessments. This does not mean that the Board has to use this company, but the company has photos and maps showing what the campus looks like.
- Amended the budget to add the recapture payments and the wind turbine benefit payment to the budget. This should have been done during the construction of the budget, but was inadvertently omitted.
- Adopted new TASB contract forms changing days to months.
- Heard that delinquent tax collections for February totaled \$1,272.42.

• Accepted a grant of \$13,000 for the purchase of a power cot for the Cooke County EMS Department.

• Approved adding Precinct #2 Commissioner B.C. Lemons as an authorized representative for the Texas Facilities Commission Federal Surplus Property Program and removing former Commissioner Steve Key.

• Accepted insurance settlement in the amount of \$725.59 for a Sheriff's Office Crown Victoria that was damaged due to an accident.

• Approved Resolution No. 03-14-11.01 authorizing and ratifying the sale of property that was not sold at the last Sheriff's sale (delinquent tax sale) (Cause No. 6091, 6177, 6165, 6181, 6162, 6196, 6232, 6229, 6024, 6176, 6215, and 6184).

Cooke County Severe Storm Program rescheduled for Wednesday, March 23

The 2010 severe storm season in North Texas was anything but typical, but was quite busy. There were tornadoes as early as Jan. 20 and tornadoes as late as Oct. 24. Hail storms, damaging thunderstorm winds, and flooding all had their turn across north Texas skies. The toll on life and property was significant, with many casualties and damage in the tens of millions of dollars.

The 2011 severe weather season is fast approaching. Are you ready for whatever this year has in store? Do you have a severe weather plan at your home and your workplace? Can you recognize the clues that suggest large hail, flash flooding, or a tornado is possible? Do you want to become part of the severe weather warning system in your county?

As part of its area-wide weather preparedness campaign, the National Weather Service (NWS) in Fort Worth will answer these and many other questions at the Skywarn severe weather program on Wednesday, March 23 from 7-9:00 p.m. This is the rescheduled session that was originally scheduled for early February. The program will be held at the Gainesville Civic Center, and is held in partnership

with Cooke County Emergency Management and the City of Gainesville Office of Emergency Management.

The 2011 program will discuss thunderstorm formation, severe weather production, and features associated with severe storms. The presentation will also review tornado formation and behavior, non-threatening clues which may be mistaken for significant features, and safety when thunderstorms threaten. The program will discuss spotter operations and recommended reporting procedures. The presentation will be in multimedia format, featuring numerous pictures of storms and 25 minutes of storm video clips.

"We have quite a bit of new material for this year's spotter training program," said Mark Fox, warning coordination meteorologist at the Fort Worth NWS Office. We will present the information in the form of a checklist for the attendees to utilize. Most of the storm photos and video clips are different this year. We have reworked many of our graphics. We'll have more identification cases, and we'll discuss the operational aspects of storm spotters in detail."

The fundamental purpose of the spotter training - and

of the storm spotter network as a whole - remains unchanged. Fox said, "We could not do our job as well as we do without storm spotters. Radar is a great tool, but it only tells us part of a storm's story. Spotter observations complement the data we use to analyze storms. The combination of spotter reports and radar data gives us the best possible picture of the storms and what's going on inside them."

The program is free and open to the public. "By coming to this program, you will learn a lot about thunderstorms," Fox said. "Even if you don't become an active storm spotter, you will learn about how storms work and the visual clues you can identify when storms are in your area. We will discuss severe weather safety tips. This will better prepare yourself and your family for the threats that storms pose."

The National Weather Service in Fort Worth provides forecasts, warnings, and weather services for 46 counties in north and north-central Texas. For more information on severe weather visit the Fort Worth Forecast Office's website at www.weather.gov/fortworth and on Facebook: <http://www.facebook.com>.

Obituaries

RRC production statistics and allowables for February 2011

The Texas average rig count as of Jan. 14, 2011, was 726, representing about 44% of all active land rigs in the United States. In the last 12 months, total Texas reported production was 356 million barrels of oil and 7.3 trillion cubic feet of natural gas. Texas natural gas production represents approximately 29% of total U.S. natural gas demand.

The Commission's estimated final production for November 2010 is 29,859,500 barrels of crude oil and 518,014,173 Mcf (thousand cubic feet) of gas well gas. The Commission derives final production numbers by multiplying the preliminary November 2010 production totals of 28,273,369 barrels of crude oil and 476,773,284 Mcf of gas well gas by a production adjustment factor of 1.0561 for crude oil and 1.0865 for gas well gas. These production totals do not include casing head gas or condensate.

Texas natural gas storage reported to the Commission for December 2010 was 412,041,298 Mcf compared to 410,546,930 Mcf in December 2009. The January 2011 gas storage estimate is 368,321,646 Mcf.

The Texas Railroad Commission's Oil and Gas Division set initial February 2011 natural gas production allowables for prorated fields in the state to meet market demand of 12,031,597 Mcf.

In setting the initial February 2011 allowables, the Commission used historical production figures from previous months, producers' demand forecasts for the coming month, and adjusted the figures based on well capability. These initial allowables will be adjusted after actual production for February 2011 is reported.

A little smoke can ignite significant health danger

You don't have to be a pack-a-day smoker to increase your odds of illness. Even the occasional cigarette can pose a danger to your health, researchers say.

"The decline in smoking rates in this country represents a tremendous public health success story," said cardiologist Dr. Jarett Berry of UT Southwestern Medical Center. "Nevertheless, the growing rates of casual or social smoking among younger adults are particularly concerning. Research has shown consistently that even an occasional cigarette raises your risk for heart disease, stroke, and cancer."

Some health risks include higher cancer rates, lung disease, and heart disease.

Even people who are exposed to secondhand smoke at work have a higher risk of disease.

The best way to improve your health is to steer clear of cigarettes and to minimize exposure to cigarette smoke.

Eileen Endres Vogel 1946 - 2011

Mass of Christian Burial for Eileen Endres Vogel of Muenster was held at 10 a.m. on Wednesday, March 16 at Sacred Heart Catholic Church with Fr. Ken Robinson officiating. Burial followed in Sacred Heart Cemetery under the direction of McCoy Funeral Home.

Eileen died at the age of 64 on Monday, March 14, 2011 at her home.

Born April 14, 1946, she was the only daughter of Urban and Jane Endres. Eileen graduated from Muenster High School in 1964. She started dating Robert "Bob" Vogel in her senior year. He would pick her up from school and she would have a 30 minute curfew before he would have to take her home. So, they would go to Rohmer's for a coke.

Eileen and Bob married on Oct. 3, 1964. They started their family while living in a little white rent house by the baseball park. Later, they built their current home where they raised their family.

They raised cattle and sheep, taking part in many Fort Worth Livestock Shows. Eileen was very active with her daughter Valerie in 4-H. Eileen was a homemaker and when her grandchildren were in school, she would pick them up and care for them after school. She enjoyed traveling and going to the casinos with friends.

Survivors include her husband Robert Vogel of Muenster; daughter and son-in-law Valerie and Lonnie Henscheid of Muenster; sons and daughters-in-law Stephen and Janet Vogel of Muenster and Keith and Laurie Vogel of Lindsay; grandchildren Ryan and Chad Henscheid, Sarah, Kyle, Nolan, and Connor Vogel, and Hannah and Emily Davis; her parents; brothers and sisters-in-law Carl and Karen Endres of The Colony, Danny and Jan Endres of Muenster, and Jack and Mary Endres of Athens; sisters-in-law and brothers-in-law Margie Fuhrmann, Rose and Dink Hudspeth, and Jim and Linda Vogel.

Assisting during the funeral Mass were altar servers

Alvin Hartman and Sylvan Walterscheid. Jack Endres gave the First Reading. The Second Reading was given by Francine Walterscheid. Prayers of the Faithful were read by Carl Endres. At Offertory, Nolan Vogel carried a blanket made by Eileen, Connor Vogel carried her stat book and radio, Eileen's rosary was carried by Ryan Henscheid, and the bread and wine were brought up by Kyle Vogel and Chad Henscheid, respectively. Eucharistic ministers were Anne Hesse, Janie Taylor, Roger Taylor, Robert Miller, and Mary Endres.

Music ministers were Christy Hesse and Linda Flusche, vocalists, and Isaac Davis, pianist. Sacred songs were "On Eagles Wings," "How Great Thou Art," "I Am The Bread of Life," "Be Not Afraid," "Songs of the Angels," and "We Walk By Faith."

The eulogy was given by Julie Martin who said, in part, "When she was in high school, she enjoyed playing in the band... She started dating Bob in her senior year... On the day of their wedding, Bob gave Eileen the crystal rosary that she has used for the last 46 years..."

"Upon the establishment of the Texas Rangers in 1972, she found her favorite team. She went to as many games as she could and if she wasn't there she was watch-

Eileen Vogel

ing them on TV or listening to the game on the radio. She meticulously took stats on every game... She loved traveling to Lake Texoma to fish and camp... even the sand bass could not interfere with Eileen keeping stats for the Rangers. She would stop in the middle of a fishing frenzy to take stats on a Rangers game...

"In her free time she loved to crochet and embroider. She made baby blankets... also made Christmas stockings for all her children and grandchildren..."

A Rosary/Vigil service led by Fr. Ken was held Tuesday, March 15 in Sacred Heart Church.

Pallbearers were Scott Hudspeth, Shawn Vogel, Glenn Fuhrmann, Scott Endres, Adam Endres, and Michael Endres.

Gregory Riddels 1955 - 2011

Funeral for Gregory Calvin Riddels of Collinsville was March 17 at First Baptist Church of Tioga with burial in the Tioga Cemetery. He died at the age of 55 on March 13, 2011 in Collinsville.

Mr. Riddels was born May 27, 1955 in Denton to Calvin and Edith Meek Riddels. He enjoyed hunting, fishing, and riding his motorcycle, and he cherished his grandbabies.

Survivors are his son Gregory Calvin Riddels II and his wife Rachel of Collinsville, daughter Stacey

Janway and husband Kevin of Whitesboro, son Kevin Andrew Riddels and wife Nora of Collinsville; eight grandchildren; parents Edith Meek of Collinsville and Calvin Riddels of Bennington, Oklahoma; brother and sister-in-law Randy and Sara Riddels of Sherwood Shores, sister and brother-in-law Cindy and John Trehern of Bennington, and sister and brother-in-law Connie and Alfred Bowman of Collinsville.

He is preceded in death by his brother Alan Ray Riddels.

Samuel F. Swircznski 1942 - 2011

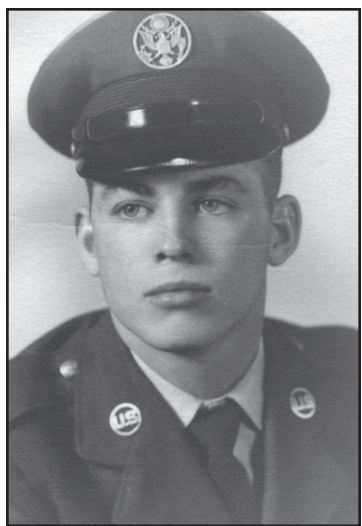

Samuel F. Swircznski died at the age of 68 on Tuesday, March 8, 2011 in Tacoma, Washington. He was born in Muenster on June 23, 1942 to Arnold L. and Isabelle Swircznski.

Sam served in the United States Air Force for 20 years. After retiring from the Air Force, he spent 20 plus years in building maintenance. He loved the mountains, hunting, and camping.

Services for Mr. Swircznski are pending.

Survivors are his wife Cynthia; daughter Pam Weeks; sons Robert Swircznski, Antony Swircznski, and Keith Swircznski; mother Isabelle Swirczynski; sisters Vivian Burns, Alice Fly, and Coletta Moore; and eight grandchildren.

Preceding Sam in death were his father and son Michael Swircznski.

Sam Swircznski

Thomas "Tom" Binford 1917 - 2011

Funeral for Thomas Clem "Tom" Binford of Gainesville was March 5 at First United Methodist Church with Rev. Don Yeager, church pastor officiating. Interment was in Marysville Cemetery. Family members and friends were pallbearers. Services were directed by Clement-Keel Funeral Home.

Tom died at the age of 94 on March 2, 2011 at Autumn Leaves Assisted Living in Flower Mound. He was born Feb. 28, 1917 in Marysville to Clem and Lora Worley Binford. He married Mary Ruth Richey March 28, 1937. Tom served in the 3rd Army in the 86th Black Hawk Division during WWII. He was a postal clerk, retiring with over 30 years of service with the Gainesville Post Office. Tom was a lifetime rancher and a member of First United Methodist Church Gainesville. He was also a member

of Fish Creek Masonic Lodge #344, past member of Belle Moon Chapter #90 Order of the Eastern Star, a charter member and current member of Gainesville Chapter #1123 Order of the Eastern Star, and a member of the Gainesville Riding Club.

Survivors are son and daughter-in-law Thomas Dwaine and Bettie Binford of Marysville; daughters Donna and Jim Parker of Chickasha, Oklahoma and Lorna and Paul Goin of Marysville; sisters Lora Dale Young of Denison, Jewell Branch of Dallas, and Sadie Ruth Budlong of Duncan, Oklahoma; and nine grandchildren, 14 great-grandchildren, and seven great-great-grandchildren.

Memorials may be made to Marysville Cemetery Association C/O Lorna Goin 4370 CR 417 Muenster, Texas 76252.

DAYS GONE BY.....

65 YEARS AGO March 15, 1946

Community grain crops subjected to green bug attack. City gets additional fire truck. Mrs. Katherine Huchtons becomes owner of Muenster's Helpy-Selfy laundry. New Arrivals: Dale to Gary and Caroline Hess; Johnny to Alphons and Augusta Walterscheid. Ad by the Muenster Airport (operator Emmet Fette) says "Learn To Fly In the Aeronca Chief, Side by Side Seating for Better and Easier Instruction."

50 YEARS AGO March 17, 1961

Eagle Scout awarded to Roy Hartman, Jerry Taylor, and Tommy Hartman. Pope John XXIII confers Monsignor title on Thomas Weinzapfel. Miss Lou Rena Wolf is a flight stewardess with Pan American World Airways. Mildred Lawson is new president of the VFW Auxiliary; Walter Becker is the new VFW Post Commander. Patty Felderhoff is recovering from pneumonia. New Arrivals: Sherri

to Charlie and Louise Wolf; Gina to James and Birthe Hess; Linda to Joe and Theresa Grewing; Donna to Jerry and Lucy Hoenig. Roller skating rink newly opened in Parish Hall.

25 YEARS AGO March 14, 1986

Interest is rising in the campaign against littering in Muenster; "March Against Trash" is set for Saturday. Obituaries: Arthur Endres, 74; Cynthia Savage, 24; Rowena Baker, 48; Charles Hale, 78. New Arrivals: Lynn to Herbert and JoAnn Sicking; Catherine to Jim and Carol Weatherhead. The Myra Crossroads Square Dance Club plans its kick-off dance.

A teacher's constant task is to take a roomful of live wires and see to it that they're grounded.

E.C. McKenzie

Linda Davis, LUAL Campaign Chairwoman, Home Hospice Staff and the officers of the Auxiliary would like to thank all the wonderful people who helped make our "2010 Light Up A Life Campaign" a triumph.

Our appreciation goes out to:

Beall's Department Store, NCTC,

The Stanford House, & The B-Hive in Gainesville, and Gehrig's Hardware in Muenster

for partnering up with us and allowing us to use their facilities for the Light Up A Life trees.

A "BIG Hospice Hug" to representatives Margaret Duncan, Linda Herniese, Jane Stout, and Lillian Walterscheid for all of the hours helping to contact the volunteers. And to all of the truly wonderful volunteers who spent their valuable holiday time helping make this campaign so successful.

A mention of gratitude to all of the people who have so generously which added to the victory of this campaign.

And we would like to give a special acknowledgement to our sponsors:

PLATINUM ANGEL

- Patricia Peale

Money generated from "Light Up A Life" goes directly for patient care. Since Home Hospice began serving Cooke County in 1988, we have strived to attain the highest quality of care. In times like these, the needs of our patients and families are greater than ever; and many of our families are financially devastated by the high cost of their loved one's illness. It is support from a caring and loving community that enables us to offer help to those in need.

Thank you again for your acts of kindness.

Yosten, Kolar marry in St. Louis, Missouri

Gina Louise Cecilia Yosten of St. Louis, Missouri and Grant Ryan Kolar of St. Louis were married on Saturday, Nov. 13, 2010. The double ring ceremony was held at 11 a.m. in Central Presbyterian Church in St. Louis with Rev. Charles Curl, groom's uncle, and Rev. Clay Smith of Central Presbyterian Church officiating.

Parents of the bride are Doug and Lynda Yosten of Muenster. Her grandparents are Claire Klement of Muenster and the late Eugene Klement and Henry Yosten of Muenster and the late Mildred Yosten. She graduated from Sacred Heart High School in 2000, from the University of Oklahoma in 2004, and in 2010 earned her Ph.D. from Saint Louis University. She is employed as a scientist by Saint Louis University.

Wm. Stanley and Sarah Kolar of Prague, Oklahoma. His grandparents are the late Oliver and Marguerite Curl and the late Charles and Elizabeth Kolar. He graduated from Liberty Christian Academy in 1994, from Oklahoma Baptist University in 1998, and from the University of Oklahoma in 2006 with an M.D./Ph.D. He is pathologist/scientist at Barnes Jewish Hospital and Washington University.

Given in marriage by her father, the bride wore a strapless chiffon gown with a sweetheart neckline and a chapel train. She carried a bouquet of blue iris and white Asiatic lilies and roses. Instead of the traditional tossing of the bridal bouquet, the bride presented it to her Grandma Klement.

Sprays of white Asiatic lilies, dark blue irises, white roses, and greenery decorated

Mr. and Mrs. Grant Ryan Kolar ... 'nee Gina Louise Cecilia Yosten ...

ed the church.

Music for the ceremony was classical organ pieces including "Canon in D" for the bride's processional and "Ode to Joy" for the recessional.

ATTENDANTS

Tara Wenzel of Frisco served as her sister's matron of honor. She wore a full-length gown of navy blue chiffon accented with a baby blue sash.

Carolyn Wenzel, niece of the bride, was flower girl. She was dressed in white and carried a "kissing ball" designed with white and blue flowers. Ring bearer was Jacob Wenzel, bride's nephew.

Best man was the groom's father Stanley Kolar. Jeff Wenzel of Frisco, brother-in-

law of the bride, and Matthew Kolar of San Antonio, cousin of the groom, ushered guests.

Following the ceremony, a lunch reception was held at Pietro's Restaurant. The four-tiered wedding cake in a square shape was layered with raspberry and lemon and decorated with cascading sugar roses.

The wedding party and research mentors of the couple were guests for the rehearsal dinner held at Le Bonne Bouchee' French Bistro. Following the rehearsal dinner, the couple held a "pre-wedding" celebration for all of their guests at the Drury Inn Creve Couer Ballroom. Wine, cheese, and desserts were served.

The couple resides in St. Louis.

Chili Supper set for Hospital Auxiliary

Muenster Hospital Auxiliary is sponsoring an All You Can Eat Chili Supper fundraiser for Saturday, March 26 from 5-7:30 p.m. The event will be held in the Muenster ISD cafeteria.

Besides bowls of delicious chili, there will be trimmings such as beans, cheese, onions, jalapeños, drinks, and a variety of desserts.

Tickets are \$8 for adults, \$3 for children, and children three and under eat free. Tickets are available at the door or in advance at Fischer's Market, Muenster Hospital, and Muenster Enterprise.

The Auxiliary invites you to join them for an evening of good food and fellowship to enjoy while supporting a good cause.

We Care 2011 launches for Shelter: The We Care 2011 Capital Campaign Committee is ready to hit the ground running to complete fundraising for the construction of the Abigail's Arms Family Crisis Shelter. Dedicated to this phase of the campaign are, from left, front - Karon Sullivan and Brenda Kitchen; back - Lucy Sutton, Robin Brown, and Christine Weinzapfel.

New Arrival

Gehrig

Michael and Kelly Gehrig of Muenster joyfully announce the birth of a daughter, their third child, Sarah Elizabeth Gehrig. Also excited about her arrival are her big brothers Joseph and Luke. Sarah was born Friday, Jan. 28, 2011 at North Texas Medical Center. Sarah weighed 7 lbs. 8 oz. and measured 20 inches in length. Grandparents are James and Cynthia Gehrig of Muenster, Peggy and Bobby McNairy of Sanger, and Jackie Thomas of Indiana. Great-grandparents are Josephine Schilling of Muenster and the late Arnold Schilling and the late George Gehrig, the late

Herman and Alma Stoffels, the late Charles and Wanda Jones, and the late Jack and Flossie Thomas.

Tornado safety tips

If a Warning is issued or if threatening weather approaches:

- In a home or building, move to a pre-designated shelter, such as a basement.
- If an underground shelter is not available, move to an interior room or hallway on the lowest floor and get under a sturdy piece of furniture.
- Stay away from windows.
- Get out of automobiles.
- Do not try to outrun a tornado in your car; instead, leave it immediately.

Mobile homes, even if tied down, offer little protection from tornadoes and should be abandoned.

Occasionally, tornadoes develop so rapidly that advance warning is not possible. Remain alert for signs of an approaching tornado. Flying debris from tornadoes causes most deaths and injuries.

You are worried about seeing him spend his early years in doing nothing. What! Is it nothing to be happy? Nothing to skip, play, and run around all day long? Never in his life will he be so busy again.

~ Jean-Jacques Rousseau, Emile, 1762

Rick and Anna Wallace of Decatur announce the engagement and upcoming marriage of their daughter Victoria Nicole Wallace to Clayton Ervin Myers of Weatherford, son of Kelly and Sara Myers of Decatur. The couple plans to be married on Saturday, April 16, 2011 at 1:30 p.m. at Ashton Gardens in Corinth. Jerry Myers, grandfather of the groom, will officiate. Grandparents of the bride-elect are Gale Ledford, the late Jimmy Wallace, and Elizabeth and Derrell Goodson of Fort Worth. Groom's grandparents are Mildred Walterscheid of Muenster and the late Ervin Walterscheid, and Nancy and Jerry Myers of Decatur. Miss Wallace graduated from Decatur High School in 2009 and from TCC. She works as an EMT for MedStar Emergency Services. Mr. Myers graduated from Slidell High School in 2008 and attended Weatherford College. He is an auxiliary operator for Brazos Electric Coop. Sydney Lawrence, Ashley Myers, and Chelsie Tate will be the bride's attendants. Groomsmen are Trent Myers, Scott Myers, and Russell Myers. After their marriage, the couple plans to reside in Weatherford.

Scouting for Food rescheduled to March 26

Due to an ice storm on the first planned date, the Muenster Scouts Scouting For Food drive was re-scheduled for Saturday, March 26.

In the Law of the Pack, a Cub Scout gives good will, by participating in the Scouting for Food event, Scouts come a step closer to fulfilling these words.

How to help? The Muenster Cub Scouts will be collecting donated non-perishables and canned goods for

the community food banks. The collection will be from 9 to 11 a.m. Saturday, March 26. Donations may also be left on your doorstep.

Items collected will be divided between The First Baptist Church and Sacred Heart Catholic Church food banks. After meeting at the Sacred Heart Community Center parking lot, the Scouts will be given a section of town, and then they will knock door-to-door ask-

ing for donations. All Scouts will be in uniform and supervised by their den leaders.

After the collection is complete, the items will then be gathered and brought to the VFW Hall. The collection will be on display there for the following day's ceremonial Blue and Gold. Items can also be dropped off at the VFW from 11 a.m. to noon.

If you have a question, call Christy Bezner at 736-4716. Let's all share good will.

Don't ignore warning signs of overuse

Be aware that overuse injuries can arise over time as you progress through training and exercise regimes. They can result from improper form; pushing too hard after an injury to return to pre-injury levels; imbalances between strength and flexibility; as well as old injuries, poor body alignment, unfit sports equipment, including shoes, or difficult terrain.

"With so many potential pitfalls, it can be difficult to know when to step it up to the next level," said Dr. Robert Dimeff, medical director of sports medicine at UT Southwestern Medical Center.

Among the common signs of overuse are recurrent stiffness or pain, often in the shoulders, legs, or elbows; favoring one arm or leg over the other; or a drop in performance. Initially symptoms occur only during activity. But as the condition progresses, the pain will worsen after exercise and eventually interfere with your ability to exercise.

A generally recognized rule of thumb for increasing the exercise regimes is called the 10% rule: Don't increase your training or activities more than 10% per week. Runners and walkers, for example, shouldn't increase the distance or pace more than 10%. If you're using weights, limit the increased weight to 10% or less.

"It's important to give your body time to properly adjust," Dr. Dimeff said.

A sports medicine specialist can help you identify and address specific pitfalls, such as flat feet, intestinal problems, or previous injuries, before you start your routine, as well as help address and treat new issues should they occur.

Together with their parents, Jacqueline Christine Wiese of Denton, and Joshua Anthony Jones of Denton, would like to announce their upcoming marriage. The wedding will be officiated by Fr. Victor Cruz at St. Mary's Catholic Church on May 7, 2011 in Gainesville. Jacqueline is the daughter of Jack and Lana Wiese of Gainesville, and the granddaughter of Clara Mae Wiese and the late Francis Wiese and of LaRue Beal and the late Robert Felker. Jacqueline graduated from Gainesville High School in 2004. She graduated from North Central Texas College with her Associates Degree in December of 2006 and from the University of North Texas with her Bachelor of Science in Interdisciplinary Studies, Early Childhood through 4th grade in December of 2008. Jacqueline is now employed as a 3rd grade teacher at St. Mary's Catholic School in Gainesville. Joshua is the son of Wynona and Greg Gieb of Muenster and Mike and Kathy Jones of Gonzales, Louisiana. He is the grandson of Elizabeth and Fred Jones and Phyllis DeGerald and the late Elmer Ray Pace. Joshua graduated from Gainesville High School in 2003. He is now employed at Ben E. Keith in Denton for the last four years. The couple will take a cruise to the Bahamas and then reside in Denton.

Supplements check risk of kidney stones

Healthy postmenopausal women taking calcium citrate supplements are not at an increased risk for developing kidney stones, say researchers at UT Southwestern Medical Center. Adding a potassium citrate supplement provides even more protection, they say.

"Postmenopausal women who need calcium to prevent bone loss but are at risk of or afraid of forming kidney stones might take both calcium supplements and potassium citrate," says Dr. Khashayar Sakhaee, chief of mineral metabolism at UT Southwestern. "When you give both together, the combination provides additional protection against both calcium oxalate and uric acid stones."

March is National Kidney Month

In appreciation

Cooke County Home Hospice hosted an appreciation brunch Tuesday at Nortex Communications for all who have ever supported them. Guests enjoyed an assortment of fruits and sweet breads while visiting. Explore your inner sleuth Murder, 76240 begins...

VISTO is proud to sponsor the first annual "Murder, 76240" fundraising event. It will be held Thursday, April 28, in conjunction with the Downtown Development Association's Art Walk on the Square, beginning at 4:30 p.m.

The mission of VISTO (Volunteers in Service to Others) is to help sustain families through times of crisis and to enable people to get back on their feet. Created in the 1980s, VISTO enacts their mission through a variety of programs, including emergency food allotments, VISTO Farms, Pathways (partnering with Abigail's Arms Family Crisis Center), and the Backpack Buddy program. VISTO touches the lives of more than 10,250 Cooke County residents each year.

"Murder, 76240" is a live action murder mystery in which Individual Detectives (individuals) and Detective Agencies (groups of eight to 10 people) will compete to solve a murder mystery. At the event, these individuals and groups will observe the "crime scene" and utilize

their Detective Handbooks to interview seven "suspects" (local celebrities) and gather clues located at stations around the sidewalk on the square. The goal is to come up with the WHO, the WHY, and the HOW of the murder of the fictitious victim Tracy Paper Rounder that occurred here in R Town.

After conducting their investigations, the Detectives will commence to Incident Command (the State Theater) for final clues and to deliberate their answers. Lead Detective Nic Lacey, will be on hand to reveal the final solution, and prizes will be awarded.

VISTO is recruiting participants for the Individual Detectives and for the Detective Agencies. Tickets are \$20 and include a box din-

ner, T-shirt, and a chance to win a TV!

Out of respect for our generous contributors, VISTO has decided to conduct only ONE fundraiser each year. VISTO needs your help!

VISTO is also still seeking sponsors for the event at these levels: benefactor \$5,000; guardian \$2,500; advocate \$1,000; mentor \$500.

The DEADline to register to be a Detective/Agency and/or to be a Sponsor is April 1. If you would like to be a part of this exciting and unique event, call 940-668-6403, or contact a board member (David Gray, David Gehr, June Cloud, Nancy Darwin, Bob Manner, Vince Pawless, Sharon Dill, Lindsay Hough, Marilyn Melton, Don Yeager, Paul Carpenter, John Hare, and Michael Ann Bryson).

The heavens declare the glory of God; the skies proclaim the work of His hands. Psalm 19:1

Muenster Memorial Hospital Rehabilitation Program

The Cybex ARC provides low-impact cardiovascular and strengthening exercise for the lower body. It is great for our higher functioning patients who need an extra push to get back to their lives prior to having an orthopedic injury, cardiovascular event, or other illness. The ARC is allowing our athletic outpatients an equipment option to maintain their current fitness level while recovering from their injuries.

Our Swing Bed Program patients are already benefiting from the awesome new Functional Innovative Therapy (FIT) Center.

NCTC hosts first UIL play clinic

"The play's the thing," said Mr. Shakespeare, supplying an apt rallying cry for the increasing number of student actors converging on the Gainesville campus of North Central Texas College in recent years for Zone, District, and Area University Interscholastic League (UIL) One-Act Play competitions. And now the numbers are growing even more with the recent hosting by the NCTC Drama & Dance Department of its first UIL One-Act Play festival and clinic. Conducted on the main stage and in rehearsal rooms of NCTC's First State Bank Center for the Performing Arts, the clinic was arranged by Beth Dill, director of theater at Slidell High School.

"The clinic drew more than 300 high school students from 17 area schools," reported Thom Talbott, NCTC Drama Department chair. "Our clinician was Luis Muñoz, director of the UIL Theatre Division from Austin."

Schools participating included Iowa Park High School, Electra High School, Nocona High School, Saint Jo High School, Ponder High School, Burkburnett High School, Callisburg High School, Bowie High School, Holliday High School, Argyle High School, Paradise High School, Krum High School, Hillsboro High School, Farmersville High School, Lindsay High School, Slidell High School, and Gainesville High School.

"It is important for our kids to attend clinics like the one hosted by NCTC," said Sami Womack, theater director at Lindsay High School. "Not only does it provide our kids a great opportunity to prepare for competition, but

more importantly, it exposes our kids to a broader theatrical experience including working with some of the top directors in the state and professional-grade technical equipment.

"The best part, however, is that it gives the kids a glimpse behind the scenes of a college theater program which offers them choices as they prepare to leave for college."

Craig Hertel, UIL One-Act Play director at Gainesville High School, agreed that students profit in many ways from participating in clinics where the focus is on learning and improving. "When students do the One-Act Play contest," Hertel said, "they face the pressures involved with the fact that some of the competing schools are going to be cho-

sen to advance, while others are not. At a clinic, however, everyone can just focus on learning and getting better.

"Also, for many of these students, coming to the clinic at NCTC is their first chance to do a show in a first-rate facility. Many area schools don't have advanced lighting and sound technology, so a clinic in a performance venue like this can be a real education for a tech student as well as a student actor."

Talbott reported that over the past five years, NCTC has welcomed more than 5,000 high school and middle school students to the FSB Center stage for Zone, District, and Area UIL one-act play contests.

For more information, contact Talbott at 940-668-3324 or by email: ttalboot@nctc.edu.

White spots in eyes mean it's time to seek physician viewpoint

A photograph may provide the first sign of an eye abnormality.

Flash photography is similar to an ophthalmoscope, a lighted instrument used to examine the interior of the eye, says Dr. Nick Hogan, an ophthalmologist at UT Southwestern Medical Center.

"A red reflex that appears in people's eyes is caused by a reflection off the retina," Dr. Hogan says. "It appears red because of the blood."

That is normal, says Dr. Hogan, but if a white or iridescent pupil is noticeable in a photograph, a visit to an ophthalmologist or a pediatrician for evaluation may be of value.

"Leukocoria, or white pupil, is caused by something blocking the red reflex," Dr. Hogan says. "Absence of blood in the retina would have to be extreme to re-

duce the red reflex, and that would be enough to kill the retina, hence no reflection."

The most common causes

of leukocoria in children include glaucoma and uveitis (inflammation of the middle layer of the eye).

Muenster wins Sacred Heart Spring Break Golf Tournament

The Sacred Heart Spring Break Golf Invitational was held Monday at Turtle Hill Golf Course. Under mostly cloudy skies with a 15-25 mph north wind at 41°, the tournament was shortened to nine holes. The Muenster Lady Hornets and Hornets both took 1st place. Erin Hess led the girls team with a medalist score of 42. Payton Sanders followed with 48, Chloe Schneider 52, with Andi Hess and Miranda Pagel both scoring 53.

The Muenster boys were led by Sean Chism with a score of 45. Blake Grewing hit a 47, Cole McAden a 49, and Rishi Patel 60 for the championship. The Tigers of Sacred Heart placed 3rd in the tournament. Cooper Eddleman scored a 55, Michael Davis 57, Austin Miller 59, Isaac Barnhill 60, and Jordan Henscheid 67. The boys medalist from Iowa Park scored a 37. Three Tigerettes participated in the tournament. Shelby Ratliff and Lindsay Miller each hit a 55, while Sarah Miller scored 63.

The Sacred Heart Invitational will be Monday, March 21 at Turtle Hill.

Just a thought

Don't talk about others unless you have something good to say.

Spend time fixing problems, not fixing blame.

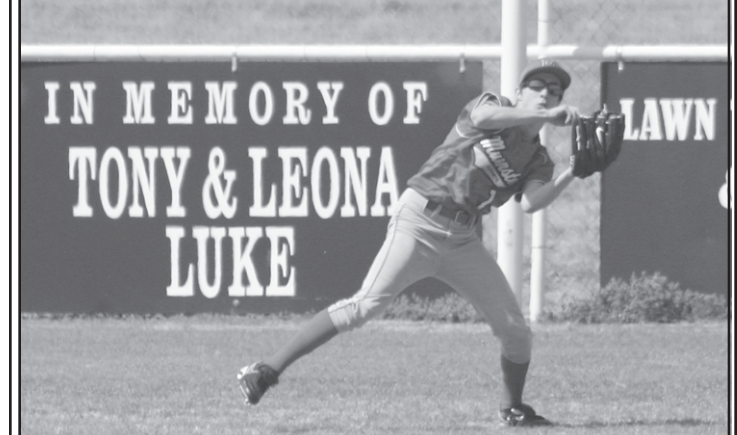

Pay attention to things that are working and things that are not working well.

Tigers win big in District opener

On a road trip for their opening District game, the Sacred Heart Tigers returned with a 17-2 victory over Watauga Harvest Christian.

Greyson Evans pitched the shortened, complete game and had 9 strikeouts while giving up 1 earned run. He also added 3 RBIs to the offensive bombardment, hitting a base clearing, stand-up triple. Austin Aldriedge, Matt Hesse, and Chad Walterscheid also added 2 hits each. John Paul Hesse, Bob Bartush, Keith Metzler, Justin Brown, and Ryan Felderhoff all scored in the 11-run, 1st inning thrashing of Harvest. "It is really great to get this big win on the road," commented Tiger Coach Dan Aedo. "What a way to get District started... Totally on the right foot and great confidence boost for our players."

Angels in the outfield

Muenster Hornet Jason Luke catches a Collinsville hit for an out in Muenster's Spring Break game Tuesday afternoon at the Jaycee Ball Park.

Unknown champs

This trophy proudly displayed in the halls of Muenster ISD for 60 years needed a story. "WINNER CLASS B V-B 40" was all that was printed on the base. With a little research into the past, the Feb. 23, 1940 *Muenster Enterprise* ran a front page story on the Muenster girls volleyball team winning the Class B title in the County Interscholastic Volley League. Muenster defeated Myra, Valley View, and Valley Creek, and went on to defeat the Class C champions, Bulcher, to earn the honor of representing Cooke County at the District tournament in Fort Worth. Dorothy Fette was the coach. No players' names appeared in the article.

GO FISH

Fishermen lose more fish when more line has to be reeled in. Fish are given more time to throw the hook or find a way to snap the line.

Sometimes it's better to leave a deeply embedded hook in a fish. A hook in the mouth or stomach will dissolve or fall out.

Muenster 9
Collinsville 7

Home Hospice golf set for April 3

The Annual Home Hospice of Cooke County Benefit Golf Tournament is scheduled for Sunday, April 3 at Turtle Hill Golf Course.

The two-person scramble gunshot start begins at 2 p.m. Green fees, carts, supper, and prizes are included with the cost of registration.

There are four levels and sponsorship opportunities. For a \$70 donation, the participant is good for one player and supper. The Hospice Helper, \$100, will sponsor a hole. A \$250.00 donation as a Hospice Supporter not only sponsors a hole, but allows two players into the tournament with meals. The Hospice Angel for \$500 is good for four players and suppers and a hole sponsorship.

Hole in one prizes, provided by Luttrull McNatt, include a 2011 Chevy Malibu and surprises.

To sign up, call Jane Dudley at 668-8295, Dan Hamric at 759-4056, or email kathi.kirby@homehospice.org

For sponsorship or donations, call Richard Lira at 665-4370 or Kathi at 665-9891.

Game Warden Field Notes

parked in the tree line inside a Fort Worth park on Dec. 6. The Fort Worth Marshal's Office had reported possible illegal hunting in the area several weeks prior.

As police vehicles entered the property, the hunter climbed out of a tree and tried to hide. He was found squatting in some brush close to the road and apprehended. A photograph of the subject posing with a deer he had killed was found in his truck. After further questioning, the man said he had shot that deer in Azle, another property he did not have permission to hunt on. The deer, which had not

been tagged, was picked up at a local taxidermist. The man, previously convicted of hunting without consent, was also in possession of a drug pipe and methamphetamines.

He was charged with hunting without landowner consent, possession of a controlled substance, and cited for the untagged deer for which civil restitution will be sought. Cases pending.

We're not in Kansas any more

A Texas Department of Public Safety trooper working drug interdiction along IH-35 on Dec. 8 in Wise County made a traffic stop and noticed blood and deer parts in the bed of the truck. The trooper contacted Wise County Game Warden Chris Dowdy, who then contacted Denton County Game Wardens Chip Daigle and Daron Blackerby to assist the trooper.

The driver at first said he had shot the deer, and then changed his story to blame someone else. After a lengthy interview, the driver said he had brought three bucks back from Kansas intending to process them in Texas and return the meat to Kansas. He said he had only two tags, but he did not want to waste the meat of the third deer. The wardens went to the man's house and located a 6-point buck from Montague County along with the man's Kansas tags, but only one tag was for a buck. The other was for a doe. The U.S. Fish and Wildlife Service joined the investigation and multiple cases are pending.

How not to hunt deer

Shortly before midnight on Dec. 3, Polk County Game Wardens Ryan Hall and David Johnson observed a vehicle traveling very slowly down a county road, occasionally turning so its headlights illuminated the right of way. The wardens stopped the vehicle and found the driver in possession of a loaded .22 Magnum rifle. He later said he had been hunting white-tailed deer from the roadway.

Early the next morning, Hall returned to the area and recovered a yearling white-tailed deer near the scene. The animal had a fresh small caliber bullet hole in its neck. The suspected night hunter implicated another subject as well, and additional charges were filed on both subjects. These included a Class A misdemeanor waste of game charge for the shooter, who claimed responsibility for not coming back for the deer. Cases and civil restitution are pending.

Cooler ice case against violator

Polk County Game Warden David Johnson made contact with an individual

in a hunting camp on Dec. 4. During a brief conversation, the man said he had just arrived and was unaware of any deer having been killed that weekend. A check of the camp's skinning rack proved otherwise, but the individual still claimed he didn't know of any deer being taken. But an inspection of his ice chest revealed a freshly-cleaned deer in a trash bag, with no proof of sex or tag.

After a lengthy interview with the subject and his son, the man admitted killing a buck that did not meet Polk County antler restrictions. A deer head was retrieved from the woods and several citations were issued. Cases and civil restitution are pending

The following items are compiled from recent Texas Parks and Wildlife Department law enforcement reports.

Hunter up a tree, literally and figuratively
Tarrant County Game Wardens John Padgett and Clint Borchardt found a vehicle

Lady Knight Softball

Lindsay tournament

The Lindsay Lady Knights won their own tournament last weekend with shut-out wins over Gainesville, Muenster, Seymour, Nocona, and Paradise. The only run scored against the Lady Knights was in the championship final against Callisburg, won 4-1 by Lindsay. Tournament total score for the Lady Knights was 59-1.

Everybody on the team got hits and/or runs in the tournament.

In pool play, Lindsay defeated Gainesville 13-0, Muenster 15-0, and Seymour 1-0. Bracket play started with a 14-0 win over Nocona.

In the semi-final round, Callisburg defeated Seymour 2-1 and Lindsay won over Paradise 12-0. Seymour then beat Paradise 8-2 for the consolation prize and Lindsay took the championship with a 4-1 victory over Callisburg.

Taylor Atkins won the battle on the mound, facing 21 batters, allowing 4 hits, 3 walks, and striking out 4. Callisburg's run was unearned.

Scoring in the game were Atkins, Renee Morrison, and Erin Copeland.

Also scoring in the tour-

ament were Bethani Eberhart, Megan Caillier, Elizabeth Zwinggi, Lucinda Krahl, Kassidy Gum, Rachel Fuhrmann, Alyx Ethington, and Kayla Davis.

Lady Knights bring home 3rd place

The Lady Knights went 4-2 at the Howe tournament, bringing home 3rd place. Lindsay had only three strikeouts the entire tournament.

Game one was a 9-4 win over Anna. Scoring 2 runs each were Bethani Eberhart, Megan Caillier, Lucinda Krahl, and Elizabeth Zwinggi. Rachel Fuhrmann also scored a run.

Game two was a one-sided 10-0 victory over Krum. Taylor Atkins faced 20 batters, allowing 1 hit, 3 walks, and striking out 5.

Bats did not come alive until the top of the 6th inning for the Lady Knights when they scored their 4 runs in their 5-4 loss to Callisburg. Zwinggi, Atkins, Erin Copeland, and Raneen Morrison scored.

Two errors gave Blue Ridge 2 points in Lindsay's 2-0 loss in game four. "In this game, we hit the ball, but hit it right to them," commented

Coach Robin Hess.

The Lady Knights jumped on Van Alstyne early and never gave up. Winning 15-7, Lindsay pounded out 19 hits in this game. Eleven players got hits and/or scored runs.

In the final game, the Lady Knights got revenge from last week's game at S&S by defeating the Lady Rams 6-5. "We hit the ball very well and committed only 1 error," noted Coach Hess. Scoring were Caillier, Eberhart, Zwinggi, Copeland, and Morrison.

Lady Knights drop one to Windthorst

The Lindsay Lady Knights suffered a loss at the hands of Windthorst by a score of 8-1, in a game that Lindsay committed 7 errors. "The bats were also cold," noted Coach Robin Hess. "I believe in these girls and I know they will bounce back."

Taylor Atkins faced 35 batters, allowing 4 hits, 8 strikeouts, 3 walks, and 6 earned runs. Two runs were unearned.

Alyx Ethington hit a double, with Bethani Eberhart and Elizabeth Zwinggi each getting a single. Erin Copeland scored the run.

Game Warden Field Reports

The following items are compiled from recent Texas Parks and Wildlife Department law enforcement reports.

Sometimes modesty's the best policy

Val Verde County Game Warden Chrissy Plant made contact with hunters at a camp in West Val Verde County Nov. 7, the second day of general deer season. Although the hunters had no deer, one hunter started bragging about the four javelinas he had killed. They'd scared off his deer at the feeder, he said. Not impressed, Warden Plant cited him for exceeding his bag limit. At another nearby camp, Plant checked some hunters who had been luckier, having taken a nice buck. An hour and a couple flashlight batteries later, Plant found the carcass of a javelina that had been dumped the day before, and a case for waste of game is pending.

Unwise poaching in Wise County

Nov. 5, Wise County Game Warden Chris Dowdy and Tarrant County Game Warden David Vannoy were patrolling Wise County on the eve of the rifle season opener. While investigating a call about a possible poacher, Warden Dowdy received another call from a landowner about a deer that had just been shot from the road. After the first call was cleared, the wardens responded to the second call. When they arrived, the wardens found two very upset landowners and one dead white-tailed doe. Darkness had not yet fallen, and the wardens figured that the poachers would soon be back for their take. They didn't have to wait long before the poachers returned. As a pickup truck crept to a stop on the county road, the driver got out and gleefully ran through the field laughing and shouting back to his buddies, "I got it, I got it!" As the driver attempted to return to the truck with the deer, Wardens Dowdy and Vannoy surprised the two men and one juvenile. In the truck, the wardens found a rifle, spotlight, headlamps, and beer. Another doe poached from a neighboring county also was found in the bed of the truck. Multiple cases are pending.

Case made by just a hair

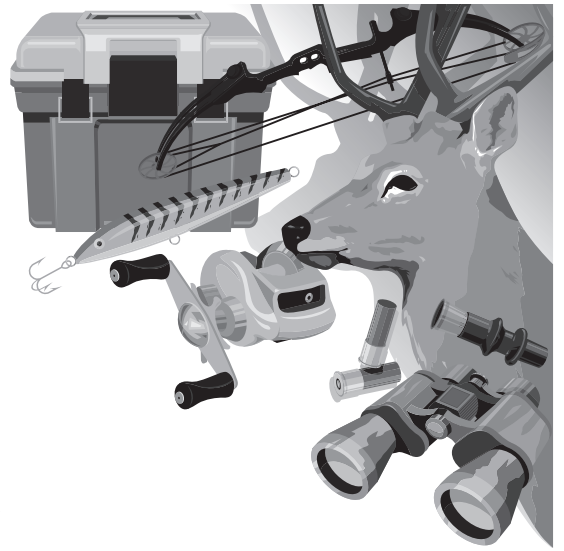

Houston County Wardens Eddie Lehr and Zak Bengé were checking camps in the national forest on opening day of general deer season when a truck pulled up. When asked, the men said they had not killed anything. But Lehr noticed what appeared to be a red stain in the bed of the freshly washed truck and dropped the tailgate. After the wardens found a single deer hair, the suspects finally confessed to killing an illegal buck. After a short interview, the suspect also admitted shooting the deer with a shotgun from Highway 7 near Ratcliff. Cases and restitution pending.

Case of the misplaced anger

Sabine County Game Warden Sam Smith and Capt. Tom Jenkins checked a hunter coming out of a wildlife management area on opening day. The man did not have an annual public hunting permit, and as Warden Smith wrote the citation, the subject said he was angry at the store that sold him the license for not informing him that he needed a permit to hunt on a wildlife management area, and that he would be having the store pay his fine. Capt. Jenkins, who had walked into the woods while Smith talked with the annoyed license holder, found a permanent stand, corn, and a freshly killed white-tailed doe. The man admitted to all the violations and said he was no longer mad at the store that sold him his license. Cases pending.

Nice deer ... too bad it's illegal

Tyler County Game Warden Roy Eddins

received a call Nov. 7 that a hunting club member had exceeded the bag limit by killing two bucks with antlers greater than 13 inches. A 10-point buck was seized, and a citation was issued for exceeding the bag limit for a single county. The buck scored 128 5/8. Case pending.

Sometimes waiting's a good thing

Houston County Wardens Eddie Lehr and Zak Bengé checked a camp Nov. 7 and found two untagged deer. After interviewing a father and son, it was determined that they had each killed a deer. Unfortunately, the son hadn't wanted to wait in line the previous Friday to buy his license so the father offered to tag each deer. Case pending.

Didn't take CIS to figure this one out

On Nov. 7, Houston County Wardens Zak Bengé and Eddie Lehr received an Operation Game Thief tip concerning an illegal buck. They located a deer head in an open field on a private road. It appeared that an animal had dragged the head there. With the tag still attached, locating the suspect was fairly easy. Case pending.

Undersized oysters are a violation

Nov. 6, Chambers County Game Wardens Hector Gonzalez and John Feist filed on three oyster boat captains for possessing a cargo of undersize oysters. Ninety-five sacks of oysters were returned to the reefs. Two days later, Galveston County Game Wardens Mack Chambers, Brain Scott, Vu Nguyen, and Lt. Fred Ruiz filed on three oyster boat captains for possessing a cargo of undersize oysters. Seventy-eight sacks of oysters were returned to the reefs. Cases pending.

I Spy

On Nov. 6, Hutchinson County Game Warden Lance Lindley was contacted by a citizen watching a group of hunters through a spotting scope across Lake Meredith. He said one of the hunters had shot a mule deer doe. Warden Lindley went to the location and contacted the hunters. One of them was found to have shot two doe mule deer. Cases and civil restitution filed accordingly.

All in the family

On Nov. 5, Lamar County Game Warden Bryan Callihan and Hopkins County Game Warden Jarrod Bryant caught three groups of spotlighters in Delta County inside two hours. One man said his wife had warned him about road hunting before he left the house. This same man went home and told his son to watch out for game wardens, but the boy didn't listen. An hour later, the wardens caught the son on the same road where his dad had been caught.

Jumping the gun with a .22

On Nov. 7, Red River Wardens Daniel Roraback and Benny Richards got a tip on a subject who allegedly killed a buck with a .22 rifle on the Friday before deer season. After a short investigation, the subject confessed to shooting a buck with the rifle the day before deer season and failure to tag the illegal buck deer or fill out his harvest log. Cases and restitution pending.

Well, there was that little deal last year

Morris County Warden Michael Serbanic interviewed a suspect on Nov. 11 after a Morris County deputy stopped him and found a gun and spotlight in the vehicle. The suspect would not admit to road hunting but decided to tell Warden Serbanic about the 8-pointer he killed last year and didn't tag. After looking at the man's old license and finding no tags missing and getting the deer head from his residence, citations were issued.

Nothing accidental about it

On Nov. 12, Refugio County Game Wardens Pinky Gonzales and Danny Kelso received a call from a Refugio County deputy concerning a vehicle he had stopped with a white-tailed buck deer in the back of the vehicle. The two subjects in the vehicle told the wardens that they had accidentally hit the deer with their vehicle. But the wardens found a receipt showing they had purchased a box of bullets about an hour earlier. Checking the deer, the wardens found one shot to the head and one in the neck. Confession, confiscation, impoundment, citations, and a trip to jail followed. Cases pending.

Lindsay Knight Baseball

District baseball

The Lindsay Knights started District last week with a 14-0 win over Ector. Dean Fleitman pitched five shutout innings, giving up only 1 hit while striking out 10 and walking no one.

Leaders at the plate were Travis Skinner, Dillon Hughes, Tyler Hundt, Madison Parkhill, and Todd Bezner.

Lindsay Tournament

In the Lindsay Tournament last weekend, the Knights lost two of three games, starting with a 9-2 loss to Blue Ridge. Eleven errors and a lot of mental mistakes in game two contributed to the Knights' 11-1

loss to Krum.

Game three with Valley View, the Knights committed no errors and got the bats rolling by pounding out 14 hits in the their 10-0 victory over the Eagles.

Skinner scored 3 runs, with Hundt, Hughes, and Parkhill finishing strong. John Haverkamp not only got the victory on the mound, but also went 2 for 2 at the plate with a triple and was named MVP of the tournament.

Knights in Montague

The Knights played in the Montague County Baseball Tournament last weekend, finishing 3-1 in play.

Dylan Hughes hit the first home run of the season for the Knights in the 1st inning of game one, but the Knights came up short 5-4 against Bonham.

Game two was an 8-2 win over Callisburg. Travis Skinner and Hughes each scored 3 runs, while Madison Parkhill came up with 2 big hits.

John Haverkamp pitched an outstanding game in Lindsay's 14-0 victory over Saint Jo. Hughes led the scoring with 4.

Temperatures dropped for game four, but the Knights took care of business and beat the Bowie JV 16-0.

JV BALL

Muenster Tournament

The Lindsay JV Knights went 2-0 in their season debut, defeating Jacksboro 6-4 and Trenton 12-2. Cade Hess pitched in win one and Zach Mlinar in win two.

Lindsay vs Windthorst

The JV Lady Knights lost their game with Windthorst by a score of 14-5. Scoring runs for Lindsay were Emily Ambuehl, Chandler Herr, Briley Fleitman, Philicia Vogel, and Lexi Carson.

FARM & RANCH

Nine to 20 individual fire ant queens started U.S. fire ant population

The current U.S. population of red imported fire ants—which infest millions of acres across the southern states—can be traced back to nine to 20 queens in Mobile, Alabama.

That's according to a genetic study by Agricultural Research Service (ARS) entomologist D. DeWayne Shoemaker and University of Georgia entomologist Kenneth G. Ross. The results are reported in the *Proceedings of the Royal Society, Biological Sciences*.

The red imported fire ant (*Solenopsis invicta*), native to South America, is a major invasive pest insect and is considered by the World Conservation Unit to be among the top 100 worst invasive alien species.

In their study, the scientists found that those original nine to 20 queens stowed away on

a boat, presumably each with their worker force, and began populating the United States in the mid-1930s. These ants spread outward from the purported initial landing spot in Mobile.

Pinpointing the number of queens needed to account for the genetic diversity in the current population allows researchers to better develop biologically-based management practices, predict the invasive potential of the species, and make inferences about the ecological and evolutionary processes.

Because of the red imported fire ant's status as a major pest, an enormous

amount of research has been conducted on the basic biology of the species over the past 40 years, making it one of the better known invasive organisms.

Individuals from two populations in South America and six populations across the southern United States were collected for genetic analysis. Data collected substantiates the theory that there is a close genetic resemblance of ants collected near Mobile to a hypothetical, reconstructed ancestral population. However, the data also raises the possibility of a secondary introduction at a location 60 miles west of Mobile.

Further genetic analysis will improve knowledge of the reproductive biology, population demographics, genetics, and invasive history of red imported fire ants which may assist in controlling them.

Four of ten rows of corn go for ethanol production

There are those who think the corn going for ethanol production is driving up the feed prices, and of course there are those who say it is perfectly alright for the feed industry to compete with the ethanol industry.

The United States Department of Agriculture, in a recent report entitled "Amber Waves of Ethano" said four of every 10 rows of U.S. corn now go for fuel, not food.

The *Wall Street Journal* [WSJ] recently had this opinion saying while the global economy is improving, food inflation is also increasing. The United Nations fears the shortages of food and higher prices will hit poor countries hardest.

The WSJ asks this question, so why is the United States, one of the world's biggest agricultural exporters,

devoting more and more of its corn crop to . . . ethanol?

The USDA report said in 2001, only 7% of U.S. corn went for ethanol, or about

707 million bushels. By 2010, the ethanol share was 39.4%, or nearly five billion bushels out of total U.S. production of 12.45 billion bushels. Four

of every 10 rows of corn now go to produce fuel for American cars or trucks, not food or feed.

The WSJ article suggests the biggest factor driving up feed costs in North America are the policies surrounding ethanol production.

In October, the USDA said grain supplies, quality, and yield were much lower than originally thought and in January, the Department said stocks heading into 2011 are near record lows.

This year, the high food prices are driven by a combination of high fuel prices and diverse bad weather in the U.S., Russia, Australia, and China, to name a few weather-challenged regions, he said.

Upcoming Noble Foundation Workshops

Successful forage establishment requires management

The Samuel Roberts Noble Foundation will host the fourth annual Texoma Pasture Conference from 9 a.m. to 4 p.m., Saturday, March 26, at the Ardmore Convention Center in Ardmore.

The 2011 conference will focus on successful forage establishment and the latest forage research. During this educational event, industry experts will also discuss proper management of forages to maximize production.

"We want to help producers get an early start on forage management," said Chuck Coffey, Noble Foundation senior pasture and range consultant. "We tend to manage our pastures and hayfields the same way each year, but so many factors impact forage production and the success of our operations. Forage management is a dynamic process, and we must be informed and mentally agile to manage it well."

The primary presentations for the conference include: matching proper forages to land, successful establishment of native grasses for the Southern Great Plains, nutrient management and proper sprigging, and commercially available introduced grasses at four fertility rates.

Noble Foundation agricultural staff will reveal results from the latest forage research emerging from the organization's laboratories and demonstration farms, including land monitoring, the use of switchgrass for grazing and biofuels, making biofuels from sweet sorghum, the potential of alfalfa for grazing and recent studies with tall fescue. A general panel discussion on forage establishment that will conclude the event. A trade show will also be provided by event sponsors throughout the conference.

Registration is \$20 and lunch is provided. Participants can register online at www.noble.org/agevents or by contacting Tracy Cumbie at tcumbie@noble.org or 580.224.6411.

Damage caused by feral hogs can be effectively controlled

The Samuel Roberts Noble Foundation is teaming up with the Oklahoma Cooperative Extension Service and Mississippi State University Extension Service to host a Managing Wild Hog Damage Workshop.

The workshop will take place from 9 a.m. to 3 p.m., Tuesday, March 29. Because of demand, the location has been changed to the Ardmore Convention Center, located at 2401 N. Rockford Road in Ardmore. Registration will begin at 8:30 a.m.

The workshop is designed to provide foundational knowledge on ways to control damage due to invasive wild hogs (also known as "feral hogs"). Seminar attendees will receive information on wild hog history, biology (including diseases and parasites), and trapping techniques and designs. The workshop will conclude with a demonstration on trapping techniques.

The workshop is offered at no cost, but advance registration is required. To register, please contact Tracy Cumbie at 580.224.6411 or register online at www.noble.org/AgEvents.

Increase in hired farm workers

America's farm and ranch operators are hiring more ag workers, according to an annual survey by the U.S. Department of Agriculture (USDA). During the data collection period from Jan. 9-15, the USDA recorded 807,000 farm workers, up 1% from last year's survey.

Of the total number of ag workers, 602,000 were hired by farm and ranch operators and 205,000 were agricultural service employees. The average number of hours worked also increased 5% to 38.9 hours during the survey week.

Farm and ranch operations in the northern U.S. reported the largest increase in hired farm workers. The Southern Plains region, which includes Texas and Oklahoma, reported a decrease in hired farm workers.

70,000 Americans directly involved in ethanol production, distribution

While the rest of the economy slowly recovers, American ethanol production has been an economic success story. With ethanol plants operating and being built in 29 states, the economic benefits

TDA market recap

For the week ending March 12, feeder cattle prices at Texas auctions were mostly \$1 to \$9 higher per hundred-weight. Tight supplies and higher fed cattle continue to support the market. Fed cattle prices were sharply higher as wholesale beef values continued to increase.

Cotton and grain prices declined in response to USDA's supply and demand report then dropped even more amid concerns about the earthquake and tsunami that hit Japan. Japan is a major importer of U.S. agricultural commodities and is the No. 1 overseas buyer of U.S. corn and pork.

As for futures markets, feeder cattle and fed cattle were higher while cotton, wheat, corn, and lumber were lower. The wheat crop continues to suffer from the dry conditions with the crop rated in mostly fair to very poor condition. Corn planting progressed to 28% complete, ahead of last year and the five-year average. The grain sorghum crop was 29% planted, also well ahead of normal.

of domestic ethanol production are having an impact for hundreds of thousands of Americans.

According to an economic analysis from Cardno ENTRIX Economist John Urbanchuk, released at the National Ethanol Conference, 70,600 Americans are employed directly in the production of ethanol and in industries providing goods and services to ethanol producers. As a result of the economic activity generated by ethanol production, more than 400,000 Americans have been able to keep their jobs or find new ones.

Ethanol production is also contributing to our nation's financial well-being as well as that of American households. In 2010, ethanol production contributed \$53.6 billion to the national Gross Domestic Product and added \$36 billion to household incomes.

Additionally, ethanol production is paying for itself. The increased economic activity and income generated by America's ethanol industry added some \$12 billion to federal, state, and local governments through increased tax revenue.

Domestic ethanol production improves our nation's balance of trade while also reducing our reliance on foreign oil. The production of 13 billion gallons of ethanol means that the U.S. needed to import 445 million fewer barrels of oil in 2010 to refine gasoline. That is more oil than America imports from Saudi Arabia annually. Displacing these barrels saved the U.S. \$34 billion in 2010.

"The investments we have made in our domestic ethanol industry are paying dividends in thousands of communities all across the nation," said Renewable Fuels Association President and CEO Bob Dinneen.

"The jobs, economic activity, and energy security benefits we are witnessing today thanks to a commitment to renewable alternatives to imported oil are just scratching the surface. Continued innovation in ethanol technologies along with a renewed commitment to giving Americans more control over their energy future will create hundreds of thousands of more jobs and put America back in business as a leader in energy innovation."

Massey Ferguson 1700 Hesston Series is designed to meet on your terms. Use the 30+ horsepower tractor that you already own and step up to bigger bales at an economical price. All four models are heavy on productivity features, yet light on the bank account. With features like a patented open-throat vertical bale chamber for unrestricted crop flow and balanced bale tension that ensures uniform bale density from core to outer layer. See your Massey Ferguson dealer today or visit www.masseyferguson.com.

*With approved credit from AGCO Finance LLC. Down payment may be required. Available for equal monthly payments only. Leases and balloon payments available at slightly higher rates. Contact your participating dealer for details, other financing options and eligibility requirements. Offers subject to change.
