

Polls open Tuesday, Nov. 5

Janet Felderhoff
News Editor

There are several elections around Cooke County set for Tuesday, Nov. 5. There are nine proposed amendments to the State Constitution. These resolutions were passed by the 83rd Texas Legislature, but must receive approval from Texas voters to become amendments. North Central Texas College seeks voter approval for a \$14,800,000 bond that would allow the construction, renovation, acquisition, and equipment of school buildings on the District's Gainesville campus. They propose to improve the facilities for health sciences and technology programs. Muenster ISD is asking voters in the School District to approve or disapprove Option 3 as a method to pay recapture funds since they have been declared a Chapter 41 district. Valley View ISD voters will decide whether the District will get approval for a \$9.8 million bond package.

NCTC and Cooke County have joined together for this election and both the amendments and the NCTC bond will be listed on the same ballot. They will share polling places and election judges and workers. The Muenster and Valley View school districts will each have their own election ballots, judges, and workers, but will share polling places with the County. Voters will only have to go to one place to vote on Tuesday, Nov. 5.

Friday, Nov. 1 is the last day to cast early votes. This is being conducted at the Cooke County Courthouse Annex (east of the Court-

house) from 8 a.m. to 5 p.m. for the NCTC election and amendment election. Muenster ISD voters can vote early at the Administration building from 8 a.m. to 4 p.m.

Due to a new Texas law, VOTERS MUST BRING an accepted form of PHOTO IDENTIFICATION to the poll or they will not be allowed to vote. Be sure that the name on the photo ID matches the name you are registered to vote under.

Those who plan to vote on Nov. 5 will see the location of their polling place listed in the accompanying chart. Polls open at 7 a.m. and close at 7 p.m. See page 3 for voting poll locations.

County election judges Muenster Precincts are: 17 - Nancy Denison and LuElla Fuhrmann; 18 - Sarah Hess and Shirley Knabe; 12, 14 - George Jones and John Kubicek; 15 - Bill Black and Joe Munn; 19, 21 - Connie Grewing and Evelyn Fuhrmann.

Voting judges for Muenster ISD are: 15 - Patsy Bayer; 17 Jeanette Reiter; 18 - Phyllis Dittfurth; 19 - Charlotte Klement; and 21 - Carol Klement.

Proposition 6 has a possible future impact on all residents of the State of Texas. It concerns creating funds to finance priority projects in the state water plan. On the ballot, Proposition 6 reads, "The constitutional amendment providing for the creation of the State Water Implementation Fund for Texas and the State Water Implementation Revenue Fund for Texas to assist in the financing of priority projects in the state water plan to ensure the availability of adequate water resources."

MMH Board receives training in HIPAA compliance rules

Janet Felderhoff
News Editor

Duana Johns, RHIA and CCS, presented a HIPAA (Health Insurance Portability and Accountability Act of 1996) training session during the Oct. 22 regular meeting of Muenster Hospital District's Board of Directors. Johns explained to the Board that HIPAA includes regulations that govern the use and release of patient's personal health information and limits the kind of information hospitals can disclose regarding patients. As members of the Board they have an oversight role and must comply with HIPAA.

This is mandatory training for Board members and all three not present at the meeting will receive a one-on-one training session with Johns.

According to Johns, as patient information becomes easier to transmit, it also becomes easier for information leaks and abuses to happen. This is especially true as more information is shared electronically through email and internet social media.

"With the implementation of Meditech, which is our new electronic record that has been put into process, Muenster Hospital District now has the capability to generate audit trails for every Meditech entry," noted Johns. "What this amounts to is anyone who makes an entry of any kind into Meditech, no matter what module it is, we have access to generate an audit trail which tells us if that individual has accessed a record inappropriately or not. These individuals are not going to have

any more access than is necessary to do their job."

The audit trails tell who accessed records, when they accessed it, and what information was accessed.

Johns said that staff should always protect patient privacy. All sensitive patient information should always be placed face down or placed in drawers out of public view. The Medical Record Department is secured at all times.

All staff are instructed to use inside voices and to be aware of their surroundings. There are three possible levels of disclosure of private information according to MHD (Muenster Hospital District) policy and each has a sanction in place. There is a committee that determines which level the disclosure falls under. The situation is intensely investigated before it is determined whether there actually was a violation and if it is, which level it falls under. Any overheard discussion usually results in a disciplinary action and goes in the personnel record. If there was intent involved, that could result in suspension (with or without pay). In severe cases such as taking a picture with a cell phone of a patient being treated, that would result in termination.

Johns discussed incidental disclosures and that patients sign a waiver for such situations. Staff is still responsible to do their best to protect from discussions being overheard.

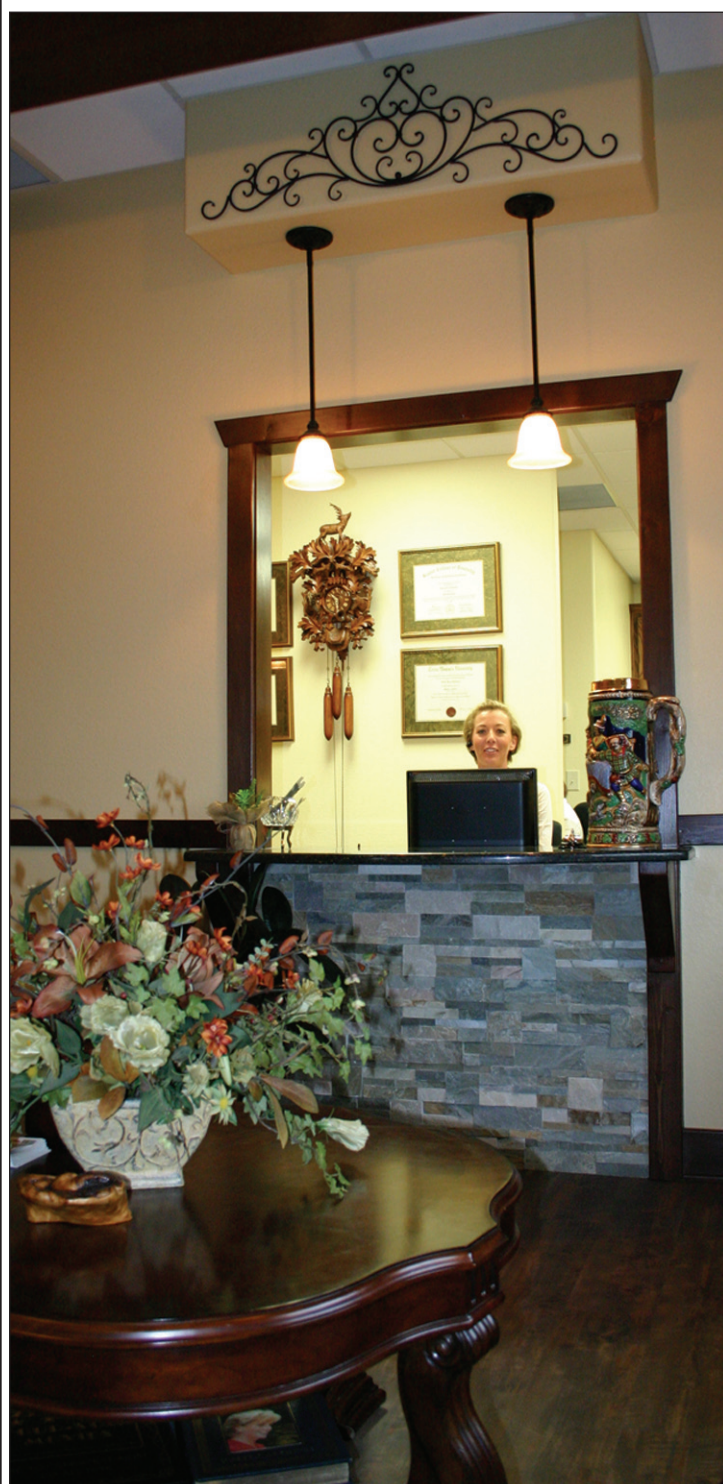

"Snapping pictures and taking videos of patients and health records with a cell phone is clearly a HIPAA violation," explained the

compliance officer. "This is a serious offense and, as I said before, we've had this come up and those individuals have been immediately terminated. MHD considers this to be such a serious violation that an employee can and will likely be terminated. We do have a social media policy. As I instructed the staff, if a picture must be taken for health care purpose, a consent to photograph must be signed by that patient and or their representative prior to taking the picture, while utilizing the Hospital camera."

Johns informed the Board that she tries to make privacy rounds on all shifts at

Dental specialists practice in building with German flair

Janie Hartman photo

Receptionist Jodi Reeves is ready to assist customers in the German decor waiting room of Elaine Schilling's new Muenster dentist office Smiles By German Design.

Smiles By German Design, formerly North Texas Dental Specialists, recently moved to its new office building located at 134 N. Maple Street in Muenster. This is just south of their former office.

Owner Dr. Elaine Schilling takes great pride in her community and its German heritage. She is also an avid supporter of Keep Muenster Beautiful and so decided to design her new dental office in such a way as to be an asset to both. She also chose the new name to reflect the community's German heritage.

The exterior of the building is beautifully appointed with features that follow German architecture. The inside of the facility carries on the attractive decor. Upstairs is a living quarters for Dr. Schilling and her husband Dale.

Smiles By German Design offers specialty and general dentistry for all ages. This includes sedation dentistry, restorative and cosmetic dentistry, oral surgery, periodontal treatment, orthodontics, and oral hygiene.

All dentists on staff are specialists. "It is very unusual to see an all specialty practice in a town the size of Muenster," noted Dr. Schilling. "In a town of 1,500, it is unheard of." She added that most are in metropolitan areas. The advantage is that the specialists consult with one another regarding a patient's care. It is a big advantage for the patients, said Dr. Schilling.

According to Dr. Schilling, the new office has a Sirano 3-D head and neck scanner. It is the only one around that she knows of. She said it will help the specialists in all areas and provide better treatment for patients.

County told benefits of Public Power Pool

Janet Felderhoff
News Editor

David Quin, program manager from Public Power Pool, spoke at the Monday, Oct. 28 meeting of Commissioners Court. He said that the Pool was set up in 2002 when the State deregulated power companies. The Pool was formed to save taxpayer dollars by combining the load of subdivisions across the state and to negotiate lower rates.

Quin went on to describe negotiates for this year and noted that Cooke County could anticipate spending less money on its electric bill for 2014.

Cooke County has been a part of Public Power Pool since 2002, one of 86 members. Quinn said, "Our track record speaks for itself. Since 2003, we have saved \$112 million in market rates. The benefit for Cooke County would be we saved the County \$96,573 since 2002 when deregulation went into effect."

Precinct #2 Commissioner B.C. Lemons has been in the process of drawing up plans and seeking bids for a new Road & Bridge barn. The present facility is about 60 years old, too small to bring equipment inside to work on, and not heated or cooled.

At the Monday, Oct. 28 meeting, he sought to award the bid for construction of that new facility. Precinct #3 Commissioner Al Smith and Precinct #4 Commissioner Leon Klement asked Lemons to reconsider where he would build

the barn. They said it is not a suitable location being next to I-35. There are plans to add more lanes to I-35 through Valley View. The property is located where many feel that landowners will be able to sell sites for hotels, etc. and a \$400,000 barn would not be conducive to that. Smith added that he feels the City of Valley View will not be excited about the County washing trucks there that are covered with oil.

Smith wanted to amend Lemon's proposal to approve the bid award. Instead he would like to change the location of the new barn.

Smith remarked, "We already know that the building site for Precinct #2 is not sufficient to handle even the materials we get from the Rider 16 programs, and we need storage in these barn locations. This is just a location that would be bound up in traffic, too small, and then one other thing." Smith then questioned the \$100,000 some difference in the two bids that were submitted. He said that raises questions as to why one bid is 25% higher.

Smith continued, "The question is, can we not find a more suitable location that will increase the health of the County and Precinct #2?" He said that it being next to the railroad, storing potentially 10,000 gallons of diesel and gasoline, 5,000 gallons of road oil would be putting a potential hazard right in the middle of the artery running through the middle of the County.

"From an EMS standpoint, from an ad valorem tax

Working towards a December move for Muenster Elementary School

Janie Hartman photos

Above, the main hallway in the new Muenster ISD Elementary building still needs some finishing touch-ups before being move-in ready. At right, work continues in the 4-6 grade science lab. Elementary Principal Lou Heers hopes the building will be ready to start moving in by mid-December with classes resuming after Christmas break.

HIPAAcontinued from pg. 1

different times checking for violations. The Board was allowed to ask questions and given contact information in case they have future questions. There have been problems with the Hospital's endoscopy equipment in regard to image quality. Various attempts to improve it have failed. Kent presented two quotes for equipment, one used at \$42,113.89 and the other new at \$48,694.76. The new one, a CV-190 would allow other uses such as pulmonary, bariatrics, general surgery, and urology.

Kent commented, "As we look towards the future to try to attract other specialists to come here, this could be something that we'd already have in place and just have to purchase the endoscope to go with it." The Board voted to purchase the new CV-190, cabinet for storage, and an Olympus reprocessor, which uses ultrasonic cleaning, detergent cleaning, and high-level disinfection and alcohol flushing to clean the endoscopes in 29 minutes, at a cost of \$29,053.20. Maintenance supervisor Chris Styles reported to the Board on the condition of the facility's 50-year-old air conditioning system. The Board had planned to replace it before this summer with government reimbursement money from the EHR system. Due to new legislation, that will not be received until later than anticipated. Styles was asked if he could keep the current system running another summer. He explained its condition and their time-consuming and detailed maintenance of the HVAC, but told the Board he felt they could get another summer's use from

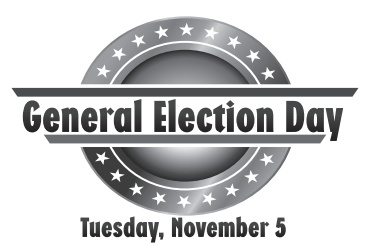

it. The Board agreed to wait before purchasing a new system. Administrator Michael Kent reminded the Board of called a meeting for that Saturday. On the agenda for that meeting are Wage and Salary Program, Employee Performance Evaluation forms, update of job descriptions, and a review and update of the District's Mission Statement. An out-of-state consultant will be at the meeting to assist with the salary program and mission statement. Kent noted that beginning Jan. 1, all employee evaluations will be held until June. By June 30, all employee evaluations will be done at the same time. Following an executive session, the Board approved Kent's incentive plan for FY 2014. In other business, the Board:

- Approved staff credentialing for the following pending Medical Staff approval: Yvonne Ambrose, AFNP-C as active staff, and radiologist Leslie Jacobson, M.D. and ER physician James Speed, M.D. for courtesy privileges.

DENTISTcontinued from pg. 1

The practice has gone paperless as the trend now is to keep all records digital. A special treat for patients fortunate enough to be called to room number four is a chair with heat and massage features. Dentists with Smiles By German Design and their specialty are Dr. Elaine Schilling, prosthodontist; Dr. Dana Fuhrmann, prosthodontist; Dr. Paul Ezzo, periodontist; Dr. Thomas Draper, oral surgeon; Dr. Elena Jacob, orthodontist; and Dr. Rajiv Patel, endodontist. Dr. Jacob is new to the staff. She replaces Dr. Nelson who retired recently. An Open Haus is planned

for Smiles By German Design on Saturday, Nov. 16 from 11 a.m. to 1 p.m. Everyone is invited to tour the facility, see the latest 3-D imaging system, and meet all of the specialists. A lunch featuring German food will be served. There will be German music, fun for the children such as balloons and face painting, and free gifts.

Buying a car?

Don't forget your ID

Cooke County residents purchasing a vehicle in Texas must now show a proper form of identification to obtain a title and registration. "We want to process your registration and title application as quickly and efficiently as possible," said Billie Jean Knight, tax assessor-collector. "So it's very important to know the new rules before heading to our office or your auto dealer." If you are buying from a dealer, provide the dealer

CARE Award Winner

July-September 2013
Marcy Mullins
Director's "Right Hand"
Medical Imaging Department

Member of NTMC Family since September 2000

A strength of character and teamwork that no one can deny. A passion and empathy for the patient beyond the expected.

Marcy Mullins has long been an example of employee excellence at NTMC. Her friendly smile greets you as you enter Medical Imaging and her happy tone reminds you of upcoming procedures.

Recently, Marcy experienced a health crisis that would slow down the mightiest of warriors, but instead of folding, this flower has bloomed, with an even deeper understanding of the patient experience forged of her own battle.

*Marcy is a cancer survivor.
Marcy is courage exemplified.
Marcy is NTMC.*

The NTMC CARE Award recognizes the qualities encouraged among NTMC employees:

- Commitment** to do and be their best every day.
- A positive and uplifting **Attitude** shared with co-workers, patients and visitors.
- Respect** for those we serve.
- Excellence** in the performance of duties.

Nominations are accepted from patients, guests, employees and physicians.

We Do it Right. We Do it Right Here.

Editor:

I would like to explain the math behind a particular assertion in regards to Out-of-District students at NCTC. There are a few who unfairly, and without regard to reasonableness, think that the bond proposal should be paid by an additional fee to the students rather than the very small proposed tax. The math on this recommendation does not work for several reasons, including the size of the required increase in tuition, the lack of ability of these students to pay increased tuition, the burden this would create on women and minorities and single parents, the assumption that these out-of-district students provide no benefit to our community, and finally the false assumption that it would have no impact on other campuses or on the overall financial viability of NCTC.

First, there are only 217 students in the Cooke County Health Sciences programs who are from out-of-district or out-of-state. These students do pay higher tuition (in fact, their tuition rate is already DOUBLE the per-hour rate of in-district students). And given the enrollment, these 217 students would have to increase their average cost from \$98/semester hour to \$304/semester hour (an average year's worth of tuition and fees increase from \$2,350 to \$7,300) to cover the annual debt service on the bond. True, a small increase may not hurt enrollment, but tripling its current rate would likely cripple enrollment.

Second, the students are not capable of paying for this increase. Over 65% of the students in the Health Sciences program are on financial aid. If the vast majority cannot afford the \$2,350 out-of-district cost per year, clearly they cannot afford \$7,300. Again, the proposal to make students pay for the bond is clearly not feasible when the slightest amount of reason is applied to the problem.

Third, over 30% of the out-of-district students in Health Sciences are minority and 13% are single parents. Both minority and single-parent ratios are higher than in-district enrollment breakdowns. Startlingly high is the percentage of women, at 80% of the enrollment in Health Sciences programs. By assessing additional fees to these students, NCTC would be causing an even larger burden on women, minorities, and single parents who are trying to improve their potential earnings and quality of life.

Fourth, NCTC is the largest single driver of tourism to Cooke County. No other business brings hundreds of visitors daily from outside Cooke County to our county seat. The out-of-district students spend their days here purchasing their school supplies and patronizing our fast food restaurants. Although they spend money here, they consume very little in the way of municipal services. They rarely use the resources of the hospital district, city, or county. We LOVE tourism because it brings money from outside of the county and deposits it here, benefitting all of our local businesses and citizens.

Finally, I must say that all of the above points are moot. I explained them to show the complete lack of reason used when asserting that 217 students, who have very little income, should pay for the proposed bond. The truth is that the college must post three rates: in-district, out-of-district, and out-of-state. They cannot pick and choose which programs or campuses pay higher rates. Increasing the tuition for out-of-district students would not only jeopardize the enrollment numbers on Cooke County, it would in fact jeopardize the enrollment on EVERY campus. An increase would concurrently reduce the availability of affordable workforce training to all of our North Texas communities. Although I do not know the price elasticity of demand for public two-year colleges, I do believe it is reckless to assume that the tuition can be increased without having an impact on system-wide enrollment. These are decisions that need to be made with careful analysis, conducted by people who are familiar with the economics.

I urge you all, if an argument sounds too simple, it probably is. Ask reasoned and critical questions to see if you are hearing the whole story. Do not listen to those who are trying to micro-manage a business in which they have no experience and obviously very little operational knowledge. This bond proposal is prudent and responsible. Its cost, at about \$40 per year per \$100,000 value, is extremely reasonable, but the need to reinvest in these programs so that they continue to be viable for the entire population of Cooke County is immense.

Please Support NCTC Excellence, and vote with me starting on Monday, Oct. 21, at the courthouse annex. Every vote counts!

Regards,
Ryan Morris

Letter to the Editor,

"Much ado about..." \$3.30 @ month per \$100,000 taxable property value - about 11 cents a day. How many of us even think about spending a dime?

We hear a LOT about taxes increasing and the concern that raises. I agree. I don't like to pay more in taxes - unless it's for a good cause! To me, educating our youth so that they can earn more money quickly is worth that amount! What a difference it makes throughout their lives!

When we talk about out-of-district students "taking advantage" of using the NCTC Gainesville campus facilities and needing to pay "their fair share" for facility use, let's keep things in perspective. The following is a quick comparison between a Cooke County (CC) resident student and a non-Cooke County (NCC) student. Based on two full semesters per year, a CC student will spend \$1,680 a year in tuition and fees, while a NCC student will pay \$2,940. That's a difference of \$1,260 per year that the NCC student pays for the privilege of taking classes in Gainesville. Let's assume that the CC student lives in a \$100,000 property valued home; at the 2013 NCTC tax rate of \$0.0668 per \$100; that student will pay a property tax of \$66.80. Dividing the difference in tuition and fees for the NCC student by that property tax equates to 18.8 years. In effect, each non-Cooke County taxpayer pays the equivalent of almost 19 years of property tax each year that student attends the Gainesville campus. Personally, I fail to see how that is negatively impacting the county taxpayer.

Further, since that student attends the Gainesville campus full time under the above example, that student probably eats at local restaurants, and perhaps purchases gasoline and other items from local businesses. These are direct benefits to local businesses and an in-direct benefit to the county.

I'd also like to answer some questions that appeared recently in newspapers: why can't the college use the many State, Federal, and grant funds for facilities, and why are property owners in Cooke County responsible for paying more taxes for the facility needs of NCTC. First, there are no state or federal funds available to fund facility construction/renovation at any community college in Texas, including the NCTC Gainesville campus. State funds may be used for construction/renovation of facilities at public four-year universities/colleges; however, state funds are used to fund instructional expenses and are prohibited from being used to fund facilities at two-year community colleges. NCTC is a two-year community college. In Texas, community college facilities are funded by the community that established them.

Second and similarly, grant funds cannot be used to fund construction/renovation of facilities. Grant funds can and are used to purchase fixtures, furnishings, and equipment (FF&E) for existing or in-progress facilities. NCTC maximizes as much grant funds as it is awarded. Catch-22 - NCTC cannot apply for grant funds for a facility that has not been funded; however, once a facility has been funded, then NCTC can apply for grant funds to purchase FF&E items. Thus, until the proposed Health Sciences Center and expanded Career & Technology Center are funded - in this case through a bond election - NCTC cannot apply for the

grant funds referenced in the letter to the editor.

Finally, when Cooke County voters established the ad valorem tax for the college in 1959, Cooke County taxpayers assumed the responsibility for maintaining and constructing college facilities. Our forefathers saw the value in education and established a community college they were willing to support with their tax dollars and to commit the tax dollars of future Cooke County taxpayers. Now, it's our responsibility as Cooke County taxpayers to bite the bullet, to honor our forefathers' commitment, and to fund college facilities that are needed in Cooke County. Over 50% of Cooke County college-bound high school graduates between 2010-2012 enrolled at NCTC. Let's support them!

In the past, after a successful bond election, history shows that the college has not returned to the taxpayers for additional bond funds for many years. It waited over 30 years before doing so in 2010. I don't know what the future will hold; I can only review the past pattern. Now, the college is asking us for about a dime a day to construct needed facilities.

Please consider the impact that a \$3.30 monthly payment will have on your budget and then compare it to the benefit for future nursing and vocational graduates over the next 50 years - the typical life of a building. I urge you to VOTE and to VOTE YES for NCTC future graduates.

AGENDA MEETING DATE - November 4, 2013

The following is the Agenda for a regular meeting of the Muenster City Council to be held at 6:30 p.m. in the City Hall meeting room on Monday, November 4, 2013.

- Call meeting to order at 6:30pm.
- Opening prayer.
- Approve minutes of the regular meeting held on October 7, 2013.
- Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.
- Consider any other business to come before the Council.

OLD BUSINESS:

- n/a

NEW BUSINESS:

- Review and possibly approve Ordinance No. 361 (Regulating Parking on US 82).
- Consider and possibly approve a request from Muenster ISD to temporarily close a portion of E. 7th Street while demolition of building takes place.
- Receive update from JAYCEE'S regarding painting of the Muenster Baseball Park.
- Consider and possibly Accept and Agree to Utility Easement in Block No. 56.
- Receive monthly update on Police Department from Chief Blankenship.
- Receive status report on City Projects and Activities. Take any needed action.
- Review and act on monthly bills.
- Adjourn.

Clay Richerson
Muenster ISD superintendent

Chapter 41 Election
I have written two articles in the last 45 days or so explaining the reasons why we must have an election to determine how the District will pay recapture to the Texas Education Agency (TEA). Now I need to explain what will happen if voters do not approve the election to pay recapture directly to TEA.

If detachment of these categories of taxable property would not achieve wealth equalization, then the commissioner must consolidate the school district with one or more school districts to achieve wealth equalization.

It is important for you to vote on Nov. 5, 2013 on the issue of wealth equalization.

According to the TEC, §41.203, the Commissioner of Education will analyze the parcel data related to taxable property in the school district to determine whether wealth equalization can be achieved through the detachment of the following types of property: 1) a mineral property; 2) the real property used in the operation of a public utility, including a pipeline, pipeline gathering system, or railroad or other rail system; and 3) real property used primarily for industrial or other commercial purposes, other than property used primarily for agriculture or for residential purposes.

If a final judgment of a court determines that a mineral interest may not be annexed and detached without an attendant annexation and detachment of the surface estate or any other interest in the same land, the detachment and annexation of a mineral interest includes the surface estate and each other interest in the land covered by the mineral interest.

Obituaries

Joyce Ware 1937 - 2013

Funeral for Joyce Marie Ware, age 76 of Gainesville, was held Oct. 18 at Geo. J. Carroll & Son Chapel with interment at Fairview Cemetery.
Born Oct. 1, 1937 in Fulbright, Texas to Lonnie and Clara Jewett, Joyce died Oct. 15, 2013 at her home. She attended Callisburg schools and was a long-time member of Commerce Street Church of Christ. Mrs. Ware was employed at various places, including Gainesville State School, Ranger Arms, E.M.C. Plastics, Denton Printing, Braum's, Beall's Dept. Store, and Ware's Welding Supplies.

Survivors are husband George P. Ware, Jr.; daughter and son-in-law, Carla and Mickey Underhill; sons and daughters-in-law Billy and Debbie Ware and Joe and Tammy Ware; 11 grandchildren; 20 great-grandchildren; one great-great-grandchild on the way; sisters Martha Dean Maughan and husband Bill, and Glenda Fuller; brother-in-law and sister-in-law, Joe and Nell Ware; sister-in-law Iris Isaacs; and numerous nieces, nephews, aunts, and uncles.
Memorials may be made to the American Heart Assoc. or the American Diabetes Assoc.

Clyde Yetter, Jr. 1920 - 2013

Funeral for Clyde Wesley Yetter, Jr., age 93 of Saint Jo, will be held at 10 a.m., Saturday, Nov. 2 at McCoy Funeral Chapel in Saint Jo. Services will be officiated by Rev. Joe Gambill and directed by McCoy Funeral Home. Burial will follow in Mountain Park Cemetery in Saint Jo. Visitation is set for 5 to 6 p.m., Friday, Nov. 1 at the funeral home. Mr. Yetter died at 7:10 a.m., Wednesday, Oct. 30, 2013 in Nocona.
Clyde was born April 3, 1920 in Dallas to Edith Caroline (Priddy) and Clyde W. Yetter, Sr. He graduated from Saint Jo High School in May of 1938, Paris Junior College in May of 1940, and received a BA in Business from Baylor University in 1950. He enlisted in the U.S. Marine Corp and served as a Gunnery Sergeant from 1941 to 1945. He earned five battle stars: First and Second Battles of Midway, Roi-Namur (Marshalls), Tinien (Marianas), and Okinawa.
On Jan. 24, 1946, Clyde married Sue Bryan Crenshaw in Oxford, North Carolina and together they raised three children. He was an active member of the Presby-

terian Church, the Masonic Lodge, and established the Saint Jo Meals on Wheels. He served as treasurer of both the Quarterback Club and Men's Luncheon Club. He retired in 1990 from First National Bank where he worked for 40 years. Clyde was an avid Dallas Cowboys fan and held season tickets for many years.
Survivors are son Eddie and wife Sara of Saint Jo; daughters Mary Edith and husband Butch Eldridge of Era, and Susan Yetter of Saint Jo; sister Dorothy Cole of Colorado; brother-in-law Hatcher Crenshaw of Virginia; sister-in-law Sue Yetter of North Richland Hills; two grandchildren; and two great-grandchildren.
He was preceded in death by his parents; brothers J. E. and Charles Yetter; and his wife.
Pallbearers are Bill Tom Meador, Stan Field, Tommie Sappington, Cotton Brawnner, Terry Dunn, and Bob Langford. Honorary pallbearers are Elaine Kingery, Judy Johnston, Marsha Foster, and Bill Payne.
The family requests memorials be made to Saint Jo Meals on Wheels.

Winell Gaidaroff 1919 - 2013

Funeral for Winell Gaidaroff, age 93 of Gainesville, affectionately known as "Mrs. G.," was Oct. 30 at Geo. J. Carroll & Son Funeral Home with interment at Fairview Cemetery.
Mrs. Gaidaroff died Oct. 26, 2013 in Gainesville. She was born Nov. 15, 1919 in Stephens County, Oklahoma to Marion Sylvester and Arizona Mae Stanley.
Winell graduated from high school in Roosevelt, Oklahoma. On June 3, 1939 she married Oscar Gaidaroff. Many remember Mrs. G from the 24 years she was employed at North Central Texas

College. She could often be found immersed in a good book or embroidering countless gifts for her family.
Survivors are daughters Betty Morgan and Linda Clark; four grandchildren and their spouses; 11 great-grandchildren; sister-in-law Dorothy Hague; and many nieces, nephews, and friends.
Memorials may be made to a charity of your choice.

Clara Wilde dies

Funeral Mass for Clara Wilde, age 96 of Muenster, was held at 10 a.m. on Thursday, Oct. 31 in Sacred Heart Church. Clara died Tuesday, Oct. 29, 2013 at Muenster Health and Rehab. Her complete obituary will be in next week's *Enterprise*.

standpoint, from an ease of business standpoint, from an efficiency standpoint, it just looks like it's not really thought through as the best place. Thirty years ago, it was a great place. Today, with all that we know, why would you make that commitment," Smith noted.
Smith added that he is for building a new barn, just in a more suitable location. "If we could find a good location, we could reasonably assume that all of us should share in the cost of the land to put a new county barn because B.C. did not have any way of predicting that I-35 was going to be expanded. No one could have planned for that. B.C. has one of the more complex road issues of any us."
Commissioner Lemons replied that he spoke with the resident engineer who said that the expansion of I-35 might happen in 30 years or not all. He said the site is not big, but is plenty big to work out of and he 100% disagreed with Smith that it is not a good location. Other desirable sites were too expensive he added. He has about three acres for the building site.
Commissioner Klement urged Lemons to look to the future because there are a lot of changes that are expected to happen to that area and he would be better served to be in a rural location. Klement said that to properly serve the County, at some point they will have to put an ambulance station somewhere in that part of the County. The Muenster ambulance station was planned for on land purchased by Precinct #4 by then Commissioner Virgil Hess. This could also be done in Precinct #2.
County Judge John Roane called for a vote on the Smith's suggested amendment. It failed, with Smith and Klement for it and Lemons, Roane, and Commissioner Gary Hollowell voting nay.
The vote was then called to build the barn at 153 Gibson Lane in Valley View. The vote was unanimous to approve Lemon's location and contract with the bid awarded to Caliber Construction of Denton. Before contributing his yes vote, Klement made note that he feels it is a bad location, but if Precinct #2 thinks it has to be done on that place and he can make the money work, he would vote for it.
Cooke County Information Technology Director Dana Sons received appreciation for her work with the County. She has been employed by the County since May 2009 and tendered her resignation to accept a technology position with Era ISD.
Commissioners issued a proclamation that noted her hard work, professionalism, and that she was an asset to all County offices by enhancing their technology. Oct. 28 was declared Dana Sons Day in Cooke County.
The Cooke County EMS station being constructed at 301 Church Street in Gainesville is nearly finished. An open house is scheduled for Wednesday, Nov. 20 between 2 and 4 p.m. The public is welcome to tour the facility and enjoy refreshments. It has space for training as well as housing ambulances and crew.
In other business conducted at Monday's meeting, Commissioners Court:
• Appointed Patti Allen to the Cooke County Child Welfare Board.
• Approved military leave for EMS personnel working 24 hour shifts.
Consent agenda items unanimously approved by Commissioners Court are:
• Paying 2008-09 insurance premiums that were not deducted from the employee.
• Receive and file for record documents from One Energy regarding the Muenster Wind Farm, LLC.
• The salvage of miscellaneous items removed from storage at the Cooke County Sheriff's Office.
• The annual renewal of a contract between Cooke County and C&N Technology Systems for fire monitoring for Cooke County.
• Surplus by auction and advertisement for the same for a John Deere 770A Motor Grader and pull behind mower attachment from Road and Bridge Pct. 3.
• Riders to Chad Archer and Charles Owens bonds making them payable to Constable Pct. 4 as required by Texas Local Government Code 86.011(c).
• Contracts for fire services between Cooke County and Oak Ridge Volunteer Fire Department and Cooke County and Era Volunteer Fire Department.
• Cellular phone allowance for Deborah Edwards, investigator for the Cooke County Sheriff's Office.
• Ratifying the County Judge's signature on a contract between Cooke County and Connie Cypert Stovall Family Limited Partnership to make repairs to a wall that is adjacent to the DPS building located at 201 West California Street, Gainesville.

Louise Bayer celebrates her 100th birthday surrounded by her family including children, grandchildren, and great-grandchildren.

Felderhoffs celebrate 65th Anniversary

Arthur and Evelyn Felderhoff celebrated their 65th Wedding Anniversary with their five children and spouses, grandchildren, and great-grandchildren on Sunday, Oct. 27, 2013 at their home in Muenster. A special nuptial blessing for the couple was performed by Fr. Ken Robinson, also a guest at the celebration.

The special day was highlighted with well-wishes and cards of congratulations. A barbecue dinner, followed by a delicious carrot cake, was enjoyed by almost 30 family members. Dinner tables were decorated with fresh bouquets of fall flowers, and family photos were taken to remember the happy occasion.

Those attending the party included Bob and Diann Hultstrand, Dale and Julie Felderhoff, Ronnie and Sharon Felderhoff, Ken and Gina Pape, and Kory and Sherie Killgo. Grandchildren, spouses, and great-grandchildren in attendance were: Ashley and Alan Chapin with daughter Rayley; Whitney Hultstrand; Tyler and Nicole Bradley with daughter Cydney; Chad and Elizabeth Felderhoff with daughters Clara and Annelise; Mitch and Aubree Felderhoff with son Nolan; Dana Pape; and Philip and Kristin Willgo.

Arthur Felderhoff and Evelyn Spaeth were married in St. Peter's Church in Lindsay on Oct. 26, 1948. They have lived in Muenster their entire married life.

Arthur and Evelyn Felderhoff on their wedding day, Oct. 26, 1948

Correction

The name of one of the speakers for "My Roosevelt Family" As Told by Elliott Roosevelt, Jr. was incorrectly listed as Elton Roosevelt in last week's paper. The Century Club apologizes for misinformation published previously regarding his name.

Louise Bayer marks milestone 100th birthday

Louise Catherine Walterscheid Bayer turned 100 years old on Saturday, Oct. 26, 2013. Born to Joseph and Katie Hess Walterscheid in 1913, she is one of three Walterscheid sisters who married one of three Bayer brothers. Louise married Martin B. Bayer on April 17, 1934, and has spent her whole life in Muenster. She is the mother of eight, Don, Ernest, Pat, Nelda, Tom, David, Dale, and Bill. She is grandmother to 21 and great-grandmother to 26.

A party in her honor was held on Sunday, Oct. 27 at Muenster Health and Rehab where she currently resides. She was dressed in a beautiful, dark pink ensemble with a lovely pink corsage.

Cake and punch was served to family and residents, and photos were taken. The family sang "Happy Birthday" and enjoyed an afternoon of visiting.

NCTC Jazz Band schedules free Fall concert

North Central Texas College will get all jazzed up on Nov. 7 as the NCTC Jazz Band hosts their annual free Fall concert.

The concert is scheduled for 7:30 p.m. on Thursday, Nov. 7 at the First State Bank Center for the Performing Arts on the NCTC Gainesville campus.

Once again this year, the NCTC Jazz Band will share the stage with the Gainesville High School Jazz Band. The high school group will open the show.

Music lovers of all ages will enjoy the selections chosen by both bands.

The NCTC Jazz Band has been accepted to perform at the Jazz Education Network Conference in Dallas, Jan. 8-11. This is an international Jazz convention with musicians, educators, vendors,

and students from around the world.

The band will also prepare a program for a return trip to the Crescent City Jazz Festival in New Orleans during Spring Break.

"We are currently raising funds for these events, and the fall concert will be a big part of that," Kobuck added. While there is no admission charge for the concert, donations will be accepted to help pay the cost of sending the students to New Orleans.

"I am hopeful that we can get some area businesses to sponsor students as well as individual contributions the night of the concert," Kobuck said.

For more information on the NCTC Jazz Band or the upcoming concert, contact Kobuck at 940-668-7731 ext. 3385.

Technological equipment is SHCS's sweepstakes goal

Sacred Heart Catholic School kicked off its Catholic Life Sweepstakes on Sept. 16. There are many prizes available and all are being provided by Catholic Life Insurance. The top prize offers the choice of a 2014 Ford F-150, a 2014 Ford Fusion sedan, or a \$20,000 prepaid VISA card.

The goal for Sacred Heart School in this sweepstakes is to raise money for new technological equipment and

to start a fund for air conditioning in the gym. The first \$10,000 raised will go the technology equipment and the remainder will be put towards the air conditioning fund. All money brought in from tickets sold by Sacred Heart families will stay with Sacred Heart School.

Tickets are \$5 each and the drawing takes place in January.

Anyone wishing to purchase tickets may contact any Sacred Heart family or call Janet Vogel (940) 284-2130 or Cindy Koesler (940) 768-9814 for more information.

CCRW to hear about road projects

Transportation will be the topic of conversation at the Nov. 7 meeting of the Cooke County Republican Women's club. Denton County Judge Mary Horn will speak about the expansion of I-35E from Dallas to Denton, explaining what drivers can expect during the construction and how each segment will be phased in. An engineer from the local TxDOT office will provide information about ongoing and planned local road projects.

The public is invited to attend the meeting which will be held at the First Christian Church Fellowship Hall, 401 N. Commerce on Thursday, Nov. 7, at 7 p.m.

➔ **Fact: NCTC Has \$25+ Million in the Bank!**

Q: Why do They need a \$14.8 Million Bond paid for by Taxpayers?

NCTC's Lowest Cash on Hand in the last 14 months was \$22,350,488. \$1,950,000 is restricted by law or contract, leaving \$20,400,000 available.

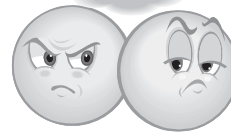

NCTC has designated some reserves for various reasons but *it only takes four board votes to spend them on Nursing and Career Technology.*

NCTC had designated \$2.2 Million for potential State Budget Cuts. That issue has lapsed, the State of Texas now has a surplus.

If NCTC spent \$14.8 Million of it's cash on Nursing & the CTC, they would have \$5.6 Million for Rainy Day & Working Capital for their lowest month.

How can they justify a 60% Tax Increase??

➔ **Vote No on NCTC \$14.8 Million Bond, Nov. 5th**

Please see web site for NCTC financial documents and more detailed analysis. Pol. Ad paid for by www.cookecitizens.org, Steve Gaylord, Treasurer

Wisdom becomes bride of Bell

Andi Jae Wisdom became the bride of Jacob Foy Bell on Saturday, Aug. 3, at Wilbarger Street Church of Christ in Vernon. Murphy Rhodes of Abilene officiated for their wedding vows.

The bride is the daughter of Rocky and Gina Wisdom of Thalia. Her grandparents are Dennis and Norma Jean Hofbauer of Muenster, and Dorothy Wisdom of Thalia and the late Jake Wisdom.

Parents of the groom are Jeff and Jennifer Bell of Brock. He is the grandson of Carolyn Young of Killeen and the late Thomas Young,

Lonnie and Annette Bell of Lubbock, and the late Janice Bell.

The bride was given in marriage by her father.

Maid of honor was Mardi Wisdom of Thalia, bride's sister. Bridesmaids were Collin Darland of Wichita Falls, Sylvia Perez of Lubbock, Sydney Hoedebeck of Muenster, bride's cousin, and Missy Bell and Lyssa Bell, both of Fort Worth and sisters-in-law of the groom.

Maxey Johnson of Saint Jo was flower girl and Carter Bell of Fort Worth was ring-bearer.

Serving as best man was Jordan Godby of Keller. Groomsmen were Josh Bell and Jordan Bell, both brothers of the groom and both of Fort Worth, Travis Jones of Fort Worth, Brennen Mc-Mullin of Dallas, and Jared Whitley of Lubbock.

The reception was also held at Wilbarger Street Church of Christ. Attending the registration book were friends of the bride Hannah Gray of Thalia and Allison De los Santos of Crowell. Guests were served cake and punch. The bride's cake and the groom's cake were both

made by Marsha Hofbauer, bride's aunt.

The bride is a recent graduate of Midwestern State University.

The groom graduated from Abilene Christian University in 2102 and is boys basketball coach at Mansfield Lake Ridge High School.

The rehearsal dinner was hosted by the groom's parents on Friday, Aug. 2. Guests enjoyed food prepared by Blue Armadillo Catering Service.

Following their wedding trip to Orlando, Florida, the couple is at home in Mansfield.

Mrs. Jacob Foy Bell
...nee Andi Jae Wisdom...

Jayden celebrates 2nd!

Jayden Lutkenhaus celebrated his 2nd birthday on Saturday, Oct. 26. His birthday is Oct. 20. The movie "Monsters University" was the theme of the party.

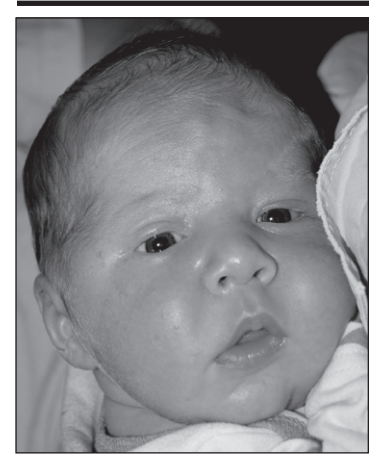

Jayden Lutkenhaus

The party began with Jayden blowing out his candles and everyone enjoying cake and ice cream. His cake was made by his grandmother Annette Bayer. Jayden then opened his gifts and enjoyed a ride on the Ranger looking for deer and riding through the mud!

Guests included Jayden's parents Jason and Michelle; siblings Bradley, Alyssa, and Zachary; Grandparents Bobby and Linda Lutkenhaus and Bill and Annette Bayer; aunts and uncles Will and Crystal Seyler, Jeremy Lutkenhaus, Nicole Bayer, and Neil Bayer; and cousins Cade and Jaxon Seyler.

Unable to attend but sending best wishes were Brandi, Jeff, Nathan, and Natalie Cook.

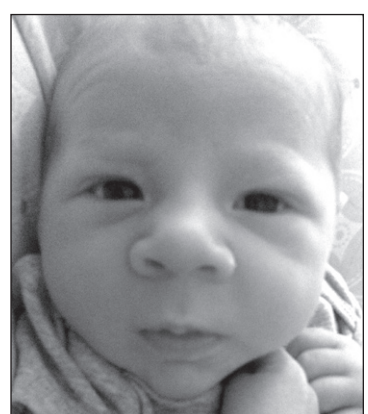

New Arrivals

Eli Walterscheid

Walterscheid
Abby, Luke, Emma, and Katie Walterscheid proudly announce the birth of their brother Eli Joseph. Eli was born on Thursday, Oct. 10, 2013 at 7:26 a.m. He weighed 8 lb. 1 oz. and measured 20 1/2 inches long. Proud parents are Kenneth and Tina Walterscheid. Grandparents are Dale and Charlotte Klement of Muenster, and Alice Walterscheid of Muenster and the late Kenny Walterscheid. David Lawrence was born on Wednesday, Aug. 7, 2013 at 11:11 p.m. He was a healthy 8 lb. 13 oz. and 21 3/4 inches. Welcoming David are his grandparents John and Lanie Bartush of Muenster, Gail Hom of New Rochelle, New York, and David and Michele Hom of Blooming Grove, New York. His great-grandparents are Helen Yosten of Muenster, David and Judy Schwartz of New Rochelle, and Lazaro and Ida Martinez of Conroe, Texas.

David Hom

North Central Texas Chorale November concert

North Central Texas Chorale proudly presents John Rutter's "Requiem" and Joseph Haydn's "Little Organ Mass" on Sunday, Nov. 10. The concert will be at 3 p.m. at St. Peter's Catholic Church in Lindsay. Tickets available at the door are adults \$10 and students and St. Peter's parishioners \$8.

The Rutter Requiem is one of the most popular choral works of the last several decades. It was written during May and June 1989 in Cambridge England. Several previous works which greatly influenced Rutter were the Faure "Requiem" and the Britten "War Requiem." Rutter's goal was to construct a requiem in a simplistic manner. He drew his inspiration from the English Bible of 1662 and the 1662 Prayer Book using a combination of both English and Latin texts. One of the most endearing of the movements is No. 6, a setting of Psalm 23. When asked to explain the phenomenal success of the "Requiem," he replied, "Thoughtful texts, through the medium of music, can

truly reach people."

This will be the Chorale's first presentation of the "Little Organ Mass." It has lovely harmonies, a beautiful soprano solo, and an extensive organ part in the "Benedictus" movement. The Chorale will be joined by a chamber orchestra, organist Dr. Hyunkyung Lee, and a soprano soloist.

The Chorale is honored to perform at St. Peter's. This historic church underwent a \$4 million restoration that began in 2009. This restoration included the installation of a completely rebuilt pipe organ from the 1890s. The recent renovations to St. Peter's make it the perfect place - both artistically and acoustically - for an unforgettable performance of this choral masterpiece.

The Chorale is under the direction of Dr. Michael Linder. Dr. Linder is the retired director of Chorale Activities at North Central Texas College. Please visit their website www.northcentraltexaschorale.com for more information.

Pathways Program revitalized

Abigail's Arms Crisis Center is pleased to announce the "revitalization" of the Pathways Program, a partnership initiative with VISTO. The program utilizes two major components to provide after-care assistance for Abigail's Arms and VISTO clients: 1. Client-based vocational and educational training classes; 2. Trained Life Coaches who are then matched with clients for up to a year to better ensure program success.

Abigail's Arms is responsible for overseeing the Life Coaching component. In their effort to provide ongoing exceptional services, they've partnered with Shirley Ward of The Changing Table, a professional life coaching service. Ms. Ward will be responsible for training each mentor partner with Pathways clients. We're delighted to have her.

The Pathways program idea was initiated by Michelle Baldwin, executive director of VISTO. She ac-

knowledged the similarities of the victims served through both agencies and recognized the importance of providing stability services for poverty-stricken families and those affected by violent crimes. This intersection of circumstance created a solid platform for Pathways. Combining training classes and Life Coaches for clients can prove to be a much more effective tool in increasing the success rate of program participants.

On Oct. 9, the two agencies met at the Muenster State Bank conference room and held a meet and greet for the life coaches and the instructors of the program.

To participate in the Pathways program, you must be a client of Abigail's Arms or VISTO. To become a Life Coach, you must attend an Abigail's Arms volunteer training class for more information.

For information, contact edvisto@sbcglobal.net or kkirby@abigailarms.org.

SCHOOL

Red Ribbon Week encourages drug prevention

by Caroline Gressett
This school year, Muenster ISD celebrated National Red Ribbon week during Oct. 21 through 25. Red Ribbon Week is one of the oldest and largest drug prevention programs in the United States. Muenster ISD students participated throughout the week with the help of each Student Council member leading the way. Each day of the week had a different theme that focused on good character and drug prevention. Monday's theme was "Turn your back on disrespect and drug use." Students were encouraged to wear yellow and to wear their shirt backwards. Tuesday was wear green and sunglasses to show "My future is bright! I am responsible and drug free." On Wednesday, students wore orange and flip flops for the theme

"Flip over fairness! And orange ya glad you're drug free?" Thursday's theme was "Let's boot out bullying and drug use!" and the students wore blue and boots. Finally, they wrapped up the week by wearing red and spirit shirts on Friday to celebrate, "Count on caring and team up against drugs." The high school students also participated in activities during their lunch break on Tuesday, Wednesday, and Thursday. These activities taught them the effects of drugs and how it lowers cognitive skills. Also, there were daily raffle winners for participants in the high school and junior high. Each winner received a Hornet T-shirt donated and sponsored by Jim Goldsworthy and State Farm Insurance. The elementary participated in the annual drug

poster contest. In Art class, they drew pictures depicting how drugs are bad and how to team up against drugs. The winners were chosen by the MHS Student Council's Red Ribbon Week committee and announced at the pep rally on Friday. The students chosen for the winning posters were: Kindergarten - John Fredrick and Kalyn Walterscheid; 1st grade - Karissa Harrison and Elena David; 2nd grade - Emily Collins and Lainey Green; 3rd grade - Brittany Bateman and Whitley Klement; 4th grade - Chanel Grohman and Lilly Muller; 5th grade - Erin Hesse and Sarah Monday; and 6th grade - Brittany Green and Major Eldridge. The Student Council was pleased with all of the participation in promoting this very important message of being drug free.

SHCS teachers motivated by Ministry Conference speaker

Teachers from Sacred Heart were inspired Friday, Oct. 25 after hearing Dr. Mary C. McDonald speak at the University of Dallas Ministry Conference. She spoke with passion as she told the story of the Call to be Christ's Arms in the World as teachers in Catholic Schools are called to lift up all of God's children. Catholic schools are a fertile soil for evangelization from which come abundant harvests of faithful Catholics who live as people of the covenant. Teachers are called to be witnesses of hope and faith, and to make Christ present to the children served by providing an excellent academic program in a faith-based environment.

Dr. McDonald is an advisor to the Education Committee of the United States Conference of Catholic Bishops (USCCB) and a featured speaker at the University of California at Berkeley Law School Forum on School Choice. She was a featured speaker at the White House Summit on Urban Education, and keynote speaker at the 2012 National Catholic Educational Association Convention. She is the recipient of numerous awards in recognition of her work including the Notre Dame Exemplar Award for Outstanding Contributions to Education; the Humanitarian of the Year Award given by the National Council for Community and Justice, Chris-

Brothers University Carroll T. Dozier Humanitarian Award for Peace and Justice; Facing History and Ourself Award for Making a Positive Difference in the Community; Who's Who in American Education; Kappa Delta Pi Award for Outstanding Contributions to Education; Educational Courage Award. Dr. McDonald leads by example and works to make education a vehicle for understanding diversity, promoting unity, and making the future brighter for all children. The teachers were excited to know that the former Superintendent of Memphis Catholic schools will be the guest speaker at the Catholic Schools Banquet on Jan. 25, 2014 in Fort Worth.

Muenster FCCLA hosts Fall Leadership training

by Caroline Gressett
 On Oct. 17, Muenster's FCCLA chapter hosted a Fall Leadership Workshop for area FCCLA chapters. This event took place in the school's cafeteria and started at 5 p.m. Seventy-nine students from Lindsay, Saint Jo, Petrolia, Prairie Valley, Bowie, and Aubrey

came to experience various leadership training options. Students were offered the option to stay in the cafeteria and participate in leadership activities or they could take Family Consumer Sciences Assessments in the advisor's classroom. They had one State officer, Muenster's own Jori Magee, and two Regional officers presenting the activities at the event. Also,

FCCLA National Medalists from Muenster spoke about STAR events. The event was a success ending at approximately 6:30 p.m. with presentation of FCS assessment awards and refreshments of nachos and cookies for all participants. "Leadership and learning are indispensable to each other." - John F. Kennedy

MISD photo

with your identification. If you are buying a car from an individual, bring your identification and all other required application forms and fees with you to the Cooke County Tax Assessor-Collector's office to apply for the title. When buying from a dealer in another county, you have the right to request the title be transferred in Cooke County.

The identification rule passed by the board of the Texas Department of Motor Vehicles (TxDMV) took effect in September 2013. It was required as part of two state laws approved in 2011 (HB 2017 and HB 2357) that mandate identification for titling a vehicle and first-time registrants. This change does not apply to registration renewals.

- The following forms of identification are acceptable:
- A driver's license or state identification certificate issued by a state or territory of the United States
 - United States or foreign passport
 - U.S. military identification card
 - U.S. Department of Homeland Security identification document
 - U.S. Citizenship and Immigration Services identification document
 - U.S. Department of State identification document
 - North Atlantic Treaty Organization (NATO) identification
 - Identification issued under a Status of Forces Agreement.

Vehicles will be titled in your legal name as it appears on your identification. If your name has changed, you will need to have your ID corrected before the purchase. If you are filling out the title application yourself, be sure to use your legal name.

For more information about this new rule and the process for buying or selling a vehicle, visit the TxDMV's motorist portal online at www.TxDmv.gov.

SPORTS

Muenster mashes Munday

The Hornets traveled to Munday last Friday night to take on the defending State Champion Moguls. Last season, Munday invaded Muenster, taking home a 45-10 victory. This year, Muenster returned the favor. After scoring 43 points in the 1st half, the Hornets brought home a 50-19 District victory to remain undefeated.

Coach Brady Carney noted that the Hornets had a turnover free game, playing well offensively. "We threw the ball well, both by Tavi Saldana and Blayne Jones. Defensively, they were quicker and better up front than we expected and it took awhile for us to adjust. After adjustments, the defense played pretty well." Carney was also pleased with Chance Herr, who hit every point after.

Muenster took the opening kick at their own 40 yard line. A flag the first play backed the ball to the 25. Runs by Mason Binder, Kyle Klement, and Clint Sidwell took the ball to the Munday 36. Two plays lost yards before quarterback Tavi Saldana found Cole Walterscheid, who slipped out of the line and into the end zone for a 40 yard scoring play. The 2 point conversion run by Sidwell gave the Hornets an 8-0 lead with 8:31 on the clock.

After five runs, Munday posted their first points with 6:10 remaining in the 1st period on a 25 yard run. The PAT failed for an 8-6 score.

On the kick return, Sidwell tucked the ball in his arms and ran 61 yards to the Mogul 26. Next play, Klement found paydirt. The point after kick by Chance Herr gave Muenster a 15-6 lead at the 5:49 mark.

Munday moved the ball to the Muenster 10 yard line before the Hornet defense halted the drive, backing the Moguls to the 21. A 65 yard run by Klement highlighted Muenster's four-play drive. Sidwell scampered over the

goal line on a 3 yard run. The PAT kick by Herr gave Muenster a 22-6 lead as the 1st quarter concluded.

Munday scored on a 45 yard run under a minute into the 2nd period to close the score to 22-13. After that, the scoreboard belonged to Muenster.

The Hornets were unable to score on their next series of plays, but they kept the Moguls out of the end zone when Clayton Hess picked off a Munday pass and returned it for 6 points. Another successful kick by Herr made the score 29-13 with 8:08 on the clock.

Turnovers terrorized Munday with their next two drives ending their scoring threat while setting up Muenster touchdowns.

Knocking on the Hornets' door, Blayne Jones intercepted a pass on the Hornet 21. Five plays later, Jones and Walterscheid connected for a 64 yard touchdown pass play. Herr added the PAT for a 36-13 score with 1:38 on the clock.

Munday got in five plays, but was halted when a fumble recovery by Collin Pagel set up Muenster's next score. A Jones to Walterscheid pass gained a quick 26 yards to the Mogul 5. Klement took care of the final yards for 6 points. Herr's extra kick gave Muenster a 43-13 lead at 26 seconds remaining in the 1st half.

Munday got in two runs and with that, the scoreboard stopped clicking for the halftime break.

The Moguls took the 3rd quarter kick, moving the ball 46 yards in eight plays for a 43-19 score.

Muenster couldn't get a 1st down but got the ball back four plays later when Jace Fredrick covered a Munday fumble. Runs by Klement and Binder, and a pass play from Jones to Fredrick moved Muenster downfield. Binder lit up the scoreboard for the final time with 1:21

remaining in the 3rd quarter on a 3 yard run. Herr's PAT cleared the uprights again to give the Hornets a 50-19 lead.

The 4th quarter saw the teams exchange a couple of punts with no points added to the scoreboard.

 The Hornets are on the road again this Friday night as they travel to Petrolia to take on the Pirates.

Petrolia started the season with three straight wins - Cross Plains (40-7), Collinsville (19-7), and Archer City (13-10), before losing to Windthorst (17-6) and Santo (55-12) in pre-district. Their bad luck continued into District play, losing their last three - Era (21-7), Munday (26-0), and last Friday night Electra (28-6).

"Petrolia has a better defense than offense. They get after you," said Coach Carney. "Offensively, they throw a lot, so we need to control and be pass wise." Carney added that it's another away game, and travel can get the team down.

Kickoff is at 7:30 p.m. in Petrolia.

Tiger Tyler Spruill (21) fights for extra yardage in Sacred Heart's District victory over San Jacinto.

Tigers win big over San Jacinto

The Tigers of Sacred Heart hosted the San Jacinto Christian Academy Patriots of Amarillo last Friday night as District competition continued on the field. After a fast scoring, close 1st period, the Tigers went on to finish the game with a 50-18 victory. Sacred Heart had a total of 346 yards, but also gained 100 yards from the Patriots' penalty box.

"I was real pleased with our passing game," Coach Dale Schilling said, noting Brady Endres' performance contributing to over 200 yards. "Defensively, we started slow, made some adjustments, and stopped their running game."

San Jacinto took the opening kick at the Tiger 38, moving the ball to the 10. Tackles by Hayden Schilling and Stephen Kessler stopped the drive and the Patriots settled for a 3 point field goal.

The Tigers took advantage of San Jacinto's mistakes, gaining 30 yards from the flag. From the 20 yard line, Brady Endres connected with Isac Walterscheid for 6 points. The PAT failed for a 6-3 Sacred Heart lead.

Three plays later and the Patriots were in the end zone

and up 10-6.

A couple of high snaps forced a Tiger punt, but three plays later, an interception by Walterscheid returned the ball to Sacred Heart. The next play, Keith Metzler crossed the goal line from 43 yards out. An Endres to Schilling pass completion on the PAT gave Sacred Heart a 14-10 lead.

San Jacinto carried the ball into the 2nd quarter, but tackles by Aaron Davis and Schilling, and two flags forced another Patriot punt. The next play, Endres passed the ball to Metzler who broke away for a 71 yard run and 6 more points. Will Boyd ran in the extra points to extend the Tigers' lead to 22-10 with 9:12 remaining in the 1st half.

The Amarillo team got in five plays and punted. The Tigers moved the ball into Patriot territory, but two more bad snaps slowed the drive that ended on the San Jacinto 27 yard line. Kevin Flusche got a quarterback sack before the halftime break.

The Tigers scored 28 points in the 3rd period. An onside kick was covered by Aaron Colmenero near midfield. Walterscheid handed off to Endres who threw the ball to Metzler for a 45 yard touchdown. With just 14 seconds off the clock, the Tigers had a 28-10 lead.

The Patriots had three unsuccessful plays, two stopped by Walterscheid and Flusche, the 3rd intercepted by Endres.

Starting on the visitors' 47, Boyd quickly moved the ball to the 31. An Endres to Metzler pass picked up 11 yards and with 9 minutes on the clock, Walterscheid connected with Endres for the touchdown. Tyler Spruill ran in the points after for a 36-10 score.

San Jacinto failed to get a 1st down. The punt, returned by Metzler, placed the Tigers 35 yards from paydirt. On 4th down, Metzler found the end zone. With 5:40 on the clock, Sacred Heart extended their lead to 42-10.

Defensive plays by Spruill, Flusche, and Davis forced another punt, returned by Metzler to the Amarillo 36. Schilling gained 21 yards, then lost 2 before Endres crossed the line for another Tiger touchdown. Boyd ran in the PAT for a 50-10 score with 2:22 remaining in the

3rd period.

San Jacinto carried the ball into the final quarter, scoring with 6 minutes remaining in the game for the 50-18 score. The Tigers' only offensive play in the 4th was a fumble. The Patriots got into scoring distance, but ran out of time.

The Tigers will travel to Fort Worth this Friday night to challenge the Calvary Christian Conquerors to determine the District Runner-up. Fort Worth Temple has beaten both Sacred Heart and Calvary to claim 1st place. Calvary has a very solid running game, which we must stop to get a win," commented Coach Schilling. The Conquerors enter this match with Sacred Heart with a 6-2, 3-1 record. Calvary won a non-district game last weekend over Highlands, and had earlier wins over Shelton and Dallas Lutheran, and a loss to Covenant. District action began with victories over Lake Country (38-14), San Jacinto (48-14), a loss to Temple Christian (30-21), and a win over Lubbock Christian (40-6). In comparison, the Tigers had a 50-18 win over San Jacinto, 40-9 over Lubbock, and a 24-12 loss to Temple. Kickoff is 7:30 p.m. at Fort Worth All Saints High School Stadium.

Sacred Heart competes in TAPPS State Cross Country race

The Sacred Heart Cross Country runners competed in the TAPPS Cross Country Championships hosted by Baylor University at the Waco ISD course last Saturday. The Tigerettes had a team of six participating, while the Tigers had only two runners.

earned the girls TAPPS State Championship with 48 points. Sacred Heart took fifth place with 119. Mikayla Fleitman was the Tigerettes' top runner, finishing 16th with a time of 13:43. Mikenzie Fleitman was 21st, clocking in at 13:49, followed by: 32, Alane Bartush, 14:10; 35, Rylee Reiter, 14:28; 49,

Alana Endres, 15:19; and 57, Bailey Walterscheid, 15:47. "The girls ran hard and really competed," noted Coach Jon LeBrasseur. "The weather was outstanding and we ran some of the best times we have ever run in the Championships." Coach Jon also tipped his hat to seniors Mikaela, Mikenzie, and Bailey on a successful four years. "Bartush, Reiter, and Endres have some big shoes to fill next season," he added.

In the boys division, Jamie Proctor finished in 29th place, clocking in at 19:44. "Jamie had a great season and will set his sights up for Gold his senior year," Coach LeBrasseur said. Michael Fleitman, who played football Friday night, had a good effort with a time of 20:33 for 45th place. "Hopefully next season we can find a few more boys to compete as a team," the coach concluded.

Lady Cubs take 3rd at NTIL District Volleyball Tournament

Lady Cubs competed in the North Texas Independent League District Tournament, Saturday, Oct. 26. They came into the tournament tied for 3rd place with St. Mary's.

The Lady Cubs were able to beat St. Mary's in 2 sets with scores of 25-19 and 25-10. E. Ploeger with assists from Megan Ploeger and Mackenzie Mason.

second in serving percentage with 6 points in a row off serve. Kills were awarded to E. Ploeger with an assist from Hess.

The second match was lost to ICCS with scores of 17-25 and 23-25. Kills were awarded to Kendra Flusche, Hess, Stephanie Koesler, and E. Ploeger with assists from Megan Ploeger and Mackenzie Mason.

The third match was won against STORM in 2 sets with scores of 25-15 and 25-6. E. Ploeger led the team to victory with 5 points off serve. Kills were awarded to Carmen Settle to win the game point and Flusche.

The coaches and team are happy with their improvements throughout the year and excited about the outlook for next year.

Muenster stings Cubs

The 7th grade Muenster Hornets football team traveled to Jacksboro last Thursday, defeating the Jacksboro Tiger Cubs 7th grade team by a score of 34-0. The victory improved Muenster's season record to 6-0-1.

Logan Pagel started the scoring for the Hornets on a 15 yard run. The Hornets added another score in the 1st quarter on a 10 yard pass from Parker McGrew to Garrett Bindel. Nolan Bayer ran in the 2-point conversion to make the score 14-0 after the 1st quarter.

The Hornets added one more touchdown in the 2nd quarter on a Nolan Bayer 50 yard run to make the halftime score Muenster 20, Jacksboro 0.

Logan Pagel scored again on a 30 yard touchdown run in the 3rd quarter. Rudy

Saucer rounded out the scoring with a 7 yard touchdown run in the 4th quarter. Jacob Hesse tacked on the 2-point conversion to bring the final score to 34-0.

The Hornet defense was dominant, holding Jacksboro to one first down. Leading the way for the Hornet defense was the defensive line consisting of Logan Pagel, Cody Walterscheid, Tom Davis, and Dane Huchton.

The linebacking core of Kolby Klement, Nolan Bayer, and Nathan Hacker also helped in the shutout.

Coach Grey said, "The 7th grade Hornets executed very well and they continue to improve each week."

The 7th Grade were back in action Thursday as they hosted the Petrolia Pirates.

Region bound

Muenster Hornet Trey Anderle finished 10th in the District Cross Country Meet, earning a trip to Regionals this Saturday in Grand Prairie. He is the lone Muenster runner advancing out of the District.

Whooping cranes beginning their Fall journey to Texas

Endangered whooping cranes have begun their annual 2,400-mile fall migration from Canada to Texas. As the rare birds approach the Lone Star State, a citizen science initiative is inviting Texas residents and visitors to report whooper sightings.

Texas Whooper Watch (<http://tpwd.texas.gov/whoopingcranes/>) is a volunteer monitoring program that is a part of Texas Parks and Wildlife Department's Texas Nature Trackers program. The program was developed to help the Agency learn more about Whooping Cranes and their winter Texas.

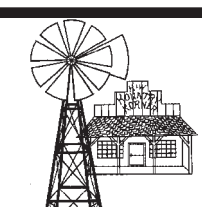

Since their slow recovery from a low in the 1940s, whooping cranes have wintered on the Texas coast at Aransas National Wildlife Refuge. However, several whooping cranes have expanded their areas to include other coastal areas and some inland sites in Central Texas. This year, some of the whooping cranes from an experimental flock in Louisiana spent most of the summer months in Texas, and the Whooper Watch volunteers were able to provide valuable information to TPWD, Louisiana Game and Fish, and the United States Fish and Wildlife Service about these birds.

This year, biologists expect Whooping Cranes to start arriving in Texas in late October or early November. Texas Whooper Watch will also help improve the accuracy of surveys on the wintering grounds, as the growth of the flock has made traditional census methods more difficult.

Whoopers usually follow a migratory path through North and Central Texas that includes cities such as Wichita Falls, Fort Worth, Waco, Austin, and Victoria. During migration they often pause overnight to use wetlands for roosting and agricultural fields for feeding, but seldom remain more than one night. The typical sighting (71% of all observations) is fewer than three birds, but they may be seen roosting and feeding with large flocks of the smaller sandhill crane. Whoopers are the tallest birds in North America, standing nearly five feet. The cranes are solid white in color except for black wing-tips that are visible only in flight. They fly with necks and legs outstretched.

Citizens can help by reporting sightings of Whooping Cranes and by preventing disturbance of cranes when they remain overnight at roosting and feeding locations. Sightings can be reported to whoopingcranes@tpwd.texas.gov or 512-389-TXWW (8999). Observers are asked especially to note whether the cranes have colored leg bands on their legs. Volunteers interested in attending training sessions to become "Whooper Watchers" in order to collect more detailed data may also contact the TPWD at whoopingcranes@tpwd.texas.gov or 512-389-TXWW (8999).
