Happy 125th year Muenster!

Janet Felderhoff
News Editor

On Monday, Dec. 8, the Feast of the Immaculate Conception of the Blessed Virgin Mary, Muenster enters its 125th official year of existence. There were settlers in Muenster prior to Dec. 8, 1889. The first new residents arrived by train on Nov. 14, 1889. There was no housing and the women and children slept in the Flusche brothers office while the men slept in tents. The Flusche brothers had established a number of German Catholic colonies in the United States and Muenster was also founded by them.

The first Mass was celebrated in Muenster on Dec. 8, 1889 and is considered the official opening of this German Catholic community. Rev. H. Brickley, pastor of St. Mary's Church in Gainesville, celebrated that first Mass. It was attended by 25 men, seven women, and six children, all colonists of Muenster.

In recognition of Muenster's 125th anniversary, the Muenster Historical Commission is hosting an open house at the Muenster Museum on Sunday, Dec. 7 from 1-4 p.m. Refreshments will be served.

A slide show will run continuously during that time depicting various things from Muenster's past history. History buffs will be present to answer any questions visitors might have about the slide show or other aspects of Muenster's history.

The Museum is filled with items from Muenster's past and with scrapbooks, photographs, newspaper articles, etc. telling the story of Muenster.

All are welcome.

MMH anticipates improving finances

Janet Felderhoff
News Editor

CFO James Tacker delivered the Muenster Hospital District's financial report to the Board of Directors at the Tuesday, Nov. 18 regular meeting. On the October financials he said, "On a consolidated basis, our revenues were up from September to \$910,000. We have a small operating loss of \$28,000 after some collection on the property taxes. Operating loss of \$62,000, so our loss is going in the right direction. As long as our revenues stay up and we control our expenses, we should be able to reduce that deficit and make it into a better number. Our cash position is going down and that's basically because we've lost money the last few months. As we turn that around, we should be in better shape. We'll have our cash collections on the property taxes by the next three months."

CNO Diane Neu reported that she toured Baylor Heart Hospital. MMH can send its heart patients to Denton and those patients are able to return to MMH to use Swing Bed or Cardiac Rehab.

Neu and employees Loy Ann Richardson, Velta Gray, Sandy Hall, Lynda Yosten, and Darlene Miller attended a two-day Trauma Nurse Core Course (TNCC) in Bridgeport. It is a new course and difficult, she said. It will help the Hospital's Trauma Designation.

Good times at the Parish Picnic

Sacred Heart Parish held its annual Thanksgiving Picnic last Sunday, serving a record 1,504 meals. There were many raffles giving opportunities to win prizes, games for children, a cake walk, silent auction, live auction, time for visiting. Top photo shows Ida Mae Bindel, left, and Mary Ann Hess selling quilt raffle tickets. At right, the final round of "Heads or Tails" to win a woman's watch that Leslie Edleman (right) is holding. Pat Wimmer and Debbie Hess picked heads, while Frances Bayer again chose tails to be the winner.

Sisters experience 500 mile pilgrimage

Janet Felderhoff
News Editor

Step by step for 45 days, Lanie Bartush of Muenster and her sister Connie Nieto of Austin walked 500 miles as they made their way on the Camino de Santiago pilgrimage.

Lanie had not heard of Camino de Santiago until being invited to make the journey with her sister Connie. It was Connie's oldest son Rafa of Seattle who made the trek a year ago. "He had been talking about it for a while and it sparked her interest and she wanted to go," said Lanie. "She's very adventuresome, but she did not want to go by herself."

It sounded like a great thing to do to Lanie who noted that she also loves things that are spiritually oriented. She added, "For quite a few years now, I thought that I would love to do a 30 day meditation retreat somewhere where you go to a retreat house and you are there for 30 days." Although Lanie had been praying about the nation retreat, she never really looked into it. Since most of her children are raised, Lanie now had an opportunity to leave home long enough to do such a retreat.

Her husband John said that he'd be okay with her being gone for two months. "That was my sign that I should go," Lanie said.

Although the trip was eight weeks, they actually only walked for six and a half weeks.

The sisters started their pilgrimage in Lourdes, located in the Midi-Pyrénées region in southwestern France, where they spent a couple of days. There, they attended Mass and participated in the evening candlelight procession.

According to Lanie, the walk they made is the most popular of the many routes that can be taken. It is called the Camino Frances because it starts in France.

Lanie added that the tradition in Europe was that people would just walk out their back door and go. The journey for some could be two to three thousand times further than what others walked.

While most choose to walk, some do not. "While you are walking, you see things that you would never see otherwise," Lanie explained. "And you have time to think and to talk to other people. If you are in a car, you don't see near what you see otherwise."

Making the pilgrimage on bicycle is gaining popularity said Lanie. She had a near miss with a bicycle rider. They were walking down a narrow, rough road with a steep incline. The bicycle sped past her, just missing her. She added that this was one of many times that she was aware that the Lord was helping her.

The first days of the walk were arduous since they started in France across the Pyrenees which is uphill,

and constant climbing.

Some of the path they traveled was on narrow, rough lanes while other times it went through cities and they had to deal with big city traffic. A couple of times Lanie and Connie took a bus through the city to avoid dealing with the traffic.

"After a week of walking, it hit me like this is every day," Lanie remarked.

To make their destination by the agreed date, the duo continued to walk no matter what the weather was doing. This included walking in the rain. When possible during rain storms, they would sit out the storms in bars which were really little cafes enjoying coffee. These bars were located all along the journey.

Lanie recalled, "One time it was horrible. The wind and the rain was coming. You could see it on the mesa. There's no protection. We were going to leave this little town and you could just see the bad weather coming, so we turned around and walked back to the town and went to the bar and asked about a bus. We had to wait there all afternoon because the bus only came through that little village at 6:30 in the evening." With no bus stop, they had to stand on the side of the road for some time in the rain to be sure that they did not miss the bus that would take them to the town they had planned to walk to.

"They say the Camino is your Camino," explained

Lanie. "You don't have to do any set thing. You can take a taxi or take a bus. You can walk however far you want each day." Some people stay in hotels, but most pilgrims stay in hostels called albergues or refugios (refuge). These are much less expensive than hotels.

Only those who can show a Credential or pilgrim passport are allowed to stay in these albergues. Each albergue or refugio has its own

Sisters Lanie Bartush, left, and Connie Nieto on day seven of their 45 day, 500 mile walk on the Camino de Santiago.

Coat drive underway in Cooke County

Dry Clean Super Center's 8th annual coat drive is now underway and continues until Saturday, Dec. 13. The drive seeks new or gently used coats of any size to provide for those in need.

David Hampton of Dry Clean Super Center said that he takes the gently used coats and cleans them. Most of the coats collected are donated to ABBA, but Hampton said that nobody in need of a coat will be turned away.

On average, about 1,000 coats are collected each year. Last year, there were 1,200 collected.

Coats for donation can be dropped off at a number of locations. In Muenster, those locations include *Muenster Enterprise* / *Lindsay Letter* offices at 117 East First Street and Muenster State Bank at 201 N. Main Street.

HOSPITALcontinued from pg. 1

Neu noted that in October there were 93 Emergency Room patients, two Cardiac Rehab patients, three Wound Care patients, and four surgery patients.

Administrator Michael Kent said that the FIT Center has been renamed MMH Rehabilitation Center. This better reflects its purpose.

Kent was nominated to the THA Rural Hospital Constituency Council for a three-year term beginning on Jan. 1. The Council serves as the voice of Texas rural hospitals within THA and works policy development regarding health care issues affecting rural hospitals.

Marketing Director Gayla Blanton presented a detailed report of what she had accomplished in her first month of employment.

Activities being done by Hospital employees that include the community were a Pumpkin Contest, Trick or Treat at both schools, and they are preparing to enter a float in the Muenster Christmas Parade of Thanksgiving weekend. Blanton said she was told it was the first time for the Hospital to have a

float in the Parade. The float will celebrate the Hospitals 50th year.

In other business, the Board:

- Approved granting medical staff courtesy privileges to Elaine Schilling, DDS and Rusty Milhoan, MD, provided that the Medical Staff grants approval at its next meeting.

- Following executive session, the Board approved the FY 2014-15 Budget as presented with proviso that changes in the figures may occur as needed.

DPS urges - practice safe driving during Thanksgiving Holiday

The Texas Department of Public Safety (DPS) is urging Texans to drive responsibly and take extra precau-

tions to help keep roadways safe during the heavily traveled Thanksgiving holiday weekend.

"Unique challenges - including increased traffic, possible winter weather, and impaired driving - can make holiday travel particularly challenging and potentially dangerous," said DPS Director Steven McCraw. "DPS troopers will be working around-the-clock to protect travelers on our roadways, and drivers must do their part and always drive sober."

DPS troopers will be patrolling Texas roadways throughout the holiday weekend to promote safety and identify dangerous drivers.

During the Thanksgiving weekend in 2013, DPS troopers arrested 387 individuals for driving while intoxicated, issued 6,848 speeding citations, 804 citations for no insurance, and 704 seat belt/child safety seat citations. DPS patrols also resulted in 244 fugitive arrests and 187 felony arrests during the same time period.

DPS offers the following tips for safe travel during the Thanksgiving holiday: Don't drink and drive.

See DPS, pg. 3

AGENDA MEETING DATE - December 1, 2014
The following is the Agenda for a regular meeting of the Muenster City Council to be held at 6:30 p.m. in the City Hall meeting room on Monday, December 1, 2014.

1. Call meeting to order at 6:30 p.m.
2. Opening prayer.
3. Approve minutes of the regular meeting held on November 3, 2014.
4. Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.
5. Consider any other business to come before the Council.

OLD BUSINESS:

1. Consider and possibly approve Ordinance No. 367, pertaining to water account deposits.

7. Receive monthly update from the Fire Department.
8. Receive monthly update on Police Department from Chief Barr.
9. Receive status report on City Projects and Activities. Take any needed action.
10. Review and act on monthly bills.
11. Adjourn.

Johnna McQuillan, City Secretary

Commissioners approve jail copier purchase, vehicle transfers

Janet Felderhoff
News Editor

Cooke County Commissioners Court held a regular meeting on Monday, Nov. 24.

Cooke County Auditor Shelly Atteberry explained that on Nov. 1 or 2, there was a leak in the Cooke County Jail ceiling. The ceilings are concrete so the water traveled along until it came to a seam in the ceiling. It happened to be above the copy machine which sustained damage from the water.

The cost to buy out the lease on the copier is \$2,200. Insurance will pay all but the \$1,000 deductible. She said the Jail is in dire need of another copier. She asked the Court to decide if the new copier should be leased or purchased.

The Court approved the payment of the \$1,000 deductible, and after some figuring determined that the best option was to purchase rather than lease. They approved a purchase cost of \$721 plus maintenance of \$120 per year.

At the request of IT Director Darrell Hoberer, the Court approved the transfer of a 2006 Chevy Trailblazer vin#1GNDS13S862286991 to the IT Department. It is being surplus from Emergency Management. He said it was in better shape than the Ford Explorer the Department is currently using.

An amendment to the Texoma Council of Governments Interlocal Agreement to provide GIS Services for Cooke County at a cost of \$5,000 got Court approval. The item had been pulled from the previous agenda until it could be determined how many offices could use it. The County approved a higher cost to allow more offices to make use of the mapping service. It will serve up to 20 spots.

In other business, Commissioners Court:

- Approved minutes of the special called meeting held on Nov. 17 at which the Nov. 4 Election votes were canvassed and approved.
- Accepted the County

Treasurer's report for October of cash on hand, money market accounts, and short-term investments totaling \$24,880,730.21.

- Took no action on the surplus by auction, salvage, or transfer to another department of a 2006 Ford Crown Victoria vin #2FAFP73V86X131473. They are waiting on a decision to see if another department might want to use it.

Consent items approved by Commissioners Court included:

- Amending the Cooke County Purchasing Policy.
- Accepting the allocation of funds from North Central Texas Trauma Regional Advisory Council in the amount of \$8,537.
- An elected official bond for Dorthy Lewis, Justice of the Peace, Pct. 1 for a four-year term.
- Resolution authorizing the sale of property for items struck off on the Nov. 4 Sheriff's sale.
- Allowing the Gainesville Main Street/Chamber of Commerce to hold the annual festival of trees in the Courthouse and allowing the Courthouse to be open to the public on Dec. 4 from 6:30-8 p.m. for a visit with Santa in the Courthouse.
- Agreement between Cooke County Sheriff's Office and Global Software for a no cost two-day map update training class.
- An interlocal agreement with Noah's Ark SPCA/Humane Society and Cooke County.
- Allowing Gainesville ISD to bring 1st grade students to the Courthouse on Dec. 16 to Christmas carol in the Courthouse.
- Accepting a memorial donation in the amount of \$30 for Joe Vernon and Betty Stewart from the Rasure Family.
- Contract for the installation of new servers at the Cooke County Sheriff's Office.
- Indigent cremation of Johnny Lee Welsh.
- Renewal data sharing agreement between the Cooke County Sheriff's Office, TDEX, and TxDPS.

Eileen Luke 1926 - 2014

Mass of the Resurrection and Christian Burial for Eileen Cunningham Luke of Muenster was held at 10 a.m., Thursday, Nov. 20, at Sacred Heart Catholic Church in Muenster with Fr. Ken Robinson officiating. Burial was in Sacred Heart Cemetery under the direction of Scott Funeral Home of Muenster. A Rosary and Vigil was held at 6 p.m., Wednesday, Nov. 19 at the funeral home.

Eileen died Monday, Nov. 17, 2014 in Muenster Memorial Hospital following several strokes and a period of failing health. She was a devoted wife, loving mother and mother-in-law, and treasured grandmother.

Born Dec. 10, 1926, the daughter of Joseph and Margaret Cunningham in Tulsa, OK, Eileen graduated from Marquette High School in 1945 in Tulsa. She married W.J. "Bill" Luke on Feb. 12, 1955 in Christ The King Catholic Church in Tulsa. After living in Midland, Fort Worth, and Odessa, they moved to Muenster to raise their family.

Eileen was an active member of Sacred Heart Church, and a longtime member of Sacred Heart Choir, Catholic Daughters, and Muenster Garden Club.

Survivors are her husband Bill Luke; son and daughter-in-law Jim and Beth Luke of London, England; daughters and sons-in-law Kathy and Don Hartman of Muenster, Carolyn and Mike Powell of

Muenster, and Nancy and Fray Webster of Colleyville; brother Bernard Cunningham of Amarillo; numerous grandchildren and great-grandchildren, and nieces and nephews.

She was preceded in death by her parents Joseph and Margaret Cunningham, sister Louise Olsen, brothers Joseph Cunningham II and Robert Cunningham.

During the funeral Mass Sylvan Walterscheid and Alvin Hartman were altar servers. Granddaughter Cindy Hartman gave the First Reading. The Second Reading was given by granddaughter Tara Maples. Offertory Gifts were brought up by granddaughters Amy Powell and Megan Powell. Eucharistic ministers were Janet Voth, Neil Hesse, and Theresa Mae Walterscheid.

Music ministers were Doug Yosten, Linda Flusche, Christi Klement, Diane Grewing, and Christy Hesse, singers, and Pat Hennigan, pianist. Songs included "Be Not Afraid," "The Lord Is My Light," "Amazing Grace," "On Eagle's Wings," "Edelweiss," "Songs of the Angels," and "How Great Thou Art." Christy Hesse and Pat Hennigan provided the meditation song "Ave Maria."

Nephew Richard Olsen gave the eulogy. He spoke of Eileen's education, how she met and married her husband Bill, and how they later moved to Muenster to raise their family.

He continued, "Eileen

Eileen Luke

worked for 40 years as an accountant with W.J. Luke Company, putting in long hours all the while raising four children. She was a dedicated mother who taught her children the importance of faith, education, and hard work. She enjoyed participating with them in their extracurricular activities and found great pleasure in getting to know all of their friends.

"Eileen was the ultimate hostess! She loved to host dinner parties, always trying new recipes and perfecting them. She insisted on setting the table with beautiful tablecloths and using one of her many china patterns..."

Pallbearers were grandsons Jeff Hartman, Eric Luke, Brad Webster, and Mark Webster, and nephews Bill Cunningham, Richard Olsen, and Joe Cunningham III.

Honorary pallbearers were Cindy Hartman, Sarah Leal, Amy Powell, Megan Powell, and Tara Maples.

Maurus Rohmer 1933 - 2014

Mass of Christian Burial for Maurus Rudolph Rohmer, age 81 of Muenster, was held at 10 a.m., Saturday, Nov. 22 at Sacred Heart Catholic Church in Muenster with Fr. Ken Robinson officiating. Burial followed in Sacred Heart Cemetery under the direction of Scott Funeral Home of Muenster. Rosary and Vigil led by Fr. Ken was held at 7 p.m., Friday, Nov. 21 at the funeral home. Maurus died Thursday, Nov. 20, 2014.

The youngest of 12 children, Maurus was born in the family home to John A. and Mary Helen Hesse Rohmer on July 29, 1933. He graduated from Sacred Heart School in 1951. On Sept. 29, 1953, Maurus joined the U.S. Army and served in Lakenheath, England. Upon his return to the U.S., he was discharged on Aug. 23, 1955. In 1956, Maurus started working at National Supply Company in Gainesville in the assembly department where he continued to work for 31½ years until his retirement.

He was a member of the VFVW, the Knights of Columbus, and Sacred Heart Parish. Maurus married Patricia A. Neu on April 24, 1965 at St. Mary's Church in Gainesville where they continued to live until moving to Muenster in 1968. Maurus and Pat were the proud parents of one son David.

Maurus is survived by his wife of 49 years, Patricia;

son and daughter-in-law David and Karissa Rohmer of Bluegrove, TX; sisters Loretta Spaeth, Dorothy Wright, and Sr. Romana Rohmer; in-laws Agnes Rohmer, Marjorie Rohmer, Jeanne Hoenig, Clara Mae Taylor, Stella and Wilson Stinnett, Donna Boschert, Connie Neu, Phyllis and David Neu, and Bob Dorsch.

He was preceded in death by his parents; sisters Ida Rohmer and Sr. Fidelis Rohmer; and brothers Lawrence, Joseph, Victor, Emil, Alfred, and Tony.

During the funeral Mass, Sr. Romana Rohmer, sister, gave the First and Second Readings. Phyllis Neu, sister-in-law, read the Prayers of the Faithful. Gift bearers at Offertory were nieces Rene Schniederjan and Linda Robinett. Eucharistic ministers were Pam Hoedebeck, niece, and her husband Keith, and Lori Neu, niece. Sylvan Walterscheid and Alvin Hartman were altar servers.

Music ministers were Christy Hesse, Christi Klement, Diane Grewing, Doug Yosten, and Linda Flusche. Songs included "Be Not Afraid," "Psalm of the Good Shepherd," "Only In God," "Parable," "Celtic Song of Farewell," and "Pilgrim Song."

Adam Schniederjan gave the eulogy. He told of Maurus's service in the U.S. Army and his employment. In retirement, Maurus enjoyed

Maurus Rohmer

travelling with Pat and his part time jobs as a courier for Endres Motor Co. and Texoma Web Offset. Maurus was diagnosed with Alzheimer's Disease in December 2008. He was a resident of Muenster Health and Rehab until it closed, then moved to River Valley Health and Rehab. Adam stated, "Maurus was a favorite patient of the staff at both facilities."

"Maurus was a kind and gentle person who never got excited or in a hurry. He loved his family... He enjoyed travelling and took the family on annual vacations to various locations around the country..."

"He was an avid crappie fisherman and was a big fan of the Dallas Cowboys, Texas Rangers, Texas Aggies, and the Sacred Heart Tigers..."

Pallbearers were nephews Terry Rohmer, Greg Rohmer, Kenny Rohmer, Chris Rohmer, James Wright, and Everett Spaeth.

Tina Marshall 1964 - 2014

Tina Marie Koelzer Marshall, age 49 of Donalds, S.C., died on Saturday, Nov. 15, 2014 at McCall Hospice House in Simpsonville, S.C. She died after a valiant battle with cancer.

Tina was born on Dec. 5, 1964 in Gainesville, TX to Norman and Dianne Shumaker Koelzer. She graduated from Muenster High School in 1983. Tina was of the Catholic faith and had worked as clerk at Devore Hardware.

She enjoyed fishing and the outdoors. Tina's grandchildren were the joy of her life.

Survivors include her husband Allen David Marshall, Sr.; father Norman Koelzer of Muenster; sons Allen Marshall, Jr. and Ricky Marshall, both of Donalds, and Jesse Miller of Woodruff; daughter Renee Anderson of Williamston; brothers Stephen Koelzer of Gainesville and Keith Koelzer of Muenster; grandchildren Nathan Brooks, Jackson Brooks, and Jesse Miller; and maternal grandmother Angie Lutkenhaus of Muenster.

Tina Koelzer Marshall

Preceding Tina in death were her mother Helen Dianne Shumaker Peek; daughter Melissa Marshall; and sister Melissa Ann Koelzer.

Graveside services were held on Wednesday, Nov. 19 at Eastview Cemetery with Rev. Travis Dyer officiating.

Messages of condolence may be left for the family at www.ParkerWhitePruitt.com.

James "Red" Martin 1930 - 2014

Funeral for James Ray "Red" Martin, age 83 of Montague, was held Nov. 26 at the Church of Christ in Saint Jo. Burial was in Mountain Park Cemetery under the direction of Scott Funeral Home of Saint Jo. Red died Saturday, Nov. 22, 2014.

Red was born Dec. 17, 1930 in Myra, one of 11 children born to William Burl Martin and Zena Pearl Warner Martin. He married Betty Lue Dunn on Jan. 7, 1950 in Montague.

Red was a member of the Church of Christ and a loving husband of 62 years. He enjoyed playing cards and dominos, as well as visiting and playing with his grand and great-grandchildren. He loved fishing, gardening, canning, and wood-working. He also loved his daughters to sing hymns to him. He was a past member of the Alvord In-N-Out coffee drinkers club.

Survivors are daughters and spouses Linda and Jr.

Thweatt, Penny and Jimmy Johnson, all of Alvord, and Staci and Dale Romine of Montague; son Tom and wife Linda Martin of Gainesville; several grandchildren, 19 great-grandchildren, and a great-great-grandson; sister Ruth Cain of Decatur; and brother Bill Martin of Gainesville; sister-in-law Dee and C.E. "Sonny" Cole; and brother-in-law Melvin "Snooks" Dunn.

He was preceded in death by his wife Betty Martin; his parents; two grandchildren; two great-grandchildren; sisters Jo Hardison, Thelma Ritchie, Lois McVeigh, Johnnie Fern Martin, and Clemmie Mae Martin; and brothers Charley Martin, Clinton Martin, and Roy William Martin.

Pallbearers were grandsons Lance Thweatt, Jamie Johnson, Andy Johnson, Gregg Romine, DJ Thweatt, Ethan Romine, and Eric Fox.

Gratitude unlocks the fullness of life. It turns what we have into enough, and more. It turns denial into acceptance, chaos to order, confusion to clarity. It can turn a meal into a feast, a house into a home, a stranger into a friend. - Melody Beattie

DPScontinued from pg. 2

Designate a driver or take a cab.

Slow down - especially in bad weather, construction areas, and heavy traffic.

Eliminate distractions, including the use of mobile devices.

Buckle up everyone in the vehicle - it's the law.

Slow down or move over for police, fire, EMS, and Texas Department of Transportation vehicles and tow

trucks that are stopped on the side of the road with emergency lights activated - it's the law.

Don't drive fatigued - get plenty of rest before trips or take breaks as needed.

Drive defensively, as holiday travel may present additional challenges.

Make sure your vehicle is properly maintained before your trip begins.

MMH Auxiliary selling raffle tickets

Muenster Memorial Hospital Auxiliary members have assembled a garden wagon filled with an assortment of items. Dubbed Little Bit of Everything Raffle, the drawing will take place on Monday, Dec. 22. Many of the donated items would make nice Christmas gifts.

Included in the raffle prize is the garden wagon and all its contents. Those contents include a variety of wines, Fischer's gift certificate, chocolate candy, blankets, a Nativity charger and stand, Scentsy and bar, cocoa and travel mug, candles, wine glasses, Wine-A-Rita and glass, towel set, body cream, pillow, table runner, sachet, and scarf.

Tickets are one for \$5 or six for \$25. They are available from Auxiliary members, at the Muenster Hospital, Muenster State Bank,

and Fischer's.

Proceeds will be used to support Auxiliary projects that benefit Hospital patients.

This garden wagon packed with a variety of items will be raffled on Dec. 22 by the Muenster Hospital Auxiliary

Relay For Life anniversary event planned

The American Cancer Society's (ACS) signature fundraiser, Relay For Life, will be held in Cooke County on May 9, 2015.

The American Cancer Society's Relay For Life is an event that raises awareness and funds for cancer research in an effort to eradicate cancer. In addition to research, the ACS funds a variety of programs and services to those facing cancer locally.

The 2014 Relay For Life held last May in Cooke County raised a record setting \$202,000. There were 475 registered participants, 180 survivors, and well over 700 community members in attendance at the event.

"Dollars raised through Relay For Life help support the American Cancer Society's mission of eliminating cancer by helping people stay well, helping people get well, by finding cures, and by fighting back," said Tamara Sieger, Cooke County Relay For Life Marketing Chair. "This is important because

almost everyone knows someone who has been diagnosed with cancer."

Planning for the 2015 Relay For Life event is well underway. This year will be the 30th anniversary of Relay For Life and the 20th Relay to be held in Cooke County. The Event Leadership Team is committed to making Relay For Life of Cooke County an unforgettable experience for all attendees. It is scheduled for Saturday, May 9, from noon to midnight at the Lindsay Knight stadium.

"It is such an honor to get to work with a community that rallies around the fight against cancer. Relay For Life truly is about a community that takes up the fight and Cooke County is a perfect example," said Amanda Braudaway, specialist with Relay For Life.

For more information or to help with the 2015 Relay event, contact Chris Hamilton, event lead, at (940) 634-4081 or chris@chrisbhilton.com. You may also visit

website at www.relayforlife.org/CookeCoTx, or Facebook.com/RFLCooke.

To learn more about the American Cancer Society or to request help for a cancer patient, call 1-800-227-2345 or visit HYPERLINK "http://cancer.org/" cancer.org.

The American Cancer Society combines an unyielding passion with over a century of experience to save lives and end suffering from cancer. They save lives by helping people stay well by preventing cancer or detecting it early; helping people get well by being there for them during and after a cancer diagnosis; by finding cures through investment in groundbreaking discovery; and by fighting back by rallying lawmakers to pass laws to defeat cancer and by rallying communities worldwide to join the fight.

When it comes to life the critical thing is whether you take things for granted or take them with gratitude.

- Gilbert K. Chesterto

VFW Auxiliary announces Christmas fundraiser

The VFW Ladies Auxiliary #6205 is sponsoring their annual "In Lieu of Christmas Cards," a fundraiser for their required program participation in helping veterans and their families, local community services, and promotion of American patriotism.

The Christmas card is an ad that is purchased by the Auxiliary which appears in the Christmas edition of the *Muenster Enterprise*. In or-

der to have the participant's name appear in the ad, the Auxiliary requests a monetary donation of at least \$10 (or more) and the name as you wish it to appear on the greeting.

As you make the donation, please consider the cost of cards, stamps, and time. Send your donation to Frances Bayer, 136 S FM 373, Muenster, TX 76252 or Lucille Hesse, 141 S. Pine,

Muenster, TX 76252. Your donation helps the Auxiliary do good things for others.

The deadline for turning in names and money for the ad is Monday, Dec. 15.

Don't let a clogged sink drain ruin your Thanksgiving

When preparing your Thanksgiving meal, limit fats, oil, and grease from going down your sink, which can lead to expensive sewer backups and plumbing emergencies.

Customers could see rate increases to cover sewer maintenance and repairs if clogs restrict flow in the pipes. Prevention of these clogs helps protect water quality in nearby creeks and streams since oil and grease in the system can cause manholes to overflow.

Use strainers to catch food scraps and toss them in the trash or compost bin, instead of the sink. Recycle cooking oil where possible-just strain, store, and use again. Collect cooking grease in a sealable, disposable container and place it in the trash.

Sacred Heart falls to Trinity

The Tigers of Sacred Heart were challenged by the Tigers of Trinity Christian of Cedar Hill last Friday night in Denton in round two of the TAPPS State Championship Football Playoffs. After a close 1st half, Trinity came out and held Sacred Heart scoreless while adding 35 points to the scoreboard, taking a 45-14 win over the Muenster team.

"Very proud of our effort and the way we conducted ourselves on the field," noted Sacred Heart Coach Dale Schilling. "We had several opportunities to score, then made mistakes."

The Red Tigers had a total offense of 292 yards compared to the Blue Tigers' 468. The Red team also had six turnovers.

After a few punts between the teams, Sacred Heart started their second possession on the Trinity 45. Runs by Hayden Schilling, Isac Walterscheid, and Will Boyd, and two short passes to Walterscheid moved the ball to the Blue 22. A Kason Reeves pass to Schilling was followed by a 13 yard Reeves to Walterscheid completion for a touchdown. Reeves booted the extra point for a 7-0 score with 3:53 on the clock.

The Red defense, led by Darian Peters, Aaron Davis, and Zach Flusche, and a sack by Schilling forced a 4th and 36 punt that gave Sacred Heart possession on the Trinity 46. Schilling picked up 26 yards before the drive stalled. An attempted 38 yard field goal was no good as the 1st quarter came to a close.

The Blue Tigers got in four plays before A. Davis intercepted a pass. Two plays later, Trinity picked off a Sacred Heart ball. With 9:11 on the clock, the Blue Tigers found the end zone on a 46 yard pass play. The PAT was good for a 7-7 score.

Sacred Heart gained 8 yards and punted. The punt was blocked, giving Trinity the ball on the Red 13 yard line. An incomplete pass and tackles by A. Davis and Peters allowed only 2 yards. With 6:54 remaining in the 1st half, Trinity made a 28 yard field goal to take a 10-7 lead.

Four plays later, Sacred Heart regained the lead with a Reeves pass to Brady Endres for a 70 yard touchdown play. Reeves' kick gave the Red Tigers a 14-10 lead. Trinity's next two drives

were shortened when Walterscheid and Boyd intercepted the Blue ball. Sacred Heart went into the locker room at halftime with a 14-10 lead.

The Red Tigers started the 3rd quarter on their own 3 yard line, moving into Blue territory before two flags and a sack forced a 4th and 32 punt. Trinity scored three plays later on a 69 yard run, taking a 17-14 lead with 6 minutes remaining in the 3rd quarter.

Sacred Heart got in two pass completions before losing a fumbled ball. Trinity scored on the third snap with a 53 yard run, extending their lead to 24-14 with 3:38 on the clock.

Sacred Heart moved the ball to the Trinity 23 yard line their next drive, but an interception at the 2 stopped any threat of scoring.

Tackles by Peters, A. Davis, and Walterscheid forced an end zone punt to start the final period of play. The Red Tigers were unable to get 10 yards, losing the ball on downs. Again three plays and Trinity scored. The 45 yard run and PAT gave the Blue Tigers a 31-14 lead with 10:29 remaining in the game.

An interception the next Red snap was returned for another Blue touchdown for a 38-14 score.

Sacred Heart's passing game continued to struggle

when another pass was picked off. The next play, Jason Knabe caused and recovered a fumble, but three incomplete passes again gave the ball back to Trinity. With 6 minutes on the clock, the Blue Tigers again found the end zone to stretch their lead to 45-14.

The next Red snap was followed by another intercepted ball. Unable to get the needed yardage, Trinity punted. The Red Tigers got in 11 plays, but couldn't cross into Blue's end of the field as time expired.

Dogs down Hornets in Area

The Muenster Hornets and fans made the trip to Waxahachie last Friday night for the Area playoff match with the undefeated Iola Bulldogs. After allowing Iola two touchdowns in the 1st period, the Hornets couldn't pull out a victory and were handed a 35-21 loss, only their second of the season.

The Hornets got in 61 plays, but averaged under 3 yards per play for a total of 177 offensive yards, while Iola earned 309 yards.

"Offensively we had too many turnovers," noted Hornet Coach Brady Carney. "On the defensive side, we knew we couldn't miss any tackles - we missed way too many."

Carney added how proud he was of the senior members of the team. "They had an outstanding high school career. We didn't finish with all our accomplishments we wanted, but finished 10-2. That's nothing to be ashamed of."

Muenster took the opening kick, but couldn't cross midfield, punting away their first possession. The Bulldogs came back four plays later, scoring on a 53 yard run. With 7:13 remaining in the 1st period, Iola led 6-0.

The Hornet offense gained only 2 yards and punted. Two plays later, 12-0. With 4:57 on the clock, it looked like it was going to be a long night for Muenster.

Muenster earned a 1st down then punted. The Bulldogs then carried the ball into the 2nd quarter, running out of downs at their

own 46 yard line. Runs by Chase Deeken and Blayne Jones, and a Jones to Chance Herr pass moved the Hornets to the Iola 25. Seven consecutive runs by Kyle Klement gained 22 yards. From the 3, a quarterback keeper by Jones put the Hornets on the scoreboard. Herr added the PAT for a 12-7 score with 5:23 remaining in the 2nd period.

The Bulldogs' next drive was shortened with an interception by Jones. The next play, Iola picked off a Hornet pass, then after two plays, fumbled the ball, which was covered by Travis Vogel on the Hornet 33. The Hornets couldn't take advantage of the turnover, punting on 4th and 17. The teams then exchanged punts before the 1st half ended.

Iola got in one good run to open the 3rd quarter, before Muenster shut them down. Staying on the ground, it took the Hornets eight plays to find the end zone with runs by Klement, Deeken, and Jones, the final 8 by Klement for the touchdown. A PAT by Herr and the Hornets led 14-12 with 5:48 on the clock.

Muenster's celebration and lead were quickly ended when Iola returned the kick 99 yards, taking a 20-14 lead 17 seconds later.

Two penalties backed Muenster into a hole, followed by an interception to set up another Bulldog touchdown three plays later. With 2:55 on the clock, Iola increased their lead to 28-14.

It was four runs, no 1st down for both teams. A 4th and 15 attempted play lost 45 yards for the Bulldogs, giving Muenster's offense possession to start the 4th quarter on the Iola 12 yard line.

Four runs by Klement took the ball to the 1 yard line. Klement made the final run for the score with 9:56 remaining in the game. Herr's PAT closed the point spread to 28-21.

Eleven plays and 5 minutes later, the Bulldogs scored another touchdown to increase their lead to 35-21. Too many incomplete Muenster passes gave the ball back to Iola, who killed the clock and claimed the win.

Old school record brought back

When the Sacred Heart Tigers scored 70 points in the contest with San Jacinto Christian Academy earlier this season, it was reported that they almost beat a 71 point record game played in 1961. After that article, some members of the 1973 Tiger football team noted that they held the school record for most points scored in a game - 72.

Researching past *Muenster Enterprises*, the following article was found.

Tigers End Season With Outstanding Record of 9-1-1

Sacred Heart's Tigers of 1973 failed to match their 1972 record of 9-1, but they came close. This time they had an 11 game season and ended with 9-1-1. It was another

fine season including several wins over opponents that can be rated in Class A and AA.

Even before the season started, the Tigers came out ahead in scrimmages with Alvord and Pottsboro, then they won seven in a row as follows: 22-12 over Sadler-Southmayd, 48-12 over Guntner, 72-0 over Aubrey, 36-0 over Kingston, Okla., 39-6 over Trinity Christian, 40-6 over Callisburg, and 22-10 over Lake Worth Junior Varsity. Then came both of the blemishes on their record, a 16-16 tie with Cistercian and a 20-12 loss to Dickson, Okla. Following that, they closed out the season with wins of 32-8 over Bowie Junior Varsity and 16-8 over Southfield of Shreveport.

JUNIOR HIGH BASKETBALL

Sacred Heart vs ICCS

On Nov. 13, the junior high teams played four games with Immaculate Conception Catholic School of Denton. The B Lady Cubs came up

short 24-7. Jianne Juntado scored 5 points and Rachel Hesse 2.

SH	3	2	2	0	7
IC	8	0	12	4	24

The A Lady Cubs had an exciting game, but couldn't pull out a win. Five Sacred Heart players scored in the 21-20 loss. Emma Ploeger led the point making with 9. Stephanie Koesler added 4, Dani Hess 3, and 2 each by Megan Ploeger and Maddie Ladzinski.

SH	4	0	3	13	20
IC	0	5	6	10	21

The 7th Grade Cubs got a 24-13 win over ICCS. Norman Palmer led all scorers with 10 points. Jared Walterscheid and Nolan Vogel each added 4, with Logan Muller, Jake Campbell, and Koby Hogan scoring 2 apiece.

SH	6	6	8	4	24
IC	4	1	4	4	13

Three ICCS players scored double digits to hand the 8th Grade Cubs a 42-20 loss. Collin Knabe scored 10 points, with Rhett Sprouse adding 6, and Jeron Juntado and Jackson Carr 2 apiece.

SH	6	6	6	2	20
IC	9	10	7	16	42

Sacred Heart vs Walnut Bend

Sacred Heart brought home victories Nov. 17. The Lady Cubs out-scored the Lady Pirates 22-12. D. Hess scored 8 points, Ladzinski 6, and 4 apiece by E. Ploeger and R. Hesse.

SH	8	2	6	6	22
WB	2	0	6	4	12

The Pirates had a lone scorer in the Cubs' 21-9 victory. J. Campbell put 8 points on the board, J. Walterscheid 6, N. Palmer 3, and 2 each by K. Hogan and Keith Bezner.

SH	4	7	4	6	21
WB	3	2	2	2	9

Sacred Heart vs ICCS

On Nov. 20, ICCS returned for three games. The Lady Cubs took a 20-12 win, with Ladzinski leading the scoring with 10 points. Hess added 8, and Koesler 2.

SH	5	7	6	2	20
IC	2	4	3	3	12

J. Walterscheid scored 12 points to lead the B Cubs to a 25-8 win. Hogan and Palmer each scored 4, Sprouse 3, and Campbell 2.

SH	7	8	10	0	25
IC	0	2	2	4	8

The A Cubs were again out-matched, falling 46-22. Juntado scored 9 points, Sprouse 8, and Knabe 5.

SH	2	11	4	5	22
IC	6	16	10	14	46

Texas Game Warden Field Notes

With a little help from my friends

A Tarrant County game warden was checking bank fishermen at Benbrook Lake, when she noticed a man walking carrying an ice chest full of fish quickly to his truck.

After contacting the subject, the warden found two ice chests full of white bass. The man said he was told by his friend that the limit was 75 white bass per day. The man insisted that he was under his limit. A total of 56 white bass were in the man's possession. The warden seized 31 white bass, issued citations, and gave the man a copy of the *Outdoor Annual*.

In the heat of the night

A Shelby County game warden patrolling Toledo Bend boat ramps and camping areas checking night fishermen, noticed a campfire along the shoreline near a boat ramp. As he approached the fire, he heard cast nets hitting the water. After watching the two subjects fish for a while, he made contact. The warden found an ice chest containing bass, crappie, and catfish. Multiple citations were issued for undersized largemouth bass, and fishing using illegal means and methods.

Fifteen and seven equals ticket and jail

A Montgomery County game warden performed a water safety check on a 15-foot boat with seven adult passengers on Lake Conroe. The boat was found to only

have three lifejackets, displayed invalid registration, and had no fire extinguisher. Following field sobriety tests, the driver was also arrested for boating while intoxicated.

Fishing for trouble

Two Zapata County game wardens and a Jim Hogg County game warden patrolling Falcon Lake stopped a vessel for a water safety check. During the inspection, the game wardens discovered a largemouth bass in an ice chest with its head removed. When the wardens asked the fishermen what they did with the head, they replied, "We were using it as gar bait." A citation and a warning were issued.

Caught red-handed

A Starr County game warden and a state trooper made a traffic stop and noticed the passenger had fresh blood on his hands. The man said they had just cleaned a deer, but the driver said it was a lamb. One thing they agreed on was that they were going to buy ice and put the meat in a cooler. After the stop, the trooper and warden followed the vehicle back to the residence of one of the men and saw the men packing meat in an ice chest. After a few questions, the two admitted to having just cleaned a whitetail deer. Criminal charges were filed.

Pointing fingers

A Travis County game warden was observing Lake Austin bank fishermen on the

opposite shore, when two men walked by his patrol vehicle carrying three large black bass and fishing poles. When the warden approached the men, they said they did not have a fishing license. When asked who the fish belonged to, they denied ownership. When asked whose fish they were, they pointed at each other and then pointed to a friend who was sleeping in the pickup truck. Citations were issued to the men in possession of the bass.

Pest control

A Henderson County game warden was given information about a deer that had been shot. The warden drove to the suspect's location and questioned him about the deer. After speaking to the man for a while, he admitted to shooting a doe and hauling it off because it was in his garden. The warden briefed him on the laws of shooting deer and alternative ways to keep deer out of his garden. Cases are pending for shooting a doe during closed season and waste of game.

Mission Impossumble

Two Val Verde County game wardens responded to a call about a critter inside a Del Rio Super Wal-Mart. When they arrived on the scene, they found a juvenile opossum lodged in the ceiling braces. Using a Wal-Mart scissor lift, they were able to safely remove the opossum and successfully relocate it.

Cool as cotton

A Runnels County game

warden received a call from a man who said he saw someone in a vehicle shoot from the road and suspected a deer may have been struck. When the warden arrived, he found the vehicle in a cotton field and a nearby man was spraying cotton. When he was questioned, the man denied shooting from the road. The warden seized a .243 rifle from the pickup but could not locate a deer. With the rain, blood would have been washed away. The next morning, however, the complainant gave a written statement and confessed in an interview to shooting at a deer from the road in his cotton field. Charges were filed.

Catch and release

Game wardens in Maverick County picked up nearly 1,000 feet of trotlines stretched across the Rio Grande. These lines were secured with metal spikes to the rocks. Multiple catfish were released, and the illegal lines were removed by the wardens.

Where the heck are we?

Two hikers called 911 when they realized they were lost. The game warden who responded to the call requested for dispatch to issue instructions to the hikers to walk toward the water. After searching along the shoreline, the warden located the lost hikers. Neither was hurt, except for the female hiker who sustained a severe sunburn.

LEGAL NOTICES

PUBLIC HEARING NOTICE
CITY OF MUENSTER

TEXAS COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
The City of MUENSTER will hold a public hearing at 6:30 PM, on MONDAY, DECEMBER 01, 2014, in City Hall, 400 N. MAIN, MUENSTER, TEXAS. The public hearing is in regard to the submission of an application to the Texas Department of Agriculture's Office of Rural Affairs for a Texas Community Development Block Grant Program (TxCDBG) grant. The purpose of this meeting is to allow citizens an opportunity to discuss the citizen participation plan, the development of local housing and community development needs, the amount of TxCDBG funding available, all eligible TxCDBG activities, and the use of past TxCDBG funds. The City encourages citizens to participate in the development of this TxCDBG application and to make their views known at this public hearing. Citizens unable to attend this meeting may submit their views and proposals to The Honorable Joey Anderson, Mayor, at City Hall. Persons with disabilities that wish to attend this meeting and need assistance should call Ms. Johnna McQuillan, City Secretary, at 940/759-2236, to arrange for assistance. Individuals who require auxiliary aids or services for this meeting should contact the City Secretary at least two days before the meeting so that appropriate arrangements can be made.
(Published on November 28, 2014)

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN
AIR PERMIT RENEWAL
PERMIT NUMBER 73478

APPLICATION Muenster Milling Company, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 73478, which would authorize continued operation of the feed mill located at 322 North Main Street, Muenster, Cooke County, Texas 76252. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.
http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=33.650833&lng=-97.376111&zoom=13&type=r. The existing facility and/or related facilities are authorized to emit the following air contaminants: organic compounds, nitrogen oxides, sulfur dioxide, carbon monoxide and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on November 14, 2014. The application will be available for viewing and copying at the TCEQ central office, TCEQ Dallas/Fort Worth regional office, and the Muenster City Hall, 400 North Main Street, Muenster, Cooke County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Dallas/Fort Worth regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations and changes in emission factors. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues raised during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or association, the one or more members who have standing to request a hearing and the interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the executive director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea informacion en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Muenster Milling Company, Inc., P.O. Box 585, Muenster, Texas 76252-0585 or by calling Mr. J. Kelley Green, P.E., Director of Technical Services, Texas Cotton Ginners' Association at (512) 615-1102.

FDA gluten-free label requirements in effect

Gluten-free label requirements determined in 2013 by the U.S. Food and Drug Administration (FDA) went into effect on Aug. 5. The one-year compliance date was established to allow the food industry sufficient time to make the necessary changes to update their food labels.

An estimated three million people in the United States suffer with celiac disease and are unable to consume food

containing gluten. Gluten is a protein-composite found in wheat and related grains. It gives elasticity to dough, helps it rise and keep its shape, and often gives the final product a chewy texture.

The final rule provides a uniform standard definition to help consumers with celiac disease manage a gluten-free diet. Gluten-free foods must contain less than 20 parts per million (ppm) gluten.

Foods may be labeled "gluten-free" if they are inherently gluten-free; or do not contain an ingredient that is: 1) a gluten-containing grain (e.g., spelt wheat); 2) derived from a gluten-containing grain that has not been processed to remove gluten (e.g., wheat flour); or 3) derived from a gluten-containing grain that has been processed to remove gluten (e.g., wheat starch), if the use of that ingredient results in the presence of 20 ppm or more gluten in the food, Feedstuffs reported.

Consumers need to be aware that some products may still be on store shelves that were produced and labeled before the newly enforced FDA compliance date.

EPA's proposed carbon rule will cost Texas consumers

The Electric Reliability Council of Texas' (ERCOT) recent study found Texas consumers could pay 20% more for electricity by 2020 if the Environmental Protection Agency's (EPA) proposal to limit carbon emissions shuts down up to half of the state's coal-fired generation.

ERCOT, which manages the state's primary electricity grid, also found moving from coal-fired plants to more solar and wind generation could hurt the reliability of the grid, reports the *Houston Chronicle*.

In June, the EPA proposed state-specific goals for reducing carbon-dioxide emissions from existing power plants. EPA wants Texas to reduce emissions by 39% by 2030.

John Fainter, president of the Association of Electric Companies of Texas, said he wasn't surprised by the report's conclusions and "there's going to have to be significant investment to respond" to the EPA proposal. He hopes EPA will provide "flexibility" in its final draft.

AGRICULTURE MARKET SUMMARY

For the week ending Nov. 22, Texas auctions quoted feeder cattle prices mostly steady to \$5 higher per hundredweight (cwt), with a few locations \$5-\$10 higher on a portion of their offerings.

Texas direct feeder cattle sales were steady to \$2 higher. Fed cattle cash sales were \$2.50 higher in very light confirmed trade. Wholesale beef values were higher. Beef export sales for the week were up 69% from the previous week and up 26% from the prior four-week average.

Export shipments were up 3% from a week earlier, but down 4% from the average.

Wheat prices were lower as weak export data and large world inventories continued to pressure the market. However, the decline was limited by concerns about freeze damage on the U.S. Plains and weather issues in South America. U.S. winter wheat seedings were 95% complete, slightly behind the average, with 60% of the crop rated in good to excellent condition, unchanged from last week, but slightly lower than a year ago.

Texas wheat planting was 89% complete, also lower than normal. Wheat export sales were down 13% from the previous week, but up 1% from the prior four-week average.

Corn and grain sorghum prices were lower as prospects for a record large corn crop and lower export shipments offset higher ethanol margins and stronger export sales. USDA reported that the national corn harvest was 89% complete, compared to 90% at this time last year and an average of 88%. In Texas, corn harvest was 97% complete, compared to 99% on average by this date.

The remaining Texas crop was rated in 67% good to excellent condition, unchanged from last week. Grain sorghum harvest was 83% complete for both Texas and the nation, with both still running behind the normal pace. Corn export sales were up 80% from the pre-

vious week and 45% higher than the average. Export shipments were the lowest of the marketing year, down 36% from a week earlier and down 39% from the prior four-week average.

Most of the state recorded precipitation during the week with totals of one-half inch or more common east of a line from Vernon to Abilene to Corpus Christi and in the Lower Valley. Parts of Central and East Texas recorded more than five inches of rain.

Last week's U.S. Drought Monitor showed conditions in Texas near unchanged, with 69% of the state now in some degree of drought or abnormal dryness, down one percentage point from a week ago. Twenty-four percent of the state remains in severe, extreme or exceptional drought, the same as last week. Nationally, 47% of the country is experiencing abnormal dryness or some degree of drought, unchanged from a week ago.

USDA projects total beef supply down in 2015

The U.S. Department of Agriculture has released their predictions for U.S. beef supplies for 2015.

Reported by *Cattle Network*, the USDA predictions for 2015 are as follows:

- Beginning beef stocks are projected at 495 million pounds, down 89 million pounds from 2014.
- Beef production is projected at 23.736 billion pounds, down 794 million pounds from 2014.
- Beef imports are projected at 2.7 billion pounds, down 123 million pounds from 2014.
- Total beef supply (production + imports) is projected at 26.931 billion pounds, down 1 billion pounds from 2014.
- Beef exports are projected at 2.525 billion pounds in 2015, down 74 million pounds from 2014.
- Beef consumption is projected at 23.921 billion pounds in 2015, down 922 million pounds from 2014.
- Beef consumption per capita is projected at 52.2 pounds, down 2.4 pounds from 2014.

FARM BUREAU

AG TALK

By Mike Barnett
Publication director

Top 10 things you don't know about Texas agriculture

Everything's bigger and better in Texas. Even agriculture.

Most Texans know our ranchers herd more cattle and farmers grow more cotton than those in any other state. But you are probably not aware of many other fascinating aspects of agriculture in the Lone Star State.

Here's my Top 10, gleaned from the 2012 Agriculture Census:

10) Fun on the farm.

Texas farms and ranches account for 19% of agri-tourism and recreation dollars in the U.S. That means \$133 million flows into rural areas as Texans enjoy wineries, hunting, ranches, and other experiences.

9) Value-added is a growing business.

Jams, wines, and cheeses, oh my! More than 11,500 Texas farms and ranches add value to the commodities they grow. A great place to look is your local farmers market or online at sites like the Texas Department of Agriculture's Go Texan website.

8) Everyone needs a good mule.

And Texas is the place to find one! Texas has 21% of the U.S. mule, donkey, and burro inventory.

7) And horses, too!

More than 64,000 Texas farms and ranches have a total of nearly 400,000 horses and ponies, far more than the "horse states" of Oklahoma, California, and Kentucky. None of those states have more than 40% of the Texas total!

6) You go girl!

Texas women operated 38,452 farms and ranches. That's higher than the total number of farms and ranches in 28 other states. Farms operated by Texas women account for over 12 million acres.

5) Once you start you can't stop.

The average age of a Texas farmer and rancher is 60. Over 45,000 are 75 or over. Some 22,000 Texas farmers and ranchers are 34 years and younger.

4) Texas agriculture embraces diversity.

Conventional, organic, local. Grainfed, grassfed. Grains, vegetables, fruits. Cattle, sheep, goats. You want it. Texas farmers and

ranchers grow it.

3) We're Number 1!

Most people know Texans raise more cattle and grow more cotton than farmers and ranchers in any other state. But did you know that we're the top producing state in sheep and goats? Farm-raised deer. And llamas!

2) Texas ranchers are full of bull!

And cows. And calves. During 2012, Texas ranchers cared for 11 million head of cattle worth \$13 billion. Texas cattle are more valuable than the total of all agricultural sales in 43 other states.

And the Number One thing you should know about farming and ranching in the Lone Star State:

1) Agriculture is deep in the heart of Texas.

With nearly a quarter of a million operations covering more than 130 million acres, Texas has more farms and ranches than any other state. Texas has about 72,000 more farms and 4 million more acres of farm and ranch land than Nebraska, Kansas, and Oklahoma combined!

Hope you enjoyed our Top 10 list. And I hope you have a better understanding and appreciation for the people, diversity, and scope of this great business that affects each and every Texan.

SANTIAGOcontinued from pg. 1

stamp and those who spend the night receive a stamp. A complete record of stamps is required to receive a compostela. Compostela or pilgrim certificates are issued at the end of the walk to those who have completed at least 100 kilometers (about 62 miles) on foot. Those who are not Catholic, but who do the Camino for spiritual reasons, can receive a compostela. Those who complete the trip but who do so for non-spiritual reasons are presented a plain certificate of completion.

Lanie and Connie earned their compostelas and also received the St. Francis Compostela. It is only being given this year because it is the 800th anniversary of when St. Francis walked it.

Asked what impressed her on the trip, Lanie said, "What really impressed me was the kindness of the pilgrims to each other and how they would share the food that they were carrying with them with someone who did not have any." Many times when they would arrive in a city or village where they planned to stay, the stores would be closed. Lunch there was around two and the stores closed for a several hour siesta. She was also impressed by the kindness of the Spanish people. They were often asking directions and were always treated with kindness. Having lived many years in Mexico, Connie speaks fluent Spanish.

When the tired travelers arrived at their albergue each day, they would take a shower, wash their clothes and hang them up to dry, and then get something to eat. Many places they stayed

had a huge room filled with bunk beds. Men and women were in the same room. She recommends earplugs to drown out the snoring!

From her snoring, Lanie said she "learned to appreciate people and the present. I've always been one to worry about tomorrow. When you are walking, taking one day at a time, it really helped me focus on that minute, that day, who I was talking to instead of being distracted by either the past or the future. It's like live in the present. That kept coming back to me. I think that is one of the things that the Lord wanted me to learn, and it's probably a lesson that I am going to have to re-learn over and over throughout the rest of my life."

"I also learned more about trusting because when you are just walking, you don't know really where you are

going to end up. We would have a goal in mind, what town we were going to be in. But, there is trusting that there is going to be an empty bed for me. Just trusting that the Lord is going to take care of you regardless of the circumstance." One time the albergue was full when they arrived, but they were able to get a taxi to take them to the next village where there was room for them.

Lanie said that she kept recalling something that she'd read before embarking on her journey. It was, Remain humble on the Camino or the Camino will humble you. "I could just see that over and over," Lanie remarked. "We are all here together. We are all brothers and sisters in Christ. It doesn't matter what degree you have, how much money

you have. We're all on a journey to eternal life with God. Eventually, that is what our life on earth is. You can apply it to everyday life, too."

Thankfulness is another thing that Lanie got out of her adventure. "It made me so thankful for my husband, for my family, what I have here. Thankful for my bed, my shower."

Walking an average of six and a half hours per day and making about 10 to 15 miles a day, the journey finally came to an end at about 10:30 a.m. on Nov. 1, the Feast of All Saints. They were in awe and excited to have finally attained their destination. They went to get their compostelas.

There is a Mass for the pilgrims at noon each day. Going on a holy day, they hoped to see the huge incensor used at Mass in the Cathedral. It was used that day. "It was super special to go to Mass then," said Lanie.

When the sisters completed the pilgrimage, they had an apartment booked and

spent six nights in Santiago.

It is in Santiago that the remains of St. James, one of the 12 apostles of Jesus, are kept in the Cathedral. Lanie said the remains had been lost for many years and then by a miracle were discovered and sent to Santiago. Santiago means St. James and it is where he did much evangelism spreading the Gospel. The Cathedral was built after that.

Soon millions of people, rich and poor alike, were making the pilgrimage to visit the remains of St. James, to pray, and to ask for his intercession for help. St. Frances of Assisi was among the millions who have made the pilgrimage.

Lanie's preparations for the long days of walking included walking four days a week and during the last few weeks, she would go to Sacred Heart Elementary School early in the morning and walk up and down its many steps. Each day, she increased the number of times she walked the stairs.

For anyone considering making the Camino de Santiago pilgrimage or getting more information, Lanie recommends that they check out the website www.americanpilgrims.com or any of these books: *Hiking the Camino: 500 Miles With Jesus* by Fr. Dave Pivonka, T.D.R.; *Pilgrim Tips & Packing List: Camino De Santiago* by St. Yates with Daphne Hnatiuk; *Pilgrim Guides and Maps to the Camino de Santiago* by John Brierley; *To the Field of Stars: A Pilgrim's Journey to Santiago de Compostela* by Kevin Codd; and *Spiritual Lessons Along the Camino* by Kim Brown.

Volunteers needed to help keep the Muenster Museum open. Will you lend a hand? Join the Muenster Historical Commission

Stop by the Museum - Join us in preserving Muenster's History for the future generations to come.

Happy Thanksgiving
from our family to yours.

Remain humble on the Camino or the Camino will humble you is a phrase that Lanie read and found very true on her pilgrimage.

Lanie shared some of her photos from the Camino. They are, from top left - the Meseta; Albergue in Azofra on Day 15; Connie walking into the village of Fromsita; Lanie at Burgos. Many signs surrounding a small cafe/gift shop in the middle of nowhere; one of many weather vanes they saw on top of houses; a no pooping sign along the Camino trail; Connie Nieto and Lanie Bartush in the woods on day 30.
