21 Teachers Await Parochial School Opening Tuesday

If people of the United States are influenced by the atmosphere of the two political conventions, the Republican nominees are off to a substantial head start in the coming campaign.

From the very beginning the big shows were marked by an amazing difference in temperament and dignity. Democratic speakers to a very great extent concentrated on criticizing and insulting their opponents whereas Republicans emphasized the need of abiding by principles preserving the dignity, freedom and ideals that are essential to and welfare of mankind.

The contrast was noted especially in the keynote speeches. It was apparent again in speeches by the parties' respective former presidents. Clement and Truman were vicious in abusing the opposition. Langlie and Hoover discussed desired objectives and asked for Divine guidance in the party's effort to carry them out.

Of course, it was to be expected that the two conventions would follow their respective trends. The "outs" had to point to the faults of the "ins." The "ins" had to assume they are doing a good job and have more good things on tap for the future. The significant point, however, is the vast difference of attitude used in presenting the appeals.

As regards promises and policies, the two groups are similar in many respects. Both ignore the South's wishes on the civil rights plank. Both favor a strong national defense, a strong alliance with other free nations, economic aid to less fortunate countries, and opposition to the continued advance of communism.

On many other issues there is a wide spread between the two party platforms, with the Democrats generally leaning on the side of socialism and the Republicans favoring the free enterprise approach.

Their opposite views on one of those issues, development of natural resources, was clearly pointed out in the speeches of the ex-presidents. Truman insisted that power development at the big dam sites should be handled exclusively by the government. Hoover stated that government should enter the business field only when a project is two big for private capital.

In his tirade on the subject Truman was every inch a socialist and demagogue. He was for taking the resources away from the "special interests" and giving them back to the people. He specifically mentioned the Hell's Canyon power project which has been turned over to private capital for development rather than the public power enthusiasts. He failed to mention, however, that the method he favors was to cost a half billion of American tax money and to pay no tax after completion, whereas the method he condemns will cost the taxpayers nothing and pay a fat tax later.

Fortunately Americans are wising up on the subject of socialized power development, and are not likely to become very enthused over that plank of the platform. They have come to realize that their imaginary claims to shares in this publicly owned property means exactly nothing and the only factors which really count are their tax dollars and their benefits, regardless of ownership.

Whether or not Stevenson will follow Truman again on the tidelands issue remains to be seen, but it is certain that the former president did the party no good in Texas when he re-emphasized his old attitude. The man still seems to think that the federal government has a right to grab state property. He still sees fit to ignore old agreements solemnly made with the states. The combination of that attitude and the civic rights plank could have a profound influence in the final tally of Texas votes.

As regards the agricultural program of two parties, there is room for widespread and honest difference of opinion. Republicans are committed to flexible supports hoping eventually to reduce surplus and restore the market value of crops. Democrats favor rigid support even

Twenty-one teachers, one more than last year, will staff Sacred Heart parochial school for the 1956-57 term according to Rev. Christopher Paladino, superintendent, who this week announced the faculty and teaching assignments.

Seventeen Benedictine Sisters will be on hand to welcome students next Tuesday when classes begin for the current term. Since registrations are expected to be over by noon the lunchroom will not begin serving meals until Wednesday.

David Bezner, 2, Fatally Crushed In Home Accident

Two-year-old David Bezner, son of Mr. and Mrs. William J. Bezner of Lindsay, died Saturday afternoon at about 4 o'clock as the result of an accident while he played happily in the garage at his home. Death came when a motor scooter fell on him.

Mrs. Bezner and her seven children were in the basement rumpus room of their home that afternoon. Suddenly they missed David and she sent her daughter, Rosemary, to look for him. He had been away only a few minutes.

Immediately after discovering the accident Mrs. Bezner, accompanied by her son Joey, rushed little David to Gainesville Sanitarium in the family car. The baby was dead on arrival at the hospital.

A doctor said the child apparently died instantly. His chest was crushed, and his back bore indications of an additional injury.

The body was at George J. Carroll and Son Funeral Home until the final rites Tuesday morning in St. Peter's church at Lindsay. Rev. Mark Berger officiated at the Mass of the Angels at 8 o'clock and at graveside services in the parish cemetery. He also delivered a consoling sermon.

Bearers were Buzz, Buster and Johnny Bezner and Don Woods. In addition to the parents survivors are three brothers, Joey, Mike and William Bezner Jr., three sisters, Marlene, Rosemary and Bernadette, the paternal grandmother, Mrs. John Bezner of Lindsay and the maternal grandparents, Mr. and Mrs. J. P. Muer of Detroit.

Among out of town relatives and friends at the funeral were J. P. Muer and Mr. and Mrs. James Powrie and sons Bob and Richard of Detroit, Mr. and Mrs. Bomar Woods and sons Don and Lonnie of Paris, Mr. and Mrs. Ralph Bezner and sons Johnny and Stevie of Burleson, Walter Bezner, Mr. and Mrs. Leo Cutala and daughters Carol Ann and Margaret Rose of Dallas, Mr. and Mrs. Herbert Bezner and sons Buzz and Larry of Seagoville and Mr. and Mrs. Harry Mahon of Denton.

Joe Swirczynski Family Observes Golden Wedding

Saturday was a memorable day for Mr. and Mrs. Joe Swirczynski. They celebrated their golden wedding anniversary.

A solemn high mass in Sacred Heart church and a reunion of family and friends marked the notable occasion.

The Rt. Rev. Msgr. E. A. Hemmen of Brinkley, Ark., a friend of the family, was celebrant of the mass and directed the renewal of the couples' wedding vows of 50 years ago when they were married in the old parish church.

Assisting Msgr. Hemmen were Rev. Louis Deuster as deacon, Rev. Christopher Paladino as sub-deacon, Rev. Paul Hoedebeck as master of ceremonies and Brother Gerald of San Antonio, a grandson of the goldenweds, as assistant master of ceremonies. Father Louis delivered the jubilee sermon.

Grandsons Donnie and Johnny Swirczynski and David and Jerry Knauf were acolytes. Yellow gladioli and greenery adorned the altar. Mr. and Mrs. Swirczynski and their attendants knelt on

white and gold covered priedieux in the sanctuary after entering the church as Anthony Luke, organist, played a wedding march. The men's choir sang.

It Rained In 1906

Maggie Yosten became the bride of Joe Swirczynski on August 21, 1906. The celebration was held Saturday instead of the actual date so that family members and other relatives could be present.

The jubilists recalled that it rained all day on their wedding day and they had trouble getting to church by horse and buggy.

Their attendants were her brother Frank Yosten and her chum Lizzie Markowitz who later became Mrs. John Tempel. Illness prevented her from attending the anniversary celebration and Mrs. Frank Yosten served as attendant at the anniversary mass in her place.

The Swirczynskis' nine sons and four daughters, most of their fifty grandchildren and their three great-grandchildren were at the reunion.

The children are Al of Dallas, Ed of Fort Worth, Bob of Ardmore, Arnold of Nocona, Herman, Ray, Bernard, Richard and George of Muenster, Mrs. Alex Knauf and Mrs. Clarence Erpelting of Woodman, Colo., Mrs. Townsend Miller of Austin and Sister Helen of Jonesboro, Ark.

Reception

After mass there was an informal breakfast at the Ray Swirczynski home. The parish hall was the scene for a reception and one o'clock dinner.

Granddaughters Carolyn and Edna Swirczynski registered about 200 guests in an attractive anniversary book. Mrs. Joe Lehnertz catered the meal. During the afternoon there was visiting and the exchange of pleasantries, the recalling of many incidents that took place during the Swirczynskis' married life.

Today at 75 and 68, Mr. and Mrs. Swirczynski are as spry as people half their ages. They keep healthy and happy, they say, by keeping busy — "busy at something worthwhile and helping other folks."

During the half century they have been, and still remain, active in church and community projects. Mrs. Swirczynski has

NEWS OF SICK AND INJURED

P. J. Rollman who has been a patient at the VA Hospital in McKinney since July 26, underwent surgery Wednesday. He is in Ward 109 and greeting cards will reach him with that address.

Richard Hess spent two days at Gainesville Sanitarium for treatment of his right eye, injured Sunday in a BB gun accident. The doctors think his vision will be as good as usual unless something unforeseen develops. The injury is keeping him from his work at Shamburger Lumber Co.

J. A. Travis returned home Thursday from Dallas where he had eye surgery on Aug. 14 at Medical Arts Hospital.

Victor Hartman is back at home after being dismissed from Gainesville Sanitarium last Thursday. He is progressing slowly and is permitted to rest out of bed in a chair for short periods a few times a day.

Fred Hoedebeck is back at home convalescing from virus pneumonia that sent him to Gainesville Sanitarium last Friday and had him critically ill for a few days.

Johnny Rohmer was in Dallas for a checkup last Thursday on his eye. He's wearing special dark glasses with only a pin point vision spot for his good eye and completely dark lenses over the right eye on which he had surgery. He'll wear them for three months. His doctors had encouraging word for him. They said he's getting some vision in the injured eye.

School May Admit Under Age Pupils

There is a chance that under-age children will be admitted at the public school this year, provided the school will be able to accommodate them. It depends, first, on the number of regular pupils enrolled in the room, and, second, on the number of under-age applicants.

Superintendent Homsley announced this week that parents of under-age children . . . those who will be under 6 years old on September 1 . . . should contact him if they wish to send the children. A telephone call will be sufficient.

After the number of regular pupils has been determined he will announce whether the school has room for its under-age applicants. If all can be accommodated they will be admitted. Otherwise none will be admitted.

The tuition charge for under-age children will be \$5 per month, payable in advance.

Richey, Cain Head Hornets; Practice Will Start Monday

With only two weeks of practice before taking on the tough Pilot Point Bearcats in their season opener, the Muenster High Hornets will start an intensive practice grind next Monday. Coach John Hosea said the boys will have several night sessions along with their regular afternoon workouts.

Heading the team as captains this year will be Hubert Richey and Dickie Cain. They were elected at a squad meeting Sunday afternoon.

Other lettermen expected to report back are Dee Kaderli, Dan Hamric, Jerry Wimmer, James Wolf, Butch Fisher, Charles Hallmark and Dave Flusche. Junior athletics also will begin on August 27. Weldon Holland announced that his youngsters will have their first session at 1 o'clock Monday.

Swimming Pool Will Close Sunday

Swimming opportunities at the Muenster municipal pool for this season are numbered. City Manager Steve Moser advised Wednesday that the place will be closed for keeps Sunday night at 9 o'clock.

Members of the city council are closing it because their supervisory personnel are returning to the classrooms. L. B. Bruns will be principal and shop instructor at Muenster High and Laurence Saye will teach at Callisburg.

Fleitman and Otto Elected Captains Of '56 Tiger Team

Frank Fleitman and Kenny Otto are co-captains of the 1956 Sacred Heart Tigers football team.

They were elected Sunday afternoon at a special meeting called by their superintendent and former coach, Father Christopher Paladino, for the purpose of electing captains and meeting their new coach, Jerry Vernon.

Another purpose was to inform the players that Monday, August 27, has been officially set for beginning football practice in the Southwest Academic League, and that uniforms will be issued on Sunday.

While weather is hot the boys will supplement their daily practice with at least three night sessions a week.

Eight of the '55 Tiger lettermen are due to be back in uniform this year. They are Frank Fleitman, Kenny Otto, Leo Hess, Jere Friske, Claude Walter, Virgil Henscheid, Howard Mollenkopf and Herbie Walterscheid.

Julian Walterscheid will continue as assistant coach of the Tigers.

Election Saturday Ends Quiet Run-off

A quiet Democratic primary run-off campaign, possibly obscured by the excitement of two national political conventions, will come to an end in Texas at the election next Saturday.

Voters of Muenster will find candidates for only three offices listed on their ballots. The governor's contest presents Price Daniel and Ralph Yarborough and the attorney general's race presents Will Wilson and Tom Moore. Those two races constitute the state ticket. The other candidates are Tony Korioth and Olan Van Zandt for state representative of Cooke and Grayson counties.

The election here will be held at the usual time and the usual places. Joe Luke will be election judge in the north box, in the public school, and Paul Fisher will be election judge in the south box, at the elevator south of the Katy railroad. Both boxes will open at 8 a.m. and close at 7 p.m.

Faculty Complete; Public School Set To Begin Classes

All is ready at the Muenster Public School for the beginning of school next Tuesday. Superintendent H. H. Homsley announced this week that the last two vacancies on the faculty have been filled and teachers have received their assignments.

He also announced that the first day of school, consisting of registrations, will end before noon. Parents are reminded that the lunch room will not be open that day and they can expect their children for the noon meal. The regular full schedule of classes will become effective Wednesday.

Faculty assignments were revealed as follows by Superintendent Homsley.

H. H. Homsley, superintendent and girls basketball. L. B. Bruns, principal, industrial arts and driver training. Glenn Hejman, vocational agriculture. Mrs. H. H. Homsley, vocational home-making. John Hosea, mathematics and boys athletics. Mrs. John Mosman, Freshman mathematics and science. Fred Savage, English and journalism. James Harris, band, social science and library. Annual Shower For Sisters' Home Dated for Sunday

The annual shower for Muenster's Benedictine Sisters will be held Sunday afternoon at the Sisters' residence from 2 to 4 o'clock.

In addition to providing the Sisters with needed gifts for their home and pantry the event will offer an opportunity for parents to get acquainted with their children's teachers and to inspect the recently re-decorated house. It will be a "come-and-go" affair and hostesses for the afternoon will serve refreshments.

Especially welcomed as gifts this year, according to the committee in charge, are bed linens, canned goods and other non-perishable foods. The convent is well equipped with dishes and kitchen utensils. Light weight white bed spreads and straight sheets, as distinguished from contour sheets, and pillow cases are much needed items. The sheets and spreads should be 72 inches wide and the cases 46 inches in width.

Golden Wedding

extended her interests to include chairmanships in the St. Anne's Society, Civic League and Garden Club, and the Catholic Daughters of America. She is also a member of the Third Order of St. Francis.

She's Mission Chairman

As mission chairman for the parish societies — she's had the job for about ten years — she has the distinction of supervising the mending, sorting, pack-

aging and shipping of about 25 tons of clothing, and bedding, shoes, medical supplies and hospital bandages that went from this community to home and foreign missions, orphanages, homes for the aged and blind, flood and storm disaster victims and war sufferers the world over. She has done and still does much of the actual work herself. Her home is the collection depot and she usually has one room reserved for this project. She's also made and assisted in making scores of quilts and comforts for the needy.

They live on the same site in the southeast part of town where they set up housekeeping in 1906 and raised their family. It's the same location Mr. Swirczynski moved to with his parents when he was eight years old. He was one of the nine children of Robert and Angela Swirczynski who came here from Nebraska in 1889. His parents had come to America from Poland. Joe was born Jan. 3, 1881, in Ashton County, Neb. Four of his sisters became nuns. He has

one brother and three sisters living. They are John Swirczynski of Oklahoma City, Mrs. Bob Yosten of Muenster, and Sisters Ruperta and Angelina of Grand Island, Neb. He is an active member of the parish St. Joseph Society.

Mrs. Swirczynski, also a Nebraskan, — the families didn't know each other before they moved to Muenster — was born in Dodge County on June 9, 1888, a daughter of John and Catherine Yosten who had six sons and two daughters. She was 12 years old when they moved to Muenster.

Four of her brothers are living: Nick and Frank Yosten of Muenster and Matt and George Yosten of Nebraska. Their mother was a native of New York and their father was born in Germany.

Gardening Is Hobby

Since he quit active farm work about five years ago, Mr. Swirczynski maintains a large garden of which he is proud. He admits that this year's wasn't very good on account of the drought. Every year Mrs. Swirczynski still cans and preserves food. Her husband helps. "We've worked in double harness so long we enjoy it." They're still partners sharing the good and bad as they've done for 50 years.

The couple, parents of 15 children, lost two sons; one in childhood, the other in infancy. Four of the boys were in world war II at the same time fighting on widely separated battle grounds. For nine years Mr. and Mrs. Swirczynski cared for her blind mother who lived with them until her death in 1936.

Mrs. Swirczynski still has her wedding dress. By the standards of the early days it was expensive and one of the best. It is still in good condition. Heavy white material and lace. "I was a little thin thing then," she says.

For the anniversary celebration she wore a navy blue dress with navy and white accessories and a lovely white lace elbow-length cape hand crocheted by Mr. Swirczynski's two sisters in the convent. They made it as a special gift for the occasion. Sister Ruperta is 86 and Sister Angelina is 79. They couldn't attend the festivities but they were all together in Woodman, Colo., on June 5 when Sister Ruperta celebrated her diamond jubilee — 65 years as a nun — at the motherhouse. Both Mrs. Swirczynski and Mrs. Yosten wore yellow mum corsages. Mrs. Yosten's costume was navy blue with black and white accessories.

Also Honored

Mr. and Mrs. Alex Knauft shared honors with her parents on their golden wedding day. They were observing their silver wedding anniversary. She is the former Anna Marie Swirczynski.

The hall was festive with flowers and streamers carrying out the golden theme and the main table held a handsome anniversary cake. The silver theme was also noted for the Knaufts and they had a decorated cake adorning their table.

Mrs. Bob Yosten, who as

Angeline Swirczynski, was chief cook and server at the celebration in 1906, repeated at least a part of the performance by assisting in the kitchen and helping serve the honorees before taking her place among the special guests.

Msgr. Hemmen was toastmaster for the after dinner program which included a reading "Tribute to the Family," by a granddaughter, Loretta Knauft; addresses by Father Louis and Father Christopher, brief remarks by John Swirczynski and a talk by Sister Monica who brought congratulatory messages to her grandparents and to her uncle and aunt, the Alex Knaufts.

It was indeed a memorable day for the Swirczynskis who have lived in Muenster the entire half century since they were married. It's been a good life, they said.

Blessed Events

Mr. and Mrs. Douglas Robison of Graham are rejoicing over the birth of a son and heir. He was born Monday, Aug. 20, weighing six pounds 13 ounces. He is the first grandchild for Mr. and Mrs. Earl Robison. His maternal grandparents are Mr. and Mrs. George Hammer. He also has great-grandparents, Mr. and Mrs. D. O. Robison and Mrs. Mattie Davison of Gainesville.

Mr. and Mrs. Gerald Metzler of Gainesville have announced the arrival of Mark's baby brother. He was born Tuesday at 6 p.m. at Gainesville Sanitarium. He weighed eight pounds two ounces. The grandparents are Mr. and Mrs. Phillip Metzler of Gainesville and Mr. and Mrs. Henry Henschel. Joseph Flusche of Lindsay is great-grandfather again.

Mr. and Mrs. Jerry Pels of Pilot Point welcomed the arrival of a daughter, weight six pounds one ounce, at Gainesville Sanitarium on August 15, at 8:03 a.m. They have two boys. The little girl, named Wanda Marie, is the granddaughter of Mrs. Agnes Pels, Ft. Worth and the H. L. Herrons of Denison. Her great-grandparents are Messrs. and Mmes. Bill Pels of Pilot Point and Gus Knabe.

Mr. and Mrs. Walter Huchton are the parents of their fourth son, born August 15 at Gainesville Sanitarium at 3:33 a.m. weighing five pounds 12 ounces. The baby's grandparents are Mrs. Katherine Huchton and Mr. and Mrs. John Bengfort. Mrs. Huchton and the boys are staying with her parents at Lindsay while her husband is serving in the Air Force on the Marshall Islands.

Mrs. C. J. Kaiser attended a Chevrolet accountants' meeting in the GMC Training Center at Garland Monday.

Mr. and Mrs. Virgil Doty of Dallas were here Wednesday for a visit with their grandparents, the Joe Swirczynskis and Mrs. J. S. Horn.

THE DEMOCRATIC-REPUBLICAN NEW DEAL

By John T. Flynn

A national political campaign again opens before us. We witness the battle for the nominations in crowded conventions. There is debate over the platform, nominations speeches, wild demonstration and, finally, two great warriors appear before us as candidates for the presidency. However, no matter what the platforms say, or who the successful candidates are, there will be no real or fundamental difference between them. There will be one big overmastering issue. Which candidate and which party will for the next four years administer the New Deal? In another sense, it will be a contest to determine which party will have in its hands the fantastic billions with which politicians now do business.

Let there be no obfuscation about what the New Deal means. In its inception it was merely a label used by Franklin D. Roosevelt to sell his party to the people. Its obvious objective was to promote a set of laws and policies which were expected to revive the capitalist system so badly damaged by the crash. Mr. Roosevelt had denounced President Hoover as a reckless spender. But having launched a program of spending billions for "recovery," the politicians — of both parties — began to see with expanding delight the immense political possibilities of government taxing, borrowing and spending.

Our national politicians could never buy very many votes with a couple of billion dollars in taxes. But when Roosevelt and the Democrats began spending six and eight and ten and then more and more billions, they discovered that they could buy

votes in immense groups — not with just pitiful little handouts to individuals, but with billions for this and billions for that, all going to various large minorities. Then, for the first time in our history, a president was enabled to stay in power for four successive terms.

For quite a while the muddled Republicans grumbled and muttered against all this spending. But presently, first one and then another Republican "statesman" began to perceive the tremendous value of this taxing, borrowing and spending. Whether it was on peace or war these grotesque billions could be used to buy immense minorities. For a while, the GOP chieftains muttered in their beards against the "shameful extravagance of the Democrats." But presently the facts of political life began to seep into their consciousness. When, therefore, the present collection of politicians came to power, they proceeded to outspend their Democratic predecessors. And now both parties have adopted the spending philosophy as a permanent weapon of power.

But, alas, another group of political philosophers has been watching with delight this giddy circus — who but the old socialists. Perhaps we should not say "old" socialists, for the party of Norman Thomas has practically disappeared as an engine of power. The modern pragmatic practitioner of politics has noted that socialism is, after all, nothing more than a system in which the government takes vast powers, grabs the incomes of the people and spends them "for their own good." Many of the old socialists have moved into the Democratic or Republican parties — chiefly into the former.

The term "New Deal" now is expanded to mean a system of government in which the administration asserts the right to take over the operation of as much of the economic system as it can get away with and to take over as much of the people's income as can safely be extorted by all sorts of taxes. What cannot be taxed can be borrowed. This, of course, as any rational and ob-

God Wants to Live at Your House

By Rev. John A. O'Brien, Author of TRUTHS MEN LIVE BY

A LITTLE GIRL looked up into her mother's face. "Will God ever come to our house to visit us, Mommy?" she asked. The woman was startled for a moment, and then she said, "But Joan, God lives here with us all the time."

God lives in homes where He is welcome. When families make true homes, God lives with them.

GOD DWELLS in that home where children are welcomed. Parents who are willing to shoulder the responsibility of parenthood are smiled on by God. If these parents sacrifice many things in order to become parents, they will not go without their reward.

O'Brien

God knows it is difficult to raise a family today. The cost of living makes it hard to feed, clothe and house a family. It requires sacrifice too to take the time to train children in the knowledge of God's law.

BUT GOOD MOTHERS and fathers know that the home was intended by God to be the first and most important school for a child. A child cannot get along with just food and shelter. He needs moral and spiritual training as well.

The child loves his parents like no one else in the world.

He listens to them with an unquestioning faith. A child who learns about God and His commandments from his parents is likely to remember them throughout his life.

THE HOME with which God is pleased is one where the family prays together. The presence of God will surely be a source of blessing to the home where parents and children unite in prayer. Besides, it is the parents' duty to mould their children in the habit of prayer.

Sometimes marriage and family life become so difficult that the temptation comes to call it quits. Divorce and remarriage seem like an easy out. God asks these people to make a sacrifice, and to stick it out. He will reward those who do it because He asks them. And their children will be grateful forever.

THE HOME IS the basis of civilization. Whatever weakens the home undermines society and brings a nation to spiritual and moral decay. Weak homes mean a weak nation. But the home in which God dwells is a source of strength for the nation. History shows us that when the home is strong the nation is strong.

God will come to any home that will welcome Him. But the parents must be fulfilling their obligation. If your child asks you when God is coming to your house, be sure you can say: "But dear, God already lives at our house all the time."

† Paulist Feature Service, Washington, D. C.

jective observer can see, is nothing more than the gradual socialization of the economic system — the installation of government as the employer as well as the ruler of the people, and its authoritarian confiscation of their earnings. The term New Deal is more or less the property of the Democrats, but the Republicans have made no important or serious alteration in this Marxian gradualism. In the four fiscal years of Truman's last administration that eminent statesman, with the Korean War on his hands, spent 223 billion dollars. President Eisenhower in his four years of peace spent 263 billion dollars.

Now the inevitable national election comes around. What are the issues? There is really only one. That is the struggle of the Democrats to oust the Republicans and get back their beloved New Deal — which the Republicans have been playing with and which both parties have stolen from the socialists.

DUMPING NIXON

Sen. Alexander Smith of New Jersey charges that the "dump-Nixon" crusade climaxes four years' work by those who resent Nixon's part, as a member of a House investigating committee, in prosecuting Alger Hiss.

That's just part of the objection to him. Main objection comes from the "liberal" wing of the GOP. Nixon is a conservative. If he's re-elected Vice-

President, he's in line to be the conservative candidate for President in 1960 — and the Stassen-Dewey-Lodge crowd don't want that.

But the New Jersey Senator is correct, in the sense that long before Harold Stassen pulled his sword on Nixon the left wing started smearing Nixon.

Nixon and a Texan, Committee Investigator Bob Stripling, never gave up on the Hiss case. In the darkest hours they continued digging. They faced constant abuse during hearings. Hiss, himself, was clever in turning questions to his own advantage.

From the day Nixon took office as Vice-President, the left wingers and liberals started undercutting him. Stassen & Co. can't be classed as fellow travelers. But if they succeed in dumping Nixon, they will have carried out the left-wingers' long objective. —The Dallas News.

Milk is cooled to well below 40° in less than one hour — assuring a lower bacteria count and better milk. The milk cannot freeze — because the coolant is ice water.

Dari-Kool tanks are easy to clean and may be sanitized with hot water without damage. Units are ready to operate — no expensive, remote compressors to install or service.

Every Dari-Kool is built around a rugged 10-gauge steel frame — providing rigid support for the bulge-proof stainless steel milk tank. This assures accurate calibration and correct payment.

DARI-KOOL will pay for itself in use. HERE'S HOW...

The cost of hauling milk in cans is 40 cent per 100 pounds as compared with 25 cents per 100 pounds for hauling tank milk, thus a saving of 15 cents per hundred.

Elimination of wastage of milk spilled or left in the can at the plant is 7 cents per 100 pounds.

Improved butterfat test gained by selling all the cream instead of leaving some of it sticking to the can and lid account for another 6 cents per hundred.

THIS GIVES A TOTAL SAVING OF 28 CENTS FOR EACH 100 POUNDS OF MILK HANDLED. THIS 28-CENT A HUNDRED SAVING WILL PAY FOR YOUR DARI-KOOL.

A producer with an average of 10 cans of milk (86 pounds each) a day will sell 25,800 pounds per month. At 28 cents per hundred saving, he will be ahead by \$72.24 each month.

The approximate cost of a 250-gallon tank installed is \$2,400 with interest of \$216 for a total of \$2,616. This can be divided into 36 monthly installments of \$72.11 each. **THUS YOUR SAVINGS MAKE YOUR PAYMENTS FOR YOU.** This estimate is without down payment or trade-in, which would cut the principal and monthly payment substantially.

A celebration in observance of her birthday honored Mrs. Joe Vogel Sunday evening when her daughter and son-in-law, the Clifford Ottos, entertained in their home in Gainesville.

A dinner party with gifts and a decorated cake for the honoree observed the occasion.

Present in addition to the honoree and her husband were the Robert Beyers and children of Lindsay and Mr. and Mrs. Don Muller of Fort Worth. Unable to attend but sending greeting were Lillian and Corina Vogel of Fort Worth. Mrs. Dunn and Lillian shared an apartment and worked together before Mrs. Dunn's marriage.

Lillian and Corina will spend the last few days of their vacation here, then return to Fort Worth where Lillian works in a bank and Corina is a junior student at John Peter Smith hospital.

Anna Grace Fette Is Graduate Nurse

Anna Grace Fette was one of 12 young women receiving their nursing diplomas in graduation exercises of St. Joseph's Hospital School of Nursing in Fort Worth on Friday, August 17.

The commencement program was held in St. Mary's church at 8 p.m. and featured Rt. Rev. Msgr. Ernest Langenhorst as speaker. He referred to nursing as a noble profession because it deals directly with God's creation — man himself. Solemn Benediction of the Blessed Sacrament followed the address.

Attending the program were Mrs. Kate Reynolds, Carol and Patsy Fette, Mrs. Herman Fette, Tillie Barrier, Mrs. Ben Seyler, Mrs. Lambert Bezner and Dr. and Mrs. Monte Hellman. Also present were Student Nurses Lu Rose Henscheid and Margie Hermes of Lindsay. They accompanied Mrs. Seyler and Mrs. Bezner home to spend the weekend with their families.

Anna Grace returned home with her mother, Mrs. Reynolds, and Mrs. Herman Fette and on Monday began work at M&S Hospital in Gainesville. She will replace Mrs. Arthur Hess on the hospital staff after she is acquainted with her duties. Mrs. Hess, working with her now, will quit nursing to devote all her time to her family.

Margaret Elkins is Farm Bureau Queen

Margaret Beth Elkins of Downard-Fairplains won the queen's crown and the title of Miss Farm Bureau of Cooke county Tuesday night when judges selected her from six contestants for the honor. Brown-eyed Margaret this is a repeat performance. She represented the county as Farm Bureau queen last year.

Norma Jean Walterscheid, an entry from Muenster, ran a close second and is the county's alternate for the district contest. Other entries were Helen Fisher of Muenster, Gwen Friske of Downard-Fairplains, Ruth Ann Kindiger of Era and Betty Rose Kupper of Valley View.

Several hundred persons, Farm Bureau members and their families, attended the night's program in the Community Center building. Jerry Talley was master of ceremonies. Entertainment included card games, dancing and refreshments.

Dentist Considers Move to Muenster

A resident dentist for Muenster again loomed as a possibility Tuesday when Dr. and Mrs. L. E. Lake of Jacksonville visited here while on a tour of the state looking for a place to settle down. The couple were guests of J. M. Weinzapfel at the Lions luncheon meeting. Dr. Lake told the Lions that he has just completed three years of service in the armed forces. Prior to that he was a dentist in Texas City but, because of his wife's health, he prefers a less humid climate. Muenster is one of several towns with a suitable climate which he is considering.

The inducement Dr. Lake seeks is a building and an option to buy it within a year if he decides to stay. He has his own equipment.

A report early Thursday discloses that Dr. Lake has decided to establish his office in Saint Jo.

Returning, the Yostens stopped in New Orleans to visit their cousins, the John Durbins and family. They were back in time to attend the Swirczynski anniversary reunion Saturday.

Dodgers Drop Two, 21-11 to Red Sox, 16-9 to Pirates

The long drought for the St. Joseph's Dodgers continued for another week. In games Friday and Tuesday they bowed 21-11 to the VFW Red Sox and 16-9 to the Lions Club Pirates.

Knabe's lack of control on the mound was the big factor in the loss to the Sox. Like his opponent, Hess, he fanned 7 and allowed 11 hits, but he loaded the bases with 20 walks. Hess was less generous with 11 walks.

Leading hitters for the Dodgers were Dangler, a home run and 2 singles; Knabe a double and 2 singles; D. Hess and Kathman, 2 singles each and Bayer, a double. Sox heavy hitters were T. Vogel, a double and 3 singles; E. Hess, 2 singles; and D. Vogel, a triple.

Pitching again accounted for much of the difference when the Lions took St. Joseph by a count of 16-9. Owens hurling for the winners, fanned 14 while allowing 9 hits and 6 walks. Kathman fanned 3, walked 9 and gave up 15 hits.

In the slugging department Dangler repeated his former performance by slamming out a homer and 2 singles. Other leading Dodger hitters were Bayer with 2 singles and Endres with a double.

Best hitters for the Pirates were Russell, 2 triples and a single; Wolf a triple and a single; Cain, a double and a single; Kathman 3 singles, Flusche, 2 singles; and Owens, a triple.

With only three games remaining on the schedule the final standings of teams is mostly determined. The Lions have cinched top place and St. Joseph's has cinched the last place. The KC's, currently in second place, can cinch that spot by beating VFW Friday. VFW, on the other hand, has a big job in nabbing the second spot... that's licking both the KC's and the Lions. Team records after Tuesday's game are Lions 10-1, KC's 6-4, VFW 5-5, St. Joseph 0-11.

The remaining schedule is: Friday, KC vs VFW; Tuesday, St. Joseph vs KC; Friday, Aug. 31, VFW vs Lions.

Parochial School

here for the term.

Vernon, in charge of the school's athletic program, will be assisted by Julian Walterscheid in coaching football. Father Christopher, former Tiger coach, who gave up the job to devote more time to administrative duties, will coach girls' basketball.

Of the eighteen Sisters four are native Muenster girls. Sister Frances is the former Gertrude Hofbauer, Sister Imelda is the former Ella Pels, Sister Celine is the former Margaret Truebenbach and Sister Helen is the former Dorothy Swirczynski. All the Sisters have been here before at different times except Sisters Imelda and Sister Helen.

By Wednesday, 13 of the Sisters had arrived and the others were expected within a day or two. Arriving in the last group will be Sister Leonarda and Sister Paula who have just returned from a summer visit in Switzerland. They were in New York City the past weekend for visits with relatives after their arrival there.

Confetti

though it would prolong the surplus problem endlessly.

The big problem here is whether the country's farm economy can stand the strain of re-adjustment. Can farmers tough it out... and are they willing... through the period of paying for economic mistakes that were made before?

That is the real issue that will have to be weighed by American agriculture in the next few months. According to principle the answer is simple. Farm economy should go back to the American, free enterprise way. We should eliminate official meddling and let farmers be their own bosses again. We should eliminate the needless cost of storage and subsidies and red tape. But in actual practice the answer is not so simple. Too

much of the artificial prosperity has been spent and many do not have the means to pay for their part of it.

Everything considered, the campaign promises to be a hot one, and in many respects it will boil down to the simple proposition of the pot calling the kettle black.

Both sides have lots of room for improvement... and along the lines that both will be recommending. For instance, neither can brag about its record of economy, or of firmness in dealing with reds at home

and abroad, or of respecting the rights of states to handle their own affairs, or of trimming down the top heavy bureaucracy which is more of a burden than a help to American citizens.
