## 26 New Members Join KCs Here in District Initiation

Twenty six new members were admitted to the Knights of Columbus Sunday afternoon, November 25, at a district initiation in the Muenster K of C hall. They are members of the five councils, Muenster, Gainesville, Sherman, Denison and Pilot Point, which comprise the Sixth District of Texas.

State Deputy James F. Houlihan and District Deputy Richard D. Hobbs directed the exemplification of the third degree and were assisted by District Deputies William B. Hudson of Dallas and John Rindt of Fort Worth. Past District Deputy Arthur Endres and officers of the Denison Council conducted the second degree ceremonies. The first degree exemplification was held a week earlier in the Denison KC hall.

The day's program here Sunday opened with group attendance at the 10 o'clock mass in Sacred Heart Church with Father Louis Deuster, pastor and chaplain, officiating. Immediately after candidates were guests of the district for luncheon at the Main Cafe.

After the initiation Knights were joined by their ladies at a buffet supper in the basement of the KC hall.

Represented in the large attendance were all councils of the district and also the Dallas, Fort Worth and Wichita Falls councils. J. M. Weinzapfel, Master of the Fourth Degree of the Dallas-Fort Worth diocese, addressed the group briefly, inviting third degree members to advance in the order at a fourth degree initiation at Fort Worth next February.

## Regulars OK but Reserves Weak on Muenster Hi Teams

Starting lineups of the two Muenster High basketball teams apparently have big jobs cut out for them this season. Including practically all the veterans of last year's squads they seem destined to get little relief from the sidelines, unless and until the rookies can develop the necessary control and finesse.

That situation applies especially on the boys' team. Dickie Cain, Hubert Richey, Dee Kaderli, Dan Hamric and James Wolf are the only players who saw considerable action last year.

Coach Hosea is pleased with their prospects, as long as regulars can stay on the floor, but admits the pickings are slim in the rest of the squad. His big hope now is for rapid improvement in Billy Otto, Johnny Swirczynski, Lawrence Noggler, Ted Henscheid, Doug Hellman, Johnny Hosea and Jim Myrick.

The signs for his girls' team are a little better. A few experienced reserves will be left over after his starting sextette is complete. Hold overs from last year are Jean Wieler, Carolyn Cain, Mary Pick, Evelyn Haverkamp, Pat Cain, Mary Lou Vogel, Emma Fisher and Magdalen Noggler. Up and coming girls are Patsy Dennis, Judy Cain, Carmelita Hester, LuRena Wolf, Theresa Fisher and Margie Flusche.

Like the boys, first string girls are looking fine, with possibilities of developing a smoothly clicking team.

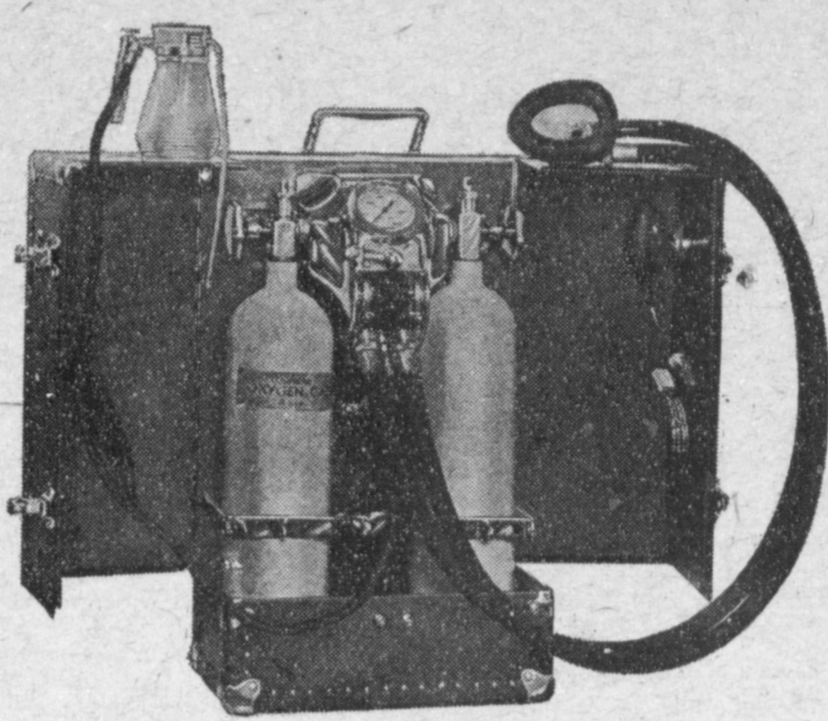

## NCCW Group Meets Here December 4

Muenster members of the National Council of Catholic Women will be hostesses on Tuesday, Dec. 4, for the Sherman Deanery's quarterly meeting of NCCW.

Mrs. Paul Fisher, local president, has advised that the afternoon will begin with Benediction of the Blessed Sacrament in Sacred Heart church at 1:30 p.m. and that the meeting will follow immediately in the parochial grade school auditorium.

Highlighting the program will be a talk on legislation by Mrs. M. J. Reesby of Sherman.

Joe Felderhoff of San Antonio came home Wednesday evening to visit his family, the Tony Felderhoffs, until Saturday. He's at Assumption Seminary and classes dismissed for Thanksgiving.

A LIFE MAY BE SAVED in Muenster by the use of a resuscitator like the one shown here. Local firemen will conduct a community wide drive for funds to buy the unit. Their plan is to train all firemen to operate it and keep it in a place that is easily accessible at all times.

## Firemen Seek Contributions to Make Resuscitator Available in Muenster

A resuscitator will soon be available to the Muenster community if the local volunteer firemen get a favorable response to the project they adopted in their meeting Monday night.

They have secured a unit and placed it on display in the Variety Store and are organizing now for a community wide drive for funds to buy it. The model displayed costs about \$500, but less expensive units are available.

The resuscitator is a device using oxygen to help restore breathing in a patient that has quit breathing. In many cases it can mean the difference between life and death to a person who has been overcome by smoke suffocation, drowning, gas poisoning, electrical shock, carbon monoxide or shock. It is also valuable as an emergency device for patients who need oxygen.

The unit is simple to operate and the only material it uses is oxygen. Enclosed in its case it looks like an ordinary suitcase and its weight is less than 60 pounds.

If the resuscitator is purchased here all firemen will be made thoroughly familiar with its operation so that it can be put to use with a minimum of delay in case of emergency.

## Buck Knabe Gets Four Broken Bones In Fall From Tree

A 25 foot fall from a pecan tree last Friday afternoon sent William (Buck) Knabe, 49, to the hospital with four broken bones. The mishap occurred at about 3 o'clock at Sivells Bend on the McElreath farm.

A Vernie Keel ambulance took him to Gainesville Sanitarium where X-rays revealed: right hip broken, right arm broken at the wrist and at the elbow and left arm broken at the wrist.

Monday he was moved by ambulance from Gainesville to the Veterans Hospital in McKinney. Tuesday he underwent hip surgery, the operation taking five hours. Both arms are in casts. He is in Ward 106. Mr. and Mrs. Albert Hess and Mrs. Hilda Reiter visited him Wednesday.

## Heart Attack Fatal To John Thompson

Funeral services were held Wednesday afternoon at 3 o'clock at Dougherty Funeral Home in Saint Jo and burial was in Hardy cemetery.

Cook of Freemound; three sisters, Mrs. Allie Griffin of Freemound, Mrs. Esther Janway of Tyler and Mrs. O. K. Williams of Saint Jo, and a half-sister, Mrs. Myrtle Gentry of Freemound.

## Cleanup Scheduled For Next Tuesday

The next city wide cleanup, on Tuesday, December 4, is specially scheduled to leave Muenster looking its best for the big annual Christmas parade on Friday, December 7. What's more, it's for free, an inducement by which city officials hope to get intensive and extensive co-operation. The customary charge for picking up trash is dropped this time. It's on the city.

In making this offer city officials urge everybody to participate, to gather all trash and rubbish and have it at the curb early next Tuesday morning. Trucks will cover every street of town on their pick up route.

They also ask that everything be placed in disposable containers such as sacks or cardboard cartons. To save time the pick up crew will throw containers and all on the truck. No containers will be returned.

## Downtown Muenster Gets Christmas Look

Downtown Muenster took on its Christmas look Tuesday night when twelve strings of lights, including 456 bulbs, lit up two blocks of Main and one block of the highway.

They are last year's lights, in the same locations. Four strings form a square at the intersection of Main and the highway, two strings are stretched across the highway in the first block and six are stretched across Main in two blocks. Colors of the bulbs are blue, red, green, orange and yellow.

Installations were made Monday by city workers assisted by helpers from TP&L and NTPA.

The Rt. Rev. Abbot Paul M. Nahlen of Subiaco, Ark., has been quite ill for some time and underwent surgery last Friday. He has been abbot of the abbey since 1939 and prior to that was president of Corpus Christi College-Academy for 12 years.

Jack Hoehn had surgery Tuesday on his left arm, broken between the wrist and the elbow on Nov. 15 in an oil field accident. Doctors inserted a plate to hold the bones together. He is a patient at Majors Clinic in Nocona.

The Hartman families received word Tuesday of the serious illness of their sister, Mrs. Mary Trabel of Fort Wayne, Ind. She is in the hospital since suffering a stroke.

Relatives here received word Wednesday telling of the death of Joe Greteman of Carroll, Iowa. He died suddenly as the result of a heart attack the preceding night. He was a cousin of the Hartmans.

## Plans Shaping Up For Second Annual Christmas Parade

Muenster's second annual pre-Christmas parade is shaping up as another dandy. According to information available at a committee meeting Monday night there will be display floats, bands, clowns, horses . . . and Santa Claus with 2000 bags of candy for the kiddies.

The parade, to be held on Friday, December 7, will assemble on the streets south and west of the public school, and start moving at 2 o'clock. Its route will be north to Eighth then down Main to the highway, one block east and return via Oak Street. On the return bands will have an opportunity to leave the parade and go over to Main for separate performances.

Reports at the meeting indicate that the number of participating floats and displays will probably be smaller than last year, but it will make up in quality what it lacks in quantity. The reason is that participants are asked to emphasize Christmas decorations rather than strictly commercial displays. Some entries last year had little more than the names of the firms represented. About 15 floats were mentioned as assured and the total number of entries is expected to reach 25.

Seven bands are also expected. They represent Gainesville, Lake Worth, Saint Jo, Era, Callisburg, Muenster and the State School for Girls.

The number of horses is still very indefinite. Dr. T. S. Myrick said that some riders are assured and any others will be welcome. Persons interested are asked to see him or, if they wish, just report to the staging area before 2 o'clock. A place will be found for them. Riders can be men, women or children and they

### Sacred Heart Teams Lose Pair to Okies

Boys and girls of Sacred Heart High opened their basketball season Tuesday night in the local gym with a pair of losses to Thackerville, Okla.

The girls had a hot contest, falling short by a count of 40-38 after a sizzling last quarter rally. The boys did not have a chance and went down 64-19 before the smoothly operating Okie outfit.

A slow start probably accounted for the girls' loss. At the end of the first quarter they trailed by 11 points. In each of the remaining three periods they trimmed the margin slightly and finally missed a tie and overtime period seconds before the end when a seemingly easy lay-up shot rolled off the rim.

The count by periods was 15-4, 25-16, 34-28 and 40-38. Derichsweiler was high scorer of the contest with a whopping total of 30. Bayer sacked 4 points and Schilling and Haverkamp 2 each.

The boys' game was an easy practice session for the visitors. For the Tigers the only bright spot in it was the second quarter, when they ringed 10 points while Thackerville made 8. All the rest was one sided. Scores ending for four periods were 20-3, 28-13, 40-17 and 64-19. Sonny Walterscheid led local scoring with 7. Mollenkopf and Henscheid made 4 each.

Odds will be stacked against the Sacred Heart teams again Friday night when they go to Collinsville for a double header. Girls will be taking on the defending Class B champs of the state and boys will encounter an outfit that is consistently one of the best in North Texas.

Mr. and Mrs. Jim Harris spent the holiday weekend in Oklahoma City with members of his family.

### 40th Anniversary Celebrated Sunday By Herman Luttmers

Mr. and Mrs. Herman Luttmers, married here in 1916, celebrated their fortieth wedding anniversary Sunday with a family reunion and buffet supper at their home south of Muenster.

Their children planned the observance and brought covered dishes for the meal, which along with card and domino games, visiting and picture taking made it an enjoyable evening for the honorees and about 35 guests. Mrs. Joe Kathman baked and decorated the handsome anniversary cake.

Catherine Albers and Herman Luttmers exchanged their marriage vows in the old red brick Sacred Heart church on Nov. 29, 1916, and lived here all their married life, farming. They spent the first few years northeast of town and have been living on their present farm for about 36 years.

Mr. Luttmers, 67, was born in Meria, Ohio, May 27, 1889, a son of Bernard and Mary Luttmers and came to Texas with them in 1890. They settled at Myra. Mrs. Luttmers, daughter of Henry and Mary Albers, is a native of Teutopolis, Ill., where she was born 63 years ago on June 13. Her family moved to Muenster in 1912.

The couple has six sons and one daughter. Henry, Alfred, Wilfred, Joe and Ferd Luttmers live here, and Walter Luttmers and Mrs. Lambert Beyer live in Gainesville. There are eight grandchildren.

For the celebration Mrs. Luttmers wore a navy crepe dress with a novel corsage, a present from the grandchildren. It was hand made by Mrs. Joe Kathman. A money corsage, it consisted of coins wrapped in red, one for each year of wedded life and dollar bills for green leaves. The couple also received a shower of lovely gifts from the guests.

Present for the observance were Messrs. and Mrs. Joe, Ferd and Walter Luttmers and their families, Lambert Beyer and children, Joe Kathman, Gus Lutkenhaus, Mrs. George Lutkenhaus, Henry, Alfred and Wilfred Luttmers.

Mrs. Albert Mosser, Mrs. Clara Mosman, Mr. and Mrs. Joe Nichols all of Gainesville, Mr. and Mrs. Ben Luttmers and son of Valley View, Mr. and Mrs. C. H. Albers and sons of Dallas and Ferd Luttmers of Lindsay.

### SH Students Attend Cinerama Saturday

Thirty two students of Sacred Heart school accompanied by Father Christopher Paladino, Mrs. Paul Fisher and eight Benedictine Sisters were in Dallas Saturday to see "Seven Wonders of the World" at the Melba Theatre.

The special showing for children and teachers of parochial schools of Dallas-Fort Worth diocese began at 10:30 a.m. and closed at 12:45 p.m. Admission was at special reduced prices.

The color and magnificence of a trip to St. Peter's Basilica at Rome for the closing ceremonies of the Marian Year was one of the high lights of the Cinerama production.

Local students went in a school bus driven by Father Christopher and the Sisters went in a station wagon driven by Mrs. Fisher.

Mr. and Mrs. Jimmy Lehnertz and three children joined the Muenster group for attendance at the show. They had gone to Dallas the day before and were overnight guests of her sister and family, the Joe Gehrings.

### Rev. Kammer Talks On Education at Home-School Meet

Addressing Sacred Heart's Home-School Society Monday night, the Rev. Michael P. Kammer, J.S., principal of Jesuit High school in Dallas, as guest speaker, elaborated on "Improvements in Education and Scholarship."

He pointed out the need of lay educators and leaders and urged parents to work for a full education for their children through high school and college. This, he said, is vital today to equip young people with the knowledge they will need in a highly competitive world. He also stressed the urgent need of more reading in the home and the general use of the dictionary.

Father Kammer was introduced by Father Christopher Paladino. The address preceded the organization's business session at which President Andrew Schoech presided.

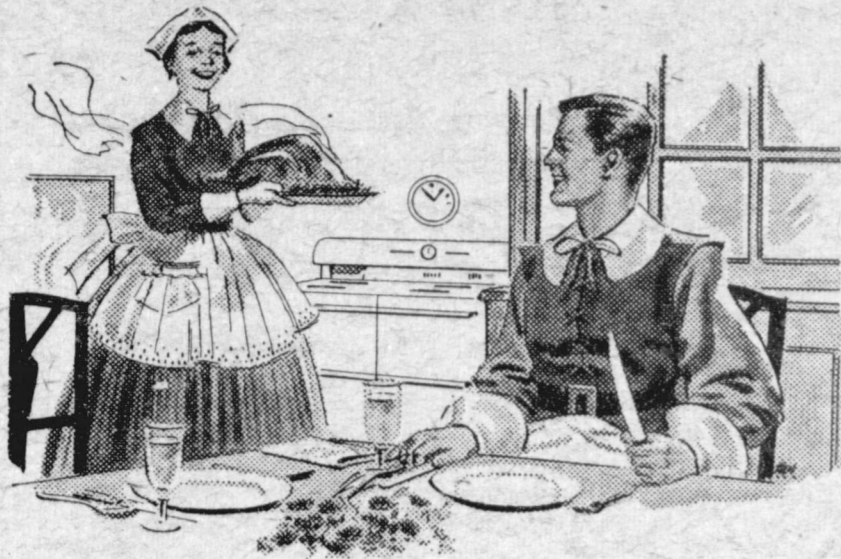

Members favored a "Suggestion Box" and this will become a regular feature of future meetings.

Father Christopher read a letter from the head of the diocesan school insurance suggesting that a trust fund be set up for Frank Fleitman to help in his rehabilitation. Father Louis Deuster commented on this briefly and said that plans are being made in this regard and will be presented to the parish in the near future.

Sixty eight members were present and visitors brought attendance to more than one hundred. A social hour and refreshments followed adjournment. The meeting was held in the grade school auditorium.

November 22 was Thanksgiving Day for the Joe Walter family. Joining them for dinner at their home in Gainesville were their children Rita of Our Lady of the Lake College in San Antonio, Johnny of Subiaco Academy, Mr. and Mrs. Barry Blevins and children of Ardmore, the Ed Sickings and family of Muenster, Jimmy Walter and Mr. and Mrs. Bill Graham of Gainesville.

## Modern Pilgrims

cook Electrically, of course . . .

It's a far cry from the early days of the 17th century when the Pilgrims had to do their cooking the hard way. But today's Pilgrim has really made progress . . . thanks to electricity! That Thanksgiving turkey stays juicy and tasty when it is baked in an electric oven that's insulated on all six sides . . . for faster, cooler, healthier cooking. It'll be a day for real thanksgiving . . . when you see your appliance dealer for an electric range.

LIVE BETTER, ELECTRICALLY!

Another sign of Pilgrim's progress: the forever-fresh kitchen! 'Cause Reddy Kilowatt cooks so clean! Means less house-cleaning time, less redecorating expense.

## LOOKING AHEAD

by Dr. George S. Benson  
 DIRECTOR — NATIONAL EDUCATION PROGRAM  
 Severy, Arkansas

### WILL HUNGARY DIE IN VAIN?

What will be the attitude of the United States government towards the Soviet Union now that its true nature has been displayed in all its naked brutality in tragic Hungary? You and I and the other 168 million citizens will decide that question by doing something or not doing something about it. Here are some questions we first must ask ourselves: Should our governmental leaders continue to clink highball glasses with the Communists at gay festivities? Should our foreign policy be one of prostrating the U.S. before the Red Masters, pleading again for "co-existence?"

Should Bulganin, Khrushchev and Malenkov be invited to America and be feted at official governmental functions, as they were in England recently (and as had reportedly been planned by our State Department)? If you think the answer to these three questions should be, No; then you had better write the President of the United States, the Acting Secretary of State, Mr. Hoover, and your representatives in Congress and tell them so.

### We Need To Write

Our governmental leaders are sensitive to the wishes of the people, but only if those wishes are expressed. The President, under our American political system, makes the foreign policy; and the State Department carries it out, but the Congress wields a powerful influence on it. If sufficient Americans do not express themselves we may drift for a while in our present official attitude of shock and injury and then slip back again into the "brotherly" acceptance of the Soviet Union and its Masters. This would be tragic to all the world.

There is, of course, no difference in the Communism displayed in Hungary and the Communism that has been in action in all the subject nations year in and year out. The Communists' crushing of the long suffering people of Hungary was spectacular because for a brief period a true account of their actions

got to the outside world. Identical methods of crushing out resistance have been used in all the other countries now controlled by the Reds — and these actions have been well known to those responsible for our foreign policy.

### Tide Of Terror

The reign of terror conducted in China by the Moscow-trained Mao Tse-tung is clearly described in TIME Magazine last March. The article is entitled "High Tide of Terror" and is illustrated with photographs showing groups of Chinese men, women and children actually being shot in the backs of their heads by Communists wielding rifles and machine guns. These photographs of the dead lying sprawled on the fields of China create the same revulsion which one feels today when viewing photographs of the Communist butchery in the streets of Budapest.

"Foreign specialists, carefully sifting reports from refugees and other sources, estimate," said the TIME article, "that at least 20 million Chinese have been deprived of existence, done away with, or otherwise disposed of. This does not include 23 million believed to be held in forced labor camps. These are figures that stagger the imagination. In no previous war, revolution or human holocaust, either in the days of Tamerlane or in the time of Hitler, have so many people been destroyed in so short a period." When this was written the U. S. was helping to make Communist leaders look respectable.

### A Turning Point?

The TIME article makes a significant observation: "Because it is hard for the mind to visualize so vast a slaughter in human terms, the Communists have been able to reap an advantage from the very size of their funeral pyre: many Westerners, finding the monstrous incredible, cannot see the blood on the hand of pretended friendship proffered by Chinese Communist Leader Mao Tse-tung."

Hungary, with all its terrible tragedy, could prove to be the turning point in Communism's relentless march toward world domination. If the political leaders and all the people of the free world now demonstrate the characteristics of morality in keeping with freedom, they can never again accept the leaders of Communism in the society of decent people. By condemning the Red monstrosity before the world, the boiling spirit of revolution throughout the whole Communist empire could be kept alive, and one day Communism would be crushed out. The voice of every American should be heard in the White House, in the State Department and in the Congress. Will you accept this responsibility?

## America's Public Enemy No. 1

By John J. Kane, Ph. D.

WE HEAR so many discussions about establishing harmony between racial and religious groups. Yet, hardly a word is raised against our increasing divorce rate—a disruptive force undermining the foundations of society.

If we cannot establish harmony between two people who love each other enough to enter into the sacred bond of marriage, hopes of inter-group and international harmony seem even more distant and unlikely.

IT IS NO exaggeration to state our most serious social problem is the divorce rate. One authority has stated that four out of every ten marriages occurring in a given year will be broken by divorce or separation within five years. American divorce rates have shown an almost steady climb since 1887 when such statistics were first collected. Today the population of the United States is about five times what it was in 1870; the number of divorces almost forty-five times as great.

The problem of current marital instability is by no means a simple one. The answer is not so much a matter of marital difficulties, which are almost

much a part of marriage as the wedding ring, but how you perceive them and how you perceive marriage. And here is where Christian social thought becomes vital. We must see marriage as a permanent institution established by God with clearly defined roles.

WHO IS to define these basic roles? Can society alone define them? Does the Creator of man and woman have any place in working out the definition? In too much of American life, everyone but God has a right to define marriage roles.

God has ordained the ends of married life: one man and one woman, living together to lead each other and their children to happiness in heaven. Losing sight of these ends for any hope of selfish pleasure is to miss the point of marriage—it is to forget why you are married at all.

WHEN ROLES are vaguely defined, personal insecurity is generated. Insecure individuals cannot be happy, so marital conflicts multiply and carry many persons to the divorce courts.

If we are to achieve harmony and security in other phases of our national life, we must have it first in our families. Christian social teaching gives us God's program for a sound family relationship. We need only the courage to promote this teaching and put it into action.

From where I sit ... by Joe Marsh

### The Kid's Learned to "Take Charge"

I was down at Buck Benson's store the other day when a fellow came in with a six-year-old boy—obviously his son.

While the fellow was looking over some stuff on the counter, Buck handed a free peppermint stick to the boy, who promptly tore off the wrapper and went to work on it.

The father seemed quite put out about his son's lack of manners and held up his hand to stop him. "What do we say when Mr. Benson gives us something?" he demanded. "Charge it," replied

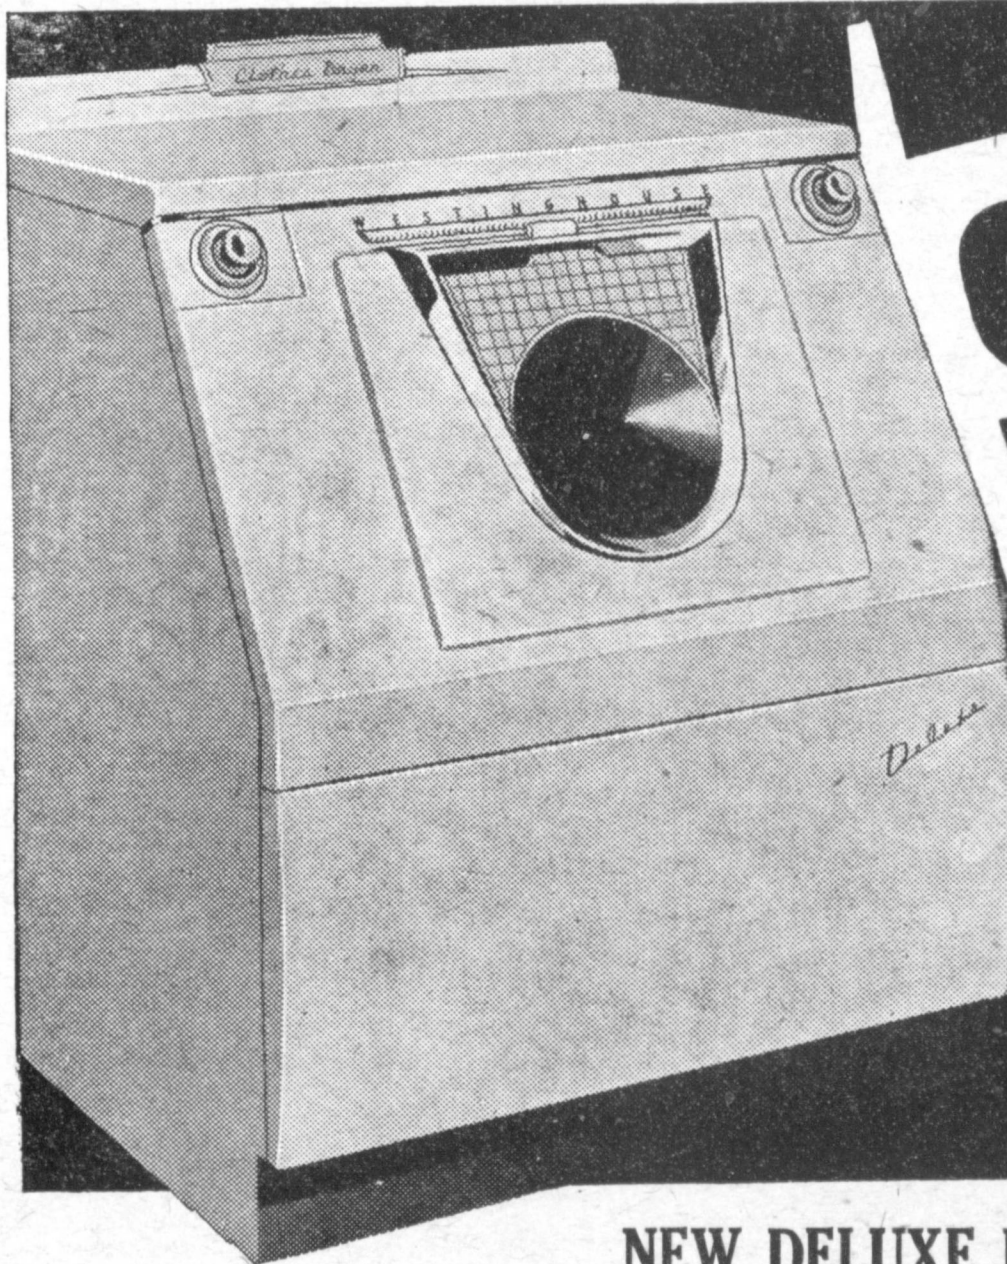

the kid without hesitation.

From where I sit, children aren't the only ones who "repeat things" without knowing what they're talking about. For instance, I'm convinced that many of those who speak out against the old American custom of enjoying a glass of beer after work are just parroting what they've heard others say. It's better to get the facts—then make up our own minds—and permit our neighbors to do the same.

**DARI-KOOL will pay for itself in use. HERE'S HOW...**

The cost of hauling milk in cans is 40 cents per 100 pounds as compared with 25 cents per 100 pounds for hauling tank milk, thus a saving of 15 cents per hundred.

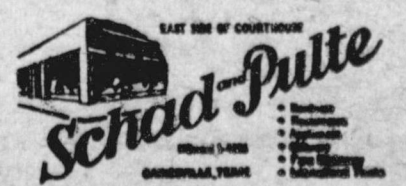

Elimination of wastage of milk spilled or left in the can at the plant is 7 cents per 100 pounds.

Improved butterfat test gained by selling all the cream instead of leaving some of it sticking to the can and lid account for another 6 cents per hundred.

**THIS GIVES A TOTAL SAVING OF 28 CENTS FOR EACH 100 POUNDS OF MILK HANDLED. THIS 28-CENT A HUNDRED SAVING WILL PAY FOR YOUR DARI-KOOL.**

A producer with an average of 10 cans of milk (86 pounds each) a day will sell 25,800 pounds per month. At 28 cents per hundred saving, he will be ahead by \$72.24 each month.

The approximate cost of a 250-gallon tank installed is \$2,400 with interest of \$216 for a total of \$2,616. This can be divided into 36 monthly installments of \$72.11 each. **THUS YOUR SAVINGS MAKE YOUR PAYMENTS FOR YOU.** This estimate is without down payment or trade-in, which would cut the principal and monthly payment substantially.

### Building And Improvement Notes

The newest of the new homes in Muenster are now occupied. The Dan Haverkamps have moved into their place on Hickory and the Joe Fettes are at home on First Street.

Since Monday Eddie Krahl and family are living in their house in the 300 block of Elm. They moved it to town from the old Camp Howze area, spent a couple of weeks making it livable and expect to spend several more weeks on the finishing touches.

The J. C. Trachtas are settled down again after a general repair and remodeling job on their home.

The biggest of the town's current building jobs is still the Muenster Milling Company. Machinery and equipment installations there should be complete late in December.

Dixie Drug will be next in improving the appearance of Main Street. The battered old section of sidewalk has been replaced with new concrete to the curb and the old front is being replaced with a modern brick and plate glass wall.

Interior improvements have been finished at Wiese Jewelry and the Ace Cafe. It's additional display space at the jewelry store, new drapes, paint and built in booths at the cafe.

Due for moves in the near future are the old Charm Shop and bank buildings. Both are now on temporary location in the city's restricted zone and are being moved to comply with the building code. The old Charm Shop will go to the 100 block of Walnut. The old bank will go to an adjoining location unless it is bought within the next few days for removal to some other place.
