

Janie Hartman photo

West Sixth Street in Muenster, just west of Muenster Memorial Hospital, has been covered with water and not passable several times recently as heavy rainfalls pushed water from swollen creeks, ponds, and lakes onto roadways and other areas in their pathways. This photo was taken Monday morning after heavy rains fell on Mother's Day. People are urged not to walk or drive through areas that have been covered with water. It is against the law to drive around or to move barricades blocking traffic from flooded roads.

Excess rains carve path of damage through County

Janet Felderhoff
News Editor

"Please, Heavenly Father send us rain," was a prayer uttered by many in 2014 and years prior to that. Now those prayers have been answered with bountiful quantities of rain. So much rain that many are experiencing problems caused by excess water.

Thursday, May 7, storms in Cooke County dealt a heavy blow. In a press release on Friday, May 8, County Judge Jason Brinkley stated, "After a night of heavy storms and flooding, Cooke County experienced a weather related fatality. Cooke County resident Brandon Henegar, age 36 of Gainesville, was found in his vehicle in a creek three quarters of a mile south of Spring Creek Road in a remote area. His vehicle

appears to have been swept away due to high water.

"Additionally, severe flooding is considered to be a major factor in a train derailment one mile south of Valley View, resulting in non-life threatening injuries to four BNSF employees."

Judge Brinkley also reported that Thursday's storm caused considerable damage at Era ISD. Classes were cancelled on Friday due to damage to the school building and campus. Grades K, 1st, and 2nd did not have school on Monday or Tuesday due to the damage.

Area roads sustained damage from rains that fell on Thursday, Friday, Saturday, and Sunday. On Monday, Texas Department of Transportation (TxDOT) released a list of roads in Cooke and Montague counties that have sustained damage and

were closed. Cooke County's list included:

- I-35 Red River underpass closed due to flooding. One exit ramp in the area is also affected. It will open when safe to do so.

- FM 922 had water on the roadway from Hemming Road to FM 2071. FM 922 closed in areas of flooding. FM 922 will open when safe.

- FM 1199 was closed at the Sycamore Lake T north of Lindsay. Roadway has been washed out. No time estimate on reopening.

Roads listed in Montague County included:

- FM 1806 was closed due to cave-in three miles west of Stoneburg near Bowie Lake. A temporary bridge was to be installed on Thursday weather permitting. The temporary structure will only accommodate cars and pickups. Large trucks

will have to continue using county roads until TxDOT rebuilds FM 1806. This repair is dependent on good weather.

- FM 677 is washed out north of Saint Jo, 2.5 miles and south of FM 1956. No estimate on reopening.

- FM 3206 is closed until further notice South of Saint Jo five miles west of FM 677. No estimate of reopening.

Commissioners reported in their regular meeting Monday that many of the county roads sustained damage from rushing water from the four days of tor-

rential rains. Some roads have slight damage, others considerable damage, and a few are damaged to the point that they have been closed to traffic.

Precinct #4 Commissioner Leon Klement reported that the tinnhorn just placed on CR 415 last year had washed out Sunday night. The tin-

horn washed out, leaving a 15 foot drop off. That road is closed to traffic until repairs can be made.

Also closed is CR 351 due to washing at the bridge where the railroad used to cross. Closed are CR 406, CR 413, CR 415, and CR 460 east of Marysville is gone.

Stoffels wins seat

Janet Felderhoff
News Editor

Craig Stoffels and Jeff Flusche are the new faces on the Muenster ISD Board of Trustees. The two new Board members, along with incumbent Kimberly Hess Walterscheid, were sworn in following canvassing of the votes at the regular Board meeting held on Wednesday, May 13.

Walterscheid serves in Place 6 and Flusche and Stoffels serve in Place 7 and Place 5 respectively.

Richard Dangelmayr held Place 5 but did not garner enough votes to retain it. Stoffels received 125 votes to Dangelmayr's 64 to win that position. Flusche fills the seat vacated by Steve Trubenbach who did not file for another term.

Walterscheid and Flusche were unopposed. Walterscheid received 148 votes and Flusche 161.

There were 189 votes cast in the election including 40 early votes.

MHS named to national list

On April 30, the Texas Education Agency released a list of 400 campuses identified as High Performing based on statewide reading and mathematics assessments under the Texas State Accountability System in the 2013-14 school year and Muenster High School's high percentage rates of students graduating from high school.

Muenster High School was joined by six other Region XI schools including Monaco Elementary School in Aubrey, Huckabay School, Fort Worth Academy of Fine Arts, Alice Ponder Elementary in Mansfield, Cross Timbers Elementary in Azle, and Carroll Middle School in South-

The large culvert or tinnhorn placed on CR 415 last year by Precinct #4 to facilitate water drainage washed out Sunday evening, leaving a 15 foot drop-off. That road is closed to traffic until repairs can be made.

Commissioners ask residents to use caution on roadways

Janet Felderhoff
News Editor

Members of Cooke County Commissioners Court expressed concern for County residents at their regular meeting held Monday, May 11. Recent heavy rains have caused havoc on area roads and bridges.

Precinct #1 Commissioner Gary Hollowell urged people to use caution on county roads right now.

Precinct #4 Commissioner Leon Klement noted that

he has five roads closed. He added, "The dams and spillways in Precinct #4 went around the spillways last night. There is a lot of damage and everybody's got to be really careful. Please, don't go around the barricades!"

Hollowell added that there had been at least two water rescues in Gainesville. "I just wanted to caution folks to avoid driving on the edges of the road for now, if they can do so safely. The flooding has eroded the edges of the road and washed the roads

off the end and away from some culverts.

"And as always, please don't drive through water."

The County is working to make improvements as fast as possible but because of all the rain there is no dry materials to use for repairs.

"We really appreciate the public's patience and support. There is only so much you can do. Most of us have six to seven guys covering 180 to 200 miles of road, so it's a pretty good challenge."

See COUNTY, pg. 2

Muenster PD joins Click It or Ticket campaign

The Muenster Police Department will be participating in the "Click It or Ticket" campaign in conjunction with the Texas Department of Transportation. Muenster Chief of Police Tom Barr remarked, "We encourage everyone to be certain that everyone in the vehicle is Buckled Up! MPD will be aggressively enforcing all Safety Restraint System statutes."

"Click It or Ticket" campaign warns Texans of deadly consequences of See TICKET, pg. 3

Janie Hartman photo

Sunday's heavy rains over-filled Muenster Lake, shown here Monday morning after the level already began dropping. Standing on the boat ramp, looking north, no fishing dock can be seen, as it was totally emerged in the water.

Scammers targeting grandparents

Janet Felderhoff
News Editor

People who would rather spend their time trying to cheat others out of their hard-earned money rather than doing an honest day's work are at it again in the Muenster area.

A local grandmother asked that we tell her story so that others are alert to the scam. This person received a call from somebody claiming to be her grandson. He said that he was in Puerto Rico and had been in an accident. He claimed he'd had a bit too much to drink and so he was put in

jail. It did not sound like her grandson, but he claimed that his allergies were acting up and that was the reason.

Then the "grandson" put his "lawyer" on the phone. The lawyer claimed this had to be kept confidential and she could tell nobody. She was supposed to send money to get the grandson out of jail.

The local resident said that the guy was very convincing and she was tempted to believe him. Her husband warned her to hang up. She did and then she called her grandson. She found him safe at work where he

should have been.

This scam has been tried on other area grandparents. Those who believed it ended up losing money for nothing because it was not actually their grandchild, just a scam.

Do not send money or give credit card information to these callers. If you are in doubt, call the local police department and they will help you. They encourage people to contact them about these calls. Do not be taken off-guard and end up losing money or revealing personal information such as credit card and bank account numbers, etc.

RISING RED RIVER - The Red River used to be a wide muddy bottom stream. Sunday morning it was moving swiftly and up to its banks. River water spilled over into nearby pastures and caused the I-35 Red River underpass to be closed due to flooding. This photo was taken at the Taovayas Bridge near Illinois Bend.

MHS HONORcontinued from pg. 1

lake. "While we talk of the need to close the education achievement gap, the real work in accomplishing that goal is already taking place on these campuses," said Commissioner of Education Michael Williams. "Whether identified as high-performing, high progress, or both, we should be proud of

what's taking place at these schools and what it means for the future of Texas."

"Being among this select group of schools is quite an honor," stated Muenster ISD Superintendent, Steven Self. "The support our students get from their homes and community plus all the efforts of the ele-

mentary staff has assisted our dedicated high school staff in this achievement. These accomplishments do not happen by chance or because we sometimes have a good year. They happen because of a dedication to consistently working together - home, school, community."

COUNTYcontinued from pg. 1

Klement remarked, "You would not believe the number of people who are just out driving. That big tinhorn that washed out last night, at 8:30 it was fine. When I got down there, there was about a foot and a half to two feet of water on the road. You could not see that it was gone. If you were driving through it, you would have just driven off it into about a 15 foot deep hole full of water."

The Commissioners commended the County dispatchers and Sheriff's office, residents who reported damage or pulled trees off the roads, volunteer fire departments, and everybody who had been working well together during the storms and their aftermath.

Cooke County's depository contract was awarded to Landmark Bank. Prosperity also submitted a bid that was very similar to Landmark's. County Judge Jason Brinkley remarked, "It's my recommendation and the recommendation of our Auditor and Appraiser to stick with Landmark. Any difference that there is would be eaten away in cost in the transfer over to another de-

pository." The Court voted unanimously for the Landmark bid which is for a two year period with an option for a two year renewal.

On the agenda was possibly approving a tax abatement between Cooke County and Orison Holdings, LLC for the construction of an apartment complex within the City of Gainesville. Judge Brinkley said that although he had spoken to the City of Gainesville about the abatement, he'd had no contact with the applicant.

"My recommendation at this time would be to table this," said Brinkley. "Before we consider giving them anything as far as an abatement is concerned, I would like a chance to actually sit and talk with them."

Commissioner Leon Klement said he hadn't gotten a chance to read the proposal. The agenda item was tabled until the next Court meeting.

The Road Use Agreement documents with OwnEnergy for the construction of the Muenster Wind Farm were still being worked on. That item was also left on the table for the next Court.

Consent agenda items ap-

proved by the Court included:

- Contract with Woodbine Water Supply Corp. for the installation of a fresh water line on CR 232 and CR 215.
- Contract with Two Way Special Utility District to install a road bore for the connection of a fresh water line on CR 130.
- Annual renewal agreement between Cooke County and Fleitman Backhoe Company for aerobic septic system maintenance.
- Annual renewal between Cooke County and Lake Kiowa Landscaping and Septic for septic maintenance services at the EMS- Woodbine Station.

Notice

The Texas Tech Alumni Association's Cooke County Chapter will host a Happy Hour Mixer at Ebb Tide Sports Bar in Gainesville on Thursday, May 21 from 5 to 6 p.m. All area former Texas Tech students and friends of the university are encouraged to come mingle with other Red Raiders.

RAINScontinued from pg. 1

Precinct #3 Commissioner Al Smith noted that abutments to bridges have washed away in his Precinct. Those include bridges on CR 320, CR 322, and CR 329. He anticipated that CR 320 and CR 322 would be passable by that afternoon (May 11) and Tuesday. He said that there are areas with huge washes where roads have lost all their gravel. He planned to begin work to make them passable as soon as possible. He felt that all roads would be passable by the end of this week. CR 321 has had standing water from a government dam that backs water up under extreme flood conditions.

Commissioner Smith conservatively estimated the damage to be at least \$300,000 for Precinct #3.

Commissioner Klement said he could not begin to know for some time what the cost might be from all the heavy rain damage. Klement said he didn't think \$300,000 would come near to what it would be. He said his crew worked Saturday and Sunday to clear debris from culverts, thus cutting down on what the damage could have been.

Klement said it costs about \$20,000 to gravel a mile of road that is 24' wide.

Muenster Knight of Columbus mopped up water that seeped into their KC Hall. Sacred Heart Elementary had water seeping into its basement causing the events scheduled there to be moved.

Since May 1, Carol Vogel,

Muenster's official record keeper for moisture, has documented 11.85 inches of rainfall in her official gauge. In April, she recorded 8.95 inches. From the first three months of 2015, there were 10.00 total inches recorded. That brings Muenster's official rain total from Jan. 1 until Tuesday, May 12 to 30.80 inches. That is more than this area receives in some years for all 12 months.

Rainfall has been recorded for Muenster since 1946 when Steve Moster took on the responsibility of recording Muenster's moisture. When Steve could no longer do the job, his wife Mary took it on. She eventually handed the job over to Janette Hess who kept the records for some years and then she gave the job to her sister Carol Vogel who has been keeping them for the last several years.

Ten years averages for Muenster are: 1946-55 - 33.21; 1956-65 - 34.15; 1966-75 - 36.18; 1976-85 - 34.01; 1986-95 - 32.73; and 1996-2005 - 35.17. The average of 10 year averages for Muenster is 34.241, which means the town is close to reaching its average rainfall within the first five months of 2015.

Runoff filled area lakes, ponds, creeks, and low lying areas. The ground is saturated and there is no place for additional water to go. On Sunday, May 10, the National Weather Service in Fort Worth issued this warning, "Flood warning for the Elm Fork Trinity River at Gainesville until Monday

afternoon or until the warning is cancelled. At 5:45 p.m. Sunday, the stage was 21.12 feet. Flood stage is 22.0 feet. Minor flooding is forecast. The river should rise above flood stage by Sunday evening and continue to rise to a crest near 22 feet by Monday after midnight. The river should fall below flood stage by Monday after midnight."

More rain was predicted beginning Wednesday through the remainder of the week and weekend.

The National Weather Service promotes this, "Turn Around Don't Drown® - Each year, more deaths occur due to flooding than from any other thunderstorm related hazard. The Centers for Disease Control and Prevention report that over half of all flood-related drownings occur when a vehicle is driven into hazardous flood water. The next highest percentage of flood-related deaths is due to walking into or near flood waters. People underestimate the force and power of water. Many of the deaths occur in automobiles as they are swept downstream. Of these drownings, many are preventable, but too many people continue to drive around the barriers that warn you the road is flooded. A mere six inches of fast-moving flood water can knock over an adult. It takes just 12 inches of rushing water to carry away a small car, while two feet of rushing water can carry away most vehicles. It is NEVER safe to drive or walk into flood waters."

Obituaries

Agnella "Nellie" Martin 1923 - 2015

Agnella Martin

Funeral for Agnella "Nellie" Martin, age 91 of Muenster, was held at 10 a.m., Saturday, May 9 at Sacred Heart Catholic Church in Muenster with Fr. Ken Robinson officiating. Burial followed at Sacred Heart Cemetery under the direction of Scott Funeral Home of Muenster. Rosary and visitation led by Fr. Ken was held at 5 p.m., Friday, May 8 at the funeral home.

Patti of Burkburnett, and Pete Abbott of Atlanta, GA; great-grandchildren Caleb and Chloe Sandmann, Kenzie Stapelton, Wes Abbott, Tara Abbott, Toby and Zoey Whitford, Aspen, Kady, Hayden, and Chayce Whitford, and Parish Whitford; seven great-great-grandchildren; sister Clara Walterscheid; and sister-in-law Regina Pels.

Mrs. Martin died May 6, 2015 in Denton. She was born Aug. 28, 1923 on the Pels Farm northwest of Muenster. She married Lawrence Martin on Aug. 27, 1947 at Sacred Heart Church.

Nellie was preceded in death by her husband Lawrence; parents Henry and Anna Lummel Pels; sisters Theresa Muller, Marie Knauf, Esther Weske, Sr. Imelda Pels, and Leona Pels; brothers Ed and Henry Pels; and grandson Russell Abbott.

Nellie was a cook at the Sacred Heart lunch room for 39 years, retiring in 2003. She was a member of St. Anne's Society and the VFW Auxiliary. Her hobbies included crocheting, bird watching, cooking and baking, playing games, listening to the Rustler's Band, and spending time with her grandchildren.

During the funeral Mass, Yvonne Sandmann gave the First Reading, the Second Reading, and the Prayers of the Faithful. Offertory Gifts were brought up by Caleb and Chloe Sandmann. Eucharistic ministers were Janet Voth, Kathy and Dennis Hess, Theresa Walterscheid, and Viola Rohmer.

Survivors include her children Douglas Martin and wife Laura of Myra, Ernest Martin and wife Laneta of Muenster, and Estelle Gilpin and husband Ike of Lindsay; grandchildren Joey Martin and wife Jeanie of Gainesville, Yvonne Sandmann and husband Nathan of Valley View, Crystal Bryant and husband Adam of Valley View, Ronnie Ray Whitford and wife Tabatha of Crowley, Josh Whitford and wife

Music ministers were Doug Yosten, Diane Grewing, and Christy Hesse. Songs included "On Eagle's Wings," "Psalm of the Good Shepherd," "Seek Ye First," "O Lord I Am Not Worthy," "Be Not Afraid," "Amazing Grace," "Edelweiss Blessing," and "How Great Thou Art."

lunch room in 1964 until her retirement in 2003. "In 1992, Grandma Martin was chosen as the Honoree of the Year from Sacred Heart... an outstanding example of Christian service in the Catholic education because of her many years of love and service... Her dedication was also extended to the parish as she cooked for many parish picnic dinners over the years..."

"Grandma was known for her homemade cinnamon rolls and turkey and dressing... She was the best cook... My grandma meant the world to me..."

She told of wonderful memories of time spent with her grandma.

Pallbearers were Joey Martin, Nathan Sandmann, Leon Knauf, Dave Muller, James Walterscheid, and Milton Knauf. Honorary pallbearers were Caleb Sandmann and Chloe Sandmann.

Goldsworthy receives State Farm recognition

Gainesville State Farm Agent Jim Goldsworthy has earned State Farm's prestigious President's Club designation. Established in 1956, the insurer's President's Club celebrates a limited number of the Company's leading agents from across the country. The distinction of this achievement is noteworthy, since only 50 agents are named each year, out of the Company's 18,200 agents

from across the nation. This is the 11th consecutive year the Jim Goldsworthy Agency has been a Top 50 producer in State Farm. Goldsworthy has been a State Farm agent for 23 years in Cooke County. "I am honored to be a part of the President's Club. I truly enjoy being a State Farm Agent because I believe in the products we sell and the company that I represent,"

Goldsworthy said in a news release. "My team and I strive to help our customers obtain the products and services that are best for them in their specific situation in life." State Farm is the leading insurer of cars and homes in Texas and the nation.

In addition to auto and home insurance, State Farm sells life and health insurance, and financial services products. Twenty-five percent of Texas households have a State Farm product. Texans have come to rely on the quality people, outstanding service, innovative products, integrity, and financial strength of State Farm Insurance Companies.

TICKETcontinued from pg. 1

not buckling up
The simple, law-abiding habit of wearing a seat belt can protect thousands of Texans from serious injury or death. Yet, many people still refuse. For them, the Texas Department of Transportation is launching its 14th annual statewide "Click It or Ticket" campaign to augment the federal, stepped-up enforcement period, May 18-31.

seat passengers.
In 2014, 2,587 motor vehicle traffic crashes occurred in Texas in which unrestrained vehicle occupants sustained fatal or serious injuries. Wearing a seat belt helps keep occupants from being ejected in a crash and increases the chances of surviving by 45%. In pickup trucks, that number jumps to 60%, as those vehicles are twice as likely as cars to roll over in a crash.

"It's heartbreaking to know lives are being lost on Texas roadways because people are still not buckling up," said John Barton, TxDOT deputy executive director. "These motorists have friends and families who will never get over the loss of their loved one. It's really simple. Seat belts save lives. Every single individual in a vehicle needs to be buckled up."

The "Click It or Ticket" campaign, combined with enforcement, is credited with motivating millions of motorists to always use their seat belts. Only 76% of Texans used seat belts when the campaign started in 2002. Today, nine out of 10 Texans buckle up. The National Highway Traffic Safety Administration estimates that since its inception, the "Click It or Ticket" campaign in Texas has resulted in 4,319 fewer traffic fatalities while preventing 72,926 serious injuries and saving more than \$16.7 billion in related economic costs.

If the deadly consequences aren't enough to motivate seat belt use, fines and court costs can total up to \$200. In Texas, the law requires everyone in a vehicle to be buckled up, including back

Register now for DOEP education program

Texoma Community Center's Offender Education Program will offer the next Department of State Human Services Licensed Drug Offender Education Program (DOEP) starting on June 1. Classes are held Monday through Friday, June 1 through June 5 from 4-7 p.m. at 315 W. McLain Street in Sherman.

Pre-registration appointment is required. Call Kristi Gourd, program administrator, at (903)957-4743 or Jessica Phillips, program instructor, at (903)957-4851 to schedule or with further questions.

Fee for classes is \$75 (cash or money order) and is due at the time of registration.

Irene Sicking 1921 - 2015

Mass of Christian Burial for Irene Eva Luttmer Sicking was held at 10 a.m., Monday, May 11 at Sacred Heart Catholic Church with Fr. Ken Robinson officiating. Burial was in Sacred Heart Cemetery under the direction of Scott Funeral Home in Muenster. Rosary and vigil were held at 7 p.m., Sunday, May 10 at the funeral home in Muenster. Mrs. Sicking died Friday, May 8, 2015.

great-grandchildren Taylor and Parker Skipworth.

Funeral for Brandon Charles Henegar, age 36 of Gainesville, was held Wednesday, May 13 at First Baptist Church in Gainesville with the Rev. Roy Prather officiating. Burial was at Pilgrim Rest #1 cemetery in Emory, TX.

Brandon Henegar 1978 - 2015

He was employed with BNSF and formerly with Gainesville High School. He was a member of First Baptist Church, Gainesville. He will be remembered as an amazing husband and Dad and loving son and brother.

Survivors include his wife Karla Henegar of Gainesville; children Kyler Henegar and Charlee Henegar; grandfather Charles and Nora Chandler; parents Mike and Debbie Henegar of Tulia, and Linda and Greg Tibbets of Scurry; sister Tav-

ie and husband John of Forney; brother Ryan Tibbets of Arkadelphia, AR; step-brothers Jason and Christy Swift of Lubbock, Cody and Misti Swift of Amarillo, and Corey and Karinton Tibbets of Montgomery; sister-in-law Kayla and Brad Andrews of Plainview; brother-in-law Matthew and Amy Prather of Celina; and many nieces and nephews.

Irene was born in Gainesville on Nov. 11, 1921 to John and Mary Luttmer. She was a simple and quiet woman who was a hard worker. She loved flowers, gardens, animals, and working on a dairy farm.

She was preceded in death by her parents; husband Alfreid Sicking; sisters Gertie and Elsie; brothers Arthur, Joe, and Leonard Luttmer; daughter Lynette; and son Alvin.

Brandon was born Aug. 18, 1978 in Plainview. He died May 8, 2015, apparently due to his vehicle being swept away in high water flooding.

Survivors include his wife Karla Henegar of Gainesville; children Kyler Henegar and Charlee Henegar; grandfather Charles and Nora Chandler; parents Mike and Debbie Henegar of Tulia, and Linda and Greg Tibbets of Scurry; sister Tav-

A memorial fund for the Henegar family is set up at First State Bank in Gainesville.

The family of Nellie Martin
wishes to express their deep appreciation to those who have offered such kindness, support, food, Masses, flowers, prayers, donations to the Sacred Heart School Cafeteria, Sacred Heart Trust Fund, and messages of sympathy and comfort in our bereavement. We especially wish to thank Father Ken for the beautiful services, the musicians at Mass, and the Catholic Daughters who prepared the meal. Your love and support for our family has been very much appreciated during this time of loss.

The Nellie Martin Family

The family of Harry Scoggins would like to express our heartfelt thanks during the loss of our loved one. Special thanks to Father Ken for the beautiful Mass service and for visits to the hospital and resthome. His prayers were a comfort to the family. Thanks to the music group for the beautiful songs, the Mass servers, the KCs for the use of the hall, and Catholic Daughters for the delicious meal. Thanks to our most loving and caring parish and community for all the food donations, Mass offerings, for all the food brought to our home, the food donated for funeral dinner, cards, flowers, donations to charities, visits, and other acts of kindness.

The Lindsay Knights of Columbus annual fish fry raised \$3,280.97 for Abigail's Arms Cooke County Family Crisis Center. According to Don Metzler, this is the largest amount ever raised. These much needed funds will be used to offer resources to families struggling with family violence. Pictured are, from left, Jim Ott, Matt Bezner, Ginger Johnson (director of Victims Services for Abigail's Arms), Jerry Metzler (in back), Don Metzler, Glenn "Tic" Block, Pat Bezner, and David Fleitman.

Mud event canceled

Due to the relentless rain and flooding conditions, M-o-o-ving Thru The Mud With Landon has been RE-SCHEDULED FOR SATURDAY, JULY 25. Folks may continue to register on-line at mudwithlandon.com until July 22. To guarantee a T-shirt, please register by July 6. They hope that everyone will be able to join them for some cool and refreshing muddy fun in July!

"We apologize for any inconvenience this may cause. Since this is a fundraiser for the non-profit Hope for HH, there will be no refunds for those that have already registered," noted event sponsors.

Gary and Clarissa Hess of Muenster announce the engagement and approaching marriage of their daughter Hayley Hess of Muenster to Greyson Evans of Muenster. Greyson's parents are Hal Evans of Muenster and Lee Gabriel of Hurst. The couple will marry in Sacred Heart Catholic Church on June 27, 2015 at 2 p.m. with Fr. Ken Robinson officiating. The bride-elect is a 2011 graduate of Sacred Heart School and earned her Associate Degree in Nursing from NCTC in 2014. She is currently working as a registered nurse at Mercy Hospital in Ardmore, OK. The future groom graduated from Sacred Heart School in 2011 and is employed by Nortex in Muenster. Following their marriage, the couple will reside in Muenster.

Two opportunities to show you care through United Way

Day of Caring is a call to action - it is bringing together local volunteers to form teams for a few hours one day a year to literally act out "neighbor helping neighbor." The yard work projects will benefit several of "our neighbors" throughout Cooke County who have been referred to United Way (UW) by local agencies and churches. These "neighbors" are those who are dealing with illnesses, handicaps, and/or the challenges of the elderly who can no longer handle the work themselves and possibly find it a struggle to pay for the yard service.

How can the community help? Consider forming a team at your work place, your church and/or civic group, your friends, etc. You have two different opportunities to participate. One is the yard projects on Friday, May 29. Volunteers gather at 8 a.m. at the United Way offices (114 E. Main Street) to team up and sign up for team assignments. A light breakfast is provided; snacks, drinks, and a sack lunch is also provided. All volunteers need to bring gloves and whatever yard tools/equipment they can. Come ready to work for at least four hours. There will not be spare tools available, so please bring something even if it's a rake! Some of the projects could be finished in a couple of hours, most of the projects can be finished by noon. However, there could be one or two that will take into the afternoon. Volun-

teers need to pre-register by Friday, May 22 as UW needs to know how many volunteers they have to match to the projects. Call the United Way offices 940-634-9122 for sign up information.

The second opportunity is the Day of Caring Collection Drive. This year, the collection includes; toilet paper, adult diapers, and baby wipes that are needed for three local agencies. Drop off goes from now through Friday, May 29. Volunteers will be posted outside the UW office on Friday the 29th so all you need to do is drive up and drop off!

The projects will not only get their yard cleaned up with a good detailed "spring cleaning," but hopefully this assistance will possibly simplify the care for the yard for the months to come. But it's far more than just yard work! "I think the Day of Caring this is a great partnership between United Way and local agencies and organizations," said Cheryl Davis of Workforce Solutions Texoma and United Way president. "This is a way that United Way can give back to the community. The families that we are able to help are always so grateful and appreciative of the assistance."

Angie Hare, executive director of Cooke County United Way, commented, "I cared for my elderly parents. In their final years, there were far more serious concerns and issues so beyond the fact that the yard needed to

be mowed or detailed. However, my Dad was concerned. He was a proud man and keeping his yard mowed was one of the ways he expressed that he was a good neighbor and cared for the community. Dad was in control to the very end and I mean that in every sense of the word. He wanted a haircut and wanted the grass cut! I remember it like it was yesterday, I can just hear him! My Dad's sense of pride and expression of being a good neighbor isn't any different than those we seek to serve on our Day of Caring. They, too, wish to be good neighbors, just need someone's help."

For more information on this year's Day of Caring events, contact Cooke County United Way (940) 665-1793 or stop by the offices from 8:30 a.m. to 5 p.m. Monday thru Friday located at 114. E. Main Street (corner of E. Main and S. Rusk) in Gainesville. For up to date information, "Like us" on Facebook!

Day of Caring is not responding to a crisis, it's responding to a need. A need to feel important and that someone cares. It's just the simple acts that sometimes have great impacts!

There is nothing in which the birds differ more from man than the way in which they can build and yet leave a landscape as it was before.
~ Robert Lynd, *The Blue Lion and Other Essays*

Library closed days

The Cooke County Library will be closed Saturday, May 23 and Monday, May 25 for Memorial Day weekend. It will open back up Tuesday, May 26 at 10 a.m. with regular hours.

Even with the Library closed, you can visit their website at <http://cookecountylibrary.org/> to access many of the Library's services.

Muenster to join Hwy. 82/287 Yard Sales

The City of Muenster is participating in the Red River Valley Tourism Association Hwy. 82/287 yard sale on June 5 and 6.

The Red River Valley Tourism Association (RRVTA) would like to invite you to this year's regional event of the season - the U.S. Hwy. 82/287 Yard Sale.

In the Red River Valley area, North Texas, and Southern Oklahoma, there will be yard sales, garage sales, sidewalk sales, farmers markets, and flea markets located within participating communities covering 425 miles of the Hwy. 82 and Hwy. 287 corridors and beyond. From as far as New Boston in the east, to Munday and Seymour in the west, south to Henrietta and north to Quanah, and Frederick, Oklahoma points in between, you are sure to find lots of treasures.

Along the way, participating towns will have maps available guiding shoppers to the special sales throughout their communities. Some towns will have yard sales

set up at a central location, while others may have them spread throughout the community. Still others will showcase their downtown merchants or their flea markets/trade days. In most communities, they DO NOT set-up along the highway.

Make plans now to travel through the Red River Valley region of North Texas and Oklahoma for the U.S. Hwy. 82/287 Yard Sale. You'll discover fun for the whole family—from heritage homes to historic downtowns, from art to antiques, from cattle trails to cultural facilities.

For a list of participating U.S. Hwy. 82/287 Yard Sale communities and locations where local maps and information can be picked up,

check website www.redriver-valley.info or e-mail becky@paristexas.com or call Becky at 903-784-2501.

An added feature for Muenster will be "Junk in the Trunk." Space will be available on the lot next to the Muenster Antique Mall for vendors to set up a table or sell from their trunks. Parking spaces downtown will be designed for vendors to back in to sell from their trunks or a table. Downtown stores will be having sidewalk sales. There will be no cost to participate. City maps will be provided to shoppers for sale locations. Contact Muenster Antique Mall (940) 759-5033 by May 27 to have your location placed on the map.

Parx Hays house tours set

Walk-in, self-guided tours of the historic Gainesville home of the late Margaret Parx Hays will be offered from 10 a.m. to 2 p.m. each Saturday in May. The tours are free and children are welcome. The city-approved museum is located at 101 East Pecan Street. Larger groups or school field trips may be scheduled by calling 940-736-3698.

The home is owned by David and Rose Sicking and is a western heritage museum in honor of Hays, an activist in restoring and preserving much of Gainesville's heritage.

Sponsors and golfers sought for Meals On Wheels fundraiser

Cooke County Meals On Wheels and Senior Nutrition Advisory Council are sponsoring a golf tournament on Saturday, May 23 at Turtle Hill Golf Course. Money raised will be used to pay for meals for Cooke County citizens.

The Advisory Council said that \$10,000 of last year's golf tournament earnings were dedicated to paying for meals for Cooke County citizens. Because federal funds had been exhausted, several Cooke County seniors were placed on a waiting list. Money from the golf tournament enabled them to get services to these qualifying citizens immediately. They also strive to keep the Gainesville center in excellent condition. This year, they were able to make necessary repairs and upgrades to the building.

The Cooke County Meals On Wheels and Senior Nutrition Advisory Council is a non-profit organization composed of volunteers. Its purpose is to provide support for the Meals On Wheels of Texoma, Cooke County division. The Cooke County division provides food each day to senior citizens, homebound seniors, and disabled individuals in this area.

Four centers serve meals

to area senior citizens in Cooke County. The centers are located in Callisburg, Valley View, Muenster, and Gainesville. Also, many meals are delivered by volunteer drivers. This past year, Meals On Wheels of Texoma, Cooke County division, served 41,287 home delivered meals and 6,880 dine in meals for a total of 48,000 plus meals.

Those who wish to help may donate to the golf tournament in a number of ways. Becoming a tournament sponsor is one way. For a \$1,500 donation, one becomes a Platinum sponsor which earns two team entries for eight players. The sponsor will be recognized later at a special dinner. Gold sponsors donate \$1,000 and earn one team entry for four players. The \$500 Silver sponsors earn entry for two players and the Bronze \$250

donors earn entry for one player.

A \$100 donation can be made to become a single hole or hole-contest sponsor. All sponsors and donors will be recognized in post-event coverage and on course signs. Sponsors, along with a guest, are encouraged to attend the barbecue dinner provided and prepared by Giles Walterscheid, Superior Machining & Fabrication, and Jackie Peebles.

To become a donor or sponsor, contact Giles Walterscheid (940) 759-5066; Merle Currie (940) 665-2006; Bernice Sicking (940) 736-2217; Doris Lillard (940) 727-9095; or Debbie Nini (940) 736-0181. Checks should be made payable to Cooke County Meals On Wheels Tournament and can be mailed to them care of Giles Walterscheid, P.O. Box 66, Muenster, TX 76252.

Courtesy photo

Those attending the Illinois Bend School marker dedication included Illinois Bend Alumni, left front to back - Norene Dowd, Charlene Lyons, Marcia S. Groves; right front to back - Pauline Parker, Myrt Dunbar, Don Castle. They were the superstars, "kids," who were transferred to Saint Jo when the school was closed.

Dedication held for Illinois Bend School State Historical Marker

Bright sunshine and a clear blue sky was the order of the day for the crowd of 75 who gathered for the dedication of the Texas Historical Commission (THC) Marker awarded to the Illinois Bend School. Six former students, Don Castle, Norene Dowd, Myrt Dunbar, Marcia Sewell, Charlene Lyons, and Pauline Parker were honored guests who came well-supplied with their own personal memories of "School Days at the Bend."

The sound of school bells, stirrings of nostalgia, and a healthy dose of respect and awe, filled the pavilion as the story of life at the "Bend" and the progress of education and culture in the community was rolled out of history for all to hear and ponder.

The Illinois Bend Community Club (IBCC) proudly hosted this milestone event, and the Montague County Historical Commission happily joined in the effort to direct and support the dedication program. IBCC officers are Myrna Brawner, Pres.; Shannon Gillette, VP; Penny Jordan, Sec.; and Judy Webster, Treas. Featured speakers, Myrna Brawner, IBCC, and Janis Sneed, MCHC shared personal insights into "Bend Life." Billie Grigsby, Past Worthy Matron, Eastern Star Lodge #17, presented a history of the Masons in Texas and their commitment to supporting public education in Texas even before government assumed responsibility. She celebrated their local involvement.

Shannon Gillette, IBCC VP, delivered the history of

the school. From 1893 until 1944, the school at Illinois Bend was conducted on the ground floor of the building constructed by Illinois Bend Lodge No 665. The upper floor was reserved specifically for use by the Lodge. The lower floor was to be used for school on weekdays and for church on other occasions. The school was first named Valley Branch School District No. 14. Over time, it became known as Illinois Bend School District No. 14.

Shannon noted, "In Montague County today, there are believed to be three early school houses still standing. The Illinois Bend building is the only one that is in use and being preserved. The Illinois Bend School is the last school standing in the county that was erected with the help of the Masonic Lodge."

Saturday's program was adorned with treats like Macy and Maverick Bayer leading the pledges to our flags, Rev. Calvin Durham sharing inspiration from the past as he led the invocation, and the charming rendition of "School Days" presented by Cindy Lyons and Lottie Pittman.

Ancestry is a major influence in establishing citizenship at the "Bend." The more ancestors one can claim from here the better! Love must also be noted as a major factor, as many cite courtship and marriage to a native to justify their own status. Others, well, you probably notice a number of new names showing up out here. They must be folks who just got here as soon as they could

once they found it. Maybe it was just love at first sight!

Please note that copies of the program presented will continue to be available from the MCHC at the Old Jail Museum in Montague, open most Saturdays from 10 to 3.

DAYS GONE BY.....

65 YEARS AGO May 12, 1950

Report shows gain in City's finances. Tonsillectomies: Jeanette Muller, Gilbert Endres. Mumps: Helen, Larry, and Charles Jetzelberger, Leonard Vogel, Aileen Koelzer, Eva Jones. Mrs. T.S. Menopausal Health

Look who's talking about it.

"It" can be feminine dryness, itching or burning, and it happens to a majority of women after menopause. Now there's something you can do about it that is clinically proven to bring long-lasting relief. With the MonaLisa Touch laser treatment, feminine health is restored due to new collagen, elastin and vascularization. This quick, in-office treatment requires no anesthesia and results in virtually no downtime. Thousands of women have been successfully treated since 2008—and now, millions more don't have to suffer. That's something to talk about.
 If this is a treatment that may be of help to you and if you would like to learn more, we invite you to contact our office to discuss in more detail and schedule a personal consultation.
 You can also visit our website, www.gainesvilleobgyn.net, and click on the MonaLisa tab.

Mary Rondon photos

Above - members of Mind Blowing Bands, from left, Eli Hess, Mara Juntado, Laney Haley, Trinity Hess, Charlotte Rondon, and Isaac Schilling, exploring the baby supplies room for new mothers; at left - Some of the many styles of rubber band bracelets created by Mind Blowing Bands.

Mind Blowing Bands helps ABBA

Mind Blowing Bands is a fun non for profit company created by six 4th graders from Sacred Heart Catholic School. Trinity Hess, Laney Haley, Charlotte Rondon, Isaac Shilling, Eli Hess, and Mara Juntado have been making rubber band bracelets, necklaces, hair bands, and accessories and selling them to fellow students and residents

in the Muenster Community. The profits they made were used to purchase baby items for ABBA (All Babies Born Alive) in Gainesville. The six stu-

dents raised over \$120 dollars and purchased several different baby items from Walmart. The students delivered the items to ABBA and took a tour of the facility.

Muenster Library News

School will be closing for summer break soon. The 2015 Summer Reading program is called "Every

Hero Has A Story." More information will follow.

Spring is such a nice season. Gardening enthusiasts are tilling the earth and planting seeds trying to outguess when Mother Nature sends a final freeze ... may have a light frost, but winter is over.

A donor who wishes to remain anonymous donated \$\$\$ for two laser printers and a copier with fax and scanner capability. The library has a fax line for public use: 940-759-2091. Cost is \$1.00 per page.

The books for sale in the lobby are a popular option. Children's books are 25¢ each. Children like to own a book and be able to say "my book." Adult fiction and non-fiction hardcover books are \$1 each. This is an easy way to bring a book to a home-bound friend. View the current selection. Books are added weekly.

New books are coming in for all of the avid readers who are regular library patrons. It is helpful if you tell us who your favorite authors are and the genre of fiction and non-fiction you like. The Library wants to have selections that are pleasing to everyone! They can only do this with your help in telling them what you like. They desire to please current patrons and want to have new patrons coming to the Library. The Library is an asset for the community.

VFW Auxiliary photos

VFW Auxiliary President Frances Bayer and VFW Past Commander Arthur Bayer visited Sacred Heart Preschool and Kindergarten classes to teach them about flags and Loyalty Day. Above is the Preschool Class and below is the Kindergarten Class with teacher Barbara Davidson.

Sacred Heart children are presented classroom flags by VFW and Auxiliary

The Veterans of Foreign Wars #6205 and their Ladies Auxiliary presented flags to the Sacred Heart School Kindergarten and Pre-School along with a program about the flag of the United States of America and the State of Texas flag as their Loyalty Day project.

The children showed how well they knew the pledges to both flags and also sang the songs "My Country Tis of Thee" and "Texas, Our Texas." The children then asked questions and were asked questions by the representatives of the VFW, Past Commander Arthur Bayer and Auxiliary President Frances Bayer. The students were very "in-the-know" on flag facts.

They each earned the gift of an American hand flag, a Pledge of Allegiance pencil, and a president ruler. There were 38 participating students.

Questions posed and dis-

cussed were: "Why the colors of the American flag?" "Why stripes?" "Why a field of stars?" and "Why so many stars and stripes?"

The Texas flag was also explained, what the colors mean and why the Lone Star, and the proper care and respect for the flags,

the reason being they both represent the peoples of our country, the United States of America.

Teacher for Kindergarten is Barbara Davidson assisted by Rachael Davis. Christy Hesse is Pre-School teacher with Kathy Berres and Susan Yosten.

Proudly serving the people of Muenster and surrounding communities.

Little things seem nothing, but they give peace, like those meadow flowers which individually seem odorless but all together perfume the air.
Georges Bernanos

On behalf of all the 4-H, FFA, and FCCLA members in Muenster, I would like to thank the Friends of Muenster for their generous support. Thanks to all the parents who helped with the fund raiser. Thanks to all the businesses that donated items for the auction. And thank you to all the supporters in Muenster who contribute year after year. We do appreciate the time, the money, and the effort that was put forth on our behalf.

Sincerely
Emily Brogdon
Muenster 4-H Club president

SPORTS

Tigers shine at State with seven Gold medals

Sacred Heart was well represented at the TAPPS State Championship Track and Field Meet last weekend in Waco, participating in 17 events, 15 for the Tigers. The boys team brought home seven 1st place Gold medals - Aaron Davis won the 300m Hurdles, Kason Reeves the Triple Jump, Isac Walterscheid the Pole Vault, and the 4x100m Relay team of Ethan Henry, Reeves, Walterscheid, and Will Boyd.

Walterscheid also set a new school record with his vault of 12' 0.75." Shiner St. Paul took home the Team State Championship with a score of 100.5 points. The Tigers took 2nd place only a point behind with 99.5.

In the field events, along with Walterscheid's Pole Vault, Reeves' 43' 7.75" Triple Jump earned a 1st place. Hayden Schilling took 2nd in the Discus with a throw of 119' 6" and in the Shot Put at 44' 3.5". Grant Springer's High Jump of 5' 6" placed him in 4th. Reeves took 6th in the Long Jump with a 19' 0.25" leap, and Darian Peters' 39' 3" shot toss put him

in 7th place.

Leading the running events was Aaron Davis, winning the Gold with a 42.65 finish in the 300m Hurdles. The 4x100m Gold finishing team of Henry, Reeves, Walterscheid, and Boyd clocked in at 45.24.

With a time of 16.73, Aaron Davis finished 1st in the 110m Hurdles. Distance runner Michael Fleitman was 5th in the 1600m run, clocking in at 5:04.57, 5th in the 3200m run finishing at 11:08.33, and 6th in the 800m with a 2:10.93 time.

The 4x400m team of Davis, Zach Flusche, Reeves, and Walterscheid ran a 3:43.20 for 6th place. Rounding out the races were Ethan Henry 8th in the 100m clocking in at 11:81 and Kason Reeves 8th in the 200m with a 24.15 finish.

Four Tigerettes participated at the State meet in two events. Jessica Kemna leaped 32' 9" for 5th place in the Triple Jump. The 4x400m Relay team of Amanda Aldridge, Alane Bartush, Jessica Kemna, and Leah Knabe finished 7th place with a 4:45.67 finish.

Setting the Record

Sacred Heart Tiger Isac Walterscheid set a new school record in the Pole Vault last weekend in Baylor at the TAPPS State Track & Field Meet. Walterscheid cleared 12' 00.75" for a State Gold medal and broke Kevin Walterscheid's 12' record.

Hornets win double header over Forsan Buffalos

Photo by Amy Binder

Blayne Jones takes a leaping slide to base in Muenster's warm-up double header with Forsan last week.

Hornet baseball

The Muenster Hornets baseball team won a double header non-conference practice game on Thursday, May 7 over the Forsan Buffalos.

Muenster scored 3 runs in the 1st inning of the first game for the points needed to pull out a win. The Hornets scored another 2 runs in the 3rd, but allowed Forsan 4 runs for a 5-4 final score.

Game two ended 7-4. Forsan took a run lead in the 1st inning. Muenster scored 2 runs in both the 2nd and 3rd innings of play for a 3 point lead. Both teams earned 3 runs in the 4th.

After a Bi-district bye, the undefeated Hornets began playoff action Thursday and Friday in Bowie against the Windthorst Trojans who won the Bi-district round over Olney last week to advance.

Thursday's game was scheduled for 6 p.m. and Friday's game for 5 p.m., weather permitting.

I would like to thank everyone who donated, helped, or came to my fundraiser for my mission trip to Rome. I am very happy to say that I have reached my fundraising goal and can now focus on preparing for my mission. Thanks again!

FARM & RANCH

TDA Market Recap

Red River Private Property Protection Act introduced in Congress

The Red River Private Property Protection Act has been introduced into Congress by Texas lawmakers Rep. Mac Thornberry and Sen. John Cornyn, according to Thornberry's news release.

The House (HR 2130) and Senate (S 1153) bills seek to protect private property rights along the Red River from federal ownership claims and end questions about the federal government's ownership of disputed

land along the Red River in North Texas.

Many landowners and other public officials are alarmed that the Bureau of Land Management (BLM) actions might result in disputed claims of ownership.

"The main thing this bill does is to settle this dispute or any doubt about who owns the land there right on the Texas border," Thornberry said during an interview with the TFB Radio Network. "If you are a landowner on the border, having this cloud hanging over—of whether you really own the land or not—is just unacceptable. We want to get this settled and get this settled for good."

Just a thought

Sunshine is delicious, rain is refreshing, wind braces up, snow is exhilarating; there is no such thing as bad weather, only different kinds of good weather.

U.S. agricultural exports to Cuba could exceed \$1 billion

More open trade with Cuba could boost agricultural exports and add jobs to the U.S. economy, according to *Southwest Farm Press*.

"A more open economy, coupled with less regulation by both governments, strong tourism and remittances, would pave the way for U.S. food and agricultural exports to potentially reach record levels within five years," said Parr Rosson, Texas A&M University agricultural economics department head.

He recently told the U.S. Senate Committee on Agriculture, Nutrition and Forestry that U.S. agricultural exports to Cuba could reach \$1.2 billion annually if regulations are relaxed and some trade barriers are lifted.

"These additional exports would support the creation of 6,000 new jobs throughout the U.S. economy, along with another \$739 million in business activity nationwide," Rosson said.

Texas crop and weather report

May 12, 2015

Rain continued to push back the drought, but producers in much of the eastern part of the state felt like they were being washed away, according to Texas A&M AgriLife Extension Service reports.

In the last seven days, all of the state received rain, with six to 10 inches or more coming to parts of East, North, and South Texas. Three to four inches was common to these areas, according to the National Weather Service.

As a result of all the rain, only about 30% of the state was under moderate to exceptional drought, compared to 83% a year ago, according to the U.S. Drought Monitor.

In East Texas, the continued rain was great for forages, and cattle were gaining weight, but wet conditions continued to hinder fieldwork and hay harvesting, according to reports. Heavy rains were washing out county roads and leaving standing water in cropland.

The rains were also pushing feral hogs out of low-lying, flooded areas and into pastures and cropland, according to the agent reports.

"We have been receiving a lot of rain, so pastures have been too saturated for working," said Shaniqua Davis, AgriLife Extension agent for Upshur County. "Many fungi have started occurring due to all the rain and pasture

conditions."

"Grass is tall, and some are cutting hay, while others want to, but fields are too wet to do so," said Chad Gullely, AgriLife Extension agent for Smith County. "Cattle are in good condition and spring cattle work continues."

"Pasture grasses are growing quickly because we've had so much moisture and warm weather," said Armon Hewitt, AgriLife Extension agent for Trinity County. "But pastures are too wet to drive through for trucks and tractors alike. Erosion is becoming a problem in many places. Fertilizer is impossible to put out in most pastures as the spreader trucks with floatation tires are getting stuck."

"This past week has brought a ton of rain to the county," said Cody Maxwell, AgriLife Extension agent for Fannin County. "Wheat is headed out, looking good and starting to turn a little, but has been standing in water for most of last week."

North Texas report

Topsoil moisture was adequate to surplus. Heavy rains on May 9 caused flooding in some areas, covering some roads in water and causing creeks to overflow.

Wheat headed out and was looking good, despite some fields having standing water for most of the week. Because of the spring rains, many wheat producers had to apply fungicides to counteract both leaf and stripe rust. Corn was doing fairly well, but only about 30% of the total acreage allocated for corn had been planted because of the wet weather. Some grain sorghum was planted, but most of the unplanted corn acreage will lie fallow until next year. Hay producers were struggling to make a first cutting. Pastures were in good condition, as were livestock thanks to plentiful forages.

Fly populations were increasing, and mosquito numbers were described as "horrific."

Chiropractors don't just "pop bones" That's a dirty word to us since we have been trained for over 7 years to diagnose and treat serious health conditions. We work with and refer to and get referrals from medical doctors and therapists of all specialties.

We at Rosenbaum Chiropractic "do it right" We are complete and thorough and if you need any tests or imaging services or procedures or even surgery we work with facilities all over the region to get you what you need!

Dr. Allan diagnosed my hip fracture and sent me to the appropriate orthopedist to fix my issue. He knew right away what my problem was. Thank you Dr R!
Frank
-Muenster

202 West Division, Muenster 940-759-2005

For the week ending May 9, Texas auctions quoted feeder cattle prices mostly steady, with instances of sales ranging from \$6 lower to \$8 higher per hundred-weight (cwt). Texas weekly direct feeder cattle sales were \$1 to \$3 higher. Wholesale beef values were higher, with Choice Grade gaining \$3.48 to \$258.12 per cwt and Select Grade gaining \$3.60 to \$246.82. Net export sales for April 24-30 were down 19% from the previous week. Export shipments were up 11% from the previous week, and shipments primarily went to Japan, Mexico, and South Korea.

Wheat cash and futures prices gained \$0.10 and \$0.19 respectively and closed at \$4.65 per bushel and \$5.11 per bushel respectively. The USDA NASS Texas field office reported that 82% of the Texas wheat crop is in the heading stage, with 52% of the acreage in good-to-excellent condition. Eighty-five percent of the Texas Winter Wheat crop remains in fair-to-excellent condition. Net export sales for wheat were up 67% from the previous week but down noticeably from the prior four-week

average. Shipments were 53% lower than the previous week and 41% lower than the average.

Texas corn prices were mixed with cash prices up to \$3.89 per bushel and futures prices down to \$3.59 per bushel. The USDA NASS Texas field office reported that 60% of the planted Texas corn crop has emerged, up from 58% at the same point

last year. Seventy percent of Texas corn acreage had been planted, up 14 percentage points from last week but down two percentage points from the same period last year. Corn export sales were up 1% from the previous week and 15% from the four-week average. Export shipments were 11% lower than last week but 4% higher than the average.

Brackish groundwater could be an asset for future water needs

Even with the downturn in the oil patch, interest in brackish groundwater remains high for agriculture, reports *AgriLife Today*.

"As water needs for municipalities and industries continue to grow, so does interest in pumping and desalinating brackish groundwater," said Dr. Alyson McDonald, AgriLife Extension range specialist.

Brackish water has been found in 26 of the 30 aquifers in Texas with an estimated total of 2.7 billion acre-feet or enough to cover Texas in 15 feet of water. To qualify as brackish water, it must contain 1,000-10,000 parts per million total dissolved solids. Total dissolved solids are the dissolved salts, such as magnesium, potassium, calcium, sulphur, boron, and sodium in the water.

"Brackish water could be a real asset in the near future," McDonald said, "so it would behoove landowners to stay abreast of any developments that may not only affect them, but the region and state as well."

Pork exports down

U.S. pork exports in February totaled 377 million pounds, a 10% decline when compared to February 2014, the USDA reported.

According to the USDA Livestock, Dairy and Poultry Outlook report released on April 15, lower pork exports were a likely consequence of the high exchange rate value of the U.S. dollar. The USDA

also indicated that a labor dispute at West Coast ports, which has now been resolved, slowed both the import and the export of pork.

Just a thought

Climate is what lasts all the time. Weather only lasts a few days.
