Oath of Office sworn by three on Hospital Board

Janet Felderhoff
News Editor

Muenster Hospital District's Board of Directors has one new member and two who will continue serving. They each took an oath of office and gave their Statements of Elected Officer at the Tuesday, May 19 meeting and will serve three-year terms.

Aaron Hess will take the place of Bob Ambrose who did not seek another term. Incumbents Mary Del Olmo

and Ronnie Weinzapfel each agreed to serve again if elected. There were three places open and three candidates were eliminated.

Election of Board officers took place. John Aytes will again serve as secretary. Jon Reed nominated Mary Del Olmo as vice-president, but she declined noting that she did not have the time necessary to devote to that office. Kenny Klement was then nominated by Paul Becker and elected by acclama-

tion. Ronnie Weinzapfel was elected to continue serving as Board president.

Following an executive session, the Board voted unanimously to sign a contract with Dr. Zadeh as ER/hospitalist physician. Dr. Zadeh will see patients in the ER and care for patients who are in the hospital. More information on this position will be offered in a future news story.

Also, approved after executive session, the Board voted

Janie Hartman photo

Will Boyd and Kinzie Hess take one last "selfie" as Sacred Heart High School seniors before graduating last Friday evening.

A much anticipated day arrived on Friday, May 22 for the 17 members of Sacred Heart Catholic School's Class of 2015. Graduation ceremonies took place in Sacred Heart Church beginning with Mass at 6 p.m.

Graduates processed into Church as "Pomp and Circumstance" was played. The graduates are William David Boyd, James Michael Cochran, Aaron Isidro Colmenero, Eli Joseph Dangelmayr, James Albert Dangelmayr, Aaron Paul Davis, Brady Dale Endres, Mikinzie Cheyanne Hess, Madison Nicole Hesse, Jason Theodore Knabe, Jacob Ian Augustine Miller, Darian Lynn Peters, Megan Kathleen Powell, Randall Glen Reisinger, Hayden Kyle Schilling, Isaac Daniel Walterscheid, and Elizabeth Noel Weinzapfel.

Rev. Ken Robinson, pastor, celebrated the Mass. Senior Class Sponsor John Kintz gave the First Reading, Acts 25: 13-21, and General Intercessions. Clint Kelley sang the Responsorial Psalm 103: 1-2, 11-12, 19-20. Fr. Ken read the Gospel, John 21: 15-19. Offertory Gifts were presented by teachers Barbara

Freak of Nature

Heavy winds broke a piece of plywood off of Walter Bartel's barn Sunday afternoon, slinging it into his yard, where a rope, staking a small tree, cut more than a foot into the board. The wind storm did minor damage to the area, mostly to trees and tin-covered buildings.

County honors bravery

Janet Felderhoff
News Editor

At the May 26 meeting of Cooke County Commissioners Court, Certificates of Appreciation were awarded to individual first responders and dispatchers involved in the Burlington Northern Santa Fe train derailment on May 8. That was the evening that many areas of Cooke County flooded.

Emergency Management Coordinator Ray Fletcher stated, "That night, we had significant amounts of rain throughout the area and almost non-stop rescues, calls of people in the water, and when we're saying water rescue, it really was rescues. It wasn't just taking a rope and walking them out of knee-deep water. There was real life-threatening situations out there."

"Later into the night, about 12:45 as things appeared to be winding down, we got the call for a train derailment south of Valley View." Fletcher said they had been focused in one direction and were just catching their breath when the derailment call came in. He said it was difficult to get information from the train crewmen because they were

not sure exactly where the accident had occurred. They were either in or on top of an engine that was down in the water. Dispatchers were doing what they could to get needed information.

Since they knew they were south of Valley View somewhere, it was decided to go to the end of the line and keep going. They had to navigate through pastures, mud, and water. Another crew went in from the opposite direction.

Rescuers went as far as possible with trucks and then waded through water that was at times waist and chest high. The train's four engines and approximately 13 cars had derailed into an isolated area with significant flooding all around. Fletcher noted that once the train was found, it was the back end so the rescuers had to crawl through the train cars, and over and around tracks to locate the trapped railroad employees. Two of the four engineers were injured and had to back boarded out of the site to safety.

Fletcher concluded, "What could have been a much worse situation, fortunately, turned out to be a pretty positive event and everybody lived to tell about it. A pretty exceptional job!"

Joe Foust, director of public relations for the railway, attended the meeting to extend BNSF's appreciation for their heroic work to those involved in the rescue. He had special thanks for the four EMS people who were first on the scene. The derailment was caused by high water.

County Judge Jason Brinkley also recognized Fletcher and Wally Cox for their contributions to the rescue efforts.

Those individuals awarded certificates of appreciation were:

Cooke County EMS - Chief Kevin Grant, Captain Bryan Gann, and Paramedics Brittney O'Bryan and Keith Nierste.

Valley View VFD - Asst. Chief Zach Kupper, Firefighters Dakota King, Cara King, Charles King, Madison Pearce, and Tim Whitlock.

Gainesville Fire Dept. - Division Chief Jason James, Battalion Chief Randy Roye, Captain Randy Prestage, Lieutenant Doug Anderle, Drivers Bryan Beaudin and Cameron Fisher, and Firefighter Pierson Sizelove.

Callisburg VFD - Chief Nick Turner and Firefighter Sam Stanford.

Cooke County Sheriff's Office Dispatchers Amanda King and Ashley Green.

With more rain predicted, the County's Disaster Declaration continues. All on the Court urged citizens to be careful. Some roads have places that drop off and could cause roll overs. They also praised road hands for all the extra work they have been doing and citizens for selfless acts such as cutting trees out of roadways and similar things.

During public comments, Greg Rohmer spoke against granting a tax abatement to Orison, Holdings for their proposed apartment building in Gainesville. He said, "I represent 159 units. I've had them approximately 20 years and no one as ever helped me. I don't see how I can compete where I've got to have property taxes and you are going to give them a break. That is the biggest expense of an apartment complex - paying your property taxes. I want you to take that into consideration."

Cody Hess, who works for Rohmer, also spoke against the property tax abatement

Report property damage

If your home or business has suffered damage since May 4, 2015 as a result of the recent severe weather and flooding and you are uninsured or under insured, contact the Cooke County VOAD (Voluntary Organizations Active in Disaster) through the United Way offices at (940) 665-1793. This organization will be compiling a list to be used by Cooke County to apply for FEMA assistance if the county has incurred enough uninsured or under insured individual loss.

Other assistance and information may be available through this organization.

HONORED

.....continued from pg. 1

for the apartments. That's our biggest expense. If they can't stand on their own two feet, why should they get a crutch?"

Lee Ramsey of Orison Holdings, LLC told of an apartment complex that they hope to build in Gainesville. Some businesses in Gainesville approached them hoping to get such a building in Gainesville. They said they needed more housing in the area. It was hard to keep employees and many had to commute 70 miles to their jobs.

Orison did an apartment complex in downtown Denton when there had not been one done there in a long time. It was well received and they hope to do a similar one in downtown Gainesville.

The proposed Gainesville apartment would have 225 units - 101 one bedrooms, 78 two bedrooms, and 46 three bedrooms. It is a \$16 million project.

Gainesville Mayor Pro Tem Ray Nichols spoke in

support of granting the abatement. He said that local businesses have all said that they have a tough time recruiting and retaining new employees because of the lack of housing. It hurts in attracting new businesses to the area also.

They plan to have the facility fenced with sidewalks throughout the interior, and green spaces are planned outside each building. Part of the contract with Gainesville says that there can be no Section 8 or income assisted housing.

Judge Brinkley noted that the County must be careful when considering abatements. This one would be the answer to some of the areas' problems, therefore he was in favor of granting the abatement as requested. He had spoken with some businesses struggling to find housing for employees.

The Court approved the abatement request with a 4-1 vote. Commissioner Lemons voted against granting the abatement. Approved was a 10 year abatement, being a 90% abatement for first five years, a 70% abatement next three years, and 50% abatement for final two years. Orison Holdings must build a complex of a minimum 144 units with an investment of a minimum of \$10,000,000.

The Refuge at Moss Lake Subdivision lots 1-24, located in Precinct #4 sought approval of its preliminary plat. Since the roads being used will be private roads for public use, there was concern expressed by some of the Court that the upkeep of the roads might eventually be abandoned and the County expected to accept and maintain them. Commissioner Al Smith inquired as to how the road upkeep would be funded and assured perpetually. He was told that the responsibility for maintaining it was that of the Home Owner's Association. That information will be in the homeowners documents.

The roads will be built to County standards. The preliminary plat was approved by a vote of 4-1. Commissioner B.C. Lemons cast the nay vote. Judge Brinkley noted that before the final plat is approved, the County has mechanisms in place to assure them that there is le-

gal recourse should the roads not be maintained properly.

The Heritage Society/Mor-ton Museum asked for an additional \$8,500 for installation of a handicap ramp at the Museum. That is in addition to the \$2,500 the Museum receives annually from the County. A spokesman for the Museum noted that it is no longer in ADA regulations compliance. The handicap entrance has been at the Museum's back entrance since the 1980s and they would like to have a ramp constructed at their front door. The cost would be \$11,000. The Museum would use the \$2,500 annual fund to pay the remaining cost.

Commissioners approved the request unanimously with the \$8,500 to come from Contingency Funds.

A proclamation was approved declaring May 29 as the Cooke County United Way 7th Annual Day of Caring. Friday, May 29 was the date selected for the event, but due to the rainy weather it has been postponed to a date to be announced later.

United Way Director Angie Hare said, "We have 11 homes this year. These are recipients of Meals on Wheels or Home Hospice. She believes this gives pride to that homeowner who can't normally take care of their yards. It is a good neighbor type action. We are still doing our collection. Rain or shine we can collect toilet paper, baby wipes, and adult diapers."

In other business conducted at the May 26 meeting, the Court:

- Approved Road Usage Agreement documents with OWNEnergy for the construction of the Muenster Wind Farm project.
- Approved the County Investment Policy.
- Consent agenda items approved by the Court included:
 - Allowing EMS Administrator to apply for a grant with BNSF, Cooke County Electric, and CO-Serve for the purchase of a medical UTV side by side, 4x4 vehicle, and trailer for rural rescue.
 - FY 15 interlocal agreement between Cooke County and Muenster Library.
 - Amendments to the indemnity contract by Plains Pipeline, approved 3-25-15.

Memorial Day observed on Sunday

On Sunday, May 24, Muenster Veterans of Foreign Wars to Post 6205 and its Ladies Auxiliary paused to remember the men and women of the armed forces who served in defense of

their country. Tributes began with the 8 a.m. Mass in Sacred Heart Church being offered for deceased veterans by Fr. Ken Robinson.

Due to the extremely wet

weather conditions, the Post and Auxiliary held their annual memorial services in church following Mass.

As the Post Color Guard, Rifle Squad, Auxiliary officers, First Communicants, and Fr. Ken processed into Church, Doug Yosten, Diane Grewing, and Christi Klement led the assembly in the singing of "America."

Auxiliary President Frances Bayer and Auxiliary Junior Vice President Sandra Hennigan laid a memorial wreath and buddy poppy wreath in honor of the deceased veterans who died in or since serving in combat.

First Communicants then placed red carnations on the memorial table. Due to the weather, carnations were placed on individual veterans' graves in the cemetery by Conductress Linda Knabe at another time.

First Communicants included Faith and Carter Sicking, Garrett Muller, Emma Walterscheid, Katie Bayer, and Zachary Smith, all grandchildren of veterans.

Fr. Ken then said prayers for all deceased veterans and for those serving their country today. The choral group then sang "Mine Eyes Have Seen the Glory."

Post Commander David Fisher then gave the memorial address. He spoke of the sacrifices the service members have made for our country. Fisher stated, "They possessed courage, pride, determination, dedication, and integrity. They were ordinary people who responded in extraordinary ways in extreme times. We have awarded medals to many soldiers,

added their names to monuments honoring them for their bravery. But nothing can ever replace the hole left behind by a fallen service member, and no number of medals and ribbons can comfort the ones left behind." He concluded by thanking those who attended in honor of our troops.

Services concluded with the time honored playing of "Taps" by Ronnie Weinzapfel before the groups processed out.

Carrying the Post Colors were Leonard Vogel, U.S. flag; Don Hess, VFW flag; and Don Eckart, POW flag. The Rifle Squad consisted of Gilbert Hess, Bernard Hesse, Tom Hartman, Doug Martin, Willie Fisher, Melvin Luke, Matthew Fleitman, Don Fisher, and Arthur Bayer, a 62 year member of the Rifle Squad.

Janet Barnhill was Auxiliary Banner Bearer and Linda Knabe was Auxiliary Conductress.

Festivities continued with a delicious steak dinner served in the Post Home prepared by Don and Martha Hess, Ben and Aggie Hesse, David and Helen Fisher, Tom and Debbie Hartman, Tim, Jeremy, and Jesse Hess, Rae Stevens, Hank Bayer, Don Eckart, and Chuck Bartush.

The hall had been decorated in a patriotic red, white, and blue motif. Flowers and buddy poppies were spread over tabletops decorated by Frances Bayer and Helen Fisher.

On display on the food table was the Auxiliary's District 3rd place winning buddy poppy entry.

Obituaries

Kenneth "Kenny" Yosten 1951 - 2015

Mass of Christian Burial for Kenneth "Kenny" Michael Yosten, age 64 of Muenster, was held at 10 a.m., Saturday, May 23 at Sacred Heart Catholic Church in Muenster with Fr. Ken Robinson officiating. Burial followed at Sacred Heart Cemetery under the direction of Scott Funeral Home in Muenster. A Rosary and Vigil was held at 6 p.m., Friday, May 22 at the funeral home. Mr. Yosten died Wednesday, May 21, 2015.

Kenny Yosten

Kenny, one of the nine boys of Werner John and Frances Bengfort Yosten, was born March 2, 1951 in Gainesville. After graduating from Muenster ISD in 1969, he went to work for Wilde Chevrolet in Muenster which helped begin his lifelong career in auto repair. After moving to Plano, he went to work as the Parts Manager for Lange Jaguar and later for Crest Cadillac of Plano. Kenny loved to go fishing and work on cars in his spare time.

Kenny is survived by his mother Frances Yosten of Muenster; brothers Danny and wife Patricia Jo Yosten of Ohio, Steve and wife Janice Yosten of Muenster,

Chris Yosten of Muenster, Ronald Yosten of Muenster, Mark and wife Danette Yosten of Wylie, James and wife Susan Yosten of Muenster, and Joseph and wife Michele Yosten of Valley View; and numerous nieces and nephews.

He was preceded in death by his father Werner and his brother Jerome.

Ballbearers were Caleb Yosten, Adam Yosten, Matthew Yosten, Aaron Yosten, Bradley Yosten, Jeremy Yosten, Nick Yosten, Jonathan Yosten, and Andrew Yosten.

CARD OF THANKS

Words cannot adequately express the gratitude our family feels for those who visited, called, brought food, sent flowers, and gave money for Masses.

A special thank you to Father Ken and also to the Catholic Daughters for all you did for us. Also the Mass servers and the choir who sang.

The family of Kenneth Yosten

AGENDA MEETING DATE - June 1, 2015

The following is the Agenda for a regular meeting of the Muenster City Council to be held at 6:30 p.m. in the City Hall meeting room on Monday, June 1, 2015.

1. Call meeting to order at 6:30 p.m.
2. Opening prayer.
3. Approve minutes of the regular meeting held on May 4, 2015.
4. Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.
5. Consider any other business to come before the Council.

OLD BUSINESS:

1. Discuss Street Repairs, take any necessary action.

NEW BUSINESS:

1. Consider appointing new Councilman to fill current vacancy.
2. Administer oath of office to new Mayor and Councilmen.
3. Receive update from Progressive Waste Solutions on new contract, take any needed action.
4. Approve new rates for employee health insurance.
5. Review and possibly approve contract with Attorney Jim Robertson for Delinquent Property Tax Collections.
6. Consider approving Ordinance No. 369, setting speed limits on North FM 373.
7. Discuss mosquito problem, approve any needed action including fogging.
8. Consider approving Interlocal Working Agreement with the City Of Lindsay.
9. Receive monthly update from the Fire Department.
10. Receive update on Police Department, from Chief Barr.
11. Receive status report on City projects and activities.
12. Review and act on monthly bills.
13. Adjourn.

Katrinka Bartush, City Secretary

Cooke County Patrol Deputies are shown with a sample of the marijuana plants along with pills, cash, and firearms seized during the May 21 search.

County seizes

marijuana plants, pills

On Thursday, May 21, in their continuing effort to protect the citizens of Cooke County from illegal drug activity, the Cooke County Drug Enforcement Units assisted by the Patrol Division served a search warrant in the 100 block CR 160 in northeast Cooke County.

According to Cooke County Sheriff Terry Gilbert, the search warrant followed an approximate three month investigation in which a large amount of marijuana plants and Oxycodone pills

were discovered. Approximately 817 marijuana plants in various stages of growth and development with an approximate processed street value of \$4,000,000 and approximately 1,400 Oxycodone pills with the street value of \$7,200 were seized.

Melton Scott Vanhouten, age 54, was arrested at the residence and booked into the Cooke County Jail for Manufacture/Delivery of a Controlled Substance PG 1>4< 200 grams, a 1st degree Felony, and Possession of Marijuana >50 lb. < 2,000 lb. which is a 2nd degree Felony.

Also seized were 15 firearms, one of which reported stolen from outside of Cooke County, and one was an illegal short barrel shotgun. Also, \$15,535 in U.S. currency, three automobiles, and one motorcycle.

"The Sheriff's Office will continue to be proactive in our goal to combat drug activity in our County," stated Sheriff Gilbert.

Melton Vanhouten

Wisdom named Academic Gold Star recipient

Mardi Wisdom, a junior at Crowell High School, was named Gold Star winner (highest category) in Academics by the *Wichita Falls Times/Record News*. The newspaper selects Star Award winners each year from nominations presented by various sources.

Mardi is the daughter of Rocky and Gina Wisdom of Thalia and the granddaughter of Norma Jean and Denis Hofbauer of Muenster and the late Dorothy and Jake Wisdom.

President of her class with a 99.19 GPA, Mardi began taking dual credit classes her sophomore year. She is a three-year cheerleader and varsity basketball player who ran track her freshman and sophomore years and also played tennis. Her junior year, she was named Offensive MVP on the All district Team in basketball.

She tried out for and successfully became a member of the traveling Amateur Athletic Union basketball team, with WHICH she will play this summer.

A member of the CHS National Honor Society and Student Council, Mardi has served as treasurer, secretary, and vice-president. She's an honor roll regular and has competed in UIL Ready Writing, advancing to Regionals.

"The thing that makes Mardi unique and makes her stand out from other students is that she goes above and beyond every day, all day long," wrote her nominator April White.

Mardi serves as president of the Foard County 4-H Club and the vice-president of the CHS FFA. She was fourth overall in her FFA job interview and advanced to State in the 4-H Beef Quiz.

Mardi Wisdom

She has competed successfully in horse judging in both 4-H and FFA.

On the family farm, Mardi helps out whenever they need her, whether it is driving a tractor or being a day hand or rounding up cattle on horseback, at which she excels. She also works with her family in their responsibility for maintaining Thalia Memorial Park.

"Her dad believes in starting a job early in the morning and finishing it no matter what time it is at night," wrote White. "Mardi has been raised with this kind of work ethic and it is apparent in everything she does."

She is an active volunteer, from helping with area blood drives to working with younger girls on their cheers and gymnastics. Mardi also coaches a second grade Little Dribblers basketball team.

Since Crowell has won the high school football state championship the past two years, Mardi has been responsible for organizing and producing extra high-energy Friday pep rallies from August through December, all without missing an academic beat.

County library plans programs

Summer Reading Kickoff

Cooke County Library will hold their summer reading kickoff "Every Hero Has a Story" on Tuesday, June 2 at 10:30 a.m. in the library. All ages are invited.

"Building Tots"

The Library will start a new children's project called "Building Tots." These classes will use the love of reading and blocks to encourage toddlers to explore science, math, and design while promoting family interaction. This free program will be offered on Thursdays from 10:30 - 11:00 a.m. There will be three sessions of three-week classes. The first set of classes will be held June 4 - 18; second set June 25 - July 9; third set July 16 - 30. Children ages 2 - 5 years old may attend and are required to sign up. Sign up started May 26 and should be done the day before the first class of the session starts. There is a limit of 10 slots per each session. Adults must attend the classes with their child.

The sessions will include colors, shapes, and numbers and will be instructed by Kimberly Reiter, children's coordinator.

"Literary LEGO"

Due to the success of the "Literary LEGOs" classes in Summer 2014, the Library is offering this children's project again this summer. These classes use the love of LEGOs to encourage children to read about and physically explore science, design, and math. The 2015 program series uses the Summer Reading Program theme, "Every Hero Has a Story" as its basic concept. This free program will be offered on Wednesdays from 10:30 - 11:30 a.m. There will be three sessions of three-week classes. The first set of classes will be held June 3 - June 17; second set June 24 - July 8; third set July 15 - 29. Children ages 6 - 12 years old may attend and are required to sign up for classes. Sign up began May 26 and should be done the day before the first class of the session starts. There is a limit of 20 slots per each session.

Each class will have a concept that uses science, design, or math to support the theme. However, reading is the foundation. Weekly "creations" will be displayed in a locked glass case until the following week during the program.

New Arrival

Caplinger

Cyle and Julie Caplinger of Frisco are proud to announce the birth of their first-born child, Logan Paul Caplinger. Logan was born Friday, Feb. 27, 2015 at 5:43 p.m. at the Medical Center of Plano. He weighed 8 lb. 8 oz. and measured 21 1/2 inches in length. Grandparents are Paul and Susan Caplinger of Denton and Kathy Miller of Plano and the late Paul Miller. Great-grandparents are the late J.D. and Miriam Caplinger, and the late Mike and Patsy Sloan.

Logan Caplinger

Wimmer graduates Magna Cum Laude

Daniel Wimmer, son of Mr. and Mrs. Randy Wimmer of Muenster, earned a Bachelor of Science in Electrical Engineering from the University of New Mexico (School of Engineering) May 9. Wimmer graduated Magna Cum Laude, symbolizing, "with great praise," meaning he achieved a high grade point average.

Daniel will be headed to complete his Masters in Engineering in Austin this fall. He currently is employed at Sandia National Laboratories which is a major United States Dept. of Energy research and development Laboratories. Sandia's primary mission is to develop, engineer, and test non-nuclear components of nuclear weapons located on Kirtland

Air Force Base in Albuquerque, NM. Daniel plans to continue at Sandia after his Masters is completed.

Daniel Wimmer

Workshop offers support through seasons of grief

Home Hospice of Grayson, Cooke, and Fannin counties is hosting a four-part grief support seminar to help those who have lost a loved one find a new beginning. As the cool, rainy season of spring comes to a close and the warm summer begins, it's easy to think about new beginnings. Many who have experienced a loss of a loved one are looking for just that—a new beginning.

The workshop is called Seasons of the Heart. This workshop will be held Tuesdays, June 9, 16, 23, and 30 from 5-6:30 p.m. at the Home Hospice office located at 505 W. Center Street in Sherman. This is an easy-going, relaxing workshop;

sometimes just having people with a similar situation is beneficial.

Seasons of the Heart will offer insights on grief and the journey through it. The goal is to pull people forward as they are transitioning through their own grief experiences, helping to mentally prepare them so they are not caught by surprise.

The seminar is free and open to anyone. Registration is requested by June 5 so adequate materials may be prepared. If you have questions about the program or to register, contact Jolene Senek by email jolene.senek@homehospice.org, or call 903-868-9315.

Congratulations

GRADUATES

.....continued from pg. 1

Davidson, Glenda Mitchell, and Ryan Starrett.

Also assisting with the Mass were altar servers Mark Davis, Tom Davis, and Joseph Cochran. Clint Kelley and Pat Hennigan were musicians. Mary Bayer, Jennifer Bayer, Ann Hesse, Neil Hesse, Dolores Hofbauer, Barbara LaChance, Lisa Schilling, Rhonda Walterscheid, and Theresa Mae Walterscheid served as Eucharistic ministers.

Fr. Ken gave the final blessing and the graduation ceremony began with Hayden Schilling welcoming everyone.

Aaron Colmenero introduced Salutatorian Aaron Davis.

Davis said that in 2002, 11 students of the class of 2015 started their journey as students and classmates at Sacred Heart School. "We were a spirited and, some would say, rather rambunctious group," noted Aaron. "In elementary school, the teachers soon learned that even as a small group we could be a handful. Many methods were employed to keep us engaged. We owe a debt of gratitude to all of our teachers who worked with us during these formative years."

It was in junior high that the class began to call each other objects, rather than names. These included Cabbage, Korn, String, Bus, Brik, Styk, and Roan. The teachers didn't like this, but the names stuck.

Aaron stated, "We learned so much from each other, and became close friends during the process. Many members of the class were extremely talented in athletics, while others had a great love for the land, ranching, and cattle. Some pursued their academic work with great zeal, while others took a less serious approach. Through it all, we helped each other through both failed attempts and glorious victories. And we became a great team. We learned to function together knowing that our talents and gifts were in fact gifts to us, given to us from God.

"Prayer was always a priority for us at Sacred Heart. Whether it was going to Mass three times a week, praying before practice, games, and meals, or going to Eucharistic adoration on Fridays, prayer was the backbone for everything we did. Prayer strengthened our understanding of how to compete, and how to meet challenges with integrity and honor."

In conclusion Aaron remarked, "We know that at times we will face great obstacles, but we must persevere. We have learned that no matter how hard one tries, things don't always go your way, but good can be gleaned from all situations. We have experienced the great joy of winning and the terrible sting of defeat. And, we have learned how to pray, how to love, how to listen,

Sacred Heart Seniors getting ready to graduate - clockwise, above - Aaron Colmenero, Eli Dangelmayr, and Aaron Davis; Elizabeth Weinzapfel; Randall Reisinger; and James Cochran.

Janie Hartman photos

and most importantly how to have heart."

Elizabeth Weinzapfel introduced Valedictorian Madison Hesse.

Madison thanked all those who made this night possible and noted, "We would not be who we are today without all of your help. We are so grateful for you all."

"Thanks to our education at Sacred Heart, we have adopted many qualities that have helped shape our character. We've learned how to persevere and muster determination whether studying for tests or competing in challenging athletic events. We have been taught to respect those around us, and to always show God's kindness. We were shown the intrinsic value of sacrifice, and the fulfillment that comes with helping those in need. We have been blessed with a strong foundation of faith in Christ, and a mindset of strength and courage. These characteristics within each

and every one of us will allow us to go out in the world, confident in our faith in God and His plan for us, knowing that through Him all things are possible."

Madison concluded, "As we all move on in separate directions, I hope we can remember everything we have been taught here at Sacred Heart and apply these lessons to our lives. Never forget to put your full trust in God, and His plan for your life. Remain steadfast in your faith, and always strive to grow in character. The future will not always be easy, and there will be times when you need a helping hand, so I would like to leave you with a final passage from Isaiah 43:2 that you might remem-

ber that God is always by your side: 'When you pass through the waters, I will be with you; and through the rivers, they shall not overwhelm you, when you walk through fire you shall not be burned, and the flame shall not consume you.'"

Diplomas were then awarded to the graduates by Fr. Ken. Jim McDermott performed the traditional moving of the tassels and John Kintz the turning of the rings.

Dr. Rafael Rondon gave his Principal's Address. Neil Hesse then inducted the graduates into the Alumni Association.

Coach Jon LeBrasseur officially presented the graduates of the Class of 2015.

Greeting guests as they arrived were Cody Dangelmayr, Jared Dangelmayr, Robert Hanson, Thomas Hennigan, Sam Hesse, Julian Hesse, Daniel Hesse, and Devin Sicking.

Future plans, scholarships, and grants

William Boyd, Wayland Baptist University, Engineering; Wayland Centennial Scholarship (Sch.) \$2,000, Texas Tech Whittier College of Engineering, SH Alumni gift \$100.

James Cochran, University of Louisiana at Lafayette, Mechanical Engineering; Out of State Tuition Waiver \$16,000, Muenster KC Sch \$500.

Sacred Heart 4th Grade students recently learned about prisms. Pictured, from left, are, top photo - Laney Haley, Mara Juntado, and Trinity Hess experimenting with prisms and creating rainbows with the prisms; below - Michael Koesler makes rainbows with a large water prism. At the same time, Parker Forshee, left, is experimenting with a small prism.

SH students experiment with light

Sacred Heart Fourth Grade students have been studying light in their Science class. To add to the fun and excitement, they went outside on a sunny day and made rainbows with the regular prisms and special, large water prisms. They also experimented with rainbow peepholes which are unique, paper frame lenses which hold special lenses called diffraction grating that separated light into all of the colors of the rainbow.

Last of all, they played with colored eye glasses which turned white light into colored light, making them see the world through red and blue light instead of white light.

The proof of love is in the works. Where love exists, it works great things. But when it ceases to act, it ceases to exist. - St. Gregory the Great

Muenster FCCLA offers Dinner at "The White House"

Eight FCCLA students from Muenster will join 7,500 members from across the country for the National Leadership Conference being held in Washington DC. The summer conference provides an opportunity for the students and advisors to gather for inspiration, fun, and to expand their skills and talents at the national level of competition. This year's focus is "Together We Are...Healthy."

In April, three teams traveled to Corpus Christi to face competition. Each team developed presentations using the focus topic for the year, with the top two teams advancing to national competition. Teams and presentations were: Ashleigh Fisher, Rut Rodriguez, Morgan Hennigan - Life Event Planning; Alaina Kubis and Zoe Klement - Sports and Nutrition; Bailey Anderle, Erin Schniederjan, Paige Saucer - Focus on Children. School advisor is Joni Sturm.

A fundraiser for the national event will be held on Friday, June 5. Dinner at "The White House" in Muenster, home of Clinton and Debbie Endres, will begin at 6:30 p.m. Required reservations can be made by calling (940) 727-8170 or (940) 759-2942. The night will be an opportunity to enjoy a casual Italian meal served al fresco (weather permitting) by members of the FCCLA.

BOARDcontinued from pg. 1

unanimously to approve the contract with Delta Healthcare Providers for the purpose of obtaining a physical therapist employee.

Administrator Michael Kent explained that this year the Blue Cross Blue Shield (BCBS) Insurance proposal will be a 4.1% increase for the same plan currently offered to District employees. The current plan is at a cost of \$607.19 per employee. The proposed cost is \$632.08. Each of the three plans offered to employees has increased an average of 3.5% from last year.

Kent noted that their current broker was able to negotiate with BCBS from a proposed rate of 6.7% increase down to 4.1%. That is a savings of \$994.77 per month, he said.

The Executive Committee met earlier in the day and Kent said they would like to approve the BCBS proposal and decide at the June meeting if the District would continue to pay the full insurance premium for employees. Kent plans to see how much other employers in the area pay towards insurance for their employees.

Kent said, "Over the course of five years, we may have had a 10-12% increase. It's been very low considering some of the claims that we've had. I haven't heard any of the employees complaining about their BCBS coverage."

After some discussion, the Board approved the 4.1% increase proposal, but stated they would like to ask for bids from other companies next year.

The Laboratory hematology instrument has been giving problems. It is used to do CBCs - about 2,000 per year. The current unit is about 12 years old and the District has spent almost \$12,000 on repairs and service on it since 2014.

The lab director's first

choice is a Sysmex unit at a cost of \$36,082.50 and his second choice is the Horiba unit at a cost of \$30,000. He had researched several units.

The Board unanimously voted to purchase the Sysmex unit.

In her marketing report, Gayla Blanton noted 150 attended the Health and Safety Fair despite thunderstorms. There were 116 purchased lab tests, 332 total tests, 22 information stations, and 19 outside agencies.

Administrator Kent reported that the Meaningful Use money was received this month and the entire loan has been paid off. He noted that last week was National Hospital Week and thanked the MMH Auxiliary and Adelia Wilson Walterscheid for supplying, delivering, and setting up the food and drinks for Hospital staff. He added that the Auxiliary's party on the Patio was a huge success with about 125 attending despite a thunderstorm.

In other action taken at the meeting, the Board:

- Approved tabling the report of financials to the June meeting due to some Board members needing to get home before road flooding.
- Approved bad debt write offs totaling \$7,820.26.
- Approved contract renewal with Jim Roberts, attorney at law, for the collection of delinquent taxes.
- Approved a five-year service contract with Siemens Dimension Xpand Plus regarding a piece of lab equipment that is nine years old.
- Approved physician credentialing as recommended by the Medical Staff for Courtesy Staff privileges for radiologist - Cindy Sirois, M.D., ER - Kenneth Queenville, M.D., and John Lavelle, M.D. and Active Staff privileges for ER for Jaffar Zader, M.D.

Home Hospice remembers veteran patients on Memorial Day

Home Hospice of Grayson, Cooke and Fannin counties placed flags in their Memory Garden, representing the 58 veterans they have served over the past 12 months. They are a proud member of We Honor Veterans, a national program to raise awareness of veteran issues and needs at end of life.

Locally, Home Hospice offers the Vet to Vet volunteer program in which volunteers, who are veterans, are partnered with patients who are veterans. Jerry Pelzel, one of Home Hospice's Vet to Vet volunteers said, "Since receiving Vet to Vet training, I have had two hospice patients who were vets. They both enjoyed sharing their experiences in Vietnam with a fellow Vietnam vet. I think

vets can share experiences with each other that they would not share with people who have not been there. We understand what other vets have been through and can relate and support each other."

Cathy Kinsella, volunteer coordinator, shared, "It truly is an honor for us to be able to serve these men and women who served our country and us so well. Our patients and families tell us that our services and volunteers made a huge impact in the last stages of their lives."

If you are interested in being a volunteer, contact Cathy at 940-665-9891. For more information or to make a donation, visit on-line at www.homehospice.org.

"eDevice Advice" offered at County Library

The Library announces the start of a new project called "eDevice Advice." This new eResources service allows patrons of all ages to sign up for individual help with a staff member, to learn about the eServices the Library offers. Currently, the Library offers the following eServices: Freading (eBooks), OneClick Digital (downloadable audiobooks & eBooks), Freegal (Music), TumbleBook Library (eBooks for children), and TexShare databases. This free service will be offered on Wednesdays from 2:30 - 4:30 p.m. from June 3 - July 15. Each session will be 30 minutes long and individuals must sign up for the sessions. Sign up started

May 26 and continues until all appointments are filled. There are only four appointment time slots available on each Wednesday.

Sherry Murray, Patron Services, will be the instructor of these help sessions. "There is a need in our community to provide this service for patrons who are interested in the eServices the Library offers. In the past, larger classes and walk-in help had been offered. It appeared that a more structured process was needed, so this was our solution."

Call the library at 940-668-5530 with any questions or to sign up for these classes. You may also go to the Library to sign up.

DPS urges motorists to use caution around motorcyclists

As part of Motorcycle Safety and Awareness Month in May, the Texas Department of Public Safety (DPS) is reminding drivers to use extra caution around motorcycles on roadways.

"Motorcyclists are inherently more vulnerable while on the road because they are less visible, and motorcycles offer no significant protection to their users in the event of a crash," said DPS Director Steven McCraw. "DPS urges all motorists to abide by traffic laws and always look twice for motorcycles. Motorcyclists can also help protect themselves by wearing protective gear, including helmets."

In 2014, 455 people died on Texas roadways while riding motorcycles and scooters, representing a 5 decrease from the previous year. However, those deaths accounted for approximately 13% of all traffic deaths in the state last year.

DPS recommends all drivers "Share the Road: Look Twice for Motorcycle." Motorists should use caution, especially at intersections and when changing lanes - two common places where serious motorcycle collisions occur.

Motorcyclists must be properly licensed to operate a motorcycle in the State of Texas.

Currently, more than 440,000 motorcycles and mopeds are registered in Texas, and that number is expected to grow. Licensed motorcyclists can also take a refresher course to reinforce safe riding techniques.

The Motorcycle Safety Unit coordinates training courses at more than 200 locations around the state for both basic and experienced riders. For more information on motorcycle training or to find a training location in your area, please call 1-800-292-5787 or visit www.dps.texas.gov/msb/.

Drivers and motorcyclists can significantly reduce their chances of being involved in a serious or fatal crash by adhering to basic safety measures, including:

Perform a visual check for motorcycles by checking mirrors and blind spots before entering or exiting a lane of traffic, and at intersections.

Always signal your intentions before changing lanes or merging with traffic.

Allow more following distance - three or four seconds - when behind a motorcycle, so the motorcyclist has enough time to maneuver or stop in an emergency.

Never tailgate. In dry conditions, motorcycles can stop more quickly than cars.

Thank You

Hornets win two of three for playoff victory

The Muenster Hornets improved their baseball season record to 22-4 last weekend after taking Archer City out of the playoffs. Muenster won game one 6-2, then allowed the Wildcats an 8-3 win before taking care of business, 15-3, in game three. The Hornets advanced to the Regional Semi-finals, facing the Crawford Pirates.

In Thursday's game in Henrietta, the teams tied 2-2 in the 3rd inning. Muenster scored again in the 4th, 5th, and 7th to take the 6-2 win. Trevor Cheaney pitched the entire game, allowing 2 runs on 3 hits, struck out 7 batters, and allowed 4 walks.

Cheaney and Blayne Jones were 2 for 4, while Carson Cheaney and Brennan Binder were 1 for 3. Defensively, the Hornets turned 3 double plays.

Game two, Muenster scored a run in the 1st and 5th innings, but in the 6th, Archer City scored 7 runs to defeat the Hornets 8-3, forcing a 3rd game.

Clay Stevens was 1 for 3 with a double and a run scored. Trace Klement was 1 for 2 with 2 runs scored and 2 stolen bases.

Binder pitched 5 1/3 innings, giving up 3 runs, striking out 5, and walking 2. Jones and Seth Flusche were also on the mound.

The Cats scored in the 1st and 3rd innings and Muenster in the 2nd for a 5-3 score going into the 5th. The Hornets scored 10 runs, taking a 15-3 victory in 5 innings.

Binder was 2 for 3 with a double and a 2-run home

run and 4 RBIs. Stevens was 2 for 4 with a double and 2 RBIs. Jones was 3 for 3, hit a double and 2 RBIs. It was a solo home run and a double for Carson Trubenbach. Stetson McGrew was 2 for 3. McGrew was the starting pitcher and went 2 innings, giving up 3 runs. Sawyer Sanders came in relief in the 3rd and got the win, pitching 3 innings, allowing no runs on only 1 hit.

The Hornets' next opponents, the Crawford Pirates, were the District 14 Runner-up. They defeated DeLeon, Abbott, and Axtell in the playoffs. Game one was Thursday in Bowie. Game two is scheduled for Saturday at 6:30 p.m. in Glen Rose. Game three will follow 30 minutes after game two if necessary.

Amy Binder photo

Carson Trubenbach (6) and Brennan Binder (14) got their first home runs of the season in playoff Game 3 against Archer City.

Lyndon Cook

Cook to take on Okies

Lyndon Cook, Muenster High School senior, has been selected to play for the Texas squad against Oklahoma in the 50th edition of the Faith 7 Basketball Bowl. It will be played on Saturday, June 6 at 7 p.m. in Shawnee, OK on the campus of Oklahoma Baptist University.

Cook, a 6'7" Muenster Hornet, has been coached by Lynn Cook. Lyndon led the Hornets to a 32 - 4 record while averaging 18 points, 15.6 boards, and 3.6 assists. Bound for St. Edwards University, Cook was named the 2A Player of the Year, his district's MVP for three years, and an All-Stater. Cook holds Muenster's career scoring and rebounding records and is 7th nationally in career rebounding.

Campaign aims to stem spread of invasive zebra mussels

A major public awareness campaign is calling on boaters to "Clean, Drain, and Dry"

their boats, trailers, and gear before traveling to and from Texas waterways to stem the spread of zebra mussels.

A coalition of river authorities, water districts, and municipalities across the state, led by the Texas Parks and Wildlife Department, is investing more than \$400,000 in this year's advertising campaign; the largest investment in public awareness since zebra mussels were discovered in Texas in 2009.

The campaign objectives are to inform boaters about their legal responsibility to prevent invasive zebra mussels from spreading and to reinforce the steps necessary to be in compliance with the law. It is illegal to possess or transport any prohibited aquatic invasive species in Texas. Since zebra mussel larvae, called veligers, are invisible to the naked eye, boaters must drain all water from their boat and all receptacles on board when traveling on a public roadway to or from a public water body in Texas.

The awareness campaign got under way May 7 and continues through the summer. Boaters will see and hear the "Clean, Drain, and Dry" message through a variety of media.

The campaign will focus its reach on the seven infested lakes in Texas, as well as in areas of the state at highest risk for possible spread of zebra mussels.

"Zebra mussels are invasive and highly destructive

organisms that can change the face of a water body and once they are here there is no known way to get rid of them," said Carter Smith, TPWD executive director.

Originally from Eurasia, these rapidly reproducing mussels have serious economic and recreational impacts to Texas reservoirs. They can clog water intake pipes, damage boats, and motors by attaching to boat hulls and clogging water-cooling systems, completely cover anything under water and litter the shoreline with their sharp shells.

Zebra mussels have been found in seven lakes in Texas since they were established in Lake Texoma in 2009. Other infested lakes include Lake Ray Roberts, Lakes Bridgeport, Lavon, Lewisville, Belton, and most recently in Lake Waco.

Economically, zebra mussels have the potential to cause damage to drinking water facilities and electric power plants, with losses estimated to being in the millions of dollars annually.

From an environmental perspective, zebra mussels are filter feeders, which directly compete with baitfish such as shad for available forage. Any impact on baitfish in turn can affect their predators — including game fish. Zebra mussels are also very harmful to native mussel populations because they colonize their shells and essentially suffocate them.

Bartush sets college record at national meet

Benedictine College's 4x800m relay team traveled from Atchison, KS to Gulf Shores, AL to compete in the NAIA National Outdoor Track & Field Meet last week. Going into the meet, they had the slowest qualifying time 7:48.68 in the field of 23 teams. After competing Friday evening (May 22), they finished 11th overall with a time of 7:40.96, shattering their qualifying time and previous school record by over seven seconds. Bob Bartush anchored the relay team with the fourth and fastest leg, running his 800m split in 1:53.3.

After the conclusion of the 2015 season, Bartush now holds three school records at Benedictine College, which include the Indoor (1:58.95) and Outdoor (1:57.17) 800m records and the 4x800m record set on Friday. Bartush will be a Senior this fall at Benedictine College, majoring in Economics. He is the son of John and Lanie Bartush and a 2012 graduate of Sacred Heart Catholic School.

FARM & RANCH

Cooke County Farm Bureau voices concerns

U.S. House moves to stop WOTUS implementation

The U.S. House of Representatives recently took action to stop the Environmental Protection Agency's (EPA) implementation of its proposed Waters of the U.S. (WOTUS) plan, an action applauded by Cooke County Farm Bureau.

"It's time to ditch this rule, for Texas' sake," said Cooke County Farm Bureau President Robert Klement.

Klement said EPA is moving forward with the proposed WOTUS plan, which could greatly limit what Texas landowners are able to do on their property. The rule would greatly expand federal jurisdiction to include very small water bodies, flood plains, and land that is not even wet most of the time.

Farmers and ranchers, including those in Cooke County, have voiced opposition.

"We want clean water," Klement said. "But that's not what this is. This is an attempt by EPA to control what we do on our lands. The move by the U.S. House is a step in the right direction."

Additional information on Ditch the Rule can be found

at <http://ditchtherule.fb.org>
Farmers consider brackish water

With a limited amount of freshwater available for municipal, industrial, and agricultural uses, farmers and ranchers are considering brackish water supplies, said Cooke County Farm Bureau President Robert Klement.

"There's a finite amount of fresh water available," Klement said. "Brackish water is much more plentiful and all Texans need to take a look how we can best use it."

Brackish water has been found in 26 of the 30 aquifers in Texas with an estimated total of 2.7 billion acre-feet. That's enough to cover Texas in 15 feet of water. To qualify as brackish water, it must

contain 1,000 to 10,000 parts per million total dissolved solids. Total dissolved solids are dissolved salts such as magnesium, potassium, calcium, sulphur, boron, and sodium in the water.

"Brackish water will play an important role in supplying Texas' water needs in the future," Klement said. "It is very important that Texans consider how to best use this resource and respect the property rights associated with it."

Delegates at Texas Farm Bureau's last state convention voted to protect landowners' rights by including brackish water as part of their right to capture a fair share of groundwater beneath their property.

Avian flu outbreak's impact on consumer markets

The avian influenza outbreak continues to grow and leads to more questions about the impact on livestock and meat markets, according to *Drovers CattleNetwork*.

The U.S. Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS) reports the

current toll of the avian flu outbreaks is nearly 34 million birds depopulated. The majority of these are laying hens, followed by turkeys. There are relatively few broilers affected at this time.

As a result, the biggest and most immediate impact for consumers is in egg markets, especially in the north central part of the country. The reduced supply of table eggs, as well as breaking eggs used in food service, will impact consumers.

The direct impact of avian flu on poultry meat supply is minimal and likely to remain that way. Both broiler and turkey production are still expected to surpass year ago totals unless the outbreak expands significantly.

The biggest impact of avian flu on meat markets is the closure of poultry export markets. Both broiler and turkey exports, already struggling in 2015, are forecast to decrease even more as a result of the outbreak.

Just a thought

I like to see a man proud of the place in which he lives. I like to see a man who lives in it so that his place will be proud of him. Abraham Lincoln

Fatigue is the best pillow.

The farmer is the only man in our economy who buys everything he buys at retail, sells everything he sells at wholesale, and pays the freight both ways. J F Kennedy

Janie Hartman photo

The roof of Walter Bartel's barn was destroyed by last Sunday afternoon's storm. The twisted winds scattered boards and tin in a south easterly direction throughout the pasture.

Texas market weekly recap

For the week ending May 23, Texas auctions quoted feeder cattle prices mostly steady, with instances of sales ranging from \$2 to \$5 higher per hundredweight (cwt). Texas weekly direct feeder cattle sales were mostly steady to firm. Wholesale beef values were higher, with Choice Grade losing \$1.68 to close at \$260.25 per cwt and Select Grade losing \$3.48 to close at \$247.62 per cwt. Net export sales for May 8-14 were up noticeably from the previous week. Export shipments were down 1% from the previous week, and shipments primarily went to Japan, Mexico, and

South Korea.

Wheat cash prices lost \$0.09 to settle at \$4.88 per bushel, while futures prices gained \$0.05 to settle at \$5.47 per bushel. The USDA NASS Texas field office reported that 96% of the Texas wheat crop is in the heading stage, with 56% of the acreage in good-to-excellent condition. Eighty-six percent of the Texas Winter Wheat crop remains in fair-to-excellent condition. Net export sales for wheat were down 36% from the previous week and down noticeably from the prior four-week average. Shipments were 24% higher than the previous week but

15% lower than the average.

Texas corn prices were mixed with cash prices up to \$3.97 per bushel and futures prices down to \$3.60 per bushel. The USDA NASS Texas field office reported 73% percent of the planted Texas corn crop has emerged, four percentage points below this same point last year. Seventy-five percent of Texas corn acreage had been planted, which is up 4% from last week but down 16% from the same period last year. Corn export sales were up noticeably from the previous week and 12% from the four-week average. Export shipments were 3% lower than last week and 5% lower than the average.

According to USDA NASS, areas of the Blacklands, Northeast Texas, the Coastal Bend, and South Texas received upwards of 10 inches of precipitation, while the Trans-Pecos and the Southern High Plains received only trace amounts of rainfall. Last week's U.S. Drought Monitor for Texas showed a significant improvement in drought conditions for the state, with just under 30% of Texas still experiencing some stage of drought intensity. Additionally, only about 3.29% of the state remains in severe, extreme, or exceptional drought. On the national level, drought conditions improved slightly with approximately 52% of the U.S. experiencing abnormal dryness or some degree of drought, down more than 3.60 percentage points from last week.

El Niño rains cause concern for farmers

It's not very often that farmers and ranchers complain about the rain. For them, not only is water the essence of life, it is paramount to the success of their agricultural operations, according to *Southwest Farm Press*.

But when is too much rain enough? It's a question more farmers are asking lately.

According to the National Oceanic and Atmospheric Administration's (NOAA) Climate Prediction Center (CPC), the long-awaited El Niño, or Southern Oscillation (ENSO) event, is the cause of much rain across large areas of Texas this spring season.

"There is still a lot of warmer-than-average water below the surface in the upper 300 meters of the ocean, helping to ensure that the above-average sea surface temperatures will continue for at least the next few months," said Michelle L'Heureux, CPC meteorologist.

There is cause for farmers' concern as too much rain is bad for farming. Crop experts say excessive rain can be as bad as not enough rain when it comes to crop health. An increase in insect and weed pressure and the possibility of fungus can all help to destroy a crop under extreme wet conditions.

Winter wheat forecast is up 7%

The latest report from the National Agricultural Statistics Service (NASS) forecasts winter wheat production in 2015 at 1,471,802,000 bushels, up 7% from 2014, reports *World Grain.com*.

The forecast was the first official USDA projection of the season and was above the average of pre-report trade forecasts, which was 1.457 billion bushels.

The greatest production gains are forecast for Texas and Oklahoma, where precipitation is vastly improved from a year ago, when drought ruled, abandonment was heavy, and yields were poor.

The Texas crop is forecast at 131,250,000 bushels, up 94% from 67,500,000 bushels in 2014, and the Oklahoma crop was forecast at 118,900,000 bushels, up 150% from 47,600,000 bushels in 2014.

Kubota HQ relocating to Grapevine

Kubota Tractor Corp. and Kubota Credit Corp. will relocate their headquarters from Torrance, CA to a 25-acre site just northeast of Grapevine Mills Mall on city-owned property, reports the *Fort Worth Star-Telegram*.

The companies, subsidiaries of Kubota Corp. in Osaka, Japan, are under contract to buy the property from Grapevine, where they plan a

200,000-square-foot research and development and corporate center.

The move will affect about 180 Torrance employees for a total of 345 jobs at the new location. Construction on the Texas facility is scheduled to be completed by the first quarter of 2017. It's part of a restructuring to strengthen the Kubota brand in the U.S.

Presenting the Class of

2015

Gunnels and Saavedra lead Muenster Class of 2015

The Valedictorian of Muenster High's Class of 2015 is Tara Gunnels. She is the daughter of the Laura Gunnels and the late Allan Gunnels.

During her high school years, Tara participated as a member of FCCLA and served on the yearbook staff. Her junior year, she was inducted into the National Honor Society and has participated in all activities and completed two individual service projects. She was a member of the Muenster High School band since the 8th grade and served as the Woodwind Captain her junior year.

Tara has participated in UIL all four years of high school. She was on the Spelling and Vocabulary team all four years and the Journalism Headline team since her sophomore year. She placed

Tara Gunnels

Georgia Taylor Saavedra

Earning the honors of Salutatorian of the Muenster High Class of 2015 is Georgia Taylor Saavedra. She is the daughter of Rafael Saavedra and Nastasha Taylor, raised by Kenneth and Melitta Taylor. She has participated in many activities during the past four years, both in and outside of school. She has been officially deemed a National Hispanic Scholar by College Board for Excellence in Academic Achievement.

Georgia has competed in many UIL events over the years and has advanced to the Regional level in Ready Writing, Journalism, and Spelling. She was also a participant in Literary Criticism and Science for one year. She was a part of the school's One Act Play for three years as music technician, gathering and composing music, and working the soundboard.

A large part of Georgia's

Hesse and Davis named top students at Sacred Heart

Madison Nicole Hesse, daughter of Mark and Melanie Hesse, is the Sacred Heart Class of 2015 Valedictorian. She plans to attend Texas Woman's University in the fall to major in Nursing.

Throughout her high school career, Madison has been a member of ARTS (Always Ready To Serve), where she volunteers her time in various projects. Some of these projects include volunteering at ABBA and Noah's Ark Animal Shelter. As a member of ARTS, she also planted grass, flowers, and bushes as well as cleaned up around the school. The past year, ARTS also painted a mural near the preschool. This year, they helped construct a cookbook.

Madison's freshman through junior years, she participated in Track and Field. She also served in various positions in Student

Madison Hesse

Aaron Davis

The Sacred Heart Catholic School Class of 2015 Salutatorian Aaron Paul Davis is the son of Kelly and Karen Davis. He plans to attend Oklahoma State University and pursue a Mechanical Engineering degree.

Throughout high school, Aaron has been involved in multiple organizations. He was a member of National Honor Society and Student Council his sophomore, junior, and senior years. As a junior, he qualified for the Texas High School Aerospace Scholars program. Aaron has participated in football, track, baseball, golf, and robotics throughout high school and was the president of the Letterman's Club.

Aaron was able to enjoy success in the activities he partook in. He was able to advance to the State Track Meet every year in high school where he helped the

See DAVIS, pg. 2

Laster and Worth earn 2015 Lindsay class titles

The Lindsay High School Valedictorian is Jessica Laster. She is the daughter of Claudia Ledfund and Greg Laster.

In UIL, Jessica competed in several events. As a freshman and sophomore, she was in Computer Applications. And, as a sophomore, she advanced to Regional as a member of the Spelling and Vocabulary team. As a senior, Jessica was first place in District in Accounting and advanced to Regional. She didn't score high enough to qualify for State.

As a member of the FCCLA, she served as the Student Council representative from FCCLA. Jessica was in the Pep Club from freshman to junior year and on the Yearbook as a junior and senior.

The University of Texas at

Jessica Laster

Brandon Worth

Brandon Worth first attended school at Lindsay ISD in the eighth grade and is now the senior class salutatorian. He had spent the first seven years in St. Mary's Catholic School. His parents are Brad and Jennifer Worth.

Brandon enjoyed playing sports, going out for football, baseball, basketball, and track all four years.

In football, he was second team All-District defensive back and on the Academic All-District team in 2013. For 2014, he advanced to first team All-District for defensive back and Honorable Mention All-District wide receiver. Again, he made Academic All-District.

Brandon made the Academic All-District team as both a junior and senior in basketball. He also was honored with an Honorable Mention All-District this year.

See LASTER, pg. 2

See WORTH, pg. 2

GUNNELScont. from pg. 1

first in Spelling her junior year and advanced to Regionals three times and she placed fifth her junior year. This year she also advanced to Regionals in Headline Writing and placed fifth.

During her four years in high school, Tara received Student of the Month twice, being nominated by her teachers. She was also nominated for Who's Who Award in Spanish and Art and won for Band her junior year. This year, she has been nominated for Who's Who in both Government/Economics and Science.

Tara is an active member of First Baptist Church Muenster. There she serves as the music leader for Vacation Bible School, Children's Ministry, and youth group. Last year she served as a Student Leader Apprentice at the nationally recognized FUGE Camps and has been selected to do so again this summer.

Tara will attend Baylor University in the fall and plans to get her Bachelor's degree in Special Education.

HESSEcont. from pg. 1

Council her freshmen through junior years. Throughout high school, she has participated in various TAPPS academic meets. Her junior year she competed in Advanced Math of TAPPS academics on the State level, and Science on the District level.

Madison has maintained the Principal's Honor Roll her entire high school career. She is currently the president of the National Honor Society.

Throughout high school, Madison has participated in numerous community service projects such as collecting food for outreach and working at ABBA. She has spent the past two summers volunteering at the North Texas Medical Center. Madison has always strived to be an active member of Sacred Heart Catholic Church.

DAVIScont. from pg. 1

team win two State Championships. Aaron was also able to advance to State Academics in Advanced Math every year of high school. He was part of the Sacred Heart Machinators team which placed second twice, and third once at the state level. Aaron volunteered for and participated in numerous community service projects.

WORTHcont. from pg. 1

In baseball, he again earned a place on the Academic All-District Baseball Team as a freshman, sophomore, and junior. The senior season has yet to be finished.

The mile relay team has been his success in track. Last year, the team went to State where they earned seventh place. This year, the mile relay team made it to Regional where they won third.

In school organizations, Brandon was class vice-president in both his junior and senior years. He was a member of the National Honor Society three years and served as vice-president his senior year.

All four years, Brandon competed at the State Texas Math and Science Coaches Association (TMSCA) meet. In freshman competition, he placed third in Math and 10th in Science. As a sophomore, he earned sixth in Math and third in Math as a junior. This year, he gained third in Math and eighth in Number Sense.

In UIL, he went out for Math, Number Sense, and C/X Debate as a freshman. Brandon's sophomore year found him going to State and winning second place team in Math and fourth place team in Current Issues and Events. He also participated in District in Computer Science, Number Sense, Science, LD Debate, and Social Studies. As a junior, he competed in Accounting, Math, Number Sense, and Science and earned fourth place team in Math at State.

As a senior, Brandon participated in Number Sense, Computer Science, Math, Science and Calculator. He placed third individually in Math and was a member of the first place team at Regionals. He competed in State this year in Math.

Brandon will use his talents in math and science to major in Bio-medical Engineering at Texas A&M University.

Brandon is a member of St. Peter's Catholic Church and has volunteered at every parish picnic since moving to Lindsay. He is also a member of St. Peter's Youth group named SPY. He doesn't work during the school year but served as a lifeguard at Gainesville Aquatics Center in the summer.

SAAVEDRAcont. from pg. 1

life has been dedicated to music. She has sung the national anthem at the high school basketball games for six years and home football games for one year. She participated in band for her first three years of high school, playing instruments such as the piano, trumpet, French horn, and percussion. She was drum captain during those three years and helped compose and arrange music for marching shows and cadences during that time. She competed at the State competition for Solo and Ensemble all three years and won the Silver Medal in two different instruments; piano and French horn.

In addition to this, Georgia has collaborated with and trained at multiple institutions on these two instruments. She has played as first chair French horn in the wind ensemble for multiple years at The University of Texas at Arlington and played alongside members of the Fort Worth Symphony Orchestra. Georgia has studied piano with affiliates from the following universities: The University of North Texas, Texas Woman's University, The University of Central Missouri, The Eastman School of Music in Rochester, New York, The Juilliard School in NYC, The Royal Academy of Music in London, England, and The Franz Liszt Academy in Budapest, Hungary.

Georgia will be double majoring in Neuroscience and Psychology and minoring in Music at The University of Texas at Austin in the fall. She hopes to eventually complete medical school and become a psychiatrist while still continuing her musical studies. At UT Austin she will be a part of multiple honors programs, including the Foundation Scholars Program for Liberal Arts and the Hutchinson International Scholars Program, a study abroad program which is only awarded to 32 students a year.

LASTER.....cont. from pg. 1

Austin is where she will attend college. Her major is Accounting. She works at Starbucks.
