## NEW BUSINESS LIGHTING RATE IS ANNOUNCED

W. P. Murphy, district manager of the Texas Power & Light Co., appeared before City Council Tuesday night and announced a new commercial lighting rate for Brownwood. This new rate being similar to the residential rate put into effect a few months ago.

This rate, like the new residential rate, has a flat charge based on the maximum demand for electric service and a meter rate with steps of 7 cents a kilowatt hour and 6 cents a kilowatt hour, but with an additional step which brings the cost of electric energy down to 3 cents a kilowatt hour. The billing demand is based on the average maximum use of electric service. The minimum bill is the flat charge, but not less than \$1.00. The new rate becomes effective with the next bills received by commercial lighting customers, which includes hotels, recognized rooming and boarding houses, offices, warehouses, churches, lodges, hospitals, shops and stores. With this change in form of the commercial lighting rate, the top step is reduced from 10 cents a kilowatt hour to 7 cents a kilowatt hour and the second step from 7 cents to 6 cents a kilowatt hour. The third step remains 3 cents a kilowatt hour. The new commercial rate is optional.

**Further Savings Possible**  
"The new form of commercial lighting rate received the great approval of a greater use of electricity in modern stores and business houses," Mr. Murphy declared, "and provides a scale whereby a customer may make a greater use of electricity with little increase in cost. Only a few months ago commercial lighting rates here were reduced and the new rate makes possible further savings in the use of electricity for commercial lighting, fans and other small power uses. Under this rate merchants can use economically more light than under the old rate and the business section can be made more attractive at night with well lighted store windows."

"Repeated experiments have proved that proper illumination is one of the best salesmen a store owner can employ. Advertising in the newspaper and proper lighting in the store go hand in hand. The advertising brings customers into the store and plenty of light displays merchandise to the best advantage. The new rate conforms to the policy of the Texas Power & Light Company to keep its electric rates as low as is commensurate with sound business principles," Mr. Murphy stated. City Council authorized City Tax

Assessor Joe B. Leach to send out a standard form to all business houses of Brownwood, these forms to be used for the purpose of listing all merchandise on hand January 1st, each year, the forms to be sent out in time for use in rendering property for tax renditions this year. Council also advised that the equalization board will set the taxable value on all stocks of merchandise when merchants refuse to fill out the forms sent out. This step will materially increase taxes each year, Council believes.

**To Redistrict City**  
Judge E. M. Davis appeared before City Council Tuesday night asking that Council take under advisement the project of redistricting the city of Brownwood. Judge Davis advised that the Commissioners Court plan a redistricting of the county and urged that the city be redistricted first, in that this will greatly facilitate the work of the court in redistricting the entire county.

Aldermen Bohannon, Shaw and Baugh were appointed on a committee to work with Judge Davis and the Commissioners Court. City Council was favorably inclined, apparently, to the request made by Judge Davis.

Aldermen Shaw and Boyett were appointed to investigate low water pressure on Durham Street, this coming as the result of a complaint made by R. A. Snider and Rufus Stanley.

Council instructed City Attorney R. E. Lee to draw up an ordinance that will make it illegal for any motor car driver to make a left hand turn off of Austin Avenue at Brady Avenue, this being at the south entrance of the Austin Avenue subway.

City Secretary F. E. Scott was authorized to draw \$1,000 from the water funds, this amount being needed for current operating expenses.

**Reports Are Approved**  
City officers reports were read and approved by Council.

Judge James McCartney reported the collection of 112 fines in city court during the month with total money received being \$797.50. Offenses for which fines were paid, follow: non stop, 30; overtime parking, 15; drunkenness, 13; affray, 7; speeding, 9; double parking, 5; reckless driving, 14; disturbing the peace, 3; gaming, 3; improper parking, 5; parking in non-parking zone, 4; running with one headlight, 2; running red light, 1.

City Secretary F. E. Scott's report follows:

Secretary report for month of July, 1929:

Expenditures	
General fund	\$2,514.68
Fire Department	894.92
Water Department	2,000.86

Misc. water	5.00
Misc. fire	4.50
Gas tests	11.00
Light inspections	11.00
Total	\$13,544.68

## BROWN COUNTY BOY AND GIRLS WIN HONORS

Possibly more honors were won by Brown County young people at the A. and M. Short Course, at College Station than any one other county in the state, both the boys and girls and women receiving awards and honorable mentions in a variety of fields.

In addition to these honors, the twenty-seven people who went from here, including Miss Mayesie Malone, home demonstration agent, and O. P. Griffin, agricultural agent, had more fun than any previous year, according to the word of some who returned yesterday.

The party joined others from various parts of the state on a special train a week ago Sunday and arrived at College Station Monday morning, ready for a few days of heavy study.

While there Miss Imogene DeHay of Indian Creek won first place in the state on her home made clothing, winning a Singer sewing machine and a medal.

Miss Rena Harris of Jones Chapel won third place in the state in the living room contest, in which she had previously won first place in the county and in the district. She received \$10 for winning in the district and \$15 for her third place in the state.

Mrs. D. W. Kyzer won fourth in a butter judging contest, getting an honorable mention.

**Improvement Demonstration**  
Miss Juanita Chiallatte of Indian Creek was made a sergeant of one of the girls dormitories during their stay at college. Both Miss Chiallatte and Miss DeHay put on an exterior home improvement demonstration, which was well received. Miss Malone was on the agents

program and gave a talk on marketing. The Brown County team in stock judging got away with second honors in the state, and one of the members of the team, Rex Lanford of Blanket, won second place in the individual livestock judging contest. The two others on the team were Morris Polk and John Gilbreath of Woodland Heights. Following the work of the school, Friday morning, the Brown County delegation, less three of them, and with hundreds of others on special trains went to Galveston. There they took a ride as guests of the Galveston Chamber of Commerce on a boat twenty-five miles at sea, went swimming on the beach took

in the fort and saw all through a large ocean going liner. They left Galveston Saturday night, arriving in Brownwood at 6:45 a.m. Sunday.

### FLYING YACHT

SOUTHAMPTON, Eng.—The first flying yacht to be constructed in England is being built for a private owner here. The hull is divided in three sections, the forecabin being divided in three sections, the forecabin being in the nose, the central portion devoted to passengers, and the kitchen is in the rear compartment. Railings can be erected round the hull and deck chairs and tea tables placed.

## "WOULDN'T TAKE \$1,000 FOR GOOD IT HAS DONE HIM," HE SAYS

Brownwood Farmer Had Rheumatism So Bad He Couldn't Work and Was Almost a Total Wreck—Orgatone Brings Relief.

"Do you know before I began taking Orgatone I hurt so bad with rheumatism at times I was unable to do any work and was almost a total wreck," said C. E. Elkins, who lives on Rural Route 4, Brownwood, Texas, while in Camp-Bell Drug Store the other day.

"I have suffered, nobody knows how much with rheumatism and swelling in my limbs for five years," continued Mr. Elkins. "I couldn't sleep at night on account of pain. I could hardly get my clothes off I hurt so bad. My joints were swollen and stiff and began to draw and twist. I wasn't able to work and no kind of liniments or medicine did me any good and I just suffered away, until when I tried to do a kind of work."

"I saw Orgatone advertised in the papers and decided to take a chance on it helping me. Well, it proved to be the right thing and I have already picked up several pounds in weight and feel better than I have in many years. I sleep good every night, eat heartily and I don't feel the rheumatism at all. I feel that I am a well man already and with new lease on life but I am going to keep on taking Orgatone until I am satisfied every seed of that awful rheumatism out of my system. Orgatone is the greatest medicine I ever heard of and I am now forty-five years old. Just to think what a dreadful fix I was in and now I don't have to suffer like I did. Who I can get about like a young man and I just can't praise Orgatone enough."

Rheumatism is not only one of the most prevalent, but one of the most painful and difficult to treat of all present day diseases. When the digestive organs and bowels are not working properly, and the kidneys become clogged up, the whole system becomes deranged and saturated with uric acid poisons and other impurities, which accumulate in the joints and other parts of the body and produce the condition known as rheumatism.

Orgatone is a powerful reconstructive bile treatment and quickly overcomes this condition by acting directly on the vital organs, forcing them to and enabling them to perform their proper functions, so that the impurities are soon eliminated from the system in a natural way. Liniments and external applications as a general thing only afford temporary relief. Orgatone is a constitutional treatment and gets right at the root of the trouble by removing the cause with a healthy flow of liquid bile.

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new, scientific bile treatment and is sold in Brownwood, exclusively by the Camp-Bell and Peeries Drug

# NOOK TELLS OF 3-YEAR LOVE AFFAIR WITH GIRL HE KILLED

COURTROOM, COLUMBUS, O., Aug. 7.—(AP)—Details of the triangle involving Theora Hix, Marion T. Myers and himself were related by James H. Snook from the witness stand this afternoon in his effort for the defense pushed on in an effort to prove that the arrangement was such as to indicate

the insanity of all the parties involved. Under questioning of Max Seyfert of defense counsel, Dr. Snook, in a clear, cool voice, depicted the three-cornered affair in which both men carried on intimate relations with the girl and told how the girl kept him informed of her relations with the man who was his rival for her friendship.

discussing books on sex and three or four weeks after, their intimate relations began. Dr. Snook said Miss Hix often asked his advice about personal matters. During the summer of 1926, he said he taught her to shoot and gave her the gun he later claimed he thought she had with her the night she was slain.

## BOYS AND GIRLS FROM ALL STATE SECTIONS IN A. & M. CONTESTS

COLLEGE STATION, Texas, Aug. 7.—(Sp.)—Farm boys and girls from virtually every section of Texas participated in the various judging contests held during the twentieth annual Farmers' Show Course at the A. & M. College of Texas recently. Contestants from West Texas and the Panhandle figured heavily in the winnings though other sections of the state were well represented in the list.

Attendance at the short course was around 5,000, of which more than 1,000 were farm boys and girls. General expressions from officials and visitors acclaimed the twentieth gathering as one of the best ever held here.

Winners of first three places in the various judging contests were announced as follows:  
**Livestock Winners**  
Livestock judging: Team standing—Hill county, Durwood Orr, Bryn Abbott, Weston Rux, first to win permanent possession for Hill county of Progressive Farmer trophy cup by virtue of three victories; Brown county, second; Terry county, third. Individual standing—Watson Rux, Hill county, first; Rex Lanford, Brown county, second; Durwood Orr, Hill county, third. High team in beef cattle judging, Ellis county; high individual, C. E. Holt, Wise county. High team in hog judging, Blanco county; high individual, Horace White, Terry county. High team in sheep judging, Wise county; high individual, E. O. Krueger, Blanco county.

**Dairy judging:** Team standing, all breeds—Lubbock county team, Jim Potts, Fred Elliott, Jack Stalcup, first, to win trip to National Dairy Show at St. Louis given by M-K-T Railroad; Hood county, second; Terry county, third. Individual standing—Harlan Howell, Terry county, first; Gilbert Meyers, Knox county, second; James Potts, Lubbock county, third.

**Jersey cattle judging:** Team standing—Hood county, first; Collingsworth county, second; Lubbock county, third. Individual standing—Rudolph Real, Bexar county, first; Gilbert Meyers, Knox county, second; Odell Lowe, Hood county, third.

**Holstein cattle judging:** Team standing—Lubbock county, first; Hill county, second; Dallas county, third. Individual standing—Orville Dumas, Hill county, first; Harlan Howell, Terry county, second; R. E. Evers, Hill county, third.

**Poultry Division**  
Poultry judging: Team standing—Smith county team, Anna Ruth Thornton and Louie Busby, first, to win Lone Star Poultry Journal trophy; Baylor county, Florence Motson and Zelma Harrison, second; Dallas county, Leon Guynes and Dennis Hall, third. Individual standing—Louie Busby, Smith county, first, to win F. W. Kazmier trophy; Ward Blacklock, Travis county, second; Wayne Chamber and Manche county, and Aubrey Pounds, Lubbock county, tied for third. High team in judging Rhode Island Reds, Cass county, perfect score. High team in judging Banded Rocks, tie between Bexar and Cass counties. High team in judging White Leghorns, tie between Bexar and Knox counties. High team in judging white eggs, Smith county. High team in judging brown eggs, tie between Dawson, Fannin and Van Zandt counties.

**Grain judging:** Team standing—McCulloch county team, George Johanson and Floyd Marshall, first, winning William Cameron and Company trophy cup; Cglin county, Hays Hill and John Gibson, second; Kaufman county, Thomas Whitmore and Claude Liston, third. Individual standing—Greer Cottingham, Donley county, first; Claude Liston, Kaufman county, and A. A. Temple, Titus county, tied for second.

**Terracing contest:** Montague county 4-H Club boys won banner given by the Federal Land Bank of Houston for the best terracing work. E. C. Jameson, county agent. These boys completely terraced fifteen farms. Individual winners at Short Course—Robert Ballard, Montague county, first, gold medal; Harold Lowe, Smith county, second, silver medal; Orville Lovelady, of Montague county, third, bronze medal.

**Dress Contests**  
Appropriate dress contest: Class 1, school costume—Margie Henderson, Tarrant county, Britton, first, sewing machine and medal as prizes; Sude Maxwell, Collingsworth county, Wellington, second, chest of silver and medal as prizes; Marie Bohls, Frio county, Bigfoot, third, watch and medal as prizes. Class 1, article—Jewel Faye Haukins, Young county, Olney, first, picture as prize; Vergie Moore, Lubbock county, Lubbock, second, candle sticks as prize; Nita Kemp, of Fisher county, McCauley third, candle sticks as prize.

Appropriate dress contest: Class 2, afternoon dress—Ima Gene DeHay, Brown county, Indian Creek, first, sewing machine and medal as prizes; Florence Pepper, Collingsworth county, Wellington, second, chest of silver and medal as prizes; Ruth Kemp, Fisher county, McCauley, third, watch and medal as prizes. Class 2, article—Mildred Young, Cameron county, Harlingen, first, picture as prize; Linnie Belle Houser, Lamar county, Caviness, second, candle sticks as prize; Mamie Powers, Nueces county, Corpus Christi, third, candle sticks as the prize.

**Butter judging contest:** Mrs. H. Schulte, Kerrville, first, chest of silver as prize; Mrs. H. Deabler, of Waco second; Mrs. W. Baird, Tyler, third.

## USE OF HORSE ON FARM STEADILY DECLINING

BY ALLARD SMITH  
Vice President, The Union Trust Company, Cleveland, O.  
ONE of the most significant indications of the progress of mechanization in agriculture is the passing of the horse. It is typical of the rapidity with which the machine has replaced the muscle of man and beast in every phase of farm operation over the past decade.

The number of horses in use on farms in the United States reached its peak in 1918, when 21,559,600 horses were employed in agriculture. This number steadily dwindled to 14,541,000 by the end of 1928, a decrease of more than 32 per cent. Simultaneously with the passing of the horse, the number of tractors on farms showed a corresponding increase. In 1920 the number of tractors was 229,332. By 1922 the number had increased to 474,694, and in 1928 it was 781,745. The increase over the eight years closely approached 240 per cent. The value of horse-drawn vehicles manufactured in the United States in 1920 was \$40,929,000. In 1928 the value was \$9,159,125. The tractor has radically affected other farm equipment in the direction of diminishing the amount of labor necessary for various operations. It has brought larger gangs of plows, which plow deeper and better than horse-drawn plows; harvesting machinery which reduces the cost of harvesting wheat in some cases as much as 20 cents a bushel; machines for harvesting and husking corn; cotton sleds and vacuum cotton pickers, and many other labor-saving devices for which the tractor furnishes power.

Production of such machinery is increasing steadily. The only farm machinery showing a decline in factory production in the past four years is horse-drawn equipment. The farm of the future will probably resemble a well-organized factory, and the farmer will be a skilled technician.

## BRYCE EXPECTS A 5,000 CROWD AT TOAD DERBY

A crowd of more than five thousand people is expected to witness Brownwood's First Horned Toad Derby to be held here Saturday, August 10th, according to statements made today by A. T. Bryce, chairman of the committee in charge of arrangements for the event.

Mr. Bryce pointed out that similar events in Oklahoma and California have drawn crowds of from fifty to one hundred thousand people and he believes that due to the stirring interest being taken in the race to be held here, at least five thousand people will be present for the event.

Places in the race are being rapidly taken, it was learned at headquarters this morning. However there are a few more places left open to citizens and firms of the city. Also a supply of toads is on hand at the North Texas Building & Loan Association on East Lee St. These toads will be furnished free to those desiring to enter a contestant in the race. No admission will be charged onlookers of the race, but an entrance fee of two dollars and a half will be charged to owners of the toads entered.

There are many prizes to be given, the first prize being a diamond brooch pin.

## MORE HORSES TO RACE HERE

A total of sixty-seven horses have been registered for the coming races at the Brown County Fair, August 21-24, twelve already being in the stalls, and the owners of the others writing for accommodations.

In addition to the twenty-two accounted for in the Bulletin last week, the following owners have sent requests for stables: H. E. Walton of Breckenridge, one horse; Dock Slaven, eight horses; Blaine Spear of Breckenridge, two horses; W. G. Anderson of Silver City, two horses; C. Locklear of San Saba, six horses; Bill Tonsal, four horses; J. L. Webster, one horse; E. Locklear of Saba, six horses; Dick Gray of Gorman, three horses.

A trip to advertise the fair was made last week by J. T. Stovall of Brady, Mason, Junction, Menard, Edna, Paint Rock, Hallinger, Winters, Ocala, Lawn, Coleman and Santa Anna. Mr. Stovall had aiding him on this trip, Donald Edgar and Bill Carson.

Mr. Stovall reported the people were interested in the Brown County Fair and said that we will get some good representations from these cities.

Tuesday he will go in Callahan county, and on the next three days he will be busy at the Lampasas fair.

## Brown County Manufacturers To Meet Monday

All Brownwood manufacturers are called to meet in the Chamber of Commerce rooms at 8 p. Monday to discuss the placing of an exhibit of Brown County manufactured goods at the Brown County Fair August 21-24. A committee from the fair association is calling the meeting and wants all manufacturers present.

## TO TAKE ACTION MONDAY ON COUNTY PRECINCT BOUNDARIES

County Commissioners will take action redividing the county with new precinct lines at the regular monthly meeting of the court to be held next Monday.

Plans are being made to so divide the county that each precinct will have equally divided voting power, and each commissioner will have an equal amount of road mileage to take care of, and by so doing the road funds can be split four ways.

As it is now there is one precinct with about 400 more voters than all the other three precincts together. Under the present division some roads are run through two and three precincts. It is hoped that the pending action will so divide the county that each commissioner will have charge of a full length of road.

## Local Firemen Visit San Angelo

Responding to an invitation sent out some time ago for local firemen to visit the Fire Department of San Angelo, a group of firemen from Brownwood Sunday went in cars to San Angelo to spend the day. While there, they were royally entertained and a special fire drill was put on for their benefit. In the afternoon a real fire broke out in Brownwood. Firemen witnessed action of the fire department there. The San Angelo fire department, for the past 22 years under the direction of Chief John Parker, has recently completed a new system of buildings with all new equipment.

Those going from Brownwood were Fire Chief Rance Pettitt, Mr. and Mrs. Modie Wells, Mr. and Mrs. Ernest Baker and Mrs. Baker's sister.

## Brownwood Man's Father Injured

V. A. Warren of Ranger father of A. A. Warren of the Graham Hotel Tailor Shop, was seriously injured in an automobile wreck near his home Sunday noon. His car was run into by a man who was later placed on the police blotter charged with reckless driving.

Four ribs on one side were broken and practically that entire side was crushed, his son said after visiting with his father Monday night.

## Begin Poisoning of Cotton Pest

BRADY, Aug. 7.—(Sp)—Due to the heavy infestation of boll and leaf worms in the cotton in McCulloch county cotton, especially in the Pear Valley, Melvin and Lohn communities, poisoning will begin at the earliest possible moment, according to County Agent J. D. Frewit, who has assured the farmers that a carload of poison will arrive here about Friday, and that the work of dusting and spraying will begin immediately.

There are reports of a good many boll weevils over the county, although they are not affecting cotton as badly as are the boll and leaf worms. Those who have come to the county agent for advice on the matter have been told to either dust or spray the cotton infested with the insects with 3 parts of calcium arsenate and 1 part of Paris Green, used as a dust, or three pounds of calcium arsenate to 50 gallons of water, to be used as a spray.

BROWNWOOD, TEXAS

## Fight to Stamp Out Cotton Wilt

AUSTIN, Tex., Aug. 7.—(AP)—Having moved to protect Texas citrus fruit growers by banning importation of Florida oranges, lemons and grapefruit, Agricultural Commissioner George E. Terrell now has taken steps to aid cotton farmers in their attempt to stamp out cotton wilt.

A regulatory quarantine against cotton seed from Alabama, Georgia, Arkansas and Oklahoma has been imposed, and under its provisions no seed can be shipped into the state unless the consignment bears a certificate that it comes from a non-wilt zone.

"We can depend only on the integrity of inspectors of the neighbor states," Commissioner Terrell said, "but I believe that the quarantine will be of distinct benefit in ridding the state of impure seed."

Cotton wilt cut the Texas output last year and when the disease made its appearance in the fields again this season the ban was decided upon.

MRS. M. B. EPPERSON  
Mrs. M. B. Eperson, 64, wife of Rev. M. B. Eperson of Blanket, died in a Brownwood hospital at 1:30 o'clock Friday morning. Mrs. Eperson underwent an operation last Saturday and was never able to recover from same. She had been in ill health for many months. Her husband, Rev. Eperson, is pastor of the Blanket Presbyterian Church.

Mrs. Eperson was born in Arkansas in 1865, but had lived in Texas many years. When a young woman she was married to Rev. J. W. Reeves. To this union were born four children, all of whom survive. They are Claude Reeves of Nashville, Ark.; Walter Reeves of Mineral Springs, Arkansas; Grover Reeves of Baytown, Texas, and Mrs. Joe Smith of Gonzales, Texas.

Mrs. Eperson was married to Rev. M. B. Eperson about 23 years ago and to this union one child was born, he being Finis Eperson of Cleburne.

The body was taken to Cleburne on the Santa Fe Railway Friday morning for funeral services there Saturday morning at 10 o'clock.

RIVERSIDE - a First Line Tire

costs as much to make as any high-grade tire... But-how about the selling price?

After all, practically all the high-grade tires, including RIVERSIDES, have the same amount of rubber and the same amount of cotton cord.

The prices on these two materials are established market prices that every large producer must pay. Skilled labor and overhead costs are practically the same in all well-organized tire factories.

Why, when cost-to-make is practically the same, this decided difference in price to the buyer? The answer is simple as A. B. C. Buying RIVERSIDES, you pay only Ward's small profit over the manufacturing cost.

Table with columns for tire size and price. Includes 'FIRST QUALITY Riverside' and 'Guaranteed for 16,000 Miles'.

Table with columns for tire size and price. Includes 'STANDARD Wardwear' and 'Guaranteed for 10,000 Miles'.

Goldthwaite

The revival at the Church of Christ began last Friday night and is to continue until next Sunday. Large crowds are attending the services. Three services were held Sunday and dinner served under the tabernacle at the noon hour. Evangelist G. A. Dunn, Jr., is doing the preaching and his sermons are interesting and helpful. Marion Davis, evangelist singer comes from Franklin, Tennessee and is a singer of splendid ability. The members of that church are to be congratulated for having secured the services of these two men to help in the meeting. Miss Annie Strickland of Blanket is here this week visiting Miss Lois Fuller. Pauline, the baby girl of Mr. and Mrs. Henry Hughes living a few miles south of town was painfully burped last Sunday by one of her little brothers spilling hot coffee on her. We hope the burn will not prove serious. The meeting at the Methodist tabernacle is attracting large crowd at each night service and the morning service is well attended. A town service is held each morning at 9 o'clock. Rev. Monk is an able preacher in fact one of the best evangelists in the Southern Methodist church. Mr. C. E. Dodge, the song leader and director of Young People's Work is one of the best ever in the Methodist church here. The meeting is to continue until next Sunday night. Mrs. Fuller and daughter, also Miss Bess Hutchings and son, Fuller, visited relatives and friends in Blanket last Sunday. C. H. Ford is having a building erected between his residence on Parker street and the back of Doggett Bros. Filling Station on Fisher street. The building will front 4th street. Fry and Simms have leased the building and will move their laundry to it as soon as it is completed which will be about Sept. 1. Last Monday afternoon C. A. Head attempted to park his new Whippet in front of the Trent State Bank and in some way lost control of his car and ran up on the side walk barely missing a window in the front of the bank when his bumper hit the wall. No damage was done however to the car, the building, or driver.

MAY

Mr. and Mrs. Lewis Weaver and son, who have been visiting Mrs. Weaver's parents, Mr. and Mrs. Julia Wiggins, returned to their home in Texarkana Wednesday morning. Master George and Jake Pitcock, our Bulletin salesmen, accompanied their grandmother, Mrs. M. P. Shelton, on a short visit to Dublin this week. Mr. and Mrs. A. D. Watson of Shamrock have been visiting Mrs. G. A. Michall and family. Mrs. G. A. Watson and Mrs. Nichols are sisters. Mrs. Roach and Jim Crumes of Amarillo were welcome visitors in May this week. Dr. Jim Crumes visited his nephew, George Crumes. He had been some thirty years since he were here when he was a boy. Mrs. C. B. Ballard, Dr. Roach is a brother of Mrs. Ballard. Charley Garrett from San Angelo paid a surprise visit to his brother, Lee Garrett, this week. These brothers hadn't met for fifteen years. Mrs. A. L. Petty was stricken on Thursday night while at church with a severe attack of gall stone colic. Uncle John Wiggins was a welcome visitor in our office Saturday afternoon. Uncle John has been on the sick list this summer, since he made an extended visit to Old Soldiers' Reunion in Charlotte, N. C. Mrs. Gist of Ephray has been attending our Baptist meeting, conducted by Revs. Hornsbury and Ramsour of Brownwood. Miss Louise Bettis has returned home from Brownwood where she has had a minor operation on her arm. Dr. A. M. Bowden has been on the sick list this week. We are glad to note he is improving. Rev. D. H. Palmer of Priddy, who recently purchased the Oliver Sicycle place, moved to the place where Mr. Blum has been living. Quite a number of Mayites attended the Old Timers' Reunion at Holden Thursday. Mr. Bean and family have recently moved to Mr. Cunningham's home on Main Street, next door to E. M. George. The school board had quite a large crowd Saturday night at their regular meeting. They are planning to place our school on the map as one of the best in Brown county, and with the help and support of the patrons we will soon have a class A school, where we can finish our children in high school work and have them ready for college. Singing school, singing school. Everybody is glad for the day to arrive when the singing school will start which will be next Sunday, August 11th. R. H. Cornelius will be here Sunday. Everybody come out on Sunday afternoon, and hear some good singing. Mr. Cornelius has taught here before and everyone is glad he is coming back. The school will last seventeen days. Mrs. Will Garrett, Miss Garrett, Miss Cantwell and Miss Lester of Graham, visited Mrs. Lee Garrett mother of Mr. Will Garrett, this week. Mr. and Mrs. E. M. George and daughter, Lucille attended the picnic in Cross Plains Wednesday. Rev. Kirkpatrick of Brownwood closed a meeting at Shilo church with eight new members. Bill Burnett a member of the Boys county club won a trip to E. A. and M. College this week on a terracing. Bill is up to a young professional farmer, he is seeing quite a lot of Texas with a trip to Galveston included, but most of all Bill had for his ideal winning, in terracing. Mrs. Mac McGuade also won a trip to A. and M. College from our community. We all feel proud of their records. Mr. Duffy is here this week on business. Mrs. Tom Harms and children of Burkburnett have been visiting J.

D. Harms and family the past week. Mr. and Mrs. Hut Busbee and children have been visiting Mr. Busbee's sister, Mrs. Ham Thomas and family. Mrs. J. D. Harms and children left Thursday morning to visit in Burkburnett. Mrs. Percy Wiggins is visiting in Eastland this week. Mrs. Rosa Howard of Bangs has been visiting her mother, Mrs. A. L. Petty, who has been on the sick list. Mr. Blackburn took another truck load of peaches to Houston Wednesday. This almost ends the peach crop through this part of the county. Downing and the May all stars played a very interesting game Tuesday. The score being 6 to 10 in favor of May. Mr. Neal Courtwright cut his leg severely Tuesday afternoon while chopping wood, some way the ax slipped and cut an artery below the knee. Miss Wilma Nelson is visiting her sister Mrs. Oliver Steel in Rising Star this week. Mr. P. B. Griffin and family and Mrs. Othela Vanderveer visited Mrs. Frank Griffin in Brownwood Tuesday. Mrs. Wallace was hurt in auto accident. Rev. R. T. Griffin is holding a meeting at Holden this week. Bob and Oliver Steele and O. T. Jarvis disposed of a car load of hogs to N. R. Shelton of Duster this week.

HOTTEST IN TEXAS 108

DALLAS, Tex., Aug. 7.—(AP)—Texas' maximum temperature yesterday was 108 degrees, according to the Weather Bureau here. Graham, Memphis and Sherman, recorded the maximum, while 106 degrees were reported from a number of places. The average for the whole state was around 100 degrees. Some relief from the intense heat was reported in the Texas Panhandle where good rains fell. More showers were forecast for that section, but continued warm weather was predicted for the rest of the state.

RUTH CLOUTS HOMER NO. 28

PHILADELPHIA, Aug. 7.—(AP)—Babe Ruth "King of Swat" hit his 28th home run of the season today in the second inning of the first game with the Philadelphia Athletics. Ruth hit the home run with the bases full, scoring Combs, Robertson, and Gehrig ahead of him. Ehnke was on the mound for the Athletics.

ASSOCIATED PRESS MESSENGER BOY FOUND HONEST ON WALL ST.

NEW YORK, Aug. 8.—(AP)—Two men, admittedly agents of a ring attempting a coup in the number lotteries played on bank clearings and balances and whose scheme was defeated because of the honesty of an Associated Press messenger boy, today was arraigned in magistrate's court, pleading not guilty and were held in \$5,000 bail each for a hearing August 13.

CHICAGO SHOOTING

CHICAGO, Aug. 7.—(AP)—Just as the troubled air of long warfare was being cleared with rumors of peace negotiations in New York, a shot rang out in Chicago's Chinatown last night and Joe Wai, a Hip Sing tongman, fell seriously wounded. The usual Oriental methods employed by long gunners were discarded by Wai's assailants in favor of the typical system of the Chicago gangster. Wai was "put on the spot" by a supposed friend who led him into the hands of three enemy longmen. He was forced to accompany them to an alley then shot in the back. Chin Jim, member of the On Leong tong, was named by Wai as the man who shot him and was being sought by police.

FOREST FIRES IN NORTHWEST BEING SUBDUED

SPOKANE, Wash., Aug. 7.—(AP)—The fire demon which for two weeks had resisted an army of fighters in the Northwest seemed to be facing defeat today on fronts that extend through parts of three states. After having ravaged thousands of acres in Montana, Idaho and Washington, several hundred fires in the National Forests of those states were being subdued by a combination of weather and efforts of Forest Department crews, timber protective association men and volunteers.

Menaced Water Supply

The stubborn Park river fire which for a time menaced the water supply of Sandpoint, Idaho, while it was burning over more than 8,000 acres, was reported still defiant but less dangerous. The Central Idaho region, embracing the Selway Clearwater and Nez Perce National Forests, still had one major blaze out of control. That was the Bald Mountain fire, which was roaring through valuable timber with 170 fighters powerless to stop it. A large number of smaller fires, some started by lightning and others by campers, were quiet with small forces fighting them.

Fresh Recruits

A fresh contingent of recruits moved today from Montana to the Salmon river fire in Idaho, which was reported to have broken out anew. Most blazes in Montana were not considered dangerous, although some were still out of control. An order was issued yesterday barring travelers from National Forests because of the great number of "man-made" fires.

PEACE REIGNS, TECHNICALLY, IN TONG WAR

NEW YORK, Aug. 7.—(AP)—Peace reigns at least technically throughout the United States again today between the On Leong and Hip Sing Tong after three days of warfare in which five Chinese were killed and several wounded. A new treaty was signed here today by national leaders of the rival gangs after they had been served with an ultimatum by United States Attorney Charles H. Tuttle "to make peace or pack up."

Two in Hospital as the Result of Auto Accident

Miss Louise Boatright, 714 Cedar Street and Mrs. L. K. McFarland, 612 East Broadway, are both in the Central Texas Hospital today suffering from cuts and bruises sustained yesterday when they were in a Ford roadster driven by Mrs. McFarland when their car collided with a Chevrolet car driven by Odum Gill of Brownwood according to statements of the accident this morning. Neither Treadwell nor Gill were badly injured.

Finds White Sheep With Black Tails

SAN DIEGO, Cal. (AP)—Wild white sheep with black tails were the lure which took Robert Frothingham into the Yukon and through almost inaccessible parts of the Campbell Mountain range. The former New York magazine executive succeeded in bringing down with a rifle an old ram of the species for which he searched.

MAX T. ADAMS DIES SUDDENLY AT HOME HERE

Max Ivan Adams, 38, native of Brownwood and a world war veteran, died suddenly at his home, 1300 Avenue C, between 7 and 8 o'clock Tuesday evening. Mr. Adams was ill last Friday but since had been able to attend to his business and his death last evening came as a distinct shock to his family and host of friends.

Max Adams was born January 7, 1891, and was the son of the late Mr. and Mrs. W. N. Adams, pioneers of this section. His father, "Uncle Bill" Adams was a noted peace officer of this city in earlier days. Max Adams was reared and educated in Brownwood. When the United States entered the war against Germany and her allies, Mr. Adams was not long in enlisting for armed service. After spending his allotted time in training camps, he was sent to France and saw active service on foreign soil.

Since being discharged from the army Mr. Adams had followed the butcher business. He began with Whaley and Son immediately after the war. He later was in business for himself, operating butcher shops on Austin Avenue and on Third street. At the time of his death he was in the wholesale meat business. Mr. Adams was a member of the Knights of Pythias Lodge and of the Methodist church, his membership being with the Central Methodist church, this city.

Mr. Adams is survived by his wife, one son, Billy Max, and a step-son, John L. Harrison. Two brothers, Carl Adams and W. N. Adams, Jr., and six sisters also survive. The sisters being Mrs. J. W. Trapp, Miss Daisy Adams, Mrs. Dorris La Rowe and Mrs. H. V. Riddle, of Brownwood. Mrs. O. H. G. Nellie, of Laredo and Mrs. F. M. Ballard, of Brownwood. Funeral services for Mr. Adams will be held at 10 o'clock Thursday morning from the family residence at 1300 Avenue C, with Rev. J. W. Mayne, pastor of the Central Methodist church, officiating. Burial will be made in Greenwood cemetery.

Funeral services for Mr. Adams will be held at 10 o'clock Thursday morning from the family residence at 1300 Avenue C, with Rev. J. W. Mayne, pastor of the Central Methodist church, officiating. Burial will be made in Greenwood cemetery.

BOY SCOUTS TO START TO CAMP SATURDAY A.M.

Over seventy boys with eight scoutmasters and Jack Brunberg, scout executive, will leave Brownwood Saturday morning for the annual encampment. Plans to make camp this year near San Saba were altered and on invitation of H. B. Palmer, scout executive of the Southwest Texas Council of Boy Scouts, the boys of the Pecan Valley Area Council will go to Camp Fairchild on the headwaters of the Neches River, one mile north of Barksdale in Edwards county. This camp, 185 miles from Brownwood, is ideally situated where a clear stream affords abundant swimming, boating and fishing. Excellent tested water is found in a well on the 278 acres which comprise the campsite.

GEM TODAY AND FRIDAY

LION CHANEY

As "Dead Legs," the crippled charlatan who became ruler of a kingdom of out-throws, Chaney will lead you through such a succession of romantic and dramatic thrills as ever he has never revealed!

WEST OF ZANZIBAR

presence of Chief Layman, son of Chief Quantah Parker, who will be present to entertain the boys with Indian stories and to teach the boys will be transported in cars, which were donated by the following firms and individuals: Howard Payne College, Brown County Water Improvement District, Davenport Chevrolet Company, Everett Murphy, Cliff Poincsey and others. They will return the following Friday evening.

FEDERAL FARM FACTS

BY devoting to lumber certain marginal lands now being farmed at loss, farm relief will be materially contributed, according to Secretary of Agriculture Arthur M. Hyde.

Twelve varieties of wheat were raised on a million or more acres in 1919. Only seven varieties were raised in this manner in 1924. During this five-year period wheat acreage dropped from nearly 73 million acres to less than 51 million acres as a result of a recession of war-time demand, reports the U. S. Department of Agriculture.

With the assurance that 13 South American countries will participate in the World Agriculture Census of 1930, the total representation in this census includes about 97 per cent of the land surface of the world, 98 per cent of the total population and about 99 per cent of the agricultural population.

The U. S. Department of Agriculture, through its Bureau of Agricultural Economics, is urging that farmers increase their facilities for storing grain on farms in order to distribute marketings throughout the seasons to prevent glut and to secure the premium for high protein content. Farm storage will systemize marketing, reduce car shortage and embargoes, lessen the help needed to handle the crop and aid both farmers and consumers in general.

AUTHOR DIES IN LONELY ROOM

CHICAGO, Aug. 7.—(AP)—Mary MacLane, a successful author 15 years ago, died last night in a lonely room on the fringe of Chicago's black-and-tan belt.

Student Pilot and Passengers Killed

CAMPELLESVILLE, Ky., Aug. 7.—(AP)—A rebuilt plane piloted by a youthful unlicensed student pilot and powered with a motor of a type declared obsolete by the war department fell into an alley in the center of the town late yesterday, and the pilot and his two passengers met death as the wreckage was consumed by flames.

### 3 MEMBERS ITALY POLITICAL OPPOSITION ESCAPE PRISON

PARIS, Aug. 8.—(P)—Francisco Nitti, nephew of the former Italian premier, and two other prominent members of Italy's suppressed political opposition, have escaped the fascist prison Isle of Lipari, and have made their way to Paris.

Anti-fascist circles here today acclaimed the escape, related in widely published stories, as the greatest inspiration given their movement in months. Accounts of their imprisonment were welcomed in these circles as revealing tactics employed by the fascist regime in checking the growth of opposing elements.

Escaping with Nitti were Carlo Rossello, former professor of political economy at the Genoa institute, and Emilio Lussu, war hero, four times decorated by the Italian government.

where friends awaited them with a small sail boat.

He refused to tell how the aid was arranged or even where they landed but it was believed they reached the shore somewhere near Tunis and came from there to Paris.

Rossello said he and Lussu arrived at the island 20 months ago, and Nitti eight months ago, after imprisonment in connection with the escape from Italy of Filippo Turati, aged chief of the Italian socialist party. The three began at once to plan escape, and sought to inspire confidence in their guards by the regularity of their lives.

**Disguised As Natives**

Lussu, for instance, would take a half hour to walk around within the limits of the little town of Lipari—a liberty all political prisoners were allowed—at exactly the same hour every day so that the guards would become lax.

On the night of the escape they waited until the guards' inspection was over and then left their homes disguised as natives.

### BERGER DEATH IS MOURNED BY ALL SOCIALISTS

MILWAUKEE, Wis., Aug. 8.—(P)—Mourning the death of their party's leader, prominent socialists from all over the United States were beginning to arrive in Milwaukee today for the funeral of Victor L. Berger, 69, late publisher of the Milwaukee Leader and former member of the National House of Representatives.

The funeral services will be conducted either Friday or Saturday afternoon, with interment in Forest Home cemetery here. The former socialist leader's body will lie in state here Friday. Funeral services are to be simple at the request of his family.

Mr. Berger died yesterday at the Milwaukee hospital, succumbing to a basal fracture of the skull and other injuries suffered July 16 when he was struck down by a street car.

### DALLAS GROCER KILLED BY SHOT

DALLAS, Aug. 8.—(P)—A bullet shot blast fired from the doorway of his rural grocery near here killed Austin E. Ferguson, about 53, last night and authorities today held Bert McLemore.

McLemore surrendered soon after the shooting, which occurred at Irving, Dallas county. He made a statement at the sheriff's office.

Officers said Irving residents told them that McLemore was fired at with a pistol near there recently. He and Ferguson were said to have been enemies for some time.

### TELEGRAM CAN NOW BE SENT OVER PHONE HERE

An arrangement has been recently completed between the Southwestern States Telephone Company and Western Union whereby telegrams may now be sent from private telephones in Brownwood and the telephone charges will appear in the telephone statement, said R. P. Casady, manager of the local telephone exchange today. The plan becomes effective August 15th.

The telephone subscriber, who wishes to send a telegram, need only pick up his telephone and ask for Western Union. A trained telegraph employee will record the telegram in the Western Union office and send it immediately, the statement said.

### CITY PLAN ENGINEERS HAVE NEW YORK AS MODEL FOR REPORT

Brownwood is to have the good fortune of the use of a million dollar report in connection with its city planning activities, it was learned Wednesday.

The firm of Montgomery and Ward of Wichita Falls, city plan engineers hired by Brownwood, have purchased at great expense a complete report in ten volumes of New York city planning.

The Russell Sage Foundation some time ago got the services of the best men in their lines to formulate a city plan for greater New York, a comprehensive plan to cover the entire city up until 1955 at which time it is expected there will be of population of 20,000,000 people. The findings of these ex-

perts, at the cost of a million dollars, have gotten together all facts in connection with such a plan and have published them in a set of ten volumes, putting out a limited number, one of which the firm of Montgomery and Ward purchased.

This firm will study the report and take such features as might best apply to Brownwood and incorporate them in a report to the City Plan Commission, this report probably to be finished by September 15.

At the present time the zoning report, maps and ordinance are being carefully studied by city officials for action in the near future, it was learned.

### TO CLAMP DOWN MORE ON THE SPEEDERS AND RECKLESS DRIVERS

On account of the excessive number of automobile wrecks lately on the streets of Brownwood, the police department is going to clamp down harder than ever on speeders and those who drive recklessly. It was learned at the city hall this morning.

Some latitude has been given those going over the speed limit of twenty miles an hour, but the motorcycle cops are now going to hold all to the limit, and any sign of reckless driving is going to be investigated and followed up.

**Muzzles More Appropriate**

Several masked tenors are featured where muzzles would be more appropriate.—Toledo Blade.

**Eluded Guards**

Rossello's account of the escape, made to Paris newspapers, said they eluded 400 guards which the Italian government placed, on the small island, off Sicily, to watch 500 political prisoners, and swam along the shore of the island to a secluded spot

### SHERIFF OUT MONEY ON LIQUOR ARRESTS

Sheriff M. H. Denman, stated Monday, without the hope of reward, but probably at added expense, he would continue his work against liquor interests in this county.

At the start of his campaign to clean up liquor nests, three months ago, which resulted in fifty-six indictments and several being sent to the penitentiary, the sheriff had to hire "under cover men," that is men, who would get the evidence for him, preparatory to the making of the arrests.

To these men he had to pay some kind of a wage, and though the court allowed him to hire these men as deputies, he said, they did not allow him pay for them.

Sheriff Denman said that he has paid the four men he hired a total of \$1,398.16. Of this amount \$826.26 went to the Williams Brothers, and \$562.20 to the team of Cayce and Carlisle.

He further stated that an amount of \$202 was donated by citizens to aid him in this work, but that all of the balance, \$1,197.16, he has had to pay out of his own pocket.

### Mrs. Hillman Injured When Caught Between Two Cars Tuesday

Mrs. A. Hillman, wife of Dr. Hillman, has a badly lacerated knee as a result of being crushed Tuesday night between two cars. She and the doctor were attempting to move a car on the street in front of their home, 404 Millon Street, when their own car, parked in the driveway, started of its own accord backward down hill and caught Mrs. Hillman between the bumpers of the two cars. She was taken to the Medical Arts Hospital where she is suffering considerably from the results of the accident.

### FLOODS CAUSE MANY DEATHS

TOKYO, Aug. 8.—(P)—Rengo news dispatches from Mukden, Manchuria, today said that floods, following heavy rainfall, have caused many deaths and widespread destruction in Southern Manchuria.

Eighty dead and injured were reported from one village near Liaoyang. Broken bridges and washed-out tracks caused suspension of traffic along most of the South Manchurian railroad. Damage was the greatest between Mukden and Antung.

It was feared days would elapse before service along the railroad would be restored.

### Pays to Have System

Have a time and place for everything and do everything in its time and place, and you will not only accomplish more, but have more leisure than those who are always hurrying, as if vainly attempting to overtake time that has been lost.—Tryon Edwards.

### Steam from 16 Boilers Turned on Burning Well

LIBERTY, Texas, Aug. 8.—(P)—A workman army's offensive against a fire which roared from the Dolbear No. 68 well near here, burning since early Tuesday, was broadened today.

Preparations were made to turn the steam from 16 boilers on the great blaze, which rose more than 100 feet above the mouth of the well.

### REPRESENTATIVES OF ALL THE TOAD GLANS BEING ASSEMBLED FOR DERBY

BY PERRY DAUGHTRY

Blonde toads, brown toads, black toads, speckled toads, mean toads, silly toads—in fact almost all kinds of toads are being registered for entrance in Brownwood's Horned Toad Derby to be held August 19. The "Pied Piper" of Hamelin with his picturesque collection of rats has nothing on A. T. Bryce, chairman of the committee in charge of the derby.

"Cindrella," a dark toad belonging to the "Brothers" Company, was the first to be registered for the race. "Cindrella" is a little frog about the size of a fishing cork and has only three legs. She really has four legs but she is saving one of them till times are better. Her other three feet look like they were made by turning up the lower end of her frame, thus enabling her to stand along after she had discovered the knack. If she doesn't win a cup, she ought to at least win a saucer.

Next to enter was "Kool Motor," owned by the Cities Service Station. The most prominent feature about "Kool Motor" are her horns which stand boldly out from her head like the mouthpiece on a telephone. While they are not in themselves especially handsome, we have become so accustomed to them that a toad without horns would create more excitement than a horse with a rumble seat.

A Wandering Mouth

The McKean Motor Company has entered a frog called "Pontiac." The most curious thing about "Pontiac" is her mouth which wanders across her face in the most careless manner as if it had no interest in her whatever. Her mouth is located just south of the nose and we wonder how she can open it without endangering her neighboring facial utensils.

"Safety" is being entered by Slim McInroe. "Safety" looks like a cross between a prehistoric monster and a parade and when he runs, he looks like a railway collision. But the poor frog is indeed unfortunate for the trainer must know more than the frog—his owner has not the wit to train him.

"Uncle Fuller" is being entered by the reporter of this article. He is a racetrack bred animal with four speeds forward and no brakes. He is about the size of a quarters' worth of country butter and can run with as much seal as a lion sitting on a dozen granite door knobs.

Dr. H. L. Lobstein of the Kiwanis Club has persuaded a frog to run and has decided to call her "Zep." We don't know why he calls her that, but just the same that's her name. "Zep" is a bronze colored animal with four agile feet of a very retiring disposition. Her ears, however, are deformed. They are webbed constructed furniture and apparently have not improved from year to year like automobiles.
