VOLUME XXI

MUENSTER, COOKE COUNTY, TEXAS,

SEPTEMBER 20, 1957

NUMBER 44

## Kathy Hess, 2, Dies Suddenly Tuesday After Brief Illness

Kathy Hess, two-year-old daughter of Mr. and Mrs. Arthur Hess, died at about 4 o'clock Tuesday afternoon while her parents were rushing her to Gainesville Sanitarium after she became suddenly and critically ill.

Mrs. Hess had taken the child to a doctor's office and on the trip home stopped by the oil lease where her husband was working. They noticed the little girl having difficulty in breathing and returned immediately to Gainesville. Kathy was dead on arrival at the hospital.

Funeral services with the Mass of the Angels were held Thursday morning at 9:30 in Sacred Heart church and burial was in Sacred Heart cemetery. Rev. Louis Deuster was the officiating minister and Nick Miller was in charge of funeral arrangements.

Survivors in addition to the parents are a brother Howard, a sister Linda Lou and the maternal grandmother Mrs. Katherine Gehrig.

## Hornets Humiliate Sanger Tribe 32-0 In First 10-B Game

About the most one-sided contest on the Hornet record of recent years was that affair last Thursday night in which they humiliated the Sanger Indians 32-0.

The win gives Ansley's charges a good start in their 10-B race and also serves notice on the other outfits that the Hornets will be contenders for the lead position.

In other statistics as well as the score Muenster enjoyed a big advantage. They led 15-1 in first downs and 415-36 in total yardage. Also they completed five passes for 89 yards whereas the Indians failed completely on their aerials.

The Hornet advantage did not become apparent, however in the opening minutes. Muenster failed to advance when it first got hold of the ball, then held Sanger for four downs before getting started from their own 29. Six plays gained 26 yards and Wolf scooted around right end for the remaining 45. The kick for extra point failed.

Following the kickoff Muenster held Sanger on the first series then started another drive but bogged down after a gain of 51 yards. Two plays later Doug Hellman got an Eagle fumble and three plays after that Wolf romped over for a TD that did not count. Instead the team was penalized 15 yards for clipping. Two more tries failed to make the needed yardage and Sanger took possession. Again Muenster held on the first series then returned Sanger's kick to the 38. Six plays reached the 1 and Hamric sneaked over from there.

With moments left in the period Hudspeth intercepted on the first Indian play and a pass to C. J. Hellman gained 28 to the 1 yard stripe. Otto blasted over making the count 18-0 at intermission.

Starting the third period Sanger kicked again. Next Muenster lost possession on an interception, Sanger lost it on a fumble and Muenster lost a fumble. The

(Continued on Page 10)

## Three Paving Jobs Now In Progress

Three paving jobs are on schedule for Muenster this week and next week. One is the Sacred Heart School playground, one is the back lot for North Texas Producers Association and the other is Seventh Street 2 blocks west of Main.

Lea-Far Company of Quanah will do two of the jobs and help on the other. At the school the company's roller is packing the base after which volunteer workers will spread ready mix surfacing material. Then Lea-Far will furnish a roller to pack the surface.

The first block of West Seventh will consist of pavement at each side of the center strip to complete curb-to-curb paving. The next block will be the full width.

NTPA's paving will be an additional coat to strengthen the pavement already there.

The 1957 Sacred Heart Tigers opened their season last Friday night with a 21-7 loss to the Windthorst Trojans and will meet St. Mark's of Dallas here on Saturday the 28th. Squad members are: FRONT ROW, Donald Hennigan, Herbert Cunningham, Robert Voth, Leon Hess. SECOND ROW, Werner Becker, Bernard Hesse, Herman Grewing, Robert Walterscheid, Tim Wimmer, Herbert Hundt. THIRD ROW, Howard Mollenkopf, Gerald Hess, Leonard Bayer, Leon Fuhrman, Roy Swirczynski. LAST ROW, Mgr. Leon Fleitman, Gene Hartman, Theodore Walterscheid, Pat Hess, Leonard Haverkamp, Charles Bayer, Coach George Petrus.

## NEWS OF SICK AND INJURED

Mrs. Donald Endres who underwent an operation for acute appendicitis last Saturday evening was dismissed from Gainesville Sanitarium Thursday and is convalescing at her home.

Rita Fisher, 12, daughter of Mr. and Mrs. Paul Fisher, has her left arm in a full length cast since breaking the bone just below the shoulder Saturday. The mishap occurred in a fall during play at home.

Mrs. John Koelzer, 89, a long time resident of Muenster fell at her home in Hereford Saturday and broke a hip. According to reports to family members here Tuesday she was responding to treatment in Deaf Smith Hospital. Her daughter, Mrs. Ed Moster of Lindsay, is at her bedside since Sunday.

Henry Huchton is back on crutches since he was in Dallas last week for a check with his doctor. And he has orders to give up work and rest his ailing left leg indefinitely. The ailment results from an old injury that has caused trouble at intervals over the years.

LuAnn, daughter of Mr. and Mrs. Gilbert Endres, had her tonsils and adenoids removed at Gainesville Sanitarium Tuesday morning. She'll be six years old next month.

Mrs. A. T. Dickerson was dismissed from Gainesville Sanitarium during the weekend following several days of medical treatment.

Mildred Fisher returned to her duties as night supervisor at St. Joseph's Hospital during the weekend following a minor operation Thursday morning. Her mother, Mrs. C. A. Fisher, went to Fort Worth to spend the day she had surgery with her.

Henry Grewing of Valley View, formerly of Muenster, was admitted to Gainesville Sanitarium Monday as a surgical patient.

Ruth Ann Luke, 4-month-old daughter of Mr. and Mrs. Paul Luke, has recovered from illness that kept her in Gainesville Sanitarium for medical care Saturday to Monday.

Victor Harman spent several days of the week here and will return to St. Joseph's Hospital Saturday for further treatment.

Mrs. Joe Luke was out for the first time Sunday since her major operation on Sept. 22. She attended church services.

Mike Pulte, 5, son of Mr. and Mrs. Robert Pulte of Gainesville, had an adenoid operation at the Sanitarium last Thursday. Mrs. H. J. Fuhrman spent the day in the Pulte home while her grandson and daughter were at the hospital.

## JOHN PELS PASSES

Henry Pels and Mrs. Mary Walterscheid received word Sunday of the death early that morning of their brother John Pels, 79, of Carroll, Iowa. William Pels, a brother, and Jerry Pels, a nephew, both of Pilot Point, attended the funeral services Wednesday morning.

## Inspired Trojans Wallop Tigers 21-7 In Season Opener

A fast and tricky team of Windthorst Trojans executed three beautiful scoring plays last Friday night to trim Sacred Heart's Tigers 21-7 on the Trojan field.

A sturdy defense at the goal line was another big factor in the Windthorst win. In the first quarter they dealt Tiger spirit a severe blow by stopping a 96 yard drive just two yards short of the goal. After that they stopped two more Tiger threats.

The lone Sacred Heart score came on an intercepted pass. Hartman snared it, shook off one tackler, and scooted into the clear for 35 yards and the TD.

As the game opened Sacred Heart boys appeared to be going strong. They chalked up 6 first downs in moving from their 2 to the Trojan 7, then bogged down and advanced only 5 on the next four tries.

Windthorst gained two first downs and kicked on the third series and the Tigers seemed to be going again. They made two first downs for 26 yards and bogged down again.

From there on Windthorst clicked nicely in moving to its first score. Six plays moved 54 yards before Baumhardt passed to Schlumpf for 31 and the score. Steinberger broke through for the extra point.

A third quarter drive was interrupted briefly as Windthorst lost the ball on an interception by Gerald Hess but recovered a Tiger fumble two plays later. The total push amounted to 63 yards, the last 23 on a scamper by Steinberger. Veitenheimer carried over for the extra point.

Early in the fourth, after another of their drives, had fizzled, the Tigers got into the scoring column on Gene Hartman's interception and ramble to pay dirt. Hartman also hit the line on a keeper play for the extra point.

Still in a scoring mood the Trojans used the remaining few

(Continued on Page 10)

## High School Teams Are Idle This Week; Pee Wees Will Play

Despite the fact that both high school teams are idle this week Muenster fans will still have a chance to see football activity. There will be two pee wee games and one high school scrimmage.

First on schedule is the scrimmage here Thursday afternoon between the MHS Hornets and Gainesville B.

Friday night the Sacred Heart Cubs will meet the St. Mary's Mustangs on the local field at 8 o'clock.

In the other game Weldon Holland's public Juniors will take on the 7th and 8th graders of Gainesville Tuesday night at 7:30 on the Hornet field.

The two kid teams tested their strength Wednesday afternoon in a scrimmage. They battled it out on equal terms except once, on kickoff practice, when a Sacred Heart kid got loose for a TD. Next action by the high school teams will be Friday and Saturday of next week. MHS will host Newcastle Friday night and the Tigers will host St. Mark's Saturday night.

## WITH THE MEN IN SERVICE

### Enlists In Army

Larry Hofbauer has enlisted in the army for three years and is at Fort Carson, Colo., for eight weeks of basic training. Upon completion of basic he will have a two-week leave at home and then report to the Air Defense Center at Fort Bliss, El Paso, for attendance in one of the Army's Electronics schools. Larry, son of Mr. and Mrs. Andy Hofbauer, was enlisted by SFC Herbert S. Thornhill of the Sherman Army Recruiting Station who is Muenster every Tuesday.

### Enroute From Japan

Meinrad Yosten has advised his parents, Mr. and Mrs. Nick Yosten, that he is enroute home, with arrival time indefinite, after spending two years in Japan. He'll have a 30-day leave before being re-assigned for his last year in the Marine Corps.

### Finishes Radio School

Pvt. Daniel Owen, son of Mr. and Mrs. Clarence Owen, was graduated on Sept. 13 from the 12-week radio communication school at Fort Chaffee, Ark. He received instruction in the operation and handling of various radio equipment and the sending and receiving of Morse code. In a telephone visit with his parents he told them he was leaving right after graduation for Washington state and further assignment.

### Has 30 Day Leave

Raymond Hoenig, Sp. 3, has a 30-day leave and is spending it with his parents and family, the Joe Hoenigs. He is based at Fort Knox, Ky.

### Goes To San Antonio

Jerry Fuhrman was a brief visitor with his parents, Mr. and Mrs. H. J. Fuhrman, Saturday morning when he stopped to get his car to drive to San Antonio where he has a new assignment at Fort Sam Houston. He finished basic training at Fort Chaffee, Ark., Friday.

### Weekend Visitor

Leo Hess of the Naval Training Station at Norman, Okla., spent a weekend pass here with his parents, Mr. and Mrs. Albert Hess.

### Brothers On Leave

Airman Paul Hesse of Kingsville Naval Air Station and Airman Thomas Hesse of Lakehurst, N.J., arrived during the weekend to spend leaves with their parents, Mr. and Mrs. Meinrad Hesse and family. Both are enroute to new assignments in California. On Oct. 1 they'll leave together by car. Paul has been transferred to Los Alamitos and Thomas will report at Point Mugu. Both bases are near Los Angeles.

Naval Airman Claude Lehnertz and Don Lehnertz visited Monday and overnight with their parents, Mr. and Mrs. Joe Lehnertz. They came here from Spokane, Wash. Claude had spent a 20-day leave there with his brothers Gene, David, Quintin and Don. Tuesday he left to return to the Kingsville Naval Air Base. Don also left Tuesday. He went to Denton where he is a cadet at NTSC.

## Extensive Damage Caused by Storm; Rain Measures 1.53

Damages running into thousands of dollars were scattered throughout the Muenster community in the wake of a storm which hit here about 8:30 Saturday night. The wind was accompanied by one shower and followed by another for a combined moisture measure of 1.53 inches.

Besides the damages to buildings, trees and tree limbs got their usual quota of punishment. At Joe Russell's a broken tree fell toward the family car, the limbs crashing the windshield and caving in the hood.

One of the hardest hit was Norbert Klement. His windmill and poultry house were knocked down and pieces from the roof of another building crashed into his dairy barn.

Other larger losses included a barn at Danglmayr's a brooder house for J. W. Fleitman, a poultry house for Victor Sicking, a garage for Tom Sicking, a barn roof for Tony Trubenbach Jr., and damages to the house and the barn of W. H. Endres.

Paul Sicking, whose barn and 5000 bales of hay had been struck by lightning three nights earlier, had the doors blown off another building. There were many other reports over the area of lesser damages such as broken doors and windows or minor damage to buildings.

The 1.53 inch of rain brings this month's measure, so far to 3.02 and the year's total to 38.13, just barely more than twice as much as the 19.06 which was recorded here for all of last year.

## Swimming Pool Shows Loss in '57; Profit for 3 Years

The City of Muenster lost \$241.03 on the operation of its swimming pool during the 1957 season, according to figures released by the city council after its meeting Monday night.

Other figures released by the council show that the pool still shows a profit of \$492.57 for the two seasons and two weeks that it was in operation.

An end of season report from Pool Supervisor L. B. Bruns shows a sharp decline in attendance during the exceptionally cool August. His net for the month after paying salaries and current expenses at the pool amounted to only \$4.55. Net revenue for the entire season was \$365.77.

However the figure did not include the cost of items which were provided by the city. Power bills added to \$122.97 and chemicals cost \$483.83. The total paid out by the city was \$606.80 which exceeded the pool's revenue by \$241.03.

The best season so far was 1956, the first full season for the pool. Weather was consistently hot that season and attendance was consistently good. The pool reported a net profit of \$1431.66 and the city had \$769.82 left after deducting for power and chemicals. During the two weeks after completion of the pool in 1955 the pool lost \$36.22.

Council members were well pleased with the report, especially after considering the cool weather in August. Their attitude from the start was that the pool can be regarded as a big civic asset if it so much as pays its own way. The three year report leaves no doubt that in normal summer weather the pool will do a little better than break even.

Mr. and Mrs. Clarence Hudspeth drove to Marietta, Okla., Sunday for a bedside visit with his mother, Mrs. Bill Harvey.

## SCHEDULE OF COMING EVENTS

- FRIDAY, Sept. 20, Sacred Heart Cubs vs St. Mary's, here, 8 p.m.
- SATURDAY, Sept. 21, Bake Sale sponsored by MHS Seniors at Fisher's Market.
- SUNDAY, Sept. 22, St. Joseph's Society meeting and ladies night, parish hall, 8 p.m.
- MONDAY, Sept. 23, F.H.A. meeting with fashion talk, open to the public, at MHS, 7:30 p.m.
- TUESDAY, Sept. 24, Public School Juniors vs Gainesville Juniors, here, 7:30 p.m.

## Local News BRIEFS

Jerry Henscheid left Tuesday to continue college work at St. Edward's University where he is a senior this year. His parents, Mr. and Mrs. Leo Henscheid, took him to Austin and returned the same day.

Mrs. Teddy Gremminger and children Wayne and Mary of Fort Worth are here this week while Teddy is working in Abilene. In that city, on his time after work, he'll visit his uncle Bill Gremminger and family.

Mrs. M. F. Milner and Margie drove to College Station Friday to take Lawrence Milner back to A&M where he is a sophomore this year. On their way back they stopped in Mexia for a visit and dinner with Mr. and Mrs. Jim Cook.

Mr. and Mrs. Joe Luke had as guests Monday afternoon her cousins Mr. and Mrs. Herman Jungman and Mrs. Bill Hertel of Munday. They brought Mrs. Luke a lovely dried arrangement of autumn leaves, berries and flowers.

Mr. and Mrs. Holland Curtis tell of having a new address in Fort Worth. They're at 904 East Cantey since they sold their

home and until they move to Cleburne at the end of the year.

Basil Reiter left Sunday to enter Dallas University. This is his second year at the college. His parents, the Clem Reiters, and his brother and wife, the Robert Reiters, took him.

Little Bobby Barthold, 4, accompanied his daddy Johnny Barthold on a drive to San Antonio Tuesday night when the latter made a trip in the milk truck.

### Blessed Events

Mr. and Mrs. Meinrad Stoffels announce the birth of a seven pound ten ounce daughter at the Muenster Clinic Wednesday, Sept. 18, at 7:30 p.m. The little girl has one sister and three brothers and is the granddaughter of Mr. and Mrs. Willie Fuhrmann of Lindsay.

Mr. and Mrs. Thomas Sicking have a baby boy. They adopted him Tuesday when he was one week old. His birthday is on Sept. 11. He was baptized Thursday by Father Louis assisted by Mr. and Mrs. Victor Sicking as sponsors. His name is Patrick Thomas and he's a grandson for Gus Sicking and Mr. and Mrs. Joe Prescher of Lindsay.

Mr. and Mrs. Ray Swirczynski announce the arrival of their daughter, Jeanne Lynn, weight ten pounds 13 ounces, at 9 p.m. Sunday at the Muenster Clinic. Others welcoming her are her two sisters and two brothers and her grandparents Mr. and Mrs. Joe Swirczynski and Mrs. Frank Decker of Carmi, Ill. Carolyn and Donnie Swirczynski are the godparents of their baby sister. Johnny Swirczynski was sponsor by proxy for Donnie at the christening service Monday afternoon.

Laura Jane is the name of the infant daughter of Mr. and Mrs. Emmett Sicking. She was born at the Muenster Clinic Sept. 11 at 1:20 p.m. weighing seven pounds nine ounces. The little girl has six sisters and one brother. Her grandparents are Mrs. Bill Sicking and Mr. and Mrs. Joe Krahl of Gainesville. Mr. and Mrs. Joe Prescher of Lindsay are the great-grandparents.

Mr. and Mrs. Julius Sandmann of Lindsay are parents of a seven pound son born at Gainesville Sanitarium Sept. 12 at 8:44 a.m. The new arrival has three brothers and two sisters and is the grandson of Mrs. Ben Sandmann and Mrs. John Zimmerer, both of Lindsay.

**BASEBALL HABIT**—Sister Mary Michael takes a healthy cut at the ball under the admiring eyes of youngsters in Chicago's Pulaski Park. The nun is one of the school sisters of Notre Dame on hand every day to supervise Catholic Youth Organization activities in the park. Catcher is Curtiss Hughes while the Rev. William Mitchell calls the pitch.

### ON FLYING PILGRIMAGE

Sister Eymard and Sister Amora of Jonesboro, Ark., are making a flying pilgrimage to Our Lady of Guadalupe Shrine in Old Mexico. For both the trip is a gift. One of Sister Eymard's former students of Little Rock arranged it for her and the student's aunt arranged for a traveling companion. Sister Eymard, a former teacher at Sacred Heart High, has been in ill health the past two years. Word of the trip reached here through Sister Amora who sent a postcard to her relatives of the Felderhoff family from Dallas Saturday while they were waiting to change planes there.

### Salt Mine Church Listed as Wonder Of Modern World

One of the great wonders of the modern world — a massive underground cathedral carved completely from salt — has been known to man only eight years but already it attracting more than 200,000 visitors annually.

The Cathedral of Our Lady of the Rosary, deep in an ancient salt mine near Bogota, Colombia, is less than seven hours from the U.S. on the Latin American routes of Braniff Airways. Larger than Notre Dame, its glistening gray salt walls will comfortably hold 5000 worshippers.

The vast salt mine of Zipaquira is located thirty-two miles from Bogota near the village of Zipaquira. When the Spanish conquistadors first came to South America in the 16th century, the Indians showed them the mine, but there is historical evidence that Colombia's earliest peoples had worked the salt deposits for many centuries before.

For the past several years, the state-owned Bank of the Republic

has operated the mine. About eight years ago miners working in the deep tunnels came upon a great cavern. It was long and broad and high. Gigantic square columns, spaced in planned symmetry, perfectly balanced the high roof.

The cavern so resembled a cathedral that the people decided to establish a place of worship there. Work began in 1950 and more than \$300,000 has been spent to mold the existing wonder into a beautiful cathedral.

A visitor can either drive his car through one of the long twisting tunnels down to the cathedral or walk several hundred feet from another entrance. More than 50 miles of lighted tunnels zigzag through the known parts of the mine. In front of the cathedral is parking space for 200 cars.

From the grilled entrance gates, three naves stretch 400 feet to the altar area. The main altar is dominated by a large cross silhouetted against the dark gray of the salt crystal walls. To the right is a chapel where Mass is celebrated twice on Sundays and on Saturdays and Feast Days. In a niche on this altar is an image of Our Lady of Rosario, the patron of miners, in whose honor the cathedral was dedicated in 1950. There are nine other altars and innumerable shrines. Soft fluorescent lighting playing on the natural salt crystal accents the beauty and depth of the giant chamber. Two great supporting columns are about thirty feet square and the naves approximately 73 feet high. The floor area of the Cathedral is more than 28,000 square feet and covered with a locally made ceramic tile. A pipe organ was flown from Italy in 1956 and assembled within the mine.

When the Cathedral is finished, its capacity will be doubled to accommodate 10,000 people. In the meantime, the

### New Army Missile Will Show at Fair

The first public showing of the Army's new Nike Hercules anti-aircraft missile will be during the 1957 State Fair of Texas at Dallas, Oct. 5-20.

The Hercules is the latest air defense weapon which the Army says can fly farther, faster and higher than any other such missile and can carry an atomic warhead.

Also to be exhibited at the Fair is the Nike Ajax, which the Hercules will supplement. A full crew of men will go through a realistic drill to demonstrate how the Ajax is loaded onto the rocket-launching apparatus, and how it is aimed and fired. The simulated firing demonstration will be accompanied by the sound of recordings of an actual blast-off.

The deadly Nike missile is designed to track down and destroy enemy aircraft. It blasts up higher than its prey and then swoops down on its target.

Red fuming nitric acid is the Nike's fuel, with a booster of solid propellant, something like gun powder that kicks the missile past the speed of sound in two seconds. To show how fast and high the Nike leaps, the booster cuts loose about two-and-a-half seconds after the blast-off, but does not hit the ground until after the missile has already made its kill.

The new Nike Hercules has been demonstrated before selected groups at Fort Bliss, but the Fair exhibit will be the first one open to the public.

Nike batteries are due to be installed in a wide protective loop around Dallas and Fort Worth to guard these cities against enemy attack. The installations will be in the general vicinity of Mineral Wells, Denton, Terrell and Alvarado. It has been announced, Nike installations are currently being used to protect a number of other areas in the United States.

Diner: "Give me a chicken salad."

Waitress: "Do you want the 40-cent one or the 50-cent one?"

Diner: "What's the difference?"

Waitress: "The 40-cent ones are made of veal and pork and the 50-cent ones are made of tuna."

A man seldom loses his shirt if he keeps his sleeves rolled up.

mine continues to be one of Colombia's most valuable assets, and in 1956 produced more than 172,000 tons of salt.

**FEELING HIGH**—Getting a lift out of the proceedings at Palisades Park, N.J., 11-year-old Diane Hunt of Florence, N.J., carries on the show business tradition of being borne in a truck. Chandra the elephant is a performer at the wild-west show at the amusement park on the Hudson River.

**Gay Matrons Meet With Mrs. Endres**

Members of the Gay Matrons club were entertained in the home of Mrs. Urban Endres for their September meeting. Progressive 42 furnished the afternoon's diversion and at the end of the games the hostess served ice box pie and coffee to members and one guest, Mrs. Dick Trachta.

Award winners in the games were Mrs. Gilbert Endres for high score and Mrs. Ray Wilde for low tally. Mrs. Bernard Swirczynski secured the galloping award.

The next meeting will be held with Mrs. Arthur Felderhoff as hostess in her home.

**Dinner Party Has Three Honor Guests**

Mrs. Tony Felderhoff and her sons Charles and Joe shared honors Sunday when a dinner party was given in the home of her son-in-law and daughter, Mr. and Mrs. Alvin Hartman. For Mrs. Felderhoff it was a birthday celebration, for the boys it was a farewell tribute before they left for college.

A handsome cake was a centerpiece for the table and Mrs. Felderhoff received a shower of birthday gifts. Places were laid for the trio of honorees and Tony Felderhoff, Mr. and Mrs. A. J. Felderhoff and children of Gainesville, Theresa Mae Felderhoff, Sarah Ann Fleitman, Clara Mae Haverkamp of Lindsay, Sylvan Walterscheid and the hosts.

Joe Felderhoff left Sunday night for San Antonio where he is a student at St. Mary's University and Charles left the same time to continue studies at Dallas University.

**Birthday Surprise Greets Joe Pautler**

The 80th birthday of Joe Pautler Sr. provided the occasion for a family get-together at his home Sept. 12. It was a surprise party. His children, grandchildren and great-grandchildren helped him celebrate.

Sharing honors with him was his grandson Jimmy Owen, son of Mr. and Mrs. Ray Owen. It was his fifteenth birthday. His mother baked and brought his decorated cake with candles. Hilda Pautler baked and decorated the cake for her father.

Everyone brought food for supper featuring fried chicken.

Present were the honorees and Mrs. Joe Pautler Sr., Mr. and Mrs. Clarence Owen and daughter, Mr. and Mrs. Ray Owen and family, Mrs. Herbert Cunningham and children, Mrs. Jim Herms and two daughters, Mrs. Ray Laux and family of Lindsay, Joe, Henry and Hilda Pautler and little Paula Owen of Jacksboro who spent the week with her grandparents, Mr. and Mrs. Clarence Owen. She is the daughter of Mr. and Mrs. Gene Owen. Nine of Mr. Pautler's ten great-grandchildren attended the observance.

Mr. Pautler has lived in Muenster 57 years, coming here from Pesotum, Ill., when he was 23. A native of Germany, he has been in the United States since he was 16. He and Mrs. Pautler have spent the 54 years of their married life here.

The road to success runs uphill, so don't expect to break any speed records.

**Travel Talk, Films Highlight Meeting For CDA Members**

A travel talk, illustrated with colored slides, was a highlight of Friday night's meeting of the local court Catholic Daughters of America. Mrs. Lambert Bezner of Gainesville told about her recent trip to Europe.

Scenes and stories covered the tour in general and Mrs. Bezner gave detailed accounts of the visit in Rome where she and her group had a private audience with the Holy Father, of the stay at Lourdes, of sight-seeing in London and Paris.

She was wearing an attractive native costume. A peasant dress of colorful print with a white pinafore effect. She also showed other items bought in foreign countries. These included a black lace mantilla and a pair of short leather pants for her son Jacob. These pants, she said, are as popular in Germany as blue jeans are here.

Mrs. John Mosman, grand regent, conducted the business session and committee chairmen gave reports.

Mrs. Joe Swirczynski, mission chairman, advised she had sent a large box of good used shoes to St. Vincent's Store in Fort Worth and read a card of thanks received from the managers. Clothing being contributed at this time is being held for the Holy Father's annual Thanksgiving drive, she said.

Mrs. Steve Mosier told about collections of old nylon hose, stating that there are now ready for shipment to Fort Worth where blind war veterans make them into useful articles.

It was announced that the court is still collecting religious articles for girls at the State School in Gainesville.

An invitation from Court Louise in Fort Worth asked members to attend a reception there on Oct. 20.

About 20 members attended the meeting.

**Two Share Honors At Farewell Party**

A party Saturday night at the Gary Hess home was a farewell tribute for Jerry Henscheid and Charles Felderhoff before they left for college. Sharing hostess duties were Georgia Ann and Lois Owen and LaVerna Hess.

The group of 15 guests enjoyed dancing to recordings and the hostesses served refreshments.

Charles left Sunday to enroll at Dallas University as a sophomore and Jerry left Tuesday for St. Edward's University in Austin where he is a senior.

Joe Voth of Justin visited here Sunday with his sister, Mrs. J. S. Horn and his sister-in-law, Mrs. Barney Voth.

**Officers Named at Muenster Hi School**

Classes at Muenster High school have organized and elected officers for the current scholastic year. They are:

Senior class: David Klement, president; Jean Wieler, vice president; Dolores Reiter, secretary; Patsy Dennis, treasurer; Agnes Noggler, reporter. Miss Betty Dodds and Mrs. John Mosman are class sponsors and Mmes. Ervin Hamric, John Wieler and John Fisher are senior roommothers.

Junior class: Billy Otto, president; Kenny Klement, vice president; Judy Cain secretary and reporter; Carolyn Cain, treasurer; Glenn Hellman and Jim Harris, class sponsors.

Sophomore class: Doug Hellman, president; Kay Aytes, vice president; Kenny Fette, secretary; Roger Fleitman, treasurer. Laurence Saye and L. B. Bruns are class sponsors.

Freshman class: Dolphy Joe Hellman, president; Johnny Reiter, vice president; Jeanette Walterscheid, secretary-treasurer; Tim Hellman, reporter; William Ansley and Mrs. H. H. Homsley, class sponsors.

**Seniors Sponsor Bake Sale Saturday**

Seniors of Muenster High school are staging their first class benefit event of the term Saturday. It's a bake sale. Headquarters will be at Fisher's Market.

Homemade bread, cakes, pies, cookies and sweet rolls will be available and the class invites everybody to stop in and buy a weekend supply of delicious baked goods.

Back the attack on traffic accidents—a chance taker is a potential crash maker.

## "ROYAL THIEVERY"

Discussing the penalties imposed on the pocketbooks of the people by inflation, John S. Knight, editor of the Chicago Daily News shows that:

It robs the worker of his pension security.

It robs the man who has invested in government securities as part of his savings.

It robs the dependents of veterans who depend upon insurance.

It robs widows and children of all people who have tried to provide for their families through insurance.

It makes Social Security a fraud.

It cuts down the amount of goods that can be purchased by the growing army of old people.

And finally, Mr. Knight declares, it robs everyone who is dependent upon a fixed income from investments.

In the face of this, our senators and representatives go merrily on deflating the dollar by federal extravagance and waste — the process has been accurately termed "Royal Thievery."

## THRESHING DAY

A stubble field near the little town of Silverton, Oregon, is the scene of a highly unusual annual event — and one which has become a rousing success.

The event is "Threshing Day." And its unusualness stems from the fact that the threshing is done by ancient steam-powered machines. At this year's observance, 18 of the veterans were on display and 11 of them actually ran. The oldest dates back to 1889. About 7,000 people came to watch the show, and some pitched in to cut wood to fire the boilers.

These venerable monsters deserve their day in the sun. They have and will hold an honored place in the history of farming. They helped to make the agricultural revolution, along with the tractor, the cotton picker, and all the other mechanical implements. And they serve to emphasize something else — the enormous progress made by the farm equipment industry since its beginning. The old machines were marvels in their time — they were far better than anything that had preceded them. But, by modern standards, they are hopelessly slow, inefficient, dependent on man power, and obsolete.

This brings up another worthwhile point. Modern farm equipment is an excellent buy. Prices have risen, of course, like all other prices — but, generally speaking, they have not risen as much as farm income. On top of that, the machines are fast, economical to run, and comparatively trouble-free — all of which means money saved to the owner. Agriculture has come a long, long way since the machines that participated in Silverton's "Threshing Day" left the factories.

## The American Way

by M. D. Eggleston

### "STICK-UP"

As this piece is being written, I have before me a table giving the actual figures that the people of the various States have been forced to contribute in taxes to build and maintain the tax-free Tennessee Valley Authority.

Of peculiar and particular interest to me is the amount that has been mulcted from the taxpayers of my own State, Florida. We Floridians have donated \$27.5 million to make it possible for the Federal Government to sell "cheap" electricity to the people of the Tennessee Valley.

Space here does not permit citing the figures for all the States, but here are a few: The taxpayers of New York have contributed \$290 million, Californians have been penalized to the tune of \$170.5 million, and even sparsely populated Nevada has been "nicked" for \$2.7 million.

The TVA has been proclaimed by the public power fanatics as a "yard-stick." For once they are right—but it boomeranged on them — the "yardstick" proves that Federal Government has developed no magic formula for producing "cheap" electricity.

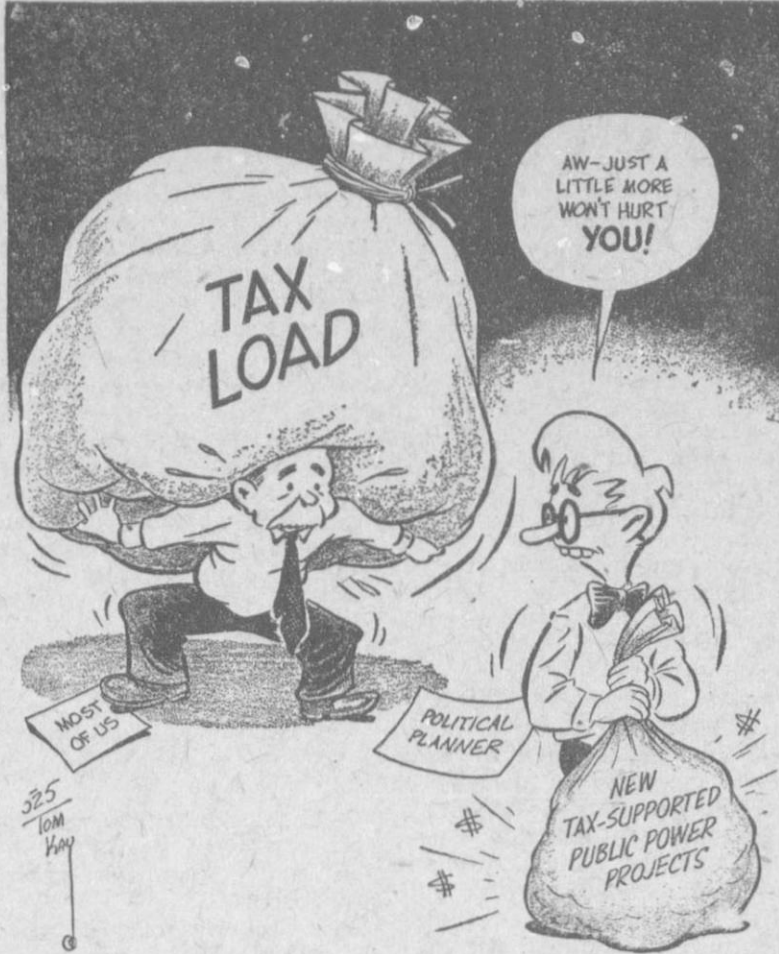

A better name for TVA would be "STICK-UP"—because that's just what it is for every U.S.A. taxpayer located outside the area it serves.

### OUR KIDS NEED HELP

While we have consistently defended the Three R's as the proper basis of grade-school education, we think it is time somebody spoke up for the "school-yard" also — Not only for elementary schools, but for junior and senior high schools as well.

Always important as a recreation center, the schoolyard is more essential today than ever before. It should grow in size and facilities as our schools grow, and there should be a gymnasium besides for indoor physical training, athletic programs and organized play. Yet, today, when our youngsters ride buses to school instead of walking, when progress has cheated them out of the open spaces their fathers played in, when TV lures them into watching instead of doing, the schools, too, are letting them down physically.

Ninety percent of our elementary schools, reports the National Collegiate Athletic Association, have less than the five acres of land considered essential for

Piling It On

play areas, and 91 percent have no gymnasium. Less than half of our high school boys and girls receive physical education and only 1,200 out of 17,000 US communities employ a full-time recreation leader of any sort.

American youth trails the upcoming Europeans in physical fitness in spite of our overwhelming advantages in nutrition and sanitation, and the disgraceful rejection rate chalked up by draftees in World War I and World War II continues.

The British have long contended their wars were won "on the playing fields of Eton." Without giving Eton all the credit,

there can be no doubt that the "playing fields" of the British Isles and the Empire at large contributed immeasurably to the stamina, the fighting spirit and training for leadership so vital in grimmer pursuits.

It's time for America to look to her "playing fields," and to face up to the shameful fact that in two generations we have grown pitifully, almost hopelessly soft. This condition won't correct itself. But anywhere the school board, the teachers and the PTA get together to plan and demand action on physical education, they can get it — even here.

## TRUTH VERSUS BRAINWASHING

By Joseph A. Breig, editor of the CLEVELAND UNIVERSE-BULLETIN

IT IS ALMOST unbelievable that any presumably intelligent American could say that he knows nothing about Communism. The fact is that tens of thousands of our countrymen can make that depressingly true statement.

A man who is against Communism merely because it might take away his wealth does not understand Communism. So too, the man who is anti-Red only because American planes have been shot down, or American sources of oil menaced, knows nothing about Communism. This is the kind of mind that can easily be brainwashed by cynical Reds and fellow-travellers.

Breig

OF COURSE there are almost innumerable reasons for hating Communism but there is only one right reason. Once a man knows why it is that he should be opposed to Communism, then all the brainwashing in the world will not turn his will toward this devilish philosophy.

The right reason for being against Communism is that Communism denies that God exists and denies that man is man. It not only asserts that there is no God and no moral law; it also asserts that a man is merely an animal and may be treated as such.

THE BEST weapon against Red propaganda is truth, as those who studied the brainwashings in China learned. They discovered that men of faith and prayer were not deceived. This was true also, though in a lesser measure, of those who held firm convictions about say, patriotism, the meaning of America, or the sacredness of human personality. In the face of such conviction, Communist propaganda was useless.

And so here is our answer. Against the convictions of the Communists, we must set stronger convictions of our own. As firmly as they hold their vicious falsehoods, we must grasp and hold our precious truths. The man who says it doesn't matter what you believe is opening the door for other men to reply that you might as well believe in Communism as anything else.

THE IDEAL toward which Americans must aim is a nation in which the importance of truth is held ever high, and in which men firm in the possession of it are prepared to stand immovable for it. Communism will begin to recede, to fade and to collapse when its falsity is so fully understood that it will become preposterous.

But the man who isn't sure about God and about man, who is hazy about the meaning of America and human rights, is not going to see through the Communist doubletalk — much less resist Communist brainwashing.

## A Few Decades Past . . .

### A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at —for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

YOUR HOMETOWN NEWSPAPER IS A HERITAGE TO PROTECT!

Mr. and Mrs. John Hosea and children of Grapevine were here Thursday to see the Hornets in action with the Sanger Indians. It was their first visit back since they moved to Grapevine when the school term opened.

### FHA Girls Invite Ladies to Meeting On Fall Fashions

Future Homemakers of America, Muenster High school chapter, this week extend a general invitation to ladies of the community to attend an open meeting featuring a talk on fall fashions next Monday.

Mrs. Ray Evans will present the program, telling about fall styles in feminine apparel. She'll include accessories, costume jewelry and hints on good grooming in her talk.

The informal meeting will be held in the home economics room beginning at 7:30.

### Local Girl on TV

Clarice Schad, daughter of Mrs. Al Schad, is scheduled to appear on the "Beauty School of the Air" program every Monday morning at 11:40 on WBAP-TV, Channel 5. For the next several weeks she will also be on a program at 10:15 a.m. Wednesdays on WFAA-TV, Channel 8. Clarice is an instructor at Isbell's University of Beauty Culture, Dallas, having received her instructor's license in January of this year. She was here Sunday for a visit with her family. She brought her roommates Laura Jones and Sue Williams with her as guests for the day.

### SH High Classes Name New Officers

Officers to serve the classes of Sacred Heart High school during the 1957-58 term have been elected and are as follows:

Senior class: Sonny Walterscheid, president; Gene Hartman, vice president; Florentine Vogel, secretary and reporter, Bernard Hesse, treasurer. Sister Celine is class sponsor.

Junior class: Pat Hess, president; Herman Grewing, vice president; Roy Swirczynski, secretary; David Haverkamp, treasurer; Joan Hess and Mary Catherine Walterscheid, reporters. Sister Patricia is class sponsor.

Sophomore class: Ann Stoffels, president; Jane Hesse, vice president; Eunice Knauf, secretary; Helen Hacker, treasurer. Sister Theresina is class sponsor.

Freshman class: Jeanette Muller, president; Margorie Schoech, vice president; Karen Endres, secretary; Betty Ann Dangelmayr, treasurer. Sister Barbara is class sponsor.

In their first meeting of the school year, members of the senior class displayed their new class rings, decided to select a comedy as their class play which they plan to give at an early date, and made plans to have a dance after the first football game here.

### SH High Juniors Pick Class Comedy

Juniors of Sacred Heart High started the term's activities with selection of a comedy as their class play for presentation after Christmas. They'll dramatize the mirth provoking, fast running "Let Me Out of Here." At the present time casting is in progress for the ten players. There are roles for five boys and five girls. Sister Patricia will direct rehearsals.

### Auxiliary Members Hear Details of National Meeting

A special feature of Wednesday night's meeting of the local VFW Auxiliary was a detailed account of the National Convention held in Miami Beach, Florida, in August. Mrs. Pat Parker department treasurer and Mrs. Davis Drake department color bearer, both of Gainesville, who were delegates, gave interesting reports of convention proceedings, social events, other happenings and their trip by plane.

During the business session at which Mrs. L. J. Roberg, president, presided members complied with honor roll requirements for the month. They voted a fifty cent per member hospital pledge and specified the Bonham VA hospital as beneficiary; agreed to hold a school of instructions, and to give two five-dollar checks to local school superintendents to be used as meal tickets for two needy children.

Members decided to discontinue the monthly Teen Parties until the VFW hall is again available for use. At this time a rebuilding program is in progress. For that reason the ladies held their meeting in the public school instead of the hall, usual meeting place.

Mrs. Gary Hess, hostess for the social hour after business, served refreshments.

### CHEERLEADERS CHOSEN

Cheerleaders for Sacred Heart High have been chosen and announced. They are Loretta Mages, senior, head cheerleader assisted by Jeanette Haverkamp and Patsy Bayer, also seniors; Joan Hess, junior and Jane Hesse, sophomore. Mascots, are Denise and Darlene Walterscheid, identical twins, and Donna Kay Endres.

### CARD OF THANKS

Heartfelt thanks to the Muenster Fire Department and to kind neighbors and friends who did so much to help us the night our barn burned. And grateful thanks to those who worked all the next day. Such kindness and neighborly thoughtfulness can never be forgotten.

The Ben Sickings  
The Paul Sickings

### Accidents in 1956 Cost \$10 Billion

Total cost of accidents in the U. S. last year was \$10,800,000,000.

That sum would have clothed every man, woman and child in the land.

—would have built a million new houses worth \$10,600 each.

—would have built 300,000 new Class A schoolrooms for an additional 9,000,000 kids.

—would have paid for all 3 shots of Salk vaccine for every person in the world.

### Marysville News

By Mrs. B. G. Lyons

MARYSVILLE — Mr. and Mrs. Max Harrell and daughter Rhonda Kim of Sherman spent the weekend with her parents, Mr. and Mrs. Bill Moon.

Mrs. Janie Craddock of Gainesville spent the past week with her son-in-law and daughter, Mr. and Mrs. Lawton Moon. Mrs. Moon was suffering from a bad tooth.

Visitors over the weekend with the J. M. Shiflets were their children Mr. and Mrs. Robert Porath and daughter Sandy and Mrs. Edd Matthews and son Gary of Dallas. Other guests Sunday were their son Reagan Shiflet and his wife and son Gene, also of Dallas.

Rev. and Mrs. Robert May of Dallas spent the weekend at the parsonage here, and Saturday evening led a program on "The March of Missions" at the Ladies Missionary meeting. A pot luck supper preceded the meeting. Rev. and Mrs. May also visited local shut-ins: Mrs. W. F. Davidson, Mrs. Ada Walker, Oliver Walker and Mrs. Alys Graye.

Weekend visitors with Mrs. W. F. Davidson were Mr. and Mrs. Carl Blount of Fort Worth, who also visited the J. N. Shaws; and Mrs. Myrtle Blount, Mr. and Mrs. Bo Snow and Mr. and Mrs. Sam Baker of Gainesville.

Rev. Howard Bigham conducted services at the Baptist church Sunday and he and Mrs. Bigham were dinner guests in

the Grady McElreath home. The Herman Richeys of Gainesville attended the morning service.

Little Donna Barnes of Gainesville is spending this week with her uncle and aunt, the John Richeys. Sunday the Richeys visited in Sivelis Bend with the Fred Richey family.

Rain gauges here showed an inch and a half of rain fell Saturday night. It was accompanied by wind and a shower of small hail but no damage was reported.

### TV Football Review Shows Highlights Of SW Conference

Highlight action from four Southwest Conference openers will be featured on Humble's "Football Review" next week. Kern Tips will add his colorful description to action shots from the A&M-Maryland, Baylor-Villanova, TCU-Kansas and Texas Tech-West Texas State games.

The new TV program will also show viewers how Coach DeWitt Weaver trains Texas Tech's centers.

SMU's Bill Meek, new Southwest Conference coach, will give fans an idea of the problems that a new coach faces.

Referee Cliff Shaw will continue his explanation of the job of football officiating and "The Junction Story," Texas A&M's march to the Southwest Conference Championship will be another highlight of "Football Review."

"Football Review" can be seen Monday (September 23) over KRLD-TV, Dallas, 10 p.m.

### Teacher Education Course Available on Television Program

College graduates, and especially those interested in teaching, have the opportunity to enroll for a new course in teacher education to be presented weekly by 17 Texas television stations starting at 7:30 a.m. on September 28.

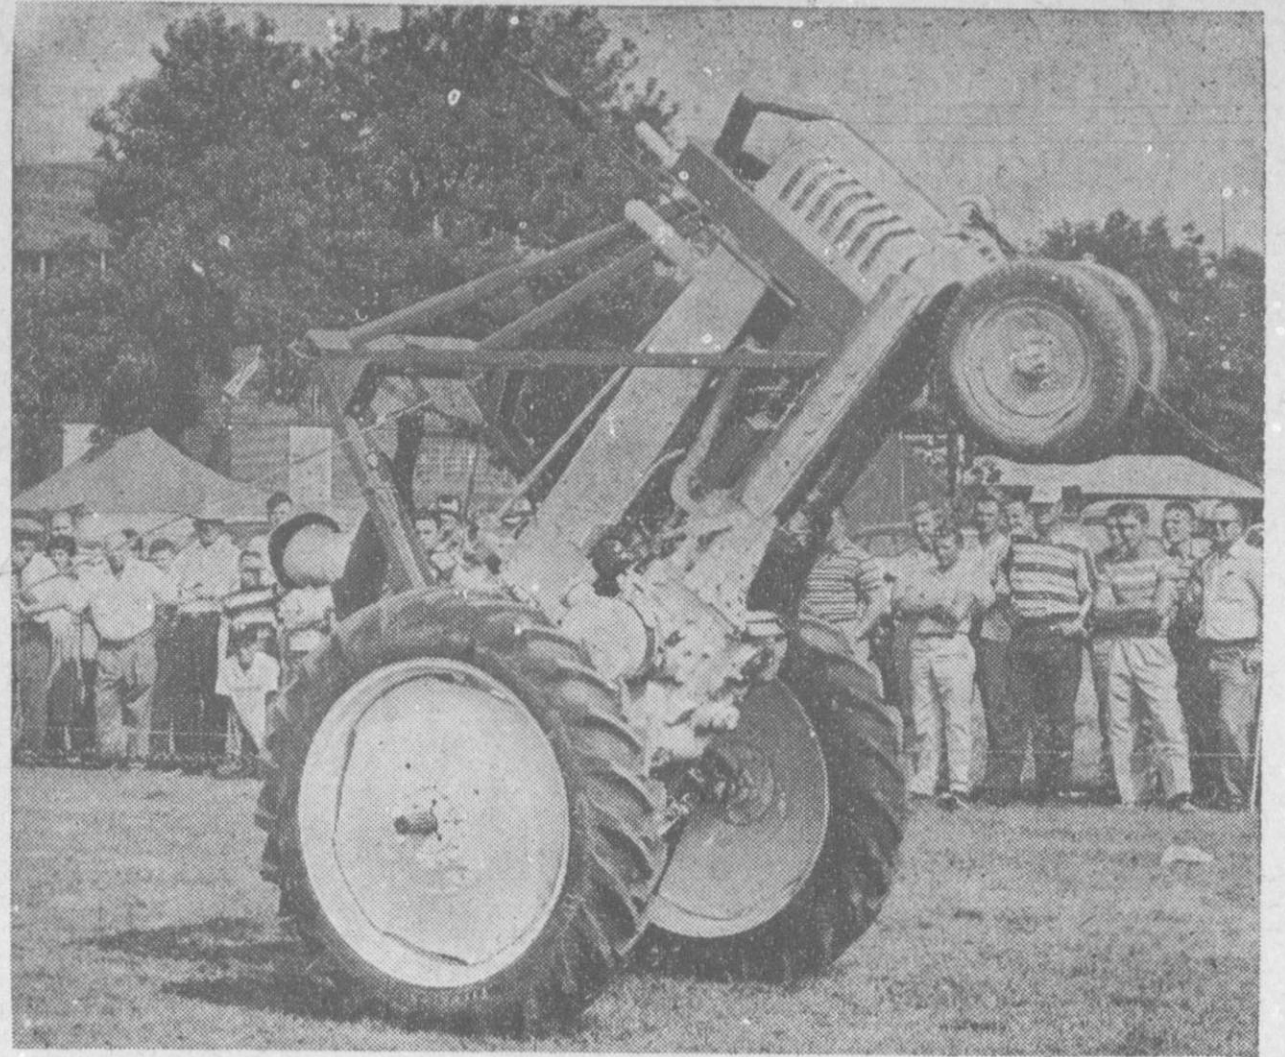

Any graduate of an accredited college or university may apply for enrollment.

Teaching permits valid during the 1957-58 school year and renewable for three additional years will be issued by the Certification Division of the Texas Education Agency to persons employed as teachers on the basis of their enrollment in the "Adventures in Education" television series.

The course is offered by the Texas Education Agency in cooperation with more than 40 Texas colleges and universities.

Only the first five programs in the series will be presented from 7:30 to 8:00 a.m. Beginning November 2, stations with NBC facilities will present the lessons from 8:30 to 9:00 a.m. Five stations which operate independently or are affiliated with another network will use kinescope recordings which will be scheduled at the hours most appropriate for the local station.

"The Texas Project in Teacher Recruitment and Education by Television is designed to help Texas school superintendents find teachers by encouraging capable college graduates to enter the teaching profession," ex-

DRIVER'S A DUMMY—From the way this tractor's acting it's easy to see the driver's a dummy. He actually is a straw-stuffed dummy used in a demonstration of the hazards of tractor misuse. The specially equipped tractor toured Ohio with a team of demonstrators. This scene was at the state fair in Columbus.

plains J. W. Edgar, Commissioner of Education. "There also are indications that the project is serving as the basis for in-service education. Many fully certified teachers, by becoming enrolled, can add this educational television experience to their professional qualifications."

WBAP-TV, Fort Worth and KFDX-TV, Wichita Falls will telecast the 26-week "Adventures in Education" series on a public service basis.

All persons interested in receiving further information about the "Adventures in Education" course are invited to write to Lee Wilborn, Project Director, Texas Education Agency, Austin, Texas.

PLEASE REMIT! — A woman in Burbank, Calif., who discovered that her marriage hadn't been legal, after all, immediately filed suit against her "husband" for \$25,000 for 8 years' work as secretary, bookkeeper and housekeeper.

## Local News BRIEFS

Mrs. Joe Fette is employed at the Muenster Beauty Shop as receptionist.

Margie Milner left Monday to begin classes at Southern Methodist University in Dallas. She is a freshman.

Mr. and Mrs. Bill Fuhrman and son Bobby of Fort Worth were weekend visitors with his parents, the H. J. Fuhrmans and family.

Veronica Koelzer has joined the staff at the Palace Cafe filling the vacancy created when Pat Horn left for classes at Texas University. Mrs. Tony Hoenig is temporarily at Scott Brothers Furniture replacing Veronica there.

Pat Horn left here Saturday for an overnight visit in Fort Worth with Lorraine Sicking and Florence Henschel. Sunday her parents, the Joe Horns, and her sisters Marilyn and Diann, accompanied by Mrs. Bernard Sicking, joined her there and took her to Austin and helped her get settled for her freshman year at Texas University.

Billy Ben Boyles spent the weekend and to Tuesday here with his grandmother, Mrs. Ben Hellman, before going to Lubbock where he is a junior at Texas Tech. He came here from Corpus Christi where he had been working. His parents, Mr. and Mrs. Jud Boyles, formerly of Corpus Christi, now live at Raceland, La.

Mrs. Terrell Johnson of Dallas was here last Thursday and her mother, Mrs. Frank Seyler, accompanied her home for an indefinite stay.

Sgt. and Mrs. C. D. Richards and children have moved from Watertown, Mass., to East Bridgewater, Mass., and are at home there at 76 Pleasant Ave.

P. W. Hellman of Tulsa, Okla., flew in to spend Friday overnight with his parents, the Gus Hellmans and visited his wife's parents, the J. M. Weinzapfels before returning home Saturday. He had been in Dallas several days on business. He made the plane trip alone.

Georgia Ann Owen and Caroline Hesse of Fort Worth spent the weekend here with their families.

Mr. and Mrs. John Schmitz are on a vacation trip. They left Saturday for a visit in Post with her sister and brother-in-law, the Matt Stelzers, and with the Julius and Andy Stelzer families. They'll all attend Post's golden jubilee celebration. After that Mr. and Mrs. Schmitz will accompany Mr. and Mrs. Matt Stelzer on a car trip to the West Coast. Enroute they'll visit in Alpine with the Stelzers' son and daughter-in-law, the Maurice Stelzers. From there to Barksdale, Calif., to see another son, Gerald Stelzer and his family. The two couples planned sight-seeing at places of interest on their way.

Mr. and Mrs. Andy Schoech Sunday took their son Melvin, and Kenny Otto, son of Mr. and Mrs. W. W. Otto, to Denton where they boarded a train for San Antonio. They are students at St. Mary's university there. Melvin is a sophomore and Kenny is a freshman.

Donna Hofbauer, student nurse at St. Paul's in Dallas, spent the weekend with her parents, the Andy Hofbauers.

Mr. and Mrs. Q. D. Pettigrew and son Tim of Kaufman were weekend visitors with her parents, the John Herrs. Joining them Sunday were Mr. and Mrs. Leonard Bengfort and children of Lindsay.

Jerome Voth, Claude Walter and Dee Kaderli, students at Texas A&M College, spent the weekend with their families, the Joe Voths, Al Walters and M. D. Kaderlis. Claude and Dee rode back with students from Gainesville when they returned and Mrs. Voth and children took Jerome to Dallas Sunday afternoon. He continued his trip from there.

Burt Hamric of Dallas was at home for a weekend visit with his parents, the Ervin Hamrics.

Harry Fisher left Sunday to continue study at St. Mary's, Kentucky.

Mary Pick and Emma Fisher, student nurses at St. Joseph's in Fort Worth, spent the weekend with their families, the C. A. Fishers and Henry Picks.

Marcy Klement, student nurse at St. Joseph's in Fort Worth, came home for a weekend visit with her family, the Norbert Klements. Also guests of his parents were Mr. and Mrs. Wilfred Klement of Munday who divided their weekend time between visits with the Norbert Klements and her parents, the Bernard Wolfs.

Weekend guests of Mr. and Mrs. Joe Vogel were their daughter, Lillian and Mary Lou and Mr. and Mrs. Don Muller, all of Fort Worth. Joining them for Sunday dinner were another daughter and her family, the Robert Beyers of Lindsay. Mary Lou has recently gone to work in Fort Worth. She is a secretary for Southwestern Petroleum Co. While they were here the Don Mullers also visited his family, the Matt Mullers.

### CARD OF THANKS

We are grateful to the Muenster Fire Department for standing by and to everybody who was willing to help during the fire which destroyed the barn on our farm north of town. Sincere thanks to all.

The Tony Felderhoffs

## Deluxe Tractors Are On the Way

LOS ANGELES, Calif. — Tractors with all the refinements of modern automobiles — including style changes designed to make farmers want to trade them in every few years — are heading for the American farm.

Plans for the "tractor of tomorrow" were disclosed by an executive of a Chicago farm equipment manufacturing firm at a meeting of Los Angeles investment security analysts.

John R. Covington, vice president of the Oliver Corporation, said the tractor, an experimental model of which has already been completed, will have an enclosed, transparent cab with filtered air that is heated thermostatically on cold days and cooled on hot ones.

The seat is upholstered in foam rubber, has back and arm rests, and includes a compartment for a thermos bottle and a lunch kit.

In addition, it has direction finding equipment to keep the tractor on a straight course, a mobile telephone, and two-way communication with the farm house.

GET A WINNING DEAL ON A NEW CHEVY—THE GETTING'S EXTRA GOOD!

More People Drive Chevrolets Than Any Other Car

Better try it soon—Chevrolet Bel Air Sport Sedan!

*Spunk  
to spare!*

There seem to be two kinds of roads around the country lately. There are dull, ordinary everyday roads. Then, there are the same roads when you take them in Chevrolet—*fun* roads!

Stepping along nimbly, surely—staying on course—traits like these come just a little more naturally to Chevrolet. Few cars at any price are so beautifully balanced. None in Chevrolet's field have Ball-Race steering, extra-long outrigger rear

springs—or Body by Fisher—to name just a few of Chevy's exclusives.

As for spirit, well—take a Chevrolet out and feel that eager 245\* horsepower! Just drop in at your Chevrolet dealer's—soon!

\*Optional at extra cost. 270-h.p. V8 engine also available at extra cost.

**SOIL CONSERVATION DISTRICT NEWS**

Recent rains have set up ideal conditions in the Muenster-Saint Jo area for the planting of soil improving winter cover crops such as vetch, winter peas, alfalfa and button clover. These plants serve as soil protectors by keeping a cover on the ground and at the same time build up the land's fertility by adding nitrogen and organic matter.

Another incentive for landowners to plant winter legume crops this fall is the financial assistance offered by the Agricultural Conservation Program in both Cooke and Montague coun-

ties. Under this cost-sharing program the landowner is repaid approximately fifty per cent of the cost of the legume seed and fertilizer. Under the cost-sharing plan, vetch and fertilizer can be put on cropland for as little as \$2.65 an acre and on pasture land for \$1.75 per acre. Alfalfa can be planted and fertilized for only \$2.35 an acre. Button clover, a popular newcomer, can be overseeded in pastures with fertilizer for as low as \$1.87 per acre.

Cooperators of the Upper Elm-Red Soil Conservation District have a chance this year to grow some good high protein grazing and get soil improvement and protection with only a small amount of investment, and many landowners are getting their fields prepared for the seeding of winter legumes.

A good example of how winter legumes can pay off was illustrated last year by Weldon Dennis on his farm at Bulcher. Weldon had a seven acre patch of button clover which he wanted to harvest for seed. The clover was grazed until late May when the cows were taken off. In spite of a severe attack of army worms in June, the clover still managed to produce seed and in July Weldon combined 2100 pounds of clean seed from the seven acre patch.

The seed is valued at about 40 cents a pound which makes the crop of seed from the clover patch worth over \$800. The seed crop was in addition to the soil improving benefits of the clover crop and the grazing it furnished. Another example of how it pays to farm the conservation way.

**IT HAPPENED 20 YEARS AGO**

Sept. 17, 1937

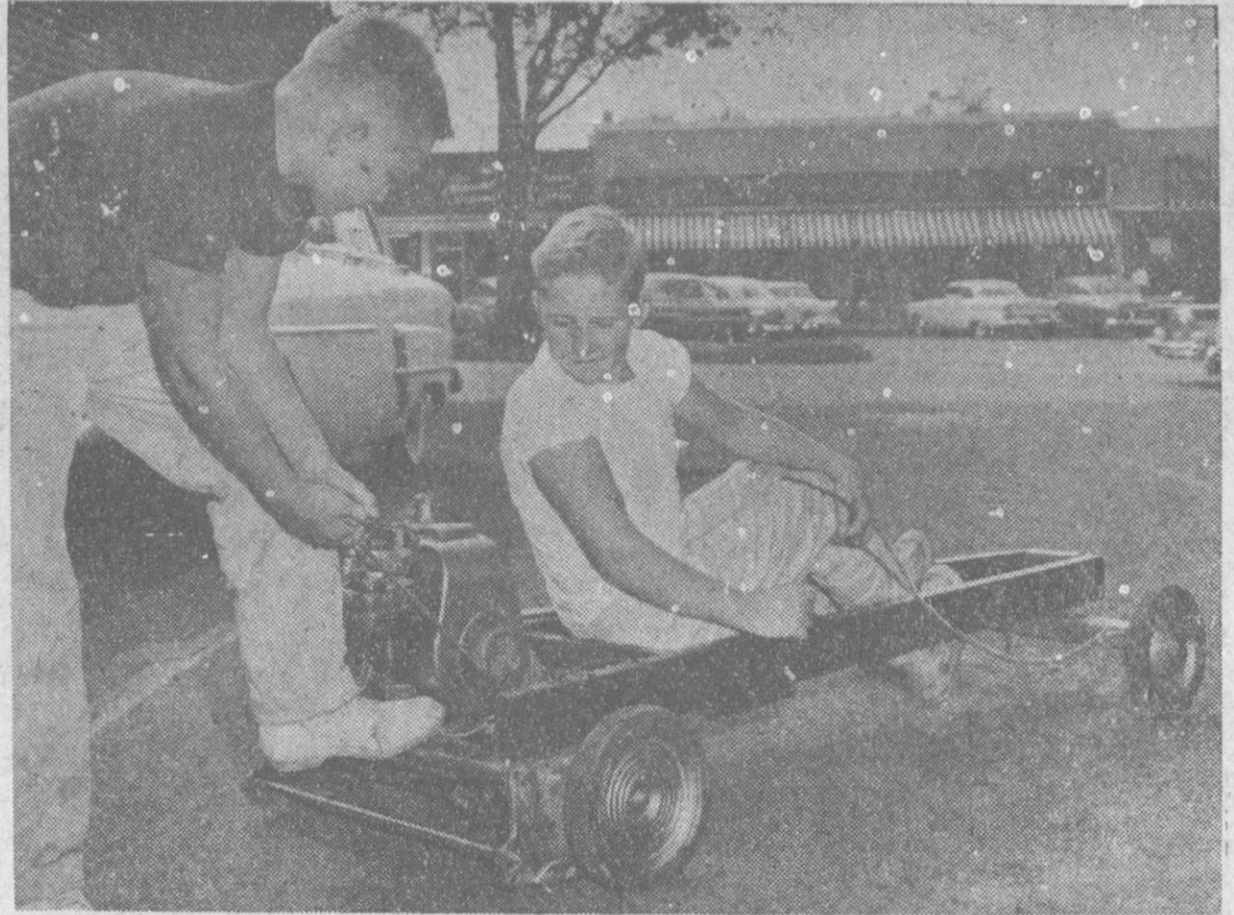

Program of community progress is launched by Muenster Chamber of Commerce; will sponsor recently adopted five-year program. Eighteen young people leave for out of town schools. Gene Carter comes to Muenster Enterprise as linotype operator. Cotton picking delays progress at local schools. Lee Livingston of Myra loses a foot in a hay baler accident. Ten years ago today Sacred Heart church received its first assistant pastor, Father Alphonse, who was here until three years ago when he was replaced by Father Francis. Little Dolores Henscheid lost the ring finger of her left hand Monday when she was trying to split kindling with a hatchet. New arrivals: Barbara Ann for the Hugh Lee Tuggles and Leroy for the Ewald Berends.

**15 YEARS AGO**  
Sept. 18, 1942

Mrs. Nora Shipman dies after long illness. Father Thomas assumes duties as Sacred Heart pastor. Public school enrolls 77 on opening day. Civic League and Garden Club announces plans for flower show to be held Nov. 11. Mission Circle sends 200 pounds of clothing and quilts to needy missions. W. W. Otto brings in first bale of season's cotton here. Lorina Fisher and Lt. Charles Taylor marry. The John Mosman family moves to Saint Jo. Harriet Schoech is in Waco attending a defense school. Pvt. Elmer Fette writes of safe arrival in Hawaii. The Harold Walterscheids announce the arrival of Shirley.

**10 YEARS AGO**  
Sept. 19, 1947

J. H. Cooke, 87, dies after brief illness. Muenster may get government aid in hospital program. S. H. gridders open season Friday with Saint Jo. Shortage of wire delays completion of football lights here. Dick Cain and Babe Felker entertain with barbecue for rodeo and auction

**BUT DOES IT RUN?**—The ultimate in stripped-down hot rods, this contraption, made of two-by-fours and one-inch boards, is readied for a small trip in Fair Lawn, N.J., by its builders. Peter Katz, 13, left, starting the engine, and Dennis La Hiff, 14, bought the lawn-mower engine from a repair shop for \$20 and spent another \$15 to rig up the rest of the rope-steered vehicle. It'll do 15 miles an hour, but not on town streets. The kids have been warned to keep out of traffic and drive only in the park.

**5 YEARS AGO**  
Sept. 19, 1952

employees. Mr. and Mrs. Henry Spaeth return from their wedding trip. Marty Klement and Edna Haverkamp marry. Mrs. L. Burchfield gives book review at Garden meeting here. Dinner party announces engagement of Ceal Haverkamp and Troy Cooper. Albert and Betty Dangelmayr return from their honeymoon. The Mike and H. N. Fuhrmanns were in Subiaco to attend special ceremonies when their son and brother Vincent Fuhrmann made his vows and became Frater Aloys. New arrivals: Jane Francis for Mr. and Mrs. Al Hess; Frank Anthony for the Tony Hackers.

Mrs. W. T. Richter, 77, passes after long illness. Bishop Gorman address NCCW meeting here Thursday. Mr. and Mrs. Joe Fette are given surprise party on their 25th wedding anniversary. Hornets drop game to Whitesboro Bearcats. Mrs. Ray Evans and Marilyn Gremminger return from week's visit in Detroit with the former's sister, Mrs. Howard Couch. Ruth Needham is back at home after vacationing in Houston and Louisiana. Mrs. Harold Falck is visiting here until she can join her husband Capt. Falck in Germany.

Richard Wimmer returns to oil field work for the first time since he suffered a broken neck in an oil rig accident in November 1949. Mr. and Mrs. E. P. Buckley are vacationing in Galveston and Corpus Christi. Paul Brewer goes to work at Miller Humble Station. New arrivals: boys for the Stan Wylies, Joe Luttmers, Robert Pultes and J. D. Hotts; a girl for the Albert Spires.

**Amazing Changes Are Due in Next Quarter Century**

A report on America's "growingest quarter century" — the next 25 years — is contained in Changing Times, the Kiplinger Magazine. Population growth will push our population to 250 millions from the present 170 million. Science, technology, medicine, new business methods, new markets and new communities will produce a nation of 100 million job holders, twice as many college students as now, 130 million automobiles and a four-day work week.

Here are some additional forecasts by the Changing Times editors: **JOBS** — In 1982 machines may do much of your work but not your thinking. A new breed of workers will develop and those who can truly be masters of the machines will be the ones who move ahead.

White-collar workers will be far more numerous than blue-collar. People who run things — managers and proprietors — will almost double in number. Stores, banks, real-estate firms, insurance companies, utilities and government will all step up their hiring to a greater degree than manufacturing industry. Pay will almost double today's levels, in today's dollars.

**INFLATION** — The 1982's dollar will be worth much less than today's. Inflationary pressures will be high government spending, rising wage levels and constant need for capital.

In coping with inflation, choose the industries with the greatest promise of growth when you invest. You won't get rich quick, but your dollars will grow as the industries do.

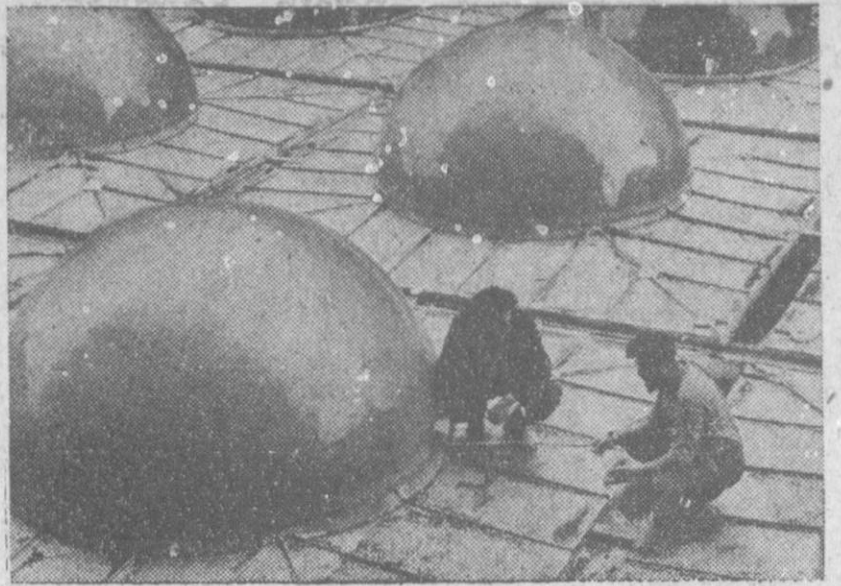

**TRAVEL** — It will be an even smaller world in 1982. No country or city will be more than 24 hours away. Travelers will ride in supersonic jet planes at speeds two or three times that of sound. Cruising speed will be 1,500 miles per hour. Commuters will go in airplanes that rise straight up, then go straight forward.

Cars may have fuel-injection motors which do not need carburetors. They will have 25% more horsepower than today's cars, and may even be without transmissions. Parts may be sealed, so you may never need a grease job.

Some trains may be atom-powered and built to go at two miles per minute. Others will rocket along on monorails.

**HOUSING** — A new kind of house is on the way. It will blend into the outdoors and bring nature inside, and it may be round instead of square. Color will be everywhere, and if you get tired of the color of an interior wall, you will replace the wall with one of another shade.

Push button windows will close automatically if it rains. A wish of air will clean and dry the dishes in three minutes. Electrostatic dust gathers will keep the house shiny. If it's a hot summer, you'll use a blanket that keeps you cool. Your news-

**ONLY A ROOFTOP**—This is only a rooftop—not a landing field for flying saucers. The huge, plastic "blisters" provide more daylight for people underneath in a Paris, France, banking establishment.

**Send SS Inquires To Sherman Office**

Many people are losing time on social security matters by writing to the Dallas office instead of to the District Office which serves their address, according to Roy Westerfield, Manager of the Sherman District Social Security office.

The office located in Dallas is not a general headquarters office and is not the place to write unless you live in Dallas or in one of the nearby counties which it serves. Westerfield further explained that inquiries sent to Dallas must be forwarded to the proper servicing social security office, which causes unnecessary handling and loss of time in receiving a reply.

No matter where you live, your nearest post office can give you the address of the social security district office which serves you. Your district office in Sherman was established to inform you of your rights and benefits under social security, to help you apply for old-age retirement payments, survivor and disability payments, issue original and-or duplicate social security cards and to assist you in checking on the amount of wage credits or self-employment credits to your individual social security account.

Samuel B. Davis, Jr., Field Representative of the Sherman office, makes regular visits to the larger communities in Cooke, Grayson and Fannin Counties, Westerfield said. Each post office has a schedule of the visits to Denison, Gainesville and Bonham.

Mistakes of the past can be made into guide-posts of the future.

tic, the editors point out that the last 25 years have brought wonders you wouldn't have dreamed of in 1932. Among them, the splitting of the atom, commercial TV, regular transatlantic air service, discount houses, major league night baseball, Acrilan, Dacron, streptomycin, aureomycin, other wonder drugs, electronic calculators, jet airplanes and 100-acre shopping centers.

Other electronic miracles will be specially adjusted phones that will enable you to get your party when you dial only one numeral or letter; typewriters that respond to the spoken word; machines that translate from one language to another.

**BUSINESS** — The total output of goods and services will be approaching one trillion dollars a year by 1982. Retailers will thrive. Their biggest lines will be appliances and recreational equipment. The sea will be exploited for materials and farmed for food.

There won't be as many farmers, but they will grow and reap, more and work shorter hours. New machines, fertilizers and chemicals will help. Over-all, farm production will increase by a third.

If all this sounds too fantas-

## Lindsay News

Mrs. E. E. Bode and twins of Dallas spent the weekend with her mother, Mrs. Frank Pepp.

Rain gauges here measured one and a half inch of rain Saturday night. No damage was reported from the accompanying wind.

The Archie Ray Murphrees are new residents in Lindsay. They are occupying the house recently vacated by Mr. and Mrs. Wilfred Hess who moved to the place where the Ewald Fuhrmanns lived before they went to Denison to reside.

Hugo Bezner had as his guest several days of the past week a Navy buddy, Harold M. Stetson of Neponset, Ill., who was seeing Texas for the first time. The two became good friends when they served on Guadalcanal with the Sea Bees during 1942 and 1943. They recalled many incidents during the time they served in world war II, went over old pictures together, and discussed men who served in the unit with them.

Mr. and Mrs. Walt Barry and baby son James of Riverside, Calif. arrived Friday for a visit with her mother Mrs. George Spaeth. They also visited other relatives in Muenster and Gainesville and family get-togethers were held while they were here.

Rev. Alcuin Kubis of Scranton, Ark., was honoree at a supper party last Wednesday while he was visiting here with relatives. His niece and nephew, the A. J. Felderhoffs, were hosts and family members were guests.

### Time Table Listed For Local Busses

Because of the many inquiries about the local bus schedule the Enterprise this week publishes the time table as a public service.

Persons who have occasion to use the busses are urged to clip this schedule and keep it at a convenient place.

East Bound	West Bound
2:10 a.m.	3:05 a.m.
8:17 a.m.	8:24 a.m.
12:45 p.m.	11:06 a.m.
4:49 p.m.	3:16 p.m.
7:30 p.m.	8:25 p.m.

In the old days if anybody missed a stagecoach he was content to wait a day or two for the next one. Now he squawks if he misses one section of a revolving door.

## Spaeth Families Have Get-Together

A reunion of Mrs. George Spaeth's family was held Sunday while Mr. and Mrs. Walt Barry and son James of Riverside, Calif., vacationed here. The get-together was held in Muenster at the home of Mr. and Mrs. Andrew Schoech where about 60 members of the family gathered for a covered dish dinner at noon and an afternoon of visiting, games and picture taking. All of Mrs. Spaeth's children were present and most of them had all their families with them.

In addition to those from Muenster, Lindsay and Gainesville, the following attended: Mr. and Mrs. Mark Kuta and Kathy Ann of Crockett, Frances Spaeth of Denison, Mr. and Mrs. David Forgey and Mary Lee of Dallas and Mr. and Mrs. Joe Spaeth and children of Wichita Falls.

The Californians started their drive back to Riverside Wednesday after six days here. They spent about a week visiting relatives elsewhere.

### Building And Improvement Notes

The big job of the community nowadays is the new home for Muenster Livestock Auction about a mile west of town. The place looks like a beehive nowadays as men are working to get everything ship-shape for a grand opening on October 5. Up to now walls are finished, roof surfacing is under way, inside finishing is started and stock pens are almost finished.

Another new structure, due to start next week is Roy Atterberry's house on the former Esker Shop location. It will be a 2-bedroom house with carport.

A major remodeling job is that at Ray Sicking's. It includes an addition of three rooms and a bath plus new siding and roofing for all the place.

Emmett Sicking has a smaller remodeling job. He added two rooms.

Andy O'Connor is changing from wallpaper to sheetrock in two rooms of his house and installing tile-board on the kitchen walls.

Joe Trachta is having asbestos siding installed on two of his houses on West Seventh.

### Hornets Win - - -

ball swapping came to a sudden halt then as Wolf broke away for 79 yards and the double stripe. Another clipping penalty changed that however and the ball was spotted on the 30. Two plays later C. J. Hellman took Hamric's jump pass and got loose for a TD. Hamric's kick was good and the score stood at 25-0.

Back on offense as the last quarter opened the Indians made their only first down of the game. Then the Hornets got started again, and fumbled again. Holding the Indians another 4 downs they started their last drive from the 49. The push took 10 plays and the pay off was Hamric's 5 yard flip to C. J. Hellman. Another kick was good and the score was 32-0.

Game at a glance.

	M	S
First downs	15	1
Yds rushing	326	36
Yds passing	89	0
Passes completed	5-10	0-5
Intercepted by	1	1
Fumbles lost by	2	4
Yds penalized	65	35

**NOTHING SACRED**—Seems even the world of pipe smoking isn't limited to men any more. These ladies joined the puffing at the World Champion Pipe Smoking Contest at Lake Placid, N.Y. However, a man—Harold R. Soden of Lake Placid—won the contest by keeping his pipe going 70 minutes and 15 seconds.

### Health Department Recommends Use Of Oxidation Ponds

AUSTIN — A California poultry-dressing plant disposes of its waste products in an oxidation pond. The wastes in the water and sunlight playing on it combine to make algae grow. Then the algae is harvested and fed to the plant's new crop of young chicks. It is the only feed they get.

Oxidation ponds are among the most recent developments in the science of domestic waste disposal. Not to be confused with haphazard sewage lagoons, oxidation ponds conform to regular shapes and uniform depths. They work on this principle:

When partially treated domestic sewage is discharged into shallow ponds, algae — a type of tiny vegetable growth — will flourish in the water. In the presence of sunshine, the algae releases oxygen into the water. The oxygen acts to convert organic matter in the sewage to carbon dioxide, which in turn is used by the algae in its growth processes.

State Health Department water pollution control engineers say oxidation ponds, besides creating favorable environments for biological treatment of city wastes, are probably easier on the city's pocket book than any other method of sewage disposal. And they are at least a partial answer to Texas' perennial water shortages. Instead of risking stream pollution by discharging partially treated effluent into streams, why not capture that effluent in oxidation ponds and use it for irrigating feed crops or for cooling processes in industry?

More than 200 Texas cities are presently doing this very thing. Lubbock is irrigating 1860 acres of grass and pastureland. Big Springs and Amarillo supply several millions of gallons of water daily to local refineries for use in cooling. Brady grazes 100 head of cattle on 35 acres irrigated with reclaimed water.

Arizona, Wyoming, North and South Dakota, Missouri and other states are becoming increasingly interested in this method of sewage treatment and use, following Texas' lead.

While further research will be necessary before the use of effluent can be recommended for irrigating crops for human consumption, its value for feed crop irrigation is indisputable.

Besides their usefulness for waste disposal and irrigation, a

move is afoot to see if the ponds can be used for fish culture. Since effluent can readily be made to support fish in limited numbers, State Health Department engineers and Fish and Game Commission biologists believe there may be a possibility of cultivating fish in sufficient quantities for commercial sale as dog and cat food and fertilizer. If so, the ponds could become an additionally important source of city revenue.

minutes to add another 7 to their score. After the kickoff they needed four plays to make a first down, then Veitenheimer blasted through the wide open line or a 55 yard scoring sprint. Scheffe followed him for an ad-

## SH Cubs Lose 19-7 In Sunday Tussle With Wichita Kids

One hot shot youngster with size and skill to spare ran the Sacred Heart Cubs ragged Sunday afternoon when they tangled with the kids of Mary Immaculate Academy in Wichita Falls. The Cubs went down by a count of 19-7.

The lone Sacred Heart score came in the third quarter as Earl Hess found a gap at tackle and sailed 10 yards to pay dirt. Paul Danglmayr sneaked over for the extra point.

The Cubs this year are working mostly under the guidance of the Tiger seniors, who in turn are getting some help from Father Christopher and Coach Petrus. Last Sunday Father Christopher was on the bench with the student coaches but allowed them to direct all of the game.

Activity for the kids this season will be found mostly in the North Texas Parochial League which includes Sacred Heart, St. Mary's of Gainesville, Windthorst, Mary Immaculate Academy of Wichita Falls and Our Lady, Queen of Peace of Wichita Falls. A double round robin schedule will give each team an 8-game card.

Next for the Cubs is a game with St. Mary's Friday night on the local field. Originally set for Sunday, it was changed to Friday when the Tiger game with New Diana was cancelled.

ditional point.  
The game at a glance:

	SH	W
First downs	12	9
Yds rushing	169	217
Yds passing	0	29
Passes completed	0-2	1-5
Intercepted by	2	0
Fumbles lost by	2	0
Yards penalized	20	25

regulations. Furthermore the application of the regulations had to be broad in order to include all the wise guys who sought to evade them. So, while willing to concede that the rule was a good one years ago, this column suggests that, under present circumstances, the rule ought to be re-examined and revised. Nothing seems more unjust than taking away a boy's high school athletic eligibility just because he won a little prize on his athletic ability.

The same kind of absurdity applies to band players. If members of the school band or orchestra accept pay for playing at a dance they become ineligible to compete in Interscholastic League band contests. Accepting pay has made them professional entertainers, supposedly out of the amateur class.

Most likely that regulation also was based on sound reason, but it does not seem reasonable today . . . no more so than a law which limits car speed to 10 miles an hour. Few of us would begrudge a musician a few dollars of pay for his effort. After all, it's work to play an instrument for several hours, and the music was a service to all who danced.
