

MUENSTER ENTERPRISE

VOLUME XXII

MUENSTER, COOKE COUNTY, TEXAS,

NOVEMBER 29, 1957

NUMBER 1

Eberhart Family Awaits Report on Arrival of Casket

It's happy birthday time again at the Enterprise. As indicated by the volume and number designation of this edition, the paper today begins its twenty-second year of service to the community.

And again this column takes note of the fact that the birthday very appropriately falls on Thanksgiving. It feels that it could not properly observe the anniversary without expressing appreciation to all the friends and patrons who gave the paper their backing since its humble beginning in 1935.

In that spirit this column says thanks to all subscribers and advertisers and also those who have favored this firm with their printing orders. They have kept the Enterprise going. They have enabled it to keep pace with the progress of the community it represents.

Along with those thanks the column can think of others which are especially appropriate on Thanksgiving Day. It is grateful for the blessings of freedom and prosperity as we have them in America. Without them it would be subject to political bosses as in totalitarian countries or to economic scarcities as in so many less fortunate countries. The small town weekly is a strictly American institution because only America offers the conditions in which such a paper is possible.

Something else to be thankful for is an alert and thriving community. The Enterprise enjoys the distinction of being above the average for towns of its size because Muenster is above average for its size. It is blessed not only with physical resources but also with the spiritual resources of initiative, hard work, thrift and vision. There's a good reason why Muenster keeps growing while the majority of other small towns are fading out or barely holding their own.

Above all this is the day to observe Thanksgiving in the spirit of our Pilgrim fathers. Like them we can look back at the year just past and see that we have been abundantly blessed by a kind and loving God. For practically all of us it has been another year of health, security and abundance.

While expressing thanks to Almighty God for those blessings, however, let's be mindful that millions of other people just as worthy as ourselves are not similarly blessed. They are the poor unfortunates whose leaders do not follow God's methods in social and economic affairs. So, before thanking for Thanksgiving bounty, it would be a good idea to thank God for our way of living and to pray that the freedom and dignity of man will always be respected in our country. As long as our nation will do that, as long as people are allowed to operate in harmony with God's methods, Thanksgiving will continue to have its original significance.

Getting back to the volume and number designation on this paper, it wasn't a mistake to identify last week's paper as Number 53... even though 52 weeks normally makes up a full volume for the year. The reason is that extra day in each year, or two days in a leap year. The full year isn't completed in 52 weeks and an extra week has to be slipped in every few years to keep the publication year ending on schedule.

Suppose this paper had figured 52 weeks for each year since it started. By now that would be 21 extra days plus 5 more for leap years, a gain of almost 4 weeks. In that case this Volume 22 Number 1, which falls on our anniversary, would have been published early this month. If you care to figure farther, it would have its anniversary at harvest time in 100 years and would gain a full year of age in 292 years.

A statistical report released lately by the Texas Department of Public Safety reminds us again of the horrible fact that highway accidents during the past half century have killed more Americans than all the wars since our nation was founded in 1776.

The deaths in the country's several wars were enumerated as follows:

Revolutionary War	4,445
War of 1812	2,260
Mexican War	13,263
Civil War	620,332
Spanish American War	2,440

(Continued on Page 17)

The family of M.Sgt. Bill Eberhart received word Tuesday that his body had arrived in San Francisco and that another message would advise when it would reach Muenster. It came by plane from Hawaii to the west coast and will be sent by rail the remainder of the distance.

The family also has some information surrounding Bill's death. His fatal accident happened Nov. 14 and he lived five days afterwards. He fell from a three-story barracks roof at camp while he and other servicemen were repairing the building after storm damage.

Nick Miller Funeral Home will announce funeral arrangements. A military service will be included.

Mrs. Bill Eberhart and seven children Jimmy, Danny, Stanley, Tommy, Bobby, Cynthia and Steve, her parents Mr. and Mrs. Robert Davidson and a sister and brother, Earline and Clay Davidson, all of Macon, Ga., and Bill's sister and family, the Julius Stelzers of Post, are here awaiting arrival of the body.

NEWS OF SICK AND INJURED

Oscar Miller underwent surgery at the Veterans Hospital in McKinney Tuesday, following a week's pre-operative care. He is in Ward 103 and will be a patient about two weeks.

Mrs. John Eberhart, 84, was taken to Gainesville Sanitarium Tuesday afternoon... not because she was worse following a severe case of influenza... but for hospital treatment and observation.

Mrs. Ed Eberhart entered Gainesville Sanitarium Tuesday for medical care.

Ronnie Russell, 13, son of Mr. and Mrs. Joe Russell had his tonsils removed at Gainesville Sanitarium Tuesday and was dismissed Wednesday.

Illness has sent Mrs. Joe Swinger to bed at her home. Her doctor prescribed two weeks of bed rest.

Mrs. Lena Bernauer is back at home here after more than a week of illness during which time she stayed with her son-in-law and daughter, Mr. and Mrs. Harry Dennis in Gainesville.

Andy O'Connor is back at home to continue recovery from an operation performed in Dallas. He was dismissed from Stevens Park Clinic Friday afternoon. His wife and their daughter Mrs. Andy Monday went to Dallas to bring him home. Andy says many thanks to everybody who remembered him with cards and other kindnesses while he was in the hospital.

Mrs. Frank Trachta has the tape off her left arm now and is carrying it in a sling when she isn't exercising it. She broke the arm just below the shoulder on Oct. 31.

C. F. Gobble spent the weekend here and returned to Veterans Hospital in McKinney Sunday afternoon for additional treatment. Accompanying him and spending the weekend in Saint Jo was Jim Woodruff — he's the husband of the former Ruth Scott — and he's a patient at the VA hospital for a broken neck sustained some time ago in a car accident. He wears a brace constantly and is often in traction at the hospital. Mr. Gobble was dismissed Tuesday and unless something unforeseen arises won't have to go back for a check-up until February.

Bob Sicking, 7, son of Mr. and Mrs. Ray Sicking, is some improved after a month of flu and complications but is still absent from classes in the first grade at Sacred Heart school and is still receiving regular treatment in Sherman.

Mrs. Johnny Barthold has recovered from flu and complications that sent her to Gainesville Sanitarium for three days of hospital care.

L. E. Barnhart was admitted to Gainesville Sanitarium for medical care during the weekend.

SCS Workers Plant Grass on Six Dams

Final finishing touches on six detention dams that were built since last spring got under way this week when a crew of men from the Soil Conservation Service started planting grass roots and seed on the embankments.

The work, under direction of Bill Smith, SCS flood prevention agronomist, is intended to form a heavy turf and protect the embankments from erosion. After grass is established it will be developed and maintained by controlled grazing and approved management practices in order to assure a protecting cover on dams and spillways.

The six structures now receiving their finishing work are on the Voth, Fette, Otto, Walter, Parker and Weinzapfel farms.

SCS Invites Bids For Two Reservoir Jobs on Brushy Elm

Two detention reservoirs, which will complete present flood control plans on Brushy Elm, are due to be under construction within the next few months.

An announcement this week by Rush Freeman, chairman of the Upper Elm Red Soil Conservation District board of supervisors, discloses that state soil conservation headquarters has invited bids for construction of reservoirs on the Meador and Lutkenhaus farms northwest of Muenster. Bids will be accepted until 2 p.m. on December 10.

Bids are to be submitted for a single contract including both construction jobs. Major items of work specified in the invitation are: compacted earth fill of 168,900 cu. yds., excavation of 23,200 cu. yds., concrete 7.6 cu. yds., furnish and install 280 feet of perforated sheet metal pipe and 6,449 feet of wire fence.

The Meador reservoir, draining an area of 1475 acres will have a 111 acre feet storage capacity at permanent pool level and a 608 acre feet capacity at flood stage. Its area will be 24 acres at the permanent pool level and 83 acres at flood stage and it is designed to retain a

(Continued on Page 10)

WITH THE MEN IN SERVICE

Joins Air Force

Jimmy Doughty, son of Mr. and Mrs. Joe Doughty, enlisted in the Air Force for four years and left Sherman Monday for San Antonio. He joins a brother in the service. Douglas Doughty who volunteered for the regular army last July is stationed at Fort Belvoir, Va.

Overseas Leave

Capt. Jane Hoehn is here on overseas leave visiting her sister, Mrs. Ed Cler and family. She had been on duty at Fitzsimons Army Hospital in Denver, Colo. Her new assignment is in Germany.

Released From Navy

Claude Lehnertz has been released from the Navy and is back at home. He had been on duty at Kingsville Naval Auxiliary Air Station the past 18 months.

Has New Station

Eddie Grewing has been transferred from Fort Chaffee, Ark., to Fort McClellan, Ala. He'd like to hear from friends and lists his new address: Pvt. Eddie J. Grewing, US 54193063, 68th Cml. Co. (Despot); Fort McClellan, Alabama.

Back A Civilian

Raymond Hoanig is back at home as a civilian since Wednesday. He spent a week following his discharge at Fort Knox, Ky., visiting in Pennsylvania and New York.

Begin Move For Germany

Warrant Officer and Mrs. Jack Janicki and four daughters left Dothan, Ala., Wednesday this week on the first lap of their journey to Germany where he will be stationed at Würzburg for three years of army duty.

The family is visiting Mrs. Janicki's sister and her husband, the Hal Falks in Augusta, Ga., before going to New York for processing. They'll leave New York by plane on Dec. 9. The trip over by airliner will take only 18 hours. Mrs. Janicki wrote her parents, the Jake Pagels, of their plans.

Lockett Wallops Hornets 26-0 for Bi District Title

Muenster High School's hopes for a bi-district title came to a sudden stop Saturday night at Leeper Stadium in Gainesville as the Hornets went down 26-0 before a husky and slick pack of Lockett High Panthers.

The win qualifies Lockett to meet Royse City, another bi-district winner, for the Class B regional title of 1957.

In spite of the one-sided score, Muenster fans had reason to be proud of their scrapping Hornets. During the second half especially they played a fine defensive game, depriving the big Panthers of a score until the closing minute and then requiring them to use the full series of four downs for the last yard.

Lockett's advantage was apparent in the opening plays of the game. On the first series they stopped the Hornets cold then started their first scoring march from the 46. Thirteen plays made the distance, Wilkinson slipping through for the last 5.

Following the next kickoff three successive series ended in punts, by Muenster, then by Lockett, then another by Muenster... after which the Panthers were on their 40. A short gain and a 20 yard pass reached Muenster's 36. Three tries from there netted 6 and a fourth down gamble paid off in a big way as Powell broke loose for 30 and the second score.

After that the Hornets finally got going on their offensive game. Straining all the way against the rugged Panther line, they ground out 40 yards to the 25 on 13 plays but gained only 7 on the next four tries. Lockett (Continued on Page 9)

State Schoolman To Air New Ideas At Local Meeting

An explanation of new efforts at improving the educational system of Texas will be the principal feature of a meeting of the Cooke County Trustees Association Tuesday night, December 3, in the Muenster High auditorium.

The speaker will be Dr. Sam B. Culpepper, field representative of the Texas State Teachers Association. He will talk on the operations and functions of local Hale-Aikin committees, which work in harmony with the state committee.

Other events on the evening's program will be an invocation by J. R. Conway of Callisburg, a welcome by B. J. Sicking of Muenster, and presentation of the speaker by Dr. T. S. Myrick of Muenster. Brief discussions on local school policies and problems will also be presented by Charles Newton of Valley View, Ben Davis of Era, Herbert Meurer of Muenster and J. G. Biffle Jr. of Myra. Eugene Springs of Rad Ware, president of the association will preside at the meeting.

After the program the Muenster FHA Chapter, under direction of Mrs. H. H. Homsley, will serve refreshments.

Because of the importance and newness of the subject matter the Muenster board has extended invitations to trustees of Saint Jo, Forestburg, and other neighboring districts not included in the local association. It also invites the local public to attend.

Four New Members Join Muenster KCs

Four candidates from the Muenster council were among more than thirty who were admitted into the Knights of Columbus at district initiation ceremonies held in Denison last Sunday. They are John Rohmer, Emil Rohmer, Ray Wilde and Ferd Luttmir.

The initiation ceremonies and festivities started with exemplification of the first degree Thursday night of last week and ended with an all day program Sunday.

Members and candidates started the day with group attendance at mass followed by a communion breakfast. Next on schedule was exemplification of the second degree, then the third degree. Late in the afternoon members were joined by their wives for a barbecue supper and party.

City Council OKs Improvements in Water Department

Another pump house to be located at the well on North Main, and additional controls are in the plans to provide a more adequate water system for Muenster. The project was approved by the city council at its regular session.

The pump house will be a small tile building to protect the pump and controls from the weather. Next automatic controls will be added to serve as a standby if and when pumping equipment at the other pump house should fail.

Included in the plans is a system to increase pressure in the mains of North Muenster in case of a fire. Under normal conditions the pressure, which is determined by the water level in the water tower, would not reach the roof of the church or parish hall. In some areas it would not provide as strong a pressure as desired for efficient fire fighting. The new arrangement will remedy that situation, providing the north part of town with more than adequate pressure in emergencies.

Financial Report On Football Games Submitted by MHS

With the school breaking even and its fans saving on both time and travel expense, the game with Lockett at Leeper Stadium last Saturday can be counted as a financial success.

That was the opinion expressed by Superintendent Homsley as he submitted a report on game receipts and expenses.

Total receipts were \$536.35 and profit on program sales was \$21.60, a total of \$557.95. Expenses included a \$400 guarantee to Lockett and \$153.77 in other expenses leaving the school \$4.18.

Another report reveals that Muenster High's net receipts for the regular football season added to \$1,021.44. The Saint Jo game was the most profitable leaving the school a net of \$374.90 after deducting expenses from gross receipts of \$417.80. Least profitable on the other hand was the game with the Wichita Falls Rowdies, which was scheduled on short notice after a game at Marietta was cancelled because of sickness. The net on that was a loss of \$7.53 which was more than offset by Marietta's guarantee of \$75.

The report showed that total receipts for all local games were (Continued on Page 10)

Snow and Drizzle Measures .50 Inch

More moisture, this time some of it arriving as a beautiful blanket of white, added another half inch to this community's whopping rain record. The total measure up to now is 7.60 inches for the month and 50.48 for the year.

All of the half inch was recorded on the four days ending last Monday. The first, a slight drizzle and snow measured .06 on Friday morning. More snow during the day accounted for practically all of the .12 measure on Saturday and drizzles made up the .14 and .18 readings of Sunday and Monday.

SH Teams Tumble Alumni in Opener

Training, regular practice and coordinated team play were the deciding factors last Friday night as the two Sacred Heart High basketball teams beat the players of former teams. The Tigers won 34-15 and the Tigerettes won 48-37.

The Tigerettes made a slow start in the opening game and trailed 4-7 at the first quarter. They started clicking in the next period, however and took a halftime lead of 21-11. From then on they held their margin for the final count of 48-37. Top scorers for the school girls were Patsy Bayer with 16 and Loretta Mages with 12. Leading exes were Theresa Felderhoff with 13 and Frances Bayer and LaVerna Hess with 6 each.

The Tigers took an early lead and pulled away gradually for the final count of 34-15. Leading scorers for the Tigers were Sonny Walterscheid 11, Gene Hartman 7, Howard Mollenkopf and Leonard Haverkamp 6 each. Jerry Hoanig scored 8 for the Alumni.

Muenster Responds With 2800 Pounds In Clothing Drive

Contributions of clothing, shoes and bedding in the Holy Father's annual Thanksgiving drive here totaled 2800 pounds for one of the largest shipments ever gotten together here in a single drive.

It was a streamlined campaign concluded in three days, Tuesday, Wednesday and Thursday of last week.

Members of St. Anne's Society, the sponsoring group, began sorting and packing Wednesday afternoon and barely stayed ahead of donations which kept coming in all through that afternoon and the next day. As the last clothing came in it went into the final box and by six o'clock the job was finished.

Mrs. Victor Hartman, president of St. Anne's Society, expresses thanks to all who contributed with special thanks to the ladies who helped prepare the articles for shipment and to the men who corded and roped and lifted the heavy cartons. Also to business houses that furnished twine, wire and containers.

As in past years, motor freight will haul the shipment to the west coast free of charge. From there it will be re-routed by the National Catholic Welfare Council to the Vatican store-rooms and distribution to the world's needy personally supervised by His Holiness Pope Pius XII.

Clinic Sets Monday For Final Shots in Salk Polio Series

Final shots in the final series of Salk polio immunizations will be administered at the Muenster Clinic Monday, December 2, according to an announcement this week by Dr. T. S. Myrick.

Persons due to receive shots at that time are all those who received their second shots seven months ago and any others who for any reason missed their final shots at a previous date. Dr. Myrick pointed out that the series can still be completed if the last shot is over due.

When this series is complete the number of local people immune to polio will be about a thousand. The exact number will be revealed by the clinic after shots are given.

Next Monday's shots will be the last of this community's mass immunization days for polio at the rate \$1.00 per injection. Hereafter polio immunization shots will be available at anytime at the regular rate of \$2.00 each.

Sacred Heart Loses Two to Collinsville

Playing the snappy Collinsville teams Wednesday night, the Sacred Heart boys and girls gave promise of a fair season even though they were on the losing end of both events.

The Tigers had a specially hot game, keeping close to their visitors all the way and nosing ahead a few times. Their final count was 34-29. Hartman led the scoring with 14 while Sonny Walterscheid made 7 and Len Haverkamp 6.

The Tigerettes did not do as well with the Collinsville girls who romped ahead for a comfortable margin and then gave way to their reserves. After that Sacred Heart took up some of the slack for a score of 64-48. Top Tigerette scorers were Patsy Bayer with 20 and Dorothy Zimmerman with 17.

SCHEDULE OF COMING EVENTS

SATURDAY, Nov. 30, Basketball, Sacred Heart vs Alumni, 7 p.m.

MONDAY, Dec. 2, Polio Shots at Clinic.

MONDAY, Dec. 2, VFW Auxiliary meeting, VFW Hall, 8 p.m.

TUESDAY, Dec. 3, Lions meeting.

TUESDAY, Dec. 3, Basketball, Sacred Heart vs Buckner, here, 7 p.m.

WEDNESDAY, Dec. 4, Get-Together Club meeting in the home of Mrs. Arthur Endres, 2 p.m.

WEDNESDAY, Dec. 4, KC meeting.

Emma Neusch and Joe Moster Marry At Nuptial Mass

Joe Moster and Emma Neusch were married Saturday during nuptial high mass in St. Peter's church at Lindsay with Rev. Conrad Herda officiating at 4 o'clock.

The couple exchanged vows in a double ring ceremony.

Parents of the bride are Mr. and Mrs. Leo Neusch of Lindsay. The groom is the son of Mrs. Theresa Moster and the late Leo Moster of Muenster.

For her wedding Emma wore a gown of white imported Chantilly lace over satin. It was fashioned with a tight fitting basque bodice buttoned down the front and long pointed sleeves. The bouffant skirt was floor length. Her illusion veil was fingertip length attached to a headpiece of rhinestones and sequins. She carried yellow roses on top of a prayerbook, a gift from the groom. Adding a bit of sentiment she carried a blue handkerchief borrowed from her aunt, Mrs. Tony Voth, who carried it at her wedding 23 years ago.

Bertha Neusch attended her sister as maid of honor and Mrs. Herbert Schmidkofer was bride's matron. Their dresses in bronze and blue, respectively, were of brocaded taffeta with basque bodices and full pleated skirts. Their picture hats and elbow length mitts of velvet matched their dresses and they carried colonial nosebags of blue and bronze mums.

Harold Knabe was best man and Herbert Schmilkofer was

—Boyd and Breeding Photo

groomsman.

Mrs. William Schmitz, organist, and St. Cecilia's choir furnished the wedding music. After mass the bride placed a bouquet of white mums on the Blessed Virgin's altar while Mrs. Bruno Zimmerer and Mrs. Ben Hermes sang "Mother at Your Feet."

Doyle Ray Voth, Leslie Kuhn and Tommy Zimmerer were acolytes and Melvin Voth and Clarence Neusch ushered.

At a reception and buffet supper in the Lindsay parish hall there were 250 guests. Mrs. Joe Lehnertz catered the meal. A dance followed in the Muenster VFW hall.

When Mr. and Mrs. Moster left on their wedding trip she was wearing a gray two-piece suit with black accessories. They will be at home in Muenster at 113 W. Fifth Street. He works for the city. Joe was graduated from Sacred Heart High and served in the Navy. He is attending night classes at Gainesville Junior College. His bride was graduated from Lindsay High and from St. Joseph's School of Nursing in Fort Worth and is employed at Gainesville Sanitarium.

MISS 1957 CHRISTMAS SEAL—Carolyn Calvert of Austin, Miss Texas of 1957, aids her mother, Mrs. Robert W. Calvert, in preparing Christmas Seals for mailing over Texas. Mrs. Calvert is a long-time member of the board of the Texas Tuberculosis Association, and she and her daughter have spent many past pre-Christmas seasons working with Christmas Seals. Miss Calvert is the first named Miss Christmas Seal of Texas, adding another title to her previously acquired Miss Texas title.

FORGOTTEN — THE SITTING DUCK

Higher speed limits — up to 70 mph in Kansas, Missouri and New Mexico — have been enacted by various state legislatures during their 1957 sessions. Doubtless this is a result of widely improved and safer highways, since in many cases limits vary with different types of road. It may also portend a generally tougher enforcement policy across the nation.

But, whether for better or worse, one problem at least becomes more acute. This is the hazard of the "sitting duck," the car, truck or bus standing disabled on the travelled highway. A menace to traffic in broad daylight, such an obstruction becomes a death-trap after dark — unless it is clearly distinguishable from a distance as stationary. In a single year more than 1,200 lives have been snuffed out and over 150,000 injured in these sitting duck collisions.

Most discouraging is the fact that every passenger car built in recent years and most of the trucks in the nation carry the basic equipment to provide effective warning at a half-mile range, and only about a million vehicles have been adapted to give this protection. All that is needed is an auxiliary switch and wiring that will permit the four turn-signals to flash simultaneously at the flick of a finger.

This secondary use of the turn-signal system for disablement flares is recommended by the American Trucking Associations for all commercial vehicles. Specifications for this application for all vehicles have long been a part of the Uniform Traffic Code. But nowhere, in no single state do the rules-of-the-road require such protection, even though its desirability has been recognized throughout the country for years.

It would therefore appear that legislatures that have merely raised speed limits and called it a day have neglected an important part of their job. There is no reason to believe that better roads will mean fewer sitting ducks. But there is every reason to expect that higher speeds will give moving traffic still less opportunity to avoid such obstructions so long as they remain indistinguishable at a distance. More and bigger crashes from

this one cause would seem inevitable until such time as these effective disablement flares become mandatory.

That sitting ducks must mean still more blood on the pavement is technologically unnecessary, but circumstantially inevitable.

Local News BRIEFS

Mr. and Mrs. George Petrus and son are spending the holiday weekend in Ennis with her family.

Burt Hamric of Dallas is spending Thanksgiving with his family, the Ervin Hamrics.

Mr. and Mrs. M. H. King had as guests Wednesday cousins, Mr. and Mrs. Herb Temple of Barstow, Calif., who are visiting relatives in Texas. They are also visiting the Francis Felty of Burkburnett who accompanied them to Muenster to spend the day. Mrs. Temple is the former Geneva Felty. The couple will also visit her uncle R. M. Felty at Hood.

Legislature Notes Miss Schad's Death

The death of Miss Teresa Schad, who passed away on October 17 following a long illness, was officially noted by the Texas House of Representatives in a resolution of condolence on October 29.

The resolution was passed at the request of Representative Tony Koriath, who sent a copy to Mrs. Christine Schad, mother of the deceased.

Virgil Walter of Texas Tech, Lubbock, arrived Wednesday for the Thanksgiving holidays. He's visiting his parents, the Al Walters.

Blessed Events

Here's that boy! Mr. and Mrs. Bill Hunt are parents of an eight pound 10 ounce son born Nov. 20 at Gainesville Sanitarium at 10:36 p.m. He has been named Tracy Wilson. Others welcoming him are his sisters Jamette, Andra and Kelly, and his grandparents Mr. and Mrs. Charlie Wilson of Saint Jo and Mrs. Jimmy Hunt of Fort Worth, and great-grandmothers, Mrs. J. P. Wilson of Muenster and Mrs. T. P. Mitchell of Saint Jo.

Mr. and Mrs. Eddie Krahl have announced the birth of their son, William Paul, a brother for David. He arrived Saturday, Nov. 23, at St. Paul's Hospital in Dallas at 4:15 p.m. weighing six pounds four and half ounces. His grandparents are Mr. and Mrs. Ed Eberhart and Mr. and Mrs. Joe Krahl of Gainesville and his great-grandparents are Mr. and Mrs. Joe Prescher of Lindsay and Mrs. John Eberhart.

Mr. and Mrs. Ed Hess are parents of a son born Saturday, Nov. 23, at 2:15 a.m. at Muenster Clinic. The eight pound eight ounce boy has three brothers and four sisters and is the grandson of Mr. and Mrs. Tony Fuhrmann of Lindsay.

Mr. and Mrs. Ervin Richard Walterscheid of Gainesville have a second son, a brother for Joey. He was born at the sanitarium Monday, Nov. 25 at 3:08 a.m. Mrs. C. M. Walterscheid is his grandmother and Mrs. Mike Kleiss is great-grandmother again. The maternal grandparents live in Pilot Point.

It's a second son for the Ed Hackers. The nine pound three ounce boy arrived Sunday at Gainesville Sanitarium at 7:57 a.m. His grandparents are Mr. and Mrs. Andrew Hacker and Mr. and Mrs. Floyd Mitchell of Caps Corner. Gus Sicking is his great-grandfather.

46 DISCUSSION CLUBS
Forty-six discussion clubs have been organized in Sacred Heart parish for four meetings before Christmas. Title of the text book is Love in Action. Thursday is the suggested meeting night but any other time may be used if it is more suitable for members, Father Louis said. Several of the clubs started their meetings this week Tuesday.

The W. H. Endreses Complimented on 47th Anniversary

A family gathering and buffet supper complimented Mr. and Mrs. W. H. Endres in observance of their 47th wedding anniversary Sunday. Mrs. Endres' sister and brother Miss Theresa Luke and Alfons Luke, were hosts in their home. Twenty-five family members were present.

Games of progressive 42 furnished diversion for the group and prizes were awarded to Urban Endres and Mrs. Joe Luke for high scores, and to Joe Luke for low tally. Mrs. Paul Endres secured the galloping award.

Pictures were taken of the honorees and of party scenes.

Werner Endres and Lida Luke were married in Muenster on Nov. 24, 1910. It was Thanksgiving Day that year. Both are long-time residents of Muenster, coming here with their parents when they were children. The Lukes came from Missouri and the Endreses from Wisconsin.

Five of the couple's seven children live here and attended the party. They are Arthur, Gilbert, Paul and Urban Endres and Mrs. Val Fuhrmann. Two daughters live elsewhere. Mrs. Joe Gorman is in Rockford, Ill., and Mrs. Bob Kupper is in Marlin.

Others present were Messrs. and Mmes. Ben Luke, Joe Luke, R. R. Endres, and Martin Friske of Lindsay, Mrs. M. J. Endres, Henry Luke, Ann Luke and Mr. and Mrs. John Herr.

SH Seniors Select Mystery-Comedy for Annual Class Play

The 1957 class of Sacred Heart High has selected a mystery-comedy, "Creeping Shadows" for presentation Sunday night, Dec. 8 in the Muenster High auditorium. Rehearsals are being held regularly with Sister Celine directing.

Alternately spine chilling and laugh provoking, the play is a royalty production written by Germaine Haney and produced by special arrangement with Northwestern Press of Minneapolis, Minn.

It has a cast of 22 — ten girls and 12 boys — giving each senior a role.

Taking part are Howard Mollenkopf, Florentine Vogel, Lorette Mages, Patsy Bayer, Sonny Walterscheid, Eugene Hartman, Giles Trubenbach, Cecil Wolf, Herbert Hundt, Melvin Kaiser, William Flusche.

Ann Luke, Jeanette Haverkamp, Betty Ann Hoenig, Patsy Vogel, Carolyn Cunningham, Judy Trubenbach, Suzanne Hesse, Henry Starke, Leonard Bayer and Gerald Hess.

Klement-Schleicher Rites Set Dec. 28

Mr. and Mrs. John A. Klement have announced the engagement and approaching marriage of their daughter Joan to Richard E. Schleicher son of Mr. and Mrs. Peter J. Schleicher of Dallas.

The couple's wedding will be solemnized on December 28 at 5 p.m. in Sacred Heart church here.

Joanie was graduated from Muenster High and from North Texas State College in Denton and is now assistant home demonstration agent in Hunt county. She lives in Greenville. Her fiancé is a former student of Texas University, has served in the armed forces and is now attending North Texas State College in Denton.

Local News BRIEFS

Ginger Wolf of St. Joseph's Nursing School in Fort Worth spent the weekend with her family, the Bernard Wolfs.

Mr. and Mrs. Mark Kuta and daughter of Crockett spent Sunday as guests of her sister and family, the Arthur Felderhoffs. Other dinner guests were Mrs. George Spaeth of Lindsay, Frances Spaeth of Denison and Mr. and Mrs. Andy Schoech and children. Other family members gathered in the Felderhoff home in the afternoon for visiting.

Mr. and Mrs. Billy Joe Miller have returned from a business trip to LeRoy, Kansas, and a stop-over in Okmulgee, Okla., for a visit with her uncle and aunt, Mr. and Mrs. John Fisch.

Little Peggy and Debra Phillip visited here the past week with their grandparents, Mr. and Mrs. John Streng, while their parents Mr. and Mrs. Tommy Phillip moved to a different location in Gainesville.

Weekend guest of the Emmet Fette family was Naval Airman Bob Johnson of Norman, Okla. His home is in Douglas, Ariz., where the Fettes formerly lived.

The Albert Herra and Bruno Fleitmans are enjoying venison these days. Bruno and Albert each got a deer on a hunting trip the past week near Van Horn in the Big Bend area. With them on the trip, but not so fortunate in hunting, were Norbert and Gussie Felderhoff and Henry Voth Jr. of Lindsay. The men returned Friday night after being away five days.

Ed Klement has a new brown and beige Ford, a Fairlane 560 4-door.

Rev. Andrew Wewer, a former assistant pastor here, has been transferred from Pine Bluff, Ark., to Lanier High school in Fort Worth to replace Rev. Bede Mitchell who is in St. Joseph's Hospital with a heart condition.

LaVerna Hess and Caroline Hesse of Fort Worth were weekend visitors with family members here.

Guests for the weekend in the home of Mr. and Mrs. Ray Wilde were her father John Schmitz and her sister Mrs. Grant Cox of Dallas. Additional visitors Sunday were Leroy Schmitz and Leonard Schmitz and family of Dallas. The group also visited the Johnny Schmitz family to get acquainted with infant MaQuita Schmitz. She was baptized Sunday in St. Mary's church at Gainesville with Lorette Mages and Leroy Schmitz as sponsors for their niece. Father Gerlich officiated.

Mr. and Mrs. Don Muller and Lillian and Mary Lou Vogel of Fort Worth spent Saturday overnight and Sunday with their families, the Matt Mullers and the Joe Vogels.

Mr. and Mrs. Louis Wiesman and children returned to Farmington, N. M., Tuesday after a visit with their families, the Tony Wiesmans and Mrs. Ed Moster and other relatives in Cooke county.

Charles A. Reiter of Kerrville, formerly of Muenster, stopped here for a brief visit last Wednesday after attending the Rotary Club meeting in Gainesville. He was transacting business in Oklahoma.

THANKSGIVING 1623-1957

By Willis E. Stone

THANKSGIVING DAY is unique and strictly American. No holiday quite like it is to be found in any other part of the world.

It is a religious holiday, yet it is not of any church, creed, sect or denomination. It is a day when, by mutual desire, a whole people lift their hearts in thanksgiving to their God for all the blessings of freedom.

It is a national holiday, yet it commemorates no battle, celebrates no victory, nor does it honor any national hero.

The first Thanksgiving Day of record was proclaimed by Governor Bradford in November, 1621, to commemorate the first anniversary of the arrival of the Pilgrims in the new world. The communal system under which they lived had provided barely

enough for survival, yet they set aside a day of Thanksgiving.

It was the third Thanksgiving Day — proclaimed in November of 1623 — that the true spirit and meaning of Thanksgiving as we know it, was born.

The communal society, where all things, including both land and produce, were owned by the community, had been eliminated. In this year of 1623 the barren wilderness began to bloom with the incentives of private property and private enterprise. Each family held its OWN land, to develop as the family might decide.

So spectacularly successful had been this revolutionary transition from the old world tyranny of "common ownership" to the principle of "private enterprise" that Captain John Smith wrote of the miracle in these words

"When our people were fed out of the common store and laboured jointly together, glad was he who could slip from his labour, or slumber over his task. The most honest among them would hardly take so much true pain in a week as now for themselves they will do in a day. Neither cared they for the increase, presuming that howsoever the harvest prospered, the general store must maintain them, so that we reaped not so much. Come from the labours of thirty as now three or four do provide for themselves."

This spectacular contrast between the communal and the individual systems is an enduring yardstick. It applies to this very day. There can be no other explanation of the fact that the American people — 7 percent of the world's population occupying 7 percent of the world's land area — enjoy more than 50 percent of the consumable goods of the world. Private enterprise DOES out-produce every other economic system ever devised — and it is this fact and the revelation which it made possible to us, that we celebrate this day of Thanksgiving to God.

Remembrance, however, is not enough. What are we doing with our heritage? Are we preserving our institutions of liberty? Do

Here We Go (Up) Again!

we protect our traditional private enterprise system from alien encroachment?

Unfortunately, the false doctrines of "common ownership" have made enormous inroads upon our way of life, and the federal agencies have taken from the private domain more than 40 percent of the land area and 20 percent of the industrial capacity of the nation. More than one-half the total receipts of the federal government are now used directly or indirectly to pay the losses and hidden costs of these communal empires.

As we celebrate this Thanksgiving Day, let us give a thought to the limitless abundance which can be ours if we but keep faith with the Founding Fathers and constitutionally restore the private enterprise system.

In 1623 it was the cause of joyous Thanksgiving that the communal system had been destroyed in Town Meeting and the private enterprise system substituted.

In 1957 we have cause for Thanksgiving for we, in our time, have the power to reject the communal doctrines and provide constitutional protection to the principles of private enterprise. We can do this by getting action on the "Proposed 23rd Amendment" pending in Congress as H. J. Res. 355. It provides that:

"Sec. 1. The Government of the United States shall not engage in any business, professional, commercial, financial or industrial enterprise except as specified in the Constitution."

"Sec. 4. Congress shall not levy taxes on personal incomes, inheritances and-or gifts."

A minute for safety beats a month for repairs.

The American Way

SALT ON THE WOUND

The October, 1957, issue of Fortune Magazine carried an advertisement of the Tennessee Industrial & Agricultural Development Commission. The ad bore the caption "Build Your Plant in Tennessee." It boasted that electric power is, "Low as 6.03 mills per KWH."

In its attempt to woo industries from other sections of the nation, the ad partially explains that, "The vast TVA system of dams and STEAM PLANTS (the caps are mine), the largest integrated power system in the United States, supplies electricity at rates generally 30 percent to 45 percent below the national average."

What the ad fails to explain is why lower rates are available in the TVA area. Let me make up for that important omission here: The reasons are that taxpayers the nation over, have been mulcted of upwards of \$2 billion to build and maintain TVA; and that "this largest integrated power system" pays little or no taxes to the several taxing bodies.

And so taxpayers outside the area served by the TVA are helping to pay for the exodus of industry to the TVA area. First they are forced to help subsidize TVA, and then by virtue of that subsidy they are being robbed of payrolls of companies that pick up their marbles and trek to the Tennessee Valley.

If that isn't rubbing salt on the wound, I ask you what is it?

World population is now increasing at the rate of 47 million a year, and the rate may soon reach 75 million.

THREE THANKSGIVING QUESTIONS

By Richard J. Cushing, Archbishop of Boston

WE KNOW that the occasion of the first Thanksgiving Day was a bountiful harvest. But it would be a great injustice to the memory of the Pilgrim Fathers to infer that they were grateful only for material blessings.

The Pilgrims were a God-fearing people. Their religion was a part of their life. They never lost sight of the relation of this world to the world to come. They always regarded whatever success they were able to achieve as coming ultimately from the Giver of all good gifts.

As we continue to observe Thanksgiving Day in accordance with a custom which so obviously grew up in a religious environment, there are three important questions which we should ask ourselves.

FIRST OF ALL, are we really thankful? Does Thanksgiving Day mean just another holiday? Does it serve its purpose of reminding us that we should count our blessings, even as we experience life's inevitable reverses and disappointments?

We cannot honestly enjoy the leisure of this particular holiday if we do not respond to its spiritual appeal. We cannot partake of the blessings which this day provides

for us if we are content to indulge our bodily appetites, while our souls starve for the bread of life.

SECONDLY, is our thankfulness an exercise of virtue, or is it merely an expression of personal satisfaction? A selfish person is benignly complacent when everything comes his way. He may be cheerful towards others; he may even on a day like Thanksgiving, share his earthly blessings with those less fortunate than himself. But no amount of cheerfulness or good will can convert selfishness into gratitude.

We are grateful only if we look beyond our blessings to their source, and think of them subsequently as reasons why we should spend ourselves in the service of others.

THIRDLY, does our thankfulness lead us to God, or does it consist merely in recognition and reciprocation of favors in the field of our human activity?

How empty and meaningless is gratitude which is based entirely on the fleeting blessings of the present life! Thankfulness can keep its virtuous sweetness only when it rises from man to God. Whatever we do for one another, we must be conscious of doing through Him. Whatever we receive from one another, we must recognize as coming ultimately from Him.

THANKS BE TO GOD! Let this be our prayer on Thanksgiving Day.

† Paulist Feature Service, Washington 17, D. C.

Neil MacNeil, writing in National Review, says that "We have in the U. S. 116,743 units of government, almost all of which levy taxes of one sort or another." He goes on to say that there are "116 taxes on a suit of clothes, 151 taxes on a loaf of bread, and around 100 on an egg. The tax-gatherer takes so much, now, that he can't leave anything untouched."

No man really becomes a fool until he stops asking questions. —Charles P. Steinmetz

The President's Thanksgiving Prayer
 "Humbly aware that we are a people greatly blessed, both materially and spiritually, let us pray this year not only in the spirit of Thanksgiving but also as supplicants for God's guidance, to the end that we may follow the course of righteousness and be worthy of His favor." —Dwight D. Eisenhower.

Our cars and roads have been improved. Now let's improve our driving.—DRIVE SAFELY.

Marysville News

By Mrs. B. G. Lyons

MARYSVILLE — Walter Davidson of Cleburne spent one day of the past week with his brother, Foster Davidson.

Little Mark Barnes of Gainesville spent the weekend with his uncle and aunt, the John Richeys, while his parents week-ended in Dallas.

Mr. and Mrs. George Brent and son Dale of Graham, Okla., were Sunday guests of Mr. and Mrs. Lawton Moon.

Allen Davidson of Fort Worth is spending this week with his sister, Mrs. Jap Shaw. Other guests on Monday were their sisters, Mrs. Emma Breckenridge and Mrs. Myrtle Blount of Gainesville.

Mr. and Mrs. Joe Wyatt of Callisburg were here Sunday to spend the day with his sister and husband, the John Richeys. Bill Moon received word Monday of the death, earlier in the day, of his aunt, Mrs. Ivy Moon, in Tucumcari, N.M. She died following a stroke. Her husband died several years ago. They formerly lived at Marysville. Funeral services were held Wednesday in Tucumcari. Two children survive.

Weekend snow and rain in this community brought three tenths of an inch of moisture.

Among those attending the funeral of Jap Shaw at Gainesville were Messrs. and Mmes. Bill and Lawton Moon, John Richey, Jim Shifflet, Earl Robinson, Rafe McElreath and B. G. Lyons, Mrs. W. B. Whitt and Oliver Walker.

SILVER DIGGER—Shoveling her way into the big money in New York is Mrs. Maxine Bradstreet, a 32-year-old housewife from Santa Rosa, Calif. Mrs. Bradstreet was allowed to keep all the silver dollars she could shovel in two minutes as second prize winner in a national contest. Her take? A cool, but heavy, \$7,700.

Hunting Accident Claims Husband of Former Local Girl

Funeral services were held in San Antonio Tuesday afternoon with military rites for W. A. (Billy) Showers, husband of the former Viola Bergman of Muenster.

Showers was accidentally shot in a hunting mishap last Friday and died the next day. He was generally known locally through visits with his wife's parents, the Joe Bergmans.

His wife and one daughter Jane Gayle survive. Members of the Schmitz families here are uncles, aunts and cousins.

Mrs. Charles Fisher joined her brother Alfons Schmitz and their mother Mrs. Mary Schmitz of Valley View in attendance at the funeral.

Mrs. Fette Hosts Progressive Club

Members of the Progressive Club were entertained in the home of Mrs. R. N. Fette for their November social. After the 42 series the hostess served a dessert plate and coffee to 12 guests.

Winners in the games were Mrs. Joe Horn for high score, Mrs. Alvin Fuhrman for second high and Mrs. Joe Voth for low tally. Mrs. Dan Luke secured the galloping award.

Members discussed their Christmas social and decided on a covered dish supper in the home of Mrs. Emmet Fette. Husbands will be guests for the party. Mrs. Herbert Fette will be hostess for the January meeting.

Rainbow trout, the most migratory of all trout, is a native of the West Coast.

HOME SCHOOL SOCIETY BUYS LIBRARY BOOKS

Sacred Heart Home-School Society has added new books to the parochial school library with available funds in the treasury and Mrs. Dick Trachta, treasurer, reporting at the organization's meeting Monday night said the more than a hundred books amounted to \$230. They include volumes of reference books.

Other reports were heard and members discussed ways and means to raise money to replenish the almost depleted treasury. A committee is in charge of the funds raising project.

There will be no meeting in December on account of the holidays and the next regular meeting will be in January. Forty members were present and Father Christopher gave a short talk.

ENLIST REGULAR ARMY STAY HOME FOR CHRISTMAS

All men enlisting or re-enlisting in the army between Dec. 16 and 23 can remain at home over the Christmas and New Year holidays, if they desire, with full pay allowance.

Sgt. First Class Herbert Thornhill of the Recruiting Service, made this announcement Tuesday on his regular visit to Muenster.

CARD OF THANKS

Thanks, more than I can say, for the get-well cards and many kindnesses while I was a patient at Veterans Hospital in McKinney. Mrs. Gobble and Larry join me in this expression of appreciation.

C. F. Gobble

"He's not as big a fool as he used to be."
"Getting wiser?"
"No, thinner."

Attend Funeral of Kin in California

Mr. and Mrs. Alfons Felderhoff from here and her sister, Mrs. Oscar Detten of Amarillo, flew to Los Angeles, Calif., to attend funeral services for their aunt, Mrs. Mary Jensen, 83, there Monday.

Mrs. Jensen was the sister of Mrs. Joe Lutkenhaus and the late Mrs. Joseph Dangelmayr. A brother, Wencil Muck, lives in Gainesville.

Mrs. Jensen was born in Germany and came to the United States when she was still in her teens. She lived here with her sister, Mrs. Dangelmayr, until she went to work in Dallas. Later she went to California to work and married Will Jensen there. They visited here several times and Muenster relatives visited them. Mr. Jensen died about seven months ago. The couple had no children.

Spouses are Guests At Club's Dinner

Members of the Dizzy Dozen Club invited their husbands to join them for the November social which was a dinner party in the Ace Cafe. Mrs. David Trachta and Mrs. Hank Walterscheid were co-hostesses for the evening party.

Birthday honorees for November are Mrs. J. C. Trachta and Mrs. F. A. Kathman, Jr. They received gifts from the club.

After a fried chicken meal the group enjoyed table games. Twenty-six members and guests were present. The guests were Messrs. and Mmes. Earle Otto, Richard Grewing and Norbert Walterscheid.

Cultivate a respect for safety rather than a fear of accidents.

Local News BRIEFS

Mr. and Mrs. Elbert Vance of Hereford are Thanksgiving holiday guests of her sister and family, the John Herrs. They had been visiting his folks in Culman, Ala., and stopped here enroute back home.

Saturday overnight and Sunday guests of Mr. and Mrs. Clarence Hudspeth were her sister and brother-in-law, Mr. and Mrs. Robert Fears and son Bobby of Fort Worth. They all attended the Muenster-Lockett football game Saturday night.

Early arrivals for Thanksgiving holidays include the three students at St. John's Seminary in San Antonio. William Fisher, Roger Taylor and Lloyd Klement are here since Tuesday night. With them was Clifford Derzapf of Bellevue. His parents met him here and while waiting visited the Ted Gremmings.

Joan Zipper of Dallas is spending the Thanksgiving holidays with her parents, Mr. and Mrs. R. M. Zipper.

Weekending here were Mr. and Mrs. Wallace Lee Toothaker and sons David and Glenn of Fort Worth. They were guests of his parents, Mr. and Mrs. Lee Toothaker.

Mr. and Mrs. Joe Luke have finished up the last week of their vacation. They spent it on a trip to Robstown where they visited her two aunts and cousins, stopped in San Antonio to see their niece and family, the Charles Dennys, and in Marlin to visit another niece Mrs. Bob Kupper and her family. A number of dinner parties and other social events honored them during the week.

Mrs. Eddie Krahl and infant son were dismissed from St. Paul's Hospital in Dallas Tuesday and are "doing fine" at home.

Mr. and Mrs. Johnny Hacker and two sons who have been living in Chicago are back in Muenster. They are visiting his parents, the Andrew Hackers, this week.

Make A Festive Holiday Candle

A pilsener-type beer glass provides the mold for this gay little Christmas candle that you'll find is fun and easy to make. You'll probably want to have several around the house during the festive season, as well as some to give away as gifts.

Besides the glass, you'll need 3 bars of wax, a little star-shaped candle holder or ash tray found in any five and ten-cent store, a candle wick, several pipe cleaners and an assortment of colored dragees that are used for decorating cakes, cookies, etc.

Grease the inside of the glass thoroughly with a vegetable shortening and chill. The chilling makes the wax candle easy to remove from the mold.

Melt the 3 bars of Gulfwax in a double boiler (NEVER over direct heat). Let it cool slightly, then pour into the pilsener glass. Before the wax is completely hard, remove from mold and press dragees in with the hand. Scatter colors at random or you may follow a special color scheme.

While the candle is cooling, take the glass star-shaped candle holder or ash tray and pour a little of the melted wax into it. Place the pipe cleaners crossed in the center to form a star. The

melted wax will adhere them to the container. When the candle is cool, place it on top of the pipe cleaners. No glue will be needed since the wax on the pipe cleaners will make the candle stay in place.

Attach metallic stars in your favorite colors to the pipe cleaners in an irregular fashion. A plastic lace doily may be placed underneath the container.

Last of all, heat an ice pick or a steel knitting needle and form a hole in the center of the candle. Place a wick all the way down and pour melted wax in to fill the hole. You may use a wick from an inexpensive candle.

Should you want to make the cone candle in color, just dissolve ordinary wax crayons in the melted wax—dissolve them whole, break them into segments or shave them into the melted Gulfwax. You can control the range of color, from pastel to deep shades, by the number of crayons you use.

Tuesday night to spend the holidays with the former's parents, Mr. and Mrs. Dick Cain, and to attend Deanna Richey's wedding to Tony Huff on Thanksgiving Day.

Mr. and Mrs. J. A. Sanders are spending the Thanksgiving weekend in Fort Worth with their children. Earlier in the week the couple spent several days in Shawnee, Okla.

CARD OF THANKS

With sincere thanks we acknowledge every kindness while we were both sick. The get-well cards, prayers, visits and many thoughtful deeds are much appreciated. Special thanks to Father Louis and Father Lane for their visits and to Tillie Barrier for her help.

Mr. and Mrs. Herbert McDaniel

CARD OF THANKS

Many thanks to all who sent a get-well card, or visited, or said a prayer for my recovery. Special thanks to the Rev. Fathers for their hospital visits. My family and I are grateful for every kindness.

Al Walterscheid

Gus Sicking is moving this weekend to occupy the former Frank Stoffels home on South Main Street. His granddaughter Anna Margaret Hacker will keep house for him. During the past year Mr. Sicking had been visiting with his children here and in Fort Worth.

Mary Janet is the name the infant daughter of Mr. and Mrs. Joe Tempel received at her christening. Father Louis officiated and Mr. and Mrs. Ray Tempel were sponsors by proxy for Mr. and Mrs. Bill Weldon of Houston, formerly of Gainesville. Mary Janet wore the traditional baptismal outfit that her daddy and members of his family wore and which was also the christening wear of the baby's four sisters.

Mrs. Wendell Richey of San Angelo, accompanied by Jeanette Vitera, also of that city, arrived

MILEAGE COMPUTER

A three-color plastic dial-type calculator tells you how many miles a gallon of gas in your car is giving you. It tells you this simply and conveniently every time you fill the gas tank. When you fill up, you note your mileage and set the dial before placing the calculator in the glove compartment. The next time you fill the tank, you set the new mileage reading and note the number of gallons it took to fill the tank. The dial reading opposite the number of gallons gives the number of miles driven per gallon of gas. It is simple and convenient and reads to the nearest gallon.

Peace of mind is better than a bank account — but one helps the other.

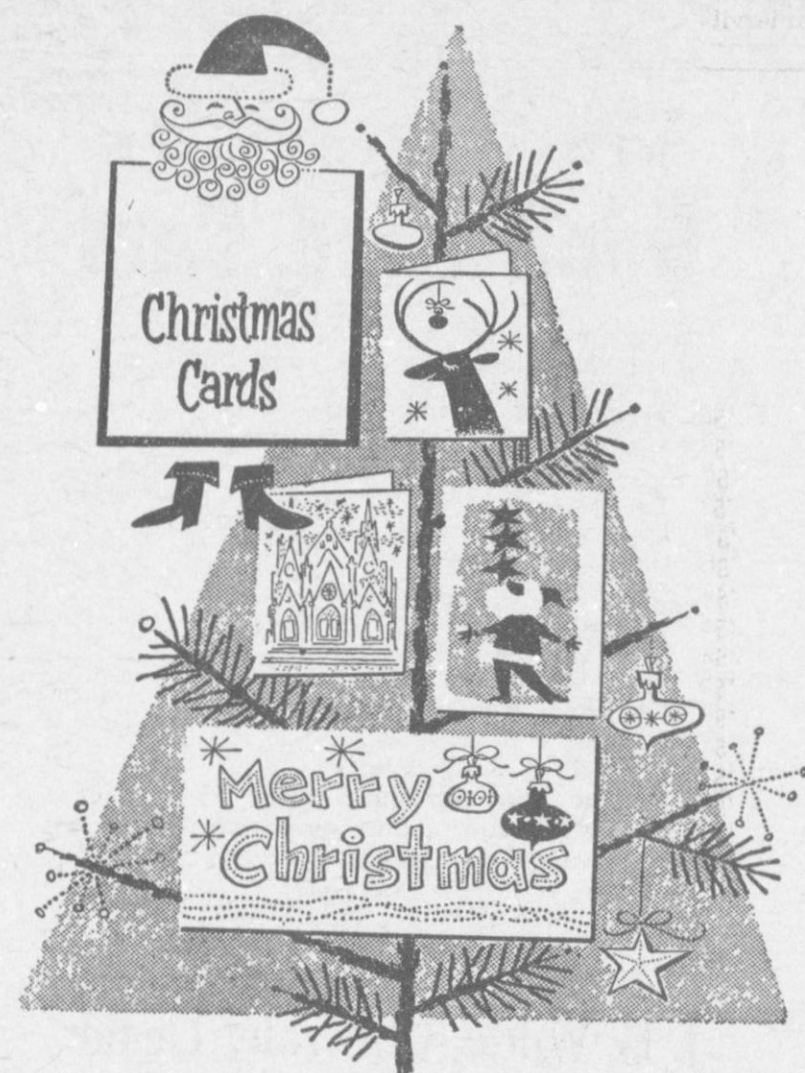

The Cost of Traffic Accidents

The playing area of a football field measures 300 feet by 160 feet.

United States currency measures about 2 1/2 inches by 6 1/2 inches.

If a football field was completely covered with one hundred dollar bills, then a layer of twenty dollar bills, then a layer of five dollar bills and then a layer of one dollar bills — now on top of these 5 layers of paper money, dump 5,750 tons of silver dollars and the money on that football field would represent the economic loss we estimate for Texas this year of 1957.

When it comes to picking up a check some fellows have an impediment in their reach.

Religious, formal or frivolous . . . whatever type of card you want, we have it. Now's a good time to select yours from our big assortment of new creations by American Greeting Card Co.

William Flusche is 4-H Council Head

At a regular meeting of the Cooke County 4-H Council for November William Flusche, Sacred Heart 4-H clubber, was installed as president.

In other action at the meeting members planned the county-wide 4-H Christmas party, set for Dec. 16, and Miss Yvonne Allen explained the duties of each committee member. An officers training session was also held.

Anthony Dresser, retiring president, conducted the meeting.

Attending from Muenster clubs were William Flusche, Robert Walterscheid, Tommy Bayer, Regi Bayer, Joan and Doris Fisher, Patsy Endres, Dolores Monday, Virginia Taylor and Linda Fette, and Mrs. Paul Fisher and Mrs. Charles Taylor, adult leaders.

Butch Hudspeth is FHA Beau for 1957

Butch Hudspeth has been named FHA Sweetheart for 1957. Members of the Future Homemakers of America of Muenster High elected him at their November meeting.

The program for the meeting featured Dr. T. S. Myrick as speaker. He talked on Health and then answered questions.

After adjournment, hostesses for the evening served coffee and cake to members and guests.

Father Vianney of Subiaco Abbey Dies

Father John Baptist Vianney, O.S.B., stationed at New Subiaco Abbey in Arkansas — the monastery which furnishes priests for Muenster, Lindsay and other Texas parishes — died suddenly Sunday morning while preparing to officiate at services in St. Mary's church at Barling, Ark. When he was stricken, parishioners rushed him to a hospital in nearby Fort Smith where he was pronounced dead on arrival.

Father Vianney had spent 20 years as a priest for the diocese of Corpus Christi before he joined the Benedictine monastery at Subiaco. He made his profession as a monk on Sept. 14, 1952.

He taught in the seminary and the academy in Subiaco during the week and was in charge of missions in Ratcliff, Booneville and the State Sanitarium in Arkansas. He was 53 years old. Burial was Wednesday morning in the monastic cemetery at Subiaco.

Mr. and Mrs. J. W. Fletcher returned during the past weekend from a week's visit with their daughters. In Lubbock they were guests of Mr. and Mrs. William Terrell and children and in Farmington, N. M., they were guests of Mr. and Mrs. Jack Reed and family.

Science Department Gets Additions

Science department at Sacred Heart High has been favored with three additions which give the lab a new look.

Installed the past week were a 15-gallon aquarium complete with oxygenation unit and light attachment, and stocked with tropical fish. This is a gift from the Andy Hofbauers.

A demonstration table for the chemistry class is a gift from this year's freshmen.

Herbert Walterscheid presented a miniature oil rig he built according to scale. It operates on a small electric motor.

Students and Sister Theresina and Sister Barbara, instructors, are delighted with and grateful for these contributions.

Franciscans Admit Ten New Members

Ten new members joined the parish Third Order of Saint Francis is an investiture service held in Sacred Heart church with Father Louis officiating.

The new members are Mrs. Alois Trubenbach, Judy Trubenbach and Messrs. and Mmes. Joe Hess, Al Hess, Eddie Schmitt and Clyde Fisher.

Ted Henscheid and Jerry Wimmer are in Farmington, N. M., now working on an oil rig. They formerly were employed in Dallas.

CYC Adds Members Maps Program Plans

Members of the Catholic Youth Council of Sacred Heart parish added three new members at the November meeting. They are Richard Zimmerer, Teddy Miller and Pauline Haverkamp and bring membership in the organization to 54.

During the session the group planned a cake walk for their next meeting on Dec. 18, and arranged for a Yule gathering. It will be a hay ride and Christmas caroling party on Dec. 23.

Patsy Bayer, president, conducted the meeting in the presence of Father Christopher, spiritual director, and Mrs. Paul Fisher and Mrs. Charley Hellman, adult leaders.

Mrs. Bruns Hostess To Neighbors Club

Mrs. L. B. Bruns entertained the Friendly Neighbors Club in her home for the November social. All 12 members were present.

After a progressive 42 series the hostess served pecan pie a la mode and coffee.

Award winners in the games were Mrs. David Trachta for high score, Mrs. Richard Grewing for second high and Mrs. M. D. Kaderli for low tally. Mrs. Dick Trachta secured the galloping award.

Members planned their Christmas party for Dec. 14 and will invite their husbands as guests. This event will replace the regular December meeting and Mrs. Richard Grewing will be hostess for the social in January.

Pre-Nuptial Fetes For Deanna Richey

Deanna Richey, bride-elect of Tony Huff of Vernon, whose wedding is an event of Thanksgiving Day at 7:30 p.m. in the home of her parents, Mr. and Mrs. H. H. Richey of Gainesville, was complimented with two pre-nuptial parties.

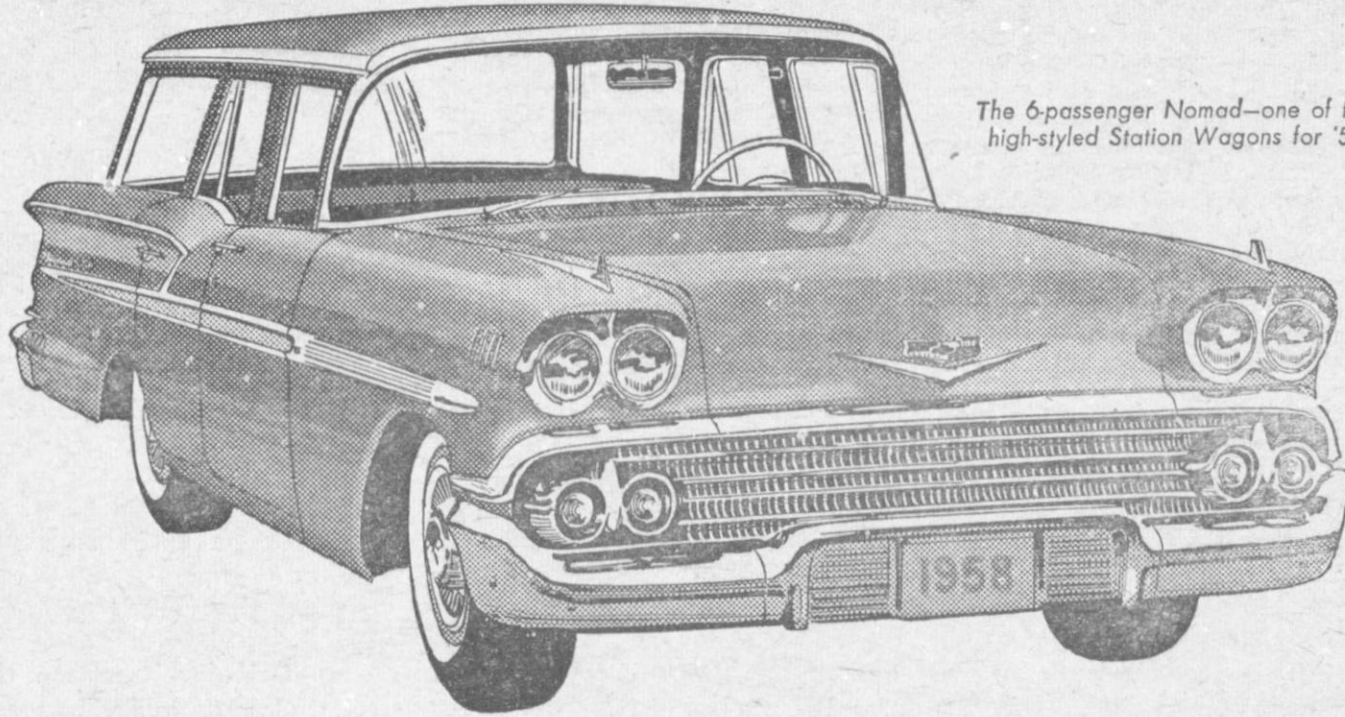

Mrs. Dick Cain was hostess in the cafe at the livestock auction. Fifteen classmates of the honoree when she attended Muenster High were guests. A tiered cake was served with punch.

Mrs. R. A. Sparkman and Mrs. Sheldon Doughty were co-hostesses in the HD Club building at Gainesville and 35 guests were members of the Prairie Grove home demonstration club to which Deanna's mother belongs.

Judy Cain helped serve punch and cake from a table decorated in blue and white. Others presiding at the board were Judy Sparkman and Margie Faye Henley, cousins of the honoree. Mrs. Robin Jones, another cousin, registered the guests.

Among out of town guests were Mrs. Matt Huff of Vernon, mother of the groom, and Mrs. Dick Cain and Mrs. C. J. Newman of Muenster.

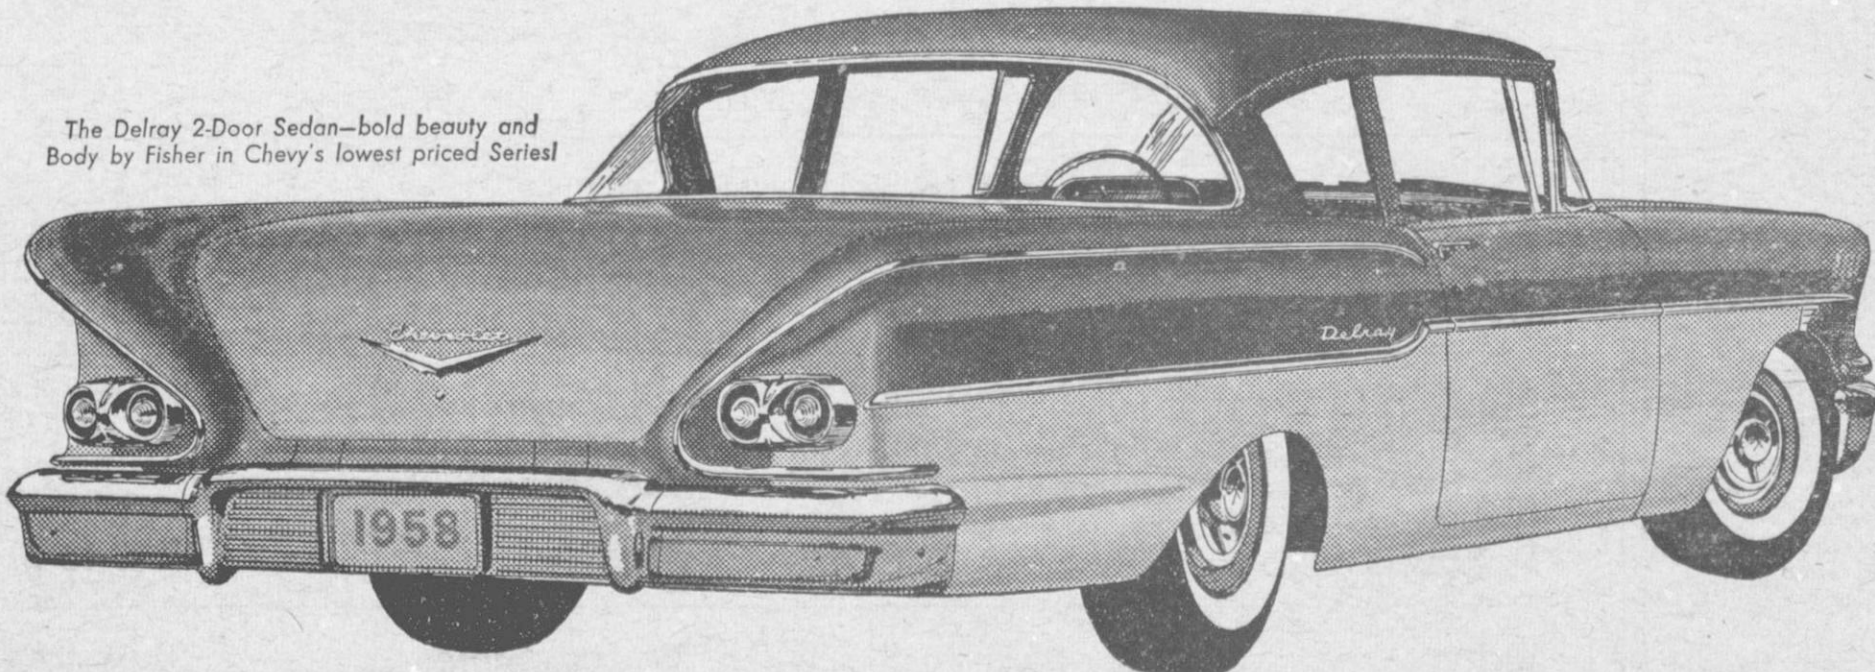

You're never safe enough to afford one careless moment.

THE BEAUTIFUL WAY TO BE THRIFTY... '58 CHEVROLET!

The Delray 2-Door Sedan—bold beauty and Body by Fisher in Chevy's lowest priced Series!

'58!

CHEVROLET

Economy never looked like this or performed like this before. But now look what the '58 Chevrolet offers you—even in the lowest priced Delray Series you see illustrated here.

Look what the beautiful new Delray models do for your dollars! They're the lowest priced of all the low-priced Chevrolets. But they're long, low and loaded just the same. A full nine inches longer, dramatically lower, and

loaded with new things that make driving happier and riding smoother.

Just try one! Power ranges from the budget-minded 145-h.p. Blue-Flame 6 to Chevy's radical 280-h.p. Super Turbo-Thrust V8.* Delrays, like other models, have a new Full Coil suspension—a softer, road-leveling ride. You can have a real air ride* to make the going even smoother—and Overdrive* to make it even thrifter. See all that's new at your Chevrolet dealer's. *Optional at extra cost

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

From a cotton export port comes the first Texas entry in the 1958 Maid of Cotton contest. She is Rikki Clark, 19-year-old daughter of Mr. and Mrs. Ben Clark of Galveston.

The hazel-eyed, black-haired beauty is a sophomore at the University of Houston, where she is majoring in clothing and textiles. She is a member of Delta Phi Epsilon Sorority and was chosen third in a campus contest to find the "Best Dressed Coed." A graduate of Ball High School in Galveston, she also has attended the University of Texas and the University of Miami.

Rikki, who stands five feet, six inches tall, has modeled in charity and civic fashion shows at Galveston. She has been Shrimp Bowl Queen and a finalist in the Blue Bonnet Bell contest and in the Miss Splash Day contest.

Deadline for entries in the 1958 Maid of Cotton contest is December 1. To be eligible, a girl must have been born in a cotton-producing state, must be between 19 and 25, must be at least five feet, five inches tall, and must never have been married.

The girl chosen Maid of Cotton will travel 50,000 miles on an international tour and will be presented an all-cotton wardrobe created by leading American designers and a new Ford car.

**IT HAPPENED
20 YEARS AGO**

Nov. 26, 1937

Henry Roberg, 25, dies from injuries received in car accident. REA officials okay contract to build Thackerville line. Funeral services are held at Myra for John Tucker, 80. Albert Yosten and Dorothy Tischler marry at Celina in first Catholic wedding held in that city. The Joe Fettes and infant daughter Patsy have returned from a visit in Sidney, Neb. Mary Devers and Leo Zimmerman marry in Amarillo. William Bezner and Margaret Mary Muer marry in Detroit. F. J. Schenk bags seven point deer in Mason county. Myra community holds annual Thanksgiving dinner.

15 YEARS AGO
Nov. 27, 1942

Coffee sales are suspended prior to rationing. Infant daughter of the Christopher Fettes is buried here Tuesday. Funeral services for the infant daughter of the Leonard Endreses is held here Wednesday. Twenty join Knights of Columbus council here Sunday. County war bond sales pass million dollar mark in October. Beatrice Reiter and PFC Adolph Knabe marry here and leave for Camp Edwards, Mass. Mr. and Mrs. Al Hess announce arrival of Carol Ann. Rose Hennigan joins clerking staff at Fisher's Market. More than a dozen discussion clubs are meeting for regular sessions. Mr. and Mrs. Fred Kuhn observe their golden wedding anniversary at Lindsay. James Bezner, Ralph Bezner and Dolores Flusche receive injuries in car crash. PFC Harry Fisher writes from New Guinea.

10 YEARS AGO
Nov. 28, 1947

Mrs. Gus Sicking, 59, dies after a year of illness. Mrs. Leo Zwinggi, 54, life-long resident of Lindsay, dies suddenly. Mrs. Joe Luke has major surgery in Sherman. Louise Felderhoff and Edward Knauf marry Tuesday. The Joe Sicking announce the arrival of Dolores. Mr. and Mrs. Henry Schumacher observe their silver wedding anniversary. Mildred Wiesman and Henry Yosten marry Saturday. Mrs. Herman Dangelmayr is reported improving at St. Paul's Hospital in Dallas where she is a patient.

5 YEARS AGO
Nov. 28, 1952

Mrs. Frank J. Hess, 67, dies instantly when hit by automobile on Main Street near her home. Sister Anastasia, teacher here 40 years, dies Nov. 25. Donald Bayer of Sacred Heart 4-H Club and Robert Fuhrmann of Lindsay 4-H Club leave for National Congress in Chicago. Six months' drought

finally broken by 3.38 inch soaker. Tie with Buckner gives S. H. Tigers second place in League. After more than 14 years, the Forestburger, published at Forestburg weekly, quits publication. Florence Fette, polio victim, is getting around now with the help of crutches. Betty Ann Bengfort and Charles Stoffels marry at Lindsay. Ed Blumberg, 70, of Pilot Point dies. Mrs. Walter Huchton has major surgery. The Diamond Fuhrmanns announce arrival of a son.

**TP&L Announces
Top Appointment
For Nuclear Work**

Dr. Donald W. Kerst, one of America's leading nuclear physicists, has been appointed project leader of the thermonuclear or fission research program of the Texas Atomic Energy Research Foundation, an organization with which Texas Power & Light Company is associated along with ten other Texas utility companies and the General Atomic Division of General Dynamics Corporation. Dr. Kerst will head up a team which includes some of the top scientists in the nuclear field.

This announcement was made by W. W. Lynch, president of Texas Power & Light Company, and one of the directors of the Texas Atomic Energy Research Foundation, following a meeting of the Foundation officers and directors in Dallas.

Highlight of the Dallas meeting was the first six months' progress report on the contract between the Foundation and General Dynamics Corporation. Under the terms of the contract, a four-year \$10,000,000 intensive research program is being carried on in the field of controlled thermonuclear reactions at General Atomic's John Jay Hopkins Laboratory in San Diego, California.

The four-year research program has started and bids have been requested and construction will start soon on the permanent buildings which will house this research activity, Mr. Lynch said.

The next meeting of the Foundation will be held in February at the laboratory site in San Diego, California.

**Only 10 Per Cent
Of Texas Cars Have
'58 Safety Sticker**

With only one-tenth of the motor vehicles in Texas inspected for the year 1958, automobile and truck owners were urged today to obtain their new inspection stickers before the holiday season.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, called upon motorists to obtain their 1958 inspection stickers as soon as possible in order to alleviate the last minute rush on the 4,200 in-

spection stations in Texas.

Garrison said only about 450,000 of the four million registered vehicles in the state have been inspected and approved.

"While this number exceeds that for the same period last year," he said, "the present rate of inspection will not prevent inspection stations from being rushed again during the last few weeks of the inspection period ending April 15, 1958. Vehicle owners who complete their inspections before the holiday period will avoid the inconvenience of waiting at the inspection stations."

The state police director also said that early inspections will be of benefit to motorists who plan trips during the Thanksgiving to New Year's period by eliminating mechanical defects.

**Social Security
Gives Details on
Allowable Earning**

People receiving Social Security benefits are permitted to earn up to \$1200.00 a year and still draw all their monthly checks, according to Roy Westerfield, Manager of the Sherman Social Security office. They can earn between \$1200.00 and \$2080.00 and still receive payments for some months in the year, he said.

It is believed that there are several persons of retirement age in this community who are earning over \$1200.00 per year, but whose earnings will not exceed \$2000.00 during the year. These people are considered partially retired and could be receiving part of their social security benefits during the year. Westerfield suggested that anyone who is 65 or older and earning less than \$2080.00 per year should contact the district office and discuss the possibility of filing their claims.

Individuals who are 72 years of age can start their checks the month they are 72 regardless of how much they are earning, Westerfield stated.

The Social Security District office is located in room 503 Commercial Building in Sherman and is open from 8:30 a.m. to 4:30 p.m. Monday through Friday.

"If women are so smart, why do they sit down in the movies and then try to take off their coats?" —Changing Times.

Turned Too Much

The man was brought before the bench charged with kicking "that you delivered this terrific kick in the stomach by accident?" He insisted, however, he had done it by accident. The judge eyed him sternly.

"Do you mean to stand there and tell me," he thundered, "that you delivered this terrific kick in the stomach by accident?" "It's the truth, your honor," insisted the defendant. "He just turned around too fast!"

From Which To Choose

Hornets Lose - - -
made two more plays before the half ended.

Starting the next period the Hornets spoiled the effects of two beautiful defensive stands by two costly fumbles. After a nice kickoff Lockett had to start from its 8. Three tries netted 8 and the Panthers kicked. The ball was fumbled, however and Lockett was back in business on its 38. The next four plays were repetitions of the four before. The Hornets held but another fumble gave Lockett possession on the Muenster 21. And again the Hornets held, this time allowing 7 yards on 4 plays and taking possession on the 14.

Beginning there the Hornets launched their second offensive drive of the game. Twelve plays made 50 yards to the Lockett 36 and the next four were stopped cold. Lockett also failed to gain and kicked.

Muenster followed with another first down to the Lockett 36, but there again the Panthers called a halt. Hamric's kick ending the series was a beauty putting the Panthers back on their 11.

The first play gained 4 and on the second Bachman got loose for a beautiful 60 yard gain before Harris bumped him out of bounds on the 25. Six more tries gained to the 1 and the Hornets dug in for a beautiful goal line stand. Three plays netted a loss of one yard and on the last chance Powell cleared the goal line by less than a foot. The kick afterward was good and Lockett led 19-0 with 57 seconds still left to play.

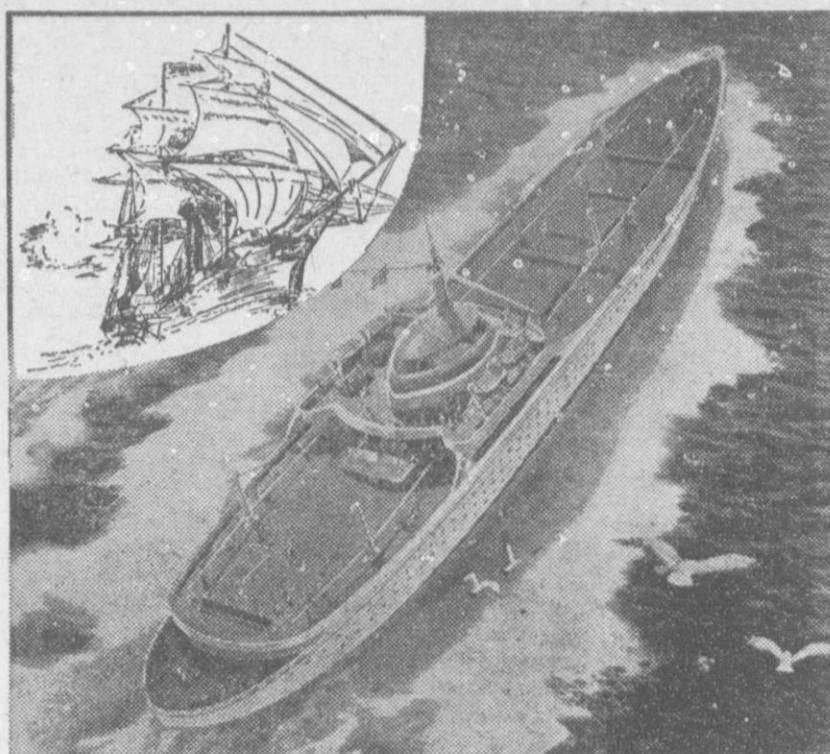

Following the final kickoff Muenster tried a pass and Lockett intercepted on the first play. Coach Ansley then turned the game over to his youngsters and Lockett used its remaining seconds for another TD. Powell stepped off 35 to the Hornet 10 and three incomplete passes stopped the clock three times. Finally, with one second on the scoreboard as the ball was snapped, Powell powered his way for the last 10. Another kick made the count 26-0.

Famous American Ships

The new nuclear cargo-passenger ship is shown here with the **SAVANNAH**, first steam powered vessel to cross any ocean. The keel for the atomic ship, first of her kind ever built, is expected to be laid on National Maritime Day, May 22, 1958, anniversary of the **SAVANNAH** sailing in 1819 on her record-making voyage. Because the new ship will give the United States a "first" in nuclear ocean transport as her predecessor did in steam, many people think she ought to bear the same famous name. It is an interesting contrast that, whereas the steamer of 1819 could not carry coal enough to let her use her engines all the way to Europe, this new **SAVANNAH** will be able to sail for three years without refueling! She will cost \$42,000,000, but be worth every penny of it if she can restore American shipping to a position of leadership on the world's oceans. (The atomic ship drawing was made for *Newsweek* magazine and was used as their cover picture.)

Candy, Soft Drinks Named as Cause of Dental Troubles

Ridding school lobbies and cafeterias of soft drink and candy vending machines would be one of the most important contributions school officials could make toward better dental health for children.

While the full relationship between diet and dental caries has not yet been firmly nailed down, researchers are in agreement on this: sugar — including that in candy and soft drinks — is a distinct factor in the process of decay.

Practically all pastries and confections contain quantities of sugar. A candy bar may have five to 20 teaspoonsful; a piece of cake has 15; a bottle of pop three to five.

We Americans consume 10 times as much sugar per person as our great-grandfathers did 100 years ago. We use three times as much as we need for energy requirements.

Not only does sugar intake provide fertile food for acid-producing bacteria, but it also spoils the youngster's appetite at mealtime.

Saliva furnishes a buffering action against ordinary amounts of sugar taken into the mouth at mealtime. But if a person nibbles on candy or cookies several times daily between meals, saliva cannot cope with acid buildup.

This applies to adults as well as to children, but it is more meaningful to youngsters since habits they learn in youth carry over into maturity.

The significance of a diet low in refined carbohydrates has been pointed out in recent university studies. Dental patients kept on such a diet for a certain period of time show a sharp reduction of acid-producing bacteria in the mouth.

After successfully concluding treatment for their dental ills,

these same patients were able to return to a diet with moderate amounts of carbohydrates and yet remain relatively free of dental disease.

The State Health Department now has a service whereby saliva specimens may be submitted to be checked for decay-causing organisms. When the laboratory analysis is completed, the Department will recommend a diet designed to overcome those organisms. The service is available only through practicing dentists, and is intended for adults and children highly susceptible to dental decay.

Some people are able to eat lots of sweets and still be immune to dental disease. The answer seems to be that something in the mouths of such people is lethal to acid-producing bacteria. An estimated three percent of the American population is caries-immune.

Walk into almost any public school in Texas and chances are you will see bright-hued dispensers of dental decay. Until they are replaced with milk dispensers, our talk of good dental health for children is meaningless.

"A gossip is a person who suffers from acute indiscretion."

Wedding Re-Set To December 23

The wedding of Imogene Flusche and Albert Zimmerer, set for this week Tuesday, was postponed on account of the death and pending funeral arrangements of Imogene's uncle, Bill Eberhart. Date for the wedding has been re-set for December 28.

Laneri in Play-off For SAL State Title

The state championship title in the Southwest Academic League will be decided at Farrington Field in Fort Worth Saturday night at 8 when Laneri takes on the Texas School for the Deaf of Austin.

Laneri won its right to represent the North Texas district in the play-off by a 19-7 win over Catholic High of Waco. The Austin school is the champ of the South Texas district of SAL.

SCS Invites Bids

run off of 4.9 inches before going over the spillway.

The Lutkenhaus reservoir, draining a 674 acre watershed will have an area of 9 acres and a capacity of 56 acre feet in the permanent pool and an area of 35 acres and a capacity of 364 acre feet at flood stage. It is designed to retain a run off of 6.4 inches.

With the Weinzappel reservoir, recently completed just west of the Muenster city limits, these two reservoirs will complete the flood control program on Brushy Elm and will assist in the overall flood control program for the three branches of the Elm watershed.

These sites will be numbers 19 and 20 in the area. Seventeen are now complete and one is under construction.

MHS Cagers Face Three Tournaments And 37-B Schedule

A double round robin schedule of District 37-B games . . . a total of two with each of the six loop opponents . . . plus three tournaments, make up the schedule for Muenster High's 1957-58 basketball team.

The schedule, released this week by Coaches Boze Ansley and Laurence Saye, includes the official district schedule starting on January 7 and ending February 20 and tourneys at Forestburg, Callisburg and Muenster.

Forestburg will have its tournament Thursday, Friday and Saturday of next week, Dec. 5-7, and Callisburg will host its tournament a week later. Muenster's will be the traditional holiday tournament between Christmas and New Year.

District 37-B dates for the boys and girls of Muenster High are as follows:

Jan. 7, Alvord, here
Jan. 10, Callisburg, there
Jan. 14, Era, there
Jan. 17, Saint Jo, here
Jan. 21, Bye
Jan. 24, Sanger, there
Jan. 28, Valley View, here
Jan. 31, Alvord, there
Feb. 4, Callisburg, here
Feb. 7, Era, here
Feb. 11, Saint Jo, there
Feb. 14, Bye
Feb. 18, Sanger, here
Feb. 20, Valley View, there

Parochial Cagers Prep to Take on Alumni, Buckner

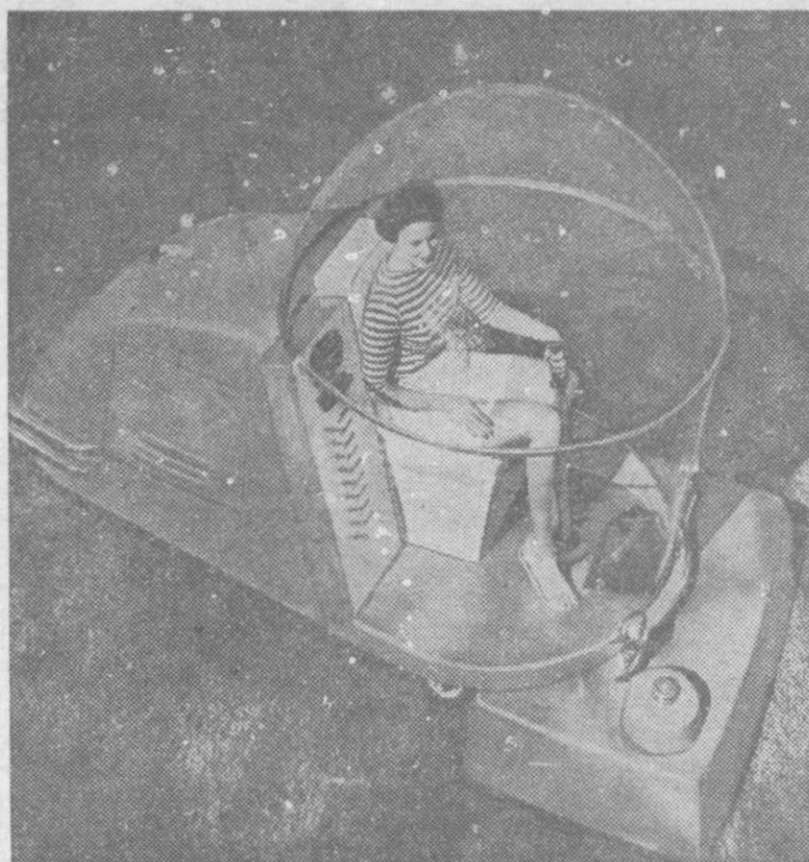

Basketball at Sacred Heart High continues its two-a-week pace Saturday and Tuesday nights as the teams take on first the ex-students and then Buckner.

Both programs will be double headers with girls teams playing the opener and boys playing the second game.

Other games on the Tigers' 1957 schedule, with a few dates still to be filled in, are as follows.

Nov. 22, Alumni
Nov. 27, Collinsville, here
Nov. 30, Alumni, here
Dec. 3, Buckner, here
Dec. 6, Windthorst, there
Dec. 10, and 13, open
Dec. 17, Thackerville, there
Dec. 20, Windthorst, here
Jan. 1, Buckner, there
Jan. 7, Pilot Point, here
Jan. 10, Laneri & OLV, here
Jan. 14, Pilot Point, there
Jan. 17, St. Mark's, here
Jan. 21, Thackerville, here
Jan. 23, Krum, there
Jan. 24, Waco Catholic, there
Jan. 28, open
Jan. 30, Laneri & OLV, there
Feb. 4, open
Feb. 7, Waco Catholic, here
Feb. 11, open
Feb. 14, St. Mark's, there

The starting whistle each night is due to sound off at 7 o'clock and each date will have a double header . . . except St. Mark's which has only a boys' team. Laneri, as in past years, will be accompanied by OLV Academy in its games with Sacred Heart. Other schools on the schedule have both boys' and girls' teams.

CLIPPER SHIP—This modernistic vehicle is the lawn mower of the future, as interpreted by one manufacturer. The Wonder Boy power mower was especially built for a Port Washington, Wis., firm to provide a glimpse into the future of lawn care. The dome protects the operator against adverse weather conditions and is air conditioned as well. Perhaps the best feature from dad's point of view is that the mower attachment in front can be removed, converting the machine into a golf cart. The mower not only cuts the lawn, but weeds it, feeds it and sprays it, too.

posed but are usually brought on by one or more drivers who fail to exercise good judgment. People who take such chances do not seem aware of the tremendous odds against them . . . how little they gain if they win as compared with how much they can lose.

Expressed in terms of money the traffic statistics are no less amazing. The report from the Department of Public Safety estimates this year's financial loss in Texas due to traffic accidents at over \$275 million. It goes on to point out that this amount would provide 10,000 families with the following: a \$20,000 home equipped with a \$400 refrigerator, a \$350 range, a \$350 TV set, a \$300 dishwasher, a \$3,000 car plus a bank deposit of \$3,166.

It's a fact that traffic takes a terrific toll in death, agony and expense. There is no gamble more one sided then taking chances on the highway.

Game Receipts

\$1,166.20 and net receipts after paying officials and meeting contract agreements amounted to \$796.44. Also, the school was on the receiving end for three games contracted away from home. It received \$50 from Pilot Point, \$75 from Marietta and \$100 from Era.

Gross and net receipts for the five home games are as follows:

Sanger	\$285.00	\$234.10
Newcastle	157.25	112.67
Valley View	194.10	82.30
Wichita Falls	112.05	7.53
Saint Jo	417.80	374.90

Over the nine-year 1948-56 period, workers' wages rose an average of 61.4 per cent. Average productivity per worker, on the other hand, rose only 26.1 per cent. The difference was in large part made up by increased prices.

Confetti

World War I	116,563
World War II	407,828
Korean War	54,246

That adds to a total of 1,130,393 persons, as compared with 1,189,414 who died in traffic accidents since 1900.

Though the report did not say so it is quite reasonable to assume that the list of traffic injuries also runs higher than the

list of war injuries.

The saddest fact of all is that our traffic casualties are all so completely unnecessary. In war

we can at least see a sound reason for the death and suffering . . . that is, as it applies to the soldiers concerned. They have no choice but to face the hazards.

But it's different for the vast majority of traffic casualties. Hazards in those cases are not im-
