A proposal deserving serious attention from the state legislature is the one that would reward careful drivers with lower insurance rates on their cars. A report from Austin this week reveals that the Texas Legislative Council is studying such a plan and intends to submit its recommendation to the state lawmakers.

According to the National Association of Independent Insurers, the proposed benefit can be achieved simply by changing the law which requires all companies to charge a uniform rate. The change would result in a flexible rate system, such as used in other states, which allows insurance companies to set their own rates and opens the insurance business to competition.

Many of us have complained about the high cost of car insurance, and we are further annoyed by the thought that we have to pay just as much as the reckless drivers who are responsible for most of the damages paid out by insurance companies. It's another phase of the socialistic trends of our times. The cost is shared equally without thought of who is responsible.

Under the proposed change insurance companies would be allowed to offer better policies to those who deserve them. And it's hardly necessary to state that the competition would be keen to sign up the people with good driving records, the ones who make the fewest demands on the companies.

This column is enthusiastically in favor of the idea, as a means of giving a long over due reward to people who deserve it . . . and possibly as a means of jolting those who are responsible for most damage claims. It stands to reason that when innocent people are relieved of some of the bill the guilty people will have to pay more.

Possibly this "high cost of recklessness" will influence some drivers who are deficient in common sense and courtesy. But regardless of the effect on the state's driving habits the law is good if it will reward the innocent and penalize the guilty.

As the explosive situation continues in the Far East most of us are wondering if this is the beginning of the big showdown which the communists have predicted for so many years. There is no doubt that the elements of a global war are there. We are dangerously near the point from which neither of the two hostile forces can retreat without serious damage to its own cause in the world wide struggle for eventual supremacy.

The big problem is whether diplomats of the two sides will be able to break the deadlock before time runs out. Will the proposed confab at Warsaw actually result in a peaceful settlement? If so, what will it actually achieve?

If past history is a guide, the results of that meeting, if it takes place at all, are little more promising to the free world than the clash it seeks to avoid. Agreements can be reached as before, but they still give no assurance that the red monster will stop its hostility. Communist promises have been worthless since the first day they were given and they will remain that way.

As fervently as we wish for a peaceful settlement, we may as well admit that diplomatic meeting with the reds is only a waste of time. The best it can do is just to postpone the inevitable to a time when they think they have a cinch. After that there will be no more bargaining. The reds will dictate and the free world will meet their demands or else.

For all we know they may already feel that way and are proposing to talk it over only as a means of completing another conquest without fighting for it. That has been the Kremlin's way ever since the beginning of its expansion at the end of World War II. That will be its way until the free world either reverses the trend or is eventually subdued.

In view of those facts it seems now that our country has only one course left. That is to take the initiative and warn the reds in unmistakable terms that our line is definitely and irrevocably drawn.

We all realize that such a policy has possibilities of starting the dreaded war. Nevertheless we should be realistic

3 From Muenster Attend Pilgrimage At Famous Shrines

Participating in ceremonies at the world famous shrine of Our Lady of Lourdes in France this Thursday and Friday is on the itinerary of three Muensterites who are making a flying pilgrimage to noted shrines in Europe. In all, more than a dozen shrines will be visited.

Among the pilgrims are Judy Trubenbach and her mother, Mrs. Alois Trubenbach, and Joe Fisher Sr.

The flight started in Detroit, Mich., Friday, with first stop in Ireland. Other places to be visited include Rome and the shrine of Our Lady of Fatima in Portugal. The trip lasts about three weeks.

Mr. Fisher will not return with the pilgrims. He'll stop over in Germany where his son-in-law Henry Pick is now visiting and will be a guest there with the Pick relationship. He plans to be back home for his 81st birthday October 24.

Beauty Shop Sold To Gainesville Lady

Judy Sluder of Gainesville is the new owner and operator of the Muenster Beauty Shop. She bought the business last week from Eva Jo Otto, who has kept it closed for the past few weeks because of illness. Re-opening date has been set for Friday, Sept. 19.

Mrs. Sluder is a licensed and experienced beauty shop operator, having been employed at Morris and Ruth Beauty Shop of Gainesville for the past two and a half years. She will continue living in Gainesville.

Mrs. Otto will assist her during the first several weeks of operation.

Building And Improvement Notes

The bank has had a face lifting job . . . consisting of sand blasting to remove the dark gray mold which had accumulated on the sandstone front during the past several years. A new look has been restored and a waterproofing spray coat has been applied to keep it looking new.

A new 3-bedroom house is under construction on the Buckner Ranch about seven miles south of town.

The new vocational agriculture building at the public school, currently the community's biggest project, is nearing completion. Carpenters have a week to go, after which about two weeks of finishing work will have it ready for use.

A new piece of equipment plus a minor detail of remodeling will enable the Ace Cafe to offer drive-in service. The first is a continuous ice cream freezer for rapid preparation of cones, sundaes, malts, mixes or packages. The other is a window and counter, to be installed in the east wall, for serving to the outside.

At the KC hall rest rooms have just been finished upstairs, directly above those in the basement. The new facilities make it possible now to accommodate separate crowds for events upstairs and below.

Add two more Grade A dairy barns for the community. One has been completed for Ed Cler, the other is nearing completion for Joe Hess.

Also add two more hay barns, at Adolph Walterscheid's and Nick Schenk's, both now finished.

Major home improvements are under way at the R. E. Hamric and John Fisher homes. For Hamric it's an attached double car port, an addition for a den, concrete to replace an old wood-concrete front porch, extensive kitchen remodeling and general renovating for the rest of the house. Fisher has a car port to connect the previously separated house and garage, a double concrete driveway, new sheetrock inside and new screens outside.

New roofs are finished at the homes of Mrs. Henry Stelzer and Joe Trachta's house occupied by Alphonse Pautler.

The small building now going up at Dan Haverkamp's will be a tool shed and home work shop.

Last, and least, is a brand new dog house for B. J. Swirczynski's pooch.

Tigers Confident For Opening Game With Windthorst

Hopes of Coach George Petrus and his Sacred Heart Tigers have been soaring since last Friday night when they discovered that the Windthorst Trojans, their first opponents, are less potent than usual. According to Petrus, the Trojans are even lighter than his lightweight Tigers and the odds, if any, should lean slightly in Sacred Heart's favor.

The coach and his charges were at Saint Jo last week and saw the Windthorst team maul 52-0 by the Panthers.

Gone from the Trojan lineup this year are practically all of the players who handed the Tigers a 21-7 walloping last year. In their place is a small and inexperienced group of youngsters, including five freshmen.

However Petrus is careful not to underestimate the visitors and hopes his boys will have equal respect. The spirit shown by the Trojans, he said, compensates for some of their other handicaps. They cannot be taken for granted.

On the other hand the Tiger skipper is proud of the progress of his own players. They have been improving in spirit and coordination. They are ready for Windthorst mentally and physically.

Mrs. Regina Sontag Former Resident, Dies at Denison

Sudden death from a heart attack Monday night claimed Mrs. Regina Sontag, 70, of Denison, a former Muenster resident, who died at about 8 p. m. at her home.

She had been at the K of C Hall preparing to conduct a meeting of the Catholic Daughters of America when she was stricken. Members took her to her home but she died before a doctor could be called.

Funeral services were held Wednesday morning at 9:30 in Denison at St. Patrick's Church with the pastor, Rt. Rev. Msgr. Thomas Zachery, officiating at the requiem high mass and graveside rites in Calvary Cemetery.

Mrs. Sontag, the former Miss Regina Kreitz, was a daughter of the late Mr. and Mrs. Joseph Kreitz and came to Muenster with them in 1904 when she was 16 years old. She was born in Bastrop, Jan. 3, 1888, and had lived in Austin with her family before they moved here. She was married to John Sontag in 1907. He was a retired Katy railroad conductor at the time of his death the past June in Denison.

Mrs. Sontag was active in parish work and was grand regent of the Denison court Catholic Daughters of America.

Survivors are one daughter, Mrs. C. J. Walker and three grandchildren of Denison, two sisters, Mrs. William Seyler of Valley View and Miss Gertrude Kreitz of Dallas, and cousins including Mrs. Joe Luke of Muenster.

Among those at the funeral were Mr. and Mrs. Joe Luke, Miss Anna Hellman, Mrs. G. H. Hellman and J. M. Weinzapfel, from here; Mr. and Mrs. William Seyler of Valley View, Mr. and Mrs. Albert Seyler of Fort Worth, Mrs. Mark Martich of Dallas, Mr. and Mrs. Clarence Seyler of Denton and Mr. and Mrs. Conrad Seyler of Valley View.

Manager Named For Electric Co-op

Michael Sloan of Midland, is the new manager of the Cooke County Electric Cooperative. His appointment, which becomes effective on October 1, was announced this week by Jack Crownover, president and acting manager of the co-op. Crownover and Directors Al Wiesman and J. A. Klement were in Midland during the past weekend to become better acquainted with the applicant before making their final decision.

Mr. Sloan is 34 years old, married, and the father of two daughters, 3 and 7. The family expects to arrive here some time before October 1. At the present time Sloan is employed by the Western Well Servicing Co. of Midland.

Area Gets 1.70 in. In Heavy Shower

Muenster's drought of more than a month was finally broken Wednesday by a downpour which dumped 1.70 inch of rain on the community in less than an hour.

Though it fell much too hard for best results it brought welcome improvement for range lands which showed the effects of a mere .51 inch of moisture in almost 50 days. The rain also did wonders for fields that are due for fall seeding. All is set now for a good start on next year's grain crop.

Other crops, such as corn and sorghums, are too far advanced to get any help from the moisture. But fortunately, they did not need it. Favored by nice rain in July and moderate temperature all summer they matured nicely in spite of the dry August. Reports are that yields are good on all the row crops.

At this time the community's moisture total stands at 1.70 for September and 27.05 for the year.

NEWS OF SICK AND INJURED

Herman Pierce will be taking it easy for a few weeks while his broken right arm heals. He sustained the fracture in an oil field accident Monday morning.

Jimmy Vogel, up and around now, but still not back at school, is doing fine in recovering from a kidney injury sustained in a fall Aug. 24 while he was hunting. The fall was an 18-foot drop into a creek bed. Jimmy's parents, the Ray Vogels, took him back to Gainesville Sanitarium for X-rays Wednesday.

Herman Stoffels was back at Lisbon VA Hospital for a check-up and chest X-ray Tuesday. Mrs. Stoffels accompanied her husband to Dallas.

Mrs. Wilfred Luttmier has been dismissed from Gainesville Sanitarium following a week of medical care.

Mrs. Paul Fetsch is back at home since last Thursday, up and around, following five days of medical care at Gainesville Sanitarium. She has been in and out of the hospital for treatment, surgery and treatment in recent weeks — says she feels fine now.

Released Saturday from Denton Hospital, Joanie Eberhart, seven-week-old daughter of Mr. and Mrs. Walter Eberhart of Gainesville, is recovering from an illness that sent her to the Denton hospital after first receiving care at Gainesville Sanitarium.

Odds are Stacked As Hornets Await Wichita Rowdies

Coach Boze Ansley is singing the blues this week as he and the Hornets prep for their game Saturday night with the rugged Rowdies of Wichita Falls.

The Rowdies, consisting of the cream of sophomore football talent of Wichita Falls, are the youngsters who hope to be on the Class 4-A Wichita Falls Coyote team in their next two years. Usually 100 or more report for the beginning of the season and the squad is trimmed down to about 60.

That is the kind of team which last year handed a 32-14 drubbing to Muenster's District Co-champ team and which Coach Ansley expects to take the field here Saturday night.

On the other side of the picture is a Muenster High team which, to date, is not measuring up to the standard of last year's Hornets. Though heavier, it lacks both the experience and confidence of the '57 outfit. Playing Pilot Point last week it showed none of the power and finesse that are needed to make a game interesting for the Rowdies.

Skipper Ansley has hopes that this week will bring definite team improvement, at least enough to hold the visitors to a reasonably low score.

Game time is Saturday night at 8 on the Hornet field.

Juanita Wieler is among the 60 upperclassmen who are returning to East Texas State College at Commerce to help greet freshmen and new students who are scheduled to begin arriving this weekend. Orientation sessions for new students begin Monday.

Girls Will Clash In Football Game For Class Benefit

Something super and sensational has just been added to Muenster's football calendar for this season. It's a battle of the weaker sex in which High School Juniors of the two local schools will bump noggins in a benefit affair to enrich their respective class treasuries.

The conflict is dated for Wednesday, Sept. 24, at 8 p. m. on the Hornet field, and receipts will be divided 50-50 regardless of who wins. Officials will be Cheatum Ansley and Clipem Petrus.

An added attraction for half time will present boys of the two classes doing their bit to help the cause along. They will display fashions and charms as models in a style show.

Four Dallas Firms Quit NTPA after Milk Price Goes Up

Four major Dallas milk distributors, Metzger, Borden, Cabell's and Foremost, are rejecting milk produced by local dairy farmers and substituting milk supplied from Illinois, Pennsylvania and Wisconsin for distribution in the North Texas market.

Boycotting of local milk by these plants came as a result of The North Texas Producers Association pricing its members milk to all North Texas plants at 30c per hundred over the minimum Federal Order price for milk used as Class I beginning September 1st.

NTPA members, residing in more than fifty counties in North Texas and Southern Oklahoma, supply the North Texas market with approximately 90% of its milk requirements. Grade A dairy farmers in the North Texas market have seen the price paid them for milk steadily decline since the fall of 1952 — from an average of 15c per quart then to less than 11c per quart at the present time.

Retail milk price levels are approximately the same today as they were when the dairy farmer received 15c per quart, indicating a widening margin between the price paid the farmer and the price paid by the consumer. Since the dairy farmer, through his Association,

WITH THE MEN IN SERVICE

Ends Visit At Home

Nolan Hammer has ended a 14-day leave at home with his family, the George Hammers, and is enroute to Fort Gordon, Ga., where he will enroll in electronics school. He had just finished basic at Fort Chaffey. Before he left all his boy friends got together for a chicken fry given by Tim and Kenney Fette and Walter Fette at the Herman Fette home.

Gets New Rating

It's Corporal Richard Hess of the Marine Corps now. The promotion came in Hawaii and has just been made known to Richard's parents, Mr. and Mrs. Ed Hess.

From Here To Spain

Airman Jimmy Doughty who has been based in Tucson, Ariz., at Davis-Montham AFB, is here on leave with his family, the Joe Doughtys, until Sept. 25, when he leaves for duty in Spain. Jimmy's brother Douglas Doughty is in Germany with the army.

Basic At Fort Chaffey

Joe Carroll McElreath has let folks know he's taking basic training at Fort Chaffey, Ark. A graduate of Muenster High and son of Mr. and Mrs. H. E. McElreath of Sivells Bend, Joe Carroll was inducted into the army on Aug. 27. His address is Btry. C, 4th Bn., Basic Training Command.

4 More Students

Muenster school enrollment has increased by 4 during the past week, bringing the total figure up to 689. All the additions are transfers into the district and attend the public school. Three are making their homes temporarily with grandparents in the district, the other lives in Myra and attends high school here. Revised public school enrollment figures now are 97 in the grades and 92 in high school.

Milk Receipts at NTPA Plant Upped By Dallas Boycott

Business is booming at the local North Texas Producers Association milk processing plant since September 1 when the organization's 30 cents per hundred increase in milk prices became effective. Milk formerly purchased by four of the biggest distributors in Dallas has raised the volume of NTPA's surplus to almost a million pounds a day.

In the Muenster plant the volume jumped suddenly from an average of 130,000 pounds daily to about 600,000 pounds. The remaining 400,000 pounds are being sent to NTPA's plant at Sulphur Springs.

This is the biggest volume ever for the local plant, according to Manager Rudy Hellman. It is even greater than the annual flood which hits the plant during the Christmas holidays.

Disposal of this huge surplus requires round-the-clock operation in which an average of 150,000 pounds daily is sent out as Class 1 milk and the balance is processed into cheese and powdered milk.

The Dallas dairies responsible for this surplus have their milk shipped in from northern states.

Hornets Bow 20-6 In Opening Clash With Pilot Point

Power and experience both were stacked against the Muenster Hornets last Friday night as they took on Pilot Point's Class A Bearcats in their first football test of the 1958 season . . . and they went down by a count of 20-6.

Contrary to the figures shown on the respective lineups, Muenster did not have the expected weight advantage. In experience, however, the teams compared about as expected . . . so the Pointers found the game to their liking in two ways. Except for typical early season troubles they might have run up a really lop sided score.

The visitors started promptly after the opening kick, advancing to the Hornet 1 yard line before fumbling the ball away.

Muenster failed on its first series and kicked but won possession the next play on Harris' interception. Again the Hornet offense failed and, after a kick, Pilot Point was in possession. Four plays later Donald Dane, who accounted for at least half of his team's yardage, broke away on a beautiful 33 yard scoring scoot.

Shortly after the next kick off an attempted Hornet pass was smeared and the resulting fumble was recovered by Pilot Point on the Muenster 24. Hollar got loose on the next play but his TD was called back because of offsides. But six more tries finished the job, with Dane scoring from the 1 yard stripe.

Toward the end of the half Muenster put on its first show of offensive strength following a recovered fumble on its own 15. On the next two plays Otto ripped off 11 and Harris 22 but the push ended there and Pilot Point was in possession as the period ended.

Local News BRIEFS

Scoutmaster and Mrs. Nick Miller entertained Wednesday night for members of the Scout troop who helped them at the opening of their new building. Wieners were roasted and marshmallows toasted in the

patio and ice cream was dessert on the full supper menu. Games followed.

Catholic Daughters of America officers remind members of a meeting Friday night in the K of C hall and invite a full attendance. The court will resume activity after being adjourned during the summer. Meeting time is 7:30.

Disneyland was one of the highspots in sight-seeing on the tour Mrs. Ben Seyler took with her sister and brother-in-law,

the C. W. Ratliffs of Lubbock. Visit with the Ratliff's son Dan and his wife at Fort Ord, Calif., was primary objective of the trip. The trio, away two weeks, saw many sights of interest to tourists going and returning.

Ann Luke began classes as a student nurse at St. Paul's Hospital this week. Her brother and his wife, the Paul Lukes, took her to Dallas Tuesday evening. Other nursing students, leaving earlier, and enrolled at St. Joseph's in Fort Worth are Patsy Bayer, Suzanne Hesse and Patsy Vogel.

Visiting Mr. and Mrs. J. A. Klement over the weekend were their daughter Joan and husband, Mr. and Mrs. Dick Schleicher of Dallas and their son Jerry Klement who has been working in Stamford with soil conservation service during the summer. He'll return to classes at A&M College Sept. 13. David, another son of Mr. and Mrs. Klement, will enroll as a freshman at NTSC at Denton this fall.

Eightieth birthday of W. T. Richter was celebrated with a dinner party Wednesday for family members in the home of his daughter, Mrs. Hugo Lutkenhaus. Out of town guests were Miss Kathleen Richter of Dallas and Mrs. A. H. Richter of Austin.

Party and Workshop Opens Season for Garden Club Group

Münster Civic League and Garden Club opened its new year on a festive note this week with its meeting Monday night at the home of Mrs. Nick Miller with Mrs. Edd McGannon as co-hostess.

The evening began on the patio which is lovelier than ever with its enchanting flower and plant setting and its colorful red and white canopy over all. It was here that members roasted wieners at the outdoor fireplace and seated themselves at tables adorned with periwinkles and bachelor buttons. From a hostess cart they served themselves potato salad, baked beans and relishes while Kathy McGannon assisted her mother and Mrs. Miller in pouring coffee. A marshmallow toast ended the social event and before the business session began members walked over to admire the beautiful grotto, fashioned after the Lourdes shrine, with its lily pond and fish pool — all handwork of Mr. and Mrs. Miller.

Twenty-three members re-assembled for the business session conducted by Mrs. T. S. Myrick and heard committee reports preceding the program, "Staging a Flower Show."

A workshop on the subject was directed by Mrs. Joe Luke and Mrs. L. B. Bruns who head the fall flower show on schedule and classification. Mrs. Luke also gave an interesting demonstration on vases and holders in preparation for the annual flower show scheduled for November.

In committee reports Mrs. Tony Gremminger announced the annual All Saints' Day collection for cemetery maintenance and lined up a group for solicitations at the church doors. Mrs. J. M. Weinzapfel reported on highway improvement, Mrs. Lee Toothaker on conservation, Mrs. Nick Miller on park beautification and Mrs. McGannon on yearbook. The new yearbooks are at the printers' and will be distributed at the next meeting. Miss Betty Corn was a guest for the evening.

The club group is looking forward to a highly successful season and discussed coming ac-

tivity at Monday's meeting which was the first since adjournment last June. The organization does not meet during July and August.

Open House Event Here to Introduce Aluminum Roofing

In keeping with its tradition of doing things in a big way the Kaiser industry will go all out next Saturday to introduce one of its products to the Münster trade territory. The company is cooperating with Community Lumber Company in an Open House, with lots of give-aways, at which it will feature its new diamond rib corrugated roofing and siding.

An expert from the agriculture research division of Kaiser Aluminum will be on hand to explain the new roofing's advantages for farm building. Personnel representing wholesale distributors will also be there to help show the product.

On the free list are aluminum pie pans, aluminum foil in two sizes, six door prizes, and refreshments.

YOU CAN BE SURE OF "FULL MEASURE" EVERY MONTH

In Grandmother's day, it was always the custom to watch carefully the measurement of every purchase... first-hand and close-up. Today, we depend on the weight or other measurement on the package as required by law.

Your use of electric service is measured by your electric meter. It assures you "full measure" every month.

Many people do not realize how many different jobs electricity does for them... all over the house... lighting, cooking, refrigeration, air-conditioning, radio, tele-

vision, washing, drying, ironing, toasting, coffee-making, cleaning... and many other things to make your life more enjoyable.

Your electric service bill represents "full measure"... and, remember, the more electricity you use the cheaper it becomes. And important, too, is the fact that while living costs have risen 108% since 1936 the average cost of TP&L residential electricity today is 43% less per kilowatt-hour. Indeed, today you are getting "full measure" from your electric company.

Electricity is the biggest bargain in your family budget.

Local Schools Name Queen Candidates For '58 Homecoming

Homecoming football games in Muenster are near the top of the calendar this year and already queen candidates have been selected — a bevy of beauties — two of whom will wear the crowns. One will be Sacred Heart High's football queen Oct. 3, the other will be Muenster

High's homecoming queen Oct. 4. Sacred Heart's queen candidates are Virgilla Schilling, senior class favorite, Marilyn Hess from the juniors, Betty Ann Dangelmayr, sophomore, and Charlene Otto, freshman. These young ladies will work for the crown, soliciting votes at a penny each. Muenster High homecoming queen will be selected, as in past years, by members of the Ex-Student Association who will

indicate their choice on a ballot they will receive through the mail. Homecoming queen will be one of these: Patsy Otto of the senior class; Jolene Carlton, a junior; Tommie Sue Hamilton, sophomore; Angela Dern, freshman. Officers of the Ex-Studens' Association, headed by Mrs. Ervin Hamric as president, have arranged a meeting for this week to draw up plans for the homecoming program which will include a dinner-dance. The officers will be busy checking addresses of former students and teachers, and addressing envelopes to mail ballots, an outline of the program and cards for return.

Mrs. J. Pagel Hosts Get-Together Club

Mrs. Jake Pagel was hostess for the September meeting of the Get-Together Club on the first Wednesday of the month entertaining in her home. Eleven members and one guest, Mrs. Joe Hoenig, were present. Mrs. Joe Kathman was the birthday honoree and received a gift from her sunshine pal. It was also Mrs. Kathman's day for 42 and she won the high score award in the games. Mrs. C. M. Walterscheid was consoled with the low tally gift and Mrs. J. B. Wilde drew the door prize. Mrs. Pagel served cherry pie a la mode and iced tea.

Pat Drozd Bride Of Elroy Neu in Gainesville Rite

—Boyd and Breeding Photo

Mr. and Mrs. Elroy Neu, honeymooning at an undisclosed destination since their marriage Saturday, will make their home in Gainesville at 308 N. Morris Street.

St. Mary's Church in Gainesville was the scene of the nuptial mass with Father Robert Wilson of Dallas officiating. The bride is the former Pat Drozd, daughter of Mr. and Mrs. William F. Drozd of Gainesville, formerly of Muenster. The groom is the son of Mr. and Mrs. W. J. Neu, route 6, Gainesville.

For her wedding Pat wore a white Chantilly lace and net dress over taffeta. The floor length skirt, fashioned of tiers of net ruffles was topped by a scalloped lace overskirt divided at the front in redingote effect. Long fitted sleeves and a portrait neckline were features of the fitted lace bodice. Iridescent sequins dotted the lace. A pearl tiara held the bride's fingertip veil and she carried an orchid on top of a prayerbook, a gift from the groom. Her father gave her in marriage.

Ann Neu, the groom's sister, was maid of honor and Joann Wolf was bridesmaid. They wore identically designed bouffant dresses of yellow and orchid net, respectively, over taffeta. The multi-ruffled skirts were waltz length. They carried white carnations.

Bill Drozd and Louis Neu, brothers of the couple, were best man and groomsmen. Freddie Neu and Walter Hermes ushered. Ann Gallagher, organist, and Charles Interwicz, vocalist, provided the wedding music.

After services, relatives and friends gathered at the Lindsay hall for a reception and buffet dinner catered by Mrs. Joe Lehnertz. Patsy Krahl and Anna Marie Wiesman registered more than 225 guests.

For her wedding trip the bride chose a brown chemise suit with orange accessories. She was a student at Sacred Heart School before the family moved to Gainesville where she attended high school. Elroy was graduated from Lindsay High, served two years in the army and attended Gainesville College. He works for an oil well drilling company here.

Margie Lou Reiter Herb Walterscheid Will Wed Sept. 13

Margie Lou Reiter and Herbert Walterscheid have set their wedding date and have named their wedding attendants. The couple will be married Saturday, Sept. 27, in Sacred Heart Church during nuptial mass at 4 p.m.

Cousins of the bride will be her attendants, Marcy Klement maid of honor and Janice Klement, bridesmaid. Bobby Walterscheid will be best man for his brother and Alfred Hess of Lindsay will be groomsmen.

The engaged couple's parents are Mr. and Mrs. Albert (Buddy) Reiter and Mrs. C. M. Walterscheid and the late Mr. Walterscheid.

Herbie was graduated from Sacred Heart High in 1957 and Margie was graduated the same year from Muenster High and has been employed at Linda Jo Shoe factory in Gainesville. Herbie works for an oil well drilling company here.

District President Guest at Meeting Of VFW Auxiliary

Monday's meeting of Muenster VFW Auxiliary was highlighted by the presence of District I President Mrs. Davis Drake of Gainesville and Mrs. Pat Parker, also of Gainesville.

It was Mrs. Drake's official annual visit with the Auxiliary and she gave a report on the tri-district meeting held in Sulphur Springs during the weekend. Mrs. Parker, department treasurer, conducted a school of instructions, listed as a requirement for the September honor roll.

Their part of the program followed the business session for which Mrs. John Huchton, president, presided and the membership heard committee reports, then elected Mrs. Richard Grewing honor roll chairman and fulfilled honor requirements for August and September. August requirements, learned after that month's meeting, consisted of sending a contribution to the Student Nurses Program and an Americanism Study. Mrs. L. J. Roberg, as leader, directed the study.

For this month's honor roll requisites the Auxiliary made its hospital pledge and contributed 50c a member from its treasury to the cause. It held the school of instructions, and for participation in some school activity voted to pay for a month's lunch ticket for one needy child at each of the Muenster schools, the decision to be made by the

school superintendents. Reporting on the September Teen Party it was told that about 100 young people enjoyed the evening with dancing to recordings and refreshments. Heading the hostess committee was Mrs. David Trachta. Her assistants were Mrs. Arthur Endres, Mrs. J. B. Golden, Mrs. Clarence Hellman and Miss Dorothy Trachta.

After adjournment, Mrs. Maurice Pagel, refreshment hostess, served a cold plate to 16 members and the two guests.

The American Way

BARGAIN OR BLUSTER?

By Dr. Alfred P. Haake

A recent strike against an employer who refused to yield to demands he could not meet, is apparently being bolstered by the teamsters' union in shutting off that employer from his customers and his sources of supply.

To quote one of numerous labor leaders who are girding for complete control of the Ameri-

can economy, "Every other nationwide strike from now on will be not just a one-union strike but a strike of the entire American labor movement" (James Carey). Said Walter Reuther in May of 1956, "We as American trade unionists have much to learn . . . as regards mobilizing our labor political strength for social gains at the political level, if we want to benefit by the experience of our European colleagues." And that means the general strike which crippled the strength of France. It means the deterioration of the once-proud British empire to a second or third class power. That is not what patriotic Americans want for America.

One wonders whether the American people realize the

frightful menace of labor union monopoly power in the hands of a few bosses. A combination of the teamsters, steel workers, auto workers and communication workers could stop the entire American economy.

It appears from Associated Press reports that Walter Reuther is getting ready to call a strike on the automakers, when his moment is ripe. And, if and when he does, the reports indicate that the powerful CIO-AFL will throw its financial and manpower resources behind the auto workers. That could be a nationwide strike and play right into the hands of the Russians.

The excuse offered for such an action is the allegation that the managements of the companies are refusing to bargain. And thereby hangs a tale, a scorpion's tail.

According to Webster, bargaining is to transfer for a consideration, to barter or trade. It is a two-way street with traffic in BOTH directions. But when Reuther says that management refuses to bargain, what he should say is that management is unwilling to yield concessions without considerations and beyond the limits of sound reason, and that Reuther refuses to yield concessions necessary to make his demands possible of approval.

In short, what Reuther really wants from management is progressive surrender, all in his direction.

Labor bosses have already acquired so much power that they have become arrogant. Laws that limit your behavior and mine in relation to the property and person of other people, seem not to apply to the goons sent in to subdue by force. They even speak of labor unions as a separate government, within a government. Union members may be citizens of the United States, but they are subjects of the labor bosses.

When James Hoffa was being "elected" to wear the tainted mantle of Dave Beck, a poll of the members indicated that at least 70 per cent of them were opposed to Hoffa. But that made no difference. Even the courts did not stop him.

Make no mistake about it, the fine phrases in which the labor apologists couch their rationalizations of higher wages without due regard for cost, may fool their members and even much of the public, but actually those fine phrases merely gloss over a coldly determined grasping for monopoly power over our entire economy.

The answer to the menace is the "right to work" law which prevents the nefarious agreement of management and union to deny men the right to work except as union members. The right to work should be guaranteed to its citizens by every state which has not yet passed such a law.

We want collective bargaining, but it should be bargaining. Both sides must be willing to yield commensurate consideration for every benefit sought. The traffic must flow in both directions, and we must stop the monopoly power that turns bargaining into progressive surrender.

Bruce H. Nicoll writes in The Reader's Digest: "Do you know what goes on in a field of growing corn? From a small seed it grows in eight weeks to a plant with over 1400 square inches of leaf surface — one of the most remarkable feats of growth in the plant kingdom. And in eight weeks the plant establishes a root system which, if laid end to end, would extend a distance of seven miles. There's a saying that in ideal weather you can hear the corn grow. It isn't quite that good, but the plant often does grow as much as four inches in a day."

RED LABEL DEFENSE

Who is making the tubes for the radar that is to warn us if enemy guided missiles are launched at the United States? Members of a Communist dominated union are.

That's the situation that was revealed before the Senate Internal Security Subcommittee.

The Committee was hearing the complaint of LaRue I. Berfield, who had worked in the electronics plant at Emporia, Pa., for 19 years and was in danger of losing his job. Why? Because the United Electrical, Radio and Machine Workers' Union of America had won a plant collective bargaining election, and under the law the plant had no choice but to deal with them.

The union shop contract which they signed provides that men and women who refuse to join the union because it is Communist dominated can be thrown out of their jobs.

In other words, our peculiar labor laws have resulted in a situation in which nobody but those willing to affiliate with a Red union will be allowed to make a vital part of our defense equipment against Red aggression.

KILLER OF CHILDREN

Burns cause more injury and death among children than any other agent. Every parent should know how to identify and treat them.

This point is stressed by Today's Health, an American Medical Association publication. It then provides some simple but vital rules:

Youngsters will grasp everything within reach, so never allow conditions to exist which can lead to accidents. Keep matches from children; keep pots from the edge of the stove, and keep youngsters from fires.

Determine quickly the degree of burn. In a first degree burn the skin is red; in second degree, the skin is blistered; in third degree the skin is charred.

For first or simple second degree burns, coat affected area with antiseptic ointment or olive or baby oil. This relieves pain and prevents skin from cracking and drying out.

For deep second and all third degree burns, call a doctor immediately. Shock and infection may occur. A layman should not attempt to treat burns of these types.

WHO IS THE WINNER?

If Elfrida Von Nardoff, record quiz show "winner" of \$220,500, thought she was going to have a big bank account from her once-in-a-lifetime accomplishment, she had a sad awakening.

After the tax collectors skimmed the cream from her earnings she had left about 50,000 forty-eight cent dollars. That's the price of big wars, big centralized government and piecemeal acceptance of the socialistic philosophy which saddles us with the "welfare state."

" . . . First and most essential we must know the physical realities which we face. Too long we have reckoned our resources in terms of illusion. Money, even gold, is but a metrical device. It is not the substance of wealth . . . Soil, water, minerals, vegetation, and animal life — these are the basis of our existence and the measure of our future."

Milk Prices - - -

is asking a slight price increase be paid only on that portion of his deliveries utilized in fluid milk sales, the overall increase in his price is relatively small. During this period of declining prices paid to farmers for milk, everything he buys to operate his dairy and to maintain his home has steadily increased in cost. The four distributors who have refused to pay local dairy farmers the price asked for their milk are stating that the price is too high. Ironically, it is a known fact that the milk they are importing from other states is costing them considerably more delivered to Dallas than the price asked by local dairy farmers. In addition, the consumer who buys milk distributed by these four plants is getting a product

which is considerably older, having been transported over hundreds of miles in a milk transport or a rail tank car in order to be distributed in the Dallas area. Local dairy farmers feel that the public is entitled to know when they purchase milk from a handler that the product is of the highest quality. Since all local dairy farmers produce milk under the strict health standards by the City of Dallas, there can be no question as to the quality of local milk. Imported milk comes to Dallas under certification from some distant market and is accepted on the basis of the certificate that it is Grade A. The real issue in the dispute between the opposing distributors and the Association is not price, but whether the dairy farmer has the right to price his product.

Stopover here enroute to California Saturday was a rest with noon luncheon for four Louisiana friends of the Joe Lukes. The guests were Mrs. Norman Luke's mother, Mrs. N. J. Schaefer, her daughter Cecile Schaefer, her sister Mrs. Frank Isaac and daughter Adelaide, all of Shreveport.

Final arrangements have been made by Mrs. R. D. Martin and Kathy to leave France Sept. 13, they have written friends. They'll arrive at Fort Worth airport at 8 p.m. the next day and will be met there by Mr. and Mrs. H. D. Cook. Mrs. Martin and daughter have been visiting her parents in Calais.

By way of celebrating their 32nd wedding anniversary Sunday Mr. and Mrs. Charlie Stelzer of Fort Worth spent the day here with family members and had dinner with the L. A. Bernauers.

Dinner party for the Joe Hoedebecks visiting here from San Diego was an event Sunday in the home of Mr. and Mrs. Gene Hoedebeck. Other guests were the Ray Hoedebecks and daughters Patsy and Sue of Denison, the Leo Hoedebecks and Kathy and Mr. and Mrs. Frank Krebs of Gainesville, Charlotte Hoedebeck of Denton, Mr. and Mrs. Fred Hoedebeck and Mrs. Clem Reiter.

The Hugh Jackson family of Fort Worth spent the weekend here primarily to greet their new niece and cousin, infant daughter of Mr. and Mrs. Henry Weinzapfel. They were houseguests of Dora's parents, Mr. and Mrs. J. M. Weinzapfel.

Mr. and Mrs. Ervin Hamric were in Norman, Okla., Tuesday and Wednesday seeing son Dan get settled at Oklahoma University where he is a freshman on a football scholarship.

Visiting Monica's former classmates at Douglas, Ariz., was part of the wedding trip of Mr. and Mrs. Gerald Hess. They also saw places of interest in New Mexico including Carlsbad Caverns. Since their return this week they're getting settled at their home in Gainesville after a visit with their families here.

Visiting W. T. Richter and family during the weekend were his daughters, Clara Richter of Dallas and Mr. and Mrs. Chris Jensen and son Troy of Wichita Falls. Kathleen Richter arrived Monday from Dallas to spend this week with her father. Mr. Richter was honoree at a family dinner party Wednesday night in observance of his birthday. Another daughter, Mrs. Hugo Lutkenhaus and family were hosts in their home.

Bishop's Trip Told In Word and Films To Family Members

When Mr. and Mrs. Bruno Fleitman and family and Betty Ann and Paul Danglmayr visited in Dallas Saturday with Mrs. Fleitman's brother, Bishop Augustine Danglmayr and their friends, Mr. and Mrs. Raymond Dowling, they heard about the trio's summer vacation and saw pictures taken on the trip.

The tour took the Dallasites to Oshkosh, Wis., and to Neenah and Menasha in that state, then to South Bend, Ind., where they visited and drove through Notre Dame University campus, then to upper New York, Albany, and across the Berkshire Mountains, through Massachusetts to Framingham, 30 miles from Boston for a weekend.

Then down Cape Cod past Plymouth Rock to Chatham where a grist mill dating from 1790 still grinds corn. They brought fresh ground cornmeal back with them. In these quaint surroundings they spent ten days. Seeing New York City took five days. Philadelphia, Valley Forge and Lancaster, Penna., took some more days. In Lancaster they visited friends, the Rufus Fultons, and saw many fine farms owned by the Mennonites whose largest pay crop is tobacco.

Drive through Shenandoah Valley ended at Lexington, Va., to visit Washington and Lee University campus, 207 years old. Gen. Robert E. Lee was its president at the time of his death and is buried there. Also interesting was Lee Memorial Chapel with a collection of his writing and decorations . . . also the skeleton of Lee's famous horse "Traveler."

The Dallas trio came back home through the Cumberland Mountains to Nashville, Tenn., then Memphis and on through Arkansas.

2 Couples Observe 15th Anniversary

In observance of their fifteenth wedding anniversaries, Mr. and Mrs. Frank Yosten and First Sgt. and Mrs. John Durbin of Lawton, Okla., celebrated Sunday in the Durbin home.

The celebration was a turkey dinner and all-day family reunion with gifts for the honorees and picture taking. A large decorated anniversary cake was inscribed with Pop and Mom, Johnny and Ronnie.

Joining the Yostens from here were Mr. and Mrs. Henry Yosten and four children and Mrs. Felix Yosten and four children. From Fort Worth the Ferd Yostens and their three children joined the party. Unable to be present were Felix Yosten and the Steve Mosters and son Frankie.

Birthday Surprise For Mrs. Sandmann

A surprise party greeted Mrs. Frank Sandmann at her home Wednesday night in observance of her birthday. The surprise was planned by her mother Mrs. Adam Beyer and the family was present. About 25 attended from Lindsay, Muenster and Gainesville.

Those attending brought a handsome decorated cake and homemade ice cream for refreshments after visiting and picture taking.

Enjoying the party were Mr. and Mrs. Sandmann and their children Frank Jr., Henry, Donnie and Barbara, Mrs. Adam Beyer, the Robert and Frank Beyers and their children, and the Raymond Sandmanns of Lindsay; the Ferd Luttmers and the Richard Swirczynskis and families from Muenster and Mrs. Alfred Magnenat and daughter Barbara of Gainesville.

Lindsay Hi Pupils Form Class Clubs

Lindsay High School students have organized class clubs and have elected officers for the term.

Officers of the junior-senior club are Leslie Kuhn, president, Leroy Neu, vice president; Judy Schmitz, secretary; Rosemary Bezner, treasurer.

Leslie conducted the business session and members set dues and handed out jobs for several students to take over. The Blessed Mother was chosen as the patron saint of the club. Patty Schmitz was appointed to give a spiritual report at the

next meeting.

Freshman and sophomore club held the first meeting with Henry Schroeder presiding until officers were elected and took over.

Henry Sandmann is president, Lorine Voth is vice president, Dorothy Bengfort is secretary and Michael Bezner is treasurer. Four boys volunteered to take charge of athletic equipment.

Nine-year-old Ruthie was sometimes permitted to "mind" her parents' bakery while they were busy in back of the shop. One day one of the regular customers, a pleasant old lady, came in while the little girl was in charge. "Don't you sometimes feel tempted to eat one of the cream puffs, dear?" she inquired. "Of course not," the little girl replied, shocked, "That would be stealing! I only lick them."

**St. Anne's Society
Slates Bake Sale
Saturday, Sept. 13**

At their September meeting Sunday afternoon officers of St. Anne's Society announced plans for a benefit bake sale to be held Saturday and reminded members present to contribute home made rolls, bread and pasteries for the project.

Those who are unable to contribute baked products are invited to give a cash donation to the cause.

According to plans, the sale will begin at 9:30 a.m. so that fresh baked products are available for the noon meal for those who wish to buy in the morning. The sale will resume again at 2:30 in the afternoon and will continue until everything is sold. The Variety Store will be headquarters.

During committee reports Mrs. R. R. Endres told of sending get-well cards to five sick members, and Mrs. Ted Gremminger gave highlights of the recent quarterly meeting of the Sherman Deanery NCCW. She gave excerpts of Father Gerlich's talk in which he thanked the dean-

ery NCCW for a twenty-five dollar donation which was used to provide girls at the State School in Gainesville with prayer books, rosaries and other religious articles.

Mrs. Victor Hartman, president, conducted the meeting in the presence of Father Bonaventure who was a guest and gave a brief spiritual address. About 50 members were present.

**William Wimmer is
Birthday Honoree**

The tenth birthday of William Wimmer brought a party at the home of his parents, Mr. and Mrs. Lawrence Wimmer, where 14 boy classmates helped William celebrate.

Games, gifts and refreshments made it a jolly afternoon for the youngsters.

Sisters of the honoree, Carol and Ruth Wimmer, served ice cream, birthday cake and cold drinks.

God will not seek thy race, nor will He ask thy birth. Alone He will demand of thee what hast thou done with the land that I gave thee.

—Persian Proverb.

Another Trap Needed

The wife wanted her husband to bring home another mouse-trap.

"What's the matter with the one I brought home yesterday?" Said the wife: "It's full."

"What's the matter with you?"

the irate wife demanded. "Monday you liked beans, Tuesday you liked beans, Wednesday you liked beans, now Thursday, all of a sudden, you don't like beans."

CITATION BY PUBLICATION THE STATE OF TEXAS TO: Robert M. Lindley, Defendant, Greeting: YOU ARE HEREBY COMMANDED to appear before the Honorable 16th District Court of Cooke County at the Courthouse thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 13th day of October A.D. 1958, to Plaintiff's Petition filed in said court, on the 27th day of August A.D. 1958, in this cause numbered 18394 on the docket of said court and styled Vera Lucille Lindley, Plaintiff vs. Robert M. Lindley, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: A suit for Divorce. Plaintiff alleging that defendant without provocation, left this plaintiff with the avowed intention of abandoning her; and they have since lived apart without cohabitation for a period of three years, as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Issued and given under my hand and the seal of said court at Gainesville, Texas, this 27th day of August A.D. 1958. (SEAL) Attest: Woodrow U. Clegg, Clerk, 16th District Court Cooke County, Texas By Anna Mae Shorter, Deputy (41-42-43-44)

DAFFY DEFINITIONS Boy — noise with some dirt on it.

Hobby — a kind of hard work you would be ashamed to do for a living. Propaganda — the other side's case. Thrift — a wonderful virtue, especially in an ancestor.

No Monopoly "Now, children," explained the art teacher, "you see here that an artist can — with a single stroke of the brush — change a smiling face into one that's frowning." "Shucks!" remarked little Johnny scornfully, "my mom can do that, too."

Angels and Stockings The young artist had just finished his first painting, a group of angels, and invited an art critic to assay it. The critic looked at it, then said, "Tell me, why did you put stockings on the angels? Did you ever see an angel with stockings on?" "No," replied the artist angrily, "but did you ever see any without stockings?"

I like to see a man proud of the place in which he lives, and so live that the place will be proud of him. — Abraham Lincoln

Blessed Events

It's a girl was good news for Angeline and Raymond Barnhill on Wednesday, Sept. 10, when a baby sister arrived for their three little boys at 6:20 p.m. at Muenster Clinic. The eight pound 13 ounce newcomer is the granddaughter of Mr. and Mrs. E. S. Barnhill of Saint Jo and Mr. and Mrs. John Grewing of Muenster.

Mary Lou Hoedebeck, fifth child of Mr. and Mrs. Gene Hoedebeck, was born Monday, Sept. 8, 10 p.m. at Gainesville Sanitarium weighing seven pounds ten ounces. She's a sister for Linda, Paul, Terry and Peggy and granddaughter of Mr. and Mrs. Fred Hoedebeck, Muenster, and Mrs. Joe Sanchez, Alva, Okla.

A baby girl, fourth child of Mr. and Mrs. Robert Bayer, arrived 4:55 a.m. Sunday, Sept. 7, at Gainesville Sanitarium weighing seven pounds 11 1/2 ounces. Sisters are Dolores and Carolyn and brother is Carl. Mr. and Mrs. H. J. Fuhrman and Mrs. Gertrude Bayer are the grandparents and Mrs. Joe Walterscheid is great-grandmother.

Rejoicing over the arrival of their daughter are Mr. and Mrs. Martin Klement and 4-year-old Karl. The eight pound baby sister joined the family Sept. 6

when she was two weeks old. Her birth date is Aug. 22. She's a granddaughter for Mr. and Mrs. Joe Haverkamp of Gainesville and Mr. and Mrs. John B. Klement and has a great-grandmother, Mrs. Mary Berend of Gainesville. The little girl has been named Karlyn Kay and will be christened Sunday. Mr. and Mrs. Ed Klement will be godparents for their niece.

Sharon, Judy, Jimmy and Karen announce the birth of their baby brother Mark in Fort Worth at 11:44 a.m. Monday, Sept. 8. Happy parents are Mr. and Mrs. Keith Tompkins, former Muenster residents. Welcoming another grandchild are Mr. and Mrs. John Tompkins of Ringgold and Mr. and Mrs. Victor Hartman of Muenster.

From Byran comes announcement of the birth of a daughter to former Muensterites Mr. and Mrs. John Aytes. She arrived Sept. 1 to be a playmate for sister Mona. Grandparents are Messrs. and Mmes. Arthur Hellman and Cecil Aytes. Counting another great-grandchild are Messrs. and Mmes. Joe Otto and G. H. Hellman.

Hornets Lose - - -

The Hornets proceeded to dominate the third quarter and score their only TD of the evening. Two first downs gained 26 to the Hornet 46 where the drive played out and the Hornets kicked. Four plays later Pilot Point's kicker was swamped after a bad pass from center and Muenster was on the Cat's 25. Again they failed to gain, but alert defense gave them possession after recovering a Pointer fumble on the 13. Two attempts from there lost ground and the next was a nice heave from Harris to Doug Hellman just inches short of a first down. Otto reached the 1 on a power plunge and then went over for the only Hornet TD.

The fourth period was another for the visitors. Following a short kickoff Pilot Point advanced to the 23 before losing on downs. Muenster failed to gain and kicked back to midfield from where Dane got off on another nice sprint that reached the 8. McKinney finished the job on the next play and Hollar passed to Whitley for two extra points.

An interception stopped a desperate passing attack by the Hornets in the closing minutes and the Bearcats were in charge as time ran out.

Lindsay News

Sister Josephine Elise, daughter of the Joe Bengforts, is teaching in Schulerberg this year in St. Rose School. Sister Cordula is teaching at St. Mary's School at Frydek out of Sealy, and Sister Henry Ann Fuhrmann is on the staff at Madonna Hospital in Denison.

Christie Herda and Mrs. Sophie Stoffels drove to Muenster Sunday afternoon for a visit with friends.

Mr. and Mrs. Frank E. Schmidkofer of Hanford, Calif., have moved to a new address in that city and want their friends to know about it. They're at 809 N. Harris now.

Eye Injury Causes William Flusche to Enter College Late

An accident cancelled plans the Bill Flusches of Lindsay had to take their son William to A&M College during the weekend. And a serious eye injury will prevent William from beginning classes as a freshman on a scholarship when the term opens.

William was dismissed from Gainesville Sanitarium Sunday after four days of hospitalization to continue recovery at home.

The accident, which may leave vision in his right eye impaired, happened at the Flusche home in the yard when a cow stepped on the end of a loose board and caused the board to rise up and hit William in the face, shattering his glasses and driving glass particles into his eye. He had surgery at the Sanitarium and the injury is still bandaged. By the end of this week the bandages will be removed and then the extent of injury to his vision, if any, will be determined.

Mass and Reception Observe Fuhrmanns' Silver Anniversary

Twenty-fifth wedding anniversary of Mr. and Mrs. Adolph Fuhrman of Lindsay was observed Saturday with mass and renewal of nuptial vows in St. Peter's Church at 5 p.m. followed by a reception and dinner at the Fuhrman home. About 100 relatives and friends attended.

Father Alcuin Kubis officiated at the mass and vow ceremony. Lighting the candles and serving mass were the honor couple's sons Michael and Ronnie. Mrs. W. J. Schmitz, organist, and the church choir provided the music. Mrs. Fuhrman wore a changeable blue-gold brocaded taffeta dress and a white mum corsage. Her sister Anne, Mrs. William R. Bump of Arlington, who was maid of honor at the wedding in 1933, was present for the celebration. Best man at that time was Nicholas Wagner of Bode, Iowa, who has since died. Spacious lawn at the Fuhrman home was the scene of dinner and pictures were made.

Amanda Kupper and Adolph Fuhrman were married in Lindsay Sept. 6, 1933, and lived in Bode, Iowa for the next 12 years, then returned to Cooke County to live in Gainesville two years before settling in Lindsay where they are at home for the past 11 years. Their four children are Robert, Marjorie Rose, Michael and Ronnie.

Among guests at the anniversary celebration in addition to those from Lindsay, Gainesville and Muenster were Mr. and Mrs. Andrew Kupper and son Andy of Kaufman, Mr. and Mrs. Bob Kupper and family of Marlin and Mr. and Mrs. William R. Bump and three children of Arlington.

Sunday all the Kupper relationship returned to the Fuhrman home to help Mrs. Fuhrman celebrate her birthday with a dinner party.

Birthday Reunion Fetes Mrs. Bezner

Members of Mrs. Joe Bezner's family helped her celebrate her 71st birthday Sunday with an outing and picnic dinner at Leonard Park.

Together with their mother for the day were Mr. and Mrs. Leo Cutaia and daughters Margaret and Carol, their son Freddie, his wife and five-month-old Larry on leave from Navy duty in Florida, the Bob Youngs and Jimmy, the Bob Bezners and children Debbie and Stevie, Mrs. Isabel Galvan and Al Bezner all of Dallas, the Joe Bezner Jr. family and the Bruno Zimmerer family.

Final Rites Held For Aged Mother Of Herb McDaniel

Mrs. Effie Mae McDaniel, 77, mother of Herbert McDaniel of Muenster, died at 9:15 p.m. Monday in a Gainesville rest home following an illness. For several years she made her home here with her son.

Funeral services were conducted Wednesday afternoon at 2:30 in the George J. Carroll and Son Funeral Chapel with Rev. C. M. Thomas, Baptist minister, officiating.

Mrs. McDaniel was born Feb. 6, 1881, in Kansas. Her husband E. L. McDaniel died in 1940.

Surviving are two daughters, Mrs. Ruby Samek of Hood and Mrs. D. J. Turnham of Gainesville; two sons, A. L. McDaniel of Sanitarium and Herbert McDaniel of Muenster, 14 grandchildren and 25 great-grandchildren.

CARD OF THANKS

We gratefully acknowledge every kindness and consideration during the illness and at the death of our mother, Mrs. Effie Mae McDaniel.

The Family

Seniors of Sacred Heart High are proudly displaying their new class rings this week.

Lou Rena and Mitchell Wolf are expected home this weekend from Houston to be among guests attending the wedding of their cousin Ernest Wolf and Beatrice Zimmerer.

Supper Observes Anniversaries of Bank and Myricks

Dr. T. S. Myrick who has rounded out 25 years of medical practice and community leadership in Muenster, and his wife who has been closely associated with him professionally and in civic service, were honor guests at a delightful gathering Saturday night when Muenster State Bank gave the Myricks a party at City Park.

Doctor Myrick has been a director of the bank since 1942 and almost everybody connected with the bank was present, for a total of about 50.

As J. M. Weinzapfel, president, noted in his after dinner talk, the bank this year is observing its 35th anniversary of community service, and the celebration was also honoring the bank's personnel since the anniversary date in July had not been observed with a party.

In that connection Mr. Weinzapfel introduced the bank's directors and G. H. Hellman, oldest member of the board and one of the original directors, responded. After that others present expressed brief, informal tributes to the Myricks and the bank. An anniversary gift to the Myricks is a crystal basket — which Mrs. Myrick looks forward to displaying with an arrangement in the Civic League and Garden Club's fall flower show.

When guests arrived at the party scene about 7 p.m. they were greeted with the smell of charcoal broiled steaks. Three grills, with Herbert Meurer, J. W. and Earl Fisher at the controls produced luscious thick steaks for the meal served at tables under the trees. Mrs. Ted Gremminger who helped cater brought foil-wrapped baked potatoes, salads, relishes and baked beans. Coffee was cooked at the picnic site.

Both Doctor and Mrs. Myrick said a few words in addition to their thanks for the party and the gift.

With them at the gathering were their son John and his wife and children Carol and Tommy of Houston, their daughter Pauline and her husband, the Pat Stelzers of Commerce, and son Jim who is still at home and a student at Muenster High. Unable to join the family were the Myricks' daughter Margaret, Mrs. Arthur Bordeau and her husband and their daughter Paula Jean of Galveston.

enough to understand that it also has the best possibility of preventing war. Force is the only thing the communists respect. It is the only way to stop their incessant conquest.

The one important fact to bear in mind is that up to now time has been on the side of the reds, and only because our conciliatory Munich policy has permitted them to gobble up one country after another. It's high time for an ultimatum. If the reds retreat, that's fine. If they choose to fight, well our chances are better now than after the reds are allowed to expand their power still farther.
