Hornets Face Hard Contest in Opener With Pilot Point

Lots of action and stout competition is practically assured Friday night when the Muenster Hornets and Pilot Point Bearcats clash in the '58 season opener at 8 o'clock on the MHS field.

As Coach Boze Ansley appraised the situation Wednesday, the game should be good, and neither team can be rated as a favorite.

One fact commanding Ansley's sincere respect is the showing made by the Pointers in two scrimmages with Era, which incidentally, has lost very few players from a strong 1957 team. Those tests leave Ansley with little doubt that the visitors will give his boys a real tussle.

At the same time he has increasing confidence in his own boys. Heavier than in past years, but also less experienced, they have made fine progress during their long practice sessions of the past two weeks. They have also made a creditable showing in scrimmages with Sacred Heart and Whitesboro.

Team statistics released by the two coaches definitely favor the Hornets for Saturday. They have a clear advantage in weight. But not shown in the figures is the fact that more than half of the players are unfamiliar with their positions. Jim Myrick and Kenny Klement are the only lettermen back in the line. Of four lettermen in the backfield, three are at their old positions but the quarterback, Doug Hellman, formerly played end. Still another problem was an injury to Doug in scrimmage. According to his rate of recovery so far, he may not be in the game Friday. In that case Dolphy Hellman will get the quarterback assignment.

Rugged Games and Early Homecoming On MHS Schedule

A rough and tough schedule, with not an easy game in the lot, faces the Muenster High football team this year. In rapid succession they'll meet a Class A team, rookies for a 4-A team and two top notch B teams before settling down on a rugged conference schedule, which features stronger than usual teams with a strong urge to annihilate the defending champs.

A few other features about the schedule are the favorable 6-4 division of home and away-from-home games, three Saturday contests, and an early homecoming.

Even the football trips will be fairly easy, except the long drive to Newcastle. The other three are short . . . to Sanger, Valley View and Saint Jo.

Saturday games are the result of cooperation with Sacred Heart. To avoid conflict both teams changed dates on their schedules.

Three reasons are given for selecting the early homecoming date. First and most important is more pleasant weather earlier in the season. Next, Era is an old favorite as a homecoming opponent. Finally Saturday night is more satisfactory than Friday for the ex-student party following the game.

The list of games is as follows: Sept. 5, Pilot Point, here Sept. 13, Wichita Rowdies, here Sept. 20, V. View Warriors, here Sept. 26, Newcastle, there Oct. 4, Era, here (homecoming) Oct. 10, Sanger, there Oct. 17, Alvord, here Oct. 24, V. View Eagles, there Oct. 31, Callisburg, here Nov. 14, Saint Jo, there

Knights Plan Event For Patron's Feast

Columbus Day will be observed by Muenster Knights of Columbus with an appropriate program of some kind but details still have to be worked out by a committee.

At their meeting Wednesday night the members decided in favor of a group communion and also a get-together, with eats, for members and their ladies. The committee's job will be to decide the time for the group communion, also the time and menu for the meal.

Sister M. Fides, 82, Former Teacher at Sacred Heart, Dies

The long and venerable career of Sister Mary Fides, fondly remembered here as the teacher of almost a full generation of Muenster children, came to an end on August 23, when she passed away quietly in the Benedictine Convent in Jonesboro, Ark. News of her death, and her burial on August 25, was received by the local sisters this week. She was 82 years old and had spent 54 years in religious life.

A native of Switzerland, Sister Fides came to America in 1904 in order to enter the convent at Jonesboro. She took her final vows in 1907. She taught here for about 15 years leaving in the mid twenties. After that she taught in Arkansas until about 12 years ago when she retired at the convent.

Nine Home Games On Tiger Schedule

Fans of the Sacred Heart football team never had it so convenient to attend games as this year, and probably will never find it so convenient again.

Nine of the ten scheduled games will be played on the Tiger field. The other dated for Nov. 26, will be played at St. Mark's in Dallas.

Only two of the games will be with opponents of the Southwest Academic League. They are Lanier and Waco Catholic High. Buckner Home of Dallas, a former member of the loop has dropped out.

Favored for homecoming this year is the Ladonia game on Oct. 3. It was picked because better weather is expected early in the season.

The list of games, as submitted by Coach Petrus, is as follows:

- Sept. 12, Windthorst, here
- Sept. 19, Ryan, Okla., here
- Sept. 26, St. Mark's at Dallas
- Oct. 3, Ladonia, here
- Oct. 9, Sherman B, here
- Oct. 16, Jesuit B, here
- Oct. 24, Waco Catholic, here
- Nov. 1, Lanier, here
- Nov. 7, Gainesville B, here
- Nov. 13, Greenhill, here

NEWS OF SICK AND INJURED

Joe Endres who has been a patient at McKinney VA Hospital since last November was this week transferred to Lisbon VA Hospital for further treatment. His new address is: Lisbon V.A. Hospital, 4-N-423, Dallas, Texas.

August Walterscheid has been dismissed from Veterans Hospital in McKinney following two weeks of medical care and observation. Mr. and Mrs. Norbert Koesler and Mrs. Walterscheid drove to McKinney and brought him home Saturday.

Kenny Schumacher of Gainesville, 3-year-old grandson of Mr. and Mrs. Ted Gremminger, has his right arm in a cast since Tuesday when he fell during play and broke his arm at the wrist.

Denis Koesler and his family, the Norbert Koeslers, enjoyed a telephone visit Sunday. Denis is continuing his stay at the Gonzales Warm Springs Foundation where he has been for the past eight weeks. He told about starting school there this week and other interesting bits of happenings at the Foundation. . . . says he isn't homesick and is "feeling fine." He also said to tell all his friends hello.

Timmy Pettigrew, 4, grandson of Mr. and Mrs. John Herr, and son of Mr. and Mrs. Q. D. Pettigrew of Kaufman, has recovered from eye surgery performed in Dallas last Thursday. He was hospitalized two days.

Denis Hess, 12, was at Baylor Hospital last weekend for plastic surgery. His parents, Mr. and Mrs. Arnie Hess, took him to Dallas Friday and brought him back home Saturday.

After spending a week at Gainesville Sanitarium for medical care, Mrs. R. M. Felty of Hood was moved Sunday to the home of her daughter and son-in-law, Mr. and Mrs. M. H. King here, to continue recovery. She'll be at the King home indefinitely, until she is strong enough to do her own household work.

Diesel Locomotive Has Firemen Busy On Right-of-Way

Friday was a big day for Firemen Joe and Earl Fisher. After spending most of the morning dousing a series of fires in the wake of a locomotive, they moved to a king sized grass fire in the Freemound area.

Their day started with a call for help from Oscar Walter. It was a grass fire beside the Katy right of way and was discovered shortly after a west-bound freight train had passed. A group of neighbors was on the job when they arrived and together they had the fire under control in a hurry.

By the time they returned to town the report of another grass fire was waiting for them. It was at Koelzer's, also near the railroad tracks.

From there on the two firemen needed only to look up the track to see more action waiting for them. And each time they moved forward they saw more fire. From Koelzer's they proceeded up the right of way (Continued on Page 2)

Home-School Group Organizes for Term

Organizational work, change of monthly meeting date, and discussion of projects occupied members of the Sacred Heart Home-School Society at their first meeting of the current scholastic term. Officers elected at the close of last year's term assumed their duties.

Charles Taylor, new president, presided in the presence of Father Christopher, the faculty and a great number of parents. Mrs. Edd McGannon served as temporary secretary. An appointment to fill the vacancy created by Mrs. Tony Koesler's resignation will be announced at the next meeting.

Projects chairmen, now being lined up, will also be listed at the next session. First finance activity agreed on is the sale of Catholic art calendars. Mrs. Dick Trachta and Mrs. Urban Endres accepted chairmanship of this undertaking.

Regular meeting date for the society this school year will be on the last Tuesday of each month at 8:15 p.m. Previous meeting time was the last Monday of the month.

As an entertainment feature Miss Betty Corn presented several vocal selections, playing her own piano accompaniment.

Dr. T. S. Myrick Completes 25 Years of Community Service and Leadership

Twenty five years ago, on September 2, 1933, few if any people in Muenster realized that the arrival of a pleasant young couple and their infant son was a significant event in the history of their community.

To them it meant only that a new doctor was here, willing to try his hand at a job that had been discouraging to a few doctors before him. It was a wait and see situation. Maybe they would like him, maybe not. Perhaps he would stay and continue giving them the advantages and conveniences of a resident doctor, perhaps he would look for greener pastures.

Actually Dr. T. S. Myrick had his first look at Muenster early in August, 1933. He decided to try it, then returned to Weatherford to await the birth of his first child, on August 19. After that he set up his home and office here before bringing back his wife and little Johnny. To the delight of all the community, it was not long until the arrangement was regarded as mutually satisfactory to all concerned. The Myricks liked Muenster and Muenster liked them. Doc enjoyed the friendship and confidence of all who came to see him. Meanwhile he and Mrs. Myrick were also taking their part in civic and social life. In just a few months it was apparent that they were here to stay.

During the quarter century since then Dr. and Mrs. Myrick have had a vital part in the development of Muenster. They have done far more than their part in the city's growth from a population of about 400 to over 1200.

Looking back over those years, Doc recalls gratefully that the arrangement has been far from one sided. He prefers to emphasize that Muenster has done a great deal for him and his family, that it has given them an interesting, pleasant and comfortable living. Those in the know, however, realize that this is a typical un- (Continued on Page 8)

Garden Club Starts Year Monday With Flower Workshop

Muenster Civic League and Garden Club will meet Monday night at 8 o'clock with Mrs. Nick Miller and Mrs. Edd McGannon as hostesses at the Miller home where, the weather permitting, the meeting will be held in the outdoor living room.

After being adjourned during the summer months the club will re-convene with a program on "Staging a Flower Show" in preparation for the organization's annual show to be held in November. A workshop on the subject will be conducted by Mrs. Joe Luke.

Members are invited to come hungry. The evening will begin with refreshments, the hostesses announced.

Louis Steinberger 15 Year Resident Dies Here Friday

Louis Steinberger, 88, who moved to Muenster from Windthorst 15 years ago, died late last Friday night at his home after an extended period of failing health but only one day of serious illness.

Funeral services with requiem high mass were held in Sacred Heart Church Monday at 9 a.m., the Rev. Christopher Paladino officiating and delivering the funeral sermon. Burial was in Sacred Heart Cemetery with Nick Miller directing.

Bearers were three grandsons James, Howard and George Mollenkopf Jr. and three nephews Fred and Louis Schroeder and Fred Steinberger of Windthorst.

Rosary services at the Miller Funeral Home chapel were conducted Saturday at 4 and 8 p.m. and Sunday at 3, 4 and 8 o'clock. Mr. Steinberger was a member of the Knights of Columbus, the parish St. Joseph's Society and the Third Order of St. Francis.

A native of Germany, Louis Steinberger was born in Freishein-Bayern, and came to America at the age of 13 with his parents. They settled in Wisconsin. Eight years later they moved to Windthorst and he lived there until he came to Muenster. He was a retired farmer. In 1909 he married a Windthorst girl, Miss Catherine Schroeder.

Surviving are his wife, a son, Albert Steinberger of Roundup, Mont.; two daughters, Mrs. George Mollenkopf of Muenster and Mrs. L. V. Henry Jr. of Gainesville; a brother, Bartle Steinberger of Canyon; six grandchildren and four great-grandchildren.

Attending the funeral were Albert Steinberger of Montana, a cousin Tom Steinberger of Wamego, Kansas, and Messrs. and Mmes. Fred Steinberger, Fred and Louis Schroeder and Richard Schroeder, all of Windthorst.

Safety Inspections Start September 1

September 1 marked the beginning of a new motor vehicle inspection period for more than four million vehicle owners in Texas, according to the Texas Department of Public Safety.

Inspection stations throughout the state have opened their doors for the inspection period that runs through April 15, 1959. There are more than 4300 stations in the state which have been authorized to check automobiles and trucks.

In announcing the opening date, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, suggested that Texas residents have their trucks and automobiles inspected at the beginning of the period. This, he said, would save motorists considerable time and inconvenience annually accompanying long waiting lines at the inspection deadline.

Schools Add 10; Revised Total: 685

Add 10 to the original enrollment figures at the two Muenster schools. Late registrations have boosted the total from 675 to 685, according to reports this week from both places. This represents a gain of 11 over last year's revised count.

Four of the late arrivals entered Sacred Heart Elementary, two entered Sacred Heart High and four entered the Public School Elementary. Accordingly the present count is 395 in the grades and 105 in high school at Sacred Heart, 94 in the grades and 91 in high school at the public school.

Among the Labor Day statements made last Monday by union and political big shots, one important point was conspicuously absent. That is the inflationary effect of the constant demands for more wages and fringe benefits.

Labor leaders boasted about all the benefits they have secured for the working people and some more they expect to get in the future. The politicians talked in generalities about corrupt practices that have been exposed but avoided recommending the legislative remedies that would clear up the mess.

President Eisenhower was in line with the rest of them. He said "The members of employer and employee organizations have the right to demand from their leaders and administrators complete honesty, integrity, trustworthiness and loyalty." But he did not demand legislation to really crack down on the men who violate those standards.

It was the usual Labor Day oratory. A lot of lip service to the working man without mention of the losses he has to take with the highly publicized benefits.

Every general wage increase in a major industry is followed by price increases. Usually it takes a while for prices to catch up with the higher wages, and during that brief period the worker derives some actual benefit from his raise. However, when the inflation spiral catches up with him he's back to the same old ratio. His pay check buys about the same as it did before.

Meanwhile his savings have taken a beating. Insurance, bonds and bank accounts have shrunk in value. The worker who was promised increased benefits discovers that the combined purchasing power of past savings and present income is actually smaller than it used to be.

Even more unfortunate are those millions of other people who do not share in the benefits of wage increases before prices go up. Some are on a fixed salary, some are on social security, some are on wage scales that go up after rather than before the price increases. People like this are two way losers. Wage increases received by the other workers shrink not only their savings but also their current incomes.

It is regrettable that this phase of the nation's economic problem gets so little attention in Labor Day comments. If the holiday is dedicated to the dignity and welfare of working men it seems only proper that we should show concern for all workers, also that we should consider their savings as well as their income.

It's high time for some new thinking in this regard. We need labor leaders and statesmen who will insist that labor's share of industrial progress should be applied to a worker's savings as well as to his current income. That can be done by cooperative effort in lowering production cost and passing on the benefit in the form of lower prices.

It is obvious, of course, that many problems are involved in making such changes, but when we consider the principle we realize that it should be done. Our present method penalizes thrift. It's un-economic, un-ethical and un-American.

In these days everybody is painfully aware of how our government is goofing off billions of dollars of the country's hard earned tax money, but few of us realize just how much is being spent in comparison with other times. Well, here's a bit of jarring information along that line as compiled by the United States Chamber of Commerce.

In 156 years of our history, from George Washington's administration up to and including F. D. Roosevelt's, the federal government collected a total of 244 billion dollars from the people.

Then came Harry Truman's administration, which, in less than eight years, tapped the American taxpayers for \$342 billion . . . almost \$100 billion more than in the previous 156 years.

But the real champ among the tax collectors is President Eisenhower. During his five and a half years in office he has collected \$373 billion from us taxpayers. If he keeps going at that rate he will have collected a grand total of over 542 billion by the time his administration ends. Just think of it! That (Continued on Page 8)

Monica Fette Bride Of Gerald Hess in Evening Ceremony

—Herbert Fette Photo

Sacred Heart Church was the scene for the exchange of wedding vows by Monica Fette, daughter of Mr. and Mrs. Emmet Fette, and Gerald Hess, son of Mr. and Mrs. Gary Hess, on August 30 in a 5:30 p.m. ceremony.

Rev. Christopher Paladino officiated at the nuptial high mass and performed the ring ceremony.

Monica was a lovely bride in a floor-length dress of white Chantilly lace and nylon tulle over satin. It was designed with a high stand-up collar, long tapered sleeves and a wide skirt over crinolines. Hand clipped tulle medallions adorned the tulle overskirt which was enhanced by front lace panels and had tiers of lace and tulle ruffles at the back for a sweep effect. Her fingertip veil was caught to a headpiece of lace sprinkled with seed pearls and her flowers were yellow rose buds atop a bride's prayerbook. She was given in marriage by her father.

LaVerna Hess of Fort Worth, sister of the groom, was maid of honor wearing a waltz length dress of aqua silk organza over taffeta with matching headpiece and shoulder length veil. She carried a colonial arrangement of yellow rose buds.

Milton Fette, brother of the bride, was best man.

Anthony Luke, organist, and members of the choir presented the wedding music. After mass Joaline Mollenkopf sang "Mother at Your Feet" while Monica placed a bouquet of yellow carnations on the Blessed Virgin's altar.

Jim Myrick and Sonny Walterscheid of Dallas were ushers. A reception followed in the parish hall and some 200 relatives and friends were guests for a buffet supper catered by Mrs. Joe Lehnertz.

A dance in the VFW hall concluded the wedding celebration and Gerald and Monica left on a honeymoon trip not revealing their destination. When they return they will live in Gainesville at 606 N. Clements St. For traveling she wore a floral print chemise with plastic shoes and bag and the corsage from her wedding.

Janie Kubis of Lindsay and Janie Hesse registered the wedding guests. These included the Joe Schroeders and Karolyn, Patsy and Donnie and the Richard Schroeders and Denise all of Windthorst, Mr. and Mrs. Frank Evans of Pilot Point, Della Fette, Jeanette Haverkamp and Loretta Mages of Dallas, Jerry Fette of Waco, Donald Bayer of Crockett

Coffee is Courtesy For Austin Visitor

A morning coffee Wednesday was a courtesy for Mrs. A. H. Richter visiting here from Austin this week. Mrs. Henry Fette entertained in her home for her long-time friend and twenty other old friends of the honoree were present.

The party room was festive with arrangements of white zinnias, periwinkles and varicolored zinnias and Mrs. Richter was presented a white carnation corsage.

Assisting Mrs. Fette with hostess duties were her daughter Mrs. Joe Voth who poured coffee and her daughters-in-law, Mmes. R. N., Emmet and Joe Fette.

Blessed Events

It's a daughter for Mr. and Mrs. Henry Weinzapfel and a sister for Ronnie. The five and a half pound baby girl arrived at Muenster Clinic Wednesday, Aug. 3, at 6:30 a.m. Others happy over her arrival are her grandparents the J. M. Weinzapfels and the Arthur Hellmans and her great-grandparents, the G. H. Hellmans and the Joe Ottos.

Sending out birth announcements are Airman First Class and Mrs. Antonio M. Chantre of West Palm Beach, Fla., who are parents of a daughter, a sister for Anita. The new arrival weighed in at six pounds seven ounces and has been named Gwendolyn Cecile. Others welcoming baby Gwen are her grandparents Mr. and Mrs. John Streng and her great-grandmother Mrs. Mathilda Wimmer, all of Muenster. Mrs. Chantre is remembered as the former Frances Streng.

SHH Elects Class Officers and Cheer Leaders for Term

Classes at Sacred Heart High have organized for the new term and students have elected officers. The group has also chosen cheer leaders for the pep squad.

Seniors, with Sister Patricia as class sponsor, are headed by Roy Swirczynski as president. Other officers are Mary Catherine Walterscheid, vice president; Ruth Endres, secretary; Gene Eberhart, treasurer.

Sister Barbara is sponsor for the junior class and officers are President Eunice Knauf, Vice President Herbie Cunningham, Secretary Len Haverkamp, Treasurer James Hesse.

Sophomores, sponsored by Sister Theresina, chose the following class officers: Teddy Miller, president; Roger Taylor, vice president; Jane Endres, secretary, Betty Ann Dangelmayr, treasurer.

Patsy Endres is president of the freshman class, Paul Dangelmayr is vice president, Bobby Pels is secretary, and Kathleen McGannon is treasurer. Miss Betty Corn is class sponsor.

Heading the pep squad as cheer leaders are Joaline Mollenkopf, Joanie Herr, JoAnn Hess, Janie Hesse and Jane Endres.

and Mrs. A. H. Richter of Austin.

Among wedding guests were the couple's grandparents, Messrs. and Mmes. Henry Fette, Paul Arendt of Lindsay and John Knabe. They, like the couple's parents, wore white carnation corsages and boutonnières.

Grass Fires - - -

to fires at the Alfred Bayer, Al Schmitt and Henry Pels farms. In the bargain they doused one on the right of way adjoining T. Miller's farm. Landowners and neighbors along the way also helped on the fires.

Fortunately their job ran out by that time, even though the fires did not. Saint Jo firemen had taken over on the Starke and Meador farms and also followed the locomotive westward.

Back home Joe and Earl had just finished cleaning up when they were asked to help on a big grass fire that cleared off about 500 acres on the Wilson, Sicking and Dangelmayr places southwest of town. On that fire too Saint Jo firemen were asked to help. Also helping were friends and neighbors with stock spraying equipment. Embers blown from a wash kettle fire started the trouble.

After about four hours there the Fishers returned to town, and minutes later other firemen took the truck to North Main for a trash fire that threatened to get out of control.

More fire along the right of way brought the local firemen out again about 6:30 Tuesday. Bruno Zimmerer, east of Myra, called for help after the big diesel locomotive had roared past belching glowing bits of carbon from its exhaust pipe. Finishing that job they answered a call from Oscar Walter, but were too late to help. This blaze finished the destruction that had been started Friday on the 30 acre pasture.

H. P. Hennigans Have All-Family Reunion

Five days of family reunion was on the calendar for members of the H. P. Hennigan clan when the couple's children and grandchildren gathered in Albuquerque, N.M., last week. Among visitors were Mr. and Mrs. Pat Hennigan and their five children of Muenster.

The get-together was a courtesy for Sister Benedict, the former Alma Hennigan, who had just pronounced her final vows at Nerinx, Ky., and had a short vacation before going to Chicago to teach.

Others at the family home for the happy occasion were Mr. and Mrs. William Neil (Theresa Hennigan) and their son of Torrance, Calif., Mrs. Edward Baca (Rita Hennigan) of Santa Fe, N.M., Mr. and Mrs. Marvin McCopin (Mary Nell Hennigan) and their two children who had been living in Albuquerque but who this week moved to Los Angeles, Calif., Mr. and Mrs. Andy Johnson (Rose Hennigan), Mr. and Mrs. Benny Montoya (Martha Hennigan) and son and Mr. and Mrs. Frank Hennigan and family, all of Albuquerque. The Pat Hennigans were away eight days. They enjoyed a side trip to Carlsbad Caverns

Fette-Bayer Rites Set for October 4

Mr. and Mrs. Joe Fette have announced the engagement and approaching marriage of their daughter Della to Donald Bayer, son of Mr. and Mrs. Martin Bayer.

October 4 has been selected as the wedding date. The couple will exchange their vows during nuptial mass in Sacred Heart Church at 10 o'clock in the morning.

Attendants will be Della's sister Mrs. Dan Haverkamp, matron of honor, and Donald's cousin Wilfred Klement, best man. Patsy Bayer will be bridesmaid in her brother's wedding and Jerry Klement will be groomsman.

After their marriage the couple will make their home in Crockett where he is assistant county agent for Houston County.

Since her graduation from Sacred Heart High in 1957 and beauty school in Dallas, Della is employed in that city. Donald was graduated from Sacred Heart High and from A&M College.

MHS Senior Class Organizes, Elects

Senior class at Muenster High lost no time this term getting organized, electing class officers, and planning class projects. Booked on the senior calendar is one project a month as a class benefit.

First class project, this one a boys' venture, was a Labor Day car wash party.

Officers for the 1959 graduates are Margie Flusche, president; Kathy Pagel, vice president; Judy Cain, treasurer; Billy Otto, secretary.

The Joe Hoenigs had as guests for the day Tuesday their son and family, the Rupert Hoenigs of Dallas.

Gift Party Honors Georgia Ann Owen

A miscellaneous gift shower complimented Georgia Ann Owen, bride-elect, Sunday afternoon when Mrs. Albert Henschel, Mrs. Alfons Pautler and Mrs. Herbert Cunningham were hostesses for a come-and-go party in the Cunningham home.

Georgia Ann, employed in Fort Worth, and Jerry Henschel, employed in Dallas, will be married here Saturday, Sept. 13, in Sacred Heart Church. Both were here for the holiday weekend with their families Messrs. and Mmes. Ray Owen and Leo Henschel.

About 25 guests attended the shower. They were registered by the honoree's sister, Mrs. Jim Hermes of Lindsay. The hostesses presented Georgia Ann a white carnation corsage and served punch and cake.

150 Attend Hogan Reunion in Bowie

More than 150 members of the J. S. Hogan clan gathered in Bowie at the park Sunday for the annual family reunion. Among them were the Dick Cains and their children. Old friends and neighbors joined in the party which featured a covered dish picnic dinner.

Family members were present from Lovington, N. M., Lubbock, Amarillo, Wichita Falls, Fort Worth and Lawton, Okla., in addition to nearby towns.

Parents Mr. and Mrs. J. S. Hogan came to Muenster with the Cains to visit until Tuesday morning. Other guests Sunday night and Monday were Mrs. Cain's sister and family, the Lloyd Hefners and Holly Gail of Amarillo.

NOTE OF APPRECIATION

The Olivetan Benedictine Sisters wish to express their sincerest thanks for the friendly reception accorded them on their return and for the bountiful shower Sunday evening. It was a pleasure to meet so many friends and benefactors who will share daily in the humble prayers of the ever grateful, Benedictine Sisters

Family Reunion

Sunday at city park the Frank Herr family had a reunion with a picnic dinner at noon and a splash party in the afternoon. Enjoying the outing with Mr. and Mrs. Herr were Mr. and Mrs. Melvin Herr and daughters Tina and Kathy of Lubbock, the Ronnie Herrs and daughter Donna of Wichita Falls, Charlie and Joanie Herr and the Denis Walterscheids and family. The Ronnie Herrs left Monday and the Melvin Herrs returned home Wednesday. Charlie Herr accompanied them to make arrangements to enter Texas Tech. Naval Airman Tommy Herr who had a holiday weekend leave was with the family until about noon Sunday when he had to leave to return to Memphis, Tenn.

Tuckers Not Hurt In Auto Accident

A car collision and a check-up in Parkland Hospital at Dallas temporarily put a damper on the spirits of Mr. and Mrs. John Tucker of Houston who came to Muenster for a five-day visit with their daughter and family, the Joe Tempels.

Enroute here last Wednesday the Tuckers and their grandson Mike Reece escaped injury in an automobile accident which heavily damaged their new '58 model car. They were taken to the hospital and after examination were released that night. Mrs. Tucker's sister from Arlington, Mrs. S. K. Sampson, met them and took them to her home for a visit until the following day when she brought them to Muenster.

The Tucker's daughter, Mrs. Marie Reece and their son, Sonny Tucker joined them here for the weekend.

An outing at Lake Texoma Sunday was a bit of a family reunion for the visitors and provided much fun for the group. That evening all the relatives from Cooke County got together for a jolly gathering in the home of Mrs. Tucker's parents, Mr. and Mrs. Sam Epps at Myra where they had supper before the Houston group started their trip home.

Reunion Party for Hereford Visitors

Mr. and Mrs. Frank Walterscheid, their son Kenneth, his fiancée Lee Ann Hersly, and his army buddy Sammy Allbright, all of Hereford, were the honorees at a family reunion Thursday evening in the parish hall.

Recently back from Germany, Kenneth and Sammy were separated from the army at Fort Chaffee, Ark., and the Walterscheids and Lee Ann met them there, then stopped here enroute home.

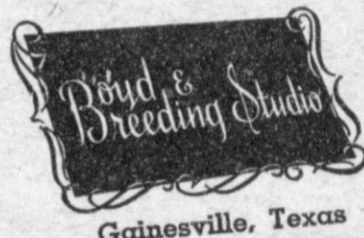

Attending the reunion and covered dish supper were Messrs. and Mmes. Al Walterscheid, Ed Schneider, Donald Endres, Andy and Lawrence Wimmer, Meinrad Hesse, Willie Walterscheid, Oscar Walter and Henry Fuhrmann, Mrs. C. M. Walterscheid, Martin Walterscheid, Mary Catherine and Carl Walterscheid, Patsy Hamilton, Bobby and Junior Walterscheid, Suzanne Hesse, Michael, Leon and Allene Fuhrmann. Father Christopher was a special guest.

\$80 BILLION PRICE TAG
 1965 is here — in the eyes of the petroleum industry.

Another Oil Progress Week observance with the overall theme, "Today — Oil Builds for Your Tomorrow" will present the picture from October 12-18 of what 1965 will look like when it arrives, and what oil men must do to prepare for it.

In 1965 there will be 190 million Americans, about 18 million more than today. They will have more income and more free time in which to spend it. There will be 12 million new homes, classrooms for 15 million more school kids, 56,000 more churches.

There will be 14 million more cars and trucks, and they will be able to spin from coast to coast and border to border over our new interstate highway system without being stopped by a traffic light. Jet planes will take care of long-distance travel, large helicopters will handle

journeys up to 700 miles. Rockets will be carrying research equipment to the moon, and we will be making a start at least in controlling our weather.

In 1965 we will need more oil, about three million barrels more every day! This is about a third more than we use today, and to find it, oil men are already at work. The cost of this expansion will be tremendous. In fact, one independent source has estimated that, between now and 1965, the industry must spend some 80 billion in exploration, drilling, production, refining, storage, transportation, marketing and research in order to meet this clearly foreseen demand.

Hence, the theme of Oil Progress Week for 1958: "Today — Oil Builds for Your Tomorrow." And in order to build on such a prodigious scale, it will be necessary for oil companies to continue earning profits — reasonable profits that keep prices

Guilt, Unhappiness And Modern Man

By Bishop Fulton J. Sheen

ON A FOGGY day in San Francisco this year, two priests grabbed the wrists of a man about to jump from a bridge. They saved him from a tragic end. But thousands of "successful" suicides each year make us realize that unhappiness is not a stranger to our times. Why?

The principal reason for the unhappiness of modern man is his denial of personal guilt. By this denial he excludes not only forgiveness, but the peace that comes from a reconciliation with the God of love.

Sheen

NEVER DENY personal guilt. It has five serious effects in your soul: 1) It destroys character by eliminating responsibility and therefore freedom. 2) It makes forgiveness impossible by denying there is a sin to be forgiven. 3) It turns people into scandal-mongers and gossips, because it makes them project their own guilt to others to escape their uneasy consciences. 4) It leads to greater sin by making conscience less reproachful and virtue more distasteful. 5) Finally, denial of personal guilt leads to despair which develops into a positive fanaticism against religion and morality, which hatred is a sure sign of guilt.

THE WORST THING in the world is not sin, but the denial of sin — this is the unforgivable sin. If the blind deny they are blind, how shall they ever see? Our Lord did not like the "nice"

people who denied personal guilt. What moved Him to investive was not badness, but self-righteous goodness. We find no words of condemnation against Magdalene, who stumbled on the problem of sex, nor on the penitent thief, who found it difficult to respect possessions.

IT WAS AGAINST the Scribes and Pharisees who denied that they were responsible for their wrong that He said: "Woe to you, hypocrites . . . blind guides . . . serpents . . . whited sepulchres, which outwardly appear to men beautiful but within are full of dead men's bones and of all filthiness."

He said that the harlots and the quislings would enter the Kingdom of Heaven before the self-righteous and the smug. He would not condemn those whom society condemned, but rather, those who had sinned and had not yet been found out, or refused to admit it.

TO BE A SINNER, is your distress, but to know it, is your hope. The "nasty" people are the convertible people, because they possess within themselves an emptiness, not like the Grand Canyon, but like a nest which can be filled. They have a hunger and a thirst for something outside themselves. This sense of sin in them does not beget a forlorn despair but a creative despair, knowing that only God can help them.

Be brave enough to confront yourself with yourself at all times, having trust in God. The greater the consciousness of your own misery, the greater will be your confidence in the goodness and mercy of God.

† Paulist Feature Service, Washington, D. C.

competitive and reflect the immutable laws of supply and demand. These profits must continue in order to justify the support of investors in oil stocks and bonds as well as to supply a large part of this huge fund-to-meet-the-future.

Another thought for Oil Progress Week is the forecast that between now and 1965, this country will require 38 billion barrels of crude oil, and in the next decade three-quarters as much petroleum as the nation's have produced in the past century! Progress such as this — which appears to have no end — carries with it a colossal burden of responsibility as well as new horizons for all America.

YOU CAN'T KILL PROGRESS!

A recent legal decision handed down by Superior Court Judge Martin Coughlin in San Bernardino rules that a union painting contract restricting the use of such tools as spray guns and rollers is legal.

The decision came after a contractors' group had charged that contracts limiting use of such implements were illegal and in restraint of trade.

Said the judge, according to an Associated Press dispatch, "In a society where there has not been an adjustment of wages to the savings of time afforded by the use of new techniques, and where such savings may result in an oversupply of labor,

an agreement to prevent such conditions has a lawful labor objective."

We don't believe that Judge Coughlin's ruling is going to stop the progress of this nation or the world, but maybe he could slow it up for a time. Just think what might have happened about the time electricity was discovered, had some authority declared that candles and kerosene lamps only could be used as means of lighting. Or before that a ruling that boats could be propelled only by oars, and that the use of steam was in restraint of trade.

And do you remember the hue and cry of the livery stable men when the automobile was introduced as the proper conveyance at funerals and weddings? How ridiculous those complaints seem now! We could go on with other examples of people who tried to stop progress in this great nation of ours only to find out within their lifetime that they were wrong and that the advancements turned out to be most beneficial to them and to the country. Advancement in the form of new inventions and gadgets has been the life blood of the United States. Private industry and the competition that goes with it has made us great and strong and it will continue down through the ages, we hope, in spite of decisions like the one handed down in our neighboring city.

Paul Hellman and 11-year-old daughter Cristy flew in from Tulsa last Thursday afternoon arriving in time for 3 o'clock coffee with Paul's parents, Mr. and Mrs. G. H. Hellman. After six o'clock dinner in the Hellman home the Tulsans visited the J. M. Weinzapfels and were back at home before bedtime. Mary Weinzapfel accompanied her brother-in-law and niece on the plane trip back and visited in Tulsa through Labor Day.

Willard Hartman, his mother Mrs. Victor Hartman and his sister Mrs. Walter Wolf and daughter Deanna of Gainesville drove to Rosebud to visit Sunday and Monday with Willard's friends, the Ed Kosel family. On the way back they stopped for a pop call with the Keith Tompkins in Fort Worth.

BIRTHDAY OBSERVANCE

A morning coffee complimented Mrs. Joe Tempel in observance of her birthday Saturday. Mrs. Henry Huchton was hostess at the Rock Station. Enjoying homemade pie, cake and coffee were the honoree, her mother Mrs. John Tucker visiting here from Houston, Mrs. C. L. Williams and Mrs. John Huchton. They all presented gifts to the honor guest.

Marysville News

By Mrs. B. G. Lyons

MARYSVILLE — Mr. and Mrs. Robert Porath and Sandra of Dallas spent the weekend with her parents, the Jim Shiftlets, and were joined on Sunday by Mr. and Mrs. Reagan Shiftlet and Larry, also of Dallas for a visit. The visitors attended the Bulcher homecoming.

Sunday guests of Mr. and Mrs. Earl Robison were his parents, Mr. and Mrs. D. O. Robison and Mrs. Rowena Orr of Gainesville and Mr. and Mrs. Leslie Robison of Kilgore. They all attended the Bulcher homecoming.

Tim Grant returned to his home in Alta Loma Friday after spending a month's vacation with his grandparents, Mr. and Mrs. B. G. Lyons here and his aunt, Mrs. Marie Stiles in Gainesville.

Mr. and Mrs. John Richey drove to Gainesville Saturday to take their nephew Mark Barnes home after a week's visit with them.

Weekending with Mr. and Mrs. Marvin Doughty were their daughter and family, Mr. and Mrs. Buddy Sessing and children Jerry, Darleen and Melinda of Fort Worth, also Donna and Sandy Clements of Fort Worth, and Russell Doughty and Mr. and Mrs. Spencer of Gainesville.

Mrs. John Richey is displaying four ribbons she won at the County Fair on canned goods. Her entries brought her two blue, one red and one white ribbon.

E. E. Ballinger is back at home after a trip to California where he visited two sons.

Tigers Will Watch Windthorst Friday; Play 'em Sept. 12

With almost two weeks of intensive practice behind them the Sacred Heart Tigers have their present attention focused on the Saint Jo-Windthorst tussle at Saint Jo Friday night. After that they will be ready for another intensive week, with special emphasis on the Trojan style, before entertaining Windthorst in the season opener here Sept. 12.

Spirit is running high in the Tiger camp as Coach Petrus and his boys prime for that encounter. They have a feeling that enthusiasm and precision will more than make up for weight disadvantages and enable them to dump the fellows who sacked up the last two encounters.

Upon checking weights Petrus figures his line at an average of 148 and his backfield at 141. Though he has no statistics on opponents he feels certain that all of them will average more.

Nevertheless he is pleased. After a few scrimmage sessions with Muenster High he is convinced that his boys can develop the alertness and coordination to handle the extra tonnage in at least some of the games.

Petrus is confident that the Tigers will win some of their games, but he also predicts that the odds will be hopelessly stacked in some of the other games.

Family Members See Girls Graduate at Ft. Worth Hospital

Muenster and Lindsay were represented in Fort Worth Sunday when 19 nurses of St. Joseph's Hospital received their diplomas. Among graduates in the commencement exercises were Clara Fisher, daughter of Mr. and Mrs. C. A. Fisher, and LuRose Henscheid, daughter of Mr. and Mrs. Henry Henscheid, from here and Margaret Mary Hermes, daughter of Mr. and Mrs. Ben Hermes of Lindsay.

Conferring the diplomas was His Excellency Bishop Thomas K. Gorman of Dallas who also officiated at Benediction. Father Patrick Hannon assisted as deacon at the service. Msgr. E. Langenhorst gave the graduation address. After the ceremony in the chapel, family members and friends of the nurses gathered for a reception.

Among those present were Mr. and Mrs. C. A. Fisher, A. J. Schmitz of Valley View, Joe and Harry Fisher, Mrs. Charles Taylor, Mrs. Paul Fisher, Mrs. Henry Henscheid and Janie, Mr. and Mrs. Rufus Henscheid, Mrs. Gerald Metzler of Gainesville, Florence Henscheid and Emma Fisher of Fort Worth, Mr. and Ben Hermes and Lennie, Messrs. and Mmes. Ray Hermes and Nick Block and Carolyn and Mary Jane, Gene and Frieda Block, and Clara Mae Fleitman, all of Lindsay, Leo Wagner of Perry, Okla., Herbie Fleitman and Emmett Walterscheid.

The three girls who had vacations at home earlier, remained at St. Joseph's Hospital where they are working. A surprise for Margaret Mary Hermes was announcement that she had been selected senior class favorite.

A would-be Tennessee inventor wrote her Representative asking him to "please go down to the Patent Office and get me a list of things that haven't been invented. Send me the answers by return mail as I am very anxious to get to work."

TP&L Represented In Atoms for Peace Confab at Geneva

The Texas Atomic Energy Research Foundation will be represented at United Nations' Second International Conference on the Peaceful Uses of Atomic Energy to be held at Geneva, Switzerland, September 1-13, it was announced by W. W. Lynch, president of Texas Power & Light Company, one of the eleven companies which are members of the Foundation. H. R. Hallock, executive vice president of the Foundation, will attend the Conference in Geneva, representing the member companies, Mr. Lynch said.

Work being sponsored by the eleven electric utility companies in Texas will be high-lighted at the Geneva Conference, since one of the key topics of the discussions will be the developments in controlled fusion. More than two-thirds of the U. S. Exhibit will be given over to the subject of fusion.

The Texas Atomic Energy Research Foundation has entered into a four-year research contract for investigations in the field of controlling the fusion reaction. This is the first large scale private industry program to harness the forces of the "H-Bomb" for peaceful purposes.

Scientists have long recognized that success in controlling the fusion reaction might provide the world with an unlimited fuel supply for millions of years, but many obstacles must be surmounted before success can be achieved. The Atomic Energy Commission has recently announced that the United States is making real progress in fusion research, and the discussions and disclosures to be made at Geneva are looked forward to with keen interest. The increased emphasis on fusion research lends even greater importance to the program being carried on in this field by Texas Power & Light Company and the other electric utility companies in Texas.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Robert M. Lindley, Defendant.
Greeting: **YOU ARE HEREBY COMMANDED** to appear before the Honorable 16th District Court of Cooke County at the Courthouse thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 13th day of October A.D. 1958, to Plaintiff's Petition filed in said court, on the 27th day of August A.D. 1958, in this cause numbered 18394 on the docket of said court and styled Vera Lucille Lindley, Plaintiff vs. Robert M. Lindley, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: A suit for Divorce. Plaintiff alleging that defendant without provocation, left this plaintiff with the avowed intention of abandoning her; and they have since lived apart without cohabitation for a period of three years, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Issued and given under my hand and the seal of said court at Gainesville, Texas, this 27th day of August A.D. 1958.
(SEAL) Attest: Woodrow U. Clegg, Clerk, 16th District Court Cooke County, Texas
By Anna Mae Shorter, Deputy (41-43-44)

It takes approximately 120 gallons of water to produce one pound of dry grass. Twenty four inches of rain on one acre is 651,702 gallons. This would produce 5,430 pounds of dry weight in grass, if you have the right grasses and the right grass management.

Lindsay News

Knights of Columbus from Lindsay and Gainesville, joined by their families, Sunday enjoyed the annual picnic sponsored by the council. It was held in the grove at Ed Schad's.

Mr. and Mrs. Cletus Bauer and daughter of Chickasha, Okla., visited their families, the H. N. Fuhrmanns and Joe Bauers during the holiday weekend.

All the Hermes relationship from Lindsay and Muenster got together Monday night in the Lindsay parish hall for a reunion while Joe Hennikamp of Covington, Ky., was visiting his cousins, Clem, Ben, Joe, Julius and Tony Hermes and other relatives. A covered dish supper and picture taking were party features. The Kentuckian, in Cooke County for his first return visit in 22 years, started his trip back home Tuesday. He saw more than 150 relatives at the reunion.

John Loerwald and Irene Block Will Wed September 27

Mr. and Mrs. Pete Block of Lindsay have announced the engagement of their daughter, Irene Block of Fort Worth to John Loerwald of Gainesville.

The engaged couple will be married at 9 a.m. Sept. 27 in St. Peter's Catholic Church. A reception will be held afterward in the parish hall.

The bridegroom-elect is the son of Mr. and Mrs. Joe J. Loerwald of Gainesville.

Elfrieda Block of Lindsay will be her sister's maid of honor, and Robert Loerwald of Gainesville will be his brother's best man. And Helen Loerwald of Gainesville, sister of the bridegroom-elect, will be bridesmaid, and Eugene Block of Lindsay will usher.

School Enrollment At Lindsay Is 157; Gain of 7 Students

Registration day at Lindsay school brought in 157 students this year, seven more than last year. The high school registered 34, the elementary department, 123.

Classes began Monday which was not a holiday in Lindsay. Teachers this year are Sisters Victorine, Hubert and Dolorine, Mrs. Lambert Bezner and Mrs. Rufus Bezner who were on the teaching staff last year, and Henry Schroeder of Windthorst who is a new member of the faculty. In addition to his classroom subject he will give instructions in physical education.

Randy Stoffels Has Party on Birthday

A party and supper observed Randy Stoffels' fourth birthday when his parents, Mr. and Mrs. Charles Stoffels, entertained in their home at Lindsay. A display of gifts and taking pictures were highlights of the evening for the young honoree.

Present in addition to his parents, his sister Charlotte and his brothers Bobby and Timmy were Mr. and Mrs. Norbert Zimmerer and sons Ronnie, Arnie and Steve, Mr. and Mrs. Pete Stoffels and Jane, Mr. and Mrs. Leonard Bengfort and children Susan, Lucille and Michael, Randy's grandparents Mr. and Mrs. Joe Bengfort and Mrs. Sophie Stoffels, Wilfred, Stella and Dorothy Bengfort and Christie Herda.

Forty years ago it took only 100 horsepower to keep a combat plane in the air. Today it takes 250 horsepower to carry a 115-pound female to the corner grocery.

Dr. Myrick - - -

derstatement, that the Myricks gave far more than they received.

Probably the most important of his community achievements, and, incidentally, his greatest source of personal satisfaction, is his outstanding record of preventive medical treatment. By encouraging immunization and setting up special clinic days to administer it at nominal cost, Dr. Myrick put an end to contagious diseases such as typhoid, diphtheria and small pox. Also commonplace in his practice are immunization shots for tetanus and whooping cough.

In recent years, when the Salk vaccine for polio was introduced, he was cautious at first, reluctant to encourage it until he had a chance to study results. Now that disease too is on his preventive lists. He has given over 3000 Salk polio shots, and almost 1000 persons in the community have completed the full series.

Another outstanding service in relation to preventive shots is

Sisters Separated Nineteen Years Get Together in Oregon

Sisters who hadn't seen each other for 19 years, and a mother and daughter who hadn't been together in 11 years, had a happy reunion at Klamath Falls, Oregon, when Mr. and Mrs. J. W. Fleitman, joined by her sister Mrs. Joe Frank of Canyon and their mother, Mrs. Ben Bengfort of Lindsay, visited the Hugh Long family in Oregon.

The visit was part of a 5000 mile car trip by the Fleitmans, Mrs. Bengfort and Mrs. Frank. Mrs. Long is the former Louise Bengfort of Lindsay and she and Mrs. Fleitman hadn't seen each other in 19 years, since Mrs. Long married and moved away. Mrs. Bengfort had visited her daughter 11 years ago on a trip.

Another of Mrs. Fleitman's sisters, the former Anna Belle Bengfort, now Mrs. Leroy Keltling was also visited. The Keltling family lives in Corona, Calif., and took their Texas relatives to see Disney Land, Catalina Island for boat riding, and other interesting places for sight-seeing.

Another stop was at Oxnard Beach, Calif., with Mrs. Bengfort's sister and family, the Richard Hennigans.

Going, the Fleitmans and Mrs. Bengfort visited first in Canyon and their sister and daughter Mrs. Frank joined them on the rest of the tour.

Among other stops on the way during the three-week trip were visits in Farmington, N.M., with Mrs. Fleitman's brother Ed Bengfort and family, and various places in Colorado and Arizona for sight-seeing including Grand Canyon. In Albuquerque they had a short visit with Frank Hennigan.

William Flusche Honoree at Party

A party at the home of his parents Sunday was a surprise for William Flusche. A shower of parting gifts was another surprise. The event, arranged by Mr. and Mrs. Bill Flusche, was a farewell gathering before their son leaves for A&M College this weekend.

About 35 relatives and friends enjoyed games, dancing and refreshments.

Mr. and Mrs. Flusche plan to take William to College Station, making a short vacation out of the trip.

the remarkably complete records kept through the assistance of his secretary, Dorothy Hartman. People who have received shots at the Clinic can check on their immunization status at any time. So great is public confidence in the local preventive program that many do not bother to remember. Some just report to get the shots they need and do not even ask what they are receiving.

The total number of preventive shots administered here is not known because the records do not cover all of Dr. Myrick's 25 years of practice. He estimates, however, that it is about 10,000.

Another source of satisfaction to Doc is the number of babies he has delivered. His guess at that figure is an average of 100 a year for the 25 years he has been here. . . roughly the equivalent of the total population of the community.

During all of his time here Dr. Myrick has had his office in the same building he uses now. For a while he was downstairs, in the back of the drug store. In 1936 he bought the building and converted the second floor, formerly used for FMA offices, into a clinic. Twelve years later, after buying the drug store below, he remodeled all the second floor into patients' rooms and moved his office back to the lower floor.

Though limited in the service it offers, the Muenster Clinic has been a definite asset to the community. Testimony for that statement is the simple fact that it was chosen as the place for arrival of over 2000 babies.

Along with his job as a country doctor, Myrick has assumed his full share of professional responsibility in the county. He has been a member of the Cooke County Medical Association, serving one term as its president. He has also served six years as president of the Cooke County Tuberculosis Association, during which time free chest X-Rays were brought to Cooke County. After retiring as president of the association he served on its executive board for four more years.

In spite of his crowded professional schedule Dr. Myrick has given generously of his time toward civic and industrial progress of the community. He helped organize the local hat-chery and picture show. He has been a director of the bank since 1942 and a member of the school board since 1953. As city health officer he was a driving force behind the city's construction of its sewer system in 1940 and the swimming pool in 1955. Interests of a less permanent nature which got the full benefit of Doc's enthusiasm were an aviation club and a riding club, the latter of which promoted a few colorful horse shows in Muenster.

Matching Doc all the way in professional and civic spirit is his wife. A registered nurse, she was with him often to help care for the serious cases.

Her most conspicuous community service has been in the Civic League and Garden Club, as president for many years, and most ardent worker for all its years. Through leadership and personal effort she rates top credit for Muenster's achievements in flower shows and city beautification. For years she has taken personal charge of shabby and flowers at the baseball park.

Another notable community service of hers was several years of energetic leadership of the PTA.

12-B Heads Adopt Operation Policies For '58 Grid Season

At least a few changes will be made in operating procedure of District 12-B, as results of a special pre-season meeting of heads and coaches of the participating schools last Saturday in the Community Room of the First State Bank, Gainesville.

Membership of this year's grid race will be the same as before however Chico, the new member assigned to the district last Spring when its number was changed from 10-B to 12-B, will begin participating immediately after this football schedule. It was not included this year because schedules were finished before the district was re-organized.

Another decision of the group was to permit ninth graders to play with either the senior or junior team of the school, but in only one game a week. The junior schedule will be the same as the senior schedule except games will be played on the preceding Tuesday and host-visitor status will be reversed from that of the senior schedule.

Another new provision is that one official at each game must keep a set of official statistics. In relation to a dispute in 1957, the group agreed that entering a rodeo in the future would make a student ineligible for participation in 12-B sports.

Admission charges at district games will be the same as last year: 75 and 35 cents for the senior games and 50 and 25 cents for the junior games. Starting time also is unchanged: 8 p.m. for the first six weeks and 7:30 on Oct. 17 and thereafter.

Superintendent Homsley and Coach Ansley were re-elected chairman and secretary of the conference.

A man in San Antonio asked if he was old enough to apply for an old-age pension. He gave his age as 118.

would be only \$44 billion less than all of the presidents in all of the 164 years before him, including all of the nation's wars.

In relation to this subject here's a little item from National Review about some of the business transacted by our government.

While one military service was buying sun glasses for \$5 a pair, another was selling them as surplus for less than 1.00 One agency of the government is revealed to have sold rice, for export, at \$40 a ton to a firm which promptly resold it to another government agency for \$60 a ton.
