WHEN FLOOD WATERS SWEPT HOUSTON

A remarkable airplane view of the flooded streets in the business district of Houston is shown above. Water from Buffalo Bayou, which became a rushing torrent when swelled by recent rains, rose nine feet in six hours and caused thousands of dollars of damages. The city asked for typhoid serum, the drinking water supply being cut off.

20 CHARGES FILED AGAINST STATE LAND COMMISSIONER

IMPEACHMENT DEMANDED IN RESOLUTION

AUSTIN, June 6.—(P)—Twenty specific charges embodying alleged misappropriation of state funds and alleged gross negligence of office were coupled with a resolution asking impeachment of J. T. Robison, commissioner of the general land office, placed before the House today.

The accusations, growing out of a report of the land office investigating committee during the first special session, were made under oath by Rep. Grady Woodruff, Decatur.

Rep. O. R. Van Zandt, Toga, introduced simultaneously with Woodruff's charges a resolution asking the House to resolve itself into a committee to hear testimony involving official integrity of the commissioner.

At noon the membership found itself engrossed in a debate in which Woodruff and Van Zandt had urged indictment of Robison. Representative Homer DeWolfe, Goldthwaite, had attempted to dismiss prosecution with a reprimand by the legislature and Rep. Fred Minor, Denton, was contending that no prosecution should be launched until after the attorney general's department had attempted to collect \$32,000 which an auditor's report revealed had not been accounted for by the commissioner.

Minor was chairman of the Senate-House committee which found that the commissioner had diverted to his own use a part of the one-cent reappraisal fund and recommended recovery of the amount through litigation.

"Nothing that the investigating committee was able to find constituted an offense against the law or moral turpitude," Minor said, "and I believe all charges are premature at this time. If the Land Commissioner refuses to pay a judgment for public funds which now are unaccounted for, then is the time for impeachment proceedings, but if action is taken at this time, it means that the special session will come to naught."

Representative DeWolfe contended that the Supreme Court of Texas had held that an official could not be removed for acts committed prior to his present term and that none of Woodruff's charges except general incompetency severed the Commissioner's present tenure of office.

"Robison has had ample opportunity to enrich himself during his long years of service in the land office through fraud, yet in old age he still is a poor man," he said. "I believe that old age and poor health have dimmed his perspective toward a public policy, and that he is guilty of nothing more than indiscretion."

Charges hurled today against the official were much like those revealed in the report of the first Broadwater was fired at Robison. Woodruff's complaint set out that since 1913 the land office chieftain had directed reappraisal of school lands with a loss of \$1,335,517 to the public free school through reduction of the rate.

It also is charged against Robison that after passage of the 1925 reappraisal act, he unlawfully converted to his own use state funds amounting to \$12,245 and that on at least three occasions he paid personal expenses from state funds.

For Political Advertising
On September 29th, 1925, the Commissioner is purported to have paid small sums to the Alvarado Bulletin and Lufkin Daily News for political advertising, and in August, 1925, \$300 to Dr. Charles E. Venable for professional services. The Commissioner's son, J. M. Robison, Houston, is alleged to have been the recipient of state funds totaling \$1,000 paid by Robison, August 31st, 1925. The Commissioner's wife is alleged to have shared in \$100 of the state's funds.

Van Zandt's resolution, which further charges that the Commissioner sought gifts in the form of refunds from reappraisements as late as May 27th, after the investigating committee had condemned the practice, asked the Speaker to appoint three members to obtain from the membership an attorney to pass on admissibility of testimony. The Speaker is authorized also to appoint a committee to select attorneys to prosecute the Commissioner, who would be allowed counsel of his own selection.

CITY MARSHALL INDICTED
TEXARKANA, June 6.—(P)—City Marshall O. Leary of Fouke, near here, was indicted by the Miller county grand jury today on a charge of assault with intent to kill N. O. Colvert, in connection with the shooting of the Texas youth several months ago.

FAVORABLE REPORT GAS TAX RAISE AND REGISTRATION CUT

AUSTIN, June 6.—(P)—The house committee on revenue and taxation passed off favorably last night the Tillotson-Hubbard bill providing a 30 per cent decrease in passenger car registrations, and a measure by representative Tillotson imposing a four cent excise tax on gasoline.

The committee rejected a combination bill by reps. Jack Keller, Dallas, and Ray Holder, Lancaster, placing a four cent tax on gasoline and slashing privately owned vehicle rates 35 per cent. Under the bill counties would have been allowed to retain a maximum of \$300,000 from registrations. Another Keller-Holder measure, creating a three-cent fuel tax on a 35 percent cut also was beaten. Authors gave notice of flying a minority report.

Graduated Weight Basis
The Tillotson-Hubbard registration bill, signed by 75 members places all fees on a graduated weight basis. Passenger car fees are cut 30 percent and trucks, buses and motorcycles are taxed on the present schedule. Counties are given all fees from passenger cars up to a maximum of \$250,000, with the remainder allotted to the state.

Representative Tillotson said the bill would yield approximately \$5,250,000 from registration and that counties' proportion would be \$9,250,000 in 1930.

ROAD WORK IN COUNTY GOING AHEAD RAPIDLY

Road work on highways and lateral roads in Brown county is progressing as fast as the weather permits, according to Leo Ehlinger, state and county road engineer, who stated that about eighty-two miles of county roads are under construction at this time.

Work on Highway 10 between Brownwood and the Comanche county line, a distance of about sixteen miles, is at the stage where the staking of the right-of-way is about completed. Bridge foundations are being tested and plans for these structures are being made.

"The next step," said Mr. Ehlinger, "is to secure the right-of-way, and as soon as this is done the contract will be let, which will probably be late in the summer."

He said that there is enough money on hand at the present time for this work without having to sell more bonds.

Route Location
The location of that portion of this highway between Brownwood and the Colorado river has been finally made, and will follow the ridge route as formerly stated in the Bulletin, running direct to Winchell from this city.

Surveys have been completed on eighty-two miles of county roads with grading being done on most of it. Contracting on bridging on forty-one miles of these roads will probably be let within the next thirty days, he said.

Of the eighty-two miles of lateral roads the four precincts have the following mileage: precinct one, twenty-one miles; precinct two, thirty miles; precinct three, twelve miles; and precinct four, nineteen miles.

Records of births and deaths for the past five years in Brown county are normal, according to a letter received by County Auditor E. A. Beckham from Dr. W. A. Davis, registrar of the bureau of vital statistics of the State Department of Health at Austin.

During the five year period there have been, according to these records, 1,876 births as against 844 deaths.

In connection with these figures Dr. Davis said that:
"In every normal community there should be two or three births to each death, and among a balanced population there should be approximately thirty births and fifteen deaths for every 1,000 population a year."

At the present time this bureau is computing rates on these events on all cities of over 10,000 population, and will attempt to compute rates for the counties and cities of 2,500 or more population.

The figures for the past five years by years follow:

Year	Births	Deaths
1924	237	158
1925	359	210
1926	361	148
1927	386	155
1928	523	173

The other thing of interest is a three and a half foot rattlesnake with eight rattles, which was brought into the city recently by Leo Ehlinger, state and county road engineer. The reptile has not yet accustomed itself to capture and nervously gives its warning and strikes often at the glass in front of its cage.

Texas Professor Has Sailed For Northern Alaska
AUSTIN, Tex. June 6 (AP)—Dr. Fred M. Bullard, associate professor of geology and mineralogy at the University of Texas, will spend his vacation exploring northern Alaska.

He is a member of the Alaskan Expedition of the United States Geological Survey which left Seattle June 5. Six members left for Seward Alaska, and from there to Cook Inlet, where they will enter upon Lake Clark.

Areas south of Lake Clark have been mapped and the government is undertaking to mark the geology and topography in the northern region. This region includes the "valley of 10,000 smokes."

Have Ill Luck
FORT CHADDSBURNE, Tex. June 6.—(P)—Whether the mysterious graveyard of 21 unknown persons a short distance away has had any influence, the Herbert Oil Company has had ill luck with its No. 1 Mrs. Adam test near here and twice the rig has been skidded before work started at the present location. The well is a test on a Bunnels county ranch.

New Cause For Illness
One of the causes of unemployment in Europe is that our working class have been prolonged, declares a statistician. At one time, he says, "too old at forty" was the cry throughout the world, but we have now found that we are not too old at 60 or 65.

HOME TALENT PLAY BEING PREPARED BY LOCAL ORGANIZATION

"Aunt Lucia," a three-act Collegiate play made up of over 150 local people as characters, will be presented by the Universal Producing Company under the auspices of the Mothers Council of the Parent Teachers Association of Brownwood at the Howard Payne Auditorium on Thursday and Friday, June 13th and 14th, at 8:15 p. m. An admission fee will be charged for the benefit of the local P. T. A.

This comedy has been presented practically all over the United States, in the larger cities in the North, and in some of the larger Southern cities. It has also been staged abroad as well as in Canada and U. S. island possessions. Miss Edna Housden of Licking, Missouri, is directing the comedy as a representative of the Universal Producing Company.

The play itself is a story of the "homecoming" to Bula Bula College. All three acts are set in the drawing room of the college fraternity house. Forty of the leading business men of Brownwood will be on the stage throughout the evening performance and will be dressed to represent leading characters of history ranging from Cleopatra to "Tillie the Toiler." This is declared to be one of the main features of the comedy and is scheduled to close the largest number of laughs of the play.

A Glee Club composed of twenty leading Brownwood singers will also be on the program as well as a chorus of dancing girls. Mrs. James Mitcham will direct the dramatic readings for the evening and Miss Louise McDaniel will be the soloist.

The leading character is "Aunt Lucia" who is played by Bill Burleson, county clerk, who will be dressed impersonating an old lady. He is mistaken, however, for an old lady who is supposed to be worth many millions of dollars and who is going to give a large sum to the college. Two college boys, Dick and George, are also major characters and will be played by Bill Wright and George Broad. Their girls, Bettie and Molly, also are major characters and will be played by Myra Belle Beakley and Imogene Lane. Leona McKie will represent "Ethlyn" who confides her love to Aunt Lucia. J. R. Brewster will be the "Big Man" and Trust Brooks from Dallas. Other leading characters will be Collins (Hubert Fields), Dr. Seamore (P. A. Glandville), his wife, (Mrs. G. E. Cameron) Dean Howard, (Adele Martin), and two freshmen comedy characters (Driskill Smith and Trust Brooks).

Miss Edna Housden, in charge of the play, states that due to the extremely large attendance to this comedy when it has been given in other cities, two nights will be devoted to the presentation, the same program being given each night.

STATISTICS SHOW A NORMAL RATE BIRTHS AND DEATHS IN COUNTY

Records of births and deaths for the past five years in Brown county are normal, according to a letter received by County Auditor E. A. Beckham from Dr. W. A. Davis, registrar of the bureau of vital statistics of the State Department of Health at Austin.

During the five year period there have been, according to these records, 1,876 births as against 844 deaths.

In connection with these figures Dr. Davis said that:
"In every normal community there should be two or three births to each death, and among a balanced population there should be approximately thirty births and fifteen deaths for every 1,000 population a year."

At the present time this bureau is computing rates on these events on all cities of over 10,000 population, and will attempt to compute rates for the counties and cities of 2,500 or more population.

The figures for the past five years by years follow:

Year	Births	Deaths
1924	237	158
1925	359	210
1926	361	148
1927	386	155
1928	523	173

The other thing of interest is a three and a half foot rattlesnake with eight rattles, which was brought into the city recently by Leo Ehlinger, state and county road engineer. The reptile has not yet accustomed itself to capture and nervously gives its warning and strikes often at the glass in front of its cage.

Fido Parade at Fair This Year Is Feature
A dog parade to be held possibly on Brownwood Day will be one of the features of the Brown County Fair this season, it was decided upon at a recent meeting of the fair directors. James C. White, originator of the dog parade, held here for the first time in 1927, will be in charge of the event. Hilton Burks, secretary, said all the dogs in the county are wanted in this parade.

Tobacco was introduced into France in 1560 and into England in 1583.

Poison gas spread by airplanes has been used in fighting mosquitoes in Florida swamps.

ROAD WORK IN COUNTY GOING AHEAD RAPIDLY

Big Clean-Up Response

BROWNWOOD IS BEING KEPT A CITY SANITARY

The response in the clean-up week campaign has been excellent, according to H. V. Hennen, city manager, who states that he has one truck and five teams busy daily taking away the accumulated trash piled by home owners in the city.

"There has been some impatience seen in phone calls from people, who do not think we are carting away this rubbish fast enough," Mr. Hennen said. "At the present time we are making about thirty trips a day, and the wet streets the early part of the week has hampered us somewhat."

He said that all the trash will be carried off, and this work will probably keep the department going all of next week as well as this one. He said the work is being done in order and as fast as possible.

TWO SPEAKERS PRESENT VIEWS IN WASHINGTON

WASHINGTON, June 6.—(P)—In the presence of an audience which gave vent to its feelings with hissing, booing, heckling, jeering and cheering, Clarence Darrow, noted attorney, and Dr. Clarence True Wilson, secretary of the Methodist Board of Temperance, Prohibition and Public Morals, have told Washington what they think about prohibition.

They debated the question last night: "Resolved, that prohibition is right in principle, a success in practice, and should be enforced." Senator Barkley of Kentucky, presiding, announced that no decision would be given and that Senator Fess of Ohio, who was to have spoken in the affirmative, had become suddenly ill and that Dr. Wilson would take his place.

Wilson said, "I am very strongly against prohibition." Darrow said, "because I like to take a drink and because I want to mind my own business. I object to any organization of preachers or other high-bidders getting together and telling me what I can't do."

"We've had ten years of prohibition mostly under the wets," Dr. Wilson said. "Prohibition has given us the greatest clean-up in American politics of any single movement in the history of our country. It was intended to annihilate the license system, and has ended the system."

2 MEMBERS PLEASURE PARTY KILLED AND OTHERS INJURED

TEXARKANA, June 6.—(AP)—A truckload of boys and girls returning to Texarkana from a medicine show was transformed into a writhing mass late last night when their machine collided with a bus.

Earl Ward, 15, and Morris Norris, 18, were killed instantly.

Orval Ward, a brother, and Pearl Ward, a twin sister of Earl Ward, were injured as was Edward Norris, 17, a brother of Morris Norris. None of the bus passengers was hurt.

Cause of the accident was not learned.

PROGRESS MADE BY SENATE ON MONEY BILLS

AUSTIN, June 6.—(P)—The senate today resumed consideration of the appropriation bill providing \$13,311,590 for support of the state eleemosynary institutions during the biennium beginning September 1.

Yesterday it passed finally the judiciary bill calling for the expenditure of \$4,788,238 for support of the courts during the next two years. The house passed its judiciary bill, it aggregating \$5,16,375. There is a difference of only \$228,137 between the two branches on this bill.

The senate passed the bill by Senator W. A. Williamson of San Antonio, appropriating \$1,000,000 with which to purchase land adjoining the Alamo in an effort to stop commercial encroachments to the old Shrine.

The senate has passed the eleemosynary bill to engrossment and was considering it on third reading when Senator Joe M. Moore of Greenville launched an attack on the provisions made for psychiatric hospitals at Galveston and Dallas, contending that one or both of these should be eliminated. He had moved reconsideration of the vote which the bill was engrossed. It requires a two-thirds majority to amend a bill after it has passed to third reading.

ARREST COUNT AS EUROPEAN LIQUOR AGENT

NEW YORK, June 6.—(P)—Count De Polignac, said to be the old French nobility, was arrested by under cover prohibition agents today and charged with being the European agent of an international rum-running.

Seven cases of liquor were seized in the count's suite at the Savoy-Plaza Hotel.

In General Roundup
The count's arrest occurred in a general roundup of 37 men charged with conspiracy to violate the prohibition act in connection with the activities of the alleged ring.

William J. Calhoun, chief in charge of the 40 agents making the roundup, said papers relating to activities of the ring were found in Count De Polignac's suite.
Another raid conducted on headquarters of the ring resulted in the arrest of two other alleged leaders, William Bartles and Philip D. Gowen.
Bartles and Gowen occupied offices at 290 Fifth Avenue under the firm name of the "Go-Bart Co., No. 1 Durham and No. 2 Oats."

Against Liquor Prescriptions

AUSTIN, June 6.—(P)—House ultra drys made a determined gesture to halt the sale of liquor through medical prescriptions today in the prosecution. A. T. McKinney, district attorney, and R. T. Burns, Walker county attorney, from Huntsville arrived last night with deputies and the prisoners. Special arrangements for the protection of the prisoners were made.

It was announced an assistant attorney general would assist in the prosecution. A. T. McKinney, district attorney, and R. T. Burns, Walker county attorney, from Huntsville arrived last night with deputies and the prisoners. Special arrangements for the protection of the prisoners were made.

REGISTERED BABIES IN BROWN CO.

The following list are the names of those registering at one of the babies last week all of who were entitled to the Banner Bulletin for one year.

Two hundred and sixty names have so far been reported and it is possible that others will be mailed in, as a number have arrived by mail this week who did not call at this office at the time of registration.

In most cases here the baby's name appears, but on our mailing list the parent's name is given care for the subscription in order that it may be properly delivered.

There will possibly be some one overlooked on account of placing so many new subscribers on our list at one time, but we will appreciate your calling our attention to the fact if you do not get your paper. If you wish to be on the list, please call at our office or telephone No. 3, we will be glad to enter the name.

People all over Brown county took advantage of this opportunity and even in other counties some families came to Brownwood to visit the merchants who were given special recognition to babies were registered at Piggly-Wiggly stores, as they were given one year's subscription to the Banner Bulletin. Bid-ay-Widdy Shoppe registered 338 names, Austin-Morris Co., 245 and Camp-Bell Drug Co. 325 or more than a thousand names were recorded at the several places during the week and all the merchants expressed delight in being able to entertain and meet so many youngsters and their parents—they extended every cordial invitation for every one to visit them often.

The list of names follows:

Ross Cook, Pauline Chane, Lester McCurry, J. Dempsey Myrick, Clyde Laddie Collier, Lola Alice Caffry, Bobby Jeanette Nelson, Bobby Loyd Emerson, Wayne Harrell, Ruth Fayl, Mildred Huffman, Billie Ruth Hambrick, Billie Joe Rhoades, Roy Lyndon Smith, Sammie Dee Smith, Noah Graves, Barbara Elks Jackson, Jack Wood, Sadie Rae Kirksey, A. Lock.

Blanket

Rev. J. B. Henderson filled his regular appointment in the Baptist Church Sunday morning and evening.

Clyde McCulley of State University of Austin spent the week end with his parents Mr. and Mrs. T. M. McCulley.

Will Switzer and family of Hamilton moved to Blanket last week. They will occupy the Turney house on North Main Street.

Miss Frieda Knudson of Brownwood visited her parents, Mr. and Mrs. George Knudson on Wednesday of last week.

Miss Redie Reeves returned home several days ago from Menard where she taught in the public school the past term.

Mr. and Mrs. R. W. Reeves visited Joe Reeves and family in Dublin Sunday.

Mr. and Mrs. Harve Allen were shopping in Brownwood Wednesday.

Mr. and Mrs. R. L. Fortune and Miss Lois Manning of Brownwood accompanied Miss Julian Zackeron to her home in Ft. Worth Saturday. Miss Julian spent the winter here with her aunt, Mrs. Fortune and attended school here. Mr. and Mrs. Fortune and Miss Manning intend to spend this week visiting relatives of Ft. Worth.

Misses Elizabeth and Virginia Bettis came in the first of last week from John Tarleton College of Stephenville to visit their sister, Mrs. Jack Knox.

Miss Leleta Woods, Derie and Florence Reeves were shopping in Brownwood on Wednesday.

Mr. and Mrs. Blake McLaughlin

and little son of Cross Cut spent the week end in the home of Mr. and Mrs. A. J. McLaughlin.

Mr. and Mrs. Luke Reeves spent the week end with their son, Joe Reeves and family of Dublin.

Rev. J. B. Henderson and Misses Christine Knudson and Ruby Lee Henderson were shopping in Brownwood Monday.

Mrs. Price Yantis spent the week end here with her parents, Mr. and Mrs. R. L. Eaton.

Jack Smith of Brownwood visited relatives here Sunday.

Mr. and Mrs. Robertson of San Antonio came in Saturday for a visit with her sister, Mrs. Jesse Blanton.

Mr. and Mrs. Curry Wiley of San Antonio.

Misses Thelma and Nina Dossey of John Tarleton College of Stephenville returned home the first of last week.

Duncan McCulley of Brownwood spent the week end in the home of Mr. and Mrs. T. M. McCulley.

Mr. and Mrs. Ben Nix and little daughter spent a few days last week with G. W. Carey and family near Cross Plains.

Mr. and Mrs. J. A. Deen of Brownwood spent Sunday with J. R. Deen and other relatives.

Mrs. Frank Bettie and little son and little Misses Jane and Nancy Matlock of San Angelo came in Saturday for a visit with relatives and friends.

Ellis Daughtry and family moved to the Mill Wells house on South Main Street Monday.

Mrs. John Trigg of Clio visited Mr. and Mrs. Jesse Blanton Sunday.

Miss Derie Reeves left Sunday for Brownwood to enter Howard Payne College.

Mr. and Mrs. Olephant of Comanche visited Miss Alice Rufe Sunday.

Mr. and Mrs. Ashley Hucksby and children of Goldthwaite visited D. G. Nix and family the first of the week.

Mrs. Jamie McLaughlin and children of Stepps Creek visited in the home of A. J. McLaughlin.

Misses Ruby Lighty and Letrice Eoff left Sunday for Stephenville where they will enter John Tarleton College.

Mr. and Mrs. A. J. Goats of Stepps Creek visited their daughter, Mrs. Joe Eoff Sunday.

Miss Ra Jean Lynch of Valera spent the week end here with friends.

Misses Veda and Zara Tidwell entered Daniel Baker College Monday.

Mrs. Bryan Richmond is sick this week at the home of her father Rev. A. Woods.

Mrs. W. J. Irby returned home Sunday for a short time from a visit with relatives of Littlefield and of Roswell, New Mexico. Mrs. Irby then went on to Comanche for a visit with relatives.

Mrs. D. C. Nix and children, Miss Elizabeth and Den were visiting in Goldthwaite Saturday.

Jim Ingram was in Brownwood Friday on business.

Bob McCulley and family of Comanche visited T. E. Levasay and family a short time Sunday.

Mrs. Brown of Goldthwaite is visiting her son, Dr. W. E. Brown this week.

Mr. and Mrs. McCurry of Jones Chapel visited relatives here on Sunday.

Mrs. Ellis Daughtry and children, Eileen and Ellis, Jr., left Monday for Brownwood where they expect to spend some time with her father Jack Smith.

Mrs. D. C. Nix and daughter, Miss Elizabeth and Mrs. Ben Nix were shopping in Brownwood Friday.

Frank Baker of Bangs spent Sunday with his mother, Mrs. Mary Baker.

Rev. Shurtliff and son, Paul of Adameville spent Monday night with friends here while on his way to Waxahachie.

Miss Joe Dabney left Sunday for Denton where she will enter C.I.A. for the summer term.

D. L. Luce came in Saturday from Lawa for a few days visit with relatives.

Miss Virginia Bell of Brownwood was the guest of Mrs. Jack Knox the first of the week.

Jack Winters of Gogman was visiting friends here a few days last week.

Little Miss Billie Jane Eoff had

her tonsils removed one day last week and is reported doing nicely.

Mr. and Mrs. Clair Bettis of Brownwood visited Mr. and Mrs. J. A. Bettis Sunday.

Mrs. Jewell Cade opened an art studio in the balcony of Levisay and McCulley Store on Wednesday.

Mr. and Mrs. Chas. F. Gustasen of Oklahoma City spent Monday night with her sister, Mrs. Mollie Manoir of this place.

LIFE SENTENCE GIVEN MAIL ORDER BRIDE ON HER PLEA OF GUILTY

SONORA, Cal., June 5—(AP)—Mrs. Eva Rabley, "Mail Order Bride" from Texas, was under a sentence of life imprisonment today following her plea of guilty to the murder of her deaf husband, Carroll Rabley.

Mrs. Rabley told Judge J. B. T. Werne she put poison in a cup of coffee and gave it to her husband as a part of a dance hall in the little town of Standard.

Pressed as to why she did not carry out her part of the pact, Mrs. Rabley said she could not bring herself to do it on account of the music in the dance hall. Her husband ordered her to buy the poison when she consented to the pact, she declared.

Mrs. Rabley said she knew nothing in front of a dance hall in the little town of Standard.

Justice

We can drive a stone upwars for a moment into the air, yet it is true that all stones will forever fall; and whatever instances can be quoted of unpunished theft, or a lie which somebody credited, just like most prevail, and it is the privilege of truth to make itself be heard.—Emerson.

COCCIDIOSIS IS TAKING TOLL BROWN COUNTY CHICKENS AND TURKEYS

The recent rainy weather, together with the hot sun following it, is creating havoc in poultry and turkey flocks of this county, according to O. P. Griffin, county agricultural agent. The organism called coccidiosis has conditions favorable to rapid hatching during this past week and local poultrymen are already feeling the loss from this source, he said.

Following statement on how to fight this pest, and to save as large a part of the flocks as possible was taken from a current farm journal, which statement Mr. Griffin desires every poultryman in the county to heed:

"Poultrymen are sacrificing millions of dollars every year to these small organisms that slowly suck the life from the healthiest of the flock. The financial loss from the death of chicks is terrific, but the loss from trying to rear the survivors is still greater. These organisms attack the chick from the third to the tenth week of its life. Control measures are fairly successful if used in time.

"The little 'bug' that cause all this trouble lead an interesting life. Of course they are not 'bugs.' They are coccidia. It's easier to explain about them without using that big name. So we will call them

'bugs.' These 'bugs' are very small—you have to use a high-powered microscope to see them. They are just as much alive, however, as you and I are. We have to work for a living, and they do, too. They have to 'dig' for their living in the intestinal walls of the baby chick.

Carried by Flies
"It is hard to say where these 'bugs' came from in the first place. They are carried about by flies, wild birds, wind, dust, brooks, and birds. After getting a start the surviving pullets harbor them till the next year, spreading them through their droppings. Today this is our most dangerous source of infection.

"There is another way for them to live over from one year to the next. A chick with coccidiosis passes thousands of fertilized 'eggs' from the 'bugs' in the droppings. These 'eggs' have a shell around them similar to a hen egg—in which they can stay alive a year or more. This means that land and buildings may carry the disease over to a new season. However, control has to do largely with these eggs as we shall see.

"Strange as it may seem, if a healthy chick takes some of these fertilized 'eggs' into the body they will not cause that chick to have coccidiosis. Something else must happen before the disease takes hold. The 'eggs' first have to 'hatch.' They take from two to fifteen days to 'incubate,' most rapidly under warm, moist conditions. Each 'egg' hatches into—not one—but four of these 'bugs.' Now if a healthy chick takes these into the body we get coccidiosis.

"Here is what happens. These newly hatched 'bugs' have a thin

shell around them, too, but in the small intestines digestive juices dissolve it. Free of his shell the 'bug' begins boring into the walls of the intestine to eat and multiply itself while inside the chick. Soon there is a great army—thousands—of these bugs boring into the intestinal walls of the chick, sapping its vitality, taking its life. Then the intestinal walls begin to bleed and the blood is passed along with the droppings. Hence the 'bloody diarrhoea.' There are thousands more fertilized eggs beginning the career just described, in the bloody droppings.

"While the blood in the droppings is usually evident—the disease may be present without this symptom. The State Agricultural College or a well-informed veterinarian will know poultry diseases would be the place to find out definitely if it is coccidiosis. If your chicks show the other symptoms of the disease, it is advisable to give them the control treatment at once without waiting for a report from your State Agricultural College. Several days wait often proves disastrous.

"The only way a chick can get the disease is to take it along with feed through its mouth. Food and drink-water soiled from droppings from infected chicks is the way it spreads in the brooder house. The chick probably does not have the disease when it hatches. It may pick up filth from the outside of the egg in the incubator and thus start the infection very early. The Connecticut State College to combat this recommends dipping the tray of eggs a minute just before they are put in the incubator in a 0.2 of 1 per cent solution of iodine suspension.

Method of Control
"Control measures center around sanitation. The use of wire runs and wire floors to keep the chicks out of their droppings is also recommended. Cement and board runs are used by some poultrymen. They can be cleaned often and thoroughly. Be sure the drinking fountain cannot be contaminated by droppings. Sanitary feeding hoppers are essential, too. The main point is to prevent the baby chicks from getting any of the droppings into their system. Baby chicks should be separated from the old fowls and old ranges where there may be a 'carry-over' of the disease.

"It has been found, after exhaustive studies, that the California milk-flush treatment is the best for coccidiosis. In the California treatment it was found that in a 100-pound mixture it should be made up of 40 pounds of dried skim milk, 20 pounds of buttermilk or they can be made up of 40 pounds of mash. It is possible to use liquid milk or skim milk alone. In this treatment only—provide plenty of drinking space for the chicks. The principle of the treatment is to get plenty of milk sugar (lactose) into the chick. Make them drink heavily. Do not use metal vessels with milk. This is a ten-day treatment.

"The main thing to keep in mind is that sanitation is the key to a successful fight against coccidiosis. Should you have the misfortune to have your chicks become infected with coccidiosis be sure to clean up at the end of the treatment all the premises where chicks range. Treatment is worthless without sanitation.

Coccidiosis—black plague of the poultry yard—watch for it with vengeance. You can't successfully raise chicks and harbor coccidiosis at the same time.

A Drawback
Prominent women and social workers in New York have started a movement to gather a supply of durable toys to be lent to poor children for a stated time, as books are lent by public libraries. The idea is philanthropic, but imagine the feelings of a poor child called upon to give his durable toy at the end of the stated time!

What We're Waiting For
Eventually, says the Hamilton Spectator, Zeppelins will be of such size they will carry ocean liners as lifeboats.—Boston Transcript.

HENNEH GIVES FIGURES CITY WATER SALES

City Manager H. V. Hennen read a report to City Council Tuesday night, pointing out reasons for reduced sales of water in Brownwood during the year ending March 31, 1929, as compared with the year closing March 31, 1928. This report disclosed that the Santa Fe paid the city \$11,181.01 for water used from April 1, 1927 to March 31, 1928 and that during the same length of time in 1928 and 1929, the Santa Fe paid only \$7,443.95.

Mr. Hennen's report also disclosed that on October 1, 1928, it was found that there were between 700 and 800 dead water meters in the city, these meters causing a loss to the city. Mr. Hennen gave examples of marked increase in water bills of the larger consumers of the city since the discovery of the dead meters and the instituting of the monthly pay and inspection system. This report came as the result of Auditor A. N. Thomas's criticism regarding the decline in collections by the water department.

197 COMPLETE JUNIOR HIGH SCHOOL WORK

The final checking yesterday by C. F. Wesner, principal of the Junior High School, shows 197 pupils as having completed the Junior High School work during the session just closed and being ready for entrance in the Senior High School next season.

Of this number there were fourteen, all girls, who made enough credits in one and a half years to enter the sophomore class. Ranking grades of these divisions are as follows:

Holders of Honors
Of those entering the Junior Class: 1st, Neida Clements, 96 5-7; 2nd, Mary Prince, 95 3-15.

Those entering the Sophomore Class: 1st, Margaret Robinson, 94 1-5; (taking 5 subjects); 2nd, Eileen Garrett, 94 1-8.

Ranking grades for boys entering the Sophomore Class were: 1st Gwin Hughes 92 1-4; 2nd, Stuart Painter 90 7-9.

The complete lists of those who will transfer to the Senior High School are as follows:

Students having enough credits to enter the Junior Class: Katherine Berry, Alice Brown, Neva Brown, Ila Butler, Neida Clements, Louise Cook, Frances Hester, Elizabeth Jones, Leota Leach, Willie Julia Preston, Mary Prince, Mary Joe Sallee, Elsworth Scharrebeck, Pinkney Sims.

Those to enter the Sophomore Class: Anna Lee Anderson, Catherine Andrews, Pauline Ashmore, Winnie Mae Aubrey, T. B. Bailey, Edith Baker, George Barlow, Hor-

Roussel-Robertson Co. THE CENTER OF SERVICE

SEVERAL TOWNS REPORT RAINS

Rainfall, ranging from light showers to heavy downpours, fell in this section of the state early Wednesday morning. The precipitation in Brownwood totaled 30 of an inch.

Only four cities in this section reported big rains, these being Colorado Dallas, Fort Worth and Goldthwaite. Those reporting good rains were Bangs, Big Spring, Comanche, Santa Anna and Zephyr. Only light showers reported by Abilene, Ballinger, Burkett, Byrd, Blanket, Coleman, Mercury, May, Rising Star and Rochelle. The following places reported no rain at all: Dublin, Eden, Lampasas, Lometa, Menard, Paint Rock, San Saba, San Angelo and Waco.

Boy Is Paroled To Father After Charge of Theft

J. W. Bond, Jr., 16, arrested recently in connection with the stealing of a purse containing money and jewels from a car, plead guilty Saturday morning before Judge E. M. Davis. The judge paroled him to his father with the provision that if he did not obey his father the case would again be taken up against him.

Bituminous Sand
Bituminous sand—commonly, though incorrectly referred to as "tar sand"—consists chiefly of silicon sand cemented together by a soft bitumen. The only occurrence of commercial importance in Canada is along the Athabasca river and certain of its tributaries near McMurray, Alberta.

Brownwood Visitors to Legion Hospital at Kerrville Discover Much to Interest Them There

Situated at Kerrville in the heart of some beautiful hills at an elevation of over 1,600 feet, is the 700-acre government reservation of which forty acres are devoted to the U. S. Veterans tubercular hospital. This hospital and the city of Kerrville, three miles distant, were visited Sunday by a caravan of about seventy Brownwood people, the trip sponsored by the Itham A. Smith Post of the American Legion.

The hospital, started by the Texas Department of the American Legion, owned by the state, and then taken over by the Veterans Bureau, is a model village in itself containing over twenty-five buildings, a power plant, electric bakery, a canteen, a mess hall and other features of a town are found within the fenced enclosure.

Large Number Workers
With a capacity of 480 patients, this hospital has today 348 ex-servicemen of whom are being treated for some degree of tuberculosis. There are about 280 employees including seventeen doctors, thirty nurses in addition to the orderlies, maids, laborers and miscellaneous workers.

The buildings house the various wards, surgical and treatment, but mess hall, recreation and club room, a store, theatre, work shop, administration and power plant.

Dr. O. D. Westcott is the medical officer in charge and he is assisted by a staff of medical men, and supervised by the supervision of the Veterans Bureau.

The visitors Sunday were served two meals in the officials' mess hall, meals which were the same as served to those on a diet. W. J. McLeod, superintendent of the food department at the hospital, personally saw that the visitors had plenty to eat. He controls the activities of the five kitchens at the hospital.

Service Men's Club Room.
A large club room for the service men, offices of three service organizations, the Veterans of Foreign Wars, which has fifty members; the Disabled Veterans with a membership of 175; and the American Legion with a present membership in Kerr county of 350 members.

The Louis Halphen Post of the American Legion has a membership from the entire county with headquarters in the hospital grounds and is officered mainly by patients at the hospital. D. E. McLeod, the commander, had charge of an inspection of the reception of the visitors Sunday. He said that this post's quota has been met, but that they are going to try for over 500 members before the state convention.

John Laine, who serves as adjutant, is one of the most active members of the post. He told us that this post handled 35 claims for ex-service men since February 1, this year. As acting adjutant he puts out a post organ called "The Legion Air."

There is an organization to take care for the young of the service men at the hospital. This is called the "Legion Public Health Nursing Service," and maintains quarters in Kerrville. Miss Ruth Moore is in charge as a nurse and has one assistant.

Plan Legion Village
Wives and families of men in the hospital are living in various parts of the vicinity, and there is a plan afoot in the state department which has purchased forty-five acres of reservation for the building of a Legion Village for the use of these families.

After being shown over the grounds of the hospital, and the Old Gray Mare band had given a couple of concerts and attended the base ball game, the Brownwood people started home late in the evening only to meet the big storm which delayed many.

Following the concert on the hospital grounds there were short speeches made by D. E. McLeod, commander of the hospital post American Legion; Gus J. Rosenberg, commander of the Brownwood post; and Rex Gaither, manager of the Old Gray Mare Band. A promise was made by the local band and Legion post to go back to the hospital for another concert, possibly on Labor Day. A return engagement of the ball game will probably be played in Brownwood in the near future.

Among those who went from Brownwood in addition to the personnel of the band and the ball team were: Mr. and Mrs. Tex Wor-

Beauties Arrive at Galveston

GALVESTON, May 31.—(AP)—Galveston today welcomed eight European beauties who arrived on the liner Algonquin to participate in the International Beauty Pageant to be held here June 8 to 12. A reception committee headed by Mayor E. Pearce greeted the old world entries.

The entries who arrived were: Miss England—Benny Dick; Miss France—Germaine La Borde; Miss Holland—Johanna Koopman; Miss Roumania—Magda Demetrescu; Miss Germany—Ingeborg Grahn; Miss Spain—Rosario Valaseque; Miss Luxembourg—Ketty Hipp; Miss Australia—Lisa Goldarbeiter.

A fire in the No. 2 hold of the Algonquin last night caused considerable excitement while the vessel was a few miles off this port, and the beauties and other passengers rushed to the upper decks clad only in night clothing. The blaze, however, was confined to the one hold, and damage was not great. The Algonquin was expected to sail tomorrow on its regular schedule.

Central Produce Company Robbed Saturday Night

Some time after 6:30 o'clock on Saturday night, after the Central Texas Produce Company, 411 South Broadway, had closed for the day, robbers entered the building by cutting the wire screen on a rear window, broke open the safe in the office and escaped with about \$75 in cash, leaving about \$2,000.00 in checks untouched. No burglary insurance was carried. So far no clue as to the identity of the robber or robbers has been found.

The robbery was first noticed by Lee Morrison, an employee of the Produce Company, when he came down to attending to feeding at 6:00 o'clock Sunday morning. Mr. Morrison noticed something wrong with the back window and when he found the wire out, he went to the office where he found the safe had been robbed. He reported immediately to local officers who are working on the case. Finger prints were taken from the door and are being photographed in the police station.

The safe door was left lying on the floor. It was believed that the door was removed from the safe by first working the combination since it was declared impossible to open the door by removing only the hinges.

This is the fifteenth time in the last four or five years, it is learned, that the office safe has been robbed, each time in the same manner at this place.

BROWNWOOD DAIRY COWS

The above picture of some of the registered cows of the Shelton Brothers' dairy, appeared in the last issue of "Texas Opportunities," Texas Power & Light Company publication, in connection with a page article, entitled, "Suggestions for Planning a Creamery", in which general dairying conditions were also discussed. "This picture shows extraordinary udder development of four cows, owned by Shelton Dairy of Brownwood. These are registered animals with splendid records for milk production," said the lines appearing under the picture.

GRADUATING CLASS BANGS HIGH SCHOOL

The Senior Class of Bangs High School of whom fifteen received diplomas Friday night of last week. Superintendent R. M. Wedgworth is standing in the center.

Zephyr

Rev. J. D. Sneed of Comanche filled his regular appointment at the Methodist church Sunday at eleven and Sunday evening.

Miss Vada Shelton of Mullin spent a few days last week visiting Alla Rae Coffey.

Mr. and Mrs. Fred Wright of Brownwood were in Zephyr Sunday.

Miss Eloise Cahler was in Brownwood Thursday.

Miss Nona Cobb who has been teaching school in Rochelle has returned home.

Mrs. C. L. Piller made a business trip to Brownwood Wednesday.

Mr. W. A. Piller Jr. and little sister of Austin are visiting their grandparents, Mrs. and Mrs. G. L. Piller.

Misses Marzelle Boland and Eloise Cahler were in Mullin last Wednesday.

Mr. and Mrs. J. Melton and daughter, Claire Bell and Marzelle Boland were in Goldthwaite last Thursday.

Mr. and Mrs. Alton Johnson entertained a number of young folks in their home Friday evening. Numerous games were played. Lemonade and cakes were served to the following: Misses Thelma Piller, Marzelle Boland, Lella Vanandt, Aurelia Petty, Mammie Dell Driskill, Alla Rae Coffey and Jewel Baker and Myrtle Gimblett. Messrs. Lynn and Nardin Coffey, Harold Gist Maurice Reasoner, Perry Musgrove, Eldon Morris, John Boland Jr., Andy Baker, David Petty, Powell Vanandt, Leslie Kimbrell, Harvey Kesler, Darrell Shelton. Everyone had a real nice time.

Mr. Wilson Piller Jr. was in Brownwood Wednesday.

Mr. Burt Wright of near Brownwood was in Zephyr Sunday.

Miss Vera Chesler of Mullin spent the week-end visiting in Zephyr.

Miss Ruby Lee Hall of Brown-

wood spent the week-end with Bernice Scott.

Miss Betty Bell Morris of Brownwood is visiting Eloise Cahler of this place.

Miss Marzelle Boland spent a few days last week visiting in Mullin.

Mr. and Mrs. J. Melton and daughter, Claire Bell were shopping in Brownwood Saturday.

Mr. Eldon Morris of Houston is visiting friends and relatives of this place.

Miss Ethelmore Piller was in Mullin Sunday.

Mr. and Mrs. Henry Fry of near Brownwood were in Zephyr Saturday night.

Miss Lona Lee Bingham, who has been attending school in Abilene, returned home Saturday.

Mr. and Mrs. W. K. Cahler and family were in Brownwood Saturday night.

Mr. A. Reasoner, who has been sick a bed for a long while, was able to be in town Monday.

Mr. John Baker made a business trip to Mullin Monday.

Mr. and Mrs. Bob Forsythe entertained a number of young folks in their home Friday evening. Several games were played. Those who were present were Misses Lella Vanandt, Aurelia Petty, Myrtle Kimbrell, Mary Belle Timmins, Novice Shelton, Mammie Dell Driskill, Inez and Emma Ne Smith, Vera Chesler, Thelma and Ethelmore Piller, Marzelle Boland, Shirley Baker, Jewel Baker, Cada Shelton and Alla Rae Coffey. Messrs. Harold Gist, Hubert and Eldon Morris, Leslie Kimbrell, Lynn and Nardin Coffey, Glyn Vanandt, Reuben Clement, Claude Grimes, Lawrence Hallmark, Hilton Dabney, John and Robert Boland, Andy Baker, Marvin Lee Ford, Maurice Reasoner, Darrell Shelton, Wilson Driskill, Harvey Kesler, Lovell Van Zandt, Mr. and Mrs. Alton Johnson. Everyone reported a good time.

Mr. and Mrs. Garland Boland re-

turned home from Best Thursday night.

Mr. Taylor Campbell was a Mullin visitor Monday.

Mr. Ward Driskill and Miss Grace Lawrence were quietly married Saturday evening.

The 4-H club will meet Friday night June 7, 1929. A good program will be given. Everyone is invited to come.

Mr. and Mrs. E. A. Piller and son George Edwin of Abilene are visiting in the home of Mr. and Mrs. G. L. Piller of this place.

Mr. Neale Bingham was in Zephyr last week.

Miss Mildred Waldrum of Brownwood was in Zephyr Tuesday.

Mr. and Mrs. Oscar Kesler of Blanket were in Zephyr Tuesday.

Mr. and Mrs. J. Melton and daughter, Claire Bell were in Evans Sunday.

Mrs. Mary Braddock gave a party Monday night.

Several games were played. Those who were present were Misses Novice Shelton, Myrtle Kimbrell, Aurelia Petty, Vada Shelton, Alla Rae Coffey, Opal and Iva Mae Reasoner, Shirley Baker, Mae Van Zandt, Thelma and Ethelmore Piller, Eloise Coffey and Marzelle Boland; Messrs. Harold Gist, Eldon Morris, Maurice Reasoner, Lawrence Hallmark, Reuben Clement, Buster Musgrove, Leslie Kimbrell, Andy Baker, Lynn and Bob Coffey, Harvey Kesler, Hilton Dabney, Louise Van Zandt, T. H. NeSmith, Densell and Glyn Van Zandt and others.

Mr. and Mrs. J. Melton and daughter were in Brownwood Tuesday.

Miss Marzelle Boland was in Brownwood Tuesday.

Mr. G. L. Piller and daughters, Thelma and Ethelmore were in Salina Wednesday.

The superficial area of the earth is 196,940,000 square miles—140-square miles of water and 56,255,000 square miles of land.

BROWN COUNTY HAS TWO-THIRDS OF TEXAS SILVER MEDAL BULLS

The following article by County Agent O. P. Griffin, was written for and appeared in the Brownwood Daily Bulletin of June 6th. It is reproduced because of the information it contains concerning Brown County's dairy herds:

In our editorial columns of Tuesday, under the caption "Promoting Good Dairy Herds" you say "Four registered bulls would help greatly, but Brown County needs forty such animals." For the information of some readers of The Bulletin who may not already know it, Brown County has more than 40 registered Jersey bulls, one registered Holstein and one Guernsey.

We can say more than that, our bulls are not simply registered 34 of the Jerseys have register of merit parents on both sides and so has the Holsteins. Brown County has two-thirds of all the silver medal bulls in Texas. A demonstration herd of Jerseys with a record of selling a score or more of high class bulls this year to other sections of the state to be used in bull circles.

Registered dairy bulls may or may not increase the production of the herds. Register of merit is much more certain. To attain a register of merit a mature cow must produce in a supervised test at least 400 pounds of butterfat in one year. A register of merit bull has at least three daughters from different dams that have made a register of merit certificate in supervised tests. The standard for a herd of good cows should be at least this high when a bull is purchased.

Communities in Brown County that already have the right kind of dairy bulls with the number in each are as follows: Brownwood 6; Woodland Heights 5; Blanket 4; May 3; Chapel Hill 3; Clear Creek 3; Center Point 2; Jones Chapel 2; Concord 2; Jordan Springs 2; McDaniel 1; Zephyr 1; Clio 1; Byrds 1; Brooke Smith 1.

In addition to these there are as many more that are in progress. By various means, some already having proven themselves. Then there are more than a hundred real scrubs that are a worse pest than the bull weevil.

The thing most needed to help the growth of dairying here is financing. However, there seems to be some improvement over last year. A cow test association would help to bring about better financing; for it would test both the cow's ability to produce and the farmer's ability to make money out of them. This would create a basis for many new dairy loans.

In the near future the marketing of our surplus products will require attention. Even at this time Brownwood needs badly an up-to-date cold storage plant.

There are about ten communities in this county where more good Jersey bulls are badly needed. The reason they have not already been placed there is that there are very few people there that have learned the value of good bulls. The investment in scrub bulls in this territory is sufficient to supply enough good bulls and the upkeep greater than the good bulls ought to cost for feed and care. This presumes, of course, that the better bulls be handled by bull clubs. But be sure that the club has been formed and that it has a congenial membership before an investment is made. High class dairy cattle placed in the hand of people who do not appreciate them do no good and may result in discouragement.

O. P. GRIFFIN, Co. Agt.

MEN IN CAR FIRE SHOTS AT DEPUTY WHO HAS AIDED IN RECENT LIQUOR ROUNDUPS

Believed to be an echo of the liquor roundups in this county the past few weeks, a number of shots rang out Tuesday night, aimed at and nearly getting one of the men responsible for the information leading to the raids.

O. D. Williams came to the court house Wednesday morning and reported to Sheriff M. H. Denman that five or six revolver shots had been fired at him while he was on his way home at 9:30 p. m. Tuesday. He said he was traveling east on Fourth street and was near Willis Creek when a car containing about six men drew up along side, the men firing at him.

Drives into Ditch
He was driving a Ford truck and to escape the shots went into the ditch, the other car continuing on its way.

To substantiate his story he appeared with holes in the top of his

hat, a bruise on his right arm where a bullet seemed to have struck him after having been flattened on some solid object, and a number of bullet holes in the cab of the truck.

Williams claims to have been threatened by some of the alleged liquor men whom he has aided in capturing, stating that they threatened to hang him. He thinks in the same gang who shot at him last night.

His position as a deputy under Sheriff Denman was confirmed by the Commissioners Court Monday.

It has been estimated that if the tail of Halley's comet was composed of dust particles, it would weigh 1,000,000 tons; if the particles were molecules of gas, however, the whole mass would not weigh more than 10 tons.

DEPARTMENT HEADS OF COUNTY FAIR ARE SELECTED BY BOARD

Heads of various departments for this season's Brown County Fair were tentatively selected at a meeting of the board at the Chamber of Commerce Tuesday afternoon. At this meeting other matters pertaining to details in conducting the fair were discussed.

The following people were chosen by the board to handle the various departments named: Finance, Lee Watson, Jr.; purchasing, J. T. Stovall; races, J. Claude Smith; publicity, J. A. Henry; police, E. B. Hensley, Jr.; grounds, Sam Cuthbert; agriculture, C. A. Cavel; livestock, George Baugh; reception, J. J. Timmins; culinary, Mrs. Emmett Evans; art, Mrs. C. W. Gray; textile, Mrs. Bob Miller; poultry, M. C. Leibhart, and concessions, Hilton Banks.

Why They Quit
Such a thing can be imagined as the burden of living up to the unsought confidence people repose in you. At times one doesn't want to be leaned on. This is why overworked people resign.

INTERESTING EUROPEAN TOURS TO BE MADE BY BROWNWOOD WOMEN

Miss Annie Shelton, of the department of history at Howard Payne College, Mrs. Henry Stallings, and Mrs. Samuel Lee, will leave soon for travel in Europe this summer. Miss Shelton expects to be gone about three months while Mrs. Stallings and Mrs. Lee will be away about three and a half months.

Miss Shelton will leave Brownwood some time this week and will make her first stop in Washington, D. C., where she will spend a few days visiting friends. From there she will go to New York City where she will join a group of young people who, under the supervision of Miss Dolly Taylor of Longview, Texas, who is in charge of "The Student's Travel Club," will sail June 14th on the "Tuscania," a Cunard Line ship, for Europe. The ship is scheduled to arrive in Paris about June 19. From there the group will visit the principal cities and sites in England, Holland, Scotland, Italy, Switzerland and Belgium. Miss Shelton will arrive, as booked on the tour, in Montreal, Canada, on August the 11. She states that it will probably be the latter part of August before she returns to Brownwood. She plans to teach next year at Howard Payne College, as she has since 1917.

Mrs. Stallings and Mrs. Lee, in company with Mrs. Stallings's sister, Miss Willie Stevens, of Austin, and Mrs. J. C. Russell, also of Austin, will leave Brownwood Sunday night, June 8, for their trip abroad. They will probably stop a few days

in Atlanta, Georgia, where they will visit friends and relatives, going from there to New York City, and from there will sail for London aboard the "Tuscania," the same boat on which Miss Annie Shelton will sail. They will stop in London for a few days going from there to principal cities in France, Holland, Belgium, Switzerland, Germany and returning by Paris where they will spend two weeks. Rome, Venice and Geneva points. They are scheduled to arrive in New York aboard the "Atalante," August the 31st. They plan to be back in Brownwood about the middle of September.

Boy Drowned in Ft. Worth Nephew of Bangs Pastor

Charles Utley, 11 year old boy who was drowned in the muddied waters of Sycamore Creek at Fort Worth Saturday while attending a Sunday School picnic, was the nephew of Rev. Paul Utley, pastor of the Methodist church of Bangs. Rev. Utley attended the funeral services Monday, going to Fort Worth immediately after preaching at Bangs Sunday night.

Paisley Shawls
The shawl known as Paisley was first made at Paisley, Scotland. The texture is usually woolen, though in some shawls there is a foundation of cotton. The patterns are woven folded three-corner fashion. Nowadays they are used as furniture ornaments like piano covers. Their cost, when first made, about the beginning of the Nineteenth century, was about \$75.

J. M. Robertson Dies From Self Inflicted Wound

Joseph M. Robertson, 52, carpenter and contractor, 2501 Sixth Street, died at the Central Texas Hospital at 11:20 Tuesday night, less than four hours after he had shot himself in the head with a 22-caliber target rifle.

While at the new home he had recently built and with only his wife at the house Mr. Robertson went to the bathroom shortly before 8 p. m. and using a small rifle sent a bullet through his skull, going in above one eye and out the back. Dependancy is supposed to have caused him to commit the act.

Mrs. Robertson called Dr. Joe E. Diddy, family physician, who rushed to the scene. A McInnis ambulance was called and the stricken man was taken to the hospital, dying a few hours later without regaining consciousness.

The body was taken to the McInnis funeral home. Funeral services were held from the residence, 501 Sixth St., at 11 a. m., Thursday. Rev. J. W. Mayne, pastor of the Central Methodist Church, officiating. Interment was made in Greenleaf Cemetery.

Mr. Robertson is survived by his wife; one son, Herman of Brownwood; one daughter, Mrs. Johnnie Blanchard of San Antonio; his mother, Mrs. Sarah Robertson of May; four brothers, John of May, Claude of Grovesboro and Jim and Luther of Lamesa; and five sisters, Mrs. Nora Drinkard of May, Mrs. Drew Kenney of Brady, Mrs. Minnie Marlin of Baird, Mrs. Charles Wiggins of Lamesa and Mrs. Sam Davis of Comanche.

Boys and Girls Club Members Hold Council

The county council of the boys and girls clubs was held at the court house Saturday morning with about fifty-five young people in attendance. J. C. Alcorn of Woodland Heights, president, presided.

William Rogan To Be Pastor of a Church in Canada

William Rogan, graduate of Daniel Baker College, who for the past year has been attending Princeton University at Princeton, New Jersey, has gone to assume a position as pastor of one of the Presbyterian churches, U. S. A., in Alberta, Canada. Mr. Rogan was selected as one of the ten young men who are sent out each year from the university to fill selected positions.

Mr. Rogan was a member of the Bulletin circulation department and a worker in the Bulletin business office after school hours during the time he attended Daniel Baker. He was a leader while here in the Boy Scout work and an active church worker.

CONGRESS NOW HOPES FOR AT LEAST TWO MONTHS VACATION

WASHINGTON, June 4.—(AP)—Congress today appeared to be assured of a summer vacation of at least two months, it not three.

House rules were in effect to limit debate and speed up action on amendments to the Senate bill providing for the 1930 census and reapportionment of the House membership, one of the measures President Hoover wants to see enacted before a recess.

The Senate finance committee was called upon to complete its program looking to the fulfillment of another of his pre-vacation requirements, assurance of enactment of tariff legislation before the regular session in December. After adopting plans designed to assure completion of its own job of re-writing the House bill by mid-August, it put off until today selection of dates for a Senate vote on the bill and for final action on the conference adjustment report to follow.

Although administration leaders were almost certain they could not obtain unanimous consent to fix dates for those votes in the fall, they were confident they could muster the two-thirds majority needed to put such an agreement into effect and remove that stumbling block to a recess.

Finish Farm Bill Soon
They expect farm relief legislation, the other task which President Hoover desires to have completed prior to a vacation, to be ready for the chief executive's signature next week. While a report from the Senate and House farm relief conferees recommending elimination of the export debenture section from the Senate measure will arouse a sharp debate, the administration

group is counting on support for adoption of such a proposal from debenture advocates who are unwilling to delay enactment of the legislation.

The Senate had before it today the last of the legislative recommendations advanced by President Hoover at the beginning of the special session, the proposal for repeal of the national origins immigration

quota basis. Sponsored by Senator Nye, Republican, North Dakota, it is opposed by a group led by Senator Reed, Republican, Pennsylvania, and a close contest is indicated.

MORTUARY C. P. COLLIER

Funeral services for Commodore Perry Collier, 77, were held at 10 o'clock Thursday morning from the residence of his son, C. M. Collier, at 1613 Eighth Street. The services were conducted by Rev. C. A. Johnson, assisted by Rev. W. R. Hornburg. Burial was made in Greenleaf. Mr. Collier was born in Throckmorton, Texas, November 9, 1851. His parents were killed in the early 50's and Mr. Collier went to live with his uncle, Pete Boone, at Meridian, Texas. When Mr. Collier was 16 his uncle was killed in a storm and Mr. Collier then began making his own way in life. He was later married to Miss Sarah Clark of McLennan county and to this union four children were born. Mr. Collier had lived with his son here since 1923. Mrs. E. M. Williams, Joe J. Boyd, O. E. Frazier, J. E. Riddle, J. E. Maples and J. K. Wilkes served as active pall bearers at the funeral. Honorary

WATER PROJECT NEARS POINT OF STARTING ON ACTUAL WORK ON DAM

J. E. Starley and D. W. Ross, attorney and engineer, respectively for the Brown County Water Improvement District Number One, have been in Brownwood this week conferring with the local board over details in connection with the starting of actual construction work on the dam project. No definite information was forthcoming from either of these men or from members of the board as to the date of the start of operations, but they felt confident that the proper market for the bonds is near and that the work will soon begin.

Wins Distinction In Musical Work In New York City

Miss Mary Allison, who with her mother, Mrs. L. P. Allison, returned this week from New York, where they have spent the last nine months in musical study, completed the equivalent to a two years' course in piano and theory in one year. She and her mother plan to remain in Brownwood this summer, returning to New York early in September to resume their studies there. In the Institute of Musical Arts of the Julliard School of Music, Miss Allison studied under the direction and supervision of the famous Prof. Arthur Newstead, an instructor of international note and a graduate of the Peabody Institute of Music, who has been an instructor in the Julliard School for more than eleven years. Professor Newstead came to the United States a number of years ago from England where he had shown precocious talent in music and theory. Her studies in theory were under the direction of George A. Wedge, a noted authority on theory, who has written a number of books on that subject, which are recognized to be of the highest authority.

FLORAL SHOW TO BE HELD IN NOVEMBER BY FEDERATED CLUBS

Preliminary arrangements for the second annual Flower Show, which is to be held here during November, are being made by the City Federation of Women's Clubs under whose direction a very successful flower exhibit was held last fall. The exact dates for the show, together with the premium lists and other matters of a similar nature, will be determined in the near future. In the meantime, however, the Federation has prepared a tentative list of the flowers for which prizes will be offered, so that those who contemplate making entries in the exhibit may make adequate preparations for participating in the show. The various divisions are as follows: Section A—Evergreen pot plants: 1 palm (any kind), 2 rubber trees, 3 Boston ferns, 4 Whitman ferns, 5 Sparganium ferns, 6 Phloxes or ferns (lace), 7 other varieties ferns not listed, 8 other evergreens or ornamental pot plants not listed. Section B—A best blooming pot plant, begonia, geranium, petunia, etc. Best hanging basket, blooming. Section C—Roses. Three or more all one variety, 1 best colored red, 2 best colored pink, 3 best colored yellow, 4 best colored white, 5 best colored flesh, 6 best colored of named roses of all species and varieties, one each, at least ten varieties. Section D—Chrysanthemums: 1 best large (3 or more), 2 best 12 pompons, 3 best pot grown, 4 best collection (3 or more). Section E—Cut flowers: best half dozen zinnias, best half dozen marigolds, best dozen cosmos, best half dozen phlox, best winter lilac. Section F—Dahlias: best three dahlias; best collection (3 or more). Section G—Flower arrangement: best basket, any variety; best vase, any variety; most artistically arranged basket or vase; most beautiful basket of autumn leaves and wild flowers; best display of dried grasses. Section H—Flower pictures: best study for a still life picture, best scene from nature carried out in miniature. Section I—Best community exhibits. Section J—Florists' exhibits. There are many flowers not listed here, but the federation suggests that they be brought to the show, and any that are worthy will be given consideration and prizes will be awarded. There are eighty-one million acres and seldom detect anything moving unless it is very close.

Blazing Gas Well Baffled Efforts of Fighting Crew of Buffalo

BUFFALO, N. Y., June 6.—(AP)—Workers battled today to subdue a 75-foot pillar of flame roaring from a gas well which exploded last night on a farm near East Aurora, killing two men and injuring eight others. Drillers struck gas yesterday at 2600 feet, and while setting a casing, a spark touched off seepage gas.

FORMER LOCAL JEWELER DIES

GALVESTON, Texas, June 6.—(AP)—John F. Hartwell, proprietor of jewelry store, today faced examining trial on charges of fatally shooting V. D. Mitchell, 45, watchmaker, in Hartwell's store yesterday.

Hartwell was released on \$1,000 bond. Mitchell came here about three months ago from Brownwood. The shooting happened, Hartwell said, when Mitchell came back to the store for the third time demanding money. He declared Mitchell was drinking, and Mitchell struck at him the second time he came into the shop. Police found Mitchell in the aisle of the store with a pistol in his hand. They said they did not know if it had been fired. Hartwell gave police a revolver containing three empty shells.

The two men had been friendly since Mitchell went to work for Hartwell three weeks ago. He had driven in Hartwell's automobile and had eaten together. Mitchell's wife and seven-year-old daughter live in Houston.

Viron D. Mitchell worked in Brownwood as a watchmaker on two different occasions for W. D. Armstrong. He was here about four years ago, occupying a position with the Armstrong Jewelry Company for about four months. Last October he was again hired by Mr. Armstrong and remained here through February.

He was born in Lampasas and has worked in many jewelry shops over the United States, and was known as a competent workman. His father and sister follow the same trade and Mitchell's parents live in Coleman.

MR. AND MRS. LAWLER AND BABY TO BE BURIED AT DALLAS

ABILENE, Texas, June 6.—(AP)—A baby, 7, ambitious, prospering through honest effort, the young family of Gene Lawler was wiped out within 24 hours. The wife, 23, and idolizing her husband and year-old baby, died at 7:20 last night, a few hours after she learned her husband and her baby daughter had died.

On the brink of success in his profession, Lawler, 29, lost his wife and child into a vacant apartment at 1142 North Seventh street about 7:30 Tuesday night on an inspection trip with a view of renting. He struck a match in the gas-filled

NEED OF WOOL MARKET HERE IS EMPHASIZED

The need of a bonded wool warehouse and a wool market in this city was emphasized at a luncheon of the directors of the Brownwood Chamber of Commerce at the Southern Hotel Monday noon. When F. B. Abney reported that much Brown county wool is being taken to Bixby for sale. The matter was discussed. H. G. Lucas recommended that a warehouse be secured for this purpose.

The possibility of a fish hatchery being established here was also discussed and the secretary, Hilton Burks, was instructed to inquire into the matter.

C. Y. Early, chairman of the finance committee, submitted a budget for the year of a total of \$14,000, which was approved by the directors. The Chamber of Commerce decided to pay half of the cost of keeping J. T. Stovall, vocational agriculture instructor, here in the work of teaching four county high school classes. Brownwood pays about three-fifths of his salary, half of this is paid by the Chamber of Commerce and half by the school board.

Gil Temperance Campaign Doesn't Stop Road Plan

SAN BENITO, Texas, June 5.—(AP) President Portes Gil's temperance campaign in Mexico will not prevent the construction of an international bridge near here, according to L. L. Zeno, local manager of the bridge company.

Zeno said that all necessary licenses had been obtained before the Mexican government issued orders that no more road licenses were to be issued and that present owners would not be allowed to transfer permits.

The government was said to have refused a permit for a saloon and cabaret at the Mexican end of a proposed bridge, at Weslaco.

The governor of the state of Tamaulipas has ordered that all saloons be moved from the public square at Reynosa but so far as is known a license order has not been issued at Matamoros near here.

Men Must Work on Roads
Every man in Yugoslavia must give his services for six days in every year for road making, according to a new Government decree. Owners of auto trucks and horse-drawn wagons must lend their vehicles for three days each year. According to Premier Jivkovich, the country's most pressing need is a first-class modern system of roads.

Universal Desire
It is the beautiful necessity of your nature to love something.—Douglas Jerrod

HE HAS NEVER SEEN ITS LIKE BEFORE

Brownwood Launderman Has Tried Orgatone with Remarkable Results.

"If I could speak with everyone personally who has stomach trouble and indigestion I would tell them to take Orgatone for I have tried it myself and have never seen anything like it. It was the statement made by Charles A. Shuter of 2011 Avenue D, who is a well-known employee of the White Star Laundry, Brownwood, Texas.

"About five years ago," he continued, "I began suffering from stomach trouble and kept getting worse in spite of all I could do. My appetite left me and I would suffer terribly from indigestion and gas on the stomach after every meal. My head ached a great deal of the time. I also suffered from gas and felt tired, worn-out from these disorders and no amount all the time. I simply got so where I had to be careful of a baby about my eating and was very much afraid of my diet, and finally decided there was nothing that was ever going to do me any good."

"About this time I began to see Orgatone recommended very highly and decided to see if it would help me as others said it had helped them. My stomach soon got in shape to where I could eat cabbage, beans, meats, potatoes and just anything else I wanted without the slightest trouble afterwards. So I kept on taking Orgatone and when I finished my first bottle my stomach trouble and all my other troubles had disappeared and I had gained in weight and strength. So I can testify to the immediate results that come from the use of Orgatone, and I firmly believe if I had known about it in time I would have been a different person altogether now. No doubt there are lots of people today suffering like I did before I took Orgatone and if I could show them the road to health I think it is nothing but right that I should do so."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment containing no alcohol or other false stimulating drugs and is sold in Brownwood exclusively by Campbell and Peers Drug Stores under the personal direction of a special Orgatone representative who is meeting the public daily. (adv.)

Chicken Thieves Busy Near Thrifty

A call came to the sheriff's office Saturday morning to the effect that chicken thieves were at work in the farm of Joe Ellis near Thrifty. Norman Jack, deputy sheriff, went to the Ellis farm to find that the thief or thieves had been surprised at their work, two sacks of chickens having already been tied up, but that the thieves had escaped through the woods. A Dodge sedan bearing a Ford sedan license from Bangs was found nearby.

The Reflections of a Young Married Woman

are not pleasant if she is delicate, random, or overworked. She feels "played-out." Her smiles and good spirits have taken flight. It worries her husband as well as herself.

One husband writes: "My wife was down in bed two years. We tried several doctors and lots of different remedies—spent a great deal of money but she did not seem to improve until I purchased a bottle of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' The doctors said she must be operated on but I told her we had used Dr. Pierce's medicines in the family for 35 or 40 years and they had never failed. So she commenced taking them and after three months was able to be up and is now doing her housework. We think Dr. Pierce's medicines are the best. J. H. Benson, Route 5, Box 214, Kaufman, Texas. JUNE COURT OPENS MONDAY; MANY CASES ON THE DOCKET

With a five weeks session of District Court to start next Monday, with the possibility of three or four weeks special session to follow, Charles Bynum, district clerk, has announced the names of the grand and petit jurors and has made up the calendar.

The grand jury will be empaneled at 9 a. m. June 10 and they will have a multitude of cases to review, among them forty-six liquor cases which are the result of the recent raids by Sheriff M. H. Denman.

The first week will be devoted to civil cases by Judge E. J. Miller, the jury docket to be called at 9 a. m. Monday. There are eighteen jury cases on the docket at the present time, and 126 non-jury cases.

Twenty-five criminal cases are on the docket, the first to be called at 9 a. m., June 17. Nine of these are for forgery and passing; five for theft; three for burglary; one for a conspiracy to commit a felony; three for driving cars while intoxicated; one for possession of liquor for purpose of sale; one against Joe Shield, charged with assault to murder; and one each against O. T. Leonard and Aubrey Payne charged with murder.

With District Court summer session within a week of commencement the following lists of grand and petit jurors are made public. Where no town is mentioned the jurors live in Brownwood.

The grand jury panel includes the following named men: D. F. Abney, Mark Boler of Bangs, L. L. Lanford of Blanket, C. E. Boyett, Earl E. Day, Douglas Coakson, W. P. Murphey, C. A. Thomason, H. O. Haggans, C. K. McKenzie of Zephyr, W. F. Ebelton of Moody, G. Smith, A. D. Petty of May, I. C. Mullins of Thrifty, E. M. George of May and W. R. Strawn of Grosvenor.

The following lists are of the chosen petit jurors:

To appear June 10, 9 a. m. June 10, J. T. Floyd, Geo. Cunningham, O. L. Plyler, Ernest Weedon, Dewey F. Foster, Hugh L. Grove, O. Leatherwood, Rising Star; Vernon Holleman, C. V. Evans, J. R. Morrison, May, J. L. Boland, Zephyr; Will H. Thigp, R. S. Davitt, A. P. Stewart, Zephyr, A. J. Newton, Thrifty; W. R. Chambers, May; W. A. Newton, Byrds; Lee Sherrard; W. E. Sears; W. L. Hutcherson; N. B. Wilson, Winchell; T. P. Reagar, Bangs; Robert Hoppe, Bangs; J. W. Coffman, Bangs; G. H. Brooks, Moody; E. V. Shields, Brooksmith; R. O. Sheffield, Winchell; W. D. Mullis, Brooksmith; Ernest Olson, Indian Creek; John J. McAden, Indian Creek; W. W. Wilson; G. C. Maner, Blanket; Silas Byrd, Blanket; J. R. Frazer, Cross Cut; C. C. Carmichael, Grosvenor; S. F. Ashcraft, Grosvenor and G. O. Boyd, Indian Creek.

To appear June 17th 9 a. m.; J. D. Smith, Brooksmith; R. J. Locks, Zephyr; S. G. Drake; C. J. Tervooren; R. D. Sanderson; A. E. Culberson, W. N. Cason; A. D. Bruce; H. H. Barrett; Tom E. Hill, Grosvenor; Luke Reeves, Blanket; A. E. Koeler, Thrifty; L. P. Wagley; R. S. Davitt; Guy P. Eads, Bangs; R. D. Aubrey, Bangs; R. L. Fry; T. Carlson; K. L. Boyd; C. Wood; H. R. Kaneaster; W. L. Early, Thrifty; Geo. S. Baugh; J. C. Plummer, May; Roy Sims; S. B. Cannon; Billie Snipes, Bangs; W. M. Sikes, Bangs; J. L. Teague; Jap Halford, Bangs; C. Newsom; Guy Southern, Bangs; Lee Scarborough, Bangs; J. I. Dyer, Bangs; Audie Bruton, Bangs, and Chester Harrison.

To appear June 24th, 9 a. m.; Walter Watson; Jesse Martin, of Bangs; C. H. Heath, Bangs; O. J. Martin, Bangs; W. E. Weems, of Bangs; A. G. Norton, A. P. Stewart, Bangs; A. N. King; Harry Hennesdorf; N. E. Pike, Bangs; Rass Shields, Winchell; J. B. Lewis, Thrifty; F. E. Scott; W. T. Gilmore; M. H. Hill, Bangs; Sam Williams, Bangs; H. Alcorn, Bangs; W. M. Palmore, May; J. T. Woods, May; Frank L. Evans, Blanket; J. B. Bailey; D. W. Kyzar; J. Floyd Williams, Brooksmith; J. V. Sewalt; W. A. Price; L. B. Phillips, Bangs; Rufus Pierce, Bangs; O. A. Curry; H. Z. Howlett; W. M. Dunsworth, Owens; W. R. Lee, Leonard Cobb; A. L. Myrick; Walter Emi-

Clyde A. Strawn Is Only Graduate Of Byrds High School

Clyde A. Strawn was the one and only graduate from the senior class of the High School at Byrds, and was given his diploma by Principal Clive Pearce at the closing exercises Friday morning. County Superintendent J. Oscar Swindle made the principal address of the day to the graduating class of one and a program of entertainment of an hour and a half was put on by high school, intermediate and primary pupils.

Lucian Ferguson, president of the school board of trustees, and C. J. Thompson, secretary, also made talks.

80 Cases Handled By Sheriff This Past Month Here

The number of prisoners handled by Sheriff M. H. Denman and his deputies has increased month by month since he went into office on January 1, it is shown by his reports. Where there were twenty in jail in January there were eighty during the month of May. There were twenty-six in February, thirty-six in March and thirty-eight in April. The big number this past month was due primarily to the cleanup of many booze joints in the county.

Eastern Star And Rainbow Officers Are Installed

Joint installation of officers of the Eastern Star and the Rainbow Girls was held in the Masonic Hall last Friday evening. The installation address was delivered by Miss Cora Posey, Grand Secretary of the Grand Chapter of Texas Eastern Star. The installation was public and a large crowd was in attendance.

First came the installation of officers of the Rainbow Girls. These were: Wilma Way, Worthy Advisor; Maurine Glover, Associate Worthy Advisor; Mary Nell Morrow, Charity; Violet Cross, Hope, and Laura Bell Galbreath, Faith.

Between the installation of officers of the Rainbow Girls and the installation of Eastern Star officers, "The Grand Cross of Colors" honorary degrees was conferred by the Eastern Star lodge upon Mrs. Willie K. Turner, Mrs. Thelma Glover Mays, Miss Alice Martin and Miss Ruth Garrett. This degree is conferred annually upon members who are outstanding in the year's work. Then came the address of the evening delivered by Miss Cora Posey, the subject of which was "The History of the Order of Eastern Star."

With Mrs. Lurah Kelly, outgoing Worthy Matron, as installation officer, the following were assigned offices: Worthy Matron, Mrs. Kate Harbour; Associate Worthy Matron, Mrs. Bertha Norwood; Associate Organist, George Norwood; Conductor, Mrs. Margaret Belvin; Associate Conductress, Mrs. Stacey Bledsoe; Secretary, Mrs. Irene Smith; Treasurer, R. A. Smith; Chaplain, Mrs. Laura Galbreath; Marshal, Mrs. Harriett Ratliff; Organist, Mrs. Lorens Osburn; Ada, Miss Myrtle Brick; Ruth, Mrs. Ethel Terrell; Esther, Mrs. Ogle Baker; Martha, Mrs. Mattie Wilson, Electra, Mrs. Willie Mae Harper, Warder, Mrs. Martha Keese, and Sentinal, C. H. Murphy.

Refreshments were served followed by a short get-acquainted period.

Judicial Error
Judge—"Baliff, tell that man he must remove his hat in court." Baliff—"But, sir, that man is a woman."—"Pst. Constantino!

The Cherokees
The Cherokees were the largest and most important Indian tribe originally east of the Alleghenies, perhaps the highest in culture and intellectual receptivity north of Mexico.

Increase in Car Registration Here

The number of cars and trucks registered with the county collector's office and licenses issued has increased for the period up to June 1 of this year over that of the same period last year.

Eighty-three more cars have been registered and eighty-six more trucks. So far licenses have been issued for 6,430 automobiles as against 6,347 last year at this time, and for 629 trucks as against 543 last year. There have been 1,805 licenses transferred already this year.

CARD OF THANKS

Our heartfelt thanks and gratitude is extended to our kind and generous neighbors and friends of Holder community for their assistance during the sickness and death of our dear husband and father, Mr. Eugene Smith.

We also wish to thank the pallbearers and other friends who shared with us their sympathy upon the occasion of this sad loss, and for the beautiful floral offerings given us on this sad occasion.

Ms. Lulu Smith and Children.
