**Mrs. Montgomery**  
**On 100th Birthday**

"I stayed on this old hill and refused to move because I got enough moving when I was little and I want to stay right here." And so one hundred year old Mrs. Mollie Montgomery celebrated her birthday in the same house where she and her husband moved as a young married couple 81 years ago.

"Aunt Mollie," pioneer resident of the Bulcher community, recounted numerous incidents of the early days for relatives and friends at her birthday party Sunday.

In regard to moving, Aunt Mollie was referring to her trip to Texas from Kentucky in a covered wagon that wasn't completely unloaded for nine months. The trip with four horses took nine weeks. It was made through rain and snow and across river ferry boats which also were loaded with cattle. Mollie was eight years old at the time, and one of seven children in the family of Mr. and Mrs. W. D. Hunt.

More than a hundred relatives and friends greeted her at an open house from 2 to 5 Sunday. Visitors brought a shower of gifts and cut flowers and potted plants.

Mrs. Electra Howard and her daughter brought a handsome birthday cake from Fort Worth.

Hostesses Mrs. Ed Montgomery and Mrs. August Hyman of Bulcher and Mrs. C. O. Parrish of Gainesville served punch and cake and callers registered in a guest book.

Open house followed a birthday dinner for which immediate members of the family were present. Aunt Mollie enjoyed it all, having the best time of all. She was "going strong" the whole day . . . didn't want to lie down or rest inbetween "it might mess her new hair-do up."

She was born May 19, 1859, in Bowling Green, Ky. Her family came to Texas, settling in Fannin County in 1867. About two or three years later they moved to Cooke County and settled at Burns City. On March 12, 1876, she was married to Jacob S. Montgomery at Bloomfield and they moved to Bulcher in the spring of 1878. They became the parents of ten children.

There were two stores, two gins, a blacksmith shop and saloon at Bulcher at that time, Mrs. Montgomery recalls. The community has only one store now. Bulcher wasn't located exactly where it is now, she says. The town moved farther towards Saint Jo after she moved there. This was 11 years before Muenster was settled.

Aunt Mollie can relate experiences galore. She remembers the meningitis epidemic in 1890 that took the lives of so many children in the community. Although doctors knew little about the disease she nursed one of her own children through a severe case without ill effects and tended numerous other sick patients without contracting the disease herself.

Says she used to be a "terrible hand to walk" and would walk three or four miles to go visiting. Her neighbors always found her

good at sitting up with the sick. She can recount incidents during the Indian Territory days and thinks folks have it pretty easy nowadays and that she probably enjoyed it more than those who missed the early day hardships.

Mrs. Montgomery's children are W. C. Montgomery and Mrs. Velera Pittman of Caps Corner, Mrs. Electra Howard of Ft. Worth, Mrs. Nora Thompson of Saint Jo, Robert Montgomery of Wichita Falls, Mrs. Mary Hyman of Leon, Okla., and Ed Montgomery with whom she lives. Her husband died in 1908.

Aunt Mollie doesn't have hobbies any more — the doctor told her to take it easy. Until recent years she was an active member of the Baptist Church . . . was baptized in "Ellum" Creek, just below Hills Crossing, many years ago.

**Blessed Events**

Mr. and Mrs. Richard Hermes of Lindsay have announced the birth of a boy, their third son. He weighed seven pounds seven ounces upon arrival at Gainesville Sanitarium Thursday, May 13, at 9 a.m. He is a brother for Ronnie and David and the grandson of Mr. and Mrs. Joe Hoenig, Muenster, and Mr. and Mrs. Julius Hermes Sr., Lindsay. Mrs. Anna Loerwald of Lindsay is great-grandmother again. At the baby's christening Sunday in St. Peter's Church he was named Eugene Paul. Father Martin officiated and Mr. and Mrs. Carl Pelzel of Ennis were godparents for their nephew. While their mother was in the hospital Ronnie and David visited their grandparents here.

Mrs. John Felderhoff returned home Tuesday from a three-week visit in Victoria where she got acquainted with a new grandchild. The baby is the daughter of Mr. and Mrs. John Wright and a sister for Renee. She arrived Monday, May 11, 7:59 p.m., weighing seven pounds 12 1/4 ounces, and has been named Colleen Ruth.

A surprise birthday observance greeted Mrs. John Grewing Tuesday evening when her children and grandchildren arrived at her home with covered dishes for supper and a shower of birthday gifts.  
Making up the family gather-

ing were Mr. and Mrs. John Grewing, Herman, Anthony and Doris Lee, the Joe Grewings and Anita, the Richard Grewings and Janice, Carol, Wayne and Barbara, the Steve Grewings and Marla Rose, Larry, Glenn, James and Sheila, the Walter Grewings and Mildred and Bobby, and the Raymond Barnhills and Montie, Gary, Randy and Brenda.

—Kent Bellah Photo  
MRS. ARTHUR HENNIGAN

Back from their honeymoon, Mr. and Mrs. Arthur Hennigan are getting settled in their home on West Second Street. She is the former Miss Rachel Lutkenhaus, daughter of Mr. and Mrs. Alex Lutkenhaus, and he is the son Mr. and Mrs. Fred Hennigan. They visited places of interest in Mississippi, Louisiana and Arkansas on their wedding trip. Their marriage took place here May 9.

**Texaco Employees Have Game Party**

Mr. and Mrs. Joe Luke entertained Texaco employees in their home for the May social Monday. Games of bridge and 42 were followed by refreshments of coffee, nuts and lemon angel cake topped with whipped cream and garnished with a cherry.

Prize winners in bridge were Mr. and Mrs. Gene Gyp, high and low, respectively, and in 42 Mr. and Mrs. Wade Orsburn high and Mrs. A. C. Smith consolation.

**Nine From County At KC Convention**

Muenster and Gainesville-Lindsay councils Knights of Columbus were represented at the annual state convention in Laredo this week.

Going from Muenster were Father Christopher Paladino, J. W. Fisher and Pat Hennigan who left from Dallas by car Sunday after attending the Boy Scout ceremony, and Herbert Meurer who made the trip by plane leaving Monday morning from Dallas. They will return together.

In another car, Father Alcuin Kubis and Jake Bezner of Lindsay and James Bezner of Gainesville, accompanied by Mmes. Jake and James Bezner, left Sunday about noon.

The convention, Monday through Wednesday, winds up with a trip to Monterrey, Mexico.

**OUTING AT LAKE MURRAY**

Seventh and eighth graders of Muenster Public School had their annual end-of-the term picnic and outing at Lake Murray, Okla. Accompanying the students — the groups went in private cars — were Mr. and Mrs. George Lemons, Mmes Dick Cain, Ernest McElreath, Cecil Rathburn, Aubrey and Jack Tuggle, Craddock, Sam Sparkman, A. T. Dickerson and James Hammer. Swimming, horseback riding, boating, picture taking and picnicking were highlights of the all-day outing.

**Altar Boys Treated To Annual Picnics**

Altar Boys of Sacred Heart Parish have been treated to their end-of-the school term outings with Brother Thomas Moster who is in charge of the acolytes arranging the programs with the help of the youngsters' mothers. Parents furnished transportation for the fifth, sixth and seventh graders and accompanied them.

Father Bruno went with the eighth grade group and took top honors in a fishing contest. The boys spent the day at Red River fishing and picnicking.

Little fifth graders spent their day in Fort Worth at Forest Park. They visited the zoo, enjoyed the various rides, and had a picnic dinner.

The sixth and seventh grade groups joined for their day in Gainesville. They had a skating party, a theatre party, a picnic dinner and a ball game a Leonard Park.

**Four-H Girls Join For Last Meeting On Home Freezers**

Muenster's 4-H club girls, juniors, intermediates and seniors, joined each other and a group of adults for their May meeting which consisted of a talk, open to the public.

Subject for the afternoon session in the high school library was "Are you getting the most out of your home freezer?" County Home Demonstration agents Bernice Thurman and Yvonne Jenkins were in charge of the program and discussed such topics as proper packaging materials and the techniques in putting up fruits, vegetables and meats in the home freezer or food locker. Afterwards they distributed booklets relating to the subjects they discussed.

An added feature was a demonstration by Patsy Endres and Kathleen McGannon who made a vitamin salad. The girls won first place in the county on this demonstration, took it to the district and won again there qualifying them to compete in the state finals at A&M College next month during the annual 4-H Roundup.

For the 4-H clubs of Sacred Heart School it was the last meeting of the term. They will reconvene when school opens in the fall and begin the new term with election of officers.

**Herr Family Feted At All Day Reunion**

Mr. and Mrs. Denis Walterscheid entertained in their home Sunday with a get-together and noon dinner for members of her family while her brother Airman Tommy Herr is here on leave.

Other guests were Mr. and Mrs. Frank Herr, Joanie Herr, Virgilla Schilling, and the Melvin and Ronnie Herrs and their children from Wichita Falls. A round of pictures were made of individuals and of the party scene.

Mrs. Al Schad and daughter Margaret Mary drove to Dallas Sunday, stopping first for their daughter and sister, Clarice Schad, who joined them in visiting friends during the afternoon.

Joan Roberg and Arlene Malone of Fort Worth drove to Muenster Sunday to spend the day with family members.

**Massie-Reed Rites Set for June 6**

Mrs. Malinda Massie of Forestburg announces the approaching marriage of her daughter, Oma Dell, to Grady Reed, son of Mr. and Mrs. O. R. Reed of Muenster.

The couple has selected Saturday, June 6, for the wedding date. The ceremony will take place in the Church of Christ at Forestburg at 2 p.m. Everyone is invited to attend.

## FEATHERBEDDING

The railroad featherbedding problem—which costs the nation something like \$500 million a year, and is the result of obsolete rules established in an era when railroads were far less swift and efficient than at present — has been making headline news. Newspapers throughout the country have been discussing it — and the overwhelming majority agree it must be outlawed.

Some examples:  
 The Joplin, Missouri, Globe, says: "It is unreasonable, to say the least, to hold to the rule of changing train crews every 100 miles in our modern times of diesel engines and fast trains. Likewise, the idea of having firemen who do no firing on diesels and extra brakemen who do no braking makes no sense when the rails are fighting for their economic lives."

The Spokane, Wash., Chronicle, says: "... featherbedding — 'pay for work not done, for services not performed' — is a wrong ingredient in any work agreement in any trade or industry."

The Dayton, Ohio, News says: "The attack on featherbedding should be pursued with vigor."

The Buffalo, New York, Courier-Express, says: "It must be

clear to labor leaders as well as to management that practices which weaken the railroads strike at their own livelihood. Co-operation to eliminate them would be in the interest of all concerned."

The Bangor, Maine, News says: "Featherbedding hurts the railroads, the workers and the general public..."

Hundreds of comparable views could be quoted. And one more pretty well sums up the attitude of the nation's newspapers. It is from the Grand Rapids, Michigan, Press: "A way must be found to end featherbedding before featherbedding ends railroading."

## Cold War Note

Part of a U. S. exhibition in Moscow this coming summer will be a typical \$13,000 American home, containing \$5,000 worth of furniture. A leading Soviet newspaper, Tass, has ridiculed the exhibit in advance, saying: "There is no more truth in showing this as the typical home of the American worker than, say, in showing the Taj Mahal as the typical home of a Bombay textile worker or Buckingham Palace as the typical home of the English miner." The fact is that

## CAN SCIENCE REPLACE GOD?

By Thomas E. Murray, consultant to the Joint Committee on Atomic Energy

AS a former member of the Atomic Energy Commission, I have had the time to ponder about God and the atom, and how society and our individual lives ought to be ordered in this atomic age.

Science has made magnificent contributions to our way of living. The list of its achievements are endless; and its progress has just begun. Scientists have placed in the hands of men power which dwarfs even the imagination that fashioned the story of Aladdin's lamp.

Murray

Yet life and culture are larger than this expanding universe of science. This is no reflection on science. It is another way of saying: science is for man, not man for science.

SCIENCE can give man mastery over matter. It can fail to give man control over himself. Science has its distinctive method: it involves experiment — with tools, machines and chemicals. But you cannot, without a kind of sacrifice, experiment with the souls, lives and honor of men.

However useful science is to investigate the privacy of tiny chambers called atoms, it is all but useless to investigate the inner and

higher life of men. You cannot examine free will in a test tube. Yet, much of what man does for good or evil springs from this inner life of free choice. Nuclear energy can explode with uncontrollable force. But the occasion for its explosion is controlled by men — either by evil men or by good men.

Science cannot save men from themselves, any more than society can. Rather, it is individual men who must save science, society and themselves. If men will not live by virtue they may have to die by power.

ALL things are made by God, and so man's attention must never be focused on science so as to neglect religion and philosophy which bring us to God. Only religion and philosophy can direct our lives according to right reason and charity.

Life and culture need modern science; but they need even more the qualities that make life genial and human. Times come for all of us when we must lift our thoughts not only above the swirl of matter, but even above plant life and animality. Man needs an appreciation of why he lives and loves. He must be brought into contact with an object to live and die for.

THE OBJECT is found nowhere in science; it is found only in God.

† Paulist Feature Service, Washington 17, D. C.

the home is being built commercially in New York State to sell for \$13,000 — and that a major department store offers the furnishings to all comers for \$5,000.

## Tax Man Sam Sez:

Well, it's only a few more days now until this year's school session is over. Thousands of students will rush off to play but every year there are more boys and girls who work during the summer. It is worth noting that Dad doesn't have to knock them off his income tax exemptions. In spite of the law having been changed for five years a lot of dads still give the younger generation a bad time about not making over \$600. It doesn't matter any more. Dad, how much they make. You still get your exemption and the students also get their own. That's the way the law reads.

## How Much Federal Aid Did the Pilgrims Get?

They were in a Depressed Area. No one guaranteed them high prices for anything. Their only roads and schools were built by themselves. For Security they did their own saving, or starved.

All they had was Character. All they did was Work. All they wanted was Self Respect.

The sum of those three traits became America.

But what's going to be the sum

of the traits you see today — the traits of character, or, rather, lack of it, that demand more money for less work, put security above self-respect, pamper self-pitying criminals instead of punishing them, give away resources we desperately need to protect ourselves, listen to weaklings that want government to take care of them when they should take care of themselves.

Long years of early-American self-respect and hard work built America, but the traits you see today can destroy it, in half the time.

Warner & Swasey Ad

Publisher Tom Anderson of Farm and Ranch magazine writes "What is this thing we've inherited which we'll defend with our lives? If it's bricks and mortar, factories, cars, houses, gadgets, and places of pleasure—if that's all we're defending, we'll lose them, and all else. What are we defending against the Communists? We are defending the freedom and the dignity of the individual, the right to be masters of ourselves and of our government; and to be servants only of our God. Defend? We must not only defend. We must get on the offensive, and take these ideas, these freedoms, and these blessings to the world. 'Containment' of Communism is only a beginning, not an end."

Take the next step now... open a Savings Account in this bank. You'll enjoy watching your money grow... and interest, compounded regularly, helps it grow faster.

## MUENSTER STATE BANK

In our 36th year of service to Muenster Member FDIC

**IT HAPPENED  
20 YEARS AGO**

May 19, 1939

Henry Schnitker, 75, pioneer resident, dies of heart ailment. Costs too much, so city council decides to remove Frank Hoedebeck, city marshal, from the roster of city officers. Muenster and Cooke County make move for

soil conservation. Mrs. M. J. Endres is re-elected grand regent of local CDA court. Twenty-one children are in Solemn Communion class here Sunday. Father Francis is named Texas delegate to national K of C convention in Seattle, Wash. Mrs. Al Fleitman returns from Sherman Hospital after medical treatment. Myra school closes with program. The Joe Fettes announce the birth of Della. Milk receipts at cheese plant are falling after April peak of near 50,000 pounds, volume this week is about 47,000 pounds.

**15 YEARS AGO**

May 19, 1944

Brief illness is fatal to Sister Georgia, teacher at Sacred Heart High School. Lindsay school graduates six high and 15 grade school students. Plans are complete for institution of Fourth Degree Knights of Columbus here. Bishop Dangelmayr, in whose honor the assembly is named will open the day's program with a pontifical high mass. Yeoman and Mrs. Earl Fisher announce the birth of a daughter in Oakland, Calif. Evelyn Wiesman enters nurses training in Fort Worth. Service men heard from this week; Father Francis Zimmerer on the Admiralty Islands; Leon Hellman in India; Arnold Schilling, New Guinea; Louis Sicking, Dayton, Ohio.

**10 YEARS AGO**

May 20, 1949

Memorial service here this year will include dedication of bronze memorial plaque and live-oak trees at ball park. School trustees select location for new building. Len Endres named assistant manager of Armour plant in Huron, S. D. Aged father of M.

H. Grammer dies. Mrs. Starling Lawson is honoree at pink and blue shower. Betty Walter is winner in county 4-H dress review. Garden Club combines business session with pilgrimage and picnic at Gainesville. Century plant at Wilson's keeps growing and budding but doesn't bloom, it is almost 11 feet high now. 2.73 inch soaker puts land in top condition and brings rain total for this year to 15.79 inches.

**5 YEARS AGO**

May 21, 1954

Lindsay celebrates as two native sons have first masses... the newly ordained priests are cousins, Rev. Bruno Fuhrmann and Rev. Nicolas Fuhrmann. Tigers take third place in Academic baseball tourney. Good grain crop awaits harvest. Parish nets \$7000 for proposed new University of Dallas. Twenty-three seniors of Sacred Heart and 15 seniors from Muenster High will receive diplomas at graduation programs. Rev. Joseph Weinzapfel's first assignment is as assistant at St. Bernard's Parish in Dallas. PFC Mike Driever fractures left arm on maneuvers near Munich, Germany. Father Patrick Hanlon is

baccalaureate speaker at Lindsay. New arrivals: girls for the Emmet Sickings, Robert Beyers and Jerome Dieters.

**Junior 4-H Boys  
Review Program**

Sacred Heart School's junior 4-H club ended the current term with a program conducted by Assistant County Agent Bo Wheeler. He reviewed important dates and events on the 4-H program and discussed the value of animals displayed in the junior livestock show.

Joey Dangelmayr, club president, conducted the meeting for which 21 members were present.

**SOIL CONSERVATION  
DISTRICT NEWS**

OUR SOIL ★ OUR STRENGTH

Those bright yellow fields that dot the landscape around Muenster are one of the trademarks of a conservation farmer. The yellow blossoms are fields of Madrid sweet clover at work. Traveling through this section of the Upper Elm-Red Soil Conservation District this time of year one sees easily where the yellow went.

Yellow blooming sweet clover spotted on the farms is there to do a job of soil protection and soil improvement. Madrid sweet clover and Biennial White sweet clover are two-year clovers. They bloom and produce seed the second year. They are tap-rooted plants and do an excellent job of breaking up and destroying plow pans in the soil.

Sweet clovers, when properly inoculated, fertilized and managed can add up to 50 to 75 pounds of nitrogen per acre through the action of nitrogen-fixing bacteria in root nodules. This is equal to the nitrogen in 200 pounds of Ammonium Nitrate.

Maximum benefits are obtained from sweet clover when it is permitted to mature seed and all residues are returned to the land to build up organic matter in the soil, according to local Soil Conservation Service technicians.

Roy Kingery of Saint Jo has just completed a pond for livestock water on the James Wilson farm he recently bought near Freemound. The pond dam contains 4704 cubic yards of earthen fill and will furnish year-round water for livestock so that better distribution of grazing and rotation practices can be carried out to improve the grass on the land.

J. H. Bayer has just completed a pond on the farm he operates for Mrs. C. B. Sears in the Hays community. This pond is located

in a wide Bermuda grass waterway and will provide stock water so that the waterway can be used as a pasture strip during a part of each year.

These ponds were built with the cost-sharing aid of the Agricultural Conservation Program with technical assistance furnished by the Soil Conservation Service.

State League, plans for hosting the deanery holy hour in June and final plans for a benefit dance this week Saturday, were topics of interest to members of the Lindsay CYC at their May meeting.

Delegates chosen to represent the society at the Shiner convention in June are Maxine Schmitz, Rosemary Bezner, Frank Sandmann and Leroy Neu. Committees are in charge of the holy hour and the dance.

Patty Block and Rosalie Schmidkofer presented the spiritual at this meeting and Wanda and Rosemary Hess agreed to give the spiritual for the next meeting. Michael Fuhrmann, president, was in charge of the business session and Leslie Kuhn gave the treasurer's report. A social followed adjournment.

**Lindsay News**

Lindsay is planning a homecoming celebration with the date set for June 28. The event will initiate the new picnic grounds. A committee is getting ready to mail invitations to old timers, former residents, relatives and friends. It will be Lindsay's first annual homecoming celebration. All parish societies are sponsoring the program.

A family get-together honored Mrs. Sophie Schad at her home Sunday when her children and grandchildren from Lindsay and Muenster brought covered dishes for the noon meal and gifts for the honoree for her 80th birthday observance. Her birth date is May 18, but the celebration was Sunday when the family could be together.

Final meeting of the season for members of the Confraternity of Christian Doctrine of St. Peter's Parish was held Sunday. Subject for discussion was Matrimony. Nine adult groups and a CYC group have been active and interested in the meetings. Preparatory to the members' meetings the chairman of each group met with the pastor, Father Alcuin Kubis.

Mr. and Mrs. C. M. Flusche and children Jerry and Evelyn of Decatur drove to Ennis Sunday to spend the day with Mrs. Flusche's sister, Sister Mary Olive, who will be leaving there soon to return to the motherhouse in San Antonio for the summer.

Assistant County Agent Bo Wheeler conducted the program at the Lindsay 4-H boys' junior club meeting for May, leading a discussion on important dates and events for 4-H clubbers during the summer, including summer camp. Doyle Voth conducted the business session and Jimmy Flusche, reporter, counted 27 members present.

Wanda Jean Hess, daughter of Mr. and Mrs. John J. Hess, has completed her course in cosmetology, training and being graduated from the Sherman School of Beauty. Wanda began work this week at Dorothy's Beauty Fashionette in Gainesville and looks forward to seeing her friends and relatives often.

Members of the Tripoli Club had their May meeting in the home of Mrs. Andy Arendt and two new members were welcomed. They are Mrs. Gene Hoedebeck of Muenster and Mrs. Bruno Zimmerer. Lemon angel food cake, ice cream and coffee were refreshments after a series of card games.

**Confetti** - - -  
city budget. In the end they would be helped to the extent of money received from rural sources.

Considering the proportion of rural and city property on county tax rolls the fair way would be to raise about twice as much as necessary by a special tax,

so that the rural area's share would be about right. The two cities then could reduce their rate accordingly thus leaving their taxpayers with no more assessment than before.

Whatever the solution finally adopted, the problem is still one that needs to be solved. And it's up to the commissioners to work out the answer.
