

Reminding us again that America's traffic is more deadly than war, the Texas Department of Public Safety has just published up to date statistics on the lives claimed so far by both during our country's history.

The shocking fact is that, at the end of the year just past, traffic fatalities still lead war fatalities by a count of 1,264,704 to 1,130,393.

Those figures become even more shocking when we consider the number of years involved. The wars date back to the founding of the nation, including the Revolutionary War, whereas cars have been killing people only since 1900. That's 183 years as compared with 58 years. Comparing the record of both since 1900, which includes both world wars and the Korean war, we find highway deaths leading by a ratio of over 2 to 1. Our war dead during that time add to 578,637.

We make a big hulabaloo about the horrors of war but here are the cold statistics proving that it is actually less serious than this other form of slaughter, which is so tragically taken for granted. Besides, there is the fact that lives lost in war are spent in defense of a noble cause . . . even though we sometimes wonder whether the result accomplished is worth the price . . . whereas traffic deaths are a total waste . . . which we know for sure.

Incidentally, in case you did not know, our bloodiest conflict of all was the civil war, with a death toll of 529,332. Next worst was World War II with a toll of 407,828, then World War I with 116,563. The Korean war claimed 54,246 American lives. Other wars and their death losses were Mexican War 13,283, Revolutionary War 4,445, Spanish American War 2,446 and War of 1812 2,260.

Getting back to traffic tragedies of the past year, the statistical branch of the Department of Public Safety informs us that the state had 304,000 accidents last year with 2,342 deaths and 127,000 injuries. In addition to the suffering and death, the state's economic loss is estimated at \$347,311,000. From which it appears that in money values also traffic losses run about as high as war losses.

For a small contribution to highway safety we are indebted to Ray Roberts, State senator of this district. In the present legislative session he pushed through a bill providing a penalty for allowing livestock to roam on state or national highways and also relieving motorists of liability for hitting stock. That should remove quite a few four legged hazards from Texas roads, and most likely save some lives.

Friday night of this week members of Sacred Heart Parish will gather by the hundreds for their traditional May Day ceremony honoring Mary as the mother of the Divine Savior and crowning her as the queen of the parish. It is a fitting and beautiful ceremony ushering in the month which is specially dedicated to the Virgin Mother.

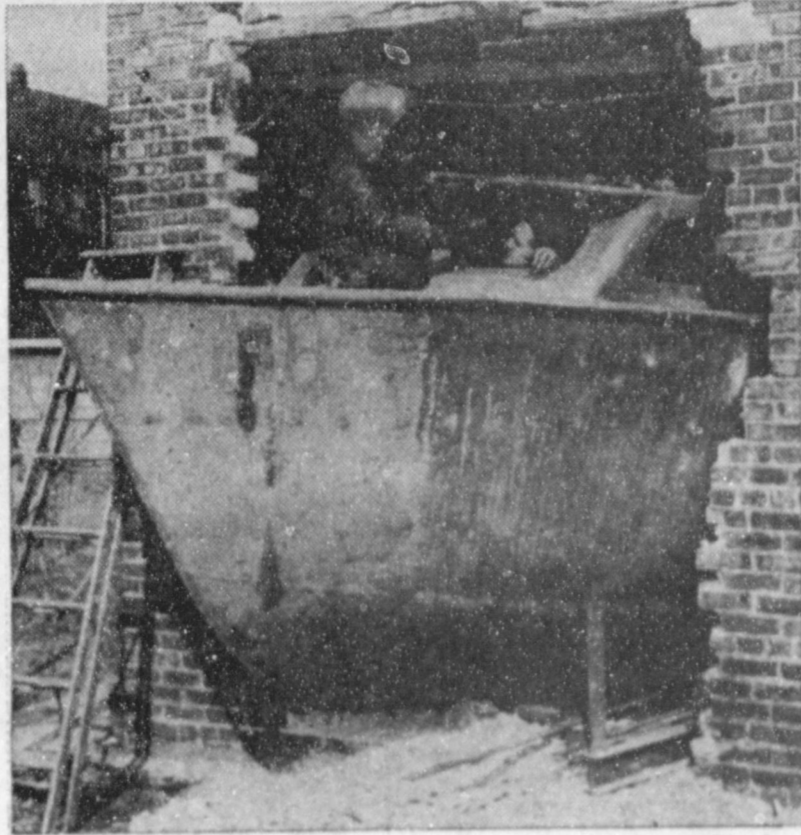

In many places throughout this country May Day will witness another kind of very appropriate observance, one which is intimately related with the religious observance in that both take their significance from the same source, Christianity.

By proclamation of President Eisenhower, May Day is officially designated as Law Day. It is a special day dedicated across the nation to observance of the fact that we have a government of law instead of men, and set aside as a reminder to the rest of the world as well as to ourselves that our lives are directed by human rights which are proclaimed by Christianity and guaranteed by the law of our land.

In sharp contrast to people of the communist world, we are not subject to men but rather to a set of standards which were recommended by Christ Himself. We must admit, of course, that some deficiencies have crept in, but essentially they still meet that original standard, respecting the dignity and sacredness of humanity.

May Day is also a big day on the other side of the world, but with a completely different significance. Over there the red bosses make a big show of the armed power which enables them to keep control over their enslaved millions and terrorize the rest of the world. A grim reminder that theirs is a govern-

(Continued on Page 10)

IT HAPPENS EVERY SPRING—Jack Jensen, in cabin of cruiser, and son, Ricky, 8, work on the 21-foot welded steel hull that outgrew their garage in Chicago, Ill. Says the elder Jensen: "I was going to make the garage bigger, anyway." That's what the man says.

### Taylor Continues As Sacred Heart's Home-School Prexy

Charles Taylor went back into office as president of Sacred Heart Home-School Society in the annual election Tuesday night. Others re-elected with him are Mrs. Francis Wiese, secretary, and Mrs. W. J. Miller, treasurer. The new member of the executive committee is Leo Lawson, vice president.

In addressing the group, Father Christopher Paladino reviewed current school activity and Sister Barbara invited everyone to attend the Science Fair her students will have May 7, 8 and 10.

Thirty-two families were represented, most of them by both parents, when the roll call was taken. This was the organization's last meeting of the school year.

For entertainment, preceding business, a spelling bee was held. Sixth, seventh and eighth graders participated. George Petrus was pronouncer and Adam Wolf was judge.

Janice Vogel was the winner, spelling down Carol Henscheid who missed on "restaurant."

### 11 at MHS Qualify For Next Meet in Junior Olympics

Eleven boys of Muenster High School, competing in the Junior Olympics district track meet at Gainesville Tuesday, qualified to participate in the national meet in Garland.

The Garland event is one of many held throughout the nation and records from it are submitted to national headquarters.

According to Coach Boze Ansley Tuesday's meet was strictly for individuals and no official records were kept for the schools represented. However, on the basis of customary scoring the Hornet team was second with 42 points. Gainesville earned 48 points. Other school represented were Denton, Valley View, Era and Whitesboro.

Most of the MHS points were earned in the 16-17 year division and the others in the 14-15 division. First, second and third place winners are eligible to compete at Garland.

Point makers of MHS and their records are as follows. Broad jump: Wimmer, 2nd, 20 ft.; Harris, 3rd, 19 ft.; D. Hellman 3rd, 17 ft. 10 in.

High jump: Wimmer, 1st, 5 ft. 8 in., D. Hellman 4th.

Shot Put: Otto 4th.

Discus: Harris, 4th.

100 yd. dash: Wimmer, 4th, 10.5

Low hurdles: Wimmer, 3rd, 22

(Continued on Page 9)

### MHS Eliminated At Regional Meet

Muenster High's Interscholastic League competition in track came to an end at the regional meet in Denton last Saturday.

Eligible to enter 5 events, the local boys ended with two fifth places and one sixth, which were not good enough to qualify for the state meet.

Milton Fette turned in a fine 2:19 record for the 880, but other talent was too abundant and he came in fifth. Billy Otto was 6th in shot put with 39 ft. The 440 relay team consisting of Wolf, Harris, Wimmer and D. Hellman was fifth with 47.2 seconds.

### Big Gain Reported At Annual Meeting Of Electric Co-op

Substantial increases in both business volume and investment marked the operation of the Cooke County Electric Cooperative Association in 1958, according to a report submitted by Manager Michael Sloan to the members at their annual meeting here Monday night.

Quoting from a statement which had previously been mailed to all members, Sloan said that total revenue had increased from \$570,132 to \$694,685 and the net operating margin from \$118,693 to \$168,281. Also during the year assets increased from \$2,127,854 to \$2,401,621. Meanwhile the increase of liabilities was much smaller, permitting membership equity to increase by over \$176,000. Regarding indebtedness, he said the co-op is over \$80,000 ahead of schedule in its payments.

Sloan also pointed out the importance of oil field business to the co-op's economy, saying that 70 percent of its revenue comes from that source. Also that the local organization ranked 19th in the state's 77 rural electric co-ops in 1957. Rankings for '58 still are not available but it is believed that the year's thriving business will put it

(Continued on Page 10)

### Alumni, Saint Jo Are Champions of Volley Tournament

Sacred Heart Alumni B team came from behind for two thrilling wins and the champ trophy at the MHS invitation volleyball tournament last Friday night. It was the second trophy for the team and the third for the society. Previously the A and B teams had won consolation at Saint Jo and Nocona respectively.

The Alumni girls got their champ trophy the hard way. In the double elimination tourney they had lost earlier to Sivells Bend then went on to meet the same team in the final. After a long, hot contest they won the match, then had a playoff, which the Alumni also won. Total time for the two matches was about two hours.

Sivells Bend received the runner-up trophy. Third place trophy went to the Tuesday Nites, which lost to Sivells Bend in the semifinal.

In the men's division Saint Jo took the champ trophy by winning a fast moving 2 out 3 series with Lindsay. Lindsay got the runner-up prize and the Auctioneers got third prize after losing the semifinal to Lindsay.

### Brothers Visit Overseas

The Joe Doughtys have letters from Spain and from Germany where their sons are in the service. Both boys tell of getting together for a visit. Douglas, on leave from the army in Kaiserslautern, went to Madrid to see his Air Force brother Jimmy. They hadn't seen each other in 18 months. Douglas also wrote about a visit with Pete Hammer who is soldiering in Germany. It was the first time they had an opportunity to get together. Pete is the son of Mr. and Mrs. George Hammer.

### Garden Club Will Have Flower Show Sunday in 3 Homes

"Panorama of Muenster" is the title of the home placement flower show to be presented by the Civic League and Garden Club Sunday, May 3, in the homes of three members, Mmes. H. H. Homsley, Dick Cain and Ben Luke, between the hours of 3 and 6 p.m.

The main purpose of this type of show is to stimulate interest and develop ability for making arrangements to be used in members' own homes. Each member has been assigned one specific display to be made so that it will be not only decorative but will also blend harmoniously in size, color and composition with a designated location.

Size of the area on which it is to be placed as well as the size, color scheme and general theme of the room must be taken into consideration in order to make an arrangement which will be suitable for its background.

Another purpose of the show is to stimulate interest in horticulture.

The Homsley residents, first of the three to be visited, will feature living room, bedroom and dining room arrangements; the Cain residence will display kitchen and den arrangements and a horticulture exhibit on the patio; and finally the Luke farm home will be the place for yard

(Continued on Page 2)

### 300 Expected in Dallas-Gainesville Trail Riders Trip

About three hundred riders are expected and more are welcome for the big trail ride from Dallas to Gainesville prior to the opening next Monday night of a 3-day championship rodeo sponsored by the Gainesville Riding Club.

The trail ride, sponsored by the riding club in cooperation with the Gainesville Chamber of Commerce and the Junior Chamber of Commerce, will begin in Dallas at 2 p.m. Saturday and is scheduled to arrive in Gainesville in time to join a pre-rodeo parade at 4 p.m. Monday. The group will camp out Saturday and Sunday nights.

Eight covered wagons, a stagecoach and two buggies will make the trip with the trail riders. Invited to participate are all 28 member clubs of the 30th District of American Association of Sheriff's Poses and Riding Clubs. In addition, says chairman Cecil Ward, invitations are extended to any other riders who wish to make the trip.

The rodeo, to be held Monday, Tuesday and Wednesday nights in the Riding Club arena on Old Highway 77 north of town, will feature top cowboys and cowgirls with the "wildest stock in Texas."

### Parish to Gather Friday for Annual May Day Service

May Day will bring the annual May Queen crowning for Sacred Heart Parish and about 500 children will march in procession preceding the coronation ceremony in Sacred Heart Church at 7 p.m. Friday.

Lined up to take their places in the march from school to church are students of all ages, the First Communicants forming a living rosary encircling the statue of the Blessed Mother. The almost life-size image of the Madonna will be carried by senior boys.

Senior girls will be honor attendants to Ruth Endres, president of the local CYC, who will place a garland of flower on the statue while other students blend voices in hymns and place bouquets of flowers at the improvised shrine in church.

Little girls of the First Communion class, in white dresses and veils form the Hail Marys of the rosary and little boys of the class will take the places of the Our Fathers and form the cross.

More color will be added to the procession by the Boy Scout troop in uniform as an honor guard and the altar boys in their robes. Two tiny girls will be in angel garb carrying the crown and a bouquet of flowers.

After the coronation, the parish will join in an act of consecration and May devotions will follow.

### Fourth Polio Shot Will be Available in Muenster Soon

Another round of polio immunization shots, for persons who want them, will be available here in the near future.

Dr. T. S. Myrick pointed out this week that State Health Department officials follow the recommendation of Dr. Jonas Salk in advising people to take a fourth polio shot as a precaution against possible ineffectiveness in previous shots.

Salk claims that three shots are sufficient if all are adequate, but in the rush and strain of meeting demand for the vaccine some batches may not have been up to the desired standard. Anyone who has received such vaccine is not adequately immunized. To play it safe, health authorities urge a fourth shot for everybody.

The proper time for the fourth shot is a year after the third. Now is the time for them, Myrick said, and a date will be set as soon as convenient. The price per shot will again be \$1.00.

About 1000 local persons have completed the series of three shots as previously recommended.

### Mail Service Here Due to Get Better After Train Quits

Suspension of the MK&T passenger train service between Denison and Wichita Falls will result in better postal service to the people of Muenster.

A new schedule of deliveries and dispatches just received by Postmaster Arthur Endres indicates that postal department trucks, which take over the job on May 16, will be here more frequently and at hours which will assure early delivery to much incoming mail besides giving an early start to much outgoing mail.

The big difference is that deliveries and dispatches, five of them in all, will occur during the day, whereas two of the four previous contacts used to occur at night.

Under the new schedule local mail activity begins at 6:38 a.m. with the arrival of a truck from the west. It will have mail previously sent from Dallas and Fort Worth to Wichita Falls, also mail from western points such as Denver and Amarillo.

That truck turns around at Gainesville and gets back to Muenster at 7:57 bringing mail from the east and north. As it leaves here it picks up mail which is posted in time for the early dispatch.

Next, at 4 p.m., is the arrival of a truck from Bowie bringing mail from north, south and west, including some mail that was

(Continued on Page 9)

### Mrs. Paul Fisher Elected President Of Muenster P-TA

Mrs. Paul Fisher is the new president of the Muenster Public School Parent-Teacher Association, elected at the organization's meeting Tuesday night. As head of the PTA she will be working with five re-elected officers.

Retained on the executive committee for another year are Senior Vice President Mrs. Richard Cain, Junior Vice President Mrs. L. J. Roberg, Secretary Mrs. Charley Hellman, Treasurer Mrs. Leonard Owen, and Parliamentarian Glenn Hellman.

In other business at the group's April meeting for which Mrs. David Trachta presided for the last time as president, members discussed building a new concession stand and set May 9 as the date for their annual bake sale.

Mrs. Trachta read a letter of thanks from the school board, the thanks concerning the Hornet score board which the PTA financed and has debt free now. Board members also expressed appreciation for other assistance during the year and commended the organization on its activity.

It was announced that all advertisers names will be on the score board before the next football season opens.

Dr. T. S. Myrick gave a short, informative talk on school taxes, school discipline and school needs.

Before the business session, members saw a style show. About 20 girls of the homemaking class modeled garments they made as chapter projects. Margie Flusche served as narrator.

After adjournment the Future Homemakers served coffee and cookies.

### Mrs. Joseph Hacker 68 Year Resident, Dies Sunday at 87

This community lost one of its few remaining pioneer residents with the death of Mrs. Joseph Hacker, 87, who had lived here continuously for 63 years. She settled here in 1891, two years after the colony was established.

Mrs. Hacker died at her home on North Main Street Sunday evening at 5:45. It was the 61st anniversary of her wedding.

Funeral services with requiem high mass were held Wednesday morning at 9:30 in Sacred Heart Church with Rev. Martin Fischer officiating. He also delivered the funeral sermon and conducted graveside rites in Sacred Heart Cemetery. Nick Miller Funeral Home was in charge of arrangements.

Bearers were William Haverkamp, Martin Trubenbach, Jerome Pagel, Martin and Tony Hacker and Andy Walterscheid.

Rosary was recited at the Miller Chapel at 4 and 8 p.m. Tuesday. The first service was conducted by St. Anne's Society of which Mrs. Hacker had been a member for more than half a century.

The former Miss Catherine Sieger was born in Wisconsin Nov. 16, 1871, and came to Muenster when she was 20 years old. She was married to Joseph Hacker on April 26, 1898. The couple lived on a farm west of town until after Mr. Hacker's death in January 1945.

Mrs. Hacker had been feeble for about six years but was almost always up at her home until a month ago when she had pneumonia. Since then she didn't leave her bed. A daughter, Miss Katie Hacker, lived in the home with her and was her constant companion.

Survivors are another daughter, Sister Frowina of Pocahontas, Ark., and three sons, Frank and John Hacker of Muenster and Edward Hacker of Valley View and eight grandchildren.

### Local Clinic Sets Next Monday for Immunization Day

This year's immunization day at Muenster Clinic will be held next Monday, May 4, Dr. T. S. Myrick announced Wednesday.

That is the annual event when shots are given on a mass production schedule at small cost as protection against the more common communicable diseases of diphtheria, typhoid, small pox and whooping cough. The shots are given as needed to keep a person's immunization status up to schedule, and a record of each one's shots is kept at the clinic.

Typhoid boosters are due annually and small pox vaccinations are normally good for five years. For diphtheria there will be shots and also Schick tests to check the effectiveness of a former shot. If the Schick is favorable the immunization is good for life. Polio shots are not given on that day.

Especially wanted are children who are due to begin school next fall.

Polio shots will not be included in Monday's program.

### Ansley Gets Grant For Summer Study In Science at NTSC

William (Boze) Ansley, math teacher at Muenster High School is one of 48 science and math teachers awarded National Science Foundation grants for study in a summer institute at North Texas State College.

The program, established by a \$48,000 award to the college from the foundation, will be conducted for six weeks beginning June 2. It is one of a number supported by the foundation throughout the United States and is aimed to improve the subject-matter competence of teachers and to help toward encouraging able students to consider careers in science.

### SCHEDULE OF COMING EVENTS

FRIDAY, May 1, May Queen crowning at Sacred Heart Church, 7 p.m.

SUNDAY, May 3, Flower Show for Garden Club members and guests, 3 to 6 p.m.

MONDAY, May 4, VFW Auxiliary meeting, VFW Hall, 8 p.m.

Mrs. Walter Wolf of Gainesville was dismissed from the Sanitarium Tuesday after undergoing minor surgery Monday and is convalescing here at the home of her parents, Mr. and Mrs. Victor Hartman. Her children Deanna and Chris are with her.

The James Hammers moved this week to make their home in former John Fette residence, 727 North Elm. They bought the property. Formerly the Hammers lived in Roy Atteberry's house on First Street.

### Mrs. Amanda Parker Is Party Honoree On 98th Birthday

A long-time resident of Myra has passed her 98th birthday. She is Mrs. Amanda Parker, a native Texan who has called Myra home for the past 78 years. The birthday brought a dinner party and a gathering of relatives, friends and neighbors. Enjoying it most of all was the honoree who still thinks birthdays are nice to have. Mrs. Parker is still so alert and enthused over living she could fib at least 20 years off her age.

Mr. and Mrs. Parker Fears, a grandson and his wife, were hosts for the anniversary party in the home of Mrs. Parker and her daughter, Mrs. Dora Fears.

Other relatives attending were Mr. and Mrs. Ivan Fears of Dallas, Mr. and Mrs. Johnnie Fears and two daughters and Miss Gertrude Fears of Fort Worth, all grandchildren; a daughter, Mrs. Louella Felker of Hood and a son, Joe Parker of Gainesville.

Mrs. Parker is a good conversationalist and keeps abreast of world happenings through radio and television. She has just about quit reading on account of failing eyesight but continues her hobby of making flowers. She's done this so long, she can do it with her eyes closed, she said. She fashions lovely creations out of human

**FOR GLOBAL SPENDING**—Purse in the shape of the earth is made of leather. Continents are embossed on its surface, and it opens along the line of the equator. It was shown at an international leather fair in Offenbach, Germany.

hair, bits of silk and rayon, and is presently making an arrangement to enter in the Cooke County Fair this year.

As Amanda E. Tucker, Mrs. Parker was born April 22, 1861, in Parker County south of Azle, on Silver Creek, a daughter of Joseph and Martha Tucker. When she was 20 she was married to John Parker, July 27, 1881, and they moved to Cooke County, settling on a farm two and a half miles south of Myra. She still owns the old homestead where the couple reared their four children. After 40 years of farming Mr. and Mrs. Parker moved to town in 1926 and Mr. Parker died in 1927.

Mrs. Parker is good at remembering, especially historical events, and can tell about four of the five wars she has lived through. The Civil War had just begun when she was born, so that is the only one she doesn't recount from memory. She recalls the Spanish American War, World Wars 1 and 2 and the Korean conflict.

When the Parkers' children came of school age there was still no school at Myra. Determined that their children get an education, the couple hired a teacher from Gainesville who lived in their home for three years. Other children of the vicinity joined in the classes. Among them were Mattie Gatewood, now Mrs. Horace Trew, Mary and Roger Townsley and two Biffle children. When the Parker children were older they went to school at Era.

Mrs. Parker, recalling happenings in years past, rarely if ever mentions early day hardships and inconveniences. She has always looked on the bright side of life. If "cornered", however, she'll relate about Indian raids she remembers as a girl, and how her parents had to bring farm animals in the yard at night to keep them from being stolen.

Three of Mrs. Parker's children are living and helped her observe her birthday. They are Mrs. Dora Fears who lives with her, Mrs. Louella Felker of Hood and Joe Parker of Gainesville. One daughter, Mrs. Gertrude Snell died in 1915. There are 12 grandchildren and 17 great-grandchildren.

She is a member of the Myra Baptist Church.

### Flower Show - - -

arrangements. Refreshments will be served to conclude the afternoon.

In titling the show, the committee headed by Mrs. Dan Luke, had in mind the complementary use of figurines and accessories with flowers to carry out a theme relating to Muenster's progress such as oil, milk or beef production.

Out of town judges will announce winners and tag displays with ribbons. This year's judging will differ from that of previous shows. Entries will not be competitive, they will be judged individually against perfection.

In connection with the show, members will sell bedding plants at the last stop on the tour. Available for ten cents each will be five different shades of petunias and three of snapdragons, and tomato plants. Non-members may place orders for the plants.

The show will be open to Garden Club members and their guests.

Two classes of people believe in voluntary control: the naive and the predatory.

A double eagle was a twenty-dollar gold piece.

### Sliding for Home

How to dramatize in a graphic way the distance required to stop a moving vehicle has been a problem with safety experts. Here is an idea suggested by one researcher: Supposing a pitcher in a baseball park was summoned from the center field bull pen 400 feet from home plate. He climbed into a car, used to bring in relief pitchers, and the driver gunned the car so that it was going 60 miles per hour as it passed the center fielder 300 feet out from the plate. At that moment the driver decided to jam on the brakes and he pressed hard on the brake pedal all the way home. Did he stop at the plate? No, he did not. The car traveled 60 feet between the time the driver thought of applying the brakes and pushing down the pedal. It would require another 300 feet to stop the car if it were traveling on dry pavement. On the grass . . . who knows? But under the conditions related above, the car would surely plow into the screen behind home plate.

Mrs. Teddy Gremminger and children are here with her parents, the Victor Hartmans, while Teddy is locating living quarters in Dallas. The move from Wichita Falls, where they spent the past 18 months, is a promotion for him. He now supervises 462 AG Kraft accounts of the Dallas zone. Teddy has worked for the company two and a half years.

### Marysville Awaits Homecoming Crowd For Program Sunday

Marysville residents await a huge attendance at their annual homecoming program Sunday. They have everything arranged to take care of hundreds of visitors and are inviting everybody to attend.

The program committee has announced services in the Baptist Church for 10:30 a.m. with the pastor, Rev. Manning Bishop, in charge. Following will be a morning singing and then, about noon, a picnic dinner on the grounds. Those attending will

bring something to add to the spread.

For entertainment there'll be an Indian quartet from Oklahoma, old settlers reunion and time for renewing acquaintances and meeting newcomers. Gifts will be presented to the oldest man and woman in attendance.

### CARD OF THANKS

The family of Mrs. Joseph Hacker is deeply grateful to everyone for the help, expressions of sympathy, flowers and spiritual bouquets, and every kindness at the time of her death. Special thanks to the Reverend Fathers for their consideration.

## RELIGION IN AMERICAN LIFE

The heart of America's greatness is its religious strength. Only by faith can men hold firm and uncompromised their spiritual heritage of freedom and the right to live with hope.

No force can close in on that freedom and hope as long as we hold to our unflinching belief in the fellowship of man with his God. No force can overcome the heroic powers which spring eternally from faith.

We can thank the religious beliefs of our founding fathers for dedicating their labor and their lives to the creation of this land of freedom. The foundations of this nation were laid by men and women who believed in God and His influence in human affairs. From the earliest days, spiritual aspirations have been a vital force in American life.

The first act of the Pilgrims after their ship gained the shelter of the harbor in the autumn of 1621, was to thank God for having led them safely overseas.

The first money issued by the new nation was stamped with its faith in divine power with the phrase: "In God We Trust."

Early in the sessions of the Constitutional Conventions in Philadelphia, Benjamin Franklin interrupted the proceedings to inquire why the meetings were not opened with prayer for divine guidance. He reminded them that in that very room when the Declaration of Independence was being drawn up, there had been daily prayer.

Today there is urgent need for the vision and fortitude of men of faith. Much depends upon us—as individuals and as a nation. We have in this nation a vast reservoir of that faith. Mobilizing it and sharing it is the one sure way to inspire hope in the hearts of the people of the world for a better day.

### DAD CAN'T READ, EITHER

They say we need more scientists and engineers in our competition with the Russians. Maybe we just need more people who can read. This year one of our most populous states decided not to issue new metal automobile license plates but simply to send out small paper tabs backed with a plastic cement. Once attached, they can't be removed without ruining them.

The state gave the whole idea plenty of publicity. And its instructions to motorists were simple: Clean the license plate, peel off a thin paper layer covering the adhesive, don't use water, press the tab hard against the plate on the left hand side just below the hole.

Well, now, let's see what happened.

A few thousand people threw the tabs away, thinking they were of no value. Hundreds of others sent them back and wrote asking for their "new plates." Untold numbers wrote or telephoned saying the tabs "curled up when the water was applied." Many others attached them in the wrong place and then destroyed them trying to get them off.

What's this about keeping abreast of the Russians?  
 Enid (Okla.) News

**RIGGED FOR SPACE**—Air Force Captain Robert M. White, above, of New York City, will most likely be the man to fly the fabulous, experimental, X-15 near-space plane, once it is delivered to the Air Force. The ship is expected to reach an altitude of about 100 miles, and is designed to travel at speeds upward of 3,000 m.p.h.

## What's So Impossible About Miracles?

by Richard Ginder, associate editor, OUR SUNDAY VISITOR

I'VE never seen a miracle myself, just as I never saw the Battle of Gettysburg. But I'd be lacking in common sense if I argued from either of these facts to the conclusion either that miracles are impossible or that the Battle of Gettysburg never took place.

It would, of course, be unscientific to believe in miracles—those extraordinary effects above or beyond the laws of nature produced directly by God in the world—if we had no proof that they happened; but it would be worse than unscientific to believe that they didn't happen in the face of proof that they did. Christianity can supply that proof. All that is asked is an open mind.

SUPPOSE a man claims he's God. Now, he looks like an ordinary human being—two hands, two feet, nose, eyes, ears, etc. How, then, shall we know whether or not he really is God?

Well, if he's God, he should be able, say, to walk on the sea without so much as getting his feet wet; to heal sicknesses of all sorts; to raise people from the dead. In fact, if he's really God, he should be able to let himself be killed and then come back from the dead a few days later. After all, since God made the laws of nature and controls them, coming back from the dead should be no problem for Him.

Have such events ever occurred in history? Very definitely, "Yes!" There are hundreds of millions of

people in this world who revere the Gospels, and the Gospels are nothing more than four simple, straight-forward, historical accounts—as authentic as the historical books which tell us about Gettysburg—of what took place many centuries ago in Palestine.

THEY allege that a man, Jesus, went through the countryside of Galilee and Judea claiming He was God and preaching a superbly beautiful type of religion and, what's more, working numerous miracles in support of His claims and teachings. He changed water into wine; He fed thousands of people with a little bread and a few fishes; He restored at least four dead people to life, gave sight to the blind, and healed the sick. Greatest of all His miracles was His own resurrection from the dead.

But how do we know that these things actually took place? The clearest reason is the fact that the enemies of Jesus knew them, saw them, and couldn't deny them. The miracles were worked right and left all over Palestine—up in Galilee and down in Judea and in the Holy City of Jerusalem itself.

REMEMBER, His enemies were out to "get" Jesus. If they had been able to uncover any trickery or fraud, they would have published it from one end of the country to the other, and that would have been the end of Christ's reputation.

As it is, we know, through these genuine historical books, that the men of His own time admitted the fact that Jesus worked wonders—miracles that He Himself wanted taken as God's endorsement of His message. With God, nothing is impossible!

† Factual Feature Service, Washington 17, D. C.

kinds of consumer goods and services—has approximately doubled. Government statistics reveal. Meanwhile our population has increased by only one-third. The net result is that we are now producing half again as much goods and services per U.S. inhabitant.

Such imposing gains are achieved essentially through new and more efficient factories, machinery, processes, and methods, which enable workers to turn out more per hour of work.

But while we now produce twice as much total goods as in 1939, we have nearly four times as much money in circulation. Thus there are now twice as many dollars bidding for each unit of goods as there were in 1939. So each dollar can now buy only half as much goods—prices have doubled because of inflation.

And so widows and orphans, retired people, pensioned workers, and others dependent on fixed or nearly-fixed incomes not only have missed sharing in our prosperity's benefits, but many have been impoverished, as inflation robbed them of buying power.

Meanwhile, individuals and groups who have been able to push their dollar incomes up rapidly in an inflation era have improved their living standards

even more than the per capita average of approximately 50 per cent.

Thus our real gains in prosperity and well-being have come from more efficient production of the goods and services that actually make up our American standard of living.

Inflation is merely an undesirable "hanger-on," promoting inefficiency, waste, extravagance, the cost-price spiral, speculation, and excessive debt. All of these factors promote still more inflation, pushing formerly sound, healthy progress into a feverish boom, which sooner or later brings on a recession to correct the excesses of inflation.

But by this very cycle of events, inflation has become confused in many persons' minds with the waves of prosperity whose later stages it accompanies; the end of inflation has become associated with recession and "hard times."

The confusion must be dispelled through a constant flow of plain, non-technical public information on the basic economic facts of life. In a democracy, inflation is almost impossible to halt when many millions of voters see it as a genial, "easy-money" Santa Claus, instead of recognizing it as the sneakthief and vandal it actually is. Cripple Creek (Colo.) Gold Rush

The Legacy

Only two persons had signed the Declaration of Independence when it was proclaimed July 4, 1776.

It never occurs to some people that other people have sense enough to manage their own affairs.

### The story of

## WILLIAM ALLEN WHITE and The Church Bell

"I don't need to advertise," an established merchant in Kansas once told William Allen White, renowned publisher of The Emporia Gazette. "Everybody knows me and knows what I sell."

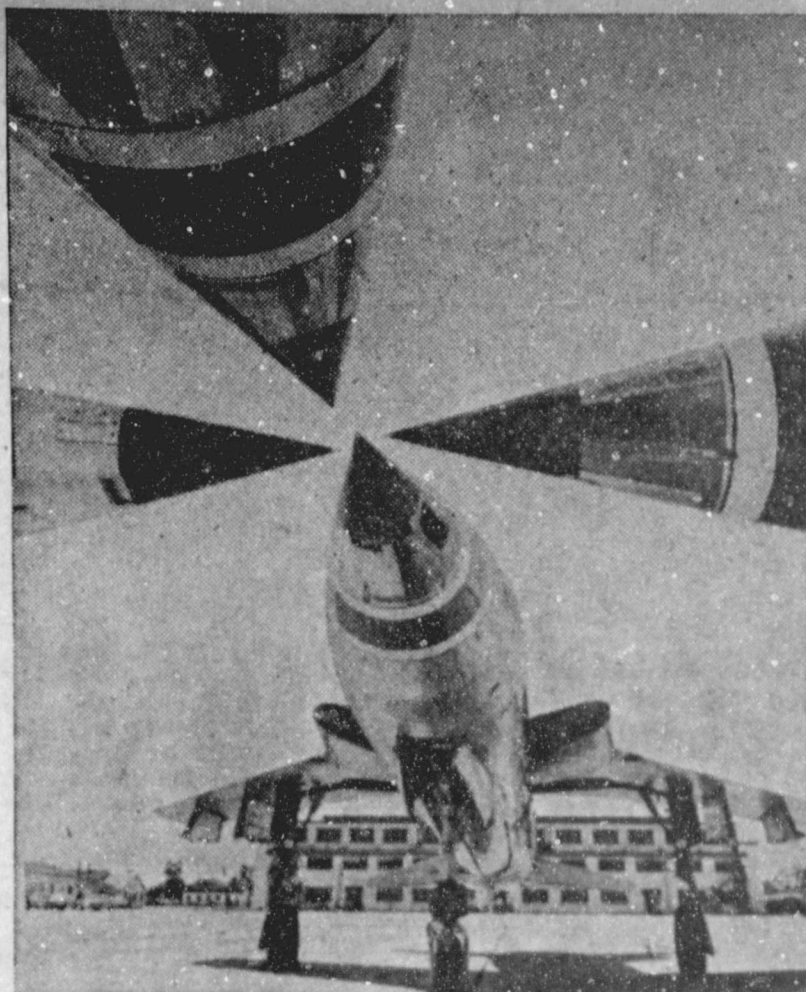

"In that event," replied the thoughtful publisher, "we can dispense with the oldest advertising medium for the oldest institution in the world. See that church down the street," continued Mr. White, pointing to one of Emporia's oldest and most beautiful structures, "That church has been established here for many years. Everyone knows what it is and what it does. In the tower of the church is a bell and every Sunday it rings out to remind folks to come to church.

"Shoppers go where they are invited and stay where they are well treated," concluded the publisher.

"Regardless of how well established a firm may be, newspaper advertising is a repeated invitation and a reminder to come and do business with that store."

Texas Press Association

claiming any such abutting property.

The City Council of the City of Muenster, Texas, by duly enacted Ordinance dated the 19th day of January 1959, has determined the necessity for, and ordered the permanent improvement of, the following described or mentioned streets within the limits, in the City of Muenster, as follows:

Beginning at Division Street and continuing north to Sixth Street. Said Street is to be paved with Asphalt covering on a proper sub-base in conformity with general street paving construction and types satisfactory for general use, and for curbs and gutters to be constructed along said described street.

By said ordinance, the City Council of the City of Muenster has ordered each and all of said described street to be improved by excavating, grading and paving the same by the installation of drainage facilities where deemed necessary, and for the construction of curbs and gutters.

That said City Council has caused to be prepared the hereinafter set out estimates of the costs of such improvements and has heretofore by duly enacted Ordinance dated the 19th day of January 1959, determined the necessity of levying assessments for a portion of the costs of construction of said improvements against the property abutting upon said streets within the limits above defined, and the real and true owners thereof, and did adopt and determine the hereinafter set out proposed apportionment of the costs of said improvements between said City and the said abutting property and the real and true owners thereof, and that the portion of said costs proposed to be assessed against the said abutting property, and the real and true owners thereof, will be in accordance with the Front-Foot rule and did further adopt the proposed rates and estimates of said costs in reference to and for each of said improvement.

The front foot costs for curbs and gutters is as follows \$1.30 per running foot.

A hearing will be given and held by and before the City Council of the City of Muenster, on the 18 day of May 1959, in the City Hall at 8 o'clock p.m. of all property abutting owners. At that time and place all such persons, shall have the right to appear and be heard and offer testimony as to the said assessments, and to the amount thereof proposed to be assessed against said abutting property the lien and charge of personal liability to secure payment of said assessments, if any, or concerning any error, irregularity or deficiency, in any proceeding to said improvements, and the proceedings as followed by the City Council under Article 1105B Revised Civil Statutes.

Following such hearing, assessments will be levied against each and every parcel of property abutting upon said streets, within the limits above defined, and the real and true owners thereof, for that portion of the cost of said improvements determined by said City Council to be payable by such abutting property owners, and said assessments shall be and constitute a first and prior lien upon said abutting property, from the date of said improvements, are ordered. No error in spelling of names or descriptions of the property shall invalidate any assessment, but the true owner thereof shall be charged therewith.

Done by order of City Council of the City of Muenster, Texas, this 29 day of April 1959.  
ATTEST: A. F. Luke Secy.  
Urban J. Endrez, Mayor

### Local News BRIEFS

Here for an indefinite stay in the H. H. Homsley home are Mr. Homsley's parents, Mr. and Mrs. B. P. Homsley of Poolville. The elder Mrs. Homsley is in a wheelchair with a fractured left hip. She spent five weeks in the hospital following the accident and underwent surgery to insert a pin in the hip bone. The mishap occurred at home when a strong wind blew a door open and knocked Mrs. Homsley down. She is 73.

They said it was a house-warming party when a group of relatives got together for a weekend visit with Mr. and Mrs. Carl Magee in Waco. The couple just recently got settled in their new brick veneer home. With them Saturday and Sunday were Mr. and Mrs. John Fleitman, her father Frank Magee of Lindsay, and Joe Magee, going from here and Mr. and Mrs. Lee Magee and daughter Cherry of Fort Worth.

Visiting with the Needhams during the weekend were Mr. and Mrs. Walter Noel of Plainview. The families are old friends and were neighbors when they lived at Hays, Mrs. Noel is the former Nummy Booher. Sunday the visitors attended the Platt reunion in the Community Center at Gainesville. Mrs. Frank Needham, Mrs. Ruth Needham and Mrs. L. J. Roberg, joined by the Ernest Biffles of Myra, also attended the reunion.

Mr. and Mrs. Jerome Pagel drove to Dallas Friday to see daughter Kathy receive her homemaking degree. The degree-conferring was a part of the weekend district meeting which was attended by Kathy, Margie Flusche, Judy Cain and Mrs. H. H. Homsley. The program was held in Municipal Auditorium.

Mr. and Mrs. Al Alford left Tuesday to return to Orange, Calif., after being here during the illness and for the funeral of her father, J. H. Coursey. They took her mother, Mrs. Coursey, back to their home with them.

Weekending with Mr. and Mrs. John Herr were their daughter and family, the Q. D. Pettigruers of Kaufman. Sunday afternoon both families drove to Lindsay for a visit with the Leonard Bengforts.

Arnold Swirczynski, here during the weekend, was telling his parents, the Joe Swirczynskis, about the new home he bought recently in San Angelo. The family's new address is 2780 Notre Dame Ave. in that city.

Tuesday visitors with the Needhams was Frank Needham's nephew, Joe Collerain of Houston.

#### Relatives Attend G. J. Wimmer Rites in Wichita Falls

Mrs. Mathilda Wimmer, her son Richard and her daughter Mrs. Fred Hennigan, attended funeral services for George J. Wimmer in Wichita Falls Monday. He was a brother-in-law of Mrs. Wimmer.

Msgr. Anthony Daly officiated at the services in Sacred Heart Church at 10 o'clock Monday morning. The local trio went to Wichita Falls Sunday and remained over night. Rosary was recited Sunday night in the Owens & Brumley chapel.

George Wimmer, a native of Germany and a carpenter by trade, died Saturday afternoon. Survivors are his wife, one son, three daughters, one granddaughter and one brother, Louis Wimmer of Scotland.

**IRAQ'S CHIEF**—Iraq's premier, Abdel Karim Kassem, above, is the object of Egypt's wrath because of his country's ever-more-amicable relations with the Soviet Union. Egypt's Gamel Abdel Nasser sees the ties as a threat to the Arab world.

### Plans Complete for 3-Day Science Fair At SH High School

The event is still a week away but interest is boundless and enthusiasm runs high at Sacred Heart School where science students are getting ready for a Science Fair.

Almost as excited as the General Science class is their instructor Sister Barbara.

Originally planned as an exhibit of projects for the student body and faculty, the thing got so big and so absorbing that the class and teacher decided on making it an open house event, and they're scheduling the show for three days — May 7, 8 and 10.

Every science project will be on display from electronics to galaxies, exhibits of fossils and rocks, and a true-scale five-foot working model of a rotary oil rig, to list a few, along with exhibits of biology students.

When Chief John Hellebrand of the Naval Recruiting Station in Denison was at the school recently to interest the boys in joining the Navy, they showed him exhibits already set up and he caught their enthusiasm. He'll bring an added attraction to the Fair — a stereophonic sound unit and everybody who wants to can have their voices taped and hear themselves.

There'll be no admission charge to the Science Fair and Sacred Heart students hope everybody stops by. The first day will be Ascension Thursday, convenient for a visit before or after church services. Likewise, the last day is Sunday.

A board of judges will select winners. Outstanding display will win a trophy for its exhibitor and two others will receive medals.

### COUSINS HONORED AT COMMUNION BREAKFAST

Cousins Frankie Luke and David Fette were honorees at a breakfast Sunday morning in observance of their First Communion day. Their uncle and aunt, the Dan Lukes, entertained in their home.

Other guests were the little boys' grandparents, Mr. and Mrs. Ben Luke, the parents, Mr. and Mrs. Anthony Luke and Melvin and George, and Mr. and Mrs. R. N. Fette and Danny, and Mr. and Mrs. Harold Luke and Timmy, Chris and Peggy of Arlington. Miss Marie Hensler, a sister of the hostess, was an afternoon guest with the Dan Lukes and sons Ray and Damien.

### Local News BRIEFS

Mrs. Julius Filer of Tours is here for a visit with her daughter and son-in-law, Mr. and Mrs. Frank Yosten. She came Sunday with her daughter, Mrs. Rosie Berger and her son and his wife, the Bill Bergers and daughter Denise, also of Tours, who spent the day here.

Writing from Paris, France, after arrival there, Mrs. D. R. Martin and Kathy tell friends they made the crossing from New York in seven hours, going by jet plane instead of regular air- enjoyable after momentary flight

by jet and they found it entirely enjoyable after momentary flight at the thought of such fast travel across the ocean.

Visiting here Saturday overnight and Sunday were Mr. and Mrs. Frank Mages III and two sons of Dallas. They were guests of her parents, the Tony Walters, and also visited his parents, the Frank Mages Jr. at Gainesville. Coming to Muenster with them was Mrs. Bill Smith who spent the time with her parents, the Herman Swirczynskis.

Adolph and Denis Walterscheid were business visitors in Wichita Falls Tuesday.

#### Carol Mosman Has Party on Birthday

Carol Mosman marked her tenth birthday with a party at the family home where 20 classmates helped her celebrate.

Gifts, games, and refreshments of birthday cake, ice cream and soda pop made it a jolly afternoon for the youngsters.

Carol's mother Mrs. John Mosman and her sister Becky were hostesses.

It is not definitely known who invented gunpowder or where or when it originated.

Too often habits make men instead of men making habits.

#### Mrs. J. Walter and Grandson Honored

A birthday and first Communion were celebrated Sunday in the home of Mr. and Mrs. W. J. Miller. Honorees were the couple's son Terry Paul, a member of this year's Communion class, and Mrs. Miller's mother, Mrs. John Walter whose 76th birthday occurred Saturday. Other special guests were Mr. and Mrs. Paul Endres who are Terry Paul's godparents and John Walter.

There were gifts for both honorees and a decorated birthday cake was a centerpiece for the dinner table.

During the afternoon other family members dropped by for visits and said happy birthday to Mrs. Walter. An added highlight was a telephone call and long distance greetings from Mrs. Walter's daughter and family, the John O'Dowds of Houston.

#### Texas Still First By Many Standards

BY JOHN C. WHITE

Agriculture Commissioner Texas may have been eclipsed in size by Alaska and we don't have the coconut palms and hula dancers of Hawaii—but we can still boast of a vast number of notable "first" in farm production.

Despite drouths, boll weevils, pink bollworms, a host of other insects—and not even to mention governmental order plaques—the Lone Star State is unchallenged as the leading producer of cotton, raising nearly 38% of the nation's supply; in grain sorghums, with a whopping 44% of all grown in the country; in mohair production clipping 95% of the nation's goats, to mention a few.

Neither do Texas farmers hang back in vegetables for the fresh market. In 1958, Texas led the nation in production of beets, winter cabbage, winter carrots, early fall carrots, winter cauliflower, spring honey dew melons, early spring onions, summer onions, spinach and watermelons.

If that isn't enough, we also rank first in producing in cattle, rice, sorghum forage, hay and wool.

So the next time some damyankee tries to needle us Texans about "being cut down to size," here are a few figures to confound him with:

Just tell him Texas with 4,350,000 bales of cotton produced last year is ahead of its nearest competitor (California) by 2,750,000 bales. Point out that our 1958 crop of 273,066,000 bushels of sorghum grain more than doubles Kansas' 128,964,000 bushels, and Kansas was by far the second producer. Tell him Texas is also ahead with 11,938,000 cwt. of rice, 1,499,000 tons of sorghum forage and 15 million tons of other hays.

You might also mention that Alaskan reindeer and other strange forms of livestock just can't compete when one out of every eight head of cattle makes

its home on a Texas range. Just for good measure, we've also got more sheep, lambs, horses and mules than any of the other 49 states.

These are just a few more of the things that make Texas what it always has been and always will be—the undisputed champ among states. So if anyone ever asks you what we're going to do about Alaska, the answer is "Nothing — it won't be necessary."

#### Those Big Figures

A BILLION

The Mangled Math Department is back on duty with "how big our national budget is."

Load each of 121 big trucks with five tons of dollar bills, and you've got a billion bucks. Lay those bills end-to-end and they'd circle the earth four times, but we're sending it overseas faster than that.

That truck caravan is hauling only ONE billion dollars. We are spending ten times that much every year ABOVE what we take in.

To haul the entire Federal

budget for one year in dollar bills would take 16,536 five-ton trucks loaded to capacity.

On a ton-mile basis, it would take around 1,654 gallons of gasoline to move this load one mile.

A dollar bill doesn't weigh much, but the Federal budget

in dollars would weigh 82,680 tons, or 165,360,000 pounds.

—Wynn, Ark., Progress

The Secretary of Labor would be last to succeed to the Presidency in case of the death of the President, Vice President and other Cabinet officers.

AIRBORNE GROUND VEHICLE—"Levacar" is the name of the strange-looking device being examined by House space committee chairman, Rep. Overton Brooks (D-La.), in Washington. One of several vehicles-of-the-future shown in model form to the space committee members, it rides on a thin cushion of air instead of conventional wheels. Predicted top speed: 500 m.p.h. Hose attached to vehicle at extreme left supplies compressed air to the working model. Self-contained blowers would do the job in the actual machine.

**CITATION BY PUBLICATION**  
The State of Texas  
TO: David Silas Cook, Defendant.  
Greeting:  
**YOU ARE HEREBY COMMANDED** to appear before the Honorable District Court of Cooke County at the Courthouse thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of June, A. D. 1959, to Plaintiff's Petition filed in said court, on the 15th day of April, A. D. 1959, in this cause, numbered 18326 on the docket of said court and styled Adeleene Gay Cook, Plaintiff, vs. David Silas Cook, Defendant.  
A brief statement of the nature of this suit is as follows, to-wit: A divorce from the bonds of Matrimony by the reason of harsh and cruel treatment on the part of defendant toward plaintiff, and for the care and custody of the two minor children, Peggy Lee Cook and Kenneth Joe Cook, and for a reasonable sum monthly to aid with the support of said children, and for general and special relief, as is more fully shown by Plaintiff's Petition on file in this suit.  
If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates thereof, and make due return as the law directs.  
Issued and given under my hand and the seal of said court at Gainesville, Texas, this 15th day of April, A. D. 1959.

**IT HAPPENED 20 YEARS AGO**

April 28, 1939

Muenster has rural electrification! Current to farmers first surged through the lines at 8:30 Tuesday morning. Meter installation is going forward at full speed. Mrs. Magdalene Streng who came here in 1890 dies. Lindsay is host to Catholic State League in district meeting. Cemetery fund gets substantial boost from benefit dance. Drilling and leasing activity south of Muenster peeps up. Throat infection is fatal to baby son of the George Gehrigs. Community is alarmed over the epidemic of throat infections. More than 500 persons hear talks by priest, minister and rabbi, speaking at Gainesville, to defend Americanism. Cemetery committee buys power mower.

**15 YEARS AGO**

April 28, 1944

Lt. Clarence Hoehn is victim of airplane crash at Galveston; funeral service with military honors will be here for the young pilot, a former gunner who saw action with the 19th Bombardment group over Lae, New Guinea. Joe Trachta's drug store is robbed of \$400 cash Sunday. Muenster hosts KC initiation with 42 candidates. Servicemen heard from this week: Ferd Yosten in China, Emil Rohmer and Carl Schilling who met in Hawaii, Lawrence Martin also Hawaii, Anthony Luke and Leo Haverkamp who met in England, Tony Koesler, New Guinea. Armella Yosten and Werner Cler marry Tuesday.

**10 YEARS AGO**

April 28, 1949

Classes resume at parochial school but attendance is low in measles epidemic. North Texas District of Catholic State League holds meeting here Sunday. Michael Neu's calf wins top award at County Roundup Stock Show. Century plant at Clarence Wilson home starts blooming. Betty Jean Klement breaks left arm in a fall. Pat Fisher under-

goes eye surgery. Local Saddle Club is set for biggest horse show in local history. New arrivals: daughters of the Bruno Fleitmans and John Mosmans; a son for the J. W. Fleitmans. VFW Auxiliary begins rehearsing for minstrel show. Since Friday this community has no peace officer — Andy Harrison resigned as precinct constable. Ceremony at Lindsay unites Lucille Fuhrmann and Ray Hess.

**5 YEARS AGO**

April 30, 1954

Lack of moisture threatens crops. Red Cross drive finally gets going with total to now \$185. John Hoffman dies after short illness of heart ailment. VFW and Auxiliary will host district meeting here Sunday, the public is invited to hear J. H. Kultgen, prominent Waco civic leader, talk at a special open session. Steve Stoffels, 3, escapes injury in fall from moving car. Pilot Point hosts quarterly meeting of North Texas District of Catholic State League; Muenster is next host parish. Harriet Otto breaks left leg during ball game at school. Mrs. Bill Otto has a major operation. Henry Weinzapfel is recovering from an appendicitis operation. Carol Miller, 14, is also recovering from an appendectomy. Navy Airman Joe Mosier is transferred from North Africa to Italy. Pevs Maurus Rohmer and Ramie Hesse, stationed in England, go sight-seeing in London. Mrs. Frank Yosten wins sweepstakes title in local flower show. Joe Trachta and five of his sisters get together here for the first time in 17 years.

**Feastday Surprise Greet Sr. Canisia**

A feastday surprise greeted Sister Canisia Monday afternoon and she received a shower of gifts from her sixth graders. Girl students planned the observance and furnished refreshments of cake and punch.

The party was held in the parish hall and featured games for the children between 1:30 and the time school was dismissed. Brother Thomas Mosier was a special guest attending with the sixth grade boys whom he directs as mass servers.

**Marysville News**

By Mrs. B. G. Lyons

MARYSVILLE — Mrs. Charles Davidson and children, accompanied by Mr. and Mrs. W. F. Davidson, drove to Walnut Bend Sunday for a visit with the former's parents, Mr. and Mrs. O. B. Siegmund.

Mr. and Mrs. N. W. Whitt and Mr. and Mrs. W. B. Whitt and children James and Linda visited Sunday with the Billy Whitts in Fort Worth. Little Jeff Whitt came home with his grandparents to spend a week.

Mr. and Mrs. Bill Moon and Mr. and Mrs. Jim Shiflet attended funeral services for Mrs. L. J. Marshall at Gainesville Sunday afternoon. She died Friday following an extended illness. Her husband is a former Marysville resident.

Lucian Reeves of Fort Worth and his sister, Mrs. Mary Pruett of Gainesville worked at the cemetery Saturday and visited Mrs. Alys Gray and her brother Oliver Walker.

Mr. and Mrs. Lloyd Barnhart spent Sunday visiting the Bob Stanfords at Gainesville and the Leonard Luttmers at Valley View.

Elton Ballinger and son, Minor Ballinger on vacation from California, had relatives visiting them during the weekend and friends stopping in Sunday. Family members at the home of their father were Kirby Ballinger of Fort Worth and Mr. and Mrs. Hardy Ballinger and son Tommy of Gainesville. Visitors Sunday afternoon were Mrs. Marie Stiles and her parents, Mr. and Mrs. B. G. Lyons, and Rev. Jack Horner, pastor of Shiloh Baptist Church. Minor Ballinger will remain here through Sunday to attend the Marysville Homecoming.

A heart attack sent Walter Holcombe of Stanton to Gainesville Sanitarium shortly after he and his wife arrived to visit relatives there and her sister, Mrs. B. G. Lyons here. The couple came early so they could rest up before the Marysville Home-

coming. Mr. Holcombe expects to be out of the hospital and among old timers at the celebration Sunday.

Visiting this week with Mr. and Mrs. B. G. Lyons is her sister, Mrs. Queenie Bone of Dallas. She'll be among those at the Homecoming program.

Mark Barnes of Gainesville is spending this week with his uncle and aunt, the John Richeys at their home.

# Local News BRIEFS

Introducing their five-week-old son Donald Paul to family members and friends took up most of Mr. and Mrs. Damien Hellman's time when they visited here from Arlington Saturday with their parents, the Leo Henschelds and Rudy Hellmans. They had Kevin and Linda with them too but it was the baby's first visit in Muenster.

Vacation in Cooke County ended Tuesday for Mr. and Mrs. W. H. Patterson of San Bernardino, Calif., who were visiting relatives on this trip to Texas. They were guests of the C. F. Gobbles here and the J. S. Bagwells of Myra. Mrs. Patterson is Mrs. Gobble's sister and Mr. Bagwell is her father. She's remembered as the former Nona Bagwell. This was their first visit

here in about seven years. Mr. Patterson's family lives in Dallas and a reunion honored them there.

Weekend visitors with Mr. and Mrs. Lee Toothaker were her sister and husband, Mr. and Mrs. Hugh Tims of Crowley.

Coming to Muenster to say happy birthday to her father, Fred Herr, were Mr. and Mrs. Clarence Albers and three sons of Dallas. They spent Saturday overnight and Sunday here in the Herr home. Mr. Herr's birthday was Monday.

Proudly showing their six-month-old daughter during a visit here were 1st Lieut. and Mrs. Vincent Bozzone of Smyrna, Tenn. Baby Linda, only child of the couple, got a lot of attention and spoiling during her parents' visit in four states while Lt. Bozzone was on leave. While here they were houseguests of Mrs. Bozzone's parents, the John Strenge. Before coming to Muenster the visited Laura's sister Sylvia and her family, the Sammy Woods and two sons in Philadelphia, Pa.; Vincent's parents in New York; and another of Laura's sisters, Frances and her family, the Tony Chantrees and two daughters in Salina, Kansas. From here the Bozzones started back home Tuesday.

Mrs. Charlie Wimmer Jr. and son Randy and Mrs. Leo J. Haverkamp were Dallas visitors Wednesday. It was Randy's dental check-up day and gave his mother and aunt an opportunity for window shopping. Ricky Wimmer enjoyed spending the day with his grandparents, Mr. and Mrs. Matt Neu at Lindsay.

Muenster lost a family of four during the weekend when the Johnny Bartholds moved. Johnny has accepted employment with a trucking company in Fort Worth. Until they get more permanently located the Bartholds are living at Haslet.

During the weekend Mr. and Mrs. Melvin Herr and daughters of Lubbock visited their parents, the Frank Herts here and the Frank Mages at Gainesville, when they weren't in Wichita Falls shopping for living quarters. They will move to Wichita Falls this week. Melvin is being transferred by a photography firm for which he works.

Student Nurse Janet Klement of St. Paul's Hospital in Dallas has said goodbye to her family, the Ray Klements, for three months and has gone to New Orleans, La., for special training in psychiatry. When she completes this course Janet will be a senior nursing student with the rest of her schooling in Dallas again.

Moved and settled in their own home now are newlyweds Mr. and Mrs. James Hess. They're occupying Joe Fisher's house on North Main Street. Until that place became available they shared the home of his parents, Mr. and Mrs. Gary Hess.

The Ray Owens' four-year-old son Michael spent last week in Dallas with his sister and her husband, the Jerry Henschelds, and they brought him back home Saturday.

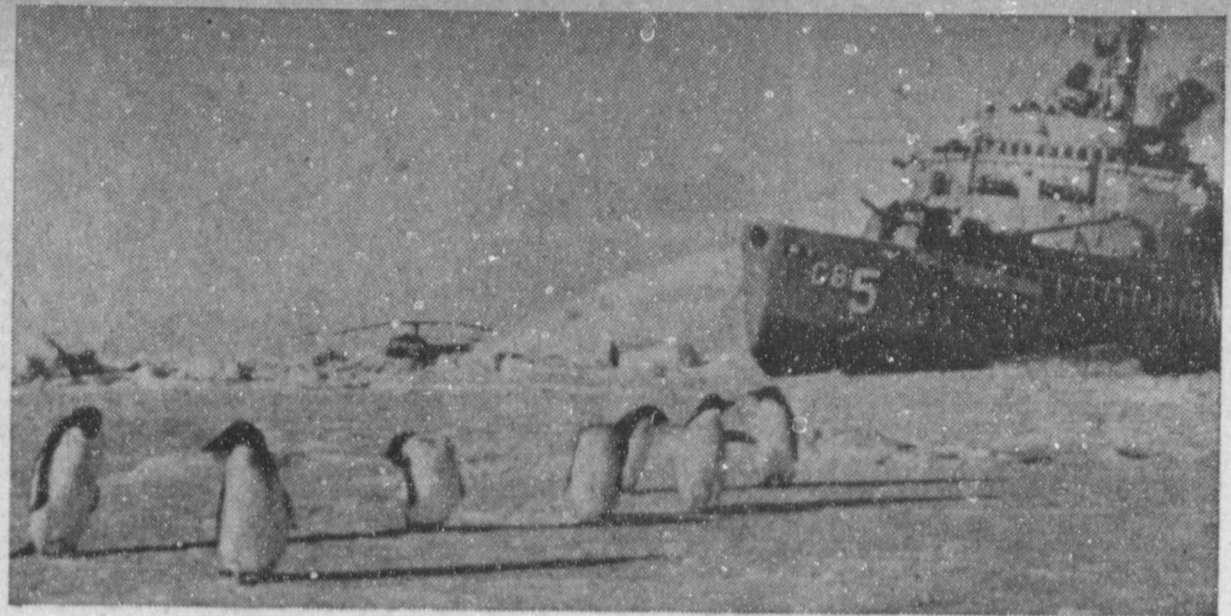

Mr. and Mrs. M. A. Slaughter had as their guest the past week, his uncle Rolland Bennett of Electra.

The Wilfred Sickings and children have moved to make their home on the Vincent Felderhoff farm, the former Kreitz Estate. The place they vacated, belonging to Frank Hacker of Lindsay, is vacant at this time.

Home from Dallas to visit for the weekend with her family, the Henry Lukes, Ann Luke was telling about the freshman class capping ceremony to be held at St. Paul's School of Nursing next Sunday afternoon. Ann is among the class of 33 to be capped.

Mrs. Morton Wright and children have ended a five-day visit with her parents, the John Rohmers, and have returned to their home in Irving. Mr. Wright brought his family to Muenster Sunday and came for them again Thursday.

Helping her son and family, the Bill Fuhrmans of Fort Worth, move and get settled in their own new home occupied Mrs. H. J. Fuhrman most of last week. She was in Fort Worth five

**PUZZLE PICTURE** — U.S. Navy's icebreaker Staten Island had visitors while caught in an antarctic situation "for the birds." The photographer counted six penguins who came to see the ship, trapped temporarily by pressure ice in the Ross Sea. We count seven. There's an eighth bird in the picture, however. A whirlybird, its rotor and cab are unobtrusively visible behind ice ridge, background.

days. Bill brought his mother back to Muenster Saturday and remained for an overnight visit. On his return to Fort Worth Sunday, Bill was accompanied by his mother as far as Gainesville where they visited at the Sanitarium with Mrs. John Bezner of Lindsay. The Robert Pultes brought Mrs. Fuhrman back home.

Mrs. J. S. Horn had company and went visiting during the weekend. Her daughter, Mrs. Al Swirczynski came from Mesquite Thursday and together they went to Windthorst Friday to spend the day with the Jake Horn family. Friday evening Al Swirczynski came from Tulsa where he had been on business for a few days and the couple visited un-

til they left Saturday with his parents, the Joe Swirczynskis. Sunday Mr. and Mrs. Jake Horn and children drove over to spend the day with his mother here. Joining them for dinner in Mrs. J. S. Horn's home were Mrs. Al Schad and daughter Margaret Mary. Stopping in for an afternoon visit with the group were the Joe Horns and the Al Horns.

Overnight guests Saturday in the home of Mr. and Mrs. Lee Haverkamp were their daughter and family, the David Forgeys, and their daughter Jeanette and her fiance, Travis Wickliffe, all of Dallas, Sunday the Haverkamps and the visitors were dinner guests in the home of Mr. and

Mrs. Leroy Wiesmann at Gainesville.

A Communion breakfast Sunday honored Lou Ann Endres, first communicant, in the home of her parents, Mr. and Mrs. Gilbert Endres. Special guests were Lou Ann's grandparents, Mr. and Mrs. W. H. Endres and Mr. and Mrs. H. J. Fuhrman. Mrs. Fuhrman and Mr. Endres are the godparents.

Houseguests of their parents in Gainesville and visiting other relatives this week are Mr. and Mrs. Don Wisman of Farmington, N. M. They are dividing their vacation headquarters between the Tony Wiesmans and J. O. Hendersons.

"Senator, you promised me a job." "But there are no jobs open." "But you said you'd give me one." "Tell you what I'll do: I'll appoint a committee to investigate why there are no jobs, and you can work on that."

A lot of people can't get into high gear because they are shiftless.

**Junior Olympics - - -**

sec.; D. Hellman, 4th, 22.3. High hurdles: D. Hellman, 2nd., 18.4. 440 run: Knabe, 2nd. 57.5; J. Hellman, 3rd; Owens, 4th. 440 relay: Harris, Wimmer, Knabe and D. Hellman, 2nd., 45.8. 880 relay: Harris, Wimmer, Knabe and D. Hellman, 2nd, 1.41. 880 run: B. Hellman, 1st, 2:44.2; Sicking, 2nd, 2:45.3. Mile relay: B. Hellman, Sicking, Owens and Haverkamp, 3rd. All of the above contestants were in the 16-17 year division. There were only two point makers in the 14-15 division. Milton Fette in the 880 lopped a full half minute off the best time of the senior division, breezing in for a sensational 2:14. He was also second in the broad jump with 17 ft. 6 in. Clyde Walterscheid was second in the 880 with 2:29.3, and third in discus with an even 100 ft.

**Mail Service - - -**

handed at Dallas or Fort Worth earlier that day. It turns around here, picking up mail for north, south and west. A special delivery letter mailed here before 4 p.m. can be delivered that night in Dallas or Fort Worth. The last two trucks arrive here only ten minutes apart. An eastbound truck arriving at 6 p.m. bringing in more mail from the west also picks up what is expected to be the biggest dispatch of the day... for Gainesville and the Denton Sectional Center, which routes mail in all directions. Because of limited time to make connections this truck is on fast schedule by-passing Myra and Lindsay on its way to Gainesville. Mail for those two towns, as well as points west, leaves here at 5:50, on a westbound truck which turns at Nocona and serves Myra and Lindsay on its return to Gainesville.

**Thin Plastic Sheet Is Lethal for Baby Says Health Officer**

Five Texas babies — all less than one year old — smothered in their sleep last year in freakish accidents involving disposable sheets of plastic material, reported the Texas Department of Health. The thin, adhesive plastic is in common use today for purposes ranging from packaging laundry and cleaning to making back yard hothouses.

The deaths grimly accentuate the growing danger of using the lightweight material to protect bedding on a baby's crib. Disposable sheets of plastic have been boons to busy mothers of infants because of time saved in laundering bedding. But the only safe plastic bedding protector is the type made specifically for that purpose—one which can be stitched to the mattress or tucked under it. Piecing flimsy laundry or cleaning bags together to make a sheet can be fatal for a baby. To prove the point, examine one of the bags the laundry uses to package shirts. Although perfect for that use, note how it clings to human skin.

Hold it to your face. Notice now quickly and effectively it throttles your breath when you inhale. Imagine that happening to an infant lying helplessly in its crib. The bags come in handy for a great many things around the house and yard. But using them in a baby's bed isn't one of them.

### Lindsay News

Mr. and Mrs. Paul Arendt Jr. and her parents, Mr. and Mrs. Adam Wolf, were among guests at the wedding of Pauline Schenk and Wilfred Hoff at Schotland Saturday. Parents of the couple are Mr. and Mrs. Paul Schenk of Scotland and Mrs. Leo Hoff of Windthorst. The nuptial mass was in St. Boniface Church and the reception was in the Windthorst KC Hall.

Raymond Laux of Lindsay has been dismissed from Lisbon VA Hospital at Dallas and is continuing recovery at home from an operation. He was hospitalized ten days. During that time his family visited him; Mrs. Ray Owen, an aunt from Muenster went to see him, and the Jerry Henscheids of Dallas cheered him with visits.

Mrs. John Bezner was dismissed from Gainesville Sanitarium Monday after five days of medical treatment for a kidney ailment.

Hope springs eternal in the hearts of those who have eternal hope.

**NO GAME FOR CHILDREN**—Shooting in the marble round at Tinsley Green, England, is George (Pop) Maynard, 87-year-old "King of Marbles." English fans take the game seriously; it's at Tinsley Green that the British Marbles Championships are decided each year.

### 3 Weekend Games, One Win, 2 Losses, End Tiger Season

After a long and sad list of losses Sacred Heart's Tigers hit their stride last Thursday and Friday for a win and a close loss to two of the hottest opponents on the season's schedule, then closed the season Sunday with a loss at Ennis.

Playing Nocona they came through magnificently with a pair of rallies to nudge the class AA outfit by a 10-9 count. Next they played nip and tuck against Laneri's classy Micks for a 3-1 loss which was still a credit to them.

The first thriller in the Nocona game came in the fifth when Wimmer, Fleitman, Fuhrman and Becker grouped 4 beautiful hits to set up 5 runs and take an 8-6 lead. Nocona rebounded, however and the top of the seventh ended in a 9-9 deadlock. With the chips down Becker walked and stole second, then sailed home with the winning run on Bayer's double.

The Tigers got 9 hits, Becker and Wimmer leading with two apiece. Wimmer pitched all the way, allowing the Indians six hits.

At Laneri it was a pitcher's duel between Joe Streng and the Laneri hurler. Each allowed only one hit, but neither of the safeties had any bearing on the score. Walks and errors obligingly grouped by the Tigers allowed the Cowtown boys their three tallies and the Academic League win. Likewise the lone Tiger run grew out of a walk, a stolen base, a passed ball and a sacrifice bunt. Wimmer connected for the only Sacred Heart hit.

Last for the season was the Tiger 13-2 loss to St. John's at Ennis Sunday. Wimmer and Streng divided the pitching job and allowed only 5 hits, but walks and errors gave the hosts a long advantage. Sacred Heart got 3 hits, by Wimmer, Zimmerer and Becker, accounting for 1 earned run. St. John's errors contributed the other run.

### Electric Co-op - - -

closer to the front.

In the election of directors members followed the recommendation of their nominating committee, re-electing Jack Crownover and T. P. Skinner, and electing Thomas Ben Davis to succeed R. M. Felty, who declined renomination after serving for 20 years. Gregory Hundt of Lindsay was nominated at the meeting and his name did not appear on the ballot.

Meeting later to elect officers, the directors voted to retain Crownover as president, Al Wiesman as vice-president and Doye Doty as secretary-treasurer.

About 650 persons, including 324 voting members, attended the meeting. With President Crownover presiding, it opened with an invocation by Rev. Jerry Dellaney of Saint Jo and a welcome by Mayor Herbert Meurer. A humorous address by A. P. Edwards of Wichita Falls provided entertainment. After the program refreshments of coffee, punch, doughnuts and cookies were served by Mrs. H. H. Homsley and the Muenster High homemaking class.

Just before refreshments the co-op had its customary drawing for attendance prizes, a total of 19 electrical appliances with a value of about \$500. The items and winners were as follows: 2 Video-clocks to J. A. Stovall of Era and Ray Kupper of Lindsay. A portable oven and carrying case to Hubert Felderhoff of Muenster. 2 electric bean pots to W. F. Davidson of Muenster and R. B. Price of Bonita. 2 electric griddles to B. J. Swirczynski of Muenster and H. H. Forrester of Saint Jo. 2 electric blankets to J. E. Taylor of Gainesville and Alton Alexander of Pilot Point. 2 fry pans with covers to Frank Sandman of Lindsay and John Rivoire of Gainesville. An electric skillet to

Robert Hester of Tioga. An electric meat grinder to Martin Bayer of Muenster. 2 electric ice cream freezers to Ed Eberhart of Muenster and Albert Zimmerer of Lindsay. 2 yard lights to Olin Merritt of Forestburg and H. J. Terry of Caps Corner. Two of the prizes were furnished by Graybar Electric. They are an electric drill to Sam Harron of Gainesville and an electric iron to Jake Biffle Jr. of Myra.

Most of us are beginning to learn that the cost of experience has gone up like everything else.

Be wary of a woman's final decision. It seldom agrees with the one that follows.

**Confetti - - -**  
ment of men, not of laws.  
A few years ago a veteran's organization encouraged the observance of May Day as Loyalty Day, especially urging patriotic demonstrations to offset the disloyal and treasonable demonstrations put on by communists in this country. Unfortunately but understandably, their efforts did not get far. Rank and file

Americans just did not bother to get out and demonstrate. Nevertheless the idea is still a good one. May Day, when the communists demonstrate their barbaric brag of government by men, is a proper day for us to appreciate our blessings of and loyalty to government by law.  
Tain't enough that you just hatch ideas . . . you get to hitch 'em, too.
