Parish Announces Special Holy Week And Easter Service

Another arrival of Holy Week in an unholy world points up all over again the enormity of human folly. On this anniversary of the greatest event in history, commemorating the infinite goodness and wisdom of the Divine Savior, we are faced with the deplorable fact that so little of the world's current thinking is in harmony with the principles He taught.

We haven't the slightest doubt about the faults of our enemies. Without exception we believe that the communists, in their denial of God and contempt for human dignity, are responsible for the world's principal troubles. And we are correct in that assumption. Those agents of Satan are the scourge of all unfortunates who have to live under their brutal rule. They are also a constant annoyance and menace to people who supposedly are free of their evil domination. Because of them we have to live in tension, wondering when they will trigger a globe shattering war or if and when they will make good their boast of eventual world domination.

But that's to be expected of them. The reds are only being logical when they live by the law of tooth and claw. Devoid, by their own choosing, of the principles which sustain human virtue, they reduce themselves automatically to the status of beasts.

Even more disappointing in this confused world are the many others who should know better but abandon their principles for the sake of personal gain. This applies through all levels of society, from the petty thief to the international politician who sells out other people's rights for the sake of a favorable concession. It would be superfluous here to start listing faults. Anyone familiar with events of recent years can recall plenty of them. They have been apparent in social and industrial strife, in political and economic affairs, in the big international deals.

We are much concerned about the fate that awaits civilization, but too few are sufficiently worried to earnestly try at improving our own little segment of the world. We don't seem to realize that the answers to our problems can be found through a sincere effort at understanding the significance of Holy Week.

We don't even have to dwell on the most important point of all, its relation to the eternal destiny of man. That is a subject for the theologians, and this column would not presume to barge into their field. For our purpose it is sufficient to stick with temporal affairs, which also are intimately related to Holy Week.

The plain fact is that we could get along ever so much better by observing the teachings of the Savior. He summed them up in two simple sentences: "Love thy God. Love thy neighbor."

Applying His principle to our times, we can readily see that lots of troubles would be eliminated if more people were conscientious about violating the law of God . . . or if they were more considerate of their neighbors. Take the something-for-nothing urge, for instance. So many go for the schemes by which they can get more from the government than they give. Usually they get the short end of that deal. But even if they did not, would it be fair? Success of that scheme depends on taking advantage of others. It's wrong.

Or consider our present worries with inflation. There would be none of that if all business men gave fair value for the price, if all workers gave fair value for the wage. The same applies in every field of human endeavor . . . in global dealings, national politics, local social and civic affairs. An advantage to one is an imposition to someone else.

Another lesson taught by the Savior is worth our consideration in these days of stress. He did not hesitate to lower the boom on unsavory characters caught desecrating the temple. Likewise it is proper for today's guardians of Christianity to apply all necessary pressure to check the forces of evil. Our government's stand on the Berlin crisis is praiseworthy. Let's hope it will have the principle and courage to follow through and use coming negotiations to restore some of the human rights which in recent years

Hornets Prep for Junior Olympics

An event keenly anticipated by Coach Boze Ansley and his Muenster High track team is the Junior Olympics just scheduled for Gainesville on April 18.

With a 16 year age limit, the meet will be open to most of the Hornets but not to many of the veteran performers with whom they have been competing so far this season. According to Ansley it will give his boys a chance to find out how they rate in their own age bracket.

Included in his list of eligibles are James Harris, Truman Wolf, Larry Wimmer, Milton Fette, Doug Hellman, Mark Hellman, Donny Trubenschach, Joe Hellman and Jim Schumacher.

NEWS OF SICK AND INJURED

Mrs. Henry Fette is confined to bed with a back sprain sustained in a fall from a stool in her kitchen Wednesday afternoon.

Jerome Hennigan entered Gainesville Sanitarium Tuesday for treatment of a foot infection. A minor injury a week earlier when he jumped on a stick and it pierced his foot caused the trouble after the incident was all but forgotten. The accident happened while Jerome and a group of boys were on a fishing party at the river.

Sharon Ann Rohmer, baby daughter of Mr. and Mrs. Urban Rohmer, received medical care at Gainesville Sanitarium this week.

Dismissed from Gainesville Sanitarium after six weeks, but still confined to bed with prospects of remaining a bed patient for about two more months, is Mrs. Herman Eberhart. She sustained a broken right leg in a car accident Feb. 7 and has the fracture in a cast which also circles both hips and her waist. Her mother, Mrs. W. M. Jones of Gainesville is staying here with her daughter and family.

Bumps and bruises, but no serious injuries, were the result of a crash Monday when Tim Hellman and his motor scooter tangled with a car. The collision occurred about 4:55 p.m. as Tim started across Highway 82 at Endres Motor Co. Driver of the car was a man from Mesquite. Tim was taken to Gainesville Sanitarium for examination and treatment and was dismissed. He's the 16 year old son of Mr. and Mrs. Clarence Hellman.

Joan Eberhart, baby daughter of Mr. and Mrs. Walter Eberhart of Gainesville, is recovering at home from a throat and ear infection that had her in the hospital for observation.

Like getting two birds with one stone, a sailing baseball bat hit and injured two students at Muenster Public School during a ball game Friday afternoon. Result: a broken nose for Glenn Fleitman, 10, and a gash on the forehead for Nancy Roper, 11. At Muenster Clinic, Nancy had two stitches put in her forehead and Glenn had treatment before his parents, Mr. and Mrs. Albert Fleitman, took him to Gainesville to a specialist for further treatment.

Mrs. Allen Dale Eberhart of Gainesville and Mrs. Johnny Arendt of Lindsay were dismissed from Gainesville Sanitarium during the weekend after receiving medical care.

Tigers Lose 12-3 To Laneri Micks

The jinx continued its spell over the Sacred Heart Tigers last Friday afternoon as they went down by a 12-3 count before the Laneri Micks in their first Academic League encounter of the season.

Except for the wild second inning, in which the visiting Cowtown boys cashed in an assortment of hits, walks and boners for 7 runs, the game was fairly close and interesting. Coach Petrus was pleased with the Tigers' improvement over their former games.

Leading Sacred Heart hitters were Becker with two singles, Fuhrmann with a triple and Wimmer with a double.

Next on schedule for the Tigers are a pair of games with Era . . . there on Thursday and here on Tuesday of next week.

City Shut-Down From 2 to 5 Urged For Good Friday

In keeping with the long standing tradition of this community, Mayor Urban J. Endres has issued his customary Holy Week proclamation designating Good Friday, March 27, as a day of special reverence and urging all residents to observe it fittingly by suspending normal activity for a period of three hours.

The proclamation asks that all business houses close between the hours of 2 and 5, allowing ample time before and after Good Friday services which begin at 3 o'clock in Sacred Heart Church.

Mayor Endres praised the community's fine record of observing Good Friday in the past and asked that this year's observance be carried out in the same respectful and edifying manner. He urges all possible cooperation, that business firms close their doors, that traffic and any other kind of activity be avoided unless it is necessary.

Rain Measures .63

In a short and blustery mixture of rain and hail, plus a mild tapering off shower, this community got .63 inch of badly needed moisture about 5 o'clock Wednesday afternoon.

According to Steve Moster's weather bureau gauge the first heavy shower of rain and hail amounted to .47. The hailstones were about the size of marbles and fell for a comparatively short period. At the regular reading time, 7 a.m. Thursday morning, another .16 inch had been added.

This makes the rain measure for March to an even inch and the year's total to 2.05.

22 Teams Entered In Volley Tourney Starting April 6

Twenty two teams are entered and more are expected for the invitation volleyball tournament sponsored by the Sacred Heart Alumni starting Monday, April 6, in the parochial school gymnasium. It will be a full week event with champion and consolation brackets for both men and women.

Other entries for the event will be accepted up to Sunday. After that schedules will be drawn up so they can be sent to the participating teams several days before the tournament. Up to Wednesday thirteen ladies' teams and 9 men's teams had responded to the Alumni invitations.

In the ladies division are two teams of SH Alumni, MHS Alumni, VFW Auxiliary and Tuesday Nighters of Muenster; O'Neal's, F&M Bank and Walsh and Watts of Nocona; Lindsay, Sivells Bend, Forestburg, North Saint Jo, and Spanish Fort. In the men's division are SH Alumni and J&L Supply of Muenster; O'Neal's and Allison of Nocona; Lindsay, Sivells Bend, Saint Jo, North Saint Jo and Illinois Bend.

Building And Improvement Notes

Foundation work has just been finished on a new home for Leonard Owen in the 400 block of North Hickory. It will be a three-bedroom house with attached garage.

Down the street a couple of blocks carpenters have turned the job over to painters on A. B. Williams' house. It's a two-bedroom size with attached garage and central heating.

Also on the same street Al Felderhoff's major remodeling job is moving along steadily. Brick veneering is almost finished and work is well along in remodeling the portion retained from the old house. The job consists principally in removing a former single garage and breezeway and replacing with a spacious den and double garage besides changes in the rest of the house and brick veneering.

At the former Kreitz Estate house Vincent Felderhoff has an extensive remodeling and redecorating program under way. Another job there is a new 20x65 Grade A dairy barn.

B. J. Sicking has also completed a new dairy barn, tile walls, 24x40 feet.

Also south of town Mrs. Mack Smith has done a big job of re-

Legislation Urged To Set Clear Creek Watershed Authority

A special authority for development and maintenance of soil and water resources in the Clear Creek Watershed is practically assured.

Copies of the proposed bill have been submitted to all of the senators and representatives in the state legislature whose jurisdiction reaches the area concerned, and have received their endorsement.

Sponsors of the legislation are Senator Floyd Bradshaw, representing Montague, Wise and Denton counties, and Representative Alonzo Jamison of Denton County. The bill was drawn up under supervision of Clear Creek Watershed Association directors and submitted by J. M. Weinzapfel, president of the organization. Other legislators besides the sponsors who received copies are Senator Ray Roberts and Representatives Tony Korioth, Tony Fenoglio and James Cotten.

The purpose of the authority, Weinzapfel explained, is to create a legal entity empowered to conduct surveys, develop plans, obtain easements, build and maintain structures and to have control over the water of Clear Creek watershed. It also has the power to create subordinate districts for special projects within its area. Its activity is financed through a tax of 5 cents per \$100 of assessed valuation.

Final Service Held At Saint Jo Friday For Homer Donnell

Funeral services were conducted in Saint Jo Friday afternoon for Homer Donnell, 77, long time employee of Scott Brothers. He died suddenly from a heart attack Wednesday evening while he was in Muenster making a delivery in company of W. E. Scott.

Death came about 6 o'clock while he waited in a pickup truck at the home of Aubrey Tuggle. Mr. Donnell was talking to a group of children when he suffered the fatal attack.

The Rev. Jerry Delleney, pastor, officiated at the last rites in the Methodist Church at 2 o'clock and Scott Brothers Funeral Home directed burial in Mountain Park Cemetery.

Homer Donnell was born June 6, 1881, in the Hardy community and was married to Myrtle Harvey in 1909. He engaged in ranching before moving to Saint Jo about 40 years ago.

Survivors are his wife, one daughter, four sons and six grandchildren. Also a sister, Mrs. T. N. Field, and a brother, John Donnell, both of Saint Jo.

Improved Service Assured by changes In Postal Schedule

Sweeping improvements in mail transportation that will mean better mail service for Muenster and 313 other communities in the Dallas and Fort Worth metropolitan areas were announced today by Postmaster General Arthur E. Summerfield.

Discussing the program at a special meeting of postmasters in Dallas, George A. Gray, Regional Director, said that two and one-half million people in the 45-county area would benefit by better mail service.

Barring occasional distribution errors and infrequent delays in transportation media, first class letters mailed at designated collection boxes or in the post office before 5:00 p.m. on a business day will be delivered on the first delivery at any office in the area on the following business day.

"During the test period which has just been concluded," Mr. Gray said, "results exceeded expectations. As estimated 2,100,000 first class letters are handled on an average business day by the post offices within these two metropolitan areas. Approximately 65 per cent of the mail originating in the area is destined for points within the area, and our test operations have been very gratifying."

He pointed out that the metropolitan area type service also will play a significant part in improving mail service nationwide since mail moving in and out of the area will be expedited. Accelerating the flow of mail in the metropolitan areas, it was explained, is part of the vast postal

Tenth Soil Awards Banquet Dated for Gainesville, May 7

The tenth annual Soil Conservation Banquet and Awards Program honoring conservation champions of the Upper Elm-Red District will be held in Gainesville on Thursday, May 7.

Decisions on the date and location and other details of the event were made last Thursday afternoon in a meeting of representatives of banks, newspapers and radio stations of the district. They met in the First State Bank at Gainesville and were guests of the institution afterward for a charcoal steak dinner at Leeper Lodge.

The program and awards will be substantially the same as last year. Projected slides with narrator will tell the story of each winner's achievement and awards will be objects which can be kept and cherished for year, such as the silver trays given last year. In previous years the awards were in cash or savings bonds.

Band Books Dates For Three Events

Three events are on schedule for the Muenster High School band. On Friday of next week it will attend a Clinic at SMU, on April 17 it will participate in the Castleberry High School Band Festival at Fort Worth and on April 25 it will participate in the Interscholastic League meet in Denton.

The appearance at SMU is mostly a preparation for the Interscholastic League event. Bands are to be criticized only . . . there will be no grading or competitive rating. Bandmaster Jimmy Harris intends to use that criticism to polish up his youngsters for the meet in Denton, at which time bands will be judged and graded against a standard of excellence.

The Castleberry High School festival will be a competitive affair, the first of its kind in North Texas. Units of their respective classifications will compete with each other for trophies, medals and certificates in the separate events. Muenster's band will be in Class B division and will compete in concert, marching and sight reading contests.

MHS Tracksters Take Second Place In District Meet

Muenster High School's Hornet track men came out second best in the County Class B track meet at Gainesville last Friday, but it was a poor second. Their 34 points were dwarfed by the 80 that were marked up by Valley View, defending champs in county and district track.

Actually Valley View outscored the other three teams combined. Callisburg and Era were third and fourth with 20 and 19 respectively. The champs also had 12 of 14 first places in the meet. Of the other two first places, Era got the high jump and Callisburg the discus throw.

Muenster's 34 points were made up of small scores in many events, 16 of them in all. Hornet participants and their records are as follows. Larry Wimmer; second in broad jump, third in high jump, fourth in 220 dash and low hurdles. James Harris; second in 220 dash, third in broad jump and discus, tie for fourth in 100 dash. Milton Fette, second in 880. Truman Wolf, third in 100 dash. Gilbert Knabe, third in 440 Doug Hellman, third in high hurdles. Harold Flusche, third in mile. Billy Otto, third in shot put. Kenny Klement fourth in discus.

The Hornets also ran second in both the 440 and mile relays. On the 440 relay team are Truman Wolf, Gilbert Knabe, James Harris and Larry Wimmer. On the mile relay team are Don Trubenschach, Jim Schumacher, Kenny Klement and Gilbert Knabe.

SCHEDULE OF COMING EVENTS

FRIDAY, March 27, Variety Show, MOD Benefit, Marysville Community Center, 8 p.m.

MONDAY, March 30, Picnic at Parish Hall and Dance at VFW Hall.

TUESDAY, March 31, SH Tigers vs Era, here.

Chapter Farmers Of MHS Are Fifth In Area Contest

Muenster High's FFA Chapter was fifth place winner in the Area V grass judging contest at Denton and Kenny Fette, one of the three-man team mates, was eighth from the top among the ten high individual scorers. With him on the team were Jimmy Sicking and Don Trubebach.

The local farmers were fifth with 776 points out of a possible 960. Young Fette scored 281 out of 320 points. The big winners, who are considered tough competitors in state contests, were Whitewright, Tioga and Howe. Mabank was fourth.

Monday the local chapter had a practice session in land judging at Whitesboro. Grayson county teams only were eligible but the school invited area teams to participate.

For the MHS lads it was a welcome opportunity to prime for the annual Upper Elm-Red land judging contest to be held in Gainesville Saturday. Team mates for that contest had not been determined definitely by the middle of this week.

The boys are coached by Chapter Adviser Glenn Hellman and he took them to Denton Saturday. He'll also take them to Gainesville for the land judging contest.

Local News BRIEFS

Visiting Wednesday and overnight with Mr. and Mrs. W. L. Scoggins were his brother and sister-in-law, Mr. and Mrs. Herman Scoggins of Lindsay, Okla.

Donna Hofbauer, senior student at St. Paul's in Dallas, had two days off for Easter holidays. She spent Wednesday and Thursday with her family, the Andy Hofbauers.

New Ford owners include Judy Sluder with a Galaxie 4-door sedan; Charlie Wolf, a Custom 300 4-door, Robert Reiter, a Custom 300 tudor; Roe Sledge of Forestburg, a custom 300 4-door and Tony Trubebach Jr., a half ton pickup. Other Ford deliveries include four 2-ton dump trucks delivered to Cooke County precincts. Precinct 1 got two and Precincts 2 and 3 got one each.

Mrs. Joe Kathman Is Club Hostess

Mrs. Joe Kathman was hostess in her home for the March meeting of the Idle Eight Club and after a progressive series of 42 served a dessert plate and coffee.

Leading in the scoring was Mrs. Joe Hoenig, a guest; second was Mrs. L. A. Bernauer, also a guest. Other guests joining members were Mmes. Bill Becker, Frank Trubebach and Ben Seyler.

SH Exes Win Trophy In V'Ball Tourney

Ladies of the Sacred Heart Alumni won their second trophy in as many weeks at Prairie Valley last Saturday night by nudging Lindsay's Alumni 2 out of 3 in the consolation final. The contest was a thriller, requiring an overtime period to break the 8-8 tie in the third and deciding game and finally ending 10-8.

In the men's division the Sacred Heart exes advanced to the consolation semifinal by trimming O'Neal of Nocona then lost to First Baptist of Nocona.

Lindsay men took up where Muenster left off and beat out First Baptist in two straight games for the consolation trophy. Prior to that Lindsay had decisions over North Saint Jo and Bethel Baptist.

Champs of the tournament were two Bowie teams. In hot contests the Bowie men beat Illinois Bend and the ladies' team beat F&M Bank of Nocona.

This week four Muenster teams are competing in an invitation tournament at Saint Jo. They are two teams of Sacred Heart Alumni ladies, Sacred Heart Alumni men and J&L Supply.

Blessed Events

Mr. and Mrs. Damien Hellman of Irving have announced the birth of a seven pound son. He arrived March 19 . . . is a brother for Kevin and Linda who are visiting here with their grandparents, the Leo Henschels and Rudy Hellmans. Counting another great-grandchild are Mrs. Annie Trachta, Mrs. G. H. Hellman and Frank Trubebach.

Mr. and Mrs. Richard Knabe, former Muenster residents, now of Perryton, have announced the birth of a daughter, Sherry Renee, a sister for Debbie. She arrived March 18. Her mother is the former Sue Blakely of Gainesville. Mr. and Mrs. Joe Knabe are the paternal grandparents and Gus Knabe is great-grandpa again.

Stephen Wilmer is the name of the infant son of Mr. and Mrs. James Eckart. Father Christopher officiated at the christening in Sacred Heart Church with Joann Hacker and Wilmer Walterscheid as godparents. The nine pound three ounce boy was born at Muenster Clinic on March 19, 9:35 p.m. He has five sisters and five brothers, and is the grandson of Mrs. John Eckart of Subiaco and Mrs. John Walterscheid.

Mr. and Mrs. Lawrence Knabe, route 1, Gainesville, are parents of a daughter, weight six pounds three ounces, born 6:23 a.m. March 21 at the Sanitarium. The little girl has a sister and three brothers and is the granddaughter of Gus Knabe of Muenster.

"Those new people across the street seem very devoted. Every time he goes out he kisses her, and he goes on throwing kisses all the way down the street. Albert, why don't you do that?" "Me, I don't even know her."

Committee Named On Nominations at Home-School Meet

When they have their next and final meeting of the school term next month, members of the Sacred Heart Home-School Society will hold the annual election of officers. This announcement at the organization's March meeting Tuesday night resulted in appointment of a nominating committee.

Selected to prepare a slate of officers are Mrs. Andrew Schoech, chairman, Mrs. Val Fuhrmann and Mrs. Arnold

Pohmer. This month's meeting was held one week early on account of post-Easter activity next week and because the pastor, Father Christopher Paladino and School Superintendent Father Bruno Fuhrmann will be in Subiaco on that date for the program in connection with the consecration of the new Subiaco, Ark., church.

Sister Celine explained the science research testing program for eighth graders conducted in the diocese last Saturday and also told about attending an English Workshop on the same day at Dallas University.

During a 15 minute break between the program and the business session members and teachers visited, discussed any problems they might have and got acquainted with Adam Wolf who was at the society's meeting for the first time. He joined the faculty in January.

The program preceded the business session. It featured an old fashioned spelling bee conducted by Sister Gebharda and Mrs. Henry Weinzapfel and their fourth grade students.

President Charles Taylor presided for business and Father Bruno led the opening and closing prayers.

Neighbors Club Has Meeting for March

Miss Dorothy Hartman was hostess for members of the Friendly Neighbors Club, entertaining in the home of her sister, Mrs. Al Walter, for the organization's March meeting. A progressive 42 series was followed by refreshments of pie a la mode and coffee served to twelve at quartet tables. Guests joining club members for the evening were Mrs. Clarence Hellman, Mrs. Paul Endres, Mrs. Al Walter and Mrs. Arthur Endres. Mrs. Hellman led in the scoring and Mrs. J. C. Trachta was second. Mrs. Trachta also secured the galloping award.

Mrs. John Schilling of Houston is here for a visit with her children and their families.

Mildred Fisher and David Shenk Plan Early July Wedding

Mr. and Mrs. C. A. Fisher this week announced the engagement and approaching marriage of their daughter, Mildred, to David W. Shenk, son of Mr. and Mrs. Alton Shenk of Fort Collins, Colo.

Both young people are in the Navy. She is with the Nurse Corps at Bethesda, Md., and he is on duty at Bainbridge, Md. The couple plans an early July wedding, the date to be determined and to coincide with leaves both will receive at that time. The ceremony will take place here in Sacred Heart Church.

Mildred was graduated from Muenster High in 1954 as valedictorian of her class and from St. Joseph's School of Nursing in 1957. She was night supervisor at the hospital for a year before joining the Navy Nurse Corps in August 1958. She took training at St. Alban, N.Y., before being assigned to duty in Maryland.

The future bridegroom was graduated from Fort Collins High School and entered the Navy in October 1956. He took training in New York where he and Mildred met and was later in training at Bethesda before being assigned to Bainbridge. After their marriage both will have about one year more of service with the Navy.

Family Gathering Observes Birthday

A family reunion, a shower of gifts and a decorated cake all combined to make Mrs. Tony Gremminger's birthday a happy occasion. Nicest of all was having her eight grandchildren with her for the day.

Mrs. Gremminger's birthday was Monday but the celebration came a day early when the family could be together on Sunday. Present were Mr. and Mrs. Robert Mayer and daughters Gloria Jean, Bobbie Gail and Latina Ann of Pilot Point, Mr. and Mrs. Bobby Howell and daughters Rebecca and Stephanie of Fort Worth and Mr. and Mrs. Maurice Pagel and children Dwayne, Glenda and T. J. from here. Also being remembered with gifts and sharing honors of the day with her mother was Mrs. Mayer whose birthday was a week earlier.

Forestburg Forms Fire Dept., Elects John Moore Chief

At Forestburg a volunteer fire department has been organized and John Moore has been elected as the community's first fire chief.

Named as assistant fire chiefs at the initial meeting were Dick Ellzey, A. A. Fannin and John McCandless. A total of \$800 for securing fire fighting equipment was raised at the meeting and a committee of five was appointed to see about getting equipment. The committee consists of McCandless, Ellzey, Fannin, Carroll Dill and Woodroe Sirman.

Tommy and Herbie Walterscheid were Fort Worth visitors Saturday.

'School' Party is Fun for Members of Birthday Club

Reverting back to yesteryears, members of the Dizzy Dozen Birthday Club had a "School Kids" party for their March and April social. It was different from the usual gatherings in more ways than one and loads of fun. Among mirth provokers were the costumes of those attending. They duplicated the clothes they wore as school girls.

Mrs. Hank Walterscheid and Mrs. M. H. King were hostesses in the King home and served as "teachers" while the guests were "students."

Entertainment featured an old fashioned spelling bee, a 'rithmetic race, an IQ test, an art class, story telling and geography. Winners of awards, in that order, were Mrs. Tony Koesler, Mrs. Charley Hellman, Mrs. Leonard Yosten, Mrs. Ray Evans, Mrs. J. C. Trachta and Mrs. Tony Koesler.

The IQ test consisted of identifying baby pictures of members. Mrs. Yosten correctly identified nine out of 12.

Birthday honorees at this meeting were Mrs. Ray Swirczynski, Mrs. Leonard Yosten and Mrs. Ray Evans. They received gifts from the club. Mrs. Urban Endres was a guest.

The party started with supper and concluded with home movies shown by Mrs. Swirczynski. Many of the pictures were taken at previous meetings of the club and new pictures were made at this gathering.

Mrs. Deward Martin And Kathy Honored At Farewell Picnic

About 50 relatives and friends were together Sunday for a farewell gathering and picnic in Leonard Park honoring Mrs. Deward Martin and daughter Kathy whose departure for France is just a little over two weeks off. They'll leave Muenster April 12 to return to Mrs. Martin's homeland.

Those attending brought food for the picnic dinner and parting gifts for the honorees.

Present were Mrs. C. W. Martin and Mary Lou, Wayne Sawyer and Mrs. Sid Cason and children Brenda, Terry and Mike of Muenster, Mr. and Mrs. Allie Griffin and Wylie Edwards of Forestburg; Mr. and Mrs. C. A. Knight, Mrs. Charlie Cravens, Mrs. Bell Martin, Mrs. Leola Martin and son Gary and Mrs. Boyd Sikes and sons of Gainesville.

Ken Hoedebeck and June Reiter Will Marry April 18

Announcement has been made of the approaching marriage of June Reiter to Kenneth Hoedebeck who have selected Saturday, April 18, as their wedding date.

The bride-to-be is the daughter of Mr. and Mrs. Tony Reiter and the prospective groom is the son of Mr. and Mrs. Leo Hoedebeck, all of Gainesville and former Muenster residents.

The couple will exchange wedding vows in St. Mary's Church during a 4 p.m. nuptial mass. Their attendants will be Clarice Roberg, maid of honor, and Douglas Reiter, brother of the bride, best man.

After their wedding the couple will live at Gainesville where Kenneth is associated with his father in the dairy business. Both young people are graduates of Gainesville High School.

Selected to Pledge College Fraternity

David Klement of Muenster has been selected to pledge Lambda Chi Alpha, national social fraternity, at North Texas State College.

Names of 205 pledges for the 10 social fraternities at NTSC were announced this week by Dean of Men William G. Woods.

David, son of Mr. and Mrs. John A. Klement, Route 2, is a freshman journalism major.

THE PRICE OF "MAKE WORK"

"Make Work" in railroad—popularly known as featherbedding—costs the American public more than \$500 million a year, according to the head of the Association of American Railroads. It is a hangover from an age when trains were far slower, far less efficient, than at present. And he cites chapter and verse to support his statement.

A few examples: It takes a steamliner just 90 minutes to make the 91-mile run from Minneapolis to Willmar—yet this represents nearly a full basic day's pay to the engine crew. Another passenger train speeds from New Orleans to Chicago in just over 16 hours—yet each position in the engine crew draws 9 basic day's pay. The engineer who pilots a passenger train between New York and Washington collects 2-1/4 basic day's pay for a run of about 4 hours over 225 miles of track. A fast freight spans New York and St. Louis in 34 hours and 30 minutes—however, this requires 7 full crews that put in 44 hours and 15 minutes but get paid for 86 hours and 6 minutes.

The case files of the National Railroad Adjustment Board are full of astonishing examples of what antiquated work rules pro-

duce in the way of abuses. For instance, a switch engine foreman spent 10 minutes throwing a switch for an incoming passenger train—and collected an extra full day's pay at yard rates. A yardmaster instructed a switchman to set hand brakes to secure the rear end of a train whose crew had been relieved from duty under the Hours of Service Law; for this small chore he was rewarded with an extra day's pay.

The Association head is not taking an arbitrary position. He has called on the chiefs of the train-operating brotherhoods to join railroad management in asking President Eisenhower to name a special citizens commission to help solve the problem. Such a commission would be fair and without bias. It would serve the legitimate interests of everyone concerned—the railroads, the unions and the public at large.

MENTAL MALADY

An Oregon Congressman recently sent an extensive questionnaire to his constituents asking for their views on current and pending federal legislative matters. Among other things he listed, for pro or con answers, all manner of federal spending projects.

How to Lose Customers and Disgust People

One of the voters returned the questionnaire with a "yes" vote in favor of each and every spending proposal. But he added a comment: "If so much money wasn't given to federal aid, taxes could easily be lowered. Let's all urge more saving and less spending."

Here is a perfect example of a mental malady that seems to affect millions of citizens. They just don't seem to connect ever-growing government with ever-growing costs and taxes. They seem to think that the government can do the impossible and give us much for nothing. So long as that blindness is prevalent, the pressure on the government to spend, and spend, and tax, and tax, and tax, will be virually irresistible.

THAT MEASLY \$77 BILLION

To hear some politicians tell it, President Eisenhower committed an act just short of treason in submitting to Congress a balanced budget.

Their argument seems to be that this country is so rich it can afford to spend more than it takes in, and that it should do so because we need so many things. Is it really true that this rich but needy country can violate

without penalty the financial laws which every family in America must obey or meet disaster? Of course not. Whether your name is Astor or Smith, you'll pay the penalty if you go head over heels in debt for things you can get along without.

When the government goes in the hole, we all pay. Either taxes are raised to cover the shortage, or inflation takes another bit out of every family budget in the land.

As the President asks, if we can't pay as we go in a year of prosperity, can we ever again escape from deficits and inflation?

ECCENTRIC SENIOR PARTNER

What would you think of a senior partner, drawing his living from a business, who did everything he could think of to assure that the business couldn't run at a profit and serve its customers?

The United States Government is the senior partner of every large and medium sized business in the land—taking as its share 52 percent of the earnings. That's a good part of Uncle Sam's total income. The rest of the income is derived from the wages and

Christ's Scars Conquered The World

by Bishop Fulton J. Sheen

SCARS are never pleasant things to look upon, but the scars worn by the risen Christ on Easter Sunday paint a vivid portrait of His battle against sin. They tell a story which every Christian must try to understand if he sincerely wishes to call himself a follower of Christ.

First, the scars of Christ prove the law of Christian life that no one shall be crowned unless he has struggled; that no crowns of merit rest suspended on those who do not fight; that unless there is a Good Friday in our lives there will never be an Easter Sunday.

Secondly, His scars prove His love for us. True love seeks not its own good, but the good of the other. True love is proven not by words but by offering something to the one loved, and the greatest offering one can give is not what one has, but one's very life. Every scar of Christ tells the story: "Greater love than this no man hath."

Thirdly, His scars solicit our love. Christ rose from the dead not with wounds which would betoken weakness, but with scars, glorious medals of victory on hands, and feet, and side. Our Lord shows us His scars to tell us: "I did this all for you!"

But there are some who would have an unscarred Christ; the cowardly Christ Who shuns sacrifice; a Christ Who would have a victory without a battle; Who nev-

er mentions hell, the devil or divorce.

TAKE your cheap, soft image of Christ from our midst! We need the Risen Jesus of the Scars for our times. In this hour of longing, when men are broken in heart, alone, and impotent—to us no soft Christ can speak! Who can speak to those behind the Iron Curtain except Him Who once suffered under Pontius Pilate! Who can give courage to the Poles, Hungarians and the other dwellers in the catacombs of Eastern Europe, except Him Who was once in the underground to give to this earth its greatest wound—AN EMPTY TOMB!

THIS is not an age of wars, but an age of scars! We all have scars! Everybody! Scars on bodies; scars on souls! Scars of hate, fear, anxiety, melancholy, bitterness! Who can give us hope but Him Who can match our wounds with His scars? Where shall we find courage except in Him Whose life reveals that though the devil has his hour, it is God Who wins the day.

To all who in their agony shout: "Does God know what it is to suffer? Was He ever abandoned? Was His body ever racked with pain?" Christ can answer softly, "Yes, I know what pain is. My agony on the Cross was for you."

If He Who is God took pain upon Himself it must be that pain fits into His plans. That is why He could promise us our sorrow shall be turned into joy. Well may the nail-torn Christ cry out: "Through my death and resurrection I have conquered the world!"

Chevy makes one for you...

and you'll want it for all its worth

The plain fact is Chevrolet builds so many different kinds of cars there's one to please just about everyone.

Say you want a stylish, spacious car that combines low initial cost with rock-bottom operating expense. You'll find what you want in the Biscayne 2-Door Sedan—one of the lowest priced of all Chevy models. And you can have Chevrolet's new Hi-Thrift 6 under the hood to stretch and stretch

the distance between gas stops.

If, on the other hand, you're looking for a car of utmost elegance, you could hardly make a happier choice than the Chevrolet Impala 4-Door Sport Sedan. And, to go with it, Chevy's velvety V8 power teamed with triple-turbine Turbo-glide*—one of the finest, smoothest automatic drives offered on any car.

These are just two examples of the dozens of different kinds of Chevrolets you can choose from.

It's almost certain—with models ranging from five beautiful, dutiful station wagons to the unique Corvette—that Chevrolet builds your kind of car. Your dealer's waiting to help you pick it out.

*Optional at extra cost

The smart switch is to the '59 Chevy!

Your Chevrolet choice includes the Corvette, the Impala Sport Coupe, the Nomad Station Wagon, the Bel Air 4-Door Sedan, El Camino, and the Impala Convertible—all shown above.

Sheep Are Back In Fiber Business

That smug look you may notice on sheep these days isn't just because it's lambing season. The sheep is suddenly in the wonder-

fiber business. The scientists have made it possible to put permanent creases in wool trousers, and permanent pleats in wool skirts.

By next fall a customer will be able to buy wool clothes treated with this new process in stores all over the country. Many stores already are selling wool trousers with creases that last as long as the pants.

This is reassuring, in an age of man-made this and that, to find Nature-made things holding their own with only a little help from the test tube. Actually, what the scientists have done for wool is what the ladies have been doing for their hair with the home permanent wave. A solution, developed in Australia and something akin to the brew in the home permanent bottle, is what puts the creases in for keeps.

You can't sit these creases out. You can't sweat them out. If you soak them in the rain they come back tighter than ever. And what really must be making the sheep perky is the knowledge that his new home permanent won't work on any fabric except wool.

SEES BETTER DAYS — By the end of 1959, the United States will be in a position of "minimum unemployment." So says Labor Secretary James P. Mitchell above, who further predicts definite labor shortages in some areas.

Local Group Goes To Jonesboro for Religious Ceremony

Muenster was well represented at Jonesboro, Ark., during the weekend when several cars of local people drove there to attend religious ceremonies at Holy Angels Convent. Five girls from Sacred Heart Parish were participants in the services.

Four postulants received their white veils and their names in religion and one novice made her profession and first triennial vows.

Postulant Florentine Vogel is Novice Gemma, Postulant Dorothy Mae Bayer is Novice Augusta, Postulant Gloria Yosten became Novice Celeste and Postulant Betty Fisher is now Novice Irene. Her sister, Novice Cynthia, the former Lillian Fisher, was professed and is now Sister Cynthia.

Parents of the two, Mr. and Mrs. Paul Fisher, were accompanied on the trip by their children David, Linda and Herbie and by another daughter, Helen Fisher of Oklahoma City and Mrs. Fisher's mother, Mrs. Frank Kathman. Enroute they stopped at Subiaco to pick up their son William, Sister Cynthia's twin brother.

Going with Novice Gemma's parents, the Lawrence Vogels, were their children Carla and Gene and the Ray Vogels and daughter Rose.

Novice Celeste's parents, Mr. and Mrs. Felix Yosten were accompanied by their children Cyril, Tommy and Monica and their niece Kathy Yosten.

Mr. and Mrs. George Bayer and children Cletus and Cheryl were there to see their daughter and sister, Novice Augusta, invested and also visited their other daughter and sister in the convent, Sister Lucille (Jeanette Bayer).

Mr. and Mrs. Alphonse Reiter and daughter Gloria attended the services and saw their two daughters, Sister Jacinta, and Student Shirley Reiter.

Father Christopher Paladino was among clergy present. The trip gave him an opportunity to stop at Morrilton, Ark., for a visit with his mother who is convalescing from an operation.

The Muenster group enjoyed visits with Father Louis and many of the Sisters at the convent who are either local girls or former local teachers.

Among them — and they all sent greetings back to Muenster — were Sister Bertha, over from Paragould, Sisters Geraldine, Rose, Eymard, Jane Francis, Thomasina and Lutgardis. Father Louis also sent special greetings.

Returning the Paul Fishers and their party stopped at Subiaco to return William to the Academy and enjoyed a tour of the new Subiaco church, a former local young man, Father Paul Hoedebeck conducting the tour for them. Sunday was open house showing of the recently completed new building before its consecration which will take place March 31.

Arkansas was having lots of rain and the Muensterites were imagining much needed rain falling here. They were surprised and disappointed on their return to find that all that wet weather by-passed this part of the country.

Students Away at School Come Home

This week finds dozens of students from out of town schools coming home for the Easter holidays. Early arrivals came in Wednesday.

The group from Subiaco was among the first to arrive. They are Jim Gehrig, Gerald and Clifford Pels, Gene Schoech, Mike Kleiss, William Fisher and Johnny Hoberer. Ray Zimmerman of Lindsay was with them.

Home from Dallas University are Basil Reiter, Charles Felderhoff and Mary Weinzapfel. Mary brought a college friend along as a guest.

Other arrivals Wednesday included Clifford Endres, Joe Fel-

derhoff and Melvin Schoech of San Antonio. Melvin brought a classmate from St. Mary's University.

Others arriving early are Patsy Bayer, Suzanne Hesse and Patsy Vogel of St. Joseph's School of Nursing in Fort Worth and Ann Luke of St. Paul's Nursing School in Dallas.

Janice Klement, student nurse at St. Paul's in Dallas, arrived Thursday for the Easter holidays.

SH Eighth Graders At Testing Session

Sacred Heart School's eighth grade students were in Dallas Friday for a diocesan-wide Student Testing Program. Results of the tests will be used for admission into high school, for high school placement and in the awarding of scholarships.

The group went in a bus accompanied by Father Bruno Fuhrmann, school superintendent.

This was the first testing program for eighth graders of the diocese with sessions conducted simultaneously at four centers: the University of Dallas, Catholic High at Tyler, St. Joseph's of Abilene and AMI Academy in Wichita Falls.

HOW MANY ELECTRIC SERVANTS HAVE YOU?

Time was when your electric bill was mainly a "light bill." Many of us can remember how happy we were to have clean, economical electric lights replace kerosene lamps.

Over the years, electricity has opened a completely new and wonderful way of life that most folks take for granted.

No longer do we merely have a "light bill." A closer look at modern living shows that today we enjoy cool, clean electric cooking, electric refrigeration and air conditioning, electric toasters, dishwashers, garbage disposals,

television, radio and dozens of other conveniences made possible through plentiful, low-cost electricity. Truly electricity is the biggest bargain in the family budget.

Yes, although the cost of living has gone up 108% since 1936, and costs of doing business have risen rapidly, the average price per unit of TP&L residential electricity has gone down 43%. Texas Power & Light Company... a business-managed, tax-paying public utility... pledges its continued efforts toward keeping your supply of electricity plentiful... and the price low.

Religion Teachers

Three Benedictine Sisters from Jonesboro, Ark., two of them former local girls and the other a former teacher at Sacred Heart, have been assigned as teachers of religious classes in Erath, La.

"PROFESSOR" WAS RIGHT—The "professor" at the pool hall—cops—billiard academy of another day claimed that the game was a science. His vindication is supplied at Smith College, Northampton, Mass., where department of physics has a billiard table as an item of laboratory equipment. Reason: collision of billiard balls resemble in their actions collision of atoms, in some instances. Mary Mosher, left, a junior from Bergenfield, N.J., and Shirley Feischer, junior from Shaw, Miss., pool their skill in an experiment.

A fugitive scientist from a horror picture dreamed up a serum that brought inanimate objects to life. He tried it out on the statue of a great general. Sure enough, the statue gave a quiver and the general, cracking a bit in the joints, climbed down from the pedestal. The scientist was overjoyed. "I have given you life," he exulted. "Now tell me, what is the first thing you're going to do with it?"

"That's easy," rasped the General, ripping a gun from his holster. "I'm going to shoot about two million pigeons."

The young New Yorker out on his first trip to the West was especially impressed with the skillful way one cowboy rolled his cigarettes.

"Aw shucks," said the cowboy, "there's nothing to rolling them. It's adding the filter that gets me."

A civic dinner, a doctor was pestered by a woman who wanted free medical advice. "Do you think I should send her a bill?" he asked a lawyer who sat next to him. "Why not?" the lawyer replied. "You rendered professional services by giving her advice." When the doctor went to his office the next day to bill the woman, he found this letter from the lawyer: "For legal services: \$25."

A farmer bought a parrot for \$10 at an auction sale. When the sale was over, he asked the auctioneer: "Does this bird talk intelligently?" "You ought to know," said the auctioneer. He's the only one that was bidding against you." The oldtimer defines war as follows: "First you lick 'em, next you feed 'em, and then you finance 'em."

Marysville News

By Mrs. B. G. Lyons

MARYSVILLE — Back home for a visit with their mother, Mrs. Charles Luster, were Mr. and Mrs. John DeGeorge and family of Keller and Mr. and Mrs. Albert Rector and family of Denison. They spent the weekend.

Rev. and Mrs. Manning Bishop were Sunday dinner guests in the home of Mr. and Mrs. Jimmy Cole and in the afternoon deacons of the Baptist Church met in the Cole home for a business session. Their wives accompanied them for a visit with Mrs. Cole and Mrs. Bishop.

Mrs. Bo Snow has returned to her home in Ennis after a visit with her sister and family, the Charles Davidsons. The new baby in the Davidson family has been named Patricia. Others visiting the family during the week were Mrs. Davidson's parents, Mr. and Mrs. O. B. Siegmund and their sons Joe and David of Walnut Bend who were guests Tuesday.

Mrs. Vivian Maupin of San Antonio is spending this week dividing her time between visits here with her parents, Mr. and Mrs. B. G. Lyons, and her sister, Mrs. Marie Stiles in Gainesville. Both Mrs. Maupin and Mrs. Stiles were dinner guests in their parents home Sunday and other guests were Mr. and Mrs. Bill Pace of Gainesville.

Monroe Baker of Wilson, Okla., accompanied by a friend from there, spent Sunday with his sister and husband, the W. F. Davidsons.

Paula Shaw of Gainesville was here for a weekend visit with her daddy and grandmother, Albert Shaw and Mrs. J. N. Shaw.

Benefit for MOD at Marysville Friday

Scouts Combine Fun With Business Meet

Because they'll miss their March fun night next week, Boy Scouts combined the regular last Monday of the month entertainment with their business meeting Monday night. On the next regular meeting date the Scouts will be doing a good turn by helping the VFW Post, troop sponsor, with details connected with the Easter Monday picnic.

After routine business this week, announcement was made of a knot tying contest set for April 6, next regular meeting date, and the boys are practicing to win the prize. Scribe Tommy Mosman was announced as winner of the essay contest in which those attending the Dallas Oak Leaf Conference told about their experiences and classes at the all-day program. Fun night features consisted of a sing-song with Roy Hartman playing the piano and refreshments of soda water and cookies served by Scoutmaster and Mrs. Nick Miller.

Attend Funeral of Aunt in St. Louis

Mrs. John Felderhoff and her sister, Miss Theresa Hesse, were among relatives attending the funeral of their aunt, Sister Catharine O.S.F., in Saint Louis, Mo., Wednesday morning. The 80-year-old Sister was the former Miss Lena Mueller. She died in St. Anthony's Hospital in Saint Louis, Sunday morning.

In Muenster in the early days, she left here to enter the convent and made her vows in December 1898. Another girl of the Mueller family also entered the same Franciscan convent and became Sister Veronica when she took her vows in 1900. She died in 1950. Both were sisters of the late Mrs. Franz Hesse. One brother, Peter Mueller of Denver, Colo., survives, along with a large number of nieces and nephews.

Mrs. Felderhoff and Miss Hesse made the trip to Saint Louis by train from Dallas. Mr. and Mrs. Alphonse Felderhoff and sons took them to Dallas and saw them off.

FFA Team Will be In Elm-Red Land Judging Contest

Future Farmers of Muenster High will be working for the prize Saturday when they take part in the annual land judging contest sponsored by the Upper Elm-Red Soil Conservation District.

Each FFA chapter within the district is eligible to enter one team and the three county extension offices in the district may enter three 4-H teams each. Prizes will go to the three high teams and three high individuals.

The contest, sponsored each year by the district, is intended to encourage appreciation of the land and conservation among young farmers, according to District Chairman Rush Freeman.

Teams will assemble at the Community Center Building for registration from 8 to 9 a.m. After that the judging will be held in fields around Gainesville. Winners will be given their awards after the judging ends at noon.

Postal Service - - -

program which has next-day delivery between any two cities in the country as its long-range objective.

"Mailing early in the day in order to give the post office time to sort and transport the mail to destination is now the best way a patron can assure delivery of his letter in this metropolitan area the next day," Mr. Gray said.

A fast-growing population is making the postal service pattern increasingly complex, the Regional Official said, pointing to the urgent need for adequate space and modern mail-handling equipment.

The revised mail service pattern is based on the establishment of sectional centers at which mail from outlying offices is brought for consolidation at Dallas and Fort Worth.

These sectional centers have been established at Athens, Carter Field, Cleburne, Commerce, Corsicana, Denton, Ennis, Garland, Greenville, Jacksboro, Kaufman, Love Field, Mineral Wells, Sherman, Stephenville and Waxahachie.

Post offices near one of these sectional centers will send mail to that point for processing. A fast, non-stop service over the highway then will take the mail to Dallas and Fort Worth for dispatch to destination.

Some cities could not be brought wholly within the plan because of the distance involved. However, slightly earlier mailing would assure the mailer the benefit of metropolitan area service.

Mobile sectional centers, which consist of mail distribution cars in trains and buses equipped for en route mail distribution, also are utilized in the program.

The plan requires an intricate pattern of interlocking schedules. Fast service between Dallas and Fort Worth is essential. Mail from sectional centers in the western part of the area is scheduled to reach Fort Worth at 9:00 p.m. Eastbound mail is then moved over the toll road, arriving in Dallas at 10:00 p.m. The same schedule is used for westbound mail from Dallas to Fort Worth.

Mr. Gray said this improvement in letter mail service is the result of intensive study, and he credits the cooperation of dedicated postal employees in the 314 offices involved.

In a newspaper appeared the following ad: "The man who picked up my wallet on Main Street was recognized. He is requested to return it."

In the next issue the reply was published: "The recognized man who picked up your wallet requests the loser to call and get it."

Hornets Second in County Track Meet; Valley View Wins

By the slim margin of just two points Muenster High's Hornets nosed out Era for second place in the Interscholastic League district track meet held in Denton Wednesday afternoon.

As expected, the defending champs from Valley View were the easy winners with a grand total of 66 3/4 points. Other team scores were Muenster 24 1/2, Era 22 1/2, Callisburg 19, Chico 9 3/4, Saint Jo 3, Sanger 1 1/2.

Though winning no first places the Muenster boys came in for four seconds, qualifying five of them to enter the regional meet April 25 in Denton. They are the four members of the sprint relay team: Truman Wolf, James Harris, Larry Wimmer and Gilbert Knabe, and Milton Fette in the 880 run. Two of the relay team also ran second in other events: Wolf in the 100 and Harris in the 220.

A brief summary of the Hornets' points and records is as follows:

440 Relay: Wolf, Harris, Wimmer, Knabe, 2nd. 48 seconds.
100 yd. Dash: Wolf, 2nd with 10.7; Harris, tie for 3rd. with 10.8.
220 yd. Dash: Harris, 2nd with 23.6; Wimmer, 3rd. with 23.8.
880 yd. Run: Fette, 2nd., 2:19.6
Shot Put: Otto, 3rd. with 35 ft.
440 Run: Knabe, 3rd. with 57.5.
Low Hurdles: Wimmer, 3rd, tie.
Mile Relay: Schumacher, Trubenbach, Knabe and Klement 3rd. with 4:06.
High Hurdles: D. Hellman, 4th.
Broad Jump: Harris, 4th.

Safety Training Award Received by Endres Motor Co.

A certificate of merit for lending automobiles in the high school driver training program was received this week by Endres Motor Co. authorized new car dealer in Muenster.

The award was made to the dealer by the Texas Automotive Dealers Association, the state-wide association of factory franchised dealers whose members for more than 10 years have loaned cars to high schools for "behind the wheel" driver education. The vehicles are loaned without charge, as a public service.

The local company loaned one car to each: Muenster Public School, Saint Jo High School, and Era Public School, which have instructors qualified to teach the fundamentals of actual driving, as well as the theoretical aspects of proper use of today's modern motor vehicle.

Officials of the state new car dealers association describe the driver training program as a most important part of the campaign to cut down the accident rate of teenagers and those in the early 20's age group.

Records show that students who have been graduated from a high school driver training class have little trouble passing the driver's license tests, and upon being licensed usually make better drivers than those who have not had such training.

Authorized new car dealers have more than \$1,000,000 invested in automobiles on loan to high schools throughout the State for this purpose, according to an estimate by Tom J. Crooks, Manager of the association at Austin.

Awards Banquet . . .

will be the outstanding conservation farmer in each of the five zones, the outstanding comeback farmer of the district, and the outstanding tenant-landlord team of the district, both of whom will receive awards. A new feature of the program will be special recognition to the outstanding conservation farmer of the district. He will be one of the five zone champions.

As a special observance of the program's tenth anniversary the planning group also decided to have a member of special guests. Efforts will be made to have all zone winners since the program started, each zone to have a table reserved for its ten champs.

To be invited as very special guests are the two men who helped organize the annual program. They are Paul Waiser and Clyde Wells, state and local conservationists respectively at the time, who were present at the planning meeting here in Muenster. Other men who have been prominent in conservation work through the years will also be invited as special guests.

Also in keeping with the 10 year tradition, Claude Jones, chairman of all the past conservation awards programs was unanimously re-elected to head this year's event.

Four persons who will be invited to take part in the program were decided at the planning meeting. They are Father Alcuin Kubis of Lindsay for the invocation. Jerry Talley of Sherman as master of ceremonies, Bob Couch of Gainesville as narrator for the slides, and Jean Spence, a talented 11 year old singer of Tom Bean, as soloist. Miss Spence was a sensation at last year's program.

Other planning details were delegated to Fletcher Morris of the First State Bank and Jim Smoot of Gainesville National Bank.

Muenster, Saint Jo Meet in Openers of Spring Meet Sports

Muenster and Saint Jo High Schools will meet next week Wednesday at Saint Jo in one of four all-day athletic meets scheduled as preliminaries of this year's volleyball, softball and tennis tournaments of the Interscholastic League spring meet.

The two schools were paired in brackets drawn up for the district and made their own arrangements concerning date and location.

Likewise the six other teams of the district are paired off in brackets and will make their own arrangements about time and place. Two of those schools are Era and Callisburg. The winners of their contests will meet the Muenster-Saint Jo winners the following week in semifinals to decide who will play in the finals here on April 10.

Events to be played off next Wednesday are boys' and girls' divisions of volleyball, softball, junior and senior tennis singles, junior and senior tennis doubles.

totalled about 225. The four pastors were in attendance and Father Alcuin Kubis was a special guest.

Retiring president Ed Endres conducted the business session and read a letter from the Catholic State League reminding the group of the annual drive to increase membership and the men voted in four new members.

Father Christopher Paladino, pastor, gave an address in which he commended outgoing officers for their work and co-operation. Retiring with President Endres are Secretary Alvin Hartman and Treasurer Al Hess. The three each served three consecutive terms. Father Christopher also announced that William (Buck) Knabe has been hired as maintenance man for the parish plant.

The treasurer's report revealed that the society contributed more than \$1400 to the parish during the past year and also made up the balance due on the new range for the Benedictine Sisters for which the men solicited donations.

In another report Herbert McDaniel and Ed Endres told about the NCCW Convention they attended in Dallas in February. Membership in St. Joseph's Society is near the 250 mark.

The best reason for holding your chin up when in trouble is that it keeps the mouth closed.

were lost to the reds by default. It's a good thing for us to appreciate that Good Friday, though primarily a religious feast, has a profound relation to our every day lives. The world is much in need of it as an inspiration for dealing with human problems.

"Of course, life doesn't begin at 40 for the fellow who went like 60 when he was 20."

Reversing the tube may improve a fluorescent light that has grown dark at one end.
