GOC Members of Muenster Receive Letters from Ike

An incident that should have received more publicity during the recent regrettable and unwelcome visit of the Butcher of Budapest was his call on Lewis L. Strauss, Secretary of Commerce. Mikoyan was seeking trade concessions with this country but all he got from Strauss was a copy of President Washington's Farewell Address with this passage underscored: " . . . Reason and experience both forbid us to expect that national morality can prevail in the exclusion of religious principle."

There in a few words is the complete reason why this country and every other which believes in God should give the reds a cold shoulder. By denying religious principle a nation admits it has no national morality. It cannot be true. It does not deserve the consideration or respect accorded to countries which show respect to God.

Something else about the Mikoyan visit which received too little attention was the telegram received on the day of his departure from Secretary of State John Foster Dulles. It said: "Through your visit we hope that you can report to Premier Khrushchev that you have gained an understanding of the attitudes of our people . . . not only of the desire for peace that they and their Government share so deeply with people everywhere, but also of their unswerving belief, irrespective of their political party, in the right of people to determine their own government."

No wonder the Deputy Soviet Premier left this country in a huff. These blunt reminders of religious principle and human right, which are non-existent in the red dictatorship, are equivalent to diplomatic slaps in his sneering face. And the rebukes are especially significant coming from two prominent men in our government.

Doubtless there were other such incidents which could be quoted in a spirit of national pride. But they were not included in the daily reports of Mikoyan's American travels. The publicity he received was mostly chummy stuff apparently intended to create the impression that he is a good fellow spreading his country's message of peace and good will. It did not picture him in his real nature as a treacherous and unscrupulous murderer. Instead it criticized the poor manners of people who reminded him of his crimes.

After these few weeks it is a pleasure to observe that the Deputy Red Premier's visit is being regarded more and more as a dismal flop. In the long run he proved to be more of a liability than an asset to his country's interests.

A tirade in Moscow this week by the recent visitor reveals his present attitude. He fumed that the State Department is sending official speech makers to the cities in which he spoke to destroy the good impression he had left. Another fine example of Russian distortion of fact. An undersecretary of the State Department has spoken in two of the cities visited by Mikoyan, the engagements having been booked in August and December, before anyone knew that Mikoyan was coming. The significant point is that he's howling. He knows his mission was a failure. Perhaps he's also thinking about what frequently happens to communists who fail in their mission.

With satisfaction we note that this country is toning down its criticism of Cuban justice under Fidel Castro. With equal satisfaction we note that responsible persons in the new Cuban government are eliminating the hysteria and demands for revenge which characterized the first war criminal trials.

Both are good signs. In fairness to the Cubans it is proper for us to understand that the trials on the whole have been just. Persons charged were well known and were positively identified as Batista agents guilty of specific atrocities. Americans who witnessed the trials were convinced that justice was done despite the carnival atmosphere. When they learned what Cubans had endured they were better able to understand the popular thirst for revenge.

In fairness to us it was also well for Cubans to understand our attitude toward hysterical trials and hasty execution. There is danger of including innocent people with the guilty. So it is gratifying now to note that

Expressions of official gratitude from President Eisenhower and the commanding general of the 33rd Division of the U. S. Air Force have been received by 36 members of the Muenster Ground Observer Corps for their faithful services during the time that organization was in operation.

Six of that group received special recognition in the form of medals of award for 100 hours or more of service to their country. They are Mr. and Mrs. Paul Fisher, Mr. and Mrs. Steve Mosler, Herbie Herr and Miss Patsy Horn.

All the members received certificates of commendation and pocket identification cards showing them as life members of the country's civil defense team along with the letters from President Eisenhower and the Air Force commander.

The awards were sent to Post Commander Steve Mosler for distribution to the members.

Boy Scout Week Observance Set Sunday, Monday

Muenster troop will be joining Boy Scouts throughout the nation in observing National Boy Scout Week, Feb. 7 to 13. Included on the local calendar are a religious service and a social program.

Marking the 49th anniversary of Scouting, the troop will begin the week with attendance at the 8 o'clock mass in Sacred Heart Church in full uniform and reception of Holy Communion in a body.

The social event Monday night will include their parents for a pot luck supper and entertainment in the KC Hall.

Program headliners scheduled are a talk by Skippy Truitt of Gainesville who will tell about his experiences at the World Scout Jamboree last summer and the showing of slides he took on his overseas tour, and a talk by Oscar Borin of Durant, district representative of the Circle Ten Council.

Improved Switchboard Will Provide Better Service While Community Awaits Dial Phones, Says Younger

"Installation of a bigger and better switchboard does not mean that dial phones for Muenster are any farther away, but rather that the area will have better service while the dials are coming."

So said Herman Younger, owner of Muenster Telephone Company, last Sunday at the installation of a larger and improved model switchboard in the local exchange.

The change-over was from a 2-position standard board to a 3-position multiple board. Improvements resulting from it are capacity for more connections, greater efficiency in making calls and space for another operator.

As regards capacity, the board has room for fifty more connections than the other, and still more connections can be made by adding equipment. The other switchboard had reached its limit and several persons were waiting to be transferred from a party line to a single line.

The outstanding feature of the board is its automatic ringing device for all single line and 2 party line phones. It does not work on multiple party lines because code rings have to be used on them.

Formerly all ringing was done manually. After making connection and ringing a party the operator had to check back to see if the called party had answered. If not she rang again, perhaps several times. Each call had to be personally supervised until it was completed.

On the present switchboard the operator's attention is required only once. After connecting lines she presses a button to engage the automatic ringer, then turns her attention to other calls. The called phone continues ringing until someone answers or until the calling party hangs up. The operator receives no further signal until the line connection is broken. This arrangement is assuring to the calling party as well as convenient to the operator. Now a person hears the other phone

ringing . . . knows that his call is active.

Probably Did Not Venture Outside

Spring is just around the corner, that is, if there is any truth in that old saying about the groundhog and his shadow.

In the first place it isn't likely that the little fellow even ventured out of the ground. There was nothing inviting about the weather. And if he was silly enough to stick out his head he did not see his shadow anyway. The sun did not show up all day.

NEWS OF SICK AND INJURED

Misses Annie and Mary Becker are up and around the house but are still shut-ins following illness of flu the latter part of December.

Kevin Lee Sandmann, 9, son of Mr. and Mrs. Henry Sandmann of Valley View, is absent from third grade classes this week on account of a broken collar bone. He received the injury during play at school Friday and has been X-rayed and treated at Gainesville Sanitarium.

Mrs. Harry Dennis of Gainesville re-entered the Sanitarium Sunday for medical care. Mary Faith had a major operation about two weeks earlier and was convalescing at home when she had a back-set.

Boy Scouts Advance In Board of Review

Two Muenster Boy Scouts advanced to First Class rating and two became Second Class Scouts this week at their regular meeting when they passed tests before a board of review.

First Class Scouts are Tommy and Jerry Mosman. Moved up to Second Class ranks are David and Dennis Hess.

Having studied and prepared for their tests with the assistance of Scoutmaster Nick Miller, the boys passed with flying colors Monday night before the board composed of Pat Hennigan, John Mosman, Paul Endres, Ray Wilde and Leo Sicking. Mr. Sicking is a new member of the board.

County Has 5950 Voters on Record

Cooke County's recorded voting strength this year is slightly higher than it was in 1957, the last political off-year. An unofficial report from the Cooke County tax office Monday gives the figure as about 5950.

The exact figure was not available then because poll tax receipts were still being written from applications received in the mail. Also there had been no count made of the receipts that were voided because of mistakes. Allowing for those factors the number of poll tax receipts was estimated at 4310 and the number of exemptions at 1640.

Two years ago there were more poll taxes and fewer exemptions, 4353 and 1569 respectively, for a total recorded voting strength of 5920. For the regular elections last year the county had 7045 registered voters: 5123 poll tax payers and 1922 exemptions.

Actual voting strength is considerably higher than that shown by poll tax and exemption records. That is because hundreds of over-age persons, all living outside the city of Gainesville, can vote without securing an exemption certificate.

100 More Redbuds And Crepe Myrtles Will Be Available

Mrs. Tony Dulock, Garden Council president of Gainesville, has announced that the council has ordered an additional one hundred each of rosebud and crepe myrtle bushes.

People have reported that they purchased cards and then didn't have an opportunity to redeem them. The president stated that the club stands behind those cards.

The plants are expected around Feb. 9 or 10 and additional announcement on delivery will be made.

All those who have not redeemed their cards can do so next week. The Garden Council is proud of the effort of citizens to beautify not only their own homes but city property and public buildings as well.

Community Starts '59 MOD Campaign With \$123 Donation

Muenster's March of Dimes in this year's campaign for the National Foundation got under way Sunday when the sponsoring group, the Ladies VFW Auxiliary, solicited contributions at the church doors following services at Sacred Heart Church.

Collections there amounted to \$106.40. A benefit sock hop for teenagers Sunday night brought in \$16.90 and the total now on hand is \$123.30.

Other sources of revenue here include a Teen Porch Light Drive to be conducted by members of the parish Catholic Youth Council. That date will be announced after the regular CYC meeting next week.

Meanwhile polio banks in local business houses are out for contributions and both schools have received student envelopes for donations.

WITH THE MEN IN SERVICE

Enroute Home

C. J. Newman, husband of the former Mary Nell Hellman, is aboard ship enroute home from Germany. He wrote his wife that he left there Thursday.

At New Station

Airman First Class and Mrs. Tony Chantree and two daughters now are settled in Salina, Kansas, at 745 Willow Drive and he is on duty at Smoky Hill Air Force Base. The family visited here with her parents, the John Strenge, on a delay enroute from West Palm Beach, Fla., to Salina.

Gets Office In Germany

Mrs. Jack Janicki — the former Marcella Pagel — was recently elected area council president of the National Military Council of Catholic Women in Germany. That group is now organizing the NCCW throughout Europe. Mrs. Janicki's group is composed of the cities of Bamberg, Nuremberg, Kitzingen, Schweinfurt and smaller towns in the Wurzburg area. Warrant Officer and Mrs. Janicki and their five daughters live at Wurzburg where he is on duty with the army.

Council Sets Date For City Election

An election on Tuesday, April 7, to name a mayor and three aldermen was officially set by the Muenster city council at its regular meeting Monday night.

Positions to be filled are those now held by Mayor Urban Endres and Aldermen Rudy Hellman, John Fisher and Herbert Meurer.

Persons wishing to become candidates for these offices are reminded to submit their names to City Secretary Anthony Luke before March 7. Nominations received after that date cannot be listed on the ballot.

Rain Measure for January Is .40 in.

A look at Muenster's moisture measure to date reveals why local farmers are anxiously looking for rain. January had a mere .40 inch, the lowest recorded here since corresponding months of 1951 and 52 when the readings were .30 and .39 respectively.

This scarcity of rain is all the more significant in relation to December's measure of only 1.02, making a total of 1.42 for the two months.

February's start is almost as feeble, according to Steve Mosler's official record. Combined rain and sleet during the past weekend amounted to .03 on February 2 and .25 the next day.

Funeral Services For Knabe Infant Conducted Monday

Funeral services were held in Sacred Heart Church Monday morning at 9 o'clock for Michael Glenn Knabe, three-month-old son of Mr. and Mrs. Fred Knabe, who died suddenly Saturday night.

Father Christopher Paladino officiated at the Mass of the Angels and at graveside rites in Sacred Heart Cemetery. Nick Miller Funeral Home was in charge of arrangements.

Mrs. Knabe found the baby dead in his crib at about 5 o'clock Sunday morning. She had attended him at 11 p.m. Saturday at which time he appeared in good condition.

Michael Glenn was born Nov. 1, prematurely, weighing slightly over four pounds. He had bronchial pneumonia when he was six weeks old but had recovered from that illness.

Survivors in addition to the parents are grandparents, Mr. and Mrs. Bill Derichsweiler and Mr. and Mrs. Joe Knabe, and a great-grandfather Gus Knabe, all of Muenster.

Relatives here for the funeral were Mr. and Mrs. Ervin Derichsweiler and daughter Debby of Dallas, Mr. and Mrs. Bill Crow and children of Archer City, Ben Derichsweiler and Matt Derichsweiler Jr. both of Denison, Mr. and Mrs. Harold Knabe of Denton, Mr. and Mrs. Gerald Knabe of Gainesville and Mr. and Mrs. Kenneth Reynolds of Forestburg.

5 Families Change Houses in Series Of Local Moves

This week finds five families in different homes and one more ready to move when the house they will occupy is finished in a remodeling program.

The chain of moves began when the Dick Cains moved to their new rambling ranch style home in a wooded grove a mile west of town.

The Robert Bayers who bought the Cains' former home north of town transferred there and the Clyde Howards moved from an oil lease north of town to occupy the Bayer place which they bought.

These three picked the worst day of the season for their moves, getting settled Monday.

Wednesday, the Dickie Cains moved from Joe Trachta's house on N. Elm to Joe Luke's house on N. Maple. It's the place vacated by the R. L. Kreaps family who moved to Seminole, Okla. Mr. Kreaps was employed by J&L Co. here.

To move as soon as the house is finished are the Wendell Richeys who will make their home in Herbert Meurer's house on E. Second. They are presently living with her parents, the Dick Cains.

A change of jobs that doesn't involve a change of home is that of Melton Ramsey who has joined J&L replacing R. L. Kreaps. Ramsey had been employed by Endres Motor Co.

District Loses 1 In School Census; 1959 Count is 685

A loss of one child in the scholastic census of the Muenster School District since last year is indicated by the annual school census just completed by Superintendent H. H. Homsley.

The latest count shows 685 children as compared with 686 last year. It is not known, however, whether there will be a loss or a gain when the official count is determined. Last year the official count was set at 683.

Usually the local count is revised when census figures are checked at Austin. Children who move from one district to another in January are frequently enumerated in both districts. On its check the state headquarters eliminates the duplicated names.

The official count is the basic figure to determine a district's per capita allotment. Transfers into the district are then added and transfers out are subtracted to decide the district's net. This year the Muenster district is receiving allotments for 581 scholastics.

Local FFA Lambs Get Premium Price At Stock Show Sale

Sheep entered by Muenster boys in the Fort Worth Stock Show got into the premium money class even though they were rated far down the line in the contest for prizes. The animals were shown by Mark Hellman and Truman Wolf of Muenster FFA Chapter.

Crossbreds shown by the boys easily won places in that division's top 45 . . . they were in the low thirties . . . and qualified to sell at the special stock show sale. They sold for 27 cents, a premium of about 11 cents a pound.

Another crossbred of Hellman's got close to honors in the open show. It missed by three, being judged 18th when 15 prizes were awarded.

They did not do as well with their Southdown lambs. Competition was considerably rougher there and the Muenster lambs failed to place in the top 45. Not being eligible for the special premium sale, those sheep were brought home.

Joe Fisher Gets First '59 Car Tags

Joe Fisher Sr. claims the distinction of buying the first car license plates sold in Cooke County this year. The tags went on sale Monday and Mr. Fisher was waiting at the door when the county tax office opened in the morning.

New license plates are the reverse color combination from the 1958 plates. They have a white background with black letters and numerals.

Rafe I. Piper, county tax assessor-collector, reminds motorists that they must bring their 1958 registration receipts and their car titles with them when obtaining new licenses. The deadline for driving with 1958 plates is April 1.

Larry Walterscheid came in from McKinney Tuesday for an overnight visit with his mother Mrs. J. C. Trachta and Mr. Trachta and was with them for breakfast before returning to McKinney.

Rites in Denmark Unite James Hess And Birthe Nielson

Cpl. James Hess, son of Mr. and Mrs. Gary Hess, stationed near Frankfurt, Germany, with the army, was married Jan. 25 to Miss Birthe Nielson in Copenhagen, Denmark. The groom's family, this week received pictures and an account of the wedding.

The ceremony was performed in Copenhagen's Sacred Heart Catholic Church with the pastor, Rev. J. Coenen, officiating. The bride's parents were attendants for the couple and a reception was held for a small group of relatives and friends in their home afterwards.

The bride wore traditional white satin with a fitted bodice and wide net overskirt, ballerina length. She carried an arm bouquet of red and white roses.

Cpl. Hess was on ten-day leave for his wedding and has returned to his base to prepare for his return to the states and his separation from the service. He is to leave Germany the middle of this month. Meanwhile his bride will be with her parents in Copenhagen until she can join him here in April. She plans to come by plane.

James has been overseas one year attached to an armoured infantry battalion. He took his basic training at Fort Chaffee, Ark. He met his bride in Germany while she was employed there.

SH Juniors Sponsor Mardi Gras Dance

Sacred Heart High juniors will sponsor a Mardi Gras dance on Shrove Tuesday as a class benefit. It will be a costume affair and will feature the crowning of a Mardi Gras king and queen. The public is invited.

Party time is 8 o'clock and refreshments will be available. Place is the Parish Hall. The junior class is selling tickets now for fifty cents per person. Tickets will be sold at the door for sixty cents.

Each of the high school classes has selected favorites for the king and queen who will be chosen by persons attending the dance. Their admission ticket entitles them to a vote and that decision will be final.

Candidates are: Alice Walter and Paul Dangelmayr, freshmen; Janie Endres and Anthony Knabe, sophomores; Ann Stoffels and Eddie Joe Schmitt, juniors; Jolene Mollenkopf and Herman Grewing, seniors.

All Public School Classes Prep for Valentine Carnival

Each of the grades will set up a carnival booth, be responsible for its operation, and claim proceeds for its class treasury.

Competing for queen honors are one student from each of the grades in the elementary department and one from each of the high school classes. They are soliciting votes at a penny each and a winner from each department will receive her crown in a program on the stage Saturday night.

Queen candidates are Pat Otto, senior; Theresa Fisher, junior; Tomy Sue Hamilton, sophomore; Della Wimmer, freshman. Beginning with the first, through the eighth grade candidates are: Sandra Sloan, Sharon Williams, Linda Sue, Wilson, Sherry Pitman, Karen Lindsay, Linda Whitt, Linda Fette, LaChrista Lutkenhaus.

Honor Requirements For February Met By VFW Auxiliary

A silver drill conducted by members of the Muenster VFW Auxiliary Monday night was their participation in the Heart Drive. February is Heart Month and a contribution to the Heart Fund is one of the honor roll requirements. The drill took place after the regular business session.

Two other honor roll requirements were compiled with. One consists of a contribution to the Palsy Fund, the other is the carrying out of an Americanism program. In that connection the Auxiliary will present an American History reference book to Sacred Heart School this year. On record in the official minutes is to give a similar book to the Public School next year when the Americanism program again comes up on the honor roll.

In other business matters completed plans for their annual Valentine dance to be held this year on Saturday, Feb. 7, because Feb. 14 falls in Lent.

The group also made arrangements for its February Teen Party, an event of next Sunday. Mrs. Joe H. Walterscheid, in charge of organizing teams for the volley ball tournament here in March announced that two teams are organized and will begin practice this week.

Reports on the March of Dimes campaign which the organization is sponsoring were given by workers and showed a total of \$106 contributed.

Letters of thanks were read from Mrs. Paul Tempel for a spiritual bouquet at the time of her husband's death and from Capt. Monte Hellman in Germany for Christmas candy.

JoAnn Hess was admitted as a new member in a formal reception ceremony witnessed by 16 members who were present in spite of the very inclement weather.

Mrs. John Huchton, president, conducted the business session and Mrs. Richard Grewing, hostess, served attractive cold plates after adjournment.

Prizes, Surprises Feature Valentine Dance Here Feb. 7

Music by Tommy Harkness and The Stardusters of Denison, prizes to be announced during the night, and surprises to pop up at intervals are destined to make the VFW Auxiliary's Valentine dance one of the best ever this year.

The dance will be held Saturday, Feb. 7, because Valentine Day falls in Lent this February.

Harkness and his Stardusters, playing for a Muenster dance for the first time, come here highly recommended. Their orchestration include both soft dreamy and fast wacky numbers.

The Auxiliary extends a general invitation for a full attendance at this benefit dance. It will be the last dance here until after Easter.

Garden Club Will Meet Monday Night

Muenster Civic League and Garden Club will hold its February meeting Monday night in the home of Mrs. Frank Trubebach with Mrs. Lee Toothaker as co-hostess.

Program topic after the business session will be "Foliage Plants" with Mrs. J. M. Weinzapfel in charge.

The hostesses invite a full attendance. Starting time is 8 o'clock.

Honor Student

Lawrence Milner has the honor of being named a distinguished student at Texas A&M College. He won the distinguished student award for his work in electrical engineering during the semester just finished. Lawrence is the son of Mr. and Mrs. M. F. Milner.

Dinner Compliments Visitor from Iowa

Visiting relatives and friends in Cooke County the past week has been Henry Loerwald of Luverne, Iowa, who divided his time with his sister Mrs. Al Walterscheid, here, a brother Joe Loerwald at Gainesville, and another sister Miss Theresa Loerwald at Lindsay.

While he was here a family reunion dinner was held in the home of his niece and nephew, Mr. and Mrs. Donald Endres. Mrs. Endres prepared the full turkey menu and served it to the family gathering of 27.

Present with the honoree and the hosts and their children Donna, Jimmy and Robert were Mr. and Mrs. Al Walterscheid, Carl Walterscheid, Patsy Hamilton, Mary Catherine Walterscheid, Mr. and Mrs. Willie Walterscheid and Terry, Mr. and Mrs. Ed Schneider and Donny, Johnny, Pam and Debbie, all from here; Mr. and Mrs. Joe Loerwald and daughter Betty and Mr. and Mrs. John Loerwald of Gainesville, Theresa Loerwald and Theo Schmitz of Lindsay and the latter's two-year-old grandson Mike Schmitz of Dallas who is visiting him. Only member of the family missing was the honoree's sister, Mrs. Frank Walterscheid of Hereford.

Mr. Loerwald spent two weeks in California, visiting his daughter in Los Angeles, before coming to Cooke County. He traveled by plane. This was really getting around for Mr. Loerwald who spent eight months of the past year in a hospital following an accident and back injury — he still has some foot trouble — and got the last of casts for broken bones off shortly before Christmas.

5-Year-Old Honoree At Birthday Party

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

Here's how to comfort-test a Ford. Take six people—a daddy longlegs, a Mr. "five by five," any shape, any size. Put them in a Ford and watch what happens. First they can get in easier. Once inside, everyone (including the man in the middle) has a thickly padded seat for real comfort. There's more than enough room for legs, elbows, hips—and hats! Come in for a "people test"!

"Seats are comfortable all the way across... no hard spot in the middle"

Suggested Ford retail prices are lowest of the best-selling three for all comparable models. With radio, heater, and automatic transmission, Fords are priced up to \$102.75 less than the major competition. Diamond Lustre Finish never needs waxing. The aluminized muffler normally lasts twice as long. Finally, Ford's beautiful proportions will command a higher price when you sell.

HAPPY BIRTHDAY, BOY SCOUTS!

The Boy Scout movement has reached ripe middle age. Boy Scout Week, which will be observed during the February 7-13th period, will mark its 49th anniversary.

But the passage of time has certainly not dimmed Scouting's vigor. It is looking ahead to ever-greater achievements, to an ever-expanding influence. And

in this age, with juvenile delinquency rampant, the movement deserves the active support of every decent and responsible citizen.

In its nearly half-century of existence, the organization has touched the lives of more than 28,500,000 Americans. Today there are more than 4,780,000 boys and leaders playing the "game of Scouting." This works out to one of every four boys in the 8 to 16 year old groups, and the hope is that this proportion will be materially increased.

Dr. Arthur A. Schuck, Chief Executive, puts it this way: "Looking ahead for the next five years we must recognize that never has it been so important or imperative that the youth of our nation be trained to high idealism, acquired through unselfish service, by self-reliance, and co-operative effort."

The ideals and objectives of Scouting have remained unchanged since the movement's birth. But changes have been made in organization methods and operating techniques in order to meet the needs of the time. At the moment, if Scouting is to be brought to more of the boys who want it, there must be more trained leaders and more facilities including camps. Meeting this challenge should be regarded as a pleasure and a privilege.

Meanwhile — Happy Birthday, Boy Scouts!

A depression is a period when people have to do without what their forefathers never had.

'A Scout Is Friendly' Is Theme Of Boy Scouts' 49th Anniversary

FOR ALL BOYS

BOY SCOUTS OF AMERICA

49th ANNIVERSARY 1959

ONWARD FOR GOD AND MY COUNTRY

OFFICIAL BOY SCOUT WEEK POSTER

The nation's 4,780,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders observe Boy Scout Week, February 7 to 13, by launching the fourth and final year of the "Onward for God and My Country" program.

The 49th anniversary emphasis is "A Scout is friendly." Through their World Friendship Fund of voluntary contributions the Boy Scouts of America have helped Scouts in 48 other nations.

America will be represented by several hundred Scouts at the Tenth World Scout Jamboree next July 17-26 in Makiling National Park near Manila in the Philippine Islands.

During Boy Scout Week, honors will go to units that successfully carried out projects in traffic, outdoor, and home safety in last year's Safety Good Turn.

GOD LOVETH A CHEERFUL GIVER

The Biblical quotation: "God loveth a cheerful giver," suggests that there can be a virtuous circle in human affairs as well as a vicious one. Certainly all who gave last fall to the Catholic Bishops' Thanksgiving Clothing Collection, found the very act of giving of their own surplus a forceful reminder of what they had to be thankful for and just as surely added later to their Christmas cheer.

At last report, more than a million pounds of usable clothing, shoes and blankets had been collected on the Pacific Coast, and more than eleven million pounds had flowed into the New York warehouses of Catholic Relief Services, NCWC — the worldwide Good Samaritan that does the collecting, sorting, baling, and shipping in this country and distributes these gifts of all America to the neediest of the needy in 51 other countries around the globe.

About 2,200,000 pounds has already been shipped, much of it in time to bring Christmas into some of the darkest corners of human misery. And with warehouses still piled to the ceiling, and still more clothing coming in from the nationwide collec-

tion in 16,000 U.S. parishes, the work of preparation, packing and shipping is in high gear.

Since its establishment 15 years ago, Catholic Relief Services has sent to its field directors around the world and their hundreds of thousands of volunteer workers for distribution 2,139,434 tons of food, clothing, medicinals and other supplies valued at more than \$723 million. During 1958 — for the second consecutive year — this overseas relief agency shipped more than a billion pounds of supplies valued in excess of \$100 million!

In reporting these colossal figures, Archbishop Francis P. Keough, of Baltimore, formerly chairman of the CRS board of trustees, paid tribute to the U. S. Department of Agriculture and the ICA for tremendously increasing the volume of the agency's relief supplies in the last five years by providing huge quantities of surplus food for distribution to the hungry of 38 nations.

It is such dedicated and efficient servants of charity — whose efforts are tireless and whose goal is to reach all who are in need, wherever they may be — that can make "cheerful givers" of us all.

To Serve You Better

We have just made the greatest improvement to date in our central office facilities... the installation of a 3-position multiple switchboard.

Last Sunday, in a few dramatic minutes, we changed over all lines of our telephone system from our old 2-position switchboard to the larger and vastly improved 3-position unit.

Besides giving us the capacity to meet the community's needs for many years, this switchboard enables us to give better service than we were able to give in the past. Heretofore only two operators could work at the board at one time. Now three can work. Furthermore, each operator can work much more efficiently than before.

The greatest single improvement is an automatic ringing device to replace the old manual ringer. The called phone rings automatically at intervals until it is answered or until the caller hangs up. The operator does not have to check each call to see if the connection is completed, and to ring again if necessary.

All of this means that operators have to give less time to each call, hence they can take care of greater "line traffic" than before. Even in rush periods they will be better able to give you prompt attention.

We are pleased to report that this better service will be enjoyed on about 300 lines serving more than 750 phones in the communities of Muenster, Myra, Marysville, Forestburg and Rosston.

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

Wedding Date and Birthdays Observed

Two birthdays and a wedding date were observed by the John Tempel family the past week, with Sister Florentine, visiting here with her parents, sharing honors with the other honorees. Entertaining were her two sisters, Mrs. Johnny Moster of Gainesville and Mrs. Russell Herb of Dallas. Both were all-day celebrations.

The birthday honoree at the family gathering Saturday in the home of Mr. and Mrs. Moster was their daughter Roselee who was 14 the following day.

Attending that gathering were Mr. and Mrs. Tempel, Sister Florentine, Mr. and Mrs. Moster and their two youngest children, Roberta and Dickie. The other children Jim, Rosalee, Damien and Grace spent the day with their great-aunts, Anna Markowitz and Mrs. Luke Tempel here.

Russell and Anastasia were married on her birthday, Feb. 3, 1950. The observance was held Feb. 1 when the family could be together.

Mass and Reception Observe Tony Voths' Silver Anniversary

Relatives and friends gathered Sunday to help Mr. and Mrs. Tony Voth of Lindsay celebrate their silver wedding anniversary. Observance of the Feb. 13 date came early because that day falls in Lent this year.

Mr. and Mrs. Voth renewed their nuptial vows at an anniversary mass in St. Peter's Church at 4:30 with Rev. Alcuin Kubis, pastor, officiating at the afternoon service. Mass servers were the couple's son Doyle and Leslie Kuhn and Billy Schmitz. Another son Melvin Voth and son-in-law Herbert Schmidkofer ushered.

Mrs. William Schmitz was organist for the church choir. A duet was presented by Mrs. Ben Hermes and Mrs. Bruno Zimmerer who sang "Heart of Jesus."

A reception and dinner followed in the parish hall. Registering about 125 guests were nieces, Cecilia Zimmerer and Mrs. Victor Koelzer. Tables were arranged in U shape, the honorees' section marked by a lovely large cake done in silver and pink with roses and wedding bells and topped with a silver 25. White mums were the floral complement, flanked by silver-sprinkled white tapers in crystal candelabra. The other sections of the tables held arrangements of silver leaves in pink containers and candles.

Mrs. Voth is the former Miss Geraldine Rae of Amarillo. She met Mr. Voth when he farmed in the Panhandle and they were married in Gainesville Feb. 13, 1934, by Father John Brady. They have lived on a farm northwest of Lindsay ever since.

Their three children are Mrs. Herbert Schmidkofer, also of Lindsay, and Melvin and Doyle at home. They have one grandchild, Walter Schmidkofer.

Attendants at Mr. and Mrs. Voth's wedding 25 years ago and again at the silver wedding were his sister Annie and her husband, Mr. and Mrs. John Zimmerer of Lindsay. They were newlyweds in 1934 and celebrated their 25th anniversary the past November.

Mrs. Joe Lehnertz, assisted by Mrs. Conrad Jostwerner and Mrs. Henry Kuhn, catered the meal.

Mrs. Voth wore a silver gray two-piece suit with a geranium pink hat and other accessories in black. Mrs. Zimmerer, her attendant, wore gray and both had corsages of white rosebuds.

calmness is gradually taking over. Justice is desirable but it should be accompanied by civilized procedure, with every precaution for avoiding tragic mistakes.

Something else for us Americans to understand is that the struggle for freedom in Cuba is by no means ended. Not all who now seek positions of power are true patriots. Some are communists who assisted in the overthrow of one dictator only because they want to take over themselves. Still another enemy has to be eliminated before the Cuban revolution can be counted as a complete success.

pany this week. Three more persons are added to the office staff, making a total of 8. Their hours are arranged so that all are on the job 40 hours a week.

Definite office hours were also established . . . from 8 to 12 and from 1 to 5 daily except Sundays. At other times operators are on the job but no one is there to transact company business.

New members of the staff are Mmes. George Mollenkopf, Isabell Fette and Alvin Fuhrman. Former members are Misses Helen, Elizabeth and Katie Herr, Miss Helen Hess and Mrs. Joe Lehnertz.

The Muenster telephone system now serves about 765 phones in five communities . . . Muenster, Marysville, Rosston, Myra and Forestburg. The first three of these are served directly by the Muenster exchange. The other two are served by small automatic exchanges with connections at Muenster. Calls from any phone on the system to any other phone are handled as local calls even though the persons talking may be as much as 40 miles apart.

Mr. and Mrs. John Schindler left Monday afternoon following a four day visit here with cousins of the Pels families. They were houseguests of Mrs. Henry Walterscheid. The couple lives in Red Lake, Minn., and stopped over here enroute to Old Mexico to spend the winter.
