Firemen Will Quit Answering Calls to Rural Area Fires

Regardless of the old saying that no person is indispensable, people of Muenster still find it difficult to reconcile themselves to their loss of last week. In their minds they are certain that nothing will ever fill the enormous void left by Dr. Myrick at his sudden death.

And they are correct. Of necessity we will make adjustments. We will have to see others about our physical ailments. We will have to look to others for his guidance and leadership and enthusiasm in civic affairs. But all who knew him are aware that the others will not quite take his place, that an intimate and vital force is missing in our community life.

The fact that we feel this way amounts to a beautiful tribute to our beloved friend. And it is a tribute he richly deserves. He came to us as a stranger over a quarter of a century ago and promptly began dedicating himself to the health and progress of our community. In his professional career he served with skill and devotion, placing special emphasis on a preventive program of eliminating communicable disease. He took pride in keeping us well rather than waiting to treat us after an epidemic came. In his personal contacts he was the friend of hundreds. In his civic contacts he was an ardent Muenster booster. He did many things for Muenster and did them well. As we mourn his passing we can be grateful that he chose to spend these years with us.

Along with the local sadness, we must admit, there is a great deal of selfish concern. Many of us, realizing the medical profession's trend away from the general practice of a small town, are wondering whether another doctor will be interested in locating here. Does this mean that the good fortune we enjoyed for so many years, when thousands of other towns our size were losing their resident doctors, is coming to an end?

We think, of course, that Muenster is not an average small town, that it offers opportunities of service and remuneration which will appeal to some young doctor. At the same time we're hoping that there are still some who prefer our way of living to the complexities of big cities. Time will tell whether those opinions and hopes are well founded.

To us simple people certain interpretations of the law are completely baffling. The past week brought a report that a Court of Criminal Appeals has reversed three burglary convictions because property owners did not testify that they did not give consent for defendants to take property from the sites. In one case the defendant confessed that he cut a hole in the ceiling of an office and stole a safe. But the lower court's record failed to mention that this action was contrary to the owner's wish. How's that for absurdity? Can't anyone seriously doubt that any property owner would disapprove?

All of which goes to show that the courts sometimes go to ridiculous extremes to protect the rights of criminals. They must be presumed innocent until the case against them is proved in every detail. If the smallest loophole remains they must be permitted to slip through even though their guilt is known. Such fastidious standards of justice obviously favor the criminal more than society. Whether the law says so or not, most of us are convinced that in such cases the owner's disapproval can be taken for granted. And if it must be an issue, why can't the correct answer be secured rather than acquit a guilty man?

Anyway, that seems to be the law, so here's a word of advice if burglars happen to break into your place. Don't forget to mention that they did not have your permission.

The antics of that Cuban fanatic, Fidel Castro, are becoming exasperating, and we Americans have cause to wonder how long our government will permit them to go on without lowering the boom.

Since the Moscow stooge and his fellow criminals are so determined in their hate America campaign, and to confiscate American property, wouldn't it be a good idea to start applying economic pressure? As dependent as his country is on ours, it seems Castro could be convinced that continued injustice will do him more harm than good. If that doesn't straighten him out why not give help to the unfortunate people cringing under his tyranny?

True, it isn't our policy to meddle in other nations' affairs. (Continued on Page 10)

Effective January 1, 1960, the Muenster Fire Department will answer no more rural calls . . . unless arrangements are made in the meantime to provide compensation as well as immunity from liability in case of accident.

That was the decision of the City Council at its meeting Monday night. Faced with the problem of repairing the small pumper truck, members approved minimum repairs to keep the truck in operation but specified they did not want it torn up on rough rural runs.

The council agreed that it would be willing to make additional repairs or provide a better truck for answering rural calls if it can get help from the commissioners court. Improvements of one kind or another are needed, they said, because the truck, with its tank of water, is heavily loaded and travels at a high speed, sometimes over rough roads.

Another complaint of the council is that firemen outside the city limits are not immune from liability in case of accident. Either the individual fireman is on his own or the city has to assume responsibility for him. City and firemen have much to lose but nothing to gain when going out to help others.

To correct this situation the city asks the commissioners court to officially assign the firemen to the rural area. An accident answering a fire call then would be in line of duty and the firemen as well as the city would be free of liability.

Rain Measures .38

After record rains adding to 7.57 inches in the first five days, October weather simmered down for the rest of the month and brought exactly one more inch of moisture. That made a total of 8.57 inches for the month and 29.03 for the year through October.

November to date has brought .38 inch, recorded on Steve Moser's rain gauge Wednesday morning. As of now the year's total is 29.41 inches.

Lindsay Hi Enters 8-Man Grid Loop

It's going to be 8-man football at Lindsay as the Knights get into Interscholastic League competition next year.

Because of its limited enrollment Lindsay applied for membership in a league of 8 man teams and was assigned to a district in the Wichita Falls-Vernon area.

Windthorst, which had to cancel its schedule this year because of a shortage of players, has also been assigned to the league. In all the loop has six or seven teams, including Harrold and Oklaunion.

In basketball and baseball Lindsay will compete with the Cooke County group of Class B schools.

Spending Sunday afternoon here with their cousins, the Joe Lukes, were Mr. and Mrs. Herman Jungman of Munday and Mr. and Mrs. Bill Hertel of Seymour.

Mr. and Mrs. Nick Mayer and children of Fort Worth drove over Monday for a visit with her family, the Frank Yostens. Mr. Mayer has been transferred to Texas now from Chicago and the family is together again.

Tigers Entertain Greenhill Gridders At SH Homecoming

George Petrus and his Sacred Heart Tigers have no idea what they will bump into Friday night, but they have winning notions just the same. Copping their last three the fellows have acquired a confident attitude, especially in the absence of gloomy reports.

In that respect the parochial boys have nothing whatever to worry about. Greenhill this year is practically unknown here. There have been few reports on its record, and even in those the other team was also unknown here so the report had little real meaning.

If last year's game is any indication the Tigers have a clear advantage. Sacred Heart won it 38-0. However Greenhill was weak last year and can be depended on for considerable improvement since then.

Eunice Knauf Will Reign as Queen at SHH Homecoming

Eunice Knauf has won the coveted crown in the race for this year's homecoming queen at Sacred Heart High. She is a senior student and the daughter of Mr. and Mrs. Joe Knauf.

Queen Eunice will be crowned in colorful ceremonies this Friday night before the Tiger's game with Greenhill. After that she will reign over homecoming festivities. Three other class favorites who were in the contest will be princesses in the queen's court.

Runner-up is Betty Landsfeld freshman, daughter of Mr. and Mrs. Wesley Landsfeld; Lucille Dankesreiter, sophomore, daughter of L. F. Dankesreiter; and Jane Endres, junior, daughter of Mr. and Mrs. Arthur Endres.

The four solicited votes at a penny each and raised funds through various benefit events. Together they brought in a grand total of 141,962 votes. The winner accounted for 60,928 votes and the runner-up tallied 40,625. The contest ended Wednesday at noon.

Hornets Outlast Final Eagle Rally For 8-0 Decision

Muenster's Hornets were lucky not to be included in District 12-B upsets last weekend. By the tight score of 8-0, and an even tighter game, they nudged Valley View's Eagles while Saint Jo was being dumped 6-0 by Sanger and Callisburg was losing 14-13 to Alvord.

After dominating the first half and taking the 8-0 lead the Hornets were outplayed and out-gained in the last half and came very close to being scored upon. The game got tense in the final 7 minutes as the Eagles ground out a relentless drive of 68 yards that fell short on the 4 as time ran out.

Starting the game Muenster advanced for a first down and Wimmer broke away for 47 yards before being bumped out on the 14. The next series fell short, however and Valley View took possession on the 6.

A quick kick by Valley View on its third play put the Hornets back to their 39, where they started another drive that reached the 27 before being fouled up by penalties, and a kick gave the ball to the visitors on their 13.

Three plays later another attempt to kick out of trouble was blocked and the Hornets had a set up on the 13. But a stubborn Eagle defense deprived them of their score as the ball went over on the 4.

On the very next play Valley View made its only fumble of the game giving the Hornets another chance at the 5.

That time Muenster made good. On the first play Harris scooted over for the TD, then Doug Hellman followed for two bonus points.

For the rest of the half and through the third quarter neither team was able to crack the other's defense, but the Eagles caught fire as the fourth quarter opened.

Muenster's fourth down gamble in midfield failed and Valley View took over on the Hornet 46. Two first downs advanced to the 24 and two more plays produced the first penetration of Muenster's 20 yard zone, but the next two plays lost ground and Muenster claimed possession on the 23.

Three plays later the Hornets (Continued on Page 10)

Parish Gives \$375 To Cemetery Fund

Last Sunday's collection for the Sacred Heart Cemetery fund amounted to \$375.09, which is about \$25 short of the average All Saints Day collections in recent years. That was the amount given to Garden Club members who accepted donations at the doors of Sacred Heart Church following the four Sunday masses.

The Garden Club conducts two cemetery maintenance collections a year, on Memorial Day and All Saints Day. Funds received, usually about \$800 a year, are used for watering, mowing and trimming and also for replacing shrubbery.

NEWS OF SICK AND INJURED

Henry Luke expects an early dismissal from the VA Hospital in McKinney, possibly this weekend. In a phone visit with his wife he said he is doing okay but is to have another check one day this week when a specialist comes to the hospital for his periodic rounds and examination of patients.

Mrs. Eddie Krahl was back in Wilson-Jones Hospital in Sherman for several days of medical care.

An asthmatic heart attack suffered early Sunday morning sent Mrs. Walter Pulte of Gainesville to a Sherman hospital for several days of medical care and observation. Her daughter lives in Sherman.

Jimmy Harris came home from Haskell to be with his parents, Mr. and Mrs. Lester Harris, while burns on his hands heal. Jimmy works on an oil rig and that's where the accident happened.

Mrs. John Knabe, a patient at Gainesville Sanitarium since Sunday for medical care and observation, expects to be dismissed this weekend.

Mrs. Johnny Stremg returned to work at the Sacred Heart School lunch room Thursday this week after an almost three-week absence on account of rheumatic fever which was termed as a mild case.

Gerry Ann Trubenbach returned to classes at Muenster High Wednesday on crutches. She was in Gainesville Sanitarium during the weekend for treatment of an injury to her right knee.

Mrs. Ben Haverkamp is regaining her strength satisfactorily after a major operation and this week is up and around her home.

Alvin Walterscheid, teenage son of Mr. and Mrs. Frank Walterscheid of Hereford, has recovered from what was at first believed to be sleeping sickness. Doctors have not definitely said what caused him to be in a coma for several days. They are still making tests.

Windthorst Blasts Cubs' Title Hopes

By their 8-0 loss at Windthorst Sunday the Sacred Heart Cubs dropped out of the running for this year's parochial league title and left the Trojans with a near cinch. As of now Windthorst has a perfect record whereas the Cubs' season has been marred by two losses to Windthorst. Had they won Sunday the Cubs would have been in a tie for the league lead.

Failure to keep going in their only good drive was costly to the Sacred Heart lads Sunday. Early in the game they got as far as the 11 before their attack fizzled out. For the rest of the time they were not able to make a good start.

Meanwhile they did a good defensive job, holding their hosts scoreless until the final three minutes.

The Cubs will have their next game at Lindsay Sunday afternoon.

County 4-H Winners Get Awards Monday

Winners of 4-H Awards in Cooke County during the past year will have their big day next Monday, November 9. At the Achievement Event dated for 7:30 in the Community Center Building, they will receive their county, district and state awards.

The evening's program, under direction of County Agent Neil Tibbets and Home Demonstration Agent Bernice Thurman, will also include entertainment from Texas Woman's University and refreshments.

Hornets, Wildcats Fight out Tie in 12-B Loop Standing

This is the week of decision for the Muenster High Hornets. Playing Callisburg's Wildcats they will be scrapping for a spot near the top in District 12-B standing. There is even a remote chance that they could eventually come out in a four way tie for first place.

As of now Muenster, Callisburg and Alvord have records of 3-2. Saint Jo has a 4-1 record and Era leads the loop with 5-0. Odds are that Era will continue its perfect record and cinch the title this week. However Saint Jo can tie for first place by winning. Meanwhile two of the other three teams can hold their losses to two, through this week and also through next week. And it is just possible that Era and Saint Jo can drop into the 2-losses group making a four way snarl for the district trophy.

As regards the Hornet-Wildcat tussle at Callisburg Friday night, it's rated as a toss up and should be a thriller. Records so far show that Muenster looked better against Sanger and Alvord but Callisburg looked better against Saint Jo and Valley View. So the teams seem to be closely matched.

Another factor that should add zest to the contest is the special desire of the Hornets to beat their old coach, and of Boze Ansley to beat his former team. Both teams will be putting lots of extra effort into this one. Fans can be confident of getting their money's worth.

Physically Muenster is ready. Coach Smith said Wednesday that all boys are in good condition and determined to trip up their former coach.

City Rebuilds Jail Adjoining City Hall

A city jail for Muenster adjoining the city hall and fire station is under construction now. It will consist of a 12 x 12 building of tile and concrete with three small cells plus space for a desk and record cabinet.

Plumbing was being installed Wednesday and next on schedule is a concrete floor. At the same time a flat slab of concrete will be poured for the roof and will be hoisted into position after walls are finished.

To be installed before outside walls are built is the 5 x 6 iron cell formerly used in the old local jail. It will be placed in the center of the room flush with the back wall. This will leave a 30 inch space between wall and cell at each side and will require only two doors to provide two more cells.

The local jail, out of use for many years, is being rebuilt by recommendation of the county sheriff's department.

\$1472 Collected in United Fund Drive

The United Fund campaign at Muenster reached \$1472.50 Wednesday afternoon and is expected to go past \$1500.

Henry Weinzapfel, who is keeping the records in this drive, said that the area response this year will probably be 25 per cent or more above last year's when the final contributions are in. The community total in 1958 was \$1208.

At the start of this drive J. M. Weinzapfel and Arthur Endres, co-chairmen, pointed out that no quota had been assigned the community but set \$1500 as the local goal.

The county also seems to have reached its goal. A report on Oct. 29 showed a total of \$39,388, 98 per cent of the quota.

Juniors Win on Callisburg Forfeit; Tackle Chico Next

Muenster's Juniors won one the easy way Tuesday night as Callisburg's kids failed to show up for their scheduled game. The forfeit gives a present season record of 5-1 and a tie with Chico for second spot in district standing. Sanger is at the top with a perfect record.

Breaking the tie at Chico next Tuesday night will be the big event on the Junior 12-B calendar for the coming week. The Chico kids have a well balanced team and have been playing a smart and alert brand of football. Coach Holland is expecting the strongest competition his kids have faced so far and is anxiously hoping that his speed will offset the Chico power.

Free Chest X-Rays Available to Group 50 Years and Older

Free chest X-rays conducted by the State Health Department are available in Muenster Thursday afternoon and Friday morning for persons 50 years of age or over. The X-ray unit is set up at Endres Motor Co.

The annual service, intended to help discover persons afflicted with tuberculosis, is sponsored by the Cooke County Tuberculosis Association and the Cooke County Medical Advisory Committee of the TB Board. It has just been conducted for two days in Gainesville and is now completing its 3 day schedule in Cooke County.

The free X-ray program is different this year in that it is limited to persons of 50 years and over, principally because the disease is found mostly in that age group.

Members of the local VFW Auxiliary are serving as hostesses and clerks for the X-ray program. They are also providing transportation for any who need rides to the X-ray center. Persons who want a ride are asked to call the Auxiliary president, Mrs. Richard Swirczynski, Phone 186-R-2, between 9 and 10 Friday morning. They will be picked up shortly thereafter.

Tigers Scamper to 26-0 Victory Over Cowtown's Ravens

The Sacred Heart Tigers had a real picnic Saturday night hand-back to Laneri's Ravens . . . formerly the Micks . . . the kind of treatment they had been receiving in the past several years. Final count favored Sacred Heart 26-0 and it could have been more if the Tigers had been more careful on two of their scoring plays.

It was an especially big night for Tim Wimmer. He turned in three sensational scoring runs that counted and another just for practice.

The first score came in a hurry. On the third play after kickoff Cunningham dashed 19 yards to the Tiger 48 and Wimmer got loose two plays later for the remaining 52 yards.

After the next kickoff the Tigers forced Laneri to kick on the first series and started again from their 20. Seven plays gave four first downs and 62 yards to the Raven 18 where Wimmer got off on another scoring sprint. But the play was nullified and penalized 15 yards. Next an interception stopped the scoring threat.

After making a first down Laneri kicked to end the next series and set Sacred Heart back to the 6. A first down promptly reached the 17 where Walterscheid broke away for the second practice TD. An offside penalty put the ball back on the 12 and on the next play Bayer heaved a long pass to Wimmer who took it in midfield and dashed the rest of the way to pay dirt. Another pass to Stremg made the count 14-0.

For the rest of the half neither team could get going. Possession changed four times, once on a fumble and three times on interceptions.

Laneri's fumble opening the second half gave the Tigers their next opportunity. From the 29 they scored in five tries, Bayer making the last 5.

Next the Ravens made their (Continued on Page 10)

HOW MUCH IS A BILLION?

"The Mangled Math Department is back on duty with 'how big our national budget is,'" reports Editor W. M. Courtney of THE WYNNE (Ark.) PROGRESS in his (not so) CASUAL CHAT column.

"Load each of 212 big trucks with five tons of dollarbills," he continues "and you've got a billion bucks. Lay those bills end-to-end and they'd circle the earth four times, but we're sending it overseas faster than that."

"The truck caravan is hauling only ONE billion dollars. We are spending ten times that much every year ABOVE what we take in."

"To haul the entire Federal budget for one year in dollar bills would take 16,536 five-ton trucks loaded to capacity."

"On a ton-mile basis, it would

take around 1,654 gallons of gasoline to move this load one mile. "A dollar bill doesn't weigh much, but the Federal budget in dollars would weigh 82,680 tons, or 165,360,000 pounds."

And as long as we are on the subject, we might also quote from an article by Frank L. Remington in a recent issue of ETHYL NEWS, published by Ethyl Corporation and edited by Richard F. Cook:

"Just how much is a million? "Since it takes 1,000 millions to make a billion, don't get the idea that one million must be a measly amount: only three quarters of a million DAYS have passed since Julius Caesar ruled the Roman Empire."

"... Try counting a million one-dollar bills and you'll really appreciate what a huge chunk of cash it is. Tallying at the rate of 80 bills a minute for eight-hour day, five days a week, would take almost seven weeks to do the job."

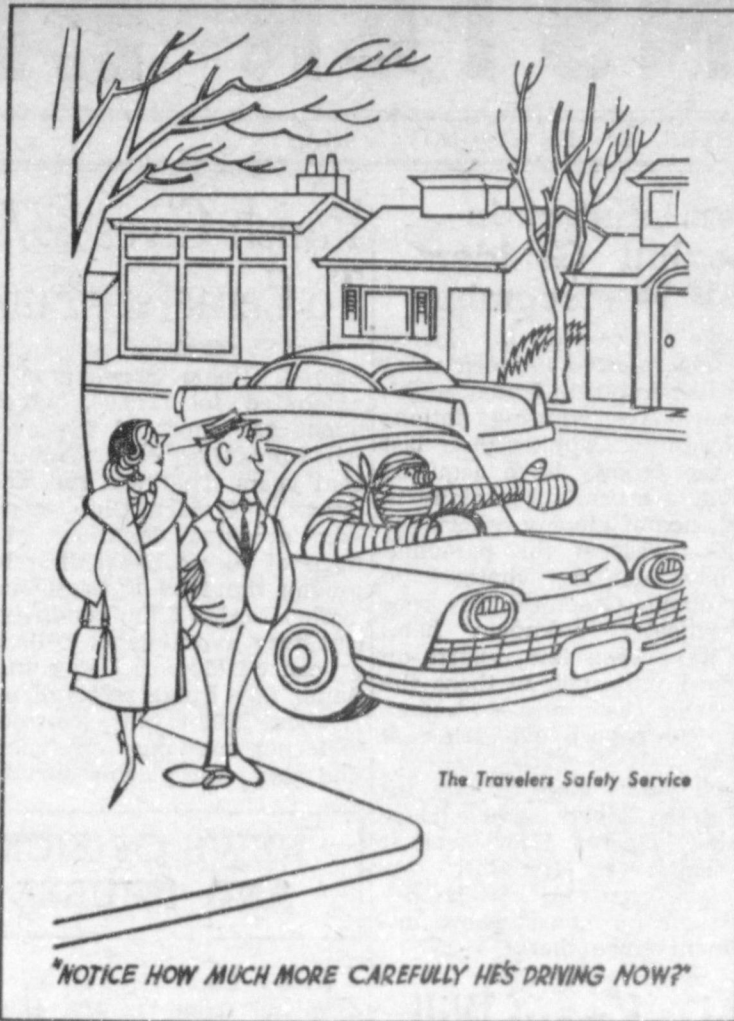

Dr. Remington asks us to bear in mind that a BILLION dollars which comes next on "the astronomical figures tour" is only one-seventieth of the present annual budget and one two-hundred-and-eightieth-part of the national debt.

"How do you reach a billion?" he asks. "Here's one way: Ride on the propeller of an airplane travelling at a speed of 300 mph and you'll go around a billion times — if the propeller spins constantly 24 hours a day, seven day a week, for two whole years." And if you are not yet dizzy — and a little scared — we might as well give up at this point.

YOUR CHECKBOOK

It was said by Oliver Wendell Holmes that the human mind is like a checking account. So long as you keep putting enough money into the bank, your checkbook is the most magic book in the world. All you have to do is dip your pen in the ink, make a few flourishes, and your check becomes the open sesame to your heart's desires. But just stop making ample deposits, and the magic evaporates with a curt and imperious message from the bank, "No funds."

Many persons have a corresponding mental experience. They keep drawing on their intellectual reserves, long past the time they

Motor vehicle accidents injured 2,825,000 persons in 1958.

have put anything in to draw against. Unfortunately, however, there is no bank to serve notice that they are out of mental funds. So they continue, in their conversation, in their letters, in their every day activities, to do their mental business even though they are intellectually bankrupt. — P. E. O. Record.

One evening next week members will get together to wrap Christmas gift packages for Münster men and women in the service overseas. The list consists of 18.

Remember When . . .

Air conditioning in the bathroom was too small half moons in the little house at the end of the path. It took six flatirons to do the family laundry. Dad brought milk home from the neighbors' in an open bucket. When "shorts" was something you fed a hog and not a covering for your posterior. When you had to wind the Victrola after each record was played. The name of the piano player that used to beat the "ivories" at the Hoot Gibson shows. When Mamma stood bent over the washing board from 6 a.m. 'til noon each Monday. When you were given a half-tea-spoon of kerosene with sugar to knock a cold. When you ran two miles to watch an airplane make a landing in a farmer's cotton patch. When President Hoover started the first government giveaway by giving flour and commodities to the needy. When the gals wore spit curls and black bloomers. When the Sears Roebuck catalog served a dual purpose. When the grocer gave you kids a big sack of candy every time dad paid the bill. When the baby diaper was always a three-cornered affair. When Happy Hooligan was your favorite comic strip. When an old nag meant the farm plough horse. When you had to crank the Model T and hold the choke at the same time — and when changing tires meant that — not just changing wheels. When the school principal could and did "whop" the behinds on misbehaved kids — and still keep his job. When a farmer could grow any crop of his choosing (and got whatever he could for it). Remember? Those were the good ol' days! Reckon meteorologists give feminine names to hurricanes be- they're spinsters?

Thanksgiving Drive For Clothing Set By St. Anne Society

St. Anne's Society made plans for conducting the annual Thanksgiving clothing drive and scheduled other coming activity when members had their November meeting Sunday night. Mrs. Victor Hartman presided.

The yearly clothing drive for the Holy Father's storeroom will be conducted here on November 17, 18 and 19. The chairman and committee ask that all items to be included are brought in on the first two days so that sorting and packing can be finished on the final day. City Hall will again be the collection depot.

Preparing for the election of officers at the December meeting, members elected a nominating committee consisting of Mrs. Clarence Hellman, Mrs. Andy Schoech, Mrs. Hank Walterscheid and Mrs. Edd McGannon. Offices to be filled are those of president, vice president, secretary, treasurer and sick committee chairman.

In the monthly mission report, Mrs. Joe Swirczynski, chairman, told that a group of women have finished 20 quilts to go into the Thanksgiving clothing drive and that they have several more to work on. They need materials for covering and lining quilts and comforts. She also asked for worn sheets and other linen to include in the shipment. These linens are used for hospital bandages in needy mission hospitals. The society voted to give 15 dollars from the treasury to defray expenses in mission work.

Another vote contributed five dollars for a book to go to Dallas University as a gift from the society.

Mrs. Albert Schilling who is in charge of the homemade candy sale at the parish picnic on Thanksgiving reminded members to contribute to the project either by making candy or by giving the makings for it. A group of four, Mmes. Gene Schmitz, Fred Knabe, George Bayer and Bill Haverkamp, have volunteered to make candy for those who haven't the time but will provide the ingredients.

Father Martin showed members two of the five chasubles the society is presenting to the church. These are in green and purple. The other three vestments are on back order and are to be shipped from Italy. Father Martin continued his series of talks on indulgences and afterwards answered questions from the question box.

About 45 members were present and attendance prizes went to Mrs. Frank Trubenbach who received a potted ivy and to Mrs. Ed Pels who received a handmade pin cushion.

After adjournment the ladies joined members of St. Joseph's Society for a social and refreshments.

Mr. and Mrs. Gerald Hess and son are back in Muenster after living in Knox City several weeks while he was employed there.

Home-School Group Hears Safety Talk

Regular meeting of the Sacred Heart Home-School Society featured a talk on safety by Highway Patrolman Bill Gardner of Gainesville. Highway safety, safe driving, and safety in general were discussed by the speaker who also conducted a question and answer series after his address. He was introduced to the assemblage by Muenster's deputy, Bill Pratt.

During the business session, committee chairmen gave reports and Father Christopher, Father Bruno and Sister Celine presented short talks. Father Bruno announced that students' good grades will hereafter be recognized in a scholastic honor roll to be posted every six weeks beginning with the next six-week period. Sister Celine reported on the success of the parent-teacher conferences, and Father Christopher thanked everyone who took part in the benefit Halloween carnival.

Mr. and Mrs. Melton Vrla and daughter came over from Mesquite Sunday to spend the day with her mother, Mrs. Hilda Reiter and family.

Jeff Dieter Feted At Birthday Party

Gifts, games and picture taking, balloons and whistles, and birthday cake, ice cream and soda pop were all a part of Jeff's third birthday.

Among guests were his grandparents, Joe Mages, and Mr. and Mrs. Mike Dieter of Tahoka who were in Lindsay for a weekend visit, also Harold Dieter and son Louis of Tahoka, Mrs. George Schmidkofer and five children and Mrs. Johnny Schmitz and three children of Gainesville, Mrs. Harold Schmitz and two children of Lindsay, Mr. and Mrs. Gene Pelzel of Lindsay and Bobby and Chris Reiter.

For Frankie it was a birthday observance. He was two years old that day.

In St. Cecilia's Church the afternoon started with benediction and the blessing of each family by Bishop Gorman. Afterwards at the school gym there were refreshments and entertainment including rides on the playground for the youngsters.

Halloween Fun for Parish Altar Boys

Sacred Heart grade school auditorium was the scene of a jolly Halloween party for acolytes of the parish Saturday evening. Fifty-three young boys attended in unique and picturesque costumes

Earl Cunningham won first place for the best costume and Robert Walterscheid took first place for the tackiest masquerade. Each boy paraded across the stage while judges made their decision. Three of the boys' teachers served as judges: Sisters Carmelita, Canisia and Theophane.

David Bayer and Larry Hess were winners in a treasure hunt that included such Halloween items as fur from a black cat. Prizes for the hunt winners and for the costume winners were beautiful 12-inch crucifixes.

The party began at 7:15 with the hunt, followed by judging of the costumes. Then the group enjoyed Halloween refreshments and bobbed for apples and played various games. Winners in the games drew their prizes from a large cat's mouth. As the party ended each boy received a sack of Halloween goodies. Brother Thomas Moster, altar boy director, was host for the affair.

SOIL CONSERVATION DISTRICT NEWS

Plant winter cover crops now is the word from the Soil Conservation Service this week and here's why:

A growing cover on the ground is the best insurance against erosion from the forces of nature. Strip a piece of land bare and nature will put a cover of some sort of plants back. But continue to keep the soil bare and exposed to wind and rain as is the case with cultivated fields, and it will be destroyed.

Cover over the earth is the only sure defense against the forces of destruction.

First there is the rain drop. Small as it is, it packs a terrific wallop. Millions of tons of topsoil drops can splash tons of topsoil loose and wash it from the field silting up lakes and reservoirs in the process. Cover is the cushion that takes the punch out of the falling rain.

Cover may be living plants or dried plant residues but it still serves to protect the soil from splash erosion and to slow down run-off so that more water goes into the ground.

Cold is also an enemy of the soil and to plant production. The organisms that break down plant residues and make plant food available stop work when their home gets too cold. Cover insulates against chill.

This growing cover to protect against nature's forces through the winter and spring months can be one of several plants.

There is the old reliable hairy vetch that has been the salvation

of many mixed-land farms. Different varieties of winter peas with the Austrian variety most prominent have been grown with good success in the past. Button clover is rapidly gaining prominence for winter cover on cropland as well as being used to overseed pastures.

There is an annual need of around 15,000 acres of legume cover crops in the Muenster-Saint Jo area of the Upper Elm-Red Soil Conservation District. That means an average of 20 acres per farm on the estimated 750 farms in the sector.

There is still time to plant cover crops this fall to maintain and improve the soil for use now and for use by future generations.

Family Gathering Honors Visitors

Sunday at noon, Mr. and Mrs. Cooper, her parents, and her brother Ferd, were dinner guests in the home of Mr. and Mrs. Anthony Luke and later in the afternoon the Coopers returned to their home.

There sure are a lot of fellows who can't play the guitar — who do.

The smallest good deed is better than the greatest intention.

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more eco-

nomical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want.

They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

Patsy Hamilton and Carl Walterscheid Say Wedding Vows

—Boyd and Breeding Photo

Back in Muenster after their honeymoon trip, Mr. and Mrs. Carl Walterscheid are getting settled in their home on North Main Street. She was Miss Patsy Hamilton before her marriage Saturday, Oct. 31. Parents of the couple are Mr. and Mrs. J. T. Hamilton and Mr. and Mrs. Al Walterscheid.

Wedding vows were exchanged in a double ring ceremony at

nuptial high mass in Sacred Heart Church at 10:30 a.m. with the Rev. Martin Fischer officiating.

Mr. Hamilton gave his daughter in marriage. For her wedding Patsy wore a floor length gown of white Chantilly lace and nylon tulle over taffeta. The lace, hand clipped and in rose point pattern, fashioned the fitted bodice with Sabrina neckline and petal point sleeves and was used for the wide skirt which was caught in scallops revealing the bouffant pleated nylon skirt. Her veil was waist length cascading in tiers from a crown of lace and seed pearls and she carried a white orchid atop a white prayer book, a gift from the groom.

Carrying out bridal tradition she borrowed a gold cross and chain from Mrs. Ed Schneider, had an heirloom lace kerchief from her grandmother, and a new penny in her shoe.

Tommie Sue Hamilton was her sister's maid of honor and Mrs. Allen Dale Eberhart of Gainesville was bride's matron. Their dresses of emerald green moire taffeta were identically designed, their accessories were in white and their flowers were colonial bouquets of white carnations.

Larry Walterscheid of Hereford was best man for his cousin, David Endres was groomsmen, and Tommy Walterscheid and Lloyd Klement were ushers.

After mass the couple went to the Blessed Virgin's shrine where the bride placed a bouquet of white carnations on the altar. Sacred Heart choir and Anthony Luke, organist, provided the music.

The parish hall was the scene of brunch for the bridal party, parents of the couple, and the three pastors and at 5 o'clock the wedding reception was held there. Mrs. Joe Lehnertz was in charge of catering the buffet dinner.

About 125 relatives and friends were guests. They were registered by Frances Loerwald of Gainesville and Eileen Fuhrmann, cousins of the groom. Mrs. Donald Endres and Mrs. Willie Walterscheid served the three-tier cake. A dance in the VFW Hall concluded festivities.

Mrs. Hamilton attended her daughter's wedding in a brown tweed two-piece suit with white accessories, and Mrs. Walterscheid, mother of the groom, wore a light blue two-piece outfit with white accessories. Both had white carnation corsages.

When the newlyweds left on their trip she was wearing a black and white tweed suit with black accessories.

Carl is a graduate of Sacred Heart High School and is in the service station business here. His bride attended school in Davenport, Okla. The Hamilton family moved to Muenster two years ago.

Among wedding guests were Mr. and Mrs. Frank Walterscheid of Hereford.

In the afternoon 12 of Mrs. Spaeth's friends joined them for an afternoon party of visiting and refreshments of birthday cake, ice cream and coffee. Lindsay's fighting Pee Wees dropped Saturday's football game to AMI of Wichita Falls by a score of 22-0. Fans saw a good game in spite of the score. The hosts scored once in the first quarter but failed to make the

extra points. After that there was no scoring until the final quarter. Lindsay's next game will be with Sacred Heart's Cubs here Nov. 15. Going to Wichita Falls with the squad were Mrs. Bill Eberhart, Mrs. Andy Arendt, Albert Hoelker, Buster Kubis and Norbert Zimmerer.

Hornets Win - - -

kicked setting the Eagles back to their 28.

Then came the final drive in which Valley View advanced 61 yards on five downs to the Hornet 11. It was a bitterly contested push with three of the five series requiring the fourth down.

From that point Sparkman crashed 7 yards to the 4. With only 6 seconds to go, officials called time out to provide a dry ball for the final play, and the Eagles failed to use the free time to advantage. Suddenly realizing that the clock had been started they hurried into formation but failed to start their play before time ran out.

Had they succeeded in scoring the TD and the extra points, however, the Eagles still would have lost on penetrations. They got within the 20 twice whereas the Hornets made it three times.

Couldn't Answer

I was reminded of all this when a man said to me: "I wish you hadn't printed that picture of my daughter, it was a poor one and didn't look like her at all." I said: "I'm sorry."

It wasn't long after that a man complained to me that I was showing favoritism when I failed to print a picture that he was interested in, yet had printed a similar one of a different group. I said: "I'm sorry."

Another fellow sometime later asked, "How come you passed up the story on the particular farming activity?" I said, "I'm sorry."

And then there's the time the irate young matron called on the phone and in no uncertain tones said that we had misspelled the name of her new baby. I said: "I'm sorry."

Another member of the gentler sex called one time and informed me that we had omitted a name

CHARLES VAN DOREN, above, demonstrates the reach of man's memory during a 1957 quiz session. This week he admitted to congressional investigators that he, like others, was supplied in advance with the answers.

from her party guest list and that she wanted to cancel her subscription. I said: "I'm sorry." Then I checked the list and found she was a long time in arrears.

Still another called one day last winter and indicated that we had intentionally failed to print the story of his vacation trip. I said: "I didn't know about it. I'm sorry."

Then there is the fellow who informed me that they didn't want the story of their vacation trip printed in the paper "because somebody might steal our chickens while we're gone and besides it's nobody's business." I said: "I'm sorry."

And still another told me once that he thought we used "too much of those little social items. They don't amount to anything and nobody reads them." I said: "I'm sorry."

Then one day, while in our shop to renew his subscription a man said to me: We sure like your newspaper. It's so full of news and good pictures, has so many fine departments, so clean and so well printed. No wonder you have such a large circulation."

By golly, I couldn't think of a thing to say.

Confetti - - -

But the reds are doing it every day. Isn't it about time to start fighting fire with fire? For that matter why don't we take a stand against communist aggression everywhere? Tibetans still need help and it appears now that India is an intended victim of red expansion. Isn't it high time to form of solid front with the remnants of freedom everywhere and call a halt to communism's global conquest?

Incidentally, as David Lawrence says in US News and World Report, we may be coming to the end of neutralism. Nations are discovering, from India's experience, that the policy isn't an assurance of keeping out of trouble with the reds, but rather an opportunity for the reds to choose their time of conquest. At long last the remaining independent nations should be learning that their only hope of survival is to unite against the common enemy.

Tigers Win - - -

first good drive of the game advancing 44 yards to the Tiger 19 before the effort fizzled out. Two plays later Wimmer got away on another scoring sprint, this one for 74 yards.

The rest of the game was Laneri's. While denying the Tigers another first down they made seven first downs of their own for substantial yardage. Their best effort gained 43 yards to the Sacred Heart 14 before it played out. And most of that drive can be credited to Lyons whose pass catching was the sensation of the game. Besides taking all three of Laneri's completions he snared four of the five interceptions that were stolen from the Tigers.
