Clothing Drive in Parish Dated for 3 Days Next Week

For the sake of rural people hereabouts we sincerely hope that the commissioners court will find a way to help toward the maintenance of city fire fighting equipment in Muenster and Gainesville. Unless it does the service which has been taken so much for granted in recent years will not be able to respond in future emergencies.

Muenster's city council at its last meeting put its cards on the table plain for all to see. Its stand-by pumper is in sad condition, certainly not equal to the job of racing over country roads or pastures with a tank full of water. Under that kind of strain it's due for an early breakdown, after which its use will be lost to both the city and the rural area. Prudence demands that something be done about it soon, and fairness demands that the something be done by those who make the greatest demands on the equipment.

A few words of explanation are in order here. When the truck answers a call in town it does not have to go far, so it can be driven at a speed in keeping with its condition with very little loss of time. Furthermore there's a big difference between city streets and pasture terrain. While the truck is still adequate for one job it isn't for the other.

So the city, with limited repairs, can keep the truck in shape for its limited local service but it would need major repairs or a replacement to continue answering rural calls. Well, since the greater financial outlay is required only for rural protection, isn't it reasonable that rural interests help provide it? And since the county government is the only official source for such help, isn't it reasonable that the commissioners do something?

There is also another consideration. If the truck should break down and the city should lose its stand-by unit, property owners of Muenster would be the losers. They'd lose not only the protection but also the credit which its availability makes possible on local insurance rates. Council members, in keeping with their official responsibility, have taken that factor into consideration. They weren't arbitrary in making their decision but only reasonable and fair to their constituents.

Still another matter is that of liability in case of accident. In town a fireman on duty is not personally liable. But his immunity does not extend beyond the area to which he is officially assigned. In the country he's on his own. He's subject to suit for any damage he might cause.

Really, now, doesn't that constitute a ridiculous situation? Muenster firemen are expected to speed in defective equipment, frequently over rough terrain, at their own physical and financial risk, to help people who are not even willing to help improve the equipment. Can anyone reasonably blame the city council for its decision?

As we think it over we have to agree that something should be done. And the simplest method, it seems, is through the commissioners court, the only official governing body qualified to solve both phases of our problem. Other counties have licked this problem. Ours can too.

The investigation into TV quiz shows seems to be inspiring a lot of questions on the subject of honesty. Soon to follow on the congressional schedule, we are told, is an inquiry into the honesty of TV advertising claims. Are products really as good as some of the over simplified demonstrations seem to show them?

Apparently anticipating one question in advance broadcasters are offering to eliminate faked applause on some programs, also to mention when their interviews are rehearsed beforehand. Next maybe they'll require wrestlers to suppress groans except when they're really hurting.

And it would be a good idea also if these new standards of honesty were carried over to our government. For instance, admitting to the public that Washington's handouts are not something for nothing but rather a fractional return on what has been extracted from taxpayers . . . or that the government's ventures in socialism serve the bureaucrats far more than the people . . . or that the invasion of states rights does more to promote the progress of centralized government than the welfare of local areas . . . that much of our civil rights and labor legislation is inspired more by

"Operation Clothes Closet," the eleventh annual Thanksgiving clothing drive for the Holy Father's storeroom will be a three-day campaign in Muenster next Tuesday, Wednesday and Thursday, Nov. 17-19.

St. Anne's Society, the sponsoring group here, asked that all items for the drive be brought to the City Hall on the first two days so that the final day can be devoted to sorting and readying the articles for shipment.

Catholic Bishops of America call for the drive at Thanksgiving time each year so that the clothing reaches its destination in time to help make Christmas for shivering multitudes across the world.

Wanted are clean wearable used clothing, blankets and bedding supplies and shoes. Through the Catholic Relief Services of the National Catholic Welfare Council the items are moved quickly for distribution to the displaced and homeless, the sick and needy, the undernourished and despairing of 51 countries.

"Operation Clothes Closet" means clearing closets of still usable old clothes, the castoffs to be shared with the least fortunate ones without regards to race, creed or color.

WITH THE MEN IN SERVICE

Advanced Training

Pvt. C. J. Hellman couldn't come home so he visited by telephone with his family, the Clarence Hellmans, to tell them that he is leaving Fort Riley, Kansas, this week for advanced training at Fort Monmouth, N. J. He'll be attending electronics school at his new station.

Assignment in Germany

Airman Pat Hess was to have reached Germany Wednesday if things worked out according to schedule. He left here Saturday, ending an overseas leave with his parents, Mr. and Mrs. Albert Hess, and was to leave Tuesday by plane for Germany. He'll be stationed at Stuttgart for advanced training. Pat took Air Force basic at Lackland AFB in San Antonio.

German Craftsmen Set up Shop Here

Gunther Goetz and Ludwig Kieninger the German woodcarving artists who came to Lindsay several months ago from South America have set up shop in Muenster. They are spending this week moving equipment into the old bank building now located in the 100 block of Walnut Street.

After a slow start during the first months the men and their work are gradually becoming known, and they are looking to the future with optimism. They have several orders ahead of them now.

As a starter they have their living quarters in the back of their shop.

Building And Improvement Notes

Two new business buildings, both on the highway, are the newest construction jobs currently under way in town. Just east of the Electric Co-op, Community Lumber Company has started on a 50 x 100 building which will be partitioned in the middle for two store locations. The front will be brick and plate glass, the sides and back heydite tile.

About a block away C. J. Kaiser and Tony Koehler are building an 18 x 34 liquor store adjoining Hunt's paint and body repair shop. It will have a glass front, heydite tile for the other sides.

Another addition to the city's business houses is Emil Rohmer's Ace Cafe, across the highway and slightly east of his former location. It's the former Al Walterscheid home extensively remodeled. Emil started moving in Wednesday.

The long, long trailer located on the Joe Lehnertz lot just north of their home is Mrs. G. H. Hellman's home on wheels. She'll be settled in it early next week after utility lines are connected. The shiny chrome and pink trailer, loaded with built-

Memorial Service For Muenster KCs Scheduled Sunday

All members of the Muenster K of C Council are urged to be present at 2:15 Sunday afternoon for the council's annual memorial service in the K of C hall.

The program for the event as outlined in the regular meeting last Wednesday night, will include the order's formal ceremonies, prayers and a sermon by the chaplain, Father Christopher Paladino.

Other business at the meeting was planning for a district initiation on December 6. District Deputy Paul Wiese and Gainesville's Grand Knight Joe Bezner were here to help with the plans. Councils participating will be Muenster, Gainesville and Denton, the three members of the recently designated District 47 of Texas. Sherman, Denison and Pilot Point, the other members of the former district, are now the only members of District 6.

153 Persons Given Free Chest X-Rays

One hundred and fifty-three persons reported for free chest X-rays here the past week when that service was available for the 50 and over age group. The mobile X-ray unit was in business Thursday afternoon and Friday morning in the show room at Endres Motor Co.

Earlier in the week the machine was in Gainesville and 631 persons had chest pictures made there for a total of 784 X-rays this year.

Members of the Cooke County Tuberculosis Association reported they are gratified over the program. With the machine and two technicians here was Mrs. Paul Harvey, executive TB secretary, who assisted members of the VFW Auxiliary with hostess and clerking duties.

Those who had their chests X-rayed were reminded that if the film is normal they will receive no report. If anything abnormal shows up on films those persons will be advised in a letter to contact the physician they selected.

Tigers Win 44-6 Over Greenhill at SH Homecoming

Though shivering in the wintry blast of a sub-freezing norther, Sacred Heart's homecoming fans had their spirits pleasantly warmed last Friday night by a rousing 44-6 win over the Greenhill Hornets of Dallas.

In their best performance of the season the parochial boys took early command of the situation and rambled on relentlessly to a 30-6 half time lead, then coasted on for two more touchdowns in the second half.

They started by dealing misery to their Big D visitors in the very first series of plays, blocking an attempted quick kick and claiming the oval on the 29. The next play Bayer tore through for 28 yards to the 1 and Wimmer hit tackle for the first TD. Cunningham followed over to make the count 8-0.

After the next kickoff the Tigers held again and forced the Hornets to kick, then got going from their 45. Bayer stepped off 30, and two short plays along with a holding penalty set the Tigers back to their 37. A pass to Streng reached the 11 and Bayer breezed around left end for the second score.

A fumble by Greenhill on the next series gave the Tigers their next opportunity. Five plays reached the 17 and a pass to Walterscheid finished the drive about a minute into the second quarter. Haverkamp ran over for bonus points making the score 22-0.

The next touchdown was more of the same. Greenhill kicked to end its first series and the Tigers were in business on the 50. The first play gained 2 then Cunningham, with the help of a few nice blocks weaved to the 1 before being stopped. On the next attempt he went over. Bayer's pass to Streng made it 30-0.

At that point Coach Petrus turned the job over to his reserves, and the visitors did better. Returning the kick to their 48 they made two first downs to the 22 and passed for their only score.

Opening the second half the Tigers received the kickoff and promptly moved 73 yards on five plays for their next TD. The pay-

Part Time Medical Service Arranged

Until better arrangements can be made Muenster will have at least the part time service of a doctor. On Thursdays, beginning at 10 o'clock and as long as needed, Dr. Stanley Saikin of Gainesville will be at the local clinic for consultations and also for filling his own prescriptions in the adjoining drug store.

Efforts to get a resident doctor located here have been under way for several days. A few have shown interest but up to late Wednesday nothing definite has developed.

NEWS OF SICK AND INJURED

Mrs. J. W. Morrison looks forward to the weekend when she expects to be dismissed from M&S Hospital. She's been receiving treatment for near-pneumonia since Saturday.

Mrs. Meinrad Hesse is reported "doing fine" following surgery at St. Joseph's Hospital in Fort Worth on Nov. 11. Returning from a visit with her Wednesday, Mr. Hesse said she would be dismissed Sunday, according to the doctor's report that day. Going with him were Nick Yosten and Mrs. August Walterscheid. The Hesses' daughter Suzanne is a student nurse at St. Joseph's. Mrs. Hesse is in Room 386.

Andy O'Connor's left arm, broken in three places, has been causing a lot of pain and discomfort. He has hopes that it will improve after his visit to the bone specialist who is treating him, this week Thursday, in Fort Worth.

Jim Schumacher won't be in the game Friday when the Hornets play Chico. In the game with Callisburg last Friday he pulled his left shoulder out of joint again and cracked the shoulder bone also. He returned to school Monday still hurting but improved after a weekend filled with aches and pains.

Mrs. Walter Pulte is back at her home in Gainesville, 1019 Hancock St., after being a patient in a Sherman hospital following a heart attack while she was visiting her daughter, Mrs. Laymon Gullett. Mrs. Pulte will have to spend the next six to eight weeks in bed. She will be permitted to have visitors in about two weeks.

Muenster Juniors Mauled at Chico

Muenster High's Juniors had a nice season record badly mauled for a count of 30-14 by the Chico youngsters Tuesday night.

It was their jinx game, says Coach Weldon Holland. Everything the boys did seemed to go wrong. Meanwhile the host team was getting along fine.

One thing the Muenster kids did accomplish however. Though pushed all over the rest of the field they refused three times to be pushed over the goal. In the first half Chico made four drives but only one of them ended in a score.

The third quarter was different. Two more drives boosted the score to 22-0 and another in the fourth made it 30-0.

Finally, in the last four minutes, Muenster started clicking. With nice blocking help Hammer got away for a 60 yard scoring sprint.

Promptly after that Muenster started again after recovering a Chico fumble on the 40. A few good plays advanced to the 15 where Vogel set sail for the last TD. Hammer's run was good for the extra points.

The game was a contest for second place in the 12-B junior loop, so the loss puts Muenster in third place. Champ is undefeated Sanger and runner-up is Chico.

Taylor is Political Early Bird for '60

J. E. (Earl) Taylor is the first person to get his name on the Enterprise list of candidates for the coming election. He announced Wednesday that he will seek re-election as commissioner of Precinct 3. His formal statement to voters will appear in a later issue of this paper.

All candidates are expected to make their announcements earlier this year. That's because state election laws were changed by the last legislature advancing the first primary date by two months.

4-H Clubbers Set Achievement Event For Tuesday Night

Girls of Sacred Heart 4-H Clubs have laid out their favorite recipes, boys are assembling their finest field crops, and both boys and girls are bringing record book up to date in preparation for the annual Achievement Event, slated for next Tuesday night after novena devotions.

The Parish Hall will be headquarters for the displays which, this year, will consist of baked goods, field crops and record books.

Everybody, especially 4-H clubbers and their parents, is invited to attend the program which will include folk dancing and games. Visitors will have an opportunity to buy the baked items after the displays are judged and viewed. There will be no admission charge.

Memorial Service On Veterans' Day Honors War Dead

A brief, impressive memorial service paying tribute to the memory of Muenster service men who made the supreme sacrifice was held Wednesday morning at 10 o'clock in Sacred Heart Cemetery in observance of Veterans Day.

The service was conducted by members of the local VFW Auxiliary with Father Martin Fischer leading the prayers for deceased veterans, and then for all deceased of the parish. A cold mist and chill wind cut attendance at the service to a small group.

In a message of tribute, Auxiliary President Dorothy Swirczynski told of hope that should inspire survivors of the honored dead in recalling Christ's words: He that believeth in Me, though he were dead, yet shall he live. She then placed a floral wreath on the memorial marker in the service men's section of the cemetery where the ceremony took place. Auxiliary Chaplain Rosa Driever offered a prayer and then Father Martin led the group in prayer.

Hornets Slip Past Callisburg 16-7 in Stubborn Contest

An intercepted pass and a thrilling 50 yard run by Doug Hellman was the big difference that iced away a victory for the Muenster Hornets last Friday night on the bitterly cold field at Callisburg.

The final tally was 16-7 after a stubbornly contested battle in which the statistics were about as close as they could get. Each team had a total of 9 first downs and each had a total of 151 yards in total gains. On the ground Muenster led 13-92, in yardage but in passing Callisburg took the lead 59-17.

As the game opened, however, it seemed as though the Callisburg homecoming fans would have plenty to cheer about. Stopped cold on its first series of downs Muenster kicked and got a big fat break two plays later as the Wildcats fumbled on the 15. But a line play netted only 1 yard and three passes went incomplete. Callisburg promptly advanced to the 34 then obligingly fumbled again. And again Muenster muffed its chance.

From there until late in the first quarter neither team could gain. Then the Wildcats got their break and made the most of it. Parker snared a Hornet pass on the 40 and scooted back to the 24. Then a 4 yard gainer, followed by a pass to Robinson who took it in the left flat and thundered on to the goal. A field goal added a point and Callisburg was in front 7-0.

With the next kickoff the Hornets finally got into the game. An on-side kick gave them a good start on the Wildcat 47 and six plays made two first downs to the 25. An interception brought a sudden halt to their drive but stout defense forced Callisburg to kick on its first series and the Hornets were again in possession on the Wildcat 40.

Six plays reached the 11 but again the drive was broken, this time by a fumble. However, Callisburg's fumble four plays later gave the Hornets another chance from the 17. That time they cashed in. Doug Hellman made 5 and Harris 8 for first down on the 4. Then Doug hit a solid wall and Wimmer tore around right

State Board Okays Proposed Election On County College

Creation of a county junior college district to take over the operation of Gainesville College has been approved by the State Board of Education and now awaits the decision of Cooke County voters.

Unanimous recommendation for the proposal was given by the special committee which conducted a hearing at the college on October 23, and unanimous approval was given by the State Board in a meeting at Austin Monday.

In a formal statement on its ruling the board pointed out that the proposal meets all requirements of the law and state board policies . . . that it would lend impetus to the growth and development of the present college . . . that the county-wide district would provide a broader and more substantial base . . . that it would implement the state's efforts as a whole in meeting the growing need of higher education.

The date of election is to be set by the county commissioners court.

Local Gridders to Close Season with Jesuit and Chico

The football season for both of Muenster's high school teams will come to a close here this week end as the Tigers entertain Jesuit B of Dallas and the Hornets take on Chico.

First on schedule will be the Tigers and the Big D boys Thursday night on the Sacred Heart field. Though he has hopes of ending the season on a bright note, Coach George Petrus admits that he really has no idea what to expect. His only information is that the team has clobbered Greenhill, which was also walloped by the Tigers, and that it includes a few hot shots who have the ability but not the eligibility to be on Jesuit's first team. Whichever wins, the game should be a good one.

The Tigers are ready both mentally and physically. No illness or injury, and they are determined to stretch their winning streak through this final game.

Taking on the Chico Dragons here Friday night, the Hornets supposedly have an easy one. The new member of District 12-B has been beat by every team of the loop, so the odds lean strongly in Muenster's favor. Nevertheless Coach Charles Smith is taking nothing for granted. He expects the Dragons to be spitting fire, fighting desperately to avoid a blank conference record. And, considering some of their better games, they are capable of giving the Hornets a hard time.

One absence from the lineup will handicap the Hornets. Jim-

Articles in this drive may be left with Mrs. Swirczynski or brought in next week with clothing for the clothes drive and left at the City Hall.

TO THINK IS TO SHARE
 Thanksgiving, ever since the first one in America, has been a day for giving thought as well as thanks to the blessings of freedom — spiritual freedom and economic freedom, too. And appreciation of good fortune carries with it the normal, human urge to share with the destitute.
 This, in a nutshell, is the philosophy of "Operation Clothes Closet" to be conducted among more than 16,000 Catholic churches in the US by Catholic Relief Services — NCWC, for the eleventh consecutive year. This mammoth, nation-wide activity, which produces millions of pounds of desperately needed wearable used clothing, shoes, blankets and bedding annually for the displaced and homeless, the sick and needy, the undernourished and despairing of 51 countries, is known as the "Bishops' Clothing Collection". How this may have come about is re-

lated by James C. G. Conniff writing for the NCWC News Service:
 "... The word 'chapel' means clothes closet, from the Latin capella. The first chapel in Christendom was a clothes closet. It was the place in France where they kept a certain famous military cape (cappa).
 "That cape, on a wintry road near Amien, was shared with a shivering beggar by a mounted teen-age Roman soldier. The soldier clip-clopped on into History as a Christian convert who lived for charity. He became a bishop of the Catholic Church, and, in time, St. Martin of Tours.
 "And the beggar?
 "Well, you know the story. What they kept in that chapel was actually the half-cape which Martin, with Roman prudence, reserved for his own warmth. In no way diminished his reward. For the half he slashed off with his sword for the freezing beg-

AMERICA'S HIDDEN ILLNESS

by Dennis McGenty, Executive Director, National Committee on Alcoholism, Inc.

With four and a half million alcoholics, the United States has the largest alcoholism rate in the world. Only twelve per cent of these people, however, are found in skid row. 88 per cent of our alcoholics are hidden sufferers living next door to you, in the apartment above you, the house down the street. One out of every five and a half

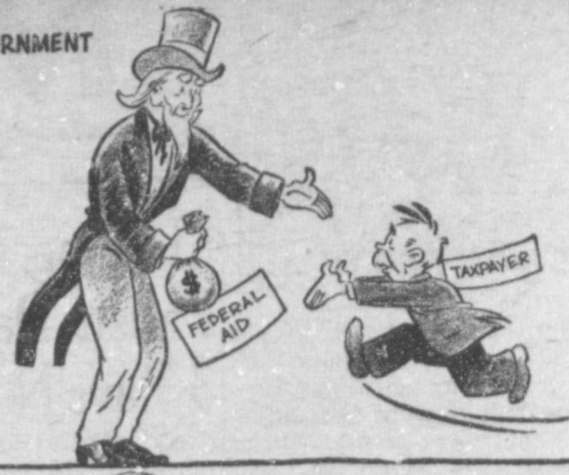

of them is a woman. Is it any wonder then this is considered a major national health problem!
ALCOHOLISM is a triple disease: physical, mental and spiritual. The tragedy of alcoholism has baffled our thinking for over two thousand years because we have never treated the alcoholic patient as a whole. We have treated only one-third of his illness at a time, and so, still two-thirds unhealed, he has relapsed again and again.
 Defeated and despaired of, the alcoholic victim himself, with his fellow outcasts, only two decades ago distilled from his own bitter experience a remedy which finally treats the patient as a whole. This is the way of life prescribed by Alcoholics Anonymous in its Twelve Suggested Steps to Recovery.
TO BEGIN, the sobered alcoholic must avoid, not the second or tenth, but the very first drink — one day at a time if need be. For, sooner or later, it is the first drink that sets into gear the inevitable physiological craving for more and more. This twenty-four hour resistance

protects him against the physical third of his illness.
 Next he must learn to discipline his emotions and intellect. This implies a whole re-education of thinking and emotional reactions, in order to treat the second third of his illness — the psychological side.
TO DO these things, he must accept himself in humility as he is through what AA calls a "personal inventory" of his adequacies and inadequacies, and he must walk with his hand in the hand of God. Thus he treats the last third of his illness.
 If, however, 200,000 alcoholics in the world have recovered, why in America alone are four and a half million of them still hidden away in tragedy-haunted homes?
IT IS because the social stigma attached to the alcoholic has blinded most people to the full three-fold nature of the disease. In fact, the saddest offenders are most often the family, even those who want desperately to do the right thing. Although the alcoholic's core illness is a deep sense of inadequacy, insecurity, and self-depreciation, the family's attitudes toward him or her are often so wrong, so defeating, that they perpetuate the very need-to-escape which drives the alcoholic to drink.
 Alcoholics Anonymous helps those alcoholics who acknowledge their problem and want to do something about it. AA Family Groups throughout the world help the members of families who recognize and accept the problem by helping them to help themselves.

And The Taxpayer Payeth!

According to congressional studies, it will take at least 150 years to pay off the public debt of almost \$300 billion, even if the most drastic proposals for plugging existing loopholes in the nation's tax structure are adopted, reports Washington columnist Ray Tucker.

gar he saw again, but only once, in a vision that same night. It embraced the shoulders of Jesus Christ.

"Your cloak can too," says Mr. Conniff.

It is the writer's idea that anyone may consecrate his own clothes closet into a chapel by ransacking it for unneeded wearables or worn but usable bedding, and leaving these things at the nearest Catholic Church during Thanksgiving week, November 22 to 29. You may be sure these comforts will go to those who need them most — in the whole world.

And it might be recalled that the young soldier was still a pagan when he slit his cloak.

EDUCATIONAL CONTROL CREEPS ON

The federal controllers of public education never stop. Like the socializers of medicine, they creep forward one bill and one Congress at a time. The latest: A Senate committee approved \$1 billion a year, for two years, for school construction. Fortunately, federal funds for the teachers' salaries were kicked out.

The controllers are happy anyway. Every session they ask the ultimate — money for buildings, money for salaries, money for loans, money for scholarships, money for A-plus students and money for the D.minuses.

A committee goes to work on the bills. The sensible, who know federal aid means federal control, throw up a wall of resistance. A compromise results. The controllers get about one fifth of what they ask. This is one fifth more than they ought to have, but is one fifth closer to their ultimate goal.

This goal is complete elimination of local and state direction of public schools and substitution of a federalized system directed by the United States Office of Education.

When this is achieved, then Washington as its exacting terms for federal aid will insist on prescribing textbooks. It will rule that any school system which has accepted aid, or intends to get it, must integrate. It will insist on setting up the curriculum of studies for every local school in the country.

Hitler did it. And he did it under terms of national socialist aid to education. His purpose was not to build fine schools but to train German youths in the ideals of his Nazism.

League, Garden Club Hears Reports and Plans Yule Social

November business meeting of the Muenster Civic League and Garden Club featured committee reports and discussion of plans for coming events including a Christmas social and spring flower show.

Mrs. R. N. Fette and Mrs. Ted Gremminger were co-hostesses in the former's home with 23 members and four guests attending.

Mrs. Edd McGannon, vice president, conducted the business in the absence of Mrs. L. B. Bruns and members responded to roll call by listing the current month's do and don't in gardening.

In committee reports, Mrs. Tony Gremminger announced that the Nov. 1 collection for the cemetery netted \$380.09. She then told of cemetery work done which includes mowing, cleaning and shrub trimming.

Mrs. Ben Luke, reporting for the flower show committee, asked members to decide on a time, place and plan for the spring show.

Members discussed a Christmas social for the December meeting date and decided on a dinner session at the Ace Cafe on Dec. 17 with their husbands as guests.

A committee consisting of Mrs. L. B. Bruns, Mrs. Edd McGannon, and Mrs. Dan Luke will complete plans. Mrs. Nick Miller will be in-charge of decorations.

The program originally scheduled was postponed until a later date.

Floral displays for the month were arranged by Mrs. John Mosman. She exhibited white chrysanthemums in a round, ball-shaped arrangement and a triangular arrangement of two-tone yellow mums. Both were shown in green ceramic containers.

Another interesting note was the showing of pressed flowers, several members contributing to the display.

After adjournment the hostesses served a dessert course and coffee for refreshments and Mrs. Charles Taylor who came as guest joined the club and was welcomed as a new member. The other guests were Mrs. Joe Moser, Mrs. Al Felderhoff and Mrs. Marty Klement.

Muenster's VFW Post commander and Ladies Auxiliary president and three other members attended the district I convention in Denison Sunday.

Post Commander Ray Voth and Mrs. Voth, Auxiliary President Mrs. Richard Swirczynski and Mr. Swirczynski and Joe Moser made up the delegation from here.

The meeting was marked by attendance of department and district officials including Department Presidents Oscar B. Jones of Longview who was the banquet speaker, and Mrs. Hedwig Egton of Houston; Mrs. Lela Rowland, department secretary from Dallas; Mrs. Pat Parker, treasurer and Mrs. Davis Drake, guard, both of Gainesville.

Ida Rohmer returned to Fort Worth Wednesday after a few days' visit with her parents, the John Rohmers and family. Other visitors during the weekend were another daughter and her family, the Morton Wrights of Irving.

Eunice Knauf Is Crowned Queen at SHH Homecoming

Sacred Heart High's Homecoming Queen and her royal court were presented in all their finery and with all the pomp and ceremony in connection with a queen's coronation without regard to the chill wind that swept across the football field Friday night.

Eunice Knauf, 1959 Tiger Queen, and her princesses, Betty Landsfeld, Lucille Dankesreiter and Jane Endres, entered the field under the north goal posts to be met by their escorts on the 50 yard line.

Queen Eunice was radiant in a bouffant formal of white ruffled net over taffeta. She was crowned by Tiger Co-Captain Tim Wimmer and presented him the football to be used in the homecoming game.

Princess Betty, in a yellow formal, carried the crown for the ceremony. She was escorted by Charles Bayer. Princess Lucille, wearing white, presented a bouquet of white mums to Her Majesty and Princess Jane, also in white, handed the ball to the queen for presentation to the football co-captain. Their escorts were Charles Knabe and Bobby Dale Walterscheid, respectively.

After the ceremony the queen and her attendants were escorted to places of honor on the grandstand to reign over the game and after the game Queen Eunice reigned over festivities in connection with a dance in her honor in the Parish Hall. It was a happy homecoming for Sacred Heart with spirits running high after the Tigers' victory of 44-6 over Greenhill.

Third Order Hears Report on Sessions

Reports and spiritual readings were the principal features of the Franciscan Third Order's meeting Sunday afternoon following recitation of the office in church at 2:30.

Prefect J. W. Hess gave his usual timely and thought provoking comments relating to tertiaries and then asked Mrs. Edd McGannon, secretary to report on recent council meetings.

The one session was held in the home of Mr. and Mrs. J. W. Hess and was attended by officers from Muenster, Lindsay and Gainesville fraternities with Father Christopher and Father Lane present. Purpose of the meeting was to acquaint leaders with each other and with the rule of the order and to discuss topics of mutual interest for the officers to pass on to their own groups.

The other report was on the local council's business meeting held in the home of Miss Lena Kleiss. In this meeting the council tended to routine business, heard the treasurer's report and planned the program for coming activity.

After the reports Mrs. McGannon read from the book of new rules and constitution and Mrs. Leo Henscheid read an article entitled "The Price Is Right" pertaining to the life and habits of a Third Order member.

Clinton Endres Is First Server With Altar Knight Rank

Clinton Endres, son of Mr. and Mrs. Ed Endres, has won the Knight of the Altar award, an honor that comes to acolytes when they serve 1000 times at the altar. He received the K of A pin and a beautiful edition of the Holy Bible.

Clinton is the first acolyte of Sacred Heart Parish to earn this award and is the first Supreme Grand Knight among altar boys. He began serving at mass in the fall of 1956. An eighth grader at Sacred Heart School, Clinton plans to enter the minor seminary at Subiaco, Ark., next year.

Following close behind in serving are two of Clinton's classmates: Cyril Yosten, son of Mr. and Mrs. Felix Yosten, with 800 points and Wayne Trachta, son of Mr. and Mrs. Richard Trachta, with 700 points.

Acolytes of the parish follow a pattern of grandeur. After serving 50 times a boy becomes an apprentice. Serving 200 times makes him a page; 450 times, a duke; 600 times, a squire; 750 times, a knight; and 1000 times, a supreme grand knight. Each time he serves he receives one point.

At present Sacred Heart Parish has 70 faithful altar boys, taught and directed by Brother Thomas Moser. In the local group 23 are apprentices, 26 are pages, one is a duke, one is a squire, one is a knight, and one is a supreme grand knight. The other servers, mostly beginners, are under 50 points. A boy is permitted to begin serving when he enters the fifth grade and may continue to serve to the twelfth grade.

Questionnaires for 1959 Farm Census Mailed to Farmers

Questionnaires for the 1959 Census of Agriculture are now in the mail and will be in the hands of local farmers within a few days, it was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

The farm census questionnaires are being mailed from Chicago, Illinois with the distribution timed so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field canvass. The advance mailing is for the purpose of giving farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 Census of Agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values, and mortgage debt. On the average, each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no".

Jesuit and Chico - - - my Schumacher ended his season last week when he received a shoulder injury in the Callisburg game. Otherwise the Hornets are all well and ready. In all probability the Hornets will be striving for third place in the season's district rating. However they could be going for a two or three way tie for second or four way tie for first. Other district games will have to determine that.

As of now Saint Jo and Era are tied for first. Saint Jo will play Alvord and Era will play Callisburg. Assuming both top teams win they will still be tied but Saint Jo gets the loop title because of its win over Era. If Muenster also wins it will have undisputed hold on third place. If both should lose they would join Muenster and Alvord in the two-loss category making a four way tie for first place. If Saint Jo wins and Era loses Muenster and Era will tie for second. If Era wins and Saint Jo loses Muenster Saint Jo and Alvord will tie for second. Callisburg, Valley View, Sanger and Chico are all eliminated from a share of first and second place honors.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

What one landowner can do to improve and preserve the soil has been demonstrated by Martin Trubenbach on his 320 acre farm near Hood.

Seven miles of terraces have been completed in the past two years. These are channel type terraces and empty onto Bermuda grass waterways and pasture. The waterways were sodded to Bermuda prior to terracing to provide a safe outlet for excess water from the field. Adding to the waterways established in 1955, Martin established two more to Bermuda the past spring. When these waterways are well grassed they will complete the terrace system. Then terracing will protect 175 acres of cropland.

Adding to the terraces and waterways in soil conservation practices, Martin has planted Bermuda or King Ranch bluestem on 30 acres of old cropland and he plants about 30 acres of sweet clover for cover crops every year. He has also over-seeded around 40 acres of Johnson grass with button clover.

Four waterways, seven miles of

terraces, plus several other soil saving methods makes a good record, especially since the waterways and terraces have all been done since 1953.

In addition to the work on his own place, Marty has built nearly five miles of terraces for his dad and his uncles the past summer and fall. He has been a cooperater with the Upper Elm-Red District since 1949.

end to pay dirt. Harris took a lateral from Joe Hellman and breezed around left end for the bonus points.

Early in the third quarter Muenster made a nice drive of 41 yards to the Wildcat 21, then ran into trouble. A 15 yard penalty for holding stopped the push and the Hornets weren't able to get their offense going again for the rest of the game.

Meanwhile Callisburg made scattered first downs and also gained some yardage on kick exchanges. Early in the fourth they had a first down on the 12 and advanced 5 in three plays then tried for a field goal. It was short however, some 4 or 5 feet below the cross bar.

Still trailing by a point the Cats took to the air, and as time started running short they completed two to the left sideline and stepped out of bounds when crowded in order to stop the clock. The third time that happened Doug Hellman was in front of the receiver, nabbed the ball in midfield, and streaked down the sideline for the score that blasted Callisburg hopes. A pass to Harris was good and the Hornets led 16-7 less than 3 minutes from the end.

The teams were still scrapping however. In the eight plays left Callisburg lost possession on a fumble, regained it on an interception, then lost it again on an interception as time ran out.

Livestock Survey Cards Distributed By Rural Carriers

Postmaster Arthur Endres announced today that rural carriers will begin distributing Livestock Survey cards November 19.

Henry J. Pels, Route 1, and John W. Fletcher, Route 2, will be leaving cards with farmers and stockmen along their routes. Patrons receiving livestock cards are requested to complete and return them to their mail box. Cards will then be returned to the Texas Crop and Livestock Reporting Service in Austin. Information from this survey is used in estimating numbers of cattle, hogs, sheep and chickens on Texas farms and ranches.

Many farmers and ranchers are glad to take a few minutes time to answer the questions asked on livestock numbers in order to have information available for making business decisions. Information obtained from this survey is returned to farmers and ranchers through Texas Crop and Livestock Reporting Service releases, newspapers, radio and television.

This annual survey has been a joint undertaking of the Post Office and the Department of Agriculture since 1924.

off was a beautiful 34 yard run by Cunningham, evading four tackles along the way. Walterscheid's run was good for two more points.

Following the next kickoff Greenhill missed a good opportunity. A short gain and a 31 yard pass play reached the Tiger 20 but the next four tries fell short and the Tigers took over on the 14. Three plays gained to the Hornets 44 but the drive fouled up there and the ball went over on downs on the 40. Another pass advanced Greenhill to the Tiger 47 and an interception by Streng two plays later launched the final Tiger tally. Six tries, including Walterscheid's 26 yard scamper and his three yard scoring plunge, completed the mission.

In the closing minutes the visitors made a nice drive of 64 yards to the Tiger 22 then lost possession on a fumble.

On the very next play, and as time ran out, Becker took the ball on a guard-around play and breezed 67 yards to the goal. But a clipping penalty deprived him of his only score of the season. The TD was nullified as time ran out.

Parochial Cubs Win 24-0 Over Lindsay

Sacred Heart's Cubs had little trouble at Lindsay last Sunday afternoon in running up a comfortable win of 24-0. In command of the situation all the way, they pushed on steadily for three touchdowns and bonus points following each while holding their hosts to very few gains.

The first counter came in the first quarter as Robert Walterscheid completed a nice drive with a 10 yard run. Dennis Hess added two points.

In the next quarter it was another slow drive until Jimmy Klement stepped off 30 yards to the 15. Two plays from there finished the job. Klement made the TD and Hess the extra points.

Again in the final period the Cubs started from midfield and moved steadily to the last score. Walterscheid made most of the yardage and scored the extra points. Hess went over for the touchdown.

The Cubs have an open date next Sunday and will close their season on Nov. 22 playing AMI of Wichita Falls on the Tiger field.

politics than by justice . . . that claims for the soundness of government bond investment are not supported by the government's own fiscal policy . . . that the interests of all of us are poorly served by the soft attitude toward communism both here and abroad. There is reason to wonder whether the government is any more honest than the people it has been criticizing.

Something too good to keep is a post card message sent yours truly from Washington by Rowland Peters, the rambling editor of the Nocona News. He says "I told Ike what you said and he's going to take care of it." It reminded me of another postal classic received years ago from E. P. Buckley when he was visiting New York. On the front was a picture of the Brooklyn Bridge. On the back his message "I'm on a deal for this."
