GEO. J. Carroll & SON

In California at Hess-Vogel Wedding

Albert Hess took a short vacation to California, going for the purpose of attending the wedding of his son, Airman Leo Hess and Mary Lou Vogel on July 11.

He phoned home after the wedding to tell his family that the nuptial mass was held at 9 a.m. in the San Diego Naval Base chapel and that he'd give more details after he got back. He spent Sunday visiting former Muensterite Norbert Henscheid and his family at La Puente, and was helping the newlyweds get settled at Chula Vista in their two-bedroom apartment 12 miles from Brown Field where Leo is stationed. Mary Lou works in an aircraft plant at Chula Vista.

Blessed Events

Mr. and Mrs. Rufus Henscheid announce the arrival of Johnny's baby sister, weight seven pounds 15 ounces. She was born at Muenster Clinic Sunday, July 12, 12:15 p.m. Her grandparents are Mr. and Mrs. Henry Henscheid, Muenster, and Mrs. Will Bierschenk of Valley View. Mrs. Joseph Flusche of Lindsay is the great-grandmother.

Fredrick Alfons, weight nine pounds seven ounces, arrived Friday, July 10, for Mr. and Mrs. Norbert Koesler. He was born at Muenster Clinic at 4 a.m. Others welcoming him are three brothers and three sisters and his grandparents, Mrs. Alfons Koesler and Mr. and Mrs. August Walterscheid. Father Martin Fischer officiated at the christening service and Mr. and Mrs. Alfons Koesler Jr. are their nephew's godparents.

Mr. and Mrs. Earl Koelzer have announced a seven pound seven ounce boy, a brother for Beverly, Earl Jr. and Louis. The little brother arrived at Gainesville Sanitarium Friday, July 10, 11:33 p.m. His grandparents are Mr. and Mrs. George Koelzer, Muenster, and Mr. and Mrs. Matt Fuhrmann, Lindsay.

From Orange, Texas, comes announcement of the birth of a daughter to Ens. and Mrs. Bill Tilger — she's the former Anna Grance Fette — for the new baby is a sister for Matt. She weighed six pounds six ounces upon arrival Sunday, July 12, 2 a.m. Mrs. Kate Reynolds is the maternal grandmother and the great-grandparents are Mr. and Mrs. John Fette and Gus Knabe. The paternal grandparents live in Trenton.

Mrs. Frank Seyler recently became great-grandmother again when Margie arrived in Torrence, Calif. for Mr. and Mrs. William Neil. Mrs. Neil is the former Therese Hennigan. Former Muensterites Mr. and Mrs. H. P. Hennigan of Albuquerque are the maternal grandparents. The Neils have one other child, a boy named Willie.

Mary Weinzapfel registered for the second summer semester at NTSC in Denton Monday and resumed classes Tuesday.

Observes Birthday

A group of classmates helped Margie Schoech celebrate Sunday when she was 16 years old. The birthday observance was arranged by her mother, Mrs. Andy Schoech, and consisted of a swim party at the local pool from 5 to 7, then a wiener roast and birthday cake and ice cream on the patio at the Schoech home.

James Klement and Rose Ann Vance are Married in Dallas

Rose Ann Vance and James Klement were married Saturday in St. Edward's Church at Dallas with the Rt. Rev. Msgr. John P. Brady officiating at the 6 p.m. double ring service and nuptial mass.

The bride is the daughter of Mr. and Mrs. Raymond B. Vance of Dallas and the groom's parents are Mr. and Mrs. Albert Klement of Gainesville. He is the grandson of Mr. and Mrs. John B. Klement of Muenster.

For her wedding the bride chose a gown of Chantilly lace over tulle and satin designed with a scalloped portrait neckline embroidered with pearls and sequins. The skirt swept into a diamond-shaped train. A crown of tulle petals and pearlized orange blossoms held her fingertip veil of illusion and she carried orchids and stephanotis.

Mrs. Henry Maher, sister of the bride was maid of honor, Sallie Sorrells was bridesmaid and Mary Kathleen Maher was flower girl. Paul Klement was his brother's best man and Carl, Joseph and John Vance, brothers of the bride, and Henry Maher were groomsmen and ushers.

A wedding reception in the Maher home preceded the newlyweds' departure on a wedding trip. They will live at Fort Campbell, Ky., where he is in the service as a member of the paratroops. He was graduated from Subiaco Academy in Arkansas and his bride is a graduate of St. Edward's Academy.

Muenster relatives at the wedding were John B. Klement and Messrs. and Mmes. Rody Klement, J. A. Klement and Buddy Reiter. Other relatives present included Mr. and Mrs. Henry Luttmner and Mrs. Al Reiter of Gainesville.

After the festivities the Muenster group got together for an evening visit with Mr. and Mrs. Dick Schleicher who came from Garland.

Ending a three-week vacation, Mrs. John Myrick and sons Tommy and Dolphy returned to their home in Houston but little Carol Myrick stayed for an extended visit with her grandparents here and in Gainesville.

Carol Hess Heads CYC as President

Election of officers for a new year placed Carol Ann Hess as head of the local Catholic Youth Council. Others elected to work with the new president are Billy Frank Richter, vice president; Carolyn Swirczynski, secretary; Anthony Knabe, treasurer; Eunice Knauf, chairman of the spiritual committee; Janie Endres and Betty Ann Dangelmayr, co-chairmen of the social committee; and Jane Hesse and LuAnn Reiter co-chairmen of the membership committee.

Ruth Endres, retiring president, conducted the business session in the parish hall and a social hour with refreshments concluded the evening. Door prizes were won by Billy Joe Dangelmayr and Louise Noggler.

Vic Hartmans Have Good Luck Fishing

A 21-inch Red Fish that Vic Hartman caught fishing at Corpus Christi was pretty enough to be mounted and shown to friends but was used for a fish fry instead. Vic and Margaret and daughter Patsy caught a lot of fish on their eight-day vacation trip. They had good luck and spent much of their time fishing first at Three Rivers where they were guests of the Leo Hartmans, then at Corpus.

Leo Hartman and his daughter Mrs. Frank Foster and children accompanied their Muenster relatives to Corpus Christi for fishing and swimming in coast waters. Also to San Antonio where they enjoyed sight-seeing. Enroute home the Hartmans stopped in Glen Rose to see the Ed Kosel family.

While they were at Three Rivers they also enjoyed a visit with the Elmo Hartmans of Victoria and Tom Hartman of Corpus Christi who visited in their parents' home.

For Mrs. Hartman the Sunken Gardens with their lovely flowers were outstanding on the tour of the Alamo City. For Patsy the zoo was especially interesting.

Sunday Mr. and Mrs. Keith Tompkins and children of Fort Worth were visitors in the Hartman home to hear about her parents' trip. Monday they left for Ringgold.

Farm Bureau Slates Meeting and Queen Contest for August

Cooke County Farm Bureau directors have set the annual barbecue and queen's contest for mid August, the exact date and place to be announced later.

Co-chairmen of the queen's contest are Mrs. Ben Davis and Mrs. L. G. Gentle. Their assistants are Mrs. Al Hess, Mrs. Paul Fisher and Mrs. Gus Lutkenhaus of Muenster, Mrs. Joe B. Hundt and Mrs. Bruno Zimmerer of Lindsay, Mrs. Charles Myers and Mrs. R. C. Doss of Valley View, Mrs. Joe Krahl and Mrs. Harvey Watson of Downard-Fairplains and Mrs. R. B. Durham and Mrs. J. J. Richardson of Rosston.

Walter Nortman will be in charge of recreation for the annual social and Bruno Zimmerer is chairman of the foods committee.

An added feature introduced by the Farm Bureau this year is a "Tall Corn Contest" with details to be worked out by Frank Neu of Valley View and County Agent Neil Tibbets. Talk of county farmers about tall corn this year prompted the contest.

In other business at the bureau's meeting, Melvin Dansby of Bowie, field director of District 4, said it's time to start work or resolutions and recommendations to be sent to the state meeting in San Antonio in November. Gus Lutkenhaus, chairman of the P. D. committee, has asked members to contact their neighbors to see what kind of legislation they want to bring before the meeting.

The livestock committee, consisting of Glenn Hellman, Neil Tibbets, Ben Davis, Paul Fisher, George Berry and Weldon Benner, were asked to meet and work out a program pertaining to brucellosis control and eradication.

Members also made plans to attend the Farm Bureau State Institute in Dallas August 3-5.

"WHAT CAN I DO?"
 By Tom Anderson, Editor
 Farm and Ranch
 "What can I do?" That's the question more and more patriotic Americans are asking. "What can I do to save my country from bankruptcy, defeat, and slavery?" You can do plenty. If America can be saved from becoming a socialist-labor-welfare dictatorship it can only be saved by a revolution at the grassroots. Our nation can be saved the same way it was founded, by rebellious patriots demanding a return to home rule. Our state governments have almost entirely lost their sovereignty and have become weak, hungry, competing panderers for the federal syndicate. Here are some things we need to do to save America: (We must save the world but the only way to do that is to save America.)

First, kill the federal personal income tax. This is the one most vital thing we can do. It would automatically solve many of our problems.

The federal income tax law threatens to lead us to complete federal dictatorship, yet the left-wingers say maybe we haven't raised taxes enough. The same New Deal Socialist crowd who argued for years that we could spend ourselves rich now believe we can tax ourselves richer.

Sell to the highest bidder the 700 federal, tax-free, rent-free interest-free corporations which lose 10 billion dollars a year.

Limit the peacetime debt now. If they can't tax it or borrow it, they can't spend it. Compel an annually balanced budget and retire the national debt. Curb the Supreme Court. Drastically reduce U. S. aid to friendly foreign countries. Eliminate it to enemies like Tito, Russia's Trojan Horse. A friend bought is not worth the price paid. Kill federal grants-in-aid to state and local governments and substitute state grants-in-aid to the Federal Government. Drastically reduce aid to veterans not disabled in war. Reverse the trend in Legislative, Executive, and Judicial branches of the Federal Government to take over and supplant local self-government with a federal bureaucracy so vast that it is beyond the understanding and the reach of the people. Protect the rights of the states to run their own affairs.

Pay-As-We-Go

Kill the present Social Security System and install in its place a pay-as-we-go Social Security System.

Do away with Postal Savings System, which competes unfairly with banks, and save \$6,300,000. Demand return to a stable and sound dollar. Increase Parcel Post rates to cover indirect costs and save \$50,000,000. End the loans for college housing, thus saving \$146,910,000. Set up a single, civilian-manned commission to buy all non-combat materials for all three branches of the armed services. Centralize control over disposal of government surplus.

Give up our pet projects: postal subsidies, business subsidies, airport subsidies, highway subsidies, veteran subsidies and so on, until we can pay-as-we-go.

Protect us from treaties, executive agreements, and secret diplomacy by passing the original Bricker amendment. Get the Federal Government out and set the farmer free. Give Red China a seat in the United Nations — our seat. Outlaw the Communist Party. Communism is a godless religion, a conspiracy which masquerades as a political party. Reduce the military establishment drastically, at home and abroad. Sixteen thousand Pentagon jobs are double-stuffed, for instance.

Cut off trade and relations with Communistic nations and their satellites. Form new clubs for specific purposes, like Robert Welch's CASE (Committee Against Summit Entanglements).

Subscribe to libertarian publications like American Mercury, American Opinion, National Review, U. S. News & World Report, Freeman, and Human Events, and don't renew subscriptions to publications which promote the socialist-labor-welfare state.

Support Patriots

Support the advertisers in the libertarian publications and help conservative commentators like George Sokolsky, Fulton Lewis, Dan Smoot, Wayne Poucher, and Dean Manion remain on the air by your contributions or your purchases of the products they advertise.

What a man says he is, is not what counts. Practically every lawmaker says he's against inflation, against Socialism. A look at their voting records makes fools, cowards, liars, or voting booth prostitutes out of most of our lawmakers.

Why not send all officeholders for whom you have a right to vote a list of things you're for? Demand that they state clearly how they stand on each issue listed. Kill Civil Service, so millions of unneeded government workers can be fired. Insist that the labor union monopoly be ended and that unions be placed under the same anti-trust, anti-racketeering, taxpaying laws as are businesses.

Limit the time any congressman can serve to, say, 12 years. Too many of them get so cynical, so important, and so stricken with Potomac fever that their main objective in life is to stay in Washington.

We have tried the little-pruning-here-and-there method. And the bureaucratic wilderness gets larger, denser, wilder every year. We need to dig up by the roots

Hogging the Dessert

entire agencies, bureaus, and activities.

This nation was founded by men who believed in God, in individual freedom, in high moral values, in personal responsibility. Whether we survive as free men or slaves depends on whether we can resurrect our moral strength. We must fear slavery more than we fear war. The wages of wealth are comfort, complacency, caution, and cowardice.

Missile strength, manpower strength, H-bomb strength get the headlines. Few ever mention the greatest weapon: spiritual strength. Who—we or the Communists—have the fanatical zeal necessary to survive? Which will make the most sacrifices and the

least compromises?

We are in a war for survival. And we are losing. Lincoln said, "Our safety, our liberty, depend upon preserving the Constitution of the United States as our Founding Fathers made it, inviolate. The people of the U. S. are the rightful masters of both congress and courts, not to overthrow the Constitution, but to overthrow the men who pervert the Constitution." Let's start overthrowing, now.

The custom of mounting a horse from the left side probably started in the days when men wore long swords that hung down the left leg. It was easier to throw the right leg over the horse's back.

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Canyon.

NO MOUNTAIN CAT, MISTER...

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where piñon won't even grow. But that's all routine for this Chevy, equipped with Positraction* rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the

district officer who drives it would bet his badge the tie rods won't even need replacing! Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevy's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped 1/2-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

The dry cow **MILK \$ CHECKS \$** and your!

The dry cow is one of the important animals on a dairy farm. She represents your future milk check. Yet, just think of all the dairy cow has to do in a 60-day period. It is the only time of the year that the cow can build up body reserves and get set for the next lactation period, but she also has to build the final two-thirds of the calf she is producing. That is quite a job and it calls for plenty of good nutrition.

Insure that you provide your dairy cow with the help she needs to perform her job properly. Our fortified dry and freshening ration is formulated to provide the critical balance of vitamins, minerals and other essential nutrients your cow requires for proper nourishment during this calf-building, body-building time.

Come in today and let us fully explain to you the many advantages you obtain when you feed
