

## LEGION POST HERE ALLOTTED WAR TROPHIES

Zeno Ingram, adjutant of I-shan A. Smith Post of the American Legion, is in receipt of a letter today from Ross R. Cole, state adjutant of the American Legion, advising that an assortment of captured German and Austrian War trophies have been allotted to the Brownwood post and that this assortment has been shipped by freight to Brownwood. This assortment is given the Brownwood post for work the past year in membership drives and other activities. Mr. Cole's letter follows:

"The Adjutant General of Texas advises our office that shipment is being made today by freight to your American Legion Post of a fine assortment of small arm captured German and Austrian War trophies allotted your city and American Legion Post as a result of the fine Legion activities in the War Trophy Contest held last year.

**City Complimented**  
"The Governor of Texas and his War Trophy Committee, and the Department Commander of last year, Walton D. Hood, joins with the present Commander, Rufus F. Scott, Jr., and his headquarters staff in complimenting your city on having a Legion Post that stood among the first sixty Posts in Texas in this contest.

"It is the desire of the Legion state officials that the general public be allowed full privilege of viewing these trophies at all times. It must be understood they are not to be distributed to the individual membership of the legion, but belong to citizenship and are placed in care of the American Legion for safe keeping. If your Legion Post has not a suitable home, club house, or quarters where they may be kept, it is suggested that they be placed in some suitable municipal or county building or school house until the Legion acquires a suitable place.

"We are asking the Posts to see that the trophies are properly cleaned up, and then to hold dedication services, open to the public.

## Advice Given on Putting Calves in Show Shape

**COLEMAN, Texas, April 30—Sp—**The following letter just received by Edson V. U. Cook, teacher of vocational agriculture in Coleman high school, will be of interest to all agricultural students in Central west Texas. The letter comes from C. J. Barnes, beef cattle husbandman of A. & M. College, and after introductory remarks says:

"Taking a spring calf, unless the boy is in a position to leave him with his mother or put him on a nurse cow, it will be a rather difficult undertaking to have him in show condition by September or October. However, beginning now with a fall calf he can be put in show shape without a nurse cow or his mother. A summer yearling would also make a desirable individual to feed out for fall shows. I would start these calves immediately so you could have opportunity to get them in as nice shape as possible.

"Relative to the feed necessary for economical production, this will depend to no small extent upon the type of feed which can be purchased. If maize is cheaper than corn, then feed maize. If barley is cheaper than either maize or corn, then feed barley. As a suggestion the following suggestion for starting the calves is good: 180 pounds of corn, 100 pounds of bran, 60 pounds of cotton seed meal, 30 pounds of oats and 6 pounds of salt. After the calves have been on feed for some time then I would gradually change the ration, decreasing the oats and increasing the corn until the ration is about as follows: 240 pounds of corn, 100 pounds of bran, 30 pounds of cotton seed meal, 150 pounds of oats and 6 pounds of salt. The calves should have all they will clean up of the mixture twice or three times a day, and in addition to the grain mixture they should have good sudan grass, Johnson or sorghum hay.

## MORE CAN PROBABLY BE ACCEPTED FOR C. M. T. C. TRAINING

The quota of boys from Brown County for the Citizens Military Training Camp has been filled, according to Captain John Shockey, but the local committee, headed by County Superintendent J. Cesar Swindle is still accepting applications.

Twelve men was the quota from this county and these twelve came from Company A, 142 Infantry. Five more were added, and from the fact that some counties will not be able to make their quotas there will probably be room for more from here.

The camp this year will be held at Fort Sam Houston at San Antonio from June 15 to July 14.

## STATE FILES SUIT AGAINST BRIDGE CO.

**AUSTIN, Texas, May 1—(AP)—**Suit against the Red River Bridge Company of Texas and J. R. Handy, receiver, to forfeit and cancel its charter and seeking penalties of \$300 daily since January 1, 1914, has been filed in Travis county district court by the state.

The suit asks for appointment of a receiver "to wind up and liquidate" the company's affairs. The penalties sought are for tolls collected by the company.

The state claims a franchise was never given the company to operate a toll bridge and it is "usurping, intruding into, and unlawfully holding and exercising said franchise without any authority in law, and are exercising such powers not conferred by law, from which they ought and should be ousted."

The suit, it was said, does not have any relation to the case pending in district court at Sherman seeking to declare the company's bridge over the Red River at Denison a nuisance and asking its abatement.

## WHEREABOUTS OF ESCOBAR IS STILL MYSTERY

**MEXICO CITY, May 2—(AP)—**The newspaper Excelsior stated today that Francisco Alcantara, secretary of the cabinet, styling himself governor of Jalisco State, has been killed in a two-hour battle with Agrarian forces near Santa Rosalia, Jalisco.

The allied federal and Agrarian troops also battled the rebels at El Rincon ranch and at the villages of San Miguel and Tepalpa. All these places are in Jalisco. In each case the rebels were dispersed and a few of them killed or wounded.

The whereabouts of General Jose Guillen sacked the undefended village of Villa Corona, Jalisco, but fled when troops approached.

**AGUA PRIETA, Sonora, Mexico, May 2—(AP)—**While all the border towns were in the federal hands today, reports persisted here that the rebel forces under the Indian General Marcelino Caraveo and Ramon Yucupitio had defeated Federal General Juan Andreu Almazan in northeastern Sonora.

The whereabouts of General Jose Gonzalo Escobar, commander-in-chief of the revolutionary forces, was a mystery. Escobar left Nogales last Sunday, turned up here Tuesday night but vanished a few hours later when several of his generals crossed the border.

General Almazan had been reported within ten miles of here but a messenger dispatched yesterday to inform him of the surrender of Agua Prieta failed to find him. Federal agents admitted General Almazan had had several sharp and disastrous engagements with rebels in the Pulpitito Pass district within the last three days. He had been attempting to cross the Sierra Madre mountains through this pass with forces from Chihuahua.

**Towns Held**  
Both Nogales and Agua Prieta were held by a few federal officers and rebel troops which had switched their allegiance from the rebellion to the established government.

Surrender of Nogales was announced by only one death. A revolutionist, who was shot when he became too boisterous. His body was lying in the street for several hours as a warning to other soldiers.

Large numbers of Mexican rebel forces had taken refuge in Douglas or Nogales, Arizona, after receiving visitors' permits from United States immigration officials. Several rebel officers were allowed to leave Agua Prieta unmolested after it had been surrendered yesterday.

## SAND STORM AND DOWNWARD MERCURY HERE

Winter took a final fling at Brownwood and surrounding territory Wednesday night when a chilling high wind out of the north came on the heels of Wednesday's wind and dirt storm. The belated norther sent the mercury zooming to 40 degrees, only eight above freezing, an unusually low mark for this time of the year.

Inasmuch as the wind let up little in its fury through the night, no damage to fruit and other growing plants, was caused, either by frost or cold.

Although no damage from wind has been reported in this immediate section, slight damage was had in various parts of Texas. Dr. B. E. Bell of Brownwood received a message early Thursday morning, advising that a barn on his farm near Abilene had been blown down and that window glasses had been broken by wind and hail.

Duncan himself led the way to the English victory by beating Hagen 10 up and 8 to 6.

## SHEEP AND GOAT MEN ASK AID TO FIGHT PREDATORY ANIMALS

**AUSTIN, April 30—(AP)—**The "money" committees of the two houses of the Legislature today had the habits of the bobcat and golden eagle to consider along with the financial ailments of state institutions.

A group of sheep and goat raisers appeared last night before the Senate finance committee and the House appropriations committee and asked for \$100,000 each year during the next biennium to make life miserable for predatory animals and rodents.

C. R. Lando, of the predatory animal control bureau of the United States biological survey, led the discussion and introduced the speakers, who were Oscar Callaway of Comanche; Alexander Mitchell, Terrell county; J. D. Bishop, Bosque county; J. C. Hunter, Culberson county; Sim Orrell, Coleman county; Frank E. Harrell, Eastland county; John Chamberlain, Palo Pinto county; and C. C. Belcher, Val Verde county.

Without exception the ranchers praised the trapping work which has been carried on under London's direction and urged its extension.

Ranges infested with lobos, bobcats, coyotes, prairie dogs, golden eagles, mountain lions and wildcats were a most unhealthy environment for sheep, goats, turkeys and chickens, they agreed.

The assertion was made that the average wolf did \$1,000 damage yearly. Chamberlain told of 600 wolves being killed by London's trappers in less than two years. Callaway said 32 counties had been cleaned, and the work should be extended to 120 other counties.

## NORBECK TALKS ON QUESTION FARM RELIEF

**WASHINGTON, May 2—(AP)—**Declaring the last campaign failed to give a clear cut decision on the type of relief the farmer wants, Senator Norbeck, Republican, South Dakota, asserted in the Senate today that the substitution "of the moon for the equalization fee" by Alfred E. Smith made the election of President Hoover certain "without any regard for the farm question."

"I am not complaining about the attitude of President Hoover, as some senators do," Senator Norbeck declared. "He has not been a disappointment to me. I expect great things from him, especially in law enforcement, disarmament and efficient reorganization of government departments, and I am going to support him."

"His attitude on the farm question is not what I wish it were, but after the Kansas City convention, I had no right to hope for anything better."

The senator, who is supporting the export debenture plan opposed by Mr. Hoover, contended a recent statement by Frank O. Lowden was being used by some newspapers as an argument for senators who supported the equalization fee to drop the export debenture plan.

Tarver was a member of the legislature from 1909 to 1915, having served the Navarro county district. He is one of the state's leading Democrats and made speeches for Governor Alfred E. Smith during the recent presidential campaign. He was chairman of the democratic convention in Dallas last summer.

## BECK AND SCOTT IN NEW PEANUT PLANT LOCATED IN DELEON

**DE LEON, Texas, April 30—(Sp)—**The newest business firm in De Leon is the Beck-Scott Co., Inc., composed of R. L. Scott, publisher of the Free Press and Bart D. Beck, late of Brownwood. The plant of the West-Tex Mfg. Co., which was being killed by the factory as a salted peanut and candy factory, has been completely worked over into a peanut butter factory exclusively, with an approximate capacity of 40,000 pounds per month. Some items of machinery have been added and the entire factory arrangement changed so as to lend efficiency.

The new firm has made a wholesale connection which it is believed by the owners will take the capacity of the operation for a few weeks. And the same wholesale outlet may also provide a market for certain fruit products, such as jellies, jams, preserves, etc. which the Beck-Scott Co. may pack this summer, as well as certain vegetables. It is entirely possible that green black-eyed peas may be canned during the coming summer months.

Mr. Beck has been 23 years in charge of the manufacturing department of the Walker-Smith Co. Brownwood, being also salesman of the item his department manufactured or packed, these being peanut butter, coffee, tamales, chili, black-eyed peas, pork and beans, mayonnaise, etc.

The new plant will be in operation commencing this week. More will be said from time to time about the canning project inasmuch as requested along certain lines as soon the co-operation of growers will be as definite arrangements are made.

## Chick Disease Is Discussed By Agent

Tests of samples sent to A. and M. College by O. P. Griffin were reported upon by Dr. R. C. Dun, veterinarian at College Station, and it was found that many chicks in Brown county are suffering from bacillary white diarrhea, a disease which is hard to get rid of, and in most cases has fatal results.

While this is a contagious disease, it is also necessary, the best known method of getting rid of it being to give the breeding stock a blood test and disposing of affected stock, Mr. Griffin said. He also stated that a chick three weeks old is immune to the ravages of the disease.

**Inquiry for Man

## PROPOSE CHANGES IN AUTO LICENSE FEES, SAID JUDGE DAVIS

The matter of the reduction of state license fees on passenger automobiles, a program authored by Representative Leonard Tillotson was of interest to Judge E. M. Davis who spent the early part of the week in Austin attending a meeting of a committee of the County Judges Association discussing this matter.

It is proposed, by the bill to be presented by Mr. Tillotson, to reduce the fee on passenger cars about twenty percent, the fee from these licenses to go in full to the counties; and to keep the fees on commercial vehicles at the same rates, these to go in full to the state. The judges association is backing this plan.

While in Austin Mr. Davis spent some time with a Comanche delegation working on road matters affecting that county, and also met with committees conferring on the predatory animal bill. The judge is trying to see if there is some manner in which the state can aid, as it has in the past two years, in helping the counties get rid of predatory animals. At the present time there are no state funds for this purpose.

More than 20 were injured in that section, some seriously. Reports from Dagmar, southwest of Brinkley were that 20 persons were injured there. Ort Smith and vicinity had a dozen injured.

## Missouri Snow Storms, Tornadoes

**ST. LOUIS, May 2—(AP)—**A heavy snowstorm struck St. Louis and portions of Missouri and Illinois today, demoralizing traffic, disrupting telephone communications and sending temperatures tumbling below freezing. More than three inches of snow had fallen here before 8 a. m.

## Springfield's First May Snow Storm

**SPRINGFIELD, Mo., May 2—(AP)—**Six inches of snow had been recorded by the Weather Bureau here this morning, the first May snow storm in the 41 years of the Bureau's history.

Damage to telephone lines in this vicinity was extensive and many toll lines were out of order.

(By The Associated Press.)

**1929 BUILDING TOTAL HERE IS NEAR \$700,000**

APRIL'S building permits in this city brought the year's total to almost \$700,000 according to Henry Mount, assessor. Permits for April showed a decrease from the March total as well as being less than the total for April, 1928, but the total of \$162,500 for the month indicates that the city is steadily growing. Of the 33 permits issued during the month 32 were for private residences, this number bringing the year's total permits for residences to 116.

Despite the slight slump in building the past month, the year's total is now only \$83,100 below the total for the first four months of 1928, a record year for the city. The total for this year is now \$693,850.

**No Major Projects**  
 Although on major building projects have been begun during April, there are several major jobs now under construction, these being the new building on Center Avenue being constructed for Montgomery Ward Company by W. A. Bell; the Abney and Bohannon building on Main and others of less importance. The Abney and Bohannon building is to be a two story brick and is being built for an automobile sales house.

Three other business houses adjoining the new Montgomery Ward home are also nearly completed, these also belonging to W. A. Bell. Work is almost completed on the new Ward School building on Avenue K, between Fourth and Sixth streets. Although this new ward school building will not be ready for use this year, it will be finished long before the opening of the 1929-30 term.

Several other major building projects are rumored and it is almost a certainty that one or more of these will get under way before many weeks have come and gone.

**HIGHWAY TEN ROUTE OKEED BY ENGINEERS**

Routing of Highway 10 through Brown county has been approved by state and federal highway representatives following an inspection of the route from the Erath county line to Brady Monday and Tuesday.

All that is left now is to condemn the right-of-way and start work said Leo Ehlinger, state resident engineer, and summer will probably see actual work begun on this important highway.

This highway enters Brown county where the present connection is located and runs south of the Frisco railroad through Blanket and due west through Jones Chapel to the present junction with Highway 7.

From there it edges around north of the city to an extension of West Broadway. Coming into Brownwood on this street it continues out Center Avenue to an underpass at the Santa Fe tracks. Then turning to the left it goes south, crossing Coggin Avenue near the city limits, and then crosses Willis Creek about 250 feet above the present dip in the road.

From there it goes directly south, climbing the ridge near the Alexander house and continuing in a straight line to Winchell where it crosses the Colorado river into McCulloch county.

The present relocation as approved by the engineers saves about three and a half miles in this county alone, and a straightening of the highway in McCulloch county to Brady saves about six miles more.

**HEAVY RAIN HERE TODAY**

City of Brownwood and surrounding communities received a hard downpour of rain Wednesday morning that totaled 52 inch in the city, and according to reports precipitation was equally as much in other sections of the county. Although the rain was accompanied by gusts of wind and light hail, no damage from either the wind or hail has been reported. This moisture will be of much value to crops of the county, as well as to gardens, flowers, shrubbery, etc., in the city.

Light on the wandering of wireless waves through the ether is claimed by Professor Stoerner of Oslo to have been thrown by experiments undertaken in conjunction by Norwegian and Dutch wireless stations. The professor states that echoes from these waves have been clearly distinguished. He puts forward the view that the waves are thrown back to earth when they reach a point in space far beyond the moon.

### CONFESSES KILLING ESTRANGED WIFE AND BURNING HER BODY

WHITE PLAINS, N. Y., April 30.—(AP)—Earl Peacock today confessed he killed his 29-year-old estranged wife, Dorothy, after a quarrel, and burned her body with kerosene, according to Mount Vernon and Greenburg police.

The charred body was found in a thicket last Saturday and identification was made through a piece of her house dress. The husband was taken into custody last night. According to the confession of the husband, who is 21 years old, the couple had been living apart. The wife went to New York, while Peacock was at the home of his mother-in-law in Bronxville, when he recalled it was his first wedding anniversary. He excused himself and drove in his car to the house in New York, where his wife was living under the name of Lillian Maney.

Ride to Old Home  
His wife consented to accompany him for a ride to their old home in Mount Vernon, where they arrived at 11:45 o'clock.

As they entered, she said, according to Peacock: "Well, this looks like the old dump."  
He presented this and a violent quarrel ensued. There was a struggle and she started to "claw" him with her finger nails. Finally he drew a pistol and struck her on the head with the butt.

The struggle continued, said the confession, and she knocked the

### BROWNWOOD'S COLLEGE PLEA IS PRESENTED

Ed. B. Gilliam, Sr., Dr. S. E. Chandler, president of Daniel Baker College, and Harry Knox, Sr., returned late Tuesday from Waco where they went as a committee to attend meeting of the Texas Presbyterian Synod Commission which has charge of the location somewhere in Texas of a proposed Texas Presbyterian University which will be a merger of Daniel Baker College of Brownwood, Austin College of Sherman and Texas Presbyterian College for Girls of Milford. Dr. Chandler and Harry Knox, at this meeting, presented Brownwood's claim and plea for the institution, giving many reasons, logically and materially, why the new university would best be located in the Heart of Texas and at Brownwood. Brownwood's offer for the college was made and new sites for the campus were discussed with the location sub-committee.

According to Mr. Gilliam, the meeting was excellent, inasmuch as Brownwood made one of the strongest pleas for the new university. However, he stated that nothing definite had been decided by the committee. Other cities represented at the meeting were Fort Worth, Houston, Sherman and several smaller towns. Mr. Gilliam also stated that the location sub-committee will likely visit Brownwood sometime within the next week to look over the new sites proposed for the college campus if Brownwood were selected as the place for the new university. Three or more attractive campus sites will be available, and the committee will be given an opportunity to examine each of them as well as to look into other phases of the Brownwood proposals.

The sub-committee which met Thursday at Waco was a division of the Synod's special commission, and was composed of eight men who are members of the commission.

Francis Murray, age 19 years, is being held in the Mount Vernon jail as a material witness, Miss Murray, the police allege, is Peacock's sweetheart. She was arrested last night at her room in 151 St. Street, New York.

The girl told police she had stayed with Peacock in his Mount Vernon apartment and he had given her some of his wife's clothing.

### WRANGLING IN HOUSE OVER SCHOOL BILLS

AUSTIN, April 30.—(AP)—Favorable action by the House Committee on education last night on Representative W. T. Graves' bill extending the terms of school trustees in Houston, San Antonio, Dallas and Fort Worth to six years and those in smaller districts from two to three years was preceded by a wrangling in which Representative Phil Sanders, Nacogdoches, attempted to have the committee reconsider its action in voting out seven measures last week.

Sanders charged the committee acted favorably on the measures while several of its members were out of the city. He said he and others had left for their homes with the understanding the educational group would not meet. At the request of Rep. George C. Purl, Dallas, five additional members were appointed to the committee by Speaker Barron that a quorum might be maintained.

Sanders lost a motion to have the bills re-committed by a 13-2 vote, and gave notice he would appeal to the House.

A message received this morning by J. Fred McLaughly, teacher at oratory in the Brownwood high school, gave the information that Miss Margaret Damron of Brownwood, one of the oratory pupils, had won third place in the state contest held in Fort Worth last night, this being the Texas division of the international oratorical contest, in which there have been many entries. Miss Damron won the county and district contests over strong competition, placing her among the contestants in the state event.

### "HE WAS JUST ABOUT PAST GOING WHEN HE BEGAN TAKING ORGATONE," SAYS WIFE

"My Husband Has Been Believed Years of Suffering, Feels Fine Now," Says Coleman Woman.

"I am thankful to Orgatone, for what it has done for my husband, and we both are glad to say a good word for it," said Mrs. C. W. Faulkner, of 713 Pecos St., Coleman, Tex. Mr. Faulkner is a well-known blacksmith, having followed this occupation for twenty years. His wife continued:

"My husband has worked hard all his life and has had to be on his feet all day long but was just about down and almost in bed, when he started to take Orgatone.

"I guess he has suffered for fifteen years, with stomach and digestive troubles," she continued. "After eating, he would bloat up and have indigestion so bad, he could hardly get to work. He would belch up sour, undigested food, and had severe gas pains. He would be congested for days at a time, and didn't get the proper rest at night.

"A friend of ours took Orgatone and gave his statement for the paper, and so he decided to try it out for himself. He has just taken two bottles, and his troubles are entirely relieved. Orgatone has given him relief when other remedies have failed. He can now do anything he wants now and doesn't suffer the slightest with indigestion. He sleeps fine, and the gas and bloating spells are gone. He has regular passage every day, and in fact, he is improved in every way. I am glad to give this statement for him, for Orgatone has proven a good medicine."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile preparation, and is sold in Brownwood exclusively by the Camp-Bell and Peerless Drug Stores, under the personal direction of a special Orgatone representative. Sold in Coleman by Owl and Bowen Drug Stores. (adv.)

### Deer Round Up Is Held Near Mason

MASON, Tex., April 27.—(AP)—Bob Show, special game warden from the King ranch, has been holding a deer roundup at the C. L. Martin and Son ranch, nine miles from here, on the Fredericksburg road. They removed 100 doe deer from a 5,000 acre tract, taking them to Frio County and bringing from that country eight buck to add new blood to the deer herd.

"We simply had to have some relief from the deer," Rudolph Martin said. "We cut the number of cattle by half on that tract as the deer were eating up the grass."

### Denman on Jury Trying Cases In Atwell's Court

T. E. Denman of Brownwood is serving on the federal jury at San Angelo, in the hearing of cases developing out of an alleged conspiracy to handle liquor in Tom Green county. Twenty or more defendants are under indictments returned last week by the federal grand jury.

H. F. Mayes, Lee Guthrie and S. Abney, who were on the petit jury panel, returned from San Angelo Tuesday night, having been excused from further service.

**LEE DECLARES  
SALARY FIGURE  
MADE TOO LOW**

City Council was occupied for more than two hours Tuesday night with the discussion of various questions, all of more or less importance to the city. No small part of this time was used in the discussion of the salary or money received by City Attorney R. E. Lee.

Judge Lee, who was not at the last meeting of Council, April 16, at which time Council voted to place the City Attorney on a salary of \$125 per month, brought the question up last night and informed Council of its error in voting to fix his salary at the figure quoted. Judge Lee called attention to the fact that the City Charter provides that the salary of the City Attorney can be changed only by the passing of an ordinance to that effect, this ordinance specifying the amount of salary. Judge Lee also pointed out that Council, according to the City Charter, must fix the salary of all city officials in January next preceding each annual election of officers, but added that he would not attempt to hold Council to this provision, should it be to place his office on a salary basis.

Judge Lee explained to Council that he preferred working on a salary, but added that the salary should be commensurate with the work done, explaining that the proposed salary of \$125 per month was not enough for the work done. He further suggested that a salary of \$200 per month would be a fair figure for his office.

Duties of Attorney  
In presenting the side of the question to Council, Judge Lee told of the manifold duties of the office, stating that the handling of cases in Corporation court and the collection of delinquent taxes were only minor as compared to other duties of the office. Judge Lee stated that it is the duty of his office to draw up all ordinances, to examine all deeds, contracts, to examine titles, abstracts, and to serve as legal advisor to all city officials, to attend all meetings of City Council, as well as to perform other duties called upon.

Judge Lee also reviewed his work in collection of delinquent taxes, advising Council that he had made money at this, not only for himself, but for the city. Judge Lee stated that when he took office, unpaid delinquent taxes amounted to almost \$50,000 and that since that time he had collected more taxes than any or all of his predecessors. He stated also that he had filed very few suits but had resorted to other means for the collection of these taxes, but added that of the suits filed, he had won all except two that are still pending.

In closing his remarks to Council Judge Lee advised that he would be glad that Council put the City Attorney on a salary, but said that this salary should be placed at a figure that would be commensurate with the duties of the office. He stated that as City Attorney it is his duty to draw up an ordinance to that effect and that if requested by Council he would present this ordinance next Tuesday night.

It will be recalled that at the

last meeting of Council, Aldermen Bohannon and Spaw voted to place the City Attorney on a salary of \$125 per month and that Aldermen Boyett and Baugh voted against this. Since the resignation of P. C. McInnis as mayor, Alderman Shaw is serving in this capacity and as such could not vote last night. Aldermen Boyett and Baugh had not changed their opinion since the last meeting and seemed willing last night to vote to place the City Attorney on a salary of \$200 per month, these two being able to out-vote Alderman Bohannon.

No Action Taken  
When this seemed evident, Judge Lee asked Council not to take any action on this question until after the election of a mayor, May 18. This met with the approval of all and no further action will be taken until that time and until then Judge Lee will continue on the same basis as in the past.

Before taking up the salary question, Judge Lee stated that the Public Utilities bill that was defeated in the regular session of the Texas Legislature is now before the called session. Judge Lee advised that the City Attorneys Association of Texas had opposed this bill during the regular session and that a defeated bill is now being brought against the bill. He asked Council members to write Representative C. H. Jenkins and Senator Walter Woodward and ask them to oppose this bill.

Asks Band Aid  
Rex Gaither, in behalf of the Old Gray Mare Band, or the 142nd Infantry band, appeared before Council Tuesday night asking for financial aid during the next twelve months. Mr. Gaither explained that the city has been receiving \$75 per month from the government as rent for the rooms occupied by Company B, 142nd Infantry (the band unit). He further explained that unless financial help is forthcoming the company will be moved to one of several other cities in this section that are clamoring for it and if this should be done the city would lose the \$75 per month that has been received as rental. Mr. Gaither stated that these rooms could not be rented for more than \$10 a month for any other purpose, it was also pointed out. Mr. Gaither then explained that all he wished Council to do was grant the company rental on the rooms occupied in the Soldiers and Sailors Memorial Hall, thus allowing this amount to be used in financing the band. Council voted unanimously to grant this request.

Asked for Water Gauge  
J. J. Timmins and John T. Yantis, representing the Board of Directors, Water Improvement District No. 1, appeared before Council last night and asked for money to purchase a gauge to be used in Pecan Bayou to determine the annual water flow of that stream. These men explained that this gauge is necessary to the completion of the water project and that inasmuch as the water bonds have not been marketed, the Water Board does not have funds to purchase this gauge. City Council pleaded poverty also, advising these men that no funds were now available to purchase this gauge. However, no action was taken on this question, it being passed until next Tuesday night.

A petition by a number of Brownwood citizens asking that city grade road across the Will H. Mayes field from Coggin Avenue to the Santa Fe right-of-way, was acted upon favorably, despite that this road is not in the city limits. Not more than one day will be required to put this

It is not generally expected that this relocating subcommittee will make a definite choice of a location today, but it is understood this meeting is just a conference on the subject.

Of the eight men who comprise this committee, Pat Hooks of Itasca is chairman.

MESQUITE KNOTT BALL CLUB ON DISPLAY AT WINCHESTER STORE

Winchester Store has a real attraction in their show windows today and before reading further, we

would advise that this is not an advertisement for the store that Walter Watson and Fred McCutley operate. In fact, this is not an advertisement.

E. G. Wells, of Blanket, rural route No. 2 has manufactured a baseball team, rather than a real ball game. As the game proceeds, there are two runners on base and a boy with a big club at the bat. The pitcher is in the act of delivering the ball to the catcher and the base runners are headed around the sacks.

Mr. Wells has taken mesquite knots and from these has made players necessary for a regulation ball game with nine players to the side and in addition has fitted up one of the mesquite knot players as an umpire.

This novel team may be seen at the Winchester store engaging in a real ball game. As the game proceeds, there are two runners on base and a boy with a big club at the bat. The pitcher is in the act of delivering the ball to the catcher and the base runners are headed around the sacks.

Mr. Wells plans to take his mesquite knot outfit to Dallas or Fort Worth in hopes of selling it. And apparently the collection should prove a real attraction.

The Clear Creek Cemetery Association will have their annual memorial services Sunday with preaching at the eleven o'clock hour. Dinner will be served on the grounds. The graves will be decorated during the afternoon followed by an old fashioned singing.

TEXAS BUSINESS OUTLOOK GOOD

AUSTIN, Texas, May 1—(Sp.)—After a generally satisfactory first quarter, business and industry in Texas entered the second quarter of the year with confidence, according to Bernard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

The large volume of business done in the past few months has developed a "tendency to view the second quarter with enthusiasm," Mr. Nichols said. "While the outlook for the last half of the year is less cheerful, business and industry should be exceedingly good until well into the summer. The favorable results of the past year are further emphasized by the small number of failures and the many new corporations being organized each month. Aside from the strained credit conditions and some unfavorable features in agriculture, the business situation is rather bright at the present time.

Seasonal Gain "A small seasonal gain is reflected in the number of workers employed by Texas industries. There was a gain of 3 per cent in the number of firms employed on the payroll of 400 capitalistic firms located in 40 industrial centers on March 15 as compared to February 15. This compares with a gain of 2 per cent in February and a decline of .8 per cent in January. The steady gain is an encouraging feature. In most cases labor is well employed and satisfied, but there are some elements of unrest as witnessed by the pending wage disputes on one of the railroads and the recent trouble at one of the large oil refineries. A few complaints of unemployment are heard, whereas there were practically none at the beginning of the year.

High interest rates continue to demitinate the financial situation. Rates of all kinds reached the highest quotations since the deflation period of 1920. Moreover, rates are likely to continue firm over the next six or eight weeks. Checks circulate in the Dallas Federal Reserve District for the four weeks ending April 3 amounted to \$875-

WOODWARD AND JENKINS STAND IS CONDEMNED

Selection of Ballinger as the hostess city for the September meeting of the House of Representatives and the passing of resolutions condemning Senator Walter U. Woodward and Representative C. H. Jenkins because of active opposition to two publication bills before the 41st Texas Legislature, featured the business session of the Heart of Texas Press Association at Brady Saturday.

The association was extended a most cordial invitation by Ballinger for the meeting that is to be held September 21 and it was voted unanimously to accept Ballinger's invitation.

H. F. Mayes, publisher of the Brownwood Bulletin, and J. W. Crockrell, Gorman, were the principal speakers on the afternoon program. Mr. Mayes discussed best methods of securing, holding and handling of contract advertising, while Mr. Crockrell devoted his attention to "Politics and Politicians."

Immediately following the discussion by Mr. Crockrell, the association passed resolutions, condemning Senator Woodward and Representative Jenkins. It was pointed out that these two men opposed the publication bills sponsored by the Texas Press Association and its statements of editors and publishers are carried out, these two will meet with stubborn opposition on the part of the press should either ask the electorate for a return to office.

Entertainment Program The luncheon extended the visiting press representatives by the Brady Chamber of Commerce was a huge success, not only from a food standpoint, but as to entertainment. Those present were favored with several rare musical treats, the fea-

ture attraction being the McDonald Melody Boys.

Wilson D. Jordan and Harry F. Schwenker extended Brady's welcome to the visitors. Responses were made by Sam Miller of Mineral Wells, president of the Texas Press Association and R. L. Scott, of De Leon, president of the Heart of Texas Press Association.

It was voted to elect officers for another year at the September meeting in Ballinger.

Following the program and business session at the First Christian church, Brady citizens joined in taking all visitors on a tour of the city, pointing out the beauty spots of the city and other places of interest. After this the publishers and editors joined in a golf tournament at the Brady Country Club.

Decision was rendered considering gesture, carrying qualities, force, enunciation, and volume. Judges for the occasion were J. Fred McGaughey, professor of public speaking in Brownwood senior high, J. P. Powell and E. P. Woodruff of Brownwood.

**Oration Subjects**  
The oration winning first place and delivered by Mr. David was entitled "Our Glorious Heritage," a short speech dealing with the inheritance with which we are born into America. Mr. David spoke with the air of a trained and experienced orator.

Third place was awarded S. W. Helman of T. C. U. who spoke on "The Constitution of Today" in which he made a plea for adherence to the content of our sacred constitution.

The three other entries in the contest were M. L. Storey of Southwestern University, speaking on "The Downtrodden Youth of Today"; J. M. Mims to Simmons University, speaking on "Men of Iron"; and Frank Quittard of Baylor University speaking on "The Romance and Tragedy of Early Texas".

# COUNTERFEIT RING CHARGES AGAINST A FORMER GOVERNOR

JACKSONVILLE, Fla., April 10.—(AP)—Sidney J. Catts, Sr., former governor of Florida and a Baptist minister, today faced arrest on charges of aiding and abetting an alleged million dollar counterfeiting ring. Two federal indictments linking the former governor with financing a counterfeit conspiracy were returned here yesterday. Others named in the indictments were Julian Diaz, Tampa attorney, arrested recently in Miami; Mateo Mtr. Armando Dominguez and Modestino Leah Burwell, Diaz' former secretary. With the return of the indictments Judge Lake Jones set bond at \$35,000 for Diaz, alleged head of the syndicate, and \$17,500 each for the others. Catts is alleged to have furnished \$5,000 to the ring to finance the purchase of printing presses and equipment, with the understanding he was to receive \$25,000 of the counterfeit money as his part in the investment. Diaz was arrested in Miami when he is said to have attempted to pass a spurious \$100 note through his secretary, Miss Burwell. When detected, the woman, led federal operatives to Diaz' hotel where he was arrested. He claimed, the officers said, he received the notes from a Tampa bank.

# CIVIL SERVICE FIGHT GOES ON IN THE HOUSE

AUSTIN, May 1.—(AP)—Around the House today the fight for the pension bill to administer provisions of the act, the House continued to wage its civil service floor fight today.

Representative L. Anderson, of San Antonio, outspoken opponent of the plan, was unsuccessful in his attempt to obtain adoption of an amendment providing a pension after 20 years state service but failed in reducing the examination fee of applicants for state positions from \$5 to \$3. Representative A. P. Johnson, Carrizo Springs, fought the leading fight against the pension plan, claiming it was a violation of the state's constitution.

The afternoon session promised to evolve around what persons would constitute the examining board. The Kemble bill calls for the Attorney General, Secretary of State and State Treasurer to create regulations for placing civil service in operation.

Representative Homer De Wolfe, Goldthwaite, sought to make all state-elected officers members of the board. The move failed and the House turned its attention to an amendment by Representative J. R. Long, Wichita Falls, creating a civil service commissioner to be appointed by the Governor for a six year term.

# BIG RAILROAD BATTLE STARTS

NEW YORK, May 1.—(AP)—The New York Times said today that a battle of millions for control of strategic railroads in the east, comparable to that waged between the Pennsylvania and the Gould interests in the early part of the century, had been started between the Pennsylvania Railroad on the one side and the Chesapeake & Ohio on the other.

Through the Washab Railway, which it controls, the Pennsylvania is to apply to the Interstate Commerce Commission for permission to acquire roads sought by the B. & O. and the Van Swearingens and link them into a fifth trunk line between Chicago and Baltimore and New York.

It has been learned that the Hart Gas Company, which has served Bangs with Gas since 1922, has been sold to an eastern utilities concern, which will continue operating here.

This company, owned and operated by Mrs. Ralph Hart, has a fifty year franchise and has been selling gas at the rate of 80 cents less ten per cent.

The local name of the company will be the Bangs Gas Company. A rate of sixty cents less ten per cent has been secured on the terms of this franchise with a rate of 35 cents and under to users of 25,000 feet and more, it is learned.

Mr. and Mrs. Hart recently returned from Tulsa where a deal was made with the Morgan Utilities, through Neal K. Shaw, selling the plant, distribution and franchise.

Mrs. Henry McGeorge is reported seriously sick this week.

Last Friday night a Boy Scout Court of Honor was held in the school auditorium here when Brendon Bond and Jack Pulliam were honored with the rank of second class scout. # BATES TRIAL IN PROGRESS AT SAN ANGELO

SAN ANGELO, May 1.—(AP)—Judge W. H. Atwell of the United States District Court was ready to receive more evidence today in the trial of Carroll Bates, former San Angelo police chief, and 19 others on charges of violating federal prohibition laws.

Court room tables were decorated with hundreds of bottles of evidence which federal attorneys said was liquor. Crows filled the court room.

W. H. Hutcherson, prosecution witness, testified he paid Bates \$125 a week for protection against liquor raids when Bates was chief. He said he was working for J. A. Shield, one of the defendants, at the time, and that Shield would tell him whenever there was to be a raid. Customers were warned and liquor stocks hidden while the raid progressed.

# Plans of Washab

The Washab plans to file with the Commission a merger petition which would include the Western Maryland, The B. & O. in a recent merger petition asked for both the Western Maryland and the Pennsylvania. The Pennsylvania obtained control of the Washab through purchase of the Loree holdings. At the same time the Pennsylvania obtained control of the Lehigh Valley which connects with the Washab at Buffalo and would form the New York branch of the new system.

Between the Washab and the Western Maryland lie the Pittsburgh & West Virginia, controlled by Frank E. and Charles F. Taplin, and the Wheeling & Lake Erie, controlled by O. P. and M. J. Van Swearingen. The Times said it was accepted that the Taplins would act in concert with the Pennsylvania in the merger move.

Merger with the Wheeling & Lake Erie recently was asked by the C. & O. The Times pointed out that the move of the Pennsylvania is a blow to the B. & O. and the C. & O. but to the New York Central and might force the Central, heretofore neutral, to come out openly in support of the merger plans of the B. & O. and the C. & O.

# Bangs

The women of the Brown County Woman's Missionary Union met with the Bangs ladies on Thursday, April 25th. Mrs. Ed Pickett, president, had charge of the program for the day. Miss Ella Gilbert gave the address of welcome and Mrs. L. D. Galloway of Brownwood gave the response. The Bangs ladies rendered a beautiful quartette, entitled, "Wonderful City." Reports from the societies heard. The president's message, "Go Forward," was indeed the appropriate theme of the hour.

Luncheon was served at the noon hour in the church.

The afternoon was given over to business.

The resignations of the corresponding-secretary and of the Young People's chairman were accepted. Mrs. H. Romines, Brownwood, was elected corresponding secretary-treasurer and Miss Inez Gibson of Bangs, elected Young Peoples leader.

Mrs. Chas. Sivells, president of the Sixteenth District, led a conference on W. M. U. work which was instructive to the new members as well as to the older ones.

Mr. and Mrs. S. P. Martin were made happy Saturday night by the home coming of their eight children who reside in Fort Worth, Mr. and Mrs. Chrys Martin, Mr. and Mrs. Hillard Laswell, Misses Oda, Verdine and Gee.

The Clear Creek Cemetery Association held their memorial service in the school building Sunday. Rev. C. V. Carroll preached at the morning hour. The graves were decorated in the afternoon and some wonderful singing was enjoyed by all present.

A large crowd gathered at the Baptist Church Sunday to observe the one hundred and tenth anniversary of Odd Fellowship. Rev. J. L. Smart preached and sermon, titled Fellowship in Action, taken from the parable of the Good Samaritan, in the tenth chapter of Luke. The Odd Fellows and Rebekahs appeared in their regalia. Special music by members of the Lodge were rendered.

The singing at the Baptist Church was well attended Sunday afternoon and John A. Sparks, who proved himself to be a wonderful song leader and humorist, was greeted by a large crowd of people from the local community, who co-operated in a splendid way. Some special musical duets, quartettes, and one negro solo by Mr. Sparks with all the congregational numbers were surely enjoyed by all present. Hillard Laswell of Fort Worth was present and led one song. Mr. Laswell was formerly a resident of Bangs.

Mrs. Ada Walker and daughter, Mrs. Wolf, spent last Friday in the home of Mr. and Mrs. John Allison. Mr. and Mrs. J. O. Baugh of Rocky attended the singing here Sunday afternoon.

Mrs. Maurine Bell is reported better after several days serious illness in a Brownwood hospital.

Rev. and Mrs. M. L. Lanford and son, Herman of Coleman, spent last Sunday in the home of Rev. and Mrs. Lanford's daughter, Mr. and Mrs. C. C. Wilson, it being Rev. Lanford's eighty-third birthday. A beautiful birthday cake, with eighty-three candles, had been prepared and this, with all that goes to make up a bountiful dinner, was served to the parents and son.

Rev. H. D. Peoples and family of Ballinger came in Saturday and was accompanied by Mrs. Peoples' mother, Mrs. E. A. Taylor, to Brownwood, where Rev. Peoples performed the marriage ceremony of Miss Era Nix and Lonnie Lowery. Miss Nix is the granddaughter of Mrs. Taylor, and a niece of Mrs. Peoples, and Mrs. Taylor accompanied Mr. and Mrs. Peoples to their home where they will visit for several days.
