

MUENSTER ENTERPRISE

VOLUME XI

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY, MARCH 14, 1947

NUMBER, 16

Muenster Red Cross Purse Passes \$500; Expect About \$600

Will someone please explain what system of calculation the Red Cross uses in arriving at its quota figures? How does it happen that Saint Jo, with an official city population almost twice as large as ours and a community population at least as large, has a goal less than one-third as large as ours? And how does it happen that all of Montague County, including Nocoona, Bowie and Saint Jo and lots of small towns besides its rural population, has a quota of less than twice as much as ours.

It was a big surprise to me, and probably will be to you, to learn, as the Saint Jo Tribune mentioned last week, that its citizens are expected to raise \$300 toward the county's quota of \$1,800. While we're talking about proportions we can't help observing that Saint Jo seems to be assessed for more than its share of that county quota.

This doesn't mean that we're complaining about the figures set by our county Red Cross committee. Our quota of \$1,000 doesn't seem so far out of line when compared with the county quota of \$16,500. But compare that county goal with the other county goal. One of the figures — or both — is very much out of line.

Judging from Muenster's and Cooke county's goals, we are inclined to think that figures are determined mostly by precedent. Counties and communities that have been generous are expected to be generous again. All of which is well and good except that if a community strains to reach or exceed its goal it will probably have a higher quota for the next drive.

We've seen that happen at Muenster. Year after year we went over the top and each succeeding year the quota went up. Now we've reached the point where we can do far more than our share but still appear to be falling down on the job. As regards both the county and the community. Con would prefer a more reasonable goal and the satisfaction derived from reaching or passing it.

For an idea of what we mean, let's look at some of last year's figures. Muenster raised \$832 toward \$960 whereas all other rural communities combined raised \$694 toward \$2200. Comparatively speaking we did a wonderful job but the record still shows we fell short. Gainesville likewise did very well but after allowing for a several thousand lump donation from Prisoners of War it got no father toward its quota than we did.

This year's final tally will probably tell a similar story — a generous response from both community and county but not enough to meet the quota.

It was gratifying to notice that the House of the Texas legislature voted by a comfortable margin to ban the closed shop in this state. If Senate opinion runs anywhere near the same proportion, we are on the way to correcting at least some of our labor troubles. Progress in Washington along the same line encourages a hope that the whole nation is headed for better labor relations.

Union big shots have been fighting this move with all the power and propaganda at their disposal, but justice and common sense seem to be winning out in the end. Far from imposing economical slavery, as labor bosses claim, the move will bring economic freedom to the workers.

The real reason behind objections is that it will eliminate a lot of dictatorial power. Labor racketeers will no longer be able to use their absolute power as a club over industry, but the worker, on the other hand, will have his choice of following either the union or the employer.

It looks like a healthy condition, a happy medium between the old extreme in which managers pushed the workers around and the new extreme in which labor bosses pushed them around. Henceforth there will be competition for the good will of the

(Continued on page 10)

Property Owners Asked To Render City Taxes

Mrs. Nick Miller, city tax assessor-collector, this week requested citizens to stop in her place of business and render their taxes for 1947.

She especially directs the request to any who have recently had a change in their property status, particularly those who have bought or sold property and those who have recently moved to the city.

LOCATION ADJOINING K OF C HALL OFFERED FOR VETERAN BUILDING

The VFW Post now has two available locations for its contemplated new building. Knights of Columbus in their meeting last Wednesday voted to grant the veterans a long term lease to the location adjoining the K of C hall at the north.

The other site is that procured by the veterans several months ago a short distance west of the Joe Swirczynski home. The spot is not satisfactory to all because it is rather far from the main part of town.

Details such as dimensions of the site and duration of the lease will be discussed at a joint meeting of committees representing the two organizations.

J. A. Bridges, 66, of Bulcher Passes at Gainesville Tuesday

Funeral services were held at the Shiloh Baptist church Thursday for J.A. Bridges, 66, a Bulcher farmer for the past 45 years, who died Tuesday morning at his home in Gainesville where he had resided for the past three months, having retired because of ill health.

He was born in Tennessee on Jan. 5, 1879 and married Miss Mossie Walker 40 years ago. He came to Texas when he was 21 years old.

Survivors are his wife; six sons, Ira of Olton; Hubert, Temple, Mich.; Lester of Myra; Tillman of Bulcher; Junior J. of Houston, and T-5 Jay Bridges of Ft. Bragg, N.C., four daughters, Mrs. Hugh Lee Tuggle, Gainesville; Mrs. Aubrey Tuggle, Muenster; Mrs. Leta Reeves and Mrs. Helena Robinet of Gainesville, several grandchildren and two brothers. All of the children except the soldier son were at their father's bedside at the time of his death.

County FFA and 4-H Stock Show Will Be Held April 24-25

The annual Future Farmer-4-H Club Fat Stock show will be held in the livestock building at the Cooke County Fair grounds, on Thursday and Friday, April 24 and 25, it was announced Friday. Club boys and Future Farmers will be required to have their calves and hogs in the stalls and pens by 10 a.m., on Thursday, and judging is scheduled at 2 p.m. on that date.

Henry Arledge of Seymour, breeder of registered stock, which is exhibited on principal show circuits, will be judge of the show. He is one of the outstanding breeders in North Texas and ably qualified to render expert decisions on the stock shown.

On Friday, April 25, at 2 p.m., the auction sale will be held with Col. George Apple, well known McKinney auctioneer, wielding the hammer.

It is estimated by show officials that between 75 and 80 steers and some 40 fat hogs will be shown by the boys. The cattle will be divided into two classes.

Cooke county boys will also exhibit animals in the district calf show to be held at Denton on Friday, April 11.

NEXT SUGAR STAMP GOOD FOR 10 POUNDS

The Office of Temporary Controls announced Tuesday that spare stamp No. 11 in OPA family ration books will become good April 1st for 10 pounds of sugar.

Validation of the 10-pound stamp will mark OPA's change-over from the five pound ration procedure for household users. The current stamp No. 53, good for five pounds, will expire March 31.

Stamp No. 11 will be good through September 30 but OPA said a second stamp good for 10 pounds will be validated July 1 provided sugar imports meet expectations.

OPA officials said it is possible that still another 10 pounds, bringing the year's total for household users to 35, may be made available Sept. 30.

OPA emphasized that new stamps being validated include sugar for both home use and canning. No separate stamps will be issued for canning as in previous years.

ELECTRIC CO-OP WILL HAVE ANNUAL GENERAL MEETING ON MARCH 26

A reduction in electrical rates is one of the principal subjects to be discussed when members of the Cooke County Electric Co-operative Association hold their annual meeting on Wednesday, March 26. The place is the Muenster parish hall and the time is 7 p.m.

The annual election of directors is another matter to be decided at the meeting. Directors serving, and recommended for reelection by the nominating committee, are Bernard Voth, Joe Bengfort J.C. O'Brien, R.M. Felty, T.P. Skinner, Jack Crowover and Al Wiesman. Members favoring other candidates will have an opportunity to make additional nominations at the meeting.

As an inducement for a large attendance at the meeting the Co-op has provided a 7-foot deluxe electric refrigerator and several smaller electric appliances to give as attendance prizes. Members will register as they arrive, each receiving a number, and lucky numbers will be determined at a drawing.

Official notices of the general meeting will be sent to Co-op members the latter part of this week.

Parish Participates In Relief Drive for War Torn Countries

In a special collection next Sunday members of Muenster's Sacred Heart Parish will participate in a nation-wide campaign to raise \$5,000,000 for the relief of war victims in Europe and the Far East. The drive, identified as The Bishop's Relief Campaign for victims of War is conducted under the auspices of the National Catholic Welfare Conference.

Announcing the collection at services last Sunday Father Herman Laux explained that the funds will be used principally to provide food, clothing and medical care for destitute homeless children. Other deserving cases also get assistance, but principal attention is centered on maimed and under-nourished charges in charitable institutions.

The entire relief program is handled by the National Catholic Welfare Conference. Its representatives use the contributions to purchase supplies in this country, ship across the ocean and distribute among the European sufferers. Five million dollars is the minimum set for this drive. NCWC officials are confident that the final result will show a far better figure.

Special envelopes for the collection were provided in church last Sunday. Father Herman urges parishioners to identify their contribution by using these envelopes, or those who did not receive the envelopes are asked to use plain envelopes and write on their names and "Bishop's Relief Campaign".

Election On April 5 Will Name Two School Trustees

Two vacancies on the local school board are to be filled at the annual election of trustees on April 5th. They are the positions held by C.G. Clayton and E.S. Lawson.

Announcing the election this week, Herbert Meurer, secretary of the board, explained that the three year terms of both these members expires this year. Lawson was elected three years ago and Clayton was appointed last year to take the place of an elected member who had resigned.

At this writing Clayton has agreed to appear on the ballot. Lawson has not been approached for his decision but board members are confident he will be willing to seek another term.

Persons wishing to have their names on the ballot must announce their candidacy at least ten days before the election.

The District Supervisors of the Upper Elm-Red Soil Conservation District have approved a new conservation group three miles south of Gainesville. Farmers of this area met at the home of Clifford Truitt last week to discuss with Technicians of the Gainesville Work Unit Office the needs of a complete conservation program. Farmers interested in this coordinated conservation program include Clifford Truitt, John Howell, Joe Pulte, Jack Barnhart, Alfred Sampert, Richard Frasher, Fred Frasher, Pete Preshler, Adolph Dudenhoeffer, Mrs. Lawrence Pittman, and J.L. Leazer

Death Wednesday Night Ends Lingered Illness of Charles 'Bud' Bernauer, 33

COMMUNITY RECORD OF BLOOD TYPES URGED AS EMERGENCY MEASURE

Recent difficulties in locating a matching blood type for transfusions for Bud Bernauer inspired a revival of the blood donors movement which was sponsored by the Knights of Columbus several years ago. Efforts are now under way to maintain a permanent record of blood types in the community.

The record will serve two purposes. In the event that anyone needs a transfusion a list of possible donors can be secured as soon as the needed type is determined. If the person needing blood is recorded the list can also save the delay of testing for his type.

J.W. Fisher has volunteered to keep the type record.

Introduced at a K of C meeting last week the movement has already made a good start, Fisher stated. Several ex-service men who remembered their types have reported. Some other persons have had blood tests made and reported their types.

Everybody is invited and urged to get on the record, Fisher stated. It is open to everyone regardless of age or sex.

Snow and Rain Bring Much Needed Relief To Community Crops

Finally crops of this community are getting some of their badly needed moisture. Combined snow and rainfall during the six days through Wednesday added to more than 1.5 inches and prospects late in the day were favorable for continued rainfall.

The start came Friday with a snowfall of 5 to 6 inches topping records here for 11 years. It fell fast and steadily through most of the morning in a temperature that hovered just above the freezing mark and permitted slow thawing as it settled. The condition was ideal for crops. Almost all the melted snow soaked into the soil.

The soil likewise got practically 100 per cent benefit from the rain. A steady drizzle, it soaked in as it fell.

GAINESVILLE REVIVES CIRCUS ROUND-UP; SETS DATES FOR APRIL 23-25

Reviving an annual celebration suspended during the war years, the fourth Spring Circus Round-up will be held in Gainesville three days next month April 23, 24 and 25, in connection with the formal opening of the 18th season of the Gainesville Community Circus.

The roundup will open with a Pioneer Days parade on Wednesday, April 23, with a dozen bands from neighboring towns, stage coaches, covered wagons and hundreds of mounted people participating.

The homecoming celebration will also be a feature and thousands of former citizens and men who were stationed at Camp Howze and their families, are being invited to be present.

The Junior Chamber of Commerce will sponsor a night club each evening after the circus performance in Fair Park Community center. The annual 4-H-FFA club livestock show will be a feature on Thursday and Friday.

The circus queen, chosen from among Gainesville's prettiest girls, will be crowned on the closing night at the circus performance and her retinue will include duchesses and dukes from neighboring cities and communities. A coronation ball will follow in Fair Park Community center.

The city will be elaborately decorated for the occasion and western garb will be in vogue.

Catholic Daughters of America are reminding of a regular monthly meeting this Friday evening following Lenten devotions. The session will be held in the K of C hall.

Enters Final Coma Tuesday Following Apparent Rally; Funeral Plans Incomplete

Charles A. "Bud" Bernauer's fight for life ended at 10:20 Wednesday night. He passed away quietly in St. Anthony's Hospital, Oklahoma City, without regaining consciousness from the coma he entered Tuesday night.

Funeral arrangements are incomplete at this writing. His death follows a long illness which forced him to quit work about six weeks ago and enter the hospital for treatment about two weeks later. Failing to respond satisfactorily to nourishment and transfusions he continued his steady decline.

Alternating favorable and unfavorable reports on his condition reached here this week. After a sinking spell Sunday he rallied in both physical condition and spirit. Doctors, believing that he was finally gaining enough strength for an operation, planned their surgery for early Wednesday. His final relapse prevented the operation.

Meanwhile two organizations in Oklahoma City were standing by, ready to give transfusions if and when Bud should need more of them. One is the American Legion of which his brother, Henry, is a member. The other is the K of C council which took action on a phoned request from John Hoffman to the Oklahoma City grand knight. Each organization had contacted several volunteer donors of his blood type.

Bud was born in Helena, Ark., 33 years ago and came to Muenster with his parents, the late Mr. and Mrs. Henry Bernauer, when he was 4 years old. He married Miss Cora Russel here in 1935 and they made their home in Gainesville for one year, then moved to their present home west of this city.

He was owner and operator of the service station beside his home and local representative for a freight agency.

Survivors are his wife and three children, Charles R., Bobby Louis and Nancy Jane; a brother, Henry, of Oklahoma City and a sister, Mrs. I.V. Fonville of Durham, S.C., three uncles and three aunts, L.A. and C.J. Bernauer, Muenster, Joe Bernauer of Panhandle, Mrs. L.W. Flusche, Decatur, Mrs. Josephine Wernet of Waco and Miss Frances Bernauer of Nashville, Tenn.

Three Day Outing And Field Mass on Program For Both Scout Troops

Plans for a three-day outing furnished the principal topic for discussion at the regular meeting of Boy Scout Troop No. 164 Monday evening. The event will take place on April 11-12-13, the weather permitting, and in addition to Troop No. 164, Air Squadron Scouts will participate in the three day bivouac. Their plans were outlined at their meeting Tuesday night. A field mass by Father Herman on Sunday morning, the 13, will be one of the highlights of the event.

Committeeman Andy Hofbauer was a speaker at the junior scout session, and Emmet Fette, Air Squadron leader and Martin Bayer were guests.

Roger Wolf was appointed bugler for the troop and James Knabe was named cheer leader. Boxing matches concluded the evening's program.

The Air Squadron had a board of review on Tuesday with Ben Seyler, Ray Wilde, Paul Walterscheid and Dr. T.S. Myrick giving tests for the apprentice rating.

At their meeting next Tuesday, 18th, the Air Squadron will hold a court of honor and will be presented with badges.

Mr. and Mrs. Cris Jensen and son and Mrs. Amber Estes, all of Wichita Falls, spent Sunday here with their parents, Mr. and Mrs. W.T. Richter. Mrs. Richter is still confined to bed but is improving after a five-week illness.

Mr. and Mrs. Wm. Terrell and daughter, Toni, of Fort Worth returned to their home Sunday after being here since Thursday to visit her parents, Mr. and Mrs. J.W. Fletcher and Grandmother Shiflet.

From where I sit... *by Joe Marsh*

Mystery of the Rocking Chair

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a noisy creak. Pa Hoskins has listened to that squeak for thirty years . . . and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was . . . but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak . . . squeak.

No need to tell you how Pa felt.

Quick as a wink he hid the new rocker and then brought Ma's old chair back to the house. Now when he hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "She's just as entitled to her small pleasures as I am."

From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, peace-fullest folks in our town.

MEET THE NEW MAID OF COTTON!

Hilma Seay, a brunette, 21, has begun a tour which will take her to 35 American cities, and to Paris and the French Riviera to model an all-cotton wardrobe created for her by the world's greatest designers. Miss Seay, a Memphis, Tenn., girl, will be the Land of Cotton's ambassador throughout 1947. A voice student, she is a college senior.

Fort Worth Tuesday.

Mr. and Mrs. Ray Evans had as their guest Monday to Thursday, her cousin, Mrs. Vallie Robinson of Dallas.

Mr. and Mrs. Eugene Hoedebeck of Denison were here Sunday for a visit with his parents and other relatives.

Most Rev. Bishop Augustine Dangelmayr of Dallas spent several days of the week here with members of his family.

John Coursey is having his home refinished with asbestos siding and is adding other improvements.

Miss Dolly Lehnertz, a student nurse at Fort Worth, spent the weekend with her parents, Mr. and Mrs. Joe Lehnertz and family.

Mr. and Mrs. Cecil Cain and her parents, Mr. and Mrs. J. A. Travis, attended the Grayson County Sing at Sherman Sunday.

Mrs. Betty Purcell of Star City, Ark., is here for a month's visit with her niece, Mrs. Ray Evans and family.

Work at the Lou Wolf home consists of remodeling the attic into a room and the building of a stairway.

Mrs. Eva Gottlob returned to her home in Azle Wednesday after being here since Friday to visit relatives and friends.

Miss Martha Jesko, a student at OLV College, Fort Worth, was here as the weekend guest of her uncle, R.M. Zipper and family, and the Ben Luke family.

Mrs. Ed Wolf advises this week that they have bought a home in Grand Prairie and their address is 225 Moore Avenue. They formerly lived in Garland.

Mr. and Mrs. Ferd Yosten and daughter, Judy, were here to spend the weekend with their parents, Messrs. and Mmes. I.A. Schoech and F.J. Yosten.

Mrs. O.V. Scott has returned to her home in Dallas after spending several days here with her husband at the J.B. Wilde's where he resides while drilling oil wells in this area.

Since the beginning of this week Miss Helen Ryle is making her home with Rev. and Mrs. Fred Stumpp in Gainesville. She is a senior in high school and after her graduation will enter nurses' training.

Among Stock Show visitors Sunday were Mr. and Mrs. Tony Trubenbach Jr., Mr. and Mrs. Alois Trubenbach and son, Lloyd, Mr. and Mrs. Herman Fette, Joe and Albert Dangelmayr, Misses Betty and Dorothy Hartman, Mr. and Mrs. J.M. Weinzapfel.

Mr. and Mrs. G. H. Hellman had word Tuesday that their son-in-law and daughter, Mr. and Mrs. Vincent Baker and sons arrived at their home in Allegan, Mich., safely. They left here in Friday's snow and mentioned in the letter that the first 100 miles were really bad, but the last 800 were sunshiny.

KC Council Starts Work On Program For District Initiation Here April 20

Preliminary plans for the K of C initiation to be held here on Sunday, April 20, got under way at the council's regular meeting last Wednesday night. Grand Knight John Hoffman stated it will be a district event accommodating candidates from Muenster, Gainesville, Sherman, Denison and Pilot Point.

Principal points on the program are already decided, Hoffman said. It will open with group attendance at mass, degree work in the afternoon and an evening meal. A committee, which is scheduled to begin work this week will decide between a banquet and buffet supper and also work on other features of the program.

SMART KITE FLYERS CHOOSE THE

WIDE OPEN SPACES

It's spring... the time of the year when youngsters feel the urge to fly their kites. It's time, too, to remember that the smart kite-flyer knows and observes certain rules of safety. That's why you'll find that smart youngsters fly their kites only in wide open spaces... where there are no electric power lines or other obstacles which add hazards to kite-flying.

Flying your kite safely will keep you from getting hurt. It will also show other youngsters how to fly their kites safely.

Subscribe to this
EXPERT KITE FLYER'S CREED

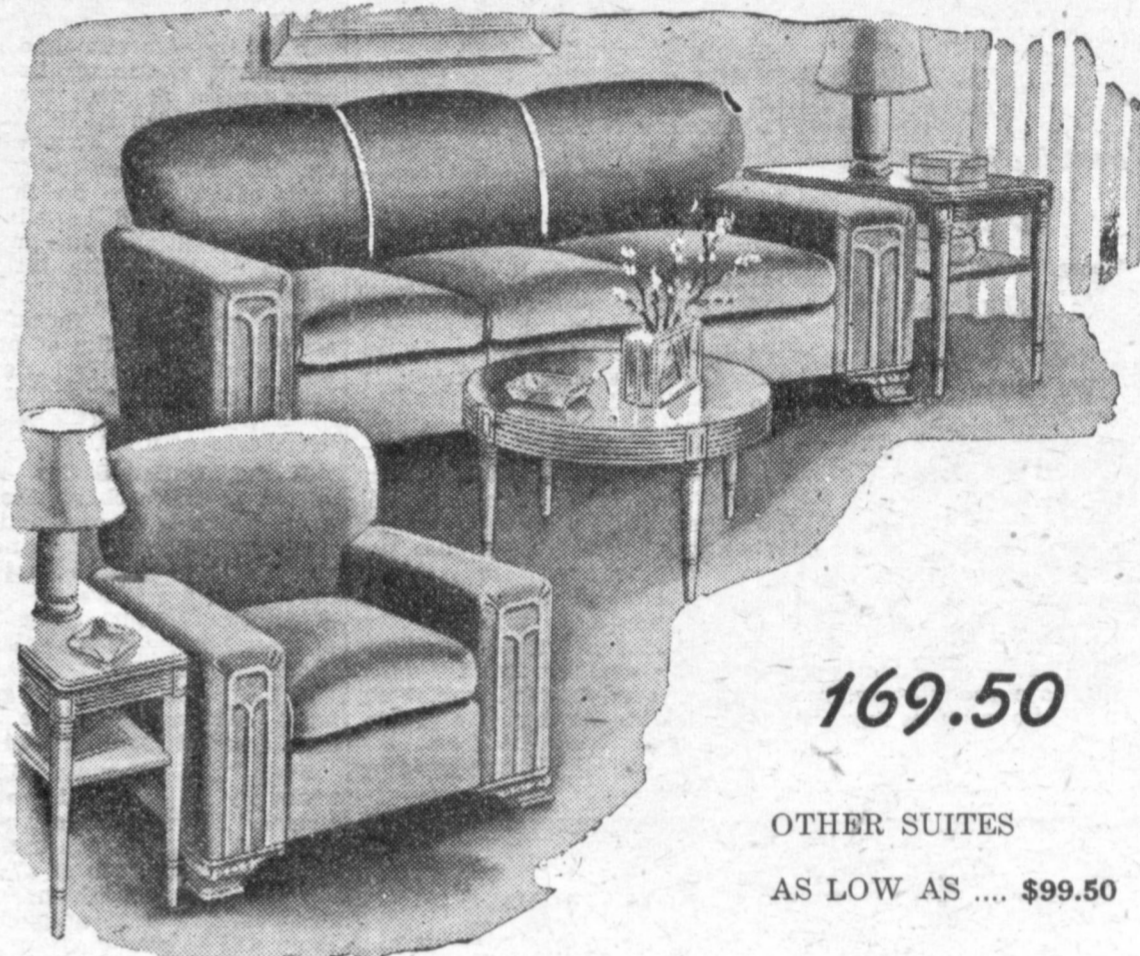

When I Fly My Kite...

1. I will choose open spaces free from electric wires, poles, large trees, ditches, or other obstacles.
2. I will never use metal or wire in my kite string or in my kite.
3. If my kite should become lodged in electric wires or high trees, I will not try to retrieve it by climbing poles or trees near electric wires, because to do so might endanger myself or my companions.
4. I will look and be sure of the ground over which I am going to run to get my kite into the air.
5. I will be alert when flying my kite so that a high wind or sudden gust will not pull me off balance, or cause the cord to burn my skin as it slips through my hands.
6. I will do my best to see that my friends who fly kites, or who help me with my kite, also observe these rules.

If your kite should become lodged in electric service wires, call your electric service company and they will gladly send someone to remove it for you.

The American Way
 By George Peck

EQUALITY

Just what does "equality" mean? We hear that word "equality" tossed lightly around but there seems to be a wide divergence of opinion as to just what the term means when applied to the human family. Ask a socialist what he means by "equality" and he will tell you it signifies a civilization in which all equally share the wealth. He will forget to add that it also means an economy in which all share the poverty, because socialist regimes have a nasty habit of creating poverty for all, instead of the promised

Utopia of wealth for all. Ask a capitalist or a believer in the capitalistic system and he will define "equality" as a civilization in which all have equal opportunity and equality before the law.

Commencing with the French Revolution, the socialistic dream of equality of wealth has led to vast cruelty and endless bloodshed, all to very little purpose. At times the Bourgeoisie and the upper class either were relegated to the side lines or liquidated by the proletarians; wealth was confiscated and divided. But, in every such case, it was not long before the people discovered that the beautiful theory of equal sharing of the wealth does not work out very well in practice. By rendering inactive or killing off the brains of a nation, the sum total of accomplishment always has been poverty for all.

Any government immediately can establish equality of a sort by taking away property from the rich "haves" and distributing it

among the poor "have-nots." Wherever government has tried this, the "have-nots" did not become less poor. Notable examples of this are the French and Russian Revolutions. Why did these fail to raise the standards of living of the French and Russian peoples? Simply because confiscation of the property of the rich, even if honestly distributed among the general population, no more raises the level of wealth than a cup of water appreciably raises the level of water in a bathtub. The net result of these two revolutions was to produce an equality of poverty. This is always easy to do and any dictatorship can accomplish it. What dictatorships cannot accomplish is an equality of plenty.

Here in America under the capitalistic system we had made considerable progress toward an equality of plenty. It would be silly to contend that we had reached that much-to-be-desired goal, but we were on the right track — we had travelled further toward it than has any other nation in the entire history of the world.

We knew the formula for achieving an equality of plenty—that if a sufficiently large number of things are produced, the distribution among all classes takes care of itself.

If the United States is permitted to get back on the track upon which it started and journeyed for 160 years, it is not unreasonable to assume that eventually we will achieve an equality of plenty. The 80th Congress has a mandate from the American people to get this nation out of the New Deal ditch of government interference, where it has been derailed these past 14 years.

There is a minimum of things necessary to man's decent subsistence. Likewise there is a maximum of things he can use. When sufficient production of all things — necessities, semiluxuries and luxuries—has been accomplished, there will be plenty of everything for everybody and an equality of plenty will have been established. But this all-out production can be achieved only if government removes its messy fingers from industry and business.

ARE YOU A SPONGE?

A sponge is a contemptible form of life. It takes up more than it gives. We all know the "sponge" in the office, home, church, and community. He will not do his part. He will not do his part. He will not pay his way in money goods or services. He will not pick up the check. In his community he expects to enjoy all the blessings of civilized modern society without contributing anything to the community. He would not have his family live in a town that did not have good schools, churches, parks and playgrounds, pure water and good supplies and cultural advantages but he will not help in any way to provide them. He takes but he will not give. Thank God that in every generation of progress there have been some stalwart souls who gave of themselves unselfishly that the world might go forward, so that "sponges" and children of "sponges," as well as good citizens and

CHEESE SOUFFLE

One dish can make a truly enjoyable meal, especially when it's served with a green vegetable or fruit salad. So, next time when you want to prepare a wholesome meal quickly, try as the main dish a

Cheese Souffle
 4 tablespoons fortified margarine
 2 tablespoons flour
 1 cup scalded milk
 1/2 teaspoon salt
 1/2 teaspoon pepper
 dash cayenne pepper
 1/4 teaspoon chili powder
 1 cup grated cheese
 4 eggs
 Melt margarine; add flour. Add scalded milk and stir; cook until thick and smooth. Add salt, pepper, and cheese. Remove from fire, add unbeaten egg yolks; beat well. Cool; fold in stiffly beaten egg whites and pour into greased baking dish. Bake in moderate oven (350° F.) 35 minutes. Serve at once. Serves 4. Any leftover chopped cooked vegetables, chopped meat, or fish may be substituted for the cup of grated cheese.

For other taste-tempting recipes write today for your free copy of the new two-color, 32-page recipe booklet, "Meatime Magic," to National Cotton Council, Box 18, Memphis 1, Tenn.

children of good citizens, might enjoy greater privileges.

You cannot go on permanently taking out more than you put in. This is true in business, in social contacts, in citizenship and in service to the world. In the long run the "sponge" cannot win anything but the dry husks of a squeezed-out empty heart.

"Good morning, Jimmy," said the neighbor to the small boy sweeping off the porch. "Is your mother in?"

"Would I be doing this if she wasn't?"

Nowadays servants are neither black nor white. They're green.

SOCIAL AFFAIRS HONOR MICHIGAN VISITORS

Mr. and Mrs. Vincent Baker and sons, Billy and Danny, who left Friday to return to their home in Allegan, Mich., following a visit with her parents, Mr. and Mrs. G.H. Hellman, were honored with a number of social affairs during their stay here.

Mr. and Mrs. Rudy Hellman began the series of get-togethers for relatives with a dinner and card party in their home. Mr. and Mrs. Arthur Hellman were hosts for an all-day Sunday affair at their home, and Mr. and Mrs. G.H. Hellman's home was the scene of a family reunion party.

Mr. and Mrs. Tony Trubench were hosts for a duck dinner, and Mr. and Mrs. Herbert Meurer honored the visitors with a six o'clock dinner in their home. Mr. and Mrs. John Fette complimented the Bakers with a

fried chicken dinner in their home, and another courtesy was extended by Mr. and Mrs. Jimmy Lehnertz who were hosts for a dinner party in their home.

A drive to Fort Worth and attendance at the Stock Show and rodeo Thursday by the Bakers and relatives concluded their vacation visit. Enroute home they stopped in Tulsa to spend a day with the P.W. Hellman family.

A chap, arraigned for assault, was brought before the judge.

Judge: What is your name, occupation, and what are you charged with?

Prisoner: My name is Sparks, I am an electrician, and I'm charged with battery.

Judge (after recovering his equilibrium): Officer, put this guy in a dry cell.

CHEVROLET

Again in 1946 ...

**FIRST
IN SALES!**

**FIRST IN CAR SALES—FIRST IN TRUCK SALES
FIRST IN COMBINED CAR AND TRUCK SALES!**

The final registration figures are in, and again in 1946 America purchased more Chevrolet cars—more Chevrolet trucks—more Chevrolet cars and trucks combined—than any other make, despite the fact that Chevrolet was out of production entirely during the first three months of the year! A magnificent tribute to Chevrolet production efficiency, as well as to the dollar value of Chevrolet products! It's the best proof you can possibly

have that you're wise to choose Chevrolet, the only cars giving BIG-CAR QUALITY AT LOWEST COST, and the only trucks rating as THRIFT-CARRIERS FOR THE NATION! True, there still aren't enough new Chevrolets to go around, but highest popular demand means higher dollar value, just as highest production means quicker delivery of your new car or truck. Place your order—today!

CHEVROLET—LOWEST-PRICED LINE IN ITS FIELD

MUESTER, TEXAS

Washington News Letter

By Congressman Ed Gossett

Washington, D.C., March 8 — The 80th Congress has thus far debated or acted upon few bills of great consequence. However, the real work of a congressman and of the Congress does not always show on the surface. Congressional Committees have been hard at work sorting the grain from the chaff.

One bill passed by the House this week extends for six months the time within which farm workers may be imported. This was a program set up during the war. Under it, approximately 80,000 farm workers have been imported annually into this country. In this connection, I am reminded that in September of 1945 numerous so-called experts appearing before our Committee to testify in favor of the Guaranteed Full Employment Bill predicted that within a few months we would have four or five million people unemployed. None of their dire

predictions came true. For the last couple of years other experts have been testifying that the prices of farm land and of farm products would sky-rocket far beyond their previous levels, and that the debacle following World War I would be repeated with greater disaster. These dire predictions, too, have utterly failed. With certain exceptions farm prices and land values are actually falling. Apparently, however, Washington will always be filled with crises and emergencies of various kinds and degrees.

Within the last few days we have heard a great deal about the box car crisis. Box cars have been decreasing in number. We have available at this time 1,740,000 box cars but need immediately an additional 300,000. While 40,000 new cars were built last year, 59,000 became unfit for service. One-third of all those now in service are over 26-years of age whereas the average life of a box car is around 25 years. Twenty-two factories in the United States are engaged in box car production at an average cost of \$35,000 each.

Motor transportation in this country is stupendous notwithstanding alleged shortages. In 1920 we had 9,000,000 motor vehicles; in 1929 we had 27,000,000 motor vehicles. At this time we have 27,500,000 privately owned automobiles, 2,000,000 fewer than in 1941. However, truck registration in 1946 totaled an all time high of 5,500,000. Farmers are now using more than 2,000,000 tractors. Thus we have in excess of 35,000,000 petroleum burning motor vehicles. Incidentally, Japan started her recent war with less than 300,000 motor vehicles.

Speaking of motor fuel, during the war America produced more than 72% of the world's oil, and furnished 85% of all 100-octane gasoline. America's current petroleum production in terms of manpower, is equal to four and a half billion men working eight hours per day six days per week.

A proper use of manpower and machines could produce luxury and leisure beyond our dreams. But luxury and idleness destroy those on whom they smile.

The biggest event in Washington this week was, of course, the favorable decision of the Supreme Court in the John L. Lewis — United Mine Workers case. This decision in no wise solves our industrial-labor problem, however. This decision is based on the Smith-Connally Act which expires on June 30 of this year. John L. Lewis predicts another mine strike after this date. Congress must still pass legislation to protect the public from abuses by big industries and gigantic labor unions.

As March 15 approaches all of us have begun to become tax conscious. Small tax payers feel pinched as never before. However, large income are also hit. Rates pass 28% on taxable income at \$6000; 36% at \$10,000;

This is AMERICA!

50% at \$18,000; 71% at 50,000; and 86% at \$200,000.

Before we can expect much relief from taxes we must have some relief from spending. While much of our spending is necessary, we still waste lots of money.

A letter just received from a War Department employee in Manila contains this statement: "I haven't done an hours work per day since the first of December and yet other civilian employees are still coming in droves from the States. Why the people

who are already here are not given the jobs is something I cannot understand. I have asked to be sent home or given something to do but Personnel just keeps putting me off. It is both disgusting and discouraging."

The government must do a better job on less money with fewer employees.

The man who never thought anything of walking ten miles a day now has a grandson who never thinks of it either.

Why freight rates are going up...

Since 1939, railroad employees have had three general pay raises totaling 52 1/10%, and the prices of fuel, materials and supplies have risen 61 1/10%.

But when the war ended in 1945, the railroads were still hauling freight at rates no higher, and in some cases lower, than when the war began.

Without increased revenues, railroads could not meet these costs and also provide improvements in equipment and facilities — improvements that are essential for the low-cost freight and passenger services which are necessary to America's high standard of living.

Under these circumstances — and almost a year after the last major wage increase — the Interstate Commerce Commission recently approved an average increase in freight rates of 17 1/10%.

Of all the price increases in America

today, few have been so little and so late as that in the price of railroad transportation.

How important are healthy railroads to a prosperous country?

Only when the railroads are financially healthy can they provide the new equipment, improved road beds, and better terminal facilities needed for still better service to you.

The defense of the nation depends upon the continuance of the efficient transportation which served the nation so well in the last war.

The railroads are among the largest employers of labor. They buy over

100,000 different products. They pay big taxes — taxes which are spent not only for public schools, public health, and police and fire protection, but even for highways, airways, airports and inland waterways.

Railroads are America's lifeline — keeping goods flowing among the 48 states day and night in all weather.

They can continue to do this only if there is a reasonable balance between income and outgo. Like yourself, the railroads must make ends meet!

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

A SAD SACQUE

Armless Man Says "There Ain't a Thing You Can't Do"
 Amarillo. — Meet a man who lost his arms from the elbows down but can play a piano, write with a pencil, pick up coins and perform a host of hand-requiring tasks because "there ain't a thing you can't do if you try."
 Meet "Happy" Frank McKoewn who has proved his motto — "You can do anything you try."
 When "Happy" was nine years old, he left Texas for the East coast. He got a job in a New Jersey factory, where a machine accident caused him to lose his arms from the elbows down and changed his whole future.
 He decided to make his misfortune help give others courage. "Happy" became a traveling missionary to the armless, bringing cheer and new hope to other people who were with out hands or arms. He said he wanted to make people happy.
 World War II gave him his biggest job — entertaining men who lost their limbs in battle.
 "You can't imagine the effect I had upon the boys in the hospital wards," he said. I walk into the ward and start acting up. They think "why, that poor guy's crazy." But then pretty soon they're all laughing and enjoying themselves.
 He still answers calls to visit veterans hospitals.
 On the lighter side, "Happy" loves to play practical jokes on people. He carries combs into streetcars to make people wonder what a man without hands — or hair — is doing with a comb. Too, he keeps saying, "I gotta get a manicure some time today."
 The New Jersey accident probably would have made an invalid out of an ordinary man. But it made him "happy — the world's greatest cheerup man."

Both of these sweaters were laundered the same way in the family washing machine — but the sad sacque being held up for size was not Koloc treated. What is Koloc? Well, it's a milk-like liquid derived from petroleum and coal tar products. When applied to woollens, it reduces shrinkage from the range of 30 to 40 per cent to as little as two or three per cent. In addition, Koloc treated fabrics are said to be approximately 10 per cent stronger and promise longer wear.

Keep Your Draft Card; It's Ideal For Identification

Washington. — If Congress lets the draft law die March 31 as President Truman recommends, you can go ahead and throw away your draft cards, Selective Service said today.
 "But you'd be foolish to do it," a Selective Service spokesman said, "because they make darn good identification cards."
 While the law last, it is a criminal offence to do away with draft cards.
 It is possible to make a sound argument without making a lot of noise.

"Boy, was I lucky! Had my car down at URBAN ENDRES GARAGE for repairs."

**for your
ENGINE'S SAKE!**

**RENEW THE OIL FILTER ELEMENT
REGULARLY . . . AS SPECIFIED**

Keep the filtering system on your tractor in top-notch working condition by changing the filter element regularly. No dirt, sludge or abrasive material can reach vital engine parts if you do this. The new International Harvester "umbrella" type element affords full protection for 120 hours of tractor use (100 hours for Diesel engines). Constructed on the same principle as the "micronic" filter elements used by the Armed Forces it filters out every bit of abrasive material, even the tiniest particles. It requires no bothersome cleaning—you simply discard the dirty, used element and replace it with a clean, new one. Inexpensive . . . easily changed . . . keeps engine oil clean twice as long.
Let us supply your needs now.

**VETERAN GAS COMPANY
AD MAN RESIGNS TO
JOIN TRADE JOURNAL**

D.A. Hulcy, president of Lone Star Gas Company, has announced the appointment of James M. Floyd of Fort Worth to succeed Will C. Grant as advertising director effective April 1.

Mr. Grant announced his retirement from the company in order to be relieved of administrative duties and to do some trade journal writing. He will be southwestern editorial representative for Robbins Publishing Co., New York. In announcing Mr. Grant's retirement President Hulcy said that he had accepted the resignation with regret because Mr. Grant had rendered effective service in a position of responsibility. He organized the advertising department in January, 1929, and since then has been active in civic and advertising affairs in the southwest.

Mr. Floyd has been connected with the company since 1937. He has a wide acquaintance in public and civic organization circles, principally in Fort Worth. He formerly was assistant city attorney of Fort Worth.

Service Life Insurance

President Truman has signed legislation liberalizing the National Service Life Insurance Act for some 10,000,000 World War II veterans who have permitted their policies to lapse.

Policies, which have lapsed at any time, may be reinstated by payment of two monthly premi-

OYSTER CREOLE
Does this month have an "R" in it? Yes. Then it's time to break out with the oysters and prepare that palate-tickling dish—

Oyster Creole
(served around peanut-rice loaf)
18 oysters
4 tablespoons fortified margarine
4 tomatoes, skinned
1 bay leaf, crushed
1 teaspoon garlic salt
1 onion, minced
1/2 teaspoon powdered thyme
1/2 teaspoon powdered basil
Saute oysters in margarine over low heat until gills curl. Cook together the remaining ingredients, adding liquid from the oysters, to make a rich sauce. Pour over oysters. Reheat carefully. Serve around Peanut-Rice loaf. To prepare Peanut-Rice loaf: Mix hot cooked rice with peanuts toasted in a little margarine. Pack into small bread tin, then turn out on platter. Serves 4-6.

For other taste-tempting recipes write today for your free copy of the new two-color, 32-page recipe booklet, "Meatime Magic," to National Cotton Council, Box 18, Memphis 1, Tenn.

"That catty friend of yours said I was half-witted."
"Oh, don't mind her. She always exaggerates."

"Did you hit the boss for a raise?"
"Certainly not. All I had to do was kiss him."

We never criticize a kicker who kicks toward the goal.

A lie may not have legs to stand on, but it sure has wings to fly.

The sudden entrance of a wife has caused many a stenographer to change her position.

**Major Crimes In '46 Set
New National Record; One
Every 5.7 Minutes, Says FBI**

Washington. — FBI Director J. Edgar Hoover said Wednesday that crimes in 1946 broke all records for the last decade. Every 5.7 minutes there was a case of murder, manslaughter, rape or assault to kill.

Major crimes in all categories throughout the country totaled 1,685,203 last year, an increase of 119,662 over 1945, he said in a report. He noted this meant an average of one such crime every 18.7 seconds.

Hoover listed the following 1946 totals:

Murder and manslaughter 8,422, manslaughter by negligence 4,701, rape 12,117, robbery 62,782, aggravated assault 67,512, burglary 357,991, larceny 941,738 and auto theft 29,920.

"During the average day 36 persons were slain, 33 were raped and 185 others feloniously assaulted," Hoover commented.

He said estimates are based on monthly reports received by the FBI from more than 2,200 cities representing a combined population in excess of 67,000,000.

He: "They say too much kissing affects the mind."
She: "You're crazy!"

Automatic Gas Range built to "CP" Standards

The one sure way to get all the advantages of modern gas cooking is to look for the "CP" Seal on any "make" range before you buy. The Seal is a quality mark. It identifies ranges built to the highest standards as set by cooking experts, home economists and gas utilities working with leading manufacturers. A gas range built to these standards gives you the best cooking results with no old-time cooking chores. It gives you **Cooking Perfection.**

PROPER DIET, PLENTY SLEEP, WARM CLOTHING HELP PREVENT COLDS

Austin, Texas — What causes colds? Colds are caused by germs too small to be seen under a powerful microscope, they are known as "Filterable Virus." They are present in discharges from nose and throat. They are spread from person to person by sneezing, coughing, spitting, or on any freshly contaminated article, as a drinking glass, which will pass on the infected saliva. A cold is not likely to be passed on during the first 24 hours.

If we could each live like a hermit, apart from others, we would probably never "catch cold". People living in Greenland and Labrador, we are told, do not have colds in the winter even when exposed to the most severe weather.

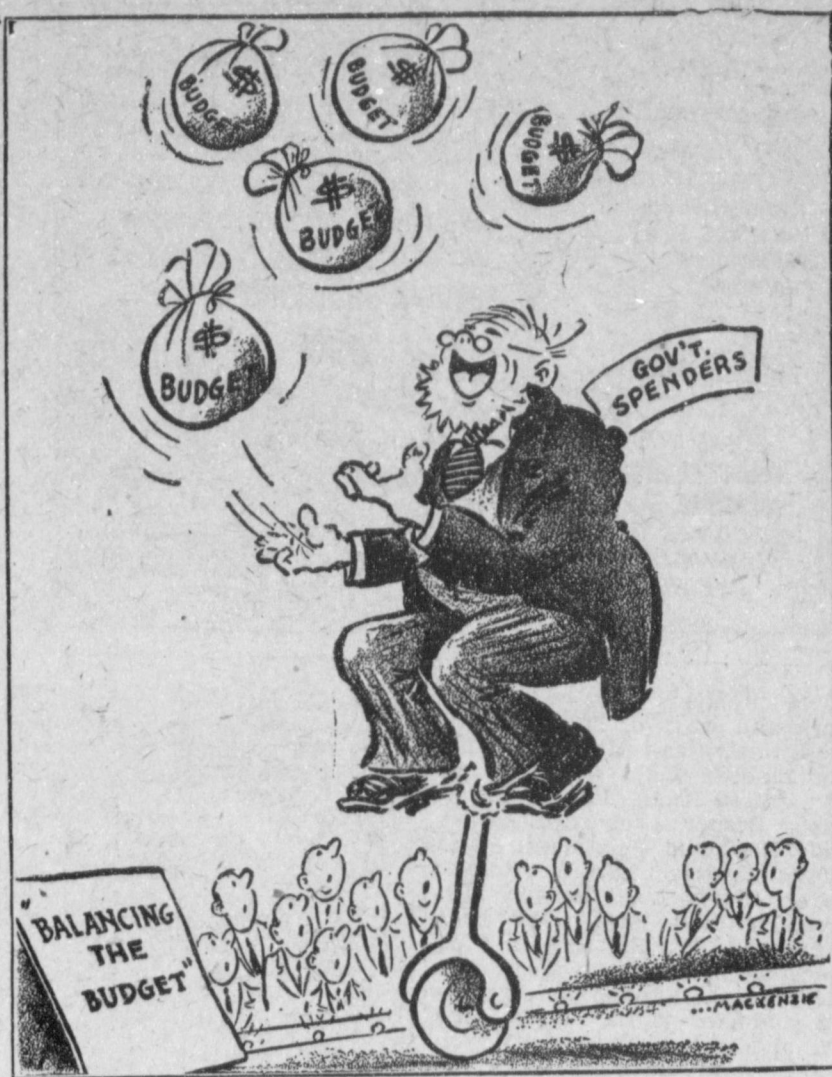

The busy person in everyday life cannot avoid exposure to colds. We expect to be sprayed by careless coughers and sneezers. Young children, elderly people and invalids who suffer most from the effects of a cold should certainly be protected from those who have colds. Children with colds should be kept home from schools, and if rest and light food do not help the cold to disappear shortly, then the family physician should be called. This may not be a cold but even more serious, as most of the communicable diseases start with some of the symptoms of a cold.

What can we do to avoid colds that cause more loss of time from industry and schools than all the other diseases combined? Have your own cup and glass at home and elsewhere; dress for the weather; eat a balanced diet; get plenty of rest; keep away from persons with colds.

Colds are costly. Prevent them if possible.

Some fellows don't have to have a new tie to be tempted to stick their necks out.

Lindsay News

Sgt. Gerald Metzler visited relatives here over the weekend.

More than 40 members of the Lindsay 4-H club boys and girls attended the Stock Show and rodeo at Fort Worth on 4-H Club Day Monday.

Miss Gertrude Bengfort was up and around Sunday after having been a patient in M & S clinic in Dallas where she underwent a minor operation.

A report from Victory College, Fort Worth, advises that Miss Lu Ella Arendt, a freshman, took top honors in her class at the mid-semester tests, making a grade of 97.

Mr. and Mrs. Al Kuntz of Valley View, formerly of Lindsay, have bought a cafe and a home in that city and will operate the cafe. They have been residing on a farm there for the past three years.

Mr. and Mrs. Lawrence Moser are the parents of a daughter, Frances Mae, their first child, born March 8 at the Muenster clinic. Mrs. Moser is the former Miss Violet Faye Paine of Saint Jo and the grand-

Prepared by National Patent Council

parents are Mr. and Mrs. Ed Moser of this community.

Mrs. John Arendt entertained in her home last Tuesday honoring Mrs. Andrew Arendt of New Hampshire. Enjoying the affair were Mes. John Neu, Anna Wiese, Rosa Voth, Barbara Kennedy, J. F. Zimmerer, I. A. Zimmerer, Elizabeth Kubis, and Mrs. Charles Strauss and daughter of Gainesville.

Representatives of 4-H clubs of the county met Tuesday in Gainesville for a meeting devoted to problems relating to 4-H work and ways of strengthening these activities. Attending from the Lindsay clubs were Jerome Neu, Alfred Kuhn, Jerome Dieter, Bobby Bezner, Leonard Bengfort, and Raymond Sandmann, and Misses Adeline Dieter, Rosalie Beyer, Betty Lou Bezner, Mildred Fleitman and Florene Arendt. J. W. Potts, 4-H Club specialist of A & M College was the principal speaker and presented gold pins to the Gold Star boy and girl of the county who are Leonard Bengfort and Mildred Fleitman of Lindsay.

BIRTHDAY DINNER HONORS STELLA BENGFORT SUNDAY

Little Miss Stella Bengfort observed her birthday Sunday with a dinner party in the home of her parents, Mr. and Mrs. Joe Bengfort. She was ten years old. Gifts were presented to the honoree and her mother served a sumptuous baked chicken dinner. Candles ornamented the birthday cake that centered the table.

Attending were La Vern Fuhrmann, Rachael Voth, Verna Kuhn, Peggy Hermes, Eileen Fuhrmann, Bernice Hermes, Clara Mae Haverkamp, Betty Ann Bengfort, Mary M. Hermes, Cecilia Zimmerer, Mary Ann Hellinger, Dorothy Bengfort and the honoree.

LINDSAY GIRLS OBSERVE NATIONAL 4-H CLUB WEEK

The Lindsay 4-H Girls Club observed 4-H Club Week by reports on accomplishments recently completed and working out plans for 1947.

The club was proud to recognize the orchard work being done by Elfrieda and Evelyn Block. Emilia Hermes reports she is working to beautify her bedroom by repapering and making curtains. Florene Arendt has spent many hours making a crocheted table cloth.

Lindsay has 48 active members and the 1946 Gold Star girl, Mildred Fleitman.

The observance was directed by Miss Mildred Chapman, county home demonstration agent, in the school.

Lindsay School Announces Second Semester Honor Roll

The Lindsay school honor roll for the first term of the second semester, as announced by the teachers this week is as follows:

High School — seniors: Rosalie Beyer, Juniors: Betty Lou Bezner, Elfrieda Block, Anna Mae Fuhrmann, Clement Hermes, Bernadine Lutkenhaus. Sophomores: Joan Arendt, Rita Block, Gaynell Lee Medlock, Frieda Mae Neu. Freshmen: Clara Belle Fleitman and Viola Kuhn.

Eighth Grade: Alma Louise Kubis, Anita Fuhrmann, Bernard Sandmann.

Seventh Grade: Mary Alice Block, Rudolph Dieter, Louise Ann Fuhrmann, Raymon Haverkamp Dorothy Mae Norton.

Sixth Grade: Angela Hermes, Agnes F. Hermes, Virginia Fleitman, Antoinette Neu.

Fifth Grade: Eugene Block, Henrietta Fuhrmann.

ROBERT L. CLARK

Robert L. Clark, of Dallas, will head this year's Jefferson Day Campaign in Texas for the purpose of raising funds for the National Democratic party. Col. Myron G. Blalock, Democratic National Committeeman for Texas, has announced Mr. Clark's acceptance as state campaign chairman. The drive will end with a state-wide rally of Democrats and the annual Jefferson Day dinner at the Adolphus Hotel in Dallas Saturday, April 5. Mr. Clark, a well-known attorney, is the brother of U. S. Attorney General Tom C. Clark.

Fourth Grade: Stella Bengfort, Mary M. Hermes, Peggy Hermes, Verna Kuhn, Harold Neu.

Third Grade: Mary Jane Block.

Second Grade: Alcuin Paul Kubis.

First Grade: Rosemary Hess, Betty Rose Kupper, Cecilia Neu.

4-H Boys Get Free Seed Corn For 1 Acre Project

Nineteen 4-H Club boys of the county received sufficient hybrid seed corn to plant one acre each as a project, it is announced by

B.T. Haws, county agent.

Each boy is to make an accurate test on the corn, keeping records to see if it pays to plant hybrid corn in Cooke county.

Among those receiving the seed are Danny Haverkamp, Virgil Walter and Teddy Cannon of Muenster, and Cecil Hermes, Jerome Dieter and Bernard Sandmann, Lindsay.

The seed was received from the Dekalb and the Texas Corn companies as a gift to the club boys.

Man is as old as he feels; woman as old as she feels like admitting.

Confetti--

working man. When management gets out of line men will still be able to line up — on a free will basis — behind the union leader. When the union leader gets out of line they can tell him to go to blazes and still hold their jobs.

The closed shop does not permit this choice. If a union leader says strike, the men have to strike whether they want to or not. There is no point in quitting the union because as non-members they can not get a job.

A few more reforms like calling strikes on a majority of membership votes, instead of mere majority of those attending a meeting, and a ban on industry wide bargaining will set this nation on the

way to more satisfactory labor relations. They will take power out of the hands of labor dictatorship and place it where it belongs, in the hands of the workers themselves.
