

Formal Opening New Ladies Store Here Tonight

PUBLIC INVITED TO VISIT PEGGY ANNE SHOPPE

A cordial invitation has been extended to the people of Brownwood and all the Brownwood territory by Minor Bros., new entrants into the business life of this city, to attend the formal opening of the Peggy Anne Shoppe, Brownwood's newest store, ready to wear store tonight from 8 to 10 o'clock.

The Peggy Anne Shoppe is occupying the building formerly occupied by the Robinson shoe store, with entrances on Center Avenue and Lee streets. Nothing will be done tonight, the formal opening being a merely get-acquainted getting and welcome to the public to view the new store. The store will open for business tomorrow morning.

Flowers and Smokes

Announcement of this evening's reception says that there will be flowers for the ladies, smokes for the men, and music for all.

Minor Bros. selected Brownwood as the third link in the chain of stores that they are building up in West Texas, they state, after thorough investigations of all the best towns in the western half of the state. They are convinced after visiting the field over that Brownwood has a wonderful future, they state. They have taken a five year lease on their building here and expect to be permanently connected with this city and community.

Minor Bros. entered the West Texas field in the fall of 1927, with the opening of their Abilene store. Since then they have opened a store at Big Springs, and are greatly pleased with the development of their business at both locations.

F. E. Minor in Charge

F. E. Minor will be in charge of the store here. W. H. Minor of Abilene has been here this week assisting in opening the store and will be one of those greeting the

visitors here tonight. Miss Katy Huffman, formerly with the Abilene store will be prominently with the firm here, and Neal Smith, formerly with the Big Spring store, will have charge of the shoe department. Miss Lillian Redner, 607 Avenue D, and Mrs. Robert L. Nix, 1600 Avenue E, Brownwood, will be employed with the new firm in the ready-to-wear and millinery departments.

The third member of the Minor trio is R. S. Minor, who is in charge of the Big Spring store. F. E. Minor and wife have moved to Brownwood and are located at 400 East Depot street.

Minor Bros. have thoroughly renovated the building which they occupy here, and have installed all new fixtures, and new lighting system and put in a complete new line of goods. They carry a full line of ladies' ready to wear, including shoes. W. H. Minor, speaking of their business yesterday afternoon, said: "We pursue the policy of quality merchandise, at low prices, on a cash basis. We are building our business on small profits and quick turnover."

Bills for Pensions to Mrs. Wilson and Mrs. Wood Passed

WASHINGTON, Feb. 27.—(AP)—Bills providing for pensions of \$5,000 annually to Mrs. Edith Bolling Wilson, widow of President Wilson, and Mrs. Louise A. Wood, widow of Major General Leonard Wood, former governor general of the Philippines, were passed at a session of the House last night, as was a measure that would award the congressional medal of honor to Captain Edward V. Rickenbacker, American aviator who shot down 23 German aircraft during the World War.

RELAY TROPHIES ORDERED

AUSTIN, Feb. 27.—(AP)—Trophies for the fifth annual Texas relay games to be held at the Texas University March 29 have been ordered, according to Clem "Ox" Higgins, relay manager. Members of all winning teams will receive gold watches, second teams will receive silver medals and third teams will receive bronze medals. In addition, the winning team in each relay event will receive a loving cup.

City Employees Here Are Given Salary Raises

City Council, in executive session Tuesday night, voted salary raises for City Manager H. V. Hennen, City Secretary Joe B. Leach, City Sanitary Commissioner Bert Hise and a number of other city employees. City Manager Hennen's salary was boosted from \$250 to \$300 monthly. In fact several similar petitions had been circulated during this time. The petitions were started following the trouble between Mayor Melnick and Clyde Manor last November 11 on the Brownwood-Blanket road, at which time Mayor Melnick was alleged to have shot Manor through the thigh or hip.

Melnick Statement

Immediately after Secretary J. B. Leach had read the petition, Mayor Melnick asked Council to allow him to make a statement relative to it and this was granted. Mayor Melnick stated that of the 223 signers, only 69 had paid poll taxes, that 143 of them were not on the city tax rolls, that 69 are not to be found in the city directory, that five live outside the city limits, that

PETITION ASKING RESIGNATION OF MAYOR PALMER MINNIS IS TABLED BY THE CITY COUNCIL

A petition asking that Palmer O. Minnis resign as Mayor of the city of Brownwood was presented Tuesday night but Council voted unanimously to table the petition and take no action. The petition presented had been signed by 223 citizens during the past three months. In fact several similar petitions had been circulated during this time. The petitions were started following the trouble between Mayor Melnick and Clyde Manor last November 11 on the Brownwood-Blanket road, at which time Mayor Melnick was alleged to have shot Manor through the thigh or hip.

Declares Britain Will Not Violate the Locarno Pact

LONDON, Feb. 27.—(AP)—Godfrey Lockner-Lampson, under secretary of state for foreign affairs, today assured the house of commons that Great Britain would enter into no military agreement with other powers that would in any way be contrary to her obligations to Germany under the Locarno security pact.

He made this statement in answering one of many questions propounded as a result of recent publication in Holland of an alleged military pact between France and Belgium, the particular question being:

"Can assurance be given that no military discussion will be held with France or Belgium which would not also include Germany, in order strictly to maintain British obligations under the Locarno pact?"

The reply was:

"The member may be quite sure that we will do nothing contrary to the Locarno pact."

His Big Kidnaping Venture Over Boy Bound for Home and Parents

ROSWELL, N. M., Feb. 27.—(AP)—His big kidnaping adventure ended, 11-year-old Richard (Dickie) Palmer was arrested while painting a house nearby. He told officers he took the boy from his home at Christmas, today was bound for home and his parents, Mr. and Mrs. William G. Grant.

The lad, accompanied by two California officers and Harry Palmer, charged with his kidnaping, left here for Los Angeles.

A two months search for the boy by air and by foot over the southwestern desert country ended yesterday when he coasted on his roller skates into the arms of the California officers in front of the city check in which he and Palmer lived here. The youth was ruddy

VISITORS TO PRISON MUST BE SEARCHED

SAN ANTONIO, Tex., Feb. 27.—(P)—Orders that all visitors to prisoners in the city jail must submit to a search were issued by chief of police Owen Kilday today after discovery last night of preparations for a jail delivery and the finding of 15 or 20 saw blades in a cell.

A youthful prisoner, arrested for investigation in connection with a bank robbery, tipped off Jailer B. Vidal that peculiar noises could be heard at night in the cell in which he was held. Rupert Trevino, escaped convict, arrested here Monday night, and four other prisoners, occupied the cell with him.

Police Captain Dave Cruz and George Price, turnkey, made an investigation and found the saw blades. Three bars had been sawed through.

A Record Is Set in Consumption of Pork and Lard

CHICAGO, Feb. 27.—(P)—All records for consumption of pork and lard in the United States were broken last year, while the consumption of beef was the lowest on record, the Institute of American Meat Packers announced.

Ten and one-half billion pounds of pork and lard were consumed, as compared with 10,240,000,000 pounds in 1924, the year of greatest previous consumption, the statement said.

BANK ROBBED AT BUCKHOITS

CAMERON, Tex., Feb. 27.—(P)—Between \$300 and \$400 was taken from the Buckhoits State Bank safe last night, according to word received here today by T. F. Hardy, president of the bank. No trace of the thieves has been found.

The safe was opened with an acetylene torch which was found to have been stolen from a shop here. An attempt to open the vault of the bank failed.

T. F. Criswell, cashier of the bank, discovered the loss.

Hand Mangled In Drilling Machine At Rock Crusher

Warren Manning, an employee of the Santa Fe Rock Crusher, sustained a badly mangled right hand Saturday morning when his hand was caught in the cog wheels of a drilling machine. Mr. Mannings was rushed to the office of Dr. Joe E. Diddy and after emergency treatment was removed to the Brownwood Hospital. At least three, if not four, fingers will have to be amputated according to Dr. Diddy.

SAY CABINET IS COMPLETE

WASHINGTON, Feb. 28.—(P)—President-elect Hoover has completed his cabinet with the retention of James L. Davis as secretary of labor and the selection of agriculture and commerce of two men who are described as surprise appointments.

It is said by those close to the president-elect that the names of labor and commerce have not been mentioned in any of the widespread speculation about the cabinet which has been going rounds even since election today. It was added that they were outstanding citizens.

The other men regarded by Mr. Hoover's friends as cabinet certainties are Henry L. Simson of New York, secretary of state; Andrew W. Mellon, of Pennsylvania, secretary of the treasury; James W. Good of Iowa, secretary of war; Wm. Mitchell of Minnesota, attorney general; Walter F. Brown of Ohio, postmaster general; Charles Francis Adams, of Massachusetts, secretary of the navy, and Dr. Ray Lyman Wilbur of California, secretary of the interior.

Callers at the Hoover home today included Sam H. Thompson of Illinois, president and Chester Gray, Washington legislative representative of the American Farm Bureau Federation; F. Trubee Davison, assistant of war for aviation, and W. P. MacCracken, assistant secretary of commerce for aviation.

Baptists Approve Statewide Plan Revival Campaign

FORT WORTH, Feb. 28.—(P)—The Texas Baptist Missionary Evangelistic Conference has approved a statewide revival campaign beginning in June and continuing through August.

A committee to draft plans for a revival and to present its recommendations to the executive board of the Texas Baptist Convention in Dallas, March 12th, was appointed by the Conference here yesterday. Speakers and their subjects were: D. W. Y. Pond, "Evangelism"; Rev. L. L. Powers, pastor of the First Baptist Church, Wichita Falls, sermon; Rev. W. R. Hornburg, Brownwood, "Need of Plain Preaching"; Dr. W. R. White, Lubbock, "What Stand Should the Preacher Take With Regard to Worldliness in this Day?"

OLDOUT QUESTION SERIOUS WITH SENATORS AND OTHERS

WASHINGTON, Feb. 28.—(P)—holdout question is threatened to assume menacing proportions Tampa, Fla., where the Washington Americans are doing their spring training, but despite the fact that Fred Marberry and Sam Rice and infielder Jack Hayes have thus far rejected the terms offered them, President Clark Griffith maintains they cannot be classified as holdouts until Monday, when they have been ordered to report.

"Goose" Goslin, outfielder and batting champion of the American League, also is as yet unsigned but he is not scheduled to report until March 10.

President-manager Emil Fuchs of Boston Braves has been using a so far successful method of dealing with holdouts who are in camp at St. Petersburg, Fla. Collins told his chief he did like the terms offered him, as Fuchs simply handed him a contract and told him to the amount he wanted if he believed he was worth it. Collins told him to sign the contract and back signed for a final amount.

French, Portland, Ore., saw, has arrived in the Pittsburgh camp at Paso Robles, Calif. Owners are the only holdouts. At Park, Fla., nine regulars fifteen youngsters from the St. Cardinals chain farm system day went through a strenuous day in the opening session of Cardinals' spring training season.

Sam Ertomon announced the Card holdout had come to when Herman Bell signed at St. Louis yesterday. Bell, former hurler, was recalled from Rochester.

Gray, star right hander, was called up in the St. Louis Browns' camp at West Palm Beach, yesterday recovered from the finger which forced him to the last season.

New York Giants have had first taste of the twice-daily practice regime instituted by Manager John McGraw and that taste wasn't so good for Carl Mays. The submarine ball hurler was the victim of the first serious injury in the second of yesterday's sessions, at San Antonio. He suffered a broken bone in his left thumb during a brief batting practice. The injury probably will keep Mays out of action for several days.

At Phoenix, Ariz., Emil Yde, former Pittsburgh left hander and Harry Heilmann, heavy hitting outfielder and first baseman, were expected tonight to complete the roster of Detroit Tiger infielders training.

After trading their veteran outfielder, Bib Falk, to Cleveland for Catcher Martin Autry, Chicago's hustling White Sox headed for their Dallas, Texas, spring training camp today.

Thirteen players, led by Coach "Lena" Blackburne, comprised the contingent, which will be increased along the route and at Dallas. It was one of the youngest White Sox teams in history.

At Clearwater, Fla., charley horses, sore muscles and general aches and pains are prevalent among Brooklyn's ball players after two days of hard labor in the opening training sessions. A hour and a half of practice was enough for the Robins yesterday.

\$50,000 FIRE AT COLEMAN

COLEMAN, Tex., Feb. 28.—(P)—Fire today destroyed one building here and damaged another with an estimated loss of \$50,000.

Greenies and fixtures in the Pig-gly Wigly store; the building, owned by M. H. Crockett of Austin; the South Abstract Company, the Oklahoma National Gas Company, a cotton office and the office of Hawkins & Hawkins, insurance agents on the second floor, were destroyed.

G. H. Connell of Fort Worth Dead

FORT WORTH, Feb. 28.—(P)—G. H. Connell, born in Bell county in 1856, cattleman, banker, lumberman and philanthropist, died here today. He was the oldest member of the Connell family, noted in west Texas cattle history. His brother, W. E. Connell, is president of the First National Bank, Fort Worth. Another brother, Sidney Connell, lives in San Antonio. Connell had extensive east Texas lumber interests as well as his west Texas cattle, land, banking and mercantile businesses.

Ft. Worth Man Is Shot During Chase with Detectives

FORT WORTH, Feb. 28.—(AP)—E. D. Wilson, 40, Fort Worth, was shot today in a chase with three city detectives. At noon he was reported to be in a serious condition. Wilson was accosted by city detectives at a street intersection where he had parked his automobile.

PIONEER OF BANGS DIES AT HOME THERE WEDNESDAY NIGHT

M. B. (Doc) Walker, 69, of Bangs, died at his home in that city Wednesday night at 10 o'clock, death claiming him after an illness of about one week, pneumonia being assigned as the cause of his death. Mr. Walker had lived in Bangs for about 50 years and during this time had been engaged in various business ventures. To his many friends he was known as a good neighbor and a good man and his absence will be felt among the citizens of the town and community where he had made his home all these years. Mr. Walker is survived by five children, Melvin and Joe Walker, of Bangs, Mont and Murell Walker, of Weslaco and Mrs. J. B. Smith, of Brownwood. A brother, Ed Walker, 1201 Avenue A, this city, a sister, Mrs. T. A. Phinney of Oklahoma and two brothers-in-law, J. P. Martin, of Brownwood, and Lee Childers, of the Clear Creek community, also survive. T. E. Walker, of Brownwood, a nephew, also survives. Funeral services were to have been held at 3 o'clock Thursday afternoon in the Bangs cemetery and were to have been conducted by the pastor of the Bangs Baptist church, of which Mr. Walker was a member. The body will be laid to rest by that of his wife who preceded him in death more than 10 years ago.

SHARKEY WINS IN LAST FOUR ROUNDS FIGHT

BY ALAN J. GOULD, Associated Press Sports Editor MIAMI BEACH, Fla., Feb. 28.—(AP)—The impetuous fling of youth, it seems, isn't enough. Young Stribling, idol of the south, had his fling last night, but at the end of the glamorous melodrama of Miami Beach, the official decision went to Jack Sharkey the hard hitting sailor from down east.

In a ten round match that was alternately fast and dull, Sharkey overcame a big lead on points piled up by Stribling in the first six rounds and won with a strong finish in the last four rounds.

The Bostonian had his hand lifted aloft as the victor by Referee Lou Magnolia of New York, but his margin of victory was thin and far from convincing, either to a majority of experts or to most of the crowd of 40,000 packed in the picturesque setting of Flamingo Park. Magnolia, sole arbiter of the battle, did not hesitate to lift Sharkey's hand, nor did his score sheet, showing six rounds for the Boston boxer, three for Stribling, and one even leave room for any doubt in his mind. Ringing critics, although widely at variance in their opinions, were not far from unanimous in agreement with the verdict. The majority, in a poll taken by the Associated Press, credited Sharkey with no more than a single round margin.

Stribling, outwheeled and out boxed, but not out gamed, fought the more spectacular fight. He furnished the one big moment of drama in the fourth round when he caught Sharkey flush on the left temple with an overhand right that staggered the Boston sailor and made his knees sag momentarily. Then, as at other times however, the Georgian was unable to follow up his advantage.

Sharkey, in better fighting condition, was woefully slow, ineffective and wild at times, but he fought the more business like fight. He won by the colorless, but nevertheless effective, method of pounding Stribling's body until it was sore, bruised and bloody red.

Yet for all the closeness of the decision, the victory moves the Boston batter another furlong along the comeback trail. His next opponent—in the program leading up to a possible comeback by Jack Dempsey in the struggle for Gene Tunney's vacated throne—probably will be the rugged Spaniard, Paulino Uzcudun, who grinned last night as

he waded two of his rivals in a fight that flaunted his challenge to the world.

Of a crowd of some 40,000, about 35,000 attributed to an astonishing "big" estimated at \$400,000 for the week that Tex Rickard planned as big gamble and which his success led by Jack Dempsey and "Big B" Carey, saw through to successfully after many misgivings. It was altogether a great show in which the big fight itself seemed in the end only a major item, the climax but not the whole thing. For the fans, figures of sports, of business, politics and society, this spectacle was something to see.

For thousands of ordinary fans as pleasure seekers, it was perhaps worth the price to pick out the celebrities who filled the ring-side row to see Jack Dempsey, the promoter in his tuxedo; to note Johnny Farrell, the golf king, or Babe Ra, Irene Castle, McLaughlin or Belle Taylor Dempsey, or the big chiefs of business and finance.

Stribling Now a Leading Contender

MIAMI BEACH, Fla., Feb. 28.—(AP)—Now that Young Stribling, has grown to such an extent that he is recognized even in defeat, as a formidable heavyweight contender, "W. L." is bent for another lengthy tour.

This time, instead of fighting bi-weekly though the fight hinterlands, the Georgian is headed for a fighting tour of foreign lands. The Soberner is by no means distressed by last night's defeat. He feels, as he "Ma" and "Pa" Stribling, his parents and managers, that he has at least impressed his prowess on the fight faithful.

"We think we won that fight," said "Pa" Stribling editorially, "but that isn't important now. There are no alibis. The boy wasn't in as perfect condition as we would have wished he had proved that he doesn't have to pick his opponents."

Jack Sharkey was so pleased with the outcome of the battle that he will claim the heavyweight championship and demand a return match with Jack Dempsey. "Stribling," Sharkey said, "is a tricky, fast, resourceful fighter with a deceptive attack. He'll murder any man that walks into him. His right hand is a pip. He'll cause lots of trouble for lots of heavyweights."

NEW OIL AND GAS MEASURE PASSES HOUSE

AUSTIN, Feb. 28.—(AP)—A new oil and gas conservation measure, passed by the house yesterday, does not include the proration of oil fields, subject of wide criticism during the past two years. The measure originally offered was rejected by the committee on oil, gas and mining, after many lengthy hearings in which oil producers and consumers appeared for and

against certain provisions. Under the new bill, venue of suits brought by the railroad commission will be in the counties where violations are alleged. The salary of the chief oil and gas supervisor would be increased from \$5,000 to \$6,000, and the office of chief deputy supervisor at \$5,000 a year would be created.

House Agrees to Navy Bill Report

WASHINGTON, Feb. 28.—(AP)—The House today agreed to the conference report on the Navy supply bill carrying \$12,370,000 to begin construction of the 16 warships recently authorized. The report was adopted last night by the Senate.

Report on Dean Law Amendment Is Unfavorable

AUSTIN, Feb. 28.—(AP)—The Graves House bill amending the Dean law to permit issuance of a search warrant on reasonable knowledge and belief today was reported unfavorably by the Senate committee on criminal jurisprudence.

Senator Thomas B. Love of Dallas had been trying to get a report on the measure for some time. Senators W. E. Thomason of Nacogdoches, Julien C. Hyer, Fort Worth and Pink L. Parrish signed a minority favorable report.

CAPITAL GAILY BEDECKED FOR INAUGURATION

WASHINGTON, Feb. 28.—(AP)—The National Capital rapidly acquiring holiday garb and the thousands of visitors, who will come here for the inauguration of Herbert Hoover as the thirty-first president of the United States probably will find the city more gaily bedecked than at any time in its history.

Already, hundreds of flags and miles of red, white and blue bunting have been hung out and inaugural officials believe the decorations that will be faunted along Pennsylvania Avenue will eclipse any similar display in the United States.

Plan for Crowds
While the details that will add color to the occasion are being attended to, the committee in charge is applying itself also to the more serious aspects—those of accommodating the crowds and preventing any hitch in the carefully laid plans for the parade. Daily additional wooden bleacher seats are making their appearance along the line of march and police officials are conferring with officers from Baltimore and other cities who will send police here to aid in handling the throngs. The fire department has contributed its part by arranging to divide the fire equipment into two sections prepared to care for emergencies in the northern and southern sections of the city without the necessity of breaking through the parade.

Texans Leaving for Washington

DALLAS, Tex., Feb. 28.—(AP)—Two hundred and forty Texans planned to leave here at 6:30 p. m. today on their pilgrimage to Washington for the inauguration of President-elect Herbert Hoover next Monday.

Delegations from all the important cities of the state comprise the passenger list, with the largest delegation, 60 members, from Abilene.

Following the Texas & Pacific route to New Orleans, the train will make stops at New Orleans and Atlanta. The 12-car train, with eight pullmans, two diners and a baggage car and a chair car, will follow the Louisville, Southern, West Point and Pennsylvania lines into Washington, reaching the capitol city at 9 a. m. Sunday.

Thursday at midnight the train will start back to Texas, reaching Dallas on the morning of March 10.

Fred L. Haskett, in charge of the train, said today he had been advised that the California delegation to the inauguration would join the Texans at New Orleans tomorrow for luncheon.

On the train will be the Simmons University Cowboy band of 36 pieces. The band will play at stops along the route and participate in the inaugural parade.

Official Farewells to the Coolidges
WASHINGTON, Feb. 28.—(AP)—Government officials and people prominent politically continued today to throng the White House Executive offices to voice their official farewells to President Coolidge.

Among them were several members of Congress, members of the Republican National Committee and a group from the tariff commission.

The callers included Justice Sanford of the Supreme Court, Representatives Newton of Minnesota and Hickey of Indianapolis, both Republicans and Senator Burton, Republican of Ohio and Senator Stephens, Democrat, of Mississippi. It was learned today that John Coolidge is to come to Washington for the inauguration ceremonies as a member of the staff of Governor Trumbull of Connecticut. White House officials said they did not know whether he would be accompanied by his fiancée, Miss Florence Trumbull, daughter of the Governor.

Kennedy Planning Construction of Roswell-Gulf Line
SNYDER, Tex., Feb. 28.—(AP)—Captain Ed Kennedy, Houston, advised officials of the local chamber of commerce yesterday he would be here March 12 to complete preliminary plans for construction of a railroad from Roswell, N. M., to a point on the Gulf of Mexico, to pass through here.

The Houston financier, original promoter of the Snyder, Roswell and Gulf railroad, said contracts had been signed assuring construction of the line.

Hoover Life Story Reads Like Extract From Fiction Page

By L. A. BROPHY
(Associated Press Feature Editor)

WASHINGTON (P)—Herbert Hoover in becoming thirty-first chief executive of the United States enters upon the greatest adventure of a life filled with the stuff of which fictionists make plots.

As he made his way to those well-banded words of ambition's goal—fame and fortune—he could easily have stepped into character in many novels.

There was, first, Hoover the orphan. Then the young American mining engineer, braving the mysteries of China. Then Hoover, the powerful and opulent American engineer at ease in Cairo or West Branch, San Francisco or London; in the great cities of the world, in Russia, Mexico, Burma, China.

Romantic adventure and riches came to Hoover as he shoved his shoulders into places on the globe where white men had never gone before. The long trail has taken him over the South African veldt, through the Australian bush, into the storied jewel mines of the Pharaohs in Asia Minor and into the iron mines of the Romans in the Alps.

The odyssey of adventure leads down broad Pennsylvania Avenue, and the chubby-faced Quaker boy of Iowa comes into his destiny.

In background, training and achievements, Hoover is distinctly a different type of executive than any gone before. Many executives were soldiers. Hoover was, too, in a manner of speaking. He served a machine gun at the siege of Tientsin and he helped put down riots in Russia when the first revolution died abortively.

Herbert Clark Hoover is 55 years of age. He was born August 10, 1874, in West Branch, Iowa. At nine years of age, he was left an orphan.

Jesse Hoover, the village blacksmith, his father, died of typhoid fever when the boy Herbert was six. The mother, Huldah Minthorn Hoover, provided for the family—Herbert, Theodore, his older brother, and May, the youngest—as best she could—but she died of pneumonia three years after the death of Jesse Hoover.

After the mother's death, Herbert went to live with his uncle, Allan Hoover, a farmer of Cedar County, Iowa, not far from West Branch. Brother Theodore—"Tad"—went to live with another uncle

THE NEW A. B. C. IN POULTRY RAISING.

The Question of Vitamins and Their Value in Poultry Feeding is of Paramount Importance.

"Professor," inquired a student in one of our agricultural colleges, "you say we don't know what vitamins are; then, how do we know there are any?" "Do you know what life is?" retorted the instructor. When the pupil admitted that he did not, the professor crisply retorted, "Still, you're reasonable, sure that you're living, aren't you?" In that reply lies the key to a proper understanding of the subject of vitamins by poultry raisers. True we don't know what they are, but we know what they will accomplish and that is the main thing after all.

Upon being graduated, he worked in a mine in Grass Valley, Cal., then became affiliated with a London firm of engineers and thenceforth strode rapidly into his career.

West Australia was his first field. Then China, on a government mission to develop iron and coal deposits; then an engineering trek over the globe.

He leaped into world notice in handling distraught American visitors in London in 1914 after the outbreak of the world war, and from then on, his efforts in humanitarian work took up his time until President Harding gave him the portfolio of commerce secretary in 1921.

Hoover's first steps on the political path were timid and somewhat uncertain. In 1920, the question was publicly raised as to whether he was a republican or a democrat. He received a few votes for the republican presidential nomination at the same time prominent democrats were supporting him. He settled the issue by making a personal pronouncement that he was a republican.

The head of vast projects—it was estimated at one time that 175,000 men were engaged on jobs controlled by his firm of engineers—Hoover was unknown to the world until he became engaged in war relief work. Then his name became a household word.

Those stormy war days in London formed an eventful chapter in the crowded life of the new American president. When he was urged to take over Belgian relief, he perforce had to choose between giving up a lucrative business with great fortune inevitably in sight, and enter a field without hope of financial remuneration. Some of his business associates naturally felt he was letting them down.

Hoover, the administrator of vast public affairs, emerged in that period. He fed millions of people and he handled millions upon millions of dollars. Later, as American food dictator, his duties were tremendous and he actually was food dictator of the world when he returned to Europe as a member of the supreme economic council.

The department of commerce made notable progress during the Hoover regime, in a speeding up of vital processes and in extension of old facilities and the creation of new ones. Radio came into his ken and his ideas and thoughts helped draft stabilizing regulations for that volatile industry.

The Hoover forces entered the Kansas City convention quickly, efficient, and every one shortly knew that it was all over but the shouting.

Herbert Hoover takes up his high post with the greatest public mandate ever given a president.

Up The Ladder With Hoover
1874—Born August 10 at West Branch, Iowa.

1895—Graduated in engineering from Leland Stanford university.

1899—Married Lou Henry of Monterey, Cal., and began career as an engineer.

1914-1915—At height of success as world renowned engineer, served as chairman of the American Relief Commission in London.

1915-1919—Chairman Belgian relief.

1917-1919—U. S. Food administrator.

1920—Vice chairman President Wilson's second industrial conference.

1920—June 11 received 5% vote at Chicago for republican nomination for president on first three ballots; 5 votes on fourth, then name dropped in the Lowden-Wood fight.

1921—Appointed secretary of commerce by President Harding.

1922—June 14, nominated at Kansas City as republican candidate for president.

1922—November 6, elected President of the United States.

1922—November 20, began South American tour.

1923—March 4, inaugurated thirty-first President of the United States.

As previously mentioned, Cod Liver Oil contains vitamin D and if mixed in the same proportion as recommended for supplying vitamin A, it will supply the other one also. The oil is not an altogether dependable source of vitamin D, however. Some grades do not contain enough of it to be of any real value. So, whether you feed oil or not, see that your fowls get as much sunshine as possible. Let them out in the open whenever possible. Shelter them in the open front type of the house and keep it open as much as the weather will permit. When the house must be closed totally or in part, instead of glass use the new glass substitutes, which allow the ultra violet rays to pass through. Then your hens will be healthy and strong. They will lay more plentifully; then eggs will hatch better and the chicks will be free from many weaknesses.

Thus it appears that the subject of vitamins is a fairly simple one, after all. Even if nobody does know anything about their chemical make-up, it is easy to see how they work and how to utilize their valuable properties in the proper nourishing of the poultry flock.

Woman Returns To Prison Farm When Guard Fires

HUNTSVILLE, Texas, Feb. 27.—(P)—A guard's intuition and close observance of mannerisms of his charges prevented an ingenious escape by a woman prisoner at Goetz state prison farm yesterday.

The woman, Geneva Henderson, burned the window frames of her cell until she could remove the bars, then let herself to the ground with sheets from her bunk. Attired in civilian dress, which had been smuggled into her cell, she struck out boldly on the Houston highway.

The guard observing the lone pedestrian, thought nothing of it until she was 200 yards distant. Then he decided there was something familiar about the woman. It was a peculiarity in her walk. He fired twice in her general direction and she returned as hurriedly as she had departed.

Mr. and Mrs. Ernest McCreery of Thrifty were visitors here Tuesday.
Dr. and Mrs. T. D. Holder, and Miss Odessa Martin visited relatives at Helder Sunday afternoon.
Mount Walker of Weslaco has returned to his home after attending the bedside of his father here.
On Wednesday evening of last week the death angel called and N. T. Bruton answered the summons. In his going the Concord community gave up one of its most loyal citizens. He had been a resident of this section many years and was a very devoted member of the Baptist Church, a deacon in the church to which he belonged. One of the most prosperous farmers of this section, a believer in all that was good and true. In his home going he leaves his devoted wife and ten children, four boys and six girls, all grown and married. Funeral services were held at the Baptist Church here Friday afternoon, conducted by Dr. W. R. Hornburg of Brownwood. Rev. Edmon Early, pastor of the Concord Church and Rev. W. M. Scott. His remains were laid to rest in the Bangs cemetery beneath a beautiful mound of flowers, there to await the summons to come up higher. Bangs friends mourn with his good wife and children, and commend them to the Lord, who giveth and who taketh away. Mr. Burton had lived sixty years, a greater portion of this for the Lord, whom he loved and for his loved ones. H. L. Allcorn was the undertaker in charge.
Mrs. Creel Grady of Brownwood spent Friday in the home of her sister-in-law, Mrs. Herschel Prince.
Rev. and Mrs. James L. Smart returned from Brownwood Friday, where Rev. Smart had been in the Central Texas hospital for more than four weeks. Bangs people are rejoicing over their return home and that he is getting along so nicely.
Mrs. J. A. Gilbert and children of Brownwood, spent Sunday in the home of W. J. Gilbert and daughter.
Joe Walker came in last week from Luling to attend the bedside of his father.
Rev. Guy Davis of San Angelo filled the pulpit both morning and evening at the Presbyterian Church Sunday.
Messdames J. L. Riordan and C. C. Wilson were hostesses on Monday afternoon in the home of Mrs. Riordan, to the Woman's Missionary Society of the Baptist Church. The program from Royal Service was rendered with thirteen members present. The guessing who our Polly Annas were caused much merriment. Mrs. Pulliam was elected chairman for raising the Howard Payne Endowment fund. We were all glad to

welcome Mrs. S. P. Martin back into our work, after being absent for several weeks on account of her severe illness. A refreshment plate, consisting of sandwiches, potato chips, olives, cake and hot chocolate was passed to those present.
Mr. and Mrs. W. A. Foreman were called to Brady Sunday on account of the death of Mr. Foreman's mother, who died in the home of her son, Dr. Foreman of that place. They all accompanied the remains to Talpa Monday, where she was laid to rest. She was on a visit to her son at Brady, when death took her away. She had been a resident of Talpa for several years and had visited her son here several times.

JAIL ALLEGED FUR SMUGGLERS
LAREDO, Tex. Feb. 27.—(P)—Fur smuggling from Mexico to the United States received a blow here today when skins valued at \$4,000 were ordered held and two alleged smugglers were remanded to jail in default of \$1,000 bonds. A. R. Kahn, Deputy Collector of Customs, revealed the seizure but withheld the names of his prisoners.
The fur had been smuggled successfully across the border, he said and was being expressed to a Northern fur dealer. Among the captured skins were 182 raccoon skins, 112 wild cat, 131 leopard, 207 coyote, 198 fox, 39 badger, 16 skunk 13 martin and 3 beaver.

MERCURY BANK IS LIQUIDATING

The Bank of Mercury, operated as a private institution with a capital stock of \$10,000, is liquidating its business, according to a statement by Sidney Cox, president.

Mr. Cox stated to The Bulletin this afternoon that the bank was closed Saturday night, principally as a result of the death of T. J. Beasley, its cashier. It was not

thought profitable to continue its operation, and an effort is now being made to settle its affairs in a satisfactory manner.

Asked as to whether the bank would be able to pay its depositors, Mr. Cox said "I think so."

The Mercury bank was one of the old private banking institutions of this county. It was controlled by a partnership, which included the late J. M. Beasley, T. J. Beasley, J. R. Beasley, Mrs. Anna Cox and Sidney Cox. Its deposits total approximately \$33,000, and its assets, consisting of notes and similar securities, total \$34,000. The notes for the most part represent farm loans. In addition to these assets, the owners of the bank have private assets regarded as ample.

F. S. Abney, president of the Citizens National Bank, and Chester Harrison, vice president and W. D. Crothers of the Commercial National Bank of Brady were called into consultation by the Mercury bank officers Sunday, and after looking over the situation were convinced that there was nothing to be done except to undertake the liquidation of its affairs.

"I see no reason why the depositors should not be paid either in full or with very little losses," Mr. Abney said, "but the fact that the notes held by the bank represent loans to farmers will make it necessary to delay any attempt to make settlement. The notes mature at various times during the year, and collection can not be made, of course, until maturity. Depositors will experience inconvenience for a time, but I feel sure they will be paid."

POSSES SEARCH FOR NEGRO WHO WOUNDED BRYAN FARMER

—Seth Taylor, 25, in charge of a plantation 15 miles northwest of here, was shot and seriously wounded today during an argument with a negro over work on the plantation.

—A posse of citizens this afternoon was searching the Brazos River bottoms for the negro, who fled after the shooting. Taylor with a rifle bullet wound in the body was brought to a Bryan hospital.

ADMIT AUDITS OF REVALUATION OF STATE LANDS

AUSTIN, Feb. 26.—(P)—Of the \$2,285,45 of the "one cent fund" collected to pay expenses of revaluation of public lands under the 1925-26 reappraisal act, \$1,247,78 is accounted for, according to an audit of the general land office records introduced today before the committee investigating its affairs.

"No record is available to show what was done with this amount," the report stated.

The audit disclosed that of the \$2,285,45 collected from land owners, there was deposited to the "Robison special" account in the Texas Bank and Trust Company a total of \$60,393.67.

AUSTIN, Feb. 26.—(P)—Audits covering records pertaining to the revaluation made under the 1913 and 1925-26 reappraisal acts were introduced in the investigation of the General Land Office today.

The audit referring to the 1913 act was accepted in evidence for "limited purposes," but the report on the 1925-26 reappraisal had not been accepted yet, with O. D. Whitwell, of Ernest and Ernest, who made the audit, testifying as to his qualifications as an accountant. He said he was not a public accountant.

The report of the audit covering the revaluations made under the 1913 act, showed that 1,454,289 acres of land were reappraised with an original value of \$6,932,682, and a reappraised value of \$5,929,897, a net loss to the state in principal amount of \$1,902,785.

"The loss in interest average 1.19 years," the audit report stated. "At three per cent on the principal value this loss would amount to \$257,729.55 in interest."

E. P. Smith, counsel for J. T. Robison, commissioner of the General Land Office, pointed out that the revaluation under the 1913 act were made by a commission composed of two members other than Robison.

The report covering the 1925-26 reappraisal included a review of the credits and debits of the special fund accumulated by assessing the land owners to pay expenses of revaluation.

When the committee resumed the hearing this morning, Smith and Representative A. P. C. Petch of Fredericksburg, adducing testimony for proponents of the investigation, clashed.

Smith objected to introduction of the auditor's reports, stating that

MAN MISSING SINCE SUNDAY ILL AT BRADY

Missing since Sunday morning, J. C. Duff, Jr., 26, wholesale candy and cigar salesman, 307 West Adams street, was located at the home of an aunt in Brady Monday morning. From the account of his experiences since 10 a. m. Sunday, Mr. Duff, suffering a temporary mental lapse, found himself driving his sedan down to San Antonio, having no recollection of having left Brownwood.

He drove his car back toward this city but stopped at Brady where he is very ill.

Expecting a visit Sunday night from his mother, Mrs. J. Duff, Sr., and brother, Riley Duff, who were coming from their home in Lubbock, Mr. Duff, Jr. drove his car early Sunday morning to the home of his sister, Mrs. Dan Simmons of Woodland Heights. There he washed his car and started, he said, back to Brownwood. He had been complaining of his head hurting him, this feeling being persistent since a recent illness.

"The only purpose of these reports is sensationalism," and said they would "only prove harmful to Mr. Robison as a public official."

"We are not in a courtroom, and cannot demand anything," Smith protested. "We have no appeal; we are now in the supreme court insofar as this investigation is concerned."

After Petch had told the committee that after hearing the audit, reports he would have completed his testimony unless the committee asked for more, Smith asked if he did not have anything to offer concerning the governor, attorney general and board of regents of the University, all of whom he said came under the scope of the inquiry according to the resolution.

As to Expense Audits, Petch said he did not know of anything concerning these to investigate.

"Have you had made an audit of money expended by the board of regents?" Smith asked.

When Petch said he had not because he knew of no charges alleging irregularities there, Smith asked, "Didn't you hear one report testify to the expenditure of \$28,000 for which he said he knew of no authority in law?"

Petch disclaimed that the report had said he knew of no authority in law for the expenditure.

"I will be glad to go into charges against the regents if any are made," Petch said.

HONORS WON BY LOCAL POST AT MINERAL WELLS

Brownwood won three honors at the seventeenth district convention of the American Legion at Mineral Wells Sunday, chief among them being the designation of this city as the place to hold the summer convention, the date of which Gus J. Rosenberg, commander of the Isham A. Smith post, has set for June 15 and 16.

This post won a silver loving cup for the number of members traveling the longest distance being registered at the convention, and the Ladies' Auxiliary won a bluebonnet picture for attendance also.

Attendance Large

About eighty members of the local post, the auxiliary and the Old Gray Mare Band, went from Brownwood to this convention, where there were 400 delegates registered and several hundred more guests present. Sessions lasted all Saturday and Sunday with much business done.

Three bands in addition to the Old Gray Mare Band were present. These included those from Stamford, Sweetwater and Mineral Wells. Parades, concerts and dinners were added to the business sessions.

Attending the convention were Troy Simpson of Ballinger, chairman of this district; Mrs. W. Grady Kinsolving of Corpus Christi, president of the state auxiliary; and Rufus J. Scott of Paris, state commander.

The Rising Star post won a loving cup offered by the Ranger post for the first of the seventeenth district to make fifteen percent above the quota on membership.

Commander Scott talked on the subject of orphans of ex-service men and stressed the importance of Legion men looking after them.

Boed Johnson of the U. S. Veterans' Bureau gave a talk on contact between the bureau and the Legion.

Among other business done Chairman Simpson was instructed to investigate in connection with a state executive committee, the alleged lack of flying the national colors at the Gatesville reform school.

COLLEGE TRUSTEES IN REGULAR SESSION DISCUSS SCHOOL PLAN

The Board of Trustees of Daniel Baker college met Tuesday afternoon at the college in their regular semi-annual session. A number of routine business matters connected with the operation of the school and plans for the next annual session were considered.

Among other things, the Trustees devoted considerable attention to a discussion of plans of the Presbyterian Synod for a consolidation of the three major institutions of the church. President Harry Knox of the Board of Trustees was authorized to name a committee from the Board to serve with him in directing whatever community activity

may be undertaken in behalf of Daniel Baker, with the purpose of inducing the Synod's location committee to place the consolidated college in this city.

The Board meeting was adjourned at 6 p. m., and at 7 o'clock the Trustees and their wives were entertained with a dinner in the domestic science rooms of the Coggin Memorial building. A delicious dinner, prepared by the young women of the department under the direction of Miss Janie Peavy, was served to about twenty-five.

Short addresses discussing college affairs were made by Judge C. L. McCartney, E. B. Gilliam, Rev. W. B. Gray, Brooke Smith, President S. E. Chandler, Harry Knox, and others.

Mrs. D. A. Cummings of the Mercury community has been quite ill but is somewhat improved. Mrs. Cummings is 80 years of age.

ARE YOU A ONE CROP FARMER?

OR DO YOU PRODUCE YOUR FOOD AND FEED AT HOME AND A MONEY CROP ALSO?

THE SURE ROAD TO INDEPENDENCE IS THROUGH

DIVERSIFICATION

Every farm should have enough Chickens - Turkeys - Ducks - Geese and Eggs for table use and some to Sell - Hogs - Cattle and Sheep for Meat - Grain and Roughage for Feed - Dairy Cattle for Milk and Butter - Sorghum for Syrup - Fruit and Vegetables for the table - Canning and Preserving - And Cotton for a money crop if desired.

It is almost impossible to materially affect the man who produces his living at home - through diversification - he may be temporarily short of money but it will not be a lasting condition - for there is almost always something out of the above list that can be sold.

WHEN PLANNING YOUR FARM PROGRAM FOR 1929 CONSIDER THIS MOST IMPORTANT FEATURE - DIVERSIFICATION.

BILL PASSED BY HOUSE FOR AUTOMOBILE FEE REDUCTIONS

AUSTIN, Feb. 26.—(P)—A fifty percent reduction in license fees on passenger automobile and \$19 1-2 cut in registration charges for small privately owned trucks are provided in a bill passed by the House yesterday.

Rep. J. C. Duvall of Fort Worth, chairman of the sub-committee which practically rewrote the original bill drafted by Representative Gilbert, Murphy and Hubbard, said the cut in pleasure car rates would reduce the estimated income of the

Highway Department from this source from \$14,804.97 last year to \$6,918,339.

The loss in truck license fee will approximate \$300,000, he said, the cut on light trucks having been offset by an increase in licenses for heavier carriers.

Representative Ray Holder of Lancaster led the fight for a 50 per cent reduction in pleasure car registration fees, rejecting a proposed 35 percent decrease, proposed in the original measure.

In adopting the lower license fees, the House virtually committed itself to enactment of a law providing for a four-cent excise tax on gasoline, as proposed by Rep. Leonard Tilton, as an increase from this source will be necessary to make up for the loss in revenue from registration fees. The present gasoline tax is two cents per gallon.

Planning Program For Grand Lodge Knights of Pythias

BEAUMONT, Tex., Feb. 27.—(P)—One thousand dollars has already been reported raised to finance the entertainment of visitors to the grand lodge convention of Knights of Pythias here May 13, 14 and 15.

A ball in honor of grand lodge officers and grand temple Pythian sister will be held on the roof of Hotel Beaumont as a feature of the first night of the convention. It was announced by H. C. Wheeler, of the local lodge. Sight-seeing tours throughout the Sabine district have been planned and business sessions will be held at the hotel, general headquarters from 9 a. m. to 5 p. m., with a two-hour recess from 12 until 2 for luncheon.

Election of officers and a selection of the next meeting and a selection held on the last day of the convention.

Following the established custom, A. L. Leonard, now grand vice-chancellor, will be elevated to the office of grand chancellor, the highest office in the state.

Other grand lodge officers who will be elevated at this session are Ellis P. House, Dallas, grand prelate; Henry Miller, Weatherford, grand keeper of records and seal; W. F. Skillman, Dallas, grand master of exchequer; Royal C. Philip, Tyler, grand master of arms; John Lee Smith, Austin, grand inner guard; L. L. Hodges, Austin, grand outer guard and W. S. Lemly, Dallas, William Futch, Hederson, Saul Levy, Galveston and Brady W. Steel, Houston, supreme representative.

BROWNWOOD RETIRED BUSINESS MAN ENDORSES IT

C. L. Eshteman says Orgatone Ends His Troubles of Five Years Standing

"I suffered for five years with indigestion, gas on the stomach and a chronic liver trouble, and spent lots of money for different kinds of medicine trying to get well, but it only took one bottle of Orgatone to straighten me out and make me feel like a different man," said C. L. Eshteman, residing at 511 Melwood Avenue, Brownwood, Texas, a man well known in this section, as he was manager of the Ohio Pipe & Supply Company here for ten years before his retirement from business.

"It's an actual fact," he continued, "I was hardly ever free from indigestion and was so full of misery most of the time I couldn't rest or sleep at night to amount to anything. The main trouble seemed to be in the pit of my stomach and the awful pains were due, I think, to the condition of my liver. I couldn't do any good and had to be very careful about the little that I managed to force down or I would have hours of suffering afterwards. Gas would form on my stomach causing my heart to palpitate so at times that it worried me as I thought my heart might be affected. I kept getting worse all the time and had just about given up hope of ever getting anything to relieve me.

"But one bottle of Orgatone has done me so much good I haven't had an ache or a pain since I took my first few doses, and honestly I don't feel like the same person. I have a good appetite and I can eat anything I want and it all agrees with me, too. I am gaining back my lost strength, sleep well at night and when I get up in the morning I am full of energy and attend to my business without a bit of trouble. I believe Orgatone was just what I needed and recommend it freely to my friends."

Genuine Orgatone is not a so-called patent or secret remedy, but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Brownwood exclusively by the Camp-Bell Drug Store under the personal direction of a special Orgatone representative.

STORM WIPES OUT VILLAGE IN MISSISSIPPI

MEMPHIS, Tenn., Feb. 26.—(P)—Tornadoes making an early spring visit to three states yesterday left a trail today of 22 dead, scores injured, a wrecked village and property damage exceeding \$500,000.

The wind storms dipped down into Northeast Texas, Northwest Mississippi and Southeast Arkansas, striking with greatest fury at Duncan, Miss., where 14 of the 450 population were killed and the village left in wreckage.

The dead are: Texas: Mr. and Mrs. W. N. Jones, who lost their lives in the collapse of their home at Cooper, and two negroes killed at Grand Prairie, Mississippi: J. T. Johnson, tenant farmer; Kate Mack, 2, and Effie Mack, 6, her brother; a Chinese family of five, and six negroes crushed to death in the collapse of buildings at Duncan and two negroes killed on a plantation northwest of Marks.

Arkansas: Mrs. C. L. Nicholson and her 15-year-old daughter, who met death in the destruction of their farm home near Dewitt.

Village Demolished

Almost without warning the hamlet of Duncan was demolished about 2:30 p. m. yesterday when a twister swept diagonally across the business section. Fourteen stores, a two-story brick hotel, eight residences and a number of negro cabins were leveled.

All power in Duncan was cut off and while rescue workers searched the wreckage in darkness, national guardsmen patrolled the vicinity to prevent looting and vandalism. The troops were ordered out early in the evening by Governor Theo. G. Bilbo.

Two black clouds rapidly converging in the northwest gave Duncan its first warning of the coming storm. There was a terrific roar as the clouds met, and the air was filled with debris.

"There was so much noise that it sounded as if every house in town was being torn to pieces," the Rev. E. E. McKeithen, pastor of the Methodist church, said in describing the storm. "Nobody had time to do anything and it was all over in a matter of minutes. The tornado was followed by a scene of awful confusion with men and women screaming and running in all directions.

No Hospital There

Duncan has no hospital and while the injured were being taken to first aid stations hastily set up in vacant store rooms a heavy rain added to their suffering. Twelve of those killed in Duncan met death instantly and the other two died within a few hours.

Two hours later a storm probably the same one struck Marks and jumped over into Arkansas and came down near Dewitt about 5 o'clock. C. I. Nicholson saw its approach while working in the rice fields and was running toward his family when the twister demolished his home, killing his wife and daughter.

Boy Kills Father In Self Defense

CHICAGO, Feb. 26.—(P)—Philip N. Coletti spanked his 12-year-old son, Charles last night, beat him, choked him and then started after him with a knife. The boy shot him dead.

Charles was held by juvenile authorities today, but the stories of his mother and an older brother who witnessed the shooting led police to believe it was in self-defense.

The witnesses said the father, who had been drinking, punished Charles for coming home late, and that the boy ran to his father's room, snatched up a revolver, and fired four shots after Nicoletti, senior had raised a knife against him.

Aaron Karnes of Snyder spent several days here this week visiting his parents Mr. and Mrs. A. D. Karnes and other relatives. He is connected with the Fuller Gin Co. at Snyder. Last Wednesday afternoon Elton Horton and Lennie Covington were united in marriage at the Methodist parsonage in this city. Mr. Horton is the son of the late Mr. and Mrs. Lon Horton and a grandson of Mr. and Mrs. B. R. Casbeer. Mrs. Horton is the daughter of Mrs. Morgan Stacy. Both young people were reared in the South Bennett community where they will make their home for the present. They have lots of friends who wish for them a long life of happiness together.

merly in business at that place but later, on the north side where his business was destroyed by fire a short time ago. Mr. Richards is an experienced cafe man and we are glad he is again entering business here. Mr. Jim Bailey of the Pleasant Grove community died in the Scott and White sanitarium in Temple last Friday night and his remains were brought here on Saturday morning train and carried to the home of his son, Walter Bailey in this city. Mr. Bailey underwent an operation several days ago and was recovering nicely until a few hours before his death. He took pneumonia. He had lived in this county for a number of years and no man ever lived here who had more friends than he. He leaves a wife and two sons. Walter of this city and Charlie of the Pleasant Grove community, several grand children and a host of friends and other relatives to mourn his going. Mrs. Cleo Scott and little daughter Sarah Dell of Abilene spent the week-end here with her parents, Mr. and Mrs. C. H. Ford. The little son of Mr. and Mrs. Clifford Burks died at the home of his parents in this city last Sunday night. The little fellow had only been sick a short time with acute pneumonia. He leaves a heartbroken father and mother, grand parents, Mr. and Mrs. P. A. Burks and Mr. and Mrs. John Hill besides a host of other friends to mourn his death. To the sorrowing ones we offer sympathy. The Fairman Company is having the front of their store taken out and will replace it with a plate glass front. Last Monday morning the residence of Mr. and Mrs. Sam Henry Rahl on north Fisher street caught fire from an oil stove. Prompt action prevented any serious damage.

RECOMMEND WIRTZ BILL

AUSTIN, Feb. 27.—(AP)—The House committee today passed out with recommendations that it pass Senator Wirtz's bill increasing the power of the party executive committees to prescribe voters and candidates who failed to vote the party ticket straight.

The measure, which passed the Senate yesterday, was denounced by Senator Thomas B. Love of Dallas as directly aimed at exclusion of the Democrats, who last November voted for Herbert Hoover for President.

JOHN W. BRANTLEY, 25 YEARS CITIZEN HERE, DIES SUDDENLY TODAY

John W. Brantley, 61, of 513 Mayes Street, and for more than 25 years a Brownwood citizen, died suddenly about 12:30 Wednesday noon, his death being attributed to heart failure. Mr. Brantley had been in very poor health the past two or three years but was able to be up all this time. He walked down to the business district early Wednesday morning, Mrs. Brantley going home at noon, found Mr. Brantley lying unconscious on the floor in the front room of the house. A physician was summoned but death claimed Mr. Brantley shortly afterward.

John W. Brantley was born May 26, 1867. He is survived by his wife and three children, Christian Brantley of San Antonio, Forrest Brantley of San Angelo and Mrs. C. M. Browning of Pioneer. A sister, Miss Florence Brantley of Sweetwater, and a nephew, Oscar Brantley of Brownwood, also survive. Prior to the time his health failed him, Mr. Brantley had been a butcher, having followed that trade here for many years. He was a member of the Church of Christ.

Funeral services will likely be held at 3 o'clock Thursday afternoon from the McInnis Funeral Chapel. Burial will be made in Greenleaf. The body was taken in charge today by McInnis Funeral Home.

GOOD ATTENDANCE AT STANDARD TRAINING SCHOOL THIS WEEK

About seventy-five people are taking the Standard Training School course at the Central Methodist church this week. Sunday School workers from the Central and First churches and others from Indian Creek and Bangs attending the nightly session, which close Friday night.

Four instructors have been handling the classes which began Sunday afternoon with Rev. J. W. Maxwe as dean of the school. The teachers are: Rev. W. H. Coleman of Brownwood, presiding elder of the Brownwood district; G. A. Schuler of Fort Worth, conference secretary of the Central Texas Conference Sunday School work; Miss Charlotte Stephenson of South Carolina; and Mrs. A. W. Hall of Corsicana.

Wayne Pollan To Report At Waco

CORSICANA, Tex., Feb. 27.—(AP)—Wayne Pollan, pitcher, property of the Waco Cubs, product of Rice, Navarro county and formerly with Corsicana and Mexia of the Lone Star League, left here today for Waco to report to Manager Del Pratt.

Roy Johnson, Detroit's high-priced rookie outfielder, made 10 doubles, 15 triples and 22 home runs in the Pacific Coast League last summer.

CAPT. JACK WRIGHT EARLY DAYS RANGER DIES IN NEW MEXICO

The death of Captain Jack Wright, early Texas ranger and a pioneer cattleman of this part of Texas, occurred early this morning in Portales, N. M., following a very brief illness.

The body will be laid to rest in Comanche Friday, reaching Brownwood Thursday night on the Santa Fe.

Captain Wright lived in this section in the pioneer days, and was an associate of many of the early days settlers of Central Texas. He served in the Texas Ranger force when that body of law-enforcement officers was probably at the peak of its influence and fame. He was 92 years old at the time of his death.

Infants' Heads Flattened The Chinookan Indians indulged in the practice of flattening the heads of their children. A board attached to the cradle board of the infant brought pressure to bear upon the forehead which soon flattened it.

How much power is in your garden?

NATURE can do only so much with any seed. The seed itself must contain the promise and the power. You would feel convinced of the power of Ferry's purebred Seeds if you could see the great Ferry stock seed farm and trial gardens.

and bountiful. Only the best plants are allowed to mature—all else are weeded out. Any plant that doesn't produce true to type gets weeded out. And only seeds from the plants that measure up to the Ferry standards in size, color, flavor, productivity—are the Ferry's Seeds you can buy.

In these seeds is the power to produce flowers of superb beauty, and vegetables of superior flavor and size.

Surely all the work you put into your garden deserves just these seeds. Ferry's Seeds have to be all you expect when you buy them. In addition, they are fresh. No packet of Ferry's Seeds is ever carried over by the dealer for sale the second season. Ferry's Seeds may be had at "the store around the corner." Write at once for the Ferry's Seed Annual—with its good garden advice. Address D. M. Ferry & Co., Dept. H, Detroit, Mich.

Your garden will have its best possible start with Ferry's purebred Seeds.
