## Group Considers Youth Center and City Park Project

A new scheme becomes apparent in the communist propaganda campaign in this country. Red master minds are going all out to create incidents which overshadow the harmful publicity they get from investigations of the Congressional un-American Activities Committee.

Recent results in San Francisco worked out just as they had planned. If you are not convinced think back a few weeks and recall what you can from that investigation. You'll remember stories of violent demonstrations and police efforts to cope with them. You'll also remember some mention of injuries sustained by "students" who demonstrated in opposition to the inquiry. But it is doubtful if you learned anything about the treason and subversion that were exposed by the investigation.

With the help of an unsuspecting American press the commies scored a decisive victory there. Oversize delinquents who got into trouble by their rowdy behavior were pictured as sort of crusaders defending their principles. Strangely, little if anything was said about hard core reds who stirred up the trouble. To a great extent the whole episode accomplished just what the commies intended.

With that success behind them it was not surprising to find the same crowd of red workers organizing a similar demonstration for an investigation in New York. More lame brain characters from students of leftist leanings were coached for the disturbance. But, apparently, police and other officials refused to be suckered twice by the same trick. Reds and their stooges did not get to hog publicity at that hearing. Instead a long and detailed account by an under-cover FBI agent exposed the reds thoroughly.

Let's hope that this will be a pattern for all future dealings with the commies. It can be if American officials and American newsmen will be alert to the commies' objective and earnestly strive to beat them at their own game.

The greatest weakness that we Americans have to overcome in our domestic struggle with the red menace is our inclination to go overboard in respecting so-called rights of individuals. Reds assail the un-American Activities Committee because of alleged violation of their personal freedom. We need to awake to the fact that there is no such thing as freedom to destroy a nation's freedom . . . which has been proved as the avowed aim of communism.

There are ways to deal with the situation. One is inviting the FBI to expose every communist involved in a domestic issue, then follow up with intensive publicity revealing the baseness and treachery of communism. Truth used to its full effect can annihilate the falsehood of the reds. It will do even more and silence the crackpots who have been serving as apologists for the reds. At the same time it would be advisable for rank and file Americans to live up to the traditional ideals of Americanism, applying standards of integrity and responsibility inherent in the dignity of free men. We have to admit that our own failings in this regard have provided most of the opportunities for reds to move in and agitate.

Occasionally for the past few years we've heard of efforts to organize a new political party in this country, the Constitution Party. Now comes word that it actually intends to get active and will hold a state convention on June 14 while Democrats and Republicans have their meetings. They'll work for a national ticket headed by J. Edgar Hoover for president and Tom Anderson, the fiery editor of Farm and Ranch, for vice-president.

There's little hope, of course, that the new party can muster the support to make even a fair showing in national politics. Nevertheless there is a bright side to its activity. A good lively effort, espousing conservative and traditional principles to which the party is dedicated, could help check this country's trend toward liberalism and welfare-statism. Millions of Americans will go for the principles that party stands for . . . such as firm dealing with communism, opposition to income tax and the United Nations, states rights, more economy and less bureaucracy in government . . . in short, faithful adherence to the Constitution.

Despite the odds the party (Continued on page 8)

## Auxiliary Changes Meeting Date; Sets Dance and Dinner

A change of meeting date and plans for a benefit dance along with plans for providing dinner for a group of VFW farm workers made this week's meeting of the Muenster VFW Auxiliary a lively one Monday night.

Until further notice, beginning with the July meeting the Auxiliary will meet on the same night the Veterans of Foreign Wars hold their business session, the second Tuesday of each month. Afterwards the two groups will join for refreshments and a social hour.

The dance, to boost the organization's treasury, is scheduled for Saturday, July 30. It will be an overalls and gingham ball with a seven-piece band, the Texoma Play Boys, furnishing the music. The band features a girl vocalist. It's a popular band with a telecast program on Channel 12.

Plans for the working men's dinner are complete except for the day it will feed the hungry veterans who will put in a day on the Norbert Koesler farm, doing what is needed in the harvest field, hay field, etc. The day will depend on the weather and the Post members will take their machines with them for the work. Mrs. Joe Lehnertz has volunteered to prepare the meal which will be sponsored by the Auxiliary through its Buddy Poppy fund.

In other business the members contributed ten dollars to City Library for children's books and heard reports and communications including the program for the state encampment at the Hilton Hotel in Fort Worth June 17-19.

A report on Buddy Poppy sales revealed donations here totaled \$104.28 of which \$18.12 went to disabled veterans who make the poppies and the balance went in the Auxiliary's special fund used exclusively to help disabled veterans and their families here.

After adjournment, Mrs. Larry Yosten, refreshment hostess, served a cold plate and Mrs. James Hammer won the attendance prize, a handsome all-white madonna statue.

## Strader Wins in Run-off Race for Superintendent

Gladys Strader acting County School Superintendent since the resignation of W. E. Chalmers, will complete the remaining two years of the unexpired term.

Voters of the county in their Democratic Primary runoff last Saturday favored her over Tim McPherson by a count of 1705 to 1075.

Muenster went along with the rest of the county, its two boxes favoring Strader. However the contest was close, 72-68. North Muenster went for Strader 60-41 and South Muenster went for McPherson 27-12.

Local voters likewise voted with the county and the state in the only race of the ballot. Their count was 94 to 33 favoring W. T. McDonald over the incumbent, Lloyd Davidson, for judge of the Court of Criminal Appeals. In the county McDonald led 1275 to 1053, and in the state he led by a margin of over 34,000 votes.

Balloting was exceptionally light at Muenster, 101 in the north box and 39 in the south box. Totals in those boxes for the first primary were 469 and 157 respectively. Another contest in the county did not concern Muenster voters. C. W. Rudd defeated Edgar Smith for commissioner of Precinct 1.

## 4 Local Boys Make Subiaco Honor Roll

The honor roll at Subiaco Academy for the final six-week period lists four Muenster boys with Robert Fetsch leading and Dennis Hess a close second for the choice A Honor Roll rating. Their averages were 97.2 and 97. They are sons of Messrs. and Mmes. Paul Fetsch and Al Hess. Only three students made this list.

Named on the B Honor roll are Jim Gehrig with 92 average and Clifford Pels with 90. Their parents are Messrs. and Mmes. George Gehrig and Ed Pels.

The annual outing for REA employees and their families was held at City Park Saturday night with supper catered by Mrs. Joe Lehnertz following a swim party. About 60 persons attended.

## NEWS OF THE SICK

Norbert Koesler entered Gainesville Sanitarium Monday for a check-up and observation. He is convalescing from a heart attack suffered May 13.

Mrs. Joe Otto is back at home since Sunday, dismissed from M&S Hospital where she had major surgery May 18. She can enjoy company and invites friends to stop in at her home.

Mrs. Joe Tischler, former Muenster resident, now of Celina, is a patient at East Town Hospital in Dallas where she underwent surgery Monday. She'll be hospitalized a week or ten days and greeting cards will cheer her. Her family was with her the day of the operation. Mrs. Al Yosten went from here, Mr. Tischler, Mrs. Justin Jezek and Mrs. J. C. Tischler of Celina were there and Mrs. Homer Savage of Garland joined them at her mother's bedside. Mrs. Tischler's address is: East Town Hospital, Room 207, 7525 Scylene Rd., Dallas Texas.

Ben Luke is convalescing at home since Tuesday after ten days at the Nocona hospital for surgery and treatment.

Mrs. Raymond Zimmerman, route 4, Gainesville, is recovered and is back in circulation after a case of virus pneumonia that sent her to the hospital for seven days. She had just finished the school term at St. Mary's in Gainesville where she taught the fifth and sixth grades when the illness struck her. Mrs. Zimmerman says thanks for all the nice cards and get well wishes and other kindnesses while she was sick.

Mrs. Don Wiesman of Fort Worth is reported making normal progress toward recovery following a major operation at St. Joseph's Hospital and will probably be dismissed the latter part of this week. Mrs. Wiesman is the former Shirley Henderson of Gainesville, the daughter-in-law of Mr. and Mrs. Tony Wiesman and granddaughter of Mrs. Bob Yosten.

Mr. and Mrs. Andy O'Connor and Mrs. Will Sicking, joined by the O'Connors' daughter, Mrs. Bill Fry of Dallas, were in Bryan over the weekend at the bedside of John O'Connor whose critical illness had him sinking so fast late Friday that the relatives drove through the night to reach his bedside after being called by telephone. He had rallied by Sunday and they returned home.

Bobby Bierschenk was responding to treatment at Gainesville Sanitarium this week for a back ailment after being in traction almost two weeks and is expecting an early dismissal from hospital care. The son of Mrs. William Bierschenk of Valley View, and brother of Mrs. Rufus Henschel, he has been employed in Wichita Falls.

## News of the Men in Service

### New Assignment

Sailor Ronnie Cannon telephoned his parents, the Claude Cannons, from Key West, Florida, the other day to tell them he was going from there to New Port, R. I., for a temporary assignment before sea duty. Formerly serving aboard the USS Daly, Ronnie has a new ship — the USS Hazelwood — since the Daly was put in port following an accident some months ago.

### Has 30 Day Leave

Navy Nurse Rita Voth, Lieutenant Commander, is here on 30-day leave visiting her mother, Mrs. Barney Voth and family. She flew in from Newfoundland arriving in Dallas Thursday and was met by her brother, Ray Voth. From here, Rita will return to Newfoundland for six more months of service.

### On Overseas Leave

Airman David Walter is at home on a 30-day leave visiting his parents, the Oscar Walters. He came from Homestead AFB, Miami, Florida, and will go to New York and thence to Greenland for a new assignment. His brother, Rodney Walter, based in California with the Navy, expects a leave to visit here with the family before David goes overseas.

## Council Delays Paving on Walnut Until Next Year

Walnut Street's paving project will have to wait another year, but it will be in much better condition than ever before. Gravel base for the pavement is being applied and shaped this week, and will be used in that condition until early next summer.

Advisability of waiting a year was explained at the city council meeting Monday night. Since new water main was installed under three blocks of the street only a short time ago, it is assumed that the recent fill-in should be allowed a few months to settle before the permanent surfacing is applied. By then the weather will be cooler and less desirable for paving.

So the council decided to go for best results all around. It will allow plenty of time for settling then contract for surfacing at the best time next summer. Meanwhile the street is second only to a newly paved job. Curbs are finished and the street is wide and smooth. Nevertheless the city will have some paving work this year. Mayor Herbert Meurer revealed that resurfacing jobs are planned for several streets this summer.

## Civil Defense and Nursing Classes Begin June 20

Ladies who plan to attend the adult class in home nursing and civil defense are reminded that they will have to register soon to assure getting their necessary supplies.

Mrs. Carol Hartman, home-making instructor, said this week that the course will begin on Monday, the 20th, but her order for supplies must be turned in several days earlier.

The course will be divided into three 2-hour classes, which will be scheduled to meet the convenience of the class. There will be no charge.

## Annual Collection For Cemetery Fund Dated Next Sunday

Muenster's semi-annual collection to finance maintenance of Sacred Heart Cemetery will be held next Sunday at the church doors following all of the masses.

As usual, the collection is sponsored by the Ladies Civic League and Garden Club, which supervises the cemetery maintenance as the principal project of its club activities.

According to Mrs. Tony Gremminger, co-chairman of the Garden Club's cemetery committee, the donations will be used primarily for general maintenance, which includes mowing, watering, equipment upkeep and replacement of trees and shrubs. Normally that comes to about \$600 a year, but is expected to go higher this year because of greater than usual losses, especially among the cedars.

## Mrs. J. I. Welch, 84, Pioneer of Hays Community, Dies

Mrs. J. I. Welch, 84, who moved to the Hays community in 1900 when she and her husband settled in Cooke County, died Tuesday morning in a Gainesville hospital where she had been a patient several days.

Funeral services were held Wednesday at the Commerce Street Church of Christ and burial was in Hays Cemetery directed by George J. Carroll and Son, J. H. Chism and Willis Kreager, Church of Christ ministers, officiated.

Mrs. Welch was born in Baltimore, Md., March 14, 1876, and was married to J. I. Welch Sept. 19, 1892. They resided on a farm north of Muenster from 1900 until 1942 when they moved to Gainesville. He was elected as commissioner of Precinct 4 on the Republican ticket in 1930 and served one term. He died about two years after the couple moved to Gainesville.

Survivors include three daughters, four sons, one brother, 25 grandchildren and 41 great-grandchildren.

## Local News Briefs

Mrs. Joe Walter and her daughter, Mrs. Aubrey Chapman, drove over from Gainesville Tuesday to visit their daughter and sister, Mrs. Ed Sicking and family. Mr. Chapman returned to Dallas Wednesday evening after a few days' visit with her parents in Gainesville.

Mrs. Louis Roberg took a week's vacation and spent most of it at West Point, N. Y., where her son Cadet Kenneth King, was graduated at the U. S. Military Academy. King was commissioned a second lieutenant in Artillery and received a bachelor of science degree. Mrs. Roberg made the trip by plane.

Miss Pat Horn is at home for a week's vacation with her family, the Joe Horns. She has finished the regular term at the University of Texas and will leave again Sunday to enroll in summer school. Pat was recently initiated into Theta Sigma Phi, Journalistic honorary society.

Little Deanna Wolf of Gainesville is spending this week with her grandparents, the Victor Hartmans. Her mother, Mrs. Walter Wolf and children brought her over Sunday evening when they brought Patsy Hartman home after a three day visit in the Wolf home.

Sister Francesca has let her parents, the August Walters, know that she has gone from OLV Convent in Fort Worth to San Antonio to study at Our Lady of the Lake College in summer classes.

Sammy and Brian Bezner of Gainesville spent the past week here on vacation with their grandparents, the J. B. Wildes, and their uncle and family, the Ray Wildes.

Mr. and Mrs. Matt Stelzer were visitors here the past weekend with relatives, enroute to their home in Post after being in Temple where Mrs. Stelzer had a medical checkup. They were also in Bryan to visit at the bedside of John O'Connor and were guests of their son Maurice Stelzer and family in Gainesville. They took their grandson, Walter Stelzer, home with them for a visit.

## See Daughter Get Nursing Diploma

Mr. and Mrs. Rudy Hellman were in Milwaukee for the June 5 commencement program at Marquette University in which their daughter Gretchen — Mrs. Richard Syverson — received her Bachelor of Science degree in nursing. And "seeing the folks" added to weekend happiness. Mrs. G. H. Hellman came from Chicago for the program and Dr. and Mrs. Hugo Hellman and sons attended. The visitors were guests in the Hugo Hellman home. Mrs. G. H. Hellman hurried back to Chicago to attend a graduation program there Monday. Grandson Denny Baker was in a high school commencement.

The Hellmans left here Friday in their own plane and returned Tuesday morning.

## Garden Club Meet To Feature Films And Guest Night

Monday night's program for Civic League and Garden Club members will be an interesting one with Mrs. Joe Luke showing colored slides from the Lukes' trip to Hawaii. It will also be guest night and club members are being reminded to bring a friend with them.

The meeting will be held in Muenster High auditorium and will be the final session for the organization until September when the group will reconvene for a new year. Mrs. Joe Luke and Mrs. Edd McGannon will be hostesses and invite all members to be present and bring a guest.

## First Reports on Wheat Crop Show Bumper Yields

First wheat delivered to the Muenster elevators bears out earlier predictions of an exceptionally good crop. Whether the yields will hold up when harvest gets into full swing remains to be seen.

Up to now H. N. Fuhrmann is the only farmer who has reported yields. After finishing two small fields he figured one at 39 bushels per acre and the other at 31.

A much better report comes from Lindsay, where Jake Bezner is said to have hit the jackpot on a 17 acre field . . . an average of 57 bushels per acre.

The price of wheat has started strong. Heavy demand by millers ups the open market to \$1.77 a bushel. The government support price is \$1.70.

Rain Tuesday called a halt in local harvesting just as it was getting started. In the city the rainfall measured .39 inch, but reports indicate that it was more abundant in rural areas, especially south and west. As a result some farmers were due back in the fields Wednesday or Thursday and some will probably be delayed until the first of next week.

## Katy Tears Down Passenger Depot At Gainesville

Removal of the Missouri, Kansas and Texas passenger depot in Gainesville this week comes as an indication that passenger train service through Muenster is definitely ended. The 72 year old building is being completely torn down and the ground leveled. It has been out of use since the train was discontinued a year ago, all freight being handled at the freight depot.

The depot at Muenster, and other stops along the line, were used for freight as well as passenger service, so there is no danger of its removal . . . unless Katy decides that the volume of freight business does not justify keeping a station here. Paul Luke, local agent, said the company is considering the close of some of its non-productive stations, but has made no decision to date.

### VOTING "RIGHT"

"Too often the pressure groups measure the suitability of a lawmaker by the number of times he voted 'right' with them. Just as frequently, politicians go before the voters to boast of their 'rightness' with labor, the farmer, the veteran, or whoever.

a change to see a candidate get up and contend that he had tried for the last two or four or six years to vote 'right' with the United State.

"This country will be moving toward real political maturity when men seeking office are judged on this broad plane, rather than by the narrow gauge of service to limited interests.

"But, for the most part, neither the politicians nor the people they represent seem close today to the threshold of that maturity."

### CRIME. THE ABUSE OF FREEDOM

The final score is not out but it appears that last year in this country there was a murder every 39 minutes robbery every 5 minutes rape every 28 minutes larceny every 22 seconds auto theft every 2 seconds.

Give or take a second or two either way; our mathematical ability can be questioned. But the postwar crime rate still goes up. It soars while church attendance is the highest in history and in spite of "expert" counseling from sociologists and psychiatrists.

Communists are baling plenty of propaganda hay out of this. The Russian newspaper, Izvestia, has described our murders and sex crimes as "the decadent fruition of capitalist society." Well?

We can deny, of course, that capitalism is to blame. But we cannot deny the figures. The final score will show that juveniles committed between a third and a half of all major crimes last year, including rape and dope addiction.

There are more than two million between the ages of 10 and 17 who have been to court one or more times. Every one views the problem differently: The lawyer sees it as a legal problem, the doctor as a psychiatric problem, police as a punishment problem, pedagogues as an educational problem.

More recently — you may have guessed it — there are those who see it as a government problem.

So, Washington's myriad of federal agencies are in on the act. The U. S. Department of Health, Education and Welfare — with Cabinet rank — has a Children's Bureau not long ago established a Division of Juvenile Delinquency services.

If the Russian paper wants to comment sarcastically, this transfer of personal responsibilities to a division under a bureau under a department — in Washington — affords a ripe field of sarcasm.

The solution is not to be found in the capital's bureaucracy. The cause is a personal weakness which has grown steadily worse since the war — a shocking disrespect for authority at every level. A child sasses his parents — and gets away with it. A student sasses his teacher — and gets away with it. In time it becomes a habit, then a trait, and the sasser thinks he can steal or kill and get away with it.

There is a remarkable absence of Jewish and Chinese young people in the delinquency records. Jewish and Chinese children are taught from infancy to respect their

elders; taught, more often than not, with a rod. They respect their traditions. They are proud of their heritage. Pride, obedience and respect build character.

In short, as far as training goes there is no difference between a boy and a dog. Without training and discipline both will search out the alleyways.

If the Russian newspaper wants to know it, our weakness is a disrespect for authority — the abuse of freedom — which is reflected in the crime figures. Capitalism has nothing to do with it.

The American system seems to encourage freedom without discipline. In Russia, the emphasis is on discipline without freedom.

Dick West in The Dallas News

### UTOPIA!

In his "Hey Sam!" column, Editor Sam L. Smith of the Metropolis (Ill.) News relates a bad dream that, he says, "took me as close to the Russian way-of-life as I ever want to be."

In Sam's nightmare, US socialists had the nation pretty well under control. A super TVA had replaced private power companies, Government had taken over medical and hospital services, railroads and truck lines, schools, retailing and agriculture.

"UTOPIA? Yes, all through that wonderful Government control.

"Best of all this new system meant everyone was EQUAL! No matter how little I worked, I had as much as the man next door, and no matter how hard he worked, he couldn't earn more than me. Wonderful!

"SO YOU ASK, what was wrong with all this? Why was it a nightmare?

"TLL TELL YOU WHY! It was alright as long as the Government took over everybody else's business. It was alright to destroy the private electrical power interests. It was alright to control medicine — transportation — schools — retailing — everything else.

"But when the Government announced its plan to take over the NEWSPAPERS of the nation, I rebelled!

"HOW ABOUT our free press, I cried!

"You can't take our businesses away from us, I shrieked!

"It's unconstitutional! It's not morally right. Newspapers are different from other types of business.

"Cheaper rates? Why, yes, perhaps newspapers could be sold cheaper under Government control if we had little or no taxes to pay and if we could borrow money at little or no interest. But we wouldn't

have free expression: we couldn't say what we wanted to about the Government.

"THAT'S RIGHT, said the Government, but, for the sake of cheaper rates, we've socialized everything else. You're all that's left. Sorry, WE NOW OWN YOU. YOU'RE OUT OF BUSINESS!

"With no private businesses left to pay taxes, I asked, who would support the Government? That's simple, replied the Government. Now that we own EVERYTHING, all we have to do is RAISE THE RATES, and no one can do anything about it!

"You should have thought of this while we were taking over all those other businesses, declared the Government, which appeared in my dream as a huge monster.

"My ears are still ringing with the fiendish laughter of the Government monster. The last thing I heard him say as I awakened from my nightmare

was: "Ha ha ha ha! You didn't think about what was happen-

ing to the others until it happened to you — did you? Ha ha ha ha ha ha-a!"

**Swirczynski Gets Scholarship for Eight-Week Study**

Clifford Swirczynski, Dalhart High School science teacher the past term, has been awarded a scholarship for summer study through the National Science Foundation which sponsors an academic year and summer institutes for high school teachers of mathematics, science and foreign languages. The programs are designed to improve the quality of teaching in these subjects.

Clifford Swirczynski is the son of Mr. and Mrs. Herman Swirczynski. He will attend an eight-week session, from June 20 to August 13, at Southern Illinois University in Carbondale. The field of study will include various phases of zoology, with field trips, laboratory work and lectures in charge of university staff members and visiting professors.

The former local young man received his B. S. degree from East Texas State College at Commerce and just completed his first year of teaching at Dalhart High. Since his school closed he is here for a vacation visiting with his family.

**22 Are Graduates From Saint Mary's Kindergarten Class**

One of the most looked forward to graduations of the year is that of St. Mary's Kindergarten at Gainesville and this year's commencement left nothing to be desired by proud parents and other family members who made up a large attendance from Muenster, Lindsay and Gainesville.

Twenty-two little boys and girls received their diplomas in caps and gowns from Father E. J. Gerlich and presented a program directed by their teacher, Mrs. Henry Spaeth.

Each of the children performed in a separate number and then together in songs, a square dance and a singing game. Francis Wiesman was caller for the square dance and the tiny couples were in dress suits and party frocks for this number.

Among graduates were Stevie Felderhoff and Carol Bezner of Lindsay and Susie Bezner and Mark Metzler of Gainesville.

Seeing Stevie get his diploma were his parents, the A. J. Felderhoffs and family, his grandparents, the Tony Felderhoffs and the Albert Kubises, also Mrs. Alvin Hartman, Mr. and Mrs. Sylvan Walterscheid and Buster Kubis.

Applauding for Carol and Susie Bezner were their grandmother, Mrs. J. B. Wilde, Susie's other grandmother Mrs. Jake Bezner, the little girls' parents, the Rufus and James Bezners, Mrs. Ray Wilde and children and Mary Louise Bezner.

Among those present to see Mark graduate were his parents, the Gerald Metzlers and family, and the grandparents, Mr. and Mrs. Henry Henschel and Janie, Miss Anna Hellman was also among those at the program.

**Party Compliments George Gehrigs on 25th Anniversary**

Silver wedding anniversary of Mr. and Mrs. George Gehrig brought a surprise for them Sunday evening when their daughter and son-in-law, Mr. and Mrs. Julian Walterscheid, entertained with an informal party at their home.

The hosts prepared and served barbecued ham and beef with all the trimmings in the yard and guests were served on the lawn.

The anniversary cake, baked by the hostess, was a double wedding ring on a mirror reflector. The cake was cut and served with homemade ice cream to conclude the meal.

Guests were family members, Mrs. Gehrig is the former Miss Josephine Muller, daughter of Mr. and Mrs. Matt Muller, and her husband is the son of Mrs. Katherine Gehrig and the late William Gehrig. They have one son, Jim Gehrig who attends Subiaco Academy, and three daughters at home, Dianne, Yvonne and Monica.

Mr. and Mrs. Virgil Walter are honeymooning since their wedding in Lubbock June 2 and will make their home in Odessa where he is employed by Pan American Petroleum Company.

Relatives from here witnessed the marriage ceremony in St. Elizabeth's Catholic Church and attended the reception afterwards.

Mrs. Walter is the former Miss Marie Hodges, daughter of Mr. and Mrs. Carl L. Hodges of Hot Springs, Ark. Her husband is the son of Mr. and Mrs. Al Walter of Muenster. The couple pledged vows at nuptial mass with the Rev. Joseph Brennan officiating at the 6 p.m. service.

The bride was escorted to the altar by her father. She wore a gown of white silk organza over taffeta, the fitted bodice designed with a scoop neckline embroidered with pearls and sequins, and bracelet length sleeves. The wide skirt had a front panel of embroidered motifs and double panels of the same cascaded to the back extending into a chapel train. A tiara of pearls held her fingertip veil of illusion. She carried a white Missal topped with gardenias.

They wore dresses of silk organza over taffeta and headpieces of coral flowers. The maid of honor was in coral and the bridesmaids in Nile green dresses. They carried matching bouquets of carnations.

Eugene Walter of Abilene was best man for his brother. Carl Hodges of Weatherford, Okla., brother of the bride and Odie Rippey were ushers.

The reception was held at the home of the bride's sister and brother-in-law, Mr. and Mrs. J. M. Elledge.

For traveling to Ruidoso, N. M., and Lake Texoma the bride wore a navy blue linen suit with white accessories. She is a graduate of St. Mary's Academy in Amarillo, attended business college in that city, and served as secretary in a freight company office.

The groom received a B. S. degree in agriculture from Texas A&M College and a B. S. degree in petroleum engineering from Texas Tech in May.

**SOIL CONSERVATION DISTRICT NEWS**

**OUR SOIL ★ OUR STRENGTH**  
 A good investment in time and money during June is weed control on pastures and waterways. This is especially true on newly planted grass because the first year's growth is important in the future production and establishment of the grass.

Weeds rob grass plants of moisture and sunshine, both vitally needed to make and maintain a good root system. It takes an average of about 500 pounds of water to produce a pound of grass. Most weeds take just as much or more water to produce a pound of forage. And weeds cannot be turned into beef. These robbers of moisture which grass could be using can be controlled by mowing or by use of chemical sprays. Make sure you comply with the state herbicide laws when spraying for weed control, advise technicians of the Muenster work unit office of

the Upper Elm-Red Soil Conservation District . . . And this is the time to plant summer legumes for soil building. Several cooperators have indicated that they intend to plant summer peas on stubble ground this year.

Another legume that is a good soil builder and well adapted to soils in this area is Guar. Although it is not a new legume very little has been grown hereabouts. This is perhaps due to the fact that Guar does better planted in rows. But this is true of almost any crop that is planted for seed. However, for soil building it may be planted by using a grain drill and stopping up every other spout or closing off two spouts in succession. Planting in this manner requires only eight to ten pounds of seed per acre.

Guar puts residue and nitrogen into the soil and dollars in the pocketbook. It greatly increases the water intake and water holding capacity of the land and results in increased yields for following crops.

Of 26,500 accidental deaths in American homes last year, 11,800 resulted from falls.

Handbags take up less room on a closet shelf if stored in a divided plate rack.

### John Fishers Fill Week With Visiting

Visits in half a dozen cities to see relatives and friends filled a week's vacation with a variety of entertainment and sight-seeing for the John Fishers. With Mr. and Mrs. Fisher on the trip were their daughter Rosemary, their niece Theresa Fisher and Martha Sue Meurer.

He couldn't come home with them but returned later in the week to spend the summer at home.

### Gift Party Honors Mrs. Walter Acker

Mrs. Walter Acker ended a two-week visit here with her parents, the Al Walterscheids, Sunday when her husband came for her and they returned to their home in Midkiff. He had spent the two weeks at Fort Sill, Okla., training with the Reserves.

While she was here Mrs. Acker was the honoree at a pink and blue shower with a quartet of hostesses, Mrs. Ed Schneider, Willie and Carl Walterscheid and Donald Endres, entertaining in the Schneider home.

In paper and pencil games and contests prizes went to Mrs. Lawrence Wimmer and Mrs. James Mollenkopf. After the gift display, the hostesses served punch and cookies to about 20 guests.

### Sisters Come Home On Surprise Visit

Mrs. M. J. Endres and Mr. and Mrs. C. J. Fette had a happy surprise Sunday with the arrival of their daughters, Sister Agnes Endres and Sister Antoinette Fette, from Fort Worth. They were here to Tuesday when they went to Sherman, staying there for the summer and attending special classes in Denton.

Sister Agnes was in Beaumont as a teacher the past term and Sister Antoinette taught in Hollister, Calif. She came by plane Sunday to Fort Worth and was met at OLV Convent by the Tim Stormers who brought the two nuns to Muenster.

### Housewarming for Herrs Is Surprise

A housewarming party caught Mr. and Mrs. John Herr by surprise at their new home Saturday night when relatives dropped in bringing gifts and refreshments.

The couple's daughters, Mrs. Leonard Bengfort of Lindsay and Mrs. Don Wilson, planned the event and got the word around.

After a tour of the new place the group of about 30 enjoyed eats and drinks and visiting. Mrs. Joe Luke brought a centerpiece for the table—a handsome magnolia arrangement.

# WEST HOMEMAKER WINS \$100 YEAST BREAD PRIZE WITH 'SUNSHINE ROLLS'

'Wouldn't be without Gladiola Hard Wheat Flour,' says Mrs. Charles Smaistrila

"Helen's Sunshine Rolls"—brought to golden-brown perfection in the busy kitchen at 303 N. Marable Drive, West, Texas—have earned for Mrs. Charles Smaistrila the June \$100 first prize in Gladiola Flour's yeast bread Baking-Recipe-of-the-Month contest.

The winner is donating half her cash award to the bake sale fund of the Catholic Daughters of America, Court Sacred Heart Number 829.

### 'Flour is Main Thing'

"I never really thought my rolls would win \$100," says Mrs. Smaistrila. "There's nothing fancy about them, and they're quite simple to make. The main thing, just as in all yeast breads, is to start with Gladiola Special Hard Wheat Flour.

"I wouldn't be without it in my kitchen. Nobody can make good yeast dough with an all-purpose flour. Your dough should be smooth, strong and elastic—not the sticky, lifeless kind. It should rise evenly, without a scar, and hold all that good yeast flavor. That's why Gladiola Special is a must."

### Known for Her Baking

This month's honored home baker has two daughters, one son and 11 grandchildren. She's an enthusiastic flower gardener, but her favorite interests are baking and cooking.

Though Mrs. Smaistrila is modest about her kitchen skill, your Glad Times reporter found she's widely known in the community for her delicious rolls and bread and her traditional Czech and German dishes.

### Suggests Recipe Book

"A grand idea," says Mrs. Smaistrila of Gladiola's baking recipe contest. "It's a thrill to win a prize, of course, but it's even better to keep getting those good yeast bread recipes—a new one every month.

"Some day I hope the Gladiola people will publish a whole book of prize recipes—including all the honorable mention winners, too."

## 11 CASH PRIZES EVERY MONTH HERE ARE EASY CONTEST RULES

1. This monthly contest is Gladiola's way of stimulating the exchange of good yeast bread recipe ideas between you and your neighbors here in the Home Baking Heart of Texas. Anyone may enter except employees (and their families) of Fant Milling Co., its affiliated companies and its advertising agency.
2. Write down your favorite yeast bread recipe using Gladiola Special Hard Wheat Flour. List all ingredients, then explain briefly each step in the procedure.
3. Cut off the strip that says "Gladiola Special Hard Wheat Flour" from the folder enclosed in every bag. Send it—with your recipe—to Glad Times, Sherman, Texas.
4. Send in as many yeast bread recipes as you wish. Mail each recipe in a separate envelope enclosing a Gladiola strip as explained in Rule No. 3.
5. Each month's recipes are judged separately, with an independent graduate home economist as the final judge. Recipes received in June will be eligible for prizes to be announced in September.
6. For the outstanding recipe received each month, Gladiola will pay \$100. Half the prize money—\$50—goes to the winner. The remaining \$50 goes to the church of her choice as her special contribution.
7. Ten other yeast bread recipes will be chosen monthly for \$10 Honorable Mention prizes.
8. All recipes submitted become the property of Fant Milling Company, Sherman, Texas, with full publication rights. Recipes cannot be returned.

### SUNSHINE ROLLS

## Gladiola's Baking Recipe of the Month

From Mrs. Smaistrila: "Helen's Sunshine Rolls"

- |                     |                              |
|---------------------|------------------------------|
| 1 cup milk, scalded | 2 tablespoons lukewarm water |
| 1/2 cup shortening  | 1 teaspoon sugar             |
| 1/2 cup sugar       | 2 cakes compressed yeast     |
| 1 teaspoon salt     | 3 egg yolks                  |

5 cups (about) sifted Gladiola Special Hard Wheat Flour

Melt shortening in scalded milk; add sugar and salt and stir to dissolve. Cool to lukewarm. Dissolve the teaspoon of sugar and yeast in lukewarm water. Add yeast and egg yolks to cooled mixture and beat. Add about half the flour and beat thoroughly by hand or an electric mixer. Add remaining flour gradually, beating well, to make a medium soft dough. Place in a greased bowl, cover and let rise in a warm place until double in bulk. Punch down and divide dough into two portions. On a lightly floured surface roll each into a 9-inch circle. If desired, brush dough with melted margarine or butter. Cut each circle into 12 wedges; starting with the wide edge, roll each wedge and place, point down, in a greased shallow baking pan. Brush with milk and sprinkle with poppy seeds if desired, or brush again with melted butter. Let rise in a warm place until double in bulk. Bake in a moderately hot oven (400 degrees) 12 to 15 minutes or until golden brown. Makes 24 rolls.

**Lindsay News**

Visitors Saturday night for supper with Mr. and Mrs. Jake Bezner were their daughter, Sister Anna Rose, and four other nuns enroute to the motherhouse in San Antonio after teaching in Vinita, Okla., the past term.

Word from Colorado this week told of the death of Mary Ann Brown, 18, grandniece of Mmes. Willie, Matt and Joe Fuhrmann, who died Monday. She was the daughter of Mrs. Minnie Brown whose mother was Miss Annie Orth before her marriage.

Father Nicholas Fuhrmann surprised his family, the Willie Fuhrmanns, by coming home for a few days' visit. He was at the University of Saint Louis during the school term and came home after spending a week at the abbey in Subiaco. He left Lindsay Monday to enroll at S.M.U. in Dallas for summer school. Father Nicholas also visited his sisters and their families at Muenster.

**Lindsay St. Anne's Society Plans for Coming Activity**

Regular monthly meeting of the Lindsay St. Anne's Society featured discussions of plans for coming activity and reports of committees.

Principal discussion centered around the annual homecoming program to be held Sunday, June 19, and members lined up on various committees to help.

One committee, headed by Mrs. Henry Zimmerer, will make new curtains for the school cafeteria, the material to be financed by funds from the society treasury.

In other planning the organization decided to give the altar boys a treat some time this summer and Mrs. Tony Voth, Mrs. Norbert Zimmerer and Mrs. John Hess volunteered as the committee of three to take charge and set a date.

In reports, members heard Mrs. Joe Bezner Sr. tell that the sewing circle has seven quilts finished for the mission exhibit at the state convention of the Catholic State League this summer and Mrs. Ben Hermes, society president, asked members to make other mission articles for the exhibit. All of these, she reminded, go to needy mission posts after the convention.

Five First Communion outfits for the Holy Father's needy have been made by the Lindsay women and these were on display at the meeting.

In other reports Mrs. Adolph Fuhrmann gave an account of the district State League meeting held in Windthorst and Mrs. Gregory Hundt gave a summary of the NCCW Institute held in Gainesville.

After this, members agreed to send one from their society to a weekend retreat in Dallas and drew names from the membership to determine who will go. Mrs. Tony Hermes won the expense paid trip and Mrs. Adolph Fuhrmann was named as her alternate.

Father Alcuin, spiritual director, gave a sermonette in which he urged parents to send their children to week-day mass during the summer. He appointed Mrs. Norbert Zimmerer as sacristan.

The meeting in the parish hall followed recitation of the rosary in church and concluded with a social hour and refreshments served by a trio of hostesses: Mmes. Adolph Fuhrmann, Joseph Fuhrmann and Henry N. Fuhrmann. Mrs. John Aytes, a new resident in Lindsay, was a guest for the meeting.

**Family Gathering Marks Bengforts' 40th Anniversary**

Mr. and Mrs. Joe Bengfort were honored with a surprise anniversary supper and gathering at the home of their daughter and son-in-law, the Norbert Zimmerers at Lindsay on the evening of June 1. It was their 40th wedding anniversary.

The children brought covered dishes and another daughter, Dorothy Bengfort, made a beautifully decorated anniversary cake which centered the table.

Gifts were unwrapped and pictures were taken. Afterwards the group played card and domino games.

Attending with the honorees and Wilfred and Dorothy Bengfort were Mr. and Mrs. Pete Stoffels and Charlotte, Randy, Bobby and Timmy, Mr. and Mrs. Tony Hess of Muenster the hosts and their sons Ronnie, Arnie, and Steve, Mrs. Lena Schmitt, Father Alcuin and Father Ignatius and Leonard Bengfort.

Mrs. Leonard Bengfort and children couldn't join in the celebration because she was at the Sanitarium with young Mike who had a tonsillectomy and Susan and Lucille were spending a few days in Muenster with their grandparents, the John Herrs.

**Reunion Ends With Birthday Party at Weinzapfel Home**

After nine days of reunioning and visiting, Mr. and Mrs. J. M. Weinzapfel and Marye, alone again, are adjusting to the old familiar routine.

The partying ended Sunday in a celebration observing Mr. Weinzapfel's birthday. Mr. and Mrs. P. W. Hellman flew in from Tulsa to spend the day with her parents and their guests, Lt. Col. and Mrs. David Bright of Alexandria, Va.

Mr. and Mrs. H. L. Jackson and children came from Fort Worth, Father Tom Weinzapfel came from Dallas and Mr. and Mrs. Henry Weinzapfel and children joined them from here. Only Father Joe Weinzapfel was missing but he telephoned birthday greetings and talked with the family. He had been present at other reunions while the Brights were vacationing.

These included a gathering in Dallas after David and Juanita flew in for Marye's graduation, also here at the family home and a special party at Leeper Lodge for which Mr. and Mrs. Claude Jones were supper hosts. When Bill and Agnes left to return the Brights accompanied them visiting in Tulsa through Tuesday, then flying back to Alexandria.

**Mrs. Horn Hostess For Club Meeting**

Get-Together Club members were entertained by Mrs. Joe Horn as hostess in her home for the June social, the afternoon featuring a progressive 42 series.

The two guests at the party led the scoring and won the top awards. Mrs. Joe Hoenig tallied high score and Mrs. Clarence Wilson secured the galloping award.

The hostess was the birthday honoree of the month and received a gift from her sunshine pal. To conclude the afternoon she served cherry pie a la mode and coffee to twelve.

**NOTES FROM CITY LIBRARY**

**THE CONVERT** by Margaret Culkin Banning is a new and interesting novel which has just come to the City Library.

A love story, the history of a family, the tale of a search for truth, this is a novel of people and faith, indissolubly linked and rising to a crisis of decision. The conflict is familiar to the millions who have either made such decisions or observed similar struggles within their own circle. Here they will find it illuminated by entire frankness.

In the Midwest mining city in which Mark Worthing lived, the Worthing were one of the first families. Mark was admired for his competence and civic responsibility and for the good fortune that had brought him wealth and happiness in marriage.

The family circle was disturbed when Mark's younger brother fell in love with a stand behind him changed Catholic girl. Mark's failure to his brother's life, but Mark found, in time, that his own outlook was changing, too.

Soon Mark was caught up in a search — reluctant but relentless — for what he fundamentally wanted; a search which, as his devoted wife saw long before he did, was eventually to involve his career and most intimate human relations.

Other books by Mrs. Banning are MIXED MARRIAGE, FALLEN AWAY, and THE DOWRY.

Library personnel this week gratefully acknowledge gifts from three donors: 2000 labels for books from Muenster Enterprise, five dollars cash donation from Mrs. Ray Evans and ten dollars for children's books from VFW Auxiliary.
