—Boyd and Breeding Photo

Scoutmaster Nick Miller, leader of Muenster Troop 664, has been honored with the Silver Award and has joined the ranks of Silver Beavers.

He received the coveted award Tuesday night at the annual Circle Ten recognition dinner in Dallas. It is the highest honor the council can bestow, the highest rank a Scoutmaster can earn.

Sharing honors of the formal presentation was the Scouter's wife and helpmate, Mrs. Miller, who was also recognized at the dinner and accompanied her husband to the rostrum to receive his award and pinned it on him. They were escorted by Senior Patrol Leader Jerry Taylor.

The dinner-program was held in the Dallas Memorial Auditorium and was attended by about 1900 Scouters, their wives, members of the Scout committees and troop patrol members. The honored ladies received orchids.

\$147 Reported as March of Dimes Drive Nears End

Muenster's March of Dimes fund at this time stands at \$147.80. That is the total amount deposited for the fund at the bank and represents the collections made last Sunday at the four services in Sacred Heart Church and the porch light collection Monday night.

This is near the end for the year's drive at Muenster. Still on schedule is a benefit sock hop for Teens Sunday night 8-11 p.m. at the VFW Hall and collections from the coin containers in local business houses, and the return of envelopes from students of both schools.

Gain Indicated As End Nears in Scholastic Census

A gain in the scholastic population of the Muenster school district seems likely Superintendent L. B. Brunns said this week after his first check of scholastics against last year's official roll. The names to be added seem to out-number those to be dropped.

However, no official figures on the count can be given now. They will be given after all on the current census slips are tallied, checked and double-checked.

In this connection Superintendent Brunns sends out his final request to notify him if a child was overlooked. Parents who have any reason to think a child was missed can render a valuable service to their school and their district by notifying the superintendent.

Control Program For Brucellosis Starts in County

A Brucellosis Control Program for Cooke County was enthusiastically endorsed last week by a group of county livestock men meeting with County Agent Neil Tibbets.

Seeking the endorsement of other livestock raisers, the group voted to circulate a petition calling for a Brucellosis Control Program.

According to Farm Bureau President Paul Fisher, the petition has been prepared and will be posted at several places in the county after February 1. In Muenster those places are the bank and both feed stores.

The program will be one of the principal topics of discussion at next Monday's meeting of the Farm Bureau, Fisher said. Members who wish to know more about it should be sure to attend.

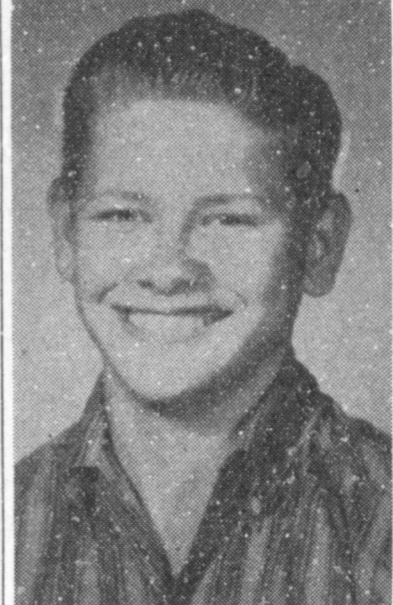

When originating the program last week the group of stock raisers asked W. T. Bonner to write a letter appealing to the livestock men of the county. A copy of that letter is published herewith:

As I see it, I don't think it is a major problem at all. I think if every body would join in and help with it, we could have it cleared up in a very short while. It is certainly very, very important that we do eradicate it, as there is a lot at stake.

First, the dairymen or farmers who are selling milk have to be clean and accredited by June 1st. The dairy industry in Cooke County has become one of the major resources of our county. Under the present condition, it is hard for farmers to make any money out of just farming alone, so most of them have some cows to (Continued on page 5)

Charles Hellman and a junior at Muenster High School.

Two of his classmates, Clyde Walterscheid, 17, son of Mr. and Mrs. Paul Walterscheid, and David Yosten, 17, son of Mr. and Mrs. Leonard Yosten, were injured and hospitalized. Walterscheid sustained an eye injury, a cut on his right leg and body bruises. He returned home Sunday. Yosten received a bad gash on his scalp and a neck injury. He came home Wednesday.

Also injured was the occupant of the other car, Mrs. Jack Roberts, 46, of Nocona. She received fractures of a hip and wrist.

The tragedy occurred while the three young men were driving to a movie at Gainesville. All were riding in the front of Yosten's car, Hellman at the right side.

As explained by Yosten to Highway Patrolman Everett Scott, they drove over a hill shortly after leaving town and saw an on-coming car apparently on their side of the road. He turned to the left trying to avoid a crash but failed to get clear. The right sides of the two cars collided, crushing and ripping the entire right side of Yosten's car and driving the right front of the other almost back to the windshield. The Nocona car came to a stop at the south side of the highway, the Muenster car on the north side. Parts of the wrecked cars were scattered for about 100 yards along the highway.

Miss Maggie Ends Career Just Short Of Half a Century

Miss Margaret Simons, affectionately called Miss Maggie during her 42 years as Sacred Heart Parish housekeeper, is retiring from work effective Feb. 1, just short of completing a half century of service as a rectory housekeeper.

Father Christopher Paladino, pastor, revealed the news Wednesday and at the same time stated that Mrs. John Kathman will be Miss Maggie's successor in the parish house. She will begin Friday this week.

Miss Maggie will go to Jonesboro Ark., the second week of February to make her home with the Benedictine Sisters at Holy Angels Convent.

Failing health in recent years became worse and during the past year has caused considerable trouble even though it didn't interfere with her usual duties. She had planned to stay on the job until October to round out fifty years of housekeeping but her health denied her that wish. She will be 74 on March 19.

A native of Windthorst, Margaret Simons started her career at the age of 20 when she became housekeeper for Father Frowin Koerd, a young Benedictine assigned to St. Mary's Parish in Windthorst. When he was transferred to Muenster in 1918 she came with him and remained after his death as housekeeper for succeeding Benedictine pastors.

As a farewell token, Father Christopher has arranged to have envelopes in all church pews Sunday for parishioners to contribute toward a parting gift . . . a little show of appreciation for Miss Maggie's 42 years of service in Muenster.

MHS Cagers Drop Pair to Callisburg And Beat Saint Jo

Muenster High basketball teams lost a pair of games to Callisburg and won a pair from Saint Jo in their activity of the past week.

The Callisburg girls were playing their usual classy game as they took an early lead and extended it steadily for the win of 39-17. Williams was the top scorer with 22. Leading MHS scorers were Fisher with 8 and Dern with 5.

Next the Callisburg boys, after nudging to a 14-13 lead at the first quarter, stretched their margin through the next three periods for counts of 36-24, 52-38 and 67-47. Doug Hellman and Williams tied with 24 each for scoring honors. Joe and Mark Hellman hit 9 and 7.

A big third quarter gave the MHS girls their decision over Saint Jo. The visitors led 9-6 at the first period and 15-13 at the half, then Muenster pulled ahead 28-22 in the third quarter and held that margin for the final count of 37-31. Fisher was far ahead in the scoring with 25 points.

The boys' game ended in a forfeit shortly before the close of the third quarter with the Hornets leading 38-27. Muenster took the lead early and held it all the way for counts of 15-10 at the quarter and 27-19 at the half. Coach Bynum Smith of the Panthers blamed the officials in his decision to call out his players in the third period. Muenster scoring until then was Harris 15, Mark Hellman 9, Doug Hellman 8 and McElreath 6.

HONESTY STILL BEST POLICY

A letter published by the Oklahoma City Better Business Bureau has something to say about the public indignation that followed the revelations of rigged television quiz shows — with accompanying demands for more investigations of advertising, more crack-downs and, more government regulation.

"The whole shameful mess is a dramatic illustration of the inevitable result when business fails to regulate itself," says the letter. The point is that if business fails to police itself, somebody else, probably government, will do the policing.

The Bureau's publication

adds that the situation amounts to "a challenge to every field of business to clean house . . . to the retailer who uses fictitious comparative prices — to the stock salesman who misrepresents, either by what he says or by the information he withholds — to the automobile dealer who lies about the condition of the used cars he is selling — to the TV service man who charges for unnecessary parts and service — the . . . We could run the whole gamut of business. Every business and professional field needs continuous self-scrutiny, so that bad practices can be eliminated before they cause public scandal."

If free, private enterprise is to live, it must have ethics that meet the public concept of what is right, decent and honest. If it fails to establish and maintain such ethics, it will be asking for punitive treatment.

DEMOCRACY SALESMEN

Every time you vote for some sort of government hand-out or for some politician who promises more and more "free" services, allowances or bonuses, you are perpetrating a fraud upon yourself and your neighbors and fellow citizens.

There is no such thing as getting something "free" from government at any level. It is your money and every time you vote it away you are contributing to debasement of the national currency. Here's an example of what happens.

Canadians, in relation to their personal incomes, own more life insurance than any other nation on earth. Last year, more than 8 million Canadians owned \$38.6 billion of insurance. That was 157% of their personal income. U. S. citizens owned 139% of theirs.

However, according to President A. Ross Poyntz of the Canadian Life Insurance Officers Association, Canadian policyholders are being systematically robbed, via inflation, of the purchasing power of their life insurance savings. The buying power of the 1946 dollar stood at about 62 cents in 1958 and Mr. Poyntz adds, "Although total life insurance in force has increased four-fold since the war, in terms of purchasing power, it has increased only 2.4 times." In other words, inflation has robbed you of 40% of the worth of your life insurance savings.

Governments and people who repudiate their debts do not long enjoy public confidence. Surprising it is that the 8 million Canadian policyholders have not indignantly wakened to the fact that inflation is simply a disguised form of governmental default. They will and, when they do, the "hand-out" promoters will be buying one-way tickets from Ottawa.

AN AMERICAN

What is an American? Here's the way the Maysville (Mo.) record-Herald answers that question for the benefit of Khrushchev and his Communist Ruskies:

The American yells for the government to balance the budget and then takes the last dime he has to make the down payment on his car. He yells for speed laws that will stop fast driving, and then won't buy a car if it won't make 100 miles an hour.

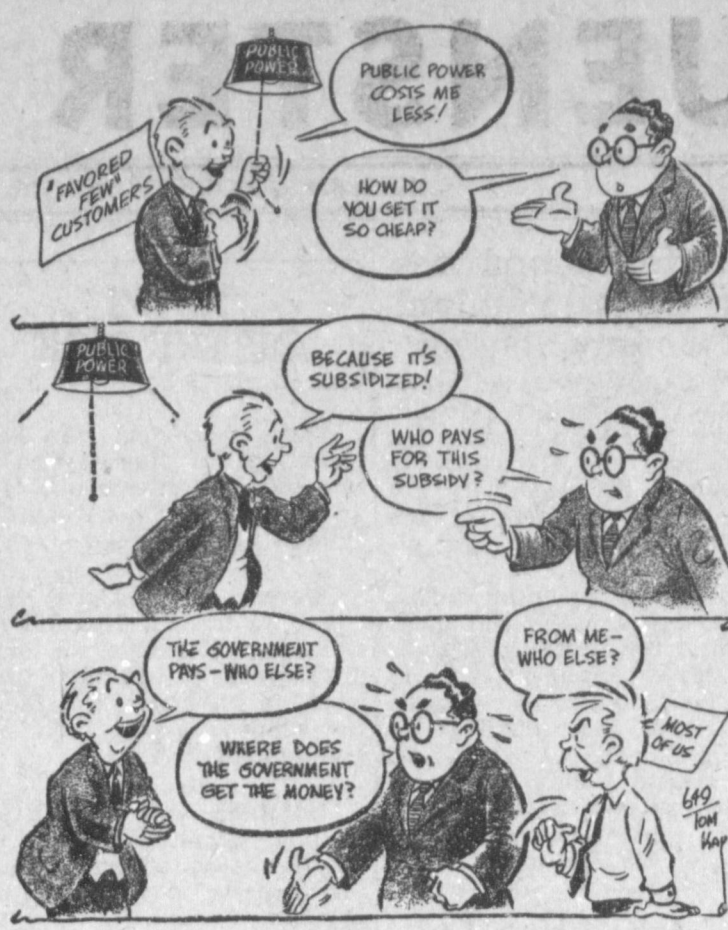

An American gets scared to death if we vote a billion dollars for education — but he's cool as a cucumber when he finds out we are spending three billion dollars a year for smoking tobacco. He gripes about the high prices of the things he has to buy, but gripes still more about the low prices of the things he has to sell. He knows the line-up of every baseball team in the American and National Leagues — and doesn't know half the words in "The Star Spangled Banner."

An American will get mad at his wife for running their home with the efficiency of a hotel, and then he'll get mad at the hotel for not operating like a home. He'll spend half a day looking for vitamin pills to make him live longer — then drive 90 miles an hour on slick pavement to make up for the time he lost.

An American is a man who will fall out with his wife over her cooking and then go on a fishing trip and swallow half-fried potatoes, burnt fish, and gritty creek water coffee made in a rusty gallon bucket — and think it is good.

An American will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

When an American is in

Yes, Indeed, Who Else?

his office he talks about baseball, football or fishing—when he is out at the game or on the creek bank, he talks about business.

He is the only fellow in the world who will pay 50 cents to park his car while he eats a 25-cent sandwich.

An American likes to cuss his government but gets fighting mad if a foreigner does it.

We're the country that has more food to eat than any other country in the world and more diets to keep us from eating it. We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power.

We're supposed to be the most civilized, Christian nation on earth, but still can't deliver payrolls without an armored car.

In America we have more experts on marriage than any

other country in the world — and more divorcees.

But we're still pretty nice folks.

Calling a person "a real American" is the best compliment we can pay him. Most of the world is itching for what we have — But they'll never have it until they start scratching for it the way we did.

What Is Heaven Like?

By Frank Sheed, Author and Publisher

EVERY ROAD must have an end, a destination, and the same is true of the road of life. The atheist tries to place the end of road at death. But atheists are always exceptional in the world. For most men the question of what is the end of life simply means what comes after death.

But what is on the other side of the door of death? Some say they don't care; but no one can really mean that—eternity is a long time. To know what comes after death would be an impossible mystery, however, if God hadn't told us. Fortunately He has. He has told us that heaven is at the end of the road of life.

Sheed, Sheed, that heaven is at the end of the road of life.

WHAT IS HEAVEN like? Some tell us that it is simply a place of harps, hymns, crowns of gold and streets of jasper. But these are only symbols without much meaning for us. For the average man, a place of endless hymn-singing is anything but pleasant.

Heaven is the place of perfect happiness, flowing from the knowledge and love of God. We know from experience that happiness is always in the soul. The state of the body may cause happiness but happiness itself is always in the soul.

A MAN may have all he wants to eat and drink, be in perfect

health, but be deeply unhappy about the death of a friend or something else he knows and feels inside apart from his senses. So in heaven too our happiness will come through the soul, through its vision of God.

Some people might think it too spiritual to say that perfect happiness consists in direct knowledge and love of God. But think of the happiness you feel at the sight of a beautiful sunset, at the sound of beautiful music, or at the sight of the one you love deeply.

THESE FLASHES of great happiness last for only a minute. But the God who created the one you love, and the beauty of the sunset is the source and author of all beauty. The sight of Him will bring more joy than seeing any of these other passing things. And the difference is that you will never get tired or weary of Him Who is infinite Beauty.

The biggest thing to remember about heaven is that we cannot picture it. As St. Paul tells us, the happiness of heaven is indescribable and unimaginable. But it is perfect and can be ours—forever with God.

REMEMBER that death ushers us into the next life. It does not choose our place; that is decided by the state of our soul in relation to God. Through His Divine Son, Jesus Christ, God has given us the map for the road of life. With His help we can follow it and reach the goal He has prepared for us.

Gwen Friske and Lloyd Trubenbach Say Vows at Mass

—Boyd and Breeding Photo

Mr. and Mrs. Lloyd Trubenbach, married Saturday, are honeymooning this week and will make their home in Denton. The bride is the former Miss Gwen Friske, daughter of Mr. and Mrs. Arnold Friske, route 1, Gainesville, formerly of Muenster, and the groom is the son of Mr. and Mrs. Alois Trubenbach, route 2, Muenster.

The couple exchanged vows during nuptial high mass in Saint Mary's Church at Gainesville at 4:30 p.m. with Father E. J. Gerlich as celebrant. He also performed the double ring ceremony.

Mr. Friske escorted his daughter to the altar and gave her in marriage. She wore an exquisite white gown of pure silk organza and imported rose point French Chantilly lace over bridal satin. The long figurine bodice of lace had a dainty petal collar embroidered with sequins and seed pearls and fitted petal point sleeves.

The aisle-wide skirt was enhanced with lace applique garlands and swept into a formal court train. A pearl coronet touched with crystal tear drops secured her veil of imported illusion which cascaded in misty tiers beyond her waist. Her flowers were white gardenias.

Sisters of the couple were the bride's attendants. Miss Elaine Friske was maid of honor and Miss Rita Trubenbach was bridesmaid. They wore identical dresses of Christmas red silk organza over satin with long-stem waists and bouffant skirts of tiny pleats. Their red velvet hats were veiled and their white gloves were elbow length. They carried garden bouquets of white snapdragons.

James Fisher and Donny Trubenbach attended their cousin as best man and groomsman and Bill Blythe, Ray Mosman and Delano Mages ushered. The groom's young cousins Wayne Trubenbach and Tommy Schmitt were among acolytes.

Sacred Heart men's choir from Muenster sang the mass and Anthony Luke was organist. Mrs. Norbert Walterscheid of Muenster was soloist for pre-nuptial and post-nuptial vocal selections. After mass the bride placed a cascade of red carnations on the Blessed Virgin's altar.

The wedding reception and dinner were held in the Community Center building where Misses Judy and Kathy Trubenbach registered about 200 guests. Other members of the house party were Mrs. Melvin Herr of Wichita Falls and Mrs. Bill Blythe of Fort Worth who poured punch and Mrs. Frank Mages Jr. and Mrs. Thurman Springfield who served the wedding cake. Red carnations and white gladioli adorned the church and the reception center.

When Mr. and Mrs. Trubenbach left on their wedding trip she was wearing a tail-

ored French blue wool suit with white fur trim and other accessories and black and white.

They will make their home in Denton where he is employed and where she will be graduated in August from NTSC with a P. S. degree in elementary education. He was graduated from Ranger Junior College. They will be at home at 212½ Avenue E.

For her daughter's wedding Mrs. Friske wore a royal blue wool outfit with white and blue accessories and the groom's mother wore a gold crepe ensemble with green accessories. Both had corsages of white roses. The couple's grandmothers, Mrs. Pete Mosman and Mrs. Tony Trubenbach Sr., had white carnation corsages.

Among out of town wedding guests were Messrs. and Mmes. Frank Mages III, Frank Mosman and Frankie, Morris Hanson, Ray Mosman, Don Anderson and Donna Kay, Gayle and Mike, all of Dallas, Bill Blythe and Delano Mages of Fort Worth.

Messrs. and Mmes. Thurman Springfield of Sherman, Melvin Herr and Joe Galloway of Wichita Falls, John and Francis Fisher of Lubbock, Ray Lueb and Bob Mosman of Ardmore, Bill Krebs of Kenefic, Albert Krebs of Colgate, and Mrs. Lena Mosser of Durant, Okla.

Shirley Klement Is Birthday Honoree

Tenth birthday of Shirley Klement was celebrated with a gay party at the home of her parents, Mr. and Mrs. Norbert Klement, where ten guests had an afternoon of fun with her Sunday.

Games, gifts, picture taking favors, and refreshments including a decorated birthday cake where party highlights. Assisting Mrs. Klement with hostess duties were Mrs. Wilfred Klement and Mrs. Dickie Cain.

Twins Christened In Joint Service

Billy and Bobby, twin sons of Mr. and Mrs. Freddie Hennigan, are at home here after the premature infants spent since their births, Dec. 31, in incubators at Gainesville Sanitarium. They had to gain to 5 pounds and they have been out only once — for their christening. Mr. and Mrs. Fred Hennigan were godparents for their grandsons and Father Christopher officiated.

The babies are not permitted to have visitors for a few more weeks, that's an order from the doctor, on account of the prevalence of virus and flu. So the front door at the Hennigan home has a sign up "No Visitors."

Joe Hoenigs Host Family Gathering

Mr. and Mrs. Joe Hoenig had all their children and grandchildren as visitors during the weekend, coming and going, and entertained with a dinner party Sunday.

Dr. and Mrs. Kenneth Cottle and three children of Ballinger spent Saturday overnight and Sunday, Raymond Hoenig of Arlington was here for the weekend and additional Sunday guests were Mr. and Mrs. Carl Pelzel and children of Ennis, Mr. and Mrs. Richard Hermes and sons of Lindsay and Mr. and Mrs. Jerry Hoenig and children.

Mr. and Mrs. Rupert Hoenig and family of Dallas stopped for a visit Saturday before going to the wedding of her brother, Michael Neu and Clara Mae Haverkamp in Lindsay.

Benjamin Franklin once said, "Doing an injury puts you below your enemy; revenging one makes you but even with him; forgiving one sets you above him."

Dina Ruth Rohmer Muenster's First Baby of New Year

Mr. and Mrs. Emil Rohmer have named their new daughter Dina Ruth. The baby and her mother came home from M&S Hospital Friday and the little girl was christened Sunday, Father Bruno officiating and Mr. and Mrs. Johnny Rohmer serving as godparents for their niece.

Dina Ruth is Miss Muenster 1960. It took until January 20 for this community to get a New Year baby. She arrived at 9:51 a.m.

Only a few hours later Muenster's first boy of the year arrived when Mr. and Mrs. Leonard (Speedy) Reiter became parents for the first time. Their son was born at M&S Hospital at 4:51 p.m. He weighed seven pounds three and a half ounces. Mrs. Reiter and a little lad have been dismissed from the hospital and are spending this week with her parents, the Tolly Lovells in Gainesville. Mrs. Hilda Reiter is the paternal grandmother and Gus Knabe is the great-grandfather.

4 Generations at Birthday Reunion

Four generations were together for the celebration of four birthdays Sunday in Fort Worth. The honorees were Mrs. J. A. Sanders — she and her husband attended from here — and C. A. Sanders, their son, W. D. Cook, their son-in-law, and Randy Holcomb, their great-grandchild for whom it was a first birthday observance.

The party and reunion was held in the home of Mr. and Mrs. Cook with birthday cakes and birthday gifts for the four honor guests.

Relatives Visit in Denison With Nuns

Relatives from this area drove to Denison during the weekend to visit at Madonna Hospital with Sister Constantia Flusche and also to see Sister Josephine Flusche and Sister Ann Theodore Wiesman of San Antonio who were there to visit the patient.

Thursday visitors were Mr. and Mrs. Paul Fetsch and son Gary, Mr. and Mrs. Al Fleitman, Eddie Fleitman and son Allen Ray, and Mrs. Henry Henschel from here, Mr. and Mrs. Carl Wiesman, Mrs. Billy Williams and Mrs. Tony Wiesman of Gainesville.

Friday visitors were Mr. and Mrs. Joe H. Walterscheid and daughter Pamela and Mrs. J. J. Haverkamp from here and Mrs. Henry Koelzer of Fort Worth.

The San Antonio nuns returned to the motherhouse Saturday and Sister Constantia will be moved there as soon as she is strong enough to travel. She became sick while she was teaching school at West.

Dinner Given for Visiting Nephews

Mr. and Mrs. Jake Pagel entertained in their home Tuesday with dinner for their nephews Virgil, Ralph and Leon Hellman and the latter's wife and Miss Anna Hellman. The visitors were here to attend the funeral of Billy Ray Hellman and remained several days to visit relatives.

This weekend will find the Hellmans back at home, Virgil in Temple City, Calif., Ralph in Colton, Calif., and Mr. and Mrs. Leon Hellman and daughter Shirley in Albuquerque, N. M.

Sister Virginia who was here for her brother's funeral left Tuesday evening from Dallas by train to return to Little Rock, Ark. Her traveling companion was Sister Modesta, a relative of Paul Fetsch. Seeing the two nuns off were Mrs. Charlie Hellman and Mr. and Mrs. Leon Hellman.

While the visitors were guests of the Pagels they were taken on sight-seeing tours in Muenster and vicinity and made pop calls with relatives including their aunt, Mrs. Anna Trachta, and with friends.

This was the first time in 11 years that the four Hellman brothers were all together at the same time.

Mrs. Jake Pagel Is Hostess to Club

Members of the Idle Eight Club and four guests enjoyed the club's January social with Mrs. Jake Pagel as hostess in her home. After a progressive 42 series, dessert plates of Coke salad, cake and coffee were served.

High score winner in the games was Mrs. Joe Hoening. Mrs. Joe Horn was second high and Mrs. Clarence Wilson, a guest, received the consolation favor. Other guests were Mmes. J. B. Klement, R. R. Endres and Ben Seyler.

Program on Child Delinquency Given Home-School Group

The most important factors cited by senior class students of Sacred Heart High School in a panel discussion on curbing juvenile delinquency were happy family life and spiritual

training in the home.

The class and their sponsor, Sister Celine, presented the panel as a program feature of the January meeting of the Home-School Society Tuesday night. Cause of delinquency was argued and remedies discussed.

Vice President Leo Lawson conducted the business session which consisted of routine procedure and Father Bruno and the committee on benefit events announced postponement of the planned pancake supper until March.

A full number of parents was present for the meeting in the grade school auditorium.

Arrangements have been made by Father Elias Koppert of Chicago to hold the annual triduum for members of the Third-Order of Saint Francis of Sacred Heart Parish on Tuesday, Wednesday and Thursday, March 1, 2, and 3.

That information has come to J. W. Hess, local prefect. Father Elias also advised that he plans to meet with the Franciscan fraternities in Gainesville and in Lindsay, Feb. 29, and that he hopes many of them will attend the full triduum in Muenster.

District Office For Census Opens At Wichita Falls

Establishment of a district office for the 1960 Census of Population and Housing at 3829 Call Field Road, Wichita Falls was announced today by Director James W. Stround of the Census Bureau's regional office at Dallas, Texas.

Mr. Herbert S. Gray will be supervisor of the district office. He will direct a force of 20 crew leaders and 325 census takers in the following counties: Archer, Baylor, Clay, Cooke, Denton, Foard, Hardeman, Haskell, Jack, Kent, Knox, Montague, Stonewall, Throckmorton, Wichita, Wilbarger, Wise and Young.

Taking the 1960 Census nationally will require the services of 160,000 enumerators, 10,000 crew leaders, and 400 district supervisors, all temporary workers. The district supervisors, working under the general direction of the permanent regional field directors, are responsible for all phases of the census in their districts. Duties of the district supervisor include the recruiting of the crew leaders, obtaining space for crew leader training, recruiting and training a small office staff, reviewing the completed questionnaires, and direct super-

throwing and chariot-racing, were added.

As the city-states declined, athletes from other lands began to participate in the games.

In about A. D. 60, the Roman emperor Nero entered the contests. One of the purposes of the games was to glorify the individual, his skill and his sportsmanship. But Nero was a poor athlete and by competing he lowered the standards.

The games deteriorated and by A. D. 394 they had become so corrupt that Emperor Theodosius abolished them.

Centuries passed, while earthquakes and floods buried the plain under 20 feet of gravel and soil.

When excavators found the ruins of the ancient stadium in 1878, interest in the games was revived. In 1896 eight nations took part in the first Olympics of the modern age.

... milk, and it brings in a steady income every month. It is certainly something that you have to recognize as one of our main resources for keeping the economy of our county prosperous and thriving. Then, as far as the beef cattle industry is concerned in the county, there are a great many herds, both small and large, that raise high quality feeder calves to go to the corn belt states to be fed out. It will be only a short while until there will be an embargo placed on all cattle in any county that is not working towards the eradication of brucellosis. We will not be able to ship these good calves to the northern markets as feeders or stockers. The same holds good for the dairy breeds of cattle. There

are a lot of fine herds of different dairy breeds in this county that sell breeding stock to go out of the state. Unless we clean up that will come to a sudden stop.

The U. S. D. A. predicted last year by June 1st of this year every state in the United States would have a certified area or a modified-certified area. The modified-certified would be one in the process of cleaning up. That point will not be reached by June 1st this year, so has been extended to June 1, 1961. There are twenty-three states now, and over one-half of the counties in the United States that are either certified or modified-certified areas and the work is progressing at a rapid speed.

I feel like we certainly must not lose any time getting started on this program, as it is inevitable. It is a sure thing. We will have an embargo placed on Texas preventing us from moving any of these cattle, except to the packers. The man with a mixed breed of cattle, who plans on selling them only to packers or killers will suffer as much as any one. The packers and killers can't possibly consume all the cattle that will be raised in Texas, and the over supply will demoralize our market to where not any of our heifer calves will be worth very much.

I hope that every one that owns a cow will get behind this thing, and all join in to get this job done as quickly as possible, and to protect our established markets and not lose them. I am ready and anxious to sign the petition for our county to be under the Brucellosis Control Area. I hope and trust all of you will do the same, I am sure you will if you understand the situation as it exists today. Your friend and neighbor, W. T. Bonner

Over half of Texas' population now resides in 20 cities, says Director Steve Matthews of the Texas Municipal League. Three out of every four Texans live in incorporated communities, according to Matthews, who predicts that the 1960 census will show that the 20 top cities have grown three times as fast as the state as a whole.

addition to Jerry Taylor were Mr. and Mrs. Pat Hennigan, Mr. and Mrs. John Mosman, Mr. and Mrs. Charles Taylor, Mr. and Mrs. Herman Hartman and Mr. and Mrs. John man and Mr. and Mrs. Arthur Endres.

Along with the silver decoration came a framed certificate and a parchment citation. The latter lists the Scoutmaster's accomplishments, his exemplary standing in the community, how he has distinguished himself for his untiring and faithful leadership of boys through a quarter of a century and his activity in other fields. This activity he has extended to include participation in civic and religious affairs of his city and Sacred Heart Parish.

Thirteen other outstanding Scouters of the council received the award. Two of them are in Oscar Borin's district: Scoutmaster T. L. Gunter of Troop 666, Gainesville, and Scoutmaster Jack Smith of Troop 614, Dukant, Okla. Identity of winners is a closely guarded secret until announcement at the awards dinner.

The Silver Beaver Award is given for outstanding and noteworthy service to boyhood by registered Scouters upon recommendation of the circle council and by approval of the executive board of the national council.

The recipients are well known in Scout circles and to the public through their services to boys in Scouting, that service matched through the years by their devotion to other fields of community life and endeavor: Church, civic service, school, state and nation.

A Silver Beaver candidate is nominated by fellow scouters, carefully considered by

the Silver Beaver committee and recommended to the National Council which alone can confer this high award.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Grass planting time is just around the corner for cooperators in the Muenster-Saint Jo area...

Few are complaining about the wet and mud however.

All they have to do is turn back the time some four or five years and recall the droughts of 1955 and 1956...

Although some cooperators will plant native grasses, Bermuda grass is the top favorite to be planted in 1960.

Among those ready to plant are Ferd Luttmmer who has 20 acres of cropland ready to sod on his place south of Muenster...

Claud Cannon has 20 acres of cleared land that he intends to seed to native grass; Charlie Wilson south of Saint Jo has 35 acres to be seeded...

There are several others who intend to plant grass and indicated their desire to use the Upper Elm-Red District sod planters and grass drills.

Those who will want to use these machines are urged to see Tony Walterscheid or the SCS personnel at Muenster...

This spring is an excellent time to fertilize those old stands of Bermuda and King Ranch bluestem that have failed to grow off as they should...

Lindsay's Eldest, Mrs. Anna Wiese, 90 Feted on Birthday

The 90th birthday of Mrs. Anna Wiese, much loved and oldest citizen of Lindsay, brought her a celebration Sunday in the home of her daughter, Mrs. William Schmitz, where she resides.

Her children, grandchildren, great-grandchildren and many friends came to greet her and three sons who are in Flint, Michigan, surprised her with a telephone visit. The long-distance callers were Leo, William and Paul Wiese.

Her other children are Mrs. Jake Bezner of Lindsay, F. A. Wiese of Gainesville and Vincent Wiese of Fort Worth.

A handsome cake inscribed with "90" was the centerpiece for the refreshment table and it was served with coffee to those who called.

Mrs. Wiese lived in her own home until the past August when she went to live with her daughter. And until two months ago she kept up her crocheting and quilting which she loved and had long been doing as a hobby.

The former Miss Anna Steinmetz, she has lived at Lindsay for 65 years. Born in Attendorn, Westphalen, Germany, her parents were Mr. and Mrs. William Steinmetz and she came to America with them when she was 17. They settled in Westphalia, Iowa.

Anna, who had finished school in Germany, entered normal school and fitted herself for teaching, and taught there in Westphalia until her marriage to Paul Wiese on May 10, 1892.

Three years later, in 1895, the family, along with her parents, moved to Texas, settling at Lindsay. Her mother died at Lindsay three months

after they settled there and her father lived with them until his death in 1910. While Mr. Wiese lived the family resided on a farm and he also operated a general merchandise store in Lindsay. He died in 1926.

Mrs. Wiese is the mother of ten children, eight of whom are listed above. She has 34 grandchildren and 54 great-grandchildren.

One son, Albert, died in 1948, and a daughter died in infancy in Iowa.

But things would be different if a person received his full salary and had to pay his tax out of it . . . if he got to see the money and personally feel the strain of the big tax which is actually imposed on him. If that were done we'd hear plenty of howling from the public, and the efforts at reducing income taxes would get more support.

Parochial Teams Win Four of Six In Week's Contests

The week's basketball record at Sacred Heart High figures to an even 2 to 1 ratio, with four wins and two losses.

First the Tigerettes tripped OLV of Fort Worth in both parts of a double header, then the Tigers lost A and B scuffles with Laneri. Sunday the teams took double honors in games with St. John's of Ennis.

Last Thursday night's double win over OLV was a welcome morale supporter in the hours that followed a breakdown of the girls' bus. The teams finally reached home about 2:30 in a pickup.

During the more pleasant part of the evening Sacred Heart first stringers scored a nice 53-39 win over OLV's and the youngsters rolled up a decisive 32-17.

Leading Tigerettes scorers were Joyce Hacker 22, Betty Dangelmayr 18 and Helen Hacker 13 for the A's; Wimmer 12 and Walter 10 for the B's.

Next night Sacred Heart boys went to Covtown and got clobbered. In the opening tussle Laneri second stringers rolled over Sacred Heart 35-20. Next the Laneri A team dumped the Tigers 45-28.

Playing St. John's Sunday the Tigerettes had a thriller that was tied 9-9 at the quarter and 16-16 at the half. In the third frame St. John's pulled ahead 27-24, then the Tigerettes rallied for their 32-31 win. Joyce Hacker hit a sizzling 25 for scoring honors.

The next game started very much the same way with Sacred Heart following 6-5 at the quarter and tied 9-9 at intermission. Next period in Tigers pulled ahead 15-12 but held on in the last period for the 23-19 win. Wimmer with 15 was the game's hot scorer.

Clara Haverkamp Bride of Mike Neu At Nuptial Mass

-Boyd and Breeding Photo

Miss Clara Mae Haverkamp, daughter of Mr. and Mrs. Frank Haverkamp Sr. of Lindsay, and Michael Neu, son of Mr. and Mrs. Ted Neu of route 1, Gainesville, pledged wedding vows Saturday at nuptial high mass in St. Peter's Church with Rev. Alcuin Kubis, pastor, officiating.

Given in marriage by her father, the bride wore a gown of pure white peau satin combined with accents of Alencon lace. The long moulded bodice had a scallop-edged lace Sabrina neckline and the bouffant skirt with front lace appliques swept into a wide chapel train. Her tiered illusion veil was waist length held by a crown of bridal jewels and her flowers were a cascade of gardenias.

Miss Alma Louise Haverkamp was her sister's maid of honor and Miss Patricia Neu was bridesmaid in her brother's wedding. Their dresses were identical waltz-length creations of royal blue satin with Allegro sleeves and skirts flared into a bell silhouette. They wore matching headpieces with sequin-sprinkled net over them and carried bouquets of red roses.

Bobby Bierschenk of Valley View was best man for his cousin and Richard Haverkamp, brother of the bride, was groomsmen. Brothers Raymond and Frank Haverkamp Jr. were ushers.

About 350 guests attended the reception and dinner in the Lindsay Hall with Miss Helen Neu of Gainesville and Miss Cecilia Zimmerer presiding at the bride's book.

When the newlyweds left on a wedding trip she was wearing an aqua suit with pink and black accessories. They will make their home at 821 N. Commerce in Gainesville.

She was graduated from Lindsay High and he is a graduate of Gainesville High School.

Among out of town relatives at the wedding were Mr. and Mrs. Rupert Hoening and Mr. and Mrs. John Loerwald of Dallas, Mr. and Mrs. Herbert Fleitman of Denison and Mr. and Mrs. Leroy Berend of Hereford.

Mr. and Mrs. Paul Arendt Sr. were in Wichita Falls and Lawton the past week visiting. In Wichita they visited their son-in-law, Earl Walterscheid at the hospital and their daughter, Flo, who was there with her husband. In Lawton they were guests of their daughter-in-law, Mrs. Ernest Arendt. Her soldier husband is due home next month from Korea.
