Community Council Picked as Name for Civic Welfare Group

Years ago Henry Ford established himself as the leader of American industry by introducing the assembly line system of manufacture and a wage scale previously unheard of. He pioneered a new era that has produced phenomenal abundance and raised the average American's living standard to the level of the privileged few in other lands.

Today the successors of this far sighted industrial giant are challenged to pioneer another important change. The job this time is to rescue the country from the economic stagnation which has resulted from our inability to keep pace with the wonderful progress we have had.

Ford emancipated the working man. The flow of abundance he loosed has led to shorter hours and higher pay, more freedom and more luxury. It started a trend which we unwisely have permitted to develop into the present situation. Short hours and high pay have reached their limit. Production no longer keeps up with the country's needs.

Recognizing the real nature of current problems, Ford officials stated last week that they would oppose the demand for more pay, which, they said, would only continue the inflationary trend. Instead they recommended more production at the same or lower pay in an effort to drive down the high cost of living.

CIO United Auto Workers promptly threw back a challenge. They offered to withdraw wage demands if the Ford Motor Company will "successfully exert its influence to effect a substantial roll-back in the cost of living." They've dished out an assignment bigger than anything Hercules ever tackled, bigger than any the original Henry Ford ever put over. In effect they say "You do the impossible and we'll try to get along with you."

Obviously nobody can question the soundness of Ford's theories. Union leaders agree on them and offer to cooperate, provided Ford will first arrange for that reduced living cost. But there's the rub. The company has been challenged to change the whole country, not just its own organization.

Will Ford be willing to try it? Can Ford do it? As regards the economic welfare of the nation those two questions are tremendously important. Success in such an undertaking could set this country back on a firm footing. Failure to try it, or to accomplish it, would leave the road wide open to more inflation and eventual chaos.

If, however, the trend is ever to be reversed, Ford is one of the few concerns big enough to tackle the job. It has the prestige and influence toward simultaneous increase of production and decrease in price.

Only that can turn the trick. No one industry has the resource to reverse the trend alone. But all major industry meeting with respective union leaders could possibly agree on a new system which would restore the more abundant life without putting any worker or any industry in a strain. Once the trend is reversed the desired results will follow naturally. Greater production and lower prices will eventually mean greater abundance for everybody.

Another detail in this proposed assignment for Ford is persuading the government to reduce the country's tax load. The average person now pays more for taxes than for food. Give him a chance to apply some of that money to his every day living cost and he'll get along fine with very little wage and price adjustment.

Public health and sanitation: Steve Mosler Chm., Dr. T.S. Myrick, Jake Horn Jr., Ed Pels, Ray Otto, Urban Endres, Rudolph Zipper, Andy Hofbauer, Anthony Luke, Al Schad.

Education: Herbert Meurer Chm., Rudy Hellman, and all volunteers interested in working toward school improvements.

About 65 civic minded citizens assembled at the parish hall last Thursday night and completed their organization of a community group to work cooperatively for the general welfare of Muenster and its surrounding area.

The name they selected is Muenster Community Council, and membership will be open to any person desiring to help in the program. Anybody... merchant, clerk, mechanic, farmer, hired hand, oil field worker, or anybody else... who is interested in local improvements is invited to join.

Other organizational details completed include the election of officers, selection of committees, and designation of dues and regular meeting time.

J.A. Klement and Arthur Endres, previously elected as temporary chairman and secretary were elected to those offices for the first year. Earl Fisher was elected treasurer.

The regular meeting date is the second Thursday of each month and the dues, principal purpose of which is to provide funds for postage and stationery and snacks at the meetings, were set at \$1.00 per month.

Should the council need additional funds to finance a project they are to be raised by special drives. Father Herman Laux, addressing the group briefly, suggested that the council start its activity by helping him prepare an adequate program and other arrangements in connection with the "Pilgrim Virgin's" visit here on June 12 and 13. Most likely Muenster will be crowded by visitors on those days, he said, and this organization can be helpful in arranging for their convenience and comfort.

Coffee, doughnuts, ice cream and cigars for the meeting were provided by John Wieler, F.A. Kathman, Rudy Hellman and G.H. Hellman.

In appointing committees the chairman named the first person on each list as a temporary chairman, charged with responsibility of arranging the first meeting at which time each committee is expected to select its permanent chairman. Those appointed are as follows:

Better roads and streets committee: J.M. Weinzapfel, Chm., Rudy Hellman, Joe Dangelmayr, John Wieler, John Fisher, Dr. Myrick, Earl Robison, Nick Yosten, Gilbert Endres.

Entertainment and finance: Jos. A. Luke, Chm., Jerome Pagel, Urban Endres, Bill Hoffman, Henry Luke, Earl Fisher, Nick Miller.

Better business and public relations: Ben Seyler, Chm., Eugene A. Schmitz, Anthony Luke, Herbert Meurer, Maurice Pagel, L.H. Baumhardt, R.N. Fette, Dick Cain, F.A. Kathman.

Agriculture and dairy committee: J.W. Hess Chm., R.S. Mitchell, G.H. Hellman, Norbert Klement, Arthur Hellman, Al Hess, J.M. Weinzapfel, Rudy Hellman, Henry Pick.

Membership: Emmet Fette Chm., Steve Mosler, J.W. Fisher, Joe Trachta, Frank Bayer, Paul Walterscheid.

Recreation and Athletic: Walter Becker Chm., William Knabe, Cecil Cain, Richard Cain, Frank Hennigan, William Derichsweller, Arthur Hellman, Adolph Walterscheid, Frank Bayer, Al Wiesman.

Public Health and sanitation: Steve Mosler Chm., Dr. T.S. Myrick, Jake Horn Jr., Ed Pels, Ray Otto, Urban Endres, Rudolph Zipper, Andy Hofbauer, Anthony Luke, Al Schad.

Education: Herbert Meurer Chm., Rudy Hellman, and all volunteers interested in working toward school improvements.

NO LATE ADDITIONS TO CANDIDATES' LIST FOR DISTRICT OFFICES

There are no late additions to the list of candidates for district offices in the Democratic primary, A. Morton Smith, county chairman, announced Tuesday.

The candidates are: For congress: Ed Gossett, Wichita county; Mrs. Edith Wilmans, Jack county.

For associate justice, court of civil appeals, Earl P. Hall, Tarrant county; and Max E. Clark, Tarrant county. For district judge, Ben W. Boyd, Denton county.

For representative in the state legislature, C.C. Gardner and B. Manis.

DENISON CC IS HOST TO HONOR STUDENTS AT LAKE TEXOMA PARTY

Honor students of Cooke county schools, along with superintendents and their wives, were guests Tuesday of the Denison Chamber of Commerce for a day-long outing at Lake Texoma.

Attending from Muenster were Evelyn Vogel and Monte Hellman, valedictorian and salutatorian of Sacred Heart school, and Mary Jo Williams and Dorothy Sicking, valedictorian and salutatorian of the public school. They were accompanied by Rev. John Walbe, Rudy Hellman and Mr. and Mrs. John Hoffman.

The outing included a tour of the power house and other facilities at Denison Dam under the supervision of the corps of Army Engineers, a boat cruise on Lake Texoma and a noon luncheon at Hotel Denison.

Attending were valedictorians and salutatorians from high schools in N. Texas, and in Bryan Marshall and part of Johnson counties, Okla.

34 1500 Watt Lights Now Being Installed On Softball Field

The lights for Muenster's softball field will be ready next Monday night unless unexpected interruptions delay the present work schedule. Materials and equipment are here and a crew of the Cooke County Electric Co. line construction men, now working on installation, will stay with the job until completed unless they are called away for emergency work on their own system.

The field will have 34 1500 watt lamps on 8 poles arranged according to standard lighting regulations. It meets specifications for a class B field and can be made to meet class A specifications by installing additional lights on the poles.

Two poles with 3 lights each are beside the grandstand, poles with 6 lights each are behind first and third bases, and four poles with four lights each are in the outfield. It is a vast improvement over the former system which had only 10 lights with inferior reflectors.

Notes On Soil Conservation

Anyone passing the H. N. Fuhrman farm, 2 miles east of Muenster, can readily see the advantage of fencing a waterway. Mr. Fuhrman constructed an electric fence around his recently seeded waterway and gets good grazing from it as a pasture while keeping down weed competition. Cows pack the soil and help keep the moisture around the seedlings.

Cooperators who seeded waterways this spring and are not able to graze them for weed control are urged to follow the example of Henry Pick, group leader in north east Muenster area, who recently mowed the weeds that were taking moisture and sunshine from young seedlings. Buffalo and bermuda grass will die where they are shaded by tall weeds and grass.

January seeding of buffalo grass resulted in good stands on the Norbert & Edgar Klement farm and Tony Walterscheid's farm.

The following cooperators in the Muenster Work Unit area who planted bermuda grass sprigs are noticing the early growth on their waterways: Paul Fisher, Martin Bayer, Eugene Klement, Tony Hacker, H.V. Milligan, Leroy Sicking, Alfred Bayer, Tony Wimmer. The sod that was planted on the foot ball field is also making growth.

Farmers and gardeners of this area who purchase Weed-No-More are asked to get a sales slip from their dealer and turn the slip over to Mrs. T. S. Myrick, or any member of the Muenster Garden Club. These tickets will be redeemed by the manufacturer for 25 cents each and the money will be placed in the club's fund for civic improvement.

Miss Thelma Kathman of Fort Worth was home for a visit with her parents, Mr. and Mrs. Frank Kathman, Sunday.

Rite and Reception Honors Barney Voths On Golden Wedding

Monday was an enjoyable day for Mr. and Mrs. Bernard Voth, Sr., who observed their golden wedding anniversary with an all-day celebration including a religious service and a reunion of family and friends.

The religious observance in Sacred Heart church consisted of an anniversary high mass during which Mr. and Mrs. Voth renewed their wedding vows. Rev. Herman Laux, pastor, officiated, and music was provided by the church choir with Anthony Luke at the organ. The altar was adorned with a profusion of gold calla lilies and the same flowers were used in two huge baskets at the communion rail.

Mr. and Mrs. Voth entered the church as the organ played the traditional wedding processional. They were followed by their grandchildren; Little Alice Voth, Jane Frances Kubis, Jimmy Voth and Alcuin Paul Kubis, as pages, carrying bouquets of gold snapdragons. Mrs. Voth wore a becoming ensemble of black silk crepe with black accessories and a corsage of gold tinted carnations.

The parish hall was the scene of the day's social activities. Dinner was served at noon to about fifty immediate members of the family and the Most Rev. Bishop Augustine Dangelmayr of Dallas, Father Conrad Herda of Lindsay and the three local pastors. Father Herman led the invocation and served as toastmaster. Addresses were given by His Excellency, Bishop Dangelmayr, Rev. Conrad, the honor couple's daughter, Sister M. Agnes and Mr. Voth.

During the afternoon the family enjoyed an informal reunion and a reception for about 300 relatives and friends began at 5 o'clock. Mrs. Bob Swirczynski was in charge of the guest book, and a banquet menu was served buffet style. The honor couple's table was centered with a decorated three-tier cake on a mirror reflector surrounded with gold colored Dutch iris and flanked with tapers in crystal holders. Father Herman gave the principal dinner address and short talks were given by Father John, Father Andrew, John Voth, Andrew Zimmerer and Sister Agnes. The honoree's granddaughter, Miss Alma Louise Kubis, recited a congratulatory poem.

Throughout the hall the golden wedding theme predominated in garlands and basket arrangements of calla lilies, asters and poppies.

After the meal informal diversion and music were enjoyed and the honor couple opened many lovely gifts from the guests. Members of the church choir presented a concert.

Mr. and Mrs. Voth were married here on May 17, 1898, and (Continued on Page 2)

MRS. J.M. WEINZAPFEL IS GRAND REGENT OF MUENSTER CDA COURT

Mrs. J.M. Weinzapfel was re-elected to serve as grand regent of the Catholic Daughters of America, Court Saint Mary, when the group met Friday night in the K of C hall. Re-elected to serve with her were Mrs. Herbert Meurer, vice regent; Mrs. Ben Seyler, prophetess; Mrs. Joe Luke, organist.

New officials elected include Mrs. Ervin Hamric, financial secretary; Miss Olivia Stock, treasurer; Mrs. Steve Mosler, historian; Mrs. Ray Swirczynski, monitor; Mrs. J. C. Trachta, sentinel; Miss Elfreda Luke, lecturer.

Trustees reelected for a three year term are Mrs. Joe Kathman and Mrs. Al Walterscheid. Those serving unexpired terms are Mmes. J.B. Wilde, Jake Pagel, John Mosman and Al Schad.

The grand regent directed the evening's activities which included reports on the recent convention in Galveston attended by Mmes. Weinzapfel and Mosman, and Father Herman, chaplain of the court. It was announced that the local court's resolution on vocations was adopted at the convocation and that Laredo was chosen for the convention city in 1950.

Mmes. J.B. Wilde, L.A. Bernauer and C.J. Bernauer were named hostesses for the court's social this month. It will be held on the usual fourth Thursday night, May 27, in the K of C hall.

SOFTBALL BOYS WIN ONE AND LOSE TWO IN WEEK'S COMPETITION

A win over Era and losses to Nocona and the Bezner Chicks this week set the Muenster softball team's percentage at exactly 400. In the first week of competition it had lost and won against Valley View and Hood, respectively.

The game at Nocona Thursday, ending 7 to 6, was the tightest the Muenster lads have had to date. Nocona netted three runs in a strong first inning and both teams scored in the second to set the count at 3 to 4. Another run by Nocona in the 4th and Vincent Becker's homer with one on tied the score at 5. Muenster took a one run lead in the 5th and Nocona caught up in the sixth and scored the winning tally in the seventh.

At Era Friday night the Muenster team cashed in early on weak pitching for an 18 to 8 victory. Frequent walks set the stage for heavy scoring on well timed bunts and hits, including Frank Hennigan's homer with bases loaded. Three pitchers took their turns for Era while Cotton Endres went all the way for Muenster.

Monday night's contest put the boys behind in their revived rivalry with the Bezner Chicks of Gainesville. They lost the game in the first inning, allowing a 3 run lead, principally on fumbling. Thereafter they played on even terms and were still trailing 6 to 3 as the game ended.

News Of Sick And Injured

John Streng fortunately escaped serious injury but sustained bruises Monday when he accidentally became entangled in the spinning rope of a rotary oil rig while running pipe. He is employed with Anderson Drilling company on the W.M. Trubench lease.

Rose Marie Walterscheid, young daughter of Mr. and Mrs. Alphonsé Walterscheid, submitted to an emergency appendicitis operation Monday afternoon at 5 o'clock in Gainesville Sanitarium. She is a 7th grade student at the parochial school.

Melvin Wilde was back at classes in the second grade parochial school Monday after missing several days after spraining his right ankle during play at the family home.

A.T. Hoehn is back at home since Sunday and is feeling improved in health after being a patient in a Dallas hospital for a week of treatments. His son, Bill Hoehn, drove to Dallas to bring him home.

Injuries to his left leg resulting from being struck by the "table" of a rotary drilling rig, sent Quintin Lehnertz to Gainesville Sanitarium last Wednesday for treatment. He was dismissed after examination and treatment and returned to his duties with the R.G. Anderson Drilling company the following day. Anderson is drilling on the W.M. Trubench farm.

Mrs. August Reiter was a patient at Gainesville Sanitarium from Saturday to Tuesday evening from medical treatment.

David Trachta is recovering from dental surgery performed in Gainesville Friday when he had four wisdom teeth extracted.

Henry Fleitman continues as a patient at M & S Hospital in Gainesville where he is receiving medical treatment.

MAIL TIME CHANGES TO HARMONIZE WITH TRAIN TIME CHANGE

Last Monday's change in the Katy schedule through Muenster has resulted in several changes in local mail service, according to Postmaster Arthur Endres.

The west bound train now arrives at 8:44 a.m. and the east bound at 9:26 p.m. To meet these schedules mail must be in the post office before 8:20 a.m. and before the regular closing time, 6 p.m., Endres said.

As regards the arrival of incoming mail he explained that a star route truck from Wichita Falls makes the first delivery here at 6:30 a.m. Normally that mail is in the boxes by 8 a.m.

The next mail to arrive is that on the west bound train at 8:44 and it is usually distributed by 9:30.

Mail arriving on the east bound night train is distributed by 8 a.m. the following morning.

North Texas' Finest Compete in Annual Horse Show Sunday

The aristocracy of North Texas horseflesh gathered here Sunday for the biggest and best horse show in this community's history. It presented 135 horses in competition, 11 more than last year's show, to a crowd estimated at least equal last year's 3,000 persons.

Entries for the 14 events came principally from Muenster, Gainesville and Nocona, all three of which made a good showing on the list of winners. Other towns represented in the ribbon winning class were Saint Jo, Sherman, Era, Marietta, Ada and Loco, Oklahoma.

Gainesville's delegation, representing the cream of the Hobby Horse club, practically monopolized the show. Winning a total of 20 ribbons it placed in every event but one and sometimes took two or three ribbons. Muenster ranked second with 11 winners, including the grand champion.

Judges were Professors F.I. Dahlberg and J.C. Miller of the department of animal husbandry of A & M College. They were assisted by Professors George Robertson and Jackie Schrum, also of the college.

The show opened at 2 o'clock with an address of welcome by Herbert Meurer followed by the grand entry of all competing animals to the music of the Muenster Band.

R.L. McNeley, announcer, cut between-events delays to a minimum and completed the program in slightly more than three hours in spite of the long list of entries.

The grand champion of the show was Dr. T.S. Myrick's Palomino, Don Oro, and the reserve champion was Red Rita, quarter horse belonging to Bill Henley of Nocona.

Winners of other events are (Continued on Page 6)

CONSERVATION MOVIE FEATURES MEETING OF LEAGUE-GARDEN CLUB

A moving picture on soil conservation entitled "My Country" featured the program of the Civic League and Garden Club meeting last Thursday morning. The film was shown at the Relax Theatre. Arrangements for the showing of the film, which was sponsored by the Goodrich Tire and Rubber company, were made by Robert Mitchell, local soil conservation technician. Muenster business men, farmers and high school students were also invited to see the picture and a large crowd was present.

Following the showing of the 30-minute film, the club women held their regular business meeting in the theatre. Mrs. T.S. Myrick, president, presided and committee reports were given.

The club's annual pilgrimage and a picnic scheduled for this day were postponed until a later date on account of the weather.

Chairman Mrs. Nick Miller reported on cemetery work and stated that a collection to boost the cemetery fund will be taken up at the church doors on Memorial Day. Members volunteered to assist and a committee was appointed to take up the collection at all the services on that day.

Mrs. Tony Gremminger, speaking for the sanitation committee suggested that the club sponsor a "clean alley contest" and this was discussed but no definite action was taken at the time.

Members voted to buy a bronze plaque on which the names of local service men who gave their lives in the late war will be inscribed. The plaque will be placed at the entrance of the new grandstand being erected at the city square. The club recently planted 13 memorial trees on the square in memory of the men who made the supreme sacrifice.

The flower show committee announced that the annual flower show will be held in the fall this year.

Chairmen of the club's committees who recently attended the organization meeting of the newly formed men's civic group, the Muenster Community Council, gave a report and the women voted to cooperate wholeheartedly with the men in any civic undertaking.

Fifteen members were present and Mrs. Charles Wimmer was welcomed as a new member.

They were accompanied by Sister Canesia, instructor, and Sister Gertrude. Swimming, games and food made it a jolly affair for the students.

GOLDEN WEDDING

Mr. Voth is 77 years old and his wife is 69. Both are well and active, occupied with farm and home duties every day. Mr. Voth was born in Westphalia, Germany, on Jan. 5, 1871, a son of Henry and Christina Voth, and came to the United States with them when he was 12 years old, settling in Wisconsin, and later moving to Nebraska where they engaged in farming. When he was 20 years old, Mr. Voth came to Muenster. This was in 1890, one year after this colony was established.

As a pioneer citizen he was active in community and parish work and improvement. He is a progressive farmer and dairyman and still takes active part in community enterprises. He has served as a director of the Farmers Marketing Association since it was established in 1922; is president of the Cooke County Rural Electric Cooperative to which he was elected when the organization was incorporated in 1938; has served as vice president and director for long terms with the Muenster Mutual Insurance company; was influential in the es-

tablishment of the Muenster Telephone company and is a charter member of the parish Saint Joseph's Society.

Mrs. Voth, the former Mary Trubenbach, was born in Rulo, Nebraska, Jan. 12, 1879, and came to Muenster with her father, Thaddeus Trubenbach in 1893. Her mother had passed away several years earlier. Like her husband, Mrs. Voth has been

active in parish and community work, in addition to caring for her home and large family.

ANNIVERSARY PARTY GREET'S MR. AND MRS. JOE BERGMAN

Mr. and Mrs. Joe Bergman were complimented with a surprise party on Wednesday, May 12, in observance of their 35th wedding anniversary. The court-
esy was planned by their daughter, Mrs. Albert Wilde, and Mr. Bergman's sister, Mrs. Joe Kathman.

About 40 guests gathered at the Bergman home and after extending best wishes and presenting a shower of gifts, spent the evening informally. Progressive 42 series were enjoyed with prizes going to Mrs. Barney Bergman for high score and Mrs. Herbert McDaniel for low tally. Herbert McDaniel received the

galloping award and Mrs. Bill Haritage drew the door prize.

During the evening Mr. and Mrs. Bergman received a telephone call from their daughter, Mrs. W.A. Showers of San Antonio who was unable to attend the celebration.

Delicious refreshments were served at the close of the evening.

Those present were Messrs. and Mmes. Alois Trubenbach, Tony Trubenbach Sr., Herman Luttmer, John Hartman, John Kathman, Frank Kathman, Herbert McDaniel, Charles Fisher, Joe Kathman, Albert Wilde, Mrs. Mary Bergman, Miss Anselma Kathman and the honorees, all of Muenster. Messrs. and Mmes. Tony, Barney, Frank and Sylvester Bergman and their children, all of Ardmore, Okla. Mr. and Mrs. Clyde Rosson of Krum and Mr. and Mrs. Bill Haritage of Gainesville.

Mr. and Mrs. Bergman were married here in Sacred Heart church, Rev. Father Joseph, officiating. She is the former Miss Mary Schmitz. Attendants at their wedding were Herman Luttmer and Mrs. Bergman's sister, Rose, now Mrs. Frank Wilde of Hereford.

Mr. and Mrs. Bergman are the parents of two daughters, Mrs. W.A. Showers of San Antonio, and Mrs. Albert Wilde of this city, and they have four grandchildren.

Since their marriage they have farmed southeast of Muenster.

JUNIOR-SENIOR PROM TUESDAY IS GALA EVENT

Soft lights, good music, beautiful decorations, pretty frocks and corsages, and a jolly crowd of young people all contributed to make the annual Junior-Senior Prom of Sacred Heart High school students the best to date, according to the guests. The event was held Tuesday night in the parish hall.

Students were in charge of the decorations which consisted of garlands and basket arrangements of pink roses to carry out the class colors of pink and white. Quartet tables were arranged around the dance floor for the serving of refreshments. Berry Garner's orchestra furnished the music.

The American Way

Stalin Ain't Stallin'
 By Maurice R. Franks

In order to divide a people, preliminary to conquering them, destitution is a necessary condition — destitution, both mental and physical. The first is to throw the minds of a people into chaos, the second is to repress their normal appetites . . . Joe Stalin and his gang are well aware of the obstacles confronting them here in America and are leaving nothing undone to beat down the principal obstacle, which is production.

Communist propaganda is loud-est in its reference to "excess profits" being filched by employers from the manufacturing of goods. And to such an extent is this propaganda in all the falsity of its interpretation being swallowed today that more and more businessmen are turning

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of the Enterprise will be gladly and fully corrected upon being brought to the attention of the publisher.

their backs upon the possibilities of full production, for the simple reason that the incentive of profit is rapidly melting away. Following up this frontal assault by another of equal intensity, the Communists are careful to tell the workers of our nation in so many words that it is possible for them to loaf their way to prosperity — even though in Russia itself, the work goes full blast both night and day. At home, at least, Joe Stalin tolerates no stalling.

No fair-minded person believes either in enslavement of the worker or that he should be permitted to stall on the job. Eight hours is the generally accepted length of an ordinary working day. Now, eliminating the Sabbath, there are six working days in each week, or a total of forty-eight working hours. And yet American industry as a whole is being penalized for all hours beyond forty. On the sixth day, the worker is entitled by law to so-called "overtime" — the net effect being that labor is placed beyond the reach of the employer to the extent that a full day's pay for half a day's work is exacted. This cute idea of Uncle Joe's goes far to assure minimum production in these United States while at the same time he is getting maximum production throughout Russia and his satellite nations! Quite a competitive gain for the U.S.S.R. and its program for world domination!

So long as we in the United States experience shortages of houses, automobiles, radios, refrigerators and what not, we shall be foolish to obstruct in any way the process of full production. In order to obtain full production we must be careful not to impose any needless shortage of workers.

Today, however, the statistical report shows conclusively that we are in very fact short of workers — that there are not sufficient man-hours available for our industries to produce goods enough to meet the current demands of our people.

Well, the time has just about

arrived for us Americans to quit stalling around and start facing the facts. The economic success of this country owes itself to our ways and means of PRODUCTION — high production — a system able to produce the most of the best for the least. Under the circumstances, we must fight shy of any economic philosophy which would tutor us to produce the worst of the least for the most.

It is therefore imperative that we move promptly to relieve a truly dangerous condition. To make such a possible move, we must increase the maximum week from forty hours to at least forty-four, without penalty to anyone. On this improved basis, the worker will naturally produce more goods at less cost and — get this! — at increased real wages.

Overtime, as such is a mere fiction induced and forced upon industry, not out of sincere consideration for the worker, but as a cynical device to reduce production.

Getting back to sound and honest principles, all of us here in America will come to enjoy a

better standard of living, a more prosperous way of life. Conditions more truly in line with the American way. Stalin's way establishes inflation and, with it, destitution. We shall do well to bear clearly in mind that we did not become the greatest nation on earth by fighting among ourselves and stalling over our production.

The Communist at least realizes this only too well! And that is why he aims his weapon of propagand's straight at the economic heart of our nation — Production. Before we listen lovingly to him, however, let's take a good long look at his spiritual home, the U.S.S.R. — where there are no feather beds, no forty-hour weeks, no overtime — and where **STALIN AIN'T STALLING.**

From where I sit ... by Joe Marsh

Take Your Choice, Neighbor!

The missus — who writes our Woman's Column in the *Clarion* under the name of "Nancy Gale" — gets letters about recipes, advice on etiquette, home management, etc.

One letter she got last week was about a recipe she published for Welsh Rarebit — made with tart cheese, Worcestershire, and a cup of sparkling tangy beer. "Turned out great," says her correspondent. "But you didn't mention what beverage to serve with it. Should I serve beer? Cider? Iced tea?"

The missus' answer was simply:

"Any beverage your guests prefer. You don't have to serve cider — any more than you have to serve beer ... but it's often courteous to let guests have a choice."

From where I sit, that simple answer applies to more items than Welsh Rarebit. In a world where everyone has different tastes and ideas — we should recognize those differences — and never deny the right of choice to anyone!

rites set for June 2

Mr. and Mrs. A.J. Prescher of Scotland have announced the engagement of their daughter, Miss Marie Prescher, to Norbert Hoedebeck of this city. The wedding will be solemnized on Wednesday, June 2, in Saint Boniface church at Scotland.

CARD OF THANKS

In order that no one who contributed to the happiness which we experienced in celebrating our Golden Wedding Anniversary be overlooked, we take this opportunity once again to thank each person who helped to make our day a perfect one.

We extend sincerest thanks to our Beloved Bishop Dangelmayr for his visit to our home, his presence at the dinner and his beautiful gift and kind wishes.

We thank Father Herman for his services as officiating minister at the anniversary mass by following the entire ritual of the Church for this occasion, as well as the part he played as toastmaster both at noon and at night.

We thank Father Conrad, Father John and Father Andrew for the help they gave in making the day so splendid. Kindest gratitude is due the Sacred Heart choir for services rendered at mass and for the concert at night.

Special thanks are also due the Venerable Sisters, Mrs. Rudy Hellman, the cooks and the photographers, Rudy Hellman, Jake Horn and Herbert Fette.

We thank all of our relatives and friends for their presence and for the numberless exquisite gifts they gave us on this happy occasion.

Mr. and Mrs. Bernard Voth, Sr.

Count up the jobs you can do with a many-purpose John Deere-Van Brunt Model "CC" Cultivator on your farm. You'll discover that its usefulness stretches from the beginning to the end of the growing season. No wonder many owners call it their most valuable farm implement.

Wheels are mounted inside the frame and run on firm, uncultivated ground. This not

only permits cultivating close to field obstructions but eliminates side draft and assures even penetration over the full width of the cultivator.

The John Deere-Van Brunt Model "CC", equipped with either stiff or spring teeth, is built in 5-, 6-1/2-, 8-, 10-, 11-1/2-, and 14-1/2-foot widths. Both wide and narrow shovels are available. See us for complete information the next time you're in town.

A BOY

The man who sized up a boy as follows knew what he was writing about and evidently has one in his family or has had. We do not know where this bit of history came from but it is correct: "After a male baby has grown out of long clothes and triangles and has acquired pants, freckles, and so much dirt that relatives do not dare to kiss it between meals, it becomes a boy. A boy is Nature's answer to that false belief that there is no such thing as perpetual motion. A boy can swim like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like a jackass, according to climatic conditions. He is a piece of skin stretched

RESTAURANT OWNERS HAVE A TOUGH LIFE

Austin. — Don't open a restaurant unless you're ready to take a lot of abuse from the public, is the advice of George L. Wenzel, Austin, former restaurant operator and now consultant to the Texas Restaurant Owners' Association.

"They steal your silverware and dishes and carve their initials on your furniture," said Wenzel.

"It gotten to the point where the average restaurant can't afford to have nice stuff."

Ash trays, salt and pepper shakers and cocktail glasses are considered game by souvenir hunters, he continued.

Wenzel mentioned other undesirable patrons.

The smoker who lets his cigarette burn through a linen tablecloth or scorch the top of a new table is not as malicious as the person who carves his initials in the furniture, according to Wenzel, but he's just as destructive.

The tablecloth artist, Wenzel continued, puts the operator through needless changes of table linen by drawing pictures on it.

The order changer, according to Wenzel, is the patron who can't stick to his first selection. By the time his steak is almost done he signals the waitress that he'll have lamb chops.

Roll breakers are those who spoil all the rolls in the basket on the table because they feel they "paid for 'em."

The "free rider" is the patron who expects a lot of special service for nothing, Wenzel commented bitterly. He wants an extra pat of butter or an extra cup of coffee, Wenzel said, and he is offended when asked to pay for them.

MUSIC CLASS DIVIDES THIS YEAR'S RECITAL INTO THREE PROGRAMS

Three separate musicales will
be presented this month by pupils
of the Sacred Heart School of
Music, Sister M. Dolores, in-
structor, announced this week.
In making the announcement
Sister Dolores stated that the
three short musicales are fa-
vored this year on account of the
large number of students, who,
if presented in one recital would
make it unusually long.

The junior recital, on May 24,
will include piano, violin, and
guitar numbers in solo and duet
arrangement by grammar school
students.

Accordion and ensemble music
will be featured at the second
recital on May 25. The program

will consist of piano, first trum-
pet, trombone, clarinet, drums
and accordion selections.

On May 31 the recital by ad-
vanced pupils will be presented.
It will feature all-piano numbers
with the exception of one trum-
pet solo.

The three programs will be
presented in the school auditor-
ium and students are selling
fifty-cent tickets that will admit
the holder to any or all of the
recitals. Funds derived from the
ticket sales will help defray the
cost of recent equipment pur-
chases.

PAROCHIAL SOFTBALL TEAM TRIMS LINDSAY 20 TO 6

Cotton Endres' pitching was a
little too hot for the Lindsay Hi
lads Tuesday afternoon when the
parochial team copped an easy
20 to 6 victory. He fanned at
least half the players and al-
lowed only 3 hits which, with
walks and errors, accounted for
the runs.

Meanwhile Muenster's boys hit
consistently all the way through
after a big first inning that was
good for 8 runs.
