

# MUENSTER ENTERPRISE

VOLUME XII

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY JUNE 25, 1948

NUMBER 31

## Final Service Held Saturday Morning For G. A. Stelzer, 59

Something—the average person around here probably does not realize is that three common children's diseases are practically non-existent in the community. While other places have the usual percentage of diphtheria, typhoid and small pox cases Muenster is blissfully immune, and has been so far for the past 15 years.

The reason, of course, is the 15 year old custom of giving immunization shots which, according to Dr. Myrick, have been 100 per cent successful to date. To his knowledge, he says, not one immunized person during that 15 year period has taken any of the three diseases. All of the few cases we have had were confined to the small percentage of children who were not immunized.

Doc Myrick is due a lot of credit for introducing and maintaining his annual immunization clinic, and the people around here are due equal credit for their good judgment in using it. Together they have avoided a great deal of misery, and according to averages, probably a few physical blemishes and deaths.

Most likely all of us can remember instances of hot arguments in which the persons finally discovered that they were fundamentally in agreement all along but just did not understand each other. That's about how things stand in last week's big congressional fuss over the European Recovery Program.

When the House made a drastic reduction in the bill Senators hit the ceiling. Vandenberg was one of the most vociferous, insisting that this country had let it be understood that so much was forthcoming and that any reduction amounted to a betrayal of faith in America.

But the House members, bless 'em, are calmly insisting that certain provisions of the bill are foolish and extravagant and definitely will not get their approval.

A couple of the examples mentioned by Representative Faber are farm tractors and certain hospital equipment. Why, he wants to know, does the list include hundreds of tractors when gasoline in Europe is scarce and tractor service practically non-existent, and especially when so many farmers don't even have tillage tools to hook behind the tractors? Regarding hospital equipment he does not understand why stainless steel units costing \$300 are specified when American hospitals get along fine on plain units costing about \$60.

No doubt both houses want to be good to the Europeans. But the Representatives insist on being practical as well as generous. And that's certainly okay with us taxpayers. If they can cut out the foolish generosity and still give as much relief, perhaps even more relief, they're doing a worth while service to both us and Europe.

The controversy also causes us to wonder what kind of people compiled the relief list in the first place. Were they the stooges of big manufacturers looking for fat orders? Were they stooges for Joe Stalin deliberately trying to pile up our expense while making us ridiculous in the eyes of Europeans? Or were they just plain dumb clucks who don't know any better? Whoever they were they certainly don't belong on the federal payroll.

Figures recently reported by the State Teachers' Association reveal that taxpayers of the Muenster Independent school district are among the privileged few of this state. This is one of 15 districts with a tax between one and 50 cents per \$100 valuation.

Fifty districts pay 51 to 75 cents. Five hundred fifty nine districts pay \$1 and two hundred ninety districts pay over \$1. Seven independent districts have no tax whatever.

However, it's well for us to bear in mind also that our privilege applies only to the matter of tax. We don't have some of the facilities that other districts are privileged to have... such as vocational courses and a gymnasium. We're getting by for less all right, but we're also getting less.

Regarding the country's two outstanding school problems, teacher and classroom shortage, Lynn Landrum of the Dallas News has a proposal which at first glance appears to be a solution. He suggests keeping schools open for the full year.

Here's how he would work it. Divide students into 4 equal groups each attending nine

Funeral services were held here Saturday for G. A. "Stokes" Stelzer, 59, who died suddenly on Wednesday, June 16, from a heart attack.

Following a requiem mass at 8 o'clock in Sacred Heart Church by Father Herman Laux, burial was held in Sacred Heart cemetery with Father Herman officiating and Mrs. Nick Miller directing. Bearers were Matt, Andy, Gerald and Maurice Stelzer, T.P. Frost, Arthur Hellman, Claude Cannon and Jimmy Lehertz.

Mr. Stelzer, a resident of the community since 1897 apparently was enjoying normal health when his fatal attack came. While he, his wife and his son, Leroy, were preparing to go on a fishing party he slumped on a porch. By the time his wife and son reached him he was unconscious and within a few minutes he was dead.

He has had other heart attacks at various times during the past few years but usually recovered promptly and gave no indication of the seriousness of his condition. About 10 years ago he had a severe attack which almost claimed his life.

Mr. Stelzer was born in Chickasaw, Ohio on June 30, 1888, a son of the late Mr. and Mrs. Charles Stelzer. He came here as a child with his family in December 1897 after living for one year in Tours, Texas and completed his education in the Muenster school. Since then he has been interested in several different occupations including farming, livestock, meat market, cafe and oil development.

He was married on Nov. 26, 1908, to Miss Catherine Hellman who preceded him in death, passing on October 1, 1937. On January 2, 1939 he married Miss Jewel Pittman.

Survivors are his wife; two sons, Leroy of Henrietta and Pat, a lieutenant, Army Air Force at Dayton, Ohio; two daughters, Mrs. John Chandler and Mrs. H. E. Hart, of Dallas; seven grandchildren; three brothers, Henry, August and William of Muenster; and two sisters, Mrs. Frank Faecke of Denison and Mrs. Joe Sharp of Olney, Ill.

Among out of town relatives and friends at the funeral were Mr. and Mrs. E. L. Bennard and son, Donald, Mr. and Mrs. S. W. Pittman, Mrs. Floyd Koen and daughter and Mrs. Ollie Martin, all of Lubbock; Mr. and Mrs. C. L. Tuggle, Mr. and Mrs. Harry Perryman, Billy J. Pollard, all of Nocona; Mrs. O. B. Landers, Josua; Mrs. Eunah Ward, Dallas; Mrs. Wright Smith, Wichita Falls; Mr. and Mrs. Joe Zipper, Dallas; Mrs. Frank Faecke, Miss Bertha Faecke and Mrs. Margaret Faull, all of Sherman.

## SCHEDULE OF COMING EVENTS TO BE LISTED AS WEEKLY SERVICE

Beginning in its next issue the Enterprise will have a service which is intended to keep local citizens posted on what's happening and where. It will be a weekly calendar of coming events listing meetings of the various local organizations and other events of general interest.

Every organization of the community is invited and urged to make use of this service by turning in reports, preferably in writing, no later than Wednesday noon preceding the publication. This cooperation is requested as a means of helping the Enterprise staff keep the schedule complete.

## SORRY FELLOWS, HERE'S HOW IT WAS

With apologies to both teams the Enterprise wishes to correct an erroneous and, unfortunately, belittling report on last week's Muenster-Beznor Chicks game. The record shows that the Chicks earned their deciding last inning runs on hits, and did not get them gratis on a mess of errors. As regards the local fellows we're happy to point out that they did not fumble the game away.

The fumbling referred to came earlier and this writer was guilty of fumbling his innings. Sorry fellows. No malice intended.

The Denison Dam, which creates Lake Texoma on the Oklahoma and Texas border, is 15,200 feet long... approximately three miles.

—Robert Matherne (right) of Baytown, newly-elected president of the Texas Press Association, is shown receiving from Paul M. Fulks (left) of Wolfe City, retiring president, the golden diamond-studded key to the Texas Treasure Chest at the State Fair of Texas upon his election by the press group last week in San Antonio. Witnessing the ceremony is Millard Cope, Marshall News Record, who represented the Texas Newspaper Publishers Association at the convention. The golden key, which is being passed down from president to president, will be used 38 years hence to open the treasure chest on the 100th anniversary of the State Fair. Embedded in 1938 in a monument to the founders of the State Fair, the chest contains historical documents and copies of more than 100 Texas newspapers. Mr. Matherne is publisher of the Baytown Sun, and Mr. Fulks is publisher of the Wolfe City Sun.

## COUNTY DAIRY GROUP HOLDS STATE RECORD FOR HIGH PRODUCTION

The Cooke County Dairy Herd Improvement Association received favorable publicity with the issuance of the monthly news letter of Texas A & M College which reveals that the association ranks first among counties carrying on this work in the average production of milk per cow, and second in the average amount of butter fat per cow.

Honors for the highest individual producing cow for May went to W. L. Meyers who operates a grade A dairy on Highway 77, five miles south of Gainesville, and honors for the highest herd average, for more than 20 cows, went to Peter Prescher, a neighbor of Meyers.

Paul Fisher of Muenster had the highest producing herd of less than 20 cows.

Association members having one or more cows producing more than 40 pounds of butter fat in May are: Paul Fisher, four; Peter Prescher, nine; John Knabe, 10; David Smith, five; W. L. Meyers, seven; Tony Nehib, two; R. B. Durham, nine; John Voth, two; Joe Fisher, two; Charlie Fisher, four; Al Flietman, four.

## Notes On Soil Conservation

Roy Townsley and Gary Hess are constructing field terraces this week. Mr. Townsley is constructing 3.15 miles of terraces and says "terraces where outlets are available should be laid off and constructed before soil becomes too dry or too wet."

Joe Magee, 3 miles east of Muenster, reports a yield of 12½ bushels of abruzzo rye per acre on approximately 10 acres that was sowed to vetch and rye. Many plantings of vetch for seed harvest have failed due to adverse weather conditions but grazing obtained and yields of rye have prevented loss, according to Robert S. Mitchell, Work Unit Conservationist.

Cooperators harvesting vetch last week were Redman Bros., Mac Thweatt, J. H. Fields and Meador Bros. Average seed yields were from 100 to 200 pounds of vetch per acre. V. W. Redman, district supervisor states "we do not consider our vetch a failure where seed was not harvested. This vetch paid off in soil building and grazing." Many cooperators plan a vetch crop next fall as regularly as they plan oats crop.

Bob Swindle at Saint Jo had a complete failure of vetch on several hundred acres this year, but he plans to plant vetch next year and considers it a regular crop as he would consider wheat and oats. "Oats in most cases made less yield than mixture of vetch and rye this year but we have not heard any cooperators say oats wouldn't be sowed any more," states Pat A. Carpenter, Soil Conservation Service Technician.

J. M. Weinzapfel made a business trip to Dallas Monday.

## NEW CAR AND GARAGE DESTROYED IN FIRE AT AL TRUBENBACH HOME

A two car garage, practically new, a Ford sedan, also practically new, and several hundred dollars worth of other items were all lost in a fire at the Al Trubenbach home about 10:30 a.m. Thursday June 17.

The blaze apparently started when sparks from a wood heated wash boiler ignited nearby clothing and spread beyond control during an interval of 10 to 15 minutes while Mrs. Trubenbach was in the house. It had already burned through a partition wall and was spreading toward the car when discovered.

In spite of smoke and intense heat Mrs. Trubenbach made an effort to drive the car out but gave up when it failed to start promptly.

The Muenster fire department's emergency truck and dozens of volunteers responded promptly to an alarm but all arrived too late to help.

## 1.63 Inch Rain Brings Timely Relief From Dust and Drought

Anxiously awaited relief came to this community Wednesday in the form of a 1.63 inch rain which brought an end to almost a continuous week of dust besides giving a timely lift to pastures and row crops.

It fitted in almost perfectly with farming schedules arriving after combines had finished their season and the small percentage of remaining unharvested grain was safely in shocks.

No less welcome than the help to growing crops was the relief from several days of dust. High winds since Saturday had kept the air constantly loaded with it and brought grief to every housewife of the community.

The first rain fell about 1 o'clock Wednesday afternoon. Intermittent short showers from then through most of the night had ample time to soak in. Very little of the moisture flowed away.

## VFW PLANS BIG PARTY FOR LADIES AUXILIARY

Members of the Muenster VFW post are making plans this week for a grand welcome party honoring the newly organized VFW Ladies Auxiliary.

Adjutant Ray Wilde disclosed that the event will begin at 4:30 Sunday afternoon, June 27, in the Huchtons pasture west of town. Fried chicken, barbecue, drinks and an open air dance are the principal attractions.

## News Of Sick And Injured

C. J. Hellman, 8 year old son of Mr. and Mrs. Clarence Hellman, is recovering normally following an emergency appendectomy performed at Gainesville sanitarium Monday afternoon.

Billy Ben Boyles had his tonsils removed Monday at Gainesville sanitarium and is recovering nicely.

Mrs. Henry Sicking was a patient at M & S hospital in Gainesville for observation and treatment during the weekend.

Arthur Beauford, 6, son of Mr. and Mrs. H. H. Beauford, had his tonsils removed Friday at Gainesville sanitarium.

Donny and Gerry Ann Trubenbach, children of Mr. and Mrs. Martin Trubenbach, have been confined to bed this week suffering from chicken pox and flu.

Mrs. Jake Fagel is up and around her home since Thursday when the cast in which she was placed six weeks ago was removed. The cast was necessary following a fall in which she broke a vertebra.

J. W. Fletcher returned home Sunday after being a patient at Methodist hospital in Fort Worth for a week. After a rest until the end of the week he will be back at his duties as rural mail carrier.

Mrs. Ben Hellman received word this week that her son Gus Hellman, is a patient in a Corpus Christi hospital suffering from strep throat infection. Late reports were that he was recovering satisfactorily.

## Stroke is Fatal to Mrs. Mary Schad, 68, Pioneer of Lindsay

Mrs. Mary Schad, 68, pioneer Lindsay resident, died Monday at 8:30 p.m. at the home of her daughter, Mrs. F. A. Wiese in Gainesville, following a several months' illness.

Funeral services were held Wednesday morning at 9 o'clock in Saint Peter's church at Lindsay with the pastor, Rev. Conrad Herda, officiating at the requiem mass and at burial in the Lindsay cemetery. George J. Carroll and Son Funeral home was in charge of arrangements.

Mrs. Schad, the former Miss Mary Hofer, was born Jan. 14, 1880, at Rolling Stone, Minn. She came to Cooke county with her parents in 1895, settling with them in the Lindsay community and was married there to Fred Schad in 1898. Her husband died in 1933. She remained at her home in Lindsay and was active, doing all her own housework, until about three months ago when she became ill and went to reside with her daughter. A stroke Monday was the cause of her death.

Survivors are four daughters: Mrs. Wiese, Gainesville; Mrs. Nick Neu, Slaton, Mrs. Ted Hundt and Mrs. Agnes Hall, Ft. Worth; two sons, Joe X. Schad, Fort Worth, and William H. Schad, Gainesville; 16 grandchildren and 9 great grandchildren; four sisters, Mrs. John Hoberer, Lindsay; Mrs. William Loerwald, Gainesville; Mrs. August Schad, Plainview, Minn.; Mrs. Pete Krebs, Durant, Okla., and one brother, Joe Hofer of Houston.

## GIRLS WIN ONE AND BOYS TWO IN WEEK'S SERIES OF BALL GAMES

Muenster's baseball percentage got a fair lift during the past week when the boys and girls marked up three wins without a loss. The girls beat Saint Jo 6 to 4 there Thursday night and the boys won twice, 10 to 6 over Hood here Friday night and 7 to 2 over a group of Gainesville lads here Sunday afternoon.

The girls' game at Saint Jo was closely matched though somewhat weaker in defense than the previous 1 to 0 encounter. Errors were about even and the final difference in score was the result of timely hits in the fifth inning. Both teams scored a run in the first and Muenster's 3 in the second was tied by Saint Jo's 3 in the third. Two more in the fifth decided the game for Muenster.

The Friday program here was a double header with Valley View winning 5 to 3 over Nocona Buick as the opener. According to arrangements, Hood and Valley View were each to play Muenster and when the Nocona team appeared, through a confusion in dates, it was matched against Valley View.

Well grouped hitting accounted for the local boys' 10 to 6 win over Hood. In the third and fourth they slapped out 5 and 3, respectively, and cashed in on a few walks and errors to boot for a total of 9 runs.

The visitors' big inning was the second when they scored five tallies on walks, errors and one hit. Both teams scored one in the first. Each team had 5 errors and Muenster led in hits 9 to 2.

Sunday's game was regulation baseball between teams consisting principally of Muenster softballers and Beznor Chicks who came over short handed and enlisted four local volunteers.

Muenster took an early lead with 2 in the first and one in the second and ran up a safe margin with a strong fourth inning for runs. Hennigan tripled after bases were loaded by two walks and a hit batter. A single later brought him in. The visitors got their only two in the fourth.

## Electric Organ Replaces Old Pipe Organ in Church

The Consonata electric organ used at the field mass here during the Fatima pilgrimage is now a part of the regular equipment in the Sacred Heart church. Father Herman Laux, pastor, said this week that its purchase has been approved by the church committee and it was moved to the choir balcony of the church late last week. The church's ancient model pipe organ was traded in on the purchase.

Mr. and Mrs. Don C. Cooke had as weekend guests Mrs. Ralph Capps and Mrs. Willard Knowlton and daughters, Donna and Judy, all of Beaumont, Calif. The ladies will be remembered here as Misses Marie and Elizabeth Halliburton.

An informal tea complimented Miss Juanita Weinzapfel Monday afternoon in observance of her birthday. Guests presented the honoree with gifts of silver and were served dainty refreshments by her mother, Mrs. J. M. Weinzapfel.

**LOCAL NEWS BRIEFS**

Andrew Wimmer is the owner of a new black, half ton Chevrolet pick-up delivered by J. B. Wilde Wednesday.

Rev. Thomas Weinzapfel arrived from Dallas Wednesday for a visit with his parents and family.

Mrs. Cris Jensen and little son of Wichita Falls spent several days of last week here with her parents, Mr. and Mrs. W. T. Richter.

Miss Juanita Weinzapfel spent last week visiting a former classmate in Hinton, Okla., and her sister, Mrs. P. W. Hellman and family in Tulsa.

Mr. and Mrs. Amber Estes of Wichita Falls and Miss Clara Richter of Dallas spent Sunday with their parents, Mr. and Mrs. W. T. Richter.

W. T. Richter and daughters, Mmes. Harold Walterscheid and Hugo Lutkenhaus were in Lindsay Wednesday morning to attend Mrs. Mary Schad's funeral.

Sunday guests at the home of Mr. and Mrs. Andrew Schoech were Misses Becky Hagon and Peggy Stowall of Dallas and Misses Evelyn and Theresia Mae Spaeth of Lindsay.

Sunday guests of Mr. and Mrs. Don C. Cooke were their son, Harold Cooke and wife and two children, Nancy Dean and Don II, and Mr. and Mrs. W. A. Brooks, all of Fort Worth.

Albert Henscheid was in Wichita Falls Monday night to attend a dinner and meeting of Lancaster water pump dealers. Companions for the trip were his wife, Mr. and Mrs. Carl Schilling and Mrs. Ed Endres.

Mr. and Mrs. J. W. Fletcher had as weekend guests their son Jack and wife of Wichita Falls. Sunday afternoon they were joined by Mr. and Mrs. W.M. Blake-more of Denison, parents of Mrs. Jack Fletcher.

Henry Fleitman was greeted with a family reunion at his home Sunday evening in observance of Father's Day. All his children and grandchildren, with the exception of a daughter from Dallas, were present for an informal evening of games and refreshments.

**SADDLE CLUB MEMBERS HAVE CHICKEN FRY SUNDAY**

Miss Dorothy and Leonard Hartman were hosts for a lawn party and chicken fry at their home Sunday evening for members of the Saddle Club. About 40 guests enjoyed the party.

A brief business session was conducted with Dr. T. S. Myrick, president, presiding.

A special feature of the evening was a surprise linen shower for Mr. and Mrs. Alois Trubebach who lost many of their linens in a fire at their wash house last Thursday.

**CARD OF THANKS**

Thanks and appreciation are extended for the many cards, flowers and other kindnesses while I was ill.

Mrs. Jake Pagel

**CARD OF THANKS**

During a time like this we learn how much our friends really mean to us. Your expressions of sympathy will always be treasured.

**NEW YORK — (Soundphoto) —** One of the pickets is down on the pavement in the riot which broke out last night in front of the Roxy theatre here at the scheduled opening of the picture "The Iron Curtain." Opposing pickets lines, one against the movie showing and the other, consisting of Catholic War Veterans, for it, tangled in a melee that required the use of police reserves to quell.

**TYPHOID GERM CAN'T GET ANYWHERE IF IT CAN'T HITCH-HIKE**

AUSTIN, TEXAS.— A warning against the hitch-hiking germ of typhoid fever has just been issued by Dr. Geo. W. Cox, State Health Officer. They must catch a ride from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

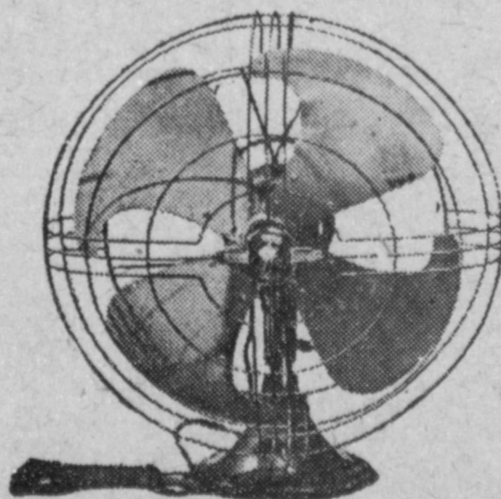

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being vaccinated. Inoculation with typhoid vaccine, a week apart, is all that is necessary to secure protection against this disease for two years. The purity of water, or milk, or food cannot be judged by looking at it so the best thing to do is to play safe and have your physician protect you.

It isn't what the voter stands for nearly as much as it is what he falls for.

Miss Jane Hoehn of Dallas and Mr. and Mrs. Jack Hoehn and daughter of Gainesville spent Sunday with their father, A. T. Hoehn. In the near future Mr. Hoehn will join Jane on a trip to Alabama to visit relatives while the latter is on her annual vacation.

## Local NEWS Briefs

Bill Hoehn has gone to Umbarger to be employed.

Since Monday Miss Ernie Zipper is attending business college in Amarillo.

Mr. and Mrs. Laurence Baumhardt left Tuesday to spend a few days in Houston on business.

Mrs. Callie Baumhardt spent the weekend in Burkburnett with her daughter and family.

Miss Gertrude Bindel returned Saturday from a two-week stay in Fort Worth.

Mrs. L. A. Bernauer is on a two weeks' vacation from duties at the Muenster State Bank.

Willard Hartman has joined

LOS ANGELES, CAL.—"Unaccustomed as I am . . ." this scarlet garibaldi fish seems to say as he investigates a hydrophone (water version of a microphone) that has been lowered into his underwater world. The hydrophone records a clicking sound made by the garibaldi, to disprove the old scientific theory that there is no sound in the "silent deep."

Other fish that whistle, cackle, laugh and even click their lower plates — at least it sounds that way — are co-starred with the garibaldi in a new colored film produced here by a branch of the Moody Bible Institute of Chicago. It is the result of months of scientific research and work with delicate recording instruments. Directed by scientist Irwin A. Moon, the film is soon to be released to schools and churches under the title "Voice of the Deep." It's a new wrinkle in combining science and religion!

the personnel at the Shanty and is principally employed to give curb service in the evenings.

Miss Marian North of Levelland arrived during the weekend for a visit with her sister, Mrs. Smyrel Owens.

Mrs. John Schilling returned Friday from a five day visit in Hereford with her son, John Nogler and family.

Junior Hammer, son of Mr. and Mrs. George Hammer, who left recently for Navy training is stationed at the San Diego, Calif., training station.

Miss Betty Cole returned Friday from a four-day tour to San Antonio, Austin and Dallas. She went in company of 15 friends of the Texas Travelers Club.

Eugene A. "Beans" Schmitz and family moved Monday to occupy the Furbach house. They formerly lived in one of J. C. Trachta's rent houses in the north part of town.

Mr. and Mrs. Laurence Baumhardt and children spent the weekend in Wichita Falls with her parents and Janice Lee and David remained for an extended visit with their grandparents.

Delbert Walterscheid returned home Sunday after spending two weeks in Wichita Falls with his uncles and aunts, Messrs. and Mmes. Amber Estes and Cris Jensen.

Emmet Fette flew A. V. Grant of Saint Jo to Houston Saturday afternoon. While in that city he enjoyed a visit with Gene and Giles Lehnertz. He returned Sun-

## The American Way

### FOOL'S PARADISE

By Dr. Alfred P. Haake

As ancient as the story of man is the tendency of man himself to avoid responsibility and evade work. So strong and easily evoked is this tendency that glittering but empty promises from the mouths of the unscrupulous can lure even normally sensible men into the fool's paradise of "something for nothing."

The folly of a fish in biting at a teasing lure only to be caught on a barbed hook, is no greater than the folly of a man yielding to the blandishments of an exploiter or the eloquence of a fool who promises him more

than his own labor or desert can earn for him. Indeed, one can excuse the fish for failing to know anything about what is done beyond the surface of the water, but man should know better than to fall prey to the folly of his own avarice.

Force has been a tremendous factor in history, but, far more destructive than mere force has been the deceptive use of man's own weakness against himself.

We pity the poor "Roosians" and other Europeans who have succumbed to the impossible promises of unscrupulous or fanatic leaders. Yet millions of people in our own country yield step by step to similar blandishments or believe other falsehoods and things that are not true. "The others get it. Why not we?" And they fall.

So, when the government hands out millions and even billions of dollars, at the expense of taxpayers, even the virtuous have been known to hold out their hands for a share of the "largess".

Even today, many who declaim

## Cook's 2-Coat (2-Product) House Painting System

Paint, protect, beautify your home with two scientifically formulated products that combine their advantages to give 3-coat value at only 2-coat cost!

**Cook's SUPERWHITE PRIMER**  
 Not just "doctored-up" house paint, but an outstanding first coat made with amazing controlled penetration . . . it stays on top to hide and seal.

**Cook's HOUSE PAINT**  
 A finish coat made to be a finish coat . . . no compromise in manufacture. The ideal companion product to Superwhite Primer. Controlled wearing makes it wear and stay beautiful longer.

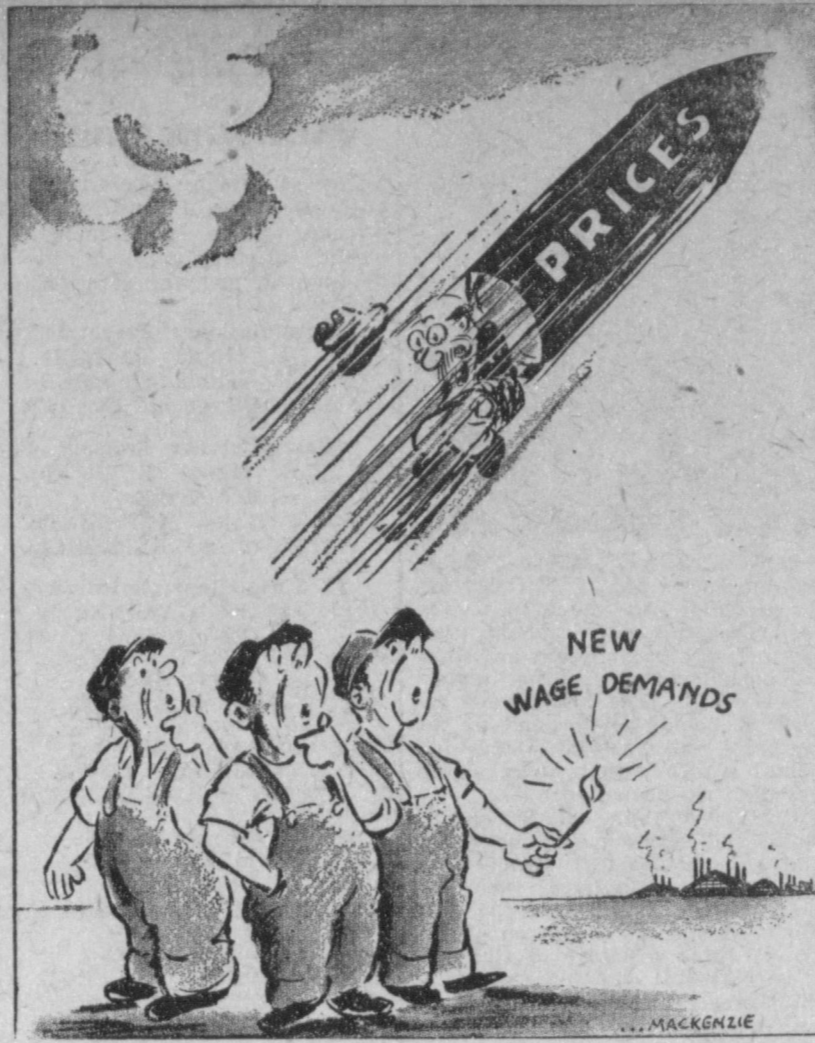

How Much Does It Cost? **32.40**

Good paint costs no more to use than a poor one. The greater coverage, hiding and wear is more than worth the extra money you pay for quality. Enough paint for the average 5-room house will cost only

3-Gal. Primer 5.40  
 3-Gal. House Paint at

GAINESVILLE, TEXAS

against government control of business or economic life, at the same time favor Federal aid to schools because it may relieve their taxes slightly. And not long ago an organization went on record as favoring the government taking over the peanut crop at high prices in order to hold up the price while subsidizing lower prices on peanuts for use in candy and other products.

There are those who deliberately close their eyes to government waste and inefficiency to justify getting back some of the dollars paid to the government from other states or persons. They seem to think that when a dollar leaves home for Washington it has pups on the way, and so more dollars can come back home than those which left home for Washington.

Exactly the opposite is true. Every dollar spent by the Federal Government has to come either directly from the pockets of its citizens or indirectly from those same pockets through the mounting horror of inflation. In the last analysis, the dollar you get back from Washington for Podunk or any other place, had to come from Podunk or that other place in the first place.

And, on the way to Washington and again on the way back, that dollar lost weight. It had to pay the brokerage of bureaucracy and the cost of transportation both ways, so that every dollar that came back was smaller than the dollar which left.

You would have been wiser, in many, many parts of the country, to keep most of your dollars home, and pay directly for the work you wanted that dollar to do, and so get more done by that dollar at home. And that includes the schools, all the glamorous arguments to the contrary notwithstanding.

Anyone who thinks that there is some magic in government bounty or charity to its citizens, is living in a fool's paradise. The dollars Washington spends on you came out of your own pocket in the first place.

A wise man once said: "A fool beholdeth only the beginning of his works, but a wise man taketh heed to the end."

From where I sit... by Joe Marsh

## How to Live Longer

Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him:

"Well, sir—when I work, I work hard. When I set, I set loose. When I think, I go to sleep."

According to Doc Hollister, that formula isn't far amiss. "Hard work," says Doc, "never wore out anyone before his time, providing he knew how and when to relax."

Doc himself works overtime, with his daytime patients at the office, and his evening calls. And

when he gets home he takes it easy with a mellow glass of beer and chats with the missus until it's time to go to bed.

From where I sit, relaxing is a fine art—especially in these tense, fast-moving times. And there's nothing like a temperate glass of beer—enjoyed with pleasant company—to restore that easy frame of mind that one needs after a hard day's work.

Joe Marsh

### It Happened 10 Years Ago

June 24, 1938

End of week finds threshermen near middle of season . . . Inability to secure oil named as cause of refinery shut-down by Jack Hunter; plant goes back to A. G. Hutton . . . Stump speaking dates are set by Cooke county candidates . . . Ocean voyage is big thrill for trio of Muenster Sisters according to letters reaching here . . . Tony Sicking and Frank Mosier begin bicycle trip to New York.

### 5 YEARS AGO June 25, 1943

Joe Dankesreiter, 43, victim of grade crossing crash at Gainesville Sunday . . . Mrs. T. S. Myrick's grandfather, 97, who fought in the Civil War, dies at Weatherford . . . Relax Theatre is scheduled to open next weekend . . . Threshermen are ready to swing into busy season next week . . . Bert Hamric is recovering from mumps . . . Mr. and Mrs. Ray Vogel announce the arrival of Margaret Ann . . . Miss Marcella Pagel and Lt. John P. Janickl marry here Friday . . . The Ed Clers announce the birth of Phyllis . . . Mr. and Mrs. Ray Swirczynski are the parents of a 10-pound son . . . Henry N. Fuhrmann sustains second degree burns as tractor gas ignites . . . Since Friday Miss Mary Wiedemann is employed at Camp Howze.

**NEW YORK — (Soundphoto) —** Cheers and tears and dancing in the streets marked the unfurling of the banner of the new Jewish state in Palestine from the window of the Jewish Agency for Palestine here. As Haim Shertok, 14 year old son of Moshe Shertok, Jewish foreign minister, raised the flag next to the American flag, crowds broke into the native Palestine dance the "Hora." The new state of Israel came into being eight hours before the British mandate terminated.

### FATHER'S DAY OUTING HELD AT TURNER FALLS

Mrs. J. B. Wilde entertained with a picnic Sunday to honor her husband on Father's Day, and as a compliment to her son, Ray Wilde, and daughter, Miss Gladys Wilde, in observance of their birthdays.

The outing was held at Turner Falls and was attended by Mr. and Mrs. Wilde, Mr. and Mrs. Ray Wilde and son, Misses Gladys and Laurie Wilde, Marian Gremminger, Johann Seyler and Juanita Weinzapfel, Lambert and James Bezner, Hubert Bezner, Rufus Bezner and Johnny Schmitz.

An area of 38,291 square miles in New Mexico, Oklahoma, and Texas drains into Lake Texoma, which can store as much as 5,825,000 acre-feet of water.

### KATY RR BROCHURE DESCRIBES SOUTHWEST AS INDUSTRIAL GIANT

ST. LOUIS, MO.— The Missouri Kansas-Texas Railroad is now distributing sixteen-page brochures covering industrial opportunity and development in the Southwest, Donald V. Fraser, president, announced.

Entitled "Southwest — the New Industrial Giant," the brochure is the second of this type survey issued by the railroad in recent years.

"The newest brochure is in keeping with Katy management's policy of doing everything possible to boost the territory the railroad serves," Fraser said. "We know the Katy-served Southwest is the fastest growing industrial area in the United States, and we are convinced that this area offers the finest inducements possible to new and expanding industry. In addition, thousands of acres of fertile land are awaiting profitable development through modern methods of agriculture." The brochure is designed to give industrial and agricultural leaders planning new projects or expansions a complete preliminary survey of the Southwest Fraser pointed out.

THE STATE OF TEXAS  
To: Charles Harold Mason Defendant, Greeting:  
You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of August A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of June A. D. 1948, in this cause numbered 15254 on the docket of said court and styled Opal Marie Mason Plaintiff, vs. Charles Harold Mason Defendant.

A brief statement of the nature of this suit is as follows, to wit:

A suit for divorce from the bonds of matrimony for the reasons of harsh and cruel treatment and desertion on the part of defendant toward the plaintiff, and for change of the name of the plaintiff from Opal Marie Mason to Opal Marie Harris, for cause of suit and for general and special relief as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 15th day of June A. D. 1948.

DODGE Job-Rated TRUCKS

In 1942, Texas Power & Light Company served 176,000 customers . . . in 1946, 208,000 . . . and in 1947, 230,000!

The amount of electricity needed to supply the growing area this company serves tells a similar story. During 1947 this company supplied its customers with 27 per cent more electricity than in 1943.

The steady increase in need for electric power came at a time when further expansion of generating facilities was impossible, because during the war, all the big turbo-generators manufactured were diverted to the war program by the government.

It was the normal peacetime reserve electric-capacity this company had maintained that enabled it to supply the tremendous increase in electric power demand. This reserve is now about used up, and our big problem is to keep you supplied with electricity until new generators are received and installed.

The new generators are coming . . . three small ones are already installed and operating . . . two big ones are scheduled for delivery this year and next year. This new generating capacity will total 81,000 kilowatts (108,000 electric horsepower) to supplement our present 294,000 horsepower of electric power resources.

But between now and the time all this new capacity can be delivered and installed, there may be occasions when it will be a tight squeeze to make existing power supply go around. However, we want to assure you that we are working hard to the end that electric power may continue to flow to you in whatever quantities you may need.

## TEXAS POWER & LIGHT COMPANY

JOHN W. CARPENTER, President and General Manager

**Blessed Events**

Mr. and Mrs. Joe Knauf announce the arrival of Leon Joseph, their fourth child and first boy, at the local clinic on Tuesday, June 22. The baby weighed 9 3/4 pounds. His christening service took place Wednesday afternoon. Mr. and Mrs. Herman Swirczynski were sponsors. The grandparents are Mr. and Mrs. Henry Pels and Mrs. John Knauf.

Mr. and Mrs. Johnny Wimmer are the parents of a daughter, their third girl, born at the local clinic Wednesday morning. Mrs. Wimmer is the former Miss Olivia Walterscheid and the grandparents are Mr. and Mrs. C. J. Wimmer and Mr. and Mrs. Joe Walterscheid.

Well camouflaged and warm, too, these members of the 82nd Airborne Division plod through the snow during "Exercise Snowdrop" at a northern post. The National Cotton Council reports the soldiers are wearing light-weight, wind resistant cotton garments made of very tightly constructed fabrics. The outer cotton uniform is used over a softer and more resilient undergarment and provides more warmth and comfort than heavy overcoats.

Mr. and Mrs. Gary Hess are the parents of a 7-pound son, Dwaine Joseph, born at the local clinic on June 18. The baby's christening took place Sunday afternoon. Father Herman officiating assisted by the maternal grandparents, Mr. and Mrs. John Knabe as proxies for Mr. and Mrs. Joe Schroeder of Windthorst. The paternal grandparents are Mr. and Mrs. Frank Hess. Dwaine joins a family of six brothers and one sister.

Mr. and Mrs. Bernard Sicking announce the arrival of an 8 1/2 pound son, Wayne Joseph, at the local clinic Saturday afternoon, June 19. Father Herman officiated at the baptismal service Sunday afternoon, with Mr. and Mrs. Joe Sicking serving as sponsors. Mrs. Sicking is the former Miss Adeline Yosten and they now have three boys and three girls in the family. Mr. and Mrs. Ben Sicking are the grandparents.

Donald Raymond is the name of the infant son of Mr. and Mrs. James Eckert. The 8 1/2 pound boy was born at the local clinic Sunday and was baptised Monday. Father Herman officiating at the christening ceremony assisted by Raymond and Miss Dorothy Mae Walterscheid as sponsors. The Eckerts now have two sons and three daughters. Mr. and Mrs. John Walterscheid are the grandparents.

A 7 3/4 pound son was born at the local clinic Wednesday morning to Mr. and Mrs. Billy Ray Jones of Era. The baby is their second son. Mrs. Jones is the former Miss LaVerne Carlisle of Lubbock and the grandparents are Mr. and Mrs. W. M. Jones of Muenster and Mr. and Mrs. J. G. Carlisle of Lubbock.

Mr. and Mrs. Joe Thomasson of Craig, Colo., announce the birth of a 7-pound son, Paul Anthony, on June 12. He is their fifth child and fourth son. Mrs. Thomasson is the former Miss Magdalene Schmitz and Mr. and Mrs. H. M. Schmitz are the grandparents.

**She Isn't Kicking About The Low Teaching Salaries**

ST. PAUL.— One Minnesota schoolteacher has been found who is satisfied with her pay.

She is Mrs. Betty Wilkes, who signed a contract last year to teach five rural pupils at Spurzem, about 25 miles from the Metropolitan Twin Cities' area.

By October 1947 all five of her pupils had been withdrawn from the classes. Each school day, Mrs. Wilkes unlocks the school building at 9 a.m., dusts off her desk, looks out the window for a few moments, and then leaves.

Members of the Spurzem School Board are still happy about the situation. By keeping the school open and paying Mrs. Wilkes salary, they do not have to pay tuition and transportation for several children of the district who are attending school in the neighboring district.

The board figures that it is cheaper to pay the salary, and keep the school open technically than to pay tuition which runs about \$110 a child annually, and the transportation which costs about \$7 a child, monthly.

**STEPS TOWARD DESTRUCTION**

"Socialism, as now interpreted, is competition without prizes, boredom without hope, war without victory, and statistics without end. . . . It is not only politically false but morally destructive."

—Charles Morgan

**No Telling What You'll Find in a Woman's Purse**

ST. LOUIS.— Mrs. Ruth Abernathy, who lost her watch five years ago, agrees that you never can tell what you'll find at a rummage sale, or in a woman's purse.

Her mother, Mrs. Edgar W. Anderson, took one of Mrs. Abernathy's old purses to a church rummage sale, then decided to use it instead to carry home the proceeds, about \$125.

Her father helped count the money. When he found a hole in the lining of the purse, he ripped it open. There was the lost wrist watch.

**Bright Duds, and Red Faces, Feature Men's New Look**

LOS ANGELES.— Hold tight, men. Colors for fall clothes will be gold and bronze, chartreuse and vermilion.

It's the menswear manufacturers of Los Angeles throwing the paint pot with wild abandon.

They took the wraps off their new creations at a style show Wednesday night. The choicest item was a gold suede sports coat with slippers to match.

Sunday evening guests of Mr. and Mrs. J. W. Fletcher were Mr. and Mrs. Aubrey Brown and daughter, Jo Ann, of Saint Jo and Mr. and Mrs. Lewis Reeves and three sons of Marysville.

**ASBESTOS DISHTOWEL**

The same asbestos that makes shingles for housetops has come to the kitchen to aid housewives in their dishwashing job. A new cotton-asbestos dishtowel will wipe dishes faster and dryer, according to the National Cotton Council. The dishtowel contains 20 per cent asbestos fiber and 80 per cent cotton.

A Navy jet plane pilot recently was interviewed twice on the same half-hour radio program — from points 160 miles apart.

**RETIRING AT 65 ALL  
WRONG, SAYS DOCTOR**

San Francisco. — Are you through at 65? Listen to Dr. Edward L. Bortz — and get back on the job.

Society, said Dr. Brotz, president of the American Medical Association, is literally killing men by making them retire too early. For many, the years between 50 and 70 are the most useful. Yet society, he lamented, insists on pinning the "antique" label on men at 65.

"The whole system is pernicious," said Dr. Bortz.

"I am against all present retirement programs.

"Men should be retired, not on the basis of their chronological age but on the basis of their physical and mental age."

Medical science now is making it possible for persons to live longer lives. The present life expectancy of 68 probably will be increased still further by new medical advances, he said.

U.S. Army estimate that if will be at least 50 years before silting will become a major problem on Lake Texoma, due to its great size. At maximum elevation the Lake covers 145,500 acres.

**JERUSALEM — (Soundphoto)** — A member of the Jewish military police enjoys a belated meal after a round of duty. Note his wounded comrade behind him.

**NEW BLACKBOARD WILL  
END SCREECHY NOISES**

CINCINNATI, O. — There will be no more screechy blackboards in the new public schools.

Joseph Beckman, head of the school building program, told the board of education that the new blackboards made of rough plate glass will not permit chalk or fingernails to slide over, causing the nerves-shattering screech.

The blackboards are in a deep green color that is glareproof and easy on the pupils eyes.

A light year is the distance a ray of light can travel in one year or nearly six trillion miles.

### Lindsay News

Mrs. Pauline Block who underwent minor surgery at M & S hospital in Gainesville last week is back at her home since Friday recovering nicely.

Rev. Fred Mosman has been assigned to Saint Cecilia's church in Dallas, according to announcement by Bishop Lynch. The appointment is effective July 1.

Mrs. George Spaeth and her daughter, Miss Frances Spaeth of Dallas, left Saturday for Cincinnati, Ohio, to visit relatives and will stop at several points of interest in Kentucky and other states before returning home.

Mr. and Mrs. Francis Dieter of Longview are here for a two weeks' vacation visit with relatives. He graduated last Friday from junior college at LeTourneau Technical Institute as a machinist. Mr. and Mrs. Ralph Bezner and son of Longview are also here for a two weeks' visit with their families. He was among graduates at LeTourneau in mechanical maintenance, as were Barney and O. S. Flusche of Gainesville who accompanied them home.

### Lindsay Boys Win Prizes In Pig Raising Contest

The 4-H club boys of Lindsay won their share of the prizes given by the Sears Roebuck foundation, sponsors of the heavy litter contest for the Dallas area. There were 50 entries in the contest with a purse of \$450.

Highest rated boy from Cooke county was Leonard Hermes, who placed sixth and won \$25.

Other winners are: William Hermes, 22nd place, \$5. Willard Kuhn, 24th place, \$5. Wilford Bengfort, 44th place, \$4. Additional county winners are Raymond Haverkamp, Rt. 6, Gainesville, 14th place, \$5, and Adam

**BERLIN, GERMANY**—(Sound-photo) — Major General Georgi Alexandrov, the Soviets' leading aviation expert in Berlin, is pictured as he hinted at new red curbs on air traffic between Berlin and the western occupation zones. The hints were made as he renewed Soviet charges that the British were to blame for the recent air collision between a British commercial plane and a Soviet Yak fighter near Berlin in which 15 persons died, and announced, "General Sokolovsky will take measures to regulate air traffic and safeguard the lives of Soviet flyers." Sokolovsky commands the reds in Berlin.

Wolfe, Rt. 1, Gainesville, 38th place, \$4.

Prizes are in the form of materials and equipment to further the pig demonstrations.

### T-MEN FILM BASED ON FACTUAL TREASURY CASE

T-Men, showing at the Relax Sunday and Monday, is a picture based on a factual case in the files of the U. S. Treasury department, which government branch cooperated in the film's making. It shows Uncle Sam's treasury agents risk their lives to stamp out a wave of counterfeiting.

Full of action, suspense and excitement, it stars Dennis O'Keefe with Mary Meade, Wally Ford, June Lockhart and a big cast of others.

### 100 COOKE COUNTY 4-H BOYS AND GIRLS HOLD ANNUAL RALLY

About 100 4-H club boys and girls attended the annual rally at Leonard Park in Gainesville last Wednesday. The day's program was sponsored by B. T. Haws, county agent, Miss Mildred Chapman, home demonstration agent, and R. E. Loftis, assistant county agent.

Interesting features of the day consisted of a shooting demonstration and a talk on safety by Henry Kirchenbauer, a picnic lunch and entertainment by Bert Davis, and a talk by County Judge Carroll F. Sullivant. Judge Sullivant complimented the boys and girls on their achievements and stated that as far as he knew no 4-H boy or girl had ever been tried before a juvenile court in the county.

He then presented the annual awards as follows: gold star pins to Florene Arendt and Harold Nortman of Lindsay; a leadership pin to Eleanor Miller of Era for outstanding leadership ability in district 4; a \$200 scholarship to Weldon Davis for outstanding cotton demonstration in district 4.

Songs and games were directed by Emma Jo Eaves, Muenster, and Nancy Kammerdiener, Rose Marie Perkins and Janet Geray of Gainesville, who attended the district 4-H camp at Trinidad, June 1-4.

James Burrus of Sherwin-Williams company demonstrated the use of weed killer and J. A. McCrorey, consignee of Texas Company, entertained with films and furnished door prizes.

### New Parish Assignments By Bishop Lynch Affects 2 Former Muenster Men

Bishop Joseph P. Lynch of Dallas announced Saturday that he has made a number of clergy changes in the diocese, the transfers to be effective July 1. Two of the priests are former Muenster young men, one is from Lindsay, and several are well known locally.

Rev. Thomas Weinzapfel, formerly assistant at Saint Edward's church, Dallas, has been named pastor of Saint John's church at Valley View. Whitesboro and Celina have been attached as mission points for the church.

Rev. Henry Felderhoff of Abilene will become pastor of Saint Joseph's church in Cleburne.

Rev. Fred Mosman, newly ordained priest, of Lindsay, has been named to Saint Cecilia's church, Dallas, as his first assignment.

Rev. John P. Brady, formerly of Gainesville, and now at Waxahachie, will be pastor of Saint Luke's church, a new parish at Irving, to which Grapevine has been attached as a mission.

Very Rev. Thomas Zachary, Denison, pastor of Saint Patrick's, will go to Fort Worth, as pastor of All Saints church, and Rev. Joseph Erbrick of Fort Worth will replace him at Denison.

Rev. Wm. Botick, pastor at Valley View, has been named pastor of the new Mother of Mercy church at Hillsboro, and Italy has been attached as a mission church.

Rev. J. A. Harnett of Wichita Falls will go to Longview as pastor of St. Anthony's church, and Rev. Thomas Schoepe of Sherman has been transferred to the Cathedral at Dallas. Very Rev. Msgr. W. J. Bender, Cathedral rector, has been named pastor of Christ the King church, Dallas, and Very Rev. Msgr. John T. Gulczynski, assistant rector at the Cathedral has been appointed rector.

Additional equipment installed by Jake Horn Jr. at the Home Art Shop, this week consists of a saw and a jointer.

### Confetti---

months. That way three groups would be in school all the time and one always on vacation. Putting it into figures, suppose a city has 60 teachers and 2,400 pupils. Normally that would be 40 pupils per teacher. But under his system it would mean a total attendance at any time of only 1800 and an average of only 30 pupils per teacher. Besides giving pupils a better chance to learn it would require less classroom space and give teachers a full year job.

Of course there are lots of other things to be adjusted before such a plan can be adopted. Class schedules, for instance, would have to be completely revised. But all that is justified and worth while if the system would relieve the present strain.

### Did you know that:

... While you wear out one automobile tire you spend seven times its value on state and federal taxes. Figure 30,000 miles to the tire and 15 miles to the gallon of gas. That's 2,000 gallons with 4 cents state and 15 cents federal tax for a total of \$110 besides plenty of other taxes.

... The annual loss of top soil in the Mississippi basin is estimated at 735 million tons.

... At the end of last year 12,900,000 rural homes were using electricity; that 16 per cent of them are served by REA co-ops, 2 per cent by municipal agencies, and 82 per cent by private companies.

... Railroads last year hauled 654 billion ton miles of freight representing seven tenths of the nation's total tonnage, besides 46 billion passenger miles; and that 29 per cent of the world's railroad mileage is in the U. S.
