

# MUENSTER ENTERPRISE

VOLUME XII

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY AUGUST 6, 1948

NUMBER 37

Enter a new version of that old gag about driving a horse to water. President Truman is discovering these days that he can order congressmen back to Washington but he can't make 'em legislate.

To make the situation more embarrassing he's discovered also that the nation doesn't seem to care very much about the inactivity. The opinion prevails that politics motivated the calling of the special session in the first place, so politics might as well motivate the procedure as well.

And after the farce is ended we wonder which side will have gained more by this unusual and unorthodox form of campaign politicking. Harry will say he called the men together and told them how to save the country, but they wouldn't do anything, and are therefore to blame for all the nation's woes. The GOPers will have their answers, of course. Representatives will claim the proposals were seriously considered but found wanting. Senators will say their efforts to cooperate were blocked by Harry's own party members. So there you are. Which line seems to have the better appeal?

When the election is over and the smoke and noise of campaign fades away the nation will probably be grateful to Congress for its inactivity in this session... not because it favors do-nothing legislatures, but because no legislation at all is better than bureaucratic, socialistic and misguided legislation. If Congress is at fault, it isn't for failing to convert the president's recommendations into law but for failure to find a more democratic and more American solution for the problems at hand.

In the matter of housing, for instance, the solution isn't to wreck the private enterprise system because of profiteering but rather to crack down on the profiteers. By merely applying the seventh commandment... thou shalt not steal... to our private enterprise system we'll have something infinitely better than we could hope for in ponderous, inefficient and grafting bureaucracy. We've learned time and again that socialism has all the evils of private enterprise and then some. Then why look to it for a solution?

Probably the most pressing problem is high price and the threat of run-away inflation. There again Congress might have helped along in a way other than recommended. In the last analysis the principal causes for high prices are scarcity and the government's own price support program. When these two factors are corrected the cost of living problem will take care of itself. The reasonable solution then, it seems, is to change maximum hour standards to get more production and to reduce or eliminate the present price support level.

But price control... the police state method... isn't the answer. It doesn't increase supply. It doesn't even reduce price but only disguises part of it as a subsidy. Meanwhile it opens the way for black market and imposes the expense and discomfort of official snoopers on the public.

If Congress has failed the country it was not in the way the president would have us believe. There was and is a crying need for solid American legislation. The country could have been vastly improved by it. But the legislation proposed is not what we need, and we should be grateful that it was not enacted.

According to one version of the Berlin situation, this country is losing out in the rest of Germany even though it is saving face in the metropolis. While we're apparently holding our own with the firm hand policy and air freight system, Russians are capitalizing on the doubt that lurks in German minds. They're spreading the word that the Americans will be squeezed out of Berlin and in time will be squeezed out of all the rest of Germany.

At the same time they're circulating threats against every individual who lifts a hand for Germany recovery. The Kremlin's agents speak of reprisals, liquidation and what not when the Reds take over, so many a faint hearted German is cautious lest his name appear on that threatened black list when the day of Red doom finally dawns.

Everything considered, the situation is worse than it appears on the surface. While we're sweating out a settlement of the Berlin crisis Russia continues (Continued on Page 8)

## Boy Scout Committee To Meet Monday On Fund Raising Drive

Cooperating in the annual drive to raise funds for the Circle 10 Council of the Boy Scouts of America, 36 men will meet in the Parish Hall Monday night, August 9, at 8 o'clock, to organize their local campaign.

Money raised by this drive will be used to maintain the Boy Scout program in the Circle 10 Council which includes some 14 counties of North Texas. Principal activities supported by funds are expansion and maintenance of camp facilities, administrative and organizational expenses, training adult leaders and providing trophies and medals for the scouts. Muenster's boys, as members of the Cooke County district, participate in the Circle 10 Council's program.

Preliminary preparations for the drive started Friday night, July 30, when six men met at the bank with Field Representative Frank Cockrell and County Vice-Chairman J. M. Weinzapfel. Each of them selected five assistants who will meet on August 9 to select the names of approximately 8 prospects to see during the drive. By spreading the work among 36 persons the committee expects to contact more than 300 possible donors without placing a burden on any one worker.

The six campaign captains are Charley Hellman, Ben Seyler, R. N. Fette, Ervin Hamric, J. W. Fisher and Dr. T. S. Myrick.

## Notes On Soil Conservation

The Leo conservation group continues to make progress in the planning and applying of soil conservation practices.

Ed Dill and the Muenster Work Unit staked off two diversion terraces and two field terraces for construction this summer. They had outlets on Buffalo grass pasture. A waterway was staked off and plowed to get a good clean seedbed prepared for seeding to a permanent grass in early spring. This waterway should be ready in two or three years to take runoff water from additional terraces. Mr. Dill has also placed an order for phosphate and legume seed to plant this fall.

A new farm plan was completed on the W. W. Hickerson farm in the Leo group. Mr. Hickerson planned a face lifting job on his farm to include relocation of field fences to fit the contour of the land. He can divert outside water off of his fields with diversion terraces and then build a few needed field terraces. This and a rotation of alfalfa and grazing crops was added to a pasture improvement program to fit his idea of the best use of his land.

In the Myra conservation group Ike Fulton is building a mile of new terraces. Mr. Fulton wanted to build all of his terraces that he could, but a waterway, seeded last spring is not ready to receive runoff water. All of the terraces that would outlet on pasture were staked off.

## SUBSIDY PHOSPHATE AVAILABLE FOR FALL COVER CROP SEEDING

Beginning August 15, reduced prices on phosphate will again be available to Cooke County farmers who wish to participate in the federal government's agricultural program. Announcement of the program was made here this week by H. D. Newberry, county agricultural secretary.

According to Newberry the phosphate can be secured for fall seeding of vetch, clover and alfalfa cover crops. There is no limit on the acreage a person can plant and the allowance will be the recommended amount of about 200 pounds per acre. The phosphate is not available, however, for spreading on previously planted crops. Newberry also pointed out that this phosphate allowance applies to the 1948 program and will not affect a person's allowance for next year.

Regularly costing \$30.50 per ton, the fertilizer will cost the farmer only \$11.70 on this program. By applying to the agricultural office he can secure a purchase order which entitles him to the special price from his dealer. When redeeming the purchase order the dealer receives \$18.80 per ton from the government.

KANSAS CITY, 1921 — (Soundphoto) — When General John J. Pershing died at Walter Reed Hospital, in Washington, it closed a chapter in military history and wrote "The End" to the careers of five great military leaders who were on hand for the first American Legion convention to be held in the United States. Shown left to right are: Generals Jacques, of Belgium; Diaz, of Italy; Foch, of France; Pershing, then Commander in Chief of the Allied Forces; and Admiral Beatty of Great Britain.

## 3000 PERSONS ATTEND GAINESVILLE C OF C OIL WORKERS PARTY

A crowd estimated at about 3,000 persons thronged into Owl Stadium at Gainesville last Thursday night for an Oil Workers' show sponsored by the Gainesville Chamber of Commerce.

The purpose of the show was to express the appreciation of the businessmen of Gainesville to the many persons engaged in producing oil in Cooke County.

Headlining the program was a variety show directed by Seymour Davis of Oklahoma City and featured by Davis' own acts of ventriloquism, magic and a comedy piano recital. Supporting him were a quartet of dancers and a saw and broom music act by an old time vaudeville trouper.

Additional numbers were a juggling act by Bert Davis of Gainesville and selections by the T & P quartet of Dallas. The Harmony Boys of Station KGAF entertained for 30 minutes before the show opened with Manager Bob Murdock's address of welcome at 8:30.

Other features of the party included the distribution of 3,024 ice cream sandwiches, 2,496 bottles of soft drinks, and 72 prizes to holders of lucky numbers. Special for kiddies were free rides on the Fair Park concessions which had been leased for the evening.

In appreciation, workers of the Muenster area have prepared a letter of thanks to the Chamber of Commerce and left it at the J & L Supply for signatures. Early Wednesday it had about 20 signatures.

## WAR SURPLUS FENCE FOR WATER SYSTEM ARRIVES THIS WEEK

The chain link fence recently purchased by the City of Muenster from the War Assets Administration is due to be installed here within the next few weeks, Mayor J. M. Weinzapfel disclosed this week.

It is being taken up this week at the Army's Southwest Proving Grounds, Hope, Ark., and hauled to Muenster by the Steve Fette Trucking Company. The first load, consisting of about a quarter mile of the fence was delivered Wednesday, and the remaining three quarters of the mile is expected during the rest of this week.

The fence, purchased to enclose the city's water facilities, will be set up in four different locations... at the water tower, the city reservoir, and each of the two city wells. The remaining fence Weinzapfel said, will probably be sold to the parish to enclose the football field.

A. E. Thompson underwent major surgery Monday at Gainesville sanitarium.

SCAMPTON, ENGLAND — (Soundphoto) — One of the first of sixty U.S. Airforce B-29 Superfortresses to arrive in Britain is shown shortly after landing. Members of the crew and base personnel are standing in front of the big bomber. The crew of Superfortresses carried more than 1,200 men who were warmly greeted by men of the Royal Air Force, with whom they will drill. The American crews are made up almost entirely of combat-hardened veterans who will engage in simulated bomb-missions over Europe, where the Russians are currently threatening to put the squeeze on allied planes feeding Berlin by air.

## Bryant Blaylock is Guest Speaker For FMA Annual Meet

An address by Bryant Blaylock of Marshall, one of the outstanding dairy authorities of Texas, will be the featured event at the annual social meeting of the FMA membership at the Parish Hall next Tuesday night, August 10, Rudy Hellman, cheese plant manager, announced this week.

Officers and directors of the FMA are proud to have Blaylock as their speaker for this occasion, Hellman said. Besides being one of the best informed dairy specialists of the nation he is an exceptionally good speaker. Last year he was one of the principal speakers at the national dairy convention in Atlantic City.

In notice postals prepared for mailing to the membership this weekend Hellman advised that a dutch lunch is another attraction of the social gathering. The program will begin at 8 o'clock.

## CHARLES CLER HOME SAVED SATURDAY BY RURAL FIRE TRUCK

The Muenster Fire Department's tank truck scored its first rural success Saturday about 5 when it saved the home of Charles Cler about a half mile northwest of town.

According to Fire Chief Joe Knabe the truck arrived just as the flames broke into the open, and checked the blaze before it had a chance to spread fast. A few minutes later would have been too late, he said.

Originating from a grass fire in the yard the blaze spread under the house and was discovered when dense smoke came pouring from under the house. Ray Cler drove to town for help and Matt Schmitz, one of the first persons he saw, rushed out in the fire department's rural fighter. When he arrived the fire had burned holes through a floor and a wall. In less than five minutes Schmitz had it under control.

## Decatur Parish Extends Invitations for Barbecue

The Decatur Catholic parish this week extended an invitation to residents of Muenster and surrounding communities to attend a barbecue buffet supper on August 15 in connection with the dedication of the new parish rectory.

Supper will be served from 5:30 until 7 after which there will be games and varied entertainment for the guests.

Gypsies came originally from India, not Egypt.

## 17 WEARY BOY SCOUTS RETURN FROM OUTING AT POSSUM KINGDOM

Seventeen weary boy scouts of the Muenster troop returned home last Saturday afternoon after an eventful week of instruction and recreation at Camp Constantine on the Possum Kingdom Lake. The camp, which is one of three maintained by the Circle 10 Council, is kept open all summer for the benefit of scouts in the 14 counties of the council.

Every morning of the week was taken up with instructions on swimming, life saving, boating and canoeing. In the afternoons boys were on their own to carry out their own group programs under direction of their scoutmaster. During the first four days of the week Andy Hofbauer was with the boys. During the last three Nick Miller took over. Their afternoon activity consisted of an inspection tour through the Possum Kingdom generating plant and boat trips and hikes to spots of interest in the area. One trip was followed by an evening meal and all night outing on a mountain side.

Boys attending the camp are on their own in a rugged environment. They sleep on cots in tents and are expected to keep the place orderly, besides washing their own clothes. The only service they receive is meals in the camp mess hall. The charge, paid by scouts and scoutmasters alike, is small and covers only the cost of their food. This self service low cost plan is intended to give the boys valuable training as well as to keep the price within the means of poorer boys.

## News Of Sick And Injured

Mrs. Lena Bernauer returned home last Thursday from M & S hospital in Gainesville where she was a patient five days for observation and treatment.

Norbert Hoedebeck sustained a minor injury Sunday when his right index finger was caught between tongues while working in the oil field.

Tommy, three-year-old son of Mr. and Mrs. Herman Hartman, sustained a fractured right arm, just above the elbow, last Tuesday when a hay frame fell on him at home.

Mrs. Paul Nieball is recovering satisfactorily from minor surgery performed at M & S hospital in Gainesville last Friday.

Clarence Wilson was confined to bed this week on account of illness that afflicted him last Friday.

## HEALTH DEPARTMENT SHOWS 182 CASES OF TYPHUS THIS YEAR

AUSTIN.—Statistical information compiled by the State Health Department shows a total of 182 cases of typhus fever so far this year. During the week between July 17-24, seven new cases were reported, one-half the seven year median of fourteen for the week of July 24. The disease reaches its peak in the month of August.

"Typhus fever as we know it in Texas is transmitted by the fleas of infected rats," Dr. Geo. W. Cox, State Health Officer, said. "It can be controlled by the simple, expedient of consistently maintaining a program of rat poisoning, rat trapping, and rat proofing."

Typhus fever is marked by a severe headache, chills and fever. A reddish mottling appears on the skin, and a hacking cough develops. The headache is the outstanding symptom because of its severity. Illness may last from 5 to 14 days.

## Mrs. Theo Wiesman Dies From Ailments Following Fracture

Mrs. Theodore Wiesman, 73, one of the few remaining pioneers of Muenster, passed away Saturday morning at 8 o'clock in a Gainesville hospital after less than a week of illness resulting from a fractured leg. She sustained the injury the previous Sunday when she fell at the home of her son, Frank Wiesman, in Pilot Point. Double pneumonia developed on Tuesday and heart complications followed. All of her ten children were with her when death came.

Funeral services were held Monday morning at 9 o'clock in Sacred Heart church with Rev. John Walbe officiating, and burial was in the Muenster cemetery. Six grandsons were pallbearers, Louis Wiesman, Arnold and Norbert Henschel, Edmund Fleitman, Leo Haverkamp and Paul Wiesman.

Rosary was recited Saturday night at the Leazer-Keel funeral home and Sunday night at Mrs. Wiesman's home here.

Mrs. Wiesman was born in Westphalia, Iowa, on Dec. 8, 1874, a daughter of Mr. and Mrs. Joseph Flusche and came to Muenster with them in 1890, less than a year after the establishment of the new colony. Anna Flusche was 15 years old at that time. On September 9, 1891, she was married to Theodore Wiesman, who with his brother, the late Joseph Wiesman, was the first settler of Muenster.

With the exception of one year in Pilot Point, Mr. and Mrs. Wiesman lived on a farm northeast of town until Mr. Wiesman died in April 1937. Since then Mrs. Wiesman made her home in the city near the church.

For many years she was an active member of the parish St. Anne's society and took part in all parish undertakings. She often recalled many interesting events and experiences during her early days when the community was being established. Until the time of her injury she enjoyed normal health and did her own housework.

Survivors are five sons and five daughters: Mrs. A. H. Lueb, Carlsbad; Mrs. J. J. Haverkamp, and Mrs. Al Fleitman, Muenster; Miss Mary Wiesman, Fort Worth, and Sister Ann Theodore, Our Lady of the Lake Convent, San Antonio; Carl, Theodore and Tony Wiesman of Gainesville; August of Carlsbad, and Frank of Pilot Point; four sisters, Sisters Josephine, Cordula, Constancia, and Emerita, San Antonio; one brother, Joseph Flusche of Lindsay; 43 grandchildren and 13 great-grandchildren.

Out of town persons at the funeral in addition to the children and relatives and friends from Cooke county included Sister Josephine, Mr. and Mrs. Troy Cooper of Corsicana, Werner Henschel, Umbarger; Arnold Henschel, Las Vegas, N. M.; Norbert Henschel, San Lorenzo, Calif.; Mrs. Lena Wiesman and daughters, Wichita Falls; Mr. and Mrs. H. O. Morlock and son, and Miss Aleline Lueb, Carlsbad; Mr. and Mrs. A. C. Flusche, Denison; Mr. and Mrs. Hugo Flusche and Mrs. Albert Flusche of Electra; Messrs. and Mmes. L. W. and Conrad Flusche and their families of Decatur, Urban and Andrew Flusche and their families of Pilot Point, and Donald Wiesman of Bode, Iowa.

Ven. Sisters Bernice and Margaret left Tuesday to return to San Antonio after a week's visit with members of their families, the Trachtas and Rohmers. Sister Margaret will go on to Beeville where she is a teacher at Saint Joseph's school.

## Schedule of Coming Events

The following is a list of scheduled meetings in the community for the coming week as reported by the organizations concerned. In offering this service the Enterprise invites all clubs, societies and civic groups to use the schedule as a convenience to their members. Please submit reports by Wednesday noon.

MONDAY, AUG. 9, Boy Scout Committee, Parish Hall, 8 p.m.

TUESDAY, AUG. 10, FMA Social, Parish Hall, 8 p.m.

TUESDAY, AUG. 10, Holy Name Society meeting, Parish Hall, 8 p.m.

THURSDAY, AUG. 12, Community Council, Parish, Hall, 8 p.m.

NEW YORK — A lightning bolt struck the baseball world with the announcement that Mel Ott had resigned as manager of the New York Giants and that he had been replaced by Leo "The Lip" Durocher, who simultaneously resigned as manager of the Brooklyn Dodgers. By a peculiar coincidence, the Giants and Dodgers are tied for fourth place in the National League Pennant race. This photo was made at the official switching of the Giant pilots. Giant president Horace Stoneham, left, is greeting the smiling "Lip", right, while Ott, who led the Dodgers to a pennant last year resumes as that team's manager.

sister, Mrs. T. M. Hammer and family.

Mr. and Mrs. Arthur Reeves, Rt. 3, Muenster, are the parents of a daughter born Sunday evening at M & S hospital in Gainesville.

Mr. and Mrs. Albert Hoehn and Miss Jane Hoehn of Dallas were here Sunday to visit their father, A. T. Hoehn, and their sister, Mrs. Ed Cler and family.

Mr. and Mrs. Oscar Miller and children and Mr. and Mrs. Joe Vogel left Thursday for a vacation visit with relatives and friends in Illinois.

Mr. and Mrs. Roman Trachta and son of Fort Worth were weekend visitors here with his mother, Mrs. Frank Trachta and other relatives.

Dan and Mike Ratliff of Lubbock arrived Monday for a visit with their uncle and aunt, Mr. and Mrs. Ben Seyler, and other relatives.

J. B. Wilde flew to Hereford for a visit with his brother, Frank Wilde, over the weekend. He reported that Frank is building a modern new home.

Mrs. R. R. Endres was honored with a birthday party Sunday night in the home of her son, Roy Endres Jr. Informal diversion and refreshments were enjoyed by a large crowd of guests.

Mrs. Lena Wiesman and daughter, Martha Ann, of Wichita Falls, are spending this week with relatives, members of the Wiesman families, the Ted Gremmings and the John Knabes.

Mrs. Ben Luke is in San Antonio for a several weeks' visit with her daughter, Mrs. Charles Denny. Her son, Harold, drove her to that city Monday and returned home the next day.

Sisters Antoinette and Gertrude of Fort Worth spent from Sunday to Thursday here with the former's parents, Mr. and Mrs. C. J. Fette and other relatives. Mr. Fette drove to Fort Worth for them Sunday.

Major and Mrs. A. A. Hellams (nee Catherine Wieler) announce the birth of an 8 pound 13 ounce son, in Dallas on Tuesday morning, Aug. 3, Major Hellams is with the army in Tokyo. Mrs. Hellams and their two sons

plan to join him in a few months.

Mr. and Mrs. Herbert Cunningham had as guests last Wednesday through Monday this week, his mother, Mrs. Myrtle Cunningham of Vandalia, Ill., and his sister and brother-in-law, Mr. and Mrs. Johnnie Smith and three children of Saint Louis, Mo.

Carolyn Cain was honored with a party to observe her seventh birthday on Wednesday, July 28, when her mother, Mrs. R. P. Cain, entertained at their home. Gifts, games and refreshments made it a jolly affair for a large group of youngsters.

**CATHOLIC WOMEN'S COUNCIL TO MEET HERE AUGUST 31**

The Muenster unit of the National Council of Catholic Women will be host to the Sherman deanery NCCW here on August 31 for the regular quarterly meeting it was announced this week after the local officers met with Pastor Father Herman to make plans for the event.

The afternoon's program will feature a series of addresses by clergy and laymen, sacramental benediction and supper.

**MASTER MASONS TO HAVE BARBECUE AT BOWIE AUGUST 16**

SAINT JO.— Master Masons of the 85th Masonic District of Texas have been invited to a barbecue and homecoming on historical Queen's Peak, near Bowie, on Monday, August 16, when the 86th district will honor H. K. Jackson, Grand Master, and H. M. Craig, Deputy Grand Master, of the Grand Lodge of Texas. Both men are natives of Montague county.

The 85th district includes lodges at Gainesville, Fish Creek (Marysville), Burns City, Era and Myra and represents a total membership of 645 Master Masons.

Registration will begin at five o'clock, with the barbecue scheduled to begin promptly at six. The open-air, tiled lodge program will begin at eight o'clock with introduction of distinguished guests. The honored guests will deliver the only two addresses on the program.

Tom: "My wife talks to herself."

Tim: "So does mine, only she doesn't realize it — she thinks I'm listening."

Bring yours to us WATTS BROTHERS Gainesville

Mr. and Mrs. W. H. Endres. Given in marriage by her father, she wore a faille taffeta gown designed with a high neckline accented by a rolled collar. The bodice, pointed at the center front and back, was fitted. The full skirt revealed tiers of ruffles from the pointed bodice back to the end of the formal train. Long sleeves came to petal points over her hands. Her shoulder length veil of imported illusion fell from a satin coronet and she carried a cascade bouquet of gladiolas and stephanotis centered with a white orchid. Her only jewelry was a gold cross and chain, gift of the groom, and she carried a crystal rosary and a blue lace handkerchief.

The altar before which the vows were exchanged was adorned with white gladiolas and the communion railing held potted white caladium and baskets of shasta daisies.

Attending the bride were her sister, Mrs. Robert Kupper, matron of honor, another sister, Mrs. Val Fuhrmann, and a sister-in-law, Mrs. Urban Endres, bridesmaids. They wore identical frocks of yellow embroidered organdy designed with high necklines, cap sleeves and circular skirts with wide sashes tied in a bow at the back. They wore bandeaus of Marguerite daisies and carried yellow satin and meline baskets of the same flowers.

The bridegroom, who is the son of Mr. and Mrs. T. H. Gorman of Rockford, Ill., was attended by Donald Putnam of Rockford, and the bride's brothers, Gilbert and Urban Endres. Arthur and Paul Endres were ushers.

The bride's mother wore a black sheer ensemble with a black feather hat and a corsage of Rubrum lilies. Mrs. Gorman wore a pink floral print with a white gladiola corsage.

A wedding breakfast honored the couple, the bridal party and the parents at 9 o'clock in the home of the bride's uncle and aunt, Mr. and Mrs. Jos. A. Luke. The bride's table was laid with lace over a gold cloth and was centered with an arrangement of white asters.

Mr. and Mrs. Endres received guests in their home for an informal reception from 10 to 12. Misses Juanita Weinzapfel, Johann Seyler and Gladys Wilde presided at the punch service and served wedding cake. Miss Opal Jo McDonald of Dallas, for four years classmate and roommate of the bride, was in charge of the bride's book in which more than 100 guests were registered.

The bride's table was laid with a hand crocheted cloth. The three-tier wedding cake was topped with yellow roses and a bow of tulle.

Dinner was served to immediate members of the two families at 4 p.m., after which Mr. and Mrs. Gorman departed on a wedding trip. The bride was wearing a gray gabardine suit with gray accessories and an orchid corsage.

They will make their home in Rockford, Ill., where he is connected with a wholesale paper concern.

Mrs. Gorman is a native of Muenster and a graduate of Sacred Heart High school. She attended college at OLV in Fort Worth and NTSC, Denton, and WTSC at Canyon. Mr. Gorman was born and reared in Rockford and served in the army during the war. After the war he

enrolled for college courses at Canyon where he and Miss Endres became acquainted.

Among out of town guests at the wedding were Mr. and Mrs. T. H. Gorman, Donald Putnam and Larry Stites, all of Rockford; Miss Opal Jo McDonald of Dallas; Miss Mary Frances Baldwin of Mansfield; Miss Dot Bushyhead of Levelland; Miss Helen Clemens of Crawly; Mrs. Ben Koester of Saint Louis, Mo., and Mmes. Walter and Alex Fulte of Gainesville.

**PRE-NUPTIAL PARTIES HONOR BRIDE OF THIS WEEK**

A round of pre-nuptial parties honored Miss Della Rose Endres who was married to Thomas J. Gorman here Tuesday. Among the courtesies were a Get-Acquainted party at the home of Mr. and Mrs. Arthur Endres Thursday night for which 24 guests were present and a lawn party on Saturday with Misses Juanita Weinzapfel, Gladys Wilde and Johann Seyler as co-hostesses at the Weinzapfel home. The 18 guests were close friends and former classmates of the honoree.

The rehearsal dinner was given Sunday night with Mr. and Mrs. Ben Luke as hosts in their home.

White cards, decorated with yellow roses, marked the places for 32 guests at three long tables. The guest list included the honor couple and their wedding party, brothers and sisters, close relatives and seven out of town house guests who were here for the wedding.

The center table held a low bowl of pale yellow marigolds and the two other tables were centered with candles in wreaths of the same flowers. The bride-elect's place was marked with

a gift of her chosen crystal.

The dessert course, featuring tiny three-tiered individual cakes, topped with yellow roses, was served on paper lace doilies.

**ST. ANNE'S SOCIETY HEARS REPORT ON WEIMAR MEET**

Members of Saint Anne's Society heard an interesting account of the Catholic State League convention held in Weimar when Mrs. Ben Hellman gave her report at the meeting of the group Sunday night.

Mrs. Joe Hoening, president, was in charge of the business session during which members made plans for their annual joint social with St. Joseph's Society members, voted to continue sending CARE packages to Germany and made a \$200 donation from the treasury for new altar linens and vestments. Mrs. Joe Streng is making the linen articles.

**Progress**

originates in the minds of Free Men!

Equality, opportunity, aggressive ingenuity, freedom from oppressive restrictions—these things have helped to make America great. Here, man is guaranteed certain inalienable rights. He enjoys blessings that exist only where freedom reigns. The birthright of a free education . . . the right to worship as a man pleases . . . free choice in his life's work . . . these inheritances of freedom, and many, many more, have nurtured the social, agricultural, industrial, and economic progress that identifies mighty America!

In this land where every man is free to do whatever he chooses, wherever he chooses however he chooses, this record of Minneapolis-Moline employees is truly significant: Of the present employees, 17

have been with the company from 50 to 60 years; 158 from 35 to 49 years; and 548 from 20 to 34 years. Taking into consideration all 732 old-timers, they constituted 23% of all MM employees at the close of 1940, with an average employment record of over 40 years. Even with the expanded employment of well over 6,000 now necessary to meet the increased demands for MM products, the nucleus of old-timers still constitutes 11 per cent of the total now employed!

Such faithful service Minneapolis-Moline is proud to acknowledge. It is a record of skilled craftsmen at work in a democracy where freedom from hampering restrictions is a cherished privilege . . . a record of men of industry building modern machines of proved quality to help farmers meet the world-wide demand for more food, fibre, and oil.

Minneapolis-Moline Produces a Complete Line of Farm and Industrial Tractors and Power Units, plus a Complete Line of Modern Machinery for the Farm

## The American Way

By George Peck

### THE CHURCH AND SOCIALISM

In recent years all too many of the nation's clergymen and religious educators, in their zeal and earnest desire to improve the lot of the "common man", misguidedly have been advocating socialistic plans of one kind or another for the United States. In all fairness, let me hastily add, most of them are blissfully unaware that the things they espouse stem directly from Karl Marx and his anti-God philosophy. Because, "They know not what they do" makes their proselyting for "Utopian panaceas"

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of the Enterprise will be gladly and fully corrected upon being brought to the attention of the publisher.

all the more dangerous. Therefore, it is good to know that outstanding church dignitaries are opposed to the economic fallacies propounded by some of their lesser fellow-laborers in the "vineyard". For instance, the Reverend Theodore Graebner of the Concord Theological Seminary, St. Louis, Missouri, in his book, "The Businessman and the Church," says in part: "A feeling exists among certain religious people that there is something inherently wrong with the profit motive . . . if no one is allowed to make a profit, no individual will start an enterprise which hires others to produce things for sale. Everyone who hopes to make a living must seek personal service, or a wage or salaried position in a productive industry. Without profit there will be no productive industries under private ownership or control, for the reason that no one would have a reason for starting or even continuing such an industry. If there are no pri-

Uncle Joe's Little Helper

vate industries to furnish jobs, and everyone must look for a job for himself instead of making jobs for others, there could be only one way out. That would be for the government to take over all industries and find jobs for everybody, which would be communism."

That is the viewpoint of a great Protestant leader. Now, please read what an outstanding Roman Catholic leader had to say. Pope Leo XIII in his Encyclical Letter, "The Condition of Labor," said in part regarding

**H. L. R. No. 24 HOUSE JOINT RESOLUTION** proposing an Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes for certain purposes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations; providing for submission to the qualified electors and for the necessary proclamation by the Governor.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**  
Section 1. That Section 1-a of Article VIII of the Constitution be amended so as to be and read as follows: "Section 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. . . . The State ad valorem tax for the duration of such donation, or until all legal obligations heretofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such donation is for less than the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision."  
Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, provided for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations," and "AGAINST the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.  
Section 3. The Governor shall issue the necessary proclamation for said election and have same published as required by the Constitution and Laws of this State.

the interference of the State into the affairs of the individual and family:

"Such interference is not only unjust but is quite certain to harass and disturb all classes of citizens, and to subject them to utter and intolerable slavery. It would open the door to envy, to evil-speaking and to quarreling; the sources of wealth would themselves run dry, for no one would have any interest in exhausting his talents or his industry; and that ideal equality of which so much is said would, in reality, be the leveling down of all to the same condition of misery and dishonor."

"Thus it is clear that the main tenet of socialism, the community of goods, must be utterly rejected; for it would injure those who it is intended to benefit, it would be contrary to the natural rights of mankind and it would introduce confusion and disorder into the commonwealth. Our first and most fundamental principle, therefore, when we undertake to alleviate the condition of the masses, must be the inviolability of private property."

There you have the studied opinions of a prominent Protestant educator and a former great Pope of the Roman Catholic Church. Both these learned men turned thumbs down on Socialism, knowing it to be only a high-sounding, beautiful theory that, wherever it has been tried, has never worked for the betterment of mankind — and that it never can.

### IT'S A MAN'S WORLD

It's a man's world, all right. Just look at the difference in these descriptive words and phrases.

If a man doesn't marry, he's a "bachelor" — glamorous word. If a woman doesn't marry she's an "old maid."

When it's his night out he's "out with the boys". When it is her night out she is at a "hen par-

**H. J. R. No. 7 HOUSE JOINT RESOLUTION** proposing an Amendment to Article IV, of the Constitution of the State of Texas, by adding a new Section to be known as Section 3a, so as to provide for succession to the office of Governor in the event the Governor-elect dies, or becomes disabled, or fails to qualify, before taking his oath of office as Governor; and providing for the issuance of the necessary proclamation and publication by the Governor.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**  
Section 1. That Article IV of the Constitution of the State of Texas, be and the same is hereby amended, by adding another Section to follow Section 3, and be designated Section 3a, to read as follows: "Section 3a. If, at the time the Legislature shall canvass the election returns for the offices of Governor and Lieutenant Governor, the person receiving the highest number of votes for the office of Governor, as declared by the Speaker, has died, then the person having the highest number of votes for the office of Lieutenant Governor shall act as Governor until after the next general election. It is further provided that in the event the person with the highest number of votes for the office of Governor, as declared by the Speaker, shall become disabled, or fail to qualify, then the Lieutenant Governor shall act as Governor until a person has qualified for the office of Governor, or until after the next general election. Any succession to the Governorship not otherwise provided for in this Constitution, may be provided for by law; provided, however, that any person succeeding to the office of Governor shall be qualified as otherwise provided in this Constitution, and shall, during the entire term to which he may succeed, be under all the restrictions and inhibitions imposed in this Constitution on the Governor."  
Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the date provided by law in the month of November, A. D. 1948, at which election all ballots shall have printed thereon:  
"FOR the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."  
"AGAINST the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."  
Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.  
Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this State.

ty". What he hears at the office is "news". What she hears at a bridge party is "gossip."

If he runs the family he is "head of the house. If she runs it she "wears the pants in that family." If he is overly solicitous of her he is a "devoted husband." If she is overly solicitous of him he is "hen-pecked." If he keeps his eye on her at a party he is an "attentive husband." If she sticks close to him she is a "possessive wife."

In middle age he is "in the prime of life" or "at the peak of his career." At the same age she's "no spring chicken." If he is an easy spender he "does not deny his family anything." If she doesn't count the pennies she's "extravagant" or a "poor manager."

Gray hair gives him a distinguished look. If she has it, she's an old hag. If he hasn't any small talk he's "the quiet type". If she hasn't any she is "mousy."

It all depends on one thing — whether you're speaking of a man or a woman.

Texas and Oklahoma share the fourth largest man-made reservoir in the world — Lake Texoma. Approximately 70 percent of the Lake is in Oklahoma — 30 percent in Texas.

**LOCAL NEWS BRIEFS**

Volkman is the former Miss Donna Hogan, daughter of Mr. and Mrs. C. C. Hogan of Fort Worth, and Mrs. Cain's niece.

Mr. and Mrs. Carl Lindeman of Windthorst, Mr. and Mrs. Adam Wolf and family of Gainesville and Mr. and Mrs. Paul Arendt Jr. of Lindsay were Sunday dinner guests of Mr. and Mrs. Robert Knabe. When the Lindemans returned home they were accompanied by Frances and Ethel Mae Knabe who are spending the week with them in Windthorst.

Mr. and Mrs. Ferd Luttmr announce the birth of their first child, a 7 pound, 12 ounce daughter, Mary Catherine, at M. & S hospital in Gainesville on Thursday morning, July 29. The baby is the first grandchild of Mr. and Mrs. Herman Luttmr of this city and they were sponsors at the baptismal service. Mrs. Luttmr is the former Miss Gertrude Beyer of Lindsay and the maternal grandmother is Mrs. Adam Beyer.

Mr. and Mrs. Joe Spaeth of Lindsay are the parents of a 9 pound son, their first child, born on July 24 at Gainesville sanitarium. The infant was baptized Sunday, Father Conrad officiating, assisted by Tony Rohmer and Miss Georgia Spaeth as sponsors. His name is Everette David. For his christening he wore the same baptismal dress worn by his mother and all members of the John Rohmer family. Mrs. Spaeth is the former Miss Loretta Rohmer. He is the first grandchild of Mr. and Mrs. John Rohmer. Mrs. George Spaeth of Lindsay is the maternal grandmother.

**MRS. M. J. ENDRES HOME SCENE OF DINNER PARTY**

Mrs. M. J. Endres and her mother, Mrs. J. P. Fisch, had as dinner guests Sunday, Mr. and Mrs. Mike Fisch of Des Moines, Iowa, Mr. and Mrs. Bert Fisch of Fort Worth, Mr. and Mrs. Leonard Endres and children of Fort Worth and Sisters Agnes and Irma of Fort Worth.

The Des Moines visitors will be in this city about ten days. They spent Saturday in Fort Worth and accompanied Mr. and Mrs. Bert Fisch to Muenster Sunday. Sisters Agnes and Irma had a four day visit with their mother and grandmother, returning to Fort Worth Thursday.

**NORBERT KLEMENTS OBSERVE 15TH ANNIVERSARY SUNDAY**

Mr. and Mrs. Norbert Klement observed their fifteenth wedding anniversary Sunday with a party at their home. About 100 relatives and friends were guests. Following the presentation of gifts to the honor couple the crowd enjoyed games and dancing and refreshments. Mrs. Klement is the former Miss Agnes Bayer. Mr. and Mrs. Klement are the parents of three children, Wilfred, Norma Jean and Marcellene.

Mr. and Mrs. Charles Fisher and daughters spent Thursday in Southmayd with relatives.

Mr. and Mrs. Joe Schnitker of Denison visited relatives here Sunday.

Mrs. R. P. Cain and children Mrs. Richard Cain and children and Mrs. Smyrel Owens spent Sunday afternoon at Leonard Park on an outing and picnic.

John Beard has moved a house to his lots in the west part of the city and is remodeling and re-roofing it before moving to occupy it.

Monte and Damian Hellman left by car Thursday on a ten day trip. Their first stop was at Amarillo where they were joined by Johnny Furbach for a vacation visit at Santa Fe, N. M.

Mrs. John Chandler and daughters, Jan, Kay and Carole, of Dallas spent several days of last week here with Mrs. Chandler's aunt, Miss Anna Hellman and other relatives.

Mr. and Mrs. Bob Hinton and two sons spent the weekend here with relatives and friends and were house guests of Mr. and Mrs. Al Walterscheid. They formerly resided at Nowata, Okla., and were enroute to Houston to make their home. Mrs. Hinton is the former Miss Regina Franken.

Mr. and Mrs. Richard Cain had as guests Saturday Mr. and Mrs. Donald Volkman who were enroute to their home in Fort Worth after a wedding trip. Mrs.

**INFANT VERSION OF NEW LOOK ATTAINED IN NON-FOLD DIAPER**

DETROIT.— A new non-fold diaper was hailed today as an invention likely to revolutionize the baby pants business.

The new diaper was introduced at opening sessions of the National Institute of Diaper Services convention.

Shaped like an hour-glass, with extra padding at the center, it gives baby a streamlined "new look" and eliminates old-style bulkiness. In addition, diaper men said the new diapering technique is more comfortable and the padding increases absorbency.

Bert Nevins, institute spokesman, hailed the new diaper as the first one in history to eliminate folding.

**SICKING-MOSMAN RITES SET FOR AUGUST 18**

Mr. and Mrs. Will Sicking have announced the engagement of their daughter, Miss Bernadine Sicking, to Leo Mosman, son of Mr. and Mrs. Peter Mosman of Gainesville.

The wedding will be solemnized in Sacred Heart church on Wednesday morning, August 18. Miss Sicking has chosen for her attendant her sister-in-law, Mrs. Ray Sicking, and Mr. Mosman will be attended by his brother, Bobby Mosman.

A number of pre-nuptial parties are honoring the bride-to-be.

**GOODS TO EUROPE TO BEAR STAR-SPANGLED IDENTIFICATION TAG**

WASHINGTON.— Europe soon will be flooded with reminders that America is the source of recovery aid.

The Economic Co-operation Administration has adopted an emblem to be plastered on every Marshall Plan shipment from a sack of flour to a locomotive.

The label is a typical United States shield, with stars and stripes and wording something like this, in all the appropriate languages:

"From the free people of the United States for European recovery."

One official says "we expect to make the symbol as familiar to Europe as the phonograph dog used to be."

Hotel Clerk (to arriving guest): "Pardon me sir, but will you tell me what that coil of rope is for?"  
 Guest: "That's my own individual fire escape. Since all these hotel fires I carry it along for protection."  
 Hotel Clerk: "I'm sorry, sir, but all guests carrying their own fire escapes must pay in advance."

**Average Person Doesn't Realize How Smart He Is, Says Speech Professor**

AUSTIN.— You know more than you think you do! University of Texas Speech Professor Jesse Villarreal says the average person far underestimates the num-

ber of words he has in his vocabulary.

A group of persons asked to guess their vocabulary content will usually give answers ranging from 500 to 15,000—a very low guess, because tests have shown that the first grade school child has a vocabulary of almost 17,000, says Dr. Villarreal. His college freshmen have made test scores indicating an average vocabulary content of 100,000 words. Measurements made on college populations have shown an average vocabulary of 150,000 word.

Everyone, he says, is interested in a larger vocabulary, as evidenced by the fact that many people come by his office and want to take vocabulary tests to see how many words they know. To increase word knowledge, Dr. Villarreal advises: try to learn new words encountered in reading and listening; look them up; preserve the original context in which the word was encoun-

Gloria Weston, Dallas, joins her townspeople in inviting fellow Texans to come to Big D for weekend vacations this summer. A civic committee, called "Dallas Invites You" and headed by Mayor Jimmie Temple as honorary chairman, has set up headquarters in the Chamber of Commerce building to help out-of-town visitors obtain hotel reservations and plan their itinerary of sight-seeing, theatres, sports, night clubs and other recreation. The committee's service even extends to finding a baby sitter to stay with the children of couples wanting to step out on the town at night.

tered; regularly review the collected information; read about the history of the English language's growth and development; and study word roots and common affixes.

A motion-picture camera has been developed which can take 11,000,000 frames a second. Sixteen frames is normal.

Rev. Francis Zimmerer of Subiaco, Ark., is here for a few weeks' visit with his parents, Mr. and Mrs. I. A. Zimmerer and family. Wednesday he joined Pastor Father Conrad on a trip to Muenster to see friends.

Sister M. Alban Bezner left San Antonio this week to return to St. Augustine's school in Laredo preparatory to the coming year's school term. She had been at the motherhouse since the close of classes in May.

Mr. and Mrs. Paul Klein of Topeka, Kansas, announce the birth of a son, their first child named Patrick Vincent, on July 29. Mrs. Klein is the former Miss Anastasia Fuhrmann of Lindsay. Mr. and Mrs. Joe J. Fuhrmann are the grandparents.

Mrs. Joe J. Fuhrmann, Juliana and Paul Fuhrmann and Mrs. Henry Stoffels Jr. and daughter, Sylvia, have returned from a visit in Topeka, Kansas, with Mr. and Mrs. Paul Klein and infant son, and Miss Agnes Fuhrmann.

WASHINGTON, D. C.—Maj. Gen. Lewis B. Hershey was sworn in as Director of Selective Service for the second time. He was selective service director during World War II. Photo shows General Hershey at left, as Justice Bennett Champ Clark, of the D.C. Court of Appeals, administers the oath.

WASHINGTON, D. C.—(Sound-photo) — Treasury Secretary John Snyder displays a check for \$7,500,000,000, the largest ever issued, which he signed for the purpose of reinvesting the proceeds of special treasury certificates of indebtedness owned by the unemployment trust fund. The multi-billion dollar instrument represents the portion of the unemployment trust fund that is not needed to meet current withdrawals.

Mr. and Mrs. Ferd Luttmier of Muenster are the parents of a daughter, Mary Catherine, born at M & S hospital in Gainesville, on Thursday, July 29. Mrs. Luttmier is the former Miss Gertrude Beyer of this city and Mrs. Adam Beyer is the grandmother. Mrs. Luttmier and the baby were moved from the hospital Sunday and are spending this week with her mother.

Everette David is the name of the infant son of Mr. and Mrs. Joe Spaeth. He was baptised at St. Peter's church Sunday with Father Conrad officiating, assisted by Tony Rohmer and Miss Georgia Spaeth as sponsors. The baby was born on July 24 at Gainesville sanitarium. He weighed 9 pounds, 6 ounces. The grandparents are Mrs. George Spaeth of Lindsay and Mr. and Mrs. John Rohmer of Muenster.

Ed Schad of the North Lindsay conservation group is using a newly sodded pasture strip as an outlet for terraces. He sodded one acre to bermuda grass in April 1948 and seeded a 25 foot strip of buffalo grass on the field side. This acre was grazed and mowed to control weeds. A complete cover of bermuda grass in four months has provided an excellent pasture outlet for two miles of terraces. Formerly these terraces emptied into a gully approximately ten feet deep.

**FUHRMANN-STOFFELS RITES SET FOR AUGUST 18**  
Mr. and Mrs. Wm. Fuhrmann have announced the engagement and approaching marriage of their daughter, Miss Rose

Fuhrmann, to Frank Stoffels, son of Nick Stoffels of Muenster. The wedding will be solemnized in Saint Peter's church at Lindsay on Wednesday, Aug. 18.

**Hot Stuff**

A backwoods woman, the soles of whose feet had been toughened by a lifetime of soleslessness, was standing in front of her cabin fireplace one day when her husband addressed her:

"You better move your foot a mite maw; you're standing on a live coal."  
Said she, nonchalantly: "Which foot, paw?"

**Confetti--**

to sabotage our program. Every day of stalling hurts us and Stalin knows it. That's why he's

**Gainesville Radiator Shop**  
J.F. "Brownie" Brown  
527 N. Commerce, Gainesville

stalling. And to add insult to injury he says that his ambassadors are on vacation.

As a matter of fact there's some room for doubt whether we are actually saving face in Berlin. We're hanging on, that's true, but we're also submitting to an awful lot of indignity and insult. If that's how the German people see this situation we can understand why they are entertaining doubts.

Regarding our own side of the problem we can also understand why the pushing around is tolerated. Our country has adopted the attitude of a gentleman who ignores a few insults rather than permit himself to be provoked into a brawl. It is determined that this is to be the limit of Russian aggression. If necessary it will fight but it prefers to leave the opponent an opportunity to back down without losing face. Hot headedness and ultimatums would surely

lead to war whereas a cool firm policy has a chance to check the Red advance without bloodshed.
