VOLUME XII

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY OCTOBER 29, 1948

NUMBER 49

Well, it won't be long now. In just a few more days some 50 million sovereign citizens of this fair land will gather at their respective polls to decide who will be their top hand for the next four years.

Perhaps the term "top hand" isn't quite in keeping with the dignity of the office to be occupied, but thank God it is still a very correct one. It implies, as it should, that we the people are the real bosses. By our votes we are about to bestow on one person a power and prestige that can't be matched anywhere else in the world. But the significant point is that his power is bestowed by us, therefore has to come from us . . . and it can be withdrawn by us if, in our opinion, he does not handle the job properly.

We are a free people enjoying the God-given right to live according to the dictates of our own good judgment. All of which is wonderful as long as we remember that we are also a responsible people charged with a God-given obligation to maintain that way of life.

So, it's a good thing to keep in mind that next Tuesday's vote is more than a privilege. It is a sacred duty implying a personal obligation to favor what we consider most conducive to the general welfare and dignity of the American people.

Before putting a pencil on a ballot we should ask ourselves "Which of these candidates measures up less closely to the traditional ideals of democracy and Christianity? Which is more likely to shackle us with more bureaucratic controls? Which is more likely to "relieve" us of responsibilities and place corresponding restrictions on freedom? Which is less likely to reduce the extravagance and inefficiency which already imposes a shameful burden on us taxpayers? Which is less likely to reverse the present wild spiral of inflation, to restore an economic balance that does not penalize toil and thrift and sacrifice? He's the man to scratch.

About the most significant political development in Texas this week is the supplement to the Southern Weekly published by Peter Molyneux of Dallas. If this paper's distribution in the rest of Texas, or any considerable section of the state, compares with that at Muenster it represents a colossal job.

Of course few people need to be told that Molyneux is plugging enthusiastically for the Republican ticket. And few people who read the special paper will deny that he presents a powerful appeal for the Republican nominees. If the state should break "out of the bag" next Tuesday much of the credit should go to him.

And if that should happen his real service is not so much in his contribution to a Dewey-Warren victory but in helping change Texas from a one- to a two-party state.

According to most predictions Dewey is likely to win whether or not he receives Texas votes. But whether the winner is Dewey or Truman, Texas will gain by showing the rest of the nation that it can vote the other way. Heretofore it has been ignored by Republicans and abused by Democrats. All that will change if and when both parties are shown that it pays to give Texas a little consideration.

Molyneux packs a lot of common sense in that argument, enough to rate the serious thought of every voter in the state. Unless a man definitely favors the Democratic nominees his wisest course is to plug in a vote for Texas by voting Republican.

Not often, but once in a while we hear of certain developments which compensate to a very satisfying extent for the many unpleasant relations our country is having with Soviet Russia.

One of those was the announcement a few weeks ago that an extensive and well organized anti-communist underground group is flourishing behind the iron curtain, just biding its time for an opportunity to spring and wipe out the present regime. Confirming a report often published before, the organization claims that only a small percentage of the total population belongs to the ruling red clique and that the vast majority are weary of it all and are fervently awaiting a change.

In other words there is a chance that sooner or later this country's patience in dealing with Stalin's crowd will not be a handsome reward. By avoiding the war which the reds are apparently trying to provoke

Geysers Results as Gas Pressure Hits Trinity Water Sand

A man-made geyser is the latest result of oil development work in the Muenster area.

A stream of water shooting over 100 feet into the air broke loose Tuesday when the Hollandsworth Drilling company was attempting to salvage pipe from an abandoned gas well on the Buddy Reiter farm five miles southeast of town.

The well had been plugged with cement according to regular procedure and the pipe cut some distance above the plug. But something went wrong and gas pressure, either from the lower level or the Trinity sand level, sent up a full stream of water as soon as the lower end of the pipe was lifted high enough to permit the escape.

Late Wednesday, after more than 24 hours of blowing, the geyser was still going strong and the Roberg brothers were making plans to cap it off on Thursday morning.

For a few acres at least the wild well comes as a relief to the three months' drought. A small patch of Dude Rosson's land, to the north, is getting a slow, thorough soaking. A gentle south wind is spreading part of the stream into a nice spray. But most of the water is falling on a small area just north of the well and flowing into a nearby branch.

MOSS URGES TWELVE YEARS AS MINIMUM FOR MODERN STUDENT

Stating that the leadership of a community depends upon increased education, H. H. Moss, county school superintendent, delivered a thought-provoking address to members of the Sacred Heart Parent-Teachers Association last Thursday night. He pointed out that community leaders ten or twenty years hence are the students of today and urged the completion of at least twelve grades of school.

Students' progress, he continued, is affected by their parents' attitude toward higher education. He urged closer cooperation between parents, students and teachers in an effort to derive more value from school courses and stated that a good athletic program and vocational instruction tend to increase children's interest in school and consequently results in more students finishing high school.

Mrs. Rudy Hellman, president of the organization, presided at the meeting and introduced the guest speaker and his wife who accompanied him to Muenster.

During the business session which followed committee reports were heard and current affairs discussed.

Building and Improvement Notes

Remodeling work in the basement of the K of C hall got under way late last week. It consists in removing the bowling alleys, plastering walls, re-wiring, and building a kitchen, store-room, and ceiling. The bowling alley floors will be cut into small sections and refinished for table tops.

L. A. Bernauer's cafe was given an extra winter wrap this week . . . in the form of brick face asphalt siding.

Mrs. John Meurer is having a new metal roof installed on the building which includes her home, the postoffice and Nick Miller's cleaning plant.

Albert Knabe and Gary Hess started this week on new barns for their respective farms.

New homes under construction the past several weeks for Bill Otto and Mrs. Barney Voth have both reached the painting and papering stage.

MRS. FROST APPOINTED COUNTY HEALTH NURSE

Mrs. T. P. Frost is the new public health nurse for Cooke county. E. I. Drechsel, sanitarian in charge of the Cooke county health unit made the announcement Saturday and Mrs. Frost assumed duties Monday.

She fills the vacancy created by the resignation of Mrs. Mary Jim Bullock, who resigned last July and moved to Texarkana. The health unit was without the services of a regular nurse since Mrs. Bullock's resignation.

CHICKS OUTCLASS MUENSTER GRIDDERS FOR 6 TO 0 VICTORY

The Bezner Chicks were too good for the Muenster gridders here Wednesday night. In a game that indicated a sad lack of practice on both sides the Chicks held a definite advantage in offensive power and managed to win by 6 to 0 in spite of frequent fumbles that fizzled away many of their gains.

The record on first downs leans heavily in favor of the visitors, the count being 8 to 1. The same was true of passes. Muenster had 2 completions and 1 interception out of 7 tries and the Chicks had 5 completions out of 11 tries. However Muenster lost on fumbles twice whereas the visitors lost 5 times.

The first half of the game went scoreless as the Chicks marked up nice gains on four first downs but lost as much on fumbles. Muenster's offensive game failed utterly.

Shortly after the half opened the Chicks pushed over their only touchdown. Holding Muenster after the kick off they ran back a kick to the 38 and passed two plays later for the marker.

Following the next kickoff they appeared to be headed for a repeat performance but Muenster braced on a series of downs beginning on the 9. The attack failed by one yard.

EXAM FOR MUENSTER POSTAL CLERK TO BE HELD NOVEMBER 20

An examination for the position of substitute clerk in the Muenster Postoffice has been announced. Postmaster A. J. Endres stated this week. The examination will be held on November 20 at the Gainesville postoffice, beginning at 8:30 a.m.

Applicants to be examined for this office must be actual residents within the delivery of the postoffice or bona fide patrons of the office. Persons employed in the postoffice are considered patrons of that office. Applications and further information may be secured from the local postmaster.

ATHLETIC COMMITTEE AND P-TA SET FOR BIG HALLOWEEN BENEFIT

The P-TA Athletic Committee sponsored Halloween party, box supper and square dance next Saturday, Oct. 29, promises to be an outstanding event of the season — if the plans and preparations of the working committees serve as an indication.

The party will be held in the parish hall where the men of both organizations are spending long hours this week getting the upstairs and basement in condition for the event.

In addition to being a community wide affair the party will also serve as the annual Halloween social for students of Sacred Heart High School.

Those who prefer to do so may wear costumes and masks but this is not necessary for admittance, the committee stated. It added that prizes will be awarded in a costume contest.

The admission price: men 50 cents, ladies, 50 cents or a box supper.

Iced drinks and hot coffee will be available to go with the box supper food.

The Saint Jo Ramblers will play for the square dance.

THREE MORE GAMES ADDED TO MUENSTER FOOTBALL PROGRAM

Muenster football fans will get to see plenty of action during the next three weeks, according to an announcement Tuesday by Father John Walbe, business manager of the Hornet team.

Three games have been added to the regular Hornet schedule. On Thursday Nov. 4 the Juniors, consisting of Hornets under 15 years of age, will meet the Saint Jo Juniors here. On November 10 they will meet the Gainesville Junior Hi team here. The third newly scheduled game is between the Hornets and the Gainesville Leopard Reserves in Gainesville on Nov. 17.

Regularly scheduled contests falling within that period are with Alvord Hi here Thursday night, Oct. 28, St. Xavier Hi at Denison next Wednesday, Nov. 3, Valley View Hi here Nov. 12 and Alvord Hi there Nov. 19.

22 CANDIDATES JOIN CATHOLIC DAUGHTERS IN RECEPTION SUNDAY

Twenty-two new members joined the local Catholic Daughters of America at reception ceremonies Sunday, bringing total membership of Court Saint Mary No. 249 to 104.

The day's program began with group attendance at the 6 o'clock mass and reception of Communion. Rev. John Walbe delivered an inspiring sermon in which he gave a short history of the organization.

Mrs. A. J. LeBlanc of San Antonio, state regent, presided at the reception ceremonies which began at 1:30 in the K of C hall. Out of town visitors included grand regents and members from the Windthorst and Denison courts.

Supper in the parish hall followed reception ceremonies. Mrs. Irvin Hamric was toastmaster and introduced the speakers, Mrs. J. M. Weinzappel, local regent, Mrs. John Mosman, district deputy, and Mrs. LeBlanc.

The tables carried out the court's colors of purple and gold in arrangements of marigolds and chrysanthemums. The dining hall featured arrangements of petunias and dahlias.

New members are Meses. C. A. Fisher, Starling Lawson, Ray Wilde, L. H. Baumhardt, Larry Yosten, Leonard Yosten, Harry Otto, Herman Dangelmayr, Bruno Fleitman, Tony Felderhoff, Allen Dean Schmitt, Sr., Albert Wilde, Joe Fisher Sr., Robert Kupper, Martin Trubenbach, Al Schmitt, Frank Kathman Sr. Martin Bayer, Misses Juanita Weinzappel, Mary Faith Bernauer, Gladys Wilde, and Marian Gremminger.

Hornets Will Meet Alvord High Oct. 28, St. Xavier Nov. 3

According to the dope sheet the odds favor the Muenster Hornets for their game Thursday night and are stacked against them for the game next Wednesday night. However, in either case the margin is close and the fans have prospects of seeing a closely matched contest.

Alvord Hi, playing here Nov. 28, nosed out the St. Mary's Mustangs 14 to 13. By comparison Muenster's 18 to 0 win over the Mustangs indicates a clean cut advantage over Alvord.

At Denison next Wednesday, Nov. 3, the Hornets face a crew of huskies that trimmed them 19 to 13 in an early season encounter in spite of trailing 9 to 17 in the final tally of first downs. Remembering that part of the game, the Hornets are conceding nothing. They intend to repeat their ground gaining performance and emerge with the long end of the score also.

The game here is scheduled for 8 o'clock, the game at Denison for 7:30.

Local drivers who attended are Charlie Morrison, Pete Koelzer, Harold Reeves, Henry Pels, Rufus McElreath and Alvin Hartman.

News of Sick And Injured

Mrs. J. P. Fisch, 87, is resting comfortably and making a normal recovery after having her right hip set last week Tuesday. She will probably be dismissed from Saint Joseph's hospital in Fort Worth and permitted to return home this weekend. The bone, fractured just below the joint is held together with two pins. Mrs. M. J. Endres is staying in Fort Worth with her mother.

Sister M. Anastasia, formerly of Muenster, who is teaching at Rhineland this year, is making a normal recovery from a knee operation performed in Bethania Hospital, Wichita Falls, about 10 days ago. Reports this week indicated that she will be back at Rhineland by the end of the week.

Looney McGowan suffered considerable discomfort last week and carried his left arm in a sling as the result of an infection following a spider bite.

Carol Ann, 8-month-old daughter of Mr. and Mrs. Ed Pels, has recovered after being seriously ill Sunday afternoon and night. The baby spent Sunday night in the local clinic for treatment.

Joe Fette is up and around again on crutches, after spending a few days in bed after injuring his left knee Saturday. Bernard H. Schnitz underwent surgery at Gainesville sanitarium Saturday.

Mrs. Paul Clayton of Saint Jo had her tonsils removed at the Muenster Clinic last Wednesday.

Highway Accident is Fatal to Daughter of Local Residents

Mrs. H. B. Slaughter Jr., 19, daughter of Mr. and Mrs. J. W. Morrison of Muenster, and her 15-year-old brother-in-law, Billy Ray Slaughter of Breckenridge, were killed Saturday in an automobile wreck as they were on their way to see their husband and brother graduate from Highway Patrol School at Austin. H. B. Slaughter Sr. was critically injured when their car overturned. They were driving from Breckenridge.

Mrs. Slaughter and infant daughter came here last April 1, with her parents, when her father was assigned as pumper on the Tony Trubenbach Texas company lease and had made her home here while her husband was attending school. She and the baby planned to join him following his graduation and assignment to duty.

Double funeral services were held for the victims Monday in the First Baptist church at Breckenridge. Mr. Slaughter Sr. is in an Abilene hospital.

SCHOOL BUS DRIVERS ATTEND COUNTY WIDE SESSION ON SAFETY

In the interest of safety on the school bus system, Muenster bus drivers Tuesday attended a one-day special course for all bus drivers of the county. They met in the county courtroom with County Superintendent H. H. Moss and two state highway patrolmen from the district office in Fort Worth.

Their program consisted of a movie on safety and lectures by the patrolmen and Mr. Moss.

In his comments Moss complimented the men on their fine record to date saying that complaints have been fewer and bus maintenance has been better than in previous years. He also enumerated the disciplinary regulations required of children and safety precautions required of drivers.

A bus inspection, held as a part of the special course is scheduled for Nov. 3 and 4. Muenster's busses will be inspected here by a highway patrolman on Nov. 3.

Local drivers who attended are Charlie Morrison, Pete Koelzer, Harold Reeves, Henry Pels, Rufus McElreath and Alvin Hartman.

NAVY OFFERS FREE COLLEGE COURSE TO QUALIFIED SENIORS

AUSTIN.— A free college education is available to certain Muenster High School seniors and graduates between the ages of 17 and 21.

If they meet physical and mental standards and pass an aptitude test they may attend, at Navy expense, one of 52 colleges and universities in which there are Naval Reserve Officer Training Corps Units. The University of Texas and Rice Institute are the Texas schools with NROTC units.

Applications for aptitude tests should be made before November 15. Principals of high schools, college deans and Naval recruiting stations will advise students on how to apply. Aptitude tests will be given December 11 in 21 Texas cities.

Successful applicants will be permitted to take any college course they desire but must include certain naval subjects. Students enrolled in this program will be deferred from induction under the Selective Service Act. In return for payment of tuition, books and other normal fees and a \$50 per month living allowance the student is obliged to participate in naval drills and cruises and, if qualified upon graduation, to accept a commission in the regular Navy or Marine Corps. After two years of active duty, he may elect to transfer to the Reserve Corps and return to civilian life or he may request retention in the regular service.

Felderhoff of Muenster in a pretty ceremony performed Tuesday in Saint Peter's church at Lindsay. Rev. Conrad Herda, pastor, officiated at the double ring ceremony and at the nuptial high mass in the presence of a large assemblage of relatives and friends of the couple at 8:30 a.m.

The bride is the daughter of Mrs. George Spaeth of Lindsay and Mr. Felderhoff is the son of Mrs. Joe Felderhoff of Muenster. Miss Theresa Mae Spaeth, sister of the bride, presided at the organ for the traditional wedding processional and recessional and sang "Ave Maria" at the offertory. Mrs. Wm. Fleitman played the organ for the mass sung by the Lindsay church choir. White mums decorated the altar and baskets of white gladioli adorned the communion railing.

The bride, given in marriage by her mother, was lovely in a gown of white satin. It was designed with a yoke of marquisette outlined with a bias fold of satin around the shoulders accented with a stand-up ruffle of imported Chantilly lace. Matching lace edged the long, fitted petal point sleeves. Minute satin buttons fastened the fitted bodice down the back. Corded to the bodice, the voluminous skirt, worn over crinoline, swept into a formal train. A deep ruffle of Chantilly lace outlined the satin overskirt from the waist-line and edged the train. The bride's three-tiered veil of imported French illusion was finger tip length attached to a crown of orange blossoms. Her bouquet was a white orchid surrounded by gladioli and showered with stephanotis. For something old she wore her mother's engagement ring, and for something borrowed she carried a sterling silver rosary belonging to her sister, Miss Georgia Spaeth, which her father, the late George Spaeth, brought back from Europe in 1930. The bride's only jewelry was a white gold wrist watch, a wedding gift from the bridegroom.

Miss Frances Spaeth of Dallas, sister of the bride, was maid of honor. She wore a blue frock of faille taffeta featuring a low neck edged with a bias flare and full skirt with a bias flare accentuating toward the back forming a bustle. She wore a large picture hat of blue net and carried a bouquet of pink carnations.

Little Misses Lu Ann Reiter and Margie Ann Schoech of Muenster, nieces of the bride, were flower girls. They wore pink faille taffeta dresses designed on lines identical to the dress worn by the maid of honor, and carried bouquets of white carnations.

Norbert Felderhoff, of Muenster, cousin of the groom, was best man and Raymond Sandmann and Paul Sicking were ushers.

The bride's mother wore a navy blue crepe dress with black accessories and a corsage of white carnations. The groom's mother wore a grey dress with brown accessories and a white carnation corsage.

After the ceremony the bridal party was honored with a breakfast at the home of Mr. and Mrs. Henry Spaeth, brother and sister-in-law of the bride. The noon meal was served to immediate members of both families in the home of the bride's mother, and at 3:30 the Spaeth home was the scene of a reception honoring the newlyweds. About 100 persons were guests for a buffet supper. The bride's table carried out the all-white theme and was centered with a three tier wedding cake. White snapdragons decorated the home. Miss Mary Ann Felderhoff, sister of the groom, presided at the

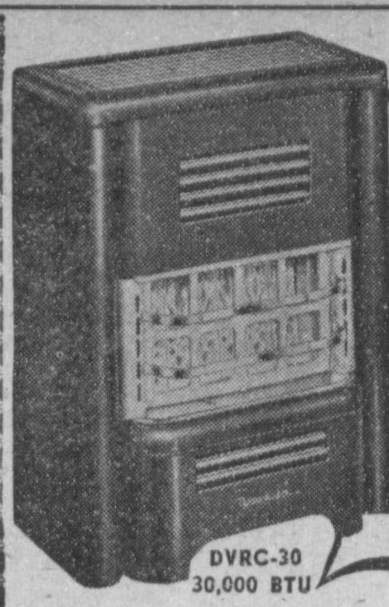

bride's book. A dance in the K of C hall at Muenster concluded the day's festivities.

During the late evening Mr. and Mrs. Felderhoff left by car on a wedding trip, not revealing their destination. The bride wore a two-piece brown gabardine suit with brown accessories and an orchid corsage. When they return they will make their home in Muenster where he is in business.

Mrs. Felderhoff is a native of Lindsay and a graduate of Lindsay High school with the class of 1942. Before her marriage she was employed in the Gainesville National Bank.

Mr. Felderhoff was born in Muenster, attended Sacred Heart school and graduated from Subiaco Academy in Arkansas. He is a veteran of the Navy with 17 months of service in the European theatre.

Among out of town guests for the wedding in addition to those from Cooke county were Mr. and Mrs. R. B. Shelton of Denton; Dr. and Mrs. A. A. Hellams, Miss Becky Hayden, Miss Betty Stowell, Mrs. Nick Copeland, Misses Helen and Marguerite Higgins and Mrs. Mamie Berman all of Dallas; Mr. and Mrs. H. C. Billingsley and children of Ardmore, Mrs. Ben Roewe of Sherman; Mr. and Mrs. Henry Strategier of Norman; Mr. and Mrs. Ed Blumberg of Pilot Point; Mrs. Oneta Connell of Wellington, and Miss Georgia Spaeth of NTSC, Denton.

PRICED OUT OF JOBS

The goose hangs high. Wages go up and up and up. 'Tis a rosy picture or is it? To say that some day, and probably soon, there will come an interruption to these boom times, is to sound an unpopular note. To be realistic, and at the risk of being dubbed an Apostle of Gloom, I am sounding off to the effect

that we are riding toward a depression the like of which this nation has never before experienced.

Before you consider that statement a wild exaggeration of a cynical pessimist, let me point out that we have been developing a new factor which, if not handled wisely, will contribute largely to the depth and length of the next depression. This new factor is the large growth in union membership during recent years and the great increase in wages obtained by that membership.

When the prevailing, unprecedented demand for consumer goods begins to slacken, producers may be stymied in their efforts to encourage buying through reduced prices, by the opposition of well organized unions to go along in the price reduction by taking a commensurate reduction in wages.

Business executives and the nation's leading economists are keenly aware of this great danger which can lead to vast unemployment. How can prices be reduced to meet the depression emergency if the cost of labor, the greatest factor of production costs, cannot be reduced? Failure of the unions to acquiesce in lowering wages will mean that many industries will be forced to suspend or greatly curtail operations, throwing millions out of work. We have not yet arrived at the point in this nation where government can force industry to operate at a loss.

During the past few months I have looked in vain for a statement by any one of our top-ranking labor leaders that union labor also is conscious of this threat to the future well-being of union workers, themselves. 'Twill be a hollow victory for workers, if having obtained the right to higher wages, they find themselves priced out of their jobs. Such a condition would be comparable to that which existed in the final period of war-time price controls. Remember? The price controls succeeded in keeping prices down, but few items could be purchased, unless one resorted to the black market.

Union labor leaders now have an opportunity to demonstrate that they are real statesmen, that they are sincerely concerned about the welfare of their constituents. If they are wise they can do much to prevent a recession in prices developing into depression chaos and vast unemployment.

If they will indicate their willingness to have labor accept lower wages when the cost of living declines, as freely as they have fought for higher wages when the cost of living advanced; and will insist that their members once again give an honest day's work for a fair day's pay, this nation can weather the storm of depression without too great hardship.

Accepting lower wages would not result in any drop in the workers' real purchasing power and a falling-off of their standard of living. And, as statistics show, labor's rate of production and the quality of the work produced have fallen off seriously in recent years.

Labor leaders know or should

that when a desired article is priced beyond the means of a prospective purchaser, he just doesn't buy. The same thing applies to the sale of labor. If the worker's wage is priced beyond the ability of the employer to pay without involving loss, the employer just doesn't buy that worker's services and skill. In view of this, labor's leadership must see to it that labor's gains are not converted into losses by pricing workers out of their jobs.

THE LOWDOWN FROM HICKORY GROVE

I see where in the check-up on loyalty to our fair land, that 2,110,521 Govt. employees have been found above suspicion. Around 619 resigned when the check-up got under way. The remaining 4756 are not sittin' so pretty — they are in for further study.

But the main point in my research today is not the loyalty of 2,110,521, it is on the question of where in the Sam Hill can Uncle Sam find places to put 2,110,521, and have them earn their salt.

We are a sorry lot, if it takes that many Govt. folks to keep us in line. But whether we choose to have these guys look after us or not, it cuts no ice. There they are on the payroll. And just last week I got in the mail, a list of 415 pamphlets for the farmer and his wife — all of 'em turned out by the slide-rule amateurs down in the Agriculture Dept. It is a kind of insult, I call it. Sending me 415 booklets, as if I was none too alert or able to run my own shebang. I resent it.

And these expensive and excess Govt. employees who have taken us by the hand, as if we were simple, to lead us into the promised land, they are nowhere near the front gate — Utopia and the golden entrance are still nowhere in sight.

Yours with the low-down,
 JO SERRA

BITS OF WISDOM

There isn't a single human being who hasn't plenty to weep over, but the trick is to make the laughs outweigh the tears. Discouragement is not a sin, but quitting is.

You can't change the past, but you can ruin the present by worrying over the future.

From where I sit... by Joe Marsh

Want To Join Our Club?

Newcomers to our town are puzzled when they hear talk of "The Barbecue Club." Want to know who can join, and what the purpose is.

Well, the answer is: any one can join who's neighborly inclined. The purpose is simply to enjoy good food, good beer and ale, good conversation—all towards getting to know one another better.

Every other Saturday, at one farm or another, the pit is dug, and the fire started. And by sun-down, neighbors from miles around have come together—the women

contributing cakes, pies, and coffee, the men contributing the meat for barbecuing, and the beer or ale.

From where I sit, it's this simple wholesome side of country life in America—its spirit of good-fellowship—that makes for tolerance and better understanding between neighbors.

As I say, Neighbor, any one can join up! So come along a week from this Saturday.

YOU FRY 'EM WITH GAS

Thanksgiving and Christmas holidays are coming! Be ready for family, friends and fun. Buy new automatic gas range built to "CP" standards today.

DOUGHNUTS

- Sift together . . . 3 1/2 cups flour
 4 teaspoons baking powder
 1 teaspoon salt
 1/4 teaspoon nutmeg
 1/4 teaspoon cinnamon
- Beat well 2 eggs
 Gradually add . . . 1 cup sugar
- Beat until light and fluffy. Add 3 tablespoons butter or margarine, melted

Add flour mixture to egg mixture alternately with . . . 1 cup milk

Turn out on floured board and roll 1/4 inch thick and cut with floured doughnut cutter. Fry in hot deep fat (360°-370° F.) 2 to 3 minutes, or until lightly browned, turning doughnuts when they rise to the top and several times during cooking; drain on absorbent paper. Makes 2 dozen.

Doughnuts—party favorite when black cats, and mischief-makers roam—are fried with gas 19 to 1 in your home town.

Automatic gas range instant high heat readies the kettle quicker. Exact deep fat frying temperature is easy to maintain with the flexible, easy-to-adjust gas flame.

For baking, broiling and boiling, automatic gas range is fast and easy to cook with, too.

That's why 2,390,000 homemakers selected a new automatic gas ranges last year. Why 19 out of 20 cook with gas in your home town.

No wonder it's 19 to 1!

THE STATE OF TEXAS
To: Revonna Evans, Defendant,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 29th day of November A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 18th day of September A. D. 1948, in this cause, numbered 15,321 on the docket of said court and styled Donald Evans Plaintiff, vs. Revonna Evans Defendant.

A brief statement of the nature of this suit is as follows, to wit:

A suit for divorce from the bonds of matrimony for the reason of harsh and cruel treatment by the defendant toward the plaintiff, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 16th day of October A. D. 1948.

FMA PLANT RESUMES PRE-WAR SYSTEM OF MARKETING CHEESE

Effective this week the FMA cheese factory is back to its pre-war system of marketing cheese. According to Plant Manager Rudy Hellman, all of the local product is being delivered directly to wholesalers. During the past several years it had been delivered to the Kraft company for use in processed cheese.

This week the plant delivered a truck load to El Paso. Next week it will deliver a load to Denver, Colo.

A surplus of processed cheese all over the country accounts for the changed marketing arrangement.

Mr. and Mrs. Fred Luebbert left Tuesday for Granfield, Okla. after receiving word that their sister-in-law, Mrs. Frank Dudenhoeffer, was seriously ill.

Mr. and Mrs. Henry Strategier of Norman, Okla., were here for the wedding of their niece, Miss Evelyn Spaeth, to Arthur Felderhoff on Tuesday and remained until Thursday to visit relatives and friends.

Bill Wiese of Flint, Mich., visited during the past week with his mother, Mrs. Anna Wiese and other relatives. He's getting around normally again after a long stay in the hospital after having both legs fractured in a car accident.

Paul V. Zimmerer, chief commissaryman, U. S. Navy, is now serving aboard the USS Cone, cruising in the Mediterranean sea as a part of the Sixth Task fleet of Admiral Richard L. Conolly's Eastern Atlantic and Mediterranean forces, according to a letter to his parents, Mr. and Mrs. I. A. Zimmerer.

Max Sandmann and Raymond Hermes, students at Subiaco Academy, joined Abbot Paul Nahlen, Father Paul Hoedebeck and Jerry Fette of Muenster on the trip for a weekend visit here with their parents and attendance at the Subiaco Alumni party Sunday.

Ralph Bezner was one of five Cooke county young men graduating Saturday at Austin from the State Highway Patrol school after three months of study. He has been assigned to duty at Hamilton and his family will join him there as soon as he arranges living quarters. He is the son of Mr. and Mrs. John Bezner.

Mrs. John Bezner, Mrs. Ralph Bezner, Mrs. Ray Wilde and son, Danny of Muenster, spent the weekend in Austin with Mrs. Wilde's parents, Mr. and Mrs. John Schmitz, and on Saturday attended the graduation exercises of the Highway Patrol School. Ralph Bezner was among the 66 men graduating from the school.

ARENDT-VOTH WEDDING SET FOR NOVEMBER 18

Mr. and Mrs. Paul Arendt of Lindsay have announced the engagement and approaching marriage of their daughter, Miss Lucille Arendt, to Raymond L. Voth, son of Mrs. Bernard Voth of Muenster.

The young couple has chosen Thursday, Nov. 18, as the date for their wedding. It will be solemnized in Saint Peter's church at Lindsay at 8:30 a.m.

89 YEAR-OLD MOTHER OF MRS. COOKE DIES

Mrs. A. D. Halliburton, 89, mother of Mrs. Don C. Cooke, passed away in her home in Bruni, Texas, last week Tuesday and Mr. and Mrs. Cooke attended the funeral services in Bruni Wednesday. The body was sent to Lockhart, Texas, and burial was in the family cemetery at Red Rock, beside her husband, Prof. A. D. Halliburton, who died January 3, 1925.

Mrs. Halliburton was the mother of eight children, six of whom survive. There are also 20 grandchildren and 26 great-grandchildren.

VETERANS OFFERED WELDING, MECHANICS, WOODWORK COURSES

Muenster veterans will have another opportunity next Monday night to organize classes in welding, automobile mechanics and cabinet making, Hugh Barnhart, vocational agriculture instructor announced this week.

Because of a conflict with another event, the previous meeting had little chance to draw a good attendance, he said.

Barnhart also stated that the courses come under the provisions of the GI Bill of rights and qualify veterans for the regular subsistence allowance.

The meeting will be held at 8 p.m. in the public school. F. E. Carson, county coordinator of vocational schools, will be there to explain the courses.

Muenster-Callisburg Teams Split Honors In Double Header

The Muenster public school basketball and volleyball teams divided honors with the Callisburg teams Friday afternoon in the second encounter of the two schools this season.

The local girls won their first two games 15-8 and 15-3 to win the two out of three volleyball match, and the boys lost their basketball game 5 to 4.

Confetti---

We are giving Russian internal troubles a chance to multiply, and those troubles may in time accomplish the things we hope for... without the cost of American blood.

Another very gratifying development is the recent escape of two Russian air officers to the American zone of Europe. They made up their minds after hearing the Voice of America broadcast and waited a full year to get away. They had no idea of what they were going to and they knew that failure of their plans would result in certain death, but they took the chance.

Imagine that. By all reports army officers rate among Russia's favorites. If life there was intolerable to them, what must be the condition of less fortunate people?

An amusing sidelight is their amazement over American living conditions. They were completely overwhelmed by a porcelain bath tub with hot and cold water, had never heard of such a luxury before. And remember they were army officers, people who were enjoying the better things of Russia.
