Recital To Present Tech Students

Muleshoe Music Teachers Association will sponsor a recital Monday evening at 8:00 in the sanctuary of United Methodist Church. Featured will be two music students from Texas Tech, Miss Peggy Tonrow, vocalist and Susan Sorrels, pianist. Miss Sorrels will play Beethoven's Sonata, Op. 109 and Toccata by Prokofiev. Numbers to be presented by Miss Tonrow are to be announced. Special guests will be the students of Muleshoe music teachers and their parents. Anyone interested is welcome.

Miss Tamra Jennings

Miss Jennings Studies In France

Tamra Jennings is one of seventeen girls, students of Dallas Fashion Merchandising College, attending a fashion seminar in Paris, France. The group left Dallas April 12 and are to return May 3. Their schedule will consist of morning briefings or lectures pertaining to the function of Couture Houses. Afternoons will be filled with visits to couture collections and workshops. Several tours of famous points of interest have also been planned, including a boat excursion on River Seine, "The Bateaux Mouches". The lectures and towns will be directed by American Couture designers and fashion editors now living in Paris. Tamara is an honor student at the college and will be graduated in June. This is her second trip abroad, as she attended the World Methodist Youth Conference in Paris the summer of 1966 and toured points of interest in Scotland and England. She is the nineteen year old daughter of Mr. and Mrs. J.B. Jennings and the granddaughter of Mr. and Mrs. O.N. Jennings.

Roadrunners Entertain LCC Associates

Lubbock Christian College Associates met Thursday evening in the home of Mrs. Don Harmon. The president, Mrs. Harmon, presided over a short business session. It was reported that Mrs. Ola B. Jones, a resident now of a nursing home in Littlefield, is making knit hangers to sell, with all the profits going to Lubbock Christian College. An election of officers was held, as follows: President, Mrs. Gary Dale; Vice-President, Mrs. Gordon Wilson; Secretary, Mrs. A.R. McGuire and Reporter, Mrs. Bill Dale. Entertainment was furnished by a group of young people from Lubbock Christian College, The Roadrunners. They sang many delightful numbers, accompanied by one boy on a guitar. One of the group was Miss Jill Mimms, daughter of Mr. and Mrs. Pete Mimms of Lubbudie. One new member attended, Mrs. Richard Goodwin. Mrs. Hayney Poyner and Mr. and Mrs. Mimms were guests. Twenty five regular members attended. Refreshments were served by Mrs. Royce Turner and Mrs. Harmon.

Fine Arts Boosters Discuss Expenditures

The Fine Arts Boosters met in the band hall Monday night, April 14, with the president, Joe Harbin, presiding. Discussion was held on the most needed things the Boosters would need to provide for the Fine Arts Department in the future. A treasurer's report from May, 1968 to date was given. She reported equipment for the concession stand which was purchased this year was: Popcorn machine \$125.00, Ice maker \$450.00, 2 Coke machines \$300.00. The ice maker was purchased jointly with the "M" Club. In the Spring of 1968 \$350.00 was spent for jewelry casting kit for the Art Department. They also pay for postage to enter pictures in art shows. For band and choir students going to state in summer of 1968, they paid motel bills, food and travel expenses for a total of \$636.32. In January the Boosters provided a banquet of appreciation to the entire Fine Arts Department students and their dates. They spent \$200.00 for the choir music library. In March, 1969 \$176.00 was paid for motel rooms for students making All Region Band in Lubbock. The Boosters will pay for students in Speech Department going to debate tournaments this Spring. KETTY Moore has asked for \$120.00 and this amount has been approved. Money making projects are Carnival, each Halloween, concession stands at football games in fall, fruitcake sales at Christmas and membership dues. Fine Arts Booster Club meets each second Monday night and urge all interested parents to attend. Election of officers will be held at the next meeting, May 12.

CREDIT CARD?

The first credit card in a youngster's life is probably the most important. He can walk into a library and say "Charge it" to a trip to the moon, tennis lessons, the last word in model rocketry, a new language, an education. Everything, in fact, to build a good life with. And it won't cost a cent. No other credit card can make that statement.

NATIONAL LIBRARY WEEK IN TEXAS (April 20-26) has set its purpose this year to call attention to the value of libraries in a free society, to note the essential need for books, magazines and other readily available information in a world where sum total of all human knowledge now doubles every seven years. Your public library can meet the demands of this technological revolution when it has adequate support from the community it serves. Your concern and help are needed if it is to continue to grow and if the quality of service it extends is to be brought up to standard.

Public support for your library has been increased each year; in fact has more than doubled since the library opened in 1964. The collection of books has been built up over these years, with over one thousand being added each year. The library is being used more and more each year, which testifies to its value to the community. However, we still need to improve, to work toward library excellence in our community, and area. When you are called upon to help the library, during National Library week, you may be assured that you are giving to a worthy cause, whether you give money, books or your time and service. Let's make this a great Library week for Muleshoe.

I believe that the Muleshoe Area Public Library is of major importance to the Muleshoe area and I want to help its growth by becoming one of its FRIENDS

What Is A Teacher?

Source: Unknown.

Between the innocence of infancy and the dignity of maturity, our children fall under the influence of a group of people called teachers.

Teachers come in assorted sizes, weights, and colors. They have various interests, hobbies, religions, and beliefs, help each child reach the highest possible degree of personal development.

The teacher is a composite.

A teacher must have the energy of a harnessed volcano, the efficiency of an adding machine, the memory of an elephant, the understanding of a psychiatrist,

the wisdom of Solomon, the tenacity of a spider, the patience of a turtle trying to cross the freeway in rush-hour traffic, the decisiveness of a general, the diplomacy of an ambassador, and the financial acumen of a Wall Street wizard. She must remember always that she teaches by word, but most of all by precept and example.

A teacher must possess beauty, or grace, or skill; but most certainly she must possess love, a deep abiding love of, and respect for children individually and in mass.

A teacher must teach things;

reading, writing, arithmetic, spelling, geography, history, music, art, health. She must also manage during her 6 1/2 hours to teach manners and morals to children whose parents have despaired of the task during their 17 1/2 hours.

A teacher is Truth with chalk dust in its hair, Beauty with a backache, Wisdom searching for bubblegum, the Hope of the future with papers to grade.

A teacher must possess many abilities. She must not mind explaining for the tenth time the intricacies of two-place multiplication to the entire class, then explaining it again to the one child who wasn't listening.

She must know when to

talk and when to listen. She must learn to judge between encouraging and pushing a child. She must sense what decisions to make and which must be made by the child. She must be steadfast without being flexible, sympathetic without coddling, loving without possessing. She must live in childhood without becoming childish, to enjoy its great joy, satisfactions, its genuine delights while understanding its griefs, irritations, embarrassments, and harassments.

A teacher must each year send thirty children to another teacher proudly, lovingly, sadly, and await thirty more with ready wit, love, and eagerness.

She must do all this while worrying about how to pay utility bills, what to have for supper, whether her infant has the chickenpox, if her lesson plans will meet the supervisor's requirements, how Mrs. Smith will take the lower grades on John's report card, where to get the extra money for summer school, and who took the dime from Susie's purse.

For this, she is paid more than the garage mechanic, more than the grocery clerk, but less than the postman, more than the ditchdigger, but less than the truckdriver.

The most amazing thing about a teacher is that she wouldn't trade jobs with anyone she knows.

DO YOU RECALL.....

THOSE WONDERFUL YEARS...
They shall abundantly utter the memory of thy great goodness... The Lord has blessed us with children and now grandchildren. Our lives, and now theirs have been molded in the church. One generation shall praise thy works to another, and shall declare thy mighty acts. Pass on this priceless heritage to your children and grandchildren.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

IS EMBROIDERY FEATURE WORTH THE EXTRA COST?

Before you buy that deluxe sewing machine with fancy gadgets, ask, "Do I really intend to do a lot of decoration? Is the extra cost worth it?"

Perhaps it would be wiser to consider a less expensive machine that zigzags but doesn't do fancy decorative stitchings. There are several reasons for this.

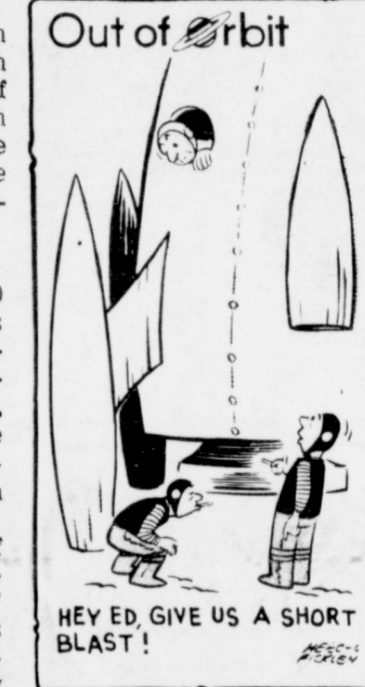

The machine price is one of the best reasons. A majority of them list at \$300.00 or more. Secondly, you may never get around to doing all the embroidery these machines permit. The majority of sewing time is spent on routine construction and repair and not on decoration.

Finally, most deluxe machines are so mechanically

complex that it takes a thorough knowledge of the instruction manual and a great amount of practice to get the best use from them. Generally speaking, the more complex the machine, the more likely the need for repairs.

COMING EVENTS IN 4-H
Friday night, April 25, 8:00 p.m. YL Church - members who are entered in district contests will present their demonstration or speech for judges. This is an important practice session. Don't miss it. District contests are May 31 in Lubbock.

The Horse project groups of YL and Progress are sponsoring a horse show June 7 at the local arena. Those boys and girls eligible to participate in the District horse show will be judged and district participants selected on that day. All horses must be shown at halter. Performance events are western pleasure, reining, barrel race and pole bending. Check with the Extension Service office for further details.

NOTICE TO BIDDERS

Sealed proposals for the construction of certain water additions consisting of the following approximate quantities; 2-700 G.P.M. water wells complete with motors, wiring, controls and appurtenances incidental to the construction of the above, will be received by the Honorable Mayor and City Council of The City of Muleshoe, Texas, until 2:00 p.m. Central Standard Time of the 5th day of May, 1969 at which time and place the proposals will be publicly opened and read aloud and considered by the City Council. No bid received after closing time will be returned unopened. No bid submitted may be withdrawn before thirty (30) days have elapsed after date of submission.

Copies of the plans, specifications, and contract documents are on file in the office of The City Manager at Muleshoe, Texas and are open for public inspection. A set of such documents may be obtained from Ralph W. Douglas, consulting Engineer, 210 South 1st St., Muleshoe, Texas upon deposit of \$10.00 which will be returned to each bidder upon their return, in good condition, within ten (10) days from date bids are received.

A Cashier's or Certified Check payable without recourse to W.B. LeVeque, Mayor, or an acceptable Bidder's Bond in the amount of at least 5% of the total amount bid must accompany each bid as a guaranty that, if awarded the contract, the bidder will promptly execute a performance bond and enter into contract on the forms provided. Checks must be issued by a Texas Bank satisfactory to the City and Bidder's Bond by a reliable Surety Company licensed to do business in the State of Texas.

A performance and payment bond in an amount not less than the amount of the award, conditioned upon the faithful performance of the contract and the payment of all persons supplying labor or furnishing materials or other supplies or services, will be required from a Surety on Bonds of Principal. The City reserves the right to reject any and/or all bids and to waive informalities, except no bid received after closing hour will be considered. The Contractor will be paid in cash from the proceeds of bonds, and bids are to be made on a cash basis.

The attention of the bidders is called to the special provisions concerning minimum wage rates and hours of employment included in the specifications and proposals to insure compliance with House Bill No. 54 of the 43rd Legislature and House Bill No. 115 of the 44th Legislature of the State of Texas, and all Federal Wages and Hours Legislation, if such is applicable.

THE FAMILY LAWYER

Murder by Automobile

Although cars kill more than 50,000 Americans every year, we seldom think of a car as a murder weapon. Nevertheless, with growing frequency, motorists are being convicted of the crime of murder by automobile.

The key ingredient, upping the offense from mere manslaughter to murder, is malice. And a jury may find malice by logical deduction from the circumstances of the killing. For example:

A man who was rebuffed by his girl friend pushed her out of the car, ran her down, then backed over her prostrate body. In this behavior a jury found ample evidence of malicious intent, and brought in a verdict of murder by automobile.

Even if a driver has no specific intent to kill anybody, he may still commit murder—if his conduct is reckless enough to imply malice.

Thus, in another case, a man decided it would be great fun to drive up close to pedestrians and make them jump. After playing this little game several times, he misjudged his distance and struck down an innocent victim.

Fried afterward for murder by automobile, the man pleaded a lack of any intent to kill. But the court found him guilty as charged. "Malice," said the judge, "does not necessarily mean an actual intent to take human life. It may be implied, as when an act is done so recklessly as to manifest depravity of mind and disregard of human life."

Still, however wrongful a driver's conduct, he is not guilty of murder if there is no causal connection between his bad driving and the accident itself.

Suppose, for instance, that a drunken driver is traveling down the street when he suddenly has a blowout. If the car jumps the curb and kills a pedestrian, solely because of the blowout, the driver could not be convicted of murder.

True, a jury might find malice in the way he was driving. But if the blowout would have resulted in the accident anyhow, then the bad driving could not be the cause of death.
