

MUENSTER ENTERPRISE

VOLUME XIII

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY MAY 13, 1949

NUMBER 25

One of the most satisfying events ever to take place in this community was the enthusiastic approval given by voters last Saturday in the school bond election. A mere majority would have served the purpose but that overwhelming landslide vote made it something special.

It means that Muenster will carry out the most vital improvement program in its history with a minimum of objection or resentment. Over 90 per cent of the voters have already gone on record as being in favor of the program and of the remaining few most all, we believe, will be inclined to concede that such a vast majority must indicate the best interests of the people.

So we're going to have harmony in the first place. That's important because it is one of the main ingredients for success and progress. And we're going to have a dandy program besides. In case anyone still happens to entertain a doubt on that point we invite his attention to the election score and ask "could so many people have been wrong?"

To the person who enjoys thinking about a bright future we recommend the bond approval as a most intriguing starting point. It has multiple and wonderful possibilities. It seems to be one of those unique propositions that has all good points and no bad ones.

The big benefit of course will go to the children. Their opportunity for a thorough and diversified course of studies will be wonderfully enhanced, with the net result that a larger percentage of our youngsters will be better qualified to cope with every day living problems. Many a boy or girl who might otherwise quit school will be attracted by vocational subjects and others who would attend anyway will have the chance to get something extra.

There are additional possibilities in the presence of two good schools. Scholastic competition will develop and both groups of students will benefit from it.

Another advantage derives from the fact that the Muenster district can remain intact and can continue to elect its representatives as trustees. That arrangement assures a cooperative spirit which will be valuable to the students of both schools. There will be cases of students picking favored courses in both places. There will be joint use of facilities such as lunch room, buses, auditorium, gymnasium and athletic field. We will have two separate institutions but as far as the students are concerned there will be as many opportunities as both schools together can offer.

The city and community too will feel the favorable results of our improvement program. With a first class school system available more people will be inclined to make a permanent home here. With a full schedule of scholastic and athletic activities more rural people will be inclined to accept Muenster as their recreational and business center. The town will improve to the mutual advantage of business men and their patrons.

Another far reaching benefit is the substantial tax saving to the community. As pointed out in connection with the election, this community can sustain an adequate system for approximately half the rate required by other districts... which is approximately half of what local people would have to pay if they failed to provide an adequate system and their district were absorbed by some other.

For a more definite estimate let's assume that we will save at least 50 cents on our rate. With a valuation of \$3.5 million that means the district will save at least \$17,500 every year. And assuming also that valuations can be increased by extending the district, the tax saving will be still greater.

An interesting point in connection with the tax is the fact that members of the Sacred Heart Parish, who support the parochial school, are paying 40 per cent of the district school tax. Their share in the tax saving constitutes a substantial start toward their support of the parochial school.

From every angle it looks like a good deal. We increase our scholastic opportunities, improve our scholastic rating, retain our locally controlled cooperative school system, enhance the community's business and recreation.

(Continued on Page 10)

A maintenance crew in Berlin overhauls a locomotive which has lain idle since the imposition of the Russian blockade, in preparation for immediate resumption of rail traffic to Germany's western zones on the completion of blockade-lifting negotiations.

Short Deluge and Hail Cause Minor Damage to Crops

One of the hardest rainstorms of recent years accompanied by a light hailstorm hit this community about 8:00 Sunday night and caused minor damage to crops and gardens. The hail lasted only a few minutes but the cloudburst lasted almost 30. Total moisture during that period according to measurements on the local rain gauge was 1.1 inches.

Along with the previous night's 1.48 inch rain the short deluge was sufficient to satisfy the community's moisture requirement. Crops of all kinds are thriving and grains seem to have enough to carry on to maturity. Pastures likewise are brighter and their improvement is apparent in the present increase in milk receipts at the cheese factory. With more than 50,000 pounds of local milk arriving daily the plant expects to reach its peak within the next two weeks. The top figure last year was 55,858 on May 22.

GIRLS START BALL SEASON WITH 2 WINS, BOYS WITH 2 LOSSES

So far this season the Muenster softball girls are maintaining a perfect game record whereas the boys are maintaining a complete fizzle. The girls have two wins and the boys have two losses in as many games.

The girls' second game with the Gainesville Training School was a 17 to 2 slugfest here Friday afternoon. The first game, played there a week earlier ended 12 to 10.

Opening the season against the Bezner Chicks Friday night the local lads played a good game but not good enough. After 4 blank innings the Chicks scored 1 in the fifth and 4 in the sixth. Muenster's 2 each in the sixth and seventh failed by a point to even the count.

Against Valley View here Tuesday night the boys again came up from behind but fell short by a count of 4 to 6. The visitors started with 2 in the opener and added runs in the third, fifth and sixth. Meanwhile Favors held Muenster batters helpless. Until the fifth he did not allow a runner to reach first. He struck out 12 men and gave up only 4 hits, but those hits were all grouped in the last inning and accounted for Muenster's 4 runs.

Games now scheduled for the coming week are Era, there, Thursday night and the Chicks, here, next Wednesday night.

KNIGHTS OF COLUMBUS AT LAREDO STATE MEETING

Grand Knight L.H. Baumhardt, Herbert Meurer and Arthur Endres, accompanied by Mmes. Meurer and Baumhardt, left Sunday for Laredo where they are attending the state convention of Knights of Columbus. They will return home Friday.

Attending from the Lindsay-Gainesville council are Ewald Berend, grand knight, Adolph Dudenhoeffer, Albert Kubis and Jake Bezner.

Century Plant Blooms Begin to Appear; Stem Continues to Shoot Up

It won't be long until that century plant at Clarence Wilson puts on those long awaited flowers. On Wednesday it had five separate clusters of buds all of which appeared as though they could pop into bloom at any time.

The first cluster of buds was spotted by the Wilsons last Friday as it came sneaking out from behind a leaf on the main stem. On a stem of its own it has since extended about 10 inches from the main stalk. The other four clusters all appearing in their turn are also reaching out from the main stem. Leaf formations at the tip of the stem indicate that as many as 5 or 6 more clusters are on the way.

Meanwhile the main stalk continues to shoot upward. At Wednesday's measurement the tip was 9 feet 6 inches above the ground, exactly 8 feet 3 inches higher than when first noticed on Thursday, April 21. In the past week the stem has grown 41 inches.

Notes On Soil Conservation

The "Save the Soil and Save Texas" program of the Fort Worth Press awarded certificates for outstanding achievement in soil conservation to Al Hess, Alfred Bayer, Tony Felderhoff and Joe Otto. J. B. Klement will present the certificates to the men at Thursday's community council meeting. The certificate winners are maintaining a complete soil conservation plan on their farms which is a basis for permanent, profitable farming.

Darrell McCool is building a new farm pond in the west pasture of the Edna Fielder farm southwest of Muenster. The pond will provide stock water and allow better distribution of grazing on the pasture.

George Gehrig is building a pond in his pasture for a dual purpose. It will provide stock water and will divert water out of a drain that is causing erosion around the farmstead.

Henry N. Fuhrmann has been trying to locate or develop a site for a farm pond for two or three years. Last week the Muenster Work Unit helped his locate a site and staked off the pond.

Redman Brothers at Saint Jo have over 100 acres of vetch and rye with prospects for a good seed crop. The vetch and rye was grazed the last of February, March and most of April. Madrid sweet clover is ready now, to furnish grazing into the summer. One of the fields of vetch was not fertilized uniformly and the growth where phosphate was applied is good. The strips that did not receive enough phosphate are not a failure but the growth is poor by comparison.

Hollis Berry planted a 15 acre plot of overflow deposited sand on Clear creek to vetch and rye. The plot was idle for several years and grew only grass and weeds. The rye has made a thick stand higher than a tall man. The vetch is having to struggle to get out but is up waist high. Berry wants to harvest the plot for seed but is wondering what kind of machinery it will take to handle it.

ANOTHER SUB-STATION ENABLES LOCAL CO-OP TO IMPROVE SERVICE

Another sub-station, which enables the Cooke County Electric Cooperative to keep a better supply of current available for its consumers went into use Wednesday. Located 4 miles east of Gainesville it provides more adequate power in that area and also relieves some of the load on the station north of Myra.

According to Manager Ed McKinney the Co-op now receives its power from three sources. A metering point north of Nocona only measures the current as it passes directly into the Co-op's 7,200 volt line. The other two are sub-stations which reduce the voltage received from the heavy power lines. The East-Gainesville station reduces from 60,000 to 7,200 volts, the North-Myra station reduces from 33,000 to 7,200 volts.

MUENSTER AIRPORT INTRODUCES AERIAL SPRAYING SERVICE

An aerial field spraying service is now available at Muenster. Tuesday of this week Emmet Fette had a spraying attachment installed on his Aeronca plane.

The unit consists of a spray pipe the full width of the plane a wind driven pump mounted on the landing gear and the dope tank in the cockpit. It operates under pressure as high as 100 pounds and sprays a 40 foot strip at a time. The quantity of spray can be regulated from one-half to five gallons per acre. It is similar to models that have been used successfully in Mid-Western states for spraying weed and insect poisons over grain crops.

News Of Sick And Injured

Pat Hennigan is a patient at veterans hospital in McKinney since Monday for examination and treatment. His wife spent Monday and part of Tuesday with him and returned again on Wednesday for another visit.

John Schilling continues ill at his home. He has been sick about eight weeks and spends most of his time in bed being up for only short periods of time each day. He is 76 years old.

Barbara Jean Esker, two years old, had her adenoids removed at Gainesville sanitarium last Wednesday. She is the daughter of Mr. and Mrs. Ralph Esker.

Jake Horn Jr. is literally sweating out a painful and serious eye infection at the Gainesville Sanitarium this week. When his affliction, identified as eyeritis, did not respond to other treatment doctors suggested inducing a fever to sweat the infection out of his system. He spent a couple of miserable days but was considerably improved Wednesday... and, apparently, so was the eye. Jake has been in the hospital since last Saturday and expects to come home this week end.

David Curtis, 13, prepares for a descent into the Navy's training tank at the San Francisco Naval Dry Docks, assisted by Chief Adam Sliwoski, left, and David's partner, Don Miback, 14. The two boys touched off a wave of "treasure fever" when David wrote the Penzance, England, Chamber of Commerce for specific information regarding ships sunk in that area. He described himself as a "deep sea diver with finances." The two boys later admitted they were only seeking adventure.

\$300,000 Bond Issue For New School Building Gets Overwhelming Approval

In the most one-sided election ever experienced in this community, the proposed \$300,000 bond issue to finance a new public school building received the overwhelming support of Muenster voters last Saturday.

A final tally of the ballots revealed 363 for and 16 against the bond issue and 367 for and 22 against the tax to support the bond. The total number of votes cast was 389 but ten of them failed to express a choice on the bond issue.

Speaking for the school board,

President J. B. Klement stated that the result far exceeded the hopes of the board and is regarded as a sure sign that the community is solidly in favor of raising the scholastic rating as high as possible. He also said that, beginning now, the board will proceed with all possible speed to erect the new building and establish the courses required for first class rating.

The first step in that direction was taken at a special meeting of the trustees Monday night. In the company of a bonding company representative they verified the election results, then proceeded to map plans for the future. In general the procedure will be as follows.

First the attorney general of Texas will have to pass on the validity of the election. After that the bonding company will be permitted to sell the bonds and submit the funds to the school board. According to the estimate of the bonding company's representative those funds should be available some time in June.

Meanwhile the school trustees intend to continue with preliminary preparations. They will visit other schools in search of the best structural design, complete their building plans and secure a title to the building site. They expect to be ready to build by the time the money is available.

Regarding scholastic plans for the coming year, the board decided that the best course is to proceed slowly and refrain from making arrangements that cannot be carried out with present facilities. Their reason is that the next school year will be well advanced before the new building is completed hence the school cannot expect its full list of contemplated courses before September 1950. However, the board intends to begin its improvement program immediately. Wherever facilities permit, the school will begin with the next school year to measure up to state requirements for first class recognition.

The same factors were considered in the plan to invite other districts into the local school system. The board prefers to wait until it has its space, facilities and approved courses before seeking any more consolidations.

The bond issue approved Saturday authorizes the school board to issue bonds in the amount of \$300,000 to finance the construction of a new school building.

The tax approval authorizes the board to raise the present tax from 50 cents to \$1.00 per \$100 of assessed valuation. However if the system can continue to operate on its present budget the tax will not exceed 80 cents... 50 cents to retire the bond and 30 cents for transportation and maintenance. Then, if district valuations are raised through consolidations, the tax to retire bonded indebtedness can also be reduced.

J. B. KLEMENT IS NEW SCHOOL BOARD HEAD

John B. Klement is the new president of the Muenster school board. He was elected to the position last Thursday night in the first meeting held by the board since the 1949 election. He succeeds Albert Henscheid who declined to seek reelection after serving 12 years on the board.

Other persons now serving on the school board are C. G. Clayton, E. S. Lawson, C. M. Walterscheid, Arthur Heilman, Jerome Pagel and Tony Walterscheid. The latter 3 are new members replacing Henscheid, Meinrad Hesse and F. J. Yosten.

Schedule of Coming Events

Mrs. T. S. Myrick and children spent the weekend in Weatherford with her mother.

Adolph Walterscheid and son, Sylvan, made a business trip to Nocona Friday.

Mmes. J. C. Trachta, John Wieler and J. M. Weinzapfel were Wichita Falls visitors Wednesday.

Leonard Endres and son, Ken, of Ft. Worth visited here Sunday with his mother, Mrs. M. J. Endres.

Mr. and Mrs. Bill Hess had as guests Monday night and Tuesday her parents, Mr. and Mrs. D. Rice of Yarnady, Okla.

Miss Hallie McKinney of Durant, Okla., arrived Monday for a visit with her nephew, Ed McKinney and family.

Mr. and Mrs. Ferd Yosten and children of Fort Worth spent Mother's day with her parents, the I. A. Schoechs.

Pfc. Norbert Mages of Elgin Field Air Base, Florida, was here for a weekend visit with his father, Joe Mages and family.

Mr. and Mrs. Walter Morrison were here for a weekend visit with their parents, the Albert Knabes and Mrs. Emma Morrison

Mr. and Mrs. Leonard Yosten and sons of Wilson, Okla., spent Tuesday here visiting her parents, the Henry Wiesmans, and other relatives.

Mr. and Mrs. Tony Trubenbach, Miss Dorothy Hartman and Dr. T. S. Myrick and son, John, attended the Santa Rosa Round-up in Vernon Saturday night.

M. Sgt. Walter Huchton and family of Sherman were here Sunday for a Mother's Day visit with his mother, Mrs. Catherine Huchton.

Mrs. Joe Swirczynski left Tuesday to spend a few days with her sons in Dallas and Fort Worth and to visit her sister in law, Mrs. Bob Yosten, and the Andrew Koriath family in Sherman.

Mr. and Mrs. I. B. Fonville and baby of Durham, N. C., spent several days here visiting her relatives of the Bernauer families. Mrs. Fonville is the former Mary Alice Bernauer.

Mrs. J. M. Weinzapfel and Miss Olivia Stock were guests of the Gainesville Book Club Thursday afternoon on Guest Day. Mrs. Ralph Long, president, reviewed "Hearth and Eagle" by Anya Seton.

Mr. and Mrs. Joe Hellman and daughter of Corpus Christi spent Sunday through Wednesday here with his mother, Mrs. Ben Hellman and other relatives. Mr. and Mrs. T. P. Frost of Gainesville joined them for a visit Sunday.

Pfc. Herbert Fette arrived Saturday night to spend a 15-day leave with his parents, the Henry Fettes. He came here from Fort Francis E. Warren, Wyoming, and will go to Denver, Colo., to attend photographers school for seven months.

SCOUTS DISCUSS RETREAT TO BE HELD AT TEXOMA

At their meeting Monday night members of the Boy Scout troop discussed the coming retreat for scouts of the district on May 30, 31 and June 1. Rev. R. A. Tynan will conduct the retreat at the scout camp at Lake Texoma.

Scoutmaster Nick Miller wishes to remind the boys again that it is necessary to have their names and one dollar registration fee by not later than Saturday at 6 p.m. if they wish to attend.

Other activity at the meeting Monday was the taking of tests by several boys. Members of the scout committee attended and Scoutmaster Miller presided. Randy Bayer will conduct next week's meeting.

TONY FUHRMANN HOME IS SCENE OF REUNION SUNDAY

The home of Mr. and Mrs. Tony Fuhrmann was the scene of a family reunion Sunday honoring her aunt, Mrs. Anna Rodgers of Detroit, Mich.

At noon a covered dish dinner was served and during the afternoon Norma Jean and Sonny Walterscheid entertained with a musical program. Other diversion consisted of card and domino games, visiting and the taking of group pictures.

Those present were Messrs. and Mmes. J. Y. Johnson and Elmer Johnson and family of Burns City; Marvin Johnson and children of Fort Worth; Tom Johnson of Wolf City; Clifford Johnson of Lubbock; Mike Schilling and children, Ed Hess and family, Marcus and Willie Fuhrmann and their families; Mmes. Rodgers of Detroit, Alice Johnson and Lois Taylor of Fort Worth, Norma Johnson, Claude Olmstead, Paul Mullen all of Oklahoma City and the hosts.

MOTHER'S DAY REUNION HONORS MRS. MORRISON

A Mother's Day reunion honored Mrs. Emma Morrison at her home Sunday with 28 members of the family present for the occasion. All of her children with the exception of one daughter, Mrs. Bill Smith of Arkansas, were here.

A buffet dinner was served at noon and group pictures were taken in the afternoon.

Those present were Mrs. N. F. Dawson and son of Fort Worth; Messrs. and Mmes. Johnny and L. S. Rippon and children of Vernon; Mr. and Mrs. Millard Morrison and children of Annona; Mr. and Mrs. Lee Morrison and son of Crowley; Mr. and Mrs. Melvin Morrison and son and Mr. and Mrs. Walter Morrison of Borger; Mrs. Odessa Espland and daughter, Peggy, and Marvin Morrison.

DON COOKE HOME IS PARTY SCENE TUESDAY

Mr. and Mrs. Don Cooke were greeted with a surprise gathering of friends at their home last Tuesday night. Games of 42, a sing-song and refreshments made it an enjoyable occasion.

Those present were Messrs. and Mmes. Jap Reeves, Claude and Earl Cravens and their families, Mrs. Bob Ryle and Mr. and Mrs. J. H. Tivis.

SHOWER COMPLIMENTS MISS TRUDY RAUSCHUBER

Miss Trudy Rauschuber, bride-elect of Vincent Felderhoff, was complimented with a miscellaneous shower Sunday afternoon in the parish hall. Mrs. Joe Hess and Mrs. John Felderhoff were co-hostesses.

Paper and pencil games and a contest entertained the guests. Mrs. W. J. Hess won the contest prize and presented it to the honoree who received a shower of lovely gifts from the guests.

The hostesses served refreshment plates to about 40 guests from Muenster, Lindsay and Valley View.

Miss Rauschuber, daughter of Mr. and Mrs. Frank Rauschuber of Valley View, will be married to Mr. Felderhoff on May 18 in Valley View.

The cost of operating farm machinery is more than one-third the expense of operating farms in Texas.

Senior Class Comedy Shows at Windthorst; Will Play Here Sunday

Seniors of Sacred Heart High presented their class play at Windthorst Sunday night in the school auditorium. A full house cheered the three-act comedy directed by Sister M. Theresina.

Henry Pels heads the cast of "Dear Son" and Betty Lue Buckley plays the feminine lead. Others in the cast are Wilbert Vogel, Roy Baumhardt, Arthur Hennigan, Julian Walterscheid, Emma Lou Gehrig, Ruh Fisher, Doris Hellman and Barbara Miller.

Accompanying the cast and Sister Theresina to Windthorst were Sister Eymard, Rev. Herman Laux, Alvin and Kathryn Hartman, Teddy Gremminger, Norbert Felderhoff, Herbie Herr, Pauline Yosten, Florence Mosler, Martin Becker, Joan Felderhoff, Ann Herr Tommy Felderhoff and Leonard Bengfort and William Hermes of Lindsay.

"Dear Son" will show here Sunday night in the K of C hall at 8 o'clock.

Bigger 3 Ways... DODGE gives you extra value

WIDER on the inside . . . NARROWER outside! There's extra value in the spread-out elbow room of the wide, wide seats. Yet the new Dodge is smaller on the outside . . . easy to park, easy to garage, easy to thread through crowded traffic.

LONGER on the inside . . . SHORTER outside! The new leg room in Dodge gives extra value in stretch-out comfort. Doors open wide, too . . . let you get in and out easily without squirming or twisting—and without knocking your hat off, either.

HIGHER on the inside . . . LOWER outside! More head room is another Dodge extra value you'll appreciate. Instead of low, slanting seats that force a cramped position, Dodge knee-level seats are actually higher for relaxing comfort, better vision.

If you want extra value, you'll want DODGE!

There's extra value in Dodge beauty that flows from true functional styling . . . in the design that provides more head room, more leg room, more elbow room, greater vision for all passengers.

There's extra value in Dodge's Get-Away engine with its surging acceleration . . . its higher compression that squeezes extra miles from every gallon of gas . . . the smoothness of Dodge All-Fluid Drive at no extra cost.

Yes, you'll want Dodge for the extra value you get all the way from double-life hydraulic brakes and Safety-Rim Wheels, to the luxurious comfort of full-cradled ride and knee-level seats.

Add to these the Dodge reputation for dependability and economy and you'll discover why wise buyers say . . . "If you want extra value, you'll want Dodge."

Washington Newsletter

By Congressman Ed Gossett

Washington, D. C., May 5 — The press has carried full reports of the House debate during this week on the various proposals to repeal or amend the Taft-Hartley Act. We have said so much on this subject that I will not make further comment at this time. Suffice it to say this week's fight wound up in a dog-fall, so to speak, with the recommendation of the whole matter back to the House Committee on Education and Labor. Efforts are now being made to compromise the various issues.

On Monday of this week, at the behest of Congressman Emanuel Celler of New York, Chairman of the House Judiciary Committee, the President called to the White House all of us Democratic members of such Committee. His object was to sell us

on his proposal to bring in 400,000 so-called DPs from the DP camps of Europe. He was partially successful, since the Judiciary Committee this morning reported out a bill to bring in 399,000 of such individuals. There were nine of us in the Committee who voted against the bill. This whole plan has been promoted and sponsored by the Zionist organizations of America. They have succeeded in getting a great many prominent churchmen and organizations to join in these demands to bring these people to our shores. I shall oppose this bill as effectively as possible. However, proponents of this dangerous and unfair legislation have tremendous organization, money, and propaganda behind them.

The volume of resolutions, petitions, memorandums, pamphlets, books, magazines, and other data coming to a Congressman's desk each day, is tremendous. If one were a fast reader and could put in 24 hours of each day simply reading this material, he would have time only to sketch it. The data and the statistics contained in a day's mail is usually more than one could digest in a week. All of us try to keep up with information essential to the doing of a good job. However, sorting the most important material from the least important material is a heavy task. Among the personal letters I get each day, are often as many as a dozen, enclosing articles and editorials for me to read, and asking my opinion concerning them. These personal letters, of course, get priority and must have prompt attention and reply. They are always welcome and appreciated.

In the morning, I will go with a number of Texas Congressmen to Waco. We are flying down in a C-54 to attend a big agricultural meeting to be addressed by Mr. Brannan, the Secretary of Agriculture. On Saturday, we will fly out to Lubbock for a Jefferson-Jackson Day barbecue at which many thousands of persons of that area are expected to attend. After the Lubbock affair, I am going down to spend Saturday night and a few hours of Sunday morning Mother's Day with my father and mother who live on a farm 40 miles South of Lubbock and 11 miles West of Post. We will fly back to Washington Sunday afternoon.

Coming to my desk this morning, is a copy of a letter written by the Justice Department to Representative Emanuel Celler, Chairman of the Judiciary Committee of the House. The various departments of the government are always asked for their opinions on proposed bills. While Committees of Congress do not always follow the recommendations of the Executive Departments and Agencies, they are sometimes influenced thereby. In the letter just mentioned, the Department of Justice expresses disapproval of H.R. 1153, a bill to amend the National Motor Vehicle Theft Act, on the ground that such proposed law would invade the States' jurisdiction over a particular class of crimes. The point is this: The Department of Justice recognizes State sovereignty in this matter. It expresses a policy which should reassure those who believe in States' rights, i. e., a policy that the Federal Government should not interfere in a matter of State responsibility.

The J. H. Tivis family visited in Greenville with relatives during the weekend.

THE LOW DOWN FROM HICKORY GROVE

Seems like there is something in the air, or the food, or the water there on the wide Potomac that makes men talk big but act vice versa. Nice guys, when we sent 'em there. They would clean house, they said. But when Uncle Harry sends in a skyscraping budget, what do they do. They condemn it highly — then vote for it. Every day it happens. Kind of a joke on us voters, chimed in Henry. Quite, I says — except around March 15. That is the end of the joke.

But joking to the side, we thought we had seen everything. But look now. We have a dozen unheard of new kinds of welfare and uplift. With our 9 per cent of the world's people, we want to advise and uplift the other 91. Our political Big Smokes have no good word, ever, for our citizens who make the ice boxes, and build the gas pipe lines, and run the banks, and make the kilowatts, and budge the nearby service stations with the world's best and cheapest gasoline. These folks do much, or most, to make the U.S., up to now, the best place to live.

So I propose a new week. A week in which the citizens get together and give Business — little or big — a pat on the back and 3 cheers. And during the same week drop a friendly tip to your man there on that rollicksome Potomac.

Yours with the low down,
 JO SERRA

ULTRA-QUIET JUST AS BAD AS ULTRA-NOISY

FORT MONMOUTH, N. J.— If your wife talks too much and the baby cries too often, be grateful.

If the noise of a pneumatic hammer or the drip of a faucet bothers you, just relax.

Army signal corps engineers say you're lucky.

They tried silence and said they couldn't stand it.

The tests were made in a new "silent chamber" perfected by the signal corps to help reduce the noise of military equipment.

And thirty minutes of absolute silence was just about all anyone could stand.

THE SLAVE STATE

The slave state always starts as the welfare state. It promises freedom from want, freedom from fear and freedom from almost everything — but freedom from the state itself.

—Frederick A. Hayek

Light Rays Loop the Loop Through New Plastic Tube

A tube of plastic perfected by industrial research will pipe light around corners; even makes it "loop-the-loop". Light entering one end of the tube is reflected by plastic walls so that none of it "leaks". It emerges at the other end of the tube in a concentrated spot.

From where I sit ... by Joe Marsh

How Would You Say It?

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean sack of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South, "He means a 'poke of see-ment.'"

It was good for a chuckle, anyway. Bag, sack or poke—we knew

what he was trying to say. It just depends on where you are in the U. S., which way sounds right.

From where I sit, whenever we criticize someone for sounding funny to us, we ought to think how we sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

Joe Marsh

Copyright, 1949, United States Brewers Foundation

LOCAL NEWS BRIEFS

Guests of the W. B. Wylies Sunday were Mr. and Mrs. Louis Denney of Denison.

Clarence Hellman and Jud Boyles who are employed in Seymour visited their families during the weekend.

Miss Ernie Zipper of Dallas was home for a weekend visit with her parents, the R. M. Zippers.

Miss Dorothy Rohmer of Fort Worth spent the weekend with her parents and family, the John Rohmers.

Mr. and Mrs. Ed Swirczynski of Fort Worth spent a few days here visiting his parents and other relatives last week.

Plans are being made for the annual junior-senior banquet for students of the Public School. The tentative date for the event is Thursday, May 19.

Edvina Gallaher re-entered the second grade at the Public School Monday. For the past two months she attended classes in Fort Worth. She is staying with her grandparents, Mr. and Mrs. G. C. Gallaher.

Miss Clara Trachta arrived Tuesday morning from Los Angeles, Calif., for a visit with relatives here. She was met at Fort Worth by her brother, Joe Trachta, and her sister, Mrs. Jake Pagel.

Pfc. George Swirczynski has returned to El Paso after completing a 10-day leave with his parents and family. He came to attend the wedding of his brother, Richard, to Dorothy Beyer on May 4.

Mmes. Frank and Ben Seyler drove to Fort Worth for a visit with Mrs. Terrell Johnson (Catherine Seyler) who underwent surgery. Mrs. Frank Seyler remained for a longer visit with her daughter.

MRS. JOE WILDE HOSTESS TO GET-TOGETHER CLUB

Mrs. Joe Wilde entertained the Get-Together Club in her home Wednesday afternoon when the regular monthly meeting of the club was held. Roses and other spring garden flowers adorned the party rooms and four tables were arranged for a progressive 42 series. In the games Mrs. Arthur En-

dres, won the galloping prize, Mrs. Joe Luke the high score award and Mrs. John Kathman, consolation favor. Mrs. James Bezner received the guest prize. In the birthday gift exchange Mmes. Clarence Hellman and Jud Boyles received gifts from their Sunshine Pals. Mrs. Boyles' gift was wrapped to resemble a birthday cake. The large white box was topped with candles and was encircled with a wreath of sweet peas.

The hostess served a barbecue plate and ice cream, fresh strawberries and angel cake to 15 members and four guests. She was assisted in serving by Mrs. Ray Wilde, Gladys Wilde & Carolyn Wiesman. The guests were Mrs. John Eberhart, Mrs. James Bezner, Mrs. Ray Wilde and Carolyn Wiesman.

The June meeting will be held in the home of Mrs. John Wieler.

THE ELECTRIC RANGE

The electric range is the nicest thing that ever happened to your budget! Quick, efficient... it takes less time to prepare foods. No waste-food, either. Every dish... from soup to dessert... will turn out perfectly! In fact, you can prepare an entire meal in the spacious oven at the same time. Takes the "guesswork" out of cooking... eliminates costly failure! Just put the meal in the oven, set the controls of the automatic range, and electricity will do the rest... while you go about your other household tasks, go shopping or to your favorite movie. When you return your meal will be cooked and ready to serve.

Cool, clean, dependable... this versatile "chef" costs but one penny per person per meal to operate. That's real economy!

★ See the Electric Ranges on Display at Electrical Dealers!

★ Listen to the TP&L Radio Show Every Friday, 8 P.M., Station WFAA 820

Mrs. J. D. Caplinger of Sherman was here for a Mother's Day visit with her parents, the Alfons Koesters.

Mr. and Mrs. Frank Fannell and children of Dallas spent the weekend with her parents and family, the Henry Stungs.

Local NEWS Briefs

Norman Luke of Dallas was home for a weekend visit with his parents the Joe Lukes.

Miss Lucille Cler of Fort Worth spent the weekend with her parents, the Charles Cler.

Weekend guests in the Don Cooke home were Dr. and Mrs. Ferrell Kempton of Fort Worth.

Mr and Mrs. Andy Harrison and children spent Sunday visiting her parents at Forestburg and his mother at Gainesville.

Tommy Otto has received a new assignment with the navy and has the following address: Thomas L. Otto, SN U.S.S. Barton, DD 722, 2nd Div., c-o Fleet Post Office, San Francisco, Calif.

Guests in the home of the J. W. Fletchers Sunday were their son and daughter-in-law, the Jack Fletchers of Wichita Falls Mrs. J. W. Fletcher's mother, Mrs. F. M. Shiflet, and Mr. and Mrs. E. M. Shiflet of Pilot Point.

Mrs. C. D. Richards (Rosalee Muller) is here for a visit with her parents, the Matt Mullers. Her husband has been transferred by the army from Albuquerque, N. M. to Fort Monmouth, N. J., where he will attend a 31-week radio repair school.

Mr. and Mrs. Ray Evans were in Madill, Okla., Saturday to attend an annual school banquet. Also there were Mrs. Evans' brother, Joe Dickerson and wife of Magnolia, Ark. The Evans spent Sunday with Ray's mother, Mrs. Mary Evans, who accompanied them as far as Sherman when they returned home Sunday night. She entered St. Vincent's hospital for examination and treatment.

Mr. and Mrs. F. J. Yosten left here Friday evening for an overnight visit with the Ferd Yostens in Fort Worth and went from there to Tours where they spent Saturday and Sunday. On Saturday they attended a field mass and "living rosary" at the new shrine of Our Lady of Fatima in Tours, and on Sunday were guests of Mrs. Yosten's parents, Mr. and Mrs. Julius Filer, in whose home a Mother's Day reunion was held.

Mrs. Paul Nieball and son, Billy Joe, and Jimmy Biffle visited in Dallas Saturday. When they returned Mr. and Mrs. Paul Nieball and Patsy accompanied them home to spend Sunday here. Louis returned to Dallas Sunday night. His wife and daughter will spend a week here.

Darrell Trotter recently received a promotion and is now a sergeant at Carswell Air Base in Fort Worth. He is married to the former Miss Dorothy Fletcher of this city.

HEALTH DEPARTMENT RECOMMENDS SPECIAL SUMMER PRECAUTIONS

AUSTIN.— The summer season always brings an increase in the incidence of dysentery, diarrhea and enteritis, all of which are major menaces to the lives of small children, annually causing the deaths of hundreds of Texas youngsters.

The State Health Officer, Dr. Geo. W. Cox, declares that the chief cause of these intestinal diseases are contaminated milk, water or food; allowing the child to go overheated or exhausted; excessive sugar in the infant's formula, and foods that have been improperly refrigerated.

"All foods should be clean and fresh, and all left-overs should be refrigerated so as to avoid spoilage. The utmost care should be used in preparing the infant's formula which should, of course, be prescribed by a physician, and his recommendations as to sanitation precautions and correct refrigeration should be implicitly followed."

The State Health Officer warned parents especially of the danger of disease transmission by flies. Children in any home that is not free from flies, are in danger of contracting dysentery or other intestinal diseases which may be fatal.

"If dysentery or diarrhea symptoms appear in your child, call your doctor immediately", Dr. Cox advises. "His treatment of the disease is your best insurance against fatal results, since such diseases are really a very serious threat to the child's life. Don't depend on home remedies for diarrhea or dysentery; consult a competent physician and let him institute the safest and best treatment which medical science has available, for combating these wasting diseases."

TEXAS DAIRYMEN TOO ALARMED ABOUT DDT, BUGOLOGIST CLAIMS

COLLEGE STATION. — Texas dairymen seem to be overalarmed about the recent reports on the use of DDT, says James A. Deer, assistant extension entomologist of Texas A&M College.

So, let's get straightened out on the DDT situation right now. Nobody has died from effects of DDT in milk. In fact, there aren't even any recorded cases of sickness caused by milk produced from DDT-sprayed dairy cows. When cows are sprayed—or when DDT is used to spray dairy barns—small quantities can sometimes be detected in the milk supply. It hasn't hurt anybody so far, but the food specialists feel that such an important food item as milk should be free of any trace of this material. So the recommendation against the use of DDT is merely a precautionary measure, says Deer.

That's why methoxychlor or pyrethrum insecticides have been recommended in place of the DDT for insect control both on the cattle and in the dairy barns as well.

And the warning about feeding DDT sprayed forage to dairy cattle or animals being finished for slaughter still holds. It isn't a good practice, says Deer, since traces of the insecticide may show up in the finished product.

Don't give up the DDT altogether though, the entomologist continues. It's still recommended for livestock other than dairy animals and many crop pests as well.

If there's still any doubt about what insecticide to use, see your county agent, advises Deer.

Meringues baked on hot fillings cook more evenly and are less likely to "weep" than those baked on a cold pie, according to recent tests made by the New York State Experiment Station.

STATE REPORTS 142 CASES OF POLIO FOR 17 WEEKS THIS YEAR

AUSTIN. — During the first seventeen weeks of 1948 there were only 55 cases of poliomyelitis reported to the State Health Department, while in this same period for 1949, there have been 142 cases reported from different sections of the State, according to Dr. Geo. W. Cox, State Health Officer. Seven cases were reported in the past week, with three from one county.

"Poliomyelitis is one of the most dreaded of all diseases", Dr. Cox said, "and justly so. It is more often a crippler than a killer, but in either case it takes a heavy toll among young Texas citizens, and is a health menace against which our children should be carefully guarded."

Immaculate cleanliness of person and homes is urged as a precautionary measure against polio, and community hygiene assumes a place of major importance when the disease makes its appearance. Clean communities, clean homes, and strict personal hygiene all play a part in helping to prevent the spread of diseases, and Dr. Cox advises inspection of home screens for keeping out flies, and unremitting efforts in rodent control, and the extermination of roaches.

"Until it is definitely understood just how polio is transmitted, it is well to guard against all household pests and eliminate

all insanitary conditions", Dr. spread, and filth, which affords Cox said. "We do not know with a breeding place for germs, certainty how polio may be should not be tolerated."

IN MOWING IT'S THIS SECOND CASTER WHEEL THAT MAKES

The Big Difference

MASSEY-HARRIS No. "6" SEMI-MOUNTED MOWER

The first time around your field you'll agree that those 2 caster wheels in trailer design mean more efficient mowing . . . faster, easier cutting that rolls over more acres in less time . . . gets more of your crop at its nutritional best.

Built up on a husky, all welded tubular-bar frame, the No. "6" is stronger, sturdier, more flexible. Oil bath lubrication assures smoother performance; light, easy-to-pull action that requires less power.

Both your tractor and the No. "6" are protected by quick-acting safety releases. Easy hook-ups save a lot of time even before you get in the field.

See us today . . . get the full details on the No. "6."

Two houses in the city have been sold during the week and two new homes will be built in the near future. Mrs. M. J. Endres sold her home to Steve Markham and Mrs. Henry Walterscheid sold hers to W. M. Trubenbach. They will continue occupying the places until the new homes are completed. Mrs. Endres will build north of Mary and Anna Becker's home and Mrs. Walterscheid will build across the street from her present home.

Don't Learn Safety By Accident

Too large to be weighed on a single scale, this Boeing Stratocruiser is balanced on three—one under the nose, and two at the wing-roots. The plane's wheels are a scant inch off the floor of this building at Boeing's Seattle, Wash., headquarters. By adding the figures registered on each of the three scales, the total weight of the plane—71 tons—is computed.

"PUFF AWAY, BIG SHOT! TOMORROW THE BOSS WILL CURL YOU UP WORSE THAN A PRETZEL WITH DR. HESS WEED KILLER—40% 2,4-D, THAT IS. AND THEN WATCH ME SHOOT UP!"

YES SIREE, your problem of killing farm weeds is easily and quickly solved, now that you can get Dr. Hess WEED KILLER containing 40% 2,4-D.

For killing weeds in corn, oats, wheat and some other crops we recommend this new product. It contains 2,4-D in the form of an amine salt. This form is not so likely to harm sensitive crops as the ester form of 2,4-D.

This 40% Dr. Hess product is well suited for high-concentration and low-gallonage application, where as little as 5 gallons of spray per acre is used.

We also have Dr. Hess WEED KILLER containing 14% 2,4-D for use on lawns and under conditions where high-concentration and low-gallonage applications are not so important.

Muenster Milling Co.

SODALITY AND FIRST GRADERS HAVE ANNUAL MAY QUEEN CROWNING

The annual May Queen crowning at Sacred Heart church Sunday at 7:30 p.m. was an impressive and inspiring service in which pupils of the first grade parochial school and young ladies of the Blessed Virgin Sodality participated.

To tiny Carol Ann Hess, smallest first grader, went the honor of crowning the statue of the Blessed Virgin. The statue, enshrined in roses and tapers, held a place of prominence at the center of the communion railing.

Little Miss Hess wore a floor length white dress, a long gold cape and a gold crown. Her maids-of honor were Lu Ann Reiter and Carol Lee Sicking. Train bearers were Helen Hacker, Marilyn Horn, Elaine Schmitt, Lynette Sicking and Marilyn Hess. Flower girls were Theresa Fisher, Carolyn Swirczynski, Celine Trubenbach, Jeanette Klement, Betty Jean Eckart and Eunice Knaut.

Jerry Endres was crown bearer and all other boys of the first grade carried lighted candles in the procession through the church. Sodality members wore formal dresses in pastel shades with garlands of fresh roses in their hair.

After the crowning ceremony, Rev. Father Croll led the rosary and officiated at Benediction.

BIRTHDAY DINNER HONORS MRS. LUKE TEMPEL TUESDAY

A dinner Tuesday complimented Mrs. Luke Tempel on her 57th birthday at the home of her son, Joe Tempel. Gifts for the honoree included two decorated cakes. Places were laid for the honor guest, Ray Tempel, Mary Jo Williams of Gainesville, Mr. and Mrs. Joe Tempel and daughter, Linda.

Room to Spare. When the Mayflower brought the Pilgrim Fathers to America she carried 102 passengers. Just one lifeboat from the Queen Mary will carry more than all of the Mayflower's passengers—145! The Mayflower was a ship of 180 tons, 95 feet long and 26 feet wide. The Queen Mary is 1,018 feet long and her tonnage is listed at 80,000! The Mayflower could easily be tucked away in one corner of the Queen Mary's main dining room.

Mrs. Ben Seyler returned last Wednesday after being away about a week on a trip. She drove her sister, Mrs. Jack Quinlan and children to their home in South Bend, Ind., visited there, and enroute home stopped in Peoria, Ill., to visit a cousin, Della Seyler, and in Jonesboro, Ark., to visit her daughter, No-vice Mary John.

Harold Reeves and Allen Hoffman, seniors of the Public School will be guests next Tuesday, May 17, of the Denison Chamber of Commerce for a noon luncheon honoring all honor graduates of the district. In the afternoon students will go boat riding and sight seeing at Lake Texoma. Mr. and Mrs. John Hoffman will accompany the Muenster students.

The Bloody Bowl. We have our Rose Bowl, Sun Bowl, Orange Bowl and Sugar Bowl for athletic events, but it took the slave labor of 12,000 Jews and Christians to build Rome's Bloody Bowl. This they had to do in one year's time back in 80 A.D. To celebrate the opening of the Colosseum, as this structure was called the blood thirsty spectators sat through 100 days of "games," during which some 5,000 animals and 3,000 gladiators met their death.

Henry Sandmann, six year old son of Mr. and Mrs. Frank Sandmann, had his adenoids removed at M&S hospital Saturday.

Andrew Zimmerer was admitted to Gainesville sanitarium Friday for medical treatment.

M. Sgt. and Mrs. Walter Huchton and son of Sherman visited here Sunday with her parents, the John Bengforts.

Mrs. Peter Stoffels was admitted to M&S hospital Monday and underwent surgery Tuesday morning.

Mr. and Mrs. Wm. Sandmann and their daughter, Mrs. Pat Hennigan and little son of Muenster, drove to McKinney Wednesday to visit Pat Hennigan who is a patient at veterans hospital.

Mr. and Mrs. Richard Swirczynski returned Wednesday from a wedding trip to points in Texas,

Oklahoma and Arkansas and are now making their home in Muenster. While on their trip they stopped at Pocahontas, Ark., to visit his sster, Sister Helen, and in Jonesboro for a visit with his niece, Joan Swirczynski.

PROCESSION AND MAY QUEEN CROWNING HELD AT LINDSAY

The annual May Day procession and crowning of the May Queen was held at St. Peter's church in Lindsay on Sunday, May 1. All students of the school participated in the procession. The girls wore white formals and carried bouquets of red roses.

Miss Emilia Hermes, dressed in white, placed a crown of rose buds on the statue of the Virgin. She was attended by Misses Viola Bezner, Evelyn Block, Theresa Fuhrmann, Rita Hermes, Frieda Mae Neu and Joan Geray who wore blue formals and carried bouquets of red roses.

May devotions and Benediction at which Father Conrad officiated followed the crowning ceremony.

SINGING CONVENTION AT MYRA

A singing convention will be held at the Myra Baptist church on June 12, according to J.S. Bagwell who extends a general invitation to all singers to attend.

—Boyd & Breeding Photo

Johnny Groth, above, 23-year-old rookie who banged out six hits (including three homers) in his first nine trips to the plate, "will take care of Detroit's center field problems for at least the next 10 years," says the Tigers' general manager, Billy Evans. Groth, who hit .340 with Buffalo last season, appears headed for the Rookie of the Year slot.

ATTEND SUBIACO ALUMNI REUNION THIS WEEK

Urban Endres of Muenster, Weldon and Wilfred Bezner of Lindsay and Joe Walter of Gainesville attended the annual reunion of Subiaco College-Academy Alumni members in Subiaco Ark., Sunday and Monday.

E. A. Steinberger of Dallas is the new president of the association. He is remembered hereabouts as a former depot agent at Lindsay.

While there Endres delivered and set up a new sprinkler type irrigation system for the abbey.

BEEES WILL BOOST CLOVER SEED YIELD

COLLEGE STATION. — The bees start the job of harvesting the clover seed and the farmers finish it.

It's up to the bees to pollinate the clover blossoms. Then three weeks later, the seed matures, says Robert R. Lancaster, extension pasture specialist of Texas A&M College. When about 75 percent of the heads are brown, the clover crop is ready for harvest. One beehive per acre in or near a patch of white clover will increase seed production.

A very satisfactory method of harvesting is to cut the white or hop clover with a mower when the seed is mature, but before shattering starts. Rake it at once with a side-delivery rake, or use a buncher attached to the mower cutter-bar.

A dump rake doesn't work very well with clover, says Lancaster, but may be used if light dumps are made. Cure the hay in

the windrow, and turn it over if rain comes: After two or three days it should be ready to hull. A combine with pick-up attachment is recommended for hulling. A threshing machine with huller attachments, or a clover huller may also be used.

Otherwise, clover seed can be saved in the chaff by cutting and curing, then thrown roughly from a wagon onto the floor or a clean space on the ground. Beat it with forks and shake it as the straw is thrown off. This leaves the chaff behind, and the seed in the chaff can be handled in large bags and seeded by hand or mixed with barnyard fertilizer and spread.

The majority of American men prefer cotton for their pajamas, underwear and business or dress shirts, rather than other fabric fibers such as rayon, nylon, wool or mixtures.
