## .33 Inch Shower Arrives Near End Of Local Harvest

Governor Wallace of Alabama drew cheers and jeers Tuesday in his dramatic personal resistance to the enrollment of two negroes into the University of Alabama, and not only from extremists on the two sides of the racial problem.

Superficially the showdown was only a matter of deciding whether integration would be forced on the school, and those who felt strongly on that issue were outspoken in calling the governor either a stinker or a hero.

However, there is a much deeper issue, which was spelled out by Wallace before the showdown. That is the principle of state's rights according to the constitution of the United States. His purpose was to "raise the basic inherent question: Can the State of Alabama run its school system, or shall the federal courts and the Justice Department and the central Government run the schools of Alabama, over which we say they had no control under the law until 1954?"

"We are just raising the constitutional question for the courts, the federal court system of the land, and they may change and rule in our favor. They did rule in our favor in the South for many years and then changed in 1954."

Though he must have known in advance that his efforts would be futile, Wallace was forcing another test of states rights sovereignty which, according to his convictions, had been violated by federal might in Arkansas and Mississippi. Knowing that the federal order got its authority from the Supreme Court decision of 1954, his purpose was to challenge again the legality of that decision.

In that opinion he does not stand alone. Many competent legal authorities agree with him that the decision of 1954 is unconstitutional because it is based on an amendment which was never properly ratified and therefore is illegal in itself. According to the governor and many many others, he was standing on firm constitutional grounds, testing whether the valid law of the land or force will prevail.

We are aware, of course, that the opposition takes the opposite stand and charges Wallace with violating the law.

The Justice Department contention is that the integration matter was settled by the Supreme Court in 1954 and any state which challenges the decision is out of line. All of which creates the sad paradox of opposite stands both claiming to be right — and the side with the might prevailing in the end.

It's a sorry spectacle in a nation which makes the proud claim of being governed by law rather than by men. Obviously when two statements contradict one of them has to be right, the other wrong. Obviously the only way to clear up this mess is an honest appraisal of the validity of the 1954 decision on the basis of constitution and prior law, without regard to the social and political considerations which were given as justification for the decree. If this new "law of the land" was created by nine judges, and does not derive logically from the constitution, it is invalid and should be dropped, no matter what claim can be advanced for its justice. Thereafter, if the principle deserves to be written into law let that be done by our legislators, who alone have the constitutional right of making new laws.

The governor of Alabama, and those of Arkansas and Mississippi, deserve praise for their courage. Though aware that they could not buck federal power, they went as far as they could in standing up for the constitutional right of their own states.

An even greater tragedy is the fact that political opportunism has fanned this country's racial issue to its present state. A few decades ago there was little racial strife. For the most part Negroes and Whites were going their separate ways and getting along harmoniously wherever circumstance and free choice brought them in contact. Furthermore Negroes were making good progress on their own. Though not generally up to the White standard of living they were moving ahead and were proudly aware that they lived

A short shower accompanied by a blustery windstorm Monday night caused another halt in the local grain harvest, but it was too late to affect most of the local farmers. Only about ten percent of the grain was left in fields.

Beautiful weather for a week existed as grain was maturing. Showers then delayed the beginning of grain cutting. All last week was ideal, however, and farmers made the most of it.

Monday night's rain measured .33 inch. Combined with that of June 1 it brings the month's total moisture to .63. Total for the year stands at 11.30. May had 4.69 and the year's total through the month was 10.67.

Weather is fine for other crops also. All are thriving on adequate moisture and moderate temperature. And gardens this year are generally reported as the best in many years.

## Bids Invited for Flood Control Dam On Clear Creek

Invitation for bids for the construction of another flood prevention dam on the Clear Creek watershed was issued last week, according to J. M. Weinzapfel, president of the Clear Creek Watershed Authority.

Bids will be received by the Soil Conservation Service, Temple, Texas, until 2:00 p.m., June 24, 1963, for the construction of Clear Creek Site No. 4. The site is located near Dye Mound on the land owned by C. M. Bess.

Major items of work in the contract include 78,870 cubic yards of embankment, 47 cubic yards of reinforced concrete and 210 linear feet of reinforced concrete pipe. All work on the site is expected to be completed within 113 calendar days after the date of the contract.

In other progress on the watershed, Soil Conservation Service engineers have completed the detailed surveys and core drilling operations of three other sites. Invitations for bids on these three sites are expected to be issued after July 1st.

The Upper Elm-Red Soil Conservation District and Clear Creek Watershed Authority are co-sponsors in the project.

## M. Kleiss Finishes Jr. College in La.

Mike Kleiss, seminarian studying for the Benedictines of Subiaco, Ark., finished junior college and was in graduation exercises at St. Joseph's Abbey in St. Benedict, La., on June 4. He is the son of Mr. and Mrs. Al Kleiss.

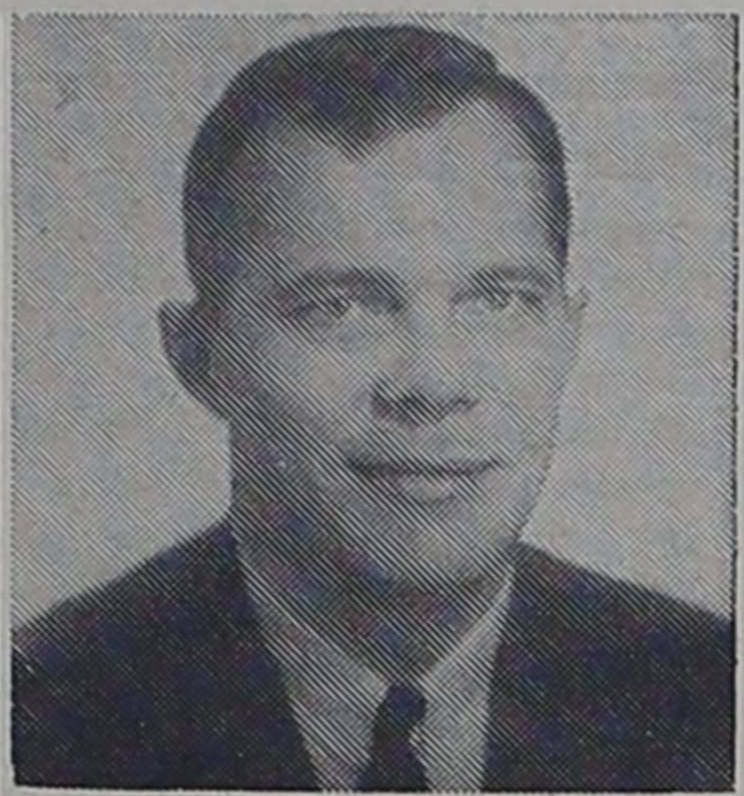

During the summer he will be at home and in September he will enter the novitiate at Subiaco Abbey to continue his study for the priesthood.

## BIRTHS

Proudly announcing their second son are Mr. and Mrs. Gunther Goetz. Their nine and a half pound boy checked in at Gainesville Hospital Saturday, June 8, 2:40 p.m. and has been named Gunther Angelo. He's a brother for Patrick and a possible future artist in wood carving.

Mr. and Mrs. Ferd Luttmner have announced a daughter, weight six pounds 15 1/2 ounces, born Thursday, June 6, at Gainesville Hospital, 9:15 p.m. She's a sister for Mary Kay, Michael, Patty and Gene and a granddaughter for Mr. and Mrs. Herman Luttmner. Her name is Betty Jean and her baptism will be Sunday with an uncle and aunt, the Lambert Beyers as godparents.

Mr. and Mrs. Francis Wiese of Gainesville are parents of a nine pound six ounce boy born Saturday, June 8, 5:40 a.m. at Gainesville Hospital. He's a brother for Hal, Don, Dianne, Janet and Gina. Mr. and Mrs. F. A. Wiese and Mrs. Clara Mosman are the grandparents.

## Leonard Vogel, 22, Escapes Death in Oil Rig Accident

Leonard Vogel, 22, son of Mr. and Mrs. Joe Vogel, is in Gainesville Hospital with multiple fractures and internal injuries sustained in a 50 foot fall from the crow's nest of an oil well drilling rig.

His narrow escape from death occurred on the Ed Hess machine near Hood about 3 p.m. Wednesday when he lost his footing and fell to the rig floor. He landed on his feet, breaking both ankles, his pelvis and an arm, and injuring a kidney.

After surgery Wednesday night doctors reported him in good condition and due to remain in the hospital about a month.

## NEWS OF THE SICK

### Notes on Building and Improvement

Newest on the local building program is a new home for Leo Hesse about a half mile northwest of town. It's a brick house with 3 bedrooms, 2 baths, garage, central heat.

Getting the final touches this week, while moving in is under way, is the palatial Colonial home of the Ernest Medders. It has everything.

Also nearly finished is the new home for Henry Pels Jr. It features 3 bedrooms 2 baths, central heat, double garage, brick siding and is located in the northwest part of town.

At Lindsay the Gerald Metzlers are in their new home and the Norb Mages are well advanced on theirs, which will have 3 bedrooms, 2 baths, central heating & cooling, double garage, brick siding.

A major remodeling job is on the way at Tony Luke's. He is adding a bedroom, bath, and utility and enlarging kitchen and den.

Remodeling at R. N. Fette's awaits painting. It includes making rooms of a garage and a porch and adding carport, utility and patio.

John Hacker has added a garage and a patio to his home. John Wieler put new roofing on the house he recently bought from Pat Hennigan. Jim Streng painted the outside of his house.

Work in the KC Hall basement includes a big heating and cooling unit, a partition, and repainting.

A major paint job was the exterior wood on the parish hall, all done by volunteers of the Sacred Heart Alumni. A very considerable part of that project consisted of cleaning all the wood and replacing practically all of the window putty. On an average there were four men there about three hours each evening for about seven weeks. It was finished Tuesday, just in time for Sunday's homecoming crowd.

More painting is under way at both schools, all exterior wood at Sacred Heart; needed touch-ups both in and out at the public school.

Another public improvement is building sidewalk up to the curb in front of the post office. Wear on the lawn showed that the sidewalk was needed. At the same time an unneeded section of sidewalk about 15 feet from the curb was removed from the south of the lot.

Joe Mages is on a forced vacation since Monday when he caught his left arm in a saw. The gash required a number of stitches and afterwards the doctor put the arm in a cast. He is staying with his daughter, Mrs. Johnny Schmitz at Gainesville, to be near his doctor for treatment.

Mrs. Dick Cain entered Nona Hospital as a surgical patient Tuesday and had a minor operation Wednesday. She'll be hospitalized long enough to receive cards from friends.

Mayor Earl Fisher was dismissed from Gaston Hospital in Dallas Tuesday and is continuing recovery at home from major surgery performed June 4. He'll have to take it easy for two more weeks — no work, the doctor said.

Joe Lutkenhaus, 85, underwent major surgery at Gainesville Hospital, Richey Street, Monday. He'll enjoy hearing from friends during his hospital stay.

Miss Marie Lutkenhaus has her right hand and arm in a cast since having surgery at Methodist Hospital in Dallas last week. The operation repaired a hand injury of long standing.

Mrs. Tony (Ida Mae) Hoff, daughter of Mrs. Charles Meurer of Windthorst is a patient at Bethania Hospital in Wichita Falls. She was reported improving satisfactorily this week following major surgery.

## George Petrus and Jane Weinzapfel Join MHS Faculty

Two vacancies on the Muenster Public School faculty were filled at the regular meeting of trustees last Thursday night, Superintendent L. B. Bruns disclosed this week. George Petrus will be principal and social science teacher. Mrs. Jane Weinzapfel will be homemaking teacher.

Petrus returns to Muenster after an absence of two years, during which he was superintendent of the Rhineland public school. Before that he was athletic coach of Sacred Heart School for four years.

Mrs. Weinzapfel is also a former Muenster teacher. She was an elementary teacher at Sacred Heart during the 1958-59 school year and also an elementary teacher at Muenster public school for the next two and a half years. After receiving a BS degree in 1956 she was homemaking teacher at Southmayd for two years.

## Council Starts on Annual Task of Tax Equalization

The city council's annual tough job is here again. Members are putting in long hours studying and comparing assessments with the intention of taxing as fairly as possible. In their first session Monday night they got almost one third through their list.

When they get the taxes equalized they will set a date for a hearing and send notices to all who have had their renditions changed, or, in the case of those who did not render, whose taxes are higher than last year. If anyone thinks the revised assessment is not fair he is urged to appear at the hearing. The hearing date will be set later.

Continuing its custom or recent years, the city council is serving as its own equalization board.

## Sister Verona Is Nurse Graduate

Sister Verona, daughter of Mr. and Mrs. Oscar Walter, was among nursing students receiving diplomas in commencement exercises in El Dorado, Ark., Sunday. She was one of the top four in the class of 25 being graduated from Warner-Brown Hospital School of Nursing, conducted by the Sisters of Mary.

Sister Verona is a member of the Jonesboro, Ark., Olivetan Benedictines and will make her perpetual vows at Holy Angels Convent August 15.

Attending the graduation program were her parents and her brothers Rodney and David Walter.

## Ravens and Braves Still Undefeated

The Ravens and the Braves continued their winning streaks in pee wee baseball of the past week.

Last Friday night in the senior loop the Braves blasted the luckless Giants 12-6 and in the other contest the Yanks squeezed past the Dodgers 10-9. As a result the Braves have a perfect 3-0 record, Yanks are 2-1, Dodgers 1-2 and Giants 0-3.

Wednesday's game was the fourth straight win for the Ravens and the fourth loss for the Braves. Also it put the Jays and Hawks in a tie with a 2-2 record each. The scores were Ravens 14 Crows 9 and Jays 20, Hawks 12.

Robert Haverkamp who has been working on an oil rig in Kermit has left Texas for Wyoming. He's working for a drilling company in Gillette, Wyo., he has written his parents, the Lee Haverkamps.

## Community Is Ready for Big Attendance at Third Homecoming on June 16

Preparations are in the final stages this week for Muenster's big celebration Sunday, June 16 — annual Homecoming Day.

Big doings are planned with the Parish Hall and grounds as headquarters for the day's festivities.

The party will get underway at 11:30 with dinner featuring fried chicken and baked ham with all the trimmings including homemade pie.

During the afternoon and into the night there'll be an Old Timers' Reunion, carnival attractions with rides for the kiddies, games, eats and drinks — fun for all age groups — and a dance at night.

For early arrivals who can't stay late Sunday, there'll be a dance Saturday in the VFW Hall. Of course, many will want to take in both dances. Things are bustling at the hall and grounds where youngsters and oldsters have joined forces in doing chores all week. Dotting the grounds will be tents, booths and refreshment stands.

Thirty-one working committees with chairmen are lined up under direction of Father Alcuin Kubis with Dan Haverkamp, Ed Endres, Ed Schneider and Sylvan Walter-scheid as general chairmen. They're leaving nothing to chance to assure Muenster one of its biggest and finest events.

The welcome mat is unrolled. Everybody is invited.

## Garden Club Ends Current Year with Film on First Aid

Final meeting of the Civic League and Garden Club's current year Monday night featured a program on First Aid and an interested group saw a film on mouth-to-mouth resuscitation entitled "That They May Live."

Afterwards an informal discussion brought out members' ideas for year book planning. Many of these ideas will be used for study material during next year's meetings.

Mrs. Tony Gremminger thanked all who helped with the cemetery collection and expressed the club's gratitude to the community for its generosity on Memorial Day.

The refreshment table held the punch service and cookies and had as a centerpiece an arrangement of summer flowers. The meeting was held in the Public School lunch room.

There will be no regular meetings during the summer but the year book and program committees will meet to plan next year's club activities. New officers elected last January will preside for the September meeting.

## Two Signatures Needed to Enroll In Swim Course

A statement showing parent's permission and doctor's approval is the first requirement for enrolling in the swimming classes for beginners and intermediates, to be held in the Muenster swimming pool during the next two weeks.

That detail was overlooked in the original report of the class carried in this paper last week.

As pointed out by Glenn Richardson, pool manager, Red Cross regulation demands that every student, adult or minor, have a doctor's statement certifying physical fitness to take the lessons. Besides minors must have a parent's signature signifying permission to take them.

Statements with those signatures must be presented at registration, which begins at 8 o'clock Monday morning. For the convenience of the children an acceptable form is printed in this paper and more are available at the Enterprise and at Dr. Dobbs' office.

Registration, testing and assigning students to classes are expected to take up all the time on Monday, so no instructions are planned for that day. However, students assigned to Monday classes will get more instruction on Wednesday and Friday to make up for the lost time. The intention is to give each child a full 6-hour course of instruction, Richardson said.

He also asked the public to cooperate by allowing the children to give better attention to their teachers. All who are not in the classes, including young friends or even parents, are asked to remain outside the fence during class time.

Minimum requirement for admission to the class is completion of the first grade of school. All past that stage are welcome, and so are adults.

Several qualified instructors have agreed to help teach the children, and more will be welcome. The more the better, says Richardson, so all who have the ability and the time are asked to help the kiddies.

## Schedule of Coming Events

FRIDAY, June 14, CDA meeting and installation of officers, KC Hall, 8 p.m.

FRIDAY, June 14, Dodgers-Giants, 7 p.m., Yanks-Braves, 8:30.

SUNDAY, June 16, Homecoming festivities, parish hall, starting at 11:30.

WEDNESDAY, June 19, Hawks-Ravens, 7 p.m., Crows-Jays, 8:30.

"CROP INSURANCE WEEK" June 16-22 is being proclaimed (above) by Texas Gov. John Connally with Ben A. Jordan, Jr., State Crop Insurance Director, looking on. The occasion is the 25th anniversary of the Federal Crop Insurance Corp., an agency of the U. S. Dept. of Agriculture. "Texas participation has doubled since 1961," Jordan said, "and nearly 12,000 Texas farmers now carry more than \$30 million FCIC protection on their production costs of cotton, grain sorghum or wheat against disastrous losses from all natural causes." Farmers in Cooke County have participated in the program for many years.

## STARS ON ALABAMA

The slaying in Alabama of a Maryland postman who had thumbed his way south to stir up sympathy for Negro integrationists is criminally tragic and will invite unjustified wrath on a state which is trying to handle a century-old problem the best it can.

A succession of events in Alabama shows how the whole racial problem is wrought with hypocrisy, animosity, and — most important — politics.

Bob Kennedy, attorney general of the United States, for some reason found it necessary to go all the way to Montgomery to tell Alabama Gov. George Wallace that he—Kennedy—intends to enforce the law. Isn't that what he's supposed to do? Why should this young star of the New Frontier fall on Alabama all of a sudden?

The day before his older brother, the President of the United States, told his news conference that the killing was an outrageous crime and said he was shocked over the "assassination" of citizens on public roads.

Has either of the Kennedys expressed shock about the

muggings, knifings, assaults and rapes by Negroes in the public parks and streets of the nation's capital? Is the President concerned because white visitors to Washington are warned by cab drivers and policemen to stay off those streets — even lighted streets — at night?

Did Bobby go to New York City when a white boy was stabbed by a Negro gang in Harlem and thrown in the East River not long ago?

Racial atrocities are overlooked when integration is the way of life. They are "public assassinations" and a "national disgrace" in the segregated South.

By now these conclusions ought to be obvious:

The unfortunate and tragic racial turmoil from Virginia to Texas will never be eased as long as outsiders deliberately cause trouble.

That turmoil is aggravated when men in high places continually stigmatize the South.

That turmoil will continue as long as it can be used as a political weapon by politicians who want the huge Negro votes of New York, Detroit, Chicago, Los Angeles, Cleveland.

The strategy, you see, is to attack little Alabama (11 electoral votes) to win New York (45), Pennsylvania (32), Illinois (27), California (32) and Michigan (20).

So what if you lose the 117 You stand to win 156.

That's worth a trip by the attorney general to Montgomery and words of shock at a presidential news conference.

## GOOD INTENTIONS ARE NOT ENOUGH

The May 13 issue of the Saturday Evening Post features a long article by Dwight D. Eisenhower which is of the utmost importance. Its title is "Spending Into Trouble".

The former President writes: "My sense of duty as a citizen demands that I speak out bluntly regarding what I believe to be a clear danger which could threaten our free way of life and our security as a nation. That threat is the determined effort of our current political leaders to commit the United States to a risky, highly experimental fiscal adventure, based on a questionable theory which I call 'spending for spending's sake'. That policy, which fails to heed the plain lessons of history, now has been un-

Fed up with "No Win"

veiled in what I consider a vast, reckless scope, calling for a larger-than-wartime budget, a deep tax cut and a deliberate plunge into a massive deficit."

General Eisenhower is not opposed to a tax cut — indeed believes that a substantial one is essential, along with tax reforms to eliminate inequities, if the economy is to be invigorated. But he believes, too, that this must be accompanied by heavy reductions in spending — and he finds item after item in the federal budget where this could be accomplished.

Equally important he is concerned with something beyond the dollars-and-cents problem. This is that massive spending, and the resultant deficits, can only lead to the concentration of more and more power in the government. Then more of the decisions will be made by bureaucrats, all thirsty for increased power, rather than by the workers, business-men, farmers and other producers.

He quotes the late Justice Brandeis as saying: "The greatest dangers to liberty lurk in insidious encroachment by men of zeal, well-meaning but without understanding." In sum, good intentions are not enough. They can be a road to disaster.

Co-operating would solve most of our problems. For instance, freckles would be a nice coat of tan if they would get together.

## FEDERAL PAYROLL 8 TIMES OVER '40

The number of federal civilian employees has more than doubled in the past 2 decades and the monthly payroll increased more than 8 times during the same period.

Figures released by the Tax Foundation show that in 1940, 1,280,000 workers were employed by the national government. This total grew to 2,049,000 in 1949, 2,373,000 in 1954 and to 2,484,000 in 1961.

Monthly payrolls jumped in this fashion from the \$177 million total for October, 1940: \$539 million monthly in 1949; \$784 million in 1954 and \$1.2 billion monthly in 1961.

The January, 1963 employee total was 2,462,262.

## FARMERS TAKE LEAD

The American Farm Bureau Federation has spoken out in perhaps the strongest language it has used to condemn federal meddling in the business of agriculture.

At the same time, it takes a crack at foreign aid, federal spending on local projects and concentration of power in the executive branch.

"This year of 1963 should be the year to halt the trend toward an all-powerful central government," the federation president, Charles B. Shuman, told delegates at their annual convention in Atlanta.

This is an optimistic viewpoint and will take more than the strength of a single farm organization to effect it. If it represents farm opinion in general, however, a start will have been made and other groups who have protested federal encroachment will be only too happy to fall in line.

Even organized labor, which has been the most insistent for federal controls is having a change of heart. The controls are creeping into its own bailiwick and union leaders are getting fearful of how rigid they may become.

Regimentation begun 30 years ago has grown more and more pervasive, calling for more and more agencies to administer its rulings. The inherent pitfalls in a power — assumptive government are becoming real and yawning for more victims.

Washington bureaucracy, fattened for more than a quarter of a century, cannot be put on a reducing diet overnight. But it can be placed on short rations by closing the treasury doors against its insatiable appetite.

The colonial farmers won our democracy in the first place, and it may be we will have to look to the 20th century farmer to save it.

## THE COST OF TRAFFIC ACCIDENTS

The playing area of a football field measures 300 feet by 160 feet.

United States currency measures about 2 5/8 inches by 6 1/8 inches.

If a football field was completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills then a layer of twenty dollar bills, then a layer of fifty dollar bills, then a layer of hundred dollar bills, then a layer of five hundred dollar bills — now on top of these eight layers of paper money, dump 2,707 tons of silver dollars and the money on that football field would represent the economic loss we suffered in Texas for the year 1962.

The \$387,843,000 estimated loss for this one year would buy 10,000 homes at \$20,000 each 10,000 refrigerators at \$400 each 10,000 electric ranges at \$350 each 10,000 TV sets at \$350 each 10,000 dishwashers at \$300 each 10,000 automobiles at \$3,000 each 10,000 central air conditioning at \$1,400 each

and furnish the head of each of the 10,000 households with a bank account of \$12,984.

**Return from Iowa And Other Points**

Telling about getting the red carpet treatment on their visit in Iowa are Mr. and Mrs. Al Walterscheid who were guests of honor with the mayor of Lu Verne, Iowa, for the centennial celebration at Hum-

bolt. The mayor of Lu Verne is Mrs. Walterscheid's brother, Henry Loerwald. They were his guests on their vacation last week and rode with him in the centennial parade that boasted 229 units and over 300 horses.

The six-state trip covered over 2000 miles and included

a visit with a nephew, Charles Loerwald and his family at Cedar Falls, a tour of the grotto at West Bend, Iowa, and a stop going and returning at Bartlesville, Okla., with their daughter and family, the Walter Ackers. Among folks they saw in Lu Verne was Richard Hoberer, formerly of Lindsay.

ELAINE FRISKE is spending the summer with her parents, Mr. and Mrs. Arnold Friske at Gainesville. She was graduated from Our Lady of the Lake College in San Antonio in May, receiving her B. S. degree in Elementary Education. She was president of the CCD at the college. Her parents attended the commencement exercises. The Friskes are former Muenster residents.

**25th Anniversary As Priest Marked By Father Devers**

Father Edward J. Devers, observing his silver sacerdotal jubilee this month, has been honored twice in observance of his 25 years in the priesthood. He was ordained June 5, 1938, in Dallas and had his first solemn mass on June 12 in St. Mary's Church, Gainesville.

The anniversary mass was celebrated Wednesday, June 5, in St. Mary's Church at Sherman where he is assistant pastor. Relatives and friends from Valley View, Pilot Point, Muenster and Dallas attended. After mass Mr. and Mrs. Bob Abb entertained in their home with breakfast.

Sunday, all the same group, plus others, gathered at Muenster City Park for a picnic dinner. In a short after dinner program Miss Linda Fisher gave a reading on "The Priest", Joe Fisher Sr., spoke and Father Devers made a short talk in which he expressed appreciation of a Hamric's gift certificate presented him.

Among those in Sherman for the anniversary mass were Joe Fisher Sr., Seminarian Harry Fisher, Mmes Henry Pick, John, Charlie and J. W. Fisher and Charles Taylor and Messrs. and Mmes. Paul Fisher and Clyde Fisher, all of Muenster, Mr. and Mrs. Martin Devers of Pilot Point, Mr. and Mrs. Joe Devers of Valley View, Mrs. Paul Devers and two children of Dallas.

Joining this group and others from Muenster for the Sunday get-together were Mr. and Mrs. Bob Abb of Sherman and Mr. and Mrs. Jim Fisher and daughter Susan of Lubbock.

**SH 4-H Team, One Of Top Winners At State Roundup**

Muenster's Sacred Heart 4-H Clubbers at the State Roundup, Charlotte Wolf and Janice Vogel, teamed up to win third place in cooperative demonstrations in the state finals at A&M College last week. They showed the value of cooperatives and their purpose using the local NTPA plant for their demonstration.

Eight Cooke County 4-H members participated in the contests but the Muenster entries were the only ones from the county to emerge among the top three. They scored 91 points out of a possible 100. They will not participate in the national event.

**2 Couples Observe Anniversary Date**

Mr. and Mrs. Lee Toothaker spent the weekend in Sherman and Sunday joined her sister and husband, the Bob McAfees in celebrating their wedding anniversaries. It was the 41st for the Toothakers and the 43rd for the McAfees.

Other guests in the McAfee home for the celebration were a brother and two sisters and their spouses, Mr. and Mrs. Hugh Tims of Crowley, Mr. and Mrs. Mark Lansford of Fort Worth and Mr. and Mrs. D. L. Wallis and daughter Jan of Sherman. Joining them in the afternoon were McAfee's sister and her husband, the Milton Roberts of Sherman.

**Klement Completes Management Class For Ford Dealers**

Martin W. Klement of Endres Motor Company, Muenster Ford dealership, has been graduated from a dealership management course conducted by the Ford Marketing Institute in Dallas.

The course is one of a number offered to dealers, their personnel and Ford Motor Company employes by professional, full-time instructors.

Subjects range from management and merchandising courses for dealers and their department managers to selling courses for salesmen.

The classes are clearing houses for the most effective management methods used by successful automobile dealerships. The institutes employ the latest personnel development techniques and equipment, and stress group participation in simulated selling or management situations.

Classes also are designed to benefit Ford and Lincoln-Mercury customers by emphasizing quality after-purchase service and adherence to high business ethics.

**Nuns on Vacation One Home for First Visit in 7 Years**

Spending this week in Muenster are Sister Zita, daughter of the R. M. Zippers, and Sister Loretta, daughter of the James Eckarts. They came from New Iberia, La., Sunday, their fathers meeting them in Dallas. Miss Joan Zipper of Dallas came along.

Sister Loretta hasn't been home in seven years and has a lot of catching up to do on family and friends. Sunday was her dad's birthday and having her with the family made the day a special one.

Tuesday Mr. Zipper took Sister Zita to Oklahoma City to spend the day and over night with another daughter and sister, Mrs. Jim Stockman and family. Debbie Stockman returned home after a vacation visit with her grandparents; and Michael Stockman came back with them for his summer visit. David Stockman is extending his visit with his grandparents. He'll stay several weeks.

**Return from Trip To Fort Knox, Ky.**

Mr. and Mrs. John Wieler and Mrs. J. C. Trachta are back from a trip to Kentucky and other points enroute and returning. Going they were accompanied as far as Mt. Carmel, Ill., by Mr. Wieler's sister, Mrs. Anna Shelton of Denton, and returning they were accompanied by the Wieliers' daughter, Mrs. John Broome whom they picked up at Fort Knox, Ky.

Mrs. Broome will spend about a month here before joining her husband in Germany. He is stationed with the army at Bamberg since last January. She waited until the end of the school term to complete her librarian's job.

Enroute the quartet stopped in Memphis to see friends and in Hopkinsville, Ky., to visit the Paul Broomes. They stopped there again enroute home so that Juanita could visit her husband's parents before leaving the states.

Mrs. Shelton is visiting a cousin, Bernadine Keyser, at Mt. Carmel.

**HEAT WATER flamelessly!**

"Keep Junior away from the water heater? No need to, Jane. It's as safe as a refrigerator!"

Safety is just one of the features you'll appreciate in a flameless electric water heater. You'll like, too, the fact that it can be located almost anywhere in your home because it requires no unsightly vent pipes. Most important, you'll appreciate its efficiency and economy of operation with the special low electric water heating rate.

**Death of Father Cuts Visit Short**

A happy vacation for the Richard Hess family ended suddenly when Mrs. Hess received word of her father's sudden death Friday in Hawaii. She and the couple's two children left Sunday by jet airliner from Dallas to be at the funeral Tuesday.

They had planned to stay here through this week while Marine Cpl. Hess was completing his leave before reassignment in Hawaii and were going to drive leisurely to the west coast visiting and sight-seeing enroute.

With Mrs. Hess and the children already in Hawaii, Richard plans to leave Friday. He'll join other Marine personnel in California for the rest of the trip by plane and will be reunited with his family when he gets settled at his new station. Driving along as far as Hereford will be his sister Evelyn and his brother Leroy who will visit their sister, Mrs. Leroy Berend.

**An Open Letter To Farmers from SCS Technicians**

Dear Mr. Farmer:

Past experience has shown that when the rains come our sloping cultivated fields need the added protection of a good terrace system to keep valuable topsoil and water at home where they are needed for crop production. Improved terrace building methods and machines have given us the means of building low, wide easy-to-farm channel type terraces that can be farmed with all types of equipment. Too, terrace spacing has been increased on cropland where the cropping system is all close growing crops.

In looking over the Conservation Plans in our part of the Upper Elm-Red Soil Conservation District, we see that you have some land that needs terracing for which grassed outlets are available. We, in the Soil Conservation Service, are interested in assisting you in getting your land protected with a good terrace system. We will be glad to do the engineering work necessary to establish your terraces.

The Cooke County ASC Office has funds available to assist you financially in building terraces. This year's payment is \$105.60 per mile plus 50% cost of fills. This help can be obtained by applying at the ASC Office in the Post Office Building in Gainesville.

We are all interested in saving our greatest asset — our topsoil. We take this opportunity to remind you of one of the soil conserving practices that can and should be done now.

Please feel free to call on us for assistance.

Yours truly,  
Soil Conservation Personnel

**Auxiliary Gals Lose to Husbands In Softball Game**

The game was more horse-play than softball but it was a two-way success when VFW Auxiliary ladies played their husbands at the City Park Tuesday night. It was fun and it boosted the treasury by \$37.00.

More than 50 runs crossed the plate during the scoring spree and the final tally showed that 29 of them belonged to the men, 23 to the wives. Hits were plentiful on both sides. So were the errors. In fact there were more unearned than earned runs.

A special rule for the game was that the men's team had to consist of husbands of the Auxiliary players. It was a neat method of managing the opposing team but in spite of it the gals did not manage to make the husbands lose.

**Gas Company Will Build \$20 Million Fertilizer Plant**

DALLAS: Lone Star Producing Company's Chemical Division will hold an official ground breaking ceremony for its \$20-million nitrogen fertilizer plant at 11 a.m. Friday, June 21.

According to an announcement by Roy E. Jury, division vice president, the groundbreaking will take place at the plant site adjacent to State Highway 31 six miles east of Kerens in Navarro County. The plant is known as the Trinity River Plant.

Mr. Jury said that a new approach will be applied to the groundbreaking ceremony. "Rather than break ground with the traditional shovels or with blasting powder, we will apply small shovelful of LSP brand fertilizers to some bushes which will beautify the entrance to the plant site." The bushes will be planted around a large plant-site sign. The Trinity River Plant will be completed in late 1964, Mr. Jury said. It will produce about 180,000 tons of LSP brand fertilizer materials yearly using natural gas as the principal raw product. The Chemical Division will employ some 200 persons, with 160 being assigned to the Trinity River Plant, he noted.

Lone Star Producing Company is presently marketing LSP brand fertilizers, both bulk and bagged, through sales service centers at Gainesville, Pittsburg and Vernon, Mr. Jury stated.

Scenic beauty and other sight-seeing compensated for the fish they didn't catch when Mr. and Mrs. Donald Endres joined Mr. and Mrs. Jack Myers of Gainesville on a five-day vacation at Bull Shoals, Ark. The trout they got were fine but not as plentiful as they hoped. Other sight-seeing was at Eureka Springs and Fort Smith.

Visitors with Mrs. M. J. Endres Sunday were her brother and his wife, Mr. and Mrs. Bert Fisch, their son Wilbert Fisch, their daughter Mrs. Dan Biggins and her daughter Miss Kathleen Biggins, all of Fort Worth. The company surprised Mrs. Endres about noon and took her with them to eat at The Center.

Sister Irma Endres who was at AMI Academy in Wichita Falls during the school term left Monday for Washington, D. C., where she will take a course in Christian Doctrine at the Catholic University. From there she'll go to Marquette University for a summer session. She visited here one day last week with her mother, Mrs. M. J. Endres, and together they drove to Sherman and Denison. Mrs. Endres' other daughter, Sister Agnes who was in Beaumont during the school term, is in Fort Worth now at OLV teaching a summer course in reading.

Mr. and Mrs. Kenneth Klement of Gainesville have named their new daughter Carolyn Ann. Her grandmother Mrs. Edgar Klement and an uncle John Neu, took her to St. Mary's Church for her baptism and are her godparents.

Miss Joyce Haverkamp started classes in business college at Dallas Monday. Her parents, the Lee Haverkamps, took her to Dallas Sunday and spent the day with another daughter, Mrs. David Forgy and family where Joyce will be staying. Also a student at the business college is Miss Mary Lou Swirczynski, who started a week earlier.

Jim Walker enjoyed company at his home over the weekend. Visitors Saturday were his niece Ada and her husband, the Keens from Artesia, N. M., who were enroute home after visiting relatives in Gainesville. Sunday visitors came as a surprise and had dinner ready to serve when Mr. Walker returned from services at Shiloh Baptist Church. They were another niece, Theo, and her family — Mr. and Mrs. Bill Dunsworth and Leroy, Kay, Kristie and Benny of Joshua accompanied by Mrs. B. A. Walker and daughter Beverly Ann of Fort Worth.

Back home for a vacation visit are Mr. and Mrs. Gene Strassberg and children Brenda, Karen and Kenny of Dayton, Ohio, who arrived Friday. They are guests of her parents, the Al Fleitmans and

are getting nine-month-old Kenny acquainted with the relationship. This is the little boy's first trip to Texas.

Vacationing in Muenster are Mrs. John Pappas, the former Miss Florentine Trubenbach, and three little daughters Pamela, Teena and Mary Alice of Jacksonville, Fla. They came by plane, family members meeting them in Dallas, and will be among former residents at the homecoming celebration Sunday.

Leaving on an air trip to Alexandria, Va., Tuesday were Mrs. Herbert Meurer, accompanied by Mrs. Lambert Beizer of Gainesville. They'll visit their daughter and cousin, Mrs. Kenneth Wiesman and family. It will be a get-acquainted visit with six-month-old Kurt Wiesman and a renewing of acquaintance with Klair Wiesman, Mrs. Meurer's grandchildren. The visitors plan to be away a week.

Mr. and Mrs. Herbie Fleitman of Denison have named their baby son Michael Lloyd. Father Carl Vogel officiated at the christening in St. Patrick's Church at Denison. Mr. and Mrs. Nick Block of Lindsay are god parents for their first grandson.

Nancy Ann Sicking was baptized Sunday in Sacred Heart Church by Father Bruno. Her godparents are Mrs. Ollie Sicking and Bill Graham, both of Gainesville. Nancy Ann is the new daughter of Mr. and Mrs. Ed Sicking.

Mr. and Mrs. Dave Flusche and two daughters of Lubbock visited last week Monday to Thursday with his parents, the J. P. Flusches and went to Andrews to visit her family through Saturday. Dave will go to summer school and will be graduated from Texas Tech in August. He has earned a scholarship to Arizona State College and will enter there in September to get his Masters in Engineering. All the family was together at the J. P. Flusche home Tuesday night.

Muenster Jaycees took a bus load of boys — 33 of them — to Nocona to the Jaycee sponsored carnival Thursday night and got the word around that they're sponsoring a fish fry Friday June 21 at Muenster City Park.

Spending a few weeks as guests of Mr. and Mrs. Ernest Medders are friends from Memphis, Tenn., Mr. and Mrs. Carl Webb and four children. Another visitor in the home is Stephen Walker, a classmate of the Medders' son Eugene Riggs. Both are seminarians at Subiaco, Ark. Monday the Medders and Webbs were in Dallas on business.

They were guests of the Sam Williamsons at Saint Jo and visited the Joe and Russ Linns enroute home. Other visitors at the Russ Linn home were their children, the Ray Smiths and son Craig of Dallas and the Tommy Linns and son of Gainesville.

## Now's Best Time To Spray Bagworms Says County Agent

County Agent Neil Tibbets has reported that bagworms are present in rather large numbers throughout Cooke County and that damage to certain trees, especially to the evergreens, can be expected if the pest is not controlled.

"At this time," said the agent, "the bagworms are small and can be controlled successfully by proper spraying or dusting of the plants with insecticides. It is important to apply the chemicals early enough, however, to destroy the worms before they become too large and cause serious damage."

He suggests a check of all plants around the home, especially of the evergreens, for the sign of the bagworm: the spindle-shaped sack which may be hanging from the twigs, leaves and branches.

The agent recommended the following insecticides as excellent for controlling the bagworms in Cooke County:

Malathion. Add one to one and one-half ounces of a 50 per cent emulsifiable concentrate to five gallons of water.

Toxaphene. Add two and one-half ounces of 60 per cent emulsifiable concentrate to five gallons of water.

Sevin. Add one and one-half ounces to five gallons of water.

Lead arsenate. Add two and one-half to three ounces to five gallons of water.

"In addition to the foregoing materials," said the agent, "there are several brands of combination sprays — two or more insecticides used together — which will give good control of bagworms and other pests. One of the common sprays in combination contains malathion and DDT. Such sprays are available at stores that handle household or agricultural chemicals."

Sprays are preferred over dusts, and the instructions on the label for mixing and using insecticides should be followed with extreme care, cautioned the county agent.

At a recent political meeting, Sen. Hubert Humphrey, D-Minn., said he once learned not to cross barbs with former Pres. Harry Truman. He recalled a time when he was campaigning for the Senate and Truman came through Minnesota on a visit.

"I asked him how come Minnesota seemed to have all the Swedes and Missouri seemed to have all the mules," Humphrey said.

Harry fixed me with a steely eye and snapped: "I guess it's because Missouri had first choice."

**June Is Biggest Production Month In Dairy Business**

June is generally the month when "Old Bossy" gets busy and starts producing more milk than most any other 30-day period of the year.

This annual cycle triggers a fast response in the American Dairy Association which immediately gets busy making America "milk conscious". The purpose is two-fold: the milk industry wants to prevent a seasonal glut on the market and it also wants the public to do what's good for it anyhow — use more dairy products in the daily diet.

A surprising number of our citizens are "overfed and undernourished" despite the fact that the United States has the most abundant supply of foodstuffs in the world. Most diets that are insufficient in proper vitamins could easily be corrected by the regular addition of dairy products — especially milk and cheese.

Texas is traditionally a "deficit area" in milk production, requiring the importation of dairy products from other states. But even here, supplies are plentiful and economical and a "must" for the health of the average family.

In 1963, milk production may reach a level of about 126 billion pounds, or enough to supply every man, woman and child in the U.S. with about a quart of milk a day. Milk is fundamental in any well-balanced diet — particularly for children who are usually prone to fill up on candy and soft drinks when parents aren't looking. Our older citizens will find milk is their best and most economical source of calcium as well as a good source of protein — the building block of life.

In recognition of the dairy industry's contribution to American diets, the Texas Department of Agriculture is wholeheartedly and actively endorsing the "June Dairy Month" promotion.

The Joe Galloway family is spending four days this week visiting with his mother at Hamlin, Tex.

Members of the Idle Eight Club and five guests were present for the June meeting of the club in the home of Miss Anna Hellman. In a progressive 42 series Mrs. Ben Seyler, a guest, won high score and Mrs. Clarence Wilson, another guest, drew the door prize. Other guests were Mmes. Paul Nieball, Joe Hoenig and John Kathman. The hostess was assisted in serving refreshments by Miss Jeannine Hofbauer.

The Bill Birdens and son left here Tuesday night after a few days' visit with her parents, the J. M. Weinzapfels. They were enroute to San Diego, Calif., from Milwaukee, Wis., on his new assignment with the Navy.

**Early Observance Of Golden Wedding Grooms Greet Joe Sturms**

Having a golden wedding anniversary celebration well in advance of the actual date came as a complete surprise to Mr. and Mrs. Joe Sturm. The observance on June 5 was planned by their children and grandchildren, all of whom were together for the first time in 15 years. The family party was held at the home of the honorees' daughter, Mrs. Al Kleiss.

Joining in the observance with the Kleisses and their children Mike, Gene, Ruth and Mary Ann were Mr. and Mrs. Reuben Sturm and children Joyce and Bobby of Carroll, Iowa, and Mr. and Mrs. Ted Bare and children Dixie, Sylvia and Mary Jo of Chariton, Neb.

Mr. and Mrs. Sturm have lived in Muenster since 1933, moving from Lindsay where they had farmed since their marriage on Nov. 17, 1913. They farmed northeast of Muenster until three years ago when they bought a home in the city.

Mrs. Sturm, a native of Hay Springs, Neb., born in 1890 came to Texas with her parents when she was three years old. They settled at Myra and her father, William Jahn, was postmaster and operated a general merchandise store at Myra for eight years until his sudden death. His family later moved to Lindsay. It was here that Miss Mary Jahn met Joe Sturm who had come to Lindsay in 1905 from Mt. Carmel, Iowa when he was 14 years old.

The surprise celebration featured a noon dinner for the family and presentation of a joint gift to the goldenweds.

much better than average people in most other countries. Those who merited advancement were doing it on their own and were respected for it by both races. In general they were living by the American tradition in which each person shapes his own destiny.

They were satisfied with that condition until the something-for-nothing smart alecs came along preaching that they are entitled to share in the better things that Whites had attained for themselves. Many of them had no use for such ideas. They preferred their old way of earning their advancement and living harmoniously. But there are greedy Negroes like greedy Whites. They had to move faster, demanding things they had not worked for. The movement inevitably brought resentment and hatred. Harmony on a person to person basis became strained as people regarded each other as members of the other race.

The situation was aggravated further by our government's failure to crack down on trouble makers, many of whom were reds with a sole purpose of creating racial strife, scoundrels who worked on both races to cause hatred of the other.

Also due some of the blame were self seeking politicians who played the racial issue to get the votes of Negro

The little boy was visiting a farm for the first time in his life. He was taken out to see the lambs and finally built up enough courage to pat one. He was delighted. "Why," he cried, "they make them out of blankets!"

groups in the East and North. They feathered their nests by hounding the South, taking advantage of the political absurdity that Southerners continued voting a straight ticket in spite of the party's abuse.

The same thing is still going on. Federal troops are sent South to deal with troublesome Whites but do nothing about Negroes who get out of line in the North. Political demagogues of the North should be aware that the racial mess is of their making. It's time they had an awakening of conscience.
