To make us feel a little less resentful about Soviet progress in Cuba, the Administration has told us that staying in Cuba is costing Khrushchev a million dollars a day. Now comes Senator John Tower reminding us not to be too satisfied with the thought of K's economic difficulty because, in fact, the big red is making a handsome profit out of his colonial venture in Cuba. He says Russians are buying sugar from Cubans at less than the market price, selling it on the world market at the going price, and gipping their subjects for exorbitant prices. According to specific figures he quoted, the Soviets give 4 cents a pound and sell it to the world's free nations at 8 cents a pound. The really profitable mark-up comes in satellite countries where people have to pay \$1.12 a pound.

It's hard to beat that kind of business, and it goes to show that the most unscrupulous capitalist ever criticized by the reds was soft hearted in comparison to the reds themselves.

But that's only a part of the story. The Cubans don't get nearly 4 cents a pound. That's only the figure agreed to as a basis of trading. Only 20 per cent is paid in cash. The rest is paid in Soviet goods, equipment and weapons, for which the reds set a high price.

And that still isn't all of the story. Russian practice for years has been to let the satellites have only those items that red bosses are willing to spare. Cubans get not what they want but what Moscow wants to send.

Believe it or not, that still is not the end of the Soviet gyp game. As learned by all nations that received Russian goods, the quality is notoriously shabby. Items that might be useful do not last long and the Cubans become dependent on Russia's atrocious repair service. Spare parts are slow in coming, as poorly made as the original pieces, and also as outrageously priced.

That's the net result of the magnanimous help given by Khrushchev to the people of Cuba. That's what reds have substituted for the "Yankee Imperialism" by which, as reds say, this country held Cuba in economic bondage.

So, it seems, contrary to managed news releases, Russia is not going broke supporting its new colony in Cuba. And we don't have sufficient reason to think that the cold war in our hemisphere is going our way. We're not winning. We're losing every day, economically as well as militarily. Khrushchev is getting stronger and our problem is getting bigger.

What's going to be the end of it all? Will we ever muster the honesty to admit the urgent seriousness of the mess, or the gumption to tackle it with a will to win. Common sense tells us it needs to be done unless we permit all the Latin Americas and finally ourselves to drift into communist slavery.

As usual, the faint hearted are wailing that we have to take it easy rather than risk nuclear annihilation. They have already been brain washed by the missile rattling tactics of red propaganda. They prefer to negotiate even though they realize that is the method by which Soviets have been making their gains. Agreements are one sided despite seeming fairness of terms that come out of conference. Promises are meaningless to nations that have no honor. We do as we agree and the Russians do as they please.

A more effective method is imperative. The only resort left to us is using force, the one thing that they respect.

That doesn't necessarily mean war, but it does mean that we must show a willingness to fight. Like the ultimatum of last October, it can be effective, and it will remain effective if we'll stand our ground and refuse to be suckered by more deals for us to observe and the reds to violate.

Above all such firmness should be accompanied by a determination to see the struggle through, once and for all. Why kid ourselves? Why be content with this containment stuff when we know that commies are out to get us? Self preservation demands that we set out to get them. Still, this doesn't necessarily mean war. As before, reds will back up when convinced.

Memorial Service Sunday To Honor Area War Victims

Deceased services men of Muenster will be remembered Sunday in the annual memorial service conducted by the VFW and Auxiliary in cooperation with the pastor of Sacred Heart Church. As usual the ceremony is being observed on the nearest Sunday in order not to interfere with the busy harvest season on Memorial Day.

The service will begin with procession from church following the 10:30 mass. At the cemetery the crowd will go first to the crucifixion group at the center where Father Alcuin will lead in prayers for all deceased of the community. Then the crowd will go to the service men's graves for religious and military rites.

Father Alcuin will lead prayers for the deceased veterans and deliver a sermon, after which a detail of VFW members will conduct the military services consisting of a 3-volley rifle salute and taps.

Flowers also figure in the ceremony, that part of the program being conducted by the VFW Auxiliary. Small children, relatives of the deceased men if possible, will place wreaths on all of the graves. There will also be a floral arrangement placed at the crucifixion group and another at the monument in the veterans area.

All Gold Star parents will receive corsages and boutonnières. Commemorating the golden anniversary of the VFW Auxiliary the corsages and boutonnières will be fashioned from gold colored buddy poppies.

Attend Cousin's Funeral Relatives here received word of the death of Mrs. Willie Bindel in Denver, Colo., Sunday. She was a cousin of the Bindels and Trubenbachs. Death followed major surgery. She was about 55. When she visited here a few weeks ago she told relatives of the operation. Mrs. John Grewing went to the funeral, accompanying Mrs. Fred Steinberger of Windthorst. The funeral was held Wednesday.

New Metal Crosses Beautify Graves Of Service Men

Permanent and good looking metal crosses marking service men's graves in Sacred Heart Cemetery will add a touch of beauty to memorial services Sunday. Erected about two weeks ago, they replace the wooden crosses that have been there since the area was set aside for service men during World War II.

Making them was a VFW project requiring many hours of work. They are of heavy two inch tubing with the horizontal bar welded on, also with welded-on discs closing the open ends at top and sides. When built, the salvage material was sanded and painted with rust proof primer paint, then a coat of white paint.

Name plates too are good looking. They are specially made of heavy weather proof plastic with white lettering on a black background.

They will mark the graves with dignity, reverence and military uniformity for many years.

Twenty five of them are erected, 24 complete with name plates and one awaiting the next service man's funeral.

News about the crosses got around among veterans even before they were erected. As a result the local men built more of them, for graves at Lindsay and Rosston. Several extras were also built for use when they are needed here.

Robert Fetsch Is Valedictorian at Subiaco Academy

Robert Fetsch, son of Mr. and Mrs. Paul Fetsch, attained highest scholastic honors at Subiaco Academy in Arkansas to be valedictorian at graduation. Commencement exercises were held on the morning of May 24.

During his four years at the Academy Robert compiled an average of 94.95. He is also a four year letterman in band and a two year letterman in the Choral Club. This term he participated in the school's boxing program. He intends to continue his pursuit of the priesthood and will attend St. Bernard Seminary in Alabama next year, studying for Subiaco Abbey.

Mr. and Mrs. Fetsch and children Monica, Joan and Gary attended the graduation exercises and Robert accompanied them home for the summer.

Service Network Of Pipe and Wire Is Up at Hospital

Folks who would like to see what will be behind the walls and above the ceiling of Muenster Memorial Hospital can find no better time for looking than now. It will not be long until all those things are hidden by plaster.

Metal lath for plastering is erected in practically all parts of the building and the first course of plaster is being applied now. Meanwhile the intricate network of piping is nearing completion.

At least eight kinds of piping or wiring serves every patient room in the hospital. There are ducts to supply fresh air, pipes for hot and cold running water, another pipe to circulate water for cooling and heating, an oxygen pipe, conduit for electric circuit, wire for TV antenna connection and wire for phone connection.

Estimated date for opening, originally set at September 1, has been postponed a month.

Mrs. Mosman on Committee to Pick State Textbooks

Mrs. John Mosman, science teacher at Muenster High, has been invited to serve on a state-wide committee to select chemistry textbooks for high schools of the state of Texas. She received the request this week from Christine Kirkpatrick of Denton, chairman of the committee.

The committee's job is to serve as adviser to the Texas Education Agency in adopting chemistry textbooks. It studies all the books submitted by publishers and recommends six, which are customarily adopted by TEA. Those books then become official textbooks for six years, and each school is permitted to select one of the six for its use.

Books selected by the committee will go into use in September 1964.

NEWS OF THE SICK

Fred Hennigan Sr. continues as a patient at Gainesville Hospital, Lindsay Street, for treatment of a back ailment.

Timothy Walterscheid, 21-months old, and Ruth Walterscheid, two and a half years, children of Mr. and Mrs. Ervin Richard Walterscheid are at Scottish Rite Hospital in Dallas. Timothy will be there about three weeks for hand surgery and Ruth will be a patient about ten days for foot surgery. The parents visited the youngsters Sunday.

Mrs. M. L. McGowan is back at home in Gainesville convalescing from recent gallstone surgery. Her mother, Mrs. E. S. Lawson who spent a week in the McGowan home has returned to Muenster.

Herbie Miller was in Dallas Monday to Thursday for nose treatment. He had minor nose surgery last week at Gaston Hospital.

Bernard Haverkamp entered Gainesville Hospital, Lindsay Street, Tuesday for treatment of pneumonia.

Ralph Esker of Oklahoma City has let his sister, Miss Gertrude Esker, know that he is a patient at Midwest City Hospital with a broken back sustained in a fall. He was to undergo surgery this week.

Joe Voth was dismissed from Gainesville Hospital Tuesday after about a month of treatment for a broken back. The injury is in a walking cast now he's up and around some.

Hospital Bonds Become Available Here on June 13

The additional funds required to complete this community's share of financing the hospital project are expected on June 13. At that time the bonding firm will hand over its check in exchange for bonds, which have been printed and sent to the attorney general of Texas for inspection and processing.

The total bond issue is \$300,000. \$250,000 of that will be sold by the bonding company and the remaining \$50,000 will be retained by the hospital authority for sale to local investors.

J. M. Weinzapfel, president of the authority, said all bonds will be in the amount of \$1,000 and maturity dates will be from 1967 to 1973. The bonds will bear interest of 4 1/2 per cent, which is exempt from income tax.

Money received from sale of the bonds will be used to finish construction, equipment and furnishing, and also to provide a fund of \$50,000 of the beginning of operation.

To meet requirements of the bonding firm, the bonds are set up to be paid out of the hospital's revenue, but the hospital authority directors intend to make all the payments out of donations. That plan is in keeping with the agreement originally made with the Benedictine Sisters, that their administration would not be burdened by debt.

When the drive first started here and the sisters agreed to take charge of operation, the intention was to finance all of the community's share of cost by donations. The goal was not reached in time, so the money had to be raised by bonds in order to avoid a shut down of construction. But that does not change the original plan of paying all by contributions. The hospital campaign will continue until the debt is paid.

In selling the bonds hospital directors made arrangements to pay ahead of schedule and save interest, if the money is available. Accordingly they point out that donations are still welcome, the sooner the better.

CORRECTION:

In last week's report on city street improvement the Sixth Street project was listed incorrectly. The intention is to complete the curb to curb width and resurface from the hospital entrance to Main Street only. The portion from Main to the cemetery is not included in the project.

250 Here for VFW Weekend District Meeting

About 250 persons from 11 posts and auxiliaries of Veterans of Foreign Wars in District I gathered here during the weekend with Muenster Post 6205 and its Auxiliary as hosts for the district meeting.

Principal business was election of district officers and principal social events were a Saturday night dance and a Sunday noon banquet.

The banquet crowd heard an address by Billie L. Dorris, Department representative, of Austin. He was accompanied by his wife Doris.

Other speakers included Father Alcuin Kubis, Muenster Mayor Earl Fisher extended welcome. Sheriff Bill Pratt and his wife were special guests.

Next district meeting will be in Lewisville August 10-11.

The group made plans to attend the state encampment at Lubbock the latter part of June.

Charlotte Wolf Wins State Fair 4-H Honor Award

Charlotte Wolf has annexed another honor to her ever-growing list of 4-H achievements. She has been named winner of the 1963 State Fair 4-H Honor Award.

The State Fair Award is presented to a 4-H boy and girl in each of the 12 districts comprising the Agricultural Extension Service of Texas A&M College. Charlotte is winner in the 19-county District 4 which includes Cooke County.

Miss Wolf, 17-year-old daughter of Mr. and Mrs. Lou Wolf, is a member of Sacred Heart Senior 4-H Club. Her honor was announced by Mrs. Tom Joyce Cunningham of Denton, district home demonstration agent.

Charlotte has completed five years of study and work in dairy foods, home improvement, gardening, leadership, food preservation and home-stead improvement. She can also look back on eight years of hard work in dairy foods and in foods and nutrition.

She was graduated from Muenster High School this year and thinks she may major in home economics in college. In that she is already well-grounded.

In 1962 she was winner the third year in Dairy Foods Division in District 4 Favorite Foods Show from which she went on to win the statewide championship at the 4-H Roundup at Texas A&M. She also was a 4-H Dress Revue winner in the county.

In 1961 she won the District 4 Elimination Contest with her home improvement record book. This year she is chairman of the Cooke County 4-H Council.

Miss Wolf, her parents, and Evelyn Yeatts, assistant county home demonstration agent, will be honor guests at a dinner-dance next October. The event is sponsored by State Fair officials and will be in Dallas.

100 Books Added To City Library

City Library added 100 books this week and had the librarians putting in extra time unpacking and arranging the volumes. They arrived Tuesday.

The books are on loan from the State Library in Austin for summer reading and will go back in September.

Garden Club Will Collect Sunday for Cemetery Fund

The semi-annual collection for Sacred Heart cemetery will be held next Sunday after all services in the church. Members of the Muenster Civic League and Garden Club will be at the doors to accept the donations, and people are urged to remember their donations as they come to church.

Funds received are used for cemetery maintenance which includes watering, mowing, trimming and replacement of shrubs. A committee of the Garden Club, headed by Mrs. Tony Gremminger and Mrs. Tony Otto, supervises the cemetery care for the parish.

Fertilizer Center Open House Dated Tuesday June 4

Formal open house for Lone Star Producing Company's new Gainesville Fertilizer Sales Service Center will be held from 2:00 to 4:00 p.m. Tuesday, June 4, according to R. E. Jury, Chemical Division vice president.

The Center, to be operated by the Company's Chemical Division, is located on the old Oil Mill property in the 1500 block of North Dixon Street.

Service Center employees and company officials will host area agricultural agents, fertilizer dealers, soil conservationists, agricultural equipment dealers, FFA and 4-H representatives and representatives of industrial, civic and business organizations. The public also is invited to attend. Refreshments will be served and favors will be given to those in attendance.

An outstanding feature of the open house will be the presentation of a special door prize for farmers only. This unique prize consists of a soil analysis and sufficient fertilizer for ten acres of wheat. The winner may obtain the fertilizer from the dealer of his choice.

The Center, which put its first bag of fertilizer in the warehouse May 20, will supply bulk and bagged fertilizer mixed goods. "The Service Center will also serve as a warehouse and sales outlet for our urea 45 and ammonium nitrate," Herbert D. Pence, foreman, said.

Dealers in a wide area of North Texas and Southern Oklahoma will be serviced by the Center.

Pastors Return To Monastery for Annual Retreat

The three pastors of Sacred Heart Parish, Fathers Alcuin Kubis, Martin Fischer and Bruno Fuhrmann, will be away from their usual duties here next week while attending the annual retreat at their Monastery in Subiaco, Ark. They will leave here about noon Sunday and return Thursday night.

During their absence Father Thomas Taafe of St. Mary's Church, Gainesville, will substitute twice — for Sunday evening mass and Tuesday night novena services. Father Taafe will also be available for emergency sick calls.

There will be no masses here Monday through Thursday. The pastors will be back for their regular schedule of masses on First Friday.

Braves, Dodgers And Ravens Lead In Kid's Baseball

The Ravens are leading with two wins after Wednesday night's Junior League games and the Crows are in the cellar. Between them with 1-1 standings are Hawks and Jays.

The opening game was a 12-10 win for the Ravens over the Hawks and second was a 17-10 win for the Jays over the Crows.

Lead of the Senior League is shared by the Braves and Dodgers. In opening games last Friday night Braves beat the Yanks 5-4 and Dodgers beat the Giants 18-13.

Next action, Friday night, will match the Yanks and Giants at 7 and the Dodgers and Braves at 8:30. Wednesday it will be Ravens and Jays in the first game, Crows and Hawks in the second.

Grain Harvest Delayed by Rain Wheat Yield Good

Unless harvesting weather here changes soon this year will be recorded as one in which a good crop was lost in the field. A normally good yield is there but combines are unable to get to it.

The 1.43 shower early Thursday prolongs a pattern that has been in effect since the grain was ready.

Scattered fields were ripe early last week. Then came a 1.42 rain on the 20th which postponed harvesting until the end of the week. After about two days of good cutting farmers were delayed again by the Monday night shower measuring .37.

A few tried it again Wednesday afternoon but found the grain still wet. Signs were that it would be fine for Thursday. But then, the third delay, which will stop work at least until early next week.

From harvesting done so far it is apparent that community crops are good again. Reports range from 15 to 40 bushels per acre and averages are estimated from 20 to 30. But now the big question is how much of it will be saved.

Rains are causing grief in the hay harvest as well. Lots of farmers have been caught with their cuttings on the ground.

However, there's a bright side to it all. Corn, sorghums and pastures are thriving. Total rainfall for the month after the Thursday morning measure stands at 4.62 inches. The year's total is 10.60.

5 Local Students In Commencement At Junior College

Five Muenster students were included in the group of 78 sophomore students in graduation exercises at Cooke County Junior College last Sunday.

Joe Galloway, Theodore Miller and James Moster received diplomas. Milton Fette and William Fisher participated in the service and will receive diplomas on completion of their work in summer school. About one third of the students were in that group.

N. Texas District Catholic League Meets in Lindsay

More than a hundred delegates from five parishes of the North Texas district of the Catholic State League joined other residents of the area in attendance at the spring district meeting in Lindsay Thursday with St. Peter's Parish as host.

Morning workshops, dinner at noon, and afternoon business sessions filled the day and a social evening with a dance concluded the convention.

Parishes represented with Lindsay were Muenster, Scotland, Windthorst and Pilot Point.

Workshops in the morning and addresses in the afternoon were themed on understanding the League and its benefits, organization, membership and constitution and by-laws.

Father Martin Fischer was principal speaker for the afternoon session. Other speakers included Father Alcuin Kubis, Mrs. Raymond Zimmerer, Mr. and Mrs. Joe Kraus, Ben Reinegee, Mrs. Patty Kainer and Claude Marty. Presidents of affiliated societies gave their reports and Cecil Isbell presented rural life awards to essay-winning students.

State President Reinegee announced the state and national convention of the Catholic Central Union August 16 through 21 in San Antonio.

WE'RE NO WORSE OFF

In expressing his discouragement at the lack of progress in achieving a nuclear test ban agreement with Russia, President Kennedy told his 8th press conference that he was "not hopeful" — and repeated the words for emphasis. And in reply to a second question on the subject, said that while we seemed to be moving closer to agreement in December, but away from it today. He expressed the belief that it will be "a great disaster . . . if we don't get an agreement this year."

Presumably, he sees ahead nothing more encouraging than further rounds of nuclear weapons-testing by the USSR and the US. In what is probably the most bitterly pessimistic remark of his life, Mr. Kennedy said in concluding the discussion: "If we don't get it (a test-ban) now, I would think perhaps the genie is out of the bottle, and we'll never get it back in again."

The President's disappointment will be shared by all those Americans and all the others among the earth's still-free peoples who continue to cherish the baseless hope that the Reds may some day honor an agreement — when they have been telling us flatly for 35 years, and proving it repeatedly, that Communism is their only ethic and that they will take whatever action is to their advantage in any situation.

Realistically, the genie is not now in the bottle — and has not been since Einstein opened it with his relativity equation. What we had most to fear from the decade-long disarmament talkathon in Geneva was an agreement — on any inspection terms — an agreement that we would honor and our enemy, avowedly, would not. Historically, our enemy would ignore this pledge as he has every other when it suited his advantage — as he did after Yalta, and repeatedly in Berlin and even in this very area of nuclear control.

Or have we forgotten the two-year "moratorium" which we so trustingly kept?

A Dead Goose Lays No Eggs, Pays No Taxes

OUT OF STEP?

A few weeks ago Cong. Olin E. Teague sent out a questionnaire to the voters of the sixth congressional district of Texas. There were 10 questions listed, all pertaining to important matters to be considered by this congress. There had been 3,221 of these questionnaires returned by March 26.

Here are the propositions on Mr. Teague's questionnaire, and the results of the poll.

1. Immediate tax cuts are necessary for both individuals and corporations to promote national economic growth. Yes, 959; No, 2,140; No answer, 122.

2. The foreign aid program should be continued with appropriate revisions to meet changing world conditions. Yes, 981; No, 2,107; No answer, 133.

3. Congress should enact a compulsory federal program of medical care for the aged under social security. Yes, 741; No, 2,404; No answer, 76.

4. Do you favor federal aid to education for construction of schools, paying teachers' salaries, and expanded scientific training? Yes, 549; No, 2,608; No answer, 64.

5. Should non-service-connected pensions be increased for 65 year old veterans? Yes, 477; No, 2,645; No answer, 99.

6. Should authority be granted the Department of Agriculture to apply supply-management controls to major crops in return for guaranteed price support. Yes, 521; No, 2,554; No answer, 146.

7. Should laws be enacted to provide a formula for reduction of the national debt? Yes, 2,223; No, 818; No answer, 180.

8. The nation's space program must continue to have high priority and support. Its success is vital to the prestige and security of the nation. Yes, 2,030; No, 975; No answer, 216.

9. In general, do you agree with the programs of the Kennedy administration? Yes, 722; No, 2,345; No answer, 154.

10. Should the Peace Corps be expanded and should a domestic Peace Corps be added? Yes, 1,066; No, 1,862; No answer, 293.

These replies indicate one of two things. Either the sixth district or the administration is out of step with the rest of the country. Somehow we

cannot feel that the people of this district are a great deal different in their thinking than the majority of other Americans across the land, and we dare the other members of congress to try the same things in their districts. It is just possible — quite probable — that they will discover the voice of the people expressed far more clearly this way than on issues discussed during a political campaign. — Italy News - Herald.

Herbert Hoover says: "I have come to believe that moral forces and certain forces imbedded in the soul of America are more important than all of the other issues — for they lay at the base of their solution. The Nation needs a rebirth of a great spiritual force which has been impaired by cynicism and weakened by foreign infection. Call it nationalism if you will. But there is an American kind of nationalism which is neither isolationism nor aggression and embedded deep within it is compassion for distress both at home and overseas."

DON'T GIVE TOO MUCH

Did you ever hear of the Poultry Products Section, Inspection Branch, Poultry Division, Agricultural Marketing Service, United States Department of Agriculture? It's hardly likely that you have. But the Mione Packing Company, in Newberg, Oregon, certainly has.

Mione sells chickens packed in glass jars, and it has found a market which it pleases. But a while ago an inspector from the Poultry Products Section, etc., etc., found that it was guilty of illegal labeling. The labels said the jars contained a pound of chicken. But, when weighed, it was found that there was more — 17 1/4 ounces.

A Mione spokesman explained that the jar supplier hadn't been able to provide a container holding a precise 16 ounces. So the company was giving the buyer more than was claimed. And, boy, that's illegal! Mione has changed its label, showing that there are 17 1/4 ounces of chicken inside, not just 16, and the trouble is apparently over.

Such are the ways of bureaucracy. Write your own moral.

DO SOVIETS CHEAT??

William C. Foster, Director of the Arms Control and Disarmament Agency (ACDA), is quoted in the Southern States Industrial Council's Bulletin as having said in press reports that the Soviet Union would not cheat on a nuclear test ban once it accepted a treaty.

Under the caption "How Naive Can A Grown Man Be?" The Bulletin quotes the reaction of Rep. John M. Ashbrook (R.-Ohio) who called it the "most fantastic brainwashing statement ever made to insult the intelligence of the American people."

This little item came to our attention just after we had finished reading an excerpt from a report by the American Bar Association's Committee on Communist Tactics, Strategy and Objectives.

This quote follows: "During the last 25 years, the United

States had 3,400 meetings with the Communists including Teheran, Yalta, Potsdam, Panmunjom, and Geneva. The negotiators spoke 106 million words (700 volumes). All this talk led to 52 major agreements, and Soviet Russia has broken 50 of them."

If Mr. Foster has been quoted correctly, we can only hope this was just one of the "slip-of-the-tongue" viruses which have been plaguing Washington officials in recent months. Memphis, Tenn., Cotton Trade Journal

Expense Account

One of our thoughtful and cultured correspondents having read all about the Internal Revenue Service's impending "crackdown" on expense-account accounting, dug through the library and came up with a rhyme written years ago by the late poet, Robert Frost:

"Never ask of money spent
"Where the spender thinks it went,
"Nobody was ever meant
"To remember and invent
"What he did with every cent."

The correspondent says he does not know the title, if any, Mr. Frost used for this bit of philosophy, but in view of current events, the correspondent suggests:

"Owed to a tax collector."

Benedictine Nuns Do CCD Work in Mission Parishes

Henrietta, Montague, and Nocona have, for the past forty or more years benefitted by the CCD work of the local Benedictine Sisters. Many older parishioners of Sacred Heart will recall those days, long ago, when they would furnish transportation for the Sisters to Montague. Those Montague fiestas in connection with Forty Hours Devotion, surely could not have been forgotten by those who, for the closing of the Devotion, would lend their voices to solemnize the occasion — and then were treated by the good people of Montague. Bi-weekly, five teachers of Sacred Heart travel 114 miles, (round trip) to instruct more than one hundred children and teenagers at the three Missions. The Sisters leave Muenster about 7:30 a.m. on Sunday morning, travel alternately to Montague or Nocona, where they teach one hour after the Mass. Without delay, they then travel to Henrietta where they teach one hour before the Mass there. By noon, the Sisters are back again at their Convent. The present group of teachers, privileged in doing this work, includes Sister M. Theresina, who teaches the high school students; Sister M. Alberta, who instructs the seventh and eighth graders; Sister M. Ann, who teaches grades four, five, and six; Sister M. Henrietta, who teaches the second and third grade pupils and prepares the children for their First Communion, and Sister M. Genevive, who adapts the word of God to

the pre-school and first grade pupils.

First Communion Day was solemnized in Henrietta at the 7:30 a.m. Mass on May 19. The following children received their First Communion on that day: Tony Borgman, Raymond Bullinger, Howard Hardman, John Herring and Jean Ann Jackson. In Nocona, at St. Joseph's Church, First Communion was solemnized at the 11:00 a.m. Mass, where some of the children who received their First Communion represented the third generation which has had the local Sisters as teachers. Children in the class were as follows: Norma Duchaine, Janet Kimpler, Stacia Storey, and Susan Whitecotton. The Sisters are happy to do the CCD work besides their work in the parish, and they consider the people of the three parishes as their good friends.

visiting their son and family, the Maurice Stelzers at Quanah and that the two men caught 250 pounds of fish on an outing.

Visiting in Muenster for the first time is Mrs. Ruth Webster, sister-in-law of Mrs. W. L. Scoggins, who came from Sacramento, Calif., Friday for a week's vacation. The Scoggins family is showing Mrs. Webster the sights of interest and taking her for outings at Lake Texoma. Covering lots of territory in five days of travel the past week were Brother Thomas Moster, Leon Endres and Donny Stoffels. They made a sight-seeing tour of several Louisiana cities including Baton Rouge and New Orleans. In Baton Rouge they visited the state capitol and attended a session of the senate. The French Quarters and old

churches were especially interesting in New Orleans. Enroute home they visited the capitol and cathedral in Jackson, Miss., and then attended graduation at Subiaco Academy in Arkansas. T. Miller is back after being in Excelsior Springs, Mo., for his health. And he brought a friend home with him. The guest was O. J. Bedrick of Outlook, Saskatchewan, Canada, who was seeing Texas for the first time. The two were at Excelsior Springs together and struck up a fine friendship. Mr. Bedrick left during the weekend planning to see the Rio Grande Valley and other points in Texas before returning to Canada. Mrs. Leroy Berend of Hereford arrived last Thursday for a visit with her parents, Mr. and Mrs. Ed Hess and family while her brother Richard and family are at home on leave from his Marine duty. Mr. and Mrs. Ervin Hamric had their grandson Michael to enjoy all last week while the little boy and his mother, Mrs. Burt Hamric of Norman, Okla., were guests. Burt finished classes at the University of Oklahoma Friday and came for a weekend visit before the family went to Casper, Wyoming, where Burt has a job for the summer. He'll be working for Mobil Oil Co. Mrs. Joe Pelzel has returned to her home in Pilot Point after spending two weeks in Gainesville with her daughter and family, the Leo Felderhoffs. One of the highlights of her visit was seeing her granddaughter, Darlene Felderhoff, in kindergarten graduation exercises at St. Mary's Church. Darlene's other grandmother, Mrs. John Felderhoff, was there also to see Darlene get her diploma. Visiting Sunday with Mr. and Mrs. J. W. Fletcher and their guests for dinner were their son and family, the Jack Fletchers, Sara and Sue of Denton.

House Work Made Easy Is Discussed At Hd Club Meet

Muenster Home Demonstration Club's May meeting was held in the home of Mrs. Norbert Klement with Mrs. Joe Hoening the program leader. She discussed "Up to Date House Care," giving hints on how to make house cleaning easier, and distributed leaflets on the subject.

Also on the program was a color slide show on draperies and bedspreads. It was shown by Mrs. Henry Pick.

Mrs. Paul Fisher, president, presided. After adjournment Mrs. Bernard Wolf conducted recreation and Mrs. Klement served refreshments.

Mrs. Arthur Williams will be hostess for the June meeting.

Course to Speed Reading Ability Offered at CCJC

John Shepherd, dean of instruction at Cooke County Junior College, announces the beginning of a summer reading institute at the local institution. The summer reading improvement institute will be presented in the day college and is open to junior high and high school age students. The program will be of a non-credit nature, will be presented at two levels, and will require 36 hours of instruction.

The program has a single purpose: to develop systematically those skills by which an individual efficiently obtains meaning from printed materials. The program is designed for average or above average readers who can read, but less efficiently than they are capable of doing. The summer institute is an improvement program, not a remedial or elementary one.

The program will utilize the Percepto-Scope, a teaching machine, a multi-function 16 mm film projector, which combines the characteristics of tachistoscope, motion picture projectors, and reading accelerators or pacers. In addition, it provides a flexible method of controlled reading fixations in a manner similar to the normal reading process.

The goal of the program is to double the reading speed of each student, while also increasing his level of comprehension. Last semester the average rate of increase was 106 per cent in reading speed and 16 per cent in level of comprehension.

Registration for the summer reading improvement institute started on Thursday, May 30, from 8:30 a.m. - 11:00 a.m. Due to optimum class size, enrollment in the institute will be on a first-come, first-served basis.

Gift Party Honors Mrs. Jimmy Biffle

A gift party honored Mrs. Jimmy Jack Biffle at Myra Monday night when a quartet of hostesses entertained in the school cafeteria. Sharing hostess duties were Mmes. Jake Biffle Jr., Ray Hudson, Myrtle Biffle and Fred Payne.

A pink and blue color scheme was stressed and the refreshment table held a pink tree ornamented with baby gifts. Pink punch and individual cakes topped with pink and blue roses were served. The hostesses conducted a novel game and the honoree displayed a shower of layette gifts.

Twenty-four guests were present including the honoree's mother, Mrs. Arthur Hellman and Mmes. Dick Cain, Henry Weinzapfel, Kenneth Selby and Glenn Hellman of Muenster and Mrs. Lucille Aston of Gainesville.

Mr. Samples died Friday at 4 a.m. in Nocona Hospital after suffering a heart attack Thursday night at his home. He was 59. Scott Bros. Funeral Home directed burial in Mountain Park Cemetery. R. J. Samples had been a pumper in the Bulcher area for Kewanee Oil Company the past 20 years. His wife, one son, one daughter and two grandchildren survive.

New Specialist in Area Development Named by TP&L

Henry L. Kirk of Sherman has been named rural development specialist in community improvement for Texas Power & Light Company. Kirk will work with county extension agents, agriculture committees of chambers of commerce and others throughout the Company's service area. He succeeds George McKinney who has been named manager of TP&L's Crockett district.

In the community improvement phase, Kirk will continue the program of assisting rural communities to organize their efforts toward a program that will improve local living conditions and produce monetary returns to the farmers.

A community improvement contest was begun in 1960 with 65 rural communities in the TP&L service area vying for cash awards given by investor-owned electric firms. In 1963, 123 communities in the TP&L service area are entered in the contest. The contest is co-sponsored by the electric companies and the Texas Agricultural Extension Service of Texas A&M College.

City OKs Sending Fireman to School

One of Muenster's volunteer firemen will go to the annual firemen's training school at A&M College this summer as a guest of the city. Members of the council made the decision Monday night.

Purpose of the training is to explain new developments in equipment and new methods in fire fighting. The information is brought home to local firemen by those attending. Attendance also has a definite cash value. It earns credit on a city's key rate and all people benefit by lower insurance cost.

During the 1937-49 period, the maximum Social Security tax paid by an employee was \$30 — one per cent of the first \$3,000 of pay. The current tax is \$174 — 3 5/8 per cent on the first \$4,800. The 1968 tax will be \$222 — 4 5/8 per cent on the first \$4,800.

DEEP-DIGGING TEAM ... BOLENS HUSKY 600 AND TILLER ATTACHMENT
Here's how to get tilling jobs done ... fast and easy. Just back the HUSKY 600 up to the tiller ... take 30 seconds to attach it ... and you're ready to go. The 22-inch rotary tiller is driven by a PTO shaft with universal joints so that it works at any depth and can be raised or lowered under full power. The guaranteed tines dig themselves down to give a gentle tilling-blending action. Remember ... when you've finished tilling, it takes only a half minute to take off the tiller. Switch to the 32-inch rotary mower or any of the 9 other attachments and you're ready again. Stop in for a demonstration.

THANKS

We are deeply grateful for every kindness and remembrance at the death and burial of our little girl, Gladys Ann. A special word of thanks to Fathers John Walbe, Anthony Gajda, Alcuin Kubis and Hubert Neu, also to the little classmates and friends who served as honorary pallbearers and flower girls. The spiritual bouquets, flowers, cards and food are especially appreciated. The kindness and sympathy will always remain with us as a precious memory. —Mr. and Mrs. James Bayer and family.

The kindness of friends in remembering me while I was in the hospital made mail time wonderful. Many thanks for the cards, letters and prayers. — T. Miller

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, we extend our heartfelt thanks. The many expressions of condolence, the spiritual tributes, the flowers, and other kind and sympathetic acts leave us with grateful hearts. — The family of Andy Hofbauer.

A man, fond of practical jokes, late one night sent his friend a telegram out of a clear sky — collect — which read: "I am perfectly well." A week later the joker received a heavy parcel — collect — on which he had to pay considerable charges. On opening it, he found a big block of concrete on which was pasted this message: "This is the weight your telegram lifted from my mind."

A psychology instructor who wanted to enlighten his class on the difference between a neurotic and a psychotic, explained it this way: "A neurotic builds castles in the sky. A psychotic lives in these castles. And the psychiatrist collects the rent."

Attend Graduation Of Kindergarten

Grandparents and other family members from Muenster were among those attending St. Mary's Kindergarten graduation in Gainesville on May 22.

Mr. and Mrs. Joe Hoenig went to see their grandson, Ronnie Hermes, son of Mr. and Mrs. Richard Hermes, get his diploma. Mrs. John Felderhoff was there to see Darlene Felderhoff, daughter of the Leo Felderhoffs, in the services.

The Frank Bayers attended to see their granddaughter, Cheryl Bayer, daughter of the Randy Bayers, and the Tony Felderhoffs had a granddaughter, Cindy Felderhoff, daughter of the A. J. Felderhoffs, getting a diploma.

Others from Muenster attending were the Joe Felderhoffs and Christie, the Alvin Hartmans and children and Mrs. Adam Wolf and children. Father Thomas Taaffe, pastor, handed out diplomas after 7 o'clock mass. Eighth grade and kindergarten graduation were combined for the service in St. Mary's Church.

Local News BRIEFS

Sister Bertha and Sister Kathleen of Rhineland came to Muenster Monday for a visit with relatives and friends enroute to the motherhouse in Jonesboro, Ark. Bringing them by car from Rhineland were Mrs. H. N. Clause, her daughter, Mrs. Georgeen Meadors and children Theresa and Mary. The nuns visited Sister Kathleen's parents, the Eddie Schmitts, made pop calls or visited by phone with long-time friends and were overnight visitors with the local Sisters at the convent before leaving with a group of them Tuesday.

Mrs. G. H. Hellman — Grandma Gus — has gone to Tulsa for a visit with her son and family, the P. W. Hellmans, before leaving for her summer vacation with her daughter, Mrs. Vincent Baker and family in Michigan and her son, Dr. Hugo Hellman and family in Milwaukee. The Tulsa couple came for his mother by plane. Mrs. Rudy Hellman came from Dallas to occupy Grandma's mobile home during the summer. Dolphy Joe is with his mother since the close of school at Texas Tech. He has a summer job here.

Mr. and Mrs. Bernard Wolf were in Fort Worth over the weekend helping their son and daughter-in-law, Mr. and Mrs. James Wolf and Robert and Brian move. They've bought a home and made the move Saturday.

Tuesday Neters club members had their May social on Saturday night. It was a family outing with a wiener roast at City Park.

Mr. and Mrs. Al Yosten went to Celina Sunday to visit her parents, the Joe Tischlers. Mrs. Tischler has had bronchial pneumonia. She's recovering now.

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in frontier days; East Texas oil fields, biggest of them all; the 570-foot San Jacinto Monument, commemorating decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Texas Liberty," and in the center of the state, Texas Longhorn Cavern, biggest cave in the state and third largest in the world, one of Texas' most spectacular natural wonders. Sightseeing is fun in Texas.

V. M. Ramsey, 86 Birthday Honoree

V. M. Ramsey, native of Marysville, who was 86 on May 23, had his birthday celebration Sunday when the family could get together.

His children and their families came for a birthday dinner, complete with birthday cake and gifts. It was held at the old homeplace where Mr. Ramsey lives with his daughter and family, the Sam Sparkmans.

All five of his children were present. They are Mrs. J. H. Coffman accompanied by her husband and children Nola and Rufus of Fort Worth; Mrs. Willis Robison and her husband of Gainesville; Roy Ramsey and his wife of Dallas, Melton Ramsey and his wife and sons Ricky, Robby and Redgie of Whitesboro; Mrs. Sparkman and her husband and sons Larry and Sammy. Also present were Mr. and Mrs. Weldon Gibson and children Gayla and Gary of Fort Worth.

Afternoon visitors were Mrs. Walter Haverkamp and daughter Karla of Whitesboro and Mrs. R. D. Morris.

Mr. Ramsey was born in Marysville and resided there until the Camp Howze project absorbed his farm, then moved to the Valley Creek community. His wife, the former Jessie Pearl Reeves died in January 1947 and he "batched" a few years before joining his daughter and family. He has 11 grandchildren and seven great-grandchildren.

Family Gathering Observes 2 Events

Cindy Felderhoff, daughter of the A. J. Felderhoffs of Gainesville, was the honoree at a family gathering in her parents' home when the relationship celebrated Cindy's graduation from kindergarten and her sixth birthday. The Felderhoff-Kubis clan got together for the party after attending the commencement program in St. Mary's Church on the evening of May 22.

Beaming as much as the young honoree were her grandparents, Mr. and Mrs. Tony Felderhoff and Mr. and Mrs. Albert Kubis. Others at the get-together were Buster Kubis, the Kenneth Thurmans and Donna, the Gilbert Kubises and Michael, Mrs. Adam Wolf and children, the Joe Felderhoffs and Christie, the Alvin Hartmans and children and the hosts and their family.

Cindy's birthday was Sunday, May 26, and there was another celebration when the family had a birthday supper at the Tony Felderhoff home that evening.

30 Nuns on Lake Outing at Texoma

Muenster's Benedictine Sisters, joined by the Sisters from Lindsay and those from Madonna Hospital in Denison, for a group of some 30, were treated to an outing at Lake Texoma Monday. Relatives and friends accompanied the nuns.

One of the day's highlights was a three-hour yacht excursion through courtesy of Buck Ballew. The picnic dinner was at Walnut Creek resort. It was a farewell tribute for the Sisters before they started leaving for the summer vacation.

Screwworm Fight In Texas Reaches \$3 Million Goal

The Southwest Animal Health Research Foundation has reported the successful completion of its drive to collect \$3 million for screwworm eradication.

C. G. Scruggs, Foundation president, announced that Southwestern livestockmen and sportsmen have already exceeded their goal and additional funds are expected to be deposited in the near future.

Tabulations made early this month showed contributions from Texas totaling more than \$2.9 million. Oklahoma reported \$24,000; New Mexico, \$33,500 and Louisiana, \$38,700. A group of California livestock producers donated \$500. Scruggs said quite a few Texas countries have not yet turned in all of the funds that had been collected and workers in other Southern states indicated additional money was forthcoming.

Scruggs termed the fund drive "an achievement by the livestock industry and sportsmen of the Southwest that is unprecedented as to amount of funds contributed and overall interest and participation by individuals."

"This is a marvelous example of voluntary action," Scruggs declared. "Altogether it forms another exciting chapter in the colorful history of the Texas livestock industry and exemplifies Texas citizenry at its best."

The private funds comprise part of the estimated \$12 million that will be required to rid the Southwest of the bothersome screwworm over a three-year period. The Federal government is furnishing half of the money and the Texas Legislature is presently considering a \$3 million appropriation.

The eradication program involves the production and sexual sterilization of millions of screwworm flies which are then released from airplanes over large areas of the Southwest. The sterile males mate with native females which lay eggs that will not hatch. This technique was used to successfully eradicate screwworms in the Southeastern United States in the late 1950's.

An emperor of ancient China, discovering that he was hen-pecked, decided to find out if this alarming condition was general among his married subjects. He called all the men of his court together and had a red flag set up in one corner and a yellow flag in another.

"All who are henpecked will gather around the red flag," he commanded, "and all who are not will gather around the yellow flag."

The corner with the red flag filled quickly, but one lone man stood by the yellow flag. "Wonderful!" exclaimed the Emperor. "Now I shall learn his secret." He walked up to the man. "Why do you stand by the yellow flag?" he asked. The man replied, "Just before I left home my wife said, 'you stay away from crowds.'"

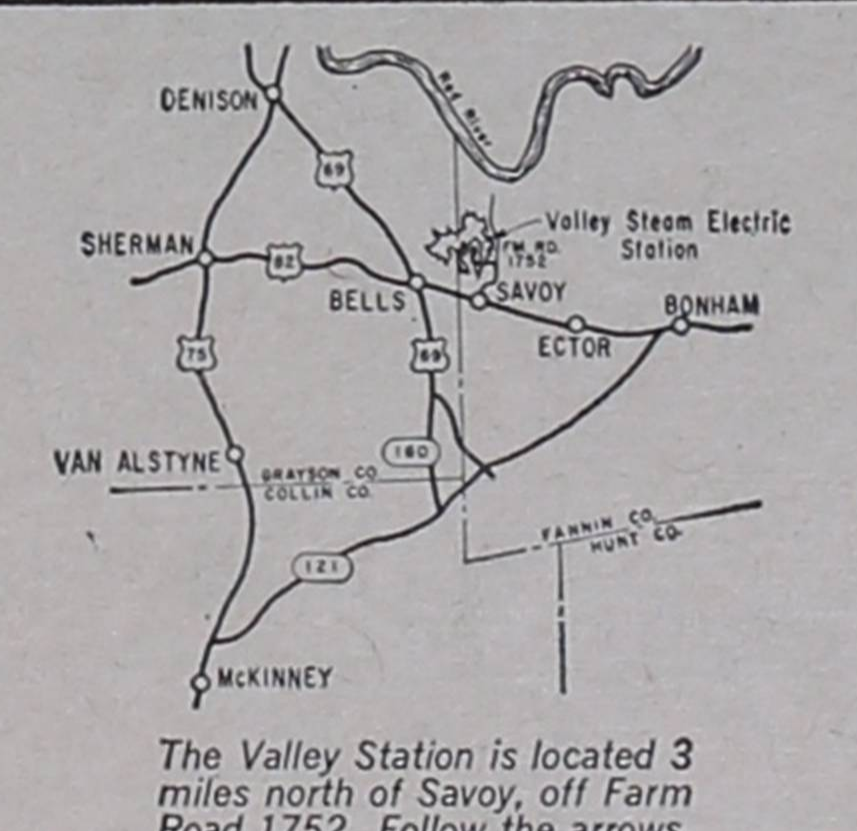

Homes, businesses, industries, farming operations, recreation — they're all growing bigger and more numerous in the area served by Texas Power & Light Company.

That growth is reflected in the increased needs for electric power. TP&L's new Valley generating station is another evidence of that growth. This new station and other TP&L power plants built in recent years tell a story of growth and development in North, Central and East Texas that words alone cannot. There's the Collin plant, near McKinney; River Crest, near Paris; Lake Creek, near Waco; and Stryker Creek, near Nacogdoches, where work has already begun toward adding another large generating unit.

This program of constantly building to meet all present and future needs for electric power in the area it serves is TP&L's way of expressing confidence in continued growth and prosperity of the people and industries it serves.

It is a significant example of free enterprise at work — typical of the manner in which the investor-owned, tax-paying electric utilities of this nation are geared to supply adequately and economically all the electrical needs for a growing economy.

Mr. and Mrs. Martin Friske had a pleasant surprise Saturday evening when a phone call came from their daughter, Mrs. Barney Sandmann of Dallas, telling them that their son Jere Friske, had arrived by plane at Grand Prairie on a Navy assignment as a flight radio man and had a ten hour pass before returning to California. Mr. and Mrs. Friske went to Dallas and spent over night with Jere and the Sandmanns in the Sandmann home.

Alcuin Paul Kubis is back at home with a discharge from the Air Force. He was separated from the service at

Sheppard Air Force Base, Wichita Falls, where he was on duty since his overseas tour in Africa.

Going to Windthorst Tuesday to visit with Father Ignatius Bodmayr on his 41st anniversary of ordination were Mr. and Mrs. Albert Kubis, Father Alcuin Kubis and Mrs. Theresa Schriver.

Mrs. Frank Haverkamp Jr. and infant daughter were dismissed from Gainesville Hospital Tuesday.

Lindsay has started planning for the annual homecoming celebration June 30. The various committees met with the pastor, Father John Walbe, Wednesday night to discuss the event and map plans.

Lindsay had added a new family and increased the population by seven. The newcomers are former residents, moved back from Gainesville: Mr. and Mrs. Richard Hermes and children Ronnie, David, Gene, Larry Joe and Shirley Ann.

Mr. and Mrs. Julius Hermes and Mr. and Mrs. Albert Kubis were among those attending the Kindergarten graduation in Gainesville. Their grandchildren, Ronnie Hermes and Cindy Felderhoff, received diplomas.

Mrs. Josie Lueb of Carlsbad, N. M., visited her daughter, Sister Miriam Dorothy four days at the Lindsay Convent and together they drove to Muenster to see Mrs. Lueb's sisters, Mrs. Al Fleitman and Mrs. J. J. Haverkamp. Mrs. Lueb left Sunday afternoon for Kincheloe, AFB, Mich., to visit another daughter and her family, the Howard O. Morlocks, and to attend the graduation of her grandson, Jimmy Morlock, from high school. Sister Miriam Dorothy has gone to San Antonio for the summer.

Mr. and Mrs. Joe Schmidtkofer and children Judy, Steve and Joyce, accompanied by her mother, Mrs. Conrad Flusche of Decatur, enjoyed a weekend visit in San Antonio where they were guests of the Billy Stoffels and children Carolyn and Sharon and visited with Sister Mary Olive at Our Lady of the Lake Convent. They also enjoyed sight-seeing. While her parents were away, Janet Schmidtkofer stayed with her grandparents, the J. C. Schmidtkofers.

Mr. and Mrs. Billy Fuhrmann have named their daughter Linda Rose. She was born Saturday and baptized Monday. Father John officiated at the christening in St. Peter's Church and Mr. and Mrs. Ray Vogel were godparents for their first grandchild.

Mr. and Mrs. Raymond Laux are both on the mend after having major operations and are now in the same room at Harris Hospital in Fort Worth. Mrs. Laux expects to get out in about a week but her husband will be a patient longer on account of back surgery for a ruptured disc. The couple's three oldest boys are at home and the other children are staying with her mother in Fort Worth. Cards for Mr. and Mrs. Laux will reach them addressed to Room 724, Harris Hospital, Fort Worth.

Contracts Let at Lindsay for Water Supply System

Members of Lindsay City Council have awarded contract for drilling a city water well. A Denton firm, J. L. Myers Sons won the \$9,000 contract. At the same time a \$39,787 contract for the city's water distribution system was awarded to Tom Gillespie of Wichita Falls.

Mayor Joe Bezner said work will start within the next 30 days and the water supply system should be in operation within 45 to 60 days, depending on the weather. The well can be finished in about ten days, he said.

Lindsay has secured a loan through the Housing and Home Finance Agency for the commencement exercises at Subiaco Academy in Arkansas May 24.

Pat Hermes Among Subiaco Graduates

Pat Hermes was among graduates at the commencement exercises at Subiaco Academy in Arkansas May 24. Attending the ceremonies were his parents, Mr. and Mrs. Julius Hermes and his sisters Mary Ann and Patsy. Pat returned home with them.

Also attending the graduation program was Ed Schad. Returning with him were his son Eddie and Skipper Bezner.

Father Herman Is Feted on Silver Sacerdotal Jubilee

Father Herman Laux has been twice honored in observance of his silver jubilee of ordination.

Members of St. Joseph's Parish in Rhineland, where he is pastor, honored him with a special program, dinner and reception last Thursday and the school children presented him a gift of 25 silver dollars.

Sunday Father Herman was honored in his home town of Lindsay. This was the date of his ordination. He celebrated mass at 5 p.m. and afterwards was honored at a dinner and reception in the Parish Hall. Relatives and close friends attended. The white lamb-shaped cake presented at Rhineland came with him to grace the table.

Assistants at the solemn high mass were Father Edward Devers of Sherman as deacon, Father Cletus Post of Windthorst as sub-deacon and Father Alcuin Kubis of Muenster as arch-priest. Father Alcuin delivered the jubilee sermon. Father Bruno Fuhrmann of Muenster and Father John Walbe also was present.

Among out of town relatives and friends attending were Messrs. and Mmes. Al Kuntz and family and Albert Laux of Fort Worth, John Kuntz and children of Valley View, Leo Wagner and daughter of Perry, Okla., John Loerwald and family of Dallas and Bill Laux of San Antonio and Mr. and Mrs. J. C. Trachta of Muenster.

Father Herman studied for the Benedictine priesthood at Subiaco Abbey in Arkansas after attending school at Lindsay. He was ordained by the Most Rev. Bishop John B. Morris on May 26, 1938, in St. Andrews Cathedral, Little Rock. He is serving his second pastorate at Rhineland since May 4. He was there 1941-1945 when he was appointed pastor of Sacred Heart Church in Muenster. Since leaving Muenster he did pastoral work in Arkansas.

Father Sylvester Schad of Corpus Christi who was ordained the same day as Father Herman plans his celebration for August 15.

Craft Club leaders are reminded of their June planning session Monday in the home of Mrs. Andy Arendt at 2 p.m.

district president, presided; Father John Walbe, pastor of the host parish, extended welcome followed by welcome addresses from the parish societies extended by Mrs. J. C. Schmidtkofer for St. Anne's, Leroy Metzler for St. Peter's, Tommy Zimmerer for CYC, and Henry H. Fuhrmann for the Insurance Union. Father Cletus Post, district spiritual adviser closed business with prayer.

Winners in the essay contest are Robert Fleitman, Linda Stoffels, Ralph Hermes, Barbara Fuhrmann, all of Lindsay; Mary Ellen Endres and Janice Vogel of Muenster; Johnny Tschoepe, Jerry Kubala and Mildred Berend of Pilot Point; Ray Berend, Esther Wolf and George Koetter of Windthorst.

Grade school students wrote on "Usefulness of Dairy Products," and the high school students wrote on "How Can the Decline of Farm Population Be Stopped."

When Mrs. Georgette Meaders of Rhineland was here Monday, coming with her mother, Mrs. H. N. Claus, to bring Sister Bertha and Sister Kathleen to the local convent, she looked up oldtime friends, Mrs. Steve Moser and Mrs. R. N. Fette with whom she shared an apartment when they were attending college in Denton.

that any rough stuff will bring on retaliation in kind and worse.

It's high time for lots of people in this country to stop cringing under the Soviet originated slogan "Better red than dead." It's also time to repudiate the opposite slogan "better dead than red," which incidentally isn't very appealing and may in some cases serve the Soviet cause better than ours. The slogan should be "neither red nor dead." It can still be that way and our nation should dedicate itself now to seeing that it will be that way.
