

MUENSTER ENTERPRISE

VOLUME XXV

MUENSTER, COOKE COUNTY, TEXAS

JANUARY 13, 1961

NUMBER 8

If advertising were stopped, what would happen? As a matter of self interest that's a vital question to all newspapers, magazines, and radio and TV stations. It's their bread and butter, and without it few of them would be in business.

But it's even more vital to the general public. It is hard to imagine any one change that could do a more complete job of fanning up our way of living. First, there would be no widespread coverage of news and comment as we have it now, because there would be no abundant source of funds to support it.

We can imagine, of course, that the demand for news would be so great that the reading and listening public would be willing to pay the full cost of publishing and broadcasting. In that case subscriptions to papers and magazines would be several times higher than now. And there's no telling how expensive and complicated the subscription for radio and TV reception would be. In short, the abundant spread of news and thought we enjoy today would be impossible. Too few would be able or willing to pay for it.

A much more likely development is a publishing and broadcasting service sponsored by the government... and also controlled by the government... as it is now in the dictator countries. Even assuming that the leaders of our free nation would be more fair in their presentation, we can understand that our principle of a free press would be doomed to early extinction.

Those in power would not be human if they declined to seek public approval of their policies and actions, and to slant news and editorial releases in their own favor. We wouldn't have a free press any more. We'd read and hear what they want us to. It wouldn't be long until most of us would think as the bureaucrats want us to.

With such power over the minds of people the next development is dictatorship. Sooner or later the wrong kind of people would take charge. And when they did there would be no one to spread the word in behalf of people's rights. The public when deprived of its right to know is at a terrible disadvantage. It is at the mercy of those who control news and thought.

Likewise in the economy of every day living, loss of advertising would have a terrific effect, because advertising in itself is a very substantial part of our economic news. It tells people when and where to get the best values in the things they want. It introduces new products and new developments. It is the great stimulator of economic progress, serving those who buy as well as those who sell.

Imagine how business would suffer, and how many would lose jobs, if advertising were not on the job creating and increasing demand for the product or service it sells. Imagine how our standard of living would decline if we were no longer reminded of things and services available for our comfort and well being. We'd not only come to a standstill. We'd start drifting backward. Because many things now taken for granted would gradually be lost to the market, and other things would be harder to find.

Those are the things advertising means to us. So if you are sometimes annoyed by the commercials that interrupt your favorite radio or TV program, or the ads that take up space in your paper or magazine, just remember they are the one and only medium by which you are privileged to receive good reading, seeing and listening. They provide the incentive for your publisher or broadcaster to strive for excellence in his presentation. He has to do a good job to continue receiving advertising support.

Advertising is one of the great symbols of the difference between free and enslaved people. Where it does not exist government control of the press inevitably takes over, shaping opinion to conform with the policies of those in power... while people are deprived of countless things that could enrich their lives.

Before leaving the subject of advertising, this column calls attention to a sort of left handed compliment received (Continued on page 8)

A smile through all his handicaps, little Jackie Swendon, 2, adds his smiling emphasis as Governor Price Daniel (left) presents a Proclamation to Ed Gardner of Midland, State Chairman for March of Dimes. Daniel designated January as New March of Dimes month, urging Texans to help erase polio, arthritis and crippling birth defects by supporting the March of Dimes campaign. Jackie, son of Mr. and Mrs. Carl Swendon of Round Rock, was born without legs or a right arm. The lad's mother (behind Daniel), lends her moral support to her smiling son at the ceremony in the Governor's office.

Hospital Drive Continues; Total Now Is \$179,550

Muenster's hospital campaign got back in motion Tuesday night as about 30 directors and workers met in the community room of North Texas Producers Association and picked up cards for their next contacts. The intention of the group is to keep on the job steadily until the goal is reached.

J. M. Weinzapfel, campaign chairman, urged special efforts in order to qualify for the Hill Burton grant at the earliest possible date. By doing that, he said, the Hospital Authority may be able to present its case before the next meeting of the State Board of Health. Missing that could delay the project several months, he said.

Weinzapfel also asked that subscribers remit promptly on the payments which became due on January 1. Besides reaching its goal in the drive the Authority must have one third of the amount on hand to continue its negotiations for the Hill Burton grant.

The fund as reported at the meeting was over \$177,000. Additions Wednesday brought the total to \$179,550.08.

News of the Men in Service

Finishes Basic

Finished with basic training Airman Ferd Haverkamp is here from Lackland AFB, San Antonio, on a two week leave with his parents, the J. J. Haverkamps, since Jan. 7. His new assignment will be in Virginia.

Back On Duty

Naval Airman Walter (Dukie) Fette, in the service at Oak Harbor, Wash., called home one evening the past week to tell his mother and family that he's back on duty again after two weeks of hospitalization for tonsillitis... which was the main reason he didn't get a holiday leave.

Brothers Get Together

In Germany, the Hudspeth brothers, Butch and Dink, finally got together during the New Year holidays and have written their parents, the Clarence Hudspeths, about it. Both have been in Germany with the army over a year and it was their first opportunity for a visit. Dink, who is stationed at Wertheim, got the pass and went to see Butch at Regensburg.

BIRTHS

Proud parents for the first time, announcing a boy, are Mr. and Mrs. Gunther Goetz — a son to learn Bavarian woodcarving from his daddy. The eight pound five and a half ounce lad arrived Thursday, January 5, 6:03 p.m. at Gainesville Sanitarium and has been named Patrick George.

NEWS OF THE SICK

Victor Hartman is a patient at Methodist Hospital in Dallas since Sunday for skin graft surgery on his leg. The operation is scheduled for this weekend. He will be hospitalized indefinitely and will enjoy hearing from friends. His room number is 362.

Pete Rollman was reported seriously ill this week at the Dallas VA Hospital after suffering a stroke which affected his left side. His wife is staying in Dallas to be at his bedside and his sister, Mrs. Glenn Fisher, arrived Tuesday from Junction City, Kansas.

At Hereford, Mrs. Charlie Berend is critically ill, according to word to relatives here Tuesday.

Miss Joaline Mollenkopf has been dismissed from M&S Hospital following surgery and is convalescing at the home of her aunt and family, the L. V. Henrys at Gainesville. She will return home this weekend.

The two-month-old son of Mr. and Mrs. Earl Walterscheid of Wichita Falls is a patient for treatment of pneumonia at Wichita General Hospital. A pre-mature baby, he was only recently dismissed from a hospital incubator. Mrs. C. M. Walterscheid is in Wichita Falls with her son and family.

Melton Ramsey has been dismissed from the Sanitarium following medical care to continue recovery at home.

At last reports Wednesday Bill Stelzer was showing marked improvement from double pneumonia which sent him to Gainesville Sanitarium on Jan. 7 and kept him under an oxygen tent for three days. His doctor said he could be dismissed Thursday to continue recovery at home.

Joe Sturm entered St. Paul's Hospital in Dallas Friday, Jan. 6, for examination and observation. Going with him and seeing him settled were his wife and their daughter and her husband, Mr. and Mrs. Al Kleiss. Mr. Sturm was to be dismissed this weekend.

Mrs. Will Sicking is reported "doing fine" following major surgery Saturday in Wilson-Jones Hospital in Sherman.

Mr. and Mrs. Werner Yosten were in Dallas two days the past week with their baby, eight-month-old James Leon, to have him checked at Methodist Hospital and put in another cast. The baby has a right hip defect that is being corrected and the cast is from his chest down. The first cast which was on six weeks had weights attached, this one is a bit more comfortable. He'll go back in four weeks for another checkup, and four weeks later for another cast. The doctors said it will take about two years to clear up the hip defect.

Larry Hess, 12-year-old son of Mr. and Mrs. Arnold Hess, is back in school with his left arm in a cast. An accident last week Wednesday at school sent him to Saint Paul's Hospital in Dallas for surgery on his wrist. Larry was going to catch a door as it swung back, missed, and ran his hand through a glass pane. In breaking, the glass cut five tendons at the wrist and he was in surgery several hours.

Friends of former Muensterite Mrs. John Wilde will be glad to learn that she is back in circulation — out for the first time in about four months to attend Christmas church services. But she still wears a brace. Mrs. Wilde sustained a fracture of the lower spine on Sept. 6. She lives at Harlingen.

Ed Eberhart was dismissed from the Sanitarium Saturday night following three days of treatment and is a bed patient at his home 1201 Culberson in Gainesville for further recovery from illness.

Alphonse Hoenig is making headways. He can sit up now. The past week he was at Nocona Hospital Monday to Friday for X-rays and treatment and had his cast cut down which permits him to move and sit up for the first time since Nov. 18 when he sustained a back injury in a fall from a pecan tree.

Mrs. T. N. Fielder, 78, Dies at Denton After Long Illness

Mrs. T. N. Fielder, long time resident of this area, died Monday, 9:25 p.m. in Flow Memorial Hospital in Denton following an extended illness. She was 78.

Funeral services were conducted Wednesday morning at the Grace Temple Baptist Church in Denton at 10 o'clock and graveside rites and burial were at the Hood Cemetery at 2 o'clock. Bearers included Sparkman Vann of Muenster.

Edna Cooke Fielder was born July 24, 1882 near Myra, a daughter of the late Mr. and Mrs. J. B. Cooke and was reared there. She married Thomas N. Fielder on Oct. 12, 1909, and they lived in Clay County for a few years, then moved to the Linn community where they bought a farm. Mr. Fielder died in 1930. For the past 15 years she lived in Denton with her daughter-in-law, Mrs. Ruth Fielder Payne.

Other survivors include one son, Don Selby Fielder of Fort Worth, three grandchildren, Mrs. Rosemary Wickson of Los Angeles, Calif., Mrs. Rowena Baker of Saint Louis, Mo., and James Thomas Fielder of Denton.

Local Bank Shows Deposit and Loan Gains for 1960

Deposits and loans at Muenster State Bank continued their steady growth for the past year. The increase was indicated last week on call of the state banking department for a statement of condition as of the close of business on Dec. 31, 1960.

During the year total deposits increased \$132,463. Meanwhile loans made a very slight increase of \$3,359.

Comparison of the new statement with that of the previous quarter also shows gains in both categories. Since Oct. 3, 1960, deposits increased \$25,147 and loans increased \$33,280. In the three quarters preceding Oct. 3 deposits had gained \$107,316 and loans had lost \$29,921.

A significant factor in the deposits is the growth of savings accounts and the loss of checking accounts. In many cases funds are being transferred from checking to savings accounts.

During the year savings increased \$181,502 and demand deposits decreased \$49,039. During the last quarter savings gained \$35,508 while demand deposits declined \$11,361.

Deposits and loans in other banking firms of Cooke County also made gains during the past year. Total deposits for the county at the close of the year were \$26,491,101, a gain of \$1,631,594. Total loans were \$14,142,105, a gain of \$1,286,611.

The highest gain in deposits for the year was shown by Hesperian Building & Savings with \$891,232. Next high was First State Bank with \$495,631.

Moisture Ample After 1.55 Rain

The week's rainfall, though not needed here brought a welcome addition to the community's abundant supply of sub-soil moisture. Ground now is well saturated, as indicated by springs and seepage on many hillsides.

Grain fields and pastures, mostly dormant because of current cold weather, are well supplied and ready for a good start as soon as the temperature favors them.

Rainfall for the year to date measures 1.55 inches. Readings gauge were .04 on Jan. 1, .63 on the 7th, .76 on the 8th, and 12 on the 12th.

Four-H Girls See Tunaburgers Made

Intermediate 4-H Club, girls of the seventh and eighth grades Sacred Heart School, meeting Tuesday for January, saw a demonstration by Mrs. Everett Yeatts. She prepared a tuna boat burger, and distributed copies of the recipe.

The grades were divided for a quiz on dairy foods and the 8th graders won. Florence Walterscheid was enrolled in the club and 40 members were present. Debbie Fette presided. Judy Dangelmayr and Candice Fette led songs for the recreational period. Angeline Hess is reporter.

Local Telephone Project OK'd for \$490,000 Loan

A loan to Alvin Fuhrman and W. J. Miller of \$490,000 for modernizing and expanding telephone service of this area has been approved by the Rural Electrification Administration. Word of the approval was wired to the part-

niers last Friday by Congressman Frank Ikard.

This means that money is now available but much still remains to be done in order to qualify for it, Fuhrman said. He was not able to say when the building and improving program would start.

Purpose of the loan, as stated by Fuhrman, is to help purchase the Muenster Telephone Company, which includes the Muenster, Myra and Forestburg exchanges, and to extend and improve service in the three communities.

On the improvement program construction of an exchange, installation of a dial system, adding circuits where present circuits are overloaded, building lines to new customers, and improving the standard of line construction in most parts of the area. The dial system will be similar to those of large cities, with two letters and five digits in the number. By the arrangement it will be possible for operators of other cities to dial directly to numbers of the Muenster exchange.

The new exchange will be built on the site purchased about a year ago at First and Walnut Streets.

Dimes March Here Again Sponsored By VFW Auxiliary

The 1961 March of Dimes will be sponsored here by the Ladies Auxiliary to the Veterans of Foreign Wars, the organization which has for years been at the head of the annual dimes campaign in Muenster.

Tentative plans were mapped at the Auxiliary's meeting Tuesday night and date for the customary church collection will be announced after arrangements are made with the pastor.

The Auxiliary believes the community is aware of the great good accomplished by contributions to the New March of Dimes and is confident it will be a success. Mrs. Arthur Bayer is general chairman.

The campaign is seeking funds for research, education and patient care for polio, arthritis and birth defects.

In connection with sponsorship of the drive, members of the Auxiliary saw a movie at the meeting. The film, "The Bridge Between" was made available through Mrs. B. J. Siebel of Gainesville, Cooke County's New March of Dimes chairman.

In other business the Auxiliary met January honor requirements with contributions to the March of Dimes and the Gonzales Warm Springs Foundation. Mrs. Norbert Walterscheid is the new Honor Roll chairman replacing Mrs. Richard Grewing who resigned.

The Auxiliary also made plans for the annual Valentine dance which will be an event of Saturday, Feb. 11. Mrs. John Huchton is chairman and has secured Bill Tanner's Orchestra of Gainesville to play.

Mrs. Arthur Bayer, president, conducted the business session and Mrs. Nig DeBorde, secretary, read cards of thanks from local families and men in the service overseas for Christmas gifts. A social hour followed adjournment.

St. Joseph Society Donates to Church And Hospital Drive

Members of the parish St. Joseph's Society have pledged to the hospital campaign and picked up the tab for the balance due on the loud speaker system recently installed in Sacred Heart Church.

The pledge to Muenster Memorial Hospital is three hundred dollars payable at one hundred dollars a year. Balance on the speaker is \$280.70. The contributions will come from treasury funds.

About 50 members attended the meeting in the Parish Hall Sunday night. President Dan Haverkamp presided for the business session for which Father Bruno Fuhrmann was present.

L. B. Bruns Attends Austin Meet for Superintendents

Superintendent L. B. Bruns was in Austin last week Wednesday, Thursday and Friday attending the annual mid-winter conference of school administrators sponsored by the Texas Education Agency.

Principal activity on his schedule was attendance at a general session for all administrators, workshop sessions on recommended changes in curriculum and graduation requirements, and a workshop on student insurance.

During the general meeting Roy P. Wilson of Gainesville, former County Superintendent and Superintendent of Gainesville Schools, was presented a life membership in the Texas Association of School Administrators.

Making the trip to and from Austin with Mr. Bruns were Ervin Wilson, Hal Dick and Randolph O'Brien, superintendents at Era, Callisburg and Valley View respectively.

Scholastic Census Starts Next Week

The annual scholastic census for the Muenster school district will begin next Monday, Superintendent L. B. Bruns announced this week. Because of conflicting activities the past two weeks it's off to a late start, but special efforts will be made to finish by the end of the month. Accordingly Bruns asks the prompt cooperation of all parents in getting the job completed on schedule.

Children to be enumerated, as specified on the census blanks, are those who were born after Sept. 1, 1943 and on or before Sept. 1, 1955.

The count applies only to children living in the district, not to transfers. Bruns explained that all must be enumerated in their home districts and transfers are made later in the year.

Parochial Teams Score Two Wins Over Windthorst

It was a double win for Sacred Heart teams at Windthorst last Friday night, the Tigerettes taking their game 52-43 and the Tigers sweating out a close one 31-28.

The evening was especially eventful for the Tigers, who had more than their share of losses so far. They had their hands full in earning the three point decision.

A slim lead in the first half was the deciding factor of the contest. The Tigers led 4-2 at the quarter and 13-8 at intermission. Next quarter they had their lead trimmed to 20-17 and in the last they broke even for the close win. C Knabe scored 10 and Wolf 9.

Tigerettes took a first period lead of 10-6 and stretched it to 31-17 by half time. After that, as reserves saw more action, the hosts gained, making the score 42-34 and 52-43 in the last two quarters. Tigerette scorers were Hacker 30, Dangelmayr 16, Wimmer 6.

Next Friday the girls will rest while the Tigers play A & B games with Laneri at Fort Worth. Saturday at 2 the Tigerettes meet OLG of Dallas here in a district game. Sunday on the local court both teams will meet St. John's of Ennis in two more district games.

Schedule of Coming Events

- FRIDAY, Jan. 13, CDA meeting, KC hall, 7:30.
- FRIDAY, Jan. 13, SH Tigers at Laneri, A & B games.
- FRIDAY, Jan. 13, MHS vs Era, there, 7 p.m.
- SATURDAY, Jan. 14, Bake sale sponsored by SHH Freshmen.
- SATURDAY, Jan. 14, SH Tigerettes vs OLG, here, 2 p.m.
- SUNDAY, Jan. 15, SH vs St. John's, here, 1:30.
- TUESDAY, Jan. 17, MHS vs Callisburg, here, 7 p.m.

SEMANTICS

The battle is drawn between those who believe in private development and sale of electric energy and those who favor public development of it.

Unfortunately, there is a misunderstanding on the part of many as to just what is meant by "private," and by "public" in referring to the production of electricity. Terminology that more aptly and clearly describes these two widely different methods would seem to be in order.

"Private" is a term that has been used repeatedly in this column. We now realize that it is a bad term, causing many citizens to think that one person or a small group is producing the power. We apologize and promise to sin no more in this regard. In the

future, we will refer to such a company as "investor-owned."

"Public" is also confusing to many consumers who take this term to mean that it is something the general public can enjoy. In the future, we propose to refer to this as "Government-Produced."

So while we will be changing terminology, we will not be changing our opinion, to wit: Production and sale of electricity by INVESTOR-OWNED companies is better for the general welfare and economy of the nation than GOVERNMENT-PRODUCED power.

7-0-1 SEASON

National Review supplies a significant report on the experience of the Right-to-Work laws (which provide that each worker can decide for himself whether or not to join a union, and is legally protected from coercion by either management or the union) in states where they played a role in last November's elections: "The so-called National Council for Industrial Peace, an AFL-CIO front for compulsory unionism, made Right-to-Work an issue in seven states, in the hope of defeating candidates and incumbents who upheld voluntary unionism. In Indiana, Utah, Kansas,

New Mexico, Vermont, Oklahoma, and Virginia, Right-to-Work forces were swept to victory. In Delaware, voters elected a governor opposed to Right-to-Work while retaining a legislative majority in favor of it."

Putting the results in box-score form, Right-to-Work had a 7-0-1 season—that is, it won seven contests, lost none, and tied one. That's an impressive record by any standard. If Right-to-Work were a football team, it would have been a cinch for a major bowl bid! It looks as if the American electorate thinks people should have freedom of choice when it comes to unionism—just as they have freedom of choice in deciding to join or not to join other private institutions and organizations.

THE BATTLE LOOMS

The parents and the taxpayers of the nation are indebted, we think, to a gentleman named Fred E. Wright for a letter he wrote recently to the Philadelphia Evening Bulletin. He said:

"A curious imbecility has lately come to the fore as a political issue. Spawmed by bureaucrats, fomented by misguided school teachers, lip-serviced by politicians, it has gained enough momentum to reach disastrous proportions. . . .

"I speak of the so-called need for Federal aid to education. I speak of Federally-approved school children attending Federally-approved school buildings, using Federally-approved textbooks, riding Federally-approved school buses, eating Federally-approved menus in Federally-approved cafeterias, taught by Federally-approved school teachers using a Federally-prescribed curriculum. I speak of Pennsylvania supporting the schools of Arkansas, and Arkansas doing the same for South Dakota.

"Is it too much to hope that the American people will not let themselves fall for this unconstitutional solution to a problem which each community must face for itself? Is it too much to expect that Pennsylvania, and each other state, will decide what its own needs are in education and continue to solve its own problems in this field?"

But, let those who applaud Mr. Wright consider the forces with which they must contend, and arm themselves for battle. The busy-body era, in which we have lived for nearly 30 years, has entrenched a fat-cat bureaucracy supported "morally" by the tax-free fat-cat "teachers union" with its fat-cat bankroll for public hypnosis, and physically by fat-headed tax-payers. Further, the question, "Would you deny your children?" is as loaded as "Have you stopped beating your wife?"

POPEYE

A life-sized statue of Popeye, the seaman of newspaper cartoon fame, stands at Crystal City, south of Uvalde, in Southwest Texas. Crystal City is the spinach capital of the world.

Calling His Bluff

SIC SEMPER SUBSIDIES

Families in the Canadian province of Newfoundland generally are large ones. Large families, with many children to send to school, have to buy a lot of textbooks. To relieve the expense on parents, the Newfoundland government had been paying 50 percent of the cost of the books. Last June it decided to increase the subsidy to 90 percent. The decision caused a near panic when school opened last fall.

What happened was that thousands of school children began demanding new textbooks instead of digging out thumbed-over books of other years. A shortage developed, and there were cases of youngsters obtaining new books and selling old sets at "black market" prices.

"Because we tried to be generous, we got rooked," Education Minister G. A. Frecker said.

This is an old story with subsidies. Only the places people and commodities change.

JOBLESS OUTLAY

More than \$365,593,481 has been paid to the state's jobless since the Texas unemployment compensation law was passed in 1936. Texas Employment Commission Administrator R. L. Coffman said last week.

The total includes all payments between January 1938, when the first benefit check was paid, and June 30, 1960.

Texas employers, paying federal unemployment tax, have pumped \$520,726,928 into the compensation fund. Another \$94,026,261 was added

REBUILDING SOCIETY

By Donald Thorman, Author of SANCTITY FOR THE MARRIED

MAN is a social being who must, normally, live with others for his fullest development and perfection.

Therefore, the kind of job we have, the political system which governs us, the schools we go to, the type of international organizations which exist, whether or not we have enough to eat—all of these social facts are shot through

with spiritual undertones. A good society makes it easier for us to be good. A corrupt society or a sex-oriented society continually puts temptations and roadblocks in our path to goodness.

WE DON'T LIVE in a vacuum. When we are sick or hungry or depressed it is hard to think of prayer. The man who must work long hard hours—perhaps even hold two jobs—will find it difficult to get out of bed for church on Sunday. And what of his family? Often, through no fault of his own, such a father must neglect his wife and children for sheer lack of time.

You could multiply examples many times, but the basic point remains the same: Your body and soul form one human being. They are so intertwined that whatever affects your body, your mind or your environment often has serious consequences for your soul.

Even though we know or feel that many things are wrong with

society, we still need an answer, a plan of action which we can use to deal with the situation.

HOW can anything be done to solve our problems? Where can we begin to make a dent in what is obviously too big a matter for one man to solve?

FOR EXAMPLE: There are racial problems, the crime rate is high, family life is generally not Christian, economic life is usually centered around making money rather than serving the common good, there is corruption in public life, and too many people are blindly anti-UN and anti-foreign aid of any kind.

WHAT IS NEEDED is a two-pronged approach aimed not only at Christianizing people, but the society in which they live as well. That is, our customs, laws, and institutions—such as well as the people themselves—must be made to conform to Christian standards.

In order to do this there are two virtues which we must practice. The first is Social Justice, which requires that we organize to set up a good society which recognizes the nature and needs of man. The second is Social Charity, which is "the good will, tolerance and patience which help to encourage and unify us in our work of social justice."

WHERE can we begin? According to our talents, we can concentrate our efforts on social and moral reform. In either case we are making an important contribution to the reconstruction of society.

† Paulist Feature Service, Washington 17, D. C.

New York's Idlewild Airport, covering 4,900 acres, has 22,725 employees.

About half the people of South America live in Brazil. Brazil is the largest country in South America . . . and the fourth largest country in the world.

The average man has about 120,000 hairs on his head.

A Ben Franklin Store Is a THRIFT STORE

The birthday (Jan. 17) of Benjamin Franklin reminds us anew that he was famous for encouraging the virtue of thrift.

Today a nation-wide federation of over 2000 independently owned variety stores, fittingly named after Ben Franklin, has become nationally famous through its appeal to the customer's virtue of thrift.

The Ben Franklin organization is dedicated to bringing you, its customers, the highest quality merchandise at the lowest possible prices.

miles between lubrications

30,000 is the most famous number of the year. It's every '61 Ford owner's license to save. How can Ford do it? Conventional chassis lubrication fittings have been replaced with metal plugs that help protect each lubrication point against abrasive mud, dirt and dust. And then, for only about \$4 and about 20 minutes your Ford is ready for another 30,000! This is just one of the many ways the '61 Ford is built to take care of itself. Your Ford Dealer can show you more.

**HERE'S HOW THE '61 FORD
 TAKES CARE OF ITSELF**

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes) because Ford has replaced conventional grease fittings with a sealed-in lubrication system.

Cleans its own oil—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through fibers . . . trapping more dirt than any other type of filter made.

Adjusts its own brakes—New Truck Size brakes adjust themselves—automatically.

Guards its own muffler—Ford mufflers are double-wrapped and aluminized to last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—Just wash and clean Ford's new Diamond Lustre Finish and it continues to listen like new. It never needs waxing.

Only **FORD** is beautifully built to take care of itself

Alumni Discusses Projects and Plans V'Ball Tournament

In their monthly business meeting, members of Sacred Heart Alumni Association discussed their major projects for the new year: financing a refrigerator for the school's homemaking department, a school projector and reference books for the school library.

The Alumni will sponsor a volley ball tournament again this year, the date tentatively set for the last of February and the first part of March. Boys' and girls' teams from the area will be invited to participate.

The group is also interested in square dancing and hopes to organize a club soon.

Newly elected officers for 1961 took office. They are Donald Bayer, president; Sylvan Walterscheid, vice president; Mrs. Ervin Henschel, treasurer; Miss Helen Hess, secretary.

Sister Celine and Father Bruno attended the business session which was followed by table games and refreshments in the school library.

Mrs. J. S. Horn had as weekend guests her grandchildren, Florine, Shirley and Jerry Horn of Windthorst. They came Saturday with their parents, the Jake Horns, who went on to Fort Worth on business and came here to visit his mother after spending the night with her father, Theo Schmitz at Lindsay. Florine, Shirley and Jerry also visited their cousins at the Tony Klement home and all were back together for Sunday supper at the home of Mrs. J. S. Horn. Joining her and the Jake Horns for a visit and supper were Mr. and Mrs. Joe Horn and Dianne and Mr. and Mrs. Al Horn.

Mrs. Lou Wolf is back from a week's visit in Houston, getting acquainted with her first grandchild, Bart Louis Wolf, infant son of Mr. and Mrs. Roger Wolf who arrived Dec. 30 weighing six pounds 11 ounces. Mr. Wolf and Charlotte drove to Houston Sunday to meet the little boy and Mr. and Mrs. Wolf were godparents at his baptism Sunday afternoon. Father White officiated in St. Augustine Church with relatives, including Mitchell Wolf and Mrs. Kenneth Wiesman, attending the service.

Bread, in both leavened and unleavened forms, has been a principal food since earliest history.

3rd Order Members Discuss Triduum

Third Order of St. Francis members at their January meeting Sunday discussed their annual triduum to be held in early spring but no definite dates have been set. Plans will be arranged by the order's provincial in Chicago, the Rev. Elias Koppert, and the local prefect, J. W. Hess, and announced after completion.

Cards of thanks were read from Miss Gertrude Esker expressing appreciation for the Christmas remembrances and from Mr. and Mrs. Werner Endres for the spiritual bouquet on the occasion of their golden wedding. Greetings were also read from former members, Miss Margaret Simons in Jonesboro, Ark. and Mrs. John Schilling of Houston.

Members were reminded of the weekly hour of prayer each Thursday in Sacred Heart Church at 3 o'clock.

The brief business session followed the fraternity's monthly prayer service attended by about 55 members.

Benefit Bake Sale Slated Saturday

Freshmen of Sacred Heart High are sponsoring a benefit bake sale Saturday with their products available at four locations: Pagel's, Fisher's and Hoffbauer's Stores and the Parish Hall.

Mothers of the students will be baking in the school lunch room and plan to have an abundance of bread, rolls and pastries available throughout the day. Sales start about 8:30 a.m.

Puckering of seams on synthetic fabrics usually is caused by too much tension on both the upper and lower settings of your sewing machine. If you use mercerized thread on manmade fabrics, the puckering also may be caused by some shrinking of the cotton thread in washing.

Local News BRIEFS

Visitors during the weekend from Springfield, Mo., were Mr. and Mrs. Paul Rettig, guests of relatives, the Joe Trachtas, John Walters, I. A. Schoechs, Jake Pagels and Mrs. Anna Trachta. Mrs. Pettig is their niece.

Dr. and Mrs. E. W. Laake of Dallas had their belated holiday visit and gift exchange Sunday with his sister, Angela Laake and niece Rosa Driever. Dr. Laake had been on a deer hunt after Christmas and reported getting two fine bucks.

Mr. and Mrs. Charles Davidson have named their new daughter Emily Kathleen, Kathy for short. Sunday her maternal grandparents, Mr. and Mrs. O. B. Seigmund of Walnut Bend spent the day in the Davidson home and got acquainted with the little girl. Her uncles Joe and David Seigmund also came from Walnut Bend to meet their niece. Meanwhile little Mike and Barby Davidson are visiting in Abilene with their uncle and aunt, Mr. and Mrs. Bo Snow who came for them last Wednesday.

Mr. and Mrs. F. E. Schmitz and daughter Brenda of Gainesville have returned from a Caribbean cruise. They sailed from New York on Dec. 23 aboard the Grace Line's luxury liner, SS Santa Rosa, making shore excursions at interesting places including the Netherlands, West Indies; Venezuela, South America; Jamaica and Haiti, landing at Port Everglades, Florida, on Jan. 3. From there they made the trip to Dallas by plane and Brenda returned to TCU to resume classes.

SCOTT BROS.

Muenster

Visiting here with friends Victor Hartman settled at the past week, Mr. and Mrs. R. T. Brock of Saint Jo told about their holiday trip. They returned Wednesday from Columbus, Ohio, where they visited her father, Earl Jones and her sister and family, the T. L. Barbers. They also joined the Arthur Kingerys in Lansing, Mich., to attend the Dec. 30 wedding of their daughter, Miss Judy Kingery to Gary Lee Little who are making their home in Lansing.

Baptismal service was held Sunday afternoon at 3 o'clock in Sacred Heart Church for Stephen Ray Landsfeld, infant son of Mr. and Mrs. Wesley Landsfeld. The baby's uncle and aunt, Mr. and Mrs. Joe Liska Jr. of Ennis were here to be godparents. Father Martin officiated. Visiting in the Landsfeld home through this week is the maternal grandmother Mrs. Joe Liska of Ennis. The paternal grandparents, Mr. and Mrs. Joe Landsfeld also of Ennis, are looking forward to an early visit with their newest grandchild.

Mr. and Mrs. Joe Luke report a pleasant New Year season away from home. They were four-day visitors with cousins in Munday and Seymour: the Herman Jungmans and the Michels families in the former town and the Bill Hertels in the latter town. They were all together in the Jungman home for a reunion party to see the old year out and the new year in.

Mr. and Mrs. Victor Hartman and daughter Della and Mr. and Mrs. Alvin Hartman and children Monica and Bobby drove to Arlington Sunday to have dinner with Mr. and Mrs. Keith Tompkins and family. In the afternoon they all went to Dallas to see

Methodist Hospital where he is a patient for leg skin graft surgery. Afterwards the family separated. Mrs. Victor Hartman accompanied the Tompkins family home for a visit and Della Hartman joined the Alvin Hartmans on the return to Muenster. On the way they visited Bishop Dangelmayr at St. Monica's Parish in Dallas, then stopped at Irving to see Charles Felderhoff.

Vacationing here this week is Claude Lehnertz of Spokane, Wash. His brother, Don Lehnertz, drove through with him after spending the recent holidays in Spokane with the Lehnertz brothers. Don went by air, was there while classes at NTSC in Denton were recessed. Claude is head-quartering with his parents, Mr. and Mrs. Joe Lehnertz.

Mrs. Bill Derichsweiler is back at home after a week's visit in Lewisville with her son and family, the Ervin Derichsweilers. Mr. Derichsweiler and daughters Dolores and Kathy drove to Lewisville Sunday for a visit and brought her back. They also brought little Debbie Derichsweiler who'll spend a week with her grandparents.

Four-H Club Girls Prime for Entry in Dairy Food Show

Local 4-H Club girls are priming this week for their demonstrations in the annual Cooke County Dairy Foods Show at Gainesville Saturday and contestants presented their demonstrations at their group's meetings Tuesday.

Charlotte Wolf will be the individual senior club entry preparing a "Cook-In," salads, kabobs etc. Mary Ellen Endres is the junior individual and will demonstrate a cheese dip. Janice Vogel will be working with Rosemary Hermes of Lindsay as the dairy foods team. They will prepare a milk drink.

The demonstrations start at 8:30 a.m. Saturday in the Home Demonstration Building at Gainesville.

At Golden Wedding Party in Saint Jo

Mr. and Mrs. L. B. Bruns and Mr. and Mrs. Earl Cole were among the 150 guests attending an open house Sunday afternoon honoring Mr. and Mrs. A. C. Lawler of Saint Jo in their home on the occasion of their golden wedding anniversary.

Mrs. Lawler is the former Pearl Lawson and they have lived at Saint Jo all their lives. Mr. Lawler is still active in the grocery business. They have one daughter, Mrs. Rosa Tucker of Arlington; two sons, Roy and Cecil Lawler of Saint Jo, three grandsons and one great-grandson.

Walterscheid and Kupper Wedding To Be Here on Jan. 28

—Boyd and Breeding Photo

Date for the wedding of Miss Betty Rose Kupper of Valley View and Gerald Walterscheid of Muenster has been set for Saturday, Jan. 28. Parents of the couple are Mr. and Mrs. John Kupper and Mr. and Mrs. Tony Walterscheid.

The nuptial high mass will be celebrated here in Sacred Heart Church at 10:30 a.m. and the wedding reception will begin at 5 p.m. in the Muenster Parish Hall.

Civilized men and women support the church because the church supports civilization.

Local Youngsters Look Good on TV

A group of local youngsters looked good on television Sunday — at least to Muenster viewers who had their TVs set on channel 12 while a March of Dimes telethon was in progress at the studio of the Sherman-Denison station.

And fifty dollars in contributions went into the local Dimes purse as a result of telephone calls during the telecast.

Dancers in a tap routine were Elaine Otto, Cindy Lou Swirczynski, Pamela Walterscheid and Jerry Fleitman. In a ballet number dancers were Jill Swirczynski, Shirley Klement, Judy Dangelmayr, Debbie Cain, Janie Fleitman and Elaine Otto.

Stevie Walterscheid also appeared on the screen. He was shown among others at the studio making a contribution to the campaign. Parents and family members accompanied the performers to the station. The local talent was on shortly after 9 a.m.

Junior 4-H Girls See Demonstration

Mary Ellen Endres practiced on the demonstration she will present Saturday at the Dairy Foods Show when she made a cheese dip at the meeting of the Junior 4-H Club girls Tuesday.

Another demonstration was given by Mrs. Everett Yeatts, assistant county home demonstration agent, who prepared tuna boat burgers which members sampled.

Also of interest was a dairy foods quiz by Mrs. Yeatts. Linda Zimmerer, president, presided and Dianne Shumaker, reporter, listed 47 present.

To close the meeting, Shirley Klement and Debbie Fette, recreational leaders, led the group in a sing-song.

Russell Reunion Honors Visitors

Mrs. J. S. Russell's home at Myra was the scene of a family gathering Thursday while her daughter and husband, Mr. and Mrs. Morbit George of Seminole were visitors.

Joining them for the reunion were Mr. and Mrs. Joe Russell and Ronnie, Robert, Phillip, Carol, Pamela and Debbie and Mr. and Mrs. Charlie Wolf and Billy, Sandra, Barbara and Dwight, all of Muenster; Mr. and Mrs. Jimmie Russell and three children, Mr. and Mrs. Charles Bernauer and daughter, Mr. and Mrs. Wesley Sherrill, Mrs. C. D. Mitchell and Nancy Bernauer, all of Gainesville.

Also Mr. and Mrs. Bob Bernauer and two daughters of Irving, Mrs. Burt Russell and three daughters, Mr. and Mrs. Herb Russell and four children, all of Whitesboro.

Shower Given for Graham Twin Boys

A party and shower of gifts Monday evening honored Kyle and Kirk Graham, two-year-old twin sons of Mr. and Mrs. Bill Graham of Gainesville with Mrs. Fred Newton as hostess.

Mrs. L. R. Davenport presided at the refreshment table and some 40 friends and relatives called for the come and go affair.

Among those attending were grandmothers of the twins, Mrs. Joe Walter and Mrs. A. A. Graham, and a great-grandmother, Mrs. John Walter.

Others present from Muenster were Mmes. Andy and Lawrence Wimmer, Oscar Walter, Meinrad Hesse, Andy Hofbauer, Frank Bayer, Billy Joe Miller, Paul Endres and H. N. Fuhrman.

Mr. and Mrs. Ewald Fuhrmann of Terrell were weekend visitors with their parents here and at Lindsay.

Marysville News

By Mrs. John Richey

MARYSVILLE — The J. T. Coles and David have been visiting and having visitors. They drove to Mason to visit Mrs. Cole's sister, Mrs. T. O. Reardon, and later had as guests in their home, Horace and Jack Moore of Fort Worth.

Mr. and Mrs. Eddie Kuykendall and daughter Colleen were Saturday visitors with Mr. and Mrs. Jim Morris at Gainesville.

Miss Paula Shaw of Gainesville spent Friday night with her father, Albert Shaw, and her grandmother, Mrs. J. N. Shaw.

Mr. and Mrs. Paul Hickman of Dallas spent the weekend with their son and family, the Milton Hickmans.

Mr. and Mrs. Bill Moon drove to Gainesville Saturday for a visit with their daughter and family, the Max Harrells. When Mrs. Harrell returned home from hospital duty she was pleasantly surprised to find that her mother had prepared the evening meal which was ready to serve.

Mrs. Belle Doughty spent the weekend with her son and family, the Russell Doughtys at Gainesville.

Barby and Mike Davidson are on a two-week vacation with their uncle and aunt, the Bo Snows at Abilene since last Wednesday when Mr. and Mrs. Snow visited here to meet infant Kathy Davidson at the home of Mr. and Mrs. Charles Davidson and to visit her parents, Mr. and Mrs. W. F. Davidson.

Visitors in the Charles Davidson home Friday to meet baby Kathy Davidson were Rev. and Mrs. Louis Stucky of Saint Jo. Sunday guests coming especially to see their new granddaughter were Mr. and Mrs. O. B. Seigmund and Joe and David Seigmund, who had a get-acquainted visit with their infant niece.

Mrs. J. N. Shaw has received word that her brother, Allan Davidson, of Fort Worth is seriously ill.

Visitors in the John Richey home Sunday were her twin sister and husband, Mr. and Mrs. Earl Cochran and their granddaughter, Anna Lois of Gainesville and Mr. and Mrs. Robert Richey and children of Sivells Bend. Little Johnny Richey remained to spend the week with his uncle and aunt.

Mr. and Mrs. Bill Roe and daughters Elizabeth and Reba of Westview visited Sunday with her parents, the W. F. Davidsons, and her brother Charles Davidson and family, meeting the newcomer, baby Kathy Davidson.

Rev. and Mrs. Henry Mzingo and daughter Shirley, here for the regular church services Sunday, were dinner guests in the home of Mr. and Mrs. Earl Robison.

Among wrestling fans attending the Optimist Club sponsored matches at Gainesville College gym Friday night were Mr. and Mrs. Earl Robison and son Jimmy, Mr. and Mrs. J. T. Cole and David Cole, Mr. and Mrs. John Richey, Mrs. Belle Doughty and Mr. and Mrs. R. D. Morris.

Rev. and Mrs. Don Gleckler of Dallas spent the weekend at the Methodist parsonage and he conducted church services Sunday. They were dinner guests of Mr. and Mrs. W. F. Davidson. After Sunday night services the congregation went to the parsonage for slides of missionary work in Portugal and refreshments of coffee and cake.

Four-H Boys Have Program on Pigs

Junior 4-H boys of Sacred Heart had a program on pigs at their January meeting Tuesday. Brooks Smith, assistant county agent, distributed literature on how to raise better pigs and led a discussion on breeds and feed.

Leon Endres, president, presided, and Wayne Klement, reporter counted 34 members present.

Recreational leaders John Henry Streng and Chris Walter directed a game after the business session.

There are about 3,000 kinds of lizard.

Airman on Leave Feted by Family

Airman Ferd Haverkamp, on leave with his parents the J. J. Haverkamps, was feted at a reunion in the family home Tuesday night with his sisters and brother, nieces and nephews joining in the get-together. They were present from Muenster, Lindsay and Gainesville.

Visiting and games of 42 and eats and drinks were enjoyed by the group.

The airman is just finished with basic training at Lackland AFB, San Antonio, and has a two-week visit at home before reporting to Fort Lee, Petersburg, Virginia.

Farm Facts

Today's farmer has the tools and know-how to do his job more efficiently. This makes it possible to supply himself and 23 other persons, a production ratio achieved by farmers in no other country.

The U. S. farmer's capacity to produce thus makes it unnecessary to maintain a large labor force on the land. This makes more workers available for industry, freeing them to supply the many goods and services which contribute to our high standard of living.

To achieve this efficiency, U. S. farmers are continually increasing their investment in equipment and supplies. This demand creates payrolls and employment for suppliers to an extent not realized by many people.

Few of us realize, for example, that farmers in this country have twice as much invested in machinery as the steel industry and five times as much as the automobile industry.

The farmer is America's biggest customer and he is getting bigger all the time.

Farmers have twice as much invested in machinery as the steel industry and five times as much as the automobile industry.

Spendable income of all farm families was more than \$40 billion in 1959. This compares with \$46 billion that the Government spent on defense in the same year. It was more than all U. S. business spent on plants and equipment.

Local News BRIEFS

Mr. and Mrs. William Koerner and children of Pilot Point visited her parents, the Frank Bindels, over the weekend and stopped at Myra to visit her sister and husband, the Archie Livingstons, on their way back home Sunday evening.

Weekend visitors with Mr. and Mrs. Joe Starke and family were her father, H. B. Schettler and her brother and his wife, Mr. and Mrs. Lawrence Schettler of Oklahoma City.

Miss Corina Vogel stopped here Tuesday to visit her parents, the Joe Vogels, before leaving Wednesday from Fort Worth for Little Rock, Ark. to be employed as an anesthetist in a Catholic hospital. The job is a temporary one — about four months — until the new Fort Worth hospital opens. She has been hired to be on the staff when it starts operating.

Visitors with Mr. and Mrs. Fred Hoedebeck Sunday were their sons and families, the Ray Hoedebecks and Dianne of Denison and Alfred Hoedebeck and five children of Irving. Alfred's wife is a shut-in following a recent illness. Other relatives from here visited at the Hoedebeck home in the afternoon for a get-together with the out-of-town company.

Annual treat for the church choir by the pastor during the recent holidays was attended by about 50, the married men bringing their wives and the single boys bringing their dates. The party, with games, singing and refreshments was held in St. Joseph's Club.

Mr. and Mrs. Henry Luebert and daughter Henriette of Fort Worth visited at the bedside of her uncle, Bill Stelzer, at Gainesville Sanitarium Saturday and came here to see her mother, Mrs. Henry Stelzer.

Dairy Foods Show Discussed at Meet

Discussion of the County Dairy Foods Show Saturday was the principal business at the Public School 4-H girls' meeting for January, according to Debbie Russell, reporter.

Sherri Pittman, president, conducted the meeting. Mrs. Everett Yeatts, assistant home demonstration agent, led the discussion. Nine members were present.

For You And Your Town

No business man or woman in any town should allow a newspaper to go to press without his or her name or business being mentioned somewhere in its pages. This does not mean that you should have a whole, half or even a quarter page advertisement in each issue of the paper but your name and address should be mentioned even if you do not use more than a two line space.

A stranger picking up a newspaper should be able to tell what business is represented in a town . . . it is the best possible town advertiser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town.

Pat Stelzer ends honeymoon and returns to duty in Hawaii. Antoinette Neu and James Bayer marry at Lindsay. Myra show kicks off March of Dimes campaign in Cooke County.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Grass planting is a step toward diversified farming, making a more economical farming unit. To plant grass on existing old field areas and other acreage where grass comes in sparse, is a means of eliminating soil erosion, low net profits of cultivated crops, and large investments in expensive machinery. Now is the time to make native grass planting. Bermuda grass should be sowed later this month when weather permits field work. The Upper Elm-Red Soil Conservation District owns sprig planters and seeding machines to assist farmers and ranchers in getting grass planted. One of the machines handles small seeds, like Bermuda. The equipment is all in operating condition and is available to anyone desiring to use it.

Muenster Has 2 in Gray Ladies Unit

Cooke County's Gray Ladies wore their new uniforms for the first time Monday. Included in the county unit are two from Muenster: Mrs. Rudy Hellman and Mrs. Henry Pick. The ladies give every Monday in service to the Denton State School for Retarded Children. There are 21 in the unit at present and Mrs. J. R. (Buck) Wimberly of Gainesville, chairman of Gray Ladies, welcomes the addition of others to take the orientation course and join the group. If enough are enlisted, the unit will be assigned two days each week at the school. There are approximately 368 youngsters at the school now and the number is expected to reach one thousand during 1961 and eventually climb to two thousand.

The woman who constantly interrupts a man's conversation either is already married or never will be.

Donations to the 'New March of Dimes' Will Help Prevent Crippling Diseases

Millions of families throughout the United States this month have received March of Dimes "mailers."

If the millions on the receiving end of this gigantic mail operation coast-to-coast and in Hawaii and Alaska have not already done so, now is the time to return the familiar envelope with a donation to the county March of Dimes chapter. Local leaders urged this week. The world's largest voluntary health organization is seeking to prevent crippling diseases, with its sights set at birth defects and arthritis and at continued work in polio.

These mailers, which reproduce the campaign theme, "Prevent Crippling Diseases—Please Say Yes to the New March of Dimes," were addressed in great part by selfless volunteers who, by combing through telephone and other directories, were able to "spot" just about every family in their county. Addresses of new homes, not included in telephone books, were obtained by these volunteers from real estate boards, tax lists, from other official records, and from chambers of commerce.

Hopefully, each of the 44 million families in the United States will have an opportunity to help prevent crippling diseases by contributing to the March of Dimes between now and Jan. 31.

The blue mailer contains an envelope with a pocket for a March of Dimes contribution by check or cash and with space for the donor's name and address. A brief message addressed to "Dear Neighbor" explains the expanded program of The National Foundation, and elsewhere on the mailer a few health figures are given—for example, that birth defects cripple one out of every 16 babies in the United States; that arthritis and rheumatism afflict 11 million Americans; and that polio can still strike down any one of more than 85 million unvaccinated persons in the country.

County chapter officials say

"Mailers, mailers everywhere!" says Linda Breese, of Columbus, Ohio, 1961 March of Dimes National Poster Child, as she "models" one of the contribution envelopes. Mailers are to be returned this month to local chapters of The National Foundation to support expanded health program in birth defects and arthritis, and continued work in polio. Linda is recovering from birth defects of an open spine and excess fluid on the brain.

that they "hope our mailer message brings speedy replies in the form of cash, money orders and checks because County chapter officials say are desperately needed to finance National Foundation programs of aid to patients, research and in the training of health workers."

Milk Price Set at \$6.03 in January

The minimum price that North Texas processors will be required to pay producers for Class I milk during January 1961 will be \$6.03 per hundredweight for milk testing 4.0% butterfat. For each tenth of one percent (0.1%) that the average butterfat content of such milk varies from 4%, the above price will be adjusted by 7.6 cents. Class I milk includes such items as whole milk, flavored milk, buttermilk, skim milk and table cream. For the month of December 1960 processors were required to pay producers a minimum of \$5.928 per hundredweight for Class I milk testing 4.0% butterfat.

THE '61 CHEVY BRINGS JET-SMOOTH TRAVEL DOWN TO EARTH

HERE'S WHAT GIVES CHEVY ITS JET-SMOOTH RIDE—

- Full Coil suspension—Chevy's one of the few cars with a coil spring at every wheel. Precision-balanced wheels
- For smoother rolling with less vibration. Sound-hushing insulation—Sheet metal is carefully insulated against drumming and vibration. 51 built-in "shock absorbers"
- Cushion the chassis against shock and shake. Live rubber body mountings—Extra-large butyl rubber cushions that further isolate the ride from the road.

This is the Impala Sport Coupe—just one of 20 Jet-smooth Chevies!

Better just circle your dealer's block the first time you try a Jet-smooth '61 Chevy. Get anywhere near an open highway and he's liable never to see you again.

What we mean, Chevy's ride whets your yen to travel. Wins you over with its delightful coil-spring smoothness, its hushed comfort and light steering. You find yourself feeling sorry for people who buy higher priced cars, thinking they have to pay premium prices for a luxury ride.

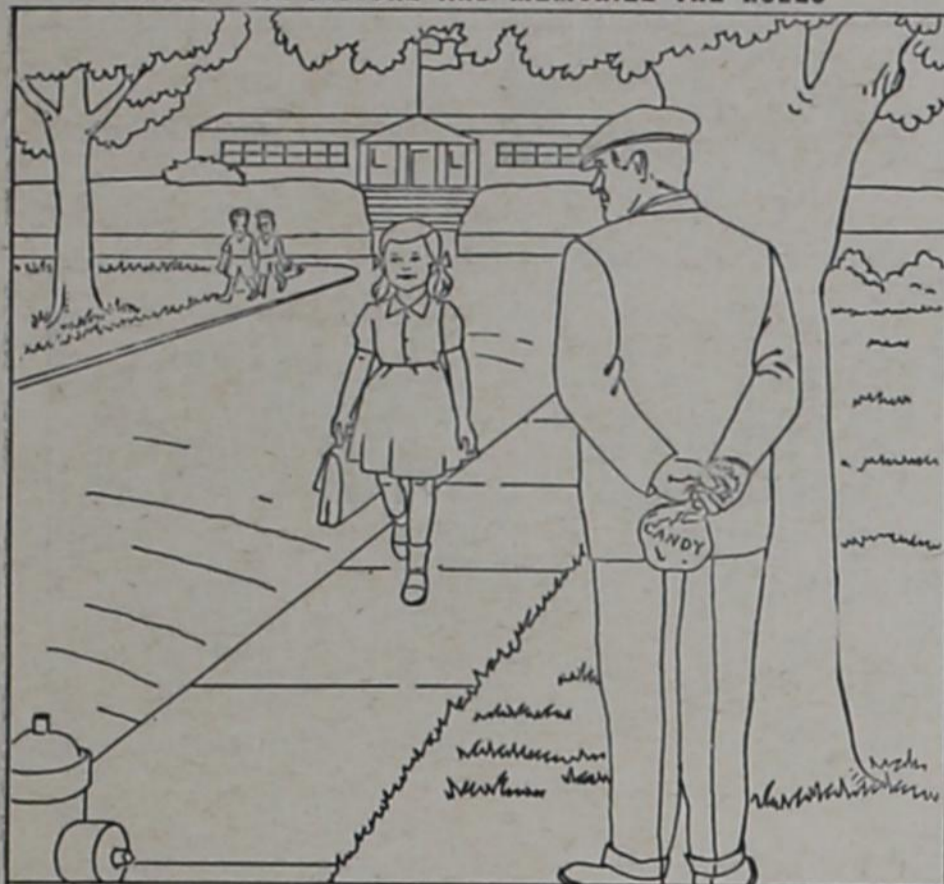

That may have been true at one time, but not any more. Chevrolet's ride, its roadability, just doesn't take second place to anybody's. Drive one soon and see.

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: W. E. Nichols GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13th day of February, A. D. 1961, at or before 10 o'clock A. M. before the Honorable District Court of Cooke County, at the Court House in Gainesville, Cooke County, Texas.

Said plaintiff's petition was filed on the 14 day of September, 1960. The file number of said suit being No. 18843.

The names of the parties in said suit are: W. C. Farr, S. E. Farr, Bessie Turner and husband Elmer Turner as Plaintiffs, and Dorothy Nichols and husband W. E. Nichols, A. L. Russom, Mardell Bean and husband W. E. Bean, Louise Maughan and husband H. E. Maughan, Margaret Jean Ferguson and husband B. R. Ferguson, R. R. Day, Elvin Day, C. W. Farr, and wife Mamie Mae Farr, M. T. Farr, David Farr, Ruby Petty, C. T. Farr, Marian Jean Smelcer and husband Wm. Robert Smelcer, Neva Belle Fielder and husband R. S. Fielder, Josie Farr, R. C. Day, and C. C. Russom as Defendants.

The nature of said suit being substantially as follows, to wit: This is a partition suit in which the plaintiffs and the defendants are co-owners. The land involved is 65 acres of land, being 36-1/4 acres of land, a part of the J. W. Germany 89-1/4 acre Survey, Abst. No. 1373, and 28-3/4 acres, a part of the Asa Culver 146 acre Survey, Abst. No. 1348, described as follows:

BEGINNING on the N. B. line of the said J. W. Germany Sur-

vey 135 vrs. East of his Northwest corner which is the Northeast corner of 18-1/2 acres out of said survey, conveyed by Mary Germany et al. to B. M. Lock, which deed is of record in Vol. 76, page 54, Cooke County Deed Records;

THENCE South at 746 vrs. to the N. B. line of said Culver Survey at 1342 vrs. in all the S. B. line of said Culver Survey;

THENCE East 273-1/2 vrs. a stake in the S. B. line of said Culver Survey;

THENCE North at 594 vrs. N. B. line of said Culver Survey at 1340 vrs. in all the N. B. line of said Germany Survey;

THENCE West 273-1/2 vrs. to the place of beginning, of the reasonable value of Three Thousand Dollars. (\$3,000)

That each plaintiff and defendant owns the following undivided interest in the above described land, to wit:

SURFACE ESTATE
A. L. Russom, an undivided 11/250 interest.

Dorothy Nichols, an undivided 11/250 interest.

Mardell Bean, an undivided 11/250 interest.

Louise Maughan, an undivided 11/250 interest.

Margaret Jean Ferguson an undivided 11/250 interest.

The above 55/250 interest being subject to a life estate in 1/3 thereof owned and held by C. C. Russom.

Bessie Turner, an undivided 11/250 interest.

R. R. Day, an undivided 11/250 interest.

Elvin Day, an undivided 11/250 interest.

Ruby Petty, an undivided 11/250 interest.

The above 44/250 interest and an 11/250 part owned by W. C. Farr being subject to a life estate

Local Cows Among DHIA High Herds During Past Month

The month's summary for averages in the Cooke County Dairy Herd Improvement Association lists local cows among the high herds with Jerry Hoenig's and Tommy Krabe's tied for third spot in average pounds of butterfat produced with 37 and Hoenig's also third in pounds of milk with 1059.

Tying for the lead in butterfat are the herds of Pete Prescher and Hi-Lo Farm for a total of 41. Prescher cows also led in milk production with 1137 pounds and Hi-Lo Farm was next with 1107 pounds. In second place for butterfat production is H. H. Moody's herd with 38.

Other high herds for the month include those of Felderoff and Sicking, Paul Fisher, C. A. Fisher, and Paul Fetsch.

Fifteen member herds were tested with 500 cows in milk. Of these 118 produced 50 or more pounds of butterfat with the all-over average of 33. Average pounds of milk per cow was 883.

in 1/3 thereof owned and held by R. C. Day.

C. W. Farr, an undivided 6/250 interest.

M. T. Farr, an undivided 6/250 interest.

David Farr, an undivided 6/250 interest.

C. T. Farr, an undivided 6/250 interest.

Neva Belle Fielder, an undivided 6/250 interest.

The above 30/250 interest being subject to a life estate in 1/3 thereof owned and held by Josie Farr.

S. E. Farr, an undivided 55/250 interest.

W. C. Farr, an undivided 55/250 interest.

MINERAL ESTATE
The ownership of the minerals is the same as the surface estate with the two exceptions of M. T. Farr having conveyed all of his interest therein to Marian Jean Smelcer and C. W. Farr all of his interest therein to Mamie Mae Farr.

Further the Plaintiffs plead that the land involved is not susceptible of division in kind, and that a receiver be appointed to sell the same for the best price obtainable, reserving unto the owners thereof an undivided one-half (1/2) non-participating royalty interest therein; and all of the costs of the aforesaid mentioned be paid out of the proceeds of the sale of the land and the balance be paid and divided between the joint owners of the property according to their respective interests.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 28th day of December A. D. 1960.

Given under my hand and seal of said Court, at office in Gainesville Texas, this 28th day of December A. D. 1960.

Milton Thomason Clerk Court Cooke County, Texas

7-8-9-10

Farm Facts

Out of every dollar spent by the housewife for groceries, the farmer gets only 38 cents.

"Why, then," complains the housewife, "does my grocery bill keep going up?"

In the first place, lady, the purchasing power of your dollar is being diminished steadily by inflation. A dollar in 1941 would buy twice as much as today's dollar.

Then, too, you're demanding more convenience—cellophane wrapped meats, ready-to-bake biscuits, whole meals in foil serving plates. These extras figure in your bill.

Although the cost of the Family Food Basket went up \$154 between 1947 and 1955, the farm value of food in it dropped \$40, while labor costs advanced \$100 and transportation costs went up \$31. The farmer got \$20.8 billion of the \$57.7 billion spent for food in 1958, as compared with \$17.5 billion for labor.

Costs of higher wages, taxes, etc., are being passed along to the consumer. The farmer, however, can't add them to his selling price and

Out of every dollar spent by the housewife for groceries, the farmer gets only 38 cents.

he gets less of the food dollar. The farmer is not to blame for high food prices. He is getting less, but you're getting a bargain. A factory worker can buy 45 per cent more food with an hour's pay than he could in 1947.

Highway Flagmen Will Wear Red as Safety Measure

Austin, Texas — The Texas Highway Department today announced a highway safety measure designed to protect the motorist by making him see red — literally.

The Department said it will require flagmen directing traffic at highway construction and maintenance projects to wear bright red vests and to use a flag of the same color.

The men in the red vests will begin appearing on Texas highways by mid-February, when Highway Department employees working on maintenance jobs will don the eye-catching apparel. Made from fluorescent red nylon, the new vests are designed to make flagmen more easily visible and recognizable to motorists both day and night. At night the vests and flags will be supplemented by flares.

Red flags have been used by flagmen in the past but the fluorescent color and the vests are new requirements, made to insure added safety and convenience for the public in the movement of traffic to and through highway construction and maintenance operations," said D. C. Greer, State Highway Engineer. He hailed the new vests as a safety measure not only for motorists but also for highway workmen.

Beginning with the February contract letting, he said, the specifications for all highway projects will require that flagging be done with the use of the special vests and flags.

The same flag signals will be retained: flagman's arm fully extended horizontally to indicate "STOP"; movement of the flagman's free hand without use of the flag to indicate "PROCEED".

One of the novelties of Robert Fulton's steam-powered warship Demologos, constructed in 1815, was that it could discharge 100 gallons of boiling water a minute at an oncoming enemy.

NOTES FROM CITY LIBRARY

It was like another Christmas the past Wednesday for library workers as they unpacked seven large boxes of books, a gift from Subiaco Abbey.

There are about 200 books in all, ranging from reference books, complete works of Shakespeare, Edgar Allan Poe, Thackeray, Sir Walter Scott and Joyce Kilmer, books on religion and 25 of fiction.

There is also a set of 25 volumes that contain famous short stories, poems, plays, biographies, etc., all works known as "Little Masterpieces." The literature of the world has been ransacked to find appropriate material for these books which contain works of more than 400 authors.

Besides being "just plain good reading" these books could be very helpful for high school and college students.

One of the fiction volumes included in the shipment is "The World, the Flesh and Father Smith," by Bruce Marshall. It is the story of Father Smith, his friends, superiors and parishioners. Few stories have been written with greater gaiety and tenderness. No matter what one's faith — or lack of it — there is wisdom, comfort and laughter in Father Smith's affectionate sojourn in this world of the flesh. This was a recent Book-of-the-Month Club selection.

Other interesting volumes are Anderson's Fairy Tales, The Song of Bernadette by Franz Werfel and Gone With the Wind by Margaret Mitchell.

Committees Named For Farm Bureau

Committee heads have been named by the Cooke County Farm Bureau. This was the principal business at the bureau's January meeting attended by ten directors and all officers of the organization.

President J. T. Cole named Paul Fisher and Frank Neu as co-chairmen of the membership committee. They are immediate past president and current vice president of the bureau.

Others named for the various committees are Gus Lutkenhaus and Al Hess, budget and finance co-chairmen; Joe Krahl and Leroy Hay, policy development co-chairmen; Joe Hundt, legislative chairman, with Ben Davis, J. E. Pybas and Paul Fisher; Joe Bauer Jr. and Bruno Zimmerer, co-chairmen of services to members; J. T. Cole and J. C. Bullard, publicity. Al Walter,

animal health; and Mrs. J. E. Pybas, recreation.

President Cole gave a report on the American Farm Bureau Federation meeting held in Denver, Colo. He was the county's delegate.

A rally for membership chairmen was announced for Jan. 24 at Abilene.

Lindsay News

Franciscan Third Order members recited the office Sunday after the indulgence blessing by the pastor. The fraternity's meeting followed the 9 o'clock mass.

Semi-monthly game parties were resumed Monday in the Parish Hall after skipping December on account of the season of Advent. These benefits are sponsored by the Parent-Teacher Club and Catholic Youth Organization to raise funds for the school and athletic program. CYO workers for January are Rosemary Hess, Nellie Hess, Rosemary Hermes, Milton Krebs, Leroy Neu and Leon Neu.

Virgil Neu Feted At Family Parties

Airman Virgil Neu ended a 20-day leave with his parents, Mr. and Mrs. W. J. Neu, Tuesday and returned to Biggs Air Force Base at El Paso where he is a mechanic.

While he was at home a number of family gatherings honored him including a dinner party in the home of Mr. and Mrs. Elroy Neu at Gainesville, an all day holiday gathering in the home of his parents with 25 guests present, a farewell dinner Sunday with his uncle and aunt, Mr. and Mrs. John Neu as hosts in their home, again all members of the family, plus friends present, and Monday afternoon all his brothers and sisters dropped in to say so long and goodbye.

The crack in the Liberty Bell occurred while the bell was tolling for the funeral of Chief Justice John Marshall in 1835.

Discussion Clubs At Lindsay Active

Lindsay parish Confraternity study groups continue their well-attended and enthusiastic sessions, the meetings Sunday night featuring a discussion of chapter 4 in the current textbook and a preview of chapter 5.

The study period is one hour. It is followed by a short social period.

Eight of the nine clubs met Sunday in the homes of Lawrence Zimmerer, Bruno Zimmerer, Joe Bengfort, John Aytes, Ruth Eberhart, Tony Voth, Clem Hermes and Jake Kuhn.

The group to meet in the Clem Sandmann home will have their meeting next Sunday.

Cynthia Stoffels Birthday Honoree

Miss Cynthia Stoffels was the honoree and about 25 classmates were guests at a party Sunday afternoon marking Cindy's becoming a teenager.

Mrs. Herman Stoffels was hostess at the family home entertaining for her daughter on her 13th birthday. Assisting with party plans and serving was the honoree's aunt, Mrs. Pat Hennigan. Cindy's grandparents, Mr. and Mrs. Will Sandmann and her uncle Paul Sandmann of Lindsay were special guests.

A decorated birthday cake was served with other refreshments after the group admired the honoree's shower of gifts, played games and danced to records.

Mr. and Mrs. Charlie Winchester have returned from Arlington where they spent several days with their son and family, the Ray Winchesters. Ray drove his parents home Saturday evening and spent Sunday with them.

TEXAS PUBLIC SCHOOL WEEK has been proclaimed by Governor Price Daniel for March 6-10. Receiving the proclamation for the tenth annual statewide observance is John McKee (right), who has served as State Chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1950. Chief purpose of the observance is to induce more citizens — not only parents but all others — to visit the schools and see for themselves the functioning of our democratic system of education. More than 3,000 local and area committees are working for a record attendance of adults this year.

Muenster Mutual

storm damage were \$5,350.17 and administrative expenses were \$3,124.02 for a total operating expense of \$8,474.19. That amount deducted from the total revenue leaves a net gain of \$8,322.78 in the organization reserve fund. The organization is gradually building a substantial reserve in order to be prepared in case of serious widespread losses in the area.

To continue increasing that reserve the delegates at their meeting Wednesday voted for another 30 cent assessment in 1961.

In other business of the session they decided to raise the limit of a member's insurance in order to compensate for increased values of recent years. The maximum used to be \$8,000. Now it is \$10,000.

Directors of the organization were re-elected as follows: Albert Henschel, president; J. B. Klement, vice-president; W. H. Endres, secretary; Victor Hartman, treasurer; J. W. Hess, director.

Present at the meeting were delegates of the five districts of the organization: Muenster, Lindsay, Valley View, Electra and Windthorst. Each district will have its local meetings in the near future.

Civic League and Garden Club Has Officer Election

Annual election of officers was on the business agenda for members of the Muenster Civic League and Garden Club at their January meeting Monday night. It was a reelection with the exception of vice president which includes chairmanship of the yearbook and program committee. The new officer is Mrs. Dan Luke. She replaces Mrs. Edd McGannon who served in that capacity for six years.

Other officers for a new term by re-election are Mrs. L. B. Bruns, president, Mrs. Steve Mosler, treasurer and Mrs. R. N. Fette, secretary. Chairmen of standing committees will be appointed and announced later.

Mrs. J. M. Weinzapfel and Mrs. Henry Weinzapfel were co-hostesses in the former's home and served a sandwich and desert plate and coffee as members arrived. Twenty-four were present.

Mrs. L. B. Bruns conducted the business session and reminded members that Jan. 18 is Arbor Day.

The club decided to sponsor the sale of dwarf crepe myrtle as a community project to encourage the planting of these lovely blooming shrubs. The crepe myrtle in Muenster's official shrub. Anyone wishing to secure plants may turn in an order to the Garden Club. The dwarf variety is especially recommended for border planting. The prices will be a dollar each for the red, 80 cents for the white and fifty cents for the purple. Orders will have to be turned in at the club's February meeting.

"Birds" was the topic for the program and Mrs. Arthur Felderhoff was in charge. She gave an entertaining and informative talk, also answered questions in a round table discussion of the subject.

She stated that there are over 9000 kinds of birds known. Most of them have big appetites and consume a large percentage of their own weight in food every day. They eat insects and weed seeds as an aid to farmers and gardeners and while they find their own food in the winter, it is wise to put their food in a protected place.

For February's meeting Mrs. Al Yosten and Mrs. Larry Yosten will be co-hostesses in the former's home. Mrs. Henry Weinzapfel will be on the program the title of which is "Soil Preparation and Suitable Plants for Indoor Planters."

NOTICE

Interest through and including the calendar year 1960, will be paid on customers' deposits. Bring your deposit receipt when you call at our office for your interest.

TEXAS POWER & LIGHT COMPANY

An English druggist, John Walker, made the first friction match in 1827. It's the job of the U. S. Mint to make it first and yours to make it last.
