Big Push Needed To File Early for Hospital Grant

There will be no war over the Berlin issue, in the opinion of many experts on global tensions. They base this opinion on the belief that Khrushchev is bluffing and has no desire for a show-down struggle with his enemies of the West.

They feel confident that despite Soviet Russia's claims to superior armed strength Khrushchev is painfully aware of inferiority in economic strength. Besides he is haunted by the constant fear of what will happen in his satellite countries if and when Russian troops are pulled out to engage the Western foe. There is danger of widespread uprising with a possibility that his empire would blow up in his face.

Under such conditions it is hardly likely that the Soviet boss would take the big gamble. He knows that either United States or West Germany has Russia bested in economic potential, and the added strength of other NATO allies would stack the odds heavily against him. Furthermore, he isn't likely to risk nuclear conflict because he has admitted so often in his nuclear ban propaganda that he fears United States in that field.

And there is still another big factor. Engaging his own troops just isn't the Soviet way of operating. In the past two decades Russia has done practically no fighting. Khrushchev has a way of making his gains on the efforts of others.

But now it seems that serious trouble may develop from a previously unexpected source . . . from Russia's subjects rather than from its enemies. People of East Germany in their mass flight to freedom created a problem that the Reds could no longer tolerate. East Germany's economy is already badly crippled by the exodus. Skilled workers, professional men, farmers . . . thousands of the best of East German manpower . . . are already gone and the country faces a crisis. There is good reason why red bosses during the past week-end tried to block all escape routes to West Berlin.

Since this drastic move was necessary there can be little doubt about the attitude of people remaining in East Germany. Conditions which prompted so many to escape must cause resentment, frustration and even desperation in the others. The country is a powder keg threatening to explode.

The situation as seen by many is strikingly similar to that preceding the East German revolt of 1953. Another uprising is easily possible, and therein lies the danger that war will develop in spite of Khrushchev's reluctance to fight.

Inevitably, if the revolt breaks out, the freedom fighters will send pleas for help to the West. And the West realizing how very much is at stake, could not afford to decline. Refusing help would almost certainly assure Russia's eventual success in its plans of world conquest.

Failure to help East Germans and Hungarians in their former bids for freedom is known to have cost the Western allies dearly. Our prestige declined as people all over the world saw the emptiness of our encouragement to those who risked a break for freedom. At the same time hope and confidence of the oppressed everywhere declined sharply and communism's advance proceeded faster than ever before.

Surely the Western countries would not make another such tragic blunder. Experience has taught them that failure to back up their responsibility as champions of freedom is costly in the long run, and the present alarming strength of world communism should warn them that they cannot afford to allow the reds another gain of strength. Communism is already dangerously close to a lead in the world power struggle and another success might be all it needs.

Above all, the West should have no scruples against helping those who make the break. That has been the red method all along. It's high time that Westerners wise up and give the enemy some of its own medicine.

Several possibilities could result from such action. First there's the chance of setting off a big war. But the risk of doing that is no more serious than allowing the enemy

Brunns Announces Assignment List At Public School

Faculty assignments at Muenster public school for the coming year have been announced as follows by Superintendent L. B. Brunns.

L. B. Brunns, superintendent. Glenn Hellman, principal and social studies. Glenn Richardson, high school coach and seventh and eighth grades. Charles Ray Lynch, band director and library. Mrs. Marie Mosman, science. Miss Bettie Dodds, commercial subjects. Miss Doris Vavra, home-making. Edgar Dyer, Vocational agriculture. Emmett Walterscheid, shop and driver training. Arthur Bourdeau, English. Carl King, mathematics. Mrs. Bessie Miller, first and second grades. Mrs. Jane Weinzapfel, third and fourth grades. Mrs. Prudence Selby, fifth and sixth grades.

Regardless of the drive's tardiness, Chairman J. M. Weinzapfel urges continued effort in the hope application can still be made next month. If that falls short, he said, at least it will require less work to finish the job.

At this stage, he said, it is apparent that the community can reach the goal. Since that is the case he urges all to do it as soon as possible so that the hospital's benefits will be available sooner.

CPA Will Solicit For 2-Way Radio On Fire Truck

Members of the Community Progress Association are convinced that a two-way radio will be a valuable improvement to the city's small fire truck and are starting to solicit funds for it.

Heading their prospect list are people of the rural area, in whose service the truck makes most of its calls, and who get most of the benefit from its availability. All farmers are asked to help the cause by sending their donations to the Community Progress Association or the City.

Cost of the unit is estimated at \$700. It will be installed in the small tank truck and tuned to the frequency of the Cooke County Sheriff's department. Calls received while the truck is out on duty will then be called to the county officers who will relay the message to the firemen.

Need of the radio has been felt at several times in the past. Firemen on their first call could have saved precious time if they had learned promptly of a second fire and gone directly to it with the least possible delay. Under present arrangement the men usually do not get the second report until they return to town. And then, sometimes the second fire is not far from the first.

Tigers Show Big Improvement Over Last Year's Team

Football prospects are looking good for the Sacred Heart Tigers. The team which went through a winless season last year is practically intact but showing the advantage of growth and experience.

Head Coach Adam Wolf said Tuesday that the boys are picking up where they ended last year and are looking exceptionally good for this early in the season.

Twenty five boys are out for practice and fourteen of them are lettermen. But the lettermen have no cinches. Included in the other group are a few who have improved lots in the past year, plus some freshmen who did well with last year's Cubs. All are hustling and making the former regulars hustle to hold their positions.

The boys are meeting twice daily, at 6 a.m. and 8 p.m., with their two coaches Adam and Walter Wolf. They will continue that schedule until school starts on August 24.

Lettermen who reported are Jerome Fuhrman, Bobby Hess, Clarence Bayer, Charles Knabe, Bobby Pels, Bobby Hess, Virgil Hess, Pat Knabe, Johnny Wolf, Pat Klement, Claude Bayer, Frank Hess, Dick Hesse and Pete Kappas. Others are Jerome Hennigan, Quentin Hess, Francis Fuhrman, David Bayer, Dale Bayer, Jimmy Otto, Tommy Fuhrman, Dale Hess, David Hess, Jimmy Klement and Roy Wimmer.

Mr. and Mrs. E. M. Shiflet of Pilot Point were Tuesday visitors with her sister and husband, Mr. and Mrs. J. W. Fletcher.

County College Regents Adopt \$222,000 Budget

The budget for the coming scholastic year at Cooke County Junior College shows estimated receipts of \$222,000 and estimated operational expenses of \$173,570.20, leaving a reserve of \$48,429.80 for lease payment, improvements and contingencies. It was adopted by regents of the institution at their meeting on August 8.

Also approved by the board was the purchase of \$4,500 of furniture for the new six-classroom wing which should be completed in September, and the construction of an attractive sign for the college.

Four sources will provide the college's income, the estimated amount of each being as follows. State fund, \$80,000; tuition \$50,000; local maintenance tax, \$80,000; Mary J. Cox Estate, \$12,000.

Expenditures were estimated as follows. Administration, \$26,400; instruction, \$98,179.20; general expense, \$7,900; library, \$13,171; organized activities, \$11,200; operation and maintenance, \$16,720.

Smallest Squad in School's History Reports at MHS

The smallest squad ever to report for football at Muenster High is causing a big worry for the new Hornet coach, Glenn Richardson.

Only fourteen are in uniform and a few more are expected when school starts, but at best there doesn't seem to be a chance for adequate reserve strength, or even for enough to organize quad practice sessions.

Included in that group are eight lettermen, five of them in the line and three in the backfield, and only three of them regular starters on last year's team.

The hardest blow is felt in the backfield, which lost all of its former starters by graduation. Jim Wiesman the remaining letterman of that department has been assigned to fullback and Mark Hellman, formerly at end, is the quarterback.

Lettermen in the line are Ronnie Russell, Harold Flusche, Dickie Pagel, Robert Klement, Johnny Pagel and Donny Vogel.

Others on the squad are Dan Wilson, Roy Wimmer, Weldon Vogel, Ted Kathman, Tommy Flusche and Tommy Mosman.

CDa Court Slates Sunday Benefit

Muenster court Catholic Daughters of America plans to sponsor another benefit ice cream social and game party Sunday night on the parish grounds. At least, such are the arrangements now.

The event will tie in well with the Sisters' shower in Parish Hall Sunday evening and persons attending either can attend both.

Catholic Daughters outlined their plans at their August meeting Friday night when Mrs. R. N. Fette was hostess in her home and 34 members were present.

Other business was routine with reports. Mrs. Joe Swirczynski, mission chairman, told of two shipments of clothing, one to a Colored orphanage in Fort Worth and one to an Indian Mission in South Dakota. Mrs. Charles Taylor gave the library report.

For entertainment, Mrs. Clyde Fisher and Mrs. Paul Fisher enacted an amusing — and instructive — skit on the right and wrong way to recruit new members.

On display and causing a great deal of comment and conversation were articles members have made for the court's fall bazaar. The cute and pretty items include stick horses, stuffed animals, cloths, dolls and doll clothes. The court's fall festival is scheduled for mid-November.

To conclude the evening the hostess served cookies and iced drinks.

Mr. and Mrs. J. T. Cole were business visitors in Fort Worth last Thursday.

NEWS OF THE SICK

He is a patient at Bowie Hospital where he had surgery Monday, specialists inserting a pin and a plate in the bone. He'll be hospitalized about two weeks according to Mr. and Mrs. John Willis who are attending his father's bedside every day.

Mostly visiting and relaxing, say Mr. and Mrs. Joe Trachta of their nine-day vacation in Utah and New Mexico. They came back Tuesday night.

Going, they returned Mr. and Mrs. Larry Walterscheid to their home at Monticello, Utah, and spent most of the time there. In Albuquerque they had a day and night with Mr. and Mrs. Leon Hellman at their home and chatted with Frank Hennigan at his service station.

Industrial Group Elects Directors And Hears Report

Members of the Muenster Industrial Foundation at their annual general meeting in the Public School lunch room Monday night reelected the five directors whose terms expire this year.

They are Alphonse Felderhoff, Vincent Felderhoff, Steve Mosier, Charles Taylor and Andy Hofbauer. Other directors, whose terms continue another year, are Jerome Pagel, Urban Endres, Earl Fisher and Pearl Evans.

After the meeting directors had a short session to name officers. They are Jerome Pagel, president; Steve Mosier, vice president; Urban Endres, secretary; Earl Fisher, treasurer.

The industrial foundation was organized two years ago to assist Raden Manufacturing Co. in setting up a dress factory here. Members raised slightly over \$21,000 and borrowed the remainder of \$25,000 to make their loan to Raden. Since then \$11,000 has been repaid and current payments are being made at the rate of \$250 per month. The Foundation paid back the amount it borrowed and the remaining cash, along with monthly payments as they come in, is invested in a savings account.

Interest from the savings account up to now has paid all the organization's expense, which consisted principally of the fee for incorporation, interest on its loan and stationery and postage. Hereafter the interest on savings will build up the fund.

None of the increase will be available to members, however. For tax purposes the foundation was organized as a non-profit organization, so members can get back no more than their original investment.

The local dress factory, managed by Mrs. Louis Roberg, recently adopted the name of Muenster Manufacturing Co. It has 38 employees and a payroll of about \$1800 a week. Current orders would allow adding more employees if the plant had space for them. The extra work has to be contracted to other sewing factories.

Rain Measures .89

Another small installment toward improving the condition of surface moisture in this area came Sunday night as heavy clouds left .89 inch of rain while passing over.

Combined with .92 inch a week earlier and .04 on Wednesday, the rain has given a temporary lift to pastures and has made fields easier to prepare for fall sowing, but it failed to reach the subsoil. An extended slow soaker is still very much in popular demand.

Up to now the month's rain measure is 1.85 inches. The year's total is 17.79 inches.

News of the Men in Service

Visit in Heidelberg Former Sacred Heart High classmates had a meeting in Heidelberg and have written home about it. Miss Sarah Ann Fleitman, on a European trip, was seeing Germany and the tour stopped at Heidelberg. Word of the meeting has been received by the Bruno Fleitmans and Albert Hesses.

After that the children will have two holidays. They will have no school on Thursday and Friday but will report for first classes on Monday, Aug. 28.

Sisters' Shower Slated Sunday

Muenster's annual shower for the Benedictine Sisters will be an event of Sunday night in the parish hall after evening mass.

Members of St. Anne's Society, sponsors of the party, extend a general invitation to everyone to drop by, visit, and renew acquaintances or get acquainted with the nuns.

As usual the shower will be a miscellaneous gift affair with emphasis on pantry and locker foods and cash contributions, according to the sponsoring group.

In connection with the shower, though not a part of it, the CDA court will sponsor a benefit game and ice cream social on the parish grounds adjoining the hall. This will be a CDA treasury benefit.

THE VOICE OF EXPERIENCE

When a man has driven more than 2,000,000 miles in 28 years without an accident, the advice he offers other drivers deserves to be listened to with respect.

Melvin O. Griffith of Big Spring, Texas, recently named "Driver of the Year" by the trucking industry, declares that the first rule for safe driving is to pay attention to signs.

"First of all, pay close attention to your road signs," he says. "A lot of people don't seem to realize that they are there for a purpose. If the sign says 'Sharp Curve Ahead — Slow down' do just that."

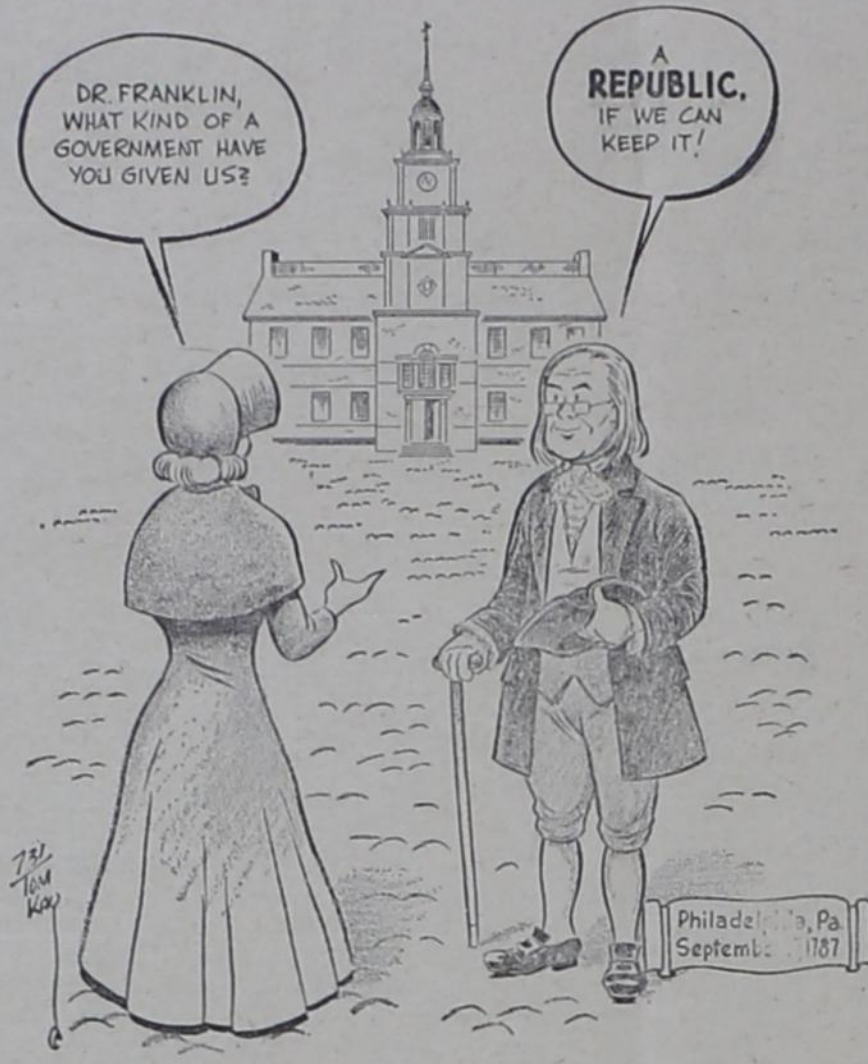

In stating that many persons pay too little attention to signs, the Driver of the Year calls attention to a failing common to all of us. Driving the same familiar routes every day, we become so accustomed to seeing the same signs that we often fail to pay attention to them until we

find ourselves in danger of an accident.

Signs are designed to guide traffic smoothly at speeds consistent with safety. If we follow their directions closely, we get to where we are going with a minimum of trouble, Griffith says. When we ignore them, sooner or later, we find ourselves inviting an accident.

When we are driving in unfamiliar territory, we realize how important signs really are. This is particularly true at night, when we often find ourselves watching for reflective signs that glow brightly in our headlights to guide us along our way or warn us of danger ahead. Too often, unfortunately such signs do not exist.

The next time we go for a drive, even on familiar routes, we'd all do well to keep in mind the advice offered by the Driver of the Year: "Pay close attention to your road signs. They can save your life."

WHY ADVERTISE?

"My location was one of the best in town.

"I had a line of goods well suited to the local situation.

"I had the lowest mark-up in town. I just didn't get enough business."

These are the comments of a small city dry goods merchant who recently closed his store.

He added that he kept his prices low by saving on advertising. In fact, he did not advertise at all before closing-out sale. He thought he was passing the savings from not advertising on to his customers.

Actually the retailer had fallen into a trap which slams shut the doors on many merchants. He was making an error in logic and arithmetic which was cheating his customers and himself.

No merchant ever passed on savings which came from lack of advertising. The non-advertiser may think he is saving. But in penny-pinching he neglects volume and net profit.

When advertising increases volume, sales costs, storage costs and waste decrease. Overall profit increases, and lower prices to the consumer follow.

The retailer who thinks he is favoring his customers by not advertising should ask himself: Which retail stores throughout the nation are selling at the lowest prices?

He may find the answer quickly. The stores which operate successfully on the lowest margin of profit are those which advertise the most.

NO INDISPENSIBLE MAN

Sometime when you're feeling important — Sometime when your Ego's in bloom; Sometime when you take it for granted you're the best qualified in the room; Sometime when you feel your going would leave an unfillable hole — just follow this simple instruction and see how it humbles your soul.

Take a bucket and fill it with water, put your hand in it, up to the wrist, pull it out and the hole that's remaining is a measure of how you'll be missed.

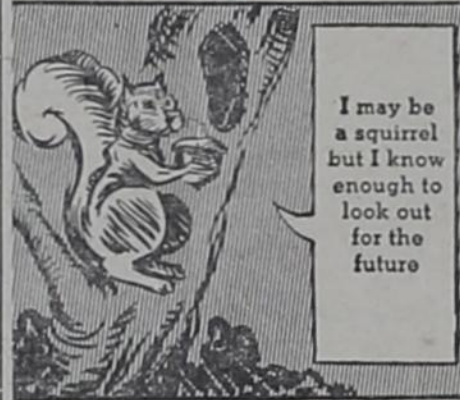

You may splash all you please when you enter, you can stir up the water galore; but stop and you'll find in a minute that it looks quite the same as before.

The moral in this example is do just the best that you can; Be proud of yourself, but remember There's no INDISPENSIBLE MAN.

The story of WILLIAM ALLEN WHITE and The Church Bell

"I don't need to advertise," an established merchant in Kansas once told William Allen White, renowned publisher of The Emporia Gazette. "Everybody knows me and knows what I sell."

"In that event," replied the thoughtful publisher, "we can dispense with the oldest advertising medium for the oldest institution in the world. See that church down the street," continued Mr. White, pointing to one of Emporia's oldest and most beautiful structures, "That church has been established here for many years. Everyone knows what it is and what it does. In the tower of the church is a bell and every Sunday it rings out to remind folks to come to church."

"Shoppers go where they are invited and stay where they are well treated," concluded the publisher.

"Regardless of how well established a firm may be, newspaper advertising is a repeated invitation and a reminder to come and do business with that store."

SH Alumni Plans For Work and Play

Getting organized for another school term, members of Sacred Heart Alumni Association met on the evening of August 10 to review past activity and plan coming activity.

Among projects members decided on is taking charge of the concession stand during the football season and a committee is lining up helpers so that all members can take a turn at being on duty.

As a get-together social event for the membership the group decided on a splash party and watermelon feast for this week Thursday at city pool and park from 8 to 10 p.m.

President Don Bayer conducted the meeting and after adjournment those present enjoyed a recreational hour, some playing volley ball, others playing cards, and hostesses for the evening served refreshments. Mrs. Arthur Bayer won the door prize.

In wedding ceremonies here Saturday, August 12, Miss Marilyn Horn pledged vows with Jimmy Doughty in Sacred Heart Church, Father Bruno Fuhrmann officiating at the 4 p.m. nuptial high mass and double ring service.

Parents of the couple are Mr. and Mrs. Joe Horn and Mr. and Mrs. Joe Doughty.

Marilyn was a pretty bride in a dress of white Chantilly lace and tulle. The skirt, fashioned of five tiers of lace edged tulle ruffles, billowed out over taffeta and extended into an aisle-wide chapel train. It's the dress her sister Pat, Mrs. Paul Deltz, wore at her wedding. Pearls and sequins studded the Sabrina neckline of the fitted lace bodice with its three-quarter sleeves.

A crown of pearls held her waist length veil and she carried white carnations surrounded by blue feathered carnations. Her father escorted her to the altar and presented her in marriage.

Mrs. Don Wilson was matron of honor and Miss Diane Horn was her sister's bridesmaid. They wore identical dresses of capri blue silk organza over cotton satin designed with fitted bodices, square necklines and bouffant gathered skirts. They completed their costumes with matching picture hats and carried baskets of white carnations.

Don Wilson was best man and Douglas Doughty was his brother's groomsmen. Another brother, Sheldon Doughty, and Willie Joe Matthews of Gainesville, bride's cousin, ushered.

Miss Charlotte Hoedebeck of Denton, cousin of the bride, was vocal soloist singing before mass and again afterwards as the bride placed a bouquet of white gladioli on the Blessed Virgin's altar. Anthony Luke furnished organ accompaniment and was at the console for the men's choir singing of the mass.

Wedding reception for some 220 guests was held in Muenster Public School where Mrs. Paul Deltz of Austin and Mrs. Willie Joe Matthews of Gainesville presided at the bride's book. After a cocktail hour guests helped themselves to a banquet smorgasbord catered by Mrs. Joe Lehnertz. The bride's table held the handsome four-tier wedding cake which was cut by the newlyweds. Decorations on the

board, arranged by Mrs. Nick Miller, stressed wedding bells and blossoms in a white and blue theme.

Mrs. Horn attended her daughter's wedding in an orchid embroidered eyelet dress with white accessories and Mrs. Doughty, the groom's mother, was in navy blue with white accessories. Both has white carnation corsages.

After their wedding trip Mr. and Mrs. Doughty will be at home here in Muenster on North Sycamore St. He is a city employee and she is employed in the office of North Texas Producers Association. Both are graduates of Muenster High school and he has served in the Air Force with 18 months overseas in Guam and Spain. For traveling the bride wore a beige embroidered linen sheath with black accessories.

Among guests at the wedding were Mr. and Mrs. Jake Horn, Shirley, Florene and Jerry of Windthorst, Mrs. Al Schad and Margaret Mary and Mrs. Al Swirczynski of Mesquite, Andy Yosten and Miss Betty Jean Sicking of Fort Worth, Mrs. Paul Deltz of Austin, and Bill Schneek of Irving. Thought about and missed were the groom's grandparents, Mr. and Mrs. J. S. Hodges of Burneyville, Okla., who were unable to attend, but the bride's grandmother, Mrs. J. S. Horn was present. She wore a white carnation corsage with her black crepe dress and black accessories.

The two couples visited in Little Rock at the VA Hospital with Mrs. Schilling's uncle, Frank Streng, and went on to Jonesboro where they missed seeing many of the Sisters they had planned to visit because the nuns were in retreat. But they visited with Miss Margaret Simons and she sent regards back... says she's well satisfied, happy and feeling fine.

Father Louis Joins Local Couples on Drive Back Home

Father Louis Duester was back in Muenster for a weekend visit in his former parish and calls on former parishioners. He returned to Jonesboro, Ark., Sunday, coming here he hitched a ride with Messrs. and Mmes. Frank Schilling and Gary Hess who were in Arkansas the middle of last week.

When the Muensterites stopped to visit Father Louis they said "Better come along, go home with us." And he took them up on it. A visiting priest was there to take over for him during the weekend. He made a train trip back.

On the way to Muenster, the Schillings, Hesses and Father Louis stopped in Subiaco to see the new abbey church and made a pop call with Father Cletus Post at Paris.

Miss Patricia Gayle Dulock, daughter of Mr. and Mrs. A. B. Dulock of 1217 Churchill Road, Fort Worth, was married to Alvin Henry Fleitman, son of Mr. and Mrs. John Fleitman at 4 p.m. Saturday, August 12, in St. Paul's Church. The pastor Msgr. E. V. McCullough officiated.

Bride's attendants were her sisters Miss Janis Dulock, maid of honor and Miss Lynda Dulock, bridesmaid. Leon Fleitman, best man and James Fleitman, groomsmen, were their brother's attendants.

Given in marriage by her father, the bride wore a gown of white taffeta overlaid with lace and organza made by her sister, Miss Janis Dulock. The bodice had a scalloped V-neckline and tapered sleeves and the full skirt had a short overskirt of lace and was finished with draped organza. She carried a cascade of

stephanotis centered with an orchid on a white missal, a gift of the groom. She carried also a rosary made by Mrs. Estelle Keating.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Cooperators with the Upper Elm-Red Soil Conservation District know that it pays to farm the "conservation way". Check the list below to see if you are doing all you can to stave off the ravages of erosion and improve your farm and income.

ASK YOURSELF DO I:

- ... Contour farm all row crops on sloping land?
- ... Terrace where contouring is not sufficient to prevent rilling and ditches on sloping land?
- ... Have my terrace out-

lets and areas where outside water crosses, been protected by grassed waterways?

- ... Build diversion terraces for guiding runoff water away from cropland?
- ... Leave all crop residues near the soil surface to protect it from heat and heavy rains?
- ... Follow a definite Conservation Cropping System, using alfalfa, sweet clover, vetch and other legumes in rotation with other crops?
- ... Fertilize, mow weeds and rotate grazing on bermuda, King Ranch bluestem and other tame pastures?
- ... Defer grazing for definite periods of time on native grass pastures?
- ... Plant poorer, steeper land to grasses?

The scars of land misuse extend far beyond a careless farmer and his operations. Erosion, flood and drought, coupled with the weeds of

future generations, make conservation of soil and water resources a vital concern of the farmer today. Not only should the farmer be concerned, but every citizen should do what he can to promote conservation.

County College Sets Registration For Sept. 11-13

Gainesville College, now changed in name to Cooke County Junior College, was one of the first public two-year colleges established in Texas. The local community institution first opened its doors in September 1924. With the coming of the present fall semester, the college will celebrate its thirty-seventh anniversary.

The purpose of CCJC is to serve the educational needs of the people of North Central Texas. To serve this purpose CCJC will provide: (1) Local opportunity for the first two years of college work, normally called the freshman and sophomore years; (2) Local opportunity for continued general education, especially above high school level, that

will develop the qualities of good family membership, civic responsibilities, and personal development; (3) Local opportunity for terminal-technical courses for high school graduates and terminal-vocational courses for non-high school graduates; (4) Local opportunity for continuous guidance-services for all students; and (5) Adult education and community activities for those people who need educational experiences and who have passed the normal age of attending high school.

Cooke County Junior College provides a great variety of collegiate level work. The college is organized around nine departments, each with a Department Chairman and Instructional faculty. These are as follows: (1) English and Literature, (2) Science, (3) Mathematics, (4) Education and Psychology, (5) Physical Education, (6) Fine Arts, (7) Social Science, (8) Business Administration, and (9) Industrial Arts. Students may

enroll, with day or evening classes, in pre-professional, technical, vocational, general education, pre-nursing, and secretarial type courses of study.

Registration for the fall semester will commence September 11, and continue through September 13, with day and evening registration. Classes will begin September 14th. Registration will be conducted in the college library. Cooke County Junior College attempts to provide educational guidance-service for all students. Freshman students enrolling for the first time will meet with a faculty advisor who will assist them in planning their collegiate program. Sophomore or old students will meet with their appointed faculty advisor who will aid them through the registration process. Freshman Orientation, a collegiate level course, designed to assist freshman students in adjusting to college life will be presented for all freshmen.

Ever been to Franklin, Texas, at the western tip of the state? No, we don't have our directions confused. We mean west, not east. The Franklin of West Texas is a wonderful town with most everything that a town of over 130,000 population should have. It's on the Mexican border too, for an added attraction. Never heard of this Franklin? Well, that's probably because they now call it El Paso! But it was named Franklin way back when it was first settled.

Rosemary Bezner F. J. Schindler Say Vows at Lindsay

— Boyd and Breeding Photo

During nuptial mass in St. Peter's Church Saturday, Aug. 12, Miss Rosemary Bezner, daughter of Mr. and Mrs. William J. Bezner, became the bride of Francis James Schindler who is serving in the army at Fort Meade, Maryland. His parents are Mr. and Mrs. Frank Schindler of Pilot Point.

Father John Walbe, just arrived as Lindsay's new pastor, officiated at the exchange of vows and was celebrant of the wedding high mass at 4 p.m.

Mr. Bezner presented his daughter for marriage. She was gowned in a lovely creation of imported Chantilly lace and nylon tulle over taffeta the bouffant skirt sweeping into a chapel train. Delicate iridescent outlines the Sabrina neckline of the fitted bodice and long sleeves tapered to petal points over her hands. Tiered ruffles of laced-edge tulle provided back interest on the skirt. A Juliet cap embroidered with sequins and seed pearls held the bride's fingertip veil and she carried a white orchid surrounded by feathered carnations and stephanotis.

Miss Judy Schmitz attended as maid of honor and Miss Bernadette Bezner, sister of the bride, and Miss Linda Schindler of Dallas, niece of the groom, were bridesmaids. They were in turquoise blue nylon chiffon over taffeta, the dresses topped with lace jackets designed with elbow length sleeves. They wore small white lace hats with brief veils and carried colonial bouquets of white carnations.

Groom's attendants were Ronald Tischler of Fort Hood, best man for his cousin, and Michael Bezner, bride's brother and Buster Bezner, her cousin, groomsmen. Leo and Melvin Schindler, groom's brothers, ushered. White gladioli, greenery and candles adorned the altar and St. Cecilia's choir, accompanied by Mrs. William Schmitz, organist, presented the music.

Reception and buffet were held in the Lindsay Hall some 300 relatives and friends of the couple attending.

The honeymoon trip includes Turner Falls and Oklahoma City and then on to Laurel, Maryland, where they will make their home while he is stationed at Fort Meade. The bride wore away a turquoise sheath with black patent accessories and the orchid from her wedding bouquet. She was graduated from Lindsay High in 1959 and he is a graduate of Pilot Point High.

Bookend Making Is Club Project

Boys' and Girls' Club members have a collection of hand-some bookends to show for their Monday afternoon meeting. The ends were fashioned in a variety of sizes from standard patterns and the youngsters used their own artistic ideas for decorations.

Club leaders appreciate the Gold Bond covers that were turned over to them and have turned them in for points. Refreshments, after bookend making, were ice cream and cold drinks.

It has been announced that the next meeting for leaders will be on Tuesday, Sept. 5, instead of the usual Monday so as not to conflict with Labor Day activity.

Colorado Vacation

Getting acquainted with her new grandson was the highlight of Mrs. Charlie Fisher's vacation this year. She spent two weeks with her daughter and son-in-law, the David Shenks in Fort Collins and got acquainted all over again with her little granddaughter Stephanie.

The new baby's name is Michael Robert and his godparents are his grandfather Charlie Fisher and his aunt, Miss Emma Fisher. Proxy sponsors took him to church for the baptism.
