Something new in the experience of the Enterprise is the full page advertisement in this issue giving increased circulation to a most important statement on national policy by Dean Clarence E. Manion. Sponsorship of this reproduction is a distinctive public service presenting facts which leave no doubt that a continuation of our policy of appeasement can lead only to national and global disaster.

The message is an urgent appeal to President Kennedy to acknowledge that nothing can be accomplished by dealing with a nuclear blackmailer and master criminal like Khrushchev. That is basic fact. It's high time the president started his reasoning from that premise and discarded the advice of fuzzy thinkers who let communists supply too many ideas for them.

Above all he needs to realize that he personally has to accept responsibility for all dealings with the Soviet gangsters. Depending on State Department advisers, who have shown their pathetic inadequacy in the past, will not be sufficient excuse or reason after the harm is done. He is the man who assumes the risk of signing over more millions of people to slavery and crushing the hopes of still more millions who look longingly to us as their eventual liberators.

People in the know have maintained for a long time that this country's most urgent need is a clean-up of the State Department. Tracing back through the long list of debacles in the past fifteen years, we find the same pattern recurring dozens of times. "Mistakes" were invariably in favor of the communists, as indicated by the tremendous gains of the red menace. Knowingly or unknowingly, people who were supposed to be working for us were actually working for the enemy. We can't evade the conclusion that they were either crackpots or subversives. There can be no other explanation. Otherwise at least a few breaks would have gone in our favor.

More recent developments have shown that President Kennedy is still plagued with the same kind of advisers. The Cuban fiasco, the mess in Laos, our support of the UN outrage in the Congo, tension in Berlin, all leave the president looking ridiculous for accepting advice that might have originated in the Kremlin itself.

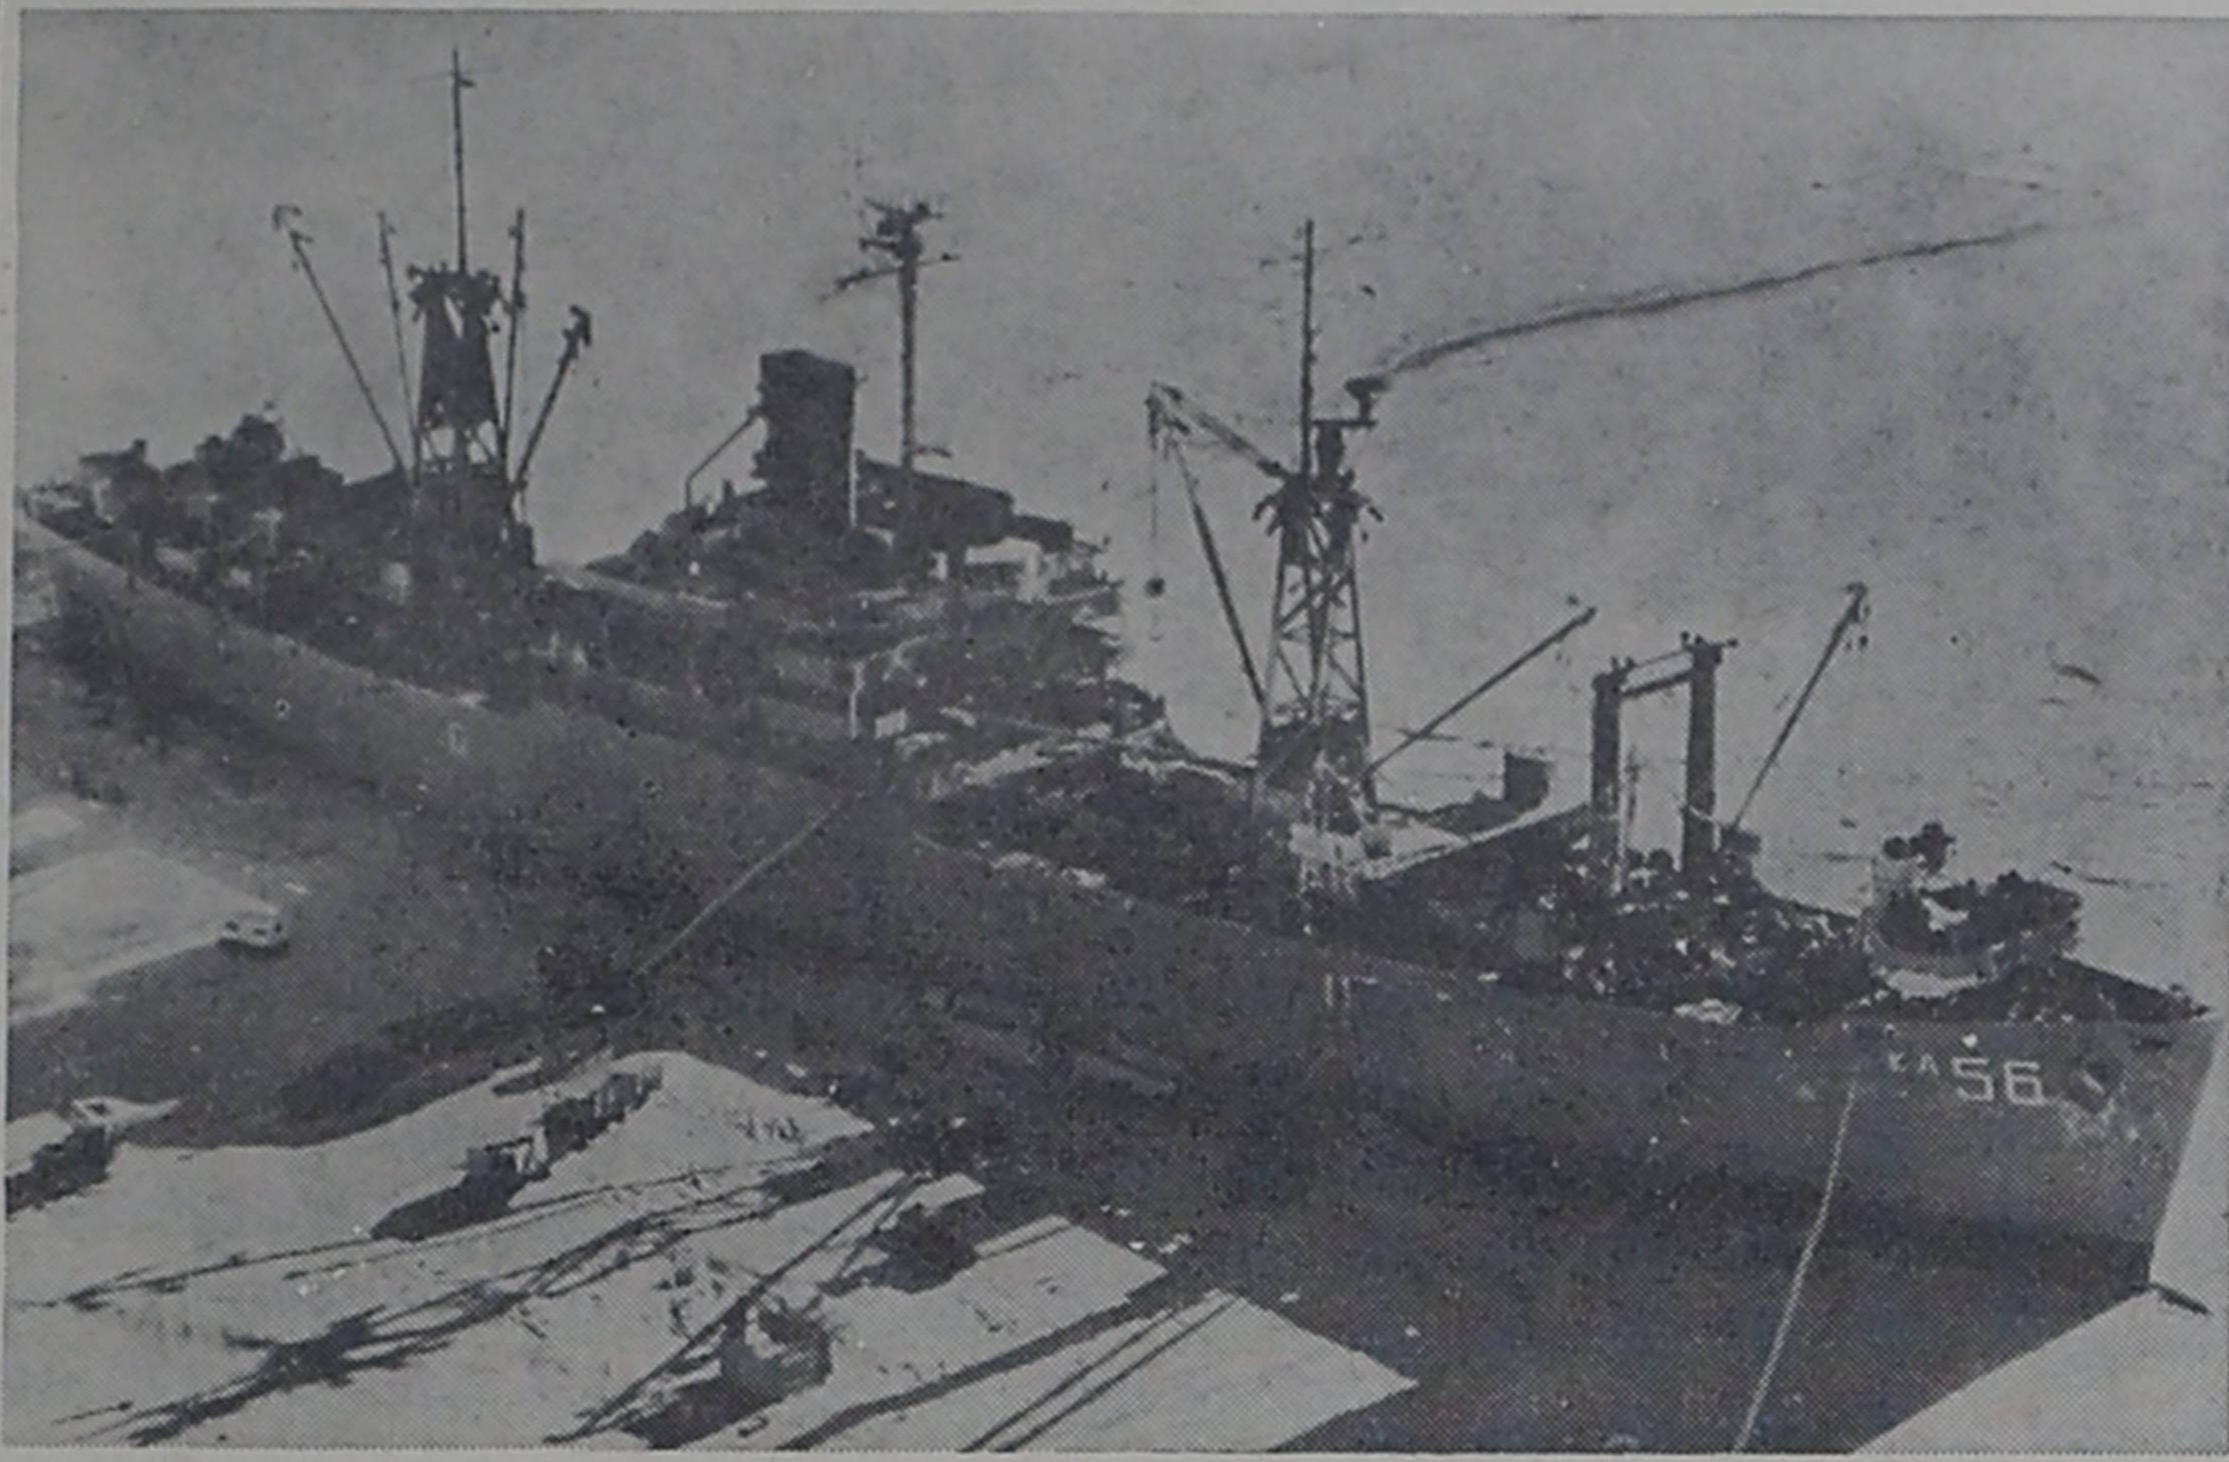

Clarence Manion deserves credit for challenging the president to put his own gray matter to work, the first result of which should be a decision to disregard the counsel which has caused so much trouble already. In fact, to judge from the past, his wisest course would be to do the exact opposite of what those advisers recommend.

If, however, he prefers to consider the opinions of others, he'd do well to look toward those who think in terms of justice, integrity and national honor instead of the Soviet sop of coexistence. There are plenty such men known to him. There have been the voices crying in the wilderness these many years. He knows they are ready and anxious to give real help the moment he calls on them.

Probably the first bit of advice those people would offer is that the Soviet demand for negotiations is strictly a phony. The situation is similar to that of a robber who takes your money and offers to use some of it in making a deal with you. Khrushchev's position is exactly that. He hasn't a thing to offer which was not taken in violation of international agreements and laws. He claims that he is ready to make concessions, but he actually wants to deal on conditions which were illegally imposed by him in the first place.

Based on that fact, there is only one valid reason for meeting with the red boss. That is to tell him in blunt words that we demand restoration of all original agreements, including those which were violated recently and long ago... even the agreement to let East Germans determine their status by free elections.

If this seems like inviting a nuclear war, just remember that Khrushchev is a scoundrel but not a fool. He knows that he can't win if he tries to (Continued on page 8)

Muenster Mutual Sets Record for Low Insurance

A new all time record for economy in insurance in Muenster Mutual Fire Insurance Association was set during the past year.

At the 68th annual general meeting held here Tuesday, Secretary W. H. Endres reported that the over-all cost for 1961 was 8 cents per \$100 of insured valuation.

The reason was exceptionally low claims for losses. The organization paid \$446.75 for fire damages and \$675.27 for storm and hail damages. That total of \$1,122.04 represents about 2 cents on the \$100 for insurance compensation on damages.

Administrative expense was \$3,271.31, about 6 cents per \$100 of insured valuation. The two figures combined account for the total year's expenditure of \$4,393.35.

Costs of insurance in the organization during other recent years were 16 cents in 1960, 34 cents in '59, 13 cents in '58 and 17 cents in '57.

Because of that saving membership at the meeting decided to reduce their customary annual assessment from 30 cents to 25 cents. In recent years the mutual has been building a reserve in order to have adequate funds available for abnormally heavy claims. At this time the fund is \$74,390.99 with about \$60,000 of it invested and drawing interest.

As pointed out by Endres, the state insurance board recommends a reserve of at least 1 per cent of the total insured valuation. After the coming assessment the fund will be more than 1.5 per cent of total valuation.

Total insurance in force, as reported at the meeting is \$5,561,087, on 723 policies held by 588 members. That's a gain of \$135,535, but losses of 4 policies and 2 members.

In the election of directors Al Hess and Al Fleitman were named to succeed J. W. Hess, deceased, and J. B. Klement. Albert Henschel, W. H. Endres and Victor Hartman were re-elected. The officers are Henschel, president; Hess, vice-president; Endres, secretary; Hartman, treasurer.

Present at the meeting were 30 representatives of the five districts: Muenster, Lindsay, Valley View, Windthorst and Electra.

Memorial Tree Ceremony Planned For January 28

An Arbor Day program in connection with the planting of a tree as a living memorial of Dr. T. S. Myrick has been planned for Sunday, Jan. 28, and the public is invited to attend. The time is 3 p.m. The location is the new hospital site.

Muenster Civic League and Garden Club, sponsor of the ceremony, has lined up a program which includes a welcome address by Mrs. L. B. Bruns, the organization's president; an address by J. M. Weinzapfel, president of the Hospital Authority; a history of Dr. Myrick by Mayor Herbert Meurer; reading of the plaque by Mr. Bruns and blessing by Father Alcuin Kubis.

NEWS OF THE SICK

Twenty-month-old Shirley Monday is free of braces on both legs for the first time since early October. At her recent checkup at the Joint and Bone Clinic in Fort Worth the specialists took the braces off and said leave them off until her checkup in February.

Mrs. H. H. Homsley has recovered from surgery performed in Fort Worth and was out for the first time Tuesday when she accompanied Mr. Homsley here for a visit with their daughter and family, the Willie Walterscheids. Mrs. Walterscheid and sons were in Fort Worth last week with her parents while Mrs. Homsley was convalescing.

Tony Yosten had a weekend pass from the Dallas VA Hospital and spent it here with his family. He returned Monday to continue treatment at the hospital.

Father Martin Fischer was in Fort Worth this week for a routine physical checkup at St. Joseph's Hospital.

Mrs. Joaline Roberg is making a normal recovery from surgery performed Thursday, Jan. 11, at Gainesville Sanitarium. An estimated ten to 12 days of hospitalization should have her back at home early next week. This was her second operation within the past four months.

Mrs. George Jetzlesberger's surgery scheduled for last week Wednesday was postponed until Saturday and she is recovering normally with date of dismissal from M&S Hospital set for Saturday this week.

Maurus Rohmer is up and around but still off from work as the result of a back injury sustained in a fall at National Supply Co. last Wednesday night. He was treated at the Sanitarium Thursday and Friday.

Students Sponsor Pancake Supper

Muenster High School student council has announced a pancake supper arranged for next Tuesday night, Jan. 23, in the school lunch room.

Serving will start at 5:30 and continue through the hours to accommodate those who would like to come after evening church services.

Tickets will be 75c with bacon and 50c without bacon. With either ticket comes the privilege to eat as many hot cakes and drink as much coffee as desired. Everyone is invited to attend.

Willie Returns To Mobil Station

Willie Walterscheid is back in the service station business as owner-manager of the Mobil Station. He took the place back on an option which was included in the sale to his brother Carl when he received orders to report for army duty.

Orders were cancelled later but Willie was in no hurry to take back the station. They made their deal effective Monday and Carl promptly joined J&L Supply as successor to James Mollenkopf.

Barbara Martini Muenster Native Dies at Wichita

Mrs. Barbara Martini, 60, a native of Muenster who had lived in Wichita Falls the past 30 years, died there in Bethania Hospital Tuesday at 6:50 p.m. after an extended illness.

Funeral services with requiem mass will be held Saturday in Sacred Heart Church in Wichita Falls with Msgr. Anthony Daly officiating at 10 a.m. Burial will be there in Sacred Heart Cemetery.

Mrs. Martini was the former Miss Barbara Streng, born here September 25, 1901, the youngest daughter of Peter and Magdalen Streng, pioneer residents of Muenster.

Survivors are four daughters and one son; five brothers, Henry and John Streng of Muenster, Sylvester Streng of Temple, Frank Streng of Little Rock, Ark., and Ben Streng of Modesto, Calif.; four sisters, Mrs. Theresa Moser of Muenster, Miss Lena Streng and Mrs. Joe Prescher of Lindsay, and Mrs. John Nehib of Valley View and 11 grandchildren.

Relatives from here will attend the funeral.

Boring Tests Will Give Final Data For Hospital Plan

Boring tests to be taken next Tuesday will provide the last data needed for drawing up plans and specifications for Muenster's hospital.

Word from the architect, J. R. Killebrew, this week indicated that plans should be finished by the time soil test reports are received and invitations for bids will probably go out next month. Signs are that construction will likely begin near Easter.

The sooner that happens, the better, according to five persons who attended the opening of Archer City's new hospital last Sunday. J. W. and Earl Fisher and their wives and Joe Fisher Sr. came back full of enthusiasm after seeing the new hospital which is similar in many respects to the one planned here. They describe it as tops in beauty, convenience, efficiency and comfort... loaded with features that are appreciated by both patients and staff.

Outstanding features of the rooms are beds which are electrically controlled. The patient can raise head or foot of the bed to suit his comfort, and can also raise or lower the entire mattress to a desired height. Other special conveniences and services in all rooms are oxygen outlets, intercoms and individual temperature control. Heating and cooling is done by water circulation through coils in each room. Hot water circulates in the winter, cold water in the summer and each room has its own thermostat to admit the desired degree of heat or cold.

Other facilities also feature convenience and labor saving. Stainless steel is used extensively because it is durable and easy to keep clean. Laboratory, operating room, kitchen, etc. are all designed and equipped for the greatest efficiency.

A totalitarian state is one where everything is compulsory that is not forbidden.

Contract Signed For Construction Of Phone Lines

A second contract, signed last Wednesday, sets another phase of the local telephone project in motion. B. L. Huddleston of Meridian, Miss., will take care of all construction outside the exchange buildings.

The contract was awarded in the office of Bob Wallace, consulting engineer at Grandview. Representing the Muenster Telephone Corporation were Alvin Fuhrman and W. J. Miller, assisted by Wallace and Hollis Beane, REA field engineer.

The contract price of \$116,000 is for new construction and renovation of most of the phone company's line system. In some areas new lines built in recent years meet the REA specifications and will be used as they are. In some areas existing lines will be brought up to standard by repair work. The rest of the job will be new construction.

Work is due to begin in about a month and to end about six months thereafter.

Next on schedule is getting work started on the exchange buildings at Muenster, Myra and Forestburg. Fuhrman said that the corporation has specifications for the switchboards and can proceed without delay in completing plans for the buildings. After that contracts will be awarded as soon as possible and the buildings should be ready for installation of switchboards as soon as they arrive.

Old Convent to Be Auctioned Feb. 1

A public auction to sell the present home of the Benedictine Sisters has been set for Thursday, Feb. 1, at 3 p.m.

In announcing the auction date Father Alcuin Kubis said he already knows of several persons interested in buying, so he's expecting a lively sale.

News of the Men in Service

Tells Of Christmas

Seaman Jimmy Owen will always remember Christmas 1961 and has interesting things to tell about it in letters to his parents, the Ray Owens. Jimmy was in one of the coldest and most remote corners of the globe — Antarctica — while serving as a member of the icebreaker, USS Burton Island. Frequent mail and ham radio messages helped morale and Santa Claus distributed gifts from home, sent earlier and delayed until Christmas by "Operation Holdback."

Returns To Duty

LT. Commander Rita Voth, Navy nurse assigned in Corpus Christi, left Sunday to return to duty after a 15-day leave spent here with her mother, Mrs. Barney Voth and other family members.

Major Hoehn On Leave

Just being with the family, staying in close on account of the weather, and catching up with the latest happenings in her home town, made it a restful and happy visit according to Major Jane Hoehn who was here four days last week. She was the guest of her sister and family, the Ed Clers, from Wednesday to Saturday. Her 14-day leave was a flying trip to see all the kind-folks. First stop was in Fort Worth with the Albert Hoehns and from here she went for visits in Nocona with the Jack Hoehns and in Dumas with the Bill Hoehns. It was her get-acquainted visit with the newest addition to Bill's family, Chris King Hoehn, who was born Dec. 30. The couple have two other boys and two girls. Major Hoehn transferred at the end of her leave from Walter Reed Hospital in Washington, D.C., to Fort Meade, Maryland.

Settled In Spain

Lloyd Klement writes from Spain now where he is settled on assignment with the Air Force. He would enjoy hearing from his friends and lists his address as follows: A2c Lloyd R. Klement, AF 18608656; Box 9801, 874 ACW Sq. AFE; A.P.O. 286, New York, N. Y.

Former Resident Joe Klement, 75, of Washington Dies

A former Muenster resident, Joe Klement, 75, died suddenly early Sunday at his home in Spokane, Wash., where he had lived for many years since leaving here.

Funeral services with requiem mass were held in Spokane Wednesday.

Joe Klement was born in Bavaria and came to the United States with his parents, Andrew and Rosina Klement when he was about two years old. The family settled in Austin in Oct. 1893 and his father died there six months later. Mrs. Klement and the children moved to Muenster in 1905.

Joe Klement was married here to Miss Susie Sontag who died in Spokane seven years ago.

Survivors are two daughters; one son; two sisters, Mrs. J. W. Hess of Muenster and Mrs. Clem Schumacher of Sunray; three brothers, Frank and John B. Klement of Muenster and Louis Klement of Norman, Okla.

Family of Ten, Former Pastor's Kin, Dies in Fire

The family of ten killed in the Arkansas blaze was the chief topic in almost everyone's conversation here Tuesday. Many knew 40-year-old Andrew Paladino who perished with his 32-year-old wife and their eight children in a pre-dawn fire Monday which destroyed their hilltop show place home at Cedar Ridge.

Andrew Paladino was a brother of Father Christopher Paladino, former Muenster pastor, and was well known to a number of former students of Subiaco Academy of which he was a graduate.

Mrs. Paul Fisher and Mrs. Felix Yosten recalled that they were overnight guests in the 12-room house that burned. They visited there when they took Miss Maragret Simons to Jonesboro. The Tony Paladinos lived there then and they visited the Andrew Paladinos in another house on the 700-acre farm.

Andrew and his family moved into the homestead only last November after his father died. The children ranged from ages 3 to 12 years.

Requiem mass and burial in a single casket were held Tuesday. Services were in St. Joseph's Church at Morrilton.

BIRTHS

A telephoned birth announcement about a new grandchild came to Mrs. John Felderhoff Sunday from her daughter and son-in-law, the Urban Schrages of Salinas, Calif., telling about adoption of their daughter Donna Marie. The six and a half pound girl was born Thursday, Jan. 11 and joined the family Sunday when she was three days old. She's a sister for five-year-old Gregg and 11-month-old Linda.

Proudly announcing their first child, a seven pound three and a half ounce boy, are Mr. and Mrs. Bill Terry of Gainesville who welcomed Timmy Don Saturday, Jan. 13, 6:47 p.m. at the Sanitarium. He's a grandson for the Tony Wiesmans of Gainesville and the W. M. Terrys of Valley View and another great-grandchild for Mrs. Bob Yosten.

Mr. and Mrs. Henry Weinzapfel have announced the birth of their son Robert, a baby brother for Ronnie and Melissa. He arrived Thursday, Jan. 11, 10:45 p.m. at M&S Hospital, checking in at six pounds nine ounces. Welcoming another grandchild are Messrs. and Mmes. J. M. Weinzapfel and Arthur Hellman. The great-grandparents are Mrs. G. H. Hellman and Mrs. Joe H. Otto.

Mr. and Mrs. Herbie Miller are parents of a seven and half pound son making two pairs for them. The newcomer arrived at the Sanitarium Sunday, Jan. 14, 2:30 a.m. and is also welcomed by Kathleen, Glenn and Gayle. The grandparents are T. Miller and Mr. and Mrs. Albert Henschel.

Meet on Control Of Screw Worms Set Wednesday

The Florida method of getting rid of screw-worms is the principal topic planned for an animal health meeting to be held next Wednesday night, January 24, at 7:30 in the Muenster High auditorium. It is sponsored by Edgar Dyer, vocational agriculture teacher, in cooperation with County Agent Neil Tibbets and the Agriculture Committee of the Gainesville Chamber of Commerce.

The meeting is one of six being held this month in as many areas of the county. Ross Point and Sivells Bend had theirs on Jan. 8 and 12. Next is at Gainesville Community Center on Jan. 22, then here on the 24th and at Callisburg and Valley View on the 25th and 29th respectively.

Purpose of the meetings is to enlist county-wide support in a state-wide effort to eliminate screw-worms.

Heading the program here next Wednesday will be Dick Wilson, editor of Cattleman Magazine, and a film, "Round-up", explaining the eradication program which was highly successful in Florida.

That program consisted of sterilizing billions of blowflies by radioactive treatment and releasing them in infested areas to mate with normal blowflies. The result was that eggs failed to hatch, thereby preventing the development of screw-worms. Over an extended period the program achieved almost complete control.

Stockmen especially, and any other interested persons, are invited to attend the meetings and learn more about the program which can eliminate millions of dollars in annual losses to the livestock industry.

Refreshments at the meetings are sponsored by the Gainesville Chamber of Commerce.

Crops Damaged By Hard Freeze

The extent of crop damage caused by last week's siege of rugged winter weather is unknown, but it is generally believed to have finished the oats which remained from earlier freezes.

According to reports reaching the local soil conservation office, the net result is that little if any oats is left now. And it is not known how much was killed in the hard freeze of last week or how much in a less severe freeze the previous week.

The one sure thing is that many hundreds of acres of oats land are due for reseeded. Preparation for sowing on some of that land is already under way.

Rugged Weather Delays Blessing Of Sisters' Home

Bad weather last week caused a change in date for the blessing ceremony at the Benedictine Sisters' new convent. Work stopped on the building itself and also on marble which is to be used on the altar in the chapel.

Previously set for January 21, the blessing had to be postponed. At this time Father Alcuin is not able to state definitely when the next date can be arranged.

The blessing will be a double ceremony. One for the residence, the other for the chapel which is included in the building.

WHILE WE "COEXIST" THEY CONQUER ON

By Tom Anderson
"A Night To Remember" tells of the five iceberg warnings sent by wireless to the Titanic. When the sixth message, "Look out for icebergs," came in, the Titanic's operator wired back: "Shut up, I'm busy." Just 35 minutes later, the ship whose captain had said "God, Himself, could not

sink" was sinking. The U.S.A., the Titanic of Nations, is now foundering in an ocean of icebergs while the Communists are taking the world. Many people read themselves to sleep with "who-done-its." For many years our foreign policy has been a plot against the position, sovereignty and freedom of the United States. China and Cuba are just two examples. As Sena-

Absurd As Well As Unfair

tors Eastland and Dodd said recently in a joint statement to the press: "Cuba was handed to Castro and the Communists by a combination of Americans in the same way that China was handed to the Communists." Who done it? Let's start with the people in the State Department; mainly, subordinates who furnished wrong information and advice to the policymakers. Our State Department betrayed Poland and delivered her into slavery. The same team (only the coaches are new) gave China to the "agrarian reformers" and sat back to "watch the dust settle."

"peaceful" atomic development, and are now training his flyers on American soil to fly the jet bombers we're giving (through "soft currency" sale) to Communist Yugoslavia.

Our State Department sacrificed our great friend and anti-Communist Yugoslav patriot General Mikhailovitch in favor of our undying enemy, Tito. They've given a billion dollars of your money to make Tito's brand of Communism successful. "Neutralist" Tito has shot down unarmed American pilots and thumbed his nose at us, aided the Greek Communists in their revolution, and repeatedly said that in a shooting war he'd line up with the Kremlin. Yet we've given him funds for

The State Department prevented the great anti-Communist American General Patton from taking Prague, thus enabling Russia to enslave the Balkans. The State Department supported the enemies of our anti-Communist friend Premier Franco in war and peace, and gave no aid to Spain until 5 years ago, when things had gotten so bad that a billion dollar base in Spain — one of the few nations of the world which can be depended upon to fight on our side against the Communists — became necessary. Dean Rusk, when Assistant Secretary of State during the Korean War, advised Secretary of State George Marshall to overrule the Joint Chiefs of Staff's recommendation that 60,000 combat-ready Chinese Nationalist troops be used in the Korean War. Rusk also warned against bombing the bridges across the Yalu River. General MacArthur had stated that "every hour that this bombardment of the Yalu Bridges is postponed will be paid for dearly in American and other United Nations blood." It was, and the end is not yet.

Our leaders made "mistakes" which lost China, Laos, East Germany, Czechoslovakia, Hungary, Romania, Poland, Yugoslavia, Bulgaria, Albania and Cuba to the Communists. Some of our State Department people have never made a mistake, in our favor. Our "anti-colonialists" in the State Department helped force the Dutch out of the East Indies, establishing a Communist regime in Indonesia under Sukarno. They helped force the British out of India and the Belgians out of the Congo, where they supported the Communist stooge, Lumumba, against the anti-Communist, pro-Western premier of Katanga. We now furnish the lion's share of the money and the planes for the UN to destroy the only pro-American, Christian nation in northern Africa. Once again, we're on the wrong side. The same leaders and egg-heads who screamed against negotiating with Hitler, who cried that all we had to do was read "Mein Kampf," evidently don't believe "The Communist Manifesto" and the countless Communist writ-

ings which reassert their unswerving dedication to our destruction. The Communists can't renounce world conquest until they renounce themselves. "Coexistence is as nonsensical as fried snowballs," said Ike's buddy, Russian General Zhukov. Yet, from Roosevelt to Eisenhower, our "statesmen" have served us fried snowballs, sugarcoded; have professed to like these heathen butchers; to want to make friends; to sign treaties; to trade; to surrender. And the more we negotiate with and help them, the more belligerent they get. Stalin said, "Sincere diplomacy is no more possible than dry water or wooden iron." Russia never negotiates. Russia is never honest when it serves her purpose to be dishonest. With no belief in God, with no morals, why be truthful? To negotiate with the Communist tyrants is an immoral, impossible, gutless fraud. We have never won a negotiated victory. While we "coexist," they conquer on.

Senator Byrd of Virginia says: "Deficit spending increases public debt. This accompanied by increasing wages without commensurate increase in productivity, means more and more inflation. We now have both. In 20 years we have lost more than 50 percent of the purchasing power of the dollar. Let us, in all seriousness, ask ourselves: How disastrous will it be if we continue inflation-breeding policies — which appear to be on the increase — when our concern should be for return to fiscal responsibility?"

while not required to surrender his rights or opinions as a citizen, it is inevitable that suspicion of being warped by political bias will attach to a judge who becomes the active promoter of the interests of one political party as against another.

If a judge should decide to become a candidate for any office not judicial, he should resign in order that it cannot be said that he is using the power or prestige of his judicial position to promote his own candidacy or the success of his party.

Betty Eckart and Robert Simmel to Marry February 3

Announcement has been made by Mr. and Mrs. James Eckart of the approaching marriage of their daughter, Betty Jane Eckart, to Robert J. Simmel, son of Mr. and Mrs. Andrew Simmel of Pilot Point.

The couple will be married here in Sacred Heart Church on Saturday, February 3, at 4 p.m.

Selected as attendants are Agnes Eckart, sister of the bride-to-be as maid of honor and the future groom's niece, Linda Schindler of Dallas. Alois Pelzel of Pilot Point will be best man and Wilmer Walterscheid will be groomsmen.

Miss Eckart is a graduate of Sacred Heart High School and is employed in Leo Henschel's Insurance office. Mr. Simmel is a graduate of Pilot Point High, served six months in the army and is employed by Yanborough Grocery in Pilot Point.

Visit 3 Children In One Day Trip

Saturday was a full day for Mr. and Mrs. Joe Hoenig. They visited their children in Dallas, Irving and Carrollton. They went especially to take their granddaughter Diana Cottle to her home in Dallas. Diana is recovering from measles and can convalesce there keeping her brother Kevin and her sister Jeannine company. They have the measles too. Diana will finish the first grade of school in Dallas when she recovers.

From Dallas Mr. and Mrs. Hoenig went to Irving for a visit with the Raymond Hoenigs and then to Carrollton to see the Rupert Hoenigs and help three grandsons celebrate with birthday cake and other party refreshments. Stevie, Danny and Scotty Hoenig have birthdays within a week and had a celebration together.

Mrs. Ernest McElreath is back at home, dismissed from M&S Hospital, to continue recovery from surgery.

Money Spent on Cures for Colds Is Mostly Wasted

The weather is cold and raw in most of the nation at this season of the year, and most of us sometime or other this winter will have a cold in the head.

And a lot of us will spend money for pills and other nostrums to "cure" our colds. This money, almost every bit of it, will be wasted. We'll still have a cold until the body's protective mechanisms take over and the cold bugs simmer down to manageable numbers.

As kids we used to hear an adage: Treat a cold and you can cure it in two weeks; let it alone and it will go away in a fortnight. The time element isn't quite that exact, but the theory is the same.

Today's Health, the magazine of the American Medical Association, offers a few common-sense suggestions about colds. The "remedy" is the same as in Grandma's day. Stay home, in bed if you can, take aspirin for the discomfort, keep warm, gargle to ease a sore throat. Various vitamins, ultraviolet light and bacterial vaccines have been offered as cold cures. Carefully controlled experiments have discredited all of them.

Mothers who have colds should wear masks when attending small infants. Colds in young babies should be treated with respect. If the baby has a severe cold, call a physician. Babies suffer much discomfort with a cold, and there's the chance that it isn't a cold but something more serious.

The Illinois State Medical Journal offers the following definition of a cold:

"Present information leads us to believe that the common cold is a group of infections caused by a number of different but closely related viruses. These diseases have in common the fact that the incubation period is short — from one to four days — and the symptoms are scratchy throat and cough, headache, occasional fever. The cold itself lasts from three to six days, longer only if complications develop."

A vaccine to protect against colds would have to include each of the different viruses responsible. Scientists aren't yet certain how many different viruses are involved. Until all of the viruses are tracked down and cataloged, no cold vaccine could be more than partially successful.

In the season of colds, use your head. Dress warmly, eat properly, get plenty of rest and sleep. Forget about the fad cures. If your cold persists, call your physician.

"The Supreme Court has leaned so far over backward in 'protecting' minority groups — including communists and atheists — that it has read into the Constitution meanings which had not been discovered before by justices or lawmakers for 200 years."

Marysville News

By Mrs. John Richey

Mrs. Ollie Morris has ended a week's visit with her son and family, the Rafe McElreaths, and has returned to her home in Perryton. Rafe took her home, making the round trip Saturday. Another visitor in the McElreath home left the same day. Mrs. Alice Monroe, an aunt from Oklahoma City, also ended her visit. Both came to attend the funeral of Mrs. John Morris.

Mr. and Mrs. John M. Barnes and children of Hood visited their uncle and aunt, the John Richeys, Thursday. The Barnes family lives on the farm left vacant by the Donald Bayers when he was recalled to the army.

Mr. and Mrs. George Ritcherson moved during the week-end from the J. W. Davidson place to Gordon Ramsey's farm home.

Mrs. B. G. Lyons accompanied her daughter, Mrs. Marie Stiles of Gainesville home after her visit on Friday and attended the funeral of Mrs. Violet Neal Saturday.

Rev. Don Gleckler of Dallas conducted regular Sunday services at the Methodist Church and was a guest for dinner in the W. F. Davidson home. Mrs. Gleckler was prevented from accompanying her husband on account of illness.

Rev. Henry Mazingo and daughter Shirley came from Gainesville for Sunday morning services in the Baptist Church but returned home afterwards, cancelling evening services on account of the pastor's illness.

Having visitors and going visiting was the routine Sunday at the John Richey home. Visitors in and out were the Robert Richeys and sons.

Bobby and Billy and the Fred Richeys and Larry of Sivells Bend and the John Barnes family of Hood. Sunday evening the John Richeys enjoyed a chili supper with Mr. and Mrs. Barnes and children Marc, Donna and Vickie at their home.

Illnes kept Ricky Tuggle out of school Monday.

The Third Sunday Singing will be held at Shiloh Baptist Church Sunday, Jan. 21. Everyone is welcome to attend.

Visiting with Mr. and Mrs. Jim Shiflet Sunday afternoon were their son and his wife,

Mr. and Mrs. Reagon Shiflet of Dallas accompanied by friends, Mr. and Mrs. Boswell, also of Dallas. Mrs. J. C. Jirasek and daughter Florence of Gainesville were also guests in the Shiflet home.

Mr. and Mrs. Gordon Ramsey drove over from Gainesville Monday for a visit with his brother, V. M. Ramsey, and his niece and family the Sam Sparkmans.

Mr. and Mrs. John Richey were among those at the funeral services for Mrs. Violet Neal Saturday. She was 93 and the mother of Mrs. W. F. (Jewel) Richey of Saint Jo, formerly of Marysville. Mrs.

Neal was a long-time resident of Saint Jo, living there with her daughter and also resided with another daughter in Fort Worth. She died there Thursday in a convalescent home. A third daughter and three sons, 12 grandchildren and 24 great-grandchildren survive. Services were in the George J. Carroll and Son Chapel and burial was in Fairview Cemetery.

A college professor was surprised to note the majority of his students wearing hearing aids. After a closer look, he discovered these were all attached to pocket transistor radios.

Card of Thanks
 My family and I are grateful for many kindnesses while I was in the hospital. The cards, prayers, gifts and visits meant much to me and the help of neighbors and friends meant much to the family. Our sincerest thanks. — Mrs. Andy Monday.

Many thanks to all who remembered me with prayers, greeting cards, gifts and visits while I was in the hospital. Special thanks to Father Martin for his visits. I am grateful for every kindness. — Mrs. Albert Schilling.

Let this be a personal thank you to all who remembered me with cards, letters, gifts and other kindnesses during my stay in the hospital. My parents join me in expressing appreciation for every thoughtful deed. — Joe Williams.

Mrs. Bob Yosten came home Friday after being snowbound in Gainesville with her daughter and son-in-law, the Tony Wiesmans. Her visit, planned for one day, stretched to five on account of the weather.

Mr. and Mrs. Russell Herb and children of Dallas drove over Saturday evening for a few hours' visit with her sister and family, the Johnny Mosters.

Mr. and Mrs. Lavol Kintzley and daughters Charlotte and Sheila of Big Spring left Tuesday to return home after a several days' visit with her relatives of the Mages family and attendance at the silver anniversary celebration of Mr. and Mrs. Ed Hess. The Kintzleys who formerly lived at Corpus Christi moved to Big Spring about six months ago.

Mrs. F. A. Kathman entertained members of the Dizzy Dozen Birthday Club in her home for the January meeting Wednesday night, Jan. 10. The group enjoyed informal diversion and refreshments.

Miss Frances Vavra of Denton spent the weekend with her sister, Miss Doris Vavra.

Mr. and Mrs. Werner Yosten have named their ninth son Joseph Raymond. He was baptized Sunday, his big brother Danny and his cousin, Marcia Cler serving as sponsors. Father Alcuin officiated at the service.

Rock Collection At SH High Gets Handsome Addition

A handsome increase of rocks and fossils is noted at Sacred Heart High School's science department — geology section. The newest additions are a gift from Mr. and Mrs. Elmo Hartman of Victoria, Texas, who are "rock hounds". They admired the school's rock collection of some 700 pieces of rock, minerals, fossils, shells and coral when they visited here last May and promised to send an addition to it.

Specimens in the Hartmans' shipment include petrified palm and live oak, Llanolite granite, found only in Llano, Texas, Eye Agate from Arizona, Tiger Eye found only in Africa, and Mexican or Honey Onyx.

Earlier another donation came as a surprise gift from

Mr. and Mrs. Alex Lutkenhaus who are among the most avid rock collectors, polishers and jewelry makers. Their gift of polished and unpolished rocks, minerals and fossils includes a Pecos diamond, Cornelia agate from India, banded Jasper and pieces of Indian pottery from Arizona.

The science department is grateful to the donors for their interest and their appreciated contributions.

An Open Letter To President Kennedy

"Tell Khrushchev to stand back at Berlin"

"Let's face it, Mr. President, should you make these concessions to Khrushchev at Berlin, you would do so for one reason, namely to dissolve Khrushchev's threat of nuclear war.

"In other words, you would pay Khrushchev blackmail with the liberty of hundreds of millions of your fellow-men who would be sealed finally into Communist slavery by your act conceding the permanence of the Red slave empire.

"If you do this, Mr. President, nothing else that you do as President of the United States will rate a line in history."

This is an open message to the President of the United States. Since it is inevitable, Mr. President, that you will receive many copies of this broadcast, I am taking the liberty — with all due respect — of addressing it to you directly.

I am only one of many millions of your fellow citizens who now follow the course of your official conduct with fearful hope, earnest prayer and heartfelt sympathy. Your immediate responsibility to all people who now live or will ever live upon this earth is literally awful.

Congress has adjourned. For the next three months the future, if any, for human civilization is in your hands and in yours alone. Nikita Khrushchev knows that he cannot destroy the freedom of mankind but he also knows that you, Mr. President, can surrender it.

He likewise knows that many of your trusted advisors are urging you to do that — to surrender the freedom of mankind — not in so many words, of course — but definitely and finally to surrender it nevertheless. He hears these people telling you that Khrushchev isn't going to be reasonable about Berlin, therefore it is up to you to be reasonable and so save humanity by offering Khrushchev acceptable concessions.

These advocates of Communist appeasement appear to be confident that you will follow their advice. Your special ambassador to Berlin, General Lucius Clay, has said that the government of West Germany will have to learn to live with the government of East Germany and that we must grant East Germany a measure of control over all movements in and out of West Berlin.

This means that General Clay expects you to concede your official sanction for the permanent captivity of 17 million Germans in an unlawful Soviet-controlled prison camp popularly known as East Germany.

For fifteen years, the government of the United States has refused to do this. Are you now prepared, Mr. President, to reverse this humane policy? In Rome, Italy, after a conference with Khrushchev's son-in-law, Senator Hubert Humphrey announced that our confirmation of the Oder-Neisse line as the boundary of Russia and Poland would be another suitable point for "negotiation" between you and Khrushchev when you begin to talk about Berlin. (Rome-Reuters, September 29, 1961.)

Because of your close official relationship with General Clay and Senator Humphrey, the American people cannot but believe, Mr. President, that these statements were cleared with you before they were made public. Must we assume, then, that your defacto recognition

of East Berlin as a lawful government is actually contemplated? And that the Soviet steal of historic Polish territory east of the Oder-Neisse line is to be ratified by your official approval as part of Khrushchev's price for dissolving his contrived crises over Berlin? I say "part" of Khrushchev's price because you may depend upon that experienced blackmailer to move his price up higher than the figure already described as "negotiable" by your friends, General Clay and Senator Humphrey.

Your ambassador to the United Nations Adlai Stevenson, has said that Red China's admission to the U.N. is inevitable, and your Secretary of State, Mr. Rusk, has let it be known that we should recognize the Communist Government, so called, of Outer Mongolia. That being so, Mr. President, you are sure to hear more about these two iniquitous proposals when you begin to negotiate with Khrushchev on the Berlin question.

Assuming that you are prepared to make some or all of these concessions to Khrushchev, what will you ask him to give you in return? The continued peaceful access to West Berlin? But we are entitled to that now by terms of time-honored commitments with the Soviet government that are as binding as any that Khrushchev can make.

Let's face it, Mr. President, should you make these concessions or any of them, you would do so for one reason, namely, to dissolve Khrushchev's threat of nuclear war. In other words, you would pay Khrushchev blackmail with the liberty of hundreds of millions of your fellowmen who would be sealed finally into Communist slavery by your act conceding the permanence of the Red slave empire.

If you do this, Mr. President, nothing else that you do as President of United States will rate a line in history. You will be known to posterity as the President who brought a precarious respite from a Communist blackmailer's threat with the blood, torture, tears and freedom of all mankind.

CONCESSION AT BERLIN WILL POUR COMMUNISM OVER ENTIRE WORLD

For, make no mistake about it, Mr. President, your concessions to Khrushchev now will open the flood gates before the Red Tide in every corner of the world. Not merely in Laos, Viet Nam and the Congo, will this dynamic diabolism then run riot, but over Europe, South, Central, and North America as well.

You surely know, Mr. President, that it is not NATO, SEATO, nor the U.N. that has so far stemmed this ruthless tide of Communist conquest. Nothing on earth can or will turn that turgid tide except the strength, power, and resolution of your own United States. When that bastion is withdrawn, human freedom and Christian civilization will be swept from the earth.

In spite of our long and sinful series of vacillations, concessions, and positive benefactions to Communism in Russia, China, Yugoslavia, Poland, Hungary, Cuba and elsewhere, the submerged people of the Communist world are still conscious of our power and still pray earnestly that some day we may find the will to use that power in our own interest and for our protection through their liberation from Communist bondage.

It is true, of course, that we have done less than nothing to encourage the faith and hope

in us that still lingers behind the Iron and Bamboo Curtains. Nevertheless, these submerged and suffering people know that, with the first breath of its new, independent life, our remarkable Republic proclaimed that liberty is God's gift to all men and that our Government was, then and there instituted and dedicated to protect that God-given liberty. We symbolized that purposeful dedication for 150 years.

More recently, we have flouted the world's faith in our leadership for liberty, serially and scandalously. In Hungary and Cuba our callousness was cruel and unforgettable. In spite of this, millions of Communist-held slaves now live on the hope that one day our spiritual sensitivity will be restored and we will revert to our revolutionary type.

Our mistakes, ineptitudes, and practices to the contrary, we have never ceased to preach liberation. Never, until now, have we contemplated the wholesale sanction of slavery as an official foreign policy of our Government. If such a policy is not now contemplated, Mr. President, will you please tell us what you meant when you told us on July 25 that "we recognize the Soviet Union's historical concerns about their security in Central Europe, and we believe that arrangements can be worked out which will help meet these concerns."

The Soviet Government has already met these concerns by seizing and enslaving more than ten Central European nations, including East Germany. All Khrushchev wants you to do now is to confirm this brutal conquest and freeze the hopes of freedom in the hearts of 100 million Communist-held slaves.

But you will not do that, Mr. President, if you recall and respect the Captive Nations Resolution which was passed by Congress without a dissenting vote while you were a member of the Senate in 1959. (Manion Forum Broadcast No. 253). That resolution should be required reading for Secretary Rusk and others who will brief you for these fateful negotiations about Berlin.

Among other things, that resolution states that the desire for liberty and independence on part of these Communist-controlled nations must "be steadfastly kept alive as a powerful deterrent to war." It demands that we clearly manifest to these conquered people that the United States "shares with them their aspirations for the recovery of their freedom and independence."

And yet, strangely enough, the editorial page of the New York Times, which so frequently previews the policies and plans of your Administration, recently stated: "We must seek to discourage anti-Communist revolts in order to avert bloodshed and war. We must, under our principles, live with evil even if by doing so we help to stabilize tottering Communist regimes, as in East Germany and perhaps even expose citadels of freedom like West Berlin to slow death by strangulation." (August 16).

I submit, Mr. President, that Khrushchev himself couldn't have said it better. Of course, he will call off his threatened nuclear war if you will just oblige him by discouraging anti-Communist revolts and stabilize his tottering Communist regimes in East Germany and elsewhere.

Whether your C.I.A. knows it or not, Mr. President, the Communist regimes are tottering now as never before all the way from Peking to Warsaw. More than 20 million people died of starvation in Red China during the past year. Last week a Chinese defector reported in South Korea that life in Red China is "indescribably miserable." So many people are dying so fast of starvation that bodies are being burned in groups. (AP, Seoul, September 30). Private intelligence from Iron Curtained Eastern Europe reports that economic and political conditions are worse than they have been in 17 years.

KHRUSHCHEV NEEDS YOUR HELP BADLY. WILL YOU GIVE IT TO HIM?

Khrushchev needs your help badly. So does Red China. What surprises your countrymen is your apparent disposition to give them the help that they need. All public opinion surveys show that a big majority of the American people are willing to fight if necessary to defend the freedom of West Berlin because they realize that the continued freedom of West Berlin is a condition precedent to the continued freedom of the United States.

Our people are sick and tired of concessions to Communism, and, in Senator Fullbright's words, "they are ready to hit the Communists with everything they've got." But, the issue of Berlin is not to fight or to refrain from fighting. The issue of Berlin is American recognition of the East German Soviet puppet government. Khrushchev plans to give this creature the keys to West Berlin and he wants to know what you can or propose to do about that.

Will you surrender and ask East Germany for the key to the city, or will you start a war? Mr. President, in the interest of truth, justice, and freedom, you will tell Mr. Khrushchev and the world that, when he recognizes East Germany, we will immediately withdraw our recognition from the Soviet Government and from every one of his puppet Communist governments in the world.

By this act of blackmail, the gangster apparatus in the Kremlin will have finally surrendered every shadow of right to be called a legitimate government of anybody.

Communist enclaves are not governments; they are jails constructed by ruthless kidnapers who are holding human beings for ransom. Every Communist country on earth is bounded by barbed wire and mine traps. In Berlin the boundary is a high concrete wall reinforced by soldiers guarding a newly-created no-man's land. All this in violation of existing treaty obligations.

Tell Mr. Khrushchev now, Mr. President, that the only thing we plan to shoot at Berlin is the myth that Khrushchev is a governor instead of a gangster. Tell him that our test of a legitimate government hereafter will be "no soldiers, barbed wire, stone walls, or mine traps along the borders and free internationally supervised elections on the inside."

Mr. President, Christ told us that the truth will make us free. Only the truth can free us and the world from the marching menace of Satanic Communism. We have already tried everything else, Mr. President. Why not try the truth?

On Honor Roll at Subiaco Academy

Muenster and Lindsay share honors with the announcement of Subiaco Academy's recent honor roll.

Listed on the A Honor Roll for straight A grades are Jerry Taylor with an average of 95.6 and Robert Fetsch with 93.5. They are two out of six achieving the rating.

On the B Honor Roll are Cyril Yosten with 95.8, Tommy Zimmerer with 95.6 and Richard Schoech with 92.8.

Parents of the lads are Messrs. and Mmes. Charles Taylor, Paul Fetsch, Felix Yosten, Bruno Zimmerer and Andy Schoech.

MHS Teams Lose Two at Callisburg

The hot shots of Callisburg, strong favorites for both boys' and girls' district titles this year, were much too hot for Muenster Tuesday night. Playing on their own court they easily outclassed MHS in both games.

In the opener Callisburg girls piled up a score of 46-24. Cain with 12 and Hellman with 10 accounted for practically all of the Muenster score.

Next game, with the Wildcats winning 53-24, was more the result of shooting accuracy than floor play. The home team held up a good average while the Hornets hit only a punny 15 per cent of their shots. McElreath made 9 and Hellman 7 for MHS.

Bad weather postponed both scheduled games last week. Valley View will be here next Thursday night, the 25th, for the first make-up date. The game with Era still has not been set.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Here's a question posed by local soil conservation technicians: How many landowners made a resolution that when grass planting time arrived in 1962 land would be prepared and ready for sodding? Time is running out for preparing an adequate seedbed for waterway and pasture planting.

According to local soil conservation technicians there are some 30,000 acres of good but bare and unprotected grassland in this area that needs to be planted to adapted grasses. In addition there is a need for some 200 waterways to provide safe terrace outlets on as fine a cropland as found anywhere in Texas.

Soil technicians emphasize: "The Upper Elm-Red Soil District is the farmers' district. It is organized and operated by the landowners. Through the district, assistance from the state and federal governments is offered to landowners."

In Cooke County the cost-share payment rate for planting Common, Coastal or Midland Bermuda roots is as follows:

Pasture planting — roots, sodding etc., \$7.50, fertilizer (20-20-0) \$2.00. Total \$9.50 per acre.

Waterways — Roots, sodding etc. \$11.00 fertilizer (30-30-0) \$4.20. Total \$15.20 per acre.

In Montague County the cost-share payment in 1961 was about \$10 per acre. It will probably be a little more in 1962.

To further assist district landowners, trained soil conservation service technicians are available at no cost.

District cooperators who have had waterways staked on their farms with completion scheduled in early 1962 are Tony Trubenbach, Bill Blythe, Charlie Bayer and Frank Schilling.

Technical and financial assistance is available to all landowners. Become a district cooperator today and be a conservation farmer tomorrow. It's as simple as that according to local technicians.
