

MUENSTER ENTERPRISE

VOLUME XXVI

MUENSTER, COOKE COUNTY, TEXAS

JANUARY 26, 1962

NUMBER 10

This column's recent appraisal of the two candidates in the 13th District congressional race has drawn an objection from one of them. Referring to Purcell it stated "If elected he can be depended upon to vote his approval of most if not all of the president's proposals."

In reply Purcell said he dislikes the "rubber stamp" implication and has no intention of going along with all policies of the administration. A few he mentioned specifically are federal aid to education, medical aid to the aged through social security, and reduction of depletion allowance to oil producers.

As a matter of fairness, this column gladly makes mention of his comment. However, it declines to retreat from the general content of its previous statement. Despite exceptions pointed out by Purcell, the fact remains that he identifies himself as a liberal Democrat, from which we can reasonably assume that he intends to be generally responsive to the policies of the administration. That includes many issues which are leading this country toward bureaucracy, centralization, socialism, inflation and one-worldism.

Further evidence of his political leaning is indicated by his publication this week of an endorsement received from President Kennedy. The man clearly identifies himself as a strong supporter of the administration.

Meissner, on the other hand, runs as a conservative Republican, from which we can assume that he will be generally opposed to policies of the administration. He's for state's rights, less federal spending, less federal control, free enterprise, a firmer foreign policy, and lots of other principles contrary to the trend our government has been following.

In a broad sense we could say that Purcell favors continuation of the way things have been going. Meissner favors putting the brakes on that trend and restoring values that used to be identified with American greatness. Before casting their ballots voters ought to decide conscientiously which of the political creeds offers the way to our nation's continued greatness and security.

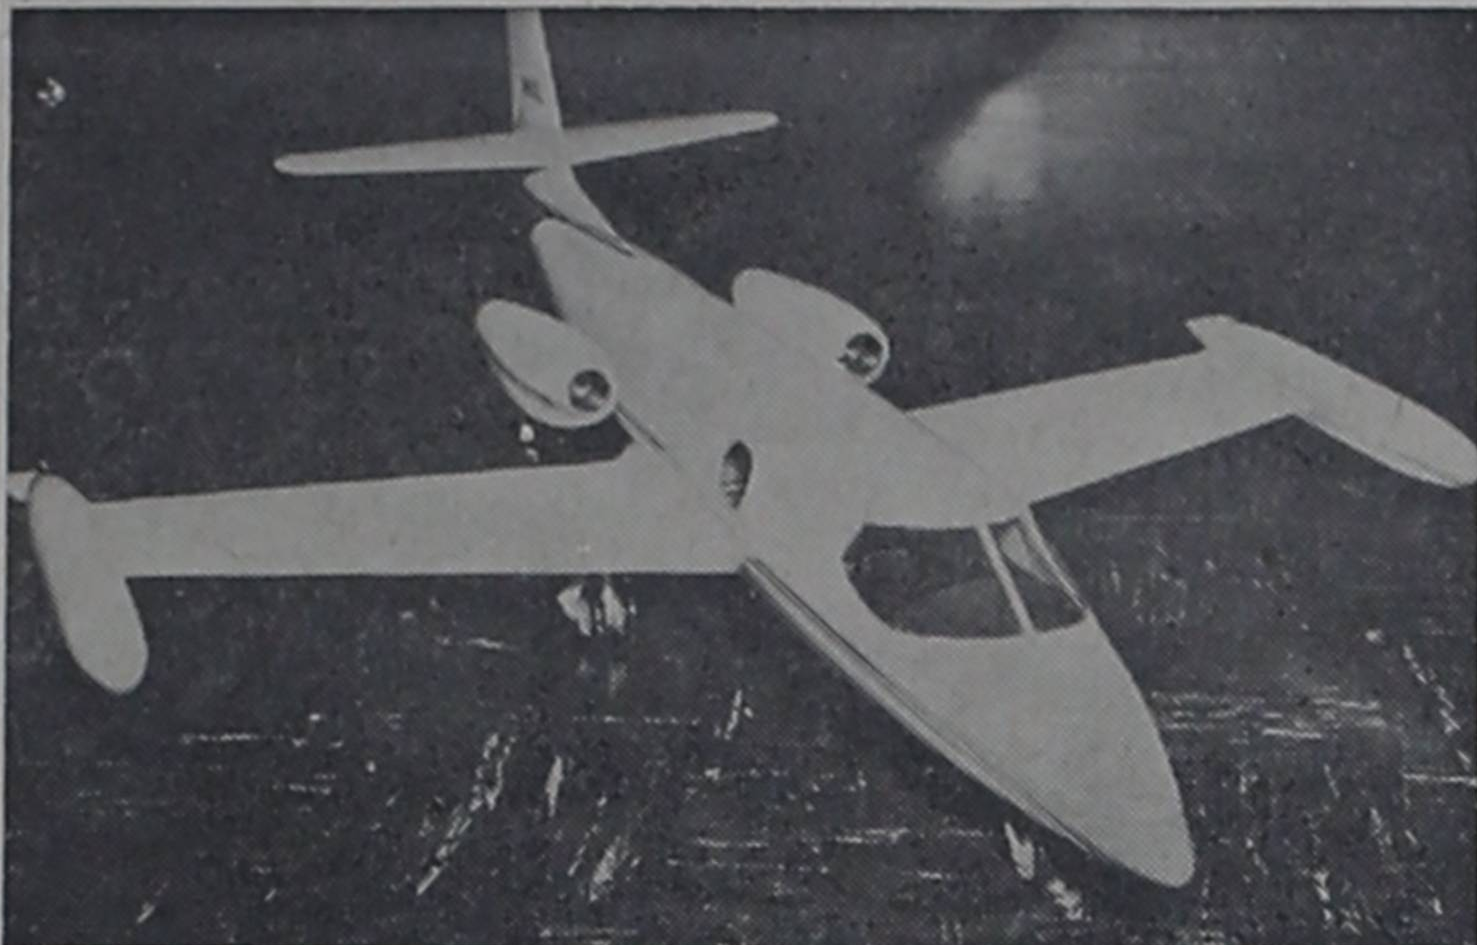

A disturbing development in this last week of the campaign is an attempt to start a bandwagon psychology through an appeal to the selfish interests of voters. A few supporters of one candidate are saying that he has a cinch, therefore let's fall in line and pile up a strong community vote for him so that he will be more inclined to favor us when he gets into office.

That's nothing less than the old appeal to selfish motives, which has already caused so much confusion and trouble in government. It is intended to influence the "gimme" people whose first concern is what an official will do for them, not what he will do for the country.

Before falling for this line let's remember that it calls on us to abandon principle and put our own selfish wants ahead of the needs of the nation. Let's also try to understand that the system is only a method of robbing Peter to pay Paul and the receivers of favors in the end pay for more than they get. That's inevitable because all the money from Peter to Paul shrinks tremendously on its way through the government.

The conscientious citizen is not being complimented by this kind of appeal for his vote. He's being insulted and suckered. Insulted because he's asked to ignore his conscience. Suckered because the whole system is a losing game in the first place.

So much for the issues in this campaign. But there's still another matter relative to the election which deserves the community's attention. That is, our turnout at the polls Saturday. As most of us will recall, our response at the first primary was pitiful. A sad record for the community (Continued on page 8)

JET BUSINESS—This is a scale model of the kind of businessman's jet plane which a Grand Rapids, Mich., industrialist may put into production. The jet would cruise at 500 miles per hour and would seat five passengers.

News of the Men in Service

Earns Promotion

Sailor Ivan Koelzer who serves aboard the U.S.S. Enterprise has been promoted from radioman third class to radioman second class. His ship — the largest in the world — sailed Sunday for waters south of Bermuda and prepared for a possible rendezvous with Astronaut John H. Glenn Jr. The Enterprise is the world's first nuclear-powered aircraft carrier.

Settled in Germany

Pvt. Werner Becker Jr. writes his family from Germany now. He is just settled and assigned after an enjoyable voyage with a stopover at Cadiz, Spain. His new location is about 70 miles east of Frankfurt and about 20 miles from Donald Hennigan's location. The two who were classmates at Sacred Heart High are planning visits with each other. Following is the new address: Pvt. Werner H. Becker Jr., RA 18631673; Co. A, 3rd Armd. Rifle Bn., 50th Inf.; A.P.O. 26, New York, N. Y.

At New Station

Settled at Fort Leonard Wood, Mo., now is Pvt. Lawrence Noggler. He will have eight weeks of automotive maintenance school there. Lawrence wrote that when he got to Fort Leonard Wood after his leave at home it started snowing, actually he and the snow got there at the same time.

Enroute To New Post

Lt. Lawrence Milner is here on leave visiting his parents, the M. F. Milners, between transfer from Keesler AFB in Biloxi, Miss., to Custer Station at Battle Creek, Mich.

Visit By Telephone

Separated by too many miles and too busy to get together in person, two local young men got together by phone in Spain. "Talking up a storm" across the 300 miles between them were Airman Ferd Haverkamp at Rosas and Airman Lloyd Klement at Zaragoza. They've written their parents, the J. J. Haverkamps and the Ray Klements about their telephone visit.

Reports For Training

One more Muenster young man is in the service, leaving Wednesday for Dallas to join others in this month's draft call. He is David Walterscheid. Lindsay also has another young man in uniform. Fritz Hermes was in the call and they went together. A young man from Era was the third, to fill out the county's draft quota. When they left they did not know where they would be stationed for basic training.

Demonstration on Oven Meals Slated

A demonstration on Oven Meals will be given in the Texas Power and Light Company Kitchen at 10 a.m., Wednesday January 31. All homemakers interested in this type of educational information are welcome.

Mrs. Vena Phillips, home service advisor for Texas Power and Light will present the program which was planned by the County Extension Food Committee.

Support Sought In Screw Worm Control Project

An effort to get local support behind a statewide screw worm control program was the purpose behind a community meeting in Muenster High auditorium Wednesday night.

The method proposed is the use of sterile flies, which was successful in eradicating the screw worm from Florida. Principal promoter of the program is the Animal Health Council, which is made up of 32 statewide organizations interested in the production of livestock.

Its goal is to raise \$3 million in volunteer donations all over the state in order to finance the production and distribution of flies in vital areas.

Wednesday night's presentation started with a USDA color film explaining how the operation was carried out in Florida. Flies were produced by the millions and allowed to develop through normal stages. At the pupae stage they were sterilized by radioactive treatment then allowed to develop into flies, which were scattered by airplane over the state. Sterile flies mated with native flies and their eggs failed to hatch. Meanwhile some native flies mated with others and produced more flies. But more sterile ones were brought in to mate with (Continued on page 8)

4 Days Added to School Calendar As Make-up Days

Four more class days have been added to the local school schedule to make up for the days lost to date, according to an agreement Monday by Father Bruno Fuhrmann and L. B. Bruns, superintendents of the parochial and public schools.

Dates set are two Saturdays, February 3 and 17, and two days which were formerly listed as holidays, St. Joseph's Day on March 19 and Easter Monday on April 23.

Those additions bring the school calendar up to 176 days, one more than the minimum required by Texas Education Agency. Originally it had 177 days, but five of them have been lost up to now: three in last week's bad weather, one for the diocesan parochial teachers' institute and one for the Christian Doctrine international convention at Dallas.

Both superintendents favor the extra class day in order to compensate for class picnics that are usually allowed near the end of the year.

They also favor adding the extra days before the end of school instead of extending the school year beyond the scheduled closing date of May 18. Experience has shown that farm work becomes urgent about that time, so fewer parents will be inconvenienced by making up classes on the earlier dates.

Hours on the two Saturdays will be streamlined, allowing dismissal at 1:30. All classes will be held full time but the hour for mass and religion and also the hour for physical education will be eliminated.

NEWS OF THE SICK

Father Martin Fischer is back home with a report that he checked out fine in his physical check-up at Fort Worth last week.

Gus Sicking entered M&S Hospital Friday for treatment of intestinal flu. He was convalescing from a cracked hip bone sustained in a fall last November and had just recently quit his wheel chair to walk again. He had been convalescing at Wilson Rest Home at Gainesville for several weeks. Mr. Sicking is 80.

Mrs. Ernest McElreath of Marysville returned to M&S Hospital Friday as a medical patient. She had been dismissed a week earlier after being a surgical patient. She is back at home again since Monday.

Mrs. Clarence Wilson is convalescing at home from a broken hip and bone surgery after being dismissed from the Sanitarium where she was a patient following the accident on Dec. 28 when she fell. She gets around in a wheel chair and looks forward to the time she will be walking again.

Reported seriously ill at Gainesville Sanitarium Wednesday is 86-year-old Sam Epps, long time resident of Myra. His granddaughter Joyce Temple has been visiting him and a daughter, Mrs. B. R. Bates came from Houston to join another daughter, Mrs. S. K. Sampson of Denton at his bedside. Another daughter, Mrs. John Tucker of Houston, is keeping in touch by phone until she can make the trip.

Wally Luttmner of Gainesville entered the Sanitarium last Friday as a medical patient.

County College Adds 3 Courses Next Semester

J. Norris Scott, dean and registrar at Cooke County Junior College, announces three new courses will be added to the curricula of the local junior college during the spring semester.

"The Rise of Western Civilization" is being added to the course of study of the social science department; "Business Machines" is being added to the department of business administration; and a non-credit adult short course in "Americanism" will be provided in the evening college.

The second half of the "Rise of Western Civilization" will be offered this spring. The course will cover the development of western social, economic, political, and cultural ideals from the Renaissance to contemporary times, with special emphasis on the rise of twentieth century totalitarianism. It will be taught by Charles M. Evans.

The "Business Machines" program will be presented by the business department and will be instructed by Jim Lemaster. The curriculum is based on a survey which was conducted by the business department of the various types of business machines used in area business establishments.

The adult short course in "Americanism" will show the "Principles of American Freedom in Contrast with Tyranny of Communism." The program will be free, and the textbook will probably be J. Edgar Hoover's "Masters of Deceit." The length of the course and organizational details will be determined on the first meeting night, based on the interest and needs of the group.

Registration for the spring semester will begin Monday, January 29th and continued through Tuesday, January 30th, with day and evening registration. Anyone interested in these new courses may contact the Dean and Registrar at the junior college.

John Shepherd, Cooke County Junior College, Box 815, Gainesville, Texas.

MOD Collections Set for Sunday At Church Doors

Muenster's annual March of Dimes collection at Sacred Heart Church has been set for Sunday and members of the sponsoring organization, the VFW Auxiliary, will be at the church doors soliciting contributions after all the services.

Other donations are expected from the small polio banks which have been placed in all business houses of the city.

The Auxiliary believes the community is aware of the great good accomplished by contributions to the New March of Dimes and looks forward to a generous response.

The campaign is seeking funds for research, education and patient care for polio, arthritis and birth defects.

1961 Review Shows Progress Made in Soil Conservation

Beginning of a new year is traditionally the time to take stock of what has been accomplished during the past year. Looking back over the record of the old year it is gratifying in most respects to note that landowners in the Muenster-Saint Jo area cooperating with the Upper Elm-Red Conservation District took some big steps forward in their objectives to improving and conserving the soil.

Last year, basic conservation plans were developed on 32 farms and ranches in the area bringing the number of cooperators to a total of 605.

These cooperators planted 917 acres of pasture such as Bermuda and King Ranch Bluestem. They planted another 23 acres to native grasses.

Fourteen wide grassed waterways were planted to provide safe outlets for terraces.

Progress was made also in the area on terracing during 1961 with 28 miles of broad base channel type terraces. All were built to empty onto wide grassed waterways or onto pasture to prevent erosion on the outlet ends.

About 15,000 acres of grass were properly grazed, leaving approximately one-half of the year's growth to maintain vigor. (Continued on page 8)

County FB Drive For Membership Begins February 6

Four members of the Cooke County Farm Bureau were in Austin Tuesday attending a state-wide rally of county presidents and membership chairmen kicking off the organization's 1962 membership drive. They are J. T. Cole, county president; Frank Neu, membership chairman; Kenneth Rivoire and R. F. Hassenpflug.

Principal speaker at that meeting was Charles Mayfield of Bloomington, Ill., secretary of the Illinois FB organization which leads the nation in membership.

The state membership drive is timed to begin during the week of February 4-10, which has been proclaimed as Farm Bureau Week by Governor Price Daniel.

Cooke County's kick-off in the drive has been set for Tuesday, Feb. 6. County chairman is Frank Neu and the committee assisting him is as follows:

Muenster: Martin Bayer, Ray Voth, Paul Fisher. Sivealls Bend: Milton Hickman, J. E. Pybas. Valley View: R. F. Hassenpflug, Carl Kemplin. Gainesville: Kenneth Rivoire, Tony Sicking, Joe Bauer Jr., Tony Reiter.

Lindsay: Joe Hundt, Weldon Bezner. Rosston: George Berry, D. P. Wilson, R. B. Durham. Downard Fairplains: Henry Schumacher, Charley Kammerdeiner. Callisburg-Woodbine: Ray Lynch, Clifford McCary. Myra: J. W. Sicking, Al Walter.

Notify Bruns if Child Was Missed

The final stage of preparing this year's scholastic census of the Muenster school district is under way, and the due date is less than a week away.

Superintendent L. B. Bruns said that almost all census slips are in and the long job of final checking and listing has begun. Most of the missing names are known, he added, and slips for them will be on hand very soon.

However, as always, he is not certain about one group. That is the children reaching school age in families with which he does not have a present contact. If any of those children have not been listed their parents are asked to notify Bruns at once.

City Starts Issue Of Dog Licenses

Dog licenses and dog tags have been available at the city hall since early this week, and several have been issued, City Manager Steve Moster disclosed Wednesday.

He also invited attention to the city council's order making the dog ordinance effective on February 1. Owners are urged to get the licenses soon and have their animals under control by that date.

The procedure is to present a veterinarian's certificate showing that the dog has its rabies immunization shot and to pay the license fee of \$5.00. The license certificate will show the immunization data, description of animal, owner's name and number of license tag which is issued for attaching to the dog's collar.

By February 1 all dogs in the city limits should be wearing their tags. Enforcement of the ordinance may be delayed a few days, however, until completion of the dog pound near the city sewer. Work on it was delayed by bad weather.

Abbot Michael Lensing of Subiaco Abbey arrived Tuesday and joined Father Alcuin Kubis on a drive to San Angelo to attend the consecration and installation of Bishop-elect Thomas J. Drury of the Diocese of San Angelo on Wednesday.

BIRTHS

Proud and happy parents announcing a five pound two ounce son are Mr. and Mrs. Donnie Walterscheid. Their little boy's arrival was some six weeks premature Wednesday morning at Gainesville Sanitarium and he is spending his first few days in an incubator. Both the baby and his mother are reported doing well. The grandparents are Mr. and Mrs. John Pelzel of Pilot Point and Mrs. C. M. Walterscheid. And there are two great-grandmothers, Mrs. Mike Kleiss, Muenster and Mrs. Ed Blumberg of Pilot Point.

Announcing a daughter are Mr. and Mrs. David Strittmatter of Arlington. She's their first child and they've named her Leslie Ann. Born Jan. 11, she weighed seven pounds six ounces. The grandparents are Mr. and Mrs. Clem Hermes of Lindsay and Mr. and Mrs. Joe Strittmatter of Pilot Point. The baby's mother is the former Miss Bernice Hermes.

Mr. and Mrs. Vernon Clayton are happy over the arrival of Kenny Randolph, their first child, born Monday, Jan. 22 at the Sanitarium. He checked in at 6:47 p.m. weighing seven pounds 12 ounces. The grandparents are Mr. and Mrs. C. G. Clayton and Mr. and Mrs. L. C. Dennis.

Here's that boy! Mr. and Mrs. Cooper Price of Saint Jo proudly announce arrival of eight pound 11 ounce David Cooper Price. He's a brother for Diane and a grandson for Mr. and Mrs. J. L. Snapp and Mrs. Mildred Price, all of Saint Jo. The newcomer checked in at Gainesville Sanitarium Tuesday, Jan. 23, 9:16 a.m.

District Votes Saturday to Name Representative

An election to be held in the 13th Congressional District on Saturday will determine whether Democrat Graham Purcell or Republican Joe Meissner will complete the unexpired term of Frank Ikard in the national legislature.

The two men were leaders in the first election on December 16 and are now in a runoff race.

In Muenster the election will be held as usual in two voting boxes. Joe Luke will preside at the north box in the city hall and Paul Fisher will preside at the south box in the small building at the city park entrance. Voting hours at both places will be 8 a.m. to 7 p.m.

Local interest in the election so far does not point to a strong turnout, however, interest has increased somewhat and the vote should be better than before — unless rough weather sets in. The total in both boxes on Dec. 16 was only 130 votes, less than 20 percent of the community's voting strength.

In the earlier election conservatives, Meissner and Hightower were strong leaders locally. They received 86 votes while liberals, Purcell, Stewart and Horany, received 44 votes.

Persons intending to vote Saturday are reminded that their old poll tax receipts, not the new ones, will apply. That's because the new receipt does not become effective and the old one does not expire until January 31. In general that means that those who were qualified to vote in the first election are qualified now.

Postponed Again

The Garden Club's Arbor Day program and ceremony dedicating the Dr. Myrick memorial tree has been postponed again, this time indefinitely.

Mrs. Dan Luke, program chairman, announced Wednesday that the change in plans results from predictions of another cold wave for the weekend. Next attempt, she said, will wait until spring, when the rough weather is past.

Original plan was to have the ceremony on Jan. 21. That date conflicted with the scheduled date for blessing of the new sisters' home, so the tree dedication was postponed a week. With the coming of last Sunday's weather the Garden Club was gateful for the postponement.

But more of the same is in sight for next Sunday, so the committee will wait for a change of season before trying again.

64 Achieve Honor Roll Listing at Parochial School

Sixty-four students of Sacred Heart School achieved honor roll rating during the past six weeks. Of these 39 are on the "A" honor roll and 25 on the "B" honor roll.

Posted by the faculty on the "A" roll are the following:

Grade 4 — Melvin Schilling, Henry Sicking, Robert Bruns, Johnny Felderhoff, Darlene Hess, Alvin Hoenig, Lynn Joe Klement, Gretchen Koesler, Joan Pels, Janelle Reiter, Diane Sicking.

Grade 5 — Cynthia Bindel, Beverly Koelzer, Ann Stewart, Susan Yosten.

(Continued on page 8)

Schedule of Coming Events

SUNDAY, Jan. 28, Annual March of Dimes collection at church doors.

MONDAY, Jan. 29, PTA meeting, 8 p.m.

TUESDAY, Jan. 30, SH Home-School Society meeting, 8 p.m.

TUESDAY, Jan. 30, MHS vs Valley View, there.

A LESSON ON BECOMING AN "EXTREMIST"

You too can be an extremist.

A little homework at a well chosen book shelf could help you onto the right road. You might start with a sharply critical statement made by a youthful senator some 10 years ago. He spoke with extremely harsh tongue about the shameful loss of mainland China to the communists and placed

the blame where blame was due, our State Department. That young senator certainly was an extremist, as that term is now used so critically by such leading citizens as President John F. Kennedy, ex-President Dwight D. Eisenhower, and all the other anti-communists. The name of that young Senator? John F. Kennedy of Massachusetts.

That speech of Mr. Kennedy is fine for a starter. Now for a clincher: "America's Retreat from Victory." Don't dismiss this one just because it is the work of another controversial senator — Joseph R. McCarthy of Wisconsin. This is a speech given by Senator McCarthy June 14, 1951, before the U.S. Senate, and presented in book form by Devin-Adair Co. of New York. Read all the way through its 96 pages, and I believe you will agree with a commentator who said, "The McCarthy speech was a coldly-docu-

mented, carefully edited and restrained indictment in which damning evidence marched steadily on the heels of accusation, where lie and reputation came face to face."

The "lie and reputation" had to do with the career of General George Catlett Marshall, who is held in such high regard as war-time leader of our armed forces, later as secretary of state. Here the shocking record of General Marshall is set forth — not from the testimony of his enemies, but from his own writings and official orders, and from his associates, none of whom can be classed as his enemies.

The main topic is the same as the young senator from Massachusetts was castigating years ago — the conspiracy that gave free China to the communists. General Marshall's hand is seen at every step of the way that has reduced the United States from "the highest pinnacle of her power and fame" in 1945 to a precarious position before the advance of world communism.

Senator McCarthy asked: "How can we account for our present situation unless we believe that men high in this government are conspiring to deliver us to disaster? This must be the product of a great conspiracy, a conspiracy on a scale so immense as to dwarf any previous such venture in the history of man."

Read it for yourself. When you have turned over the final page you too will be an extremist, and an angry one at that.

NEWPORT HARBOR ENSIGN

WHAT ARE YOU FOR? Communists are wise enough in the ways of the world, writes J. Edgar Hoover in the FBI Bulletin, to know that more people buy sugar than vinegar.

They know it is not sufficient to be against everything. One must be for something, and, the sweeter and more palatable the fare, the more people the communists can attract, he says.

With no thought of trying to fulfill their promises, the communists pretend to offer all things to all men. They declare themselves in favor of lasting international peace, peaceful coexistence and freedom for all people. But no one can question their actions nor object to living strictly under their terms. When the communists meet opposition they forget their promises and declarations of peace.

The party-line offers attractive inducements, such as shorter hours and higher pay, and confuses the public by blending communist aims and purposes with those of legitimate, beneficial groups and organizations.

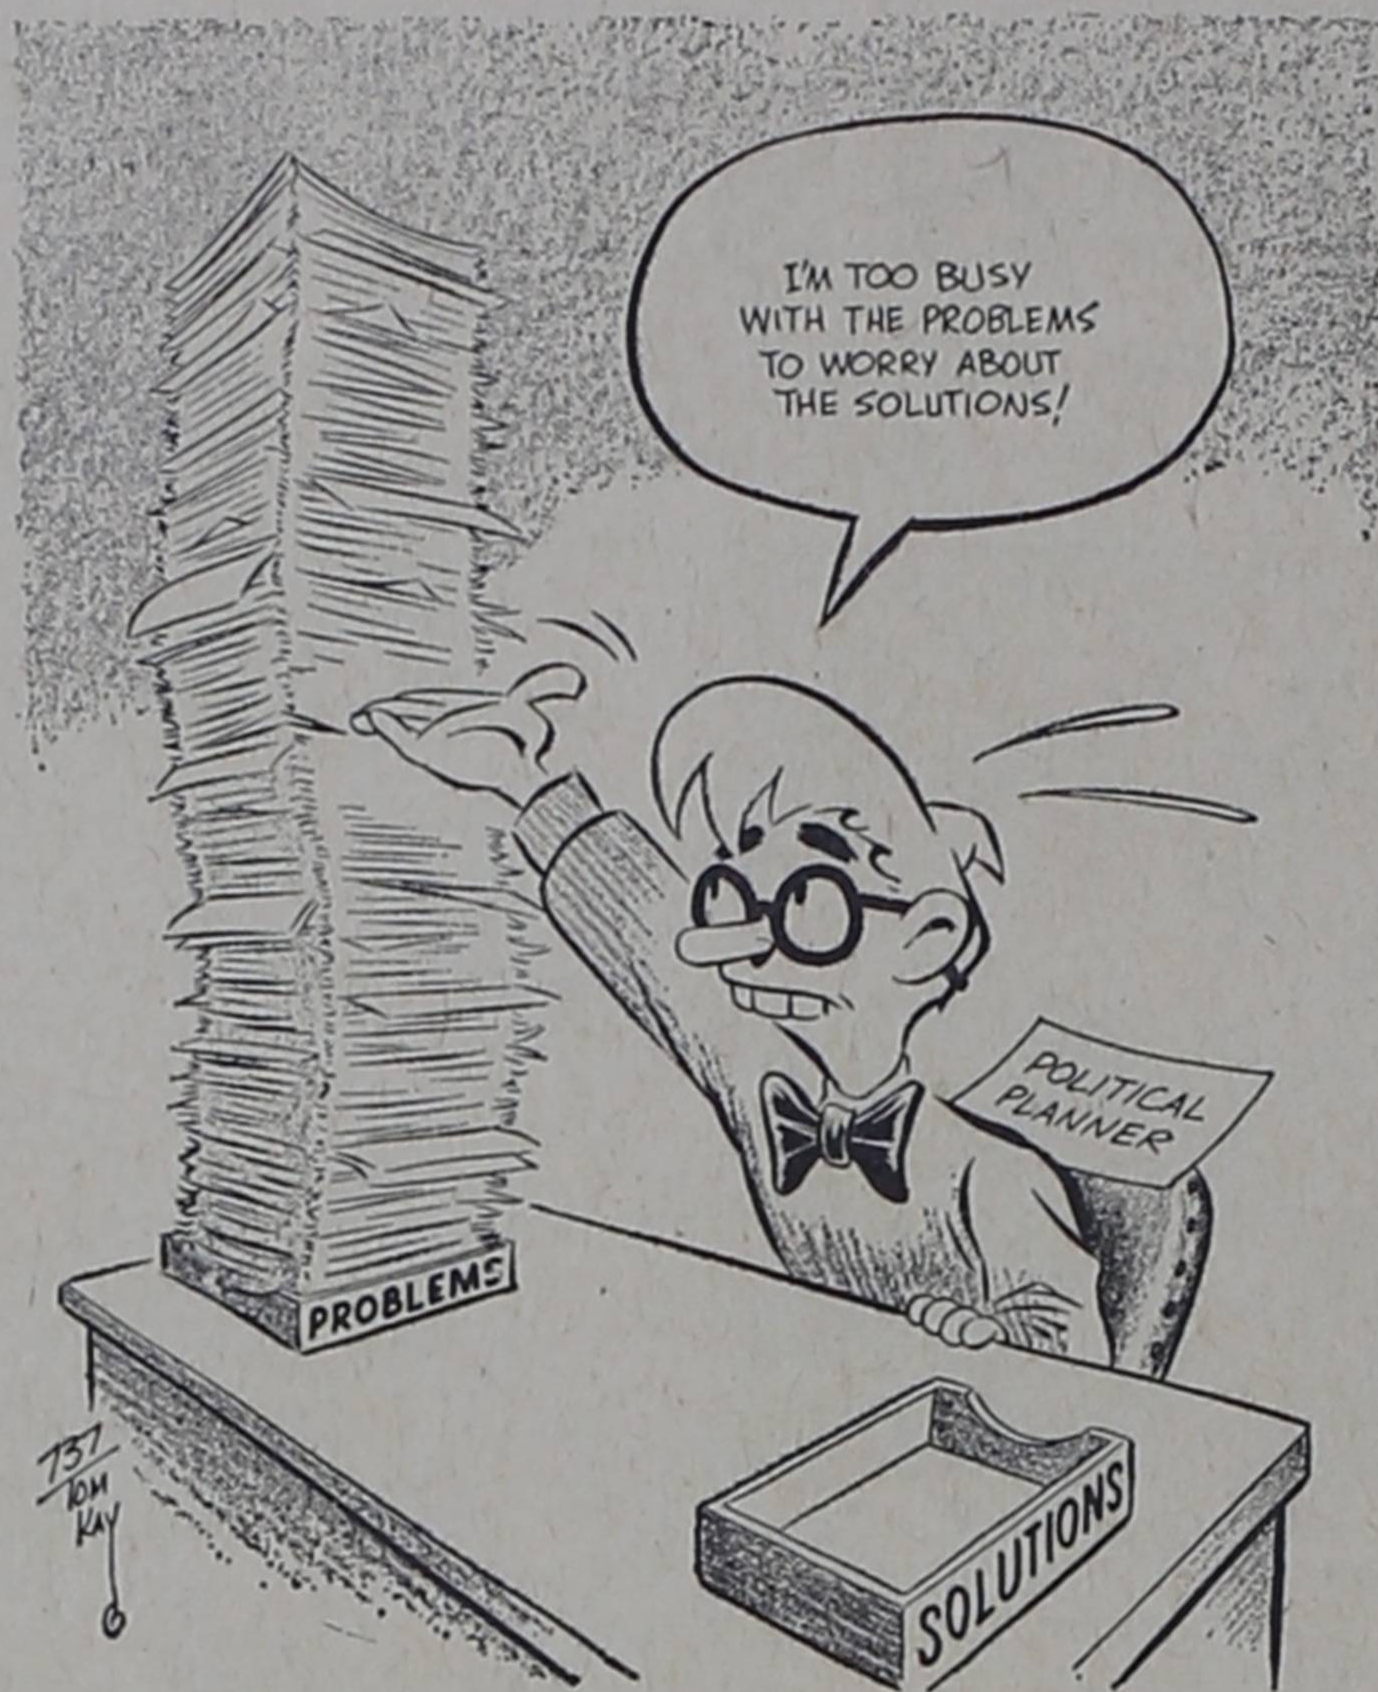

"Unfortunately," says Mr. Hoover, "some people try to resolve the problem by falling into the very error the communists are so careful to avoid — they concentrate on the negative rather than the positive. They are against communism without being for freedom. They are against ignorance without being for education. They are against sin without being for God. It might be well for these persons to realize that Hitler was also against communism. However, what he stood for is ment."

NEW FRONTIER — FOR EUROPE

The Administration in Washington says that our tariffs, already dangerously reduced by 20 years of nursing the welfare of other nations at our own expense, must be slashed further or even eliminated or the US will go to pot. The White House advisors generously admit, however, that as a result we may have to sacrifice some of our "small" and "inefficient" industries to those who make the same things cheaper abroad.

Such "small" industries as textiles, automobiles, business machines, flour milling and lumber, to name just a few of the hundred or more in jeopardy.

But, small, large or medium, are those industries "inefficient" because they cannot pay more for raw material, more for labor, and — using the same tools and know-how we have given away to save the world — sell at the foreign price and make a profit? (In the case of cotton textiles, for instance, foreign mills can buy US cotton for 8½ cents a pound less than US mills whose tax payments help to underwrite this subsidy.)

And if a few such insignificant, reactionary American industries (which are obviously not entitled to consideration by the Government they have been supporting) do fail, so what?

The Government promises to help "retrain" and "relocate" those who lose their jobs. Retrain for what? Relocate where? Don't be silly. The Government needs more tax collectors, more check-writers, more inquisitors. The schools can use more teachers — who understand the new economics. We could greatly expand the Peace Corps, the USIA, even our UN delegation. And as unemployment mounts, we shall certainly need more welfare workers.

If Congress is to oblige the Administration, there would seem to be just one way to do it so long as two plus two equals four. And that would be to cut our own wages (and all domestic prices) back to the rice-bowl level. To recede merely to the European plane in order to ingratiate ourselves with the European Common Market would be only a stop-gap.

In other words, what we need (in the view of our leaders) is a 12.5 cent minimum wage. And unfortunately, if Washington has its way, we are likely to achieve the equivalent in terms of purchasing power automatically—through inflation.

According to some estimates, overall production of plastics in the United States will double during the next decade, reaching an annual output of about 11 billion pounds by 1970.

FOR and AGAINST

for **CHRIST-against COMMUNISM**

BY **BILLY JAMES HARGIS, LL.D.**
 FOUNDER CHRISTIAN CRUSADE

Tragedy In the Congo

The average uninformed American finds today's facts hard to believe. One of the facts which is so fantastic to the uninformed is the use of American power to help force our best friend in the Congo into a communist-dominated coalition government. At the time of preparation of this column, the United States government was cooperating with the United Nations and its "neutralist" Secretary-General U Thant. The "enemy" is anti-communist, pro-western Moise Tshombe and the Katanga Province whose orderly government he heads.

As called to the attention of readers in a recent column the forces of the U.N. attacked Katanga on September 13, 1961. A cease-fire was arranged before much damage was done to Tshombe, but the communist-inspired UN forces were back at it again before long. On December 13, 1961 front-page headlines in the Tulsa Tribune read "U.S. Rejects Cease-Fire In Congo, Presses Drive." The news report under this headline quoted Undersecretary of State George W. Ball as follows: "... we do not believe any cease fire is feasible until the minimum objectives of the U.N. have been attained." The minimum U.N. objective is to force Tshombe's pro-Western Katanga government into the communist-dominated coalition government.

The left-wing radicals backing this shameful operation refer to Katanga as a secessionist province. Katanga never was a

part of the coalition government. They couldn't secede from that to which they never belonged. Tshombe was aware of the communist technique of infiltration, subversion, coalition government, then a communist takeover. His goal purely and simply was to keep his people free.

Slanted news reports on the Congo tragedy refer to white people in Katanga as "mercenaries," but no such unfavorable name is applied to the whites on the Communist side of the Congo struggle. Few Americans remember that a UPI news report on October 25, 1960 admitted that the U.N. "moved into the Congo to maintain peace and help Lumumba reassert authority." Lumumba was, as most readers probably know, the communist conspiracy's top stooge in the Congo until anti-communist Africans executed him. Gone and forgotten is the uprising by Lumumba's successor Antoine Gizenga during November. An AP news dispatch of November 15, 1961 described it as "open and forceful defiance of the United Nations and the central Congo government." The important thing to the U. S. policy makers was to bring the anti-communist Katanga Province into the communist-dominated coalition government. Gizenga's acts were apparently forgotten.

Purcell In Race To Replace Ikard

Graham Purcell of Wichita Falls is the Democratic Candidate to the seat in Congress vacated by the resignation of Frank Ikard. Ikard, also a Democrat, resigned to become Executive Vice President of the American Petroleum Institute.

The voters of the 13th District are reminded to vote Saturday. Your Vote Counts. Don't fail to cast it Saturday. For effective representation with a Democratic Administration and Congress in Washington the logical choice of the Electorate would be Graham Purcell, the only Democrat on the ballot.

(A paid Political Advertisement by the Democratic Party of Cooke County, Texas.)

Farm Facts

"Actually," Secretary of Agriculture Freeman pointed out in a recent speech, "the real cost of food in this country—the cost in terms of how much labor it takes to buy it—is lower than anywhere else in the world—1/5 of our take-home pay."

Compared with the Russians, our farmers annually produce some 80% more output on 1/3 fewer planted acres—and with only 1/8 of the number of the workers employed in agriculture.

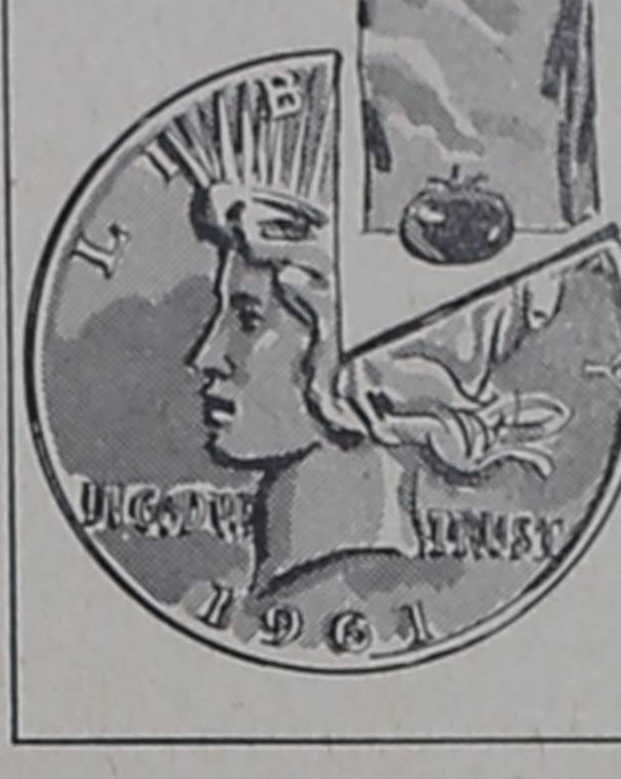

"This is a comparison of almost staggering significance. That some 6 million persons working on U. S. farms should produce 60% more than 48 million persons working in Russian agriculture is almost unbelievable, but it is true.

"Our farmers have achieved for us the dream that man has sought through the centuries.

"For the first time, we in the United States can produce enough food and fiber to meet all our needs, with vast quantities left over to help supply the needs of millions throughout the world.

"... Meat, milk, fruits and vegetables in the hand are far

The cost of food amounts to only 1/5 of our take-home pay.

closer to man's basic needs than a star in the sky. "Success of the U. S. farmer can be the secret weapon in our effort to make democracy and freedom the revolutionary force in a world of rising expectations."

Gift Party Honors Mrs. Walterscheid

A gift shower at a come and go party honored Mrs. Donnie Walterscheid Sunday afternoon when a quintet of hostesses entertained in the home of Mrs. James Mollenkopf. Co-hostesses were Mrs. Leo Lawson and Mmes. Ervin, Bobby and Herbie Walterscheid.

The hostesses served pink punch and cake squares iced in pastel blue and party mints. The refreshment table was covered with lace over blue and held the crystal punch

service. The gift table was covered with lace over pink and was centered with a stork. Plate favors were miniature baby dolls. Twenty guests attended and eight who were unable to attend sent gifts. Present from out of town were Mrs. John Pelzel, Miss Virginia Pelzel and Mrs. Don Weber of Pilot Point and Mrs. Gene Pelzel of Lindsay.

Mrs. Bayer Hosts Progressive Club

Progressive 42 Club members gathered for their January meeting in the home of Mrs. Robert Bayer and spent the evening playing 42. Ten members and two guests were present.

Mrs. Alvin Fuhrman won the high score award, Mrs. Gene Gieb was second high, Mrs. Norbert Walterscheid secured the galloping prize and Miss Helen Hess, a guest, received the consolation award. The other guest was Mrs. Martin Becker.

Mrs. Bayer served pie a la mode and coffee after the games. Members were reminded that Mrs. Roy Endres Jr. will be hostess for next month's meeting.

Workshop Jan. 29 on Sewing Machines

A workshop on the use of sewing machine attachments will be held on Monday January 29, in the Home Demonstration Building. Everyone who would like to learn more about the sewing machine is invited. The workshop will begin at 10 a.m. and will be over in time for mothers to get home before school is out.

Bring a sack lunch, portable machine and attachments if you have one, and fabric on which to sew. If you do not have a portable machine, come anyway. There will be some extra machines.

Mmes. Weldon Penton and Dutch Dillard will be instructors. The workshop was planned by the Extension Home & Family Committee.

Retirement Age Farmers Urged to Check SS Benefits

All Cooke County farmers who are near or past retirement age need to know how their work may affect their social security.

Gus Jones, Manager of the Sherman Social Security Office, stated that thousands of dollars are lost each year by farmers who do not file for their social security benefits because they are still operating their farms.

If you have income from soil bank payments or farm rentals, these could affect the amount of benefits you receive in a year. For detailed information as to how soil bank payments, rental and other income affect your benefits, write to the Sherman Social Security Office and ask for the booklet, "The Social Security Retirement Test for Farm People." Do it today!

Abbot Alfred Reveals Plan for Abbey-Academy

In a program to speed the growth of Corpus Christi Abbey and Academy, the Right Reverend Alfred Hoeng, O.S.B., abbot and president, has announced the appointment of Dan Chamberlain as the institution's director of public relations. The abbot said the step was taken in keeping with the nation-wide trend to complement the work of the clergy with well qualified laymen.

Together with handling all aspects of public relations, Chamberlain will spearhead the long range physical expansion program now in its initial stages.

In addition to the recently completed gymnasium and the science building now under construction, the overall program calls for approximately three million dollars worth of facilities in the next few years.

RUNNING STORY—Walking the dog is no problem for Pat Waddington of Sunnyvale, Calif. She gets into her car, holds the lead and drives at about 20 miles per hour, while the dog runs alongside. Her big Doberman "Whisper" runs about three miles a day.

Discussion Clubs Meet for January

Confraternity Discussion clubs reporting January meetings reveal that all groups studied the sacrament of matrimony.

The club headed by Mrs. Arnold Rohmer as chairman met in the home of Mr. and Mrs. Alois Rohmer with 13 present. The hostess led the lesson and after the study period served coffee and cookies. This group meets in the various members' home and the host or hostess leads the study.

Mrs. Ray Wilde's club met in the home of Mr. and Mrs. Arthur Felderhoff, Mrs. Wilde leading the lesson. Mrs. Felderhoff served cherry pie and coffee to 14 after adjournment.

The Fisher clan which comprises one club gathered with 16 members present in the home of Mr. and Mrs. Joe Galloway. Each member takes a turn at leading. The hostess served coffee and cookies during a social period after adjournment.

Mrs. M. J. Endres had ten members present in her home for the January study session. This group meets from 2 to 3 in the afternoon.

The club headed by Mrs. Gary Hess as chairman met in the home of Mrs. and Mrs. Gunther Goetz with all 16 members present. A social hour and Dutch lunch followed study.

Purcell Scores On Clean Race

The voters of the 13th Congressional District will decide Saturday the issue: Will the minority party elect a candidate or will the district hold to time honored tradition and elect Graham Purcell, the Democrat in the race.

Purcell has waged a clean campaign principally consisting of plain hard work. Purcell piled up a substantial lead in the special election December 16. This lead has continued through clean campaign tactics and the justice of his cause.

Purcell makes only one promise: To fairly and effectively represent all the people of Cooke County.

Vote Saturday, your vote counts.
 (Sponsored by Cooke County friends of Graham Purcell)

A married couple "agreed to disagree" and obtained a divorce. The court awarded her alimony but she soon found her ex-husband had trouble making the payments. She finally cornered him on the street one day and announced, "Look heah, big boy, if you all don't catch up on dem payments, I'se goin' to repossess you!"

Farm Facts

You have an uninvited guest at your dinner table every day. He is a hearty eater. He adds 25% to your food bill.

Paul S. Willis, president of the Grocery Manufacturers of America, estimates that out of every \$5 you spend at the grocery store, hidden taxes take at least \$1. In other words, you get \$4 worth of groceries but pay \$5 for them.

This extra dollar goes for a bewildering variety of taxes which necessarily are included in the end price you pay for your various grocery items.

They have been paid out as costs by people who cooperate in bringing food from farm to table — retailers, wholesalers, food manufacturers, truckers, railroaders, farmers, and all who furnish the industry with supplies and equipment.

Hidden taxes on food are only a part of the total tax bill — and all of these taxes are in addition to taxes you pay directly like the federal income tax. You pay hidden taxes on virtually everything else you buy, too.

Traditionally, food topped all items of family expenses. Now, the tax bill is at least 50%

Taxes take \$1 out of every \$5 you spend at the grocery store.

greater than the food bill, and the difference is still widening. In 1960, the nation's taxes amounted to \$112 billion, compared to a food bill of \$75.5 billion. In 1939, the food bill was \$15.7 billion and taxes totaled \$12.4 billion.

Junior Teams Of District Will Have Tournament

Elementary teams of Muenster Public School will have all their district basketball action this weekend in a tournament at Saint Jo. The event is open to the juniors of all six member schools and it will determine the official district standing for the season in the junior loop.

Muenster teams will meet Saint Jo in their first games. Monday of next week elementary boys of the public school will enter an all-week junior tournament at Forestburg. Their first game, with Goldburg, will decide whether they go into the champ or consolation bracket. After that they have to win to stay in the tournament. Muenster elementary girls will not participate.

MHS Teams Win Three out of Four

Though the season should be more than half over, basketball at Muenster High is running behind schedule because of bad weather. The teams had their second encounter with Lindsay Tuesday night but still have not played their first games with Valley View and Era. Make-up dates will be set only if the games become important to district standing.

At this time the girls have a loss to Callisburg, a win over Saint Jo and two wins over Lindsay. The boys beat Saint Jo, lost one to Callisburg and two to Lindsay.

Last Friday's program at Saint Jo saw Muenster teams take an early lead and hold it all the way. Scores by periods were 11-7, 21-17, 33-21 and 40-33 in the girls game and 9-5, 22-11, 35-18 and 41-26 in the boys game. Sandra Cain and Bobbye Tuggle made 23 and 9 for MHS girls. Mark Hellman made 23 for the boys.

Playing Lindsay Tuesday Muenster girls had no troubles in their 36-29 win. Rosemary Hermes of the visitors had top score with 21. Sandra Cain hit 15, Dyann Hellman 11 and Cindy Cain 9 for Muenster.

Next game the score ended the same, 36-29, but Lindsay was the leader. As in their former game with the Knights, the Hornets practically lost sight of the basket. They connected on only 16 per cent of their shots. The time before it was 15 per cent. Individual counts were Hellman 12, McElreath 6, Flusche 6. Lindsay scorers were Morisak 8, Fleitman 7, Sandmann 6.

All high school teams of the district will be idle Friday during the district junior tournament at Saint Jo. Next Tuesday Muenster meets Valley View.

Johnny Fette has quit his oil field job in Perryton and will enter NTSU at Denton when the next term opens. Meanwhile he's making the necessary arrangements and visiting his mother, Mrs. Kate Reynolds and family.

RODEO BONANZA

Riding down The Ponderosa to star in person at all 20 performances of the 1962 Fort Worth Stock Show Rodeo, Jan. 26-Feb. 4, will be Dan Blocker (Hoss Cartwright), above, and Lorne Greene (Ben Cartwright), stars of TV's top-rated "Bonanza." They'll share the spotlight with about 400 champion and top challenging cowboys in the world's original indoor rodeo.

Marysville News
By Mrs. John Richey

Relatives from here joined others in attending funeral services for Mrs. Liney Crow, 83, at Lindsay, Okla., on January 19. She was an aunt of Mrs. Earl Robison. Mrs. Crow and her husband, Lon Crow, were both reared in Marysville community. Her survivors include her husband, one son

Excellent Food Properly Served
The CURTWOOD CURTWOOD Jr. The COLONIAL
Curtis Restaurants

and four daughters. Among those at the funeral service in Lindsay Baptist Church were Mr. and Mrs. Earl Robison, Mr. and Mrs. T. C. Germany and son of Gainesville, Mr. and Mrs. Raymond Davidson and Bernice Davidson of Fort Worth.

Mr. and Mrs. Lloyd Barnhart, her mother Mrs. Nellie Kelly, and Mr. and Mrs. Charlie Winchester went to Wilson, Okla., last Thursday after receiving word of the death of Mrs. Kelly's sister, Mrs. Ora Wade, 88. Funeral services were held Saturday afternoon in the Baptist church at Wilson.

Johnny Richey had a birthday celebration when he was two years old Jan. 17, his parents, Mr. and Mrs. Robert Richey, entertaining in their home at Sivells Bend. Gifts, games, birthday cake and other refreshments were party highlights. Present were Johnny's grandparents, the Fred Richey's and his uncle Larry Richey of Sivells Bend, also the Earl Cochran and grand-

daughter Anna Lois of Gainesville, the John Richeys of Marysville and the honoree's sister Judy and brothers Bobby and Billy.

Mrs. Belle Doughty returned Monday after several days in Gainesville with her son and family, the Russell Doughtys and attended wrestling matches at Junior College.

Sunday visitors with Mr. and Mrs. Reeve Cooke were their daughter and her husband, the C. W. Millers of Fort Worth.

Mr. and Mrs. John Richey visited Friday with the John Barnes family at Hood and Donna Barnes accompanied her uncle and aunt home to visit until Sunday evening when her parents came for her. Other visitors with the Richeys Sunday were the Tom Binford and daughter Diane of Gainesville.

Mr. and Mrs. Bo Snow of Greenville were weekend visitors with her parents, the W. F. Davidsons.

Mr. and Mrs. John Richey were among wrestling fans attending the matches at Gainesville Junior College.

Mrs. Sam Sparkman and her father V. M. Ramsey and Mrs. Melton Ramsey were Sherman visitors Thursday.

Rev. L. A. Lamance of Bonham was a guest for dinner Sunday in the home of Mr. and Mrs. Sam Sparkman after conducting services at Shiloh Baptist Church.

Rev. and Mrs. Henry Moring and daughter Shirley of Gainesville were Sunday dinner guests of Mr. and Mrs. Nathan Whitt after Baptist services Sunday. Also guests for dinner were Mr. and Mrs. Jack Tuggle and family.

Sunday visitors with the Earl Robisons were Mr. and Mrs. Ivan Davidson and daughter Glenda.

Becky McElreath and Becky Davidson missed some classes on account of illness and Travis Whitt was on the sick list last week.

The cargo tanks of Humble's new tanker, the Ezzo Baltimore, will be able to hold enough fuel to fill the tanks of 890,000 automobiles — 17,549,000 gallons.

USDA Develops Wall Panel for Farm Buildings

An experimental wall panel made of a 2-inch layer of plastic sandwiched between half-inch layers of reinforced portland cement, has been developed by the USDA for use in constructing farm buildings.

These panels are light enough to be handled by two or three men and are cast with holes for bolting to wooden posts set 8 feet apart. No special tools or equipment are needed to erect a one-story building with the panels, the USDA says.

According to USDA scientists, an experimental panel building constructed at Beltsville, Md., nearly two years ago has shown no signs of weathering. They estimate the panels will last more than 20 years.

Cost estimates indicate the panels are more expensive than concrete blocks for buildings of equal size. Total building costs would be comparable, however, because a panel building can be erected about

four times faster than a block building.

The panels are suitable for milking parlors, chicken houses, barns and other enclosed livestock buildings where insulation is necessary. Tests simulating an animal falling or being pushed against the panels proved that the panels can withstand heavy or repeated blows by livestock.

Buildings constructed with these panels would be easy to clean and disinfect because the inside of the building is free of studs and the interior surface is extremely smooth. Joints are sealed with a caulking compound. The finished panels are light gray in color, but they may be painted.

It costs an average of \$11.40 per foot to drill an oil well in Texas.

CDA Court Plans Reception of New Members March 25

Routine business and reports and plans for coming activity were on the agenda for the January meeting of the local court Catholic Daughters of America Friday night.

Since there are some candidates for membership, the court has set March 25, the last Sunday of the month, as the tentative date for reception ceremonies. Plans are to recruit 12 new members which would bring membership in the organization to an even 100.

Members decided to be in charge of a refreshment stand at the next KC social and agreed to present a gift to the Sisters for the new convent. Meanwhile a committee is checking with the nuns to determine what they need and want most.

In other approved disbursements a contribution was made for a perpetual mass enrollment for the late district deputy, Alma Shields. All courts of the district are participating in this memorial gift. Members also agreed to send a message of sympathy and a mass offering to Father Christopher in the loss of his brother and family, the Andy Paladinos.

Grand Regent Mrs. Steve Moster conducted the meeting and Court Chaplain Father Alcuin Kubis gave his customary timely short talk.

After adjournment Mrs. Clyde Fisher was hostess for refreshments serving coffee and cake to 16 members.

TP&L Will Sue For Overcharges In Price Fixing

Texas Power & Light Company is preparing to file the first of several damage suits against manufacturers of electrical equipment who were found guilty last year of conspiring to fix prices in violation of anti-trust laws, according to an announcement by W. W. Lynch, president of the Company.

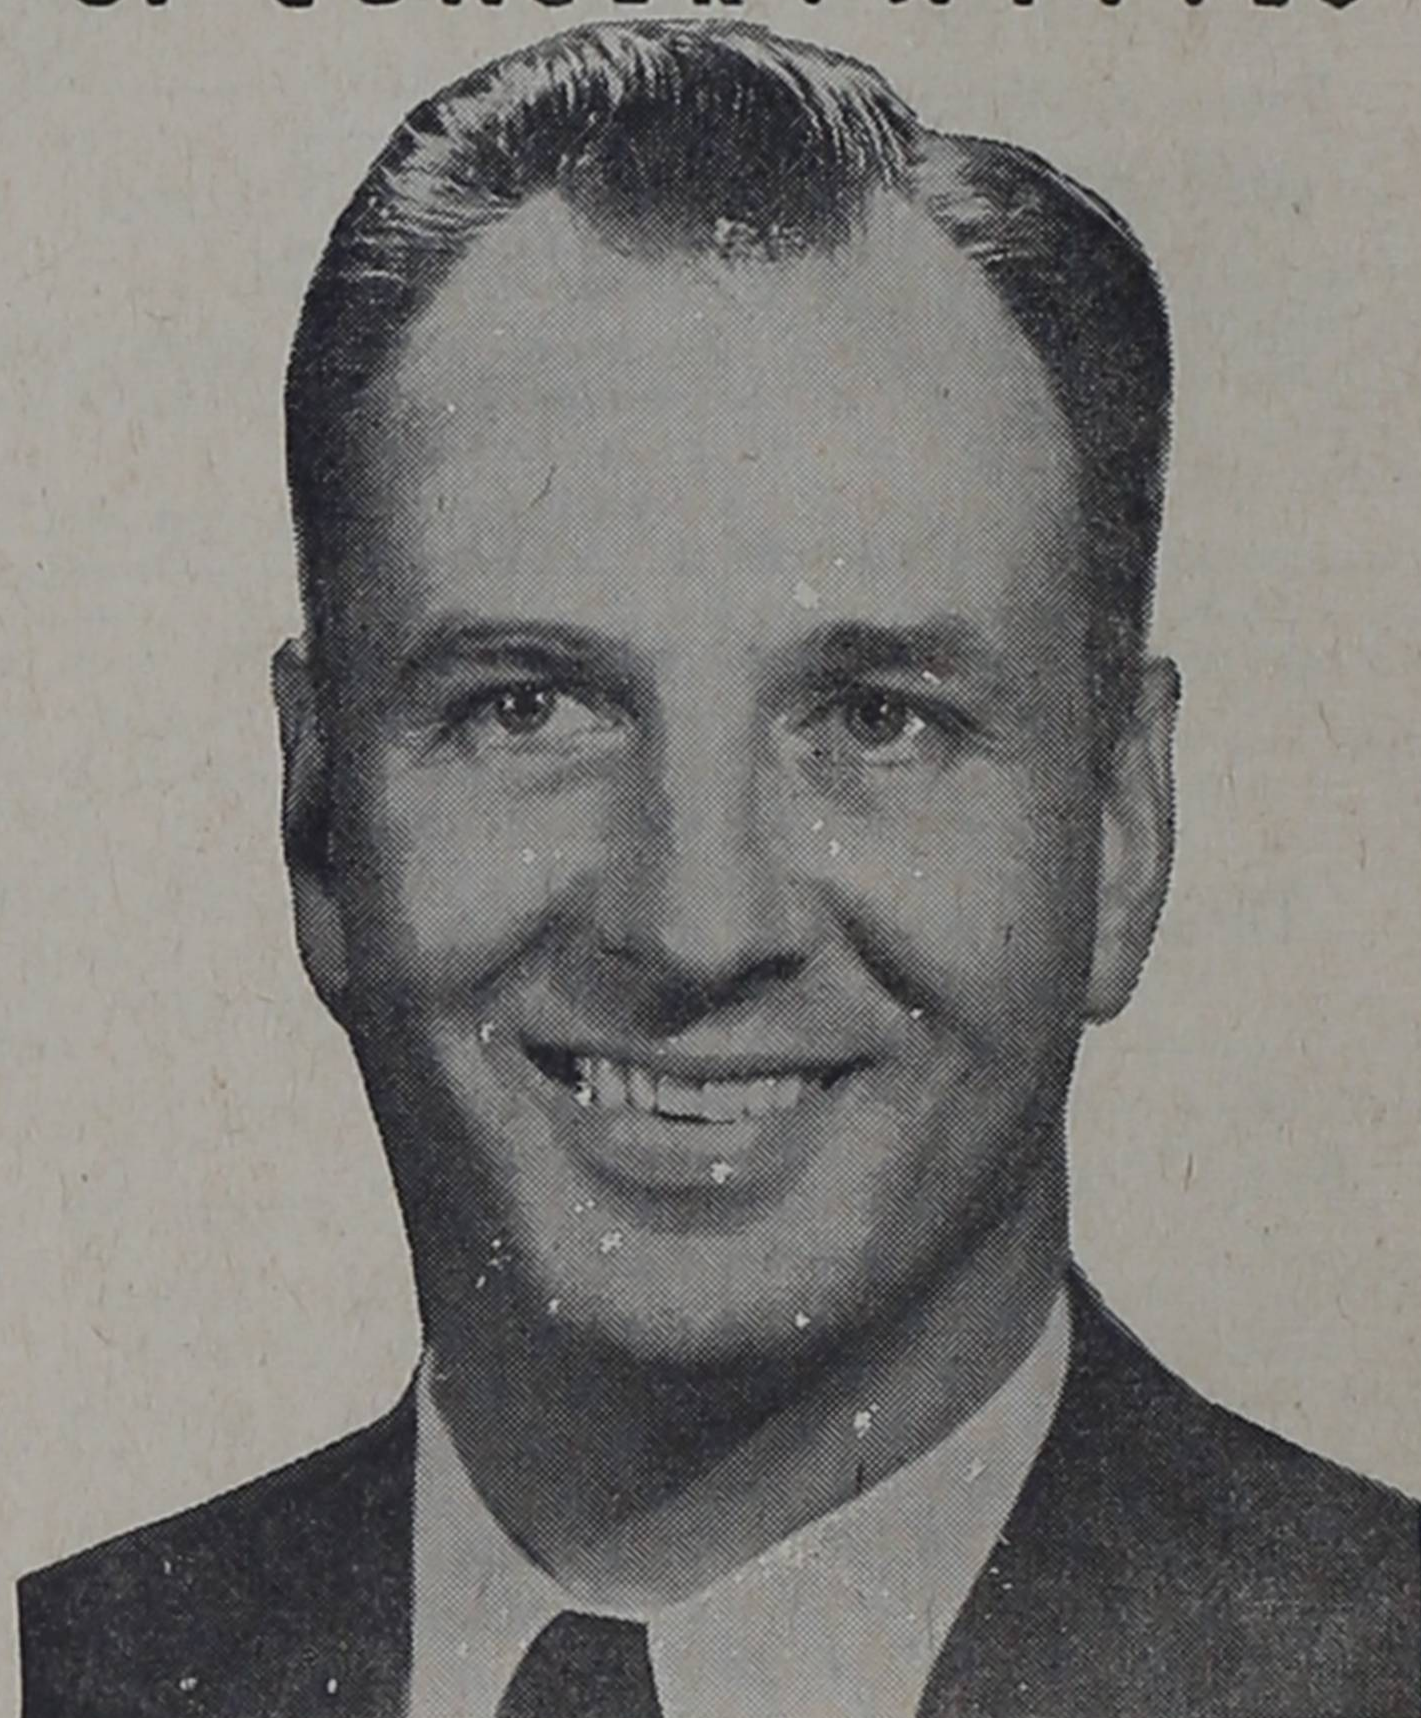

The damage suits will cover purchases of electrical equipment during the 12-year period prior to 1961, Lynch said. The amount of damages to be sought will be determined after studies of purchases and prices during the specified period have been completed.

The suits will be filed in Federal District Courts where the defendant companies maintain headquarters. Approximately 200 electric utility companies have filed similar anti-trust damage suits against manufacturers of electrical equipment, with nearly half of them filing the suits in New York.

In February, 1961, a Federal District Court in Philadelphia found guilty a number of electrical equipment manufacturers who were involved in a conspiracy to fix prices in violation of federal anti-trust laws.

"Judging by the taste of the so-called apple juice we bought last week, the flood at Walthena must have got clear up in the cider mill." — Louis Nelson Bowman, Tri-County (King City, Mo.) News.

March of Dimes Mothers Hold Key In Fight Against Crippling Disease

Some two million Marching Mothers, wearing the symbolic Golden Key of Hope, will appear on America's doorsteps toward the end of January asking support for the 1962 New March of Dimes fight against crippling birth defects, arthritis and polio.

Why do these women brave winter weather to ask their neighbors for funds?

Mrs. Phyllis Sublett of Evansville, Ind., does it because experience with her fourth child, three-year-old Stevie, who was born with a birth defect, has shown her the need to have medical help more readily available in the community when an imperfect child is born.

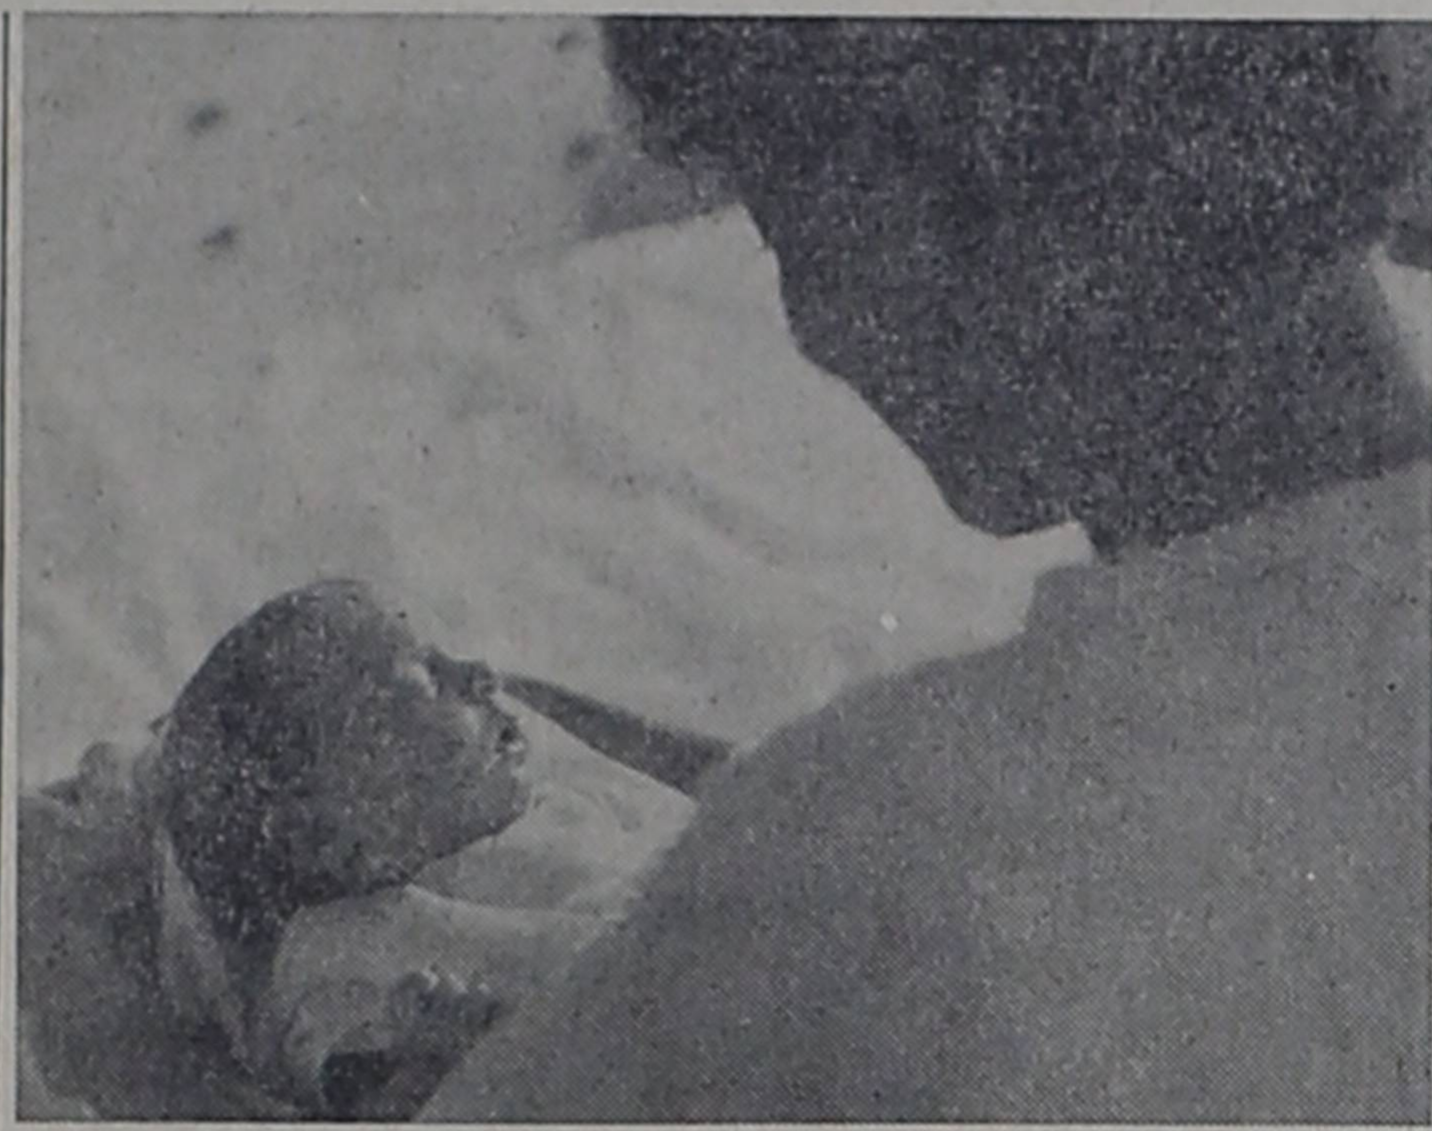

"Stevie was born with an open spine and water on the brain in 1958, the year The National Foundation expanded its program to include birth defects," says Mrs. Sublett. "I had never heard of either condition. Since then I have learned that these malformations and hundreds of other birth defects, afflict one out of every 16 babies born in this country each year.

"These children need help, their parents need to know where to find the specialists who can give prompt and effective treatment. I know now that the March of Dimes supports work in clinics to improve treatment, in laboratories to find the causes, and in building a network of diagnostic and treatment centers to make new knowledge available to everyone, not just those fortunate enough to live close to great medical institutions.

"The March of Dimes already supports nearly 50 centers throughout the country, and many more are being planned.

"That's why I'm in the Mothers' March—to let people know this help and hope exists. I want to ask their support so the 250,000 American babies born each year with birth defects need not go through life helplessly disabled for lack of proper treatment."

In Denton, Tex., Mrs. Mona Grisham says, "Until our lit-

"IS MY BABY ALL RIGHT?"—More than 250,000 mothers of babies born with birth defects in the U. S. each year hear a heartbreaking reply to this question. Marching mothers will seek public support late in January for March of Dimes research and patient aid to control crippling birth defects and rheumatoid arthritis, just as polio has been controlled.

tle Sondra developed juvenile rheumatoid arthritis, I'd always thought arthritis was something you got when you reached old age. Now I know that thousands of children are stricken with it each year. It can twist and cripple little bodies with permanent disability if it's not caught and treated in time.

"I've seen the wonders accomplished at Arthritis Clinical Study Center at Parkland Hospital in Dallas supported by the March of Dimes, and I know that doctors in the laboratory there and elsewhere are working hard to find out what causes arthritis and how it can be prevented or cured. I'm a Marching Mother because I know firsthand how important this work is."

Marching Mothers across the nation have similar reasons. Mrs. George Dibbon of Kansas City, who lost a child born with a birth defect, marched actively until the past year. But then her own arthritis forced her to "retire" to a quieter paperwork and record-keeping job for the Mothers' March.

In Tustin, Calif., Mrs. Polly

Spangler has been confined to a wheelchair since a paralytic polio attack in 1954. Yet she, too, enthusiastically works for the Mothers' March via the telephone, and prepares marchers' kits for distribution.

Multiply these shining examples by thousands, and you have the reasons for the scope of success of the traditional Mothers' March for the New March of Dimes. Mothers' March volunteers know there is a need for the cause they support, and they are determined to make every one of the 40,000,000 households they call on aware of the magnitude of the problem.

Mothers' March volunteers will be identified by a distinctive badge bearing the Golden Key of Hope, symbolizing medical progress against crippling diseases. Each will give those who open the doors a valuable health information slip summarizing basic information about birth defects, the most important unmet childhood medical problem today; as well as arthritis and rheumatic disease which afflict 11,000,000 Ameri-

Local News BRIEFS

Mr. and Mrs. Joe Sicking's new daughter is named Sharon Ruth. Father Bruno officiated at her baptism and her big sister, Dolores Sicking, and her uncle Alois Sicking of Gainesville, were sponsors.

Father Joseph Weinzapfel drove over from Dallas Thursday, Jan. 18, for the 5 p.m. baptism of his nephew, Robert Glenn Weinzapfel, infant son of Mr. and Mrs. Henry Weinzapfel. Mrs. Jimmy Jack Biffle and Glenn Hellman were sponsors for their nephew. The baby's family and grandparents attended the service.

Seeing many new home furnishings while attending the furniture showings at the Merchandise Mart in Dallas last week were Mr. and Mrs. W. E. Scott Jr., Mrs. Tony Hoening and Mrs. Charlie Wimmer Jr.

Mr. and Mrs. Alfred Kuhn returned Sunday after a five day visit with their families the Jake Kuhns at Lindsay and the Ben Lukes here. Alfred and Marjanne moved recently from Midland to Lubbock where he will continue at Texas Tech for his degree.

Mr. and Mrs. Ervin Hamric visited overnight Saturday and Sunday in Edmund, Okla., with their son and daughter-in-law, the Burt Hamrics.

Conrad Jostwerner is here from Chicago for one of his regular visits with his wife and members of her family.

Visiting Mr. and Mrs. J. A. Sanders Thursday and Friday was their son, C. A. Sanders of Fort Worth. Earlier in the past week, guests in the Sanders home were former neighbors from Wichita Falls, Mr. and Mrs. T. K. Pierce.

Mr. and Mrs. J. C. Trachta and Mr. and Mrs. John Wieler

were in Dallas Saturday evening for the wedding of their relatives, Miss Vernetta Hiltz, daughter of Mr. and Mrs. Louie Hiltz, who was married in St. Bernard's Church to Dennis Lee Williams of Dallas.

Mr. and Mrs. P. W. Hellman flew in from Tulsa last Thursday accompanied by their soldier son, Pvt. Gus Hellman, to visit their parents and grandparents, the J. M. Weinzapfels and Mrs. G. H. Hellman for a few hours. Gus was ending his first leave after basic training in Colorado and was enroute to his new assignment at Fort Rucker, Ala. After visiting here the Hellmans flew to Dallas where Gus joined a buddy on the drive to their new station.

Mr. and Mrs. Jerry Henschel and sons of Dallas were weekend visitors with their families, the Ray Owens and Leo Henschels.

Henry Pick's birthday was celebrated in Fort Worth Sunday when Mr. and Mrs. Pick and Edward Pick were guests in the home of Mr. and Mrs. Jim Schwartz and son Jimmy, for an all-family birthday dinner. Gifts and a decorated cake were party features. Accompanying the Picks after joining them at Denton was Miss Leona Appel, a student at TWU, who spent the day with her relatives.

Visiting Mrs. O. J. Huchton and Miss Cecilia Huchton Sunday were Mr. and Mrs. H. L. Young of Durant, Okla. Mr. Young is Mrs. Sid Huchton's sister and conversation included a review of the latest in letters from the Sid Huchtons and their family who are in Argentina, South America. They're having summer time there and the letters mention frequent fishing. Sid ends a two-year job there the latter part of June and they'll be heading for home as soon as possible.

Attending funeral services for Mrs. Barbara Martini in Wichita Falls Saturday were Mr. and Mrs. Henry Streng, Mr. and Mrs. Johnny Streng, Mr. and Mrs. Joe Luttmier, Mr. and Mrs. Frank Schilling, Miss Charlotte Schilling, Arnold Schilling, Mrs. Leo Moster, Mrs. Richard Grewing, Steve and Joe Moster and John Streng. Mrs. Joe Prescher attended from Lindsay and Mrs. Joe Krahl and Pete Prescher were there from Gainesville. Before returning home the relationship had dinner in the home of Mr. and Mrs. Henry Simons in Wichita Falls.

HD Club Members Have 2 Programs At January Meet

Muenster Home Demonstration Club's January meeting Wednesday afternoon featured two programs to catch up on the schedule. The group met with Mrs. Tony Wimmer as hostess in her home.

Mrs. Albert Fleitman gave the first program on "Growing Old Gracefully Through the Years." Mrs. Ed Klement and Mrs. Henry Pick followed with a demonstration on foreign cookery. They prepared a complete meal featuring exotic dishes including Spanish diced chicken, Mexican cabbage salad, French chocolate eclairs and other foods, adding Texas rice to the menu. Recipes are those that are prepared and served at Six Flags Over Texas. The meal was served to the 13 members present. Mrs. Al Horn was welcomed as a new member.

Meeting time was re-set again, back to 2 o'clock. After trying the 1:30 starting time for several meetings members agreed that two o'clock is more satisfactory.

During the recreational hour Mrs. Ray Klement and Mrs. Alois Rohmer directed clever paper and pencil games and gave some humorous readings. Mrs. T. Vogel will be hostess for the February meeting.

The largest denomination of any U.S. government bill in existence (not currently issued) is \$100,000. The bill bears the portrait of Woodrow Wilson.

Kathy Medders, 12 Birthday Honoree

Twelfth birthday of Kathy Medders was observed with a party Friday night at the home of her parents, Mr. and Mrs. Ernest Medders, with classmates of the sixth grade, Sacred Heart School, helping Kathy celebrate.

Thirty-nine boys and girls were present from 7 to 10 p.m. for musical games and folk dancing to recordings. Mrs. Medders served birthday cake, ice cream and punch with other party refreshments.

Mrs. Pagel Hosts Idle Eight Club

Members of the Idle Eight Club had their January 42 party with Mrs. Jake Pagel as hostess in her home. She served a dessert plate of upside down cake and jello with coffee after the games.

Leading the scoring in the progressive 42 series was Mrs. Joe Luke. Mrs. Joe Horn was runner-up and Mrs. Joe Wilde was consolation winner.

Kennedy Speaks of Freedom & Unions

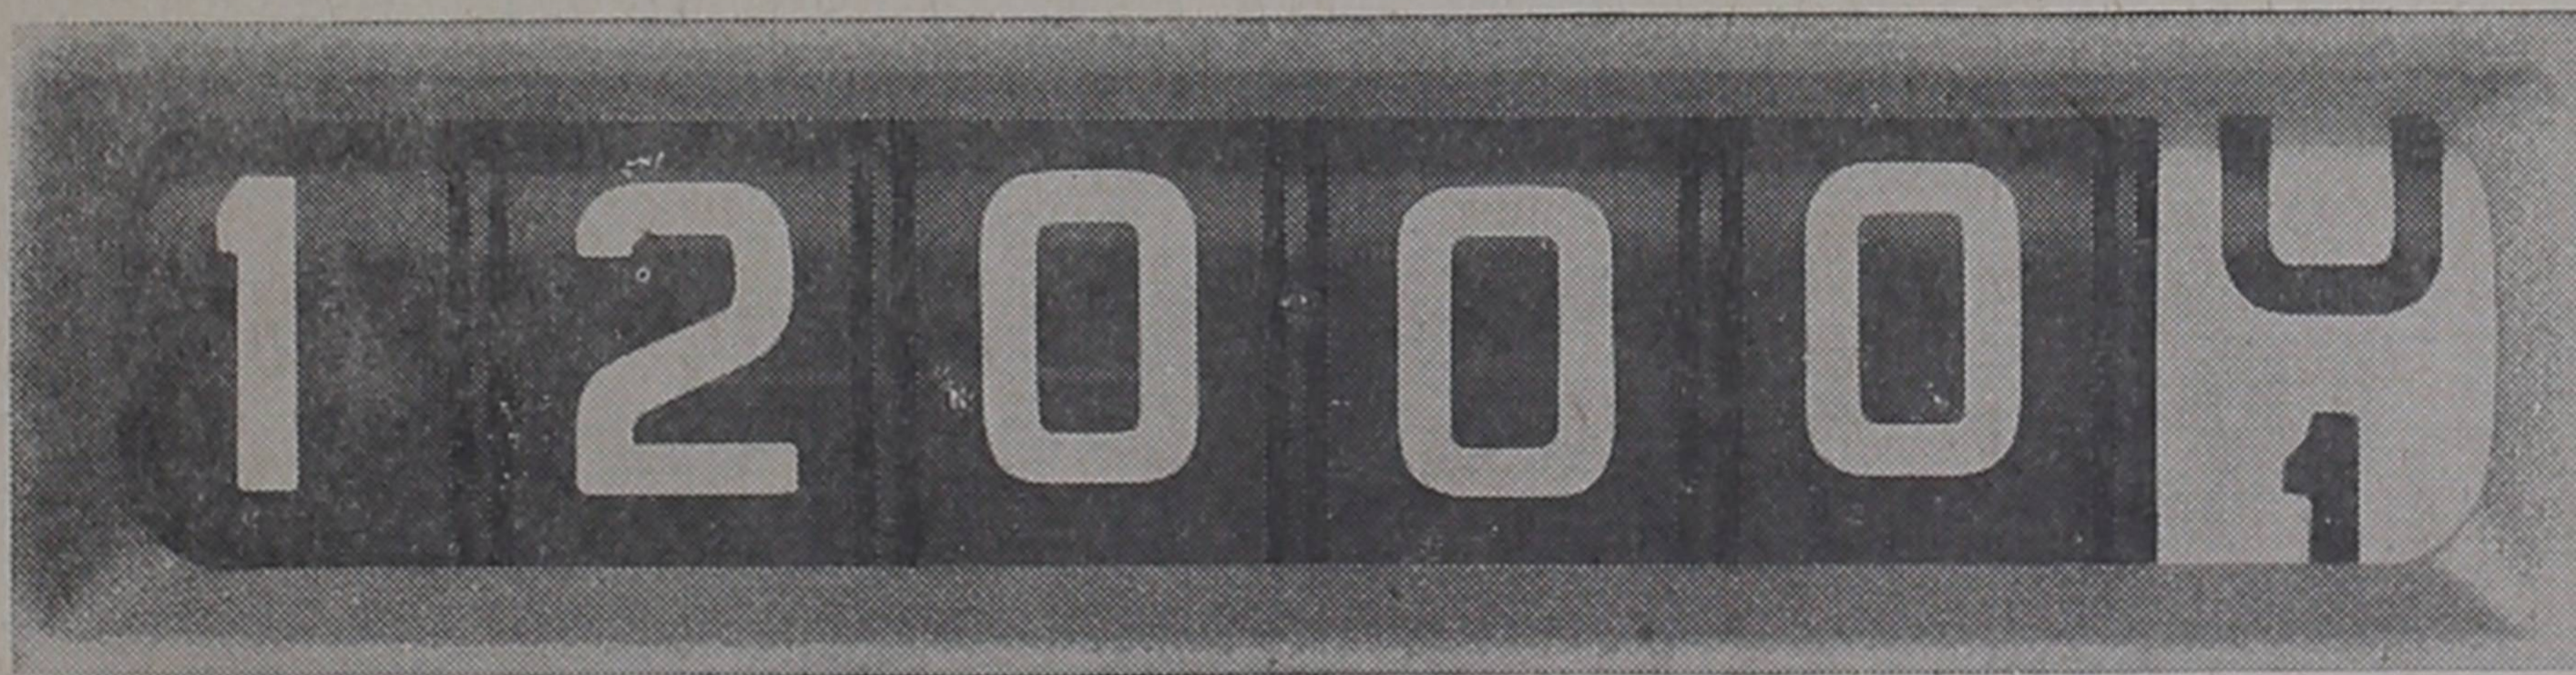

"One of the great qualities about the United States which I do not think people realize who are not in the labor movement is what a great asset for freedom the American Labor Movement represents, not only here, but around the world.

... I would hope that every American... would recognize that the strength of the free American Labor Movement is vital to the maintenance of freedom in this country and around the world."

PRESIDENT JOHN F. KENNEDY
at National AFL-CIO Convention

Now—
Ford frees you forever from the expense and bother of frequent car servicing. Twice-a-year maintenance is here—and only the cars from Ford have it!

In a new Ford Galaxie or Fairlane, the odometer rolls off a long 6,000 miles between every service stop. Compare this with other '62 cars and here's what you'll find; many cars still have to check in for service every 1,000 miles; some every 2,000 miles; others every 4,000 miles. Only the cars from Ford need service only twice a year, or every 6,000 miles.

When you own a '62 Galaxie or

Fairlane, you don't have to drive with one eye on the odometer to make sure you're not forgetting an oil change or a grease job or other servicing. Ford's twice-a-year maintenance saves you time, saves you money. Just one stop every 6,000 miles takes care of servicing. You'll go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications, 2 years or 30,000 miles without changing

engine coolant-antifreeze. Brakes adjust themselves.

Why buy a service headache when Ford is ready with the cure? See your Ford Dealer—and see how close Ford has come to the fill-it-and-forget-it car!

THESE TRUTHS WE MUST HOLD

No. 9 of a Series

IS LOVE OF FAMILY, FRIENDS AND GOD "OLD FASHIONED"?

Americans believe:

That in our way of life there are many things, many blessings that have no base in materialism—love of home, love of family, patriotism, loyalty to friends and devotion to God. These are all integral parts of American heritage and give satisfaction and happiness which the Communists cannot begin to understand.

Communists believe:

That everything is material—if you can't see it, it doesn't exist. The government must teach the people that love of home, and family, and loyalty to friends are secondary to anything which furthers the progress of Communism. The people must discard God. Materialism is the "be all" and "end all" of Communist endeavor.

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY
To renew and awaken interest in our precious heritage of Freedom, and its superiority over the Communist philosophy, these messages are being published by the Texas Power & Light Company, an investor-owned, tax-paying electric utility.

Lindsay News

Having bad weather Monday and having their president in the hospital were two reasons for leaders of the boys' and girls' Craft Club to call off their meeting Monday afternoon. It is reset for Friday afternoon. Mrs. Ray Laux who has been a patient at the Sanitarium, in traction for a dislocated disc, expects to be back at her home Friday — wearing a brace — and so club members will meet in her home for her convenience Friday.

St. Cecilia's choir members will be treated to their annual supper party this Thursday night in the school cafeteria at six o'clock. Others attending with the choir will be their wives and husbands, the church wardens and their wives, the school trustees and their wives and Mr. and Mrs. Tom Voth. . . all servants of the parish as Father John calls them. Mr. Voth keeps the church furnaces going doing it gratis for the parish.

Mrs. Joe Prescher was in Wichita Falls Saturday to at-

tend the funeral of her sister, Mrs. Barbara Martini. She went with Mrs. Joe Krahl and Pete Prescher of Gainesville.

January meeting of the Lindsay St. Anne's Society featured election of officers with Mrs. J. C. Schmidtkofer chosen to head the organization as president. Other new officers for a two-year term are Mrs. Johnny Zimmerer, vice president and Mrs. Lawrence Zimmerer secretary-treasurer. Retiring president Mrs. Ben Hermes conducted the meeting and retiring secretary-treasurer Mrs. Tony Hermes read the annual report of receipts and expenditures, parish activity and mission work. After adjournment members enjoyed a social hour and refreshments. Hostesses were Mmes. Joe J. Neu, John Neu, Johnny Neu and Bill Neu.

When Mr. and Mrs. Leroy Schmidtkofer took their little daughter Susan to Dallas last week Tuesday for her regular checkup the doctor said she'd have to wear her braces at night until she goes back for her next checkup in March. The brace is bolted to her shoes. Daughters Mary and Sharon went along and on the way back the family visited with Mr. and Mrs. Bob Fitch at Irving and drove over to see where their new home is under construction.

Four-year-old Debbie Beyer, daughter of the Frank Beyers, entered Wilson N. Jones Hospital Friday for X-rays and observation and treatment of a throat infection. Doctors expected to keep her there six to eight days. Her mother is staying with her and her daddy visited her Sunday. Other Sunday visitors were her grandparents, Mr. and Mrs. Henry Grewing of Valley View and her aunts, Mrs. Ferd Luttmir and Mrs. Richard Swirczynski of Muenster.

Mr. and Mrs. Joe Pat Bohac (Margaret Mary Hermes) of Jacksonville, Florida, spent Sunday with her parents, Mr. and Mrs. Ben Hermes, coming here from Megargle where on Friday they attended funeral services for his mother, Mrs. Amalie Bohac at St. Mary of Assumption Church. Mr. and Mrs. Ben Hermes and Mr. and Mrs. Raymond Hermes also attended the funeral and Leonard Hermes took them to Love Field Sunday evening to board a plane for their return home. When they left Jacksonville Thursday evening the temperature was 82 degrees.

At St. Peter's Society meeting Wednesday night, recently elected new officers took office. They are Leroy Metzler, president; Wilbert Block,

Dolores Hess and Leroy Neu to Wed Feb. 10 at Lindsay

Mr. and Mrs. John J. Hess have announced the approaching marriage of their daughter, Miss Dolores Hess, and Leroy Neu, son of Mr. and Mrs. John Neu Jr., also of Lindsay.

The couple has selected Saturday, Feb. 10, for the wedding. Nuptial mass will be celebrated in St. Peter's Church at 4 p.m.

Selected as attendants are Mr. and Mrs. Clem Hermes, Misses Lorine Voth and Marcella Neu and Virgil Evans and Frank Sandmann.

Both young couples are graduates of Lindsay High School and plan to make their home in Lindsay after their marriage.

vice president; Rudy Dieter, treasurer; and Clem Sandmann Secretary.

Mr. and Mrs. Joe Bezner Jr. their daughter Jo Ann and his mother, Mrs. Joe Bezner Sr., visited in Midland three days the past week. They were guests in the home of Mr. and Mrs. Hubert Bezner.

Members of the Third Order of St. Francis held their regular meeting Sunday afternoon at 1:30.

Monday night's parish game party was cancelled on account of the weather.

Lindsay CYC Has Officer Election

Election of officers for a new year was the principal business of the January meeting of the Lindsay CYC. The group chose Patty Block as president; Jimmy Zimmerer, vice president; Lenny Zimmerer, secretary; Richard Haverkamp, treasurer; and Marcy Neu, reporter.

In other business the group planned a Valentine dance and set Saturday, Feb. 17, for the date.

Bobby Fuhrmann conducted the meeting and Henry Sandmann led the Confraternity study session afterwards.

Subiaco Alumni to Meet Sunday Night

The North Texas branch of Subiaco Alumni Association will have a meeting Sunday, Jan. 28, beginning at 7:30 p.m. in the Lindsay Parish Hall.

All members are urged to attend and bring their ladies for a social and refreshments that will follow the business session.

Screw Worm - - -

them. Over a period of seven generations all the flies were exterminated.

After the film J. T. Cole, county chairman, introduced Dick Wilson of Texas and Southwestern Cattleman's Association, one of the sponsors of the state program.

He explained that a research plant set up two years ago at Kerrville by the USDA has made all necessary preparations and is ready to go on the eradication program. He also pointed out that this winter's severe cold has been very favorable to the program and the job can be done much more efficiently than expected if it gets off to an early start.

That's because the big freeze has killed screw worms as far south as the border. A large area of South Texas which normally would have needed treatment does not need it now and the job can be accomplished by just treating the border and preventing the pests from moving north.

The main expense of the program is producing the flies and delivering them. That requires tons of meat and blood to feed larvae and pupae to maturity, the cost of sterilizing, then delivery by plane to control areas. Financing this operation is the object of the present fund raising campaign.

Giving is on a voluntary basis and the suggested donation is 50 cents per cow and 10 cents per sheep, goat or hog.

Donations statewide up to now have passed a half million dollars and sponsors are confident the \$3 million goal will be reached.

As a long range program of permanent elimination the organization hopes to secure Mexico's cooperation in cleaning out flies to the isthmus about 100 miles wide. Constant control of that area then would keep screw worms out of all of North America.

Elimination of screw worms is estimated as worth many millions of dollars annually to the livestock industry. As it is many animals are killed by the worms. Most animals survive but they are underweight and have damaged meat.

Prescher and Knabe Herds Lead DHIA As Top Producers

Tommy Knabe's herd was second from the top of the list when the DHIA posted high herds for the month of November. Only Pete Prescher's cows topped the Knabe herd.

Prescher's champion producers for the month ran up a total 54 pounds of butterfat and 1445 pounds of milk to lead herds in the Cooke County Dairy Herd Improvement Association.

Knabe's cows averaged 45 pounds of butterfat and 1120 pounds of milk. This herd also contained the individual high butterfat producer with a total of 130 pounds. Individual high milk producer was in W. H. Frasier's herd with 2440 pounds and runnerup was a cow from the Knabe herd with 2400 pounds.

Other high herds for the month are those of C. A. Fisher, Paul Fisher, Felderhoff and Sicking, Jerry Hoenig, and Paul Fetsch.

Fourteen herds were tested with 508 cows in milk. Average pounds of butterfat per cow was 38 but 201 cows produced 50 or more pounds of butterfat. Average pounds of milk per cow was 983. There are 602 cows in the association.

Officers of the association for 1962 named at election time are Paul Fetsch, president; Jerry Hoenig, vice president; Henry Frasier, secretary-treasurer; Pete Prescher and Carl Kemplin, directors. Adam Wolf and James Truitt are supervisors.

Honor Roll - - -

Grade 6 — Mona Voth, Shirley Klement, Linda Rohrer, Imogene Vogel.

Grade 7 — Mary Ellen Endres, Dianne Gehrig, Linda Fisher, Janelle Swirczynski, Linda Zimmerer, Janie Knaut, Mary Hesse, Wayne Klement.

High School — Larry Reiter, Virginia Taylor, Rita Noggler, Eileen Knaut, Jeannine Hofbauer, Claudia Endres, Shirley Wimmer, Loretta Schmitt.

Names on the "B" honor roll are: Grade 4 — Debby Felderhoff, Jimmy Lawson, Glenn Rohrer, Frank Luke, Clifford Zimmerer.

Grade 5 — Diane Hess, Kaye Klement.

Grade 6 — Ann Landsfeld, Rosalee Eckart, Paula Herr, Sandra Sicking.

Grade 7 — Deborah Fette, Janie Fleitman, Gloria Reiter, Gloria Gieb, Kathleen Waltercheid.

Grade 8 — Monica Becker, Marcia Cler, Robert Fisher, Cynthia Stoffels, Janice Yosten.

Soil Conservation

gor of the plants and form a protective mulch on the soil surface to prevent erosion and increase water intake for the use of next year's grasses.

Over 1500 acres of brush were cleared so that pasture grasses can be planted.

Progress also was made in the district's upstream flood prevention program. Two more reservoirs were completed on Elm Fork bringing the total floodwater retarding structures on the watershed to 28. One

site, on the Hill Campbell Ranch is under construction now. Eleven more are being readied for final plans and contracting.

Outstanding progress was noted in 1961 on the Clear Creek Watershed with construction started on 17 reservoirs within the district. Five more, plus ten sediment control structures, are in the final stages of planning and are expected to be contracted before July 1.

All in all, it was a good year for conservation accomplishments and many cooperators moved closer to their goal of using each acre within its capabilities and treating each acre according to its needs for protection and improvement.

Confetti - - -

and a deplorable reflection of our individual attitudes toward our responsibility in public affairs. We scored mightily low in our duties of citizenship.

Will we permit that to happen again? Or will we make an honest effort to judge the merits of both candidates, on the basis of which is likely to do the better job for our country, and then cast our full strength of votes? Remember, we'll all be proud of a good community turnout and each of us will be proud of his part in it.

Remember, too, about future voting this year. If you haven't paid your poll tax, do it now. The deadline is next Wednesday, less that a week away.

Small Son to parents bringing home quadruplets from maternity ward.

"We'd better begin calling people. They're going to be much harder to get rid of than kittens."

Parochial Teams And Alvord Split

The usual pattern, a win for the Tigerettes and a loss for the Tigers, applied again Friday night as Sacred Heart hosted the two teams of Alvord High.

It was the 22nd win out of 23 starts for the parochial girls whose only setback so far was the loss to the host team in the final of the Callisburg tournament.

The Tigerettes had an easy time with Alvord, rolling up a count of 60-27. Joyce Hacker made 39 of those, bringing her season score to a grand total of 784, an average of more than 35 per game. Joyce Haverkamp scored 13 for the game. The Tigerettes made a slow start, however. Their half time lead was only 24-16.

Boys, too, made a slow start and were trailing 37-18 at intermission. After that they did better and trimmed three points off the visitors' lead. Final score was 61-45. Leading Tiger scorers were Johnny Wolf 19, Charles Knabe 11, Virgil Hess 10.

Food will cook as quickly in gently boiling water as in rapidly boiling water.

Soaking a wedding ring in dishwater three times daily makes it last longer.
