Expressions of shock and regret from many parts of the world at the death of Patrice Lumumba may have been justified on the basis of its threat to world peace. As seen by some competent observers, the Congo is a powder keg, and an explosion there could possibly develop into a global war.

Aside from that consideration, however, the incident presents little reason for regret, Lumumba, a dedicated tool of the world wide red conspiracy, became a victim of the same kind of savage violence he had been dishing out for months to his political enemies. Why should any reasonable person sympathize at the death of a power crazed fanatic whose reign of terror was responsible for the wholesale murder, rape and pillage of the months before? It would seem more proper to regard his passing as that of a public enemy whose crimes caught up with him.

A particularly disappointing circumstance following the red leader's death was the tone of expression from some of the Western powers, including our own. It was as if they were shouting Amen to communist propaganda.

as if we should be horrified at the political execution of a communist after calmly accepting for years the reports of political execution by the communists.

Let's consider the record for a moment, Russia's policy for years has been to liquidate the party's political enemies. The same is happening in Red China. The same has happened in every county taken over by the reds, in every uprising crushed by them. History of the past twenty years documents thousands of cases showing that enemies of the reds simply do not survive in the red dictatorships. We see it in Cuba today. We saw it in the Congo, in Tibet, in Hungary, in Korea, in every country under the red rule. So why should we be shocked now when one communist receives his own kind of justice?

Instead of joining in the red regrets we should have proclaimed to the world that the reds ought to be willing to abide by their own standard of power politics. Instead of permitting Lumumba to be exploited as another red propaganda triumph, we should have insisted that he got his own kind of treatment. We allow them to make him a martyr when we should have exposed him as an enemy of mankind.

It's true that we do not advocate extermination of political enemies as the reds do. But in cases like this we certainly cannot gain by stifling the facts while Khrushchev and Company fire their global propaganda blasts. It's getting tiresome to have criminals pointing the accusing finger at us. It's time for us to start telling who's who and what's what.

A good first step in that direction is to come to an understanding with some of our weak kneed allies. For instance, England. The cause of world peace is not well served by that country's recent remark in favor of admitting Red China to the U. N. Perhaps that will help delay the day when the Chinese will gobble up the British colony of Hong Kong, but it does not change the inevitability of that event if and when the reds get the notion, Britain deserves no credit for resorting to expediency instead of standing on principle.

The simple fact is that Red China cannot qualify for admission. It is not a government of the people's choice but rather a ruthless dictatorship that imposed itself on the country, and rules by terror. It is a government of tyrants that deserves no place in an assembly of civilized nations.

By the same reasoning Russia does not deserve to remain in the UN. It does not qualify for membership any more than Red China, and for the same reason. Nor do its satellite stooges belong there. They too are ineligible, and also for the same reasons.

US News and World Report this week tells of Khrushchev's obvious maneuvers to rule or wreck the UN. He hasn't now and never has had any intention to cooperate in its objective of preserving world peace. Besides blocking its effort whenever possible in the assembly chamber he provokes and supports the very uprisings he should

Elm-Red District Sponsors Contest On Land Judging

The annual land judging contest sponsored by the Upper Elm Red Soil Conservation District will be held in Gainesville on Saturday April 8. Arrangements were made at a planning meeting of district supervisors and vocational agriculture teachers last Thursday in Gainesville.

Garden Club Plans Landscape Project For Local Hospital

Civic League and Garden Club members, at their February meeting Monday night, featured the business session with a discussion of their newest project — sponsoring landscaping for Muenster Memorial Hospital.

Mrs. L. B. Bruns, president, read a letter from Sears Roebuck and Co. announcing a contest and money grant to Texas Garden Clubs, Inc. The contest covers a number of landscaping and beautification projects and the Garden Club hopes to enter plans for landscaping the hospital grounds.

A committee to complete plans was appointed. It consists of Mrs. T. S. Myrick, Mrs. Bruns, Mrs. Steve Moser, and Mrs. Charles Taylor. Mrs. Al Yosten and Mrs. Larry Yosten were hostesses in the former's home and served dessert plates and coffee to 23 members before the business session.

Mrs. Henry Weinzapfel was in charge of the program presenting an interesting and informative talk on "Soil Preparation and Suitable Plants for Indoor Planters." She distributed leaflets on the subject and showed how to make a terrarium to brighten a kitchen window. She also told how to plant and care for African violets which are fast becoming a favorite hobby of American gardeners.

Mrs. Al Yosten showed a spring arrangement of yellow jasmine and Mrs. Nick Miller showed a huge flowering kale. It was announced that orders for more than 50 dwarf crape myrtle bushes are on file and the club plans to have a plant sale in early spring, the event to be similar to last year's affair.

Hostesses for the March meeting will be Mrs. Frank Yosten and Mrs. L. A. Bernauer with Mrs. T. S. Myrick presenting the program on peeping and planting cutting gardens.

Lenten Season Begins Wednesday With Old Ritual

The season of Lent was ushered in Wednesday with the centuries-old ritual of blessing and distributing ashes to the world's Catholics. It was Ash Wednesday.

In Sacred Heart Church ashes were blessed at a 6 a.m. high mass and distributed afterwards. Distribution also followed the 6:30 mass and the ceremony was held again at 2:30 in the afternoon.

Wednesday was one of the few days of complete fast and abstinence in the diocese of Dallas-Fort Worth. The other lenten fast and abstinence will come on Good Friday.

Rules and dispensations announced by Bishop Thomas K. Gorman apply to those living within the diocese. Since the usual lenten regulations have been relaxed the Bishop urges all the people of the diocese to practice voluntary acts of mortification and works of charity — "since no one can be dispensed from the necessity of doing penance."

Every member of Sacred Heart Parish has received a Lenten folder with 48 slots for dimes. The pastors Sunday recommended its use for contributions in the spirit of penance.

Bill Otto Rated As Top Applicant For Marine Class

Billy Otto, a 1959 graduate of Muenster High School and now a sophomore at Gainesville College, is one of 15 young men accepted into a Platoon Leaders Class of the U. S. Marine Corps.

A letter received this week by Dean J. N. Scott of Gainesville College from Capt. Fred E. Lacey of the Marines reveals the appointment and adds that only 15 students have been chosen this year from the 50,019 in this area. He also said "Billy has the distinction of having the highest rating of any of those chosen from any junior college in North Texas. We feel he is a credit to Gainesville College and his country."

Captain Lacey will visit Gainesville on Feb. 27 and 28, and during that time will address the college assembly on "Military Obligation as it affects the college student."

On Honor Roll

Rodney Walter is one of 46 students named to the honor roll at the University of Dallas for the first semester with a 3.1 grade point average. A freshman student Rodney is the son of Mr. and Mrs. Oscar Walter. He is a Secondary Education major.

Among out of town former Muensterites at the NCCW meeting Thursday were Mrs. Joe Schnitker of Denison. Mrs. Lena Bernauer and Mrs. Andy Anderson, Mrs. A. G. Hutton and Mrs. John Corcoran of Gainesville. During the social hour they enjoyed exchanging the latest family news with their friends and former neighbors. Also coming from Denison was Mrs. A. C. Flusche.

MHS Band Preps For Two Events

Members of the Muenster High School band and Instructor James Larsen are concentrating attention nowadays on two events scheduled for the first two weeks after Easter.

On April 7 they will be among 48 bands in a music festival at Castleberry High School at Fort Worth. Their performance there will be rated on the basis of achievement in relation to the band's size, experience of its members, etc. It is not a competitive affair.

The following week the MHS band will present its annual spring concert in the school auditorium. The program will include numbers by the regular band and some by the beginners class.

Della Wimmer to Appear in TWU Music Festival

Della Wimmer of the Muenster High School band has been selected to appear in the 5th annual all-girl band festival sponsored by Texas Woman's University of Denton. The event will be held at TWU on the evenings of Friday and Saturday, Feb. 24-25.

James Larsen, MHS band instructor, disclosed this week that Miss Wimmer is one of 166 selected from over 600 applicants of North Texas high schools. Tests sent out by TWU were given by the students' instructors and results served as a basis for competitive selections. Successful applicants were assigned to two 75 piece bands and one 16 piece stage band.

Another MHS band member, Judy Yosten, qualified on the basis of ability but was not invited because seniors were given preference in case of ties. She is a junior in the flute section. Miss Wimmer, also a junior, plays the baritone.

Each participant will put in two full days on the festival... the days to be spent in band workshops and rehearsals, the nights in the concerts. Band directors and parents are welcome at all sessions.

Trustee Election Will Name Three, Dated for April 1

Muenster's annual school election, to be held on Saturday April 1, will name three trustees on the local school board to fill vacancies created by the expiring terms of Jerome Pagel, David Trachta and Norbert Klement.

The election was ordered by the school board in its regular session last Thursday night. It will be held in the school building with Glenn Hellman as judge and Mrs. John Mosman as clerk.

Anyone wishing to be listed on the election ballot will have to file his candidacy in writing with Superintendent L. B. Bruns on or before 3:30 p.m. on March 2.

Trustees whose terms do not expire this year are Charley Hellman, Ray Wilde and Joe Wimmer and Ed Cler.

MHS Ends Season With Double Win

Both basketball teams of Muenster High closed the season last Friday night with wins over Saint Jo. Muenster girls came from behind and finally shaded their hostesses by the count of 37-36 and the Hornets won by the more decisive score of 45-34.

In the opening tussle Muenster girls dropped behind 13-4 in the first period and still trailed 19-10 at the half. Next quarter they trailed 25-23 and finally managed to squeeze out the 37-36 win. Muenster scorers were Cain 20, Hellman 11 and Tuggle 6.

The Hornets did their gaining in the first half and reached a lead of 22-12 at intermission. From then on they just held their margin for the 45-34 decision. Harris and Mark Hellman tied at 17 each for Muenster scoring lead.

The games established Muenster in the third place in both divisions of the 37-B district. A post-season play-off in the boys' division decided the former Callisburg-Valley View deadlock in favor of Valley View. In third spot is Muenster, then Saint Jo, Era and Lindsay. Final standing of the girls' loop is Callisburg, Era, Muenster, Lindsay, Saint Jo and Valley View.

Bids Invited for First Clear Creek Detention Dam

The flood prevention program on Clear Creek has reached the construction stage. Tony Walterscheid, Supervisor of the Upper Elm-Red Soil Conservation District and J. M. Weinzapfel, President of the Clear Creek Watershed Authority have been notified that the Soil Conservation Service has advertised for bids for the construction of a flood prevention dam to be constructed on the Jess Lucas farm, located 6 miles west of Era, in the Leo Community.

Sealed bids will be received until 2 p.m. on March 6, 1961. Major items of work in the contract calls for 219,000 cubic yards of dirt embankment, 80 cubic yards of concrete, 324 feet of reinforced concrete pipe and 3,250 feet of new wire fence. Construction must be started within 20 calendar days and be completed within 234 calendar days after the date of notice to proceed.

The floodwater retarding structure will have a drainage area of 3,590 acres. The sediment pool will be 26 surface acres and the detention pool will impound 1,555 acre feet. The height of the dam will be 50 feet.

This reservoir is the first of the 52 such structures planned to be built on Clear Creek and its tributaries. It will be another step forward in the District's program to stop the flood waters on Clear Creek and prevent damaging overflows on the big streams lower down. It means more progress in the local District's program to protect and improve all agricultural land within its boundaries.

Mrs. Theresa Schriver is a new resident in Muenster and Wednesday assumed duties as parish housekeeper at Sacred Heart Rectory. She comes here from Lindsay where she was also rectory housekeeper. In earlier years she was employed in Scranton, Ark., where Father Alcuin was pastor.

Since Father Alcuin's transfer from Lindsay to Muenster Mrs. Schriver continued as housekeeper there. There has been no announcement as to a replacement for her at Lindsay.

Miss Katie Hacker was housekeeper for the local pastors following Mrs. John Kathman's resignation on account of her health.

40 Hours Devotion Starts Sunday for S. H. Parishioners

Forty Hours Adoration begins in Sacred Heart Parish Sunday and continues through Monday and Tuesday to conclude with services in connection with the weekly novena devotions.

High mass and procession at 7:30 a.m. Sunday will precede solemn exposition of the Blessed Sacrament and reposition Sunday will follow the evening mass at 7 o'clock.

Special hours of adoration for parishioners are listed on the weekly church bulletin. The hours begin at 7 a.m. and conclude after 7 p.m. services.

The solemn closing will again be accompanied by a procession Tuesday night. The procession lineup will include first grade boys and girls, the latter in their white dresses. Pastors of the Sherman deanery have been invited to attend the closing service.

NEWS OF THE SICK

James Mollenkopf was dismissed from the Sanitarium Tuesday and was back at work Thursday after four days of hospitalization for penicillin poisoning. He had to have the penicillin earlier for treatment of secondary pneumonia.

Janet Pels two and a half year old daughter of Mr. and Mrs. Henry Pels Jr., was a patient at the Sanitarium Saturday to Monday for treatment of an intestinal obstruction. The same trouble has sent her to the hospital before. She's as active as ever after treatment straightens out the condition.

Being shut-in and a bed patient all week is the lot that befell Bobby Sicking, son of Mr. and Mrs. Ray Sicking, after he became ill with flu and asthma. And there'll be no school until the trouble clears up, his doctor said. He's a fourth grader at Sacred Heart. Cute and funny cards will help him pass the long days in bed. Address is Box 52, Myra, Texas.

Pretty weather and spring sunshine had Victor Hartman out and around town during the weekend, Saturday he was getting around with the help of crutches, but Sunday he attended church services under his own power.

J. A. Travis has been in and out and back in the Sanitarium during the past ten days. First a week of treatment and X-rays. Then back at home, and Thursday a return to the Sanitarium for a check-up and more X-rays.

Mrs. Anna Trachta entered Gainesville Sanitarium Sunday morning for observation and treatment.

News of the Men in Service

In uniform with the National Guard for six months of active duty are Donnie Trubench, son of the Martin Trubenchs, and Billy Joe Dangelmayr, son of the Herman Dangelmayrs from here, and Melvin Fleitman and Paul Sandmann from Lindsay. They are sons of Mrs. Zita Fleitman and Mr. Mrs. Bill Sandmann. Family members saw them off Saturday at Gainesville for Dallas. From there the boys went to Fort Leonard Wood, Mo., for basic training.

Get New Assignment

Jim Voth and Harvey Schmitt have let their parents, the Joe Voths and the Al Schmitts, know that they have been transferred from Fort Leonard Wood, Mo., to Fort Ord, California, without a visit at home enroute. They made the transfer Friday by Jet and will write further details when they get settled. They'll be in the service until next May.

Settled In California

Lt. and Mrs. Bill Tilger and children are settled at their new location in Long Beach, Calif., and are enjoying visits with Naval Airman and Mrs. Leo Hess, who are located at Chula Vista, only ten miles distant.

Petition Filed for Bond Election on County Hospital

A petition asking for a bond election to finance construction of a million dollar hospital was submitted to the Cooke County Commissioners Court Monday by Dave Tupman and William Pulte of the Cooke County Hospital Committee.

On the petition were 2,500 names, more than three times the number required to make it valid. Commissioners forwarded the petition to the county clerk's office for an official check and stated that they will consider ordering the election at their next regular meeting.

The hospital committee recommended dating the election for Tuesday, April 4, so that it can be held in connection with the special senatorial election of that day, thereby avoiding much of the usual expense of a special election. The hospital committee also expects a larger vote if the election is held that day.

The tax rate to be voted on is to be set by the commissioners court, and is expected to be 15 cents on \$100 of valuation. That rate, it was explained, would pay off a million dollar project at 4 per cent interest in 30 years.

No site has been selected for the proposed hospital, the committee said. Space required has been estimated at about 10 acres.

Work Begins on Scholastic League Spring Activities

Planning for participation in this year's Interscholastic League literary and athletic meets is already under way at the Muenster public school, Superintendent L. B. Bruns stated this week. Work on two of the events, debate and one-act play, is in progress now under direction of James Larsen.

Other events in which Muenster High will compete are slide rule, science, journalism, poetry reading, spelling, typing, number sense, ready writing and declamation in junior and senior boys and girls.

The local grade school will compete in story telling, picture memory, spelling and number sense.

Students to enter most of the events, in both elementary and high school, are still to be decided.

Major changes in the interscholastic league meet will apply this year, Superintendent Bruns said. There will be no district literary meet in high school. Instead students will participate in a regional meet at Denton.

In high school athletics the district track meet will be held on the NTSC field at Denton and the tennis meet will be scheduled for the convenience of competing teams by Coach James of Valley View. Volley ball and playground ball have been dropped.

In the elementary division Saint Jo will host the literary events and the track meet will be held on the Gainesville High School track.

MHS Class Edits, Mimeographs News In School Paper

Freshmen of Muenster High have taken over publication of the school's newspaper which they edit and mimeograph every two weeks as a part of their English assignment. Arthur Bourdeau, head of the English department, is the sponsor.

Until mid-term the paper was done by members of the senior class.

New editors are Sandra Cain and Doris Fisher. Assistants are Patsy Fette and Linda Fette.

The neatly done paper contains from four to six 8 1/2 x 14 pages and keeps up with school activity of classes, clubs, athletics, social events and personal mentions along with editorials and personality pieces on students and teachers. It also contains art work, cartoons and advertising, done either by hand or on the typewriter. Copies are five cents each and may be obtained by leaving word with the editors or the sponsor.

"OPERATION MIRACLE" SAYS SPELLMAN

The all-too-brief life work of Dr. Thomas E. Dooley, who died of cancer in New York's Memorial Hospital at the age of 34 years and one day, has been cited by His Eminence, Francis Cardinal Spellman, as an inspiration to all of his fellow Americans who seek

to make their lives significant through service to others. In addressing the annual eastern campaign meeting of American Catholic Bishops' Relief Fund Appeal, the Cardinal, who had visited Dr. Dooley on his last birthday, recalled the mutual efforts of the Bishops' relief agency — Catholic Relief Services, National Catholic Welfare Conference — and this great-hearted physician in aiding the 800,000 Vietnamese refugees fleeing from Communist enslavement in 1945. His words brought to mind the documentary film, "Pil-

grimage of Grace" made in Vietnam at the time and showing Dr. Dooley, then a volunteer medical officer of the US Navy working side by side with CRS staff members and their volunteer aides, and made it clear that in 1961 the needs of this world's largest private relief organization would be no less than in 1960 when it administered a \$121 million program.

The 15th annual appeal of the Bishops' Relief Fund will be conducted in most of the 16,500 parishes of the US from March 5th to 12th with a minimum goal of \$5 million for the basic maintenance of CRS which functioned last year in assisting 40 million needy people in more than 60 countries. For the fourth consecutive year this world-wide relief organization shipped more than one billion pounds of clothing, blankets, medicines and US Government surplus foods. The supplies other than the food given by the Government, were provided by donations to CRS-NCWC, or purchases made by that organization. Thus, with rock-bottom administrative costs and selfless dedication, these Samaritans parlayed the Bishops' Fund into more than \$100 million in actual aid!

Traditionally, however, the first to respond to the Appeal are the five million youngsters in Catholic schools across the nation who, on Ash Wednesday, February 15th, begin their Lenten denial of such indulgences as candy and ice cream saving their pennies and nickels and dimes to reach a million dollar goal in 40 days!

With comparable spirit and sacrifice on the part of their elders, the Bishops' Fund Appeal would be far over-subscribed — and still fewer children in the rest of the world would lack food, clothing, shelter and medical attention.

"RAYBURN'S FOLLY"?

It could be that the venerable Sam Rayburn, crusty Speaker of the House, who as campaign manager for Lyndon Johnson failed to get his boy nominated for the Presidency, has won a Pyrrhic victory in packing the House Rules Committee.

Chairman Howard Smith of Virginia, a fellow Democrat who fought to the last ditch against this unseemly White House interference with the traditional and orderly regulation of legislative traffic, has acknowledged defeat in the gracious manner of a Virginia gentleman. Since it is the recorded wish of a majority of the House that the Rules Committee is to function as a sluice rather than a sieve, so be it.

In bowing to the inevitable, Chairman Smith may well inundate the House floor with bills — thousands of 'em — for the White House stooges to strangle on.

None of whom would be more dismayed than Mr. Rayburn.

FREEDOM WITH RESPONSIBILITY

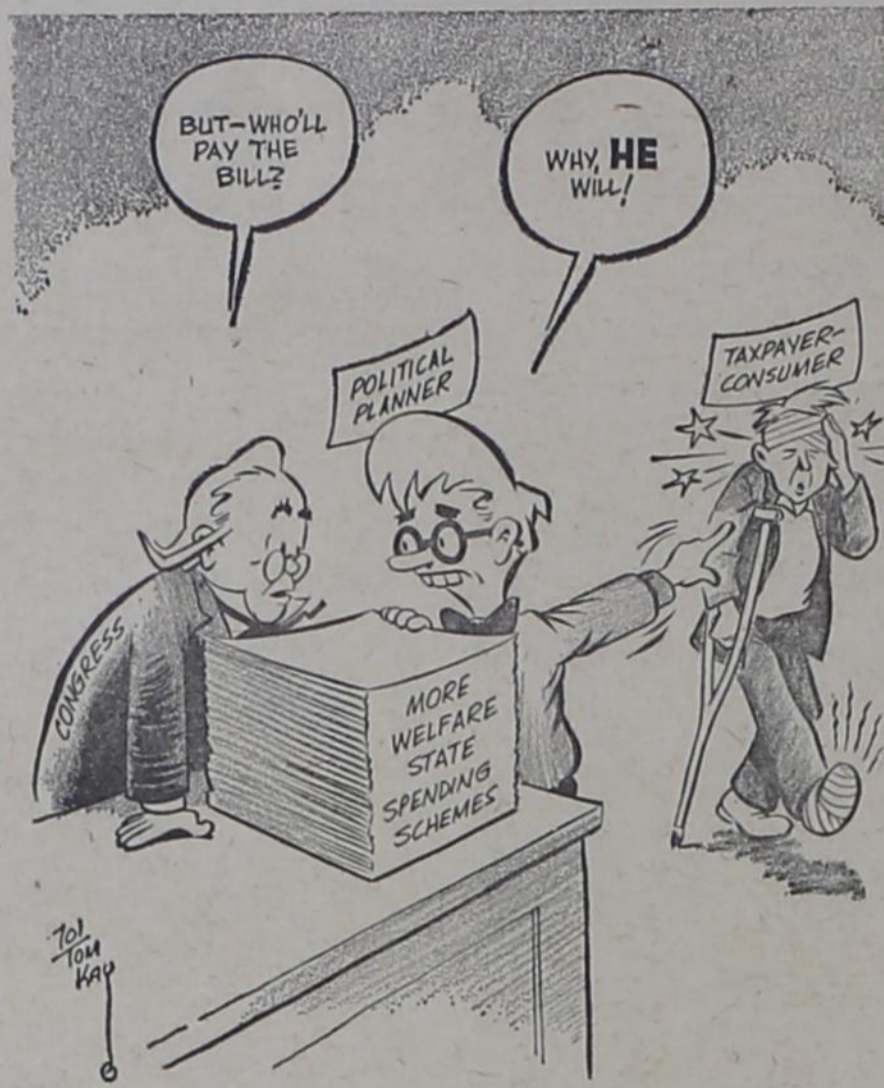

Figures indicate that unemployment is rising, that in all probability over 5 million people will be out of work this winter. Unemployment for the individual striving to find a job can be tragic. On the other hand, the nation should not lose sight of larger truths.

Of Course, Who Else?

If the world were miniaturized to a community of 1,000 people we would find that it includes 60 United States citizens says the January Investors News Letter. These individuals — 6 per cent of the total — would receive half the community's income, possess 15 times as much "goods" as all the rest and have a surplus of food while a large percentage of the remaining 940 were hungry. It should never be forgotten that this condition was brought about under a system that extolled the virtues of individual freedom with responsibility.

WHOSE BROTHER?

by Stephen P. Kennedy, Commissioner, New York City Police Department

PREJUDICE is evil. It destroys man's spirit, warps his mind, and blinds him to his own true reason for existence.

Prejudice is found everywhere and must be fought everywhere it is found. It flourishes on ignorance, false rumor and misunderstanding. It must be sought out and exposed for what it is — a tragic degradation of man.

When a recruit enters the Police Department, he is the product of his environment. No matter how carefully screened, he brings with him all the strengths and weaknesses resulting from his background.

FOR this reason I have insisted that as soon as a recruit begins his training he examine prejudice. He is taught what science has discovered concerning races of man; that intelligence and strength and honesty are unrelated to race; that color of skin, texture of hair, and similar differences in appearance are superficial. In short, that each man is more like his neighbor than unlike him.

He is reminded that every great religion teaches the brotherhood of man and each emphasizes that salvation is not based on race or color. He is encouraged to examine his

conscience in the light of his own religious beliefs to realize that this is so and that charity toward all men is the Creator's rule of life.

It would be well if we all pondered and weighed the admonition of Christ: "Do to other men all that you would have them do to you: this is the law and the prophets." Because of man's failure to obey this command, we must support costly law enforcement agencies to guard against and battle the violators of the Golden Rule. Yet each of us knows in his heart and soul what is the right thing to do and that each of us is the other's brother. As the years go by and the world grows smaller and smaller we realize this more and more.

PROGRESS is exasperatingly slow. We take two steps forward — then falter — and go back one. But we must press forward. We cannot allow the bigot, the hatemonger, and the rabble rouser to take over.

In our churches and synagogues, in our schools, and most importantly — in our homes, we must strive day in and day out to educate all within our scope to cast out prejudice and unfair criticism so that we can all live together in safety and harmony.

JUSTICE AND PEACE and better race relations will only come about if we work at it. If they are desirable — and surely you cannot think otherwise — why not work at it? † Publicist Feature Service, Washington 17, D. C.

Louise Noggler and Jerry Wimmer Wed At Nuptial Mass

—Boyd and Breeding Photo

After honeymooning at an undisclosed destination Mr. and Mrs. Jerry Wimmer will make their home in Muenster at 520 North Maple. They were married Saturday.

Miss Louise Noggler pledged vows with Jerry Wimmer in a 4 p.m. service in Sacred Heart Church. Father Martin Fischer officiated. Anthony Luke, organist, and the church choir sang the mass and Mrs. Rody Klement was soloist for pre-nuptial and post-nuptial selections. She sang "Ave Maria" and "Mother at Your Feet." During the latter song the bride placed a bouquet of white gladioli on the Blessed Virgin's altar. Pink gladioli adorned the main altar. Parents of the couple are Mrs. A. J. Noggler and Mr. and Mrs. Tony Wimmer.

Ted Noggler presented his sister at the altar. She wore a floor length gown of white Chantilly lace and ruffled tulle over satin. The moulded bodice featured long petal point sleeves, a round yoke of illusion and a lace Peter Pan collar. The bouffant skirt of tulle ruffles was overlaid with lace tapered at the front to emphasize the tulle.

A tiara of bridal jewels held her shoulder length veil and she carried a white orchid atop a bride's prayer book.

Miss Agnes Noggler was her sister's maid of honor and Miss Della Wimmer, sister of the groom, was bridesmaid. They wore bronze silk organza dresses over matching taffeta with pink head pieces and carried heart-shaped bouquets of pink gladioli.

Tim Wimmer was best man for his cousin and Lawrence Noggler, a brother, was groomsmen. David Walterscheid and Billy Otto ushered.

After the service, relatives and friends gathered at the Parish Hall for a reception and buffet catered by Mrs. Joe Lehnertz. A dance concluded festivities. Misses Jeanette Walterscheid and Jeanette Klement registered guests.

The bride's table carried out her chosen colors in a hearts and wedding bells theme with pink glads the floral complement.

When the newlyweds left on their trip she was wearing a violet jersey outfit.

Both are graduates of Muenster High School. He is a barber here and she is employed in the bookkeeping department at Endres Motor Co.

Rural Life Program Election Feature NCCW Meeting

One of the best meetings and one of the best programs ever, was reported repeatedly after the Sherman Deanery's NCCW quarterly meeting here Thursday afternoon.

Muenster ladies were hostesses in the KC Hall and about 80 NCCW members signed the guest book.

The program was on rural life and there was seemingly no end to the compliments that went to Miss Rose Mary Hermes of Lindsay as the principal speaker. She was introduced to the assemblage by Mrs. Paul Fisher, rural life chairman, after Mrs. Fisher's introductory talk on the program topic and her display of posters and distribution of literature obtained from the Extension Service.

Miss Hermes simply charmed her listeners with her talk on farm life and her account of 4-H club activity including highlights of her recent trip to Chicago to attend the 4-H Congress. She is a junior at Lindsay High and a member of the Lindsay Senior 4-H Club.

During the business session deanery officers were elected for a new year.

Mrs. Lawrence Zimmerer of Lindsay heads the roster of leaders as president. Mrs. Al Hess of Muenster is first vice president, Mrs. M. J. Reesby of Sherman is second vice president, Mrs. Joe Pelzel of Denton is third vice president, Mrs. J. W. Howard of Gainesville is treasurer and Mrs. Paul Fisher of Muenster is recording secretary.

Seven of the eight affiliates were represented at the meeting, ladies coming from Lindsay, Gainesville, Valley View, Dnison, Denton and Sherman to join the Muenster group, and parish presidents gave quarterly reports. These included Mrs. Herb McDaniel's Muenster, Mrs. Gregory Hundt for Lindsay, Mrs. T. L. Anderson for Gainesville, Mrs. John Kupper for Valley View. Parish pastors present and introduced by Father Martin Fischer were Father Damian Wewers of Lindsay, Father John Duesman of Sherman, Father William Lane of Gainesville and Father Anthony Gajda of Valley View.

Mrs. M. J. Reesby, retiring president, presided for the business session which followed Benediction of the Blessed Sacrament in Sacred Heart Church.

Communications and announcements revealed that there will not be a diocesan NCCW convention this year. In its place the women were urged to attend the national convention of the Confraternity of Christian Doctrine to be held in Dallas Nov. 28-29, Dec. 2.

A day of recollection for members of the Sherman deanery was planned. It will be held in Denison with the date still to be announced. A brief talk by Father Martin concerned the Aid to Education bill.

Father John Duesman, deanery moderator, opened and closed the meeting with prayer. A social hour followed, hostesses serving coffee and cookies.

A cold is both positive and negative: sometimes the eyes have it and sometimes the nose.

Courtesies Honor Mrs. Leo Schmitt During Visit Here

Mrs. Leo Schmitt who returned to her home in Mabton, Wash., Monday after a two week vacation visit with her parents, Mr. and Mrs. J. W. Hess and all the relationship, was the inspiration for a number of social events.

While she was here there was a round of family gatherings and dinner parties and a number of other courtesies including a morning coffee given by Mrs. Tony Trubebach Jr. for about a dozen former classmates and afternoon parties, one with Mrs. Eddie Schmitt as hostess and another with Mrs. Albert Herr entertaining.

Mrs. Schmitt also visited her sister and family, the Leroy Schmidtkofers at Lindsay and joined them on a trip to Dallas for an outing and sight-seeing.

She left from Dallas by plane Monday morning at 9

o'clock, her brother and wife, Mr. and Mrs. Tony Hess seeing her off, and arrived at her destination at 9:30 that night after plane stop-overs in Denver, Colo., and Salt Lake City, Utah.

Veterinary Notes

by Dr. G. L. Watts

One of the most common, yet most insidious, of all livestock diseases the farmer has to contend with this time of year is scouring in calves. Calf scours, or Calves' diarrhea, is a disease caused by one or more bacteria in combination with certain climatic conditions whereby the calf is naturally weakened.

The results most often are not serious, but in many cases the death rate is high and the sequella of the disease is long lasting. Stunting of feeder calves is the most common aftermath of prolonged Calf Scouring.

Among the newer drugs used to check Scouring in Calves, the Sulfa drugs seem to be about the most effective. Often used is a combination of Sulfathiazole to kill the causative bacteria, Kaolin to solidify the stool, and Bismuth Subcarbonate to lessen the pain in the intestinal tract. This combination is very effective in treating and in preventing most calf scours.

In more severe cases, or cases of long standing, the newer antibiotics, such as Entefur . . . are the most valuable.

Because Calf Scours can lead to costly losses it is always wise to initiate complete and proper treatment at the very first sign of any scouring in calves of any age. Preventive treatment in the case of Calf Scours can save many, many dollars and much time and labor. Always begin calf scour treatment the first day scouring is noticed.

TREAT CALF SCOURS WITH GLOBE CALF SCOUR BOLUSES

Contains 3 highly effective ingredients:

- SULFATHIAZOLE • KOALIN
- BISMUTH SUBCARBONATE

Easy to administer. Available in handy package containing 4 Boluses, box of 12, or jar of 100. Ask for Globe Calf Scour Boluses.

Tenth birthday of Joan Fetsch was celebrated Sunday with an afternoon party at the family home, her mother Mrs. Paul Fetsch entertaining, and 12 girl classmates of the fourth grade as guests. Mr. and Mrs. Henry Luebbert and daughters Henriette and Mrs. Don Christian and baby daughter, all of Fort Worth, visited Saturday with Mrs. Luebbert's mother, Mrs. Henry Stelzer, and uncle and aunt, Mr. and Mrs. Bill Stelzer. Bill Stelzer was up and around on crutches — he gets around some every day again after battling pleurisy and double pneumonia. After a week's hospitalization for those ailments he was afflicted with an infection in his left leg and hip that caused swelling from the foot to the hip. The Fort Worth visitors stopped to see Mr. Luebbert's parents, the Fred Luebberts, route 4, Gainesville, before returning home.

Parish Altar Boys Come Costumed to Mardigras Festival

Muenster's altar boys — 49 of them — had a Mardigras festival Friday evening, the February tenth event which is final social until after Lent. The affair was held in Sacred Heart High gym from 7 to 10 o'clock under supervision of Brother Thomas Moser, director of parish acolytes.

It was a gay and colorful crowd that assembled, the boys coming in costumes indicative of the Mardigras season.

Winners in the costume contest were Donald Stoffels, son of Mr. and Mrs. Meinrad Stoffels, prettiest costume; Mike Felderhoff, son of the Vike Felderhoffs, tackiest outfit, and Sammy Endres son of the Arthur Endreses, funniest costume. Judging was done by Sister Canisia and Sister Carmelita.

Games included bunco with Donald Rohmer the high score winner for top prize and Steve Yosten consolation scorer. Douglas Otto won the door prize.

Other games followed and Brother Thomas served refreshments of cold drinks and cookies.

Present were: Ricky Endres, Roy Hartman, Pat Hennigan Jr., Daniel Hoenig, Wayne Rieter, Donald Rohmer, Jerry Taylor, Claude Vogel, Danny Wilde, Ray Wimmer, Sammy Endres, Joe Hartman, Dwaine Hess, Dale Hofbauer, Dale Klement, Leon Knauf, Rudy Koesler.

Also Dwayne Pagel, Wayne Sicking, Virgil Swirczynski, Joe David Bayer, Ted Endres, David Hoenig, Andy Klement, Wayne Klement, Wesley Landsfeld, Douglas Otto.

Ricky Stewart, Donald Stoffels, John Henry Streng, Chris Walter, Terry Wimmer, and Jerry Yosten, Tommy Yosten, Paul Hoedebeck, Robert Miller, Glenn Trachta, Mike Felderhoff, Thomas Hess, Tommy Trachta, Jerry Otto, Henry Yosten Jr., Steve Yosten, Herbert Sicking, Stan Endres, Michael Stoffels, Ben Fleitman, Lawrence Bruns Jr. and Gary Fisher.

Mrs. Felderhoff Is Birthday Honoree

Happy birthday was said many times Sunday to Mrs. John Felderhoff. Her daughter Mrs. Rita Jennings and children drove over from Wichita Falls and with Mrs. Felderhoff had birthday dinner with Mr. and Mrs. Henry Felderhoff who entertained in their home.

Back at her own home in the afternoon, Mrs. Felderhoff's other children and grandchildren stopped in for saying greetings and for visits with her and Mrs. Jennings.

And a long distance call came from Salinas, Calif., telephoning good wishes and informing Mrs. Felderhoff she is grandma again. The callers were a daughter and her husband, Celine and Urban Schrage. They have a little girl, Linda Ann, born Wednesday, Feb. 8, and adopted the same day. She's a sister for Gregg, the Schrages' only other child.

Mr. and Mrs. Leo Felderhoff and children of Gainesville were over Friday for a birthday visit with his mother, Mrs. John Felderhoff, because they couldn't join in with the rest of the family on Sunday.

Jackie Dangelmayr Birthday Honoree

Jackie Dangelmayr, four years old on Feb. 15, celebrated early with a party Monday at the home of his parents, Mr. and Mrs. Albert Dangelmayr, to avoid the Ash Wednesday date and permit everyone to eat birthday cake and all the other party goodies.

Jackie started celebrating after school when his brothers, Jimmy and Johnny and sister Judy came home from classes accompanied by cousins, all riding the bus. Afternoon's entertainment was followed by supper for the youngsters and then another party in which uncles, aunts and pre-school age cousins joined. Present with their families were Messrs. and Mmes. Bruno Fleitman, Herman Dangelmayr, Alvin Hartman and Ed Knauf.

The first regularly issued daily newspaper in North America was published by John Dunlop in Philadelphia in 1784. It was called the Pennsylvania Packet and Daily Advertiser.

Housewarming at O. G. Rennels Home

A come-and-go housewarming party has honored Mr. and Mrs. O. G. Rennels and sons Royce Dean, Paul Ross and Roy Lee at their new home in Myra. Hostesses for the Sunday afternoon honor were Mrs. Bert Russell and Mrs. Charles Sherrill.

Thirty-seven guests called and presented gifts to the family. The hostesses served refreshments.

Out of town callers were Mrs. Rennels' sister, Mrs. Calvin Gibbs, Mr. Gibbs and their sons of Marietta, Okla., Mr. and Mrs. Sam Poston of Nocona, Mr. and Mrs. C. L. Sutton and daughter Debbie of Mesquite and the Rev. and Mrs. H. C. Stump of Fort Worth.

Dachshund Babies Thrive on Bottle

Just get into a conversation with Mr. and Mrs. R. T. Brock of Saint Jo and if they have time to talk at all they'll tell about the fine points of raising a litter of eight Dachshund puppies whose mother died right after they arrived.

The infant dogs have a special formula and have to be fed by bottle every two hours. The Brocks are confident they will raise them all. They are thriving and growing. When they are old enough the owners will give them away. The Brocks said they don't care to go into the dog selling business, though these are pedigreed and whatever it takes to make a Dachshund a blueblood.

Along with the bottle feedings the puppies have to be kept at a certain temperature which is achieved with blankets and heating pads in the baskets.

LUCAS GUSHER IN BEAUMONT

Discovery well of the famous Spindle Top Oil Field, the Lucas Gusher, can be seen four miles south of Beaumont, Texas, near the Gulf Coast and Louisiana border. The well blew in at 1,160 feet in 1901, flowing 75,000 barrels of oil a day. This Jefferson County well was the first important oil discovery on the Gulf Coast and marked the beginning of

an era for a district that is now a major oil refining and exporting center of the world. Add new life to last year's fall hat by freshening the veil. Place a piece of wax paper under the veil and cover it with waxed paper. Press with a warm iron-warm enough to melt the wax on the paper. If the paper is waxed only on one side, be sure that side is next to the veil.

Third Order Sets Annual Triduum Feb. 28, Mar. 1, 2

Annual triduum for the Franciscan Third Order will be held for the Sacred Heart Parish fraternity February 28, March 1 and 2, it was announced at the group's meeting Sunday afternoon. J. W. Hess, prefect, said all arrangements are complete for the three days of special conferences which will be conducted by Father Elias Koppert, provincial from Chicago. Services will be held twice daily: Mass at 8 a.m., followed by a short sermon and at 2:30 p.m. a prayer service and conference with a period for private consultation if desired by tertiaris.

Mr. Hess was addressing the membership for the last time as leader of the organization. During the triduum new officers will be elected. Mr. Hess served as prefect for the past nine years... three terms. Ordinarily an officer of the Franciscan organization serves no more than two terms. Special dispensation from the rule was permitted for Mr. Hess to serve a third term.

In a brief out-going address he gave a resume of fraternity accomplishments, especially the spiritual advancement noted. The announcements in a short business session followed the recitation of the office and the Franciscan rosary in Sacred

Heart Church at 2:30. About 40 members were present. Afterwards a nominating committee met in the home of Miss Lena Kleiss to prepare a slate of officers to be voted on in the election during the triduum.

H. D. Club Program Tells of Nutrition

A discussion on nutrition was presented to members of the Muenster Home Demonstration Club at their regular meeting Feb. 8 with Mrs. Paul Fisher in charge of the program and Mrs. Norbert Walterscheid as hostess in the home of her mother, Mrs. Joe Felderhoff. This was the January meeting twice postponed on account of the weather.

Mrs. Fisher stressed the results of poor eating habits, explained about basic foods for nutrition and illustrated her talk with posters. Fourteen members and one visitor, Mrs. Arnold Rohmer, were present. During the business session, Mrs. Albert Fleitman presided and members named her as delegate to attend the district meeting in Gainesville on April 11.

For the next meeting on Feb. 22 Mrs. Henry Pick will be hostess in her home and the program will be on "Herbs in Cookery" presented by Mrs. Fleitman. After adjournment Mrs. Walterscheid served refreshments of cookie pie and coffee.

CDA Group Hears Report of Activity And Coming Events

Reports and announcements furnished the principal business at the February meeting of the local court Catholic Daughters of America Friday night with 21 members present for the session in the KC Hall.

Mrs. Steve Moster, grand regent, presided and read a letter of thanks from the Most Rev. T. J. Toolen, archbishop of the Mobile-Birmingham, Ala., diocese, for clothing sent to help Negro missions in his diocese.

Mrs. Henry Pick gave an interesting report on the activity of Gray Ladies of which she and Mrs. Rudy Hellman are members and advised that two more from Muenster, Mrs. Joe Lehnertz and Mrs. G. H. Hellman, have joined in this organization and are awaiting their orientation course.

The library report listed Mrs. Joe Luke as a new worker on Wednesdays and acknowledged helpful suggestions given by Miss Juanita Wieler on a recent visit. Miss Wieler has studied library science.

Mrs. Gary Hess gave the summary of activity within the Confraternity of Christian Doctrine which includes 16 active study clubs and a need for more leaders. She also announced the inter-national confraternity convention to be held in Dallas Nov. 28-Dec. 2.

A brief review of the Federal Aid to Education Bill was given and members signed a petition in regard to their views on the bill. They also made up a spiritual bouquet for the welfare of Mrs. Ben Hellman, a charter member of the court, who is quite ill in a Dallas rest home.

In an election for a delegate to represent the organization at the leadership institute in Oklahoma City, the membership favored Mrs. Paul Fisher. She will attend the meeting this weekend, Feb. 18 and 19. Representatives from CDA courts will be present from a seven-state area. After adjournment hostesses served coffee and cake.

NOTES FROM CITY LIBRARY

Among new additions to volumes at City Library is Galileo: First Observer of Marvelous Things. It's a biography done by Elma Ehrlich Levinger and is written in a smooth, easy-to-understand and all-together delightful manner. A peek between the leaves tells this:

Young Galileo had only one goal — scientific truth. In an era of superstition he tore aside the veils of ignorance so that men might glimpse the wonders of the universe.

With sympathy and insight the author brings to life the Italian inventor, astronomer and mathematician whose work in physics marked a turning point in the history of science.

He discovered the law that all falling bodies, regardless of their weight travel through air at the same rate of speed. He invented the sector, a compass still used in geometrical drawing, and constructed the first air bulb thermometer. He was the first to make extended and practical use of the telescope and it led to his very important astronomical discoveries — the four satellites of Jupiter and the peculiar form of Saturn, the movable spots on the sun and the phases of Mercury and Mars. Galileo brought final proof that the earth revolved around the sun.

Yet the man who showed the world the stars, struggled up through the darkness of poverty and illness, conspiracy and intrigue. Deeply religious, he was accused of heresy. Deeply loving, he was betrayed by his own church and his own family. Through it all this genius blazed like a comet over seventeenth-century Europe.

His brilliant writings caused a stir in many circles and influential members of the Church saw in his scientific teachings a danger to religion and he was ordered to renounce his scientific theories.

This is the thrilling history of a scientist who was ridiculed, denied and degraded, yet who maintained his integrity even in shame. He died at the age of 70, but his interest in his labors continued to the end, even when, stricken with blindness, he could no longer look upon the wonders of the sky and earth.

Other biographies done by this author include Albert Einstein and Leonardo da Vinci.

A pleasant surprise greeted Rosemary Hermes and her parents, the Tony Hermeses, Saturday night when they had visitors from Genoa City, Wisconsin. The guests were Emil Mravec and his mother who were enroute home after a two-week vacation in California. Emil and Rosemary met in Chicago at the 4-H Club Congress in November. And everybody heard a review of the event as the Texas and Wisconsin 4-H clubbers recalled highlights of their trip.

Confetti - - - helping to quiet. To any observant person it is abundantly clear that a showdown in the UN is urgently needed. Countries that still have the courage and principle should be invited to stand and be counted to apply their own wrecking job on the intrigue and treachery that have taken over the organization, and re-organize a UN that will recognize its enemy and do its job. If that can't be done the next best is to get US out of the UN and the UN out of US. Why continue going along with the colossal deceit? Why not deal with the enemy as an enemy?

Athletic Interest At Muenster High Changes to Track

Athletic interest of Muenster High has shifted from basketball to track. Eleven youngsters are working daily to get ready for several invitation meets and finally the annual Interscholastic League district and regional meets.

The team's working schedule as disclosed by Coach Bob Gay, consists of cross country running and exercise with weights on Monday, Thursday and Friday and practice on the Leopard track at Gainesville on Tuesdays and Wednesdays.

Some of the team members, those not on the basketball team, have been working most of the time since football season. Mostly they have been keeping fit by distance running. Lately they added the weight exercises which, says Coach Gay, have added at least 10 pounds to each one's weight.

To date the team has invitations to North Texas Relays, Possum Kingdom Relays, Odessa Relays, Southwest Recreational Meet and Fat Stock Show Meet. Gay said he intends to accept as many invitations as possible.

Boys now working on the team are James Harris, Milton Fette, Larry Wimmer, Truman Wolf, Harold Flusche, Mark Hellman, Joe Hellman, Ronnie Russell, Clyde Walterscheid, David Yosten and Royce Reynolds.

4-H Clubbers Sell Tickets for Funds

Local 4-H clubbers are selling tickets to a movie to be shown in Gainesville at the State Theatre next weekend, Feb. 23-25, as a means of helping boost the 4-H club treasury.

A percentage of every ticket sold in advance goes into the Cooke County 4-H club fund. The picture is "The Tomboy and the Champ." It's filmed in Texas and is the story of a 4-H club girl who is stricken with polio but learns to walk again while caring for her show steer.

An extra supply of tickets will be available at the home of Mrs. Paul Endres for those who do not care to purchase theirs too far in advance. They may be secured just before the show by people leaving here for Gainesville. Only advance ticket sales benefit the 4-H Club.
