## Exes Gather for Homecoming at Muenster High

The storm of public protest over the training of Yugoslav pilots and airmen at Perrin AFB is one of the most encouraging developments of the year. Nothing in a long time has expressed so emphatically the average person's disapproval of his country's foreign policy. It is evident that the majority of people can see no justification in helping nations that are lined up with the Moscow mob.

In defense of this stupidity official circles explained that the training was part of the deal in which the 135 "obsolete" Sabers were sold to Tito as surplus property. But that reply, instead of lessening public indignation, only added to it. People want to know what kind of twisted reasoning can justify the transfer of these highly potent weapons to a potential enemy. Despite the excuse that these planes are not our latest or most efficient, the fact remains that they are still highly destructive and add enormous power to an enemy. If put to use in a war against us they could inflict tremendous damage. The mere fact that Tito wanted them indicates their value and presents abundant reason for refusing to let him have them.

But official Washington, by more of its twisted thinking, ignores that objection and proclaims the urgent need of helping neutral nations defend themselves against the Soviets. Where do they get that "neutral" stuff? For years the record has shown that Tito is just as red and ruthless and Godless as the Kremlin crowd. He claims to differ in some details but on every important world issue he goes along with the Soviet line. By now it's evident that his occasional trifling diversions are only pretenses to sucker us American nit wits to continue the handouts.

If our State Department could not wise up before it certainly should have had no doubt after the recent Belgrade conference of so-called neutral nations. Included in that get-together were several countries, including Yugoslavia, which have received billions of dollars worth of foreign aid from us, presumably to support their independence and buy their friendship. And the record shows that all of them joined in resolutions giving full support to Moscow and condemning America in the present world crisis. They gave every indication what way they lean in a showdown. By conviction or fear, or both, they tell the world they lean to the Soviet side, despite the billions we gave to sway them to our side.

It's a discouraging state of affairs, but if we will be realistic about it we must admit that they should not be blamed. They are no more at fault than we are, in fact, not nearly as much. Who can expect them to resist communist pressure when we constantly give in to it ourselves? Why should they stick out their necks when the signs point to eventual communist victory? Prudence prompts them to get on the winning side. It's absurd of us to point the finger at their disloyalty when our own weakness forces them to think first of survival.

There is a way whereby this sorry situation can be changed. That is for us to change our policy and act in a manner that will merit respect and loyalty... to quit cringing every time Khrushchev growls and proceed to win this struggle. As Senator Goldwater says, we have to stop the defensive nonsense and make up our minds to win. We have to quit negotiating, and losing, every time Moscow creates a new incident and begin our own offensive with a clear understanding that the only way to peace is the defeat of communism.

That's the only way that makes sense. As any school kid knows, it takes offense to win. Defense alone can never do it. And it's high time for us to take up the offense in this game.

What can we do about it? Plenty. We can adopt the policy Russia has followed these many years and begin creating incidents to cause them trouble. Let them worry about the problems of defense. Let them start making the concessions for coexistence in our kind of a peaceful world.

Does that seem too risky? Not at all, as estimated by informed appraisers of the world situation in the current issue (Continued on page 8)

It was a jolly, talking, reminiscing crowd of ex-students and friends that joined in the annual homecoming party at Muenster High School Saturday night. They cheered for the Hornets at the football game and applauded at half-time when Mrs. Henry Fette was crowned homecoming queen and Miss Bobby Tuggle was crowned football queen. She is a junior.

Youngsters, oldsters, students and faculty members shared the spotlight in the program which included a fried chicken dinner and election of officers by the Ex-Students Association. In a brief business session at the end of the meal in the school dining room Miss Judy Cain was elected to head the organization as president. Other new officers to serve a two-year term are Mrs. Charlie Fisher, vice president; Mrs. Joe Galloway, secretary-reporter; Mrs. Harry Scoggins, treasurer.

Mrs. Hal Falk of Augusta, Ga., attending from the greatest distance, received a gift and Mrs. Henry Fette won the homecoming queen nomination. (Continued on page 8)

## Action Plentiful As Tigers Crush Jesuit B 52-20

A fired up Tiger team bounced back in a big way from the previous week's let-down and mauled Jesuit B of Dallas 52-20.

The game was featured by lots of action including two kick returns for touchdowns, another for a near touchdown and an 82 yard pass play for another score.

That action erupted on the opening kickoff. Bayer received the Jesuit kick on the 20 and drifted to the left where Wolf took handoff and moved to the right. For precious moments he went unnoticed, enough to get clear to the Ranger 16 before being stopped. Five plays later Bayer plowed the last yard to the first score, then received Wolf's pass for bonus points. The next score came almost as quickly. On fourth down of the first series the Jesuit center's pass went over the kicker's head and the play was smeared for a 23 yard loss. Two plays made the remaining 15 yards. Pat Klement went over from the 8.

The third score resulted from a 75 yard drive in 5 plays. (Continued on page 5)

## SH Grid Gals Lick Lindsay in 62-24 Scorefest

Sacred Heart High girls had a picnic Wednesday night swamping Lindsay's girls 62-24 in a fund raising event shared by students of both schools.

And after a late start it was fun for the visitors too as they schemed up a combination to make their own efforts pay off. The same play worked to perfection three times as little Barbara Beznar raced down the right sideline with a nice escort of blockers.

But they could make no headway on the scoreboard. Sacred Heart came back each time with a matching touchdown and kept its long margin intact.

Even a bit of horseplay got into the game. Following a time out, water boy Clarence Bayer came out of the huddle with the gals and galloped to the goal. But his help resulted only in a penalty for improper procedure.

Sacred Heart got off to an early lead and added two more touchdowns, plus extra points after each, before Lindsay made its first score for the half time count of 24-6.

The third quarter netted two more touchdowns and bonus points for Sacred Heart and one for Lindsay. Last quarter Sacred Heart made 3 touchdowns and 2 conversions and Lindsay made 2 TDs.

Joyce Hacker led the scoring with 4 touchdowns and one conversion for 26 points. Carol Wimmer had 2 TDs and 5 conversions for 22. Alice Walter had 2 touchdowns and Kay McGannon 1 conversion.

For Lindsay Barbara Beznar made 3 touchdowns and Betty Haverkamp 1. All extra point efforts failed.

LAMBERT BEZNER, assistant cashier of the First State Bank, Gainesville, has assumed duties as campaign chairman for the Cooke County United Fund's 1961-62 drive. He has set up the details of the campaign and has designed chairman for each division. Lambert Beznar is active in a number of civic organizations and has served as treasurer of the UF for three consecutive years. He is also identified in an active way in St. Mary's Parish and the Knights of Columbus.

## NEWS OF THE SICK

George Mollenkopf Jr. is taking it easy this week following dismissal from Gainesville Sanitarium Friday. He was a patient five days for treatment of injuries sustained on an oil lease last week Monday. Internal hemorrhage that at first affected his eye sight cleared up satisfactorily and his vision is not impaired.

Convalescing at her home in Irving is Mrs. Bill Schneek who had an acute appendicitis operation at Methodist Hospital in Dallas last week Wednesday. She was dismissed from the hospital Saturday. Her parents, Mr. and Mrs. Bernard Sicking cheered her with a bedside visit at the hospital the day after the surgery.

Mrs. Al Eberhart returned to her REA office job Monday after a three-week leave of absence for surgery.

"Doing fine" was the report Mrs. Frank Kaiser got at check up time in Houston Monday.

Mrs. John Fleitman is getting back into circulation after being a shut-in seven days on account of a kidney infection.

Adolph Walterscheid is recovering satisfactorily from surgery at Nocona Hospital and will be dismissed this weekend.

Father John Walbe is recovering slowly, but the doctor says it is a normal recovery from gallstone surgery. He had the operation at Crawford County Memorial Hospital in Van Buren, Ark., Oct. 2. In a note to Father Bonaventure at Lindsay, Father John sent thanks to all who remembered him with prayers, messages of cheer and good wishes.

## Local OK Given On Hospital Plan

Progress on the Muenster Hospital continued Wednesday morning when directors of the Muenster Hospital Authority met with Mother Philippa of Holy Angels Convent and Clarence Martin of the architect's office to consider final revisions of floor plans. The plans were approved and start now for final approval by state and federal agencies before detail construction plans are drawn up.

## Carl Walterscheid Buys Mobil Station

Carl Walterscheid is the new owner and manager of the local Mobil Service Station. He bought the business during the past weekend from his brother, Willie, who has been called for duty with the 49th Armored Division of the National Guard. Their deal included an option for Willie to buy back the station when he returned from the armed service.

For Carl this means holding down two jobs. He will continue with J. J. Wieler's wholesale Mobil agency but reduce it to a part time job.

## Parent-Teacher Conference Week Under Way at SH

This is parent-teacher conference week in the primary and elementary departments of Sacred Heart School. Starting Monday night and scheduled to end Thursday night the four primary and eight elementary teachers are holding 15 minute sessions with the parents of their 444 pupils.

The meetings as usual follow completion of the first six weeks of school and their purpose is to present a more comprehensive report supplementing that given on the first report cards. Information conveyed is intended to help the parents in helping the children do better school work.

## S&S Rams Nudge Hornets 12-6 with Late Touchdown

Muenster High's Hornets missed another chance Saturday night to mark up their season's first win. In their homecoming game they went down by a count of 12-6 before the Sadler-Southmayd Rams.

What seemed to be a tie game was decided abruptly within the last minute as the visitors put over the longest play of the contest. It was a pass from Clements to Miller who zigged and zagged for the 45 yard gain that iced the game away.

The first half was almost a defensive deadlock. As the first quarter ended Muenster had no first downs and the visitors had three, two of them successive for 22 yards. In the next period each moved the chain once until near the last minute when the Hornets grouped their best plays for a pay-off.

The Rams, backed to their 14, kicked and Muenster returned to the 29. Hellman passed to Russell for 15 and scooted around left end for the score.

After intermission the deadlock resumed until near the (Continued on page 8)

## Tremendous Odds Face Muenster in Struggle at Era

Odds were never more decisively stacked against the Muenster High Hornets than they will be playing Era Thursday night. The tussle will be at Era, starting at 7:30.

Getting set for the game Coach Glenn Richardson concedes that winning this time can hardly be an objective. The boys will not be looking for a miracle. But they have every intention to give a good account of themselves in hopes of avoiding a run-away. Considering the odds they would be proud to come away with a reasonably close score.

Physically they are about as ready as they have ever been this season. Dickie Pagle may still be out with a back injury received in Monday's practice. And Hellman is hoping his tricky ankle will hold out for all the game. The others are in good condition.

## MHS Wins 26-6 In Girls' Football Game at Saint Jo

Their first try of football was a big success for girls of Muenster High who came through the event with a win and a nice purse. Their game with Saint Jo girls was a joint benefit project for senior classes of the two schools.

It was also a good deal for the fans. There was lots of action as the Muenster gals, coached by Glenn Hellman, put on a nice display of teamwork for their 26-6 victory.

They played regulation football in all but tackling. The method of stopping forward progress of the ball was by grabbing a handkerchief from the hip pocket of the runner.

First to mark up a TD was Della Wimmer. She got away for a dandy sprint from mid field. Pau'ette Walterscheid was next with a swing around left end for 10 yards to pay dirt. Then Dvann Hellman faked a hand off and got loose for a 30 yard romp to the goal. The big play of the game produced the last score. It was good for 70 yards as Jo Ann Fisher took Hellman's pass and breezed to the goal. Another pass, Hellman to Wimmer, gave Muenster its bonus points.

Saint Jo's scorer was Mary Huddleston.

## Vatican Honors Conferred Sunday On H. Felderhoffs

Mr. and Mrs. Hubert Felderhoff were among about 30 persons admitted last Sunday to the Equestrian Order of the Holy Sepulchre of Jerusalem.

The investiture ceremonies were held in the St. Vincent De Paul Church of Houston and a reception and formal banquet were held in the Shamrock Hilton Hotel. Included with the several hundred knights and ladies of the order were the bishops of Houston-Galveston, Dallas-Fort Worth, Oklahoma City-Tulsa, Austin and El Paso.

Also a part of the ceremony was the promotion of Mrs. J. M. Weinzapfel to the rank of Lady Commander of the Star. For the past two years Mr. Weinzapfel has held the rank of Knight Commander of the Star. They have been members since 1955. Mr. and Mrs. Felderhoff hold the rank of Knight and Lady.

Membership in the Equestrian Order of the Holy Sepulchre is an honor given by the Vatican on recommendation of the bishop of the diocese. Its purpose, dating back to the Crusades, is to accept responsibility for maintaining the Holy Land.

## Tigers Look for Tough Game with Ravens of Laneri

It looks like a tough one, says Coach Adam Wolf about his Tigers' Friday night conflict with the Laneri Ravens of Fort Worth.

Reports are that this year's team ranks with the better ones of the school's history. And that's saying a lot. There's also the season record to date of 3 wins and 2 losses. The losses were to 3-A teams by close scores... another indication of strength.

So the Tigers have respect as they get ready for the Cowtown boys. But they're also keeping spirits high in the hope of possibly springing an upset.

All the Tigers are in good condition for the game. Starting time will be 7:30.

## BIRTHS

It's a boy for Mr. and Mrs. Arthur Bordeaux, a ten pound brother for their two little girls Paula and Rene and another grandchild for Mrs. T. S. Myrick. He was born at Nocona Hospital Friday the 13th making that a lucky day for the family. His name is James Michael. The paternal grandparents live in Mexico, Maine.

Proudly announcing their first child are Mr. and Mrs. Bill McCollum of Dallas — she's the former Miss LaQuita Cain. They welcomed a six pound 11 ounce daughter at Nocona Hospital Friday, Oct. 13, and have named her Kelley Lynn. Others welcoming the newcomer are the grandparents Mr. and Mrs. Dick Cain, and Mr. and Mrs. David McCollum of Houston, and great-grandparents the J. S. Hogans of Burleson and the J. S. Bagwells of Myra.

## Construction on New Post Office Starts this Week

Construction of Muenster's new post office building, which received official approval several months ago, got under way Monday with the arrival of H. A. Beaver of Austin, one of the partners who will build and lease the building to the Post Office Department. The other partner in the venture is Jack Bleakley of San Angelo.

The work started Tuesday morning with clearance of the site at Walnut and Second Streets, principally the removal of foundation from the house which was recently moved away.

Beaver said the work will proceed as steadily as weather permits and the building can probably be occupied in January.

It will be built of tile and brick and will have a floor space of about 3,000 square feet. A 10 ton heat pump will condition the air for both summer and winter. A sizeable part of the project is the concrete work outside to provide a big parking area. That plan calls for saving most of the trees now on the lot.

## State Officer Stresses Charity At KC Breakfast

Responsibility in relation to charity was the topic presented to Muenster Knights of Columbus and their ladies Sunday morning by Herbert Manning of Fort Worth, state advocate of the order.

The occasion was the annual communion breakfast observing the feast of the order's patron, Christopher Columbus.

Manning reminded the members that charity is the objective on which their fraternity was founded and it still remains the principal aim. He urged an attitude of charity and consideration in relationship with others and also generous help to those in distress.

He pointed out also that charity goes even farther than present needs. It concerns the future welfare of our nation and all the world. In that connection he stressed the responsibility or opposing trends which threaten freedom and security, with special attention to the communist menace. It's a sacred duty, he said, to be informed about candidates and issues and to vote conscientiously.

Another breakfast speaker was Father Alcuin Kubis. He urged all present to come out on the feast of Christ the King in an inspiring demonstration of loyalty to the Divine Savior. The area's procession this year will be held at Denton.

Also on the program was the presentation of awards in a local essay contest on Christopher Columbus. Winners were Janice Vogel and Joyce Hacker of Sacred Heart High and Doris Fisher and Buddy Pittman of Muenster High.

Other presentations were a certificate to Chairman C. O. Taylor for outstanding achievement in the council's six point program, and lapel insignia to three new members: Dickie Pagle, Clyde Walterscheid and Tommy Vogel.

Grand Knight John Mosman was master of ceremonies. District Deputy J. W. Fisher introduced the speaker.

## Cubs, St. Joseph's Will Play Sunday

The season's final action for the Sacred Heart Cubs is set for Sunday at Sherman with the kids of St. Joseph's Academy.

This will be the second encounter of the two teams. In the first Sacred Heart won easily by a count of 44-8. The next may not be so easy, however. Coach Adam Wolf reveals that four of his regulars will not be in the game.

We believe in an honest day's work for an honest day's pay. We believe in self-government — that in the hands of the people, our way of life is safe. And we believe that no socialized state or

Jack Cox, a prominent Texas oil man and life-long conservative Democrat, and who may turn up as a Republican gubernatorial candidate, has announced his defection to the GOP, in terms that may well touch off a stampede among Lone Star Democrats of Jeffersonian views.

As reported by Human Events, Mr. Cox said:

"For over a decade, loyal, thinking Texans who value their political independence, the rights of states, the sound financial handling of taxpayers' money and Constitutional government have been faced with a dire political dilemma: the customary blind loyalty to the Democratic Party, regardless of platform or leadership, versus the historical and fundamental principles of government on which Texas and these United States of America were founded."

Casting the "Harry Truman — Adlai Stevenson — Walter Reuther — Eleanor Roosevelt — dominated Democratic party" as "dedicated to a course which can lead only to the destruction of the basic political and civil rights guaranteed by our Constitution," Mr. Cox concluded:

"It should not be a question of party loyalty. Rather it is a question of an individual citizen being loyal to the basic principles of government in which he believes and then determining the established political party in which and through which these basic principles of government — and a way of life — can be put into operation in an orderly and successful manner."

And while disturbed Democrats in Texas are thinking this over — so might the millions of others in 49 other states. Whether he's a New York Democrat or an Oregon Democrat or a Kansas Democrat he knows perfectly well what Mr. Jefferson would think of the present goings-on. — U. S. Press Assn.

## FOR and AGAINST

for CHRIST-against COMMUNISM

BY BILLY JAMES HARGIS, L.L.D. FOUNDER CHRISTIAN CRUSADE

## Does Aid to Ghana Help Defend Freedom?

Speaking in Budapest, Hungary on July 29, 1961 Kwame Nkrumah, Prime Minister of Ghana, made it quite clear as to which side he is on in the war between communist tyranny and freedom. He praised the Red dictatorship in Hungary and told a workers' rally at a giant Budapest telecommunications factory that: "We choose for ourselves the same direction of development as you have chosen." The newspaper account of this Nkrumah visit said that since his arrival the Ghana Prime Minister had "vehemently attacked Western imperialists and colonialists."

While in Moscow, prior to his visit to Hungary, Nkrumah praised Khrushchev as a man of "practical idealism" and assured the international communist conspiracy's leaders that "the future of our two countries is interlinked." Nkrumah has consistently supported the international communist conspiracy's position on the Congo question and other important issues. He consistently supported the Soviet stooge Lumumba in the Congo, and has supported his successor.

In spite of his outspoken alliance with America's determined enemies Nkrumah has received over 4 million dollars "foreign aid" out of American taxpayer money, and our reckless spenders plan much more help to this ally of Khrushchev. On October 8, 1960 Presidential candidate John F. Kennedy said

that the United States should embark on a "bold and imaginative new program" of aid to the new nations of Africa. One aspect of this "bold new program" was revealed on July 5, 1961 when the Ghana Embassy in Washington confirmed that President Kennedy had assured Nkrumah of United States support in financing the Volta River hydroelectric dam. Regarding this, the New York Times of July 6, 1961 said: "Of the 30 million dollars to be provided by the United States, 20 million dollars will come from the export-import bank and 10 million dollars from the development-loan fund. State Department sources also disclosed the President had offered to provide 7 million dollars towards building a 500-mile power grid system to transmit electricity generated at the dam site."

It is your money that is being shamefully given to your nation's enemies through the thinly-disguised technique of classifying these enemies as being "neutralist." It appears that a take over of politics across America at the precinct level is necessary to reverse this suicidal path we are following. How do your Congressman and Senators stand on the question of aid to America's enemies???

regimented society can replace that which we now enjoy.

## THE PEOPLE SPEAK

The President of the United States is now in possession of a petition from his fellow citizens to "stand fast against appeasement of Red China". Appended to this document are the signatures of one million individuals who declare:

"We continue to oppose the seating of Communist China in the United Nations, thus upholding international morality and keeping faith with the thousands of American youths who gave their lives fighting Communist aggression in Korea.

"To seat a Communist China which defies, by word and deed, the principles of the UN Charter would be to betray the letter, violate the spirit and subvert the purposes of that charter.

"We further continue to oppose United States diplomatic recognition or any other steps which would build the power and prestige of the Chinese Communist regime to the detriment of our friends and allies in Asia and of our national security. Any such action would break faith with our dead and the unfortunate Americans still wrongfully imprisoned by Communist China and would dishearten our friends and allies in Asia whose continued will to resist Communist China's pressures and blandishments is so vital to our own security interests in that part of the world."

Receipt of this monumental register of public opinion by the White House marks the completion of what is probably the most colossal undertaking of its kind in the long struggle for human freedom and mass expression.

"In addition to the one million signatures received," says Secretary Marvin Liebman of

the Committee of One Million who directed the Petition campaign, "the American people have forcefully expressed their opinion on this issue through every means possible. Both Houses of Congress have passed 17 unanimous resolutions against the admission of Red China to the UN. The latest of these was passed by both the Senate and the House of Representatives within the last 60 days. Every major national and civic organization has adopted resolutions opposing the admission of Communist China to the UN. There is no question," says Mr. Liebman, "as to where the American people stand."

But he notes that in spite of overwhelming public sentiment, there are still those, in and out of Government, who continue to favor appeasement while claiming at the same time their devotion to world freedom. It is such softness, Mr. Liebman warns, that "may well cause the Communist world to make a historic miscalculation about where the American people stand."

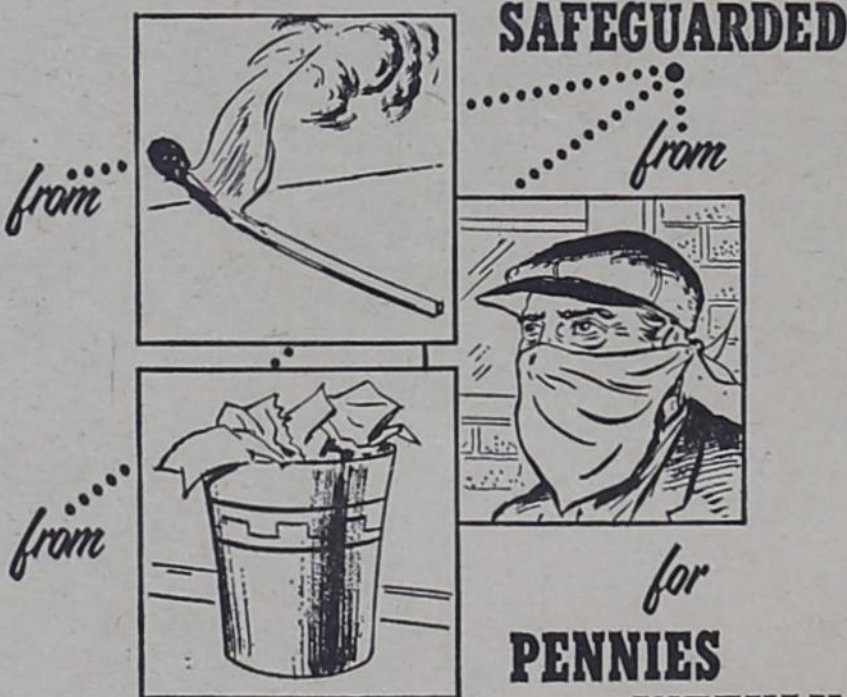

The Petition-of-a-million-signers should reassure the President, however, on where the American people stand, and through his leadership, convey to the Red leaders that we will not tolerate Communist control of the UN — which awaits only the seating of Mao's minions.

## FREEDOM OF THOUGHT—NATIONAL SAFEGUARD OR DANGER?

**Americans believe:** To be strong and enduring a nation must be composed of citizens who are free to think for themselves. In no other way can people fully utilize their imagination, resourcefulness and capacity for progress. The freedom to explore new ideas is one of the basic freedoms. When filtered through a sound code of morality the good ideas are separated from the bad, not immediately perhaps, but in time to prevent serious damage. There is a collective wisdom in the mass mind that no group of intellectuals, however conscientious, can equal.

**Communists believe:** To be strong and enduring a nation must be controlled by intellectuals who instruct the people in thinking in accordance with government policies. The mind of the masses is curious beyond its ability to understand the true nature of what it is exploring. Free thought leads to dangerous conclusions not in keeping with communist doctrine, while controlled thought builds national unity and makes communist countries invulnerable to the outside influences of the people of free nations.

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY To renew and awaken interest in our precious heritage of Freedom, and its superiority over the Communist philosophy, these messages are being published by the Texas Power & Light Company, an investor-owned, tax-paying electric utility.

### Carnival Plans In Progress for Halloween at SH

Plans are going ahead at a rapid pace this week as Sacred Heart Grade School room-mothers, other mothers, and members of the faculty work to get several dozen things in order for the annual Halloween Carnival on Oct. 29.

Presently the most important feature is the youngsters' costume parade. Pre-school children as well as students are being reminded to join in the fun and compete for new dollar bills as prizes. Entry fee will be only ten cents.

Suggested costumes are spoons and gobins, nursery rhyme or story book characters or a patron saint. There will be first, second and third prize in each of several categories. First place winner in each division will receive a new dollar bill.

### Knauft-Walterscheid Vows Exchanged at Nuptial High Mass

— Boyd and Breeding Photo

Miss Annette Knauft and Theodore (Sonny) Walterscheid, married here in Sacred Heart Church Saturday, are honeymooning at undisclosed points and will make their home on a farm north-east of the city when they return.

The young couple exchanged vows in a double ring ceremony at nuptial high mass with Father Alcuin Kubis officiating at the 4 p.m. service.

Parents or the newlyweds are Mr. and Mrs. Joe Knauft and Mr. and Mrs. Mike Schilling.

Given in marriage by her father, the bride was radiant in an Alfred Angelo formal gown of white satin peau de soie with tiers of crystal pleated tulle edged in imported Alencon lace at the divided front of the bouffant skirt which swept into an aisle-wide chapel train. The moulded bodice, closed with self-covered buttons at the back, had long sleeves and a high colored neckline and was finished with lace appliques traced in seed pearls and sequins.

A crown of pearls held the bride's veil of illusion and she carried a yellow-throated white orchid surrounded by feathered carnations on top of a white prayer book, a gift from the groom. For something old and borrowed she wore a gold chain and cross worn by the groom's grandmother, Mrs. Tony Fuhrmann of Lindsay, at her wedding fifty years ago this November seventh.

#### Bridal Attendants

Bride's attendants were her sister, Miss Eunice Knauft, maid of honor and the groom's sister, Mrs. Dennis Hofbauer, bride's matron. They wore identical dresses of gold Italian velveteen with street length pleated skirts and short-sleeved bodices. Their pillbox hats, covered with circular veils sprinkled with sequins, were of matching velveteen and they wore matching gauntlets. Their flowers were graduated cascades of bronze mums.

Little Miss Doreen Pels, cousin of the bride, as flower girl wore a miniature duplicate costume of gold velveteen and carried a basket of mums. The bride's young brother, Milton Knauft, was ring bearer. Tim Wimmer attended as best man and Dennis Hofbauer was groomsman. James Walterscheid and Charles Bayer,

cousins of the couple, were ushers.

Mass servers were the bride's brother Leon Knauft, cousins Virgil Swirczynski and Robert Fisher, and Dale Hofbauer and Ray Wimmer.

Sacred Heart choir and Anthony Luke, organist, provided music for the mass and Mrs. Norbert Walterscheid was vocal soloist. She presented pre-nuptial and post-nuptial selections. After mass the bride placed a bouquet of white gladioli on the Blessed Mother's altar. Yellow gladioli, greenery and tall candles adorned the altar before which the couple pledged vows.

#### Wedding Festivities

Wedding reception and a banquet smorgasbord catered by Mrs. Joe Lehnertz were held in the Parish Hall where Misses Carol Hess and Mary Pels registered about 300 guests. Fall flowers and autumn leaves, carrying out the bride's colors, ornamented the tables and the bride's table held the handsome tiered wedding cake. A dance in the VFW Hall concluded festivities.

For her daughter's wedding Mrs. Knauft wore a brown jersey sheath with brown accessories. Her corsage was yellow mums. Mrs. Schilling, the groom's mother, wore a turquoise blue costume with black accessories and a white mum corsage.

For going away the bride wore a royal blue jersey sheath with matching accessories. Both attended Sacred Heart High School.

#### Out of Town Guests

Among out of town wedding guests other than those from Cooke County were Mrs. Joe Pelzel and Alois Pelzel of Pilot Point, Mr. and Mrs. Frank Mages III of Dallas, Airman Bobby Yosten of Dauphin Island, Alabama, Mr. and Mrs. Travis Wichliffe, Mr. and Mrs. Doug Reiter, Mr. and Mrs. Paul Devers, Patsy and Judy Devers, all of Dallas. Misses Pat Bayer, Ruth Endres, Pat Vogel, Suzanne Hesse and Kathy Lyons of Fort Worth, Mr. and Mrs. Virgil Henscheid of Denison, William Flusche of Texas A&M College, Larry Flusche and Mr. and Mrs. Arnold Flusche of Decatur.

### California Couple Honored on Visit

Californians Mr. and Mrs. Fred Burkhardt of San Gabriel were visitors here Sunday and over night with members of the Danglmayr families, old friends since childhood days. The couple had been vacationing three weeks and had many happy memories to take home with them.

"Remember when . . ." came up frequently during the conversations here as the group recalled the summers the Burkhardt children spent on the Danglmayr ranch. They lived in Dallas then.

On this visit the Burkhardts were house guests of the Tony Felderhoffs and were honored at a noon dinner in their home. At night they were honored with an outdoor barbecue at the Albert Danglmayr home. Mr. Burkhardt, who rates high as a barbecuer, delighted in helping prepare the thick steaks.

Almost the same group was together at both gatherings including the Tony Felderhoffs, the Albert Danglmayrs and family, Joe Danglmayr, the Bruno Fleitmans and children, the A. J. Felderhoffs and family of Gainesville, the Sylvan Waltersheids and children, the Alvin Hartmans and children, the Herman Danglmayrs and family and the Joe Felderhoffs.

Before coming to Muenster the Californians saw places of interest in several states including Arizona, Alabama, Florida, Louisiana and Texas. In Louisiana they visited Mr. Burkhardt's sister who is a nun. In Dallas they visited another sister and Bishop Danglmayr and came here from there.

## The story of

## WILLIAM ALLEN WHITE and The Church Bell

"I don't need to advertise," an established merchant in Kansas once told William Allen White, renowned publisher of The Emporia Gazette. "Everybody knows me and knows what I sell."

"In that event," replied the thoughtful publisher, "we can dispense with the oldest advertising medium for the oldest institution in the world. See that church down the street," continued Mr. White, pointing to one of Emporia's oldest and most beautiful structures, "That church has been established here for many years. Everyone knows what it is and what it does. In the tower of the church is a bell and every Sunday it rings out to remind folks to come to church."

"Shoppers go where they are invited and stay where they are well treated," concluded the publisher.

"Regardless of how well established a firm may be, newspaper advertising is a repeated invitation and a reminder to come and do business with that store."

A young man applied for a job as salesman in a clothing store. The store manager pointed out a suit of particularly hideous color and design. "Sell that," he said, "and you've got a job."

The manager left the young man on his own for the rest of the afternoon. About five o'clock the salesman rushed up — his trousers torn, scratches on his hand and face, but with a big grin.

"Well," he cried triumphantly, "I sold the suit!"  
 "Congratulations," said the manager, "but I see you met with some sales resistance."  
 "Oh, no," said the youth. "The customer was easy. My trouble was with his seeing eye dog!"

**Farm Facts**

Besides being one of America's largest and most important industries itself, agriculture supplies most of the raw materials for other industries.

About 11 per cent of the total working force is on farms and farmers provide 57 per cent of industry's raw material.

Crops, livestock, poultry, dairy products—these are a few items flowing from farms to industry to create jobs and payrolls. Their transportation, marketing, processing, manufacture, and distribution involve millions of people.

Food marketing and processing employ more than five million people, and these industries are almost wholly dependent on agriculture.

Cotton, wool, and flax account for more than 70 per cent of our fiber needs. More than two million people are employed in manufacturing these fibers into textiles and apparel.

The great bulk of the tobacco for the more than 460 billion cigarettes smoked annually comes from U. S. farms. Their manufacture requires 85,000 workers.

These are just a few examples of industry's dependence on agriculture.

**Farmers produce 57% of the raw material for industry.**

**Tigers Win - - -**

Hennigan made 17. Three plays later Wolf slipped through on a quarterback sneak and dodged past the secondary for 47 yards before being stopped on the 3. Bayer finished it on the next play.

The next one waited only as long as the Tigers needed to hold Jesuit's first series of downs. Bayer got loose for 35 and the score on the first play.

A Ranger fumble on the 26 set up the next Tiger opportunity. On the third play Wolf made the last 15. Bayer's run added 2 points.

Another fumble was another set up. From the 34 four plays reached the 8, a penalty gave 4 free yards, and Schilling finished the job.

For remaining minutes of the half Jesuit made a pair of first downs then bogged down. Sacred Heart led 40-0 as the period ended.

Playing reserves as the next half opened, the visitors got along better. A quickie drive made 73 yards on five plays. Martin scored from the 19.

Tiger regulars returned for the next kickoff and repeated the procedure of the first kickoff, that is, up to the handoff. But Bayer faked it that time and got away for 85 yards and a TD.

A 47 yard drive early in the final quarter gave the Tigers their last score. Wolf's pass to Bayer was the big gainer,

good for 27 yards to the 1. Hennigan knifed through for the last yard.

Tren the Rangers claimed a share in the sensational stuff. Martin received the kickoff and put on some fancy footwork before getting into the open for 80 yards and the touchdown.

About 3 minutes before the end he put on a repeat performance. Sacred Heart moved 44 yards and was stopped by an interception. Jesuit, on the next play got Martin loose on a pass that made 82 yards and the final TD. A run added two more points.

Mr. and Mrs. Alex Flusche of Corpus Christi visited relatives in Cooke County including those in Lindsay last week. Among courtesies for them was a supper party Wednesday evening with Mr. and Mrs. William J. Bezner as hosts in their home. Other kindfolks joined them there for a visit. Before leaving for home the Flusches stopped at Pottsboro to see the Clarence Metzlers.

Mr. and Mrs. Bernard Gieb and children joined in a family reunion Sunday at the home of her brother, Wilfred Sicking, in Muenster.

Mr. and Mrs. Willie Fuhrmann were among guests at a birthday party for their two-year-old grandson, Roger Haverkamp, in Muenster Sunday afternoon.

### Lindsay Squires Beat Sherman 14-6

Lindsay's Pee Wee football team, the Squires, came home from Sherman Sunday afternoon as victors over St. Joseph's boys by a score of 14 to 6. It was their second win in play with the Sherman lads. On Oct. 1 the score was 12-0.

In the game Sunday Sherman made its only marker in the second quarter after a scoreless first quarter. Attempt for extra points failed.

Sherman then kicked to Lindsay and it ended in a long drive, fullback Jimmy Eberhart going over for the counter. Extra points failed. In the third quarter the Squires scored for the second time on a run from midfield by Eberhart. He then went over for the extra points. The final quarter was a see-saw with neither team reaching pay dirt.

Next game is at Windthorst Sunday.

nation on her seniority. At 74, she was the oldest former girl student present. Ex-students selected her for the honor.

Miss Bobbye Tuggle was winner of the football queen title and crown through choice of the Hornet squad. The team made its selection from four class favorites nominated for the title earlier by the four high school grades.

Identity of the queens was not revealed until time for the ceremonies.

Mrs. Fette was escorted by John Aytes who did the coronation honors for her. She in turn crowned Miss Tuggle. Also participating in the ceremonies were Mrs. Willie Walterscheid and Mrs. Dickie Cain. They presented bouquets to the queens and corsages to the runnersup in the Hornet queen contest.

Others taking part in the half-time formalities on the football field were escorts. Dickie Cain escorted Miss Tuggle; Airman Bobby Yosten escorted Miss Judy Yosten, senior; Arthur Bordeaux escorted Miss Patsy Fette, sophomore; and Emmett Walterscheid escorted Miss Debbie Fette, freshman. Glenn Hellman was at the microphone.

Outgoing officers of the Ex-Students Association after a two-year term are Charley Hellman, president; Emmett Walterscheid, vice president; Mrs. Willie Walterscheid, secretary and Mrs. Dickie Cain, treasurer.

Among the dozens of former students and friends present were Airman Bobby Yosten of Dolphin Island, Alabama, Mr. and Mrs. Ralph Maglaughlin of Collinsville, Mr. and Mrs. Jess Mitchell of Vernon, Mr. and Mrs. Dick Schleicher and Misses Jane Henscheid and Jeanette Klement of Fort Worth, Mr. and Mrs. Hal Falck of Augusta, Ga., Miss Ginger Wolf of Dallas, David Klement and Gene Hartman of Denton.

end of the third quarter. Four S&S tries cleared by inches for a first down on the 24. Five free yards on a penalty helped in the next series and three plays got a first down on the 13. Three more tries gained nothing, then Clements' pass was good to Carney across the line.

Straining to break the tie, both teams went to the air. Flusche snared an S&S pass and the Hornets followed with two plays for a first down, but on the next play a pass was intercepted at midfield and run back to the 22.

Four tries made 4 yards for S&S, and the Hornets took possession on the 18. Again they advanced for a first down, and again they lost possession near midfield on an interception.

The very next play was the heartbreaker that blasted Muenster hopes. Clements and Miller teamed for that big 45 yard touchdown play.

### 47 Kids Compete In PP&K Contest; 15 Receive Prizes

Forty-seven young fellows, aged six through ten, competed here in the Punt, Pass and Kick contest conducted by Endres Motor Company Saturday morning on the Tiger football field. A total of 15 won prizes — three in each of the five age groups.

Co-sponsor with Muenster's Ford dealer was the National Football League. Judges were Coaches Adam Wolf and Glenn Richardson, assisted by L. B. Bruns, Father Bruno, Glenn Hellman and high school boys.

A large crowd gathered to see the youngsters perform.

First place winners received a football uniform and certificate, second place winners a warmup jacket and third place winners a regulation football.

After scores were counted winners were announced as follows in the order named: Ten-year-olds — Leroy Hess, Kenny Schmitz, Don Schneider. Nine year group — Jerry Schmitz, Melvin Schilling, David Stormer. Eight year boys — Leon Klement, John Schneider, Ronnie Hess. Seven year-olds — Danny Fette, Ricky Swirczynski, Billy Pratt. Six year contestants — Jim Endres, Ronnie Felderhoff, Alan Miller.

Scores of the five first-place winners have gone to regional competition. The winner in each region will get a free trip with his dad, and sponsoring Ford dealer, to a national league football game and will compete at half time to determine the national championship. National first prize for the boy, his dad, and Ford dealer is a free trip to attend championship football games and a tour of Washington, D.C.

Professor Lushly sat in the back of the smoking car deeply engrossed in a chemistry book when the conductor asked him for his train ticket. The professor searched frantically for it several minutes. Finally the conductor said, "Never mind, Mr. Lushly. When you find it, mail it to the company. I'm certain you have it."

"I know I have it, exploded the professor. "But what I want to know is, where in the devil am I going?"

### John Deere Agency Announces Change In Management

A major change of ownership and management has been announced by the John Deere farm equipment agency of Gainesville, effective this week.

The firm of H. E. Myers and Sons has been reorganized on the retirement of H. E. Myers, who founded the business in 1925. The new partnership is owned by the two sons, Robert and James Myers, and E. J. Thompson and Charles Cheaney. Thompson has been with the firm since 1937. Cheaney formerly worked in the farm implement department of Schad & Pulte.

The name considered for the new partnership is Myers, Cheaney and Thompson. It will continue to operate in its present location, and present plans call for expansion into an adjoining building which is owned by the Myers family.

Mr. Myers came to Gainesville in 1919 as a representative of the John Deere Plow Co. and organized the dealership in 1925. His sons have been associated with him in the business since 1934.

Formal opening under the new management is planned for the latter part of November.

### Cubs Win 16-6 in Tight Game With Windthorst Kids

Just a few inches on a vital play was probably the deciding factor in the 16-6 win by the Sacred Heart Cubs over the Windthorst Spartans here Sunday afternoon.

By less than three inches the visiting lads missed the fourth down try that would have given them first down on the 7 and a good chance for the winning score. Instead of going in their favor the game suddenly turned against them. On the second play Robert Klement gained 14 to the 23. Then Swirczynski, on a quarterback sneak found open space and raced 77 yards to the goal.

Opening the game the Cubs were stopped by an interception on their first play, but held on the visitors' first series and put on a 49 yard scoring drive. Twelve plays did it, Morris Hacker scoring from the 2. Robert Klement went over for extra points. For the rest of the half Windthorst made two first downs and Sacred Heart one.

A blocked kick early in the third period started the visitors on their score. Three plays made a first down to the 18. Three more lost 2 yards and the next was a neat pass, Schenk to Koetter for the score.

A fumble on the second series spoiled the Cubs comeback effort and the Spartans advanced to the 7 before losing possession. Then the Cubs' big comeback decided the outcome for sure.

Little Schenk's passing was the strong factor in the Spartans' offense. He tossed four completions for 60 yards and several more that should have been complete. The Spartan running game, however, lost more than it gained . . . by 1 yard.

Sacred Heart's ground game was good for 192 yards. Only two passes were tried and both were intercepted.

The game determines the champ of the North Texas Parochial League. Sacred Heart has two wins over Lindsay, one win and a tie over Windthorst.

Every continent, except Europe, has extensive deserts.

### Confetti - - -

of U. S. News and World Report. Facts listed in that article show that the odds are strongly stacked against the Soviets in case of a show down with the West. Khrushchev has too many problems and too much trouble to take the big chance. He's been gaining strictly on bluff so far, but he'd have to retreat if confronted by real determination and offensive effort by the West. He's surrounded by nuclear power that could annihilate him even if he fired the first salvo. He has his hands full with satellites that await their opportunity to revolt. He's a very poor second in economic strength to support a war. He has only one way to go if the West only has the gumption to stand up to him.

So, what can be done? As a starter we can organize a solid front of Western powers with an all out determination to start winning, and then go to the Berlin conference with the sole purpose of demanding concessions instead of giving them. We can insist that the Soviets tear down the wall they have just built, and also allow the German people to proceed with their own way of self determination as agreed after the war.

We can use the Soviets' own method and start hacking at every weak spot in the red empire. Cuba is a good place to begin. We could organize

another liberation expedition with the necessary support to win. We could reorganize the UN to promote world peace, as originally intended, rather than to assist red expansion. We could round up red spies and traitors in this country and put them where they can do no more harm. We could encourage and help captive people who yearn to break their red chains.

We still have the power to do these things. We will do them if we have the principle and courage to go for victory instead of our present defensive nonsense.

Doing that we'll also discover that merit counts more than handouts in winning the respect of neutral nations.
